

13:52 

Chapter 8

The next day, Lin Feng got up before dawn.

Last night, he thought about it for a long time. The reason why the first acupuncture was especially exhausting was that his hands were not proficient in strength.

The depth of each needle inserted into the acupuncture point was different, so it was a very complicated process.

In order to make up for this deficiency, Lin Feng found a Martial Arts manual in his mind.

The Flying-feather Needle.

Last night, Lin Feng had already comprehended the essentials of the Flying-feathered Needle, so he couldn't wait to give it a try this morning.

Moreover, he had to meet someone with Mr. Kong today, so he had to be prepared.

He grabbed a bunch of toothpicks and went to the backyard.

He gently held one in his right hand and stared at the plants in front of him.

"Whoosh!"

Lin Feng's wrist shook, and the toothpick between his fingertips flew out. A flower leaf was pierced through, forming a tiny hole.

"No, it's too powerful!"

"Swoosh!" Another toothpick flew out.

"I still can't do it. The energy is too light, I can't hold it at all."

"Whoosh! Whoosh! Whoosh!" Another few more flew out.

...

Half an hour later, Lin Feng looked at the three flower leaves with a toothpick on each and showed a satisfied smile.

The toothpicks could be pinned on the leaves, and they didn't pierce though them. This was a success.

Subsequently, Lin Feng circulated the Xuantian Sutra to consolidate his Innate True Qi and continued to cultivate the Flying-feather Needle technique.

An hour later, Lin Feng had already mastered it. He could accurately pin the target within five meters of him, and his strength was precise.

It was getting late, so Lin Feng went back to the kitchen to make breakfast.

At this time, Qin Ruoxian and her parents would be out for exercise.

"Ah!"

Just as Lin Feng pushed open the door, he suddenly heard his mother-in-law, Liu Meifeng's scream from the inside.

"She's home?"

While Lin Feng was puzzled, he was also considering whether he should go over and take a look.

However, Liu Meifeng sounded like she was in great pain. Furthermore, his father-in-law and Qin Ruoxian were not at home.

Lin Feng hesitated for a moment and then ran in the direction of the voice.

The source of the voice was from his and Qin Ruoxian's room on the second floor!

"What's wrong?"

13:52 

In his sight, Liu Meifeng, dressed in a thin light blue sleeping gown and barefoot, fell at the door of the room.

There was also a stool and a dropped mobile phone beside her feet.

Her curvy body was partly visible under the cover of her sleeping gown.

She had a slender waist, a smooth lower abdomen and slender legs.

All of them showed the maturity and beauty of a woman.

He had to admit that his mother-in-law was still charming.

"Get lost!"

Seeing Lin Feng, a trace of panic flashed across Liu Meifeng's disgusted eyes. "Quick, call for Ruoxian and her father to come over."

Lin Feng frowned and said, "Ruoxian and Dad are off to morning exercise. I'm afraid they won't be able to come back until a while later."

At this time, Lin Feng noticed that Liu Meifeng's right ankle was slightly swollen.

It seemed that she had sprained her ankle.

If they didn't handle it properly, there might be a problem.

Ever since he started cultivating the Xuantian Sutra, Lin Feng's comprehension of medicine and martial arts had grown stronger. This kind of sprain was something that he could tell with a single glance.

Lin Feng helped Liu Meifeng sit up and explained, "Mom, you sprained your ankle."

Liu Meifeng scolded angrily, "Nonsense. Ask Ruoxian and her father to send me to the hospital."

"Hurry up, quickly. It's really painful."

She felt a burning pain on her ankle, like a needle piercing her bones, which made her feel very uncomfortable.

13:53 

It could not wait!

"Mom, I can cure this injury. You just need a few massages."

Seeing that Liu Meifeng's face was getting redder and redder, Lin Feng glanced at her major acupuncture points and said, "I happened to watch a similar health preservation program."

"Get lost. Are you really going to make trouble for me at this time?"

Liu Meifeng put on a stern face and shouted, "Get out of here. I'm annoyed to see you."

"Mom, if you delay any longer, your right foot won't be able to exert any more strength in the future." Lin Feng rushed forward and reached out to grab Liu Meifeng's right foot.

He didn't want to talk to Liu Meifeng, but he decided to help her when he thought of the fact that if Liu Meifeng's condition worsened, it would inevitably make Qin Ruoxian's life difficult.

"Lin Feng, what are you doing?"

Seeing Lin Feng reaching out his hands, Liu Meifeng subconsciously panicked and instinctively kicked back with her left foot.

Was he going to molest her?

"Lin Feng, I am your mother-in-law!"

"Don't you think you'll feel sorry for doing this to me? Won't you feel guilty towards Ruoxian?"

"You beast, don't come over!"

She yelled and backed away.

Seeing that she was in a panic, Lin Feng didn't bother to explain anymore. He just grabbed her right leg and lifted it.

Her skin was smooth and tender.

13:53 

However, the moment Lin Feng lifted Liu Meifeng's right leg, Liu Meifeng suddenly screamed, "Beast, let go!"

"I'm your mother-in-law. What are you doing?"

As she yelled, she hurriedly pulled her night robe to between her legs.

Liu Meifeng was wearing a night robe. In order to have a good sleep, she didn't wear anything inside.

With Lin Feng lifting her right leg, wasn't everything inside seen by him?

In a panic, she had to put her robe between her legs and cover it up.

At this moment, Lin Feng's left hand was holding Liu Meifeng's right leg, and his right hand was quickly pressing on the Xuan Zhong, Jie Xi, and San Yin points, making the blood circulate better.

Then, Lin Feng clenched his hand and twisted it.

"Crack! Crack!" With two crisp sounds, he adjusted her tendons and vessels and restored her bones.

"Ah!" Liu Meifeng's body trembled in pain, and she couldn't help kicking at Lin Feng with her left foot.

Grab!

Lin Feng took the opportunity to hold Liu Meifeng's left leg and pressed it down on his knees. He then pressed on the red and swollen area using his Taiyi massaging technique.

"It hurts, it hurts. Let go of me."

Liu Meifeng was in so much pain that she burst into tears. She couldn't stop cursing, "Lin Feng, you beast."

With Lin Feng's every massage, the pain would be reduced, but Liu Meifeng was really afraid of the pain.

She shouted incoherently, "You pervert, let go of me, ah!"

13:53 

"It hurts. It hurts so much. I can't stand it anymore!"

While Liu Meifeng was screaming, Lin Feng's left hand reached up along Liu Meifeng's leg and rubbed on the Yang Ling Quan point with his thumb.

"Beast, your hand!"

Liu Meifeng shouted in a panic. Suddenly, her body shook and the pain instantly dissipated.

"Lin Feng, what are you doing?"

At this time, Qin Ruoxian and Qin Changkun appeared at the door. Behind them, there was a woman who was dressed in expensive clothes and had a beautiful face.

Sheng Lingyun.

They rushed to Lin Feng and Liu Meifeng at the same time.

There was a slap.

Qin Ruoxian pushed Lin Feng away and helped Liu Meifeng up.

Qin Changkun was so angry that he was trembling all over. "How dare you molest your mother-in-law in broad daylight?"

"I'll kick you to death!"

He kicked Lin Feng's calf in anger.

When the two returned from their morning exercises, they happened to bump into Sheng Lingyun at the doorway and chatted for a while.

But at this moment, Liu Meifeng's painful screams and curses came from the room, so the three of them rushed in at the same time.

As soon as they entered the door, they saw Lin Feng, who was on the second floor, grabbing Liu Meifeng's feet with one hand and reaching into the sleeping robe with the other.

13:53 

The scene was simply unsightly.

They subconsciously believed that Lin Feng was molesting Liu Meifeng.

"You all saw it, didn't you?"

"This beast actually dared to molest me!"

Liu Meifeng was even more aggressive. She was waiting for an opportunity to make things difficult. "Call the police. Call the police and take this beast to jail."

At this time, Sheng Lingyun seemed to be unable to bear it anymore and scolded angrily, "Lin Feng, how could you do this?"

"Aunt Liu is your mother-in-law!"

Sheng Lingyun lived in Tianhai and had seen this useless live-in son-in-law. She had also tried to persuade Qin Ruoxian to divorce Lin Feng many times.

So that in this way, her brother, Sheng Wenxuan, could take over Qin Ruoxian.

However, her suggestion had been rejected by Qin Ruoxian many times.

This was the opportunity. Wasn't it the best time to drive Lin Feng away?

She stepped forward to support Liu Meifeng and said indignantly, "It's okay for you to be a good-for-nothing because Ruoxian can support your living."

"But I didn't expect you to be so bold. You're worse than pigs and dogs to molest your own mother-in-law."

She didn't say much, but as an outsider, her words were just right.

A family's shame should not be made public, but this time, the scandal of the Qin family was exposed.

13:54 

Lin Feng's expression was calm as he looked at Qin Ruoxian, who had remained silent the entire time. "Ruoxian, she sprained her ankle just now. I was treating her."

"Treating her?"

Sheng Lingyun couldn't help sneering. "Who do you think you are?"

"A doctor?"

"Do you know medical skills?"

"Treating? Then where's the injury?"

Liu Meifeng was stunned. She suddenly realized that her feet were no longer in pain and that the swelling had disappeared.

At this moment, she realized that Lin Feng was not molesting her, but treating her sprained ankle.

However, she did not intend to explain for Lin Feng. "That's right. Do you have any idea what you've done?"

"Hurry up and turn yourself in!"

She sneered. "At least save some face for you and your family."

Lin Feng looked at Liu Meifeng coldly and said, "Mom, you should clear my name!"

"What?"

Liu Meifeng pretended not to know and insisted, "It was you who molested me. Everyone saw it."

"You're being caught by us red-handed, and you're asking for your name to be cleared?"

Qin Changkun pointed at Lin Feng and shouted, "Get out, get out of here!"

He wanted to call the police, but he was afraid that this scandal would

13:54 

spread and make the old lady unhappy.

Lin Feng stared at Liu Meifeng and said coldly, "Mom, are you really not going to clear my name?"

As soon as he finished speaking, a beautiful figure suddenly came forward.

"Slap!"

There was a crisp sound.

Qin Ruoxian, who had been silent, gritted her teeth and looked at Lin Feng. "You molested my mother and even threatened her to clear your name? Do you think we are blind?"

"You said you were treating my mother's injury. Where's her injury?"

She pointed at Liu Meifeng's feet and looked at Lin Feng with disgust.

"Do you still want to defend yourself?"

"Did my mother also suffer a stroke?"

"Did my mother also get cursed?"

"Did you treat her sprained leg with just a few casual massages?"

Lin Feng's performance yesterday had made Qin Ruoxian feel that he was beginning to work hard.

But she had never expected Lin Feng to be such a pervert!

"How dare you disrespect my mother!"

She was heartbroken.

With a burning pain on his face, a red mark of a palm appeared on Lin Feng's face.

He was wronged. He was extremely angry and suddenly clenched his fists. However, when he saw Qin Ruoxian's pale and pretty face, his clenched fists let go.

13:54 

Rubbing the pain on his cheek, Lin Feng smiled sadly and then turned to leave.

Qin Ruoxian wanted to scold him again, but when she saw Lin Feng upset face, she couldn't say anything.

This scene was very familiar.

At that time, she misunderstood that Lin Feng had stolen the jade pendant. But this time, she saw it with her own eyes. In front of everyone, she had to believe it.

Then, she raised her eyes and saw a stool and a dropped mobile phone by the door.

Liu Meifeng's cell phone!

Qin Ruoxian suddenly came to her senses.

Wait, this was her and Lin Feng's room.

The next moment, she tensed up and felt that something was wrong. She immediately picked up the phone and checked it.

Liu Meifeng immediately panicked. "Ruoxian, give me back my phone!"

She reached out to grab it, but was stopped by Qin Ruoxian.

In the picture, from top to bottom, there were four people. They were Qin Ruoxian and the others.

Surveillance!

Qin Ruoxian suddenly looked up. Above the door, a tiny pinhole camera was installed on the edge of the door frame.

A stool, a dropped mobile phone, and a pinhole camera!

Qin Ruoxian seemed to have guessed something. Her trembling hands clicked on the surveillance video replay.

Soon, her face changed dramatically!

13:54 

"Mom, Lin Feng didn't molest you. You fell down when you installed the camera. Lin Feng was helping you!"

Qin Ruoxian showed the phone to Qin Changkun and Sheng Lingyun.

After a while, Qin Changkun's face froze, and then his face turned red.

He had just lost his mind due to the impact of anger. On second thought, he realized that this was Lin Feng's room!

Liu Meifeng hated Lin Feng so much. Why would she come to Lin Feng's room!

No, this was not the point!

Qin Changkun pointed at the camera with a livid face and asked Liu Meifeng, "This is Lin Feng's room. Why did you install a camera?"

Did she have a hobby of keeping an eye on others?

When the matter was exposed, Liu Meifeng made up her mind and said, "Yes, so what if I'm the one who installed the camera?"

"Ruoxian is as pure as ice and jade, she can't be destroyed by that good-for-nothing."

"Who knows if that good-for-nothing would have some despicable means to pry open Ruoxian's door in the middle of the night."

"I'm just being well-prepared."

She didn't feel wrong at all. She just felt a little pity. "I thought that the good-for-nothing wouldn't come back after leaving the Qin family for three days."

"Who knew that he would suddenly come back!"

"So I had to put this camera back."

What happened next was the same as what had happened in the video.

Liu Meifeng was installing the camera when Lin Feng opened the door.

She was so scared that she fell to the ground and sprained her ankle.

"You..." Qin Changkun was so angry that his scalp was numb. Not only did he wrong Lin Feng, but he also kicked him.

Moreover, when Liu Meifeng saw the misunderstanding, she did not stop it but added fuel to the fire.

She made the misunderstanding worse!

"What about me? Huh?"

Liu Meifeng yelled, "The Qin family has supported his living for three years. Can't he bear the slightest grievance?"

"Are you going to stand up for him?"

"Fine, then you can beat me to death."

"Beat your wife to death for that good-for-nothing!"

She pushed Qin Changkun away like she was throwing a tantrum.

Qin Ruoxian had a splitting headache. "Mom, Dad, you must apologize to Lin Feng."

"Bullsh*t. Why should I apologize to him?"

Liu Meifeng couldn't do it. "Me? Apologize to him? Can he take it?"

"Isn't he afraid of retribution?"

Qin Ruoxian turned around and left the Qin family's villa.

Sheng Lingyun took a look and followed suit.

Outside the yard of the villa, Qin Ruoxian saw Lin Feng get into a black car without hesitation in the distance, and suddenly felt empty in her heart.

That slap seemed to make them even far away from each other.

"Ruoxian, why are you chasing that good-for-nothing?"

13:55 

Sheng Lingyun chased after her with a depressed look on her face. "Let him go. What's the use of keeping such a man?"

Looking at the distant black car, Sheng Lingyun couldn't help sneering.

"Humph, he's riding a private car even though he's not rich. Ruoxian, did you give him too much pocket money?"

Qin Ruoxian frowned. "That's Dr. Kong's car!"
