

## Chapter 1161

Phoebe was taken away.

After a few seconds, the three who remained in the room came to their senses.

Then, Amelia burst into tears. She had already become intimate with Phoebe. Although their identities were sensitive, she really treated Phoebe as a sister. Now that Phoebe was taken away, she felt a part of her heart missing.

In particular, when she thought about how sad Tom would be when he came back from the Secret Realm and learned the news, her tears could not stop flowing.

And Luna's face also turned pale now. For her, what happened today was so abrupt and she was not ready for that.

Moreover, it was Cassio of the Blood Thirst Sect, who claimed to be a big shot at the top of the world, that took her. Even the Raoul Sect could not compete with them.

"Ah..." But fortunately, she had a strong heart and she had experienced a lot over the years, so she quickly calmed down. After sighing heavily, she asked Amelia "You know the whole story, don't you? Why didn't you tell us in advance?"

Amelia said with tears in her eyes, "Phoebe told me not to say it. And I

didn't expect Cassio to be Phoebe's father ... Auntie, what should we do now? Phoebe was taken away. How should we explain to Tom when he comes back?"

Luna sighed heavily again, and her face became even more gloomy. She was able to save Phoebe, unless it was Cassio, a great power that even Raoul the Saint King did not dare to provoke easily, let alone her.

Sunny said, "How could Tianju be Phoebe's biological father? I've never heard of this in all these years! Besides, if Phoebe was Cassio's daughter, how could she have been banished to the Secular World with her father's power?"

Luna could not figure it out, either. According to Cassio's character and power, it shouldn't have happened. However, suddenly, she thought of something and asked, "Sunny, do you remember a while ago we the Raoul Sect was attacked by the God Killing Sect for their Overlord's daughter was taken away by us?!"

Sunny was stunned and then became excited, "Yes! I remember, Auntie. Do you mean that this daughter is Phoebe?"

"That's possible!" Luna said seriously.

But then she became distressed again. It was complicated. Judging from Cassio's attitude just now, he would absolutely ill-treat Phoebe. There must

be some secret!

Thinking of something, she added, "Don't tell Tom about this! If he finds out, he will definitely go to the Blood Thirst Sect for her. He'll die! So it must be kept secret from him."

Amelia and Sunny were very sad, but they also agreed with it. Then, they looked at the computer on the table. The fight of Tom and The Great King was still in the live broadcast.

Tom and The Great King had been fighting for a long time, but the result remained unclear. In the live broadcast, it could be seen that the venue was in a mess. Many things were destructed and collapsed, as if the whole land had been rolled over.

Their power extended so far.

The battle between Tom and The Great King was heating up.

They all became mad. The fight had last for twenty minutes, but it was still hard to tell who would be the winner.

Moreover, they were already scarred and no longer as relaxed as they had been at first.

Tom's chest was covered with blood and his clothes was torn. There were many shocking claw marks on his upper body, especially in the chest, where he got five deep bloody scratches. A normal martial artist would have died of this wound long ago.

But it wasn't fatal for Tom. Now, he didn't lose much strength. Instead, it stimulated him even more. His eyes became red and he kept attacking The Great King.

The Great King was also seriously injured.

Now, The Great King's left hand was broken, which was obviously very inflexible and became a burden. In addition, his right foot was also a little stiff, with blood oozing out. But he sealed the blood, which dried up on his pants.

His hair was a little burnt, and he looked extremely messy.

It was the first time he had been in

such a mess!

To be honest, he was very angry, but also very helpless now. Tom, his opponent, was too difficult to deal with. His physical strength seemed limitless that could not be defeated.

He could feel his strength running out.

Tom was also extremely strong. He was now in a state of absolute calm, for he blocked out all the pain. The only thought in his mind was to fight.

He knew that he was not in a good condition now, for he was hurt a little, but he still couldn't stop because he had to defeat The Great King!

Only after that could he have the chance to pick the remaining two

fruits, swallow them together, and reach the God Becoming Level.

And after that, his whole body would be refreshed, and by then these injuries would be healed by the fruits.

The Great King had made the same plan. No matter how badly injured he was, the fruit would cure him, as long as he won alive.

So they had nothing to worry about. They used all their strength and fought fiercely with each other. Both of them desired to win!

It was too tragic.

At the same time, however, it was also very exciting. So many people watching the live broadcast on Earth were now

mostly dumbfounded and speechless.  
For them, they had never seen such a  
battle!

If it happened on Earth, then a town  
would disappear because of the power  
of this two men!

## Chapter 1162

"Is this the fight between the Half-step God Becoming Levels like? It's so scary."

"Yes, even the Half-step God Becoming Level can do this. How terrifying will the fight between the real God Becoming Level masters be? Will the entire city be destroyed?"

"Hmph, you are wrong. Although they are still at Half-step God Becoming Level, their real strength is much stronger than the ordinary of the God Becoming Level. You can see it as the fight between the masters of the God Becoming Level."

"But you're right. Fortunately, this

battle took place in the Secret Realm. Otherwise, it would really destroy a town on earth!"

"I never thought that this Tom would be so powerful that he could compete with The Great King. Why have I never heard about such a strong person before?"

"Tom has only come to prominence in the past two years."

"Does that mean that Tom is even more talented than The Great King?!"

"I don't know. Let's watch the fight..."

Indeed, the fight between Tom and The Great King shocked too many people, including many God Becoming Level masters. And they had a clearer

understanding of Tom's strength.

In the past, they all agreed that Tom could never defeat The Great King, but now it seemed that it was hard to say.

Just as they were discussing fiercely, they suddenly heard a long roar.

And hearing this roar, even if they were in front of the computer, they could feel a sense of fear in their hearts. This roar didn't seem to come from a mortal body but from an ancient divine beast. It was intimidating.

It was Tom who made the sound. After he let out this long roar, his aura changed again. The parts of his body that had been bleeding were bleeding even more. In a short while, he was

drenched in blood, looking terrifying.

But at the same time, his power became stronger.

The Great King, who was opposite him, felt his change, and his expression suddenly changed. He blurted out, "Tom! You were still holding back?! Damn it! That is impossible!"

Tom said coldly, "The Great King, you lost. And now, you die!"

After saying this, Tom's speed increased by more than twice as fast as before. Then, at a speed that the The Great King could not even react to, he directly pressed The Great King's neck, twisted it hard, and lifted The Great King up vigorously, hitting him heavily

on the ground.

Hearing a crack, The Great King's neck was broken by Tom!

Moreover, the whole person was heavily planted in the ground by Tom and couldn't be seen.

After doing all this, Tom finally relaxed, and the aura of the wild beast on his body faded like the tide.

Even after he breathed a sigh of relief, he could only feel his legs trembling, and his physical strength had been used a lot. With a wave of his body, he almost lost his balance!

He finally defeated The Great King.

Just now, he broke The Great King's

neck and put The Great King in the ground. No matter how strong The Great King's body was, he must be dead now!

The Great King was defeated...

Many people who watched the live broadcast on earth saw this and their minds went blank.

Although they all accepted the fact that Tom was very powerful and could compete with The Great King, it was still too much of a shock for them to see The Great King killed by him with their own eyes!

Especially for people in the Clan World, it was an unprecedented blow.

The Blood Thirst Sect was now dead

silent. Everyone's eyes were wide open as if they were dumbfounded, and they could not believe what had happened in front of them.

The Great King actually lost. In their minds, the invincible Brother Carefree among his level actually lost, and was killed like that!

This was too much and too cruel for all of them!

So no one made a sound until a long time later.

But for all the practitioners in H Country, that was great news!

Tom won. Their invincible Tom won!

After a few seconds of silence, cheers

erupted. Everybody was hugging each other, crying.

In Y City, Lexie was crying silently. A smile appeared on her face and she said softly, "I told you, you could win, you could win..."

However, on the other side, Cassio was taking Phoebe away from H Country quickly to bring him back to the Blood Thirst Sect. Suddenly, the communicator on his waist rang. He took it out and immediately stood up, with an expression of shock and anger.

"What?! The Great King was actually killed?! This..."

After he said this, everything turned black before his eyes. Even he, hearing

the news, almost fainted.

The Great King was too important to him. He was even more important than his son Melvin!

He had high hopes for him, but now he was killed by Tom?

All his life's teachings, all his hard work, and all his efforts were lost because of Tom!

Phoebe, on the other hand, was stunned for a moment when she heard this. Then he couldn't help but rejoice and blurt out, "Yes!"

The moment she finished saying this, she felt surrounded by murderous intent. She looked up and found that it was her father. She immediately shut

up, lowered her head, and stopped talking. However, she could not help but turned up the corner of her mouth.

Her heart, which had been worrying for so long, finally relaxed. Tom won, Tom actually won. She could rest assured.

In her heart, as long as Tom was alive, she would be satisfied. No matter what happened in the future, when she thought of Tom's happiness in this world, she would no longer feel confused and afraid.

This showed how much she loved him. As long as he was happy, then no matter how hard she suffered, it was worth it.

"Are you happy?" Cassio's tone was cold.

Phoebe shook her head and said, "No."

Cassio snorted heavily and said, "Tom will be dead!"

## Chapter 1163

When heard this, Phoebe was looked worried, but she did not dare to say anything more.

At this moment, she was extremely worried. In fact, she did not expect that Tom would kill the two disciples of Cassio in the Secret Realm, leaving deep hatred between them.

As for Tom, he was still in the Secret Realm. He could no longer felt the existence of the The Great King. He took a deep breath and was fully relaxed. Everywhere in his body was aching.

The battle that happened just now was too exhausting for him. He had

suffered too much during the fighting with the The Great King. Now, he had not only run out of all his strength but was also covered in bruises.

Now he felt that he even had no strength to move his fingers.

He also knew that his task has not been finished after he had defeated the The Great King. He had to swallow ten fruits, improved himself to the God Becoming Level. This was his final task for entering the Secret Realm!

But he was too weak now. Although he had killed the The Great King, he had also suffered a lot.

He was seriously injured!

In his current physical condition, even

an ordinary practitioner could easily defeat him, not to mention a strongman at Half-step God Becoming Level.

Fortunately, there was no trace of human beings within a hundred miles. He was the only one resting here. Even all the insects, birds, and beasts had disappeared.

He took out the eight fruits he hid and found that they were all intact. He could not help but exclaim that the fruits in this Secret Realm were really amazing. After such a fierce battle, none of them had been scratched or destroyed.

According to the interactions between the fruits, he dragged heavy steps and

walked towards the remaining fruits.

It was only about two kilometers.

If he was in his peak condition, two kilometers for him equals two meters for ordinary people.

However, he was too weak at that time. It had taken him almost half a day before he arrived here with difficulty.

When he walked over, he was almost dying!

He was too tired, and had never been so tired since he was born!

He was completely out of strength and was supported only by his strong will.

Fortunately, under great difficulties, he

successfully arrived.

Soon, he saw the remaining fruits.

Though he had prepared mentally in advance, he was still deeply shocked when he saw so many fruits suspending in the air in front of him!

There were really too many fruits.

About a hundred fruits!

If all of these fruits were swallowed up by him, and if he successfully achieved the God Becoming Level, he would have become incredibly strong! Tom couldn't even imagine how strong he would be.

At that moment, a stronger desire arose in his heart, which was to take all

these fruits and turn them into his private property.

However, this crazy idea was denied by him.

He knew that once he did this, it would be a waste of those precious fruits.

And he had a premonition that having so many fruits would definitely bring him crazy desires. By then, he would definitely be unable to bear it and go crazy.

So he took a deep breath and quickly calmed himself down. Then he picked two fruits, scraped together ten fruits, and prepared to swallow them together.

He remembered Albert's words that it

swallow five fruits.

But now, Mr. Howard had not only got five fruits, but he had also exceeded the target and got five more fruits.

And now around a hundred fruits were in front of him!

Those people on earth who were watching the live broadcast were also shocked at this scene.

Those who had been to the Secret Realm were green with envy when they saw so many fruits on screen. Back then, they had never gotten so many fruits in the Secret Realm!

At this moment, they were jealous of Tom. Even many practitioners in H Country could not help but feel

was human's limitation to take no more than ten fruits in the Secret Realm.

Once a human took more than ten fruits, the extra fruits were useless.

And they would even have a negative effect.

However, under the rules, no one in history had ever swallowed ten fruits in the Secret Realm. The highest record was made by Cassio of the Blood Thirst Sect. At that time, he had also beaten every powerful opponent and finally got seven fruits, which helped him to achieve greatness.

According to Albert's plans, it was already very good for Tom to get and

envious at this moment.

However, when they were curious about what Tom would do, the live broadcast was stopped all of a sudden.

The computer screen went black, and then a notice appeared, declaring the end of the live broadcast.

This made many people stomped off and started to curse.

However, no matter whatever they did, the website for the live broadcast did not respond. Not long after, the website disappeared, and no one could log on to the website anymore.

At one place on earth.

"Princess, why did you cut off the live

broadcast? You don't allow people to see what Tom will do next?"

A man in full armor asked. He was at least two meters tall and was very strong. He had orange pupils, which made him look particularly terrifying.

What was more, the powerful aura emanating from him had surpassed what human beings could have.

But even such a strongman treated the woman respectfully.

This woman had a veil on her face, which made it impossible to see her appearance. However, according to her figure, voice, and temperament, one could tell that she must be incredibly beautiful.

The woman said faintly, "There's no need to show them what will happen next. Instead, I'm more curious about what Tom will do. Albert had said it was enough for him to take ten fruits. Will he only swallow ten fruits, or will he become much more ambitious?"

She smiled with a complex expression. Obviously, she was interested in it.

When the strongman in armor heard this, he was also curious about Tom. He did not understand why a common person in the Secular World would attract the attention of the princess.

To the princess, the whole people of earth were the same as ants.

## Chapter 1164

Tom did not know what had happened on earth, much less that he had been targeted by a so-called 'princess'.

Now, he had no distractions in his mind.

All he could see was the fruit in front of him.

Now, he had gathered ten fruits in his hand. As long as he ate them, he could successfully breakthrough to the God Becoming Level after enduring the impact of the medicine.

And it was a very high-level God Becoming Level.

However, for some reason, when he

looked at the remaining fruits, he had a thought. What if Albert said was wrong and the limit of the fruits towards Half-step God Becoming Level was not ten fruits, but more?

What would happen if he ate more?

Once this idea appeared, it continued to stay in his mind and lure him.

He could not tell whether it was the voice in his head or the fruit that had bewitched him.

But what he could be certain of was that he really wanted to try it himself!

After all, he had gone so far and already reached this step. If he could not take another step forward, he would feel that he missed something.

But he also had concerns. If Albert was right, the Half-step God Becoming Level's limit was indeed ten fruits. What if something bad happened after he ate more?

He stood there for a long time, unable to make a decision.

As time passed, he stood there for almost three hours, but he still couldn't make a decision.

Because for him, this kind of decision was too difficult to make!

In fact, deep down, he wanted to give it a go, he wanted to eat as much as he could.

After all, the Clan World was about to

attack the Secular World. If he was not strong enough by then, he would not be able to protect his family.

But he was also afraid that he would fail.

He felt that what was in front of him now was just like the old online joke. If you were given two choices, one was 100% to get a million dollars, the other was 50% to get two million dollars, and 50% to get nothing, what would you do?

Most people would choose the first option.

Tom originally wanted to choose the first one.

But now, after thinking for so long, he

was more inclined to choose the second one!

All of a sudden, he realized that the fruits in front of him seemed to have started moving and were about to fly away.

This change stunned him. He realized that he didn't have much time to hesitate. If he couldn't make a choice, these fruits would fly away!

Gritting his teeth, he suddenly made an extremely bold, even crazy move!

Instead of standing there considering, he began to stride forward and collect more fruits!

Moreover, after he collected it, he threw it directly into his mouth and

swallowed it. He was very fast, and even seemed a little crazy!

One, two, three...

Ten, eleven, thirteen, fifteen...

Twenty, twenty-five, thirty!

Forty, fifty, sixty...

Tom seemed to be crazy. He kept walking forward, picking up the fruit in front of him and then threw it directly into his mouth. He chewed it up like a candy bean. And the fruits he ate turned into strong energy in his body!

This action of his was really too crazy. In this short time, he actually ate eighty-five fruits!

And his stomach began to swell.

His whole body was flushed red as if he was about to explode at any moment. He was originally thin, but now he looked fat.

But even so, he continued to swallow the fruits. Ninety, ninety-five, a hundred...

Finally, when he swallowed a hundred fruits, there was a boom!!!

The only two people on earth who could still see this scene, the armored strong man and the princess, were also shocked by his actions!

Especially the armored man. Now he opened his eyes wide and said in disbelief, "Tom, he, is he crazy?"

The princess did not speak, but her dilated pupils and slightly opened mouth could also show that she was also shocked now.

She had lived for so long, met so many geniuses, and had never met anyone as crazy as Tom!

It was too bold to eat a hundred fruits in such a short time!

In her opinion, Tom probably didn't dare to take the risk and would choose to eat ten fruits.

Even if Tom really dared to take the risk, she thought that he would just eat more than a dozen fruits at most. He would not be able to bear it if he ate more than that.

Because after swallowing ten fruits, every additional one would be huge torture to the will of the brain.

After taking fifteen fruits, the average genius would not be able to take it at all.

But now Tom ate a hundred. Crazy would be a moderate word to describe Tom.

"Good, very good. This Tom gave me a big surprise. Very good." The princess said with a smile. Her eyes were pure like water, shining brightly. They looked especially charming, but not elegant and dignified.

Tom swallowed a hundred fruits...

In fact, he didn't even know that he had swallowed so much. Anyway, after he started swallowing, he kept rushing forward and swallowing. He didn't even count it. To him, it was already a big gamble.

Now, he could no longer move. He was stuffed like a balloon lying on the ground.

At the same time, in his mind, there were constant rumbling and explosions everywhere in his body.

And this kind of explosion lasted only two seconds, and then, it increased in size. First, it was on his hand, and his palm directly exploded!

He felt that it was as if he had

swallowed a hundred nuclear bombs in his body, and now in his body, there were constant nuclear fusion explosions.

His palm was blown open, and the intense pain took over his entire body.

But this was just the beginning. Then, the other palm exploded. Then his legs, his waist, his chest, his neck...

Bang, bang...

On his body, it was as if fireworks were constantly exploding, which made his body badly mutilated.

But soon, after the explosion, the flesh and blood began to wriggle violently in the wound. In a short time, they recovered completely, as if they had

not been injured at all.

Moreover, in the part that was recovered, the power and the flesh were stronger!

It seemed that he was transforming completely...

## Chapter 1165

If someone was here and saw this, they would definitely be frightened.

Even a God Becoming Level expert would be shocked to see this!

Because they had all experienced this kind of change. After eating the fruit, they would indeed go through a fundamental change, but it was mild. Only their meridians would change. How could the changes be as scary as Tom's?

Even Cassio, who was once known as the chosen one only went through the change of the skin, not even fresh after eating seven fruits. Moreover, he had not experienced such great pain like

Tom!

No, this could no longer be described as pain, but torture, inhuman torture!

Now, Tom's body was still exploding, literally. The flesh and blood were directly exploded, and because of the powerful effect of eating the fruit, it quickly condensed his energy and blood.

Over and over again.

Moreover, after a few minutes, what exploded was not just the skin and flesh on the surface, but his bone marrow, his neck, and even his head.

Just like now, after his head exploded into nothing, it was quickly put together!

This scene, it seemed, was too strange, too scary, and completely overturned everyone's understanding.

Fortunately, there was no live broadcast of this scene. Otherwise, if the Strong on earth saw it, it would definitely cause a huge sensation, even fear, and everyone would treat Tom like a monster.

They had never seen anything like this before. They had never heard of anyone who could survive after their heads exploded.

This was no longer a person, but a monster!

The only people who could see this were the two people on earth, the

armored Strong and the princess.

The armored Strong became solemn now. He shook his head and said, "A hundred fruits, the energy brought by them is so great that it has exceeded the limit that Tom can hold. With the will of the people of earth, it is impossible to survive this. This Tom, I'm afraid, is going to die."

Indeed, what the armored Strong said was not nonsense. He knew very well the power of these fruits. Even the energy of ten fruits was enormous to ordinary humans. And a hundred fruits were not something that mortals could bear at all!

Even a transcendent like him might not be able to withstand the impact of a

hundred fruits, not to mention an ordinary person.

However, the princess just shook her head and said, "That's not necessarily true. Although Tom is a mortal, as long as his will is strong enough to keep his original aspiration, he can survive it. Once he makes it, then he will really be reborn. He will no longer be a mortal and get the qualification of being an immortal."

The qualification of being an immortal

If anyone heard this, they would be shocked!

For many years, the immortal had always existed in the myth. For so many years on earth, there had never

been anyone who could do it.

It was not that they did not have this will and desire, but that they did not have this channel at all and did not know where the path was.

Since ancient times, many talented and powerful people had found that there was no way to continue after they reached the God Becoming Level. Even if they were invincible at that time, they could only slowly die of aging and turn into ashes!

With endless regret and despair, they would die in pain.

Now, this woman, who was called princess, said that Tom had the right to be an immortal?

If this was spread out, Tom would definitely become the public enemy of all mankind.

Unfortunately, it was impossible to spread this.

In fact, even Tom himself did not know this at all. Now, he had no more distractions. Now, he was experiencing unprecedented pain!

When he ate the pill of creation and broke through the Innate Realm, it was painful enough for him, unforgettably painful, but compared to the current pain, that was nothing.

Now he was being destroyed and rebuilt.

Perhaps, this was no longer pain, but

back to earth to protect these family members.

He gritted his teeth and didn't dare to die before doing these things.

Bang bang...

In his body, there were still explosions. He did not calculate them specifically, but he could roughly feel that his left leg had exploded at least 150 times, and his right leg had exploded at least 200 times.

His hands exploded at least 300 times, and his torso and neck exploded at least 400 times!

This was nothing. What hurt him the most was his head, which had exploded more than 500 times!

the repeated torture after falling into hell!

And this kind of torture, made someone like Tom scream continuously!

It was so painful. He had the idea of killing himself for many times. If he continued like this, he would rather die than live.

At the same time, he knew that if he relaxed and he couldn't hang on until the last moment, he would really die.

Thinking that he still had a lot of things to do, that he had not had a child with Phoebe, that in the future the Clan World was going to invade the Secular World, he decided that he had to go

They were not just slight explosions, but the explosions to blow the whole head, and then the head would quickly grow flesh and blood. This was a repeated process...

Now, this body was no longer his original body, but completely another body after a thousand trials!

Finally, three hours after the explosion, he could feel that the energy of the fruits in his body had been digested by him by more than half, and the power and frequency of the explosion gradually decreased.

At the same time, the pain was not as intense as before.

Now he slowly regained

consciousness, which was not as blurry as before.

And he could feel his body again, regaining his intuition.

As soon as he recovered, he immediately felt that there was a huge amount of energy in his body!

It was not the same body as before.

Moreover, if his previous body was made of soil, then his current body was made of steel, which was indestructible!

His strength had increased at least a hundred times!

## Chapter 1166

Well...

Feeling the terrifying power in his body, Tom was stunned.

He had never known that a God Becoming Level master could be much more powerful than the one lower than the God Becoming Level.

If a God Becoming Level master could really be so much better than those in the Half-step God Becoming Level, then he would not be able to kill Adam and defeat Asura.

But why did his strength suddenly increase rapidly?

Although the Fruit energy in his body

really bold back then. He actually swallowed a hundred fruits in one breath. If this news spread to earth, it would definitely shock a lot of people.

He took a deep breath and stood there.

Although there were still minor explosions in his body, with his current force, he was completely able to resist.

But he just kept hearing the sound of explosions coming from his body. Unlike at the beginning, his body and various organs were directly blasted by the energy of the fruits.

Tom now knew that these Fruit energies were actually cleaning his internal body, or, to be exact, reshaping his body.

had not been absorbed completely, he could already feel that his strength had increased by at least 30 times!

To put it bluntly, if he fought against The Great King again now, he could kill him easily in a second!

As for a God Becoming Level master like Adam, Tom could easily defeat him now.

However, this was not scientific. Why could his strength improve so much?

Suddenly, he thought of something and understood.

This was why he had swallowed enough fruits!

Now that he thought about it, he was

Now, his body was no longer the mortal one.

In a sense, he was no longer human...

He could feel that not only did his body become stronger, the biggest change was his life span, which became much longer.

He felt that if he wasn't killed by a stronger man, he would have been alive for at least 500 years!

Five hundred years, what did it mean?

If he was born in the Ming dynasty, he would still be alive up to now.

But why would this happen?

Tom was ecstatic at first, but then, he

got worried and even scared.

He vaguely felt that this world was not as simple as he had imagined. He even felt that there was something he did not know. There might be someone looking at him silently behind his back...

Finally, two more hours had passed, and his body had completely recovered from the explosions.

That meant that he had absorbed all the energy from the 100 fruits.

Now, he could easily crush the diamond into powder with bare hand.

This kind of power was no longer the power that mortals could have.

But soon, he smiled. There were many

thrilling things happened in this trip on the Secret Realm, especially the last battle with The Great King, he almost died.

Fortunately, he was the winner.

He won, and also swallowed a hundred fruits, becoming a powerful existence beyond mortals.

The next step was to go back to earth.

On this trip of the Secret Realm, many people on earth did not have much faith in him, and thought he would definitely be killed by The Great King.

But now that the result might let many people down. He won. He was the one who survived in the end.

Hmph, if the Clan World did not attack the Secular World, it would be fine. If it didn't give up the plan of attacking the Secular World, he would show them hell. He, Tom, was not so easy to provoke!

He looked towards The Great King again and found that The Great King was still standing there, dead.

Next, it was time for him to return to earth.

When this thought came to an end, soon, a beam of light shone down upon him. At the same time, he also felt that there was a great power that was repelling him and deeply disgusted with him.

He knew that this was this world's rejection of him.

After all, the world could not tolerate the Strongs in God Becoming Level. The stronger he was, the greater the rejection!

Whoosh, Tom disappeared under this light.

The next moment he appeared, he was already on earth.

He opened his eyes and felt the familiar air, the familiar gravity, the familiar feeling. A sincere smile appeared on his face.

He was home now.

Back on earth, this feeling was really

good.

But soon, his face stiffened!

Because he found that he was naked.

Moreover, the worst thing was that he was now in a hotel room, and in the room, there was another woman besides him!

This is embarrassing!

Tom never expected such a thing would happen.

The atmosphere suddenly became quiet.

The woman in the room, who just woke up, was only wearing underwear. She was stretching her arms out. When she

opened her eyes, she saw Tom standing in front of her. She was stunned and her eyes were wide open.

Tom was also very embarrassed now. His face turned red. It was so awkward. He thought he would come back to earth like a king, but he didn't expect this to happen!

If others knew about this, he, a God Becoming Level master who was fighting in a secret realm, was naked in front of a strange woman. They would laugh at him!!

"Ah!!!"

In the short silence, the woman on the bed finally came to her senses and screamed in terror.

When he heard this scream, he didn't know what to do. He even had the urge to jump out of the window directly, but soon he realized that he was naked. If he jumped into the street, it would be even worse.

So, he quickly went forward, covered the woman's mouth, and said in a low voice, "Don't shout! I'm not a bad person!"

Her mouth was covered and she couldn't cry out. But Tom was so close to her, which made her face turn pale with fear and she kept struggling. She was frightened and scratched Tom desperately. However, she found that she could not scratch his skin at all, but her nails broke a little.

She couldn't figure out why a man suddenly appeared in her suite! Where were those bodyguards?

## Chapter 1167

She was really scared now, because she had never encountered such a thing in her life. Now she was petrified.

Her body trembled. After Tom covered her mouth, she resisted even harder. Tears flowed down her face. She was so afraid that he would take advantage of her!

However, no matter how hard she struggled, Tom still tightly grasped her hand, making it impossible for her to break free at all.

She regretted it now. She should have listened to her father and practiced martial arts, she would not have been so passive when faced with such a

thing!

"Woo woo..."

She kept sobbing and tears welled up in her eyes. She looked especially pitiful. Tom couldn't bear to see her like this.

Was this some kind of joke? He had gone through a lot of hardships in the Secret Realm and came back with great difficulty, but now, he was naked before a stranger and acted like a gangster. He only felt that God was making fun of him.

So he said softly, "I'm not a bad person. I just came here by accident because of some special reasons... Well, you won't believe even if I explain. Anyway, I'm

not a bad person. I won't do anything to you. Now I'll loosen my hands, don't scream, okay?"

He said in such a gentle voice, trying not to panic the woman.

Perhaps his tone was very gentle now, calming her down a lot. She nodded gently, and Tom let go of his hands.

However, just as he relaxed his grip, the woman began to shout, "Help..."

Tom's expression froze. Immediately, he heard the bodyguards in the corridor, who obviously heard the noise and was startled.

He could only sigh. It seemed that he was careless.

No matter what, he couldn't let other persons see him like this, or he would lose face.

Instead of covering the woman's mouth, he quickly grabbed a curtain by the side, pulled it down, and quickly surrounded his lower body. After that, he waited for the bodyguards outside to rush in.

He was a little surprised that these bodyguards were very fast and their strengths were not bad. They were all masters of Innate Realm.

This woman could hire so many masters of Innate Realm to be her bodyguards, which showed that her identity was not simple!

And two bodyguards were actually masters of the third stage of Innate Realm.

Although the masters of this level were no different from the mole ant in front of Tom, they were very powerful on earth.

With a bang, the door was immediately knocked open.

Soon, five bodyguards rushed in.

"Miss, what happened?!"

At the front was a middle-aged man, in the third stage of Innate Realm. He was very imposing, and his eyes were wide open and bright, like two big light bulbs!

Soon, when he came in, he saw Tom in the room. He grew angry.

The other four bodyguards felt the same way as him when they saw Tom. Especially when they saw that Tom was naked, they were furious. But they were also feared!

God! They didn't even know when and how this man got into Miss's room! If Miss was really raped by this man, then they would die!

At this time, the woman on the bed saw the bodyguards come in and immediately shouted, "Hurry up, get this pervert! He, he's too hateful!"

When they heard her words, they were even angrier. They shouted and

immediately started to attack Tom. They didn't hesitate and tried to kill Tom here.

Tom frowned slightly. It was not that he was afraid, but that he was a great God Becoming Level expert. As soon as he returned to earth, this misunderstanding already made him uncomfortable.

However, he didn't explain, because he knew that in this case, it was useless for him to explain. Even if he did, the other party would not trust him at all. So the best way was to fight.

So he stood there, waiting for them to attack.

And they didn't take Tom seriously.

Seeing him standing there motionless, they thought that he was frightened.

However, when they rushed to him and started to attack, they realized that they had underestimated his strength.

The reason why Tom didn't move was not he was scared, but he didn't care about them at all.

That's right. Tom didn't bat an eye at the attack of these five masters of Innate Realm. Instead, he struck directly and slapped one man away.

At the same time, he attacked the rest. Soon, he defeated these five masters of Innate Realm. From the beginning to now, he did not move a step, but still

stood there, steadily.

Of course, Tom had no grudges with them, so he did not kill them. He simply taught them a lesson.

"You, you, you..."

They were now knocked to the ground. When they looked at Tom again, their gazes were completely different, as if they had seen a ghost!

When they fought Tom just now, they only felt that they were not fighting a person, but a mountain, a sea. He had unfathomable strength, not someone they could compete with!

"Are you a Grand Perfection expert in Innate Realm?!"

The most powerful bodyguard couldn't help but shout out. In his opinion, Tom had such a terrifying strength. He must be a master of Grand Perfection. Only a master of this Realm could have such a terrifying strength!

They had never expected that there would be a Grand Perfection expert who targeted their Miss. In this way, they couldn't protect her at all!

The young lady on the bed saw her bodyguards being knocked down by this pervert. Now, her eyes were wide open and she looked incredulous.

Then, she quickly grabbed the quilt and covered her body, shivering.

"You, don't come over! I'm the Miss of

the Great Kungfu Group. If you dare to hurt me, my father will kill you!" She said sternly.

Great Kungfu Group?

Tom was slightly stunned when he heard these words.

He had heard of Great Kungfu Group, which was a relatively famous company in the Secular World. It was similar to the ancient martial arts league, quite powerful.

## Chapter 1168

I heard that the Great Kungfu Group was powerful, and it had many masters. In particular, its leader was even more extraordinary, who was said to reach the God Becoming Level very soon.

He had always hoped to pay a visit to Great Kungfu Group, but he never had a chance.

He didn't expect to meet Eldest Miss of Great Kungfu Group today by some freak of fate.

That was interesting.

Moreover, Eldest Miss looked pretty. She was in her early twenties and was

still in college.

Of course, Tom was not interested in this lady. He was just embarrassed to be naked in front of her.

"Are you Judah's daughter of the Great Kungfu Group?" Tom said with a smile.

When Eldest Miss heard that he knew her father, she was stunned for a moment. Then she raised her voice and said, "Yes, my father is Judah! He was a master of martial arts. If you dare to bully me, he will definitely not let you go. So, you'd better leave now!"

Tom was amused when she raged at him. He nodded and said, "I have always admired Judah. I won't make things difficult for you, as you are his

daughter. But I came here for some reason. Please don't tell anyone about what happened just now, okay?"

Tom said in a soft tone, just like the brother next door, which made Eldest Miss much more relaxed. She didn't seem so hostile anymore.

Hearing this and thinking of what she saw just now, she flushed with embarrassment. She spat and said in a low voice, "Shameless. Who would say anything about you? I don't want to lose face."

Although she said under her breath, he could still hear it clearly, and he was also embarrassed.

Then he said to the other five

bodyguards, "Bro, I came here by chance. I have no malice and no respect to Eldest Miss. Don't sweat it."

After a pause, he added, "By the way, I wonder if you can lend me a set of clean clothes?"

Hearing what he said, the bodyguards did not relax and were still afraid of him. At the same time, they were analyzing who Tom was and why he came. Considering his behavior, they also wondered whether he was a pervert.

However, given that he was so formidable, they did not dare to be reckless as before.

After thinking about it, the head of the

bodyguard said, "I can lend you the clothes, but I want to know who you are."

Tom knew what he was thinking. He shook his head and said, "Knowing my identity will do no good to you. All you have to do is lend me clothes. Just forget what happened today."

Hearing this, they all became silent.

After glancing at each other, the head of the bodyguard began to ask his men to take a set of clothes and throw them to Tom, saying, "You don't have to return the clothes. Please leave as soon as possible."

Tom nodded and said with a smile, "Okay."

Then, he picked up his clothes and went straight to the bathroom next to him.

After he went into the bathroom, the bodyguards all looked at Eldest Miss. They walked over and whispered, "Eldest Miss, are you okay? Have you been..."

The head of the bodyguard did not continue, but his eyes flashed with a cold light. If Eldest Miss was really sexually assaulted by Tom, he would report to Judah. By then, Judah would hunt Tom whatever his identity.

Fortunately, the lady shook her head and said, "I'm fine. He didn't disrespect me, but..."

"But what?" When the bodyguards heard this, they immediately became nervous again.

She blushed and said, "But he popped up in the room and... it's so ugly!"

Hearing this, they had weird expressions.

Now they all knew that Eldest Miss had seen Tom who stood there stark naked!

They racked their brains, but couldn't figure out why such an expert would suddenly appear in Eldest Miss's room in his birthday suit?

If he had an axe to grind with Eldest Miss, he could capture her with his strength. But he didn't. He just let them

go and borrow a set of clothes from them.

He was so strange!

They had never seen anything like this before.

Eldest Miss just suffered from shock, and the silver thing was that she wasn't sexually assaulted.

Tom took the clothes and changed them quickly in the bathroom. When he saw himself in a mirror in a suit and leather shoes, he finally breathed a sigh of relief.

His previous look was too embarrassing.

Fortunately, he wasn't thrown to the

street, or he would really be 'famous'!

After changing his clothes, Tom adjusted his mind and went out.

In the room, a few of them were still there, including Eldest Miss, who was now dressed.

Admittedly, she was beautiful, and she should still be in college, as she had a youthful aura.

The bodyguards were still glaring at him.

Tom smiled and said, "I'm sorry to disturb you. Thank you for your clothes. I'll visit Judah another day."

After saying this, Tom left.

Silence descended on the room after he left. After a while, a bodyguard suddenly patted his head and said excitedly, "Damn! I remember who he is!"

His tone and expression were excited.

All the others were startled at once. The head of the bodyguard snapped, "You freaked me out! Can you bear it if you scared Eldest Miss?"

The others also glared at him.

But he didn't take it seriously and said excitedly, "Have you all forgotten that he was Tom? He was Tom!"

## Chapter 1169

"Tom? Who is Tom?"

The head of the bodyguards was stunned and did not react for a moment.

But then, he came to his senses. And he took a deep breath and said emotionally.

"Tom! He's Tom! Oh my god, he's Tom! I didn't recognize him just now, and I even hit him. I, I really..."

The leader of the bodyguard's expression was extremely excited. He was completely struck dumb. And he slapped himself hard. "My eyes don't work. I didn't recognize Tom! Oh my

god..."

He was regretful now as if he had met a big star, but he did not recognize him at the first time and missed him.

The other bodyguards came to their senses, with complicated expressions.

They all looked regretful but excited.

In fact, they were not strange to Tom, but even familiar with him.

Because during this period of time, Tom could be said to be the most famous person in the world!

In particular, he won the earth-shattering war fighting with The Great King in Secret Realm, making him even more famous.

As fans of Tom, they didn't recognize their idol and even attacked him. At the thought of this, they were especially annoyed.

In this way, it could be explained clearly. Only when Tom came out of Secret Realm did he suddenly appear here!

The young lady was especially puzzled when she saw the reactions of the bodyguards. She knew that these bodyguards were all first-class masters and were usually calm. She rarely saw them lose their composure. So she asked curiously, "Uncle Wang, who is Tom you're talking about? Is he famous?"

Uncle Wang, the leader of the bodyguards, immediately nodded and said, "Famous, very famous! He can be regarded as the most famous person in H Country, no, in the world during this period of time. Wait, he's here now, which means that he has broken through to the God Becoming Level! Our H Country has a master of God Becoming Level?!"

Hiss...

He gasped.

A master, who reached the God Becoming Level, was brilliant. It could be said that the ultimate goal of any practitioner was to reach the God Becoming Level.

However, there were too few masters who reached the God Becoming Level. It was even more difficult for a practitioner to break through to the God Becoming Level than a retarded was admitted to the best university.

And Tom was a master of the God Becoming Level, and he was the youngest master of the God Becoming Level in history!

It was conceivable that Tom's position in the martial-arts circles in the future was higher than Albert, the God of War!

"Miss, Tom is the most powerful man in H Country. Now that he's out of Secret Realm, he's probably stronger than the God of War Albert..." Uncle Wang said

seriously and his eyes flashed with admiration for Tom.

Sure enough, when the young lady heard this, her expression changed. Although she didn't know martial arts, she was born in the martial arts family and knew the difficulty of the God Becoming Level. Even her father, Judah, was not a master of the God Becoming Level, but the man just now was a master of the God Becoming Level?

This was too incredible.

"Is that true? But he looks very young..." The young lady said uncertainly, especially when Tom's naked body appeared in her mind, her face blushed involuntarily.

Uncle Wang nodded seriously and said, "He must be a master of the God Becoming Level. And according to his performance in Secret Realm, he is the outstanding person in the God Becoming Level! It's a pity that we didn't recognize his identity in time and didn't get to know him properly. What a shame!"

Speaking of this, he sighed heavily and felt extremely regretful.

...

At the same time, Tom left the hotel without stopping and walked directly to his home.

The only thing he wanted to do now was to see his wife, Phoebe.

During this period of time, he missed Phoebe the most.

In Secret Realm, he was on the brink of death, especially in the final battle with The Great King. After he swallowed the fruit, if it weren't for his strong will, at the last moment, thinking of Phoebe, thinking of so many relatives and friends, he really couldn't hold on.

So now that he was finally back, the first person he wanted to see was Phoebe. He wanted to tell her that he had succeeded, and now he was a master of the God Becoming Level!

He was capable enough to protect their family.

He believed that Phoebe would be

happy to hear that.

At the thought of this picture, the smiles on his face were bright and happy.

However, he would never think that Phoebe, whom he had always been thinking about, was no longer at home.

Because the place where he landed was not in H City, but another remote city, thousands of kilometers away from H City. At his speed, it would take a while to return to H City.

At his current speed, if he ran, he would not be much slower than the plane, so he chose to run straight back.

He borrowed a phone from the local area and called Elliot first. He told him

that he was back and asked him to transfer a sum of money as soon as possible. Then he bought a cell phone, turned on the navigation system, and ran straight back.

After he got his phone, he didn't call Phoebe because he wanted to see her in person and give her a big surprise.

On the navigation, it was constantly shown that he had exceeded the speed limit.

After he broke through the God Becoming Level, he only felt that he was completely different. In his eyes, the world was different.

His speed was so fast that it couldn't be shown on the navigation.

Because his speed was much faster than the speed of sound.

It was more than a thousand kilometers. In less than an hour, he had already returned.

It was almost to the extreme!

If anyone saw it, they would definitely be frightened. Even a master of the God Becoming Level would be frightened by his terrifying speed.

Moreover, the most terrifying thing was that he had run for so long without sweats. It was no longer a pervert to describe him, but he had completely exceeded the human limit and reached another level.

## Chapter 1170

Finally, he came back.

Standing in front of the familiar villa, he was excited.

He would be able to see Phoebe soon. How happy would she be?

After all, it had been a long time since he left Phoebe. People said that absence wins over a newly marriage. Now that they had parted for so long, it would be pleasant and overjoy to see each other again.

Apart from Phoebe, there was Amelia, the mischievous woman. How happy and enthusiastic she would be to him.

At the thought of that scene, Tom

couldn't help but smile.

And mother, Sunny, were they here or not?

Originally, with Tom's current strength, he could feel who was in the house.

But he didn't do that. He wanted to see them in person and tell them the good news!

Taking a deep breath, Tom immediately strode in.

However, as he was about to enter, the door was opened suddenly, and a middle-aged woman came out of it, who was exactly his mother-in-law.

"Mom."

When Tom saw Elizabeth, he called out.

Elizabeth was stunned at his voice. Then she looked up and saw him. Her expression suddenly became complicated.

However, she was not as surprised and happy as he had imagined. Instead, she was shocked. Then, her expression kept changing. Finally, she nodded, "Oh, you're back."

Seeing Elizabeth's reaction, Tom frowned slightly. He felt something was wrong. His mother-in-law should be glad to see him. As he and his father-in-law and mother-in-law had already resolved their old grudges, she no longer despised him.

But now his mother-in-law's reaction was abnormal!

Moreover, Tom noticed that his mother-in-law's complexion was not good. She was pale, and most importantly, her eyes were a little red, and her spirit weak. She looked very haggard, obviously not resting well.

Tom immediately realized: was something happened at home during his absence?

He took a step forward and said to his mother-in-law, "Mom, you're not in good spirits. Did something happen at home?"

After hearing his words, his mother-in-law paused for a moment and lowered

her head, as if she was enduring something. She shook her head and said, "No, nothing happened."

Then she turned around and went straight into the room.

Abnormal, too abnormal!

Tom knew Elizabeth so well that he could tell at a glance that something must have happened at home!

Thinking of this, his heart suddenly became much heavier. Could it be that during the time he left, an enemy came here?

Without any hesitation, he strode into the house with his mother-in-law. At the same time, his consciousness dispersed and covered the entire villa,

but found no trace of Phoebe!

What was going on? Was Phoebe not at home?

No, it's the weekend. According to her character, she should be resting at home at this time!

Then, he immediately spread his consciousness over the whole neighborhood, but still couldn't find her.

He instantly had a bad feeling!

When he came in, he found that there was nothing wrong with the house, only that the situation of his mother-in-law was too strange.

"Mom, where's Phoebe? Why isn't she

at home?"

Tom said in a deep voice after following her in.

She paused again, but only shook her head and said, "Phoebe is not at home."

"Mom!" Tom stopped her and said seriously, "Did something happen at home? Did an enemy come to me? Mom, you can tell me with ease since I'm back now. If there are any problems, I will solve them!"

Her mother-in-law's eyes turned red and she looked at Tom. Just as she was about to speak, a voice came from upstairs. "Cough!"

Tom looked up and found that it was his father-in-law.

"Tom, you're back." Said his father-in-law.

Tom looked at James and said, "Dad, I'm back. Where's Phoebe? Why haven't I seen her?"

James's eyes flashed with sadness and pain, but they soon disappeared. He said, "Oh, Phoebe, she went abroad and won't be back in a short time. You're back now. Are you hungry? I'll ask your mother to cook for you."

Although he hid it well, much better than his mother-in-law, how could he hide it from Tom?

Originally, Tom was a little skeptical, but now his heart sank after seeing his father-in-law's reaction. He was sure

that something must have happened to Phoebe!

And he was afraid that it wasn't a small matter!

Immediately, he said, "Dad, tell me honestly, how's Phoebe?!"

Seeing his solemn expression, his father-in-law couldn't hold back anymore. His eyes were a little red, and he dodged Tom's gaze. He shook his head and said, "Nothing. She just went abroad and won't be back for a while."

Tom's heart sank even more. He took out the phone without hesitation and called Phoebe, only to find that her number had become an empty one!

Phoebe had used this number for

many years. It could not be empty.

It means something must have happened to Phoebe!

"Something happened to Phoebe!"  
Tom's good mood was spoiled. He finally realized it. He flashed to the front of James and asked seriously, "Dad, tell me frankly what happened to her! Her number became empty. She couldn't have gone abroad! Did someone take Phoebe away?!"

Faced with Tom's aggressiveness, James lowered his head. His eyes turned red, and there was sadness on his face. He shook his head and said in a painful tone, "Tom, stop asking me. She..."

"Is she, is she dead?!"

Tom's brain exploded and his body was on the verge of collapsing!

At this time, her mother-in-law downstairs couldn't hold back any longer. She said, "Tom, why it took you so long? Why? Something happened to her. Something happened to her!!!"
