

The Vengeful Son-in-law Chapter 281 -

The Vengeful Son-in-law

Before Chou could finish his sentence, Sunny interrupted him. She gave a cold stare at him and said, "Shut up. Do your duty well, and don't ask too many questions!"

Chou got nervous instantly and knelt down in a rush. He gave himself two hard slaps on the face and said hurriedly, "I'm wrong. Please don't be angry, Master Sunny!"

Sunny waved her hand and said, "It's alright. Get up. From now on, you have to do your best to assist Little Young Master and continue hiding his identity so that people from the organization won't find him out, got it?"

"Yes, Madam Sunny!"

After a pause, Chou thought of something and said, "Master Sunny, in fact, some time ago, Little Young Master met someone from the organization..."

"What?!" For the first time, Sunny showed a shocked expression. Her eyes widened, and she began to exude an overwhelming aura, which almost suffocated Chou. He felt as if he was pinned under a mountain, while his bones couldn't bear the weight, cracking.

Chou explained at once, "Master Sunny, don't worry. I killed that man with a slap, and Little Young Master's identity was not disclosed."

Sunny recovered immediately and said with a frown, "Tell me what happened."

Chou told the story of Raven instantly with scrupulous attention to detail. After that, he added, "Little Young Master is a great martial artist now, and Raven is no match for him. He has a promising future, but the only thing is that Little Young Master is too merciful. If I hadn't appeared in time that day, Little Young Master would have released Raven. In that case, the consequences would be too ghastly to imagine."

Sunny heard that, and something odd was gleaming in her eyes. She said with a smile, "I know this guy, Raven. He is a man of mediocre talent, and can only be considered a good-for-nothing in the organization. But to ordinary people, he is also a top master that no one can match. It didn't occur to me that he was actually defeated by Ryan. It seems that I've underestimated this fellow's talent. In this case, maybe I can carry out the plan in advance..."

Sunny said her last remark in a low voice with a meaningful look on her face.

A few days had passed in a blink. During this period of time, Ryan had kept himself busy and been trying to get information about Purification Pill via his own means.

To him, Purification Pill was something he had never heard of before. It was a brand new thing. Besides, he would have to take

it. He could kill himself if anything went wrong, so he had to be cautious about such an important thing.

Having gone through so many hardships, Ryan had developed a trait of meticulousness. Even if it was Chou who had revealed the information to him, he couldn't believe it one hundred percent. Because, first of all, Chou had lied to him before, and Ryan couldn't guarantee that Chou was completely loyal to him; secondly, if Chou had got the Purification Pills effect wrong, and thus something happened when he took it, then it was not worth it.

Therefore, Ryan had to check the reality by his own means to minimize the risk!

Having learned the background information, Ryan was almost certain that there was indeed a thing called Purification Pill, and it would also be effective to him.

This time, the auction was held in Phoenix with a high standard. Not everyone could participate in the auction, but it was partly open to some people in the circle. However, the so-called "circle" was not a business circle, but a unique one.

To be specific, this auction was in the gray zone. Not only antiques, calligraphy work, paintings, land were auctioned here, but some shady deals would also be made here, such as servants, beauties, rare treasures, clues to treasures and so on.

Purification Pill, to the masses, was a poison, but not a tonic.

Anyone without a spotless record or a recommendation from an insider wouldn't be able to participate in the auction.

Since Ryan was recommended by Master Chou, he was qualified to participate in the auction.

The auction was held in a suburban resort in Phoenix, which covered a large area. The guests needed to park their cars in a parking lot a few hundred meters away before walking to the salesroom.

Along the way, one could see many professional security guards watching the place. Whoever dared to cause trouble here would be severely punished.

Ryan could tell that this place was not ordinary at a glance. At the same time, he was getting more interested in tonight's auction.

"This is not some small auction."

After Ryan and Master Chou parked the car, they said with a smile while walking to the salesroom together.

Master Chou explained, "It has been over 20 years since the first auction of tonight's kind was held, and it's usually held once a month. The requirements for admission are rather high. Those rich people without high social status are not allowed in."

"I can feel it," Ryan said, nodding.

Finally they walked into the salesroom as they chatted.

The area of this salesroom was not very big, just the size of a basketball court. It was decorated in vintage style, and not many modern electric appliances could be seen.

When Ryan and Master Chou arrived, there were already a lot of people in the salesroom, all strangers to Ryan.

At first glance, these people looked quite ordinary and not eye-catching, but if watching closely, one would find that they were not common folks at all, and their imposing manner was very well-hidden.

For example, the middle-aged man in front of Ryan with a slightly plump figure was smiling amiably and looked gentle, but his body contained huge energy, and he was also a master.

Take the young woman on the other side of the room for example. She was scantily clad with a pair of coquettish eyes, and appeared very s*xy. Ordinary people would assume she was a housewife at first glance. But in fact, she was a killer. Only those at an advanced cultivation level were able to discover the light murderous temperament radiated from her.

Ryan found the auction novel, looking around. At this moment, a voice sounded from behind, "Well, isn't this Master Chou? What brings you here? It's been a long time since

you came here for treasure hunting."

Ryan turned around and found that it was a mature lady in a purple embroidered cheongsam. She was holding a slender lady's cigarette between her fingers. Her long hair was coiled on top of her head. Her skin was as fair as snow, smooth and delicate. She also had a charming face, on which hung a seductive and fascinating smile.

There were a few people behind her. They were all women of sturdy build. Their eyes were sharp, and their bodies contained great energy. They were all extraordinary masters.

Ryan had seen many beautiful women before, but it was the first time he had ever seen such a seductive woman.

Specifically, she was a mature lady with human being's appearance, but her temperament was like a vixen, who had cultivated herself to be a human. Each frown, smile and move of hers had its unique charm.

Even Ryan, who was so strong-willed, couldn't help but palpitate with excitement at the first glance of her.

Her eyes fell upon Master Chou at first, and then brushed over Ryan. Her attention was not attracted by Ryan's plain look at all.

She thought that Ryan was Master Chou's attendant.

The moment Master Chou saw her, fear flashed across his eyes, but disappeared immediately. Then he gave a smile and said politely, "So it's Amelia. Nice to meet you."

Amelia took a small step forward and drew closer to Master Chou. Her smile deepened, full of flirtation and charm, making the heart of a mature man as composed as Master Chou beat faster, forcing him to circulate his Genuine Qi as soon as possible, so that he could suppress the fire in his underbelly, while keeping a faint smile on his face.

Amelia was smoking lazily, a puff of smoke drifting towards Master Chou. She said with a smile, "Master Chou is a big shot in H City, as well as an honored guest of our Cloud&Sky Pavilion. I wonder what treasure Master Chou has taken a fancy to this time. Tell me, and maybe I can pull some strings for you."

She deliberately emphasized the word "strings". With that expression on her face, she had aroused so many thoughts in people's mind.

Master Chou coughed and said, "Actually, I came here with my young master this time."

Amelia looked a little surprised when hearing this and said, "Master Chou, a big shot like you actually called someone else your young master? Where is he? Introduce him to me!"

She knew what Master Chou was. He was a powerful man in H City, but there was still a young master behind him? She had never heard of this before!

Master Chou smiled and said, "My young master is right in front of you."

"Where?" Amelia looked around for the "young master". Soon, she realized something, and finally cast her eyes at Ryan beside Master Chou. She couldn't help but say in astonishment, "Master Chou, are you going to tell me that the man next to you is your young master?"

The Vengeful Son-in-law Chapter 282 -

**The Vengeful
Son-in-law**

Amelia said this with obvious disbelief on her face.

Indeed, she was also a renowned figure. She thought she had a good judgment. She could distinguish ordinary people from big shots very easily. This was the ability she had to hone in her profession.

She looked at Ryan carefully for a long time. She could not see anything special about him. He was just an ordinary person who could be seen everywhere on the street. She knew very well who Master Chou was. He was the underground emperor of H City. One could not underestimate his financial resources or strength. How could such a big shot be willing to work for an ordinary person?

So she thought Master Chou was joking with her. Ryan smiled faintly. How could he not see Amelia's thoughts? He just didn't bother to explain.

It was not Amelia's fault. Now, he could totally pretend to be a normal person. As long as he did not take the initiative to exude momentum. Those who were at the lower level of master than him could not see through his depth. Like the Amelia in front of him, she was not as powerful as Ryan. Naturally, she could not see through his strength and deemed him as an ordinary person.

Master Chou nodded and said, "Not bad."

Amelia smiled. She rolled her eyes at Master Chou and said coquettishly, "Hey Master Chou, I haven't seen you for a while. You've become so funny that you even joke with me. Can I say that you're teasing me? If my heart is touched, you have to be responsible for it."

Amelia deliberately walked up and poked Master Chou on the chest. She appeared especially seductive and lively.

Master Chou was not lured. His face immediately darkened and he said, "Amelia, I'm not joking with you. Please apologize to my

young master immediately!"

Amelia was stunned. She didn't expect Master Chou to be so serious. He seemed really angry.

Advertisement

When she was in her shock, Ryan said, "All right, Chou, don't lower yourself to her level. Let's find a place to sit down and wait for the auction to start."

Only then did Master Chou put away his serious expression and nodded respectfully to Ryan. Then he ignored Amelia and left with Ryan.

Amelia was completely stunned. At first, she thought Master Chou was joking with her. But when she saw Master Chou's respectful attitude towards Ryan and Ryan's casualness to Master Chou, she thought it was not fake at all... Could it be that the young man with common features was really Master Chou's young master?

Amelia suddenly opened her mouth wide in surprise. She had known Master Chou for a long time. But she had never heard of a young master behind Master Chou! After all, Master Chou was already a big shot. How powerful was Master Chou's young master?

A few seconds later, Amelia finally came back to her senses and slapped her forehead. She quickly trotted after Ryan and apologized hurriedly, "Oh, young master, I'm so sorry. Amelia didn't recognize the young master. Please forgive me. Don't lower your level to Amelia's!"

Amelia bent down and kept nodding. She was obviously very nervous. She really had a great figure which was shown in a tight cheongsam. The scene was very spectacular.

Ryan coughed twice. He was a little attracted by this scene. Since he and Phoebe had s*x, he found it harder to resist women's temptation.

He waved his hand and said, "I'm not that stingy. Go and do your work. Chou and I can manage ourselves."

Amelia breathed a sigh of relief when she saw that Ryan was not angry. Although she was not powerless since she was one of the top executives of the Cloud&Sky Pavilion. It was best for them to avoid offending people and try to make more friends. Besides, the one who could have Master Chou under his command must have a powerful background. She didn't want to provoke such a big shot!

Advertisement

After she relaxed, she began to look at Ryan carefully. She found that though Ryan looked very ordinary he was very calm and exuded confidence in his bones. He was not nervous or curious when he came to the Cloud&Sky Pavilion auction. This was obviously the person who had attended the big occasions.

So, he might really be Master Chou's young master.

The only reason why she could not see his background was that her cultivation was so low that it couldn't reach his level.

Therefore, such a situation happened.

Having figured this out, she was more in awe of Ryan. At the same time, her eyes also rolled. Since she was sure that Ryan was a big shot, she could totally curry favor with him.

“Can I have your surname, young master?” Amelia turned her eyes and returned to her seductive look. Her eyes were fixed on Ryan’s face eagerly. Her beautiful eyes were so affectionate that any man would be touched.

It was difficult for Ryan to calm down in the face of such a beautiful thing if he was a real man. He was slightly moved. Fortunately, his cultivation was very deep. In a breath, he suppressed the heat and said faintly, “My surname is Howard.”

“Oh, so you are the young master. I’ve heard a lot about him!” Amelia smiled coquettishly and thought a lot in her mind. She was recalling which family surnamed Howard was very powerful. Soon, she thought of the Howards in H City. So, she said, “Young Master, with all due respect, are you from the Howards in H City? Is Samuel your...”

Ryan said faintly, “I have nothing to do with the Howards. You don’t have to guess. I am what I am. I have nothing to do with anyone. I came to the Cloud&Sky Pavilion this time just to find some treasures.”

When Amelia heard this, she felt that Ryan was even more mysterious. She did not dare to offend him anymore. She nodded quickly and said, “That’s right, Young Master. You are a distinguished guest of our Cloud&Sky Pavilion. How about arranging a new seat for you?”

Ryan nodded in response without being pretentious.

Next, Amelia personally arranged VIP seats for Ryan and Master Chou. She also asked some young girls to serve them. The treatment was especially good.

After Amelia left, Ryan glanced meaningfully at Master Chou, which made Master Chou’s mind go blank for a moment. He was so fearful that he quickly lowered his head.

Ryan was obviously warning him!

Because he didn’t get Ryan’s permission to reveal Ryan’s identity to the public just now. With his low-key character, Ryan was not willing to see this situation.

Master Chou sighed in his heart. The young master was indeed the Saintess’s son. His strength grew every day. Now he could not bear the young master’s pressure.

Not long after Ryan and Master Chou sat down, a group of people came in from the entrance of the auction marketplace. Among them, a tall and burly young man with a sword-eyebrow and bright eyes was walking in the middle. He was wearing a custom-

made suit and his whole body exuded a great aura. When he was standing out from the crowd, everyone was a foil in front of him.

Next to him was an acquaintance of Ryan. He was exactly Brian, the guy who had been sent to jail by Ryan because he wanted to bully Phoebe.

The logo for 'The Vengeful Son-in-law' features the title in a bold, black, sans-serif font. The text is centered within a bright yellow, irregular, hand-drawn-style shape that resembles a splash or a cloud.

Brian was Phoebe's classmate in college. During that time, he was crazy about pursuing Phoebe. Because Phoebe didn't agree, he was so angry that once he called Phoebe to Golden Dragon KTV and drugged her, intending to get Phoebe by illegal way.

Later, Ryan arrived in time in the name of the chairman of ZQ Media. Then he sent Brian to prison. He didn't expect Brian to appear again after only six months.

"Wade, is this the famous Cloud&Sky Pavilion auction? It's really spectacular!" Brian bent down slightly, showing a humble posture and flattering Wade.

Half a year ago, he was indeed sent to prison by Ryan, but there was a blessing in disguise. He met this big shot in prison, doing his best to curry favor with him, and in less than half a year, he was released.

After being released, he realized that Wade was a real big shot with powerful connections and outstanding ability. The chairman of ZQ Media was nobody to him!

Just like tonight, he followed Wade to the Cloud&Sky Pavilion auction and found that there was such an unknown side of the world, which made him so excited!

Now that he rode on Wade's coattail, it was clear that he would have a bright future. And at that time, he would get even with the chairman of ZQ Inc. Most importantly, he must get Phoebe and conquer her! This was already his hidden scar. If he couldn't get Phoebe in this life, he would be incomplete.

Wade nodded and said, "If you have your eye on something later, as long as it's not more than 30 million dollars, I'll buy it to you as a favor that you once helped me."

When Brian heard this, his eyes shone brightly. He was so excited that his face turned red. He rubbed his hands and said, "Thank you, Wade. Thank you so much!"

Wade smiled faintly and did not say anything else. He was in prison for a while six months ago. He happened to know Brian.

When he came out, he took Brian as his man. If there was any difficult work need to be done, he would leave it to Brian.

Wade's status in the Cloud&Sky Pavilion was not low. Amelia had just returned from Ryan and saw Wade. She immediately came to serve Wade with a charming smile. "Wow, Mr. Hall, welcome here!" When Brian saw Amelia, his eyes immediately showed a fiery light. His eyes moved around Amelia's body, and he was even

drooling.

Amelia felt Brian's gaze, and some disgust flashed across her eyes. Although she looked very seductive, in fact, these were all her tricks. It did not mean that she was really an easy woman.

Wade saw Amelia, and his eyes flashed slight desire, but he immediately returned to normal. He showed a handsome smile and said, "Amelia, you look more beautiful and attractive."

Amelia giggled and said, "Oh, Mr. Hall, you're really good at flattering women. I am thrilled."

Wade smiled and tried to wrap his arms around Amelia's waist. Amelia dodged him cleverly. "Mr. Hall, don't be so hasty. There are so many people here. After the auction, I will have a nice chat with you."

Gulp!

All of a sudden, the sound of men swallowing came from around. Among them, Brian's voice was the loudest. His eyes were fixed on Amelia, and he couldn't bear to move them away!

Over the years, he had been together with a lot of women, but he had never met anyone like Amelia.

He was not the only one with such thoughts. In fact, the men around were all staring at Amelia with fiery eyes and secretly drooling.

Advertisement

As for those women, they kept scolding Amelia for being a shameless coquette, seducing men in public. In her previous life, she must be a ghost!

Wade's throat was also a little dry, and it was difficult to move his eyes away from Amelia. He was a frequent visitor to the Cloud&Sky Pavilion. He had known Amelia for a while, and he knew that Amelia was not that easy to get. Although Amelia's words were very sweet and she looked open, if he really wanted to do something to her, she would immediately run away, which made him very angry but helpless.

So he stopped flirting with Amelia, or he was the one that would suffer. He took her eyes away from Amelia with difficulty and said, "Then please arrange the private seats for us."

"Of course. I will definitely treat you well, Mr. Hall" Amelia said with a bright smile.

After Amelia arranged them private seats and then left, Brian's eyes were still on Amelia's back. The way she walked made his lust roaring.

Wade said beside him, "You want her?"

"Yes!" Brian nodded reflexively and said excitedly, "Wade, can you help me?"

Wade showed a disdainful expression and said, "She's a senior member of the Cloud&Sky Pavilion. You tell me."

Brian was suddenly disappointed, as if he had lost something precious, and felt extremely terrible. Such a beautiful woman was standing in front of him, but he couldn't have her nor have any chance to touch her. Was there anything worse than this in the world?

Wade also secretly vowed in his heart that when he reached a higher level, he must find a chance to take Amelia down! Otherwise, he failed to be a man.

Just then, Brian saw Ryan not far away who was being massaged by two young girls. He was stunned and thought that he had an illusion. He quickly rubbed his eyes hard. When he opened his eyes and looked again, he found that he was right. It was really Ryan!

This shocked him so much that he couldn't figure out why Ryan could be here. Wasn't Ryan the uxori-local son-in-law of the Scotts, the trash who couldn't even find a job? This was the Cloud&Sky Pavilion auction. It was extremely hard to get the invitation. Without the recommendation from insiders, a big boss worth more than 100 million dollars might not be able to come in!

But now Ryan was here? He really couldn't figure it out how and pinched his thigh hard. It hurt so much that he let out an ouch. Wade looked at him strangely. "Brian, why are you pinching yourself? Are you okay?"

When Brian heard Wade's words, he came back to his senses and said suddenly, "Wade, do you remember I told you that I have an enemy?"

"Yes, why?"

Brian pointed at Ryan not far away and gritted his teeth. His eyes wide opened like the light bulb, sparkling with excitement and anger. He gritted his teeth and said, "He's right there!"

The Vengeful Son-in-law Chapter 284 -

The text "The Vengeful Son-in-law" is centered on the page. It is written in a bold, black, sans-serif font. The text is superimposed on a bright yellow, irregular, hand-drawn-style background that resembles a splash or a cloud of paint.

Wade looked in the direction of Brian's fingers and saw Ryan, who was lying on the sofa and being massaged by two young girls.

Seeing Ryan's unassuming appearance, he thought Ryan was an ordinary person. He frowned slightly and asked, "Are you sure it's him? This guy looks ordinary. I don't think he is someone with the power to put you in jail."

Brian gritted his teeth angrily when he saw Ryan enjoying himself. He recalled the scene of him being humiliated in front of Phoebe. If it weren't for this damned son-in-law Ryan, he would have been with Phoebe! And things wouldn't be so ugly after that. He hated Ryan the most in the world, and the second was the chairman of ZQ.

"He's nothing! He's just a loser, a good-for-nothing, a worm! Damn! He can't even find a job for so many years. How is he qualified to come to Cloud&Sky Pavilion? He must be having some underhanded dealings with the boss of the Cloud&Sky Pavilion!" Brian cursed, his face twisted and ferocious in extreme anger.

Wade said, "Is he the son-in-law you mentioned? He doesn't seem to be a big shot. Why can't you even deal with such a nobody but get yourself into trouble?"

Wade's eyes were filled with doubt, and Brian blushed with grievance and replied, "I surely can! I just don't because of his wife! This guy is especially despicable. He has no bottom line. He's a complete animal. He framed me countless times. Otherwise, how could I not deal with him?"

Advertisement

Wade knew that Brian was bluffing, but he didn't want to expose Brian. Wade asked with curiosity, "Are you saying that Phoebe is beautiful?"

Brian nodded hard and said firmly, "Of course. Phoebe is one of the three beauties in H City, and she is as beautiful as the famous star Clarissa."

Wade's eyes lit up when he heard this. He put his hand on Brian's shoulder and said with a wicked smile, "As beautiful as the famous star Clarissa? She must be gorgeous. You should introduce her to me someday."

Brian's heart skipped a beat when he saw Wade like this. He knew that Wade was interested in Phoebe, and his expression was a little unnatural. "Well..." Wade glared at him. He put forth his strength on Brian's shoulder and narrowed his eyes, saying threateningly, "Why? Is it

Advertisement

difficult for you to introduce her to me?"

Brian was in pain and quickly explained, "I don't mean that. Wade, please don't misunderstand. But when I came out of jail, I didn't have Phoebe's contact information. Ryan is right here. We can ask him directly!"

"That makes sense." Wade thought for a moment and smiled meaningfully. "It's a while before the auction starts. I'll go with you to meet your enemy."

Brian was overjoyed. He knew what Wade could do. As long as Wade took action, he could take down Ryan in no time! Soon, they strutted over.

On Ryan's side, Master Chou had seen them early. He frowned slightly and said to Ryan, "Someone is coming to make trouble on you."

Ryan sat comfortably on the sofa, massaged by the young girls, closed his eyes, and said leisurely, "I know."

It had been a long time since he had relaxed like this. A lot had happened during this period of time, and he had been tense all the time. He had long wanted to go for a massage and relax, but he didn't expect to enjoy it at the Cloud&Sky Pavilion auction today.

When Brian appeared just now, he spotted him and was surprised. He should have put Brian in prison for years, but Brian was released in less than half a year. It seemed that the man beside Brian was of great power.

Brian and Wade came over. Brian was furious to see that Ryan enjoying himself. He kicked Ryan's leg and sneered. He used all his strength to kick Ryan. Once succeeded, Ryan would be greatly injured!

Advertisement

However, just as his leg was about to touch Ryan, Ryan suddenly put his leg away so that Brian kick on the pillar with a bang.

This was an iron pillar. Brian kicked it with all his strength, so it hurt him so much that he jumped out and screamed, "Ouch, it hurts!"

His screams were abrupt and harsh in the auction house and attracted the attention of the crowd. They looked at him strangely.

When the two young girls who were massaging Ryan saw this, they couldn't help but burst out laughing.

"What the hell are you laughing at?!"

Brian became even angrier by the laughter. He raised his hand and slapped one of the girls.

The girl was startled and panic. However, before Brian could hit her, Ryan grabbed his hand.

Ryan opened his eyes, easily grabbed Brian's wrist, and then pressed it down a little. Brian, who was no-good, could not bear it and fell to his knees.

"Brian, what are you doing? Even if you worship me, you don't have to kneel to me, do you?" Ryan said with a smile.

Brian was going crazy. He came here to teach Ryan a lesson, but instead, he knelt to Ryan, which really irritated him.

"Ryan! You loser! I will kill you!" Brian gritted his teeth and cursed, looking at Ryan with anger and hatred in his eyes.

Ryan had nothing else to do with such a son of b*tch but to beat him. He held Brian's hand and kept pressing it down. Finally, Brian couldn't take it anymore and lay on the ground. He looked miserable and hilarious that many people around him were laughing.

Wade looked at them coldly and said, "Enough!"

As soon as he finished speaking, Wade made a move and kicked Ryan's body. He did it fast and kicked towards Ryan's lower body viciously.

When Ryan saw this move, his eyes flashed with cold light. He knew that the other party was also a master. He did not take that but pulled Brian over and used Brian as a backing.

"No!"

Wade saw Brian standing in front of Ryan and quickly withdrew his strength, but it was too late. He kicked Brian firmly on the waist. Brian spat out a mouthful of blood and make a more miserable scream.

The Vengeful Son-in-law Chapter 285 -

The Vengeful Son-in-law

Brian had never been so aggrieved before. Now his nose twitched and tears were about to well up in his eyes.

He had never been beaten like this before.

The kick he had just made that was aimed for Ryan but landed on the pillar had almost killed him. Now that Wade kicked him, he felt his waist was broken and it was painful even to breathe.

He was born with a silver spoon in his mouth and had lived a rich life. He had never suffered much, let alone been beaten. Even if he went to prison six months ago, it was only mental torture and no physical harm. But now, it really hurt. Woo, woo...

Wade saw that Brian was crying so badly, and he was a little flustered now. He knew very well how powerful this kick was. Even he took back some of the force, still it was not easy to take by some weak guy like Brian. He suspected that Brian's kidney had been broken by him, or else he wouldn't have cried so badly.

"W...Wade, why are you kicking me? What are you doing... Kicking him... Hiss, it hurts so much..." Brian cried with tears and snot, one hand covering his waist and the other supporting the ground. He wanted to stand up, but he couldn't. His whole body was trembling with pain.

Ryan couldn't help but laugh when he saw his miserable face. He was quite amused by it.

Advertisement

When he was still a live-in son-in-law in the Scotts, Brian had humiliated him a lot and sought after Phoebe. Especially the last time, Brian was going to make advances to Phoebe. If Ryan hadn't arrived in time, it would have been a disaster.

So he never liked Brian.

Many people around him could not help but snicker when they saw his miserable appearance, and there was even more sarcasm in their eyes when they looked at Wade.

"Isn't that Wade? Why did he get in a fight here?"

Advertisement

"Yes, the victim is still an ordinary person but took such a nasty kick. That was too much."

"I've long heard that Wade is arrogant and domineering. He is lawless and likes to bully people. I didn't expect it to be true." "What happened to this guy is terrible. I think his waist is almost broken."

"Terrible, really terrible."

"Wade went too far. He bullied people everywhere by the authority of his father..."

Wade was extremely embarrassed. He had a great reputation in this circle. Now that this happened, everyone thought that he was arrogant and domineering, bullying ordinary people.

He stared at Ryan coldly and said coldly, "What a live-in son-in-law. I underestimated you. I didn't expect you to be a master! But you are not good enough for me. Now, you kneel in front of me and kowtow to admit your mistake. I will consider letting you go. Otherwise, I will let you fall into hell, and make you beg to die."

Wade put his hands behind his back and looked at Ryan coldly. He was aggressive and said it in a commanding tone. As long as Ryan did not agree, he would immediately give Ryan a fatal punishment.

Ryan was a little surprised by his imposing manner. He didn't expect that trash like Brian would get to know such a master.

Master Chou stood up and said to Wade faintly, "Wade, I advise you to give up on this idea." Wade tilted his head and looked at Master Chou with a half-smile, "What if I don't?"

"Then you'll be my enemy." After Master Chou said this, his eyes suddenly changed and he exuded an overwhelming aura from his body, which was no weaker than Wade's.

Advertisement

The aura of the two strong men combined was great oppression to the people around them. Many people who were not strong enough obviously felt that their breathing was not smooth, as if the air around them had been drained by some mysterious power.

Wade changed his face again and stared at Master Chou. He gritted his teeth and said, "Master Chou, are you determined to go against me? You have to figure out who I am. Is it worth it for a live-in son-in-law?"

Master Chou sneered disdainfully and responded with only two words, "Get lost."

"You!" Wade's face turned livid. At least he was a big shot. It was bad enough to be embarrassed just now, but now Master Chou actually asked him to get lost in front of so many people. How could he put up with it?

"You are a dead man!" He was completely enraged and prepared to attack Master Chou.

Just then, a low and violent shout came from the left, "Stop it!"

The voice was deep and powerful, full of energy, and it was obvious from a master.

Ryan narrowed his eyes and saw an old man in a Tang suit walking over with many followers.

This was a master, an absolute master.

Seeing the old man, Ryan's heart beat faster, and his blood boiled for a while, and he could not help but feel a urge to fight.

The old man seemed to sense his intention to fight, narrowed his eyes slightly, and looked at him meaningfully.

When the others saw the old man, they all showed fear and reverence.

"This is a big deal. Even Mr. Murphy from the Cloud&Sky Pavilion is here."

"No matter how arrogant Wade is, he has to show some respect to Mr. Murphy, right?"

"That's for sure. This is Mr. Murphy you are talking about. In this Cloud&Sky Pavilion, who dares to disrespect Mr. Murphy? What does Wade count in front of Mr. Murphy?"

Ryan heard the whispers of the crowd and guessed roughly the identity of the old man.

Sure enough, when Wade saw Mr. Murphy coming over, a trace of fear appeared on his face. He glared at Ryan and Master Chou fiercely and took two steps back to show his respect.

Mr. Murphy walked over with a smile and said kindly, "Mr. Hall, Master Chou, I wonder if you two can do old man a favor and not fight here?"

Master Chou immediately cupped his hands and said, "That's for sure. We didn't start this in the first place. Wade walked over with people aggressively and made things difficult for our Young Master. I had to stop him. Mr. Murphy can check the surveillance."

Master Chou's words were neither servile nor overbearing, which was easy for people to accept.

Mr. Murphy heard something important. His eyes lit up and he said, "Master Chou, when did you have a Young Master? Didn't you always go alone?"

Master Chou smiled and did not answer.

Mr. Murphy was a smart man. Naturally, he could tell that Master Chou was not lying, so he looked at Ryan deeply and smiled as a greeting.

Ryan smiled back and nodded.

When Wade heard Master Chou's words, he narrowed his eyes and turned to look at Ryan. He had never heard that Master Chou had a Young Master!

Although he didn't take Master Chou seriously, if Ryan was Master Chou's Young Master, things would be different. The point was that he didn't know Ryan at all.

For a moment, his mind went wild.

"Mr. Hall, what say you?" Mr. Murphy turned to Mr. Hall with a smile.

Wade also cupped his hands and said, "Since Mr. Murphy has spoken, I will naturally obey." "Then the old man thanked Mr. Hall first." Mr. Murphy smiled.

It quieted down at the time being. Wade came in a fierce manner and left dejectedly. Even if Mr. Murphy came forward, he still had been ashamed. Naturally, he was not in a good mood.

When Brian staggered over, Wade glared and asked rudely, "Brian! How dare you lie to me! I think you're tired of living!"

Brian trembled in fear and almost fell to the ground. He quickly explained, "Wade! I didn't! Don't you know who I am? How would I dare to lie to you?"

“How dare you argue! The Ryan you’re talking about is not the live-in son-in-law of the Scotts, but the Young Master of the underground emperor Master Chou of H City, a proper big shot. You want me to offend such a person? Tell me, what’s your intention!” Wade said fiercely.

Brian knelt down directly. He was now both frightened and aggrieved, and especially puzzled. Why did Ryan, a trash, become a big shot after he come out of prison half a year later? It made no sense at all!

The Vengeful Son-in-law Chapter 286 -

The Vengeful Son-in-law

“Wade! I was wrongly accused! How can I dare to harm you? You saved my life.” Brian hugged Wade’s thigh and begged for mercy, regardless of his dignity.

Seeing him like this, Wade realized that Brian didn’t seem to be lying. He glanced at Ryan in the distance and said, “Tell me about Ryan.”

Brian quickly told Wade everything he knew about Ryan.

“Are you sure Ryan has been a son-in-law to the Scotts for four years?” Wade still had some doubts. He really couldn’t figure out that the cowardly son-in-law turned out to be Master Chou’s young master and a martial artist.

“It’s true, Wade!” Brian said forcefully, “If I lie to you, I will end up dying miserably and my while family will be cursed!”

Wade's face changed slightly as he heard Brian's vow, and he believed Brian's words. At the same time, he was more curious and surprised at Ryan.

"Interesting."

Wade finally took a deep look at Ryan and withdrew his gaze. A meaningful smile formed on the corners of his lips. He drank a goblet of wine in one gulp.

He was a person who liked to challenge and had absolute confidence in himself. To him, Ryan was like a prey. The stronger the prey was and the more it resisted, the more satisfied he was in hunting.

On Ryan's side.

"Tell me about Mr. Hall," said Ryan.

"His name is Wade, the son of Peter, vice president of the North Sky Association. With a profound background, he is excellent at martial arts and his strength is not to be underestimated. He is very famous in the circle, and many people do not dare to provoke him." Master Chou added, "Besides, Wade is talented in martial arts. He has been practicing since he was young, but

he has no martial ethics. He likes to bully the weak. This man is narrow-minded. You provoked him just now, and he will not let you go easily."

Ryan made a gesture and the two young girls understood. They immediately stopped massaging and stood aside obediently. Ryan stood up and stretched, making a clicking sound. He sighed, "It feels so good!"

After being massaged, his body relaxed a lot and now he was in a better mood.

There was a glint in Master Chou's eyes and he said, "Aren't you worried at all? Wade is not a pushover. He has the support of North Sky Association."

Ryan said, "What's the use of worrying? Anyway, I provoked him. Let's play it by ear. Besides, this is what you want to see." Master Chou's pupils shrank and he shook his head. "Young master, I don't understand what you mean."

"Knock it off." Ryan patted Master Chou on the shoulder with a smile and said, "I'm not a fool. You can't hide your tricks from me." Master Chou stopped talking, which was his acquiescence.

Ryan continued, "Wade is a good opponent. It's not bad to use him to practice."

After a long silence, Master Chou sighed, "Young Master, you're getting smarter and smarter."

"So are you." Ryan smiled and said nothing more. Not long after, the auction had already begun.

Ryan had never been to an auction before. He had only seen it on TV. It was quite novel. The first one presented was ten professionally trained servants who looked no different from ordinary people, but each one of them had professional skills.

The ten servants bid at a starting price of ten million dollars, and were finally bought by a rich merchant for thirty million and four million dollars.

And then, an internationally renowned assassin was auctioned off. Whoever took the bid could unconditionally let the assassin kill three people.

Then, all kinds of strange things were brought up for auction, and the bidding price was getting higher and higher. Even some people came up with skills to auction, which really opened Ryan's eyes.

Wade also bid for two things, which cost him tens of millions. But it was not a big deal for a rich man like him.

When Ryan looked at him, Wade happened to be looking at him. He looked at Ryan with a sneer and made a threatening gesture of cutting his neck.

"The next thing to be auctioned off is tonight's main show. It is the Purification Pill, made by a famous alchemist Soul Master with great difficulty. He used countless precious medicinal herbs and it took seven seventy forty-nine days to refine it! The effect is amazing, and for those who reach Extrinsic Peak, there is an 80 % chance that they will break through to the Innate Realm after taking it!"

With the host's loud voice, a hole appeared on the stage of the auction, and a delicate box was slowly raised.

Then the host used the key to open the box, revealing a light golden elixir. It was as big as an adult's fist. Under the light, the surface was shining brightly, as if it had life, especially dazzling.

On the big screen, a close-up was specially given to the Purification Pill. At this moment, the whole room quieted down.

Everyone held their breath and looked straight at it.

Ryan also fixed his eyes on it. He was a master at the Extrinsic Peak, and his eyesight was especially good. He could see the Purification Pill clearly without looking at the big

screen. Even if he was so far away, he could feel the power of it. As long as he took it, he would definitely break through the current state!

There was another person with the same burning gaze as him, Wade.

In fact, the main purpose of Wade coming here was for the Purification Pill. He stood up abruptly and said with excitement, "Purification Pill, it's really the Purification Pill! Great, this is mine! Hahaha..."

Slowly, a lot of people came back to their senses one after another and immediately started a heated discussion.

"It's really the Purification Pill!"

"It's amazing, and it's a Purification Pill refined by Soul Master. This is the highlight of tonight's auction. Who will be lucky to be able to get this Purification Pill?"

"It must be Wade. He's so excited, fixing his eyes on the Purification Pill. Besides, who dares to compete with Wade for what he likes, unless he wants to die."

"That's not necessarily true. The Purification Pill is a first-rate treasure for the top experts of Extrinsic Peak. Maybe someone will fight for the Purification Pill."

"Look, there's going to be a good show..."

Around Ryan, similar discussions sounded, making Ryan's desire for the Purification Pill even more intense.

The Vengeful Son-in-law Chapter 287 -

The Vengeful Son-in-law

Master Chou looked at the Purification Pill on the auction stage enthusiastically. He said to Ryan, “Young Master, you must bid for this Purification Pill. It will be of great help to you!”

Ryan took a deep breath and calmed himself down. He nodded and said, “I’ll do my best.”

After the host had made enough introduction and lit up the atmosphere, he began to announce the auction, “This Purification Pill, which was refined by the Soul Master, starts at 100 million dollars and goes to the highest bidder.”

Ryan gasped. The starting price of this pill was 100 million dollars. It was too expensive. Many big companies didn’t get to earn 100 million dollars a year.

No wonder the auction tonight was not open to the public, for the tax revenue generated would be a large sum.

And according to the usual style of the auction, a hundred million was just the starting price. When it was sold, it was much more than that.

Advertisement

Sure enough, as soon as the host’s voice fell, someone immediately raised the sign and shouted, “Two hundred million!” The next moment, someone immediately shouted, “250 million.”

“Three hundred million!”

“Four hundred million!”

“Five hundred million!”

Advertisement

In just a minute, someone had already bid 800 million dollars, which was crazy!

At this moment, Ryan even had an idea whether Master Chou had conspired with so many people to set up a scam for him in order to cheat him of his money.

Of course, this idea appeared for a second and was rejected by him. It was impossible.

At this moment, a loud and domineering voice sounded, “One billion.”

It was Wade. He stood up and his eyes swept across the room. His expression was full of pride and arrogance. He looked down on the crowd and said faintly, “I came here tonight for this Purification Pill. Do me a favor. Let’s call it a night.”

Those who still wanted to bid shrank back when they heard Wade’s words. There was a strong unwillingness on their faces, but they did not dare to bid anymore for they did not dare to offend Wade.

Wade was very satisfied with everyone’s reaction and said to the host, “Why are you still standing there? Announce the result.”

The host was also quite afraid of Wade and began to quote, “Is there anyone who would bid more than one billion dollars? If not, this Purification Pill will go to Mr. Hall. One billion dollars once, one billion twice...”

However, just then, a calm voice sounded, and a sign in the crowd was raised, “1.5 billion.” There was a brief silence. The next moment, everyone looked over and saw Ryan, with a faint smile and a casual posture.

Master Chou was also a little shocked. Ryan directly bid 1.5 billion dollars, raising the price by half. How could others follow?

Advertisement

One and a half billion dollars was a huge sum, and ZQ Media’s annual revenue might not necessarily reach one and a half billion dollars. As the underground emperor of H City, Master Chou may look quite powerful, but it was difficult for him to take out 1.5 billion dollars at once.

After a brief silence, a hubbub broke out, as if trying to lift the top of the building of the Cloud&Sky Pavilion auction.

“I didn’t hear it wrong, did I?!”

Pa, someone slapped himself hard, his face full of shock and disbelief. “This is a joke, right? 1.5 billion dollars to buy a Purification Pill? I can’t earn 1.5 billion dollars with my whole life!”

“That’s crazy. One and a half billion dollars. Look at how relaxed he is. He doesn’t seem to be worried about money at all. Where did this rich man come from? He looks very young.”

“I haven’t seen him before. He seems to be Master Chou’s Young Master. He had some trouble with Wade just now.” “Master Chou’s Young Master? I’ve never heard of him.”

“This must be a big shot. 1.5 billion dollars and he deliberately shouted after Wade finished that sentence. Didn’t he deliberately try to embarrass Wade? Haha.”

“It’s time for someone to teach Wade a lesson. Because his father, Peter, is the vice president of the North Sky Association, he has always been bossing around. I’ve always found him unpleasant. Now there’s finally a badass. It’s best that he give Wade a good one.”

“Anyway, it’s getting interesting…”

“I wonder what Wade will do? With his personality, he must be furious now, haha.”

There was a heated discussion at the scene, and many people no longer tried to avoid being heard by Wade anymore. All kinds of talks spread into Wade’s ears, and undoubtedly equaled to one slap after another, hitting him hard on the face.

He was even more humiliated than just now. In an instant, he was almost losing it. His whole face turned livid, his eyes red and bloodshot. He looked at Ryan with eyes filled with rage, hatred, and murderous intent.

He had never been so humiliated before. His whole body was about to explode with anger. He clenched his fists so hard that he wished he could punch Ryan to death!

Brian, who was next to Wade, was also stunned. Hearing the number of 1.5 billion, he was completely shocked. He felt like his head was spinning, and he even had doubts about the reality.

Looking at Ryan, he felt as if he had seen a ghost. Was this the same loser he knew who stayed at home and washed his underwear every day, couldn’t find a job, was bullied but didn’t dare to fight back?

Was there something wrong with his memory or was he hallucinating now? He opened his mouth wide. His mind went blank and his body turned cold.

“TOM!” Wade stared at Ryan fiercely, his eyes about to burst into flames, and a sentence jumped out of his teeth. “Are you looking for death?!”

However, Ryan ignored him. After the bidding, he sat down and drank leisurely. He looked so calm and relaxed that he did not take Wade seriously at all, which was in stark contrast to Wade’s anger.

In this case, the host did not know what to do for a moment. He was stunned. The “One billion three times, deal” he was about to say was stuck in his throat, and he felt especially uncomfortable.

On the other side, there was a blazing gaze from Amelia, who was staring straight at Ryan. It was not that she was conquered by Ryan, but that she could not see through Ryan, which made her extremely curious about Ryan.

Master Chou said, “Host, you’re in a daze. Continue your work.”

The host was shocked and came back to his senses. “Oh, oh, oh, right. This gentleman has bid a high price of 1.5 billion dollars.

Is there anyone who offers more than 1.5 billion dollars?”

No one responded. There was a strange silence in the auction house again. Everyone looked at Wade. Now he was the only one who could afford the price.

Even the host looked at Wade and asked cautiously, “Mr. Hall, do you still want to bid?”

The Vengeful Son-in-law Chapter 288 -

The Vengeful Son-in-law

Could he offer a higher price? That was a mockery of Wade!

He glared at the host furiously. The host was immediately shocked by him. He quickly lowered his head and did not dare to look anymore. He cursed in his heart that Wade deserved it.

Everyone's eyes were on Wade, curious about what he would do. Wade's mood had been very unstable. He took deep breaths to calm himself down.

Originally, he came to the Cloud&Sky Pavilion auction tonight for the Purification Pill. He got reliable news that there would be a Purification Pill of good quality at the auction tonight. He was now at Extrinsic Peak. As long as he took this Purification Pill, he was likely to reach Innate Realm.

Once he broke through to the Innate Realm, his strength would be greatly enhanced, and his social status would improve a lot. Tonight, he prepared 1.2 billion dollars to purchase the Purification Pill. With his status and strength, nobody would oppose him.

So when he came, he was in high spirits. He had already fantasized about the scene after he successfully broke through to the Innate Realm after taking this Purification Pill.

Advertisement

But he never thought that Ryan would suddenly appear. How dare Ryan confront him openly! At that moment, he was angry, hateful and a little flustered.

Before he came, he promised his father that he could get the Purification Pill, but it seemed to be difficult. If his father blamed him, how could he explain?

Damn Ryan! Damn it!

He even complained about Brian at the same time. If it weren't for Brian, who asked him to go and trouble Ryan, he wouldn't have offended Ryan.

Advertisement

The more he thought about it, the angrier he became. He couldn't help but give Brian a kick and scolded, "Fuck you, it's all your fault!"

Brian was extremely aggrieved. It was Ryan who offended Wade. Why did Wade hit him?

The good thing was that it only hurt his butt, so the kick didn't cripple him. But the sharp pain was inevitable.

The host waited for Wade for a long time, but Wade didn't say anything, so he began to shout, "Has no one offered a higher price than 1.5 billion? No? 1.5 billion for the first time. 1.5 billion for the second time..."

Just as the host was about to make a decision, Wade couldn't help but stand up and say, "Slow down!" "Mr. Hall, do you want to bid more than 1.5 billion dollars?" The host asked carefully.

Wade gritted his teeth. He glared at Ryan fiercely and said, "I'll give offer 1.5 billion."

The host was stunned when he heard his words. Ryan had just increased by 500 million dollars, but Wade only increased by 30 million dollars? So petty!

Not only the host, but many of the people present had the same idea. People all looked at Wade disdainfully.

Wade felt everyone laughing at him, which was an unprecedented insult to his arrogant and flamboyant character! But there was nothing he could do now. He could only pray that Ryan would stop bidding, or he had no way out.

Would Ryan stop? Of course not.

"1.8 billion." Ryan raised the plate and said casually.

After that, many people in the room breathed heavily. Even for rich people like them, 1.8 billion dollars was an astronomical figure. Many of them would never make this money in their lifetime.

Advertisement

Mr. Murphy from the Cloud&Sky Pavilion was also surprised. His eyes became sharp and deep. He stared at Ryan, trying to see through Ryan!

However, no matter how hard he tried, it was still very difficult to see through Ryan. In his opinion, Ryan was just an ordinary guy and there was nothing special about him.

The more he couldn't see through him, the more it meant that Ryan was at a high level. As for Amelia, she was shocked. She looked passionately at Ryan and her heart beat faster. She was also a high-ranking

member of the Cloud&Sky Pavilion. She had held many auctions and met many big shots, but it was the first time she had seen someone as young and generous as Ryan. Ryan was truly young as he was still in his twenties.

In particular, Ryan's calm, introverted, and sophisticated temperament inexplicably moved her...

Master Chou was also a little shocked and couldn't help but look back at Ryan.

That was right. It was his idea to call Ryan to the Cloud&Sky Pavilion auction tonight, and it was also his arrangement to let Ryan have a conflict with Wade. However, what he didn't expect was that Ryan knew it was his arrangement but still fell into his trap willingly. Ryan even offended Wade blatantly.

Now he was getting more and more confused about this young master...

When Wade heard the figure of 1.8 billion, he almost broke down. 1.8 billion! He couldn't afford it even if his family brought all the money they had. He couldn't get the money unless he called his old man Peter.

The point was, Ryan would continue to bid with a higher price.

That meant that he couldn't buy this Purification Pill anymore! Now he really wanted to kill Ryan.

The host had never seen such a scene. He swallowed his saliva hard and said, "Mr. Wade, Mr. Howard is offering 1.8 billion dollars. Would you like to offer a higher price than him?"

Damn it!

Wade was not only angry and hateful but regretful. If he had known this, he shouldn't have provoked Ryan just now! Otherwise, how could he have caused so much trouble? The more he thought about it, the more he hated Brian. He gritted his teeth furiously.

Brian felt Wade's hatred for him, and his whole body trembled. He almost peed his pants.

“Wait a minute! I’ll make a call!” Wade said and began to call. The issue was out of his control. He had to ask his father, Peter. After a while, the phone was connected.

“Hey, dad, it’s me. I’m at the Cloud&Sky Pavilion auction... The Purification Pill hasn’t been sold yet. It’s like this. There’s a small problem...”

After Wade finished speaking, a voice came from the phone, “Get this Purification Pill no matter what!” “The money...” “I’ll say negotiate with the Cloud&Sky Pavilion.”

After hanging up the phone, Wade turned high-spirited again. He had no sign of decadence and irritability and smiled evilly and arrogantly. He raised the plate and said, “Two billion dollars.”

Then, he looked at Ryan provocatively. Ryan frowned. He thought about it and decided to give up.

When Wade saw him like this, he became even more proud and said, “Weren’t you very aggressive just now? Why didn’t you bid?”

Ryan closed his eyes and ignored Wade. From Wade’s point of view, Ryan was completely admitting defeat.

However, what he did not see was that the corner of Ryan’s mouth curled up slightly.

In the end, Wade spent two billion dollars to buy the Purification Pill, which was refined by the master of the soul chamber.

Everyone was shocked by Wade’s generosity. At that moment, Ryan seemed to have become a loser again.

However, when Wade got the Purification Pill, the host on the auction stage was stunned for a few seconds when he heard what was said from the headset. Then he said: “Distinguished guests, I just received a new message. It turns out that the master has refined two Purification Pills of the best quality. The starting price is 200 million. And the higher the price, the better.”

Everyone was stunned when they heard the host’s words, including Wade.

The next moment, Wade’s face darkened, his body trembled violently, and he was rather angry. With a whoosh, a mouthful of blood was gushed out.

The Vengeful Son-in-law Chapter 289 -

The Vengeful Son-in-law

His blood just sprayed onto Brian's face.

There was a difference between different Purification Pills. The best one was the Top-rank Purification Pill, which had the best quality, the best effects, and the smallest side effects. It also had a higher probability of helping masters of the Extrinsic Peak to reach the Innate Realm.

The inferior one was the First-rank Purification Pill. Its effect was much weaker than the Top-rank Purification Pill and its probability of helping masters break through was also lower.

It was followed by the Second-rank Purification Pill and Third-rank Purification Pill. Thus, the quality of Purification Pill was divided into four levels. The best one was the Top-rank Purification Pill, but it was so rare that it could not be seen for many years.

It was unexpected that it appeared at the auction of Cloud&Sky Pavilion today, and it appeared just after the First-rank Purification Pill was auctioned off.

Wade had never been so desperate before. He really doubted if god was punish him. He spent all his savings on a First-rank Purification Pill, but the host immediately told everyone that the next item was the Top-rank Purification Pill.

Advertisement

Fuck it!

Fortunately, one of Wade's men helped him up in time so that he didn't fall down. Even so, he was in a big embarrassment, and everyone was laughing at him.

"How dare you fool me? I'll kill you!" Wade went crazy and flew off the handle. He rushed down and punched the host. Now he was completely out of his mind, like a crazy dog.

The host was an ordinary person who was completely ignorant of martial arts. How could he resist Wade's beating? He was at his last gasp in a moment.

Advertisement

Fortunately, the security guards of Cloud&Sky Pavilion reacted quickly. They rushed up to stop Wade.

Mr. Murphy walked out at this moment and he was furious, "Wade! How dare you throw a fit in the Cloud&Sky Pavilion! I think you're risking your neck!"

At this moment, the imposing manner of Mr. Murphy made people shudder. Wade finally came back to his senses. He realized that he had brought trouble on himself. His face turned pale and his heart beat fast.

"Mr. Murphy, I..." Wade quickly tried to explain. He was afraid of Mr. Murphy.

Mr. Murphy stared at him coldly and said, "I'll tell Peter about this and ask him to teach you a lesson! If Peter cannot handle the matter to my satisfaction, the Cloud&Sky Pavilion won't let your the Halls off!"

When Wade heard this, he became even more panicked, "Mr. Murphy, what happened just now was a misunderstanding. I apologize to you and to the Cloud&Sky Pavilion. I am willing to compensate the losses of the Cloud&Sky Pavilion."

"No need." Mr. Murphy said coldly, "Please leave now. You are not welcome here at the Cloud&Sky Pavilion."

Wade was extremely aggrieved. How could such a thing happen? It was all because of his impulsiveness. It was certain that his father, Peter, would teach him a lesson when he returned.

Ryan couldn't help but laugh when he saw Wade like this.

Master Chou looked at Ryan. He couldn't figure out how did Ryan know there would be a Top-rank Purification Pill. He didn't tell Ryan.

Advertisement

Wade happened to see Ryan's smile, making him so angry that he wanted to spit out blood again.

He stared at Ryan as if he wanted to engrave Ryan in his mind and never forget him for the rest of his life! He had never suffered such a big loss and hated anyone so much!

No matter how arrogant Wade was, he did not dare to turn against the Cloud&Sky Pavilion, so he had to leave reluctantly.

After Wade left, the auction continued. Nonetheless, everyone looked at Ryan with fear and awe since then. No one dared to compete with Ryan for the Top-rank Purification Pill. In the end, Ryan auctioned it off for only 300 million dollars, which was a perfect bargain.

It was no exaggeration to say that Ryan could now earn more than a billion dollars just by selling it.

Of course, Ryan wouldn't do that. He wanted to keep this Top-rank Purification Pill for himself. When he held this Top-rank

Purification Pill, he could clearly feel that it was extraordinary and was different from all the pills on the market. He felt that the pill seemed to be alive. Ryan even had an illusion that if he let go of it, this Top-rank Purification Pill would slip away on its own.

The reason why the Top-rank Purification Pill gave Ryan such delusions was that it was very effective and had its own soul.

Then other items were auctioned at the auction, all of which were rare treasures on the market. However, they were inferior to the Purification Pill.

Ryan had achieved his goal and did not stay. He winked at Master Chou and was ready to leave.

"Young Master, wait a minute."

As he was about to walk out of the Cloud&Sky Pavilion, a pleasant voice sounded from behind, full of magnetism. It was Amelia, a s*xy and seductive woman. She came here alone.

"Amelia, what's up?" Ryan turned around and asked in a neutral tone.

Amelia was not only good-looking, but also had a s*xy figure and a seductive temperament. Of all the men she had met, no man was like Ryan, who was so indifferent to her and turned a blind eye to her beauty. She almost began to wonder if she was not charming enough.

When Ryan first saw Amelia, he was indeed amazed out of a man's instinct.

Nonetheless, he was very calm in front of Amelia when he calmed down.

Even Master Chou didn't do as well as him in this regard. Although Master Chou looked cold, in fact, he would still fall for Amelia.

Amelia had amorous eyes, which were big and bright, full of charming. Any man with a normal s*xual orientation would have his heart racing when she looked at him and some even didn't dare to look her in the eye.

There were very few people as calm as Ryan.

Amelia walked up to Ryan, and Ryan smelt the seductive fragrance, "Young Master, you are awesome just now. The extremely arrogant Wade had no power to fight back in front of you. You really make me excited and pull at my heartstrings."

Ryan smiled faintly and did not respond.

He was so indifferent that Amelia felt frustrated, and at the same time, it also aroused her desire to win. She did not believe that there was really someone in this world who could resist her charm!

Therefore, Amelia smiled even more brightly, and the charm in her beautiful eyes grew more obvious. At the same time, she took a small step forward, bit her lower lip and said gently, "Young Master, I wonder if I have the honor to have dinner with you. I have a lot to say..."

"No." Ryan interrupted her before she could finish.

"What?" Amelia was stunned and did not react for a moment.

Ryan continued, "I'm married, so I can't have dinner with you. I'm sorry." Now Amelia understood. She was very upset. Was she rejected by Ryan?

She had never encounter such a thing since her charm was perfected! All the men who had been in contact with her tried their best to approach her and win her heart.

Now, for the first time, she took the initiative to invite Ryan to dinner, but she was rejected?!

She opened her eyes wide and couldn't believe it was true.

The Vengeful Son-in-law Chapter 290 -

The Vengeful Son-in-law

This great blow stunned her. She couldn't help but ask, "Are you sure you don't want to have dinner with me? You know, many men don't have a chance to eat with me."

Ryan still smiled and asked, "Do I look like I'm joking?" No...
It was because he was being serious that Amelia felt uncomfortable.

Fortunately, she was strong enough to take the blow. The awkwardness on her face quickly disappeared. She smiled coquettishly again and said, "Heh, actually, I was joking with you."

Ryan smiled noncommittally and said, "We are done, right? I'll leave you alone, so you can do your business." Amelia raised her eyebrows and said, "I'll walk you out." Ryan did not refuse and let Amelia send him to the door.

In the end, Ryan thanked her. He was very polite, without any arrogance or rudeness. His gentle and elegant manner was impeccable.

Looking at Ryan leaving without looking back, Amelia knew he was really not interested in her. She stamped his foot in shame and annoyance, looked in the direction of Ryan's back and snorted, "This guy must be gay. Or he won't ignore me, such a beauty. Damn it!"

Advertisement

Getting into the car, Master Chou asked with a strange expression, "Why did you reject Amelia?"

Ryan said, "As I have told you, because I was married."

Master Chou said, "Although Amelia seemed a tease, she's famous for being difficult to hook up with. There are more than a hundred men wooing her in total, but she has never been taken advantage of."

"So?" Ryan looked at Master Chou.

Advertisement

Master Chou moved his eyes away, muttered something to himself, and changed the topic. He said seriously, "Top-rank Purification Pill is too powerful. You can't take it all at once, or your body won't be able to stand it."

Ryan opened the box, and the Top-rank Purification Pill inside appeared, giving off a strong fragrance of herbs, which was very refreshing.

Then, Master Chou told Ryan how to use it, what not to do while taking it, what side effects there would be, and so on.

Ryan listened carefully and felt more confident.

Now that he was at Extrinsic Peak, as long as he took this Top-rank Purification Pill, he could successfully reach Innate Realm unless something unexpected happened. Once he succeeded, his strength would be improved by leaps and bounds.

According to Master Chou, there are currently five realms of martial arts. Ordinary people, after professional training, would improve their physical strength and could beat down a few ordinary people alone. Now he was called a practitioner or a beginner.

After that, he became proficient and reached Master Realm. Many professional boxing, kicking boxing, and comprehensive combat athletes could also be called in Master Realm.

The next level was Grandmaster Realm. There were very few people who reached this realm. They were qualified to start a sect.

This realm was also called Extrinsic Peak by the insiders. Ryan was currently in this realm.

Most of the masters would be stuck in this realm for a long time, even for the rest of their lives, because it took more than

personal cultivation to reach Innate Realm from Extrinsic Peak.

Innate Realm was also known as Transcendent Realm. People in this realm, in a sense, were already a new kind of human. Not only did their combating capacity increase

greatly which allowed them to beat down a group of people alone, but their vitality would also increase a lot, and the life form would have changed. If it wasn't for being poisoned or dying unexpectedly, they would usually live to 120 years old or more.

According to Master Chou, there are very few people in the Transcendent Realm in the world.

If Ryan could successfully reach Innate Realm, he would be considered a big shot and qualified to compete with other masters in the world.

However, it was not enough for him to challenge LT Organization, because there were many extraordinary experts of Transcendent Realm in LT Organization.

"Is there any way out after the Transcendent Realm?" Ryan asked a very important question.

It was the first time he had heard this system and he felt very curious. Now that he was at Extrinsic Peak, he had few matches. It was hard for him to imagine what the Transcendent Realm, or even a higher realm, would be like.

Master Chou's eyes suddenly shone with admiration, awe, and fear. He took a deep breath and said, "After the Transcendent Realm is the legendary broken void. The Immortal Realm!"

"Broken void? Immortal Realm?" Ryan was stunned for a moment. His eyes were full of suspicion and he said, "You're kidding me. According to what you said, people would end up being immortals."

Master Chou was very serious and added, "I'm not joking. In fact, many people don't know that there is another realm after Transcendent Realm. Immortal Realm is not like what those novels describe. It doesn't mean you can't be killed by bullets. Your body is strong to a certain extent that it is invulnerable to all kinds of poisons and viruses."

"Of course, there are even fewer people of Immortal Realm. As far as I know, there are only two or three of them in the world!"

Ryan could tell that Master Chou was not lying. He immediately asked, "Who are they?"

Master Chou glanced at him and did not answer him directly. Instead, he said, "Young master, I know you have always wanted to get back at LT Organization and save the lady. But as her loyal servant, I advise you to give up on this idea for now, unless you have reached Immortal Realm."

Ryan lowered his eyelids and did not answer. There was no expression on his face. No one could know what he was thinking.

After parting with Master Chou, Ryan returned to the Dragon Bay, hid the Top-rank Purification Pill, and began to arrange a team of bodyguards to protect Phoebe and her parents in case Wade would be angry and retaliate.

Now Ryan had to think about everything and not make any mistakes. After that, he had to find time to relax and do nothing but try his best to break the bottleneck in order to reach Innate Realm.

Of course, he didn't rush to do it. For the next few days, he calmed down and focused on studying the Purification Pill, trying to minimize the risk and break the bottleneck in the most secure way.

Now that he was not alone and there were still many people standing behind him, so he must make sure nothing would happen to him.

Finally, after he had known everything about it and had 99% confidence, he began to concentrate and spend half a month in seclusion, trying his best to break through to Innate Realm.

While he was about to start the seclusion, Wade also made all the preparations, trying to break through to Innate Realm too.

His eyes were burning with anger, with the belief of revenge, and the eagerness to break through to Innate Realm.

"Ryan, when I reach Innate Realm, you will be the first that I seek revenge on! Just wait!"
