

## The Vengeful Son-in-law Chapter 521 -

# The Vengeful Son-in-law

After Marlin felt Ryan's momentum, his face darkened. Suddenly, he had a bad feeling, wondering if he underestimated Ryan and he was no match for Ryan.

Fortunately, this idea only crossed his mind for a moment, and he immediately got rid of it. As the most powerful person in the third stage of the Innate Realm, and also the instructor of the Scout Team, he was psychologically strong, so naturally he would not be frightened by Ryan.

In an instant, his fighting spirit gathered again and collided with Ryan.

It was the first time for both Ryan and Marlin to fight on the sea, and they could take the chance to fully display their strength as masters of the Innate Realm. Those whose level was lower than the Innate Realm could not even stand firm, not to mention fighting on the sea!

Thus, on the cruise ship, thousands of people kept their eyes wide open, afraid that they would miss a scene. It was an unprecedented experience for them. Before that, they had not even thought that anyone could fight on the sea. This was too unusual!

Bang!

They collided, centered around them, like a powerful TNT explosion, which blew up a large area of seawater, rising into the sky, and some blew up to the deck with the sea breeze.

“Hiss... Is this the strength of the Innate Realm?”

“This is too scary! Why is there such a powerful person in the world? Ordinary people have difficulty swimming tens of meters in the sea, but they can fight on the sea and cause a stir...”

“Scary! It’s frightening!”

“I finally understand why in today’s society, the position of a master of the Innate Realm is so high. In a sense, they’re no longer people, but demigods!”

“Compared to the state of Innate Realm, the money I made is nothing.”

Many people were shocked greatly unable to calm down.

Even Creed’s eyes were now bursting with a terrifying light, full of his admiration for Ryan and Marlin. Although he was now the head of the Fosters in high places, he was not living as freely as people who were in the Innate Realm, especially in his body. Now that he was fifty years old, he had clearly felt that his physical function had declined a lot.

If he were to choose, he would really choose to be a master of the Innate Realm, not the owner of the Fosters.

Through the confrontation, Ryan immediately felt that Marlin’s level was at the third stage of the Innate Realm, which was the same level as before he broke through the fourth stage.

Now that he had successfully broken through to the fourth stage, Marlin was no match for him.

Ryan’s heart swelled with pride. The collision of the punch just now made the two of them retreat violently. They were more than 20 meters apart and their waists were submerged in the sea. However, Ryan, who seemed unstoppable, roared laughed triumphantly, and continued to run towards Marlin.

This time, he did not make much noise. Instead, he floated on the surface of the sea without gravity. He was so fast that he stepped on the water and drew a straight line. When he reached Marlin, the water on both sides began to appear.

#### **Advertisement**

Bang! Ryan didn't do anything fancy. When he came to Marlin, he punched him directly.

On the surface of the lake, the moves did not have much effect. What they fought for was the difference in strength between the two sides and the way they fought.

In terms of power, Ryan had never been afraid of anyone. He didn't even take Marlin, who was two meters tall, seriously! Marlin felt the power of Ryan's punch. His eyes widened suddenly, and he was filled with dread. Taking a deep breath, he knew that at this moment, there was no way out. The only way was to attack and play hardball.

And he was famous for being strong and powerful. He didn't think that Ryan with a height of 180 meters, could be as strong as him.

Bang, bang!

Ryan kept punching. In less than a minute, he had punched more than 500 times. On average, he punched ten times a second.

The most terrifying thing was that every punch he made was overwhelming.

Unexpectedly, Marlin was able to stand it. They fought all the way with no fixed area. They kept running and chasing after each other, leaving their figures within five kilometers. Even the cruise ship could not catch up with them, and could only chase them through the searchlight on the cruise ship.

The battle made waves, and there were many dead sea fish on the sea.

Ryan enjoyed himself in the battle. It had been a long time since he had been so happy.

In this battle, he entered a wonderful realm, as if there was nothing left between heaven and earth, only Marlin, and Marlin looked like him. In his mind, he was no longer fighting Marlin, but himself!

Contrary to Ryan's increasing excitement, Marlin was getting more and more frightened as they fought!

Now he knew completely that Ryan was not a mediocrity. On the contrary, he was an absolute strong man, whose strength was above him!

Just now, he had gone all out to fight against Ryan. He tried to gain the upper hand several times, but he failed. Ryan was much stronger than he thought!

And Ryan's physical strength was endless as if he would never be exhausted. He could only resist and had no ability to fight back at all. At this moment, he had received more than 500 punches from Ryan. His arms were numb from pain, and his bones were shaking uncomfortably!

Ryan was so powerful that every punch made him feel extremely uncomfortable.

Being in an unacknowledged dilemma, he was regretful for offending Ryan.

He now understood why Thorn had invited Ryan to join the Military Intelligence 3 with such a low profile. Ryan was not a human! He deserved to be the top master in G State.

“Great! Hahaha...”

Ryan roared. After laughing, he attacked Marlin again, faster and more forcefully.

Marlin was shocked to find that Ryan had actually grown a lot in battle. Now that Ryan was on the surface of the sea, he was becoming skillful and relaxed. Instead, he was getting unbearable. By now, his thighs had already sunk into the sea.

He could feel his strength ebbing with frequent pauses for breath.

If their battle went on, he would be beaten to death by Ryan sooner or later! “Ryan, stop it. I admit you...”

Marlin made up his mind to admit defeat, but Ryan was on the rise now. He didn't give him the chance. He kicked Marlin out and directly hit his waist. Marlin was very painful, and he crashed into the sea heavily, spitting out a mouthful of blood.

## **The Vengeful Son-in-law Chapter 522 -**

**The Vengeful  
Son-in-law**

The blood was immediately diluted in the sea. The blood of a master of the innate realm smelled much stronger than that of an ordinary person. The smell of blood that Marlin spat out was comparable to that of half the blood of an ordinary person's body. In the sea, the smell of blood was very easy to attract sharks.

Ryan's kick was not light. Marlin's huge body fell into the sea like a bomb, stirring up layers of sea water. This strong collision force hit his internal organs very hard.

The resistance of water was great. At such a high speed, there was no different from hitting the ground. When a rifle bullet was underwater, it could only hit a meter away, and then would lose its lethality.

Fortunately, they were now two kilometers away from the cruise ship. No one else saw this scene except the other four masters of the Innate Realm with excellent eyesight.

For those four masters of the Innate Realm, the scene caused a stir in their heart! They saw the whole process. Marlin was no match for Ryan at all. Under the attack of Ryan, he was completely outgunned. At the last moment, Marlin was seriously injured! Ryan, on the other hand, was not hurt except that his body was wet.

Ryan was filled with joy.

#### **Advertisement**

Marlin was a good opponent. Although his strength was lower than Ryan's, Marlin had a strong body and was very positive in fighting. After bearing more than 500 punches from him, Marlin did not lose his fighting ability, but was defeated by Ryan's kick in the end.

Of course, this was also because Ryan didn't use all his strength in the beginning, otherwise Marlin wouldn't have been able to hold on for that long.

Fighting at sea gave Ryan a new experience and made him master his power even more! Ryan did not follow up a victory with hot pursuit. He and Marlin did not have any unresolved grudges, so it was enough.

Marlin lay on the surface of the sea, gasping for breath, and the pain on his face could not be suppressed. Now he was completely convinced of Ryan, and he could not help but fear him! He really couldn't understand why Ryan had such abnormal cultivation at such a young age. It was completely unscientific, but the truth was right in front of him, and he had to believe it.

#### **Advertisement**

Ryan stood on the sea, looked down at Marlin and said, "How about it? Are you convinced?" Marlin didn't dare to say "no" now. He nodded quickly and said weakly, "Yes, yes." He even gave Ryan a thumbs-up.

Ryan smiled. He felt happy that he was able to convince Marlin. Marlin was a member of the Military Intelligence 3 and had made a lot of contributions to the country. Ryan really couldn't hate this national hero.

So he took the initiative to extend his hand to Marlin and said, "Let's go back."

Marlin was immediately stunned by Ryan's kindness. He did not expect that Ryan did not ridicule him but helped him, after Ryan defeated him.

For a moment, his mood was quite complicated, and he admired Ryan even more. Ryan had already surpassed him in this realm.

As soon as he stood up, Ryan frowned and said in a deep voice, "Gosh, there are sharks!"

Marlin was stunned when he heard this. Then, he followed Ryan's gaze and saw a group of sharks not far away. Obviously, the blood he vomited just now attracted the sharks.

In the sea, no matter how strong they were, they were only mortals. It was impossible to compete with a sea hegemon like sharks, especially a group of sharks!

Ryan also realized the danger, and he said decisively, "Hurry back to the cruise ship!" Marlin nodded hard. Without a word, he ran straight up.

#### **Advertisement**

Unfortunately, the kick he had just received from Ryan was too heavy. His whole body ached violently once he exerted his strength, so his speed slowed down.

Ryan noticed his situation. Marlin would be in danger if he continued be like this. Ryan immediately stepped back, pushed Marlin's waist behind him, and ran faster. Because of Ryan's help, Marlin immediately relaxed a lot. In a short while, they returned to the cruise ship.

"Marlin, you go up first!" Ryan said in a deep voice and then threw Marlin up hard.

Marlin was stunned again. He did not expect Ryan to let him go up first. After all, these sharks had already arrived. If they stayed in the sea for a while longer, they would face infinite danger!

"Ryan, you..." Ryan smiled and said, "I'm going to deal with these sharks."

Marlin was even more confused. What the hell? After the fight just now, Ryan had expended so much energy, and he still wanted to deal with the sharks? He knew that

Ryan was very strong, but his opponent was sharks and he was in the sea. Could Ryan handle it?

However, Ryan did not give him a chance to speak. With all his strength, Ryan threw him up.

It also stunned the others on the cruise ship. They didn't see who won just now.

When Marlin came up on the cruise ship, everyone's eyes were on him. Marlin ignored them and immediately looked down at Ryan in the sea.

At this moment, the sharks had already arrived, and they looked very frightening! "Oh my god, this is a group of sharks!"

"Why are sharks here... No, Ryan is still in the sea! He's in danger."

"Hurry up and get Mr. Howard up. These sharks are very dangerous!" "Mr. Howard, the sharks are here. You'd better hurry up!" Everyone's eyes were on Ryan and they shouted for him to get up quickly, and the crew threw the lifeboat down for Ryan.

But Ryan didn't choose to come up. He made a move that made everyone nervous and numb. A happy smile appeared on his face, and then he went straight into the sea. Instead of retreating, he swam quickly towards the sharks!

He was going to fight against these sharks! Gosh...

Everyone on the deck was stunned, completely in a daze. Even Marlin felt that his blood froze. Ryan was really crazy. As an instructor of Scout Team, even at his peak, Marlin didn't dare to do such a crazy thing!

Diana's face turned red and she clenched her fists. Her eyes were bright, and she was so excited.

Ryan was too awesome. In all her life, she had never seen such a domineering and generous person. Her admiration for Ryan reached a terrible level!

Those four masters of the Innate Realm were equally stunned. They were in the innate realm, but they could not imagine what kind of experience it was to fight with sharks in the sea.

They all knew that Ryan could not be looking for death, but had such confidence, which showed that Ryan's strength had reached a striking state.

Of course, Ryan wasn't looking for death. In fact, he didn't expect to attract the sharks at first. After a fight with Marlin just now, he entered a mysterious state. He was excited, sensitive, heroic, and fearless. He even came into contact with the threshold of the

Major Perfection Realm again. If this state could be last, then he really had a good chance of breaking through to the Major Perfection Realm!

Once he reached the Major Perfection Realm, it would be completely different. Only under the Immortal Realm, he would be invincible. There were a few people in the world who were in the Immortal Realm, maybe none of them!

He had a strong premonition that his fight with these sharks would definitely bring him a lot of progress!

Suddenly, he dived into the sea and immediately felt great resistance and pressure, which was completely different from the state when he was in the air.

Here, his strength was greatly limited, and he could only display less than one-tenth of his strength in the air.

But even a tenth was enough to fight these sharks.

He arrived...

In Ryan's sight, the first shark appeared. It was very ferocious and opened its big mouth to bite at him!

Ryan easily dodged, then he made a bold move and punched the shark in the head.

Bang! Even in the sea, it could be heard.

Unfortunately, the resistance of the sea was still too great, which cushioned at least eighty percent of Ryan's strength. When he hit the shark, the strength was small.

Instead, he provoked the shark.

This was not the way. There were too many restrictions in the sea, so he had to use other methods.

In an instant, he thought of a way to deal with it. Instead of using his fist, he put his hands directly into the shark's body like a knife and cut it open. Immediately, the blood on the shark flowed out, and the shark resisted fiercely.

One, two, three...

Ryan kept rolling and shuttling in the sea. Not long after, he had killed seven or eight sharks!

The people on the cruise ship saw a scene that undercurrents were surging under the sea and blood was constantly gushing up, dyeing a large area of the sea red.

After a while, the bodies of sharks came up one after another, and they realized that Ryan actually killed sharks! “Is he a human or a ghost?” Someone said in shock, and immediately began to bow again. “Sea god, this is the god of sea!”

After about five minutes, the sea, which had been surging in the undercurrent, calmed down. There were nearly twenty dead sharks on the sea. Then, a weak and small figure compared to the dead shark appeared, but his aura was infinitely huge. His face looked a little tired, but his eyes were shining!

Ryan bent his knees, then rose into the sky and stood steadily on the deck.

At this moment, thousands of people on the deck were staring at him in shock...

## **The Vengeful Son-in-law Chapter 523 -**

When Ryan saw their reactions, he smiled and was still very calm. He was not pretending like this, but he had experienced situations like this many times.

He was very powerful with great strength, but he was still a little tired after two major fights. He said to Marlin, “Marlin, we just tied hands. I don’t think there’s any need to continue fighting. What do you think?”

Marlin was stunned to hear his words. He knew Ryan was trying to save his face.

The other four experts of the Innate Realm also had the same strange expression on their faces. Others couldn’t see it just now, but the four of them could see clearly that

Marlin was not Ryan's match at all. He didn't even get to fight back once and was badly injured.

When Marlin came to his senses, he immediately showed his gratitude. Ryan was so magnanimous that he even protected his

dignity! It could be said that at this moment, Marlin was completely brought into submission by Ryan. He took two steps forward and said respectfully, "Ryan, you are being polite. Thank you for your mercy just now. Otherwise, I would have died at sea! You are a great master to me!"

#### **Advertisement**

He sounded serious, which shocked many people. They couldn't help thinking that even Marlin was no match for Ryan and that it was obvious that Ryan was really powerful

Ryan smiled. He did not deny Marlin's words. He said, "Marlin is too powerful. I am also very impressed."

Then, the two of them looked at each other and smiled. All the grudges disappeared in this smile.

At this moment, a person with a nice figure came out and knelt down in front of Ryan. "Master!"

#### **Advertisement**

It was Diana. Her face was filled with admiration for Ryan and excitement. She was about to kowtow to Ryan.

Ryan was startled and then smiled wryly, thinking Diana was so stubborn that she still didn't give up her idea of being his disciple.

Seeing that Diana was about to kowtow, Ryan quickly moved to the side and said unhappily, "Miss Foster, you'd better find

someone else. I don't have any plans to take in an apprentice for the time being."

The rest of the people present came back to their senses. Yes, tonight's banquet was a formal ritual where the younger generation of the Fosters was officially taken in by their masters. But Ryan had just stolen the limelight. They only realized now what this banquet was for.

Diana said domineeringly, "I don't care. I am your disciple for the rest of my life no matter what." Ryan's head ached even more when he heard this. What did he do that made her so insistent on being his disciple? According to Creed's plan, Diana would be the apprentice of Marlin, but now it seemed that Ryan was a better choice.

He was a businessman, and his thinking was always based on interests. To be fair, it was better to be in alliance with Ryan than with Marlin.

Besides, Ryan was still very young, and his future was limitless.

After thinking about it, he immediately said, "Mr. Howard, I only have one daughter. I usually dote on her very much. May you take my daughter as an apprentice? She loves martial arts since she was little. She is different from other girls and I have been helpless about that. She worships you. I believe that she will go places under your instructions. This is also my dream."

Then Creed bowed respectfully at Ryan. He was humble now. Creed was not an ordinary person, but the patriarch of the Fosters. He was very powerful and had a high status, and it was almost impossible for him to bow to any ordinary people.

#### **Advertisement**

Moreover, what Creed said just now meant Diana was his only daughter and that as long as Ryan took her in, an alliance was formed.

This was something that many people envied. Elliot was so excited that he wished he could agree in Ryan's stead.

Ryan smiled wryly and said, "Mr. Foster, you overestimated me. In fact, I am just a violent, rude practitioner. I have never had an apprentice before. I am afraid that your daughter may not be able to achieve much if she is my apprentice. I am somewhat good at martial arts, but I know nothing about teaching, so I won't mislead others."

Ryan refused Creed.

Creed frowned. He was the head of the Fosters. He had been so humble, but Ryan still refused. It was a disgrace to him.

However, he had to admit that Ryan had the right to do that. Moreover, Ryan was being subtle so that he didn't know how to refute his words.

Diana was a little anxious, and she immediately said, "Master, I will not disappoint you. I will definitely be focused on my cultivation!"

Ryan shook his head and said firmly, "I'm sorry. I don't have a plan to take in any disciples now."

Diana could tell that Ryan was serious. She was extremely disappointed. She had been eager to be his disciple for a very long time and couldn't let it go.

Fortunately, she didn't give up easily. She immediately cheered up and said, "When you have a plan, you must tell me! I want to be your first apprentice!"

"Okay." Ryan waved his hand, not taking it to heart.

After this, the focus of the banquet was no longer on the Fosters, but on Ryan. There was nothing they could do. The strength that Ryan had shown just now was so terrifying that it was hard for them to ignore him.

Ryan went to change into a clean suit, took a shower, and went back to his room to rest.

After all, he was not in Immortal Realm. His physical strength was limited. The two fights had depleted eighty percent of his physical strength and now he was quite tired.

The cruise ship would be at sea for two days. Ryan thought he might as well sleep in his room and recover his strength.

In fact, it was not easy to use up all the physical strength for a person in his realm. Just now, the fight had only consumed more than 80%.

But the fights had benefited him greatly because they were fighting on the sea. And the second fight was even in the sea when they were fighting the sharks. It gave him a deeper understanding of power and combat instinct!

He found that after these two fights, his strength had improved a little. He was no longer consolidating himself in the fourth stage, but had gone further.

Although there was a clear distinction between different realms after reaching the Innate Realm, there was no accurate limit to a person's real power. In theory, if the combat instinct of someone in the fourth stage of the Innate Realm was strong enough, he could defeat someone in the Major Perfection Realm of the Innate Realm!

After resting for half a day and eating a jot, his strength slowly recovered to 80%. It only took him another half a day to fully recover.

In these two nights, Ryan saw how wild these people could be. On this cruise, besides the big shots, there were also many young and beautiful socialites and escorts

Ryan saw with his own eyes that many big shots holding two women at the same time and bringing them into their rooms. Even Marlin was no exception, and Ryan felt helpless.

Because of his reputation, there were many young and beautiful women inviting him to dance with them and wanting to do some other things, but Ryan rejected them all.

He was no celibate. He just didn't like this.

The next night, late at night, someone even knocked on his door. When Ryan opened the door, he saw a beautiful, tall woman with charming eyes. She said to Ryan, "Mr. Howard, the shower in my room is broken. Can I take a shower in your room?"

## The Vengeful Son-in-law Chapter 524 -

# The Vengeful Son-in-law

Indeed, this woman was very pretty with a nice figure, and she was wearing a very s\*xxy dress, which would make every man excited, and even Ryan was no exception.

For the past two days, Ryan had received many "invitations" like this.

He was quite helpless. No wonder many men would make mistakes once they were rich. That was because successful men were faced with too many temptations. It was too difficult for them to control themselves.

For a moment, even Ryan was stirred.

Seeing that Ryan did not speak, the woman thought that he had agreed. A pleasant smile appeared on her face and she raised her leg to walk into the room.

In fact, over the past two days, the women in her circle had been competing to be the first one to win Ryan's heart. Many good-looking socialites had failed, which made Ryan seem even more precious.

**Advertisement**

If she could have a wonderful night with him, she would definitely be respected and admired by those women.

She would be the one who profited from sleeping with such a man of status as Ryan.

Unfortunately, she had underestimated Ryan. Just as she thought Ryan took the bait and was about to walk in, Ryan said, "I'm sorry, the shower in my room is broken too. I think you should go find someone else."

The woman was not embarrassed at all. She reached out her hand and put it on Ryan's shoulder. Her hand slid along Ryan's collar and finally to his chest. Her eyes were filled with meaningful affections. Even a eunuch would be stirred.

But Ryan wasn't. Of course, he was a man, but he was surrounded by too many beautiful women. And this woman was no match for Amelia in terms of being s\*xxy.

#### **Advertisement**

In other words, thanks to Amelia, Ryan was strong-willed enough to reject any woman. So how could he fall for such a woman?

He said directly, "I'm not interested in a one-night stand. Please leave."

The woman was a little anxious. She said quickly, "Mr. Howard, don't worry. I won't make you do anything for me! I won't tell anyone. I just admire you and want to have an unforgettable night with you!"

If she had said these to another man, he would have been unable to control himself, but Ryan was different. His will was so strong that ordinary people could not imagine.

He shook his head and said, "I'm married. Please leave." After saying that, he closed the door, and there was no emotion in his heart.

The woman clenched her teeth, looking irritated and upset, but there was nothing she could do. If she hadn't known how powerful the person in the Innate Realm was, she would have thought that Ryan was impotent.

After Ryan closed the door, he shook his head helplessly and smiled. He was not stirred at all. He turned on his phone and the wallpaper was a photo of him and Phoebe.

He called Phoebe and talked for more than an hour until he was sleepy and hung up.

He was happy with his life now. He had Phoebe, a beautiful, considerate, and meek wife, and a thoughtful confidant like Amelia.

He was also a master of the Innate Realm. What else could he ask for?

#### **Advertisement**

Two days passed quickly. On the third day, the cruise ship returned to the port. Ryan said goodbye to the Fosters and Marlin and returned to Dragon Bay. He couldn't wait to see Phoebe now.

When he went back, he found Phoebe watering the flowers in the garden. The sun shone on her face, making her look especially beautiful. His heart melted when he saw this.

Ryan gave a meaningful look at the bodyguards in the distance, signaling them to leave. He quietly came up behind Phoebe, covered her eyes, and deliberately said in a deeper voice to scare her. "Guess who I am?"

Phoebe was indeed frightened. She let out a low cry and her body tensed up, but then she realized it, smiled happily, and said, "A bad guy!"

"Wrong guess. I'll give you another chance." Ryan still said in a deeper voice.

"Hooligan."

"Wrong again!"

"Idiot."

"Wrong, wrong, wrong. I'll give you one last chance."

"A pig... Don't tickle me. It's itchy..."

In the end, Ryan was a little angry that he tickled Phoebe, causing her to tremble. She couldn't stand still and fell into Ryan's arms. Her breathing began to quicken.

"Hmm? Phoebe, why are you so pale? Didn't you sleep well last night?" Ryan lowered his head and saw Phoebe's pale face. He immediately frowned and began to take Phoebe's pulse. He found that Phoebe's pulse was a little faster and that she was a little weak.

"Why is your pulse a little faster? You look quite weak."

Phoebe looked a little panicked. She quickly stood up, shook her head, and said, "No, I'm fine. I don't have any discomfort."

Ryan was still frowning and said, "Don't force yourself. Look at your face. It's so pale. Have you been too busy with work recently without good rest?"

There was a hint of reproach in Ryan's tone.

He had told Phoebe many times not to work too hard and to pay attention to her health. SK Lighting was just a small company. If she ruined her health for it, she would lose more than she gained.

When Phoebe heard Ryan scolding her, she looked a little flustered and said quickly, "No, I just missed you so much last night that I didn't sleep soundly."

Ryan's heart softened when he saw Phoebe's nervous look. He held Phoebe's hand and said in a much gentler tone, "You don't have to be afraid. I wasn't blaming you but was worried about you. You're a young madam now. Your husband has lots of money. You don't have to work so hard, okay? Your health is the most important. Besides, we haven't had a child yet."

Surprisingly, when Phoebe heard Ryan's words, she got excited. Her eyes suddenly turned red and she lowered her head. This started Ryan and he quickly asked, "Phoebe, what happened?"

Phoebe realized that she had lost her composure and shook her head, "No, nothing."

Ryan said softly, "Phoebe, you don't want a child?"

A child would complete a marriage. At least that was what Ryan thought. He always wanted to have a child with Phoebe.

Phoebe clenched her teeth. Her eyes showed more mixed feelings, as she muttered, "child, child..."

Of course, she wanted to have a child. Unfortunately, God had cruelly deprived her of this right.

## **The Vengeful Son-in-law Chapter 525 -**

# The Vengeful Son-in-law

For the next week, Ryan stayed at home and did not socialize at all. He spent most of his time accompanying Phoebe.

Phoebe was a little weak only on the day he came back, but she quickly became better. Ryan later took Phoebe's pulse and found nothing unusual. She was very healthy, so Ryan did not think too much.

They wanted to have a child, so during this period of time, Ryan and Phoebe tried very hard, hoping to fulfill a successful pregnancy. Each time they would only end it when Phoebe could not bear it anymore.

The happy time always passed quickly. Soon, this week ended, and it was time for Ryan to return to the Military Intelligence 3 to teach.

Contrary to Ryan's ease, all the people at the base of Military Intelligence 3's fourth group were gloomy, and they were worried about Ryan.

The deputy team leader Tanya was more than worried.

## Advertisement

Today was the day when Ryan should return to the Military Intelligence 3. There should be nothing wrong with this. In the past, no one cared, especially those who were not from the fourth group.

But now, all the people in the Military Intelligence 3 had their attention on him!

That was right. During Ryan's absence from the Military Intelligence 3, the matter was already escalated. Everyone was waiting.

Once Ryan came back to teach, he would definitely encounter Marlin's crazy revenge!

One should know this was Marlin, the instructor of the Scout Team. He was famous for being protective and irritable. Even the instructor of the Dragon Blood Team had to be wary of him. Deputy Director Thorn did not dare to offend Marlin easily.

#### Advertisement

But who was Ryan? He was just a new instructor in the fourth group whose rank was the lowest. He had neither background nor ability, how could he compete with Marlin?

During this period of time, most of the people were waiting for Ryan to come back and they were waiting to see how Marlin would teach him a lesson, especially the soldiers of the Scout Team, who were even looking forward to Ryan's being abused.

About the possibility that Marlin would let Ryan go? Sorry, it was something they never thought of!

"Hey, have you heard that the new instructor of the fourth group returns today? How do you think Marlin will teach him a lesson?"

"There's no need to guess. According to Marlin's character, he will definitely go straight to the fourth group and beat him up in front of all the members of the fourth group!"

"I don't think the new instructor will come back. He knows that he has offended Marlin. Why doesn't he just run away?"

"Hehe, that's not necessarily true. After all, that new instructor is also a master of the Innate Realm. Besides, he's already a member of the Military Intelligence 3. If he doesn't come back, he will be punished. Besides, he's someone Director Sunn have found, Director Sunn will definitely not let him go."

"That's true... But even if he's not someone found by Director Sunn, I believe Director Sunn will come. Will he just let Marlin teach him a lesson?"

"Hehe, do you think Marlin will listen to Director Sunn?" "Haha, then it seems that the new instructor of the fourth group is going to die this time!"

#### Advertisement

"That's for sure. You should know who Marlin is. He's the instructor of the Scout Team. Although he's half a rank below Director Sunn in his position, Marlin has won no fewer battles than him!"

For a moment, the entire Military Intelligence 3 was involved in a heated discussion. They were all waiting for Ryan to come back and be beaten up by Marlin.

This thing had caught the attention of the entire Military Intelligence 3, and it had never happened before.

Early in the morning, there were many people waiting at the fourth group base for Ryan to return.

Especially those members of the Scout Team, who were even more covetous, with a sneer on their lips. They were ready to see Ryan making a spectacle.

Even the top leaders knew. When Thorn heard about this situation, he was quite anxious and immediately called Ryan.

Unfortunately, Ryan's phone was turned off.

"Ryan is going to suffer a lot this time." Thorn sighed, his face full of helplessness. Although he was the one who found Ryan, he did not believe that he could handle Marlin. Marlin had been too popular all these years, and he made many achievements for the Military Intelligence 3. Besides, he killed countless international criminals and he was even called "the nemesis of crime". But Ryan, who was not even 30 years old, had already killed Peter and May, and claimed to be Number One in G State. Even with a history like that, he was still not competent with Marlin.

Not only did he think so, but the entire Military Intelligence 3 held the idea.

Ryan's phone was indeed turned off because he forgot to charge it yesterday and it was out of battery today, so he didn't receive the call from Thorn. In fact, not only Thorn, but many students in the fourth group called him. He received none of them.

"Oh, what should we do? The instructor's phone is off. We can't get in touch with him!"

"Why don't I wait outside the base and stop the instructor as soon as I see him?"

"It's useless. The instructor is a member of the Military Intelligence 3. He will come back to the base sooner or later. Oh, it's all our fault! We caused trouble for the instructor!"

Many members of the fourth group began to frown. During this period of time, they had completely approved Ryan. Now that they knew that Ryan would come back and be taught a lesson by Marlin, they were especially uneasy and guilty. After all, they were the ones who implicated Ryan.

At this moment, someone said, "I don't think everyone should be so sad. Maybe the instructor is not afraid of Marlin at all. You know how excellent he is."

Soon, he was laughed at by others because of what he had said. They all agreed that Ryan could not be Marlin's match.

At this moment, a group of Scout Team soldiers strutted in and looked at the fourth group disdainfully.

“Well, it’s almost noon. Your instructor hasn’t come back yet? Is he so afraid that he just ran away?”

“Needless to say, that guy knows that Marlin is targeting him. He’s too scared to come back to the Military Intelligence 3 now.” “Then isn’t he a deserter? Hahaha...”

“Thai’s right. Director Sunn will only arrange a deserter to teach in a junkyard like the fourth group.”

The people from the Scout Team laughed unscrupulously, their faces full of mockery and disdain, and they even raised their little fingers at the fourth group of people, mocking them.

About one hundred soldiers in the fourth group all looked gloomy, clenched their fists, and were extremely angry, but they did not dare to show it. They were indeed not skilled as the Scout Team. Now their new instructor was so afraid of the Scout Team instructor that he even did not dare to return to the base.

Ryan should have already arrived at this time according to the experience of the previous few times, but he had not arrived yet. Maybe he really escaped.

At first, they did want to remind Ryan to avoid Marlin, but now that Ryan had really become a deserter, they were especially unhappy.

Originally, the rank of the fourth group was low enough in the Military Intelligence 3. Now that this had happened, their status would be even lower in the future.

However, just as they were all very sad and angry, suddenly, they heard a familiar voice, “Which team are you from? Why did you come to my fourth team base instead of going get some training in the middle of the day?”

Hearing this voice, they were shocked. They all looked towards the door and saw a slender figure. Who else could it be if it wasn’t Ryan?

# The Vengeful Son-in-law

It was Ryan. When he arrived at the Military Intelligence 3, he went back to his dormitory and changed into his uniform. Then he came to the base of the fourth group. As soon as he got closer, he felt something was wrong. The fourth group was crowded and there were many people from other groups.

Ryan's question immediately attracted everyone's attention and they looked over.

During this period of time, Ryan had been completely famous. Even those who had never met him had seen his photos and watched his teaching video, so they recognized him at first glance.

There was a two-second silence.

It was especially strange. Everyone opened their eyes wide and looked at him in shock. Obviously, they did not expect that he would dare to come back under this kind of pressure. He was too bold!

The soldiers in the fourth group were all excited to see him appear.

Tanya's eyes turned red directly. Ryan didn't come to the Military Intelligence 3 during this period of time, and he could not understand how much pressure the entire fourth group had been under!

Because they had offended the Scout Team, the other teams kept their distance from them and did not stop mocking them or even bullying them.

In addition, they did not think that Ryan was capable of fighting against Marlin. The fourth group was the worst in the Military Intelligence 3 and had been despised by other groups. Now that this happened, the contempt became even stronger.

Even more, a lot of people started a fight with the fourth group directly, which caused people in the fourth group to be beaten up a lot these days.

Two seconds later, the atmosphere in the scene boiled over.

“It’s the instructor! Our instructor is back!”

“Great, he is finally back!”

“But it is useless for the instructor to come back. He offended the Scout Team’s instructor this time...”

Hearing this, the fourth group members were all disappointed, and all the enthusiasm was dissipated at this moment.

As for the other teams, they had a lively discussion as lookers-on.

“Damn, the new instructor of the fourth group really dares to come back. Damn awesome!”

“It’s going to be a good show now. Marlin will definitely crush this guy.”

“It won’t be necessary to kill him, but I guess a beating is inevitable. Hahaha, in this way, the weak fourth group would be despised even more.”

“I don’t think the fourth group should exist anymore. Every year, they lost the competition and made the Military Intelligence 3 embarrassed. If it weren’t for the fourth group, we wouldn’t be ended with a last-place finish.”

#### **Advertisement**

“Just wait and see, the fourth group is going to lose its reputation this time.”

These people were discussing loudly, and many people were talking about Ryan, full of ridicule and gloating.

Ryan’s hearing was so sharp that he heard them clearly. Not only their voices but their expressions and emotions did not escape from him.

There was a strange expression on his face. Could it be that Marlin didn't explain clearly this time, or did he want to make things difficult for him?

No way. Last time on the Fosters's cruise, he beat Marlin up a lot. As long as Marlin wasn't crazy, he couldn't go back to the Military Intelligence 3 and provoked him again.

A lot of people from the Scout Team came here. Seeing Ryan frowning and looking very confused, they all thought that Ryan was scared and smiled even more proudly. At this time, Marcus moved forward and said, "Ryan, you're dead. Our instructor has come back. He had already said that he would teach you a lesson! You are dead, hahaha..."

Wolf and Edmund, who were beside him, also looked at Ryan overbearingly. Their faces were full of wanton joy, as if they had seen Ryan kneeling down and apologizing in front of Marlin.

Other Scout Team members looked at him as he was a clown.

Ryan did not expect this situation. In his opinion, Marlin went back to the Military Intelligence 3 first and should have handled the matter properly.

In any case, these people had already affected the normal training of the fourth group. Ryan could not let this situation continue.

He said directly with a long face, "Did your instructor ask you to come over?"

Ryan was obviously questioning them, but when it fell into their ears, it became a sign of bravado. Marcus smiled and said, "Why, you know what fear is now. Before, you were very arrogant. Didn't you say that our Scout Team is trash? So you can feel afraid!"

Edmund stood aside and made a killing gesture. He said threateningly, "You are dead. Our instructor will not let you go." Looking at their mocking look, Ryan laughed and shook his head. He was quite disappointed. He did not expect that Scout Team, as the top team of the Military Intelligence 3, was actually such a group of childish people.

He didn't bother to argue with these childish men now. He waved his hand impatiently and said, "All right, get lost. You are not welcome in our fourth group."

Then, he said to the other groups of soldiers, "You get lost too."

However, because of him being easygoing, they did not take his words seriously. They all stood still and looked at him with a teasing and mocking face.

Ryan took two steps and found that these people were still standing there, but didn't follow his instruction. He was furious, turning around, and said coldly, "Why? Did you ignore my words?"

Because there were a lot of people from other groups now, and the number of them had already exceeded three times that of the fourth group. Especially Scout Team members, they were all extremely powerful experts. Each of them had killed criminals, so their psychological qualities were also much better than that of ordinary people.

They didn't take Ryan seriously now, so they wouldn't listen to him.

So instead of retreating, they took two steps forward and stood in front of Ryan. One of the most powerful men said provocatively, "Oh, stop bragging. You are just the instructor of the fourth team. How dared you to let us leave? Who do you think you are."

Ryan's eyes suddenly turned cold.

Even an ordinary man had temper, let alone him. As the instructor of the fourth group, he was provoked by a few-soldiers of the Scout Team. If he didn't teach them a lesson, then he wouldn't have to work at the Military Intelligence 3.

Ryan's angry face made Marcus, Wolf, and Edmund a little afraid. Their momentum was much weaker, and they recalled the scene of being beaten by Ryan. But to other Scout Team members, they had never seen Ryan's strength, so they were not afraid of Ryan, but wanted to provoke him.

There were more than twenty of them now, and each of them could drown Ryan with one mouthful of saliva.

Suddenly, Ryan smiled. "For Marlin's sake, I didn't want to teach you a lesson again. Now it seems that the lesson can't be avoided."

## **The Vengeful Son-in-law Chapter 527 -**

# The Vengeful Son-in-law

Ryan was in a good mood when he came back to the Military Intelligence 3 this time. Now that this happened, his mood was immediately affected.

His eyes were burning with anger. When he saw the expressions of soldiers in the Fourth Group, he knew that they had suffered a lot during this period of time.

Even though the Fourth Group was indeed the weakest in the Military Intelligence 3, people in the Fourth Group were his soldiers. He would not stand by and watch his people being bullied. Marlin was famous for protecting his men, so was Ryan!

When the soldiers in Scout Team heard Ryan's words, they began to sneer, not taking him seriously at all. Instead, they said jokingly, "Oh, so you're very confident? Then I want to see if you're really that capable."

As his words finished, more than 20 soldiers of the Scout Team dispersed and surrounded Ryan. They were about to attack Ryan together.

The onlookers around began to get excited and opened their eyes wide. This was a rare opportunity.

During this period of time, Ryan was indeed very famous in the Military Intelligence 3, but most people were sneering at him, thinking that the Fourth Group was made up of a group of mobs. Ryan's reputation was deliberately made to maintain the dignity of the Fourth Group.

Ryan smiled again. Then, he moved and attacked the Scout Team.

He was a very gentle person, but it didn't mean that he had no temper. On the contrary, if he really lost his temper, ordinary people would not be able to bear his anger at all!

The man of the Scout Team, who was standing in the front, was originally very relaxed and did not take Ryan seriously. But when he sensed Ryan's momentum, his face turned pale and his movements slowed down a lot.

#### Advertisement

He let out a startling roar and did not retreat but advance. He launched a counterattack against Ryan. It had to be said that his punch was very powerful and his momentum was startling. Many people in the room felt that his attack was amazing.

However, his attack meant nothing to Ryan. He didn't even have the chance to let Ryan make an extra move. Ryan grabbed his fist with one hand, pulled his fist to the left, and kicked him out. The man's huge body was kicked out like a ball.

After kicking the man away, Ryan's expression did not change at all. Ryan did not stop and continued to attack the next one.

His movements were not too fast, nor were his moves very gorgeous and complicated. His every move was so neat and clean.

But his every move was the most effective and direct one. His every punch and kick could definitely knock them down.

The Scout Team, which made the whole Military Intelligence 3 scared, was no different from a powerless child in front of Ryan. In less than a minute, men in Scout Team were all beaten down by Ryan. They didn't even have the ability to get up.

In the end, Marcus wanted to run away. But he was picked up and thrown to the ground by Ryan. Ryan slapped him twice and stared at him condescendingly. "Who gave you the guts to come to my Fourth Group to cause trouble?"

Marcus was trampled by him, and his body couldn't move. He was so scared that his whole body trembled. He knew Ryan was powerful, but he didn't expect Ryan to be so powerful! More than 20 top men in Scout Team were defeated by Ryan, and no one had the ability to force Ryan to exert more than once move.

He looked up at Ryan now. He no longer had the contempt and hatred he had just now, but absolute fear and awe!

The other men in Scout Team, who were lying on the ground, were all dumbfounded. It was unbelievable that they had no chance to resist in front of Ryan at all. He was too scary! They were the top men in the Scout Team. They were all masters at Extrinsic Peak!

There was a sudden silence. Not only were the people from the Scout Team but the others were also shocked.

#### Advertisement

Among them, there were also some people from the Dragon Blood Team who were now stunned. They had no idea that Ryan's strength was so terrifying that it would be so easy for him to defeat the Scout Team!

As for the soldiers in the Fourth Group, they were all extremely excited and cheering.

Ryan glanced at the others, especially the men from the Dragon Blood Team, and he warned them, "Who is dissatisfied with me? Come on, I'll teach you a lesson today."

He stood with his hands behind his back, facing more than half of the soldiers in the Military Intelligence 3 alone. But no one dared to refute him, let alone disrespect him. Ryan was now very domineering.

After ten seconds, no one dared to speak. It was not that they were timid. In fact, it was that Ryan's strength was too terrifying.

Ryan showed a sneer of disdain. "Why? Are you mute?"

Still, no one dared to speak. Everyone who was stared at by Ryan lowered their heads and lost their guts.

Ryan smiled disdainfully and said directly, "Then get out of here." They immediately dispersed and dared not stay any longer.

At the same time, they were very shocked and understood the fact that the new Instructor of the Fourth Group was not good-for-nothing, but really capable!

Just now, he had beaten more than 20 soldiers in the Scout Team up, which made Marlin's enmity towards him even deeper! The soldiers in the Scout Team who were lying on the ground slowly recovered and got up from the ground, ready to run away. But they were frightened by Ryan's words and they stopped.

"Stop. Scout Team."

When they heard Ryan's voice, their expressions immediately changed and they stopped. The soldier who had just spoken harshly was now looking at Ryan. He had lost his arrogance and contempt. Instead, his face was filled with awe and nervousness. His attitude to Ryan changed completely. "Ryan, we will never come to the Fourth Group again."

The other members of the Scout Team were no longer as arrogant as they used to be. They became obedient in an instant.

There was nothing they could do. Military Intelligence 3 was a place where strength was everything. Ryan's strength far exceeded theirs. They had no choice but to respect Ryan.

When the soldiers in the Fourth Group saw this, they were all very excited! It was as if they had taken stimulants.

They had never felt so proud before! All along, they were at the bottom of the Military Intelligence 3 and were called the shame of the Military Intelligence 3. Now, they could finally hold their heads high.

They only felt that they wanted to exclaim, but they didn't. Without Ryan's orders, they didn't dare to act rashly and had to maintain high discipline.

Ryan said, "Is my place where you can come and go as you want?"

Seeing Ryan's resolute attitude, people in the Scout Team were all scared and they admitted their mistake.

"Ryan, we didn't bully the brothers of the Fourth Group just now. Don't misunderstand."

"Besides, our Instructor asked us to come over. Our training is about to start. If we don't go back, our Instructor will be angry."

How could Ryan not understand what they meant?

Ryan said with a half-smile, "Then call Marlin over. I want to see what he will do when he gets angry."

## **The Vengeful Son-in-law Chapter 528 -**

# The Vengeful Son-in-law

The people of the Scout Team were overjoyed when they heard this. Marlin was working in the Military Intelligence 3. If Marlin came over, he characteristically would turn the table around! In this way, their Scout Team was not too embarrassed.

“Ryan, are you sure you want to call our instructor over?”

Ryan smiled sarcastically. How could he not see what these people were thinking? In fact, he also wanted to know what Marlin wanted.

“Only you go call Marlin over. The others will stay here.” Ryan didn’t care to say more and ordered directly.

The man took a deep look at Ryan. When he turned his head, a sneer appeared on his face. He thought that Ryan was getting too cocky this time. He was playing with fire. Ryan even dared to wrestle with their instructor, he asked for it!

Not only him, but the other Scout Team people also smiled coldly. They had blind confidence in Marlin and thought that Marlin was invincible in the Military Intelligence 3. No matter how powerful Ryan was, he could not be defeating Marlin.

The people in the Fourth Group were a little worried, but they didn’t say anything to Ryan because he seemed calm. Now that they were getting more and more respectful of Ryan, not dare to act rashly in front of him.

Ryan ignored the rest of the Scout Team people and walked straight to the Fourth Group. He smiled meaningfully and said, "It seems that you have had a bad time. You must have a tough time."

They were quite excited at first, but when they heard Ryan's words, they immediately lowered their heads in shame.

Ryan continued, "Are you ashamed?" They all nodded.

"At least it's not too late since you realized." Ryan said in a deep voice, "You can qualify as something. But do you know why you are at the bottom of the Military Intelligence 3?"

#### Advertisement

They all shook their heads.

Ryan suddenly raised his voice. "That's because you're too lazy and spend too little time on training!"

Were they still lazy? They had been training very hard! However, this was what Ryan said. Even if they were not convinced, they did not dare to refute, so they could only lower their heads.

Ryan naturally saw what they were thinking. He shook his head and said, "You guys are qualified. The reason why you came in dead last is that you are too lazy. Anyone from The Scout Team can go one-on-one with six or seven people of your team."

When the Scout Team heard this, they straightened up and their faces were full of pride, but they were immediately discouraged by Ryan's words. "Although they are not very good, incapable of taking one attack from me, they are better than you anyway."

They were so angry!

The Scout Team soldiers were very angry. They were tops. How could ever they be despised like this? But Ryan was telling the truth, not to mention how harsh it sounded.

Ryan glanced across the faces of the Fourth Group and said in an extremely serious manner, "I won't say anything more. Now I'll ask you one question. Do you want to rank the first of Military Intelligence 3, surpassing the Scout Team and the Dragon Blood Team and becoming the top first group?"

They were all getting wound up after hearing this pep talk.

#### Advertisement

"Yes!"

"Yes!"

“Yes...”

They cried out their innermost voice, which instantly spread throughout the base, making more than 20 soldiers of the Scout Team present solemn.

However, they were more disdainful. They admitted that Ryan was indeed a big deal, but the Fourth Group – merely paltry rabble – could not become the top one in Military Intelligence 3.

Ryan nodded and said, “Okay, from today onwards, I will give you an intensively rough training. The degree of hardship will exceed your imagination. Anyone who wants to quit now can stand up... It seems that you are very motivated and unwilling to quit. Great! I’ll take it as you’ve all agreed. Once the training begins, no one of you is allowed to back out.”

When Ryan said this, a cruel smile appeared on his face, which made them shiver and have a bad feeling.

At the same time, the Scout Team member who had just been dispatched ran quickly and went straight to Marlin’s office.

“Oh no, Instructor!”

He pushed the door open and shouted anxiously. As soon as he came in, he was immediately stunned when he saw many faces in the office.

At this moment, in Marlin’s office, there were many leaders of Military Intelligence 3 who seemed to be discussing something.

They all looked over and frowned.

Marlin immediately scolded angrily, “Dawson! What the hell are you doing? Get out!”

Hearing Marlin’s scolding, Dawson immediately panicked, but he gritted his teeth or did not go out immediately. Instead, he took a deep breath and said to Marlin, “Instructor, bad news! The instructor of the Fourth Group comes back, and he has detained more than 20 people from our Scout Team. Now he wants to meet you.”

With this, Dawson took a deep breath. Ryan kicked him in the thigh, which was extremely painful. He had just run over again.

Now his right leg was trembling violently, and sweat broke out all over his body.

When Marlin heard this, he was stunned. Then when he saw Dawson injured, he suddenly became ferocious. “How dare him! This guy is so presumptuously arrogant!”

He put his reputation above everything else. Now that he was called to redeem his detained soldiers, he lost all his face.

The others at the scene were also shocked when they heard this.

They found it unbelievable that the instructor of the Fourth Group dared to oppose Marlin? What was wrong with him?

When Thom heard this, it made his toes curl. He quickly said to Marlin, "Marlin, I think there's some misunderstanding about this. I don't see Ryan so arrogant."

Marlin said angrily, "There's no f\*cking misunderstanding. He shows no due respect to me when he dares to detain my men!" After that, he immediately threw down his pen and angrily went to trouble Ryan.

When Dawson saw that Marlin was angry, he immediately became overjoyed and said, "Great! Instructor, that Ryan is extremely arrogant. Not only did he beat us up, but he also said a lot of bad things about you. He doesn't care about you at all!"

Suddenly, when Marlin heard his words, his blistering pace slowed down. Just now, when he heard the word "Ryan," his heart thumped. Something occurred to him, and his expression suddenly changed.

Ryan, wasn't that the tough guy on the Fosters cruise last time?! Just now, Marlin was so angry that he didn't remember. Now he finally got it now. In an instant, he began to panic.

He was not afraid of anyone in the Military Intelligence 3, including the instructor of the Military Intelligence 3. But Ryan, the bomb, he really couldn't afford to offend him!

Halfway through, Dawson noticed that Marlin had stopped whose expression remained gloomy. He asked curiously, "Sir, what's wrong?"

## **The Vengeful Son-in-law Chapter 529 -**

# The Vengeful Son-in-law

Marlin swallowed his saliva and Ryan's figure appeared in his mind. On the cruise ship that day, Ryan was like Poseidon, crushing him and killing the sharks.

How could he offend such a fierce man? Ryan was so powerful in the sea. When Ryan was on the land, he must be crushed again.

Thorn caught up with Marlin now. He didn't know that Marlin had already met Ryan. Thorn pleaded, "Marlin, I think today's incident was a misunderstanding. Ryan was invited by me. He usually doesn't take the initiative to cause trouble. For my sake, don't fuss about the trifles with him later, okay?"

When Thorn was speaking, he was not sure. After all, he had worked with Marlin for a long time, knowing Marlin well that he wouldn't give others face. But no matter what, Ryan was invited by him. He had to try.

Several other higher-ups followed. They all knew about Marlin's grudge with the instructor of the fourth group and were ready to laugh at the new instructor of the fourth group.

Marlin couldn't say what he had suffered. How could he dare to offend Ryan? However, he was sensitive about his reputation, so it was impossible for him to admit defeat now. He looked at Thorn with a grim face for a few seconds, then nodded and said, "Well, Sunn, for your sake, I won't argue with Ryan today."

**Advertisement**

Thorn was stunned. He just said something casually. He didn't expect Marlin to agree. When did he, Thorn, become so honored?

Not only him, but the others were also shocked. Obviously, they didn't expect Marlin to save Thorn's face. It didn't seem like Marlin's character.

Dawson immediately said anxiously, "Instructor, you can't let him go. Ryan is arrogant. He also said that you are trash!"

Marlin just wanted to slap Dawson to death. Was this guy distressing him? But even if Ryan really said he was trash, Marlin couldn't help it. After all, there was such a big gap between him and Ryan.

### **Advertisement**

He glared at Dawson, didn't say anything, and strode forward. He only hoped that the Scout Team didn't offend Ryan too much that implicated him. Otherwise, he would lose face!

At the base of the fourth group, Ryan had already started training these soldiers. He didn't take Marlin seriously at all.

At this moment, someone at the Scout Team saw Marlin and the others walking in the distance and immediately shouted excitedly, "Here they are! The instructor is coming!"

As his voice fell, other people also looked over and saw Marlin's tall body. They were all excited and became spirited.

The fourth group was affected and stopped training. Their faces showed worry and nervousness. They were scolded by Ryan, "What are you all doing? That's why you've been training for so long and are still at the bottom. You're so easy to be affected!"

"But Instructor, Marlin of the Scout Team has arrived..." Buffalo said carefully. Ryan said with a cold face, "So what if he comes? Keep training! Focus!"

At this moment, Marlin and the others had already come in. Dawson was extremely excited and energetic. He pointed at Ryan and said loudly, "Instructor! It's him! This guy is against our Scout Team again. He doesn't take you seriously!"

Because of Marlin's arrival, all the Scout Team people found their backbone and began to get excited, pointing at Ryan to make various complaints and adding highly coloured details to the facts.

When Marlin heard these words, his face became worse. It was not because he was angry with Ryan, but because he was angry with these stupid guys. The more they spoke, the more he lost face!

## Advertisement

Thorn and the others were here too. Hearing these words, Thorn was frightened and thought that Ryan was going to die. Marlin, a fiery man, must kill Ryan! "Enough!"

Marlin didn't want to listen anymore and shouted. Immediately, the Scout Team didn't dare to say anything more. They all began to gloat and thought that Ryan must die this time.

They looked at Ryan and found that Ryan was still training his soldiers and ignoring Marlin. This arrogance made them certain that Ryan was going to die even more.

Even Thorn felt that Ryan had gone too far. He was looking for death. Alas.

The other leaders had never seen Ryan, but they knew that there was such a person. When they saw Ryan being so arrogant, they didn't have a good impression of Ryan.

Only Marlin was nervous. The last time he saw Ryan, he probably knew Ryan's character. Ryan was clearly dissatisfied with him now.

Alas, he was going to be implicated by these brats this time.

He took a deep breath. By now, he had no chance to retreat, so he had to face Ryan.

When everyone saw Marlin walking towards Ryan, their eyes widened and they were extremely excited, thinking that Marlin was definitely going to fight him.

The soldiers in the fourth group were all very nervous and were not in the mood to train at all. Ryan sighed in his heart. He now understood why these guys were the worst in the Military Intelligence 3.

Finally, Marlin walked up to Ryan. When everyone thought that Marlin was going to be furious and make things difficult for Thorn, Marlin made a move that surprised everyone. They saw Marlin rubbing his hands and saying with a flattering smile, "Ryan, why didn't you tell me when you came back today?"

"Uh..."

Halfway there, Thorn, who was about to stop him from fighting, was immediately stunned.

Not only him, but everyone else reacted the same way. What was going on?

Was this Marlin they knew?

However, Ryan did not turn around and ignored Marlin.

In the entire Military Intelligence 3, no one dared to disrespect Martin like this! Ryan didn't apologize to Marlin before, but now that Marlin was right in front of him, Ryan still didn't save his face?

Was Ryan not afraid of death?

The corner of Marlin's mouth twitched twice. He was very angry at Ryan's arrogant behavior, but he didn't dare to show it. At the same time, he became more nervous.

The more Ryan acted like this, the more obvious it was that Ryan was angry with him. This was troublesome.

"Ryan, hmm, I don't know what happened today." Marlin had no choice but to continue. His words were very awkward now, and his face was burning hot. It was okay to give in outside, but it was really embarrassing for him to give in in front of so many soldiers in the Military Intelligence 3.

Ryan finally turned around. There was no expression on his face. He looked at Marlin indifferently and said, "Marlin, I'll let them off this time for your sake. Next time, I'll beat you up too."

## **The Vengeful Son-in-law Chapter 530 -**

# **The Vengeful Son-in-law**

He really didn't save Marlin's face at all. Marlin's expression changed on the spot and the corner of his mouth twitched violently!

He did not expect Ryan to be so disrespectful to him. Based on his previous personality, he would have offended Ryan openly and beat him up.

However, as soon as he met Ryan's eyes, he did not have the courage to do so. Ryan really left a deep impression on him. He deeply understood Ryan's horror. Even if he did, he would humiliate himself.

As Ryan said this, everyone's eyes immediately changed! They all thought that Ryan was crazy to say such arrogant words. Based on Marlin's fiery personality, wouldn't he tear Ryan apart?

They, especially the soldiers of the fourth group, were holding their breath now. In their eyes, Marlin would definitely be angry and hit Ryan.

Thorn was also a little numb. He knew that Ryan was very aloof and prideful, but he didn't expect Ryan to be so arrogant. As a new instructor, he didn't take Marlin seriously, which was a deadly weakpoint.

#### **Advertisement**

As for the other senior executives, they were also very surprised now. Their eyes looked at Ryan with deeper emotions. They wanted to see what kind of man Ryan was that he dared to be so disrespectful to Marlin!

However, just as everyone thought that Marlin was going to be angry and hit Ryan directly, Marlin made another move that shocked them all!

Marlin gritted his teeth. Not only did he not attack Ryan, but he also clenched his fists and said, "Ryan, I was wrong this time. I didn't discipline my men so they offended Ryan. Don't worry, I will give you an explanation!"

When they said this, the whole audience was really in an uproar. Everyone was stunned and completely in a daze. They never expected that Marlin, who had always been known for his ferocity and wariness, would bow to Ryan. They seemed to have seen the sunrise in the west.

#### **Advertisement**

Marlin had to do this. He saw the coldness in Ryan's eyes just now. He was sure that as long as he said no, Ryan would definitely attack him. By then, he would be more humiliated!

He was very fiery, but it didn't mean that he was a fool. In front of the absolute strength, he had to bow his head.

Ryan did threaten him with his eyes just now. This time, he was really angry. If Marlin dared to say no, he would directly attack Marlin.

Fortunately, Marlin was still very sensible that he did not seek death. So he smiled, patted Marlin on the shoulder, and smiled, "Marlin, you take it too seriously. I was just joking with you." Marlin was stunned for a moment. He did not expect that Ryan would actually extricate him from an awkward position. He could

not help but think that Ryan had also saved his face on the cruise that day. For a moment, he could not help but feel a little more grateful to Ryan.

He laughed. "Ryan, this is really my fault. I didn't warn these rascals in advance, which caused them to do something wrong again. Haha."

Ryan smiled as well. The two of them laughed to dispel their enmity.

But for the others, they were very confused. They still didn't understand why Marlin was so afraid of Ryan for a good reason.

Especially those soldiers from the Scout Team were all in a state of loss. They couldn't figure out why Marlin was so afraid of Ryan. Were they relatives?

"Why are you guys still standing there? Hurry up and apologize to Ryan!" Marlin scowled and scolded them. He fawned on Ryan.

But to the Scout Team, Marlin was like a devil. They didn't dare to disobey orders. They quickly came over and bowed to Ryan to apologize in low profiles.

Ryan didn't want to argue too much with them. He didn't ask for more and waved his hand to show his forgiveness.

Thorn and the others had probably figured out the problem by now. With their understanding of Marlin, it was likely that Marlin was not Ryan's opponent or even had been taught a lesson by Ryan before. So he lowered his profile like this. For a moment, they were shocked and looked deeply at Ryan for a long time.

In the end, Marlin felt ashamed to stay for long and left the fourth group dejectedly.

Ryan watched them leave and turned around to find that the soldiers of the fourth group were all looking at him with wide eyes and admiration as if they were looking at a god.

Originally, they had already admired Ryan very much. But after what happened just now, their admiration for Ryan had reached its peak!

Ryan said, "Why are you all looking at? Hurry up and train." "Yes! Instructor!" They stood at attention at the same time, as if they had refreshed themselves and been full of passion.

It turned out that the new instructor was really so powerful that even Marlin had to flatter him. Then in the future, their fourth group could feel proud and elated in the Military Intelligence 3!

They had always been at the bottom of the Military Intelligence 3. But now they finally could be the leader instead of the lowest ranking!

Contrary to the excitement on Ryan's side, Marlin's side was covered with a cloud of worry. Many Scout Team soldiers saw Marlin pull a long face all the time and did not dare to say a word, afraid to irritate Marlin'.

"Who took the lead to trouble the fourth group? Stand up." Marlin turned around and stared at them coldly.

All the Scout Team lowered their heads and no one dared to stand up.

Marlin sneered. "What, are you mute?"

They still didn't dare to speak. In fact, Marlin's current appearance was too terrifying. He was obviously furious.

"Then do 10,000 push-ups on the spot." At Marlin's command, their faces turned pale. Ten thousand push-ups. It would break their hands.

At this moment, a man gritted his teeth, stood up, and said, "Instructor, I took the lead!" Facing Marlin's gaze, his face turned pale.

"You do 20,000, and the others do 5,000." Marlin snorted and said.

All of a sudden, his legs trembled and he was scared. The others were also shocked. They never thought that Marlin would punish them like this. This was not the way the instructor always did.

"Instructor, I don't understand!" A Scout Team soldier stood up and said, "Why don't you teach that new instructor a lesson? It's not your style!"

"Yes, instructor. He's just a new instructor. With your strength, isn't it easy to deal with him?"

"In this way, how can our Scout Team swagger around the Military Intelligence 3?"

They all expressed their doubts and dissatisfaction.

Marlin slammed the table heavily that the table was smashed into pieces. A powerful aura emanated from him that shocked all the Scout Team people. "Stupid! If I hadn't just lowered my profile, you wouldn't have been able to leave their territory!"

“You don’t think so, do you?” They didn’t believe it very much and expressed their doubts. Marlin said coldly with his eyes, “This is settled. You are not allowed to trouble the fourth group in the future, or I will clean up one by one! Get out of here now!”

After they came out, their eyes widened. After a while, someone said, “Is this the instructor we know?”

Some people with better judgment sighed and said, “Can’t you see that the instructor is not his opponent? Otherwise, do you think the instructor will really give in to a new instructor?”

This made them silent for a long time before someone said, “How could it be possible. The instructor is the most powerful person in the third stage of the Innate Realm... He has performed so many difficult tasks. Even internationally, he is famous. This Ryan has no reputation.”

“In any case, our instructor is definitely not a match for Ryan, so we shouldn’t trouble the fourth group in the future.”

They were not stupid and soon realized this. They sighed heavily, feeling very disappointed and regretful. If they had known that the new instructor in the fourth group was so powerful, they should not have bothered the fourth group from the beginning.

Ryan stayed in the Military Intelligence 3 for a long time this time. He stayed for a full week. Under his devil training, the strength of these fourth group soldiers increased a lot.

They finally understood how hard it was when Ryan talked about devil training. Several times, they couldn’t persevere and wanted to give up. Ryan taught them a hard lesson and forced them to continue. They were completely different now.

And they also refreshed their understanding of Ryan once again. He was really a devil instructor. For several nights, they had nightmares about him and their fear of Ryan was deep in their bones.

After this incident, Ryan became famous in the Military Intelligence 3. He was completely famous. Everyone knew the name. His reputation was even spread outside Military Intelligence 3 and other departments also knew such a person.

On the last night, the top management of the Military Intelligence 3 held a high-level meeting.

“This mission is very important. The head of the European consortium, Barsabo, sent his daughter Melissa to discuss investment in H Country. It is said that Melissa has been targeted by several assassin organizations. The top has entrusted us with the task

of protecting Melissa. Let's take a look. Which master should we send to be Lisa's bodyguard?"

Thorn pointed to a beautiful young western woman on the projection screen and said that she was Melissa, the daughter of the head of the European consortium, Barsabo.

Another deputy director, Nikolai, said, "The instructor of the Dragon Blood Team, Silas, has gone on a mission. We only have Marlin."

Everyone else looked at Marlin's face. Usually, this important task was given to Silas or Marlin, because in the Military Intelligence 3, the two of them had the deepest cultivation.

Marlin was about to nod when suddenly, he thought of someone and said, "I think it's better for Ryan to carry out this mission."
