

Chapter 641

His reaction was intense. His whole body shook and he slipped and fell into the water.

His actions startled everyone else.

Then, when the others realized what they were talking about, all their bodies shook. They all looked terrified.

One of them even bit his tongue and whined, looking particularly pathetic.

Their reactions also frightened the young girls present and made them feel unbelievable.

All these big shots present were either rich or noble. They were all powerful and could shake H City by just

stomping their feet. But now, they were in a mess and their faces were filled with fear, as if they had seen the most terrifying thing in the world!

"York! What did you just say? You make it clear to me!"

"Yes, York, don't scare us. Tom is totally dead. How could he come back?"

"York, you can't joke about this!"

None of the big shots had the mood to enjoy the party, and they said with great seriousness. At the same time, when they mentioned Tom, fear was inevitable in their eyes.

The name "Tom" was so powerful that even after half a month, they would still instinctively feel scared when they

heard it.

York stood up from the hot spring. His face was pale and his eyes were filled with panic and fear. "Really, Tom is not dead. He's back. We're going to die now!"

Hearing this, the other big shots were stunned. Their blood froze and they swallowed heavily!

After a long time, someone said, "York, are you sure about this news? It has been confirmed by a master of the Innate Realm that Tom had been crushed to pieces."

York nodded with difficulty, his face full of bitterness and regret, "Really, it's true. Tom didn't hide his whereabouts.

Many people have seen him. Moreover, he seems to be stronger than before this time!"

"Hiss..." The others gave a gasp of horror. All of them were out of the mood to enjoy themselves. They were all in a panic. They picked up their phones to verify the authenticity of the news.

After a while, when they verified the news through their own channels, they only felt cold and extremely frightened.

This news was devastating to them. In the past half month, they had all joined forces to encroach on Tom's industry. In only half a month, they had completely taken over all of Tom's

industry. Now that Tom was back, if he knew about this, he would definitely not let them go! How could they not panic?

They were already in a daze and one of them said tentatively, "Why don't we go apologize to Mr. Howard? I believe that he will be tolerant and forgive us."

"You're dreaming! Not only did we encroach on Tom's property, but we also tortured the people around Tom. It's already a deep hatred between he and us. Do you think Tom will let us go?"

"Eric is right. There's no turning back. Now that Tom is back, he will never let us go easily. Even if we go to Tom to apologize, we will just throw ourselves

into his hands!"

"Then what should we do? We could only just wait and die! This damn Tom, why is he so tough to kill? There's no reason that he's still alive after that explosion!"

"We don't need to worry. We can definitely get through this. This time, it's not just us who have encroached on Tom's industry. There are other big shots. I believe that as long as we band together, Tom can't do anything to us no matter how powerful he is!"

"Right, right, right. Now that all Tom's businesses are ours, no matter how fierce he is, he is just a paper tiger. What else can he do to us?"

After a brief discussion, they left in a hurry.

There were many young girls in the hot spring who stared at each other. They remembered the name Tom and wondered who he was and could make so many big shots lose their composure.

In addition, there were also shocked voices in various places. They heard the news of Tom's return one after another, and were extremely shocked.

It could be said that there was a big earthquake on this night in the upper class of H City.

For a moment, the situation was disturbed by the news, and many

people lost sleep this night.

As the man in the storm center, Tom was still in front of Phoebe's bed, guarding Phoebe. As long as he looked at Phoebe, he was extremely satisfied.

One night passed, and Phoebe slowly woke up. When she opened her eyes, she heard a gentle voice, "Phoebe, you're awake."

It was a familiar face in front of her, "Tom, is it really you?"

Tom held her soft hands and said gently, "Silly, of course it's me. I promised you I would come back. Have you forgotten?"

Seeing Tom's smile, Phoebe was immediately overwhelmed.

Only did then Tom feel completely relieved. The original Phoebe really came back. All his efforts were not in vain.

And now Phoebe's body was very healthy, and her cultivation was stable in the Innate Realm. As long as Tom taught Phoebe martial arts, then Phoebe could also become a master of the Innate Realm, with the ability to protect herself.

Only in this way could Tom rest assured.

After spending a long time with Phoebe, Phoebe took the initiative and said, "Tom, go ahead with your stuff. There are a lot of things to deal with

since you're back. I'll take care of myself."

James and Elizabeth also persuaded Tom to deal with his things and do what he should do.

Tom was not pretentious either. He nodded and said, "Okay, I'll come back and accompany you when I'm done."

Phoebe smiled, helped Tom pack his clothes, and personally sent Tom out, as if she had become a virtuous wife.

"To the ZQ Media."

"Yes, Mr. Howard!"

Not long after, when he got to the ZQ Media, Tom found that the brand of the ZQ Media had changed into ZY Media.

In other words, the ZQ Media was no longer owned by Tom and was taken over by others through commercial methods.

Tom had strong feelings towards the ZQ Media. Originally, ZQ Media was an industry of the Howards, but it was acquired by him later, and it flourished in his hands. Its market value once reached about 20 billion RMB... He wanted to see who had the guts to touch his things!

"Stop! This is Ziyu Media. Only staff can enter!" Just as Tom was about to walk in, he was immediately stopped by the security guards at the door. They looked superior. Seeing that Tom didn't look like a rich man, they were

very rude.

Tom didn't want to waste time on these small potatoes. He barged in directly. The two security guards immediately became angry and shouted, "You just look where this is, and you dare to make trouble here. I think you're tired of living!"

As they spoke, the two security guards took out their batons and tried to stun Tom.

Tom didn't even look at them and kicked them out. The two security guards were kicked out like balls and slammed into the front stage, making a huge noise, scaring everyone on the first floor of the hall.

Chapter 642

It took three seconds before others could react and the scene was in a mess.

When Tom came in, he glanced around and found many familiar faces. They were former ZQ Media employees, and about half of them were people he didn't know.

When these familiar faces saw him, they froze and blurted out, "Mr. Howard?!"

This was the young receptionist he used to work with. She was quite beautiful and used to admire Tom very much. Now that she recognized Tom, she was very excited.

The other familiar old employees were equally excited now. They looked at Tom as if they were looking at the savior. Since a while ago, ZQ Media had experienced a sharp drop in market value. After being acquired by the KL Group, the welfares and benefits of the old employees had fallen by a third, and a group of newcomers had been assigned here from other places, crushing them so hard that they couldn't breathe. Many times, they wanted to quit! Unfortunately, they didn't dare. Life was so hard that they had to endure this and keep working.

Now that they saw Tom, it was as if they had found the backbone at once, which made them feel refreshed in an instant.

Tom nodded at her, then strode in and said, "Thank you all for working on for such a long time."

Tom's words flattered them. They quickly waved their hands and said, "Don't mention it. It's our job."

"Yes, Mr. Howard, it's great that you're back! We old employees are always looking forward to your return!"

"Mr. Howard, everyone outside said that you had an accident, so ZQ Media was acquired by the KL Group. Is that true?"

They all looked at Tom with anticipation and trepidation.

Tom said, "I'm back now. Soon, the ZQ

Media will be back to what it used to be."

"That's great!"

"Long live Mr. Howard!"

"Long live Mr. Howard!"

These old employees were extremely excited and cheered.

Soon, a middle-aged woman with glasses and a mean expression came out of the elevator. When she saw the situation at the scene, her face darkened and she scolded rudely, "Hey! What's with all the shouting? Don't you need to work? Do you want me to deduct your salary?"

The typical triangular face of this

middle-aged woman indicated that she was not a kind person. When she walked out, the old employees subconsciously shrank their necks and did not dare to speak anymore. It was obvious that they were afraid of this middle-aged woman.

The new employees, on the other hand, perked up and quickly walked over to complain, "Manager, you're just in time! This man just barged in rudely and injured the security guard. He was so rude!"

"Yes, Manager. What's more, these old employees like Eric and Bai Ying actually colluded with this guy and called this guy Mr. Howard. I think you should deduct their salary!"

When the manager heard these complaints and saw the situation at the scene, he suddenly became furious and pointed at Tom's nose and scolded, "Where did you come from? How dare you come to mess around in the ZQ Media? I don't think you know what you got yourself into! Compensate us for the loss immediately, or you will spend the rest of your life in prison!"

This middle-aged woman was particularly arrogant. She crossed her waist and cursed.

Tom didn't want to argue with such a shrew. He glared at her directly. The majestic aura pressed on the middle-aged woman and immediately made her speechless. She was like a duck being strangled. She stopped abruptly

and looked very funny.

"Who gave you the courage to use dirty means to devour the business of me, Tom!" Tom said this as loud as the thunder, which was shocking and made one's soul tremble. Manager Zhai was so scared that she fell to the ground. Her face was pale and trembling. "You, you, you are Tom? No way. They all said you were dead. How could you still be alive?"

It seemed that everyone thought he was dead, so they devoured his assets so recklessly.

Tom looked down at her like a god. "I'll give you two minutes to call the highest person in charge of this place to get out and see me!"

The manager had never seen such a terrifying person. She had no intention of resisting at all and was scared to death. Even if Tom called her to eat shit, she would do it without hesitation.

"Yes, yes, yes..." She nodded like a chicken pecking at rice, then went in a panic and called for the person in charge of here to come down.

Tom was extremely angry. Although the ZQ Media was not worth much, it was the company he built. He had special feelings for it. Now that he had only disappeared for half a month, he was robbed by the villains. No matter how good-tempered he was, he couldn't help but be angry.

Tom suddenly thought of something and asked, "Do you know where Mr. Cook is?"

When he said this, they all fell silent and even lowered their heads.

Tom knew something was wrong when he saw this. His heart thumped and he said, "Something happened to Mr. Cook? Eric, tell me."

Eric was asked by Tom and he was shocked. He didn't dare to hide it. He said quickly, "Mr. Howard, actually, Mr. Cook is also in the company."

Hearing this, Tom was not too surprised. After all, Elliot was a very qualified boss in the industry. It was normal for KL Group to continue to

use Elliot if they wanted to run ZQ Media well.

But he had a bad feeling. Could it be that Elliot had betrayed him and surrendered to the KL Group?

If that was the case, Tom would not blame Elliot too much. After all, people died in pursuit of money and birds died in pursuit of food. Elliot had only been with him for two years. It was reasonable for him to choose the other side.

"Take me to him," Tom said in a low voice.

Eric and the others looked a little weird and wanted to say something, but in the end, they didn't say anything and

obediently led Tom upstairs.

Gradually, Tom realized something was wrong. Eric did not take him to the office, but walked towards the bathroom.

"Mr. Howard, here we are. Mr. Cook is inside."

Eric stopped and pointed to the bathroom, looking a little embarrassed.

Tom's breathing was a little unnatural. He could sense that Elliot was in the bathroom...

He clenched his fists and strode in, immediately seeing a figure in it, which was both familiar and strange.

It was Elliot.

Elliot was originally a fat man, but he had lost a lot of weight, and now he was squatting in a corner, covered in dirt, holding his head, and being beaten by several men.

"Fatty Wang! You ungrateful guy. Our chairman has a high expectation for you and makes you the manager. And you're so ungrateful that you'd rather clean the toilet. Today, we will make you eat shit!"

"Fatty, didn't we treat you well? I'll ask you one last time if you're willing to work for the KL Group. If you dare say no again, I'll kill you today!"

Elliot was covered in bruises and bruises, but he still didn't give in. He

gasped and said loudly, "You want me to give in? not until my next life! Ha ha ha..."

"You stupid bastard. Go eat shit!"

Elliot's resistance made these people furious. They grabbed Elliot's head and pressed him into the manure pit and force him to eat shit.

Seeing this, Tom felt a sudden surge of anger in his heart! Elliot, no matter what, was a prominent figure, with excellent business talent. He had contributed a lot to the rise of the ZQ Media, and he was now reduced to this state!

"You're all dead meat!!!"

Tom almost squeezed out this

sentence in between his teeth and rushed over, hitting the man with several moves.

Such a huge change stunned Elliot. He was already desperate and his eyes were filled with tears, but when he looked up and saw Tom's familiar face, he was shocked and felt unbelievable.

"Tom? Mr. Howard?!" Elliot screamed.

Chapter 643

After Elliot said this, he shook his head abruptly. He didn't believe it was true. He muttered to himself, "Hallucination, it must be a hallucination. Mr. Howard is dead, Mr. Howard is dead..."

Tom felt even more uncomfortable when he heard this, and at the same time, he was even angrier!

"Elder Wang, it's me. I'm not dead. I'm back." Tom walked over and pulled Elliot up.

Elliot finally realized that the Tom in front of him was real, not his illusion. He opened his eyes wide and became extremely excited. "Hahaha! Mr. Howard! It's really you who's back.

Great, this is really great! I knew that Mr. Howard was a lucky man, and nothing would happen to you. Hahaha! They were all villains, shameless villains! When the cat is away, the mice will play! While Mr. Howard was not here, they used dirty means to annex Mr. Howard's property and forced me to give in to them. Bah! Even if I die, I won't bow to these people!"

Elliot laughed and was extremely excited. Tom had known him for so long and had never seen him so crazy.

To be honest, Tom really didn't expect that Elliot would be so loyal to him and that Elliot didn't betray him even after suffering such humiliation.

At this moment, Tom was really

touched by Elliot. He patted Elliot on the shoulder and said seriously, "Elder Wang! It's been a hard time for you. Now that I'm back, leave the rest to me. Have a good rest."

Elliot shook his head and said, "No! Mr. Howard, as long as you can trust me, I can still fight for Mr. Howard. Besides, I also want to see Mr. Howard kill the villains!"

"Okay!" Tom nodded hard and agreed.

At this moment, Manager Zhai also went to the chairman's office in a panic. There was no time to knock at the door, so she directly pushed the door and entered. "Chairman, something bad happened!"

As soon as she pushed the door open, she immediately saw an indecent scene in the office. She saw that the chairman was entangled with the secretary. The chairman was frightened by this sudden change, so he trembled violently two times, and then flagged.

Then the chairman turned around and saw that it was Manager Zhai. He was furious, "Zora! Do you want to die? Who allowed you to break in?"

Zora didn't expect to break the chairman's good thing, but she didn't have time to apologize and quickly said, "Chairman, something bad happened. Tom is back!"

The chairman was furious. He had

been in a good mood and in high spirits. Now that he was frightened by Zora, his whole body was in a bad state. He was very angry, but immediately, he heard the words "Tom" from Zora's words, and his whole body trembled again!

This time, his face turned pale and his eyes widened. "Who did you just say? Who's back?!"

Zora said, "It's Tom. He's back! Chairman, what should we do now?"

"Impossible!" The chairman immediately interrupted Zora excitedly. "Bullshit! Tom is dead. How did he come back? Did you see the ghost?"

Cain was the younger brother of Kiwi, the boss of KL Group. This time, when the KL Group learned that Tom had died, it immediately took action to encroach on Tom's industry and quickly bought ZQ Media at a very low price. Cain became the chairman of ZQ Media and was in high spirits.

If Tom came back now, then not only was he in danger, but even the KL Group would be in danger. It was known that Tom was not just a businessman, but the number one master in G State!

And this time, Tom died because he was besieged by more than 40 people who reached the Innate Realm and a person who reached the Major Perfection Realm of the Innate Realm!

If Tom could survive in such a situation, what did that mean... Cain didn't dare to think about it anymore, so he didn't believe it at all and couldn't accept the fact that Tom came back.

Zora was a little confused after being lectured by Cain. Was the young man lying just now? Or did she mishear?

"Chairman, but he calls himself Tom and is especially arrogant..." Zora quickly explained what happened just now, and finally, she said cautiously, "Chairman, why don't we call the police? I think that guy is quite difficult to deal with."

Zora was a little guilty when she said this. There was nothing she could do. She was really frightened by Tom's

horrible look just now and still had a lingering fear.

Cain snorted disdainfully and said, "Why call the police? Hmph, I want to see where the little brat came from and how dare he make trouble in front of me, Cain!"

However, as soon as he finished speaking, a voice came from outside the door, "Really? It seems that you, Cain, are very powerful. You don't even care about me."

Hearing this, Cain's heart skipped a beat. He had an inexplicable bad feeling. He looked up quickly and saw an extraordinary young man walking in. Behind the young man, there were dozens of people. Besides Elliot, they

were all old employees of ZQ Media.

Now they were all in high spirits, and Tom's return really made them feel relieved!

Cain saw Tom's face clearly. Cain's pupils suddenly constricted and he was frightened. As if he had seen the scariest thing in the world, he shouted out in a daze, "Tom! Is it really you?! That's impossible. You're already dead!"

Yes, Cain had never seen Tom in person, but he was too familiar with Tom's photos and videos. This was Tom!

But he couldn't figure it out. Wasn't Tom dead? Why would he be here?

When Elliot saw Cain, a terrible hatred erupted in his eyes. He gritted his teeth and roared, "Cain, you beast! Wait for death. Mr. Howard has returned. Today is your end!"

Cain's face turned pale in the face of this situation. He took a few steps back and crashed into the chair behind him. His whole body revealed his great fear.

Tom said coldly, "I'll give you a chance to choose how you want to die."

Tom returned with greater capability, he was too lazy to waste his time on such a nobody.

Cain felt Tom's fierce murderous look, and he looked even more unbearable. His whole body was trembling

violently, and his teeth were fighting.

There was nothing else he could do. He had heard too much about Tom's reputation. This was a complete pervert and a monster!

He had not seen Tom with his own eyes before, and he didn't fear Tom too much. Now that he had seen him with his own eyes, he realized how terrifying Tom was.

Chapter 644

He couldn't say anything now. He was just shivering all over.

He was a business tycoon who had been through a lot. He could face any big shots calmly. But now in front of Tom, he felt inferior.

"I, I, I..." He was trembling and was completely unable to speak. Now he was in an awkward situation where he didn't put on his pants properly. How funny he looked!

Tom said directly to Elliot, "Elder Wang, it's time for you to take revenge."

After staying with Tom for so long,

Elliot understood what Tom meant. He nodded hard and strode towards Cain, looked fierce.

"Hey, Elliot, what are you doing? I'm warning you, don't mess around..." He screamed.

Elliot walked over and kicked Cain in the crotch. With a loud bang, Cain screamed in pain and fell heavily to the ground.

Elliot kicked him so hard that it crippled him and he cried in pain.

But Elliot didn't let him go. He punched and kicked him and slapped his face, "Cain, aren't you arrogant? I'll kill you."

The strength Elliot unleashed did not belong to him. He beat up Cain and

punched at his weakness. He became cruel. Soon, Cain's head was broken and blood was flowing out, which made many people in the room scared.

Zora and the secretary, in particular, were scared to cry.

"Stop it, stop it..."

Cain's pleading voice was faint. Finally, he collapsed on the ground. He could almost not breathe, dying.

Elliot, on the other hand, was sweating and panting heavily. What he just did was the limit for him.

"Wow! It feels so good!" Elliot vented his anger, laughing.

The employees present were scared by

him even more when they saw his terrifying appearance.

Tom saw it from the beginning to the end. He didn't think Elliot's way was wrong. Instead, he appreciated it. Men should be like this. They should be able to avenge themselves.

"Mr. Howard, I'm sorry. I lost my composure just now." Elliot gradually calmed down and apologized to Tom.

Tom waved his hand and said, "Don't mind. You did a good job. A man should do this. Cain bullied you then, you should get back at him ten times and even a hundred times."

Elliot nodded hard and he respected Tom more.

"Get out of here. Don't let me see you again." Tom said to Cain coldly.

Cain stood up in a hurry, "I'm leaving, I'm leaving!"

And all the employees of the KL Group had also gone with him.

Tom did not stop these people from leaving. Now that he came back, he naturally wanted to take back the ZQ Media.

Elliot said worriedly, "Mr. Howard, you let Cain go easily now. Why not take Cain as a hostage? I'm afraid the KL Group will do its best to deal with you."

Standing in front of the window and looking down at the scene of H Country, Tom had a huge ball of

emotions welled up in his chest.

He would make H City terrified by him.

"It doesn't matter. I want him to inform others. So they will live their life in fear. When they join together as one, I will break them down.

Tom said these words calmly, but for Elliot and the others, his words were domineering. They thought he was the king of H City. His stomping would cause a big stir in H City, and countless people would lose their lives.

And Tom did have that ability.

Next, Tom simply reorganized the ZQ Media. And then he looked for Malcolm.

Malcolm's Shield Security Company had also been taken over. Not only that, but even Malcolm's own power was also greatly affected. Malcolm's situation was no better than Elliot's.

When Tom found Malcolm who was obviously was ten years older than before. Malcolm had just turned 70, but now he looked like an octogenarian and seemed listless.

When Malcolm saw Tom, he was extremely excited and cried.

As for the loyal men like Elliot and Malcolm, Tom felt guilty. Because of him, both of them were involved.

However, there was no need to say too much between men. He just kept

everything in his mind. Next, Tom would try his best to make up for them.

Tom's appearance was like a storm that swept through H City. Not only did the people in H City hear the news, but even the entire G State heard that.

In the KL Group, when Cain was carried back, Kiwi was furious to see his brother's miserable look. He gritted his teeth and shouted, "Tom!"

But what was in his eyes was not anger but fear. He never expected that Tom was not dead.

The lesson Tom taught Cain was the warning to Kiwi.

"Dad, what should we do now? Tom is not dead. He will definitely get back at

us." Mark, Kiwi's son, was now so scared that his legs were shaking and trembling. He grabbed Kiwi's hand and looked panicked.

Because of Clarissa, Tom had taught Mark a hard lesson before. He was afraid of Tom. He thought that he would be free from fear as Tom died. Unexpectedly, Tom was not dead and came back like the king.

When he saw how miserable his uncle Cain was, he thought of his fate. If Tom really came to take revenge, he would end up no better than his uncle.

Kiwi was annoyed. Hearing Mark said this, his mood became even more irritable. He raised his hand and slapped Mark hard, shouting, "You're

useless. Why are you panicking? Just a Tom scared you like this. Look at Tom who is a few years younger than you. He's much better than you. Look at yourself, what else can you do besides sleeping with women and eating or drinking? Trash, trash!"

The more Kiwi thought about it, the angrier he became. He slapped Mark to vent his anger and panic.

Speaking of that, if it weren't for the grudges between Mark and Tom back then, KL Group wouldn't have become enemies of Tom and wouldn't have joined the team that had encroached on Tom's industry when he heard the news of Tom's fall. What had happened today shouldn't have happened.

It was all Mark's fault. What a troublemaker!

Kiwi beat Mark up and he gradually calmed down. He couldn't just sit there and wait to die. He decided to call Redford.

The person who proposed to encroach on Tom's business was Redford who was also their backer.

Chapter 645

Thinking of Redford, Kiwi was not so panicky.

Redford, the instructor of the Military Intelligence 2, was also the most powerful man in the fourth stage of the Innate Realm. With his support, Kiwi believed that Tom did not dare to go too far despite his unscrupulous nature.

At the worst, he would just return Tom his property. Tom did not dare to do anything to him, did he?

After much thought, he didn't think Tom had the guts.

When he calmed down, he

immediately called Redford.

After a while, the phone was connected, and Kiwi immediately said respectfully, "Hello, Redford, can you talk right now?"

On the phone, Redford's tone was casual but arrogant, "Yes."

Kiwi took a deep breath and said, "Redford, Tom is not dead. He's back."

After saying this, Kiwi paused, and his heart beat faster. Redford was his biggest backer. If even Redford was afraid of Tom, he would really be doomed.

Redford was silent. Kiwi's heart skipped a beat. He started to get nervous again. Could it be that Redford

was afraid of Tom?

So he carefully ventured again,
"Redford, are you listening?"

Redford's unhappy voice immediately came from the phone. "Mr. Ma, you know I don't like jokes. If you want to talk about something serious, just say it. Don't beat around the bush."

To be honest, Redford was a little upset. In his opinion, Kiwi was just a nobody. How dared Kiwi tease him like this? Kiwi simply didn't admit his authority. This was intolerable to him!

As for what Kiwi said, he didn't care at all because it was impossible.

He had witnessed Tom being chased by Fausto and killed in the explosion. Even

the half-immortal in the Immoral Realm would perish in pain, not to mention a master of Tom's level!

But then, Kiwi's words made him sit up straight. "Redford, you know my character. If it isn't true, I wouldn't dare to call you."

"Hmm?" When Redford heard this, his brows furrowed, and his heart skipped a beat. He said in a serious tone, "What? Are you sure you're not joking? I'm on vacation now. If you ruin my mood, I'll be very angry, do you understand?"

Indeed, Redford had been on vacation all week. He turned off his work phone and kept the private one on. There were very few people who knew this

phone number. Kiwi was one of them. This was because he didn't want to be disturbed when he was on vacation.

Moreover, he was on vacation to try to break through to the Major Perfection Realm of the Innate Realm.

Originally, his state of mind was already quite good, and he seemed to have faintly touched the threshold of the Major Perfection Realm of the Innate Realm. But Kiwi's words messed his mind up again!

Kiwi said bitterly, "It's true. Redford, to be honest, just half an hour ago, Tom appeared in the ZQ Media and tortured my brother, announcing to us that he was back in a domineering way..."

Next, Kiwi told Redford exactly what he had heard in the past two days!

Originally, he didn't really believe that Tom would come back alive, so even though Tom had appeared in W City and H City recently, he didn't hear anything. It was not until just now that he heard from his brother Cain about Tom's return that he quickly went to ask about it. It turned out that Tom was really back, and many people knew about it.

After Redford heard this, he had mixed feelings. He was full of shock, panic, doubt and regret...

After a long time, he said, "I see. I'll be back soon."

After hanging up the phone, Redford couldn't sit still any longer.

His pupils constricted and he scratched his head. He couldn't figure out how Tom could survive that situation that day. This ran completely against scientific rules!

"Son of a bitch! He can't even die after that!" Redford couldn't help but curse. Then he rolled his eyes and snorted heavily, "Tom, you could not live long. You've come back, so what? Do you think you can avoid a military trial since you can survive Fausto's murder? You've made a big mistake by stealing the Colorful Fruit of Essence this time. You're dead!"

Redford thought of this, and he

became more and more calm because he knew that the organization would definitely not forgive Tom this time. It would be fine if Tom died on Seven Mountains, but once Tom came back, a military trial would definitely be waiting for him. He did not believe that Tom could have the ability to fight against the country!

"Tom must have eaten the Colorful Fruit of Essence midway and gained a lot of strength so he could escape from Fausto!" Redford thought that Tom's cultivation might have improved a lot now, so he was especially jealous and gnashed his teeth in anger.

At the same time, in the Military Intelligence 3, a group of senior executives were holding an important

meeting in the conference room.

However, at this moment, deputy director Thorn turned on his phone and saw a message. He suddenly stood up and shouted, "Damn it!"

His reaction startled others. Director Pence frowned and said unhappily, "Director Sunn, please pay attention to your manners!"

Others also looked at Thorn with some displeasure. They were discussing important matters. Currently the foreign forces were more rampant, infiltrating deeper in their national affairs, and there were even some serious friction. The situation was dire.

Plus, what had happened to Tom

weighed heavily on everyone. Thorn's behavior was just adding fuel to the fire.

If it had been any other time, Thorn would have realized that he had made a mistake and immediately apologized. But now, he looked unusually excited. "Something big happened!"

When others saw him like this, they couldn't help but be stunned because they all knew that Thorn was a steady person. Even if something serious happened, he wouldn't lose his composure like this.

Now they were a little curious about what had caused Thorn to lose his composure.
