

Chapter 742

"Heaven Seal!" Tom shouted. He showed a dominating strength that seemed to be able to alarm the immortal, and a rumbling sound was echoing him.

Fausto's trump card, Heaven Seal was used by Tom. His right arm, which was red because of the boiling of blood, turned to be black and green with veins popping out!

Tom had explosive power. His Heaven Seal was even more terrifying than Fausto's.

"That's impossible!!!" Fausto's eyes widened and he was shocked. He had never lost his composure like this

before. His face was pale, his blood froze, and his heart sank. He felt a sense of crisis that he had never felt before.

No, it was no longer a sense of crisis, but the smell of death!

If Fausto was hit by his Heaven Seal, he would be killed with his head smashed.

But he couldn't figure out why Tom could make this move. It should be his own trump card.

At this critical moment, Fausto's potential was forced out and he roared, "Ah!!!"

Then, he raised his arms to protect his head. He knew it was useless to dodge, so he could only raise his arms and

tried to protect himself.

He didn't believe that Tom, a young man who had just broken through to the Major Perfection Realm of Innate Realm, could be so powerful. Most importantly, Heaven Seal required him to controlled his Qi properly. If not, Tom would go crazy and kill himself!

No matter how talented Tom was, Fausto didn't believe that he learned to use his Qi properly after watching the move just once.

However, that was not the case.

In the blink of an eye, Tom's Heaven Seal hit Fausto's forehead. Fausto felt he was not hit by Tom's right hand, but was smattered by the collapsing world.

And he, a mortal, could not stop the collapse of heaven and the end of the world.

Fausto tried to resist Tom's Heaven Seal by his arms, but he couldn't bear it at all. His arms broke directly. He couldn't stop Tom with all his strength!

His feet could not bear Tom's strength. He sank directly into the soil and spat out a large mouthful of blood!

Fausto's face was deadly pale.

His expression was complicated. He was frightened, unbelievable, scared, regretful...

Fausto lost. He lost to Tom, a nobody he had never taken seriously. And he was defeated by his own trump card.

His dignity and pride were also smattered.

Tom was also gasping for air. He was exhausted after using the move.

He quickly adjusted his breath. Looking down at Fausto, who was almost buried in the ground, Tom looked ferocious. As his rival, Fausto could bring him endless trouble. He must kill him immediately!

Fausto could sense Tom's murderous intent. He stared at Tom, his face full of unwillingness and despair. But he could not stop Tom at all now.

However, at this moment, a voice came from the sky in time, "Tom wins."

It was the voice of King of LT Organization. Tom felt an intense gaze and he knew that if he dared to kill Fausto, he would be doomed.

Tom sighed. It was a pity. But he did not dare to disobey King of LT Organization, so he had to give up.

Fausto breathed a sigh of relief, but he was not happy at all because he had lost completely.

Tom said to Fausto, "You lost."

"Yes, I lost." Fausto lowered his head and had mixed feelings.

Tom ignored him. Instead, he looked at Sunny who was down the mountain and smiled brightly at her.

Sunny was stunned for almost five seconds before she came back to her senses. Tears flowed down her face. Then, she relaxed and fainted.

She had been almost at her limit, but she tried to hold on. Now that she relaxed, she immediately fainted.

Tom's expression changed and he went down quickly. He hugged Sunny and felt Sunny's pulse. Only when he found that Sunny was still alive did he relax a little.

Everyone present looked at him in awe and horror.

They couldn't help but retreat.

Tom raised his head and looked up at the sky. Soon, he heard Saint King's

voice, "Tom will take the position of King of Southern State from now on."

When Tom heard this voice, he finally relaxed completely. Fortunately, the Saint King did not break his promise. He successfully saved his mother and Sunny.

When his mother, Anna, woke up and heard the news, she was shocked and felt it unbelievable.

Sunny told her that it was true. Then Anna held Tom's hand tightly with tears streaming down her face.

Tom replaced Reid and became King of Southern State, which was not only a big event for himself but also for the LT Organization.

The next day, a grand inauguration was held at the LT Organization.

Everyone was present except Fausto.

There were countless people who came to curry favor with Tom and even with Anna, his mother, and Sunny.

But Tom was not complacent because he knew that his position was given by the high and mighty Saint King. Once he displeased the Saint King, he would be kicked out.

He had a feeling that the Saint King would summon him.

He also wanted to see if the mysterious Saint King had three heads and six arms.

On his third day of he becoming the King of Southern State, he was summoned by the Saint King.

However, his Anna said to him worriedly, "Tom, you can't go to see him."

"Why?" Tom was confused. Was his mother worried that the Saint King would harm him? But there was no need to do that.

But his mother sidestepped his question.

Tom patted her hand to comfort her. As King of Southern State, he must go to see the Saint King.

After he left, Anna's expression was complicated and she gritted her teeth,

"How dare this old man ask Tom to see
him..."

Chapter 743

Tom didn't know about his mother's complaints. Otherwise, he would have guessed something with his intelligence.

Tom had long wanted to meet King of LT Organization. Even God of War Albert lost to Raoul in the battle on King's Landing Mountain. Tom vaguely felt that Raoul might be the most powerful person in the world today.

In particular, Raoul encouraged him from a distance and said that he would always be concerned about him. His tone was kind, which made Tom even more curious about him.

He dared to come to Raoul's place

mainly because what Raoul had said to him last time made him feel that Raoul would not kill him at will.

Logically speaking, he was the illegitimate child of the previous Saintness Anna, who was naturally a disgrace to the Saint king. Furthermore, he killed King of Southern State Reid and Sean. Normally, the Saint King could not tolerate him, but in fact, he did accept him and had shown the intention of training him so far.

Tom thought for a while, but still couldn't understand why the Saint King did this. The only thing he could guess was that the Saint King wanted to take advantage of him, or he had some unknown relationship with the

Saint King.

With this thought in mind, Tom followed the Venerable in front of him and walked towards a towering mountain.

This was Raoul's cave.

Walking up from the foot of the mountain, Tom actually felt an inexplicable pressure, as if he even had difficulty breathing. He knew that this must be because of the invisible pressure from the Saint King!

"King of Southern State, the Saint King is waiting for you inside."

The Venerable stopped and bowed respectfully to Tom. Tom waved his hand, signaling him to leave.

Now standing in front of Tom was an extremely large, solemn and luxurious hall. It actually looked like a palace. The first floor was more than ten meters high, which looked particularly grand and majestic.

Moreover, because this mountain was very high, and its peak was almost higher than the clouds, there were clouds and mist all around it, which made it look particularly ethereal. At this moment, Tom had an illusion that this was the palace of immortals, and he involuntarily became nervous.

Fortunately, he adjusted his mood quickly. After all, he had experienced a lot. He took a deep breath, calmed himself down, and began to stride

inside.

The palace of Raoul was as grand as the heavenly palaces he had seen in the mythical movies and even better than them in some aspects. If Tom were an ordinary man and had not reached innate Realm and Major Perfection Realm, he would have really thought that he had broken into the palace of immortals!

He was even more interested in the mysterious Saint King.

As soon as he stepped in, Tom clearly felt that he was being stared at by a pair of eyes, like a scanner, which saw through him completely, including his spirit and soul. At this moment, he felt especially uncomfortable, as if all his

secrets and thoughts were exposed.

He knew that these were the eyes of the Saint King, and he tried to suppress his rapid heartbeat.

"I'm Tom, King of Southern State. I'm paying my respects to your highness!" Tom walked into the hall and bowed respectfully to the person in front of him.

As soon as he finished speaking, a loud and steady voice came from the palace calling "Tom".

"I'm here!" Tom immediately bent down a little more.

At this moment, Tom really felt that he were meeting a god. The Immortal Realm was also known as the God

Becoming Level. "What does 'God Becoming' mean? Is it possible that he has already become a real god?" Tom was not sure.

However, it wasn't the first time Tom had met a powerful man of God Becoming Level, but he didn't have such a feeling when he met Albert before. Was it because Albert's cultivation was far inferior to Raoul's? However, if Albert was not as powerful as Raoul, why did he dare to challenge Raoul?

Tom was waiting for Raoul's reply, but Raoul did not speak anymore. For a moment, the palace fell into absolute silence.

The palace was so large that even Tom

was feeling ill at ease.

After a while, the Saint King finally began to speak, "Do you want to become a powerful man of God Becoming Level?"

"What?"

Hearing this, Tom was a little surprised. He hadn't expected Raoul to ask him this in the beginning. What did he mean? Did Raoul want to sound out his ambition or actually plan to cultivate him? Or was it a trap?

At this moment, many thoughts flashed through Tom's mind. He was not a suspicious man, but in the face of Saint King Raoul, he had to be extremely careful and figure out the

connotation of every word the Saint King said.

He realized the true meaning of the old saying, "To be in the king's company is tantamount to living with a tiger."

Seeing that Tom didn't dare to answer, the Saint King spoke again, "Are you afraid of me?"

Tom did not deny it and nodded, "Your highness, I am indeed afraid of you. No, I'd rather say I am in awe of you because I don't know you well enough."

"You have a good tongue." There was a hint of joyfulness in the Saint King's voice, which made Tom relax a lot.

"Answer my question. Do you want to be a powerful man of God Becoming

Level?" The Saint King regained his stateliness and asked again.

Tom gritted his teeth and said loudly, "Yes!"

The Saint King fell silent again for ten minutes.

Such a lasting silence made Tom begin to feel uneasy again. He was not sure what the Saint King meant. Had he left or fallen asleep?

Finally he couldn't help but ask softly, "Your highness?"

"Tell me what you know about the God Becoming Level," the Saint King finally said.

Tom thought for a moment and said,

"God Becoming Level is also known as the Immortal Realm, where, I guess, the life form has changed. The physical body becomes more tenacious, and the spirit becomes more powerful with the full development of brain capacity..."

Tom had long thought about the differences of the God Becoming Level, so he answered smoothly without much hesitation.

After finishing speaking, he waited for the Saint King's answer.

"Your answer is good. It seems that you have learned about it." There was some admiration in the Saint King's tone.

Then he paused and added, "But you're only half right. God Becoming Level is

indeed another form of life. Physical strength and spiritual strength are just one of the performances of the God Becoming Level. The biggest difference between the God Becoming Level and the Innate Realm is the primordial spirit. Theoretically, the powerful men of the God Becoming Level have unlimited life..."

Hearing this, Tom suddenly contracted his pupils. He was very intelligent and he immediately understood what the Saint King meant!

His blood froze at this moment.

Chapter 744

The biggest difference between God Becoming Level and Innate Realm was that the former's primordial spirit could have unlimited life...

The first thought that came to Tom's mind was walking in other's bodies!

It was because he knew that the life span of a person was limited, which was an inevitable law of nature. No matter how well a person kept in good health, he could not compete with the erosion of time. If a person wanted to live, he must eat. If he ate, his body had to metabolize and his cells would age. Then his body functions would gradually decline.

Even Tom, who was at a high level, could feel his body aged every day. Theoretically, he could live to 200 years, but that was the limit!

The Saint King said that God Becoming Level meant immortal. What did this mean?

Tom could not think of any other way besides walking in other's bodies to manage immortal!

At present, the only immortal creature was known on earth was jellyfish, but jellyfish were not really immortal. It transformed into a new individual after a long period of time.

It was said that the Saint King had lived for nearly 200 years, and for the past

few decades, he had been in a state of seclusion and almost never came out. Before, Fausto went to Lion Mountain to pick Heaven and Earth's Spiritual Fruit, which was ordered by the Saint King, because it could increase the Essence of Life.

Now, it was obvious that the Saint King had reached the end of the human life span in his present age, and the person who was at God Becoming Level could soul out. Now that he called Tom over, it was clear that he wanted to walk in Tom's body! In particular, Tom was a peerless genius. His talent was unparalleled, and he swallowed Heaven and Earth's Spiritual Fruit... Especially, when he committed such a great disaster, the Saint King did not execute him but even appoint him to

King of Southern State. This was absolutely abnormal. When the elements were combined, Tom could not help thinking about the Saint King's purpose!

In an instant, his scalp was numb, goosebumps all over his body. He secretly clenched his fists and got extremely nervous!

What should he do? What should he do? At this moment, Tom's mind was running crazily. His heart was beating so fast, and his body temperature had risen a lot.

If the Saint King really wanted to walk in his body, then what should he do to get out of trouble? Tom thought about it for a long time but did not come up

with a solution.

He reflexively wanted to run, but his mind told him that it was impossible to run away, and now the Saint King did not attack him. If he ran away, it might make the situation worse!

At this moment, the Saint King's voice rang again. That voice was no longer transmitted from the palace but directly appeared in his ear!

"Why don't you run?"

Hearing this voice, Tom was in a disturbed state of mind. And it made his flesh creep and his body shake violently. He had a strong impulse to turn around and run.

But he held back and he planned to act

according to circumstances.

"Your highness, I don't understand what you mean." Tom quickly calmed himself down. The first thing he could be sure of was that he couldn't run away from this palace. And he was not sure that the Saint King must walk in his body.

"Hahaha..."

All of a sudden, the palace was filled with the laughter of the Saint King. It was very bright and heroic, which echoed in the whole palace.

With such a laugh, Tom's heart shook, and he had a strong urge to kneel and submit. However, he still held back.

"Tom, you're a very interesting person.

Good." The Saint King praised Tom. His actions really made Tom unable to figure out his plan.

However, he could only show his loyalty, so he bowed and said, "Your highness, thank you for your praise."

"No wonder you can beat Fausto. At that time, when he faced the same situation, he turned pale with fear and ran away. Haha." The Saint King said in a teasing tone.

When Tom heard this, he was slightly stunned. Had Fausto ever been shocked by the Saint King?

After a pause, the Saint King said again, "Tom, come closer and let me take a good look at you."

Hearing this, Tom, who just relaxed a bit, could not help but become nervous again. Until now, he had not seen the Saint King, nor could he feel the existence of him. From beginning to end, he was talking to the air.

Now the Saint King asked him to come closer, but there was nothing in front of him.

Could it be that the Saint King already souled out? In fact, his primordial spirit was standing right in front of him?

Tom was very nervous. Although the Saint King had just expressed that he would not walk in his body, he had to be on guard.

"Your highness, I don't understand

what you mean." Tom did not go forward.

The Saint King did not speak. The huge palace fell into silence again.

Finally, a minute later, the Saint King's voice rang out again, "Tom, you look like my grandson. My grandson has been separated from me for a long time. I miss him very much."

Hearing this, Tom felt even weirder. Did he look like the grandson of the Saint King? Wasn't that weird? He even wondered if the Saint King was entertaining him.

After thinking about it carefully, Tom still obeyed the Saint King and took a few steps forward.

At this moment, there was a slight wind blowing in front of him. It felt as if someone was gently caressing him. This should have been a very strange and creepy thing but Tom did not feel weird. He even felt an unspeakable warmth and enjoyment.

It felt like an elder was really stroking his face.

"Your highness, is your grandson still alive?" Tom couldn't help but blurt out.

This made the Saint King silent. After a while, he said, "I'm tired. Tom, you can leave."

Tom felt confused.

Why did the Saint King ask him to leave? The Saint King specially

summoned him but said nothing. It was inexplicable.

However, Tom could not understand the Saint King's thoughts, and he could not say anything, so he nodded and left.

After leaving the palace and returning to the bottom of the mountain, Tom was still very confused. This time, when he saw the Saint King, not only did he figure it out, but he was even more confused.

His mother, Anna, was waiting at the door. When she saw him coming back, she was relieved. She immediately asked what did the Saint King say to him. Tom told her the truth. Her mother also muttered a few curses but

Tom didn't hear them clearly.

After that, Tom stayed at the general headquarters of the Raoul organization for another two days, which added up to five days before he left with his mother and Sunny.

Although now he was King of Southern State, he was still worried about leaving his mother and Sunny at the general headquarters of the Raoul organization. After all, he had not figured out what the Saint King was thinking.

When he came back to H City, Tom finally relaxed.

Thinking of what happened to him in the LT Organization for the past five

days, Tom felt like he had a dream and he almost couldn't come back.

"Mom, I'm married. I'll take you to see your daughter-in-law now." Tom said to his mother with a smile.

Chapter 745

This was the first time Tom had brought his mother to see his wife. He called Phoebe in advance. When she heard it, she was extremely nervous. On the phone, Tom even heard her breaking something out of nervousness.

"What? Your mother is coming? Why is it so sudden? I'm not ready at all... Oh, My Godness, what should I do?" Phoebe said nervously and anxiously.

Originally, Phoebe heard Tom's voice and realized that he was safe. She was quite relieved, but then, when she heard Tom's mother wanted to see her, she immediately became nervous.

Although she and Tom had been married for so many years, she had never seen her mother-in-law. How could she not be nervous?

Moreover, she heard from Tom that her mother-in-law was the LT Organization's last Saintess. No wonder she was so nervous.

Tom smiled and said, "Don't be nervous. My mother is very easy to get along with. She just wants to see you."

But Phoebe didn't listen. She said anxiously, "Don't come back so soon. I haven't changed my clothes or put on makeup. God, I stayed up late last night. Now I have dark circles under my eyes. I'm so ugly. How can I see my mother-in-law in such a condition..."

Tom felt that she was about to cry.

Tom comforted her and said that it was okay, but Phoebe was still very anxious.

Fortunately, there was still a long way from home, and Phoebe had enough time to get ready.

An hour later, when they got home, Tom's mother, Anna, finally saw Phoebe. She immediately smiled with satisfaction and held Phoebe's hand. It was especially gentle and kind, which made Phoebe relax a lot.

Tom was on the side, looking at this scene with satisfaction. This was what a happy family should be.

His mother's back let Tom finally relaxed. Fortunately, mother and Phoebe were both very easy to get along with. After a few days, there was no disharmony between them.

His parents-in-law were also very welcoming to his mother. They got along very well and lived stable life.

However, Tom found out that Sunny felt uneasy living here for a few days. Sunny was originally a person who didn't like to talk. These days, she became even more silent. Apart from occasionally talking to his mother, she had hardly spoken to Tom.

Tom sensed her uneasiness, so he found an opportunity to ask her, "Sunny, are you not used to living in my

house?"

After all, Sunny was a master of the fourth stage of the Innate Realm, and her physical condition was far beyond that of ordinary people. Although she was seriously injured at Raoul headquarters, after a week's recuperation, she had recovered a lot.

She avoided eye contact with Tom and said coldly, "Thank you for your care during this period of time. I'm almost recovered now. It's time to leave."

Tom was stunned and immediately said, "Sunny, don't be so distant. You are my mother's adopted daughter and we are a family. There are enough rooms. It's good for you to stay here. You can stay as long as you want..."

Sunny interrupted him directly and said, "I appreciate your kindness. I don't belong here. It's time to leave."

From the beginning to the end, Sunny was very distant. It was very different from when she was in the LT Organization as if it was not her now. Even Tom was extremely smart and could not figure out what she was thinking. Did he, in some way, offend her? But Tom thought about it carefully for a long time, he couldn't figure out how he had offended Sunny. It could only be said that women's minds were hard to guess.

Tom wanted to say a few more words, but Sunny had already turned around and returned to his mother's room.

After a while, she came out with Anna.

"Sunny, have you decided?" Anna asked with a frown.

Sunny nodded and said, "Yes, I've made up my mind, Aunt. I'll come to see you when I'm free."

Anna sighed and did not ask Sunny to stay any longer. She said to Tom, "Tom, send Sunny away."

"Okay, mom." Just as Tom nodded, Sunny immediately refused, "No need. I can leave by myself. I don't need him to send me."

Her words were so cold that Tom was a little confused. Did he really offend Sunny?

However, Sunny didn't tell him. In the end, she left without even giving him a glance.

"Mom, what's wrong with Sunny? Why is she leaving?" Tom asked doubtfully.

Anna looked at him meaningfully and said, "This is not her home. She's not used to living here."

Tom was still confused. Even if it wasn't her home, she didn't have to be so cold, did she? They were old acquaintances after all.

In the afternoon, Phoebe came back and found that Sunny had left. She didn't seem surprised. Instead, she sighed, looked at Tom in the living room, and said, "She is indeed a bad

guy..."

Tom successfully returned from Raoul headquarters, which made Elliot, Malcolm, Rufus, and others breathe a sigh of relief.

Everything was back on track, and Tom rarely relaxed a lot. This kind of relaxation was not only mental but more of a cultivation state.

After he relaxed, his cultivation actually improved a little. Once when he was practicing, he even touched the threshold of the God Becoming Level at that moment.

Unfortunately, it was just a flash. When he wanted to get into that state again, he couldn't do it anyway.

Even so, it was enough to excite Tom. It was only three months after he broke through to the Major Innate Perfection Realm. Now, he had touched the threshold of the God Becoming Level. It could be regarded as an incredible speed of cultivation. If it was spread out, it would cause a heated discussion.

Tom knew that it was probably because he had met God of War Albert and the mysterious and unfathomable King of LT Organization. Otherwise, with his own cultivation, even if he had swallowed the Heaven and Earth's Spiritual Fruit, he would never have touched the threshold of the God Becoming Level in such a short time.

During this period of time, Tom was not idle. Besides his cultivation, he still

went to the Military Intelligence 3 normally.

Now, as the head instructor of the Military Intelligence 3, his position was important and indispensable.

Unknowingly, a month passed. In this month, Tom was stable at the pinnacle of the Major Innate Perfection Realm. He was at most a little more skilled than when he fought with Fausto.

"This time, the Global Ability Competition was held in H Country next month. In the previous few competitions, our young masters all failed. Since this year's competition was held in our country, our superiors have made clear order that we must win the championship this time!"

In the conference room of the Military Intelligence 3, director Pence said in a low voice with a serious expression. After a pause, he looked at Tom, "Tom, what do you think of this?"

Chapter 746

The Global Ability Competition was known as the Kungfu Cup. Tom had only recently learned about it. It was a competition jointly established by many powerful countries in the world. It was similar to the World Cup.

Both the Kungfu Cup and the World Cup were important among the countries.

But the difference was that the World Cup was global and announced to all the people. The Global Ability Competition, on the other hand, was for martial artists instead of ordinary people.

But it was more important than the

World Cup!

The Kungfu Cup was held once every five years. When the time came, top martial artists from all the countries in the world would participate in it. The Kungfu Cup lasted 40 days, and the champion would generate from the constant competitions.

H Country had never won the championship in the Kungfu Cup, and the ranking was not very good, which was a disgrace for H Country.

H Country was known internationally as a country of kungfu, but it had never won the championship in such an important competition. It was a shame!

There were many top martial artists in H Country, including God of War, Albert. He was the best one even in the world. The problem was that the first requirement of the Kungfu Cup was all the contestants must be under forty years old.

In this way, there were only a few masters in H Country qualified. Many of the top masters in H Country were over 40 years old. Even Marlin was in his early forties this year and lost the qualification to participate.

And most importantly, even if Marlin participated in the Kungfu Cup, it was hard for him to win.

All of a sudden, everyone in the conference room looked at Tom.

Tom thought for a while and said, "Since so, let's do everything we can to win this championship."

"Well, it's a pity that the Kungfu Cup has a prerequisite. All the contestants must be under forty years old. In this way, there are very few top masters who can be the contestants." Pence sighed. He wanted to participate, but he was forty-four years old this year.

He had participated in the last Kungfu Cup, but at that time, he was only at the third stage of Innate Realm. The foreign masters defeated him.

H Country was big and prosperous, but there were only a few top masters under forty.

Some masters under forty were not officials in H Country, just like Reid. He was a top master, but he was not an official, so he would not join the Kungfu Cup.

Tom thought for a moment and said doubtfully, "Are there so many masters abroad?"

Pence nodded and said with a serious expression, "Yes. especially in Country M. They have the most advanced biological technology and artificial intelligence technology in the world today, which can greatly stimulate the potential of martial artists. Their training methods are world-leading. According to our simple statistics, there are more than two hundred masters of Innate Realm under forty,

including more than ten at the fourth stage! I heard they have four masters of Major Perfection Realm of Innate Realm, which is scary."

Tom was shocked to hear that. Two hundred masters that were under the age of forty. How unimaginable!

There were only nearly one hundred masters of Innate Realm in H Country!

As a master of Major Perfection Realm of Innate Realm, he knew how hard it was to cultivate from the ordinary martial art to Master Realm, then to Extrinsic Peak, and finally, Innate Realm.

Back then, he had successfully broken through to Innate Realm by swallowing

the Purification Pill and experiencing endless pain. How could Country M, with only one-fifth of H Country's population, have so many masters of Innate Realm?

This was astonishing!

Thorn continued, "There are a lot of masters of Innate Realm in other developed western countries, and even Red Sun State has two masters of Major Perfection Realm this year. They are eager to win the champion... We are facing more difficulties than before!"

The other higher-ups in the conference room were grim and sighing.

Tom drew his brows together. He knew

how important the Kungfu Cup was this year, which would be held in H Country. It must be humiliating if they didn't be the champion or even lost the silver medal!

In recent years, the rapid development of H Country caused hostility from many developed countries. During this period, many foreign forces came to H Country to create disturbances.

Tom had been on several missions in less than a year since he had been in Military Intelligence 3.

No wonder they were given the order to win the championship.

Tom was not stupid. Judging from what Pence and Thorn just said, he knew the

two leaders required him to participate in the Kungfu Cup.

He pondered and then asked, "Are there other masters of Major Perfection Realm participating in the competition in our country?"

Pence said seriously, "For now, only you."

Tom felt pressure after hearing this.

It seemed that he was fighting alone.

However, Tom was also confident. With his current strength, even Fausto was his defeated opponent. He did not take other countries' masters of Major Perfection Realm to his heart.

"Then I'll do my best." Tom didn't like to

pass the buck. As the saying went, the greater the ability, the greater the responsibility. Since he was the only one that could do this, he couldn't back down.

However, Pence shook his head and said, "No, Tom, you misunderstood. We don't want you to participate in the Kungfu Cup, but we want you to be the organizer and maintain order."

"What?" Tom didn't understand. He was the only master of Major Perfection Realm who satisfied the requirement. Why couldn't he participate in the competition? He was confused.

Pence began to explain as if he knew Tom's doubt, "The rules of the Kungfu

Cup are different from ordinary competitions. The final eight will be a group battle, not one-on-one competitions. If you participate alone, you will be surrounded by seven people from other countries..."

Tom knitted his brows tightly.

He didn't expect this rule. If that was the case, it would indeed be tricky. Although he was invincible when confronting others of the same level, it was still dangerous for him to fight seven at a time.

Chapter 747

The meeting had been going on for a long time. Not only people from the Military Intelligence 3 but also those from the Military Intelligence 2 and One had also attended.

It could be seen that the senior management attached great importance to Kung Fu Cup.

Unluckily, H Country had a serious disadvantage. Apart from Tom, there were no other high-level contestants. While the senior management intended to ask Tom not to sign up. In this way, it was almost impossible to win the championship.

However, since the decision was made,

it was not appropriate for Tom to question it. He believed that the higher-ups had their own considerations. H Country would probably be able to find an expert of Major Perfection Realm of Innate Realm to attend the competition.

After coming out of the conference room, Marlin invited him to a banquet.

"Tom, there's an important banquet tomorrow night. The superintendent from Y City has come. Could you please attend the welcome reception with us?"

Tom heard at the meeting that Marlin would be in charge of the reception, but he had no reason to refuse since Marlin invited him. So he nodded and

agreed to his request.

Marlin was very happy, "I'm so relieved to have your accompany, Tom."

Tom said doubtfully, "Marlin, is there your enemy among the people from Y City?"

Marlin would not specifically invite him to such a banquet, so Tom thought Marlin must want his help.

Marlin gave Tom a thumbs-up and said admiringly, "You really have sharp eyes, Tom. Indeed I couldn't hide anything from you."

Then, he sighed and said, "One of the people from Y City was indeed an enemy of mine... Well, he's not an enemy exactly. It's just that when I was

young, there was friction between us. It's inevitable that..."

When he said this, he laughed embarrassedly. Tom smiled and did not ask about the details. He was not stupid anyway. Naturally, he understood what Marlin meant. That man was just more powerful and Marlin would be humiliated if he went alone. With his help, things would be different.

Anyway, he had nothing important to do tomorrow night. He smiled and agreed instantly.

Finally, Marlin felt relieved to see Tom agree.

The next night, Tom went to the

banquet according to Marlin's words.

It was said that it was a prominent and powerful bigshot from Y City. All the higher-ups of the Military Intelligence 3 looked very serious and nervous, and the welcome reception was prepared grandly. Even the director Pence had personally gone to greet him.

Tom didn't go because he had to pick up Phoebe from work. After that, he went to the banquet leisurely.

As soon as he arrived at the hotel, Tom heard someone complaining.

"Damn, how can these people from Y City be so arrogant! How dare they ignored Director Pence. They're so arrogant!"

"Well, you are right. He is indeed somebody. He's even more powerful than Director Pence in terms of official position. Besides, he's from Y City. That's why he can be arrogant."

"But they've gone too far, and his subordinates who spoke rudely to Marlin. I really want to beat those arrogant guys!"

"Check out his superior look! He is nothing but a master of Innate Realm at the fourth stage. Tom can definitely overwhelm this guy!"

"That's right. Our Chief Instructor is a master of Major Perfection of the Innate Realm. He can kill that guy with just a slap... Speaking of which, didn't Chief Instructor come to the party

today?"

"I don't know. We've been here for so long and haven't seen him by far. Will he come?"

"What? Come on! I am looking forward to him coming and humiliating those people from Y City!"

Tom slightly frowned after he heard the complaints of the soldiers from afar. The superintendent from Y City was so arrogant that he didn't even show respect to Director Pence?

"What are you mumbling about?" Tom walked over and asked casually.

When the soldiers saw Tom, they were surprised for a moment. Then they immediately saluted and shouted

together, "Chief Instructor!"

Tom nodded and continued, "You just said that the people from Y City are very arrogant. What's going on?"

The soldiers immediately became excited and started talking about what had just happened. Then Tom started to know what had happened. It turned out that senior officers including Director Pence and Marlin greeted the superintendents from Y City today, but those people were all being condescending even to Director Pence, One of them even mocked Marlin outspokenly.

Their attitude made the staff here pissed off.

"Chief instructor, they behave so arrogantly just because they are from Y City. And they even look down on the Military Intelligence 3. You didn't see their hateful expressions. It's a pity that I'm not powerful enough. Otherwise, I would have definitely beaten them up."

"Forget about it. With the chief instructor here, I'm sure they'll be beaten up in an instant. As far as I know, the most powerful one among them is in the fourth stage of the Innate Realm, far weaker than you."

They were obviously pinning their hopes on Tom. Seeing how excited they were, Tom was also interested in what happened upstairs. He waved his hand and said, "Okay, that's it. I'll go upstairs

now and see who they are."

"Come on, Chief Instructor!"

"Tom, you're invincible! Destroy their swagger and show them the ability of the trump card in our Military Intelligence 3!"

When Tom heard what they said, he shook his head speechlessly and went up.

As soon as he entered the banquet hall, Tom heard a noise coming from inside. "Director Pence, is it that all your Military Intelligence 3's powerful instructors are here? I don't think they are capable enough! This time, the Kungfu Cup will be held in G State of our country... I don't understand why

the higher-ups give such an important task to Military Intelligence 3, but I have to warn you that if you mess up and undermine the dignity of H Country, you're doomed!"

His words were sharp and aggressive. Even Tom felt very uncomfortable to hear this, let alone Pence himself.

Then there came Pence's voice, "General Watson, if you have any dissents about us and feel that we are not capable of taking charge of the Kungfu Cup, you can report to the higher-ups instead of coming here and show your arrogance! You, General Watson, are well-regarded, but the Military Intelligence 3 also has its dignity!"

There were also complaints from other executives of Military Intelligence 3 and they began to retort.

Chapter 748

The feast had only been held for a short time, but there was such an intense conflict. It was obvious that the other party just didn't like the Military Intelligence 3.

Tom frowned slightly. He was a little confused. Since the Kungfu Cup was so important, why did the superior let Military Intelligence 3 take the responsibility? Since the Military Intelligence 3 was in charge, why did the superior sent their opponent to cooperate with them? It was obvious that they were going to screw up the Kungfu Cup.

Time went back ten minutes ago.

During the feast, a rough voice sounded, full of provocation, "I heard that all the instructors of the Military Intelligence 3 are very strong and have made a lot of war achievements. Coincidentally, I am also a martial artist. I want to challenge the instructors of your Military Intelligence 3 this time."

After a pause, he continued, "I wonder if you dare to accept my challenge?"

This voice was full of vitality. As long as Tom heard it, he knew that the man's cultivation had reached the fourth stage of Innate Realm at least, and it was even at the peak of this stage.

The entire Military Intelligence 3, along with Pence himself, could not

beat this man.

After he finished speaking, after a while, no one dared to fight, which immediately caused ridicule, "Hahaha, your Military Intelligence 3 brags so cockily but no one dared to fight? How can this be? You are the organizer of this Kungfu Cup. With your guts, will you be able to control the feast?"

Another voice rang out, "It doesn't matter if you lose the face of your Military Intelligence 3, but you also lose the face of our H Country. Can you take this responsibility?"

"You!"

"Don't be so rampant!"

"You actually have such a bad attitude.

How dare you mock our Military Intelligence 3!"

His words provoked the anger of many executives of Military Intelligence 3 and they began to scold.

Just then, a loud voice came. It was Marlin, "That's enough, what are you bragging about? You just want to fight! I'm in! However, I said it here, my fists and feet are blind. When you get hurt by me, I won't be responsible!"

"Hahaha, Marlin, how can you dare to talk big? You can only hurt me in your dreams! It's not that I look down on you. I can torture you with only one hand."

Among people from Y City stood a

burly middle-aged man with closely cropped hair and bright eyes. His temples were especially bulging. He was obviously a master. He looked at Marlin with disdain.

There was also a hint of hatred in his disdain. He was Marlin's enemy, Amos.

Marlin also stood up, snorted heavily, and said, "You're so madcap, and then I really want to see if you can torture me with one hand!"

Pence felt Amos's strength. He winked at Marlin and signaled Marlin not to be impulsive.

However, Marlin's eyes were resolute and he shook his head at Pence, indicating that he could not bear it.

"Please." Marlin ran his momentum and it kept rising, and his eyes were filled with horrible light. Amos did not interrupt him. He looked at him with disdain all along and did not take Marlin seriously at all.

Finally, Marlin gathered his momentum to the peak and made a bold move.

Marlin's strength was originally in the third stage of the Innate Realm. During this period of time, he had accepted Tom's guidance, although there was no breakthrough in the realm, his strength increased a lot. It was no exaggeration to say that he was almost at the peak of the third stage of Innate Realm, and he was only one step away from the fourth stage.

Even the people of Military Intelligence 3 were surprised when they felt Marlin's momentum. They didn't expect Marlin's momentum to become so strong. However, they immediately thought that it should be Tom's credit. After all, now Tom was the chief instructor of the Military Intelligence 3, he was so powerful that even Marlin would consult him.

Amos secretly put away his contempt. He was also somewhat surprised that Marlin was so strong now.

But though he was in the peak of the third stage of Innate Realm, in front of him, he would also be defeated.

Amos faced Marlin's attack calmly,

without any pressure at all. Marlin was almost beaten all the way. Everyone in the room could see that Marlin was obviously not Amos's opponent.

"Marlin, is this your strength? It's too weak. It's not fun. Give in!"

As Amos finished speaking, his momentum suddenly changed and he overtook Marlin. At the same time, his speed was much faster. With one punch, he broke Marlin's defense and hit him hard in the face, sending Marlin flying out on the spot and knocking him down. In a fight, it was KO.

"Hahaha, he's too weak. Instructor Lee KO him with one punch."

"With this strength, how dare they

take charge of the Kungfu Cup? I'm afraid they won't be bullied to death by those foreigners!"

"I think it's better to respond to the superior to let Military Intelligence 1 and Military Intelligence 2 be in charge so that we don't have to lose face."

"It's a small matter to lose our face. If they lose H Country's face, it is irremissible!"

Everyone in the Military Intelligence 3 was very angry when they heard this. They all gritted their teeth. Even someone as calm as Pence could not help but clench his fists.

These guys from Y City went too far, they didn't take them seriously at all!

Amos stood there proudly, as arrogant as an invincible king, looking down at the losers of the Military Intelligence 3, and he said pompously, "Your strength is too poor. I'm very disappointed. Well, I won't bully you anymore. You guys go together. I'll fight all of you alone. If I can't beat you in ten minutes, you'll win."

These words made the fire burn even more. This was not only looking down on the Military Intelligence 3 but humiliating the Military Intelligence 3, including Pence!

There was no one in the Military Intelligence 3 was strong, which was already the consensus of many people. Even a while ago, with Tom's reputation, it was just a flash in the

Jeremias. For the people in Y City, they didn't believe it.

The main reason was that Tom's rise was too sudden and outrageous. What was the meaning of reaching Major Perfection Realm under the age of 30?

It was no different from a three-year-old child being a scientist.

Anyone with any logic would not believe it unless they saw it with their own eyes, but the problem was that not many people had seen Tom except in the circle of G State. In particular, the top men from Y City had never seen him. For a top master like Amos, he would not believe it.

He was 42 years old this year and had

broken through to the fourth stage of Innate Realm, which was already very awesome. Now he was told that someone was under 30 years old but was in the Major Perfection Realm. Wasn't that a joke?

In his understanding, this must have been publicized by the Military Intelligence 3 itself. In order to make them more well-known and respectable, just like the right to host the Kungfu Cup, they only got it because they tricked the superior.

This time he came to G State, he was going to smash the lies of Military Intelligence 3.

Chapter 749

It was not that Amos was arrogant, but that he was really confident. He had already investigated and found out that the most powerful person in the Military Intelligence 3 was their director, Pence, who was in the fourth stage of the Innate Realm. However, he was not a top master yet. Pence was not that talented, and he was a manager, so he did not have much time to cultivate. That could explain why he was not that strong.

And Marlin, Silas, and the others were even weaker.

The Kungfu Cup was very important to H Country, and the country's leaders took the game seriously. If it could be

held successfully, it would be a great achievement. Moreover, this was not a difficult task at all. Instead, it was a well-paid easy job, but leaders had assigned the Military Intelligence 3 to the job. Amos was really unhappy because he was from the Military Intelligence 1.

In his opinion, this important task should be handed over to the Military Intelligence 1.

However, this was a direct order issued by the higher-ups. No matter how dissatisfied he was, he did not dare to refute the leaders directly. What he could do was follow General Watson to G State and humiliate the Military Intelligence 3 fiercely at the reception party. He also wanted to beat top

masters of the Military Intelligence 3 to pieces. Only then did General Watson have reason to report to the higher level that the Military Intelligence 3 was not capable of taking this responsibility. Then the job would be handed over to the Military Intelligence 1. This was what General Watson had promised him.

Faced with this kind of thing, the people of the Military Intelligence 3 were naturally very angry, but there was nothing they could do. They had to admit that without Tom, they were indeed no match for Amos. Of course, if they joined forces, they would definitely defeat Amos. But it was pointless. Even if they won, they would be despised.

They were especially regretful now. If they had known it, they would have called Tom over. With Tom around, Amos would not dare to flaunt his power here.

When Amos saw that they all didn't dare to say anything, he was even more pleased. He snorted and said, "Is that all you have? You don't dare to challenge me even if I allow you to join forces. How dare you take on the responsibility of hosting the Kungfu Cup?!"

General Watson also said, "Director Pence, Kungfu Cup is very important as it will affect the prestige of our country. In my opinion, you are so weak that you cannot even defeat Amos. Director Pence, you're smart.

You know, if the Kungfu Cup is ruined because of you, you can't afford to take this responsibility. So, as your friend, I suggest that you take the initiative to apply to the higher level and give this important task to the Military Intelligence 1. It's good for everyone."

What he said humiliated the Military Intelligence 3, and others also kicked them when they were down. Everyone pretended to persuade those of the Military Intelligence 3 with good intentions, but in fact, they despised the Military Intelligence 3. People of the Military Intelligence 3 looked extremely sulky.

"Amos, don't be presumptuous! You are so weak that you are no match for our general instructor at all!"

One of the higher-ups couldn't help but scold.

Thorn also continued, "General Watson, you don't have to be hypocritical here! If we, Military Intelligence 3, cannot do it, then neither can Military Intelligence 1!"

Marlin couldn't help but say loudly, "Yes, our Military Intelligence 3's most powerful chief instructor hasn't come yet. Don't be so arrogant!"

Then the rest of the Military Intelligence 3 looked at him.

Thorn said in a low voice, "Marlin, what happened? Did you tell Tom?"

Originally, Tom was not informed of

this reception party. First, they did not expect that people from Y City would pick on them. Second, Tom was going home. But they never expected such a thing to happen!

So they all regretted it now. If they had called Tom over, they would have embarrassed Amos and General Watson!

Marlin nodded hard and said in a low voice, "I invited Tom yesterday, just in case Amos would do this!"

Suddenly, Pence and Thorn's eyes lit up and they couldn't wait to ask, "Did Tom agree?"

Marlin nodded and said, "Yes. He said he would come."

"Then why hasn't Tom arrived yet?"

Marlin scratched his head. He was also very confused and didn't know why Tom hadn't arrived yet.

Amos seemed impatient and did not believe that there were any other masters in the Military Intelligence 3. In his opinion, Marlin was just bluffing.

"Humph. I used to respect the Military Intelligence 3 and think that your Military Intelligence 3 did things aboveboard. Now it seems that's not the case!" Amos immediately said with a sneer, his tone full of disdain, "I have to admit that your Military Intelligence 3 was powerful five years ago, but now, your day has gone."

"You keep saying that I'm no match for Tom, which makes me think that he is very powerful. If you have the guts, let him out. I'll see if he can defeat me!"

After Amos finished speaking, a big man next to him sneered and said in a strange tone, "Old Lee, do you really believe it? If that guy surnames Tom is really that powerful, he'd be here. I think it's just a lie made up by the Military Intelligence 3."

"Ha ha, that's right. Military Intelligence 3 is vulnerable. When we go back, let's report circumstances to a higher level. The Military Intelligence 3 is too weak to be able to hold the important task of hosting the Kungfu Cup."

The people from Y City were all mocking and humiliating them. Pence and others were gnashing their teeth and their faces were gloomy.

Hosting Kungfu Cup was a rare opportunity. If it was done well, it would be a great achievement, and there was still hope to restore the glory of the Military Intelligence 3! But now, facing the ridicule of Amos and others, they were really angry and powerless. After all, they were not as strong as Amos.

Silas said in a deep voice, "Call Tom and ask him to come over. These bastards need to be taught a lesson!"

His words were echoed by others, and they all looked forward to Tom coming

here as soon as possible. As long as Tom came, he would definitely teach Amos and others a lesson.

Marlin nodded. He took out his phone and called Tom...

But soon, his face turned pale. "I can't get through to Tom..."

Hearing this, Pence and others were in despair and they even shook.

Chapter 750

Pence gritted his teeth and made a decision, "Since Tom isn't here, I'll maintain the honor of Military Intelligence 3!"

Thorn immediately said, "But you were hurt last month and haven't fully recovered. It's not appropriate to fight with Amos now!"

Last month, Pence suffered internal injuries when he was on a mission. He hadn't recovered yet. He would be more seriously injured if he fought with Amos. He was risking his neck!

Pence smiled bitterly and said, "Do we have another choice? I have to fight with him. None of you have reached

the fourth stage of Innate Realm."

Everyone sighed heavily and looked upset. Pence was right. In the Military Intelligence 3, apart from Tom, only Pence reached the fourth stage of Innate Realm. Amos could win any one of them easily.

In an instant, they all became sad and angry. They hated that they were so incompetent after cultivating for so long.

Pence was determined. He took a step forward and changed his momentum greatly. He was not worse than Amos. He looked bright and the hall turned much brighter for an instant.

"I'll fight with him!" Pence walked up to

Amos with high morale and didn't dodge him. As the director of Military Intelligence 3, he should protect their honor now!

Amos burst out laughing, "Good. Pence, you finally come out. I will see how the director of Military Intelligence 3 is!"

After speaking, his momentum overtook Pence. Pence felt great pressure from him.

Everyone in Military Intelligence 3 felt extremely bad at the moment. They knew that Pence couldn't defeat Amos. He was just protecting the honor of Military Intelligence 3.

However, the door was opened when

the war was about to break out. A slender man came in, "Director Pence, he is just nobody. You needn't fight with him personally."

A tall and handsome young man came in unhurriedly. He was charming and attracted everyone present.

"Tom!"

When they saw Tom, they were stunned. They became excited and clenched their fists. They were like people who drowned and found a life-saving straw. They cried out one by one.

"Great! It's Tom!"

"Haha, I know that Tom wouldn't abandon us. Amos can't defeat Tom

definitely."

"Of course. Tom is a rare martial arts prodigy. He is a master of Major Perfection Realm of Innate Realm in his twenties! He can kill Amos easily!"

"Amos will fail definitely! Haha haha..."

At the same time, the people from Y City also found Tom and frowned.

They had seen the photos of Tom when they were in Y City. They didn't take it seriously. They didn't believe that anyone could reach Major Perfection Realm of Innate Realm in his late twenties in the world!

It was like they were told that a three-year-old child was a top scientist in the world and could win Nobel Prize. It

was completely impossible. In their opinion, it was just a lie made up by Military Intelligence 3. They just wanted to show off. It was just like a movement to make up gods.

Amos stared at Tom. At first, he was a little afraid. He saw that Marlin, Thorn and the others were so excited. It might not be a joke. But he saw Tom clearly, who was young. Considering his breath, he might reach the fourth stage of Innate Realm at most. And he must just enter the fourth stage.

He could defeat him easily.

So he was not afraid at all. Instead, he held his arms around his chest and stared at Tom with a half-smile.

His purpose was to reveal the lie of Military Intelligence 3 and to show how strong he was.

"Tom, it's great that you're here."

When Pence saw Tom, he immediately breathed a sigh of relief.

Unknowingly, Tom had become the backbone of Military Intelligence 3. As long as Tom was with them, they would be at ease. Since Tom defeated Reid on the King's Landing Mountain, the members of Military Intelligence 3 had believed him more. They were in awe of him!

Tom nodded. He looked around and knew what happened.

Amos glanced sideways at Tom. He

said frivolously and looked arrogant. He did not take Tom seriously at all and said arrogantly, "Boy, are you the master who reached Major Perfection Realm of Innate Realm under the age of 30? The members of Military Intelligence 3 know well how to hype things up. You'd better enter the entertainment industry rather than defend our country."

Hearing his words, people from Y City laughed.

The members of Military Intelligence 3 gritted their teeth again and were very angry. They especially hoped that Tom could teach these scumbags a lesson. They were so bad!

Tom didn't care about it and he

remained calm throughout the process.

"It seems that you think you are strong and look down on the Military Intelligence 3?" Tom asked with a half-smile.

Amos sneered disdainfully, "It's not my thoughts. It is the fact. You have declined, so you should have self-awareness and be modest! Why did you boast? The Kungfu Cup is very important. You can take responsibility? Bah!"

He was so arrogant, which made people unhappy. Tom didn't hate him at all, but now he was unhappy with him now.

Thorn couldn't help but scold, "Amos, don't be pretentious! Tom is here. It is easy for him to beat you. You'd better apologize to us. Otherwise, he can defeat you easily!"

Marlin followed, "That's right. Amos, you can't compare to him with what you learned. You'd better apologize now. Once he starts, you won't have a chance. He can knock you over with a slap."

Other people of Military Intelligence 3 were also bold and fought back to ridicule them. Amos looked bad. And people from Y City were angry.

"Amos, stop talking! Go ahead and defeat him!"

"Yes, Old Lee. Just beat him. Make him cry!"

"Beat him, Instructor Lee..."

Amos was also angry and looked at Tom coldly, "Boy, you've angered me. Kneel down and apologize to me. I can spare your life, or else, you'll die!"

Chapter 751

As Amos said this, his momentum became stronger and stronger, as if it had condensed into substance, making people unable to breathe. Even Pence raised his eyebrows fiercely. He felt great pressure and it made him palpitate.

Let alone the others.

They were all like confronting a formidable enemy, dripping with sweat.

That's normal. In Innate Realm, the gap between each stage was huge. And Amos was at the top of the fourth stage of Innate Realm. For Marlin and the others, the pressure was

imaginable.

Let alone those who were lower than the third stage of Innate Realm, they did not even dare to look straight at Amos.

The people on Y City's side all smiled cruelly. They knew that Amos was powerful. Even in places like Y City, he was ranked well. As the master of the fourth stage of Innate Realm, it was easy to deal with Tom.

For a moment, they all looked at Tom like looking at a clown.

Tom immediately smiled. "Kill me? People at Major Perfection Realm of Innate Realm dare not say such things in front of me. You are a small

character in the fourth stage of Innate Realm. You dare to talk big in front of me."

Then, he turned to Pence and said, "Director Pence, if I want this guy's life, will it make it difficult for you?"

Tom said this calmly as if he was just saying something extremely ordinary. It seemed like he would slap a fly to death, and it was quite easy.

Pence was stunned for a moment. He didn't expect Tom to ask him that. His first reaction was that Tom was joking, but when he saw Tom's eyes carefully, it didn't seem like he was joking. It was true. For a moment, he couldn't help but feel his heart beat faster. He swallowed and said, "It's better to be

merciful. Just teach him a lesson."

Pence was really afraid that Tom would kill Amos on impulse. Even if Amos was arrogant just now, he was still a member of the military. If Amos was slapped to death directly, Tom would still be in big trouble.

Tom nodded and said, "Okay, I see."

When everyone saw this, they couldn't help but be stunned. They felt that Tom was too arrogant... No, it was beyond arrogance. To Amos, it was a great humiliation!

The corner of Amos's mouth twitched violently. As a master at the top of the fourth stage of Innate Realm, even in Y City, he was a famous big shot. He

entered the military when he was more than ten years old. He was now in his forties and had been outstanding for more than thirty years. He had made countless achievements, killed so many people and intimidated so many forces.

But he had never been humiliated like this before. He was humiliated by a young man under the age of thirty!

In an instant, his chest was filled with endless anger, and his eyes were red and bloodshot. He coldly clenched his fists and made a cracking sound. Coupled with his expression and momentum, it was very scary, completely like a volcano about to erupt!

Immediately, there was a sudden silence, and almost everyone was frightened by his appearance. Subconsciously, they took a few steps back. Anyone who knew him knew that he was really angry and he really wanted to get rid of Tom!

He laughed angrily, revealing a cruel and ferocious smile. "Good, very good, very good! Tom, the chief instructor of the Military Intelligence 3, right? You have guts! I haven't been humiliated like this for a long time. You're the first man I've met in nearly ten years, so gutsy!"

Facing his threat, Tom did not even blink. He still had a faint smile on his face and did not take him seriously.

Jokingly, Tom was now the most top one in the Major Perfection Realm of Innate Realm. Even Fausto was defeated by him. His opponent was only the one who was at God Becoming Level. While Amos, was only a small character of the fourth stage of Innate Realm. Even three people of the Major Perfection Realm of the innate realm fought with him together, Tom did not care about them. If they dared to fight with him, he would directly crush them.

It was not he was arrogant, but he actually had great ability!

"Amos is really angry. Tom is going to die!"

"Yes, Old Lee is serious. I remember

the last time he showed this expression, it was already ten years ago. At that time, an s-level strong man from Country M also provoked Old Lee like this, but he was slapped to death by Old Lee on the spot and turned into a pile of mud! Now this guy, he seems, is at the third stage of Innate Realm. In front of Old Lee, he is like an ant. How dare he provoke Old Lee like this? I don't know where he got the courage."

"Needless to say, it must be because the Military Intelligence 3's crazy hype during this period of time that made him the first master in the younger generation at the Major Perfection Realm of Innate Realm under the age of 30. He must think that he is actually a rare genius in a thousand years and becomes self-righteous."

"The analysis makes sense. It seems that this is the case. Unfortunately, this guy messed with Old Lee. In Y City, who doesn't know that Old Lee is famous for his irritability? Now that he messed with Old Lee, he's looking for death!"

"Look, Old Lee will definitely not spare him. Breaking the arms, breaking the legs, and breaking cultivation are the lightest. It's up to the Military Intelligence 3 whether they are willing to protect him or not."

At this moment, the camp from Y City began to discuss enthusiastically. They were all gloating at Tom and the people of the Military Intelligence 3. In their opinion, Tom would definitely die, and

even the Military Intelligence 3 would be implicated.

At this moment, Old Lee also turned around and said to General Watson, "General Watson, I want to kill him."

He asked General Watson the same question as Tom just now, but he got a different answer. General Watson nodded and said, "No problem."

Old Lee's eyes lit up when he heard this, and he became even more excited. There was a frightening red light in his eyes, which looked especially frightening. Moreover, he licked his lips and looked at Tom as if he was looking at prey.

"Guy, you're dead. No one has ever

been so arrogant in front of me!" Amos looked at Tom. His expression in his eyes was like lightning, full of murderous intent. The intensity of this murderous intent made the people of the Military Intelligence 3 behind Tom shudder.

But Tom smiled, reached out a finger to Amos, and said, "One move."

"Hmm?" Amos was confused.

Tom continued, "With just one move, I'll beat you, or I'll lose."

Chapter 752

Amos, "..."

General Watson, "..."

Everyone from the Y City camp, "..."

Hearing Tom's words, they were all speechless. They all looked at Tom as if he was a fool. They felt that Tom must be crazy, otherwise he wouldn't say such things.

Amos was an absolute master. Even a Major Perfection Realm master in the Innate Realm didn't dare to be so arrogant and said that he could beat Amos with only one move!

As for people of the Military Intelligence 3, they were all very

excited. They knew Tom well. They knew that Tom was not a braggart. Every time Tom spoke in a seemingly arrogant manner, he would do what he had said in the end.

Just like now, Tom said that he could defeat Amos in one move, then he would definitely be able to do it.

The corner of Amos's mouth twitched again, and then he burst into a wild laugh. His face turned red and he was so angry that his whole body trembled, "Ha ha ha! Good, good! Defeat me in one move? Even a master of the Major Perfection Realm in Innate Realm wouldn't dare to be so arrogant! I want to see how you can defeat me!"

After saying this, he made a bold move

towards Tom.

His eyes suddenly widened, like a copper bell, and it was shining with fury. In an instant, the lights in the huge banquet hall suddenly became much brighter. Even some people whose cultivation was at lower levels felt as if their mind shut down and even their hearts stopped beating.

It was as if time had stopped for a second, which showed how powerful Amos was.

Amos was really angry now. Originally, he only needed to exert 50% of his strength to crush a nonentity like Tom. But now, he used 100% of his strength to fight Tom in an absolutely violent and invincible manner!

He wanted to beat Tom to pieces.

Anyway, he had just received General Watson's permission. General Watson would clear up the mess for him. There was nothing that he was afraid of.

"Bang!" At the same time with this sound, Amos had already rushed to Tom without any impediment, and then he clapped on Tom. There was even a sound of lightning and thunder.

"Boom!"

At this moment, in everyone's eyes, Amos was no longer a human, but like a thunder god who descended from the heaven. There was a supreme energy in his palm. Tom could be slapped to ashes with only one pat from him.

At that moment, Pence's expression changed when he saw Amos's move. He blurted out, "Damn, Amos doesn't obey the rules. He's going to kill Tom!"

Marlin was also stunned. He thought that Amos was only a master of the fourth stage of the Innate Realm, and he could not be a match for Tom. But Amos's move, with all his strength, showed that he was actually in the Major Perfection Realm of the Innate Realm!

Moreover, the worst thing was that Tom seemed to be distracted. He watched Amos attacking him in the face but didn't try to fend against him!

If Tom was beaten by Amos, he would

not be able to withstand even he was in the Major Perfection Realm of the Innate Realm!

If Tom couldn't withstand Amos's attack, then it would be a great dishonour for Military Intelligence 3!

At that time, General Watson would definitely go back to Y City and report to the authorities to hand over the task of holding Kungfu Cup.

In this way, the Military Intelligence 3 would become a joke, and it would be even harder for them to regain their glory.

As for people from Y City, when they saw that Amos's mighty move, they all smiled meaningfully, feeling that Amos

was in the bag. They even had imagined the scene that Tom was slapped to death by Amos.

General Watson also nodded, not concealing his admiration for Amos.

Amos smiled proudly as if he would definitely win.

However, just as everyone thought that Tom was going to suffer a lot, they heard a bang. Then, a shrill and painful scream spread throughout the crowd, "Ouch!!!!"

It was Tom who made a move. No one saw how Tom did it. It was as if it was just like a flash of lightning. It was clear that Amos was about to hit Tom's chest, but then Tom also started to

strike. After that, Tom made a late move. His fist directly collided with Amos's palm, and it was as if Amos's palm was torn apart. And then Tom gave him a punch in the chest heavily. Tom was so strong that he made a hole in Amos's chest. Amos, who weighed 200 kg, flew out and fell on the ground heavily.

It was only a blink of an eye from Amos's sudden attack to Tom's counterattack, and then Amos was screaming and flying away, It happened too fast for the bystanders to react.

Only the Innate Realm masters, who had good eyesight, knew what happened. As for other ordinary people, whose cultivation were lower

than the Innate Realm, could not keep up with Tom's move at all. They only saw Amos make a move, then scream and fly out.

All of a sudden, everyone at the scene was in a daze. Their eyes were wide open, and they were stunned. Even Pence could not react for a moment.

They knew that Tom was strong, but they never thought that he would be so strong.

Tom said he could beat Amos with one move just now, but it was too fast. It was just a punch.

What happened was far away from everyone's expectations. People from Y City were all dumbfounded, thinking

that they had hallucinated!

Even General Watson, a big shot who had been through a lot of trouble, was now shocked. He couldn't believe that everything in front of him was real.

"This..."

In the end, it was Tom himself who broke the silence. He clapped his hands as if he had just done a very insignificant thing and said, "You can't even take a punch from me. How dare you behave atrociously here? How dare you?!"

Gulp, gulp, gulp!

Finally, after hearing Tom's words, people came to their senses and swallowed hard.

When Amos was punched, he became much weaker and was dying.

But he didn't faint. Instead, he opened his eyes wide and looked at Tom as if he had seen a ghost.

Others did not know, but he felt clearly the horror of Tom's punch just now!

Even the Y City's number one master, Little Martial God, wouldn't be so scary!

Chapter 753

The shock in Amos's heart was indescribable!

He had never seen such a powerful person before. With Tom's punch, he seemed to have seen the end of the world and the sky was about to fall. He had no doubt that Tom's pinch could kill him!

Tom was only 28 years old this year. How could he be so terrifying in his cultivation?

When Amos was in Y City, he had heard that there was someone like a monster who was unbelievably strong in the Military Intelligence 3. Amos never believed it. But now, he had to

believe it. The strength revealed by Tom's punch just now was stronger than what the rumor said!

As for others, they were all stunned and did not dare to speak. They were afraid that they would disturb Tom and make him displeased.

The people from the Military Intelligence 3 were excited and Marlin laughed, "Tom is so powerful! He defeated Amos with only one punch, ha ha ha!"

Thorn couldn't help but laugh loudly, "Amos, what did you say just now? You looked down on our Military Intelligence 3 and thought that our Tom was just bluffing. How is it? Do you still hold that view now?"

Others also mercilessly ridiculed Amos.

Amos was so embarrassed, and he did not dare to refute. There was no way for him to refute. Tom's punch just now really scared him, especially now he still felt the piercing pain! His ribs were all broken and dented. If he hadn't been strong enough, he would have fainted in pain.

Tom patted his sleeve as if he had just done a trivial thing and said to Pence, "Director Pence, do I need to deal with the rest of them?"

Pence was just in a state of excitement. When he suddenly heard Tom's words, he was startled.

These people were big shots from Y City. Amos was not that superior. And it was Amos who provoked them first, so there was no problem that Tom hurt him. But Tom couldn't do the same to others, especially General Watson. He was a big shot. How dare the Military Intelligence 3 offend him?

As for the people from Y City, they were all shocked when they heard Tom's words, including General Watson. They raised their eyebrows fiercely and couldn't help but be nervous. If Tom really attacked them, it would be really difficult for them to cope with!

Pence said quickly, "No, no, they are all colleagues from Y City. They are mainly in charge of the Kungfu Cup's

hosting, and they have a cooperative relationship with us."

General Watson and others could not help but heave a sigh of relief when they heard Pence's words. They were really afraid that Tom would be a bold fool to go crazy and attack them.

"Really?" Tom said, then stopped talking. His mission had been accomplished. He had helped the Military Intelligence 3 salvage the reputation. It was Pence, Thorn, and others' business to negotiate with them.

Because of Tom's outburst just now, people from Y City obviously did not dare to be as arrogant as before. They also put away their contempt, and their

attitude involuntarily became better.

Tom was sitting by the side and eating quietly, keeping a low profile, but no one could ignore him. On the contrary, Tom had unknowingly become the focus. Everyone of the Y City camp was afraid of him.

"Old Lee, what happened to you just now? How could you be defeated by this guy with one punch?"

"Yes, Instructor Lee, you are the most powerful person in the fourth stage of the Innate Realm. You can't even be defeated by the Little Martial God in three moves. Why did you lose to Tom?"

"Amos, you've humiliated Y City this

time!"

Many people of the Y City camp began to complain and query Amos.

Although Amos was seriously injured, he was at least a strong master in the fourth stage of the Innate Realm. His physique was far stronger than ordinary people, and Tom did not intend to kill him just now, so his injury was not too serious. After simple treatment, he could move normally without going to the hospital.

Amos looked deeply at Tom, his face still a little pale. With lingering fear, he took a deep breath and said, "The recent rumors are not made up. This guy really has the power of the Major Perfection Realm in the Innate Realm!

Even his strength is above the Little Martial God!"

"What?!"

"Really? That's impossible!"

"Yes, the Little Martial God is the No.1 master in Y City. Even the God of War has said that the Little Martial God is a rare martial arts genius once-in-a-century. In ten years, he is expected to break through to the God Becoming Level!"

"Amos, are you crazy after being beaten up?"

Several people expressed their doubts and disapproval. Indeed, the Little Martial God was too famous in Y City. He was just like an idol to them and

was also a sign of Y City.

Now someone from Military Intelligence 3 just suddenly came out, whose strength even surpassed the Little Martial God's. Who would believe that?

Just like the situation that a martial arts leader had been in power for many years, and then a lad suddenly appeared from nowhere. Just because he had defeated a master, then he was called the No.1 master of the world and even stronger than the martial arts leader. How could it make sense?

Amos snorted and said, "Forget it if you don't believe me. Don't you know how my strength is like? If it weren't for Tom's mercy, I would have died of his

punch!"

Although he was very unwilling to admit this fact, he had to say it out. Otherwise it would indicate that he was too incompetent.

Everyone knew Amos well enough and they knew that Amos was not lying. Now they were even more afraid and in awe of Tom. They couldn't help but turn around and look at Tom. They found Tom eating and drinking quietly, looking very polite, like a refined university professor. It was a huge contrast to his domineering posture just now.

Just then, as if Tom had sensed their gaze, he suddenly turned around and gave them a thought-provoking smile,

which startled them. It was just as a primary school student was discovered by the teacher. They hurriedly turned their heads away and did not dare to look at Tom anymore.

Other people of Military Intelligence 3 also saw this scene and couldn't help but laugh and show pride on their faces. Tom was from the Military Intelligence 3. It was their pride to have a colleague who was so powerful.

With Tom around, the conversation between the Military Intelligence 3 and General Watson was back on track, and General Watson put away his contempt.

Other people from Y City did not dare to look down on the Military

Intelligence 3 anymore. Their impression had changed a lot. People nowadays would only be convinced by fists. Whoever was strong and powerful would be respected.

A few years ago, Military Intelligence 3 lost too many masters in the war. Its strength plummeted. Gradually, it was looked down upon by their peers. Therefore, many people were not convinced that the responsibility of hosting the Kungfu Cup fell on Military Intelligence 3. But now, because of Tom, they put away their dissatisfaction.

After chatting for a while, General Watson and Pence were almost done. Just as they were about to leave, General Watson took the initiative to

walk over to Tom and said, "Tom, can we talk for a second?"

Chapter 754

Tom didn't feel surprised to hear that. After all, he had shown his strength.

Instead of immediately agreeing to have a talk with General Watson, he looked at Pence first. Pence was his superior, so Tom should show him respect.

Pence felt warm. He understood that with Tom's ability and potential, Tom would be more powerful than him. And he was somehow grateful to see that Tom showed respect for him and asked for his permission.

Pence nodded gently in agreement.

Only then did Tom follow General

Watson to the side.

General Watson did reach the Innate Realm. He was just at Master Realm, so he was only an ordinary person.

Tom was surprised. In his opinion, anyone who could become a general must be a great master.

General Watson seemed to know Tom's doubts. He smiled faintly and said, "I am an official, not an officer."

Tom immediately understood that General Watson was a powerful leader in terms of strategy. As an ordinary person, being able to become a general meant that General Watson's leadership qualities were extraordinary. He must be a talent.

Otherwise, he must have been killed on the battlefield.

"I wonder what can I do for you, General Watson." Tom directly asked.

General Watson looked at Tom with appreciation in his eyes. He came straight to the point, "Tom, you're a great talent. You are wasting your talent in your present job. Come work for me. You'll be a deputy general in five years."

Hearing this, Tom was both surprised and unsurprised.

Tom wasn't surprised because he had guessed that General Watson would ask him to work for him. But Tom didn't expect General Watson to say that to

him right now.

"Thank you, but I'm fine at the Military Intelligence 3." Tom refused without hesitation.

General Watson was not angry. He smiled and said, "Tom, don't reject me in such a hurry. I value talented people. You can achieve more if you work for me. You'll be famous all over the world and become the second God of War. You may even be worshipped by the whole country."

Tom smiled. General Watson thought he was a still naive young adult and was coaxing him.

Tom shook his head and said, "Sorry, I'm not ambitious. I think I'm fine now.

I'm not interested in being famous."

General Watson frowned slightly. He had thought that Tom would agree. But Tom was not interested at all and directly rejected him.

Although General Watson was not good at cultivation, his position was high and his power was great, so few people would reject him.

Besides, he valued talented people, so he really hoped Tom could work for him.

But since Tom had said that, he could just nod and say, "Alright, Tom, this is my card. You can call me at any time if you change your mind."

Tom nodded and took General

Watson's card. After all, he should show some respect for him.

Besides, General Watson's influence in Y City was great. Tom was glad to make friends with him. Maybe he could ask General Watson for help in the future.

Then, they chatted for a few more minutes and left.

They made some progress tonight. General Watson was willing to cooperate with Pence to host the Kungfu Cup!

After the banquet, Pence, Thorn and others came to thank Tom. Tom said, "I'm flattered. That's what I should do."

...

Tom then became busy because the Kungfu Cup would be held in a month, and as one of the leaders, he had to follow up the whole process.

And many foreign experts entered the country to take part in the Kungfu Cup, so the Military Intelligence 3 should be more alert.

Tom found time to visit Amelia in Y City for two days. He was very satisfied to see that she had managed the business well.

However, after he returned to H City, he received a strange call.

Tom didn't answer the call at first, but the caller was persistent. Tom answered it after he heard it ring three

times.

Tom finally answered the phone.

"Hello?"

But no one spoke. Tom frowned, "I'll hang up if you don't say anything."

There was still silence.

Tom directly hung up the phone.

Not long after, the phone rang again. It was still that caller.

Tom frowned. Only people around him knew his number, and it was well protected so he hadn't received any unwanted calls. So he could tell that who was calling him now knew who he was and wanted him to do something.

He answered the call again. This time, he did not speak but just waited for the caller to speak first.

After ten seconds of silence, someone said, "Tom?"

It was a woman's soft voice. He thought it must be a beautiful woman.

Tom asked, "Who are you?"

Tom found the voice familiar. He seemed to have heard it somewhere, but he forgot.

"Is it really you, Tom? I'm Lexie. I'm in H City. Something... happened to me. Can you help me?" She sounded helpless and panicky.

Lexie?

He answered the call again. This time, he did not speak but just waited for the caller to speak first.

After ten seconds of silence, someone said, "Tom?"

It was a woman's soft voice. He thought it must be a beautiful woman.

Tom asked, "Who are you?"

Tom found the voice familiar. He seemed to have heard it somewhere, but he forgot.

"Is it really you, Tom? I'm Lexie. I'm in H City. Something... happened to me. Can you help me?" She sounded helpless and panicky.

Lexie?

Tom was stunned for a moment. Soon, he remembered that Lexie was the granddaughter of Joseph, whom he had seen in Y City last time. She had pestered Tom and said that she would come to H City for Tom.

Tom didn't want to be pestered by her. But Lexie did not come to him, so gradually he forgot her. He didn't expect to receive a call from Lexie today. She seemed to be in trouble.

"What happened to you?" Tom asked in a low voice.

After all, Lexie was Joseph's granddaughter, and he had owed Joseph a favor. If Lexie was really in trouble, he had to help her.

Lexie stammered, sounded helpless and flustered. She pleaded, "Can you come here? I really need your help. Please..."

Tom thought about it and agreed.

Chapter 755

Tom immediately headed to the place Lexie sent him.

It only took 20 minutes by car, but Tom didn't intend to drive there. He walked there directly so that he could get there faster.

After Lexie hung up the phone, she smiled slyly instead of feeling relieved.

"Did he agree?"

A woman in a black evening dress walked to her and asked with a smile.

Lexie straightened her back, took a sip of the red wine and then said proudly, "Of course, he won't reject me."

The woman in the black evening dress then asked curiously, "Can he win the game of arm wrestling with Lucian? After all, Lucian's master is Little Martial God, and he himself is also a master of the Innate Realm. It's not that easy to defeat him."

Lexie snorted disdainfully. "Gee, Lucian is just a weakling compared to my friend."

The woman shook her head. Obviously, she didn't believe Lexie. She squinted at Lexie and said meaningfully, "Really? I'm curious about your friend. I hope he won't disappoint us."

Then she continued, "Look, Lucian is here. You should think about how to deal with him now."

Lexie followed her gaze and saw a tall, handsome man in a suit and leather shoes. He walked over with a tall glass in his hand. Others could tell at a glance that he was a big shot since he was imposing. Everyone's attention was focused on him now.

A few people following behind him, all of whom were young people with distinguished backgrounds.

Lucian came over and nodded to the woman in black and then he looked at Lexie gently and said, "Lexie, I've been looking for you."

Lucian was 1.85 meters tall with a handsome appearance, gentle demeanor, and powerful background.

He was very charming. More than half of the people present were women, and at least two-thirds of them hoped that they could be his girlfriend, so they were hostile to Lexie.

Lexie said, "I'm here to make a phone call."

Lucian smiled again and said, "Lexie, can I invite you to dance with me?"

He was really handsome and charming. Women were drawn to his deep eyes.

But the women around him felt heartbroken when they saw how gentle he was to Lexie.

Lexie's heart skipped a beat because of his gentle eyes, but she soon regained her composure. She shook her head

and said, "Sorry, not now."

"Hmm?" Lucian was a little surprised and then said worriedly, "Lexie, are you feeling unwell? I happen to know a famous doctor here. Do you want him to check on you?"

He seemed to be very considerate. Other women would have been touched and even wanted to throw themselves into his arms.

But Lexie was not moved because she had no feelings for Lucian.

Lucian was indeed awesome. He was in his late twenties but he was already a master of the third stage of the Innate Realm. Moreover, Lucian's family was powerful in Y City. He would definitely

have a bright future.

He was almost perfect.

If Lexie didn't know Tom, she would be attracted to Lucian. But since she had known Tom, she felt Lucian was not attractive at all.

Lucian was indeed distinguished, but Tom was even more extraordinary than him.

In fact, after meeting Tom in Y City that day, Tom deeply impressed her. She wanted to come to Tom, but she had been busy in Y City and couldn't leave. Otherwise, she would have come to H City to look for Tom earlier.

But she had investigated Tom. The more she knew about him, the more

shocked she was. She was now completely attracted to Tom!

Though he was the Second Young Master of the Howards, a powerful family in H City, he was kicked out of the family and ended up being the matrilocal son-in-law of the Scotts, an ordinary family. He had to hide his status and avoided the Howards's hunting, so he suffered a lot. After Tom's grandpa died, he inherited the property and became rich again.

Later, in a short period of time, he made the ZQ Media prosperous, and he quickly broke through the Innate Realm, and his cultivation progressed very fast...

A while ago, Tom even defeated and

killed Reid, King of Southern State of
LT Organization in a terrifying way!

In contrast, Lucian was indeed far
worse than Tom. They were not at the
same level at all.

Lucian's achievements were thanks to
his family background. Without that,
he would only be an ordinary person
and would never get what he had now,
let alone be better than Tom.

He had no advantages at all.

Since Lexie already knew Tom, she
didn't think Lucian was outstanding at
all.

She shook her head and said, "I'm fine.
But my boyfriend is coming soon."

Lexie paused and then said apologetically, "I'm sorry."

Then the atmosphere immediately became tense. Lucian's smile disappeared, his eyes darkened, and the corners of his mouth twitched slightly!

Lexie had a boyfriend! And she said that in front of everyone, which made him very embarrassed!

He didn't say anything, but a young man behind him stood up and teased, "Lexie, are you kidding? We know each other well. Why don't we hear that you have a boyfriend?"

Another man also said, "Yes, if you have a boyfriend, we will know that."

Both of them were obviously Lucian's lackeys, and they helped Lucian ask what he wanted to know.

Lexie was indeed very famous in Y City. Her status was even more honorable than Lucian's, because Lexie was Joseph's granddaughter and her father was also an important politician.

In fact, apart from Lucian, there were many other young men who wanted Lexie to be their girlfriend, but because of Lucian, they did not dare to get close to Lexie.

Chapter 756

In many people's eyes, Lucian and Lexie were indeed a perfect match. They were in the same class and both were so outstanding in appearance and ability. Their children would definitely become excellent.

Many people thought that it was just a playful remark that Lexie said she already had a boyfriend. She aimed to anger Lucian. Maybe they were bickering. In many people's eyes, Lexie and Lucian were already in a relationship.

Lexie smiled and did not explain anything. She said, "My boyfriend is not from Y City, so I didn't tell you before, but he'll be here soon. You'll see

him then."

The sweet smile on her face represented happiness. It looked like she was truly in love, not a laughing matter.

As such, Lucian became even more embarrassed.

In their circle, everyone knew that he liked Lexie and was sure that she would marry him. Lexie had been single before, and he still thought that he would sooner or later be her man.

Now, Lexie accepted another man's courting, but he just knew nothing! His love had been taken away by force. To him, the whole thing was unbelievable! At this moment, he was totally angry!

A lot of people present looked at Lucian and suddenly calmed down, afraid that they would irritate Lucian. Everyone knew Lucian was obviously angry when they saw his ghastly expression.

Some of them, who secretly had a crush on Lexie and didn't dare to chase her because of Lucian's power, were quite gloating now.

On the other hand, those women, who liked Lucian, secretly rejoiced to see this. If Lucian and Lexie couldn't be together, then they would have a chance.

However, they all thought that when Lexie's boyfriend came over, there would be an excellent show to watch.

If this so-called boyfriend didn't have a powerful background, he would be miserable. Lucian would definitely find fault with him all the time! But then again, Lexie's boyfriend came from H City. How powerful could he be as he was just born in such a small city?

As a saying went, a mouse's tail couldn't have big sores. A small place like H City couldn't cultivate a powerful person. People in Y City had the confidence to say so.

Lucian didn't spout insults and still had good manners. If he was pissed off, he would look immature. So, he took a deep breath, smiled, and said, "Really? Then I'm looking forward to seeing what kind of man can capture your

heart."

He seemed peaceful and kept smiling. There was nothing unusual on his face, but everyone who knew him understood that when he said something like this, it meant that he was angry. Many people presented sympathy for the upcoming 'boyfriend'.

Why did he chase Lexie, snatching Lucian's love? Was he courting death?

Lexie gave a meaningful smile to them.

Because of what happened just now, the atmosphere there had changed.

After a while, Lexie's cell phone rang. Originally, it was an inconspicuous thing at such a party, but it attracted a lot of people's attention. Lexie did not

avoid answering the phone in public and picked it up directly. It was from Tom.

"I'm here. Are you fine?"

Lexie was a little surprised to hear that. It had been less than five minutes since she called Tom before, and he had already arrived? She immediately spoke in a gentle voice, "I'm waiting for you here..."

Lucian, standing nearby, saw that Lexie spoke so gently and even obediently to the man. He had never seen Lexie be so meek to anyone before and he was furious!

The others were also surprised. Anyone who knew Lexie was aware

that she was hot-tempered. How could she be so docile to someone? It seemed that Lexie was really in love.

Thus, they were even more curious about Lexie's mysterious boyfriend.

A few minutes later, a man walked in. He dressed casually, with an ordinary temperament and plain appearance. It was Tom.

As soon as he came in, Lexie's eyes happily lit up. She walked to him quickly and sweetly said, "Tom, you're here."

Suddenly, all the men in the room, especially Lucian, felt jealous when they saw that Lexie was so sweet to him. Lucian looked sulky. He looked at

Tom coolly and wanted to know why
Tom had the guts to steal his love!

Tom had a good power of observation. When he glanced at the scene, he knew that something was wrong. First of all, Lexie was not in any danger. It was just a normal banquet. Then, the reactions of the others showed that they were all hostile to him, especially the men, undisguised.

It was not the first time he had encountered such a situation. Obviously, Lexie lied to him on the phone and told them he was her boyfriend.

However, Tom was not angry. Instead, he breathed a sigh of relief. As long as Lexie did not have an accident in H

City, it would be good. After all, Lexie was his boss Joseph's granddaughter, and H City was under his control. If something bad really happened to Lexie, he would definitely take the blame for the accident.

"Is this what you call trouble?" Tom looked at Lexie faintly and said.

Actually, Lexie was fearless about everything. But now, facing Tom's eyes, she was nervous and a little scared as if talking to a senior.

"I, I am indeed in trouble. I have no friends or relatives in H City. You are the only one who can help me..." Lexie approached Tom, with her eyes full of pleading and nervousness, inevitably making people have the impulse to

protect her.

Tom didn't say anything but looked at Lexie calmly, and then said. "I'm sorry, I can't help you. I'll go back first."

After that, he turned around and walked out.

Lexie was stunned for a moment, then gritted her teeth with anger. She was as noble as a princess in Y City. But now, she begged a man like this, but the person still ignored her!

However, the more indifferently Tom treated her, the more she would do to hold him.

She came up with an idea. Lexie quickly chased after him and held Tom's hand with tears in her eyes. She pleaded,

"Tom, I was wrong. I shouldn't have come here without telling you, but I promise you, Lucian and I are really ordinary friends. You are the only one I love. Don't be angry. Don't leave me, okay? Please..."

Chapter 757

She said this cautiously as if begged for her boyfriend's forgiveness.

When Tom heard her words, he immediately knew that he had been deceived. Lexie called him over because she wanted him to pretend to be her boyfriend and deterred her wooers.

He had seen Lexie before at Y City. He knew that Lexie was a hot-tempered and unruly girl. How could she act like this? Besides, he and Lexie were not even friends.

Tom's eyes were a little cold. Lexie was beautiful, and she was Joseph's granddaughter and has a high status.

But because of this, the man who could court her was definitely not an ordinary person, but also a person of the same background. And Lexie was making things difficult for him.

If Tom was just an ordinary man, Lexie's approach would kill him.

There were so many people in the room. After seeing Lexie like this, everyone's expression changed. Lucian, in particular, his face was so gloomy and terrible that he clenched his fists and became so angry that the veins on his neck began to show.

He had never been so humiliated before. In the clique, everyone knew that he liked Lexie and had courted her for a long time. Now, there was a man

who son her heart. It was more humiliated than slapping Lucian on the face.

Tom looked at Lexie calmly. "Miss Ross, I don't know what I've done to you and let you do this to me?"

Although Tom wasn't afraid of Lucian, he didn't want to take the blame.

Besides, he had no relationship with Lexie, and he was purely used by Lexie.

After that, Tom let go of Lexie's hand and kept his distance from her.

When Lucian saw this, his gloomy face looked much better. An idea came to his mind. Could it be that this man was really Lexie's shield to avoid him?

However, Lexie did not panic. Instead, there were more tears in her eyes and her mouth pouted. She looked so aggrieved that she was about to cry out, "Tom, don't do this. I really didn't mean to hide it from you. It was Lucian and the others who kept inviting me. I can't refuse... Tom, please don't be angry. Please..."

It had to be said that Lexie's acting skills were very good. Tom was almost deceived by her.

Moreover, Lexie was beautiful. Her delicate appearance aroused the man's desire to protect her. In an instant, Tom could clearly feel that many men present had become hostile and angry towards him.

Tom simply ignored Lexie and said directly to the others in the hall, "Lexie and I are not even friends. Don't be fooled by her."

When he explained this, many people immediately looked at Lucian and wondered what Lucian would do.

Tom followed everyone's gaze and immediately found Lucian. He realized that this man was obviously Lexie's wooer.

Lucian stared at Tom and said, "What's your name and how do you know Lexie?"

He spoke in a condescending manner, even with some questioning and arrogance in his tone.

Tom frowned slightly. He didn't like Lucian's tone. Although Lucian was almost the same age as him, Tom could tell at a glance that Lucian was didn't have much ability even though he had a wealthy family background. Otherwise, he wouldn't only be at the third stage of the Innate Realm. Compared to Tom, he was several levels lower.

However, today's incident was caused by Lexie, and he didn't bother to care about Lucian's arrogance. He said coldly, "My name is Tom. I only met Lexie once in Y City, that's all."

"Tom?" Lucian heard it and mumbled. It seemed a little familiar. He had heard it somewhere before, but he couldn't remember for a while.

He was satisfied with Tom's attitude, and it was obvious that Tom was just a nobody. He knew Lexie probably wouldn't like such an ordinary person. Because he knew how picky Lexie was, she didn't like Lucian, let alone a small person in H City.

Seeing Lucian's reaction, Tom realized that Lucian probably didn't know him and was about to turn around and leave.

He didn't want to get involved. It was meaningless. Although he was under thirty years old, his temperament, vision, and thinking were far beyond others at this age. He was not interested in the jealousy of love affairs at all.

However, just as he was about to turn around and leave, Lexie said again, "Tom, what are you afraid of? Didn't you tell me that you would love me for the rest of your life and that all of me belonged to you? I offer my virginity to you, but you are afraid of a little figure like Lucian? You don't love me at all. You've been lying to me all along!"

Lexie almost cried out. When Tom heard this, he felt that things had gone out of control. He underestimated Lexie's shamelessness and willfulness. She actually slandered him at the cost of her own reputation. To be honest, Tom was also angry. Lexie went too far. She didn't discuss it with him and forced him. He had been stupid that he even worried about Lexie just now and

rushed all the way here.

It was obvious that how powerful her words were. And she was crying.

As he expected, everyone's anger was stirred up by her painful appearance, and they all stared at Tom with hatred.

Lucian, in particular, was so angry that his face turned ashen and his body trembled. "Tom, you're doomed!"

He said this full of anger and rage. Lexie's words just now brought a great impact on him.

Lexie had given her virginity to this guy, and he not only lied to her but also abandoned her. Lucian couldn't stand it at all.

Seeing this, Tom knew it was over. Lexie won. No matter how he explained it, Lucian could not believe it anymore. For a moment, he was also irritated. Of course, he was angered by Lexie.

Chapter 758

"How dare this beast not admit to defiling Lexie!"

"Lexie is our goddess. We can't cherish her more, but she was actually bullied by this beast. I am so angry!"

"This guy will be dead. I must kill him!"

"It's not your turn. Lucian will definitely kill him!"

All of a sudden, Tom became the enemy of the crowd. They all looked at him angrily and fiercely. Those men even rushed to him directly and surrounded him.

Tom saw this and frowned. It wasn't that he was afraid, but that he didn't

want to be fooled by Lexie and became her tool.

He didn't have any grudges with those bigwigs in Y City. It was stupid to make a grudge with them for no reason.

He glared at Lexie and said, "Lexie, you'd better explain it to them, or I'll be angry!"

Lexie was glared at by Tom coldly and trembled. She was a little scared, but she immediately returned to normal. Her eyes flashed with excitement and cunning, but her expression became more aggrieved and pitiful.

Tom was the most undisputed genius in the world today. He was a twenty-eight-year-old master of Major

Perfection Realm, and he was also one of the top levels of that realm. Lexie was now playing tricks on such a talent, which made her feel a different kind of excitement and pride. She also felt it was very funny.

Then she acted even harder. She cried and felt aggrieved. In that way, she would be as pitiful as she could be. However, she still mustered up the courage to stand up in front of Tom and shouted at Lucian and the others, "Hey! What are you doing? Stop it. I won't allow you to hurt Tom. Otherwise, we won't even be friends!"

Hearing Lexie's words, they became even angrier, especially Lucian. His face was now very gloomy, and he was really in the mood to kill Tom.

"Lexie, what's wrong with you? Are you possessed? This guy looks so useless. Why are you protecting him?"

"Yes! Lexie, you are so beautiful and outstanding. We will never allow anyone to hurt you!"

"I can't help it. Why are you talking so much? Just kill this guy! I mean, chop him up and feed him to the dogs!"

"Lexie, get out of the way and let us kill this scumbag. He's so crazy that he even dares to abuse Lexie and cheated on her! And he dares to yell at Lexie. He wants to die!"

They were all indignant and surrounded Tom so tightly, wishing they could kill him.

Tom saw this and frowned more. At the same time, he was even angrier with Lexie.

At this time, Lucian walked out and said to Lexie, "Lexie, get out of the way. I can't let him go today."

Lexie was addicted to acting. She opened her arms and protected Tom behind her. "I won't! I won't allow you to hurt my man!"

Hearing this, Lucian looked deeply at Lexie with his mouth twitching violently. "What's so good about him that you protect him like this?"

Lexie said, "Lucian, you don't understand. He's my first man. I can't leave him for the rest of my life. Just

give up. There are many women better than me. I'm already his woman."

After saying that, she turned around and looked at Tom affectionately. It was as if she was a woman who had fallen in love deeply and was willing to sacrifice everything for this man.

Tom had to admit that Lexie was really good at acting. Her performance was so natural. If he hadn't been powerful enough to sense her mental fluctuations, he wouldn't have seen her flaws on the surface. Looking at her affectionate eyes, everyone would think that they were a couple in love.

Lucian gritted his teeth. He stared at Tom without concealing his murderous intent. "Very good! No one has ever

taken away my women by force in my life. Boy, you are very brave. I remember you!"

Tom moved his lips and wanted to say something, but he held back. He knew that there was no need to say anything. Lucian was so angry that he couldn't believe him anymore.

Seeing that Tom was silent, Lucian took it as acquiescence, and he became even angrier. He was completely convinced that Tom had an affair with Lexie and robbed his woman.

The others also glared at Tom angrily. As long as Lucian ordered them, they would rush up to Tom and kill him.

If it had been someone else, they

would have been in a terrible panic when faced with this situation, but it was just a small matter for Tom.

Seeing that Tom had stopped talking, Lexie thought that she had succeeded in framing him. The corner of her mouth raised slightly, showing a hint of cunning. But this expression of hers turned into a happy smile in the eyes of Lucian and others, and their hatred for Tom became even stronger.

None of them hated Lexie. Instead, they thought that she had been deceived by Tom. Lexie was the victim, so they had to protect her with all their might and kill Tom, the most vicious guy.

Tom knew that the die was cast, so he

was reluctant to say anything more. He just asked directly, "Is that enough?"

Everyone stared at him coldly. If eyes could kill people, Tom had already been cut into thousands of pieces and died a thousand times.

Tom turned round and left. Lexie followed him silently, looking especially obedient. Seeing this scene, Lucian's heart ached again.

He had known Lexie for so many years, but he had never seen her so docile. Originally, he had imagined that she would only show her docility to him, but now, it was taken away by another man!

All of a sudden, he was irritated and

shouted with no hesitation, "Stop!"

Several men immediately blocked Tom in front of him.

Tom was still very calm, but Lexie said fiercely, "Hey! What do you want to do? Get out of my way!"

But they obviously listened to Lucian's instructions and looked away from Lexie.

Lexie took Tom's arm to protect him, saying rudely to Lucian, "Lucian, are you really going to stop us from leaving? As I said, I'm already Tom's woman. Don't you have that kind of demeanor?!"

Lucian's heart ached when he heard this, but he didn't respond to Lexie.

Instead, he stared at Tom and said word by word, "I don't care what kind of tricks you used to deceive Lexie's feelings! Lexie is my goddess. I've been chasing her for ten years. Now, I'm officially challenging you! Dare you fight with me? Whoever loses, leave Lexie!"

He was going to duel directly with Tom.

Chapter 759

Lucian said loudly and domineeringly. At this moment, he was like a god of war. Tom was just an nonentity to him.

Everyone else immediately became excited and cheered for Lucian. They gloated and even looked at Tom sadly, thinking that Tom was definitely no match for Lucian. After all, Lucian was a master of the third stage of the Innate Realm. He was a genius in Y City. Not to mention that he had been trained by the Little Martial God.

Tom's expression immediately became a little strange. Lucian asked for a duel against him. He would be bullying Lucian if he accepted it. Lucian was just like a kindergarten child who took out

a toy gun and wanted to challenge him.

Lexie also had a strange expression on her face. She looked even more cunning with her eyes blinking. Lucian and others did not know how powerful Tom was, but Lexie knew very well that Lucian was not on the same level as Tom at all.

Lucian saw that Tom was silent and he believed that Tom was afraid, so he became even more arrogant. He took two steps forward and only kept a very close distance from Tom. He looked at Tom in a completely superior manner and said provocatively, "Why, don't you dare to fight me? Are you a man?"

He was especially arrogant now, and he even gave Lexie a smug look,

indicating, "Look, the man you like is a coward, and he doesn't dare to fight at all."

The two men were rivals in love. The best way was to fight with each other and prove who was stronger. So the loser was not worthy of having the goddess. It was best for the loser to give up.

That was what Lucian was thinking now. He wanted to teach Tom a lesson in front of Lexie to prove his strength.

He even planned to kill Tom in the duel!

Others also began to mock Tom, "Ha ha ha, he sucks. Just now he was very arrogant. I didn't expect him to be a

paper tiger. Facing Mr. Watson's provocation, he is so timid."

"Isn't that normal? Do you really think this trash dares to fight? If he dares to fight, Mr. Watson will definitely kick the shit out of him."

"Indeed he is trash..."

"Look, once Lucian makes a move, he will be crippled even if he doesn't die."

No one thought Tom would win. They all thought that Tom was just relying on his blandishments to cajole Lexie and he just was a worthless piece of trash.

Tom shook his head and said directly, "You are no match for me."

Lucian raised his eyebrows fiercely,

laughed, and said with complete disdain, "Are you kidding? I'm no match for you? You're a nonentity. If I can't defeat you in three moves, even if you win, I'll leave Lexie from now on, and I'll give you a hundred million dollars personally!"

His words were so overbearing that so many people at the scene immediately became excited after hearing them. Especially some women who had a crush on Lucian, were even more excited and admired Lucian to the extreme.

Tom was speechless. Lucian was so arrogant, but who was even more hateful was Lexie. Everything today was caused by Lexie.

He looked up at Lexie without saying anything, but his eyes indicating, "If you don't stop it, I'll hurt him later."

Lexie hesitated for a moment. She did know that Lucian was definitely no match for Tom. Tom could slap Lucian against the wall with one slap, totally.

She said, "Lucian, forget it. You're no match for Tom."

When Lucian heard this, he twitched his lips and asked, "I'm no match for him? What a joke! Lexie, I don't know what this guy has done to you and makes you believe him so much. As your old friend for many years, I have to expose this guy's disguise today so that you can see clearly what this guy really is!"

Lexie wanted to say something but she held it back, as if she was in a dilemma.

Not only did her words not work, but they also aroused Lucian's desire to win. She made Lucian more determined to fight Tom.

"Tom, listen. Today, if you don't defeat me, you won't get out of here!" Lucian stared at Tom, his momentum rising.

Immediately, someone closed the door and surrounded Tom, not giving Tom any chance to escape.

When Tom saw this, he knew that if he didn't fight with Lucian, Lucian wouldn't let him go easily.

Tom was this kind of person that he

would not take the initiative to stir up trouble, but he was not afraid of anyone who picked on him. Since Lucian had already said this, if he did not accept the challenge, it would be bad for his reputation.

"Okay." Tom nodded simply and said to Lucian, "Your move first."

He just stood there with his hands down, completely relaxed, obviously not taking Lucian seriously.

Seeing Tom behave like this, everyone at the scene felt that Tom was arrogant. Many people wanted to beat him up.

"Damn! This guy is so arrogant that I want to beat him up!"

"Even a piece of trash dares to be so arrogant in front of Mr. Watson. He's risking his neck!"

"Let's wait and see. Lucian is strong and Tom will be tortured to death!"

"Come on, Mr. Watson. Beat him up and let this guy know how powerful you are!"

Lucian's eyes also became cold. He was respected by the people in Y City, and he cultivated at a high speed. At such a young age, he was already in the third stage of the Innate Realm. Wherever he went in Y City, he was the focus and got praises from everyone around him. He had never been so despised by others. He was already extremely angry.

He took off his coat, rolled up his sleeve, and turned around his neck, making a cracking sound.

There was a grim smile on Lucian's face, and there were as if two fires were burning in his eyes, which was very frightening. He crooked his fingers to Tom and said, "I forget to tell you that I am a master in the third stage of the Innate Realm. I can defeat you in one move instead of three!"

As soon as he finished speaking, an extremely powerful aura emanated from him.

Of course, this so-called extremely powerful aura was just for the other people at the scene. It was useless for

Tom.

Tom didn't change his expression. He nodded and said, "I see. You can make your move. I'm in a hurry."

"You arrogant bastard!" Lucian snorted coldly, cut the crap, and directly struck at Tom. He slid in front of Tom, and then punched him. The speed of the punch was so fast that it directly triggered the sonic boom.

In everyone's mind, a scene appeared that the arrogant Tom was beaten half to death by Lucian's punch.

However, what happened in reality was that Tom easily reached out his hand and simply grabbed Lucian's fist. Lucian couldn't move at once.

Chapter 760

Lucian was stunned. He never expected Tom to take his punch so easily? This was not what he expected to happen. In his expectation, Tom would never be able to take the punch. Tom was supposed to be knocked out by him, with his chest badly hurt.

Moreover, he was a master of the third stage of the Innate Realm!

Tom, on the other hand, was at best at the Extrinsic Peak. Tom was supposed to be outclassed by him!

Moreover, his punch was very strong in momentum, but Tom didn't even shake his body for this. Only the ground beneath his feet cracked. It didn't make

sense.

Even an expert in the fourth stage of the Innate Realm could not take a punch from him without moving at all, right?

This must be a hallucination!

As for the rest of the people present, when they saw this scene, they were also dumbfounded. It took them a long time to realize what happened.

They also expected that Lucian would easily take Tom down, but the strong punch just now was handled by him with bare hands. It made no sense at all.

"You..." Lucian soon came to his senses and tried hard to pull his fist out.

However, no matter how hard he tried, he couldn't pull it out. Tom's hand was like a pair of iron pliers, holding him tightly and he couldn't move at all.

What was more, Tom was using more strength to tighten his fists, which made him feel the pain.

Tom shook his head and said disappointedly, "You are too weak."

Lucian couldn't stand Tom's attitude anymore. He was so irritated, as if his eyes were about to pop out. "That's impossible! I'll kill you!"

He didn't even think about pulling his fist out at all. He used Tom's grip to support him to kick Tom hard on the waist. He was so fast that no one could

see his moving leg.

Bang! He did hit Tom in the waist and there was a scream.

However, this scream was not from Tom, but from Lucian. "Ah!!"

He felt like he had kicked an iron plate, and there was a painful expression on his face. He couldn't even stand still, and his body was trembling violently.

Tom gripped his right fist and lifted it up. Lucian's entire arm was lifted up. His posture was very awkward and he suddenly lost the ability to fight.

"How dare you, at such a level, challenge me? I don't know why you have the courage. You are just that kind of playboy. No wonder Lexie

doesn't like you." Tom said disdainfully.

Lucian was in an embarrassing situation. He lost all his arrogance. Now his face was pale, and cold sweat kept dripping from his forehead. No matter how stupid he was, he understood that he had met a powerful guy this time. The guy in front of him who looked very ordinary was nothing of how he looked like, but a big shot who pretended to be nobody!

He was no different from a child in front of Tom.

The others were all dumbfounded and looked as if they had seen a ghost. They could not imagine why this would happen.

"You, you, who the hell are you?"
Lucian looked at Tom in horror. His right hand was grabbed by Tom at a tricky angle, so he had to raise himself on tiptoe, which was very funny.

Tom didn't answer his question. "Are you still going to duel with me?"

Lucian was silent, but immediately, he screamed again and said quickly, "No, I dare not... Easy, easy. My hand is about to break."

Tom casually raised his arm, and Lucian couldn't stand it anymore. He could feel that as long as Tom wanted, he could break his hand easily.

"Get lost." Tom didn't want to tangle with him anymore. He had already

shown his ability. If Lucian dared to go against him in the future, he didn't mind giving Lucian a harder lesson.

After letting go of Lucian, Tom did not stay any longer and turned around to leave.

Those who had been standing in front of him were all frightened when they saw him coming over. They quickly ran aside, not daring to stand in Tom's way, for fear of offending Tom.

Lexie was also stunned for a moment. She knew that Lucian couldn't rival Tom at all and that Tom would win easily, but she didn't expect him to win so effortlessly. Moreover, Tom had been kicked by Lucian just now, and nothing happened. It was like

scratching for him.

The aggressiveness and calmness that Tom had shown just now were so manly that her heart beat faster uncontrollably. Now she came back to her senses and saw that Tom was about to leave, she quickly chased after him and held Tom's arm intimately, "Wait for me."

Tom looked at her with a deep gaze. "You still dare to come out with me?"

Lexie was a little flustered by his look, but she soon calmed down, because she knew that Tom would definitely not do anything to her. Moreover, she was a beautiful woman. As a beautiful woman, she has the privilege. No man could bear to scold her.

In the banquet hall, for a long time after Tom and Lexie left and disappeared from sight, no one dared to speak, and the atmosphere seemed particularly awkward.

Now Lucian was really embarrassed, and he kept a sullen face. He had never had such a shameful experience in his life.

Other people did not dare to say anything, for fear of offending Lucian.

Finally, someone broke the silence. A woman asked cautiously, "I suddenly recalled that that guy just now seemed to be the No.1 cultivator in G State, with the cultivation of the Major Perfection Realm in the Innate Realm."

Her voice was not loud, but she was the only one who spoke, so many people heard her.

Immediately, someone glared at her and said, "Since you know this, why didn't you say that just now?"

Others were also blaming her, as if what had happened could be avoided if she had just said this.

"I, I forgot it." She said with a grievance.

Lucian took a deep breath and his expression slowly returned to normal. He gritted his teeth and said, "Whoever has information about Tom, give it to me."

Not long after, someone called to ask their sources for information about

Tom. Not long after, when they found out information about Tom in bits and pieces, they stopped talking. Especially a while ago, the battle between Tom and Reid shocked them even more.

This was a ruthless person who could kill the cultivator of the Major Perfection Realm in the Inborn Realm, compared to which, they were just nobody

They gradually understood that no wonder Lexie, who had always had such high requirements on man could favor him, such a fierce man.

Chapter 761

Lexie saw that Tom had been silent and had a long face. Somehow, she felt a little guilty. She took Tom's hand and said cautiously, "Are you angry?"

Tom still didn't say anything and continued walking. Lexie couldn't see through what he was thinking.

Lexie gently shook Tom's hand and said coquettishly, "Well, it's my fault that I didn't tell you in advance. Please, don't be angry with me."

Her coquettish tone was extremely attractive. If it were any other man, he would forgive her at once.

But to Tom, he didn't feel anything at

all and even felt that her voice was very contrived.

After leaving the hotel, Tom shook off her hand. "I won't argue with you about this tonight. Find a chance to explain it to Lucian yourself in the future."

After that, Tom strode away. But his indifferent attitude completely irritated Lexie and made her angry all of a sudden. "Hey! Stop right there!"

But Tom ignored her and continue walking forward.

Tom's action made Lexie grit her teeth even more. She had always been a noble lady. Her status was more honorable than Lucian's, and she could

be regarded as a princess. Everywhere she went, she was respected. She had never been ignored.

Ever since she was a child, the people around her were all flatterers, trying to please her, afraid of making her angry. How could Tom ignore her?

However, how could Tom pay any attention to her? He continued walking. He was serious just now. If it weren't for Joseph's sake, he would have taught Lexie a lesson. He was no longer Phoebe's useless husband of the past, but a real big shot. A rare genius in a thousand years. Within five years, he would definitely reach the God Becoming Level.

Seeing that Tom still ignored her, Lexie

stamped her foot and shouted directly from behind, "Tom, if you don't stop, I'll tell my grandfather that you molested me!"

She shouted so loudly that everyone who passed by looked at her.

She was still wearing an evening dress. With her appearance and makeup, she was considered a first-class beauty. Many men saw her, and their eyes lit up, revealing their surprise and covetousness.

Tom frowned slightly. He did not expect Lexie to be so shameless and willful to threaten him.

No matter how good-tempered he was, he could not help but get angry.

However, he took a deep breath and suppressed the anger. He didn't want to argue with her.

However, he still underestimated Lexie's willfulness. Lexie shouted directly from behind, "Help! He molested me..."

Her scream attracted more attention. There were even some bold men coming over to catch Tom.

Tom stopped. The corner of his mouth twitched uncontrollably. Blazing anger was burning in his heart.

He turned around, looked at Lexie, and said, "That's enough. Don't be shameless!"

Lexie was not in a panic at all. Instead,

she was even more arrogant. She felt that even people like Tom could do nothing to her.

"Aren't you leaving? Why you stop?" Lexie said with a smug smile.

At this moment, a few men had already walked up. Their eyes were fixed on Lexie, drooling. They said as if they were truly righteous, "Lady, did this guy molest you? Let's arrest him immediately and send him to jail."

Lexie nodded, looking very aggrieved, and immediately aroused these men's desire to protect her. They strode over to take Tom down.

Tom was really furious. This Lexie was unreasonably willful.

Faced with these men, Tom did not have to make a move at all. He just glared at them. They were immediately frightened. They stood there in a daze, and large drops of cold sweat flowed down and they did not dare to move anymore. Tom snorted, "Get lost!"

They were frightened out of their wits and ran away.

Tom walked to Lexie, stared at her, and said word by word, "What do you want?"

Seeing Tom's compromise, she smiled even more brightly and said in a completely victorious manner, "I am your woman now. I have no relatives in H City and can only come to you. Now that everyone in the clique knows that

I gave my virginity to you, you should be responsible to me."

Tom almost wanted to hit her. He took another deep breath and said, "Enough, stop now."

Lexie, on the other hand, was not afraid at all. Instead, she straightened his chest and took two steps forward. She was very close to Tom and said in a provocative tone, "What? Do you dare to do anything to me? If you have the guts, do it. I'm already yours anyway."

Tom was too furious to say a word.

He had seen many types of women, but it was the first time he had met a shameless woman like Lexie.

"You'd better stop." Tom looked at her

deeply.

He looked Lexie up and down. He had to admit that Lexie's figure was still very attractive and full of femininity. If it weren't for her unruly and willful character, she would indeed be called a goddess.

Lexie's heart beat faster when Tom looked at her like this. Tom's eyesight was too sharp. She felt as if she had been seen through just now, and she actually had an unspeakable sense of shame.

If another woman was seen by Tom like this, she would know it was time to stop. At least she should have some sense of shame. But Lexie didn't. Instead, she thought it was fun

because she was sure that Tom was a paper tiger and would never do anything to her. There was nothing more exciting than teasing a genius.

So she straightened her back and got closer to Tom. She looked at Tom provocatively and said, "What will you do to me if I don't stop?"

Tom sneered. He finally responded to Lexie's provocation. He wrapped his arms around Lexie's waist and pulled her over against his chest. They were so close. Then he turned around and pressed Lexie against the wall.
