

The Weight On Skin by Merry T Chapter 10

Chapter 10

Lena, who

was sitting on the other side, saw that Hugo never moved his eyes away from Rose. She suddenly became ferocious as soon as she thought that he still missed her sister even when he was with her now.

Following his gaze, she found a hickey on Rose's collarbone that had not been hidden well, and a vicious idea suddenly came into her mind.

Hugo had been hanging out with her for the past two days. She was pretty sure that the hickey on Rose's body was not made by Hugo. The only possibility was that Rose was with

another man.

She was very happy when thinking of this possibility. It was really a good opportunity made for her hand.

"I'm not talking nonsense." Rose, who had understood Hugo's perverted intentions, felt that she was trembling with anger. She took a deep breath and hissed,

"I won't marry you even if I died! Hugo, it was you who first."

"Rose, what's wrong with you? Why are you so angry all of a sudden?"

Lena suddenly walked over,

grabbed Rose's arm, and interrupted her, pretending to be puzzled. "Even if you cheated Hugo, he has forgiven you. Why don't you sit down and have a good talk?"

Rose was shocked and suddenly turned to stare at her. "You..."

“What did you say? Rose cheated on Hugo?” Sierra was immediately furious when she heard this. With her chests lifted up and down heavily, Sierra pointed at Rose and said. “Tell me, what did you do?”

Rose was shocked and angry. She shook off Lena’s hands heavily and said, “What are you talking about? It was you guy who hid.

Before she could finish speaking, Lena opened her eyes wide and pulled down the collar of Rose’s T-shirt all of a sudden. It seemed that Lena had found something surprising. “Oh, Rose, why are there so many bruises on your body? Are you hurt? Or...”

Then, before she finished her talk, she pretended to be suddenly enlightened and hurriedly

covered her mouth with her hands.

Sierra was even angrier. “Tell me, what the hell is going on?”

Lena blinked and hid behind Selma, looking pitiful as if she had done something wrong. “I don’t dare to say. This was about Hugo’s reputation ...”

“Say it!” Martin suddenly shouted, startling everyone in the room.

“I, I just knew about it just now,” Lena said, looking at Rose sneakily with a vicious gleam in her eyes. “Rose, she’s with another man.”

A deathly silence hung over the living room suddenly.

Rose felt a buzz going on in her head. She looked at her own sister in disbelief, feeling a lump in her throat. Her defense sounded so weak. “You. You’re talking nonsense.

It was Lena and Hugo who cheated on her, but Lena even tried to frame her instead right now!

“You...” Sierra was so angry that her face tilted. “You are such a bitch! Why did my son fall in love with you? You really pissed me off!”

Rose shook her head, stepping back helplessly. “I didn’t...”

Martin suddenly raised his hand, slapping Rose’s face.

“Wicked girl! How could our Chaucer family have such a shameless person like you! If I had known what would happen today, I would never keep you at our home back then, and I would strangle you to death as soon as you were born!”

Rose was slapped so hard that the corner of her mouth broke and even blood flowed out.

“Dad, I didn’t...”

She tried to explain, but in vain, everyone in the room seemed to believe in Lena’s words. And the hickeys made by Nick on her body made her hard to refute.

Although she was tricked, it was an indisputable fact that she had sex with another man.

Although Hugo knew what was going on, he would not help Rose. All the things were directed by him. Then, of course, he would not let the Chaucer family know the truth. In order to protect his reputation, he could only sacrifice Rose at this time,

Anyway, Mr. Warner had promised to give him those photos by then. Even if she didn't want to marry him, he could threaten her using those photos and be with them at the same time.

Thinking of this, his expressions immediately changed. "Rose, you... Why do you have to do this? I promised I will treat you well and we would be fine in the future."

"What future? No future!"

Sierra shouted, "Martin and Selma, it seems that they cannot get married now. Although our Jasper family is not that noble, we are not a rag collector. We, the Jasper family, are not interested in a woman who has been slept with countless times!"

Her words were so harsh that Rose's face turned pale immediately.

Martin and Selma were busy trying to persuade the members of the Jasper family who were about to leave. The living room was suddenly in a mess as they were pulling and dragging at each other.

Just then, Lena, who was standing aside, suddenly bent over and covered her mouth to retch.

Seeing this, Hugo's expressions immediately changed and he quickly stepped forward to help her. "Lena, what's wrong with you? Are you feeling unwell?"

"Hugo—" Lena looked up. "I don't want to hide it from you anymore at this time."

As she spoke, tears fell down and she said pitifully, “I know you’ve always liked my sister, but I’ve always liked you too. Two months ago, you were drunk and you slept with me as if I were my sister. I didn’t blame you when I woke up... But, our child, he’s innocent.”

“What?!”

As soon as she said this, it was no less than another heavy bomb, which made everyone in the room dizzy.

Hugo looked a little pale, but Zonny and Sierra were overjoyed. “God! Lena, you... You have Hugo’s child?”

Lena nodded shyly. “I’m sorry, auntie. I know I shouldn’t, but ...”

“What the hell? You don’t have to say sorry. You have the descendant of our Jasper family in your belly!” As Sierra spoke, she looked at Lena’s stomach with a smile on her face. “You don’t have to be afraid. Auntie will protect you. No one dares to say anything bad about you.”

Martin and Selma looked at each other, feeling like they were saved. Selma quickly went up and said, “Sierra, it’s not good to cancel the wedding as the invitations have been sent out. Since Lena is also in love with Hugo, why don’t we let Lena replace Rose and we can still have this wedding going on?”

Sierra immediately said, “Of course, this is the best solution!”

When the two families were chatting happily again, Rose, who had been forgotten, stared at Lena in disbelief. “You... Are you pregnant?”

Although Lina was elated, she still pretended as she were aggrieved. “Rose, I know it’s my fault, but I really like Hugo... Don’t blame me.”

“So you’ve actually been together a long time ago. You guys cheated on me.” Rose

pressed her chest, feeling so uncomfortable that she couldn’t even breathe.

She suddenly felt that all her previous concerns were so ridiculous.

She had thought that the two of them only got together when she was on a business trip, so she didn’t say anything openly for the sake of the two families. However, she didn’t expect that they had cheated on her so long ago, and they even had a child!

“How could you... How could you do this to me!!”

Rose’s eyes were filled with tears. She suddenly rushed up to catch Lina as she was crazy.

“What are you doing!”

Hugo quickly pulled Lina behind himself, and Sierra even gave Rose a hard push. “Bitch, how dare you to harm my grandson even after everyone knows that you found countless sexual

partners. You have such vicious heart!”

Rose said angrily. “I didn’t do anything wrong! They.”

“Slap.”

Before she could finish speaking, Selma slapped her hard on the face. "Shut up!"

Rose was slapped to the ground. Her forehead had struck the corner of an iron table, and blood gushed out in an instant.
