

The Weight On Skin by Marry T Chapter 16

Chapter 16

It was Rose!

Although she looked different with her makeup and fancy clothes, they could find that she looked like Lena when they looked at her closely.

The guests were informed that the bride was changed before. The relatives of the Jasper family were not familiar with Rose. They felt strange, but they were not shocked. But the Chaucer family knew the twins in their family.

The elder daughter, Rose Chaucer, would make her family unlucky, so they didn't like her. The younger daughter, Lena, was the bride on stage now!

If there was no accident, the bride should be Rose, but...

Relatives of the Chaucer family and Rose's colleagues had subtle expressions.

Hugo recognized Rose. He looked back and forth several times, and he was attracted by her.

He knew that Rose was not ugly from Lena. Rose was plain, but she was way more beautiful than Lena when she dressed up! She was cool and modest.

Hugo was regretful. If he knew how beautiful Rose was, he would ask Lena to abort and marry Rose. He wondered if Rose was more beautiful in the wedding dress.

Thinking of this, he subconsciously shook off Lena's hand and walked over with a pretentious smile, "Rose, you're here."

Before he could finish speaking, Nick kicked him in the stomach. He flew out.

Bang! Hugo screamed. He fell on the table and smashed it.

"Oh, my boy!" Sierra screamed and rushed forward. Lena lifted her dress and rushed over to help him up. "Hugo!"

It was in chaos.

Nick took out a handkerchief from his pocket and wiped his hands with disgust. And then he

threw the handkerchief. He looked at Rose, who was stunned, "He is such an asshole. Did

you like him for a long time? It seems there are some problems with your eyes. You'd better visit the hospital."

Rose didn't care what he said. Looking at the chaotic banquet, she felt satisfied.

"Rose! How can you ask someone to hit Hugo after doing that?" Lena rushed out of the crowd. She stopped in front of Rose and accused her, "He married me, but you first..."

“Shut up!” Rose interrupted her harshly, “It’s none of your business!”

Lena took two steps back in fear. She opened her eyes wide in disbelief. She had never seen Rose lose her temper and she was frightened by Rose.

She subconsciously covered her stomach, “You...”

“What? Is your stomach hurting again?” Rose looked calm, but she was very joyful. She said softly, “Have you seen a doctor? You have been pregnant for two and half months. You cannot be too tired.”

As soon as Rose finished speaking, the onlookers immediately became excited again.

Did she get pregnant for two and a half months? Who was the father?

If it was Hugo, it meant that she had an affair with her sister’s boyfriend. If it was not Hugo, it meant that she was immoral.

How could the Jasper family accept her?

They heard that the Jasper family changed the bride because Rose was kept as a mistress. And Lena was more virtuous and suitable for Hugo,

It seemed that it was not as simple as they heard!

Nick raised his eyebrows and looked at Rose, who avenged herself, with a smile.

She seemed to be trembling as she spoke. Nick put his hand on her shoulder and took her to his side. He whispered, “Relax. You did a good job just now.”

Rose nodded hard.

“Rose Chaucer!”

Martin walked over angrily, “How dare you make trouble with the man? You shameless!”

As he spoke, he raised his hand and was about to slap her in the face.

Rose closed her eyes and didn't dodge. She didn't feel the pain she expected.

She opened her eyes in surprise, only to find that her father's hand was grabbed by Nick.

“Who are you? Let me go!” Martin was much shorter than Nick. Her wrist was held in midair. He tried hard but he couldn't break free. He was so angry that he scolded Rose, “Rose, are you blind? Ask him to let me go!”

Rose bit her lip and lowered her head. She didn't speak.

“Speak! You are so cruel. Will you stand by when your father is bullied?”

Selma couldn't bear it. She came up to beat her with tears. When she moved, she was grabbed by a bodyguard in black. Her hands were locked and she was pushed aside by him. She wailed, “Why do I have such an unfilial daughter? You are so cruel. Why do you come back?”

Rose looked up and said softly, “Didn't you ask me back for the wedding?”

Selma didn't know what to say.

Hugo understood what happened. He shook off Sierra and walked over angrily. He pointed at Nick, "Who the hell are you?"

"Can't you tell?" Nick smiled and pushed Martin away, "I'm Rose's boyfriend."

"No, it's impossible!" Hugo subconsciously looked at Rose.

Rose kept her head down and clenched her fists tightly in anger.

"Why not?" Nick held her in his arms and looked at Hugo sarcastically, "She had bad judgment before, so she liked you. Now she has changed and knows who is suitable for her. Isn't it

normal that she chooses me?"

"You look poor and wear the clothes from the stall. It's insulting me if I compare you with my servants."

He sounded like a nouveau riche and the guests laughed.

Hugo was so embarrassed.

"What about you? Aren't you like a scavenger?" Lena hated that Rose ruined her wedding and stopped pretending to be pitiful. She said irrationally, "Do you think my sister is innocent? Do you know that she was raped..."

"Lena!" Hugo changed his expression and stopped her hurriedly.

‘

He couldn't refuse Lena and told her that Rose was drunk and taken away by a client. He asked Lena to keep it secret, but he didn't expect that she said it in public.

But it was too late.

Lena spoke loudly and almost everyone present heard her.

They were stunned. Rose swayed and her face turned pale.
