

Daniel was ripped away from me by a man that roared. "Mine"

My wolf woke up and started to wag her tail. "Mate" I say out loud.

The man in front of me turns slightly around to look at me and he smiles at me and nods.

"Yes I am your mate and you are mine" he says to me and I stare at him. He's wonderful, dark blonde hair and dark purple eyes. Wait, purple eyes? He is the prince of the lycan kingdom.

"Yes, I am your mate and you are mine, princess" He says in a deep voice.

"Your majesty. I didn't know that she was

your mate, please forgive me.” Daniel says and I look around my mate to see Daniel kneeling on the ground.

“Yes, I know Daniel but now you do and I want you to respect that, alright?”

Daniel nodded and avoided my eyes.

“Good, now then I would like to get to know my mate, so what do you say? Is there somewhere where we could be alone to talk?” My mate turned to look at me and I nodded and pointed toward the fountain in the middle of the garden.

We walked over there, leaving the others, but I couldn't concentrate on anything other than my handsome mate. Just yesterday did my mom, me and Luna Sandra decorate this place.

The fairy lights hang down from the trees and across to the fountain, creating a magical and intimate place.

“So I get this is a surprise for the both of us” He suddenly says as we sit down on one of the benches across from the fountain.

“I suppose, If you want to reject me, please just do it fast.” I say dejected and look down at my hands.

It was quiet for a minute until a growl teared out of him and I whimpered by his heavy aura that slipped out of him.

“Why in the world would I do that? Do you know how long I have waited for you?” he almost shouted at me and I just stared at him, unable to do anything else.

"No, no. But I need to tell you something that might change your mind." I whisper and he nods at me slowly.

"You have had sex with both Daniel and Tristan. I can smell both of them on your skin." he says and looks away.

"What? No, I am a virgin. Tristan gave me this dress because mine was torn and Daniel just danced with me and.." I told him

"He kissed you" he finished what I was saying and I nodded.

"So what did you want to tell me then?" he asks and takes one of my hands.

" Well I am not like any other werewolf, they call me wolfless since I didn't get my wolf at the age of 16 but I did get her

when I turned 18. She told me that I was too weak for her to shift.

Since then I have trained every day and I have the rank of top warrior and I have muscles all over. I am not slender and pretty like most girls and I understand if you want to reject me now. Because honestly who would want a mate that can't shift and let herself be bullied when she is strong enough to defend herself.

And tomorrow night she is kicked out of her pack because she is the great shame of her alpha and her pack" I rambled while fighting back my tears, which didn't work.

My mate just stared at me when he suddenly took me in his arms and kissed me hard.

"Don't cry princess. Let me tell you

something, we lycans don't get our lycan until we are 18 and we don't shift until our 21 birthday. But a female lycan won't shift until she is marked by her mate so you see, there is nothing wrong with you.

Your wolf, as you like to call her, was just waiting for me. Look at your reflection in the water princess." he explained and I feel that I am so confused. But I do get up and walk slowly toward the fountain.

I stop and turn my head to look at my mate that stands up now and nods at the water. I take a deep breath, making myself ready to get laughed at, but when I look down at the surface I gasp.

I look like myself but with my makeup is smeared over my face but what stands out the most are my eyes. Instead of my dark green eyes they are glowing purple as my

wolf is peeking out.

“Do you understand princess? I have been waiting for you all this time. You are mine and only mine.” he said and hugged me from behind.

“Nora” I whisper.

“Nora?” That suits you. Well Nora, my name is Helios and I accept you as my mate.” he says and I blush as his voice is so close to my ear.

I turn in his arms and smile, he bends down and kisses me softly on the lips.

“I accept you as my mate too” I say when we stop kissing each other.

“Can I get a dance with you then, Nora?” Helios asks me and bows with his hand

outstretched towards me.

“Yes” I take his hand and he kisses mine.

Helios leads me back to the ball where we can hear the music and the chatters.

“Let’s show them that you aren’t a weak, wolfless little girl instead you are this strong, beautiful woman that is the mate of the lycan prince.” Helios whispers as he takes me in his arms and we start to begin to dance.

“Helios? Why are my eyes purple? I thought that only the royal bloodline had them?” I ask him confused.

“ Oh that. Usually it is but my mom was not from any royals and her eyes turned purple when she met my dad and they accepted each other. Dad believes it’s

because of the matebond." Helios says and smiles at me.

I nod my head slowly. That makes sense, I think.

We continue to dance until a scream is heard and we stop and look around us.

Emily comes rushing over to us but stops as Helios aura leaks out, probably because I jumped slightly when I saw her.

"Nora! What have you told Ben? It must be your fault that he doesn't want me" Emily wheezes out her anger at me.

"Or it's your own fault Emily. You haven't been exactly nice to our future queen have you now?" Ben says as he walks up behind her.

"A queen? Her? Don't make me laugh. She is nothing. Worthless. Bitch." Emily spits out and once again earns herself a ringing of growls.

"Miss Nora, can you please give me Emily's full name and title?" Ben asks me as he looks me in the eyes. I can see his sadness in them so I give him what he wants.

"Her name is Emily and she is the daughter of the alpha and luna of this pack." I say and smile sadly.

"Thank you, Miss Nora."

"I, Benjamin, beta of the lycan prince Helios, hereby reject you Emily, daughter of the alpha and luna of the silver stream pack" Ben's voice was high and clear.

The scream that left Emily was shattering

and I turned my head from the sight of her.

Helios let me go and I watched him go over to Ben before nodding and Ben bowed to me and walked away.

Then I felt 10 claws in my arm and I whimpered in pain. I looked down just to see Emily on her knees and her eyes black, showing the grief of her wolf.

"You backstabbing bitch. I will kill you. I, Emily, daughter of the alpha of the silver stream pack, challenge you, Nora, daughter of gamma of the silver stream pack. "To the death." Emily screams in anger and sadness.

I feel this overwhelming force and my vision darkens.

"I accept your challenge, Emily. See you

tomorrow at the arena.”

Emily gasps.

“Your eyes, they are purple. You do have your wolf.” she says in utter horror.

My vision brightens when I hear Helios' voice.

“What is this challenge about?”

“What? What challenge?” I ask him confused.

“This Emily girl just challenged you and you accepted” Helios says and I stare at him in shock.

“I did what?” I almost scream.

“Your wolf must have taken control and

accepted for you then” Helios chuckles.

What? Oh my goddess. What have you done, you stupid wolf.

The alpha of this pack made all warriors swear a pledge so we can't hurt any member of this pack. Especially the alphas family.

I am so doomed, help!
