

10. Friends

Evelyn watched her father leaving. "He is a busy man" said a voice "Yeah, busy with his stupid clients" pouted evelyn. She heard some chuckles behind her. She turned around and saw storms smiling at her.

She looked down in embarrassment and realized it was noah's voice. "Stupid clients, huh?" said elijah teasingly.

"No i-i-w-was just" evelyn trailed off and started fiddling with her fingers.

Noah stepped forward, he took his fingers and lifted her chin making her look at him. The brothers were now surrounding her. Evelyn could feel her heart pounding hard, they were way too close for her liking.

"You know your dad loves you alot little one. He works this hard only for you" said noah.

Evelyn just stared at them, she felt touched after hearing noah's words. She knew that her dad really do love her alot. She looked at the storms and gave them a smile.

"Yes, thank you" she said.

The brothers admired their babygirl's smile. They saw the sadness in her eyes when henry left, thats why noah decided to cheer her up.

"By the way, you have a beautiful house, puppy" said elijah. "Thank you" she said politely.

"Well if you don't mind can you give us a little house tour, since it seems like henry is going to take alot of time in his phone call and we'll get bored sitting here" asked ace. She looked at them not sure what to say. "Um..sure" she replied hesitantly.

Noah

We were walking through the corridors when elijah asked "so puppy, you are getting homeschooled" "Y-yeah" she replied while looking down. Me and my brothers looked at each other confused, then i realized that maybe she is embarrassed about it. I felt bad for my baby.

"But I'm soon joining school" she said excitedly. At this, we stopped walking, she noticed it and looked at us.

My jaw clenched, if she will go to school that means she will be around to those pathetic hormonal boys. I knew that ace and elijah were also thinking the same thing.

"And why are you going to school when you can continue being homeschooled" ace said with a dark look. My little one looked confused and a little scared with his attitude. Good, she should be.

"Well i want to graduate like a normal student. I don't want to feel like a weird person anymore" she replied so ly.

After listening that, the brother's eyes softened. Ace wrapped his arms around her small waist and pulled her in a warm hug. He felt bad for talking to her like that.

Noah and elijah also engulfed her in a hug, they breathed in her vanilla scent. After slowly pulling away they were met with evelyn's face which was red as tomato. They smiled.

"Kitten, you're not weird at all. You just don't feel comfortable around strangers and that's it. Getting homeschooled is not weird at all, okay" ace said so ly, he was surprised how so his voice came out. She smiled and happily nodded towards him.

Evelyn was confused as hell. The big bad brothers who kill people with no mercy those brothers were being polite to her. When they all hugged her she felt her heart racing and she turned into a blushing mess. Ace's words hit her hard.

She always considered herself as a weird person, getting scared to new people and stuttering like an idiot in front of them. But when the storms said those words she felt comforted, she felt normal.

"I'm sorry" suddenly evelyn said. The trio looked at her confused. "Sorry?" asked elijah to which she nodded "whenever we met all of you were really sweet and polite to me, but i always tried to avoid you all. I am really sorry, i shouldn't have" and just like that evelyn started telling that how sorry she was.

The trio just watched her in amusement. "And i swear i'll never do that again" elijah stopped her by putting a finger on her lips "Oh God puppy you are blabbering now" "She looks cute though" noah commented to which ace nodded.

She blushed at their statements. "There is no need apologize little one. We understand that you were not feeling comfortable around us and maybe you hate us-" but evelyn cut noah off by saying "no, i don't hate you. Infact, it felt nice talking to you all today" she replied.

The brothers had a million dollar smile on their faces after listening that. They could see the sincerity in her eyes.

"So, does that mean we can be friends" asked elijah. "Friends?" The word sounded so foreign to evelyn. In seventeen years of her life she never had any friend.

"But why? I mean i'm sure you have many friends of your age" she said confused.

"Kitten, are you calling us old" ace said. Her eyes widened, a gasp escaped her lips "no no no...i-i'm sorry. I didn't mea-"

They started chuckling. "He was just kidding love" said noah. Evelyn hugged in annoyance, "so mean" she mumbled and pouted. "Aww, don't tease her like that" elijah said.

"Well we don't have any friends" noah said.

"Huh?" She was confused.

"Yeah we do have many business associates and all but they are with us only because of our status and money" said elijah. Evelyn felt sad for them.

"However, you my dear are different. We liked spending time with you" said ace.

"And we would love to have a friend like you. So friends?" asked elijah and extended his hand.

Evelyn stared at elijah's hand, she always saw kids playing with their friends, and all she could feel was loneliness. She wanted to share her feelings with someone, she wanted to tell someone about her day, she wanted a friend.

She smiled looking at his hand, with a smile she shake elijah's hand and said "friends"

In just a few hours she started to get comfortable with them. All four of them were now sitting in evelyn's bedroom.

Ace was sitting on the right edge of the bed, noah on the left edge, elijah was on the couch which was close to the bed and evelyn was sitting between ace and noah.

"What school you're going?"

"From when you're starting?" One after another they were asking her these questions. Evelyn innocently gave them answers thinking they might be just curious.

"Give me your phone little one" suddenly noah said and it was more of a demand.

Evelyn looked at him and slightly tilted her head confused but didn't ask anything.

She looked here and there for her phone and saw it was near the headboard, since they were sitting on the end of the bed so she stretched her hand and tried to reach for her phone. In her attempt, her dress started to lift up.

The trios eyes darkened. Evelyn's legs were on full display. Noah's dick got rock hard seeing her smooth milky legs. Ace's hands were twitching to run all over her sexy body. Elijah gulped down his droll, he wanted to rip her dress apart.

"Here" said evelyn handing her phone but when she looked at them, they had a frown on their faces. "What happened" she asked. Ace was the first one to come out of his trance. "Nothing kitten" he replied.

"Why do you call me these names. I'm not an animal" she pouted.

The storms started laughing. "But we like calling you these names puppy" said elijah with the same pout. Evelyn giggled looking at elijah's pouted face.

Noah took evelyn's phone and started typing their number. They already had her number saved in their phones.

"Little one" called noah. Evelyn who was laughing with ace and elijah looked at him, "i have saved our numbers in your phone, call us whenever you want" he said with a smile.

Evelyn smiled looking at him and mumbled an 'okay'. She couldn't believe that she finally had friends.

Ace's phone vibrated, he took it out of his pocket. "Just a sec" he said excusing himself.

He answered the call, it was from the secretary of the same person whom they asked to keep henry busy so they can spend time with evelyn.

"Hello" said ace.

"Sir, Mr. Bennett's conversation with Mr. Winters is about to end" said a voice.

"Okay. And one more thing" ace said.

"Yes sir, what it is" asked the voice.

"Tell Mr. Bennett...he did a good job" he said with a sinister smile.
