

25. Birthday

It was ten in the night and evelyn was staring at the ceiling of her room. "Everything is over. Tomorrow i-" her voice broke and tears started falling from her eyes.

Tomorrow was evelyn's birthday, the day she used to love, now because of the storms she was dreading it.

She took a deep breathe and went to take a shower. A er that she changed into her nightdress.

Evelyn laid on the bed, she sighed and closed her eyes 'i wish time just stopped and tomorrow never comes' she thought and slowly her eyes started to close.

Only if she knew that time never stops for anyone...

Evelyn

I was sleeping peacefully when i felt someone playing with my hair and then a cold finger caressing my cheek, i whined a little from the coldness and turned around.

"What kind of weird dream it is" i mumbled.

I heard a few chuckles but i ignored them. I felt something wet on my fingers, i frowned and lazily opened my eyes.

I turned a little and my eyes widened in horror, in front of my eyes were the storms. Ace was laying next to me while staring at me with a smile, noah was sitting on my other side leaning against the headboard while running his hands through my hair and elijah was on TOP of me while my fingers were in his MOUTH.

Ughh disgustingmy subconscious said.

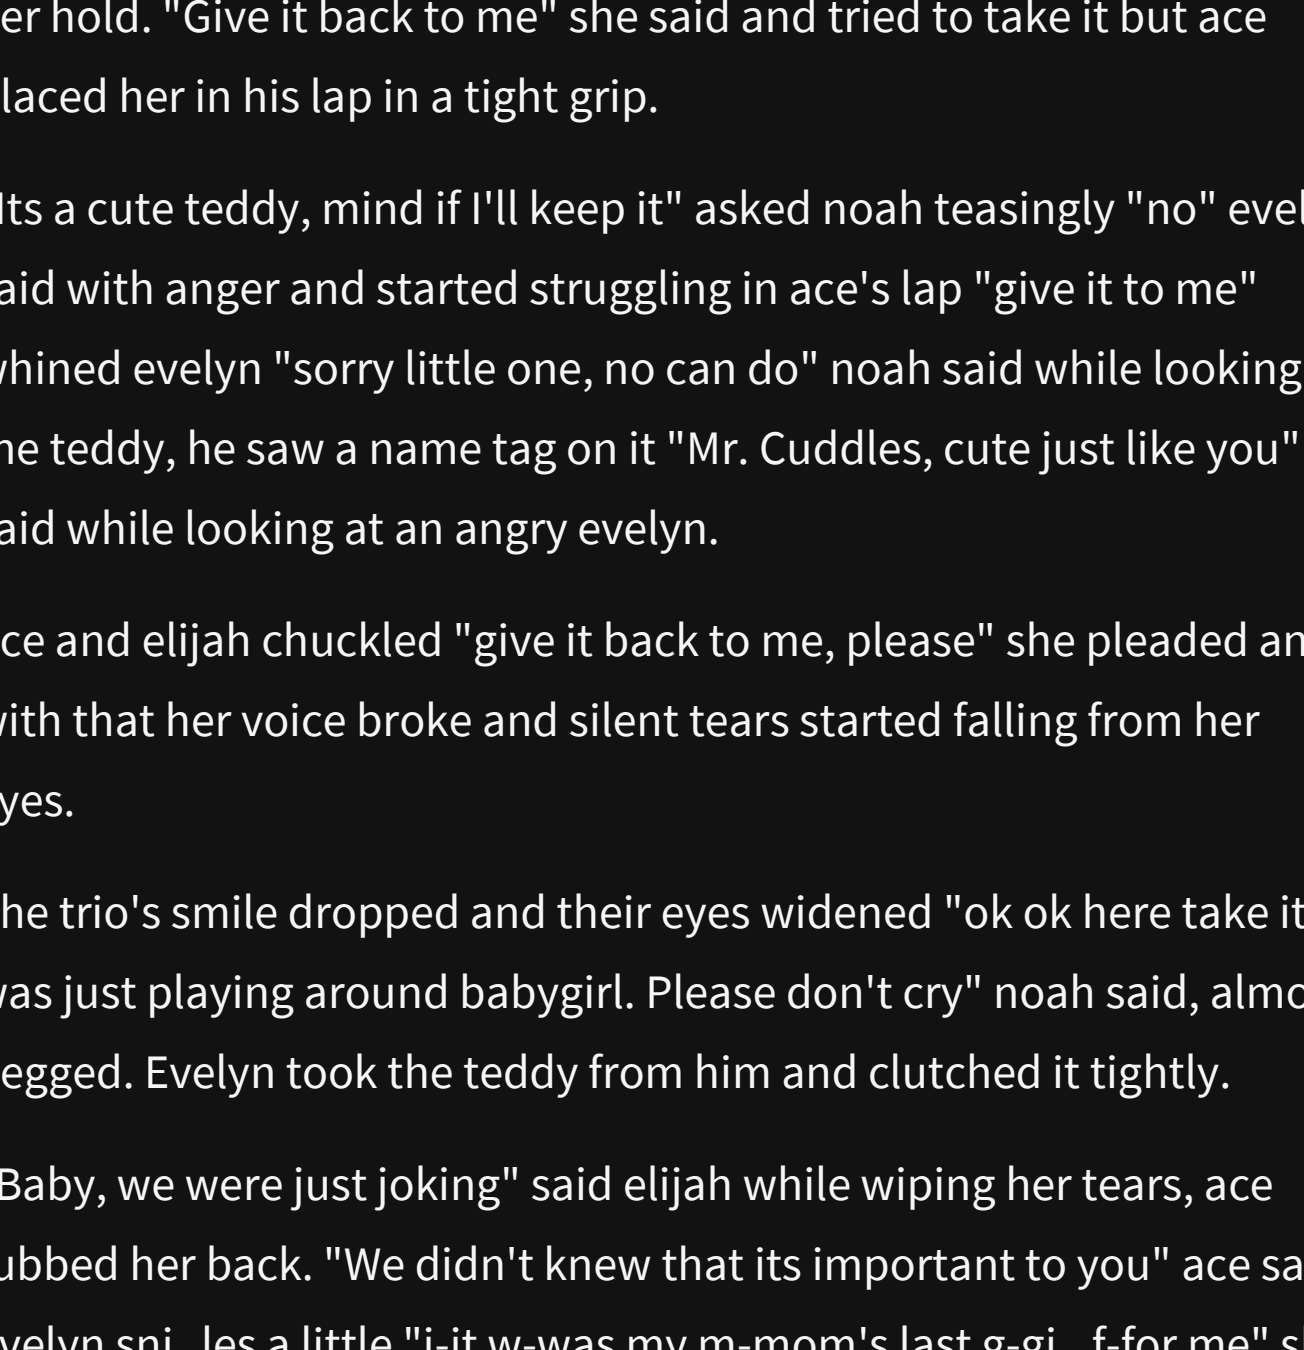

I screamed but ace put his hand on my mouth. I thrashed around "shh calm down little one calm down" noah whispered in my ear but i kept struggling "evelyn stop it" noah said harshly and i stilled, getting him angry is really dangerous.

"You taste so good puppy, i wonder how much sweeter you gonna taste down there" elijah purred, i felt disgusted but at the same time confused and noah and ace looked at me with some weird expressions.

"We're watching you sleep for almost an hour and trust me we didn't got bored, cause you're so beautiful kitten" ace whispered in my ears.

They were really scaring me and unconsciously i clutched Mr.

Cuddles.

Noah's gaze went to evelyn's teddy bear, he smirked and took it from her hold. "Give it back to me" she said and tried to take it but ace placed her in his lap in a tight grip.

"Its a cute teddy, mind if i'll keep it" asked noah teasingly "no" evelyn said with anger and started struggling in ace's lap "give it to me" whined evelyn "sorry little one, no can do" noah said while looking at the teddy, he saw a name tag on it "Mr. Cuddles, cute just like you" he said while looking at an angry evelyn.

Ace and elijah chuckled "give it back to me, please" she pleaded and with that her voice broke and silent tears started falling from her eyes.

The trio's smile dropped and their eyes widened "ok ok here take it, i was just playing around babygirl. Please don't cry" noah said, almost begged. Evelyn took the teddy from him and clutched it tightly.

"Baby, we were just joking" said elijah while wiping her tears, ace rubbed her back. "We didn't knew that its important to you" ace said. Evelyn sni les a little "i-it w-was my m-mom's last gi-ft for me" she mumbled in ace's arm.

The trio felt an ache in their heart, her mothers death was really a painful subject for evelyn. They pulled her in a tight hug and she didn't struggled, she just wanted some comfort. Elijah cupped her face "we are really sorry puppy" he said "yeah" said noah and elijah in unison. "It's a-alright" evelyn hiccupped.

Evelyn calmed down a er few minutes, but the question in her mind was, that what were they doing in her room and that too this late. She was still in her thoughts when suddenly the trio surrounded her on bed. "W-What" she asked scared, they gave her a smile and started coming closer to her, evelyn gulped in fear.

The storms faces were now inches away from evelyn, she closed her eyes tightly expecting the worst. "Happy birthday babygirl" they whispered in unison and her eyes shot open, she looked at them with wide eyes.

Evelyn stared at her wall clock, it was sharp twelve. She looked back at the storms, she couldn't believe that that they came here this late just to wish her "thank-you" she stuttered and they gave her a big smile.

"B-But there was no need to bother yourself, you all could have just clutched me" she said while looking down. Ace put a finger under her chin "is there a problem in that kitten" ace sneered and she flinched, evelyn shook her head.

"We've got presents for you babygirl" said noah "no no, i-i mean there is no nee-" evelyn shut her mouth when she got stern looks from them.

"Come to me" said elijah, she looked at him scared. Elijah was sitting in the middle of the bed while noah and ace were sitting beside evelyn. "We don't like to repeat ourselves" noah growled and evelyn jumped in fear.

She slowly crawled towards elijah while ace and noah enjoyed the nice view of her ass.

Ace couldn't control himself anymore and slapped her ass "owwie" evelyn cried and fell on elijah's lap, the trio chuckled. "Why did you do that" she pouted, "aww did that hurt" noah teased and elijah started rubbing her butt. "Its okay" elijah said with a chuckle, she glared at them.

Ace and noah sat close to evelyn, she gasped when elijah put his hands under her armpits and turned her around making her face them. Evelyn's breasts bounced when he turned her around and their eyes darkened seeing that.

Evelyn noticed their stares and became red in embarrassment, she hurriedly covered her breasts with her hands.

Their jaws clenched, the brothers didn't liked the fact that she was trying to hide herself from them but they let it go only for now.

Noah caressed her cheek and smiled. From her peripheral vision evelyn saw ace placing a shopping bag on the bed. He took out three boxes, which were wrapped in beautiful gi-wrap and placed them in front of evelyn. She looked at the boxes, they were of di erent sizes.

Two of them were medium size and the other was a little bigger.

"Come on little one" said noah gesturing her to open the gi s.

Evelyn knew that if she denied them then there will be consequences, she took a shaky breathe and picked a box, she saw ace smiling widely and she understood that its his gi s. She placed the gi on her lap and tried to unwrap it.

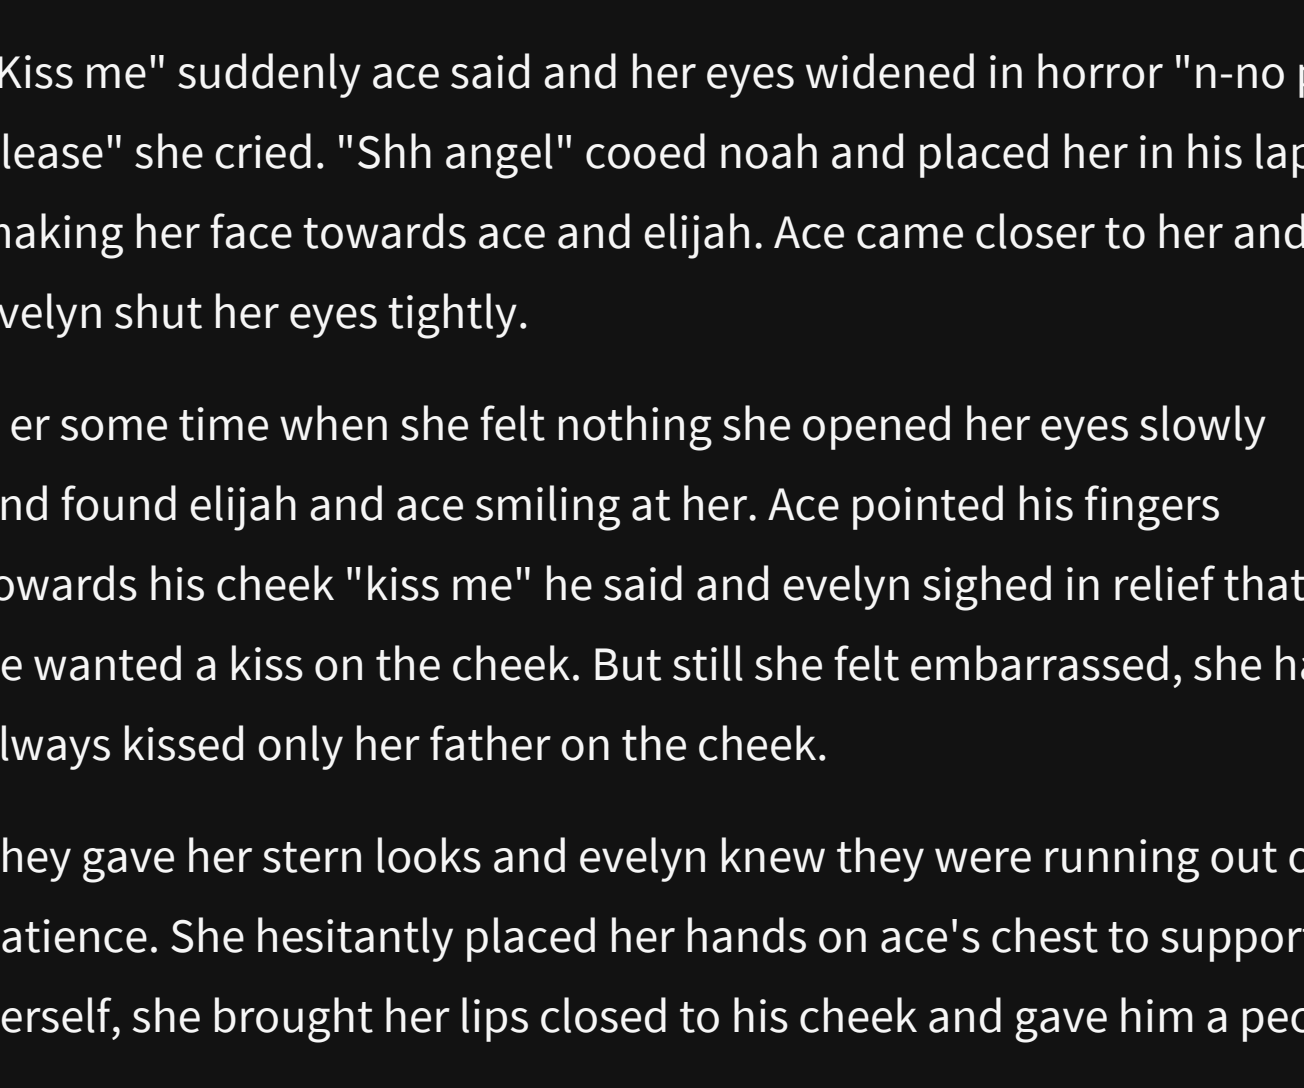

Keyword : tried

Evelyn was having a hard time opening it and in the end she hu ed in annoyance and glared down at the box as if it will open itself, on the other hand the trio were watching her with amusement, they just couldn't get enough of her "how about we open them for you" said elijah and she mumbled a small 'okay'.

The storms started unwrapping the gi s and evelyn just watched. The trio removed the gi wrap and now they were holding black boxes. 'A jewelry box?' evelyn thought. They smiled and opened the boxes and a so gasp escaped from her lips. In front of her eyes were some beautiful pieces of jewelry.

Ace was holding a stunning pair of diamond earrings while noah brought a beautiful diamond necklace and elijah held a gorgeous diamond bracelet. The storms had brought matching jeweleries for evelyn.

Evelyn's mouth was wide open in shock, she didn't had any words.

"It's so beautiful" she finally managed to say and the trio's smile widened. "But i can't take it, its really expensi-" she tried to say "you willtake it puppy" elijah said with a smirk and they placed the boxes in front of her.

"We want you to wear these jewelry at your school's prom, it'll look great with your blue gown" said ace and she looked at them with a frown "how do you know my dress is blue." she got cut o when the storms started chuckling.

"Baby, our eyes are always on you" said noah with a sinister smile and chills ran down to evelyn's spine.

Noah li ed his hand, evelyn slightly flinched but he just caressed her cheek, ace started drawing patterns with his fingers on her thigh and elijah played with her fingers.

"We can't wait for tonight babygirl, tonight we gonna place a ring on your delicate finger" elijah whispered in her ears and evelyn eyes started to water. She started thinking what crime she committed in her past life that god is punishing her like this.

"Kiss me" suddenly ace said and her eyes widened in horror "n-no p-please" she cried. "Shh angel" cooed noah and placed her in his lap making her face towards ace and elijah. Ace came closer to her and evelyn shut her eyes tightly.

A er some time when she felt nothing she opened her eyes slowly and found elijah and ace smiling at her. Ace pointed his fingers towards his cheek "kiss me" he said and evelyn sighed in relief that he wanted a kiss on the cheek. But still she felt embarrassed, she had always kissed only her father on the cheek.

They gave her stern looks and evelyn knew they were resting to off patience. She hesitantly placed her hands on ace's cheek to support herself, she brought her lips closed to his cheek and gave him a peck.

Ace felt evelyn's so lips on his cheek and a smile formed on his lips. A er that elijah grabbed evelyn's jaw, she looked at him knowing what he wanted.

She inched closer to him, he made her wrap her hands around his neck. Evelyn could feel her heart racing and she quickly gave him a kiss. Elijah loved the feeling of her lips and he just wanted to ravish her.

Noah was getting impatient, he hurriedly turned evelyn towards him making her gasp in surprise. He smirked and evelyn gulped, in fear, she placed her small hand on his cheek and gave him a peck. Noah's eyes were filled with lust and he knew very well that his brothers too were feeling the same way.

"We just can't wait for tonight little one, we gonna be engaged and a er few months you will be ocially Mrs. Storm" said noah. Tears were falling from her eyes in fear a er hearing what he said while elijah and ace grinned.

"You are ours" elijah whispered in her ear and she shivered "whose?" ace asked her while sni ing her sweet scent. No words came out of evelyn's mouth in fear.

When the trio didn't got their reply from her, they tightened their holds on her. Evelyn whimpered in pain "h-hurts" she sobbed. "Then answer the damn question" noah growled while holding her hips in a bruising grip. "Whose?" noah asked.

Evelyn took a small breathe and with trembling lips she replied "yours. The storms smiled evilly "yes, ours" they said in unison.
