There is a knock on her bedroom door. She opens the door to see martha standing there, smiling at her. "Are you going to park, sweetheart?" asks martha. "Yup" replies evelyn.

"Evie" calls martha. "Yeah" replied the girl. "Josie, wanted to thank you for the clothes" says martha. "Did she like them?" asks evelyn happily.

"Yes, she did" replies martha. "Thank god, i was really nervous whether she will like it or not. Oh and remember you told me that her exams are coming, i have found some guide books online that will help her a lot" says evelyn happily.

26

"You don't have to do all that my dear, she will manage" says martha. "Nope, plus i already ordered them" says evelyn and starts finding her sandals.

Josie is martha's 21 year old daughter. She loves evelyn like a sister. When josie started her college, students used to make fun of her for her worn out clothes and by the time it only got worse.

26

One day when evelyn went to martha's house to give her a surprise visit, she heard josie crying and complaining about everything to martha.

21

From that day evelyn started buying clothes, books and other essential things for josie. Martha and josie tried really hard to convince her that she doesn't need to do it but she didn't listen.

21

Martha looks at evelyn with so eyes. All she can feel is pity. It hurts martha a lot to think that, evelyn doesn't have a mother. 'How can god be so cruel to this kind soul' thinks martha.

21

"Ready" asks martha. "Yeah" replies evelyn. "Ok, but be safe sweetie" says martha in concern. "Don't worry matty, i'll be fine, besides its not the first time i'm going there" replies evelyn while pinching martha's cheeks. She couldn't help but laugh when she hears the name 'matty'.

Meanwhile...

Henry knocks on the door. "Come in" comes a gru voice. He enters the o ice of the storm brothers.

Henry shakes hand with the brothers. "Take a seat" says elijah. Henry settles down on the chair and then opens his bag, he hands the brothers a black file. Ace takes the file and starts reading it, a million dollar smile comes on his face. Noah and elijah gets the meaning of his smile. "Well done henry, we knew that only you could do that" exclaims noah, happily.

21

"Thanks noah" replies henry.

When the brothers first contacted henry, they knew that he was the best lawyer in london and since then henry became one of their trusted men.

A erall, there are only few people who have the privilege to call the brothers from their name.

"Henry, did you hear about the tender" asks ace. "Yeah, i did and i have already started to work on the legal papers and i'll make sure that only your company will get that tender" says henry.

21

The trio smirks at him, impressed with his confidence.

21

"That's what we like about you" says elijah and continues "but do you think, by any chance you can finish all the paperwork in two days. Actually we are going to italy for a project, and our 'grandmother' also lives there and she wants to see all the paperwork herself, so she could discuss it with us" says elijah.

21

Henry is a smart man and didn't fail to notice the bitter tone elijah used, when he said the word grandmother but he don't want any problems, so he remains quiet about it.

21

"Well, i can't make any fake promises elijah. In these legal papers, a lot of time is needed. And i don't want to do any kind of fuck ups, since we all know that, the russos are also a er this tender" says henry.

21

At the mention of them, their jaw clenches. They are one of their top rivals.

"You're right" says noah. Henry suggests "but i can give it a shot. Plus your grandmother is an intelligent lady, if there will be any problem she'll notice and we will fix it".

The trio looks at each other and nod their heads. "okay, if you finished the paperwork before two days then inform us" says ace.

"Okay" henry says and shakes hands with the brothers.

21

"I'll leave now, i have a meeting" he says and they nod at him.

Ace's phone starts ringing and when he looks at the caller ID, a grunt releases from his lips. "What" asks elijah and noah in unison. "That bitch olivia, she won't stop calling me" sneered ace, irritation evident on his face. Seeing ace's face, elijah and noah starts to laugh.

21

Olivia, Crystal and Elle Evans they are fiancees of the storm brothers. But for the trio they are nothing more than a good fuck.

27

When Jason Evans and the storm brothers joined hands for a buissness venture, he o ered the brothers to marry his daughters and in return they will get great amount of share in Jason's company. For the storms, it was a great deal so they agreed.
