

## 5. Meeting an angel (part-2)

Ace fixed his shirt buttons and then sprayed some of his cologne. Then he went to noah's room and saw him tying his shoe lace.

"Ready" asked ace. "Yeah. Did you check up on elijah" asked noah while wearing his watch. "Yeah, he is almost ready. He was really drunk last night" replied ace and noah sighed.

Every time when elijah have those nightmares, then either he destroys each and everything in the mansion or gets drunk to the brim.

The trio got ready for their trip. They went in their car and informed the driver go henry's house first.

-----

Evelyn was getting ready, she was craving for co ee and 'the bennys' was her favourite co ee shop.

She wore a two piece dress, she combed her hair and put them in a half bun. She sprayed some perfume.

After putting her white sneakers she went towards the front door of her house.

**Meanwhile...**

"These are the files and I have double checked everything" said henry. He was currently sitting in his office with the storm brothers.

"Great, they look really impressive" said noah while reading the file. Elijah and ace nodded in agreement. "Thanks" replied henry.

"Great job, now we gotta go." said ace shaking hands with henry. The trio left henry's study and went towards the corridor.

They were turning when suddenly noah bumped on something or someone.

-----

Evelyn was about to open the front door but then she realized that her father also likes co ee a lot, so she thought that she should ask him which one he wants.

Evelyn was heading towards her dad's office room when suddenly she bumped into someone and hit her nose on their chest. "Oww" cried evelyn and started rubbing her nose. Tears started to dwell in her eyes but she controlled them.

She looked up and suddenly her breath hitched, there stood three beautiful men, literally like greek gods. They all had lots of tattoos, sharp jawlines and same beautiful dark brown eyes. They were looking like they came straight out of a vogue magazine.

They were staring intently at her as if they were in some kind of trance. Evelyn felt exposed in front of their intense gazes. She started to feel really scared.

-----

To say the brothers were shocked will be an understatement, in front of them stood a small yet curvy girl, big doe silver eyes and silver blonde hair. She was looking so innocent yet so sexy.

Ace's gaze ran all over her body, and stopped on her plump lips, 'how sweet those lips will taste' he wondered.

Noah could feel his cock throbbing when he saw the little vixen standing in front of him and his brothers.

Elijah's mind filled with all type of dirty images, that he could do with her. She was looking like a scared puppy.

"I-I'm sorry sir for b-bumping into you, i w-wasn't l-looking" the storms could feel their dick twitch when they heard the word 'sir' came out of her mouth.

But when she took a step away from them they didn't like that one bit, their jaw ticked but they controlled their anger.

For the first time in their life, they didn't want someone to be scared of them.

"You should be careful little one, you can get yourself hurt" said noah in a commanding yet so tone. "I-I" evelyn tried to say something but nothing came out of her mouth so she just nodded.

Ace raised his hand and she flinched, but he just stroked her nose gently "is it hurting" he asked and kept rubbing it so ly. Evelyn felt her cheeks burn from his touch, she shook her head and said a small 'no'.

This was getting really awkward for evelyn, she just wanted to get out of this situation. "I-I need to g-" but elijah cut her o "what's your name" not a question but a demand.

Evelyn looked down at her hands fiddling with her fingers. Noah put two fingers under her chin "he asked you something angel"

She took a shaky breath.

"Evelyn" she replied so ly. "Evelyn" repeated the trio in unison, they loved the way how her name rolled out of their tongues. She shivered when she heard her name coming out of their mouths.

The storms noticed her shivering and smiled wickedly. They were liking the fact that they have a effect on her, just like she is having on them.

"How old are you, puppy" asked elijah. Evelyn cringed at the word 'puppy'.

' I'm not a dog complained evelyn inwardly. 'Jesus, please get me out of this situation', prayed evelyn. And it seemed like god was on her side.

"What's going on here" asked a voice.
