

## 51. Honeymoon

Evelyn was sitting on the garden's bench with a book in her hand. Its almost been a week since she started her life as storm's wife.

In this entire week the trio never went to o ice, they couldn't, being around evelyn was the only thing they wanted. So they decided to work from home for some days and that somehow became hell for evelyn. There was always a brother with her almost all the time.

But the only di erence was that they were talking to her normally. With ace, he asked her questions about which books she liked, her favorite writer and evelyn answered it excitedly telling him everything.

Then there was elijah, he was helping her in getting friendly with the dogs since she was so scared of them. Elijah will hold her small hand in his and then encourages her to pet the dogs.

And then there was noah, he was a genius when it came to technology. Evelyn never had any interest in tech stu but with noah it was di erent, he explained things in such a way that soon evelyn used to find herself listening to him intently.

Evelyn was surprised at herself when she started to get a little comfortable around them. But it didn't meant that she let her guard down, she knew exactly how dangerous they were.

She also got friendly with the mansion's sta . The servants of the mansion were really scared of evelyn at first, their one wrong move and she could've complained to the storms about any of them. But she always smiled at them politely and even treated the elderly servants with respect.

They really liked her but they also felt extremely bad for evelyn when they learnt that she was forced into this marriage.

Agatha and evelyn also grew closer. She really liked agatha. Evelyn learned more about thomas too, and honestly she was really surprised seeing that how loyal he was towards the storms. Agatha told evelyn that they both were working for the brothers since the very start.

Evelyn also saw chase, jack and samuel guarding around the storms everytime there was a meeting at the house. They were also the only males that storms allowed to be around evelyn because of her security.

-----

Evelyn sighed and closed her book. She felt something wet around her legs, she looked down and smiled. Duke was running his nose on her leg. "Hello duky" evelyn cooed and he climbed on the bench, he placed his head on her lap.

She scratched his neck "such a good boy" she whispered. She heard two whines from aside, evelyn turned and saw max and rick wagging their tails. She smiled widely.

"Hii" she whispered at them lovingly. Evelyn got up from the bench and sat down on the ground covered with grass. Duke also climbed down from the bench. They surrounded her and sat beside her.

"Handshake" she said and forwarded her small hand in front of them, they placed their huge paws on hers making her giggle. They were trained dogs but still these things surprised evelyn.

Evelyn kissed their furry heads. "Who is a good boy" she asked smiling and in reply all of them barked making her chuckle.

She was still patting them when suddenly all three of the dogs went sti and moved a little away from her. She stared at them confused. Evelyn heard someone clear their throat.

She sighed realizing who were standing behind her. Evelyn turned a little still sitting on the ground and saw her husbands, they were looking down at her smiling.

They walked towards her and now stood in front of evelyn. Noah extended his hand and she took it, he helped her in getting up.

Evelyn stood up and dusted o the grass from her skirt. Storms just watched her, a faint smile coated on their faces. She saw them staring at her "what" she asked. Evelyn wasn't that scared of them now and the only reason was that because she was obeying them.

"Nothing. Come with us" said elijah and she nodded. Ace looked at the dogs and they walked away.

They came back inside the mansion and started to take her towards their bedroom.

As they walked closer evelyn noticed that the bedroom door was already opened. It meant that someone was already inside and she knew it could only be agatha. The brothers never let any servant enter to clean the bedroom except agatha.

As evelyn entered inside with them she saw agatha already standing close to the door as if she was waiting for them to come. She looked at evelyn and gave her a small smile.

Evelyn smiled at her but then her gaze fell on the empty suitcase that was kept open on the couch.

"Agatha will help you in packing" elijah said. "Packing?" She asked confused. The trio grinned like small kids. "Yeah packing" said elijah and brought his face close to hers making evelyn gulp. "For our honeymoon" he whispered.

Evelyn nearly chocked on her spit. She stared at them wide eyed "b-but why?" She asked shocked. They raised an eyebrow "excuse me" said noah. "No i-i mean" evelyn tried to say something but immediately bit her tongue.

Being around them for a week taught evelyn one thing that their sex drive was always high, they were like animals. And the worst part was that storms made sure that they gave evelyn immense pleasure, which always le her hating herself.

Ace turned towards evelyn blocking agatha's view of them, he took her hand in his and held it in a bruising grip.

Evelyn trembled in fear and shut her eyes tightly, she whimpered "Open. Your. Fucking. Eyes" ace said gritting out each word harshly. Evelyn slowly opened her eyes and looked at them fearfully.

"So you don't want to go huh?" noah asked.

"I-I'm s-sorry i didn't meant t-tha-" this time ace cut her o. "You're being really good amore, so don't say anything stupid which makes us punish you" he sneered.

Evelyn vigorously nodded her head. "Y-Yes daddy" she whispered making ace smile.

Noah and elijah smirked, "we'll be leaving tomorrow" said elijah. Evelyn's frown deepened but she didn't said anything.

Noah sighed and cupped her face "Little one, how're we going to work this relationship if you just keep running away from us" he said so ly. Evelyn gulped and nodded. Noah smiled and kissed her forehead.

Ace patted her head "we have a meeting in few minutes, agatha will help you in packing. Okay" he said smiling. Evelyn just stared at them. Not even a second ago they were getting angry on her and now all of them were relaxed. These brothers were really unpredictable.

-----

Evelyn placed her clothes in the suitcase as agatha folded them. Agatha glanced at evelyn and saw her sad face. She sympathized with the small girl, she was too young to handle these types of problems.

"Evelyn" she said so ly, evelyn looked up at her "yeah" she said. "Are you ok dear" she asked.

Evelyn stared at agatha with an unknown expression 'am i ok?' she didn't knew herself either. Her mind was a mess.

"I-I don't know" she replied truthfully and looked down at her lap. Agatha nodded, of course she was loyal to the storms just like her husband but all these things they were doing with evelyn were wrong. In their obsession they couldn't see how much damage they were causing to the poor girl.

Agatha pushed the suitcase aside and sat down in front of evelyn. "Dear, i know that no matter what i say it can't justify the actions of masters" she said with a sad look.

"Evelyn, they claims to love you a lot and I'm not going to lie, we've never seen masters this happy before with anyone. I'm not saying that you should just forgive them for whatever they did, no. All I'm saying is that they are really dangerous, please never ever do anything that ends you up in a major problem. Dear, i really don't want to see you in that state again" agatha said referring to the day when storms punished evelyn.

Evelyn looked down at her wedding ring "yeah" she said so ly. She looked up and saw agatha giving her a pitiful look. Evelyn smiled "we should finish the packing" she said.

Agatha nodded and got up.

Evelyn closed the chain of her suitcase as she and agatha packed everything. "Thank you for your help" evelyn said. "No problem dear" she replied.

"Um agatha" evelyn said. "Yeah" she replied. "Do you have any idea where are we going tomorrow?" She asked with a frown. "I'm sorry honey, but i don't know" agatha replied. "Oh its alright" she said.

Agatha le the bedroom.

Evelyn got up from the bed and stood close to the window. She looked around at the beautiful scenery, her gaze fell on a tree, a birds nest was made on it in which a mother bird was sitting with her small hatchlings. A smile played on evelyn's face, her heart warmed at the view.

But her smile soon fell when agatha's words rang in her mind. Evelyn was trying to process everything.

She admitted it that storms were really smart brothers, they always thought one step ahead of everyone.

The perfect example was the time when evelyn and henry tried to escape. Her dad made sure to make that plan perfect but what happened, they got caught and she really didn't wanted to experience those things ever again in her life. It was all really brutal.

Evelyn took a small breathe. "it will be best for me to just give up" she whispered to herself, getting angry in any way was just out of the question for her.

She sighed and looked at her packed suitcase.

This was going to be one hell of a honeymoon.
