

He brought her mouth to his and said, "I am going to kiss you until the only name you will ever taste is mine."

## 7. Love or obsession

It was almost midnight and i couldn't sleep. My thoughts were stuck on the storm brothers, they were really handsome men but also scary. I just hope they are not angry with me for bumping into them, otherwise I'll be a dead person.

a<sup>2</sup>

"Ughh why can't i get any sleep" i whined.

' Umm...maybe because you had two cups of coffee subconsciously said mocking me.

a<sup>3</sup>

I rolled my eyes to myself.

Since i couldn't sleep and I was really curious about those brothers, i thought about googling them. I opened my laptop and typed 'the storm brothers'. Three handsome faces appeared on the screen.

a<sup>7</sup>

"Wow they became billionaires on their own. I thought they inherited the money from their family or something" i mumbled to myself.

There was another article 'The Storm Brother's fiancée' hmm, interesting" i thought and clicked on it.

"Woah" there were pics of three gorgeous women who were looking like some models, 'no wonder the brothers are going to marry them' i thought, overall these women are beautiful.

a<sup>0</sup>

There were more articles about them. Another article got my attention 'The Storm's rivals' i clicked on it, several names popped up on the page.

' Famous businessman Cameron Johnson, died in a horrible car crash. He was going to a meeting when this unfortunate accident happened. Johnson was a big name in business market and lately he was also involved in some scandals. Just a day ago he was accused of stealing information from the storms. He was one of the top rivals of The Storm Interprice and just like that there were hundreds of names of the people who 'accidentally' got killed.

a<sup>6</sup>

I broke into cold sweat and hurriedly shut my laptop. I laid on my bed and i knew that now for sure I'm not gonna get any sleep. All the people who died had only one common connection and that is rivalry with the storms.

a<sup>1</sup>

And everyone knows that, how the storm brothers are famous for their short temper and cruel ways of killing people. And that concludes only one thing

a<sup>5</sup>

'The Storms killed all those people

a<sup>9</sup>

Everyone knew that, even the publisher of that article but they didn't dare to write about it.

The trio was currently working in their office in Italy when someone knocked on their door. "Come in" said Noah in a monotone voice. The guy named Christopher enters inside. "Sir" he called, the brothers looked at him.

"I have got every single detail about Ms. Winters" said the guy and he placed a red file on their desk. "Good" Elijah said and dismissed the guy.

Ace picked the file and read it aloud. "So it says that she is 17 years old and her relationship status is single" said Ace.

a<sup>5</sup>

"Good for her because if there was any guy in her life then we would have showed her hell" said Elijah to which Noah and Ace smirked silently agreeing with him.

a<sup>0</sup>

Ace started reading again but then, "huh" exclaimed Ace. "What happened" asked Noah. "It says that she has been homeschooled her whole life" replied Ace. "Homeschooled?" asked Noah. "Yeah" he replied.

a<sup>2</sup>

"Hmm she plays piano and it also says that she is an introverted person and she doesn't have any friend circle" said Ace. "She is getting homeschooled and doesn't have any friends, no wonder she seemed so innocent" said Elijah. "True, I'll be surprised if she knew any type of vulgar word" Noah said with a smirk.

a<sup>1</sup>

Suddenly Elijah's phone went off, he looked at the caller ID and groaned. Noah and Ace just looked at him, at this point the brothers knew very well who was calling him overall they are also facing the same problem.

Elijah rejected the call "i swear i'm gonna kill this bitch else (his fiancée) if she called one more time" he sneered.

a<sup>1</sup>

"We gonna get rid of them anyways, so relax" said Noah. Elijah's phone again went off, he started cursing thinking that it's her but stop mid sentence. Their plane's captain was calling. He picked the call and the captain said

"Sir"

"Yeah"

"Your jet will be ready in 10 minutes"

"Ok. We'll be there"

"Ok sir"

a<sup>1</sup>

Elijah ended the call "jet will be ready soon" he said to which Ace and Noah nodded. "I just met her once and fuck! I'm missing her like crazy" Elijah admitted. "Yeah I'm missing my kitten too" said Ace.

a<sup>2</sup>

"What do you guys think. Are we in love, or obsessed with her?"

Asked Noah. Currently they were sitting in their jet doing their work and Noah's sudden question caught both Ace and Elijah off guard.

They were a little confused by Noah's question.

a<sup>1</sup>

Noah saw their confusion and said "when i think about her, i feel some kind of foreign feelings. I want to cherish her but if she ever tried to run away from us then I'm gonna break her legs and kill her father in front of her eyes"

a<sup>31</sup>

Ace started "when i looked in her eyes i felt myself getting lost. I want to give her the world but if i ever saw her in arms of another man I'm gonna burn her alive"

a<sup>92</sup>

Then Elijah said "i just want her little body close to me all the time but if she ever denied to our feelings for her then I'm gonna show her hell, I'm gonna torture the fuck out of her"

a<sup>50</sup>

By the end of Elijah's words, Noah had a smirk on his face because he got his answer. They all were 'obsessively in love with her'
