Evelyn looked at elijah who was driving in panic. A er getting that call he hurriedly took her with him and when she tried to ask him he didn't said anything.

"Elijah" she called in a scared voice.

He looked at her and then turned his head towards the road. He placed his free hand on her thigh and rubbed her so skin with his thumb.

Evelyn understood that he realized he wanted to talk right now so she kept quiet.

She looked outside and realized they were going towards the storm's company. She was completely confused.

Elijah parked the car, they both came out. He held her hand and they quickly entered inside.

Every employee greeted them. Evelyn politely smiled at them but elijah kept walking fast while holding her hand. They entered inside the elevator.

"Elijah what's happening please tell me" she asked scared as she looked at his panicked expression. He kissed her hand "ace, he" before he could finish his sentence the doors of the elevator opened.

Elijah spotted noah waiting for them impatiently. He took Evelyn towards him. Noah looked at them both.

"How's the" elijah asked in a worried voice. Noah just shake his head. A heavy feeling settled in Evelyn's heart. She looked at both of them. "What's going on" she asked in fear.

"And where is ace" she asked and turned her head here and there. Noah and elijah looked at her sadly.

Noah cupped her face "baby wait for us here okay and if we need you we'll call you then you can come inside our ice" he said. Evelyn noticed the calm which was usually evident in noah's voice was missing. He looked scared?

Evelyn held his hand "please tell me noah what's going on, where's ace" she asked already feeling like crying.

It didn't mattered to her if she never love the storms but she couldn't deny this fact that she cared for them deeply.

Elijah kissed her forehead "we can't explain anything right now baby, but at least what noah said okay" he said. She slowly nodded.

They both hurriedly le. Evelyn watched them leave. So many questions were running in her mind. She decided to wait and sat on the couch.

Evelyn fiddled with her fingers. Its been few minutes they didn't come back neither called. She tapped her foot on the ground in nervousness.

"FUCK OFF" Evelyn flinched when she heard someone yell. She hurriedly stood up from the couch. "GET THE FUCK OUT BEFORE I KILL YOU" a voice roared. Evelyn's eyes widened.

It was ace's voice. She dashed towards their o ice.

"You can't go inside" a hand came in front of Evelyn. She looked up and saw Claire with an annoyed expression.

She smiled bitterly at Evelyn. "I've strict orders from Mr. Storm, not to let anyone inside" she said. "B-But its a ace's voice, what happened to him" she asked in a worried voice.

"I thought they would've told you since you're their wife" Claire said mockingly. But Evelyn just stared at her innocently. "They didn't said anything to me" she mumbled.

"That's sad. Mrs. Storm she said with fake sympathy.

"GO AWAY" came ace's voice again. Evelyn's heart clenched. He sounded so hurt. She started to go inside but Claire blocked her way. "I said no one is allowed to go inside, you should wait outside" she said sternly.

Evelyn felt frustrated and again ace's pained voice came.

"I'm going inside" Evelyn said. "Can't you understand you're not allowed." "You listen to me, this is my husband's o ice and no one can stop me from entering inside. Do YOU understand" Evelyn roared.

Claire's eyes widened. She stared at her and then looked down. She slowly nodded her head.

Evelyn didn't spared her another glance and practically ran inside in worry leaving Claire behind who was burning in rage.

Evelyn opened the doors and her eyes widened in horror. Storms o ice was practically destroyed.

Ace was throwing the objects here and there. Elijah and noah were watching him with sad eyes. They tried to stop him but in his anger he made a deep cut on noah's hand.

They both saw Evelyn. Elijah walked towards her "elijah" she whispered. "You need to leave Evelyn, we shouldn't have bring you here" he mumbled mostly to himself. "What's happening with ace" she asked in concern.

Ace's back was towards her as he kept destroying the o ice.

Noah also came towards her. Evelyn gasped when she saw blood on his hand. She held his hand. "I'm fine sweetheart" he said with a weak smile. He didn't wanted her to see this side of them.

Evelyn started to walk towards ace but elijah held her hand. His face showed so much worry. She placed her hand at top of his assuring him.

She gulped and walked towards a stressed ace.

"Ace" she called so ly.

He stopped trashing the o ice and hurriedly turned towards the voice. They both stared at each other.

"Ace" she called again. His jaw clenched.

He took long strides towards her, Evelyn started to back up in fear. Her back touched the wall, he caged her small frame. "Why so scared kitten" he said with an evil smirk.

"Ace stop" noah tried to jump in, but ace grabbed Evelyn's wrist and turned her around. Her back now touching ace's chest.

He smiled darkly and slowly wrapped his hand around her throat.

"Don't you dare hurt her ace" elijah growled. He smiled bitterly. "See they both care for you so much kitten" ace whispered in her ear. Evelyn was on the verge of crying. she had no idea why he was behaving like that.

"And thats why you love them both right, but i also cared for you a lot, THEN WHY THE FUCK YOU DONT LOVE ME" he roared tightening his grip around her.

"Brother please" noah begged.

Evelyn whimpered loudly. "I-its hurting ace" she whispered. Ace looked down at her. Her small face was covered in tears as she kept whimpering.

Noah and elijah watched helplessly, if there was someone else on ace's place who was hurting Evelyn they both would've cut their body in small pieces. But right now their own brother was standing in front of them.

"She's your wife goddamnit" elijah sneered.

Ace's face which was morphed in pure anger melted. His hold loosened. elijah hurriedly pulled Evelyn towards him taking her away from him.

Elijah cupped her face "I shouldn't have brought you here baby, I'm so sorry" he mumbled wiping the tears away from her face. Noah kissed her cheek. Evelyn took deep breathes, her mind was still trying to process what just happened.

Ace watched them with sad eyes. They all looked perfect together, without him.

Not even your own wife loves you. You're just a pathetic human.

Their voices mocked him. Ace was tired, tired of being so unloved.

Evelyn's gaze move towards him as noah and elijah were hugging her. He was looking away from them.

She held noah's arm who looked down at her "I-i can't leave him like that" she whispered to them.

Noah and elijah looked at their brother who was completely oblivious to their stares.

Evelyn started to walk towards him slowly. Noah held her hand. He was worried, she looked back at him.

"Can you both p-please wait for us outside" she said so ly. "No" they both said in unison. "You just saw what happened Evelyn, you're not leaving you alone with hi- Evelyn cut elijah o and held his hand.

"Please, promise if something happens I'll call you right away. Just give me few minutes please" she begged and again looked at ace who was now sitting on a chair. His head was down as he stared into space.

Noah and elijah reluctantly le. Evelyn stared at ace. He wasn't behaving violent anymore but still she felt a little scared.

With small steps she walked towards him. "Ace" Evelyn called him so ly. He didn't reacted.

She bent down in front of him. Their eyes met. Her heartbeat a er seeing his lifeless eyes. She placed her slightly trembling hand on his leg.

"I'm tired" he mumbled. His voice was so low. She cupped his face and made him look up. She wiped his face with her thumbs. "Lets go home" she said. Ace's eyes widened, he hurriedly stood up and got away from her.

"I'm not going anywhere" he said avoiding any eye contact with Evelyn. "Just leave from here, its not about you care for me anymore" he muttered the last part under his breathe but she heard him.

"Ace I know you're angry at me for today and I'm really sorry for that" she said and tried to hold his hand. "Just leave...please" he said.

"No, I'm not going back without you. Ace please" Evelyn begged, her small hands held his big ones. He again tried to get away from her but she didn't let go.

He looked at her maniacally.

"Don't hurt yourself like that" Evelyn sobbed.

His eyes so ended.

Ace li ed his shaking hand and caressed her cheek.

"I'm sorry" he said. She looked at him. "I want to go back home" he said. He felt that if she stayed here for one more minute he'll murder someone.

Evelyn smiled weakly and nodded. "Just a sec" she mumbled and removed her hands from ace's hold. He looked at her with an extremely hurt look.

"Wait a minute" she said in a so voice and picked up her purse from the chair. Evelyn pulled out her handkerchief and went towards ace.

She gently placed her hand on the side of his head and with her another hand she brought that handkerchief close to his face. Evelyn started to wipe his tear stained face.

Ace stared at her as she cleaned his face. He sighed, she was being so gentle with him.

"Done" Evelyn mumbled. He wanted to protest and tell her to keep going.

Evelyn stared at her and smiled. She caressed his cheek "you look tired" she said. "Lets go" she said and he nodded like an obedient kid.

Noah and elijah were waiting outside the o ice. They were walking here and there in worry.

Claire watched them from a distance.

The way Evelyn insulted her made her blood boil. She wanted to murder her right there and then.

Claire was praying that ace somehow kills her in his rage.

She wanted to hear Evelyn's painful screams.

The doors of the ice opened. Noah and elijah looked up and saw Evelyn walking out with ace, their fingers intertwined tightly.

Noah and elijah sighed in relief while on the other hand Claire's eyes widened. Just a few hours ago ace looked like a beast ready to kill and now he was clinging to Evelyn.

Her jaw clenched. She stomped her foot on the ground and le angrily.

Noah and elijah went towards them "are you okay baby" elijah asked. She nodded with a smile. Noah looked at his brother.

He placed a hand on ace's shoulder "how are you feeling" he asked. Ace smiled weakly "better" he mumbled "and I'm really sorry brother" he apologized to both of them.

Surely storms had these types of episodes but they never physically hurt each other like ace did today. "Its alright" elijah said.

"Take him home sweetheart, we'll handle everything here" elijah said to Evelyn. She nodded.

Ace and Evelyn were walking towards the elevator "Evelyn" noah called, she turned around, he smiled and came close to her.

He engulfed her in a warm hug. "Thank you, thank you so much" he whispered in her ear. She smiled, his voice was filled with so much relief. Rebel of seeing his brother completely fine.

She hugged him back.

Evelyn walked out of the company with ace. Jack was waiting outside for them. He bowed at them and opened the car's door. Evelyn and ace settled inside.

The driver started the car.

He placed his head on her shoulder. He sighed in tiredness. She ran her fingers through his silky hair making him smile a little.

She doesn't love you. Such a perfect girl can't love a pathetic guy like you.

Ace li ed up his head scared. Their voices came back in his mind.

"Ace" Evelyn asked as she looked at his restless face. He took a deep breathe "I'm fine" he mumbled and looked outside of the car window to distract his mind.

Evelyn frowned but couldn't understand what was going on.

The car stopped in front of the mansion. Ace hurriedly opened the door and got out of the car. Evelyn followed him behind.

Agatha was dusting a table when she saw ace and Evelyn entering inside. She smiled at them but that smile fell when she saw ace dashing upstairs in frustration and a worried Evelyn was following him behind. She watched them as they both went upstairs.

"Ace" Evelyn tried to call. He entered the bedroom.

"She cares for me, she loves me" ace growled. Those voices laughed.

You and your pathetic brothers are nothing but a burden on her. Or maybe she likes your brothers only, you know how useless you are.

They said snickering.

Ace shut his eyes tightly. He was so close to just break down right there and then.

"Ace" came Evelyn's voice from behind.

He didn't turned around.

"Please talk to me" she whispered. His jaw clenched. He turned around. Evelyn's heart dropped as she stared at his dark face.

He smiled bitterly and walked towards her "you look perfect with my brothers you know that" he said standing in front of her. "And you want them more than me" he said smiling.

"What" she whispered, he held her hand tightly and pulled her towards him. Her small body collapsed on his hard chest.

Evelyn struggled in his hold "ace please" she said. He chuckled "what happened baby" he said. "Oh, are you missing your husbands" he spat venomously.

She flinched from his tone. Evelyn was so puzzled from his behavior.

"Why are you saying like this ace" she said and raised her free hand. Evelyn gently caressed his cheek.

"Please tell me darling" she cooed.

Ace stared at her, his hold eventually started to loose.

One a er another many drops of tears started to fall from his eyes.

"Shh its okay" Evelyn whispered and placed his head on her chest. She rubbed his back.

"I know you love them more than me, they kept mocking me about it" he whispered. Evelyn frowned. She cupped his face "who?" She asked.

But he didn't replied.

Ace hid his face in her neck. "Please talk to me ace" she said.

He growled loudly and pulled away "what do you want to know, that how much insecure you made feel" he roared.

"I know you love them, i know that i don't deserve you. I know, i fucking know." Evelyn cut him o and slammed her lips on his.

His eyes automatically closed at the so feeling. Evelyn deepened the kiss. She ran her fingers through his hair.

Their tongue danced with each other. Ace moaned loudly. He pulled her towards him even more which made him fall back on the bed and Evelyn ended up on top of him.

They kept kissing. He held her hips tightly. Evelyn sucked on his lower lip and slowly pulled away. She was breathing heavily but ace stared at her in shock.

Evelyn looked at her. She ran her fingers over his jawline. "You matter to me ace" she whispered and kissed his cheek, then another one. Ace closed his eyes still not believing this was happening.

She trailed down and started to kiss his neck. "Just like elijah and noah, you matter to me" she whispered and bit a little on his neck making him shiver in pleasure.

She stopped kissing him and looked up at him "i care for you" she said. Ace opened his eyes.

She was laying on top of him as he breathed heavily in lust. "Please don't stop baby" he finally said more like begged.

Evelyn touched his lightly hairy chest and slowly started to unbutton his black shirt. She kissed his chest and trailed down to his stomach.

She got up top of him. Ace gripped her butt and started to rub it against his dick. Evelyn moved her body as he wanted. She bit her lower lip.

He got up a little holding her close to him. She removed his shirt and threw it aside. Ace's hands went towards the zipper of her dress and he opened it hurriedly, leaving her only in her light pink bra and underwear.

Ace buried his face in her cleavage and placed multiple kisses. He reached for the hook and opened her bra.

He grabbed her breast and kneaded them. Evelyn gasped lightly.

Ace held her waist and flipped her around. He laid on top of her as they both breathed heavily. He stared at her and then down at her so lips.

Evelyn smiled, she held his chin and pulled him close. She kissed him.

Evelyn moaned as he entered his tongue in her mouth.

Ace's hands trembled down. He rubbed her so bud from over her underwear. She squirmed but he held her in place.

She broke the kiss. Evelyn gasped for air. Ace looked at her, he started to go down on her. She watched him with a lustful gaze. He got in between her legs. He removed her underwear and placed her legs on his shoulders.

He got close to her womanhood. He blew some air making her shiver.

She parted her pussy lips and entered his tongue inside.

"Ace" Evelyn moaned. He curled his tongue inside her making her shriek.

She gripped his hair as he flicked her sensitive bud. Evelyn shivered at the feeling. Her juices flowed which he started to lick. She moved her hips.

Ace held her butt and kept her in place. "Oh god" Evelyn moaned loudly when he entered two fingers inside her ass as he kept licking her pussy.

Evelyn's eyes rolled back, her body started to jerk with that immense pleasure. Ace held her tightly and curled his fingers inside her.

He gave a hard thrust inside her from his fingers. "Ahh" she cried. He was hitting her g-spot. Evelyn started to fidget in ace's hold but she didn't released her.

He pumped even faster. She fitted the bedsheets.

"ACE" Evelyn screamed as she squirted on his hands. He kept fingering her, she kept squirting wetting the bedsheets.

He finally stopped. Evelyn's body was still shaking from the intensity. Her hold on the bedsheets loosened.

Evelyn curled up in a ball. She was overwhelmed from the feeling. Ace watched her, he rubbed her back and slowly she calmed down.

She looked up at him. They both kept staring at her.

Evelyn slowly got up and scooted closer to ace who just watched her movements. She placed her hand on his chest. His eyes were dark in lust.

She pushed him down on the bed.

Evelyn got close to his face. She smiled so ly. She got down and started to open his jeans. She removed them leaving him only in his underwear.

She rubbed his dick, making him groan. Evelyn removed his underwear. Ace's cock sprang out which was already rock hard.

She wrapped both of her hands around his huge sha. She stroked it gently. Ace was breathing heavily.

She took the tip in her mouth and wrapped her tongue around it. She licked his veiny cock.

"Fuck" ace hissed.

She fondled his balls as she sucked hard. Ace grabbed her hair and put his sha deeper in her throat. Evelyn gagged.

He released her, she stroked his cock which was now all soaked in her saliva.

Ace held her hand and tugged on it. He desperately wanted her. Evelyn got on top of him. He kissed her neck hard, she moaned.

He positioned his dick on her pussy and rubbed over it slowly. Evelyn whimpered at the feeling.

Ace held her shoulders and started to push her down. "Oh my" Evelyn moaned as his manhood entered inside her heat. He groaned, her pussy was clenching around him.

He gripped her hips tightly and started to thrust. "Umhhhh ace" she cried and cling to his body as he fucked her hard. "Yes kitten" he growled.

He gripped her hair and made her look at him. Evelyn joined her forehead with his. They both stared at each other.

She whimpered when he put a finger in her ass.

Ace slapped her ass cheeks with his other hand. Evelyn moved her hips faster. He whipped his arms around her and thrusting faster.

"Umhhhh ace p-please" she moaned. Her bottom turned complete red.

Evelyn's toes curled as her pussy clenched even harder around ace's dick. He knew she was close.

"Yes babygirl, cum for me" he breathed, his dick kept thrusting inside her heat.

Ace held his orgasm getting close. He increased his speed which made Evelyn cry in pleasure. "D-Daddy" she cried and her body shake as she reached its high.

Ace growled, his body shivered "Evelyn" he growled as he released his thick cum inside her.

They both breathed heavily. Evelyn's body collapsed on top of him. He pulled out.

She laid beside him. He calmed himself down.

Ace turned towards her. Evelyn felt his stare and looked at him. Her breathing was still a little irregular.

He scooted closer to her and placed his head on her chest. Evelyn rubbed his tatted arm. "Do i really matter to you" he asked. "Yes" she replied instantly.

He looked up at her, she smiled and kissed his forehead. "You should sleep" she cooed. Ace closed his eyes. A small smile automatically played on his lips.

He felt loved.

They both fell asleep in each other's embrace.

Evelyn sighed as she woke up. She tried to move a little but something stopped her. She lazily opened her eyes.

She saw ace's naked body holding her tightly. She smiled and placed her fingers in his hair. Evelyn massaged there gently. Ace smiled in satisfaction in his sleep.

Today's events made Evelyn scared to the core. She wanted to ask ace about it but decided not to, she didn't wanted to upset him again.

She turned her head and saw her phone on the side table. She looked for it.

Evelyn looked at the time and saw that there was still some time le in noah and elijah's return. She started to get up but ace was hugging her tightly.

She slowly removed his hands from her waist. He groaned in his sleep. "Shh" she whispered in his ear and rubbed his back. He fell asleep again.

Evelyn saw her dress on the floor and picked it up. She removed the sheets which were wrapped around her and wore her dress. She started to get up but hissed.

She was sore.

She slowly got up and went towards the washroom.

Aer sometime she came out and saw ace was still asleep. She walked out of the bedroom and headed downstairs.

Ace groaned in his sleep. He felt cold, his hands rained on the bed in search of Evelyn's touch. But he was le empty hand. His eyes shot open.

He looked here and there but couldn't find her. "Evelyn" he asked feeling restless.

She le you.

His eyes started to turn watery when the bedroom door opened. He looked up and saw her. Evelyn smiled at her.

"Good, you're awake" she said and walked towards him. Ace watched her. She sat beside him. "Where were you" he growled. She looked at him confused but then smiled.

"I was making lunch for you, you didn't ate your breakfast today so i thought you'll be hungry" she said and placed a plate in front of him.

Ace's mouth watered and only then he realized how hungry he was.

He looked up at her "don't leave me alone like that again" he mumbled. Evelyn stared at him and nodded. "I won't" she said with a smile.

She placed a cloth on his lap and placed the plate on it. She handed him a fork "now, eat" she cooed. He smiled and started to eat. He took a bite and moaned at the taste.

"Its really good baby" he said "thank you" she replied.

Evelyn felt nice seeing him smiling like that.

Ace placed the fork on the plate as he finished eating. Evelyn took the plate and placed it on the side table.
