DONT FORGET 86. Frustrated W å "It smells so good dear" agatha said. Evelyn smiled at her. Evelyn really wanted to eat brownies so agatha decided to make some for her. She wanted to help agatha but she didn't let her. Storms didn't wanted evelyn to do any work and agatha was aware of But evelyn protested and at the end they couldn't say no to her. ď Whole kitchen was filled with sweet smell of chocolate. Agatha started to mix the chocolate and evelyn was preheating the oven. Evelyn turned around "um agatha" she called. "Yes dear" she said. Evelyn bit her lower lip "when you're done mixing it, can i lick the spoon please" she asked shyly. ₫¹ Agatha looked at her. "Of course honey" she replied. Evelyn was always respectful towards everyone here, she could easily order them around but instead she always asked polietly. a It always made agatha happy but also a little worried. It was obvious that evelyn was way too innocent, times like these, agatha thanked the gods that storms were with her all the time. "Here sweetheart" she said passing her the spoon, evelyn's face lit up. "Thank you" she said taking the spoon. Evelyn licked it moaning at the taste. ₫³ "Yeah we'll meet at 11 and then discuss it further" noah said on the phone "ok Mr. Storm, we'll be there" that caller replied. Noah mumbled an 'okay' and cut the call. "Ready" elijah said entering the bedroom "yeah" he replied. Ace also entered inside "where is evelyn" he asked with a frown. "She's in the kitchen" elijah replied. Noah smiled "she really want those brownies huh" he said. á Ace chuckled "lets go" elijah said. They nodded and started to walk downstairs. Elijah was the first one to enter the kitchen when he suddenly stopped. "Fuck" he cursed under his breathe. Ace and noah looked at him in confusion. They followed his line of sight "damn" ace mumbled and noah gulped hard. å Evelyn was sitting on the kitchen isle licking that spoon. Agatha was busy in her work. Storms watched as her tongue touched the spoon and licked that chocolate. They walked towards her, unknown to their lustful stares evelyn was innocently savoring the taste. a⁵ She felt someone's presence. She looked up and flinched a little. The trio was standing close to her, really close. å She looked at them in confusion "um you're leaving" she asked. Agatha turned around and saw them. "Good morning masters" she bowed at them. They nodded at her but their gazes remain fixed on evelyn. ď Agatha awkwardly stood their, the way storms were staring at evelyn was enough for her to tell that they wanted to be alone with her. å "I forgot butter, i'll just go and grab it from the pantry" agatha said and le. å Evelyn watched her leave, two fingers were placed under her chin and made her look up. It was elijah. Ace and noah were standing on her sides trapping her small frame. "What were you doing" noah breathed. Evelyn tilted her head in confusion, she looked down at the spoon "um licking the chocolate" she answered innocently. Ace took a shaky breathe, he li ed his finger and took it towards that spoon which evelyn was holding. He ran his finger over that chocolate scooping some on his finger. He smirked and forwarded that finger towards her. ₫³ Elijah and noah grinned while on the other hand evelyn's cheeks turned a little red. When she didn't moved he frowned. "Evelyn" noah called in a warning tone. Slowly she held ace's big hand with her small ones. The trio watched with dark eyes as she took ace's finger in her mouth. Evelyn couldn't help but savor the sweet taste. ď Her eyes closed as she licked his finger clean. Evelyn flinched when she heard three loud growls. She opened her eyes, their faces were hard. a* She hurriedly released his hand and looked away. Elijah smirked "eek" she shrieked when he grabbed her hips and picked her up. She wrapped her legs around his waist to prevent herself from falling. "You know how much i want you right now" elijah growled in her ear. 🔁 She shuddered, noah and ace stood behind her. Noah squeezed her ass making her whimper "p-please someone will s-see" she mumbled trying to release herself from their hold. ď If one of the maids saw her in this position, evelyn would die due to embarrassment. a "Ow" she whimpered when ace slapped her ass. "Aw did that hurt" he cooed, evelyn wanted to shout at them. Noah grabbed the back of her neck, she was breathing heavily "we want to fuck you" he said shamelessly. Her eyes were closed due to warmness. She bit her lower lip "daddy" she moaned out quietly. Her eyes shot open realizing what she just said. Storms were looking at her with a smirk, she wanted to hide her face in a pillow. "You want daddy's cock" ace whispered biting her earlobe. Evelyn was squirming in elijah's hold, noah's hand was squeezing her ass. Suddenly she jumped when noah's phone went o . "Fuck" the trio cursed. He pulled his phone out, claire was calling him. 135 He stood a little away and picked up the call "good morning sir" she chirped "what is it" he asked angrily. Storms didn't liked any kind of interruption whenever they were with evelyn. đ Claire frowned at his tone "Mr. Storm you have a meeting at 11 with Mr. Green, when will you arrive" she asked biting her lower lip, she wanted the storms to come fast. She didn't wanted them to spend even a minite with that wife of theirs. "We know that, we'll be there" noah grumbled and before she could say anything he hung up. He turned around and smirked, evelyn was squirmumg as ace and elijah were nibbling on her neck. a He went towards them and wrapped his hand around the back of her neck and made her look at him "we have to go" he said, she nodded. It was good that they were leaving, storms were nice to her but they were way too needy. Sometimes evelyn really felt like she had three giant babies, who kept clinging to her. ₫³ Elijah looked at her and smiled, some chocolate was sticking on her lower lip. He wiped her lips with his thumb "don't eat too much brownies" he said. They knew she had a sweet tooth. a Evelyn frowned "you don't want any?" she asked. Ace smiled "we would love to eat but we have a meeting" he said and continued "how about you come to our o ice and bring us some brownies and we can go out for lunch a er that" he said. Noah and elijah smiled widely at his suggestion. ₫¹ Evelyn bit her lower lip and slowly nodded, they smiled "um can you put m-me down please" she mumbled. Elijah smirked "but i like holding you like this" he pouted. She gulped "whats the magic word?" noah asked teasingly. She looked down "please daddy" evelyn said in a small voice. ď "As you say my baby" elijah said and carefully put her down. Evelyn adjusted her hoodie. "We'll be waiting for you" ace said "okay" she mumbled. They kissed her one by one "bye" she said giving them a small wave. They happily waved back. Agatha came back "masters le?" She asked. Evelyn looked down and nodded in embarrassment. Agatha awkwardly cleared her throat as she noticed the marks on evelyn's neck. Storms never hesitated to make love to their wife whenever they got any chance. "Um i-i'm going to the library" evelyn said "okay" agatha said smiling at the flustered girl. Evelyn hurriedly went upstairs. She covered her face with her hands thinking that agatha probably knew what they were doing. a⁵ entered inisde their o ice "good morning sir" claire said smiling. They barely acknowledged her. "Mr. Green is about to arrive for the meeting sir" she told them. "Okay" elijah said typing something on his laptop. a⁷ Claire looked down. Why can't they notice her, she wondered sadly. She was about to leave their o ice when "claire" ace called. She turned around "yes sir" she said happily. He looked up from his phone. "When we're in that meeting and our wife comes inform us" he ordered. a⁴ Her smile dropped. A er so many days they came back to the o ice and still that bitch couldn't leave them alone, claire thought angrily. 37 She gulped down her anger "M-Mrs. Storm is coming" she asked giving a tight smile. "Yes" noah replied, a faint smile coating on his lips thinking aboug evelyn. Claire's jaw clenched "ok sir, anything else" she asked balling her fists. "No" they said flatly. a Storms entered the conference hall, everyone stood up. Noah motioned from his fingers for them to dettle down. "Hello Mr. Storm" a middle aged man greeted him forwarding his hand for them to shake. The trio shake hands with him "hello Mr. Green" ace said. They settled down. "Start the meeting" elijah said. Evelyn closed her book, she looked at the clock and decided to get ready. She entered the bedroom and walked towards her closet. She chose her clothes and started to undress. Evelyn wore the clothes and went towards her dresser. å She brushed her hair and applied a little makeup. She was placing her phone in the purse when there was a knock on the door. "Come in" she said closing the zip of her purse. It was agatha. á Evelyn smiled at her. "Here" agatha said handing her the brownies which she packed in a paper bag. "Thank you" evely said happily, she couldn't wait to eat them. a "You look pretty dear" agatha said, evelyn blushed "thank you" she "Mrs. Storm" a maid called, evelyn and agatha turned around and saw her standing at the bedroom's door. "Mr. Chase is here to pick you up" that maid said bowing. "Okay" she replied. "Bye agatha" she said "bye dear" agatha said smiling. Evelyn walked out of the front door and found chase standing beside the car. They always look like a robot, she couldn't help but wonder d' She walked towards him "hello chase" evelyn said. He bowed at her "hello Mrs. Storm, sir sent me to pick you up" he greeted her opening the car door for her. She thanked him and settled inside. a The car stopped in front of the storm's company. Chase opened the car door for her, she thanked him and came out. He opened the huge glass doors for her. As soon as evelyn entered inside everyone looked at her. "Good a ernoon Mrs. Storm" the receptionist greeted her standing up evelyn gave her a nervous smile "hello" she said feeling awkward. "This way Mrs. Storm" chase said, she nodded. He looked at the employees with a hard look making them turn their heads away. A er storms, their bodyguards were the only people who scared them. a They entered inside the elevator, chase pressed the button. "Are you okay Mrs. Storm" he asked in concern looking at her troubled face. "Yeah, its just everyone was looking at me i-i got a little nervous, sorry" she said. "No need to apologize mam" he said feeling bad for the small girl. a⁰ The doors of the elevator opened. They walked out. Evelyn saw samuel and jack standing outside the black doors, they bowed at her. Evelyn smiled at them politely. "Mr. Storm is in a meeting mam but its about to end. You can wait in their o ice" jack informed her "okay" she said. They opened the doors for her. Evelyn walked inside alone. Every time she came here she couldn't help but look around in amazement, everything here screamed rich and power. a "Here" liza said handing claire the files. "I'm going for lunch, you wanna join" liza asked playing with the paperweight. Claire snatched the paperweight from her hand and placed it aside. "No, I'm waiting for Mr. Storm's meeting to end" she mumbled setting the papers. đ "Jeez why do look so annoyed" she asked. Claire slammed those papers on the table, she was frustrated, frustrated of being ignored by Her eyes started to water "hey you okay" liza asked placing a hand on her shoulder. "Yes I'm fine, just a little worked up" she lied. ď Liza nodded, they both were still talking when they heard clicking of heels. They turned their heads. Liza smiled in surprise while claire's jaw clenched. Evelyn was coming in their direction "hello Mrs. Storm" liza said happily, evelyn smiled back "hello" she said looking at both of them. "What a pleasant surprise" liza chirped, claire mentally rolled her eyes. a "Mr. Storm is in a meeting" she said, she nodded "yeah jack told me" evelyn replied. Liza smiled at her but then a sweet aroma invaded her ostrils "wow_what's this smell" she mumbled Evelyn smiled "i brought brownies" she told her. "For Mr. Storm" she asked, she nodded. "That's so cute" liza said. Even though the storms were extremely intimidating but everyone in the company could tell they loved their wife a lot. Liza's phone went o, she picked it up "yeah i'm coming" she said hurriedly and hung up. "I have to go, jane is waiting for me" she said "it was nice talking to you Mrs. Storm" liza said happily. In the start she also thought like everyone that storms married a rich brat, but she realized evelyn was quite sweet. ď "Same here" evelyn said. Liza le leaving evelyn and claire alone. "You can wait in the o ice for Mr. Storm" claire said. She didn't wanted to see evelyn's face anymore. "Okay, thanks" she said so ly. Claire smiled, her gaze fell on those brownies "are you sure sirs will eat that" she asked tilting her head. Evelyn frowned "huh?" she asked in confusion. "You see Mrs. Storm, sirs don't like sweets" she said tauntingly. "Oh" evelyn mumbled, but the trio never refused her whenever she gave them any sweets. "I didn't know that" she said in embarrassment, claire smiled "its okay Mrs. Storm not your fault. Its just, i've been with Mr. Storm for a long time as compare to you" claire taunted. Evelyn looked at her innocently, she didn't realize the evil tone in her voice and thought she was right. Claire smirked as she watched evelyn entering inside their o ice. "She can't even tell what they like what not and call herself their wife" she mumbled. ₫¹ Evelyn entered inside, she looked around. She sighed and settled on a chair. She looked at those brownies sadly. She was feeling bad that because of her storms forcefully used to eat these things and they didn't even liked it on the first place. a Evelyn was still lost in her thoughts when the door opened. "Baby" ace called, she looked up and smiled at them. The trio smiled widely seeing her. They went towards her, evelyn gasped loudly when ace picked her up. "We were waiting for you" he cooed kissing her cheeks, she giggled. a He continuously kissed her neck "s-stop" she was getting tingles. Noah took her from ace's hold making him growl, noah wasn't fazed by that. "You look beautiful" he whispered in her ear kissing her Elijah wrapped his arms around her waist from behind "that meeting was so fucking boring" he grumbled dipping his head on her neck. She smiled, they always complained to her how they didn't liked meetings how some of the clients are pain in their asses. They always sounded like small kids. a "You got brownies" elijah said happily and picked up the packet. Evelyn frowned "if you don't want to eat it then its okay" she said biting her lower lip. They frowned "why are you saying like that" ace asked raising a brow. đ "Um" she played with her fingers. It was just a small thing, she didn't wanted to make it a big deal out of it. å "Evelyn" noah called in a warning tone, she sighed. "Claire told me you three don't like to eat sweet things, i-i'm sorry because of me you How fucking dare she, elijah balled his fists. But noah silently gestured elijah and ace to calm down. a Noah held her hand "never listen to her or anyone else" he said and a smile formed on his face "they're not the one with whom we're spending our days and nights, you are. They know nothing about us, only you do. And you know how much we like sweets don't you, well all thanks to you" he said smirking, evelyn giggled. ď She used to share her m&ms and all other candies with the trio and they liked it so much that they used to end up eating her share too. ₫¹ "Now how about we eat those brownies and then go out for lunch, we're starving" he said. Evelyn smiled and nodded. a They smiled at her. "No" elijah said as evelyn was about to eat another brownie "please" she pouted. "Sweetheart you know what the dentist said" ace said. Her sweet tooth landed her a trip to the dentist few weeks ago. Storms got so worried seeing her crying in pain due to her tooth. ₫ The dentist told them to not to give her any thing sweet for at least two weeks and a er that too she needed to be refrained from eating too much sweets. a "Fine" evelyn mumbled. Elijah kissed her cheek "good girl" he said. "So where would you like to go for lunch" noah asked wiping her lower lip with a tissue. She thought for a second "i don't know, how about you decide" she "There is an amazing italian restaurant not that far away, what do you think" ace asked. đ "Okay" evelyn said jumping away from ace's lap. "Come" noah said holding her hand. They came out of the o ice. "Baby" elijah called,

Claire was typing on her laptop, that smile was still resting on her face. She wanted to make that bitch feel miserable, make her understand that she was the only one who deserved the storms.
