88. Auction (Part-1) ₫ Evelyn's nerves were kicking in. Tonight was the night when they'll go to that auction. Currently she was playing with her dogs, storms le for work. She was rubbing max's fur, rick and duke were rubbing themselves on But evelyn's mind was on tonight. That place will be full of millionaires, billionaires. ð⁹ "Evelyn" she heard her name being called. She turned her head and saw agatha. "Yes" she replied. She forwarded the phone towards her, she looked at it in confusion. "Mr. Storm" agatha mouthed. Evelyn took the phone, agatha stood a little away to give them privacy. "Hello" evelyn said. "Baby" came noah's voice "noah" she said. "The designer and makeup artists will be there in the evening" he said. "O-Okay, when you three will come" she asked petting duke's head. \vec{a} "We'll be there by evening too little one" he assured her, noah could hear her nervousness. "Relax baby, there is nothing to be worried about and if you're feeling that nervous we can cancel the plan" he said so ly. a "No no, i'm fine" she said. He smiled "okay baby, i love you" he cooed. She gulped "i-i love you t-too" she whispered. Noah smirked, he could feel her blush through the phone. ď "Bye love" a And he hung up. Agatha saw her put the phone down and went towards her. "Everything okay dear" she asked seeing her tensed face. She sighed. Agatha frowned, evelyn got up from the bench. All the three dogs started whining a er loosing her touch. She looked at them and gave a small smile "you go and play, i'll be back in few minutes" she cooed, they barked happily and went away chasing each other playfully. á Evelyn smiled, for her they were like her own kids. a⁶ She turned towards agatha "are you worried about tonight dear" she asked. Evelyn slowly nodded. "Oh honey, there is no need to be worried about, masters will be with you all the time" she said. Evelyn bit her lower lip "you don't understand agatha, yes i'm a little tensed about attending that auction but my main concern is something else" she replied. "What is it?" she questioned. "There will be so many people from media a-and they will definitely raise question about t-this marriage and agatha if by any chance storms got triggered by their questions, you know what will happen" evelyn said and now it was agatha's turn to get worried because what evelyn just said had a valid point. ď Storms will not hesitate to kill anyone who'll raise any shady question regarding their wife or their relationship. ď Claire was getting ready, she was going to that auction too. That was the perk of being storms PA, she was given an invitation, it was extra so that's why it was o ered it to her. å She did her makeup and hair. She wore her black gown. #2 She checked herself in the mirror with a smile. But that smile fell when she thought about the day, how storms treated her and it was all because of evelyn. ď Claire balled her fist in anger "just one chance and i'll throw you out of their lives" she mumbled. å⁷ It was almost evening, evelyn was sitting on her bed making some notes, one of her another ways to distract herself from all this. There was a knock on the door. "Come in" evelyn said, a maid came into her view "the makeup artists and designer are here Mrs. Storm" she told her. She nodded "send them in please" she said. Evelyn stood up from the bed just then three women entered inside. "Hello Mrs. Storm" they greeted her "hello" evelyn said smiling. "I'm marilyn, your designer for the night" the brunette one said, evelyn shake hands with her. "And i'm hazel your makeup artist and this is my assistant nessa" another woman said, evelyn shake hands with them too. å "So shall we start" hazel asked, evelyn nodded a little hesitantly. "Firstly i'll do your nails" nessa said. Evelyn sat on a chair as nessa placed everything that was needed on the table. She started her work. She just watched her. Evelyn could hear hazel and marilyn talking behind her. Mariyn was telling hazel how she wanted her makeup to be done, so it can match her gown. Evelyn was unaware how her gown looked like, now if she wasn't worried enough she got another thing to make her tense. "All done" nessa said breaking evelyn's chain of thoughts. She looked down at her hands, they looked beautiful. a⁵5 "I'll do your makeup now" hazel said. Evelyn nodded. a She opened her kit and started her work, evelyn couldn't turn her head but she could hear someone bring the dress inside the room, maybe marilyn's assistants. A er few minutes, "all done, just some lipgloss" she said and pulled out a beautiful nude shade lipgloss and applied on evelyn's lips. "Good, i'll do your hair now" neesa said, evelyn nodded. She started to brush her hair, she put them in a top bun, she le some hair strands down and curled them a little. Hazel double checked everything and gave a thumbs up "perfect" she said. "All right Mrs. Storm, lets get you in the dress" marilyn said sweetly. Evelyn turned around to look and her eyes widened. A mannequin was placed there covered in a stunning dress. 232 a She gulped, it looked like the type of gown a queen would wear. "Its so beautiful" she breathed. Marilyn smiled widely "glad you liked it, Mr. Storm wanted the best one for you" she said. Evelyn gave her a small smile. ď They helped evelyn get in the dress "just a sec" marilyn mumbled fixing the strap "and done" she said. She checked everything making sure it was all good. "Come on dear put these on" she said passing her golden heels. Evelyn wore them. Hazel gave her beautiful golden hoops and helped her wear them. "You look stunning" she complimented. Evelyn blushed "thank you" she said. "Everything is done, do you want anything else Mrs. Storm" marilyn asked. "No and thank you so much" she said. They smiled. "We'll take our leave, hope you have a great night" they said, evelyn nodded with a smile. They le. Evelyn turned to look at herself in the mirror, she couldn't believe her eyes, she stared at herself and ran her hands over her chest, it fits her perfectly. She felt sexy? ã* She noticed how her breasts had grown bigger. And this thought immediately made her blush hard, storms hands were always roaming on her boobs squeezing it. Suddenly the door opened. Storms entered inside, evelyn turned around making their jaws drop. Their eyes widened, they couldn't believe their eyes. The girl who always carried this innocent aura had turned into a sex goddess. "Holy fuck" noah breathed. Ace smirked, he went towards her. He grabbed her hip and pulled her close "you look so fucking beautiful love" he breathed kissing her neck. Evelyn bit her lower lip "thank you, you look handsome yourself" she said. They smiled. a⁵ Storms were wearing tuxedos and they were definately looking hot. Noah was wearing a black tux, due to this his tattos were covered but his hand tattoos were on full display making him look so dangerous yet handsome. ď Ace was in a dark red tux, the upper button of his shirt were opened showing his lightly hairy chest and chest tattos. He looked gorgeous. 30 And elijah, his royal blue tux and those tattos on his eyebrow were making him look like a greek god. The tattos on his hands were also visible like ace and elijah. ď One thing was clear, tonight all eyes were going to be fixed on the storm family. å "Just a sec" noah said and went towards the closet. He came back holding a beautiful fur coat, he placed it around her. "Thank you" she said. He smiled and kissed her lips. đ Together they came downstairs, every maid who was working stopped as their gazes fell on them. Agatha watched them with a smile as they reached downstairs. "Hope you have a great night" agatha said bowing at them, evelyn smiled at her and storms nodded. They came out of the mansion, evelyn saw chase, jack and samuel standing beside a limo. Evelyn stared at it. "Come on baby" elijah said tugging on her hand, she nodded and walked with them. The bodyguards bowed at them and samuel opened the car. They settled inside. Evelyn looked outside from the window, she was nervous. She sighed, evelyn was so was lost in her thoughts, that failed to notice the lustful gazes of her husbands. Storms felt tortured, noah was balling his fist to control himsel. The slit on her gown showing her cleavage wasn't helping at all. ď "Giuro che se qualcuno mettesse gli occhi su di lei su quell'asta gli taglio la gol" (i swear if any one laid their eyes on her on that auction i'll slit their throatsnoah growled, ace and elijah nodded. ₫⁵ Evelyn looked at him in confusion not understanding what he said but shrugged it o. Soon they reached that place and evelyn's nerves picked up. It almost looked like a palace. And its entrance was filled with paparazzi, capturing the pictures of guests. Evelyn gulped, ace placed his hand on top of hers. She looked at them. "We're right beside you baby, don't worry" he said. She nodded. Their limo stopped in front of the entrance getting attention of evervone. She took a deep breathe. Ace was the first one to come out of the car and everyone started clicking his photos. A er him elijah and then noah. Noah turned towards the car and extended his hand. Now this caused the huge chaos between the photographers. They understood right away that the infamous 'Mrs. Storm' was there too. 31 They watched with curious eyes. Their camers pointing towards the car's door. A small hand was placed on top noahs and evelyn came out. One click a er another but she kept her calm. She stood with the storms confidently. Hurriedly chase, jack and samuel came out of their cars. Their huge bodies including storms ones guarded evelyn as they entered inside, which didn't gave those photographers any chance to get a perfect click. Evelyn smiled knowing storms might planned it. "One picture Mrs. Storm" "Mr. Storm, this is your first public appearance a er marriage. How's everything" å And lots of more questions were asked but they kept walking. "Mrs. Storm there are rumours that this marriage is forced" å One of them questioned. Evelyn's heart dropped beacause storms had stopped walking. Elijah turned towards the guy who asked the question. He gulped in fear seeing their clenched jaws. "Can you repeat that question please" elijah said and the most scary part, he asked it with a smile. ď "I-I w-wa-congratulations on your marriage" he blurted out. å The trio smiled "thank you" they said and walked away with evelyn who sighed in relief. She walked towards the entrance with the trio. Guards still surrounding her. Evelyn entered inside with the storms, the shouting of the crowd died down as the huge doors closed behind them. "You okay puppy" elijah asked, she nodded with a smile. They smiled back at her. "You'll like it a lot and maybe you find an interest in one of those auction items" he said. Evelyn looked at him in disbelif "no way" she said "why" noah asked. "Why? Everythings price will be starting from a million there" she said in disbelief. "So" they said in unison. ₫¹ Evelyn just shake her head as they kept walking. "We'll give our queen everything she wants" noah said placing a kiss on her forehead. ď Evelyn looked away. Their sweet talks were always hard for her to To distract herself she looked around, her eyes widened. It was all so beautiful.

Storms watched her with a smile. They climbed the lavish stairs. "Wow" she mumbled looking around like a curious kid. Claire was looking here and there for the storms. She really wanted to see them. "Hey beautiful" a voice came, she turned around. Claire mentally rolled her eyes. A man in his late thirties was standig in front of her. "Hy" she replied "you're alone tonight?" He asked smiling. Her jaw clenched "no, i'm waiting for my boyfriends" she said referring to the storms.

She looked at her up and down, evelyn smiled at her. "Holy shit, you're looking so hot" sofie blurted out. Evelyn's cheeks turned red and on the other hand storms started chuckling. Evelyn was chatting with sofie while the brothers were talking to "By the way congratulations" evelyn said to sofie. "Thanks" she said smiling. "How far you're" she asked "two months, can't wait to meet my little girl" sofie said rubbing her belly. Evelyn smiled at her. Sofie looked behind evelyn and smiled. "You guys are cute" she said, evelyn frowned and turned around. Storms were talking with russel but their eyes were roaming on her. Evelyn bit her lower lip making sofie laugh. Both were still talking when russel and storms also joined them. "Hello everyone" a voice came. Evelyn turned around and saw a man and a girl was standing beside him. Sofie and evelyn just stared at her, she was wearing a short dress or more like close to nothing. That girl looked at storms "hy" she said, her eyes roaming at their bulky bodies. Storms didn't bothered to reply her they just shake hands with the guy. "Hello Mrs. Storm" he said and forwarded his hand towards her. Evelyn gulped, somehow she didn't wanted to hold his hand. She started to raise her hand when noah stepped in between "its good to see you here chris" he said. That man named chris smiled. Him and storms weren't as much close as compare to russel. Russel was a nice man and on the other hand chris was a manwhore and greedy, he wanted to be with storms only because of their power. "This is my girlfriend sara" chris said gesturing towards that girl, whose smile turned in to a frown "fiance" she said correcting him. "May i have your attention please" a voice boomed. All of them turned towards the stage "we're so honored to have all of you here, all the pieces for auction are now going to be displayed in few minutes. Thank you" he announced. All the items were placed in the hall. "Come baby" elijah said. She nodded and together they started to look through those pieces. There were so many things, evelyn looked at them in bewilderment. It included some old books or diaries which belonged to the kings and queens. Rings, amulets and what not, it was all so fascinating to see. Storms were following evelyn like lost puppies.

Every object she saw, they would jump in right away asking if she

Chris looked at that pendant and then his eyes fell on the golden card placed beside it, his breathe hitched. "Are you crazy, its bidding will start from 16 million dollars" he sneered lowly so no one could hear

gaze away from it.

"Storms can buy it because they are billionaires, they can buy half of these items in a blink of an eye. Got it" he spitted back, his voice filled with anger and jealousy. Few months back he proposed a buisness deal to the trio, he told them that it'll be really profitable for both of them. Storms told him they will tell their decision a er few days. In those few days they carefully studied his business idea and when they met him they denied to invest in it. Chris was furious, storms told him that it was going to be a loss for him too, they tried to make chris understand that he needed to drop this idea or else he will face a huge loss but he was so hard headed that he ignored their warnings and le. And that's what exactly happened, chris faced a huge loss. But instead of thinking storms as his well wishers, he burned in even more jealousy. Soon the dinner was served for all the guests and a er that bidding was going to start. Chris and sara, russel and sofia were assigned the tables with storms and evelyn. The trio was bummed about it, they thought they will get some alone time with evelyn and will feed her themselves. They walked towards a beautuful table. Evelyn smiled, it was so gorgeous. Elijah pulled a chair for her "thank you" she said, he kissed her hand, they settled down. Sara watched them with narrowed eyes. She remained standing waiting for chris to pull her a chair. But he just sat on his chair, she looked at him in disbelief. He saw her still standing "you're not eating or what" he asked. She hu ed and sat down, sofie sco ed quietly, sara glared at her.

Sofie and russel smiled at them, it was like a total di erent sides of storms. And they both were happy for them. But they were unknown of claire who was glaring at them as she stared at evelyn who was smiling as noah whispered something in her ear. She gripped her fork tightly. She was sitting with that same man who was hitting on her. Apparently this dinner was only for the VIPs and she couldn't get in so she had to flirt back with that man. With him she entered here so she could watch them. Claire felt a hand on her thigh, her jaw clenched "so i was thinking we can go somewhere private a er this" that man whispered. She gave him a tight smile. The dinner was finished and now it was time for bidding. They entered inside that hall again. Sofie and russel had to leave since sofie was really tired. Chris and sara were with them. They went towards their tables and settled on their chairs. Claire walked towards them "good evening Mr. Storm" she greeted them ignoring evelyn. Storms looked at her for some time, they didn't expected her to see here. Claire blushed a little, she thought they were checking her out.

They just nodded at her, her face fell.
