Elijah was rubbing evelyn's back so ly. She was still asleep. Noah and ace le to prepare breakfast for her.	
They didn't wanted her to be alone so elijah stayed behind, he was lost in his thoughts when he heard a groan.	
Evelyn groaned as rays of sun fell on her face.	
"Ow" she whimpered clutching her head, it felt like someone was slamming hammers on her head. Claire spiked her drink with strong alcohol.	a
He held her close in concern "hurts" she whimpered burying her face on his chest. He got up from the bed and cradled her on his lap. The pain was almost unbearable for her.	å
"Elijah" she cried. "Oh sweetheart i know, i know it hurts" he said feeling even more bad for his baby.	đ
He pulled his phone out and messaged ace. A er few minutes the bedroom door opened, noah and ace entered inside.	
Noah was holding a tray filled with food and ace brought advil.	
They hurriedly sat on the bed surrounding her. Ace rubbed her back as she kept silently weeping in elijah's arms.	
"Baby, look what i got. If you'll drink it you will feel better" noah cooed taking her from elijah's lap. "Oh you poor thing" he whispered as he saw her tear stained face. He wiped it with his thumb.	ส์
Evelyn felt like her head was ready to explode any moment. "Here, drink this puppy" he said. She looked at it, it was lemonade.	đ
Noah helped her drink it all down and then wiped her mouth. She sighed, she felt a little coolness inside her. "Better" ace asked, she merely nodded. "Now how about some breakfast and a er that we'll give you advil.	
You'll feel a lot better then" elijah said patting her head.	
"No, i don't want" she said, it was barely audible but they heard it. Evelyn crawled away from noah's lap and sat on the bed. She felt like her whole body system was messed up.	
Ace picked up the plate from the tray and sat beside her. "I know you're not feeling good kitten but just take few bites and then we'll give you advil. Trust me, you'll feel much better" he said so ly.	
She gulped, she had no energy for arguing so she nodded her head. The trio smiled "good girl" elijah said.	a
Ace picked up the fork and started to feed her. Elijah sat quietly beside her. Noah le to prepare a nice bath for her, it'll help her a lot.	å
Evelyn sighed as she laid in a bathtub. Storms were also there, she was resting her back on ace's chest. Elijah and noah were rubbing her legs. She felt much better.	đ
Ace picked up a shampoo bottle, he squeezed some in his palms and rubbed it. He gently massaged her head.	
A er few minutes, they finished bathing her. Ace wrapped a towel around her and they came out of the bathroom. Noah had already placed her clothes on the bed, she entered inside the bedroom.	a
"Let me remove your towel, okay" noah said or more like asked, she nodded.	đ
Ace and elijah went to change.	
He removed her towel and helped her wear her undergarments. And a er that her clothes.	đ

A er brushing her slightly damped hair, he picked her up and they got under the covers. Evelyn sighed in content, it felt good. "How're you feeling" he asked caressing her cheek "better" she replied with a smile.

Ace and elijah came out and smiled at her. They got beside her. Ace kissed her neck making her laugh a little.

They smiled. Evelyn looked up at them "what happened last night" she asked, confused about this headache.

The trio's smile fell. "You don't remember anything about last night" ace asked. She stared at him "um i do, we went to the auction and then we were at that ball. And then you had to leave with that guy peter. And a er that i-" she stopped talking. Storms who were listening to her carefully frowned.

"A er that what baby" eljah asked. She couldn't remember. Evelyn groaned and sat up on the bed. "I-I can't remember" she said in frustration.

"Sweetheart please try to remember" ace said so ly. Evelyn looked down, she went to that auction, a er that they were dancing and then that guy came and storms had to leave wth him.

Then. Her head shot up "a waiter came to me o ering me a drink" she told

them. "And you took it?" Noah questioned in anger. How can she trust a stranger like that. a

Evelyn gulped "i-i" he cut her o with a growl. "Do you even know it was alcohol" noah asked. Her eyes widened "b-but i told him i don't drink and he said its just juice" she said.

"And you believed him" elijah said. She looked down. "I'm sorry-" "NO" noah sneered. He stood up from the bed. Evelyn

gulped in fear "at this point its just plain stupid evelyn" he roared. å* "You trusted a complete stranger, do you even know how drunk you were last night" he asked. She stared at him in shock. "What" she

whispered. a She looked at ace and elijah, they gave her disappointed looks. "I swear i had no idea" her voice broke. Noah grabbed her arm tightly

"what if someone would have taken advantage of your condition huh?" He asked. Her lower lip trembled. "Crying will not solve this evelyn" he said

sternly. ď⁵ His sudden change of mood scared her a lot. "That's enough noah"

ace said pulling her to him. Evelyn sobbed as ace cradled her in his arms. Elijah rubbed her back. a

Noah just shake his head "she needs to learn, this world is not full of rainbows or unicorns like she thinks. There are bad people,

everywhere" he said and walked out of the room. đ She cried harder. "No love, please don't cry" elijah whispered kissing

her hand.

"What's wrong with you" elijah growled as him and ace entered inside the study room. Noah kept drinking his wine. "We're talking to you dammit" ace said slamming his hands on the table.	
Noah's jaw clenched. He threw the glass on the floor. "WHAT ELSE DO YOU BOTH EXPECT" he roared. "You both saw her condition last night. What if she would've fallen into wrong hands, what if someone would've taken advant-" he stopped and growled in frustration.	ส ส
Ace sighed, he walked towards noah and placed a hand on his shoulder. "Brother i know you care for her a lot, but try to understand from her side too. She's just an innocent thing, she's too pure noah" he said. Noah looked away, elijah shake his head "if there was some other	
women other than evelyn, you know very well she would've le us. The type of freaks we are, not even our money would've made them stay with us, but she did. She stayed, noah. She loved us and still you're hurting her like that" elijah said. "I didn't meant to make her cry" noah whispered.	ť
"We know that" ace said. Evelyn was sitting in her library alone. She told ace and elijah that she wanted to be alone, and she came here. She felt so hurt by noah's word. She was sitting on her huge chair curled up in a ball, still balling her eyes out.	
He didn't said anything wrong, i'm stupid. The library's door opened. Noah entered inisde. She looked up at him. Evelyn turned her head away, wiping her face. He walked towards her. His face remained hard, he knew he shouldn't have shouted at but that didn't changed the fact that she was careless last night. He stood in front of her "i shouldn't have shouted at you" he said. Evelyn kept looking down. "But you should've been careful evelyn, how can you trust a stra-"	ñ
she abruptly stood up. Without sparing him another glance she started to leave. He just came to make her feel even more bad, she thought angrily. Evelyn was about to open the door and leave when he grabbed her waist and slammed her on the wall.	ď
	₽° B
She whimpered "don't you ever dare to walk away from me" he growled making her cower away in fear. "L-Leave me" she cried and started to hit his chest. He held her wrists and pinned them above her head. They stared at each other, their breathes fanning over each other. "Leave me" she said again. "You shouldn't waste your time on a	ซ ซ
stupid girl like me" she said, her voice broke. His eyes so ened. He released her hands, she tried to push him away but noah engulfed her in a hug. "No, let me go" she sobbed. "I didn't meant that my love" he whispered. She stopped fighting and cried silently.	ď
He picked her up bridal stlye and walked towards the couch. He settled down and placed her on his lap. Evelyn kept looking down, noah cupped her face and made her look at him. "Please forgive me" he said, she shake her head "y-you didn't said a- anything wrong" she mumbled. "No no love, i said all those things because i was frustrated. Evelyn you have no idea how drunk you were last night and the fact that someone was trying to take advantage of you made me even more scared baby" he said. Evelyn's heart dropped, someone might've tried to touch her in wrong way scared her. She fisted noah's shirt pulling him close. His heart broke, he hugged her tightly "no one ever will be able to hurt	°a °a
you" he said confidently. She gave him a weak smile. "We'll find whoever that bastard was, and thenwe'll torture the fuck out of him" he growled. Evelyn stared at him in horror. He looked at her and smirked "scared?" he asked tilting his head. Evelyn gulped, she started to slide away from his hold, he smirked and glided his hands under her skirt. Her breathe hitched.	ส์ ซื
He brought his lips close to her ear, evelyn felt chills. She was still slowly trying to get o his lap and run away. "If you moved even an inch now, i'll spank this pretty ass of yours till its red and purple" he growled. Evelyn stilled. His hands gripped her ass cheeks, squeezing them hard. She whimpered "noah" she said. "You know something	ď
interesting little one" he said. She looked at him. He smirked "there is no place le in this mansion where we haven't fucked you" he said, evelyn's face turned red. He was right. Their kitchen, bathroom and even in the gym, storms didn't le any place or chance to take her. "Remember when we were making love in the living room and you got a call from that friend of yours, ash" he said, evelyn looked away.	ູ່ ຫຼື
got a call from that friend of yours, ash" he said, evelyn looked away. That was the most embarrassing thing for her. He smirked "you were begging us to fuck you like a filthy slut" he whispered. Evelyn clenched her thighs. "Please noah" she mumbled. "What happened little one, let me guess. My little pet is getting wet" he said playing with the band of her thong. "And then you had to pick his call but we kept pounding inside you"	ซื ซิ
he whispered. Evelyn was squirming in his lap now. Her underwear was soaking wet. "You were trying so hard to talk to ash on the phone as ace was sucking your so nipples, elijah was taking your pretty ass and i *chuckles* i was pounding your tight pussy" he said, evelyn was breathing heavily. She couldn't take it anymore.	₩ 10 10
He grabbed her throat and made her look at him "you look restless" he said mockingly. "Noah i-i" "yes baby say it, tell me what do you want" he cooed. "I'll fucking ravish you baby, just say it" he said squeezing her throat. Evelyn nodded her head desperately, her eyes closing in need. Suddenly she felt more hands on her waist, her eyes shot open. Ace and elijah were standing beside her.	°0
and elijah were standing beside her. Her eyes widened. They were here the whole time? Elijah grabbed her hair and dipped his head on her neck "you smell so good puppy" he moaned. Evelyn was shaking both in fear and lust. Ace removed her cardigan from behind, he looked at noah "you're wrong brother, we have fucked our kitten everywhere exceptthis library" he purred.	°a °a
Evelyn closed her thighs as tightly as possible. It was getting impossible for her "my bad" noah said with a smirk, elijah traced his cold fingers over her thigh. She groaned removing his hand. His jaw clenched, he grabbed her jaw "do that again and you won't be walking for months" he warned. She shivered in his hold. Noah opened the buttons of her skirt and started to pull it down. "No" she mumbled, they looked at her with dark expressions. "D-	đ
Door is open, someone will see us" she said looking down. Elijah smirked, he made her look at him "let them watch" he said and slammed his lips on hers. Evelyn eyes widened from his sudden action, he kissed her hungrily. Noah tore her top away. Elijah deepened the kiss, evelyn ran her fingers through his silky hair. He groaned, elijah nipped on her lower lip.	ซี ซี
She breathed heavily. Ace opened the hook of her bra, cold air hit her making evelyn shiver. Storms looked at her hungrily. Elijah grabbed her boobs and squeezed them hard, she groaned. Evelyn was squirming in their holds. Noah parted her thighs, he brought his fingers close to her mouth "suck" he said. She held his big hand and started to suck his fingers.	a a
"Good girl" he moaned. He digged his figures inside her more, she gagged. Noah pulled his fingers out and placed it on her clit. "N-Noah" she whimpered. Ace licked her neck, lightly nipping on her skin. "Oh god" evelyn cried, they were torturing her with their slow movements. She wanted more.	ង
Evelyn moved her hips trying to move with noah's fingers. He smirked and slipped his two fingers inside her tight hole. She shrieked. Noah pumped his fingers in and out. Her toes curled in pleasure, his fingers started to get covered in her fluids "fuck you're getting so wet my love" noah moaned. Evelyn bit her fingers to supress her moans but it wasn't working at all. She was getting more loud.	ď
Elijah twisted her nipples. "Umhhh" she groaned. Noah fingered her vigorously making evelyn's eyes roll back in pleasure. She held ace's arm tightly "oh my god" she cried. "You like that" noah cooed. Evelyn was lost in her daze, elijah held her throat "he asked you something slut" he growled making het shudder. Noah smirked when he felt her pussy clench around his fingers.	ซื
"Seems like, someone likes getting degrade" he taunted. Elijah and ace chuckled. Evelyn felt like she would die from the amount of shame she was feeling. Yes, she somehow always felt herself getting even more wet whenever they called her all these names and she had no idea why her body reacted that way. Noah pulled his fingers out, she whined. Ace grabbed her hair "get up" he ordered. She was breathing heavily, evelyn got up from the couch.	้สื
"Kneel" they said. Evelyn was kneeling on the floor. The trio slowly opened their zippers making her gulp. They removed their underwears. She bit her lower lip, they were hard. Noah grabbed her chin, his rolex hanging a little loosely around his	ซื ซิ ซิ

Her eyes widened a little but slowly she started to suck, he groaned. Elijah and ace held her hands and placed it on their dicks. "Fuck" elijah grunted when he felt her so touch. She fondled his balls. He bit his lower lip, evelyn gagged when he gave a hard thrust in her mouth. She was dripping wet.	ť
Elijah took a hold of her arm, she knew he wanted her attention. She turned towards him. Evelyn opened her mouth, he entered inside her. She sucked on his dick hard but her hands kept stroking ace and noah's cocks. "Holy fuck" elijah groaned "yes baby" he moaned. Evelyn whimpered, she needed her release. "You want to cum" noah cooed. She vigorously nodded her head.	a
"Rub your pussy babygirl" ace said. She looked at them and nodded. Evelyn spreaded her legs a little as her small hand went down towards her wet core. She gently rubbed her clit, her body shivered. "Keep sucking" elijah ordered. She started to suck his dick and rub her pussy side by side. She moaned loudly, evelyn felt her release getting close slowly. They surrounded her. She was sucking elijah while ace and noah were	
rubbing their dicks all over her face. "Such good little slut" noah cooed. And again she felt her pussy throb. "Umhhhh" she moaned, elijah thrusted inside her mouth harder "hold it" he whispered. She stilled as he deep throated her. He finally pulled out, she chocked a little and coughed.	đ
Saliva was dripping down from her lips. Noah groaned and grabbed her throat tightly. He pushed his two fingers inside her mouth. Evelyn gagged but he pushed harder. Her legs were shaking, their roughness was pushing her more towards her release. He pulled out. Evelyn was out of breathe. The trio started to stroke their dicks. Ace grabbed her jaw and made her look at them. She watched as noah stroked his dick and elijah and ace slapped her face	
with their cocks. She rubbed her pussy breathing heavily. "Oh my" she cried, evelyn felt like she was going ro explode. Elijah pulled her hair "don't cum" he growled making her cry in frustration. They smirked. Noah held her arm and motioned her to stand up. She stood up with	ືສໍ
wobbly legs. He picked her up and took her towards the huge couch. He placed her down harshly making her small frame bounce on the couch. He got on top of her and kissed her hard nipples and sucked them. She gripped his hair tightly making him growl. "You like that" he mumbled squeezing her boobs. She nodded, noah slapped her breast making her shriek "you'll answer verbally slut" he

were ripping her insides. "I'm g-going to c-cum" came her quivering voice.	ď
"Yes little one, cum. Let it all go" noah said sucking her nipple. Evelyn's body started to shake uncontrollably. Storms held her tightly as she rode her orgasm. "Umhhhh" she cried. They slowed their paces to let her enjoy her high.	
Her chest fell up and down, her eyes closed as she slowly started to calm down.	
They started to move again inside her. Evelyn looked up at elijah and again opened her mouth, he smirked and stroked his cock. Her innocent eyes pushing him on the edge.	a
Ace growled, he was close. He wrapped his arms around her waist gripping her tightly. He bit on evelyn's shoulder and pounded her hard. Her body jerked from the impact. Noah held her thighs increasing his pace.	ส
"D-Daddy" she cried not being able to take their thrusts, she was going to cum again.	5
Elijah breathed heavily, his cock throbbing as he stroked it. Evelyn opened her mouth sticking her tongue out "oh fuck baby, yes keep sticking out that tongue of yours" he moaned. "Shit" he growled loudly as he sprayed his cum all over her tongue,	
he buried his cock inside her mouth. Evelyn sucked elijah's cock gulping down each drop of his cum. "Oh yes baby, drink every last drop down" he breathed.	đ
She gasped for air, evelyn shivered when she felt ace and noah's cocks throbbing inside her. She cried and clutched noah's arm digging her nails.	
"Our babygirl is going to cum again" ace cooed, she nodded. "Look at you, taking your daddies dicks like a filthy whore" noah whispered biting her earlobe. She moaned, her body shivered as evelyn felt her orgasm hit her	a
hard. But noah and ace didn't stopped. Ace gripped her hair tightly, him	
and noah grunted loudly "fuck" noah cursed. They both gave a one final thrust and released inside her. Evelyn whimpered as they filled her insides. Sounds of their panting bodies were echoing in the huge library. Her	
eyes closed as she passed out from exhaustion. Her small frame fell on noah's chest who kissed her neck gently. Ace slowly pulled out, he watched with dark eyes, his cum dripped	đ
down from her perfect ass. Noah also slowly pulled out. He felt his cum leaking out of her pussy as some of it fell on his stomach.	a
He took some tissueed and cleaned it. They all laid on the couch for few minutes clearing their minds. Elijah picked up his shirt from the floor, he took evelyn from noah's	
hold. "I'll clean her up" he said covering her naked body with his shirt. "We're also coming" ace said. They stood up and wore their clothes.	đ
"What the fuck do you mean by there were no cctv cameras" ace growled on the phone. A er putting evelyn to bed they came staright towards their study room.	
There was no way storms were going to let that bastard slip away from their hands.	
Whoever tried to hurt evelyn, they were going to find them. But on the other hand they were scared, really scared for her safety. Storms were still feeling guilty for leaving her alone last night. They should've stayed with her.	ď
They were going to skin that piece of shit alive who drugged evelyn. "What happened" elijah asked, ace slammed the phone on the table. "The only cameras these idiots placed were around those auction items and nowhere else" he roared. "What kind of dumb fucks they are" noah groaned.	40
"What about that list of waiters" noah asked. "I talked to them about it, they said there were hundreds of waiters there last night. I told them to email me their information and pictures" ace replied.	
"Claire was with evelyn, she didn't saw anything or anyone?" Elijah questioned. "I called her in the morning, she said that there were just few guests	-39
around and no one else" noah said. "But the main thing is, once we get that email we need to show evelyn those pictures of all waiters and confirm from her" ace said, noah nodded.	a
Elijah sighed "i highly doubt that she'll be able to recognize him, first of all that hall had really dim lights and to top it of evelyn was highly drunk. That poor thing hardly remembers anything" he said.	
Ace hummed. "One way or another, we'll find out" noah said. It was night time now. Storms were informed by the people who organized that auction, that it will take some time to collect information since there were almost hundreds of waiters present. The trio was gettng impatient and demanded everything ready by	ືຜ
next morning. "S-Stop" evelyn giggled as elijah kept kissing her neck which was tickling her. They were laying on the bed, evelyn was on top of ace. Noah was laying beside her and elijah was showering kisses all over	
her. "You're so so " he cooed, tickling her belly. She giggled "p-please" her eyes watered from all the laughing. "Okay okay, i'll stop" he said	
a er seeing her getting breathless. "You don't have any headaches right?" Ace asked running his hands through her hair. She shake her head "i'm fine now" she mumbled sleepily.	
A small yawn escaped from her lips. They smiled "you should sleep now, you've class tomorrow" noah said. She nodded "good night" she whispered lazily. "Good night sweetheart" they replied.	ď
 It was late at nght when noah frowned in his sleep as he kept hearing a ringing noice. He opened his eyes. It was still dark, he looked at evelyn and found her still asleep.	
He slowly turned towards the side table, trying not to disturb her. He turned on the side lamp and took his phone from the table. It was an unknown number. He picked up the call. "Hello" he said.	
"M-Mr. S-Storm" came a woman's voice from the other side, it sounded like she was crying? "Who's this" noah said. "Mr. Storm, its m-me martha" that woman replied. It took noah a minute to recognize martha, she was the maid in evelyn and her father's house.	ď
"Martha? What happe-" she cut him o . "Mr. Storm, i-i didn't had the heart to call evelyn and tell her, t-that's why i called you" she said, her voice wavered as she wiped her tears.	r
Noah frowned. "Mr. W-Winters" she said. He hurriedly sat up on the bed "henry, what	đ
about him" he asked lowering his voice. "Mr. Winters s-su ered a c-cardiac arrest few hours ago"	256 a
