

There He Is Again, My Ex-Husband

Chapter 201 You Are the Fake

Not only that, Nina also added a few photos of her and her best friend. Of course, Emelia's face had been pixelated.

From high school when they were still wearing uniforms to the university, and to the society, the relationship between them was as close as ever.

After Nina replied it directly, no one dared to use this matter to discredit her.

And because of Nina's tough personality, her fans gave her a nickname, 'A mirror in the entertainment industry.'

It was because basically all those female actresses with poor reputation and character would be treated coldly by Nina if they tried to get close to her. Over time, everyone had formed a new understanding that the actresses, who were treated coldly by Nina, had bad characters.

As for the actress in blue dress, she knew her own limits. Knowing that her character was bad, she would definitely be dissed by Nina. However, she never thought that Nina would actually greet her with a smile. Thus, she was very surprised.

Seeing Nina's good attitude, she couldn't help feeling a little proud.

Glancing at Emelia who stood beside Nina, she asked in a contemptuous tone, 'Is this your friend?'

Just now, when they were chatting with Yvonne, she said that the woman beside Nina was extremely shameless. She seemed to have an innocent face, but in fact, she was really skilled at seducing men.

Recently, in order to achieve her goal, she even climbed into an old man's bed.

She purposely came over to humiliate this woman. Firstly, it was equivalent to indirectly humiliating Nina, after all, they had detested her on sight for a long time.

Secondly, if she humiliated this woman, she could please Yvonne.

They would be never invited to play roles if they didn't jockey. Yvonne had recently established her own film and television company. It was said that she was in the middle of a costume drama. If she could invite them to play, wouldn't it be a cushy job?

Nina still smiled as she returned to the actress in blue dress, 'Yes, she is my best friend.'

Chapter 202 I'm Protecting You

When Nina saw the blue-gowned female star's frustrated expression, she laughed without any hesitation. The actress in blue dress felt even more embarrassed. She wished that there was a crack on the ground that could allow her to crawl in.

'Emelia, good for you, jeez!' Nina couldn't stop laughing, 'Your reaction is fast AF. 'Fake' is the magic word!'

'I suddenly thought of it on seeing her face.' Emelia then reminded Nina, 'Keep your laughter down.'

‘I also want to lower my voice, but I can’t control myself.’ After Nina finished speaking, she laughed again. Emelia had no choice but to order a glass of champagne from the waiter and handed it to Nina, using it to block her laughter.

However, Emelia was also very happy to vent her anger. The actress in blue dress was obviously provoked by Yvonne and came to humiliate her. She would definitely tell Yvonne about what she suffered.

Yvonne’s plan of humiliating her did not succeed. On the contrary, she would definitely be extremely angry when she knew that her clothing was priceless.

‘Why are you smiling so happily?’ No one knew when Julian had arrived in front of them.

He wore a sharp black suit tonight, cold and elegant.

There were so many actors of all ages and handsome young men at the dinner party, and he was still the dazzling one.

Emelia wanted to stop Nina telling Julian what had just happened, but it was already too late. Nina had already told him what had just happened.

After saying that, Nina praised Emelia again, ‘Do you know how amazing Emelia’s retort is?’

Emelia felt a little embarrassed and wanted to raise hands to cover her face. Julian’s gaze fell on her porcelain-like face and he supported her, ‘For people like those women who cause trouble, it’s right to fight back.’

After saying this, Julian asked Emelia and Nina, 'Does she have a role in 'Princess Leilania'?'

Nina nodded, 'I think so.'

In the past, Harvey Norman's team was in charge of casting. The director was extremely lecherous. The actress in the blue dress must have hooked up with the director. Under Julian's reminder, Nina and Emelia remembered that there was indeed a role played by her.

Viggo did not replace her after taking over. He just felt that it was not a particularly important role so it was fine.

Chapter 203 Do You Want to Try Again?

After that actress ran away, Yvonne came back to her senses. However, when she looked up, she saw Julian walking towards Emelia.

Yvonne thought of the video some time ago, when Julian had forced Emelia into a corner and tried to kiss her.

When she saw the video, she was so angry that she almost went crazy.

In fact, she had known Julian for many years. In recent years, they had been estranged from each other. Even when they were in a relationship, Julian did not hold her in his arms and kiss her so eagerly.

In her eyes, Julian was aloof, and rarely took the initiative.

Why was he clinging to Emelia so brazenly now?

Yvonne thought of what Emelia had said last time. As long as Julian was not on a business trip, as long as she was not on his period, they would have sex every night...

At this moment, Julian took the initiative to approach Emelia. He looked at Emelia with a cautious and focused expression. Emelia almost gritted her teeth.

Polaris, who hated Emelia as much as Yvonne, said angrily, 'Hasn't Mr. Hughes been cursed? Why doesn't he want a rich and beautiful woman like you but fall love with Emelia?'

Yvonne sneered and said, 'Men are cheap. The best for them is what they can't get. Once they get it, they won't cherish it.'

Thinking back to the time when Julian and Emelia had been husband and wife, he hadn't even glanced at Emelia at all. He had always been as cold to her as he could be.

Now that Emelia had divorced him, he had turned against the entire family for Emelia.

This couldn't be right. According to what Emelia had said, they had sex so frequently that she even wondered if he was really cold towards Emelia.

Logically speaking, if a man hated a woman, he wouldn't even look at her. Why would he want to sleep with her so frequently?

Polaris didn't know about the relationship between Emelia and Julian. She thought that Yvonne's so-called 'don't cherish' referred to herself, and Julian didn't cherish Yvonne because he had gotten her.

So she suggested, ‘Miss Sullivan, do you want to try again to get Mr. Hughes?’

Chapter 204 Yvonne Fainted in Rage

The actress’s face turned pale as she asked Nina fearfully, ‘Could it be that Mr. Hughes called? Why did he do this to me?’

The actress didn’t know about the relationship between Emelia and Julian. She thought that she hadn’t offended him, so she didn’t understand why Julian treated her like this.

‘Why did he do this to you?’ Nina looked speechless. ‘You don’t understand? Why would a man to protect a woman?’

Nina was also a shrewd person. She didn’t directly point out the relationship between Emelia and Julian. Instead, she secretly pointed out that Julian liked Emelia.

The actress murmured, ‘You mean that Mr. Hughes likes your friend?’

Nina snorted and raised her eyebrows. ‘So what? You think my friend doesn’t deserve it?’

The actress thought of Emelia’s gown and the expensive necklace and hurriedly said, ‘I don’t think so. They are very well matched.’

Nina was extremely satisfied with her reaction. She then added, ‘Well, I need to remind you. Yvonne purposely didn’t tell you that my friend was the screenwriter of ‘Princess Leilania’. She was clearly using you as a tool.’

The actress thought about it and found that it was true.

The actress was so angry that she gritted her teeth and said, ‘Yvonne Sullivan was a bitch. I used to dislike her when she was acting. She always acted like a superior princess and used us as her maids.’

‘If it weren’t for the fact that she has the resources now, I wouldn’t have bothered to talk to her tonight. Yvonne Sullivan made me lose a role. I’ll give vent to my anger on her!’

After saying that, the actress rushed to the banquet hall angrily. Anyway, she had lost a role. She didn’t care about Yvonne’s show.

Besides, given Yvonne’s scheming look, it was hard to say if Yvonne would let her act her new play.

Nina was happy to see it. She walked slowly into the banquet hall in her high heels.

Chapter 205 They Look Like Each Other

At this time, Vincent came over. Kelaina was very surprised to see him. ‘Vincent, long time no see.’

‘I heard from the organizer that you will come to this banquet today. It’s incredible.’ Kelaina was obviously very familiar with Vincent. After that, she asked Vincent, ‘What brings you here today?’

Kelaina and Vincent were at the similar age and were both big shots in the screenwriter industry. In the early days, they had cooperated, so their relationship was obviously not ordinary.

However, Vincent had canceled many social activities because of Naomi's health these years. Unless it was an important occasion. This was why Kelaina was so surprised to see Vincent here.

Vincent smiled and said to Kelaina, 'Haven't I recently published a new book and sold it to the HGH? Today, I'm here mainly to cooperate with the publicity.'

Kelaina knew that Vincent's new book was published, but she didn't expect that his patent would be sold so quickly.

However, she was also very happy for Vincent. 'HGH is a good choice. Julian—'

At this point, Kelaina couldn't help but glance at the nearby Emelia. It was only later that she learned that Emelia who had learned from her for four years, had once been the ex-wife of Julian.

Thus, now that she had mentioned Julian, she had to consider Emelia's feeling.

Kelaina felt sorry for Emelia, so she changed the topic and then asked Vincent, 'By the way, did you find the right screenwriter?'

Kelaina wanted to say that if Vincent didn't find the right person, she could recommend one. The person she was going to recommend was Emelia standing aside.

Unexpectedly, Vincent said, 'Yes. It is the one in front of you. I heard that she is your student.'

A few hours ago, Emelia took Vincent around Riverside City and talked about a lot of things about her, especially what she had

experienced along the way as a screenwriter. And she also said that she was Kelaina's student.

Vincent was pleasantly surprised and even proud of her.

Because Vincent knew Kelaina well. If it weren't for the fact that Kelaina felt that Emelia was particularly outstanding after the test, she wouldn't have paid attention to Emelia.

Randolph and Rosalind also rushed to the hospital after knowing that something had happened to Yvonne at the banquet. As soon as

Yvonne saw

Randolph, she cried, 'Dad, help me. The Internet is full of photos and videos of me being embarrassed tonight!'

At the thought of this, Yvonne was going crazy. She didn't expect that the video of her being hit by the champagne tower would spread on the Internet so quickly. The last time she was scolded by the Internet as a scheming woman, she had to change her mind.

She didn't expect that she would make such a big mistake when she decided to start her career after she had no news for a long time.

Although this matter would not affect her career, after all, she was rich. But she humiliated.

Especially when she thought that all her misery at that time had been seen by Emelia, she wanted to die.

Randolph said furiously, "As soon as | saw this news, | asked someone to withdraw the trending news, but | couldn't finish it at all."

'| don't know what's wrong with these people now. Are they too free? They keep an eye on others on the Internet all day long!'

After all, Randolph was an old man, so he didn't really understand the Internet.

He asked someone to take down the trending headlines and suspend a lot of accounts, but not long after, someone posted those photos and videos again.

For the first time in his life, he felt that money could not do everything.

What he didn't know was that there were trolls. They had received money from others, especially for provoking others by posting inflammatory, irrelevant, or inappropriate messages or other content. Yvonne had done such a thing many times before, but now she took revenge on herself.

The banquet was full of people from the entertainment industry. There were many people who abhorred Yvonne behind the scenes. It was obvious that someone had hired some trolls to make them continue to slander Yvonne.

Because of her hard work and her optimistic personality, Zella quickly gained the favor of many people. Although no one knew how she got this role, they didn't look down upon her. On the contrary, many people became her fans and even looked forward to her acting as the second female character.

In a short time, 'Princess Leilania' became the most anticipated TV show in the next half year. Even if there were other new dramas, they would not be able to surpass the popularity of 'Princess Leilania'.

Yvonne was so angry that she threw her phone aside. She hadn't had time to promote her new drama of 'Legend of Yvanna' tonight yet. She gritted her teeth and thought, "It doesn't matter. If Emelia's

scandal was exposed a few days later, she will be in trouble.”

The idea of introducing Emelia to the public tonight was decided after Julian discussed it with Vincent.

Of course, they also asked Emelia’s opinion in advance.

Before introducing Emelia to the public as the screenwriter of Vincent’s new book, Vincent and Julian called her aside and told her their plans.

Although Vincent and Julian reached an agreement to introduce Emelia to the public, they had their own purpose.

Vincent was preparing for announcing his consanguinity with Emelia in the future, while Julian was preparing for making his love relationship with Emelia public in the future. Although he was not with Emelia now, he had to make preparations in advance.

This time, he would no longer hide her like before.

This time, he would hold her in his arms and announce her identity to the whole world. He would give her a grand wedding, and kept her by his side forever.

Although Vincent and Julian had their own motives, they had one common purpose.

They hoped that Emelia would be known by others and her outstanding talent should also be known.

Julian was a man of great planning, and he had taken all aspects into consideration.

Chapter 208 Did I Bully You?

Chapter 208 Did | Bully You ?

Thomas asked her tentatively, 'We met a few years ago. Do you still remember?'

Emelia looked up at him, not knowing how to answer his question.

If she answered that she had met him before, it would be equivalent

to telling Thomas that she remembered what happened at that time. If she said that she hadn't seen him before, it would be a humiliation for him. According to Thomas' temperament, he might be angry with her.

Although Thomas' character was not good, his face was very handsome and outstanding even. Otherwise, he could not be so famous at home and abroad and be so arrogant in the past.

After thinking for a moment, Emelia said with a smile, 'I remember you, Mr. Washburn. You are so handsome and I won't forget you.'

In the workplace, Emelia had to be more tactful and sophisticated. Today, she already went public, and would work in this circle in the future, so she had to learn the way of dealing with people.

She admitted that she remembered that thing, but she also praised Thomas, giving Thomas some face.

Thomas was very satisfied with her answer. He raised his glass to her and motioned her to have a drink.

Emelia took a sip, and then Thomas asked, 'By the way, has the casting started yet, for Mr. Longerich's new show?'

Emelia finally understood that he came for the role.

In the past, Emelia followed Kelaina and knew these things. Some screenwriters with a certain reputation were qualified to personally pick actors and even recommend actors.

Therefore, many actors found the screenwriter and tried to get the opportunity from the screenwriter.

However, Emelia didn't think that based on her current qualifications, she had the right to choose actors. She didn't know why Thomas would please her.

“| won’t be seduced by him!” Emelia said angrily and was about to leave.

She admitted that she was attracted by Julian’s charm before, but she would not do that anymore.

It was not worth.

Julian stopped her. He frowned and asked her in a low voice, “Why do you know him?”

‘| wrote a part of the script for his previous show.” After saying that, Emelia ran away quickly. It was better for them to be strangers on this occasion.

However, Julian stared in the direction that she left and was lost in thought.

Thomas’ reputation in the industry was not good. Otherwise, he would not go downhill these years.

In fact, actors were also a profession, and the entertainment circle was equivalent to the workplace. A person’s character was very important. Thomas

was indeed very good-looking when he was young, but after he became famous, he often offended people. Over time, no one was willing to cooperate with him.

In addition, his acting skills had not improved in the past few years. He could not walk far just by relying on his face. After all, there were no shortage of good-looking people in the entertainment industry. Just now, when he looked for Emelia, he saw Thomas talking with her. He also saw through Thomas’ plot at a glance. He was just for the role of Vincent’s new play.

Julian sneered. Thomas wanted to play in this drama, but his acting skills were unqualified.

How did Vincent Longerich make so many people famous?

That was because Vincent had very high requirements for the actors’

acting skills. If his acting skills were not good enough, it was impossible for him to be selected.

However, Viggo still looked calm. He asked, ‘Mr. Hughes, I don’t understand what you’re hinting at.’”

In fact, Viggo knew what Julian meant, but he still said that deliberately.

Julian also knew that Viggo didn’t want to tell him the truth. He was very annoyed and didn’t want to talk nonsense with Viggo at all.

Therefore, he looked up at Viggo and asked sharply, ‘Have you kissed with Emelia yet?’”

Viggo’s eyebrows twitched, and he had a bad feeling.

He hadn’t kissed with Emelia yet. They only held each other’s hands once when they entered his mother’s ward.

Although he regarded Emelia as his girlfriend and wanted to take good care of her, Emelia only regarded him as a friend and the boss of the company.

Therefore, even if he wanted to do more romantic things with her, he knew that she was unwilling, so they had never crossed the bottom line as friends.

Seeing that Viggo did not speak, Julian asked, ‘Dare you kiss her in front of me?’”

Viggo raised his hand and touched his forehead. He said, “Mr. Hughes, we don’t have the habit of doing such intimate things in front of others.’”

Julian sneered, ‘She doesn’t love you. She will definitely reject you if you kiss her.’”

Emelia had once loved him, so he knew what she looked like when she kissed if she was immersed in love.

If Emelia didnt reject Viggo kissing her, and really fell in love with Viggo, he had nothing to say.

He was willing to give up.

Of course, Viggo knew why Julian did that. Julian doubted the relationship between him and Emelia, so he forced them to expose themselves in this way.
