Fu Jingting's Careful Thoughts

“” After hearing the answers from the assistant secretaries, Lu Qi fell silent.

What does he not understand now?

It turned out that Rong Shu was hiding in the lounge, and the person watching him in the lounge was actually Tong Xi.

No wonder Rong Shu wanted to stop him from opening the door of the lounge, because he didn't want him to see Tong Xi.

“Mr. Lu? President Lu?” Seeing Lu Qi standing at the door with his hair lowered slightly, the secretaries and assistants in the office couldn't help calling him twice out of curiosity.

Lu Qi's eyes flickered for a moment, and he came back to his senses, “What's wrong?”
The

secretary assistants shook their heads, “It's okay, it's just that we saw that you suddenly lost your mind, so I'm worried if you have something wrong.”

“It's okay.” Lu Qi rubbed his eyebrows, “Okay, you guys are busy, I won't disturb you.”

After that, he closed the door, backed out, leaned against the door of the assistant secretary's office, raised his head slightly, and looked at the people in the corridor. The ceiling, I don't know what to think.

He knew why Tong Xi hid in Rong Shu's lounge and didn't come out.

Because he had told her in the past that he didn't want to see her again.

Probably because of this sentence, she hid when she heard him coming.

Oh, she remembered his words very well, and she did it thoughtfully.

There was an incomprehensible look in Lu Qi's eyes, and he felt a little uncomfortable.

It stands to reason that Tong Xi is so funny, he should be happy and satisfied.

But I don't know why, she avoided him like this, but he was not so happy or satisfied, only an indescribable irritability and unhappiness!

The more he thought about it, the more blocked his heart became, Lu Qi suddenly opened the door of the assistant secretary's office again.

The secretaries and assistants inside had re-entered the working state, but when he opened the door again, they suddenly came out of the working state, and looked at Lu Qi with a few pairs of eyes.

“Director Lu, is there anything else you can do?” An assistant blinked, looking at Lu Qi, who had a bad face, and asked cautiously.

Lu Qi squeezed his hand and his voice was a little low, “Is there anything wrong with Tong Xi during this time?”

For example, did he mention him, or know something about him

thinking of this, Lu Qi's face suddenly became ugly .

What's the situation? Why should he care if Tongxi has mentioned him recently? Get to know him.

He's crazy?

Just when Lu Qi was about to erase this question so that they didn't have to answer.

As a result, the secretaries and assistants in the office were the first to answer.

“What's wrong?” The assistant who answered before touched his chin and thought for a while, then nodded, “Yes.”

Lu Qi's expression was shocked, “Really?”

“Yes.” The assistant nodded again, “Recently, Secretary Tong often I'm in a daze, I'm often not in the state, and I'm often sick, and I'm asking for leave from time to time.”

“Sick?” Lu Qi frowned, “What's wrong with her?” The

assistant shook his head, “I don't know that, we asked Secretary Tong, but Secretary Tong didn't answer.”

Seeing that there was nothing to ask, Lu Qi hummed slightly, closed the door, and backed out again.

The secretaries and assistants in the office looked at the door that was closed again, looked at each other, and saw doubt and confusion in each other's eyes.

Obviously, they all felt that Director Lu was weird, and people couldn't guess what they were thinking.

Outside the door, after Lu Qi closed the door, he leaned against the wall next to the door, lowered his head slightly, and thought about something.

He was thinking about what the assistant just said, Tong Xi is often in a daze, is often out of state, and often takes time off from illness.

He actually knew a little about Tong Xi's illness.

The last time my mother had a physical examination in the hospital, she told him when she came back that she had met Tong Xi and was also being examined in the hospital.

But Tong Xi's problem at that time was the cervical spine problem, and there were no other symptoms.

And the problem of the cervical vertebra, will you ask for leave every three to five?

Do you often get distracted at work?

Tong Xi has been with him for several years. He is the person who knows her best. She is a strong woman. She once had a high fever of nearly 40 degrees for a plan, and she was unwilling to put it down to rest.

Therefore, it is absolutely impossible for a person like Tong Xi to become depressed because of a small cervical spine problem.

There should be some reason he doesn't know.

Is it because of terminal illness?

Thinking of this possibility, Lu Qi's face suddenly became tense, and his heart also sank for a moment, sinking to the lowest point, as if there was still a big hand tightly grasping it, making him a little breathless.

Just as he was thinking, the door of the office next to him suddenly opened with a click, which also interrupted Lu Qi's thoughts.

Rong Shu came out with her bag and saw Lu Qi who was standing beside him, who was in a somewhat uncomfortable mood, and asked with concern, "Aqi, what's the matter?"

Lu Qi raised his head, squeezed the corners of his mouth, barely squeezed out With a smile, she replied in a hoarse voice, "It's okay, I just thought of something, it's not very important, let's go."

Seeing that he didn't want to say more, Rong Shu nodded, "Let's go." The

two of them They walked to the elevator side by side, and soon got into the car and drove to the hot pot restaurant.

But along the way, Lu Qi didn't have the lively and sloppy look in Rong Shu's office at first, and he seemed very silent and serious, and looked very preoccupied.

Rong Shu was driving the car and opened her mouth several times, wanting to ask him what was wrong, but every time she saw his silent and serious look, she couldn't open her mouth again, she didn't know how to ask, and finally fell silent. Down, so that the atmosphere in the car is somewhat depressed and heavy.

On the other hand, Fu Jingting had come to the downstairs of the hotel where Su Cheng lived, but he was not in a hurry to get out of the car, but was sitting in the car with his mobile phone in his hand, talking to someone.

Hearing the person on the phone say that Rong Shu and Lu Qi drove away from Tiancheng together, apart from frowning a little, he only said one sentence and then hung up the phone.

Assistant Zhang in the driver's seat naturally heard it too, so he couldn't help turning his head and asked, "Mr. Fu, Miss Rong and Mr. Lu are going out to dinner, aren't you angry?"

Fu Jingting put away the phone and glanced at him lightly, "Lu Qi is looking for Xiaoye Ye to help, Xiaoye Ye invites him to dinner is nothing wrong, if I eat this vinegar, my situation will be too small."

Assistant Zhang smiled, "President Fu said yes." Fu

Jingting hummed With a sigh, "Check where they went to eat?"

Assistant Zhang raised his eyebrows, "Mr. Fu, why are you checking this? Didn't you say you're not jealous? So why do you have to figure out where they eat? "

Isn't this slapping yourself in the face?

Thinking about it, Assistant Zhang squinted at Fu Jingting, his eyes were clearly filled with the meaning of man hehe.

Fu Jingting lightly opened his thin lips and said softly, "I'm not jealous, but that doesn't mean I don't even want to know where they are going, I'm just worried about Xiao Ye Zi's comfort."

Assistant Zhang rolled his eyes.

It's weird to believe you.

You are clearly jealous, saying that it sounds so grand!

Of course, thinking this way, he didn't dare to say anything, Assistant Zhang nodded with a fake smile, "President Fu said, okay, I'll ask someone to inquire about it in a while."

Fu Jingting raised his chin slightly, and gave a noble hum, "After inquiring clearly, I bought their account, and then told Lu Qi that I, Fu Jingting, bought the account, which means that I, Fu Jingting, invited him to eat this meal. of."

Calling the Array Outside the Door

He wanted to let Lu Qi know that they were eating together, and he knew all about it.

At the same time, he also wanted Lu Qi to dispel the secret hilarity that he thought he didn't know about eating with Xiao Ye Ye.

Assistant Zhang has been with Fu Jingting for so many years, and with a glance from Fu Jingting, he knows what he means and what he is thinking.

Assistant Zhang's mouth twitched involuntarily.

Isn't Fu always too naive?

A second ago, he said that he would not be jealous of Miss Rong and Mr. Lu eating together, after all, the pattern was there.

As a result, in the next second, he will show his presence in front of Mr. Lu, and always tell Mr. Lu that he is Miss Rong's palace.

Isn't this childish?

"What kind of eyes are you looking at?" Fu Jingting saw Assistant Zhang's speechless appearance in the rearview mirror, his brows furrowed, and he asked in a cold voice.

Assistant Zhang realized that he was exposed, and quickly coughed and smiled, "No, Mr. Fu, you have misunderstood. I didn't look at you, I was just thinking about something."

“Heh.” Fu Jingting sneered, “What do you think? Do I believe it?”

Assistant Zhang immediately lowered his head and remained silent.

Fu Jingting didn't mean to hold on to him either. He opened the door and got out of the car, “Remember to do as I say.

” He started and looked at the man's back carefully, “Mr. Fu, just like this, Miss Rong will definitely misunderstand that we sent someone to follow her. Are you not afraid that she will get

angry ?” Stiff.

Obviously, he never thought of this.

He just wanted Lu Qi to go to dinner with Rong Shu, so he wanted to show off in front of Lu Qi.

Haven't really considered this yet.

Seeing that Fu Jingting didn't speak, Assistant Zhang also seemed to understand something and fell silent.

After a few seconds, Fu Jingting turned around and stared at Assistant Zhang, “It's none of your business, I'll handle it myself, you just need to do as I say.”

“Yes.” Zhang The assistant twitched the corner of his mouth and responded.

However, he was complaining in his heart, solve it?

How do you solve it?

It's nothing more than an old school, coaxing Miss Rong.

As long as she said some sweet words and made Miss Rong happy, Miss Rong would not be angry anymore.

Mr. Fu must have thought so.

O man!

Assistant Zhang thought disdainfully.

Fu Jingting didn't know that Assistant Zhang was looking down on himself. After straightening his clothes, he walked towards the hotel door.

Assistant Zhang quickly followed, and while following, took out his mobile phone and explained what Fu Jingting had just ordered.

Soon, the two came to the door of a presidential suite on the top floor of the hotel.

Fu Jingting took a step back, then turned his head and gave Assistant Zhang a look.

Assistant Zhang nodded knowingly, stepped forward, raised his hand and rang the doorbell.

Soon a voice came from the loudspeaker above Assistant Zhang's head, "Who?"

Assistant Zhang raised his head, stared at the loudspeaker and replied, "Is it Assistant Li next to Mr. Su Cheng? Hello? , I'm the assistant next to Mr. Fu Jingting, my surname is Zhang."

Assistant Li in the door was still very lazy, but when he heard the words of Fu Jingting and the assistant next to Fu Jingting, his expression changed greatly, and the original laziness dissipated all at once. , The whole person was suddenly shocked, and his eyes widened.

What?

The person outside the door is Fu Jingting's assistant, the man surnamed Zhang!

For a while, Assistant Li's face became very wrong, panicked and apprehensive.

But in order not to lose the battle, he quickly took a deep breath, adjusted his mentality, and then got close to the door, lowered his eyelids, making it difficult to see the expression in his eyes, and asked, "It turned out to be Assistant Zhang next to Chairman Fu, Hello assistant, I don't know why Assistant Zhang is here?"

They have all been in the sea market for so long, and they have not deliberately hidden their whereabouts, so it is impossible for Zhang Cheng's boss Fu Jingting not to know that they are in the sea market.

After all, the boss also went to Fu Jingting's woman.

He didn't believe that Fu Jingting's woman would not tell Fu Jingting that the boss was here.

So from the very beginning, Fu Jingting knew that the boss was coming to the sea market, but he didn't know what Fu Jingting thought. The boss had been here for so many days, and he didn't say that he wanted to meet the boss, as if he didn't know the boss was coming. the same.

I thought that Fu Jingting planned to keep pretending not to know until the boss left Haishi and returned to the capital.

Unexpectedly, Fu Jingting's people suddenly came over today.

This must be what Fu Jingting meant!

Outside the door, Assistant Zhang heard Assistant Li's question, looked back at Fu Jingting, and asked for instructions.

Fu Jingting didn't speak, only raised his chin.

Assistant Zhang understood what it meant, turned his head back, and replied impatiently, "We, President Fu, want to see Mr. Su Cheng, so we came here specially, and asked Assistant Li to say hello to Mr. Su Cheng, and came forward to meet Mr. My family, Mr. Fu, sees it, otherwise don't blame us for breaking in directly and lose Mr. Su Cheng's face, don't blame us for not reminding him in advance."

For Su Cheng and the people in Su Cheng, he didn't plan to give it to Mr. What a good attitude.

Just start dry.

He was saying that he and Mr. Fu came here to meet Su Cheng on their own initiative. Su Cheng should be grateful to Dade and open the door quickly.

After all, in the identity of Su Cheng, if he wants to see Mr. Fu, Mr. Fu can ignore him.

Therefore, in terms of identity, he doesn't need to be polite to Su Cheng and the people in Su Cheng, he just lets go of his harsh words.

It is said that this is licensed by Mr. Fu.

Inside the door, when Assistant Li heard Assistant Zhang's unceremonious words, he blushed with anger and gritted his teeth.

But he was rational and knew that the people outside were Fu Jingting's lackeys, and he couldn't offend him yet, so no matter how angry he was, he would be patient at the moment.

Taking another breath, Assistant Li's face was gloomy, but he politely replied, "It turns out that President Fu wants to see our boss. I understand. I'll report to our boss now, and ask Assistant Zhang to wait."

"Hurry up. Son, our President Fu is right next to me, don't make our President Fu wait for a long time, or you will just kick the door, believe it or not." Assistant Zhang wrapped

his arms and learned the gesture he had seen from Cheng Huai, his air was full of air. shouted impatiently.

Assistant Li was trembling with anger, but he had to grit his teeth and reply, "Assistant Zhang, please rest assured, it will be soon."

After speaking, he squeezed his hands tightly together, turned and walked into the house.

Outside the door, there was silence inside. Assistant Zhang guessed that the person was probably gone, turned his head and smiled at Fu Jingting, "Mr. Fu, what do you think of my performance just now?"

Fu Jingting curled his lips. "Not bad."

Assistant Zhang smiled, "Thank you for the praise, Mr. Fu. I learned this from Mr. Cheng. Although Mr. Cheng doesn't seem to be reliable at ordinary times, don't tell me, he is quite good at critical moments."

At least this The appearance of the air flowing in the flow is very annoying.

No way, he doesn't want to learn, after all, he is an elite, how can he learn hooliganism?

But if you don't learn it, you can't do it. When it comes to angering people, it's true that Mr. Cheng's hooliganism will kill people.

Whether in Haishi or in Beijing, Mr. Fu's status is higher than that of Su Cheng. When two people meet, it should be Mr. Su Cheng who came to see Mr. Fu. Now Mr. Fu has taken the initiative to bow his head to see Mr. Su Cheng, so in some cases, it is natural to find it back.

So he put on that appearance just now, just to let Su Cheng know that even if Mr. Fu came to see him, he was the one who called the shots, and he could not give him the slightest face or take him seriously.

finally meet

"He is also useful in this kind of place." Fu Jingting lightly opened his thin lips and commented on Cheng Huai.

Assistant Zhang pushed his glasses, "Mr. Cheng would probably get angry if he knew that Mr. Fu looked down on him so much."

"I'm afraid of him?" Fu Jingting raised his eyelids lightly.

Assistant Zhang quickly waved his hand, "No, no, Mr. Fu, you have misunderstood. That's not what I meant."

"Shut up if you don't." Fu Jingting frowned and scolded.

Assistant Zhang shrugged his shoulders, then made a zipper action on his mouth, and stopped talking.

In the suite, Assistant Li hurried to the audio-visual room without knocking on the door, just pushed the door in.

The audio-visual room was dark and dark, only the screen playing the movie was bright.

At this moment, a black-and-white drama film from the previous world was playing on the screen, and the babble of singing came from the gramophone on the side, making the entire audio-visual room look like a horror venue.

At the moment, Su Cheng was wearing a long black Tang suit, and was sitting on the single sofa in the middle of the screen. He closed his eyes, shook his head and fingers slightly, and listened carefully to the play.

Assistant Li walked towards Su Cheng, watching the drama movie on the big screen while walking, and looking at the surrounding environment.

Rao is that he has often seen such scenes, and at this moment he can't help but shiver in fear.

No way, he's not afraid of anything, he's just afraid of ghosts.

And this audio-visual room is already dark, and it is even more scary to play black and white movies and singing with horror special effects.

"Boss." Assistant Li bravely came to Su Cheng, lowered his head, and shouted respectfully.

Su Cheng's shaking head and fingers stopped, and the next second, he slowly opened his eyes, looked at Assistant Li in front of him, his eyes narrowed dangerously, obviously very much for Assistant Li's actions to interrupt his listening to the play dissatisfied.

“Is something wrong?” Su Cheng took a sip of the red wine beside him, suppressed the anger in his heart, and asked in a deep voice.

Although the pressure went down, Assistant Li could still feel that the boss was angry and buried his head lower, “Boss, it’s not good, Fu Jingting is here.”

Su Cheng’s movement of shaking the red wine stopped, then raised his head tightly. Staring at Assistant Li, “What did you say? Fu Jingting is here?”

“Yes.” Assistant Li nodded, “Just outside the door, he brought his assistant to see you.”

Su Cheng clenched the Wine Cup, didn’t speak anymore, and spoke again after a while, “Did he say why he came to see me?”

He thought the same as Fu Jingting, they would meet one day.

But it’s definitely not now, at least it’s not the right time to meet, because neither of them is ready to meet.

So it’s still so many days, and he wasn’t surprised when he knew that Fu Jingting knew that he was here and didn’t make any statement.

Unexpectedly, Fu Jingting suddenly came over at this moment.

This was beyond his expectations.

Su Cheng picked up the remote control and pressed it on the opposite screen. The drama on the screen paused.

Afterwards, Su Cheng stood up, took the faucet cane handed by Assistant Li, squeezed it lightly, and asked, “Did Fu Jingting say, why do you want to see me suddenly?”

Assistant Li shook his head, “That’s not true, I ask Yes, but the other party didn’t say it, instead.”

Speaking of this, a trace of anger appeared on Assistant Li’s face.

When Su Cheng saw it, he narrowed his eyes, “What?”

“Sorry boss.” Assistant Li apologized, and then quickly replied, “The other party’s attitude is very bad. When he came to see us, he was very arrogant and threatened me that if you don’t let you meet with Fu Jingting as soon as possible, it’s really abhorrent to force your way in.”

After listening to Assistant Li’s words, Su Cheng didn’t mean to be too angry, except for his ugly face, he just smiled grimly and said, “What is there to be angry about, this is the

truth, I don't want to be in a family background, whether it's in the sea The city is still the capital. When I met Fu Jingting, it was supposed to be me who came to see him, not him. Now he took the initiative to come to see me. If he didn't show a little arrogance to suppress me, wouldn't that mean he was afraid of me? So don't feel angry, I will do the same if it's me."

"Yes." Assistant Li bowed his head and said nothing.

Su Cheng rubbed the faucet on the cane, "Maybe, Fu Jingting came suddenly, not because of the grudge between me and him."

"Boss, do you mean that Fu Jingting came for the woman named Rong?" Assistant Li looked follow him.

Su Cheng snorted, "It is very likely that the grievances between Fu Jingting and I should not meet at this time. After all, Fu Jingting has not found anything. If I were him, I would definitely find something. Afterwards, meet me officially to declare war."

"However, what if Fu Jingting found out not for Rong Shu?" Assistant Li was a little uneasy.

Su Cheng looked at him gloomily, "If he could find it, he would have found it long ago. It won't be just suspicion until now, do you understand?"

Looking at Su Cheng's cold eyes, Assistant Li lowered his head in fear. , hurriedly responded, "Understood, understand."

"I don't want to hear from your mouth a second time when you grow up with other people's ambition and destroy your own prestige." Su Cheng warned coldly.

Assistant Li nodded again and again, "Yes, boss."

Only then did Su Cheng withdraw his gaze, let him go, and then said, "Is there any investigation on Fu Jingting?I still have confidence in some things, and at this juncture, he came to me only for the woman Rong Shu, don't forget, the parts of the woman Rong Shu have not been solved yet, today is the last day, If she can't solve it again, she will be in trouble. Although I talked to the woman Rong Shu last night, the woman said that there is a solution, but the people we sent to watch her did not hear about her solution, so It can be seen that the so-called solution may be to find Fu Jingting. "

That's why Fu Jingting came over today." Assistant Li suddenly realized, "In this way, it really makes sense. Then Fu Jingting really cares about the woman Rong Shu." "

"Not necessarily. Su Cheng touched his cane, "It doesn't mean that she cares a lot about helping the woman come forward to solve the problem. After all, on the surface, the woman Rong Shu is always his person. If something happens to his person, he

can't ignore it. Moreover, it is not difficult for him to solve this matter, that is, to show his face, so even if Fu Jingting doesn't love that woman Rong Shu much in his heart, he can't stand by. . “

That's right, if the matter is too difficult for Fu Jingting to handle, he still has to come forward to handle it, it really shows that Fu Jingting cares about Rong Shu. Assistant Li pushed his glasses to analyze.

Su Cheng rubbed his temples. It also hit me in the face, spread it out, and made people laugh. “

“Yes. Assistant Li responded immediately, then followed him out of the video room.

After going out, Su Cheng sat on the sofa in the room with his legs spread apart, his cane placed between his legs, and his hands on the faucet of the cane, slightly With his head down, people couldn't guess what he was thinking.

As for Assistant Li, he went to the door of the room to open it.

Infuriating Assistant Zhang

Outside the door, Zhang Cheng kept his head down and looked at his watch, silently calculating the time when Assistant Li left.

Next to him, Fu Jingting, who was leaning against the wall, suddenly opened his eyes and asked, “How long has it been?”

Assistant Zhang put down his wrist and replied, “Three minutes.” Fu Jingting narrowed his eyes, “

Kick the door!”

minute.

It can be seen that he does not take Fu Jingting in his eyes.

If that's the case, then he doesn't have to give face and just force his way in.

Assistant Zhang waited for Fu Jingting's words, and immediately responded with a smile, “Okay, Mr. Fu, I'll be fine right away.” When the

words fell, Assistant Zhang took a step back, and then raised a leg in a posture, and he was about to kick him violently. On the door.

But just as his legs were kicked out, the door was suddenly opened, and Assistant Li appeared behind the door.

Then, Assistant Li was kicked out by Assistant Zhang's unretracted leg with a whip, and fell on the steps of the back entrance, curled up in pain, howling like shrimp.

No one thought of this scene.

Assistant Zhang's legs are still in mid-air, kicking things.

He looked at the open door, and then looked at Assistant Li, who was sweating and rolling around with a stomachache on the ground on the opposite side, the corners of his mouth twitched and twitched, "Then I said I didn't mean it, do you believe it? "

He lowered his legs slowly.

When Assistant Li on the ground heard this, he almost spat out a mouthful of blood. He struggled to open his eyes and stared at Assistant Zhang with blood red eyes, as if he wanted to say something.

But because of the cramping pain in his stomach, he couldn't breathe, let alone speak.

So Assistant Li could only curl up tightly on the ground, hugging his stomach, staring at Assistant Zhang in severe pain, as if he was going to tear Assistant Zhang apart.

When Assistant Zhang looked at him like this, he touched the tip of his nose with a guilty conscience, "So what, Assistant Li, I'm so sorry, I really didn't mean it, I apologize to you, I'm sorry, don't mind, I will next time Be careful, I will never hurt you again, really."

Assistant Zhang apologized earnestly.

However, there was no apology in his tone, not even the expression on his face, there was no self-blame of shame and accidental injury, only a clear and undisguised smile.

Yes, Assistant Zhang not only didn't feel embarrassed for his behavior, but was proud of it.

He also didn't expect that he just wanted to kick the door, and he could actually kick Sucheng's lackeys into the air.

What does this mean?

It means that God can't stand Sucheng and Sucheng's lackeys, so he deliberately created opportunities for him to fight Sucheng's lackeys.

Otherwise, why didn't the lackeys of Sucheng come early and late, but came when he was about to kick the door?

This is fate!

Thinking about it, Assistant Zhang's smiling mouth almost grinned to his ears.

When Assistant Li on the ground saw him like this, how could he not know what he was thinking?

"You you" Assistant Li took away the hand on his stomach, lifted it tremblingly, and pointed at Assistant Zhang, as if to complain about something.

But it was so painful that he really didn't have the strength to say a complete word.

The kick this man gave him just now, he almost thought it was a truck hitting him.

In short, he now feels as if his internal organs have been shattered, and the pain makes him almost faint.

He was already miserable enough, but he didn't expect this bastard to open his eyes and talk nonsense, and he was even more so angry that his internal organs twitched.

This bastard said apologizing, but in fact he didn't hear the meaning of apology at all.

The most ridiculous thing is to say what to pay attention to next time.

Damn, this bastard wants another time!

Seeing the blood that Assistant Li vomited and the appearance that he was about to die, Assistant Zhang opened his mouth and was a little stunned, "Mr. Fu, he shouldn't have been seriously injured by me, right?"

"", Fu Jingting, who has not spoken and just watched this scene quietly, finally raised his eyelids and opened his mouth, "So what, just settle it."

After he finished speaking, he stepped forward with long legs and entered directly. Inside the door, he walked towards Assistant Li.

Assistant Li lying on the ground felt a shadow in front of him, looked up and saw a man walking towards him.

The man's figure is tall, his face is expressionless, his aura is very strong, and his aura is so strong that people cannot ignore it.

Assistant Li just stared at Fu Jingting blankly.

It's not that he doesn't know what Fu Jingting looks like, but he has never seen this man with his own eyes. He has only seen it on documents and photos.

Although he also knew that the superiors were full of aura, he never imagined that the man in front of him had such an aura that he was so oppressive, and he just cast his eyes down at him. I felt as if my throat was being pinched, I didn't dare to breathe, and I didn't even have the courage to look at him.

Assistant Li hurriedly lowered his head in a panic, and quickly avoided the line of sight with Fu Jingting.

Only in this way can he breathe and feel that he is still alive, instead of feeling like he is going to die just now, and his whole body is cold.

This man is really not easy!

Assistant Li thought with a heartbeat, and his body trembled even more.

Originally, he thought that his boss was the most simple person in the world, with the strongest aura, making people feel terrified as soon as they met.

But unexpectedly he was wrong, the man in front of him is the one he has met so farThe person who has the strongest aura and makes people fear when they meet.

At least, he can sometimes look directly at his boss.

But facing this man, he didn't even have the courage to look directly.

The funny thing is that he had thought before that when he officially met this man in the future, he would have to take a good look at this man, whether it was so exaggerated as the outside world said.

Yes, it was rumored that Fu Jingting was a living hell king. He never believed how terrible it was, and even scoffed at it, thinking it was an exaggeration and not true at all.

But now, he knew that the outside rumors were not exaggerated, that was the truth.

You are the frog at the bottom of the well.

Fu Jingting didn't know what the man was thinking, he just glanced down at the man who looked like trash in his eyes, then withdrew his gaze and stepped over the man.

Assistant Zhang followed suit and stepped over from Assistant Li.

Although the former also made Assistant Li feel humiliated, the difference was too great, and he could still tell himself not to be angry, so he didn't know.

But the latter made Assistant Li grit his teeth with hatred, wishing to tear up Assistant Zhang directly.

Assistant Zhang naturally felt the killing intent behind him, turned his head and glanced at it, and saw Assistant Li's canthal split. Not only was he not afraid, but he raised his chin provocatively and smiled, and gave his thumbs down. Nod it a bit, and the sarcasm is full of sarcasm.

Then Assistant Li couldn't bear it any longer, his eyes darkened and he passed out.

Seeing this, Assistant Zhang raised his eyebrows unexpectedly, then quickly pouted again, and turned his head back indifferently, without any intention of calling the doctor for Assistant Li who fainted.

Anyway, for him, Su Cheng's lackey is just a lackey. If he faints, he will faint, and he will be dizzy.

It's a piece of trash that can't be on the table, and if you are dizzy, you will be dizzy.

Deep Conversation

As for whether or not something will happen to this person in the future, he is not worried at all.

Anyway, President Fu said, just settle it.

Assistant Zhang left the fainted Assistant Li behind his head and stopped paying attention, and quickly followed Fu Jingting in front.

Fu Jingting came to the living room of the suite, and saw Su Cheng who was sitting across from him with his eyes slightly closed, as if he was sleeping.

At that moment, Fu Jingting stopped in his footsteps, and there were countless violent storms in his eyes.

This old thing is Sioux City!

It was the one who innocent of his mother and caused his mother to commit suicide.

It is even possible that it was the murderer who killed his father!

Thinking of this, Fu Jingting's hands on both sides clenched tightly, and the joints made a crackling sound.

Assistant Zhang looked down at the bulging blue veins on the back of his hand and the pale joints, and quickly reminded in a low voice, "Mr. Fu, calm down, your left arm is not yet healed, if something happens, Miss Rong should be worried. "

Sure enough, after moving out of Rong Shu, Fu Jingting's mood instantly calmed down a lot, and his tightly clasped hands were slightly released.

Seeing this scene, Assistant Zhang breathed a sigh of relief.

Still, Miss Rong works.

It seems that in the future when President Fu loses his temper, he can also move out Miss Rong to put out the fire.

Assistant Zhang rolled his eyes, the more he thought about it, the more feasible it became, and finally he couldn't help nodding his head twice.

Fu Jingting had no time to worry about what Assistant Zhang was thinking behind him.

All he knew was that he finally met Su Cheng, the murderer who killed his parents.

He always thought that even if he saw Su Cheng in his cultivation, he could remain calm enough.

But now he realized that he was wrong, that his cultivation was not at home.

Seeing the enemy, his heart is still impulsive, violent and angry, and even wants to kill this person directly.

It turned out that he was not as good as he thought.

Fu Jingting squeezed the palm of his hand again, took a deep breath, and spent a lot of energy to barely suppress the killing intent in his heart, continued to raise his foot, and walked forward.

Su Cheng, who was on the sofa not far away, heard footsteps, and after rubbing the faucet on the walking stick, he said, "Little Li, let's make tea when someone brings it here."

No one responded.

Fu Jingting stopped in front of the sofa opposite Su Cheng, sat down directly, and stared at Su Cheng like that.

Assistant Zhang naturally walked behind him and stood still, staring at Su Cheng with him.

Seeing Su Cheng with his eyes closed and a calm and mysterious look on his face, Assistant Zhang sneered in his heart, and couldn't help but roll his eyes.

This old thing is quite good at putting forks.

All of them came, and they closed their eyes and looked inscrutable. Those who didn't know, thought they were playing some kind of worldly master.

Look at this compulsion, it is not something ordinary people can achieve.

"Mr. Su, don't shout, your assistant, I'm afraid you won't be able to get up or make tea." Assistant Zhang pushed his glasses and said.

Finally, the opposite Su Cheng opened his eyes, and at first glance he saw Fu Jingting sitting on the sofa opposite him, expressionless, and his whole body was very cold.

The moment he saw Fu Jingting, Su Cheng's pupils shrank, and an incomprehensible look flashed in his eyes. It was fleeting, and soon recovered as if nothing had happened. Facing Fu Jingting He also showed a gentle smile, "Nephew Jing Ting, we have finally met. You are taller and handsome than I thought, and you are indeed

Ya'er's child." Fu Jingting frowned, and the killing intent in his eyes became more intense. "You're not qualified to be called my nephew, let alone my mother's nickname."

"Haha." Su Cheng smiled, not only did not get angry, but laughed, "Although I am not as good as you in terms of family background and identity, I have to call you President Fu, but in terms of seniority, and the past me and your mother You really should call me uncle, and I should call you nephew, as for your mother's nickname."

Su Cheng narrowed his eyes and smiled meaningfully, "I think in this world, your mother I hope to hear others call her by her nickname, it's only me." As

soon as these words came out, Fu Jingting's face immediately became extremely difficult to see, but he couldn't say anything to refute.

Indeed, with her mother's feelings for Su Cheng, she was naturally willing to call her that.

Seeing Fu Jingting pursing his thin lips and not speaking, Su Cheng's smile deepened, "By the way, nephew Jing Ting, the assistant behind you just said, my assistant can't get up, what does it mean?"

Assistant Zhang stepped forward, to speak.

Fu Jingting raised his hand and stepped back.

When Assistant Zhang saw this, he nodded knowingly and returned to his original place.

Fu Jingting put his hands down, looked at Su Cheng, opened his thin lips lightly, and said in a cold and ruthless voice, "A person who doesn't matter, I don't have the interest to mention so much, let's just get down to business, where are the parts of my lover's company?"

Su Cheng heard this, there was no surprise on his face.

Background When he knew that Fu Jingting was coming, he had already guessed the purpose of his visit.

Now it just confirms my guess.

"My nephew came here for Miss Rong's business. It can be seen that my nephew has a deep affection for Miss Rong." Su Cheng looked at Fu Jingting with bright eyes.

Fu Jingting's expression did not change, so that people could not see the slightest emotion, "This is not something you should be concerned about, you just need to tell me, the parts, you still don't return it!"

Su Cheng saw that his attitude was so cold, and his heart was also He sighed somewhat regretfully.

This guy, the expression management is really good, I can't see anything from this guy's face.

Today's young people,

Su Cheng rubbed the faucet, feeling a little jealous at the same time.

He Sucheng has been praised since he was a child, but he still couldn't do this when he was young.

From this point, it can be seen that he lost Fu Huai by an edge.

When he was young, some people compared him to Fu Huai, saying that he was excellent, but he was still a little worse than Fu Huai.

Today, even Fu Huai's son is doing better than when he was young.

Oh, what an irony.

Su Cheng's eyelids drooped, hiding the various emotions in his eyes, and then he raised a gentle smile and returned, "My nephew has come to run this trip in person, if I don't pay it back, won't I give my nephew's face? , Although my nephew and I have never met in the past, we have heard what kind of person the other party is, so naturally we won't offend the other party easily, not to mention, it's not easy for us to tear our faces now, isn't it?"

Fu Jingting squinted his eyes, "Your words seem to reveal a lot of information."

Su Cheng chuckled, "It's not easy to point out some words, isn't it?"

As he said, he poured Fu Jingting a cup of tea, and then Pushing it in front of Fu Jingting, he made a gesture of invitation.

Fu Jingting glanced down and didn't mean to take it up for a drink. Instead, he stood up from the sofa, "You said this, I'm not afraid that I will kill you right now and save a lot of things. Is it a hundred?"

Su Cheng picked it up. He drank his tea slowly, "You won't, if you really do this, all the credits your grandfather made for the country will be ruined, do you want your grandfather to die down there? Fu

Jingting's eyes were red, "No wonder you dare to admit that you were waiting for me here."

Su Cheng looked at him with a smile and said nothing.

Fu Jingting closed his eyes fiercely. It took a long time for him to suppress his anger. He said with a gloomy face, "Today's trip is not in vain. I will remember your life. I will personally end it!"

You come and I go

As Su Cheng said, he is indeed eager for revenge, but he will not really kill Su Cheng directly, just save trouble.

If he did that, his grandfather's exploits that he had beaten with his life would indeed be defeated by him.

The country will look at the merits that grandfather has made, and will not hold him accountable for killing Su Cheng, but for the impact and trouble he will bring after he kills Su Cheng like this, he will use his grandfather's merits to equalize it. .

Grandfather's merits were exchanged for his life, and it was not worth the trouble after killing Su Cheng, and he would not do that either.

Therefore, he will use the most correct revenge method to find all the evidence of Sucheng's crimes, and then ask Ying from above to execute Sucheng in person.

I believe that the above will not refuse his request.

As long as he doesn't mess around, causing hundreds of thousands of people to lose their jobs or ruin their families, it will definitely not be dissatisfied for his grandfather's sake and his taxation over the years.

Listening to Fu Jingting's words, Su Cheng's hand holding the cane faucet suddenly tightened, but soon loosened it again, and smiled disapprovingly, "Well, then it's up to my nephew."

"I won't let it go. You are disappointed, I just hope that when that day comes, you won't ask me for mercy." Fu Jingting raised his chin slightly and looked down at him with his height.

Su Cheng naturally disliked Fu Jingting's contempt for him, but there was nothing he could do. After all, with his height there, he could barely maintain a smile on his face, "Of course."

"That's good." Fu Jingting put his hands in his trouser pockets, He said coldly, "As for the parts, I hope you will send it to Tiancheng Group within an hour, otherwise even if I can't kill you now, I can make you peel off. If you don't believe it, try it."

He A breezy threat.

Su Cheng smiled, "Don't worry, nephew, since I promised to return the parts, I will not delay, so there are some things that you can't do if you want."

Fu Jingting's eyes flashed slightly, "Is that so? That's a pity, and I kinda wish you were a little late."

In this way, he has an excuse to fix the old guy.

Su Cheng laughed again, "The purpose of my nephew's coming to me has now been achieved, so I don't know, my purpose, can my nephew discuss it?"

"What do you want?" Fu Jingting narrowed his eyes.

Su Cheng also stood up, "My nephew knows that I have never set foot in the sea market for 30 years, and now I set foot here for my only daughter."

"So Su Man, it's really yours. Illegal daughter?" Fu Jingting cut off his words.

Su Cheng lowered his eyelids to cover his expression, "Of course, why, my nephew suspects that she is not my daughter?"

"The way you get along with Su Man, the people at the police station told me everything, forgive me, it's hard for me to believe it. , you are father and daughter." Fu Jingting bluntly admitted that he just didn't believe it.

Su Cheng smiled calmly, "So that's the case, no wonder nephew has doubts, but doubts are normal, my attitude towards my daughter is really not good, after all, it's a man's shame, I believe changing I am my nephew, and I will do the same."

"It's impossible." Fu Jingting's thin lips pulled out a cold sneer, "First of all, I, Fu Jingting, will not be like you. You can't get entangled with other women outside, and you have an illegitimate child. If you have an illegitimate child, you can't treat it well. It's still considered a shame. Isn't the shame of your Sucheng that you can't control yourself and bring it on yourself? "

With these words, it can be said that Fu Jingting absolutely rudely tore off Su Cheng's fig leaf, exposing Su Cheng's most hypocritical side to the sun.

Indeed, illegitimate children are not honorable for a man.

But this disgrace was not brought by the illegitimate child, but the man himself couldn't bear to ask for it himself.

Su Cheng is such a man. It is clearly his own fault, but he blames all the mistakes on the illegitimate child, believing that the appearance of the illegitimate child has brought him shame, and he himself forgets all his actions. After that, I don't think anything is wrong.

Such a man can be said to be a typical example of selfishness.

And often such selfish people love themselves the most and will not really fall in love with others.

So his mother

, Fu Jingting, sneered twice in the bottom of her heart.

Mother, see, this is the man you love.

Su Cheng didn't expect that Fu Jingting would be so disrespectful to say such a thing.

Or maybe he knew that what Fu Jingting said was right, he was just that kind of person, so he couldn't accept it at this moment, and he was extremely angry for a while, looking at Fu Jingting's eyes, all blood red, he gritted his teeth and said pitifully " Aren't you afraid that my nephew will be unhappy when you say these words?"

Fu Jingting seemed to have heard a big joke and smiled, "Do you think I should be afraid?"

He stepped forward and approached Su Cheng.

The height and imposing manner are there, and everything is better than Su City.

What's more, one is a tiger in its prime, and the other is a twilight old wolf. When the two face each other, whoever wins will not need to think too much.

With just the momentum, Su Cheng lost more than one, and Fu Jingting completely suppressed him.

"Don't say I'm not afraid of your high or unhappy, even if I kill you now, no one dares to say anything, so you should be thankful that my grandfather's exploits saved your life temporarily, instead of letting you float, forget this Whose territory is it, who are you facing, are you worthy of threatening me?" Fu Jingting looked down at Su Cheng, his eyes were cold and ruthless, looking at him was like looking at a dead man.

Su Cheng believed that he was the one who brought the fear of death to others all his life.

But I never thought that one day, I would also feel the fear of death from others.

Moreover, the other party is still a young man thirty years younger than him.

This dimensionality reduction blow is indeed a shame for Su Cheng.

At the same time, it also made him understand that he is indeed a little floating now, and he has forgotten that this is not the capital, but the sea market. The status is far higher than their own demon king.

This is his mistake.

Seeing that Su Cheng's face was ugly and he didn't answer, Fu Jingting looked back, "I probably also know your purpose, you want me to let Su Man go, you first found my woman, but you failed, so you Take away her company's parts and use it to threaten her."

Su Cheng moved his thumb with a wrench and rubbed the tap on the cane, "You're right, I thought she was a good talker. , a very soft-hearted woman, so after I came to the sea market, I found her. I thought my goal would be easy to achieve. As long as she was willing to forgive Su Man, I could double the compensation, but she refused. , I can only do this, but I didn't expect that my plan still failed, she was more stubborn than I thought, and she refused to agree."

"She is my person, if she is so easy to compromise, I will also I won't easily fall in love with her." Fu Jingting said softly with thin lips, and the pride in his tone didn't hide it at all.

"Really." Su Cheng's eyes flashed.

Fu Jingting said again, "It's you, the person who came to blackmail me with the purpose of intercepting the goods, is not afraid that I will be unhappy if you do this?"

Your Mother's Stuff

He returned these words to Su Cheng intact.

Su Cheng chuckled, "If I'm afraid, I won't do it. It's just the same sentence, just cut off the goods. You, Fu Jingting, won't kill me. Besides, I have decided from the beginning that if you Fu Jingting If you personally ask me to return the parts, I will return them immediately, and I will never be sloppy, so isn't that even more reason for you not to do anything to me?"

It was because he was so sure of this that he dared to do it.

Otherwise, he really wouldn't take the risk.

"You know me better than I thought." Fu Jingting sneered.

Su Cheng rubbed the faucet with a faint smile, "each other."

“Then if I didn’t come to you for this batch of parts, could you continue to act deaf and dumb, not return the parts, and let something happen to my company? , and then come to see my joke?” Fu Jingting said, killing intent emerged all over his body.

Su Cheng’s old fox still kept a smile on his face, “How is it possible, I knew early in the morning that you would definitely come back, after all, what Miss Rong is capable of, you and I know very well, she has no way to solve this matter, if you want Tiancheng not to go bankrupt , she will either let Su Man go, and I will naturally return the parts to her, but she refuses, so I have to continue dragging her. I don’t need to tell you what happened to Tiancheng, Mr. Fu, you know, the parts are delayed. No, and she can’t come up with a lot of money to tide over the difficulty of missing parts, so the only person she can turn to is you, and she is your woman, you can’t just stand by, no, no, It turns out that I guessed right, right?”

In fact, from the very beginning, he intercepted the parts, not for Su Man.

The real purpose is to test the person in front of him and how much he cares about the woman Rong Shu, Su Man is just incidental, what if the woman Rong Shu is soft-hearted and agrees to let Su Man go?

Even if he doesn’t agree to let Su Man go, he can test out how much Fu Jingting cares about Rong Shu’s woman.

In short, in this matter, no matter what the result is, he will not lose, and he will get what he wants.

As it turns out, he succeeded.

Rong Shu is very dependent on Fu Jingting, and even if Fu Jingting doesn’t love Rong Shu to the extent that she is absolutely necessary, it is definitely not shallow.

Otherwise, why didn’t Fu Jingting send an assistant to come, and he had to come by himself?

Of course, that’s not enough. What he wants to see most is the kind that Fu Jingting loves Rong Shu to the bottom of his heart, the kind that can be exchanged with his life.

Only in this way, Rong Shu’s woman can be of great use in the future.

“It’s a pity, you guessed half wrong.” Fu Jingting looked at Su Cheng and sarcastically said.

It was true that Rong Shu couldn’t get the money, but she never planned to ask him for help.

She would rather discuss with Lu Qi how to solve it, but did not ask him for help.

On this point, Su Cheng had thought wrong from the very beginning.

Hearing Fu Jingting say that he guessed wrong, Su Cheng's confident smile suddenly froze, "I guessed wrong? It's impossible, where did I guess wrong?"

He stared at Fu Jingting, wanting to Get the answer from Fu Jingting.

But Fu Jingting didn't answer what he meant at all, his thin lips moved slightly, and he said coldly, "This is not what you should know, indeed, if I intercept these parts, I will not kill you now, but this account, I will I will write it down together and settle it together later."

Fu Jingting said, his eyes bursting with endless chills.

Su Cheng's thumb rubbing the dragon's head paused for a while, and then moved again, but it seemed that this sentence made him feel a little irritable. Inner peace.

"Well, then I'll look forward to it." Su Cheng lowered his eyelids, "After saying so much, I haven't said my purpose yet. My nephew just guessed right, my purpose is indeed my unsatisfactory one. Daughter, although I really don't like my daughter, but no matter what, she is also the seed of my Su City. I can't bear to see her now, so I want to ask my nephew to be merciful and let it go. My daughter is a horse, of course, I will still give Miss Rong a lot of compensation, or even double compensation, how?"

As soon as these words came out, let alone Fu Jingting, Assistant Zhang vomited disgustingly.

Let's not talk about whether there is any feud between Su Cheng and President Fu for killing their father.

However, there is an indisputable fact that directly kills President Fu's mother.

Secondly, Su Man, Su Cheng's illegitimate daughter, has repeatedly bullied Miss Rong. This is also an indisputable fact. It

can be said that Su Cheng's father and daughter have already shared a lot of grievances with Mr. Fu and Miss Rong. .

So where did Su Cheng have the face to ask Mr. Fu to let him go?

In short, this is the first time he has seen the person who asked the enemy to let him go.

Could it be that if Su Cheng felt that he opened his mouth, Mr. Fu would definitely agree?

What a joke.

Sure enough, Fu Jingting said in a gloomy voice, "You asked me to let Su Man go? Do you think it's possible?"

Su Cheng was not surprised by Fu Jingting's words, instead he smiled, "I know, the grievance between us is here, It's really impossible for you to let my daughter go like this, but what if I exchange something for it?"

"Not interested." Fu Jingting threw out these four words without hesitation.

Su Cheng looked at him, his eyes flickering, "This is what your mother left back then, are you sure you're not interested?"

These words made Fu Jingting's face change suddenly, and stared at Su Cheng with red eyes, "You Say what? Something my mother left behind?"

Su Cheng smiled richly, "Yes, I'm not going to use this kind of thing to deceive you."

Fu Jingting was silent.

Assistant Zhang's expression also became complicated.

They didn't expect it to happen like this.

In Su Cheng's hands, there is actually something left by his wife.

Moreover, it is now being used by Su Cheng to threaten President Fu.

"What is it that my mother left behind?" Fu Jingting stared at Su Cheng with a terrifyingly cold expression on his face.

Su Cheng picked up the teacup and took a sip, "What is it, I won't tell you now, what I can tell you is that this thing is very important, to your mother, it is very important, and it was also when I was with your mother back then. When I was young, your mother gave it to me, your mother said, that thing is as important as her life, she gave it to me, she hoped that when I saw that thing, I would think of her, so I have kept it well to this day."

"It's really sad." Fu Jingting said suddenly.

Su Cheng was stunned for a moment, "What do you mean?"

"Something as important as my mother's life, she gave you such an important thing to trust you, but I didn't expect that you would betray her trust like this and put her What is given to you to exchange for your illegitimate daughter, what is this sadness?"

Fu Jingting raised his head, suddenly stretched forward suddenly, and then when Su Cheng didn't respond, he directly pushed Su Cheng's He grabbed his neck and lifted it vigorously.

Su Cheng was only about 1.7 meters tall, and he was thin, so Fu Jingting easily lifted Su Cheng up with one hand.

When Su Cheng reacted, his feet were at least five or six centimeters away from the ground.

The cane in Su Cheng's hand fell directly to the ground, making a clanging sound, and rolled around on the carpet before stopping.

And Su Cheng was hanged in the air. At this moment, his face was red, his eyes were protruding, and the whites of his eyes were covered with bloodshots. He opened his mouth and wanted to speak to Fu Jingting to let go, but Fu Jingting pinched It was too tight, and he couldn't make any sound at all, so he could only keep pulling Fu Jingting's fingers, trying to break Fu Jingting's fingers apart.

Almost killed him

But Fu Jingting has been diluted by anger at this moment. He only knows that this old thing in his hand killed his mother, not to mention that he is still using his mother's things in exchange for his illegitimate daughter, so he can't calm down.

Therefore, at this moment, his hand, like a pair of iron pliers, was tightly grasping Su Cheng's neck, and he was gradually increasing his strength.

Soon, Su Cheng felt that he couldn't breathe, his whole face gradually turned from red to purple, tears and snot came out together, and his eyes kept turning white, even the temples. The blue veins were all bulging out, as if the next second, they were about to explode in unison.

All in all, at this moment, Su Cheng felt extremely uncomfortable. He couldn't breathe, and his strength gradually dissipated, so that the movement of breaking Fu Jingting's hand was flustered and anxious from the beginning, until he was unable to do what he wanted, and slowed down.

Su Cheng knew that Fu Jingting had murderous intentions, and he wanted to kill himself.

He could even feel that death was getting closer to him now.

No, no.

He can't die!

He still has unfulfilled wishes.

He must not die!

Thinking about it, Su Cheng suddenly aroused the will to survive again. His hands that had no strength at first suddenly showed some strength. He struggled violently and slapped Fu Jingting's hands, and his feet kept kicking. .

But for Fu Jingting, it was still just useless work.

In Fu Jingting's eyes, Su Cheng's struggle was just the last resistance of the ants, but this resistance could not cause him any harm, it would only irritate him even more.

No, Fu Jingting closed his fingers again.

Su Cheng's appearance was even more ugly and painful, and even his vision began to blur.

He could even feel that the bones in his neck were about to be snapped by Fu Jingting, and he could hear the cracking of the bones and joints.

Is he really going to die here?

No, he is not reconciled!

However, no matter how much Su Cheng didn't want to die at the moment, how unwilling he was, he didn't have the strength to resist and struggle.

Just now, it was his last resistance.

In this way, Su Cheng struggled to break Fu Jingting's hand, and suddenly released it from Fu Jingting's hand and fell.

And Fu Jingting, still did not let him go, and continued to exert force with a ruthless expression.

At this moment, there is only one voice in his mind, that is to strangle this person.

As long as this person is strangled, the revenge of the parents will be avenged, and the grandmother's long-cherished wish can also be realized.

The more he thought about Fu Jingting's eyes, the more scarlet his eyes became, and the more force he held on his hands.

As for Su Cheng, under his force, his eyelids began to droop, and his head began to deviate to the side, as if he was about to die.

Seeing this, Assistant Zhang knew that it couldn't go on like this, so he quickly put his hand on Fu Jingting's wrist and said loudly, "Mr. Fu, stop now, Su Cheng is going to die! I know how you feel, but now we can't just kill him like this, Don't forget the merits of the master, it's not worth using for the consequences of killing this person."

Hearing this, Fu Jingting's pupils trembled slightly, and his originally cold and ruthless expression became a little warmer now.

That was the warmth that came only when I heard the grandfather's voice in Assistant Zhang's mouth.

With this temperature, Fu Jingting's rationality gradually returned to the cage. Looking at Su Cheng, who was about to be strangled by himself, he closed his eyes fiercely, and then suppressed all the killing intent in his heart. Su Cheng's neck loosened.

Su Cheng slammed and fell to the ground, his eyes were wide open, staring at the ceiling, his hands covered his aching neck, his mouth opened wide, and he greedily breathed in the air.

This was the first time he had come so close to death.

It turned out that death turned out to be such a terrible thing?

Thinking of being nearly strangled by Fu Jingting just now, Su Cheng's face turned pale, and the horror in his eyes appeared uncontrollably.

"Huh" Seeing that Fu Jingting listened to his words and let Su Cheng go, Assistant Zhang breathed a sigh of relief, then took out a handkerchief from his pocket and handed it to Fu Jingting, "Mr. Fu, wipe your hands." Fu

Jingting looked at Zhang The assistant took a look, took the handkerchief over, then wiped his hands, raised one foot, stepped on Su Cheng's chest, and crushed it hard, "Su Cheng, I really want to know, do you have love? Ever my mother?"

Su Cheng endured the severe pain in his neck and chest, slowly rolled his eyes, met Fu Jingting's condescending cold eyes, his voice was weak and hoarse, "Of course I love her."

"Do you think I believe it? Fu Jingting sneered, "If you love her, you won't hide from everyone when you're dating her, and don't give her an upright identity. If you love her,

you won't watch her get married. If you love her, you won't contact her after marriage, and make that ridiculous agreement, hang her feelings, and don't follow it properly. You love her, and you will not make an illegitimate daughter, and even exchange her things for your illegitimate daughter, so Su Cheng, what qualifications do you have to say that you love her? What are your actions? One point represents love? You are just toying with her, toying with her, humiliating her!"

After he finished speaking, he raised his head again in anger, raised his foot, and stomped on her with a slamming foot.

A click.

The crisp sound .

Assistant Zhang heard a tear and took a deep breath.

Mr. Fu's foot must have broken Su Cheng's ribs, at least two.

He looked at Su Cheng's painful expression and his bulging eyes, and tutted twice in his mouth.

However, he did not sympathize with Su Cheng at all.

This is what Sioux City deserves.

Fu Jingting moved his feet away, let go of Su Cheng, took a step back, distanced himself from Su Cheng, looked at Su Cheng who was rolling on the ground in pain, his thin lips moved slightly, and a cold and ruthless voice sounded again, "You Remember to me, everything you do can't be offset by one kick, only your life can do it, go."

Leaving these words, Fu Jingting greeted Assistant Zhang, turned around and ignored the death on the ground. The dog-like Sioux City walked towards the door of the suite.

Assistant Zhang gave Su Cheng a look, but it was a look of contempt, and then he raised his heels.

But after one step, Su Cheng grabbed his ankle.

Assistant Zhang was forced to stop, looked down at Su Cheng, who was in pain, and frowned, "Mr. Su, if you grab me, wouldn't you want me to call an ambulance for you?"

Su Cheng sighed violently in pain. Cold sweat fell from his forehead, trembling all over his body, and he said weakly, "I want you to tell him to let him think about it, whether to choose an exchange, if not, his mother will stay at that time. I will dispose of the things I've sent, so don't regret it."

“You” Assistant Zhang’s face sank, “Up to now, you still dare to threaten President Fu?”

Su Cheng didn’t answer, but smiled, revealing a sullen expression. Bloody teeth, the smile is particularly oozing.

Assistant Zhang got goosebumps. After staring at Su Cheng for a while, he lifted his foot and pulled his ankle out of Su Cheng’s hand, then turned around and quickly chased after Fu Jingting.

Showing off about quitting smoking

When chasing Fu Jingting, Fu Jingting was already in front of the elevator.

Assistant Zhang looked at the man exuding low air pressure, knowing that the man was in a bad mood at the moment, he thought about it, took out his cigarette from his pocket, shook out one and handed it over, “Mr. Fu, do you want one? ?”

Fu Jingting glanced and stood up straight, “No, I quit.”

“Ah?” Assistant Zhang froze for a moment, “Quit?”

When did this happen?

Why doesn’t he know?

Although Mr. Fu is not addicted to smoking, he occasionally smokes one or two.

I never heard that Mr. Fu quit smoking now.

Fu Jingting raised his chin slightly, with undisguised pride and pride in his tone, “For the past two days, Xiaoye Ye won’t let me smoke, saying it’s not good for my health, she cares so much about me, how can I live up to her wishes.

” Uh” Assistant Zhang twitched the corner of his mouth, “So that’s what it is, okay, then, I smoked this cigarette myself?”

After speaking, he took the cigarette back.

Fu Jingting frowned, “You are also not allowed to smoke?”

“Why?” Assistant Zhang was about to put the cigarette in his mouth when he heard this, and asked curiously, “Is it possible, Mr. Fu, you are also worried about me. Body?”

Woohoo, he was so moved.

He has been with this wicked boss for more than ten years, and this wicked boss has never cared about him, and he will leave all the dirty and tiring work to him.

I thought that he would always live under the oppression of the wicked boss.

Unexpectedly, the wicked boss finally has some kind of personality now, he is really touched.

This is all due to Miss Rong’s training.

Just when Assistant Zhang felt joyful in his heart, Fu Jingting’s next sentence was like a basin of cold water poured on him in an instant, which made him feel moved and fed the dog.

“What are you dreaming about? I will care about you as a big man?” Fu Jingting frowned and looked at Assistant Zhang with disgust, “I told you not to smoke, because I didn’t want to absorb second-hand smoke from you, and let down the young man. Ye Zi cares about me, what does it have to do with you?”

“”

Hehe.

Assistant Zhang put the cigarette back into the cigarette case with an expressionless face.

He should have thought of it long ago.

How could a wicked boss who has been with him for more than ten years suddenly become humane?

If there was a human touch, it would have been there long ago, right?

How could it be ten years later?

Really, he’s still too naive.

He actually believed that the boss of Zhou Papi would care about him, hehe, he was really touched for nothing, and he had too little consciousness.

“Remember, you are not allowed to smoke in front of me in the future, otherwise I want you to look good.” Fu Jingting warned coldly.

The corner of Assistant Zhang’s mouth twitched again, and he replied dully, “Yes.”

Only then did Fu Jingting retract his gaze in satisfaction, not looking at him.

Just at this time the elevator arrived.

Fu Jingting lifted his foot and went in.

Assistant Zhang followed closely.

After the elevator door closed, Assistant Zhang turned to look at the man beside him, and asked, “By the way, Mr. Fu, did your conversation with Su Cheng mean that Su Cheng admitted that Mr. Su’s death was caused by him? Fu

Jingting clenched his fists on both sides, and the cold air that had gotten better now filled his body again, “Yes.”

He replied a word without hesitation.

But if you listen carefully, you can hear the endless killing intent inside.

Assistant Zhang took a breath, “It really is him, I didn’t expect that he would really dare to admit it.”

Fu Jingting’s eyes were full of blood and blood, “Didn’t you hear it? With grandfather’s merits there, why would he dare not?”

Assistant Zhang was silent, and after a while, he sighed, “Suddenly I felt that the master has so many merits. It’s not a good thing, I don’t know whether this merit is used to protect the Fu family or the enemy.”

Fu Jingting lowered his eyes, “Some things are originally two-way, there are advantages and disadvantages, and the Fu family can develop. Such a big, more than half of the credits are earned by the grandfather’s credit for the country. The Fu family has enjoyed the benefits brought by the grandfather’s exploits, so they must be disciplined and not mess around.”

“Because of this, the Su Cheng caught this loophole and was arrogant.” Assistant Zhang sighed, “Sure enough, there are some things, both advantages and disadvantages.”

Fu Jingting did not speak.

Assistant Zhang looked at him and said, "Mr. Fu, you said, if the master knew that his son was killed by Su Cheng, and Su Cheng also used the merits he left behind as a protective umbrella, would the master still care about the merits he left behind? Maybe? Master will agree that you kill Su Cheng directly to avenge your husband and wife, and then use your merits to smooth out the consequences of directly killing Su Cheng?"

"Grandfather won't agree." Fu Jingting rubbed his eyebrows wearily. "I know my grandfather, he survived the war years, and he was once a hero of the founding of the country. He is jealous of evil and has clear grudges. Su Cheng killed my father. He will agree with me to seek revenge on Su Cheng, but he will not agree with me using tit for tat. He will only ask me to look for evidence, and use the law to arrest Su Cheng, otherwise you think I will really endure until now and not go to Su Cheng to find out if he was my murderer. My father's enemy? No, when I first suspected him, I would ask him clearly and kill him directly, but then I would go against my grandfather's education and his philosophy."

Otherwise, he really wouldn't have waited for twelve years, still looking for clues and evidence of his father's death, and he would have avenged him long ago.

Assistant Zhang reluctantly spread his hands, "The older generation of revolutionaries are indeed too high in character, and they are too upright and clean."

"So, I will not discredit my grandfather and let my grandfather down." Fu Jingting looked at the beating numbers of the elevator and said in a low voice.

"By the way, Mr. Fu, just now Su Cheng asked me to send you a message when we were leaving. Assistant Zhang suddenly thought of this, and then quickly said what Su Cheng asked him to convey.

After Fu Jingting heard it, his face was gloomy, "He really didn't give up, and he dared to threaten me. It

seems that the kick just now was still light.

"Mr. Fu, Su Chengming knows that if he uses his wife's things in exchange for his illegitimate daughter, you will be completely angered, and he may even kill him on the spot. I still have to do this. Maybe Su Man is really Su Cheng's daughter. The strange way of getting along between Su Cheng and Su Man is really just that Su Cheng doesn't like Su Man, but after all, Su Man is his only descendant, so He had to protect Su Man again. Assistant Zhang touched his chin and analyzed.

Then he looked at Fu Jingting and asked again, "Mr. Fu, I can see that the lady's thing that Su Cheng said is really important to the lady. Do we want to take it back?" "

Fu Jingting didn't speak. He lowered his head and didn't know what he was thinking. When

Assistant Zhang saw this, he also closed his mouth and stopped disturbing.

At the same time, Rong Shu and Lu Qi had finished their meal and called the waiter, ready to check out. Man, went to the bank and met the person in charge of the bank.

Rong Shu opened her bag, took out her mobile phone and asked, "How much? The waiter opened his notebook and looked at it, then smiled and said, "Miss Rong, you and this gentleman have already paid for the meal. Rong Shu paused when she clicked the payment code, then raised her head to look at the waiter, "What did you say? Bought it?"

"Yes?" The waiter smiled and nodded.

Rong Shu quickly turned around and looked at Lu Qi next to him, "You bought it?"

Lu Qi spread his hands, "It's not me, I didn't pay the bill, I didn't leave the box once in the whole process, how can I pay?"

Two childish men

This is true.

Rong Shu dispelled her doubts about Lu Qi, looked back, and put it back on the waiter, "Excuse me, since we didn't buy the order, who bought our order? Or, your system made a mistake, we I didn't pay, but your system shows that we paid?" The

waiter smiled and replied, "Miss Rong, there is nothing wrong with our system, your order has indeed been bought, and it was bought by your boyfriend, Mr. Fu."

"Fu Jingting?"

"Fu Jingting?"

Rong Shu and Lu Qi said in unison.

Lu Qi stood up in surprise.

The waiter nodded, "Yes, Mr. Fu bought it, and Mr. Fu also asked me to give Mr. Lu a message."

"For me?" Lu Qi pointed to his nose.

Rong Shu also turned her head and looked at him, not understanding what Fu Jingting had to say to Lu Qi.

"Yes, Mr. Lu, that's you." The waiter smiled and nodded.

The corner of Lu Qi's mouth twitched, "Okay, Mr. Fu Jingting, what do you want to bring me?" The

waiter adjusted the bow tie around his neck, and then replied with a serious face, "Mr. Fu said, you told Rong today. The meal with Miss Rong was invited by Mr. Fu, so I hope you don't be proud, don't think that going out to dinner with Miss Rong alone is a win over him, and don't show off to him later that you and Miss Rong have dinner together. He doesn't know, he knows everything he says, and he warns Mr. Lu not to look for trouble, that's all." The

waiter raised his eyes and looked at Lu Qi.

Lu Qi's face was as black as the bottom of a pot. He squeezed the chopsticks tightly with his big hands, and squeezed three words out of his teeth, "Fu, Jing, Ting!"

Is this bastard the roundworm in his stomach? ?

Can't even guess it!

Well, he admitted that he and Rong Shu went out to eat alone, and he was a little proud of himself, feeling that he was better than Fu Jingting's idea.

After all, he and Rong Shu came out to eat, and Fu Jingting didn't know.

Afterwards, he could also call and show off to Fu Jingting, deliberately angry with Fu Jingting.

But the result?

He just thought that before he could do it, Fu Jingting saw through the plan, and he directly warned him.

This is really

Lu Qi's face wrinkled fiercely, and his heart is full of anger.

This guy Fu Jingting is a dog!

Such a smart nose!

Rong Shu didn't expect that the person who bought the bill for her and Lu Qi's meal was actually Fu Jingting.

Moreover, Fu Jingting actually left such words with Aqi.

She is not an idiot, and it is impossible not to hear that Fu Jingting left such words for Aqi to declare sovereignty to Aqi.

After all, Aqi had that kind of thoughts towards her, and it was impossible for Fu Jingting not to mind.

That's why Fu Jingting knew that she and Ah Qi were out for dinner, so he would warn Ah Qi specially to let Ah Qi keep his mind and not mess around.

She understands Fu Jingting, but on the other hand, she also feels that Fu Jingting is a little too much.

After all, Lu Qi has already said to let go, and naturally he won't do anything to her. He warns Aqi like this, somewhat disrespecting Aqi.

Rong Shu rubbed his brows with some headache.

No way, Fu Jingting is her man, he did something wrong, of course she wiped his butt for him.

Thinking about it, Rong Shu put down her hand and smiled at the waiter, "Thank you for letting us know, we've got it, it's all right, you go ahead and we'll leave in a while!"

"Okay, Miss Rong." The waiter politely He bowed, then turned and walked out of the box.

There were only Rong Shu and the angry Lu Qi left in the box.

Rong Shu poured a glass of juice and handed it to Lu Qi, "I'm sorry, Aqi, I'll apologize to you on behalf of Fu Jingting, don't be angry, that guy's character is like this, knowing that I'm out for dinner with you, it's like this when you're jealous, you Don't mind, I'll apologize to you."

Lu Qi was really angry at first, but when he heard her words, he looked up at her, took the juice, his dark complexion looked a little better, and his anger was much lighter. "It's not your fault, why do you apologize to me?"

“Although I said that, I have that kind of relationship with Fu Jingting. He made a mistake, so I should take care of the aftermath, right?” Rong Shu smiled.

Lu Qi hummed, took a sip of juice, his anger had completely subsided, “Forget it, for your sake, I don’t care about Fu Jingting’s behavior, but Shushu, I remember that you didn’t put us Tell Fu Jingting about going out to eat, right?”

Rong Shu shook her head, “No, it’s not a big deal, there’s no need to report it to him.”

“That’s right.” Lu Qi snorted coldly, “You didn’t tell us when we came out to eat. He, but he knows everything clearly, including where we come to eat. What does this mean? It means that the guy is careful, possessive, lustful, and staring at you all the time. Maybe there are many people around you who are being attacked. He bought it, just used it as his eyeliner, reporting to him all the details of your affairs all day long, sigh.”

Having said that, he folded his arms and shuddered, “Ah, Fu Jingting’s perverted behavior. , I feel suffocated just by imagining it, don’t you feel tired when you are with him?”

Hmph, didn’t that fellow Fu Jingting care that he and Shu Shu came out for dinner, and that he directly declared his sovereignty and warned him?

He can also put eye drops on Fu Jingting’s servant here at Shu Shu.

What is this called?

It’s called tit for tat!

Fu Jingting didn’t make him feel better, and he also didn’t make Fu Jingting’s fellow feel better.

Rong Shu caught the sly smirk in Lu Qi’s eyes when he spoke, and naturally knew that Lu Qi said this, and he really wanted to retaliate against Fu Jingting, and couldn’t help laughing in his heart.

Two childish men!

“Okay, Fu Jingting didn’t bribe my company’s employees to look at him, and he didn’t let people stare at me all the time, reporting to him every detail of my affairs. The reason why he knew about it was probably because he asked my company’s employees. Let’s go.” Rong Shu said as she picked up the bag and straddled it on her shoulders.

She is still confident that Fu Jingting did not bribe her employees.

After all, the employees around her knew about the parts.

If Fu Jingting bought it, Fu Jingting must have known it long ago, and he wouldn't know it now.

"That's really weird." Lu Qi propped his head up and looked at Rong Shu, interrupting Rong Shu's thoughts.

Rong Shu blinked, "What's weird?"

"Of course it's Fu Jingting." Lu Qi yawned and said, "He called you, why didn't he call you directly, but also your staff?"

Rong Shu stunned for a moment.

It seems so.

But soon, Rong Shu found a reason for Fu Jingting, "I guess he called me, but there is no signal and can't get through. After all, we were blocked in the parking lot for a while."

Lu Qi rolled his eyes, "It's alright, alright."

He waved his hands speechlessly, "Sure enough, the women's college is not going to stay, you can help him talk."

Rong Shu laughed, "What's the matter, okay, let's go, as agreed with the bank president. It's almost time."

Before the business, Lu Qi was no longer holding on to Fu Jingting, after sighing, he put down the juice and stood up again, followed her out of the box, and left the hot pot restaurant.

In the car, Lu Qi looked ahead and drove the car seriously.

Rong Shu was sitting in the co-pilot, holding a mobile phone in his hand, and was typing on the mobile phone with his head down.

She was sending a message to Fu Jingting, telling Fu Jingting what happened in the hot pot restaurant just now, and telling him to stop doing this to Lu Qi in the future.

It's rude.

Rong Shu's Worries

After all, Ah Qi was her friend and her brother.

Secondly, Ah Qi is here to help.

Therefore, Fu Jingting shouldn't treat Aqi like this.

Of course, she was also at fault. She knew that Fu Jingting was careful and jealous, but she still didn't think of telling him about going out to dinner with Lu Qi so that he could prepare himself.

Fu Jingting will tell Ah Qi this time, most likely because she didn't know that she and Ah Qi were out for dinner.

Hey, I need to pay more attention in the future, I have to learn from this lesson, and say hello to him wherever I go in the end, so as not to be jealous and cause some headaches in the future.

Thinking of this, Rong Shu shook her head helplessly, and then sent out the following words.

the other side.

Fu Jingting had returned to the Fu Group at this moment. As soon as he sat down at the desk, the phone vibrated.

Fu Jingting tugged at the tie a little wearily, and when the tie was completely loosened and only hung around his neck precariously, he took the phone out of his pocket.

Seeing the news from Rong Shu, the tiredness between his brows instantly faded a lot and became more energetic.

It can be seen that Rong Shu has become a spiritual force for him.

As long as he sees her, or something related to her, he will feel extremely satisfied and energetic.

Fu Jingting's thin lips twitched slightly, and then he quickly clicked on the message sent by Kai Rong Shu to check the content.

However, after seeing Rong Shu telling him not to say those words to Lu Qi in the future, the curvature of the corners of his lips dissipated at a speed visible to the naked eye, and finally became a straight line, and his mood was obviously worse.

He clenched his phone tightly and looked at the content on the phone with gloomy eyes, his face was very bad.

Don't let him say those words to Lu Qi?

Does she care about Lu Qi so much?

At this moment, Fu Jingting remembered again that Rong Shu concealed that the parts were intercepted by Su Cheng, and instead of telling herself, she told Lu Qi, not asking herself for help, but asking Lu Qi for help.

Even if he knew why she didn't look for him, at this moment, he couldn't be relieved.

At least, with Lu Qi there for comparison, he couldn't be relieved.

She kept saying that she didn't want to rely on him and wanted to grow up by herself.

But in the end, she was willing to rely on Lu Qi!

Could it be that when she asked Lu Qi for help, she grew up on her own?

A mocking smile appeared on Fu Jingting's mouth.

As long as she doesn't look for anyone, he is still willing to accept her rhetoric that she doesn't ask him for help and solves her own growth by herself.

But, after she said these words, she still asked Lu Qi for help, which made him unacceptable.

Make him feel that in her heart, his authentic boyfriend is not as good as an outsider.

Fu Jingting closed his eyes slightly and pinched the bridge of his nose.

After a while, he opened his eyes, his face was expressionless, and the air pressure all over his body was low and scary.

Seeing this sentence, the smile on Rong Shu's face suddenly froze.

I don't know why, but when she saw the man's reply, she felt an inexplicable stun in her heart, and she had a bad feeling.

Moreover, she also saw indifference and anger from the man's words.

Is it an illusion?

Rong Shu bit her lower lip, thinking a little uneasy in her heart, so that her typing fingers were a little uncomfortable, shaking slightly, but what are you talking about? All right, why did you suddenly say let's talk? Did something happen to you?

Generally speaking, when we talk about this kind of thing, it is not easy to say it.

In the case of speaking out, it is basically a conflict between the two people, or there is some misunderstanding.

In short, under normal circumstances, she has never heard anyone say we talk.

So now, she can't help but wonder, is there any misunderstanding between her and Fu Jingting that makes him tell what we talked about?

Rong Shu rubbed the phone screen with her thumb and stared at the screen, waiting for Fu Jingting's reply.

But after waiting for several minutes, the message on the phone interface was still the one she sent, and there was no reply from the man.

This made her think that it was Fu Jingting who didn't see her news, or that she was suddenly busy with something, so she didn't reply because she didn't see it.

Or, he saw it and didn't return on purpose?

Rong Shu didn't know what kind of situation was on Fu Jingting's side now.

But judging from the sentence we talked about, she was a little biased towards the latter situation.

Fu Jingting saw her news and deliberately didn't reply.

If this is the case, then there seems to be a real misunderstanding between them.

For a while, Rong Shu's heart was in a mess, and her teeth were biting her lower lip so white that she almost broke it.

If it weren't for Lu Qi's presence at the moment, she wouldn't be able to call and ask directly, she would really call and ask directly, and she wouldn't be in the dark like this now, she doesn't know anything, she can only guess at random, The more I guess, the more panic I feel.

In the driver's seat next to him, Lu Qi Yuguang saw Rong Shu's sudden appearance, turned his head, glanced at her quickly, and asked with concern, "What's wrong?"

Rong Shu put the phone back on his chest and forced the corner of his mouth. , squeezed out a smile, "It's nothing."

“Do you think I believe it?” Lu Qi pouted, “I grew up with you, I know you better than Fu Jingting, every time something happens to you, I don’t want to say it directly, I just forced a smile, so I still can’t see that you are lying?”

“” Rong Shu lowered her head and stopped talking.

The lies have been exposed, what else can she say?

Just at the traffic light, Lu Qi stopped the car, and finally he could turn his head completely, looked at Rong Shu, and asked again, “Tell me, what happened? It was fine just now, why is it suddenly dull?”

Shu put the phone in her bag, put her hands on her cheeks, and rubbed it hard twice before replying, “It’s really nothing, but I just said a few words to Fu Jingting, and I feel like something is wrong with him. “

What’s wrong?” Lu Qi raised his eyebrows, “What’s wrong?”

“I don’t know.” Rong Shu shook her head, her eyes full of blankness, “He told me, let’s talk at night, if you know how to talk about it Usually there are conflicts or misunderstandings, but we have no misunderstandings and no conflicts, but he suddenly said to talk to me, which made me have to think more about whether our relationship is not only a mistake.”

“So that’s the case . . .” Lu Qi raised his chin, indicating that he understood, “Are you sure nothing happened between you?”

“Absolutely not.” Rong Shu nodded seriously.

When Fu Jingting went out early in the morning, he said goodbye to each other.

So how could something happen.

“That’s weird.” Lu Qi tapped the steering wheel.

“Yeah, don’t you think it’s strange that he suddenly said that?” Rong Shu seemed to have found a close friend, her eyes lit up, and she quickly agreed.

Lu Qi sighed, “Indeed, it’s generally fine, I really won’t say that we talk about such things. He said that, something should still happen, but since you have no conflicts or misunderstandings, don’t worry, it’s probably just a matter of When it comes to business affairs, after all, Tiancheng cooperates with several of Fu’s subsidiaries, maybe Fu Jingting just wants to talk to you about this, but he didn’t express it clearly, you can ask at night.”

He comforted.

Although, he was eager for Fu Jingting to break up with her, so that he would have another chance.

But even if he expected them to break up, he wouldn't take advantage of the situation and pick trouble.

Otherwise, what's the difference between that and the third?

Sudden change

Moreover, rather than expecting the person he likes to break up, he hopes that the person he likes will be happy and happy.

And it's not him, but another man who can make the person he likes happy.

Even if he hates that man very much, he is willing to say a few good things for that man.

No way, he is such a great and selfless man.

Lu Qi thought bitterly in his heart, but he had to be strong and deliberately praise himself in his heart.

Only in this way can he slightly relieve some of the bitterness and helplessness in his heart.

Rong Shu didn't know what Lu Qi was thinking. Listening to his guesses and analysis of Fu Jingting, she seemed to think that it was not impossible.

That man, Fu Jingting, has always been unstable in emotional intelligence.

Sometimes it's high, sometimes it's ridiculously low.

Maybe she was really overthinking it.

Thinking of this, Rong Shu temporarily put her heart back in her stomach and smiled at

Lu Lu, "Thank you for your comfort, I'm in a better mood now." "That's good." "Of course, it's best if there is nothing between you and Fu Jingting. If something happens, don't hide your grievances from yourself. As long as he bullies you and treats you badly,

you must tell me, even if you fight me. If you don't want this life, I will help you get justice."

When he said this, he looked very firm and serious.

Rong Shu's nose was slightly sour, and her heart was full of emotion, "Okay, thank you, Qi."

"Thank you." After the red light passed, Lu Qi withdrew his gaze, restarted the car, and looked at the road ahead while driving. Said, "You treat my parents as the second pair of parents, then naturally, I am your brother. As your brother, of course, I have to protect you at all times and think about you. This is also my responsibility, so you don't have to thank you. Me, this is what I should do for you."

No one knew how painful his heart was when he admitted that he was her brother.

If so, who wants to be the elder brother of someone he likes?

But he can only be her brother.

Only the identity of the elder brother can make him closer to her and not be excluded.

Rong Shu didn't see the loneliness and sigh in Lu Qi's eyes when he stared at the road ahead. He was only moved by his words, and his eyes turned slightly red, "I am very happy to have a brother like you."

"Well, that's good, just be happy." Lu Tou.

Yes, didn't he just want her to be happy when he let go?

So as long as she is happy, what about him being a brother?

His original intention is still realized.

Protecting her as a brother, he should be content.

During the conversation, the place agreed with the bank president arrived, which was a hotel box.

When Rong Shu and Lu Qi were led by the waiter to the box, the manager was already sitting and waiting inside, and ordered drinks.

Rong Shu and Lu Qi were both stunned when they saw the president. Obviously, neither of them expected the president to arrive before them.

They thought they were the first to arrive.

Unexpectedly, the president arrived before them now, which made Rong Shu feel a little embarrassed.

After all, she was begging others, but she was begged to arrive before her begger.

What does this make the other party think?

Will the other party feel that, as a seeker, he clearly has something to ask for, but he doesn't pay attention to the other party, and he doesn't take the other party seriously, and he actually arrives later than the other party.

Thinking about it, Rong Shu just had a headache. After rubbing her temples, she quickly stepped forward, walked to the manager, and bowed, "I'm sorry, Manager Li, we're late, there's a traffic jam on the road, so you've been waiting for a long time. I'm really sorry, I didn't expect you to come so soon."

Lu Qi walked up to her and apologized, "Yeah, Mr. Li, I'm really sorry, but please forgive me."

If the other party was late because they were late, they would not lend them money.

Then they really want to cry.

Mr. Li looked at the two people who were a little nervous, put down the red wine in his hand, and smiled pleasantly, "You two, don't be like this, I've only just arrived, mainly because it's closer to my head office, and I just happened to be here. The head office was busy with work, and just had nothing to do, so I came here to order something and drink, and take a rest and wait for your arrival, and you are not late, there are still ten minutes before our scheduled time, so two There's no need to apologize to me."

Hearing President Li's words, Rong Shu and Lu Qi looked at each other, and both breathed a sigh of relief.

Although they also knew they were not late.

But one side came first, and that side was the one they wanted.

In case that party doesn't care whether the time is up or not, it just thinks that he is there, and they are late if they are not there, then they can't refute it if they want.

After all, who made them ask for anything.

Fortunately, this President Li is not the unreasonable person they thought. It seems that he can talk more easily, and he is also a man with a smile. It is estimated that it is not difficult to get along.

Rong Shu let out a sigh of relief, straightened up, pulled out the chair opposite Chairman Li and sat down.

Lu Qi stood beside her and poured wine for President Li and Rong Shu as well as himself, just like an assistant.

After all, he came here this time, originally to be a temporary assistant to Rong Shu.

“President Li, the reason why I invited you. I already told you on the phone. This is the architectural plan of my Rong family villa, as well as the villa and the land property rights. You can take a look at it.” Rong Shu smiled. As he spoke, he opened the briefcase he brought, took out a stack of documents, and handed it to the person on the opposite side with both hands.

The person on the opposite side took it, put it in front of him, opened it and looked at it.

Rong Shu and Lu saw that he was watching seriously, so they all quieted down so as not to disturb him.

For a time, in the huge box, there was only the sound of paper flipping from Mr. Li when he was looking at the documents. Apart from that, there was nothing else.

There is a lot of information, so the process of viewing is naturally very long.

After half an hour, Mr. Li closed the folder in his hand, put his hand on the folder, raised his head and smiled at Rong Shu, “Miss Rong, I have almost finished reading the information, there is no problem.”

Rong Shu clasped his hands together, and also laughed, “Since there is no problem, then Mr. Li, my mortgage is okay, right? Then the mortgage funds I needed on the phone before, is it also?”

Mr. Li suddenly raised his hand and interrupted her, “Funding aside, before that, I want to confirm some things with you, Miss Rong.”

“Confirm some things with me?” The smile on Rong Shu’s face froze, and her heart became inexplicably uneasy.

Can you be apprehensive?

I thought the other party said that the information is fine.

Then the mortgage she wanted to do should naturally come naturally.

However, when the other party was about to succeed, he suddenly put the topic down and put it aside for the time being, and instead wanted to ask her about other things.

How could she not be nervous, and even began to worry about her mortgage this time, is it going to be rejected?

Lu Qi, who was on the side, did not expect that something that was going to be successful, but such a change occurred, and his brows couldn't help frowning. He wanted to ask the person on the opposite side, what did he mean?

Seeing that Lu Qi was about to stand up unhappy, Rong Shu's expression changed, and she hurriedly pulled Lu Qi's sleeve under the table.

Lu Qi turned his head to look at her.

Rong Shu shook his head at him, telling him not to be impulsive, so as not to make things bad.

cruel reality

After all, they are asking for others, even if the other party has the feeling that they are deliberately playing tricks on them, they have to be patient at this moment.

Otherwise, the other party would get angry and walk away without borrowing, and they would have come in vain.

Now Tiansheng is in urgent need of money.

Lu Qi received the meaning in Rong Shu's eyes, and immediately woke up from his anger. After taking a deep breath, he calmed down again and nodded, indicating that he would not be impulsive.

Upon seeing this, Rong Shu loosened his sleeves, and then asked with a smile to President Li opposite, "President Li, I want to know, is the thing you want to be sure about, is it related to my loan?"

"Yes, no. "President Li shook his head and nodded.

Rong Shu frowned suspiciously, "What does this mean?"

President Li took a sip of the red wine in front of him, and then answered slowly, "The loan that Miss Rong needs is 200 million."

He raised two fingers, "This is not a small sum. On our head office, we also need to obtain funds from the following branches so that we can collect it for Miss Rong in a short period of time. The most important thing is, Miss Rong, you are a dead loan, not a living loan. , the villa and the homestead of the villa, you will not necessarily redeem it later, so the villa and the homestead together are worth 200 million, but because it is a dead loan, we will charge you The interest is much less, and there is no profit. In short, this transaction is an unprofitable business for our bank."

Rong Shu nodded slightly, "So what do you mean?"

"I need an excuse, To prove my business, even if it doesn't make a profit, it will not lose money, otherwise I really can't approve this loan, otherwise the director of the bank will pursue it, and I can't bear the responsibility." President Li sighed and said. .

Rong Shu hummed, "That's true, but what kind of excuse do you want to make sure this deal doesn't lose money?"

"It's very simple, I just need to get some affirmative answers from you." President Li smiled at her.

Rong Shu suddenly said, "Okay, please ask."

President Li took a sip of wine and said, "Miss Rong is refreshing, that's fine, then I'll ask, Miss Rong needs such a large amount of money, why didn't you ask President Fu for help? , but to our bank instead?" Rong Shu pursed her red lips at

this question . Lu Qi on the side couldn't help it, and asked back, "President Li, does this question have any necessary relationship with our loan?" This question happened to be what Rong Shu wanted to know. Since being asked by Lu Qi, Rong Shu looked directly at President Li, waiting for his answer. President Li smiled, "Of course there is, because now everyone knows about the relationship between Miss Rong and President Fu, but at this moment, Miss Rong has come to our bank to borrow money over President Fu, which makes us have to think more. Is there something wrong with the relationship between President Fu? Say something that Miss Rong doesn't want to hear. The current Tiansheng Group, to be honest, is not qualified to borrow hundreds of millions of funds from our bank. First of all, Tiansheng is no longer a listed company. , Secondly, Tiansheng has internal and external troubles, and the inflow and outflow funds are unstable. How can such a company dare to lend with confidence? Tens of millions may be no problem, but hundreds of millions must hold a board meeting, and it may not be passed, Miss Rong Do you understand?" Rong Shu's face was a little pale, obviously the blunt words that were thrown away still hit her. She also knew that her Tiancheng was in a very embarrassing position. But I know it's one thing, and when others say it in public, the embarrassment in my heart can be imagined. Rong Shu bit her lower lip, and the expression on her face became extremely reluctant. Lu Qi's face became even darker, "President Li, I probably understand what you mean, you mean, if the relationship between Shu Shu and Fu Jingting changes, this loan will not be approved

today, right? ?” Rong Shu clenched her palms and looked at President Li. President Li nodded, “Mr. Lu is right.”

Rong Shu’s eyes widened a little excitedly, “Why? President Li, I don’t understand. What’s wrong with my relationship with Fu Jingting when I borrowed money, and can it still affect my loan?”

She said that she couldn’t figure it out.

President Li looked at Rong Shu, who was somewhat unacceptable, and pressed his hand, “Miss Rong, don’t get excited, calm down first, as I said just now, Tiancheng doesn’t have the capital to borrow hundreds of millions of dollars, and Miss Rong What you need is 200 million. Do you think that if you don’t have a relationship with Mr. Fu behind you, will our bank agree to meet and discuss with you in detail? Not to mention our bank, all banks will not, they will only receive you As soon as the call explained the purpose of the call, I found a reason to reject you.”

“” Rong Shu’s red lips moved, and she was speechless.

She couldn’t refute this.

Indeed, Tian Sheng was not qualified to borrow such a large sum of money, so the bank would naturally reject her from the beginning, instead of agreeing to meet and discuss with her in detail.

At that time, she patronized the bank and agreed to the interview and was happy. She never thought about why the bank didn’t think about it, and agreed to the interview so quickly.

If only she had thought of this detail at the time.

Maybe the current situation will not be so embarrassing, right?

In short, she is now in a state of embarrassment.

When he came, he was in high spirits and felt that he would be able to successfully borrow a loan and solve Tiansheng’s current predicament.

But now the reality hit her hard, telling her that things didn’t go as smoothly as she imagined, and the reason she wanted to rely on her own chance to discuss in detail was actually because of Fu Jingting in the end.

It’s funny to say, she has always advertised that she can solve things without relying on Fu Jingting.

But now?

The fact told her that she didn't want to rely on Fu Jingting, she had to rely on it.

Because many people are willing to contact her because of Fu Jingting's face.

Otherwise, she has no chance to connect and touch each other.

It's ironic.

Not to mention how upset Rong Shu was at the moment, even Lu Qi had nothing to say at the moment.

Because beforehand, he didn't think about it either.

He was also someone who knew that Rong Shu didn't want to rely on Fu Jingting to do something.

So at this moment, he also knew exactly how Rong Shu would feel after knowing the truth.

Lu Qi turned his head to look at Rong Shu, his eyes showed worry, his mouth moved, and he seemed to want to say something to comfort her.

But when the words came to his mouth, he couldn't get out.

She really didn't know what to say. Speaking of Fu Jingting, she probably felt even more uncomfortable.

Don't mention it, don't say it.

Hey

what is this called!

Lu Qi rubbed his brows and felt irritable.

On the opposite side, President Li took a sip of wine and didn't know what Rong Shu was thinking, but seeing that she was in a bad mood, he could roughly guess what.

Rong Shu didn't ask Fu Jingting for money, which means that Rong Shu definitely didn't tell Fu Jingting about coming to him, and he decided to come.

When he came, he was still in high spirits and full of self-confidence, but after listening to what he just said, the whole person was sluggish.

He guessed that Rong Shu thought he came because of her invitation, not because of Fu Jingting.

Now I know that he came to meet and talk with her because of Fu Jingting, so he was in a bad mood.

After all, he has seen a lot of young managers in some companies, and he knows their thoughts, and they all want to do something with their own abilities.

As a result, I learned later that I did not accomplish anything, but did it through interpersonal relationships. Naturally, there is no need to say more about the gap in my heart.

He understood that when he was young, he was not the bank manager, but also a small clerk. He wanted to use his own strength to win a deposit, but the deposit was won, and before he had time to be happy, the other party told him that the deposit he had drawn was because of seeing it was only given to him in the face of the senior behind him.

Naturally, his mood would not be much better.

Rong Shu now is just like when he was young.

The reason for Rong Shu

It also made him feel a little more sympathetic.

Thinking about it, Mr. Li looked at Rong Shu, and his expression became much kinder, which made him look like a kind elder instead of a party B who came to discuss business.

“Miss Rong, don’t feel sad. This is a very real problem. You can’t go very far alone without ability, interpersonal relationships, or support. I hope you can understand.” President Li comforted.

Rong Shu knew that President Li said these words for her own good, but she still couldn’t accept it.

This is like his own efforts all the time, as if it were a joke.

Obviously you have worked hard and struggled, but what others see is not your efforts, but the power behind you.

Your so-called effort, in front of this power, seems so pale and powerless, it is not worth mentioning.

“Shu Shu.” Lu Qi looked at Rong Shu’s clenched lower lip and her slightly pale face, and became even more worried.

At the same time, there is some self-blame in my heart.

It’s all his fault, his ability is not as strong as Fu Jingting’s, he can’t expand the territory like Fu Jingting, but he can only be a defender, so he has not been able to bring the Lu family to a new height.

Otherwise, if she has any difficulties, he can easily help her solve it, instead of falling into a situation where she is not embarrassed or embarrassed like now.

“I’m fine, don’t worry.” Rong Shu understood the meaning in Lu Qi’s eyes and squeezed a smile at him, saying that she was fine.

But how could Lu Qi not see it, she was forcing a smile, forcing herself to say that she was fine, she couldn’t be sure how sad she was.

But he didn’t open his mouth to comfort her.

Taking a breath, Rong Shu reluctantly calmed down her mind, looked at President Li on the opposite side, and smiled, “President Li, thank you for your guidance, indeed, I’m still very sad to hear you say that, I always thought, You promised to come to meet me because of my own reasons, not because of other people, and now you tell me that it is not because of my reasons, but because of my boyfriend, I am not qualified to talk to You meet, to be honest, the gap in my heart is really big.”

“I’m sorry.” President Li still apologized.

Rong Shu waved her hands again and again, “No, no, no, you don’t need to apologize to me, you just told the truth, and I should also thank you, your words awakened me and made me understand that I am far from being strong enough. , is far from qualified, let everyone look at me high, I want to thank you here, I will toast you.” After

she finished speaking, she stood up with her red wine.

At first, when she heard that the bank agreed to meet her, she was really happy. She really felt that the bank was willing to meet and talk because of her.

For this reason, she was really complacent. She felt that she was really good now, and she could basically succeed in whatever she wanted to do. She never thought about whether it was she who was really good, or whether others saw Fu Jingting behind her. The reason?

So now Chairman Li's words reminded her that she is not that powerful. The reason why she can basically succeed in anything she does is actually because of someone behind her, not because of herself.

Even many people give her a good attitude because of the people behind her, not to give her face.

After all, in the eyes of these people, if there is no Fu Jingting behind her, she is just a little ant, far from being qualified to make them happy, and they will see each other when they see her.

It was President Li's words that woke her up and let her see the essence of what happened today.

Otherwise, she may continue to be blindfolded. She feels that everything went smoothly, and it is really her own reason. In the end, she becomes more and more blindly confident, and even floats directly. That is the real horror.

After all, a conceited person cannot accept things that are different from their own ideas.

If she really becomes conceited because of her blind confidence in the future, once she learns that her success is not because of her own reasons, but because of Fu Jingting, at that time, her body and mind will collapse, and she will do some extreme things.

There is no need to say more about how terrible it is to encounter conceited people by chance.

Fortunately, it was really fortunate that President Li appeared at this time, woke her up, let her understand her weakness, and her so-called success was an illusion.

In this way, I can better face myself and prevent myself from becoming a conceited person in the future.

So how could she not thank Mr. Li like this?

Mr. Li could see that Rong Shu's thanks were sincere, not just words. He felt better about her in his heart, and his smile became more kind and amiable. He picked up his glass and accepted her toast." Miss Rong is being polite. In fact, you don't need to thank me. I said this for my own performance."

"I know." Rong Shu took a sip of wine and replied with a smile, "You are for performance, but the same, It also woke me up, so my thanks don't conflict."

President Li laughed twice, "In that case, I will accept Miss Rong's thanks."

"Of course." Rong Shu smiled nod.

Lu Qi on the side looked at her with a natural smile, and she didn't feel the same depression at all, and he was somewhat relieved. Then he picked up the red wine bottle and filled her and Li Xingchang with wine.

After President Li thanked Lu Qi, he looked at Rong Shu and said, "Miss Rong, you haven't answered me yet, why do you want to borrow money from our bank instead of Mr. Fu?"

Lu Qi sat back on the chair after pouring his drink. , and also looked at Rong Shu, wondering how she would answer.

Answer truthfully, or find other reasons?

Rong Shu turned the wine glass in his hand and didn't reply immediately.

Instead, after being silent for a while, he said, "Actually, the reason is quite simple. I just don't want to rely on him." " Oh

?" President Li raised his eyebrows, "Don't want to rely on President Fu? " ?" President Li sat up straight, "Could it be that you and Mr. Fu plan to go to the last step?" "Of course not." Rong Shu shook her head, "I told him, as long as our relationship doesn't change, The remarriage will definitely be reinstated, but it's not just now." "Since it's the last step, what does Miss Rong mean by not relying on Mr. Fu?" Mr. Li shook the glass, "Sir Fu is your lover. , is also your future husband, isn't it normal for you to rely on him?" Rong Shu rubbed the wine glass, looked at the bright red liquid in the quilt, with a slight curvature at the corners of her mouth, "President Li also knows that I manage a Enterprise, if I am alone, or I am a dodder, then I will rely on him, naturally there is no problem, and I have no psychological burden, but I don't want to be that dodder, I want to support Tiancheng , I want Tiancheng to return to the situation in my hands, so I can't rely on him, and I don't want to hear that every time the outside world mentions Tiancheng, the first thing that comes to mind is not my ability, but that I am Fu Jingting's woman. I rely on Fu Jingting to support Tiancheng, and for me, I can't accept it." "I see." President Li nodded, "I understand your difficulty, Miss Rong, indeed, no matter what industry, for women In terms of constraints and ideas, there are always more than men, so women pay far more than men in many places."

Lu Qi's Exhortation

Rong Shu nodded again and again, agreeing with President Li's remarks.

"I just don't want others to look down on me, and I don't want people to say that I can't do anything and can only do things with men, but"

Rong Shu held her forehead with a wry smile on her face, "but now I realize that I seem to have been I'm all relying on Fu Jingting, and I don't have many things done by myself, which is ironic."

"Don't say that." Lu Qi patted her on the shoulder, not wanting to see her doubting her decadent appearance.

President Li took the order, "Miss Rong is still a little too sharp."

"What?" Rong Shu paused with her hand on her head, then looked at him with her head upright, "President Li, what do you mean by that?"

"I Ask Miss Rong, how long have you been in charge of Tiancheng?" President Li raised his hand and interrupted her.

Rong Shu didn't know why he suddenly asked this, but without hesitation, she answered directly, "It's been almost half a year."

"Has Miss Rong studied management before managing Tiancheng?" President Li asked again.

Rong Shu shook her head, "Of course not, my hobby was not in business management since I was a child, and my father also respected my hobbies and did not force me to inherit the company when I grew up. Even when I was a teenager, I decided to find a career in management. Man, after he retires, let the professional manager manage Tiansheng, so that I can pursue my hobbies without being tied to the company, but unfortunately, I haven't found a suitable professional manager yet, my father will just"

her face floated . There was a bit of sadness, and he didn't say anything after that.

President Li touched his chin, "So Miss Rong manages Tiancheng just to catch the ducks on the shelves and take over in a hurry. Before that, she didn't learn any management?"

"Yes." Rong Shu hummed, "said Get up, don't be afraid of your jokes, Mr. Li. I'm managing the company now, and I basically do my own research. Ah Qi and Fu Jingting have taught me, but they also have their own jobs, and they may teach me often, so many times, I'm blind. , fortunately, I still supported Tiancheng, and did not let Tiancheng go bankrupt in my hands."

"That Miss Rong is still very good, a novice, even if he can't bring Tian Sheng back to his peak temporarily, he can still stabilize Tian Sheng. This is already very remarkable, so I said, Miss Rong, you are on the cusp of a bull's-eye. You just think about not

relying on Mr. Fu, you don't want the outside world to look down on you, and you think that you rely on men to support Tiancheng, but have you ever thought that you are just a fledgling newcomer, not someone who has been exposed to business management since childhood What about the old man?" President Li looked at Rong Shu.

Rong Shu was stunned.

Lu Qi also blinked, "Mr. Li, if you have something to say, please tell me directly. You are so rude, it really tickles our hearts."

Rong Shu nodded.

President Li laughed, "Okay, since you said so, then I won't give a shit, Miss Rong, I mean, you are just a newcomer who has just started to manage the company, not an old man who has learned business management since childhood, so you There is absolutely no need to burden yourself. You can rely on President Fu without any pressure and seek help from President Fu. Just because you are a newcomer, the outside world will not think that it is wrong for you to rely on President Fu. On the contrary, you are an old man. If you rely on Mr. Fu, the outside world will criticize you and think you are incompetent. In fact, shopping malls are very tolerant to newcomers, but you just didn't understand Ms. Rong. You thought shopping malls were cruel from the beginning. , so that you can't see the other side of the shopping mall, that's why I said that you are on the cusp of a bull's horn."

"This" After hearing what Chairman Li said, Rong Shu was stunned, and suddenly fell into a kind of confusion.

Obviously, President Li's remarks made her think a lot.

Because she had never thought about the direction that President Li said.

"So President Li, you want to tell me that I can rely on Fu Jingting, and I don't need to think that I am a dodder, and I don't need to care about other people's thoughts and eyes, right?" Rong Shu bit her lips and looked at President Li.

President Li nodded, "Yes, I said, you are a newcomer in the mall, and the mall is still very tolerant, and will not make irresponsible remarks just because a newcomer relies on the power behind it, because every newcomer comes here like this. Before inheriting the company, there will be people behind them to rely on, so I said, Miss Rong, you can rely on President Fu."

Rong Shu's red lips moved, just as she was about to say something, Lu Qi suddenly stood next to President Li. Here, "shushu, I think what President Li said is right, Fu Jingting is your lover, and you are going to get married in the future, so you can really rely on him and ask him to help, don't think that relying on him to solve things means you are incompetent. Performance, because you are a newcomer, you are still growing,

you are still weak, and your power is not strong enough, so you can't solve many things, and if you can't solve it, naturally you have to rely on others for help. We came to President Li, not just to find Did President Li help? Since you are even willing to look for President Li, why not look for Fu Jingting? He is the person you have the closest relationship with, and if you ask him for help, there is no need to pay for it.”

He didn't like Fu Jingting and didn't want to help Fu Jingting. say.

But now I have to admit that Fu Jingting is the one who can help Shu Shu the most.

So he doesn't mind helping Fu Jingting and beautifying Fu Jingting.

Rong Shu looked at President Li and then at Lu Qi.

President Li is an outsider, so she can say these things, she is not surprised.

But when Ah Qi said this, she had no choice but to care.

Could it be that in the past she was maverick and insisted on her own idea of solving things , was it wrong?

Seeing to see Rong Shu's thoughts, Lu Qi patted her on the shoulder again, “Of course you are right, but the premise is that you are still a newcomer. If you are an old man with experience in shopping malls, and you insist on solving things by yourself, then It's absolutely right, if you are an old man, and instead think about relying on others all the time, that will make people look down on it, but if you are a newcomer, you can rely on others. This is what every industry treats newcomers. Tolerance, and I've been in the mall for so long that I forgot about it.”

Having said that, Lu Qi couldn't help but patted his forehead.

Seeing this, Rong Shu smiled and said, “You also think that I should rely on Fu Jingting?”

“No, but now you must rely on others, because your ability is not strong at present, you can only rely on others to keep yourself in the Grow up in a short period of time, if you let yourself grow slowly, how long will it take you to think? And have you thought that Tiansheng has that time for you to grow slowly? I don't think so, Tiansheng needs to develop as soon as possible , it means that the work in the future will be high-intensity. For a newcomer like you, high-intensity work will only make you more blind, and you don't rely on others. You don't even know how to deal with it. You can only rely on others. , you will not get lost in the future development and make wrong decisions.”

When he said this, Lu Qi's expression was serious and serious.

“Shu Shu, relying on Fu Jingting to solve some things is not a shameful act, nor does it make you lower his head in your relationship with Fu Jingting, nor does it make you feel that you will lose the ability to solve things, you can let Fu Jingting again. When helping, take a good look at and observe his methods and methods to solve things, learn from these, accumulate experience, and regard Fu Jingting as your own mentor. After all, Fu Jingting’s position in the market is unique. With him teaching you, you will grow up faster.”

This Time, I Will Get My Divorce Chapter 1016

The heart is loose

The mall has a tolerant side, but also has a cruel side.

If a person wanders in a shopping mall alone, without anyone to escort him, sooner or later, he will be eaten by the wolves in the shopping mall without leaving his skin.

Lu Qi said seriously, Rong Shu bit her lip and looked at him.

After a while, she said in a somewhat uncertain voice, “Do you really think that I should rely on him?”

“I don’t think so.” Lu Qi shrugged, “It’s because you have this resource, why not use it? I know you No, it’s just that you feel that you are not capable and that you need to rely on others to make things happen. You can’t accept it in your heart, and you feel that you will be inferior to Fu Jingting. In this relationship with Fu Jingting, you are in an unequal state, so you resist relying on Fu Jingting and let it go. Fu Jingting help.”

Rong Shu was silent.

Indeed, this was the biggest knot in her heart that she didn’t want to rely on Fu Jingting.

In her opinion, in this world, the only person who can be trusted is herself, and others can only help her for a while, but not her whole life.

If she is now relying on Fu Jingting wholeheartedly, what should she do if one day they separate, or if Fu Jingting bothers her to ask for help from time to time and is unwilling to help?

People who are accustomed to relying on others will gradually lose their ability to handle things by themselves. She didn’t want to be like that, so she was very resistant to what happened. First of all, she thought of Fu Jingting and asked Fu Jingting to help.

Similarly, there is another reason, that is, she really doesn't want to hear that every time the outside world mentions Tiancheng, mentions her, and says that she is Fu Jingting's woman, not Tiancheng's chairman.

In this way, she always felt that she was like an accessory of Fu Jingting. In the eyes of others, she was always tied to Fu Jingting, not an independent person.

When others mention her, they will always think of Fu Jingting first, not her.

Secondly, every time she asks Fu Jingting to help her, she will feel somewhat uncomfortable. She will really feel that she is useless.

So these various reasons add up, how can she be willing to go to Fu Jingting for help?

She wants to be a person as strong as Fu Jingting, who can stand by his side with confidence. When others see it, the first thing that comes to their mind is that she is the chairman of Tiancheng Group. Returning to a new height, she is a genius no worse than Fu Jingting. She and Fu Jingting stand together, it is just a match made in heaven.

Instead of others seeing her, just say you are Fu Jingting's lover, then ignore her other identities, and hide all her brilliance under the title of Fu Jingting's lover.

That's not what she wanted!

Looking at Rong Shu's frowning frown, Lu Qi knew what she was thinking at the moment.

After all, they grew up together, and he was the one who knew her best.

He can even say confidently that he knows her better than Fu Jingting.

"Sometimes, you are still too strong." Lu Qi sighed, "Too strong is not a good thing, it will suffer. You don't want to rely on others, this is a good thing and a good consciousness, but you always I didn't expect that you are just a newcomer, you don't rely on what you can rely on, but rely on yourself, how to solve some things? If you force yourself, it will even make things worse, have you ever thought about it?"

Rong Shu pupil Trembling, choking, speechless.

Because she really didn't think about it.

She wholeheartedly believed that as long as she worked hard and persevered, she would be able to solve everything.

I have completely forgotten that this is a shopping mall, and many things can be done by not working hard and persevering on your own. Behind this, you need connections, relationships, and rights.

And this, she has almost none.

So, what's the point of solving everything?

Others wouldn't give her a chance because she was Rong Hao's daughter.

After all, Rong Hao has been dead for so many years, and the relationship in the past has long since faded away.

Just like this time, if President Li was not for Fu Jingting's sake behind her, he would never agree to come out to meet her, then her so-called wanting to borrow money to solve the parts incident was just a dream, and then Tiancheng was waiting for her. Bankruptcy, thousands of employees lost their jobs, and she even has hundreds of millions of debts on her back.

Think about it, it's scary.

Rong Shu couldn't help shivering.

"Perhaps, my thoughts are really too idealistic and naive." Rong Shu looked up at Lu Qi and President Li, and said with a wry smile.

Lu Qi added wine to her, "No, your thinking is not ideal, nor naive, you just didn't consider that you are just a baby just walking in the shopping mall, and you don't have the ability to solve your own problems independently. The ability to solve all problems, so you need to rely on the strength of others, and it is not shameful to rely on the strength of others, again, don't feel a psychological burden, just lower Fu Jingting, just that guy Fu Jingting, I am afraid he is eager for you Relying on him all the time."

After speaking, he curled his lips uncomfortable, "Also, Shushu, have you ever thought that if you don't want to rely on Fu Jingting for anything, is Fu Jingting happy or sad? I'm sure I won't be happy. If it was me, my girlfriend wouldn't think of asking me to help me with anything. I'm definitely not happy, thinking that my girlfriend doesn't love me and doesn't care about me. Otherwise, why would something happen, I would rather find someone else than me?"

Rong Shu's red lips parted, "I didn't think about it so much."

"So, you ignored Fu Jingting's feelings." Lu Qi spread his hands, "I hate Fu Jingting's people so much, I can't help talking to him right now, it can be seen that what you are doing is really wrong, and there is another question, Shu. Shu, have you ever thought about it? Maybe Fu Jingting has always felt guilty for those six years, and always

wanted to find a chance to make up for you, but you didn't let him do anything, he couldn't find a chance to make up for you, and he felt even more depressed. Are you uncomfortable? In fact, you can quite calmly ask him to help. In this way, your matter is resolved, and he will make up for you, isn't it good?"

Rong Shu shook her head, "In the past six years, he He made up for me, he saved me so many times, and it paid off, even far beyond."

"This is different." Lu Qi looked at her with deep eyes, "Fu Jingting saved you because he loved you, You can do anything for you, even give up your life. With him, he doesn't think that he saved you several times, just to make up for the hurt you did in the past. The two cannot be counted together. I am a man, I understand Fu Jingting's thoughts."

"Is that so?" Rong Shu lowered her eyes and whispered.

She still hadn't thought about this.

Lu Qi nodded with certainty, "Yes, otherwise you can talk to Fu Jingting. In short, I say this because I hope you don't use your heart to be burdened. You should rely on it. You already need to rely on it to complete some things. How many people can you rely on? Besides me and Li Chuan, who else? And I know you, and you definitely don't want to rely on us all the time. Let us help you. In this case, you always need to find a supporter now, so why can't it be What about Fu Jingting? At least Fu Jingting's relationship with you is there, and if you have to rely on a person, but don't consider him, what will he think? At that time, your relationship will have problems sooner or later. "

I finally figured it out

Rong Shu's pupils shrank suddenly, and the hand holding the goblet could not help but tighten slightly.

Lu Qi's remarks completely made her realize what kind of consequences she has always been arbitrary.

She has always only thought about relying on herself and not on others, so she never thought about what Fu Jingting would think behind this.

Now that Lu Qi said it, she realized that her thoughts were indeed unfair to Fu Jingting.

Indeed, as I am now, many things cannot be resolved unilaterally by myself, and I have already asked for help. This time it is President Li, who will be next time?

If Lu Qi didn't say these words this time, the next time something happened, the person she would ask for help would still not be Fu Jingting.

Can Fu Jingting endure it once or twice, or many times?

Every time he skips him and asks for help, it really makes him think more.

Even if it is me, if I think about Fu Jingting's problems, I don't tell myself, but tell others, I will feel uncomfortable.

Therefore, she did not think carefully in this regard, and she felt sorry for Fu Jingting.

And what Ah Qi said is also quite right. Since he has to ask others for help anyway, why not ask Fu Jingting for help?

At least find Fu Jingting, Fu Jingting will not refuse her, let alone cheat her when certain interests are involved, and even consider her wholeheartedly, teach her the experience of surviving in the shopping mall, and at the same time will not have any feelings for them. what impact.

So what is she doing during this period?

Rong Shu held her forehead, rubbed her temples, turned her head to look at Lu Qi, and thanked Lu Qi sincerely, "Aqi, thank you for reminding me of this, if it wasn't for you and President Li, there might be many things that I would never have thought of. In the end, there is a conflict or misunderstanding between Fu Jingting and I, and I won't even know where I am wrong."

Lu Qiu figured it out and smiled with relief.

But in my heart, I can't tell the bitterness and self-deprecation.

When he said this, he undoubtedly pushed her and Fu Jingting closer and tied them together completely.

After all, she is the one he loves, how could he feel better when he personally pushed the one he loved into the arms of another man.

But as long as she is happy.

As long as she is happy, he can bear it alone and lick her wounds alone.

Lu Qi raised his head and drank the wine in the glass.

Rong Shu didn't pay too much attention to what Lu Qi was doing at the moment. She also took a sip of wine and looked at Chairman Li, "Mr. Li, do you have any other questions?"

The first question was to ask her why she was having difficulties, no Looking for Fu Jingting, he went to their bank instead.

She has already answered this question.

So naturally, it's time to move on to the next step.

President Li nodded with a smile, "The last question, I want to know, there is no problem with the relationship between Miss Rong and President Fu, right?"

Rong Shu shook her head, "Of course not, at least I don't feel the relationship between us, where is it? No."

"That's good." President Li put down the glass and reopened the folder in front of him, "Since there is no problem with the relationship between Miss Rong and President Fu, our bank has agreed to this loan, so don't be surprised by Miss Rong, after all Tiansheng's current market situation, there is really no way for our bank to relax the loan. Now that you have no problem with President Fu, it means that you have President Fu as a guarantee behind you. With President Fu behind you, it means that Tiansheng will not It will go bankrupt completely, and there is always a glimmer of hope. If the loan can be repaid within the specified time, then our bank can lend with confidence."

"So it is." Rong Shu nodded, and now she finally understood why President Li was lending. Before, she had to be concerned about her relationship with Fu Jingting, and she had to persuade her to seek Fu Jingting's help as much as possible.

It turned out that she wanted to take Fu Jingting as her guarantee.

Also, if the bank didn't have a guarantee enough to reassure them, how could they possibly lend to her.

In case Tiancheng collapsed on her own, and she still hadn't paid the money, President Li wouldn't be able to explain it to the bank.

This way is really deep.

Beside him, Lu Qi also understood what President Li meant, but he didn't think there was anything wrong with President Li's routine with Rong Shu.

After all, everyone is in a different position, so you have to think about yourself.

There is nothing wrong with Mr. Li's approach.

Didn't he also want to be good for Rong Shu, so he persuaded her to accept Fu Jingting's help?

"Shu Shu, do you repay this loan?" Lu Qi looked at Rong Shu and asked, "Or, you still don't want to ask Fu Jingting for help?"

Rong Shu shook her head and nodded again, "Of course I have to take a loan, this time I can use the loan to tide over the difficulties, I will not look for Fu Jingting. If something happens in the future, I will consider asking him for help. Although I say that, this time the loan can be regarded as his indirect help, otherwise it will not be so easy. Speaking of

this, she gave a wry smile and continued, "Although I have figured it out now, I can't do many things, and I am so naive that I can solve it by myself. I am also willing to let him go and ask him for help in the future, try to rely more on it. Just look at him, but I always have a lump in my heart, I feel that I have been relying on him, I have a feeling that I owe him all the time, and it is very uncomfortable to be stuck there, after all, he and I are not married yet."

Even if she is married, she nor would she feel that Fu Jingting has been helping her, so she can accept it with peace of mind.

In short, she is such a person, a typical person who can't owe others.

As long as others pay her a little bit more, she will think about paying it back next time.

Otherwise, there will always be a lump in my heart and I will not be able to relax.

Hearing Rong Shu's words, Lu Qi was a little dumbfounded, "Aiya Shushu, why do you think so much? If you will owe others favors, then later, you can find a chance to help you back, and you will have to.

He spread his hands together. Rong Shu rolled his eyes, "

You said it so easily, Fu Jing's family has a big business, where does he need help from others." "

You don't understand this, right? No matter how big your family's business is, there are always some things that need someone's help to solve. You don't want him to be so powerful and omnipotent." "

Lu Qi waved his fingers and said.

Rong Shu was silent.

After a while, she suddenly thought of something, and her back straightened up, "I think about it, I know where I can help him in the future." Thinking of

this, Rong Shu's face flushed with excitement.

Lu Qi looked at her like this and blinked, "What's the matter?"

Rong Shu smiled at him, "I can't tell you, this is his personal business . "

Lu Qi curled his lips, "If you don't say it, don't say it, but if you can figure it out, I don't have to worry. Anyway, it's still the same sentence. If you should ask him to help, let him help, no one will tell you, It's too late to even envy them. After all, not everyone has such a big backer to rely on. "

Rong Shu shook his head in disbelief.

But a big stone has fallen in his heart.

As Lu Qi said, as long as he can help Fu Jingting in the future, then he will ask Fu Jingting for help himself. Instead, Fu Jingting reached an equal exchange.

In this way, she would not have any psychological pressure or hindrance to ask Fu Jingting for help.

Now, she knows what Fu Jingting wants to accomplish most, she thinks, as long as she helps Fu Jingting herself After completing the thing you want to do the most, then asking him for help yourself will no longer be a blind request, and you will feel much better.

Thinking about it, Rong Shu smiled lightly, and then thanked Lu Lu, "Aqi , thank you, I know what to do. "

shivering from the cold

If there are difficulties in the future, she will not run away, and will ask Fu Jingting for help.

However, she will also keep Fu Jingting's help in her heart every time, and return it in her own way.

Only the help that is not indebted will not make her have any psychological burden.

Hearing what Rong Shu said, Lu Qi was completely relieved.

Afterwards, Rong Shu picked up the red wine and looked at President Li on the opposite side, "President Li, please approve my loan application. I need the funds to be in place today. Tiansheng will continue with the money, please." After

speaking, she Pass the wine glass over.

President Li also smiled and picked up the wine glass and touched it with Rong Shu, "Don't worry, I will explain to the bank that the funds will be in place before nine o'clock tonight at the latest."

"That's great, thank you, President Li . Rong Shu was very excited and grateful, then thought of something, bent down and picked up a gift box from the ground, and handed it to President Li with both hands, "President Li, this is a little thought from me, thank you for your help, please accept it."

Before she came, she had inquired clearly that Mr. Li's greatest hobby was collecting antiques.

When she came to meet President Li this time, she specially brought an antique vase at home and planned to give it to President Li as a gift.

After all, you can't come to the door empty-handed.

That's not polite, isn't it?

And sending gifts that satisfy the other party is also a killer.

What if the other party was reluctant to pass her loan application at first, but when she finally saw the gift, she was willing?

Even if she doesn't want to see the gift, maybe she will give her some other useful advice.

In short, no matter what, giving gifts is a must, there is no mistake, and it will make the other party feel more favorable to you. Even if you cannot cooperate this time, the other party will be willing to see you give gifts in the past for the sake of next time. Willing to talk to myself about other cooperation is not necessarily.

Anyway, gift-giving is not only to achieve a certain purpose, but also a necessary culture at the negotiating table.

President Li was not too surprised when he saw the gift that Rong Shu brought.

After all, from the very beginning, he saw the gift she was carrying into the door, and he knew very well that the gift was for him.

So at this moment, facing the gift from Rong Shu, he did not refuse, but took it with a smile.

If he said he didn't agree to lend, then of course he couldn't accept this gift.

Now that he has agreed, he naturally has no psychological burden when he accepts the gift, and this gift is the culture of the negotiating table. , to reassure the other party.

Sure enough, seeing that President Li took the gift, Rong Shu breathed a sigh of relief.

Mr. Li put the gift on the table, opened it, and saw the antique vase inside, his eyes suddenly lit up, "Miss Rong, this is an official kiln in the Ming Dynasty, right?"

"Yes." Rong Shu nodded with a smile .

After confirming that it was indeed an official kiln of the Ming Dynasty, Mr. Li smiled directly on his face, and he couldn't help but get started. He picked up the vase and looked at it carefully. Yes, I didn't expect Miss Rong to have such treasures in her hands."

Rong Shu calmly drank red wine and replied with a smile, "Mr. Li doesn't know anything, my grandfather is an archaeologist, and this vase is a national reward for me. Grandpa's, my grandfather gave it to me as a birthday present, and now I'm borrowing flowers to offer Buddha. I know that you like this, Mr. Li, so I brought it here and gave it to you. Since this vase was only produced by an ordinary official kiln in the Ming Dynasty, so in terms of value It may not be worth much, but it is rare because there are not many preserved, so please don't dislike it, Mr. Li."

The value of this vase is probably around a hundred thousand, which is really nothing compared to other antiques. what.

However, due to the scarcity of well-preserved numbers, it is still very collectible.

"No, no, of course I don't dislike it." President Li hurriedly waved his hand and replied, "I have a lot of antiques in my collection, but I don't have this official kiln yet. Now this one from Miss Rong just fills one of my regrets. I like it with pleasure. It's too late, how can you dislike it, but Miss Rong, this is your grandfather's birthday present, if you give it to me like this, does your grandfather make sense?"

Lu Qi also looked at Rong Shu.

To be honest, when he was in the car, he asked her what gift she gave to President Li.

But she didn't answer, so he kept itching in his heart and wanted to ask clearly.

Only now did he know that she actually sent this vase out.

Facing President Li's question, Rong Shu still smiled indifferently, "Don't worry, President Li, there will be no problem with my grandfather. The reason why I can inherit Tianzhu is because my grandfather has done a lot in it. Now I gave you the vase for Tiancheng, and I believe that my grandfather will support me."

"If that's the case, then I will accept this vase, thank you Miss Rong." President Li fondled the vase.

Rong Shu nodded, "Mr. Li, you're welcome."

For the rest of the time, Mr. Li was happily admiring the vase there.

Rong Shu and Lu Qi discussed how to perfectly solve the consequences of missing parts after getting the loan.

After all, this kind of thing does not mean that if you have money, you can just throw the money into it. You have to do the best planning so that the money can be used just right.

In case the money is thrown directly into it, there is no plan, and no one knows where the money will be used.

The interview lasted at least three hours before it ended.

By the time Rong Shu and Lu Qi bid farewell to President Li and walked out of the box, it was already five o'clock in the afternoon.

After Rong Shu settled the bill, she waited directly with Lu Qi at the gate of the hotel, waiting for the driver arranged by the hotel to drive the car out of the parking lot.

There is no way, who made her and Lu Qi drink and have no way to drive, so the hotel can only arrange to drive them back.

"Ah." Suddenly, a gust of cold wind blew, Rong Shu couldn't help sneezing, and her body trembled.

Lu Qi turned his head to look at her, seeing that her cold face was pale, he hurriedly took off his jacket and was about to put it on her.

Rong Shu was rubbing her hands with her head down at the moment, trying to warm her cold hands.

As soon as she made a mistake twice, she felt a warm back on her back and something on her body. She turned her head and saw that it was a fancy suit jacket and Lu Qi's hands that were about to be withdrawn.

It turned out that he saw that she was cold, so he took off his own coat and put it on her.

"What are you doing?" Rong Shu looked up at the people beside her.

Lu Qi folded his hands, put them in front of him and sighed, "Aren't you cold? Put a coat on you, and you won't be cold."

Rong Shu saw that he was so cold that he was shaking with rage, and he didn't know whether to laugh or cry. He took off his coat, and threw it back into his arms, "I don't need it, you wear less than I do, I'm cold, but I'm not so cold that I'm shivering. Look at you, just take off your coat. Shirt, I'm so cold when I look at it, you should put your coat back quickly, don't give it to me, what if you catch a cold for a while?"

"No, I'm a man, and I'm not afraid of Ah Ni!"

Before Lu Qi's words could be said, he sneezed out.

Then he was speechless.

The parts are back

Seeing this, Rong Shu laughed out loud, "Look, sneeze, and you said it's not cold, your lips are blue, that's alright, put on your clothes quickly, and don't do it for the sake of grace in the future. It's not a joke in such a cold day."

Facing the education of women, Lu Qi was still a little dissatisfied, thinking where did he wear thin and fancy clothes?

Just as he was about to refute, the tip of his nose was sour again, and a sneeze sounded again.

If Lu Qi wanted to refute, he held back abruptly.

Well, he admitted, he was wearing a little thin.

After a while, two sneezes came out in a row, and he faintly felt a little itchy in his nostrils, as if something was about to flow out.

In order not to make a joke, Lu Qi stopped being stubborn and put his coat back on.

After putting it on, although it didn't completely warm up, it was at least much better than just wearing a shirt, at least the body didn't tremble so badly.

"Shu Shu." Lu Qi took out a bag of tissues from his suit pocket, took out one and wiped it under his nose, then asked, "Are you still cold? If it's cold, I'll let the hotel two A coat."

"No need." Rong Shu shook her head and refused, "I'm fine, the car will be here soon, so just bear with it, you don't need to ask the hotel to prepare clothes, you have to change them back then, trouble, But if you need it, you can borrow a set from the hotel. After all, you look much colder than me."

"I don't need it either." Lu Qi straightened his back and said seriously, "I'm much better now, so I don't need to. I'm done."

Just kidding, he's a big man no matter what.

How can you allow yourself to be unbearable even this cold?

Seeing the stubborn Lu Qi, Rong Shu shook his head helplessly, "Okay, this is what you said, don't regret it when you catch a cold."

"Absolutely not." Lu Qi patted his chest, "I'm in good health, You will never catch a cold."

Seeing him so determined, Rong Shu twitched the corners of her mouth and said nothing.

At this time, the car finally came.

Lu Qi's eyes lit up, he hurried down the steps and opened the car door, "Shu Shu, get in the car."

He waved to Rong Shu, his movements were extremely urgent, as if something was urging him.

How could Rong Shu, who knew him, not know that he was too cold and wanted to get in the car quickly, but he refused to admit it, so he could only urge her to get in the car quickly, and then he would follow.

Otherwise, if he goes up first, isn't that a disguised admission, is he afraid of the cold?

Shaking his head amusingly, Rong Shu didn't dismantle Lu Qi, but just rolled his eyes at him, walked over quickly, and got into the car.

Not long after getting in the car, Lu Qi was leaning against the window, a little drowsy, his face flushed, and he looked as if he was sick.

Seeing this, Rong Shu couldn't help but worry, "Aqi, Aqi?"

She called Lu Qi twice.

Lu Qi opened one eye and looked at her, but his vision was a little blurry, not so clear, and even his voice became a little vague, "What's wrong?"

"I want to ask you what's wrong, where are you? Uncomfortable?" Rong Shu looked at him and asked.

Lu Qi shook his head, "No, just a little dizzy."

"Dizzy?" Rong Shu refreshed and asked, "Did you have a cold?"

Lu Qi smiled, "How could it be, I'm healthy, how could I catch a cold ? "

How could it not be?" Rong Shu frowned, "You were cold at the hotel entrance just now, and you took off your jacket. You might catch a cold. Don't move. I'll touch your forehead."

She stretched out When you go out, you have to touch Lu Qi's forehead.

But when her hand was about to touch Lu Qi's forehead, Lu Qi grabbed her hand, "Don't worry Shushu, I really don't have a cold, I just drank a lot, I'm just a little drunk now. , you can tell by smelling the alcohol on my body, besides, don't I know if I have a cold or not?"

"" Rong Shu stopped talking, just looked at him quietly.

After looking at it for a while, he pulled out his hand and took it back, "Is it okay? Is it because I was drunk?"

"It's okay." Lu Tou.

Seeing his serious expression, Rong Shu temporarily believed him, "Okay, it's fine, then you can continue to sleep." "Okay, it

happens that I feel dizzy right now, and I don't want to talk, or I should throw up later." Lu Qi yawned and closed his eyes again.

Rong Shu saw him leaning against the car window and fell asleep again, so she didn't bother, just whispered to the driver who was driving, "Please raise the temperature, thank you."

“Okay lady.” The little brother politely replied.

Rong Shu nodded with a smile, and turned her head to the car window on her side. Looking at the bustling city outside the car window, she walked in awe.

But soon, the sudden ringing of the mobile phone in the bag brought her back to reality.

Rong Shu first glanced at Lu Qi and saw that Lu Qi was sleeping soundly and was not disturbed by the ringing of the mobile phone at all, so she breathed a sigh of relief, took the mobile phone out of the bag, and the caller ID was already displayed, so she quickly covered the mobile phone. He looked at Lu Qi again.

Seeing that Lu Qi hadn't woken up, Rong Shu put down the phone, put the phone to her ear, and asked in a low voice, “What's the matter?” On

the other end of the phone, Secretary Tong heard Rong Shu's deliberately lowered voice, and there was something more slightly startled.

But soon, Secretary Tong thought of why Rong Shu deliberately lowered her voice. Rong Shu went out with Lu Qi in the afternoon.

I am afraid that at this time, the two have not separated yet. The chairman lowered his voice to remind himself that President Lu is still by her side.

Thinking of Rong Shu and Lu Qi at the moment, Secretary Tong's heart is sour and astringent.

However, she did not forget the purpose of her call. After taking a breath, she suppressed her private emotions, returned to the state of an elite secretary, and replied sternly, “Chairman, good news, our parts have been sent back. Hearing this, Rong Shu was stunned for

a moment, then sat up straight in disbelief, holding the phone in both hands, and exclaimed, “What did you say? The parts were sent back?”

“Yes.” Secretary Tong nodded and said excitedly, “Just now, the person below told me that the parts have been sent to the processing department, and now the processing department has already registered them, and there is no shortage of them. Chairman, how are you doing? Did you get the parts back?”

Rong Shu didn't seem to hear Secretary Tong's last words, she only had the news that the parts were sent back in her mind at the moment.

This is obviously good news, but at this moment Rong Shu is not happy at all.

How can it be sent back just because of the parts?

Su Cheng is obviously not the kind of person who would compromise and return the parts to her, otherwise he would have already paid it back after the phone call last night and would not have deliberately delayed it until now.

So this part was suddenly sent back by Su City, there must be other reasons.

what is it?

Rong Shu bit her lip, "This matter has nothing to do with me, I didn't get the parts back."

"Ah?" Secretary Tong was stunned, "it's not you? Who is that? Is it President Fu?"

She subconsciously guessed.

Mr. Lu must not have this ability.

If there were, as early as the first day the parts were intercepted, Mr. Lu would definitely have taken action.

Therefore, there is only one person who can do this, and that is President Fu.

President Fu loves the chairman so much. Knowing that something happens to the chairman, he will definitely not stand by and watch. Therefore, the possibility of President Fu is very high.

This Time, I Will Get My Divorce Chapter 1020

There is a problem with feelings

On the other end of the phone, listening to Secretary Tong's guess, Rong Shu's red lips moved, but she was silent.

Because she also thinks that Fu Jingting may have done it.

In the entire sea market, he was the one who didn't give Su Cheng face and took the parts back from Su Cheng effortlessly.

After all, Su Cheng would never take the initiative to return it.

But how did Fu Jingting know that Su Cheng intercepted her company's parts?

She was pretty sure she never told him.

Could it be that Fu Jingting placed eyeliner in her company again, as Ah Qi had guessed before, monitoring her?

Thinking of what Lu Qi said before, Fu Jingting must have placed people in Tiancheng, and it is not impossible to report her every moment.

Otherwise, how would Fu Jingting know about the parts?

Thinking about it, Rong Shuxiu frowned, obviously a little unhappy in her heart.

Can you be happy?

Anyone who encounters his lover and sends someone to monitor him and report his movements all the time will not be happy in his heart.

It's like he is a prisoner, and he doesn't even have any privacy.

In short, Fu Jingting's behavior is completely distrustful of her performance.

And he had placed eyeliner before, and she said later, let him remove the eyeliner placed in her company.

He promised, but what happened?

Not at all.

Rong Shu's red lips pursed tightly, and it took a while to respond to Secretary Tong's words, "Whether it's Fu Jingting or not, I'll verify this matter and give you an answer tomorrow. As for the parts coming back, it's also a good thing, you hurry up and notify the processing department. Don't miss the deadline for on-line processing."

"Good chairman." Listening to Rong Shu's order, Secretary Tong responded immediately without any objection.

After the call, Rong Shu slowly took the phone from her ear, and the expression on her face was very serious.

A few seconds later, she rubbed her brows, opened the address book, dug out Fu Jingting's phone number, and dialed it.

She wants to know if he got the parts back.

If so, why didn't you tell her beforehand?

The phone was connected, and Rong Shu quietly listened to the beeping sound in the phone.

However, after listening for a while, the beeping sound was still ringing, and it was not replaced by the man's deep and pleasant voice.

Rong Shu's brows wrinkled again, and she took the phone to her and saw that she was dialing these words, which had been displayed for more than 20 seconds.

Fu Jingting didn't answer the phone for so long, so he probably wasn't free.

Thinking of a building with thousands of people in the Fu Group headquarters alone, Rong Shu couldn't feel the anger that Fu Jingting sent someone to monitor her, and she only felt bad for him.

After all, there were hundreds of people in Tiancheng, and she felt that the management was too tiring, not to mention the Fu Group headquarters building with more than 2,000 people.

Moreover, so many subsidiaries of the Fu Group submit hundreds of documents to the headquarters for processing every day.

It can be seen that he is many times more tired than her.

She had a sore back every day, and Fu Jingting, who was more tired than her, naturally didn't need to say more.

It's just that he is a man, and he never shows these things, so when she sees him, he is always in good spirits.

It seemed that he was ignoring him.

Rong Shu lowered her eyes, feeling a little ashamed and guilty in her heart.

If it wasn't for the fact that he didn't answer the call this time, she probably wouldn't have realized how busy and tired he was.

Spoiled by him.

During this time, he almost always pushed his work back, or pushed it aside, and made time to be by her side.

Even if she is not by her side, as long as she contacts him, he will almost always respond immediately.

So over time, she forgot that he was the president and chairman of the Fu Group, a more tired and busy person than her.

A helpless smile appeared on the corner of Rong Shu's mouth.

Isn't it spoiled what is it?

He pampered her, pampered her invisibly, and ignored him so much.

It seems that in the future, she will pay more attention to him. She can't be like this because he spoils her too much, and she gradually ignores him.

This is unfair to him.

Thinking, Rong Shu hung up the phone, then tapped her finger and sent a message to Fu Jingting.

At the same time, Fu Group, in the chairman's office.

Fu Jingting was sitting behind the desk, holding a pen in his hand, and bowing his head slightly, processing documents one by one, each document in his hand would not last more than three minutes, accurate and precise. like a ruthless machine.

After the documents were processed, he threw them directly to Assistant Zhang, who was standing across from the desk and sorting the documents.

At this moment, Assistant Zhang, the documents at hand are already piled high, at least more than 40 cm, all of which are the results of Fu Jingting this afternoon.

Let's not talk about Fu Jingting's handling of documents, whether his eyes are spent or his wrists are sore.

Anyway, Assistant Zhang felt that he had been standing here for two or three hours, his eyes were blurred and his legs were sore.

But looking at Fu Jingting's gloomy face and the repressed breath all over his body, Assistant Zhang wanted to persuade him to rest for a while, and if he could be liberated, he couldn't say anything.

He can only grit his teeth, bite the bullet, endure the pain of dizziness, pretend to have nothing, and sort out the documents silently.

Until a minute ago, Fu Jingting's cell phone rang, Assistant Zhang glanced at it, it was Rong Shu's call, and Assistant Zhang immediately became excited.

Thinking that Miss Rong called, Mr. Fu would answer no matter what, he could also take the opportunity to move his legs and rest.

Unexpectedly, Mr. Fu didn't mean to answer the phone at all, as if he didn't hear see Miss Rong calling, and the action of processing the documents did not stop at all.

This made Assistant Zhang disappointed, and at the same time he had no hope of rest, he couldn't help but stunned, and had a bad premonition.

what happened?

President Fu was puzzled by Miss Rong's call, and pretended not to see Miss Rong calling, so indifferent.

Shouldn't there be a problem with the relationship between the two?

Assistant Zhang looked at the cell phone that had been quiet, and then looked at Fu Jingting, who had processed a document on the other side, panicking.

No, it won't really be a problem, will it?

Assistant Zhang took a deep breath, couldn't help it, and asked tentatively, "Mr. Fu, the call just now was from Miss Rong, didn't you look at the caller ID?"

"How redundant.

How could it not be seen.

When he was looking at the screen of President Fu's mobile phone, he saw that President Fu also glanced at the screen of the mobile phone.

So it is impossible for Mr. Fu to not see it.

I saw it, I didn't answer the phone on purpose.

Fu Jingting stopped the pen in his hand and looked up at Assistant Zhang. Those eyes were full of darkness and indifference, but they were enough to read people's hearts.

Assistant Zhang almost felt that his thoughts were seen through by Mr. Fu's eyes, and he hurriedly lowered his eyelids.

"I see." Just as Assistant Zhang lowered his eyelids and avoided Fu Jingting's line of sight, Fu Jingting opened his mouth and replied three words in a cold and indifferent voice.

When Assistant Zhang heard it, he raised his head suddenly, "See?"

Fu Jingting was noncommittal.

Assistant Zhang opened his mouth, "Then why didn't you pick it up?"

Fu Jingting didn't answer, just looked at him with deep eyes.

Assistant Zhang's scalp was numb when he was seen, and he lowered his head again.

It's over.

The relationship between the two is definitely in trouble.
