### Chapter 101 Moral Kidnapping

“What else? Meng Ke has always wanted to be acquitted, so she insisted on appealing for the second trial, but even if the result of the second trial will not change, the criminal detention will still have to be criminal detention, so her mother is coming now, she must be asking you to withdraw the case.” Lu Qi attached to Rong Shu’s ear and said.

Although his voice was low, Mrs. Meng heard it, and her face was a little embarrassed, “Miss Rong, that... Mr. Lu is right, I’m looking for you for this.”

“Look, I’m right.” Lu Qi spread his hands.

Rong Shu rolled her eyes at him, then looked at Madam Meng with a cold and distant smile, “I’m sorry Madam Meng, I will not withdraw the case.”

Madam Meng didn’t expect her to refuse so directly, her face stiffened, and she felt a little uneasy in her heart. too comfortable.

But soon, Mrs. Meng gathered up her expression again and pleaded, “Miss Rong, I know Xiao Ke has gone too far this time, but she already knows she’s wrong, so can you...”

“No!” Rong Shu said blankly She interrupted her expression with an expression, “Mrs. Meng, you said she knew she was wrong, then let me ask you, why has she never apologized to me? And you parents, since you know she is wrong, why don’t you have any What do you mean?”

“That’s right.” Lu Qi hugged the back of his head, and said leisurely, “until now in the final trial, when you know Meng Ke is going to be convicted, you came to look for the baby, and you didn’t bring any gifts, just wanted to let the baby. Letting go of Meng Ke, I have no sincerity at all, and I am not afraid of being laughed at when I say it.”

“...” Mrs. Meng clung to the handle of the bag with both hands. .

She originally thought that she would easily talk to Rongshu.

I didn’t expect these two young people to be so hard-hearted.

“Okay, let’s go.” Rong Shu didn’t want to entangle with Mrs. Meng, so she said something to Lu Qi.

Just when the two were about to turn around, Mrs. Meng suddenly grabbed Rong Shu’s hand, “Miss Rong, I beg you, let my daughter go.”

Rong Shu frowned and wanted to pull out her hand.

But Mrs. Meng held her ground tightly and didn't let go, "Miss Rong, for the sake of my begging, you agree, as long as you agree, I will bring Xiao Ke to the door to apologize to you in person, Rong Miss, please."

"Mrs. Meng, I made it very clear just now that I will not withdraw the case, so it is useless for you to beg me, please let go?" Rong Shu said impatiently.

Mrs. Meng looked at her as if she didn't understand, and looked at her with a heartbroken expression, "Miss Rong, are you really so heartless?"

"Is it our baby heartless? It's obviously Meng Ke who asked for it!" Lu He laughed angrily at Mrs. Meng's words.

But Mrs. Meng ignored him and focused on Rong Shu, "Miss Rong, can't I kneel down to you?"

After speaking, she let go of Rong Shu's hand and really knelt down towards Rong Shu down.

Both Rong Shu and Lu Qi were startled by her actions, and after reacting, they quickly helped them up.

"Mrs. Meng, don't do this!" Rong Shu rubbed her temples, giving her a headache.

Lu Qi also curled his lips, "Mrs. Meng, you are moral kidnapping, do you know?"

Kneeling down if you don't agree is different from a rogue, and this is not only a moral kidnapping, but also threats and persecution. .

Sure enough, Meng Ke and Meng Ke are mother and daughter, and there is a mother who does not distinguish between right and wrong. It is not surprising that Meng Ke is like this.

Mrs. Meng still ignored Lu Qi. Seeing that Rong Shu's expression was a little loose, she rolled her eyes and took the opportunity to ask, "Miss Rong, did you agree?"

Rong Shu's lips moved, "I'm sorry Mrs. Meng, I... Before

she could finish her words, she saw Madam Meng break free from Lu Qi's support and was about to kneel down to her again.

But this time, before Mrs. Meng knelt down, she was helped up.

Not Lu Qi, nor Rong Shu, but Gu Manyin.

Gu Manyin pointed at Rong Shu, and said indignantly, "Miss Rong, you are too much, how can you let the elders kneel for you!"

Rong Shu's mouth twitched speechlessly.

Lu Qi's eyes were about to roll to the sky, "Hey, hey, you're blind, when did the baby make Mrs. Meng kneel? It was obviously Mrs. Meng who knelt down to the baby."

"Impossible." Gu Manyin looked in disbelief.

Mrs. Meng patted the back of her hand, "Mr. Manyin, Mr. Lu is right, I knelt down myself."

"Auntie, why?" Gu Manyin looked at Mrs. Meng in disbelief.

Mrs. Meng's face was full of sorrow, "For Xiao Ke, as long as Miss Rong is willing to withdraw the lawsuit, Xiao Ke will be free, so..."

"So aunt, you kneel down to her?"

"Yes." Mrs. Meng nodded. After glancing at Rong Shu, she wiped away her tears, "But Miss Rong refuses to agree."

"I see." Gu Manyin pursed her lower lip, then looked at Rong Shu dissatisfiedly, "Miss Rong, my aunt has already knelt down to beg you, but you are unwilling to agree. You are too ruthless, aren't you?"

"I am ruthless?" Rong Shu raised her hand, tucked her hair behind her ear lazily, raised her hands and gestures, showing a full expression, "I don't promise to let Meng Ke go because I'm ruthless. When Meng Ke lied about me, why didn't you accuse her of being vicious?"

"I..." Gu Manyin choked, her face a little embarrassed.

Lu Qi sneered, "So Gu Manyin, when you accuse baby, think about whether you are qualified or not." A

humiliation flashed in Gu Manyin's eyes, but it quickly disappeared, biting his lower lip, "Even if Xiao Ke did something wrong at the beginning, but now Xiao Ke has been punished, isn't it enough that there are so many people who scold Xiao Ke on the Internet, and your aunt kneels down to you, can't you forgive Xiao Ke?"

"!" Rong Shu coldly spit out two words, "Who is Meng Ke to me, why should I forgive her?"

"That is, why did she hurt the baby? You don't want her to apologize to the baby. Instead, you want the baby to forgive. The baby doesn't return the double, it is already very kind." Lu Qi took Rong Shu's shoulders. , said sarcastically.

"By the way, I almost forgot." Rong Shu stared at Gu Manyin without any emotion in her eyes, "Miss Gu, Meng Ke came to this point because of you, so the one who should really save her, It's you."

After speaking, she turned her eyes to Madam Meng, "Mrs Meng, you might as well ask Miss Gu instead of me, after all, she is so kind and will definitely help."

"Goodbye." Lu Qichao The two waved their hands and took Rong Shu into the courthouse.

Gu Manyin didn't dare to look at Madam Meng, "Auntie, I know Xiao Ke is for me, but..."

"You don't need to say it." Madam Meng wiped her tears and interrupted her, "I know Xiao Ke asked you for help. However, you can't help."

Hearing this, Gu Manyin was overjoyed, and then heard Madam Meng say again, "But I hope you stay away from Xiaoke in the future, Xiaoke is really not suitable for you. My friend."

"Auntie, what do you mean?" Gu Manyin's face turned pale and her voice trembled, "Are you blaming me?"

Madam Meng took a breath, "Yes, I was blaming you, if it wasn't for you just now Stop me suddenly, maybe if I kneel twice more, Rong Shu relents and promises to let Xiao Ke go, but because of you, everything is in vain, so Xiao Ke can't be released, and it is your responsibility."

After she finished speaking, she said no Ignore Gu Manyin again and leave.

Gu Manyin's always gentle face suddenly distorted.

She never thought that when she stopped Madam Meng from kneeling down, she was actually hated by Madam Meng.

How could an inexperienced family lady dare to hate her?

Chapter 102 Riding a Mountain Climbing

Gu Manyin bit her lower lip tightly, her heart was blocked, and she was not in the mood to see Meng Ke's second trial, so she turned and left.

Half an hour later, she came to the Fu Group.

“Jing Ting...” Gu Manyin didn’t care whether there was anyone else in the president’s office, she walked directly to Fu Jingting behind the desk with wet red eyes, then sat on his lap, hooking his arms around his neck and turning his head Buried in his chest, sobbing softly.

Fu Jingting’s body froze for a moment, and after reacting, he frowned slightly and looked at the woman in his arms.

If he hadn’t heard her cry, he would have even wanted to push her away for a moment.

“Put the documents here first. I’ll let you guys come over after reading them later. You can go back first.” Fu Jingting put down the documents in his hand, rubbed his temples, and said to the men and women on the other side of the desk.

The men and women nodded, “Okay, Mr. Fu.”

Then, the two turned around and went out.

After closing the door, the woman couldn’t help but whispered, “That’s Mr. Fu’s fiancée, why is she so unruly, she came in without even knocking on the door, and she didn’t see us talking about business, so she just hugged him directly. President Fu, don’t care about the occasion.” The

man shrugged, “Who asked Mr. Fu to spoil her.” The

woman was full of dissatisfaction, “Even if you are spoiled, it can’t be regardless of the occasion or place.” It’s us who are at a disadvantage when people hear it.”

“...” The woman pouted and said nothing.

In the office, Fu Jingting gently pushed the woman in his arms away, “Okay Manyin, come down first.”

“I don’t!” Gu Manyin buried his head back on his chest again.

Fu Jingting had no choice but to follow her, “Tell me, what happened?”

Gu Manyin raised her head, her eyes were red, “Jing Ting, why did they say that to me?”

“Who?” Fu Jingting narrowed his eyes .

Gu Manyin sniffed, “Ms. Rong and Mrs. Meng, I was going to see Xiao Ke’s second trial today, but I saw Mrs. Meng kneeling to Miss Rong at the door of the court, begging Miss

Rong to forgive Xiao Ke, Ms. Rong said. If she refused to do anything, I helped Madam Meng to persuade a few words...”

“Wait a minute, a few words of persuasion?” Fu Jingting raised his hand to interrupt her, “You persuade Rong Shu to forgive Meng Ke?”

“Well.” Gu Man Yin nodded, “I see Madam Meng kneeling down and begging, so...”

“Man Yin, you are wrong about this, you shouldn’t do it.” Fu Jingting looked at her with deep eyes.

Gu Manyin seemed a little unacceptable, with a sad expression, “Where did I go wrong?”

“Where did I go wrong? Meng Ke caused this incident, Rong Shu was the victim, it was her right not to forgive her. You don’t have the right to ask her as a bystander, do you understand?” Fu Jingting said in a deep voice.

Gu Manyin bit her lip, “But...”

“Okay, I know you want to say that Mrs. Meng has already knelt down to Rong Shu, and it is too much for Rong Shu to forgive her, but have you ever thought about Mrs. Meng’s Kneeling may not be a real plea, but persecution?”

“Persecution?” Gu Manyin seemed surprised.

Fu Jingting nodded, “Yes, Mrs. Meng can go to Rong Shu in private, but she chose to kneel before Rong Shu in front of the public. Obviously, she wanted to use the crowd to force Rong Shu to agree.”

“So that’s how it is.” Gu Man Yin lowered his head and looked very sad, “No wonder I helped Mrs. Meng up. Mrs. Meng didn’t treat me so badly, because I ruined her plan.”

“Okay, pay more attention before helping in the future . That’s it.” Fu Jingting gently touched her hair, “Besides, the Meng family’s conduct is not very good, you should avoid contact with them in the future.”

“I see.” Gu Manyin forced a smile.

Soon, she thought of something again, and looked at the man expectantly, “Jing Ting, how about we go out on the weekend?”

“Weekend?”

“Mmmm.”

“Why did you suddenly think of going out to play?” Fu Jingting smiled lightly.

Gu Manyin replied, “Because it’s boring, you’ve been very busy lately, and you don’t have much time to eat with me. I can only stay at home every day by myself, and I’ve been so busy for a long time that I’m going to get moldy, Jing Ting, you agree. Me.”

She shook his arm coquettishly.

Fu Jingting couldn’t do anything about her. It just so happened that there were few things to do this weekend, so he nodded and agreed, “Okay, I’ll take you out on the weekend, but I can’t go too far in two days, I can only go to the sea market. Where do you want to go to the sea market?”

When Gu Manyin heard him agree, a smile blossomed on his face, “I don’t know where I’m going, I just woke up not long ago, and I don’t know what fun there is in the sea market, Jing Ting, you decide.”

Fu Jingting He didn’t refuse, he lowered his eyes and thought for a while, and finally remembered something, and the light smile on his face became a little richer.

“I remember you said in your letter that you really wanted to go horseback riding to climb the mountain, and the ride was pretty good. It just so happened that there was a horse riding field under the name of President Chen, and it was built on the mountain. After riding the horse, you could just climb the mountain. What do you think?” Fu Jingting looked at her.

The expression on Gu Manyin’s face was frozen.

He actually proposed to climb a mountain on horseback, she could climb a mountain, but she couldn’t ride a horse at all!

And she has a natural fear of these large animals.

“Don’t you want to ride a horse to climb the mountain?” Seeing that Gu Manyin didn’t speak for a while, the smile on Fu Jingting’s face faded.

Afraid of his suspicion, Gu Manyin shook her head quickly, “No, no, I’ve thought about it for a long time, I’m just too moved and too happy, you still remember this.”

“I said, about everything you like, I’m all for it. Remember.” Fu Jingting said in a gentle voice.

Gu Manyin twitched the corners of her mouth and replied perfunctorily, “Really.”

Fu Jingting didn’t hear it, “Then I’ll contact President Chen in a moment.”

“Yeah.” Gu Manyin nodded absently.

It seemed that she had to go to the riding stables.

As for riding, she can find a way to avoid it.

Thinking of this, Gu Manyin is no longer worried.

Court, the second instance has come to an end.

Under the repeated questioning of the judge and Rong Shu’s lawyer, Meng Ke finally couldn’t hold it anymore, lowered her head, and admitted that she did deliberately post that news, in order to ruin Rong Shu’s reputation.

Although the behavior was bad, Meng Ke was only sentenced to 15 days of detention and a fine of 30,000 yuan because the law was not perfect for cyber violence.

“It’s really cheap for her.” After walking out of the court, Lu Qi pouted and said regretfully.

He actually wanted Meng Ke to go to jail rather than simply detain him.

Rong Shu smiled, “No way, the law is like this, accept your fate, anyway, Meng Ke has also been punished, we should be happy.”

“That’s right, why don’t we celebrate? I heard There is a new seafood restaurant on Beibin Road, do you want to try it?” Lu Qi looked at her with a smile.

Rong Shu thought that it was true that she hadn’t eaten seafood for a long time, and nodded her eyes slightly, “Let’s go.”

“Okay!” Lu Qi took out the car key, and just as he was about to press it, the phone rang.

“I’ll take a call first.” Lu Qi smiled bitterly.

The call came just in time.

Lu Qi took out his mobile phone, looked at the caller ID, and raised his eyebrows, “It’s my mother!”

“Since it was called by my aunt, hurry up and pick it up.” Rong Shu urged.

Lu Qi swiped the green answer button and put the phone to his ear.

On the other end of the phone, a gentle and kind middle-aged female voice came, “Aqi, is the trial over?”

“It’s over.” Lu Qi replied, and then asked, “Mom, do you have anything to do with me?”

#### Chapter 103 Lu Qi’s Feelings

“I’m not looking for you, I’m looking for Xiaoshu, is she by your side?” Madam Lu asked back.

Lu Qi looked at Rong Shu, “Here.”

“Give the phone to Xiao Shu.”

Lu Qi snorted and handed the phone to Rong Shu, “Here, my mother.”

Rong Shu took the phone, “Auntie. “

Little Shu, Auntie misses you.” Hearing Rong Shu’s voice, Mrs. Lu laughed until her eyes were gone.

Rong Shu also laughed, “Auntie, I miss you too.”

“If you miss me, come and see me.” Mrs. Lu pretended to complain.

Rong Shu stuck out her tongue, “Sorry, auntie, I’ve been too busy recently, and I don’t have time.”

“Then do you have time now? Come to my aunt’s house for dinner, and my aunt will cook you something delicious.” Mrs. Lu invited.

Just as Rong Shu was about to speak, Lu Qi, who was eavesdropping on the side, couldn’t help but say, “Mom, I’ll take my baby to eat seafood.”

“What’s so delicious about the seafood outside, and it’s not fresh, so eat it if you want. I did.” Madam Lu replied.

Rong Shu said, “Then it’s troublesome for Aunt.”

“No trouble, no trouble, come here early.” Mrs. Lu laughed happily when she heard that Rong Shu agreed to come to the house.

Then the phone hung up, Lu Qi took the phone back and looked at Rong Shu helplessly, “No way, I can’t eat the seafood outside.”

"It's alright, let's go next time, let's go and buy something for my uncle and aunt first. Present." Rong Shu took his arm and walked towards the car.

The two came to the mall, and after looking around, they bought a cape for Mrs. Lu and a tie for Mr. Lu before driving to Lu's house.

The Lu family and the Rong family used to be family friends and had an excellent relationship.

Mrs. Lu and her mother are best friends.

Since her mother died, Mrs. Lu has raised her as her own daughter. It can be said that in her heart, Mrs. Lu is her second mother.

Soon, the Lu family arrived.

This is the first time Rong Shu has come here in six years. It is still the same as before, without any change.

Therefore, Rong Shu did not feel any strangeness.

"Little Shu!" Mrs. Lu heard the sound of a car in the house, and ran out to greet her. Rong Shu's eyes lit up instantly, and she opened her arms to hug her.

"Auntie." Rong Shu smiled and stepped forward.

The two hugged.

Lu Qi watched the food, "Mom, you just ignored me, didn't you?"

Mrs. Lu rolled her eyes, "I see you every day, I'm tired of seeing you, I want to see you first. It's Xiaoshu, come to Xiaoshu and let Auntie take a good look."

She took Rong Shu's two hands and took Rong Shu around, feeling a little distressed, "I've lost weight."

Rong Shu could not laugh or cry, "Auntie, I've lost weight."

"I've lost weight everywhere. I used to have some flesh on my face." Mrs. Lu said.

Rong Shu replied, "It used to be baby fat, so it looks like there's more meat. Alright, auntie, let

's go into the house."

After entering the villa, Rong Shu found that there was no one else, so she couldn't help asking, "Is my uncle not here?"

"He is playing golf with others outside, don't care about him, Xiao Shu, tell your aunt about the past six years. How's it going?" Madam Lu watched the press conference and eagerly wanted to know about her.

"Okay." Rong Shu nodded, and then explained her life in Fu's family as simply as possible, lest Mrs. Lu feel distressed.

But Mrs. Lu was still very angry after hearing this, and couldn't help patting the coffee table, "The Fu family is really not a good thing, Xiaoshu, why don't you tell your uncles and aunts what they are doing to you? Tell us, we will give you If you support her, they will definitely not dare to bully you."

"That's right, I said about her before." Lu Qi nibbled at the apple and nodded in agreement.

He has always been angry at Rong Shu's behavior of being bullied and not telling him during his marriage.

But he still cares for her more than he is angry with her.

Seeing Madam Lu and Lu Qi's concern, Rong Shu felt warm in her heart, and her eyes gradually warmed, "Because I don't want my uncle and aunt to worry."

Her parents are gone, and the closest people are Madam Lu and the others.

She can ask Mrs. Lu and the others to support her a few times, but she can't let them support her all the time. After all, they are not her real relatives, and they will be annoying over time, so she might as well not look for them in the first place.

"You." Madam Lu tapped Rong Shu's forehead and sighed.

Rong Shu knew that she was indignant, smiled, and hugged her arm affectionately.

Madam Lu's heart softened suddenly, and she stroked Rong Shu's hair.

Suddenly, Lu Qi frowned and sniffed twice in the air, "Mom, what did you cook? It's delicious."

Mrs. Lu stared and stood up abruptly, "Yeah, my seafood porridge!

" After finishing, she hurried to the kitchen to save her porridge.

Fortunately, it was discovered in time, and the porridge was preserved.

Mrs. Lu came over with two glasses of juice and put it in front of Rong Shu, "Drink first with a smile and watch TV for a while. Auntie goes to the kitchen to cook two dishes, and you can eat in a while."

"Okay Auntie." Rong Shu smiled and nodded.

Mrs. Lu looked at Lu Qi, "Go and help me."

"Help?" Lu Qi couldn't believe what he heard. He blinked and pointed to his nose, "Mom, are you kidding me? I can help..."

"Are you going?" Mrs. Lu's expression changed. plate.

Lu Qi didn't dare to refuse, and stood up with a headache, "I'll go, why don't I go."

Then he followed Mrs. Lu to the kitchen dejectedly.

Seeing him like this, Rong Shu giggled.

In the kitchen, Lu Qi looked left and right, "Mom, what did you want me to do?"

Mrs. Lu gave him a sideways look, "I don't know how useless you are, I'm still afraid that you will do things for you. The kitchen blew up for me."

Lu Qi curled his lips aggrievedly, "Then why did you ask me to come here?"

"I asked you to come here because I wanted to ask you what you think of Xiaoshu, do you still like Xiaoshu?" Mrs. Lu looked at him.

Lu Qi's expression changed, "Mom..."

"You want to ask, how do I know you like Xiaoshu, right?" Mrs. Lu interrupted him directly, knowing what he wanted.

Lu Qi's lips moved, and he acquiesced.

That's right, he likes Rong Shu, and has liked it since he was a child.

But he knew that Rong Shu didn't like him and only regarded him as his best friend, so he never revealed his feelings for her, and he always thought that he had done a good job of covering it up. No one found out, but he was discovered by his own mother.

"I didn't know it at first. It was the night of Rong Shu's wedding six years ago. You were drunk and you said it yourself."

Speaking of which, Mrs. Lu sighed, "To be honest, when I first heard it, I was also shocked. If I had known that you liked Xiaoshu so much, I didn't think of her as a sister. I would match you with everything I said, but who told you to hide it so tightly, it would be too late by the time I knew it. Okay."

Lu Qi touched his nose and didn't dare to answer.

While choosing dishes, Mrs. Lu said, "You haven't answered me yet. Do you still like Xiaoshu?"

Lu Qi turned his head, passed the kitchen door, and looked in the direction of the living room, with strong friendship in his eyes, "My heart for her has never changed."

"That's right, now that Xiaoshu is single again, you have the courage to chase after you and turn your fake boyfriend into a real boyfriend." Mrs. Lu encouraged.

She really likes Xiaoshu.

So I wish Xiaoshu would marry her son.

Lu Qi shook his head, his eyes dimmed, "No, baby doesn't like me, I suddenly chase after her, it will only scare her, that's fine." It's not like

he hasn't seen a boyfriend pursuing a girl before, but there are really very few people who can be together. Basically, girls are scared away and stay away from male best friends. After all, not everyone can accept male best friends as boyfriends.

He didn't want to do the same with Rong Shu, and he didn't dare to take risks. He would rather be her best friend all the time. At least this way, he could stay by his side.

## Chapter 104 Dating

Mrs. Lu saw that Lu Qi was clearly moved, and finally gave up, and couldn't help poking him in the forehead, "You, it's because you have too many scruples and are too timid, so you always miss Xiaoshu."

"How can you blame me." Lu Qi was a little aggrieved.

Madam Lu gave him a white look, "Why don't you blame you? If you pursued Xiao Shu directly before, Xiao Shu might have accepted you."

"It's not that simple." Lu Qi lowered his eyes and smiled bitterly, "Not all girls. Boys can accept boyfriends."

"You never asked Xiaoshu, how do you know Xiaoshu can't accept it?" Madam Lu pouted.

Lu Qi choked.

Madam Lu waved her hand angrily, "It's alright, alright, go out quickly, standing here in the way, it's annoying to watch."

"You clearly let me in." Lu Qi's eyes widened.

Madam Lu didn't bother to pay attention to him and pushed him out of the kitchen.

"This kid is really helpless. I'm afraid of this and that, and I'm too scared!" Mrs. Lu shook her head helplessly. "It seems that I have to take action as a mother and create opportunities for him."

Thinking of this, Mrs. Lu took out her mobile phone and made a call, "Hey, Lao Chen, I heard that you have a horse farm, right?"

"Yes, what's wrong?" A loud middle male voice.

Mrs. Lu smiled, "Lend me two days to play on weekends. I'm going to use it to match my son and future daughter-in-law."

She planned to trick Aqi and Xiaoshu over there to ride horses for two days, and then arrange for the two of them. Some little scares, little excitement or something.

Maybe the relationship between the two has grown by leaps and bounds.

However, Mr. Chen replied apologetically, "I'm afraid it won't work, someone has already made a reservation."

Mrs. Lu frowned, feeling a little unhappy.

Who is so unethical.

Actually grabbing ahead of her?

"How many people are there?" Mrs. Lu asked.

Mr. Chen replied with a smile, "Two, it seems that they are also to cultivate feelings."

"There are only two people." Mrs. Lu's eyes lit up, "Then why don't you talk to them and arrange for two people to come over? , I promise that my son and future daughter-in-law will not disturb them."

"This..." President Chen was a little embarrassed.

Mrs. Lu put her hands on her hips, "Old Chen, have you forgotten how I helped you before?"

Mr. Chen smiled heartily, "Okay, okay, I don't want to show this old face, go and tell them, this Head office, right?"

"That's right." Mrs. Lu hung up the phone contentedly, and greeted her for dinner.

After the meal, Rong Shu touched her slightly bulging belly and slumped on the sofa to digest food, "Auntie, your cooking skills are as good as ever."

Madam Lu smiled so much that her eyes were bent, "Since you think Auntie's skills are good, then Come back with Ah Qi in the future, and I'll cook it for you."

"Okay." Rong Shu nodded, "Then I won't be polite to you, auntie."

"You're welcome, I like cooking the most, but Ah Since your uncle is always away, no one eats the dishes I cook." Madam Lu complained.

Hearing this, Lu Qi, who was cutting apples, rolled his eyes, "Mom, you are talking nonsense with your eyes open, obviously you often go shopping and travel and don't have time to cook, so why do you blame me and my dad? "

What are you talking about, stinky boy, I think you are asking for a beating!" Madam Lu threw her fists angrily.

Lu Qi didn't cut the apple anymore, and jumped up to dodge.

As he hides, his mouth is still mean, "I can't fight, I can't fight."

Rong Shu looked at the fight between mother and son, holding her stomach and laughing.

The atmosphere in the living room is very warm and happy.

Soon, it was getting dark.

Rong Shu looked at the time, it was almost eight o'clock, and she said goodbye.

Mrs. Lu wanted to keep her here, but she refused.

"Aqi, send Xiaoshu back." Mrs. Lu pushed Lu Qi.

"You don't need to say I will." Lu Qi grabbed the car keys on the coffee table, "Let's go baby."

“Yeah.” Rong Shu nodded, then waved to Mrs. Lu, “Goodbye auntie!”

“Goodbye.” Madam Lu also waved.

Rong Shu followed Lu Qi out of the villa, got in the car and left.

An hour later, Repulse Bay arrived.

Rong Shu unfastened the seat belt and opened the car door, “Then I’ll go first.”

“Okay.” Lu Qi responded.

Rong Shu closed the door, walked around the front of the car, and walked towards the building.

At this time, Lu Qi received a text message, the son sent by Mrs. Lu, go to your Uncle Chen’s racecourse with Xiaoshu for a date on the weekend. Mom has already agreed with Uncle Chen, and the rooms in the big villa are also prepared for you. Now, Mom, I believe you will be able to catch up with Xiaoshu, come on!

Lu Qi’s mouth twitched.

Damn, this is matching him and baby.

But it’s a date...

Lu Qi’s eyes flashed, he rolled down the car window, saw Rong Shu who was about to walk into the building, squeezed his fist, summoned up his courage and shouted, “Baby.”

“What’s wrong?” Rong Shu Stop and turn around.

Lu Qi took a deep breath and tried to put on a sly smile on his face, so as not to let her see that he was nervous, “Just now my mother sent a message saying that she wants us to go to Uncle Chen’s racecourse on the weekend.”

“Huh?”

He said It was so fast that she didn’t hear it.

Lu Qi scratched his hair, simply opened the car door and got out of the car, walked towards her, stopped in front of her, and repeated what he just said, “My mother had booked Uncle Chen’s horse ranch before and was going to go horseback riding, but it just happened on the weekend. She wants to go shopping in Europe, so let us both go to the horse farm for her, so that the money will not be wasted.”

When he spoke, he was afraid to look her in the eyes, for fear that she would see that he was lying.

However, Rong Shu didn't pay attention to him either. All her attention was drawn to the word "horse riding". She nodded with bright eyes, "Okay."

She hadn't ridden a horse for a long time, not since she married Fu Jingting.

Now that I think about it, she was really stupid back then, giving up so much entertainment for a man who didn't love her.

"That's great, I'll pick you up that weekend." Lu Qi breathed a sigh of relief and said with a smile.

Rong Shu hummed, "I'll go back first."

"Go." Lu nodded.

Rong Shu was about to turn around.

A thought suddenly appeared in his mind, and he stopped her immediately, "Wait."

"Is there anything else?" Rong Shu looked at him suspiciously.

Lu Qi looked away, "There is something on your head."

"Something?" Rong Shu raised her hand and touched her hair, "No."

"It's not there, don't move, I'll get it for you." Lu Qi said .

"Oh." Rong Shu obediently stood still.

Lu Qi stretched out his hand towards her head, and his body slowly moved towards her, then lowered his head, his lips slowly approaching her forehead.

Just when Lu Qi's lips were about to touch Rong Shu's forehead, Rong Shu suddenly asked, "Are you all right?"

Lu Qi stopped the car in time, with a forced smile on his face, "It's alright."

He put his hand down, took a step back, and returned to the position where he stood just now, sighing with a wry smile in his heart, full of regret.

Just now, he almost kissed her.

But that's fine. What if his kiss scared her and she doesn't go horseback riding on weekends?

In the black commercial car across the road, Fu Jingting looked at the two people standing under the building with a gloomy expression, and clenched his hands on his lap tightly, and a trace of nameless anger rose in his heart.

For some reason, when he saw Lu Qi kissing Rong Shu, he really wanted to kill Lu Qi.

"Go!" Fu Jingting pursed his lips and commanded in a cold voice.

### Chapter 105

Assistant Zhang responded and started the car.

The moment the car drove out, he quickly glanced at Rong Shu and Lu Qi, full of sighs in his heart.

I really don't know what President Fu is thinking, to divorce Miss Gu and Miss Rong.

As a result, after the divorce, she paid attention to Miss Rong. Now she is unhappy when she sees that Miss Rong is close to her boyfriend. If I knew it now, why bother in the first place?

The departure of the commercial vehicle did not attract the attention of Rong Shu and Lu Qi.

Rong Shu looked at Lu Qi's hand, "Didn't you say there's something on my head, where is it?"

"It's a small feather, it must have been rubbed on something by you, I've lost it." Lu Qi He waved his hand back.

Rong Shu didn't have any doubts, and nodded slightly, "Okay, then I'll go in, you go back early."

"Yeah." Lu Qi responded.

Rong Shu turned around and left.

Lu Qi stood there and watched her. He didn't leave when she disappeared in the elevator, but raised his head and looked upstairs.

When I saw the light of a certain window on a certain floor, I smiled, lifted my numb feet and walked away.

The next day, Rong Shu came to Tiancheng. As soon as he walked into the office, before sitting down, Tong Xi walked in anxiously, "It's not good, Mr. Rong."

"What's wrong?" Rong Shu took off the shoulders 's bags.

Tong Xi didn't know what to say, so she handed the tablet directly to her, "Mr. Rong, you can see it yourself."

Rong Shu took it suspiciously, and then looked down.

The tablet was playing a troubled video, and the video was a little shaky. At first glance, it was shot by a mobile phone, but it was very clear.

Rong Shu saw an old lady and a middle-aged woman sitting on the ground crying and scolding.

Beside them, a group of construction workers surrounded them and pointed at them.

The video is not long, Rong Shu finished it quickly, her face was a little ugly, "This is our construction site, right?"

"Yes." Tong Xi nodded.

"Why are these two people making trouble at our construction site?" Rong Shu pointed at the old lady and middle-aged woman in the video, frowning tightly.

Tong Xi sighed, "This video is from the foreman. The foreman revealed that these two women said that our excavator threw clods of soil and killed their husband and son."

"What?" Rong Shu was stunned, "Smashed her husband and son to death?"

"That's what the two women said, saying that their husband and son were hit and died on the spot when they passed by at night." Tong Xi replied.

Rong Shu laughed angrily, "At night? The construction site is not open at night, who will use the excavator, and besides, the entire construction site is enclosed, and the excavator is also working in the central area. How did their husband and son get in? Can the block be thrown for hundreds of meters?"

This is obviously a false accusation!

What's more, the construction team was sent by the relevant department. If someone was killed, the relevant department could not handle it, and would not let the two women have the opportunity to go to the scene to make trouble.

Tong Xi also thought it was ridiculous, "Now those two women are there, arguing for us to compensate."

"How much?" Rong Shu knew that this was a fake, so she didn't worry anymore, she took a sip of coffee. He took a sip and asked lightly.

"Five million." Tong Xi stretched out one hand and spread out five fingers. "They said, if we don't deserve it, we'll go online and make trouble, so that we can't build a factory."

"Five million, what a big lion. ." Rong Shu sneered, "And I think the money they want is fake. The real purpose should be to make it impossible for us to build the factory."

Five million, whoever pays is a fool.

"No way." Tong Xi didn't believe it, "they are only two women, why don't they let us build a factory?"

"It's not that they won't let them, but the people behind them won't let them." Rong Shu narrowed her eyes.

Tong Xi opened his mouth wide, "Mr. Rong means that someone bribed these two women to make trouble?"

"Eighty percent of the possibility, it's just these two women, how can such a bold person blackmail us? Apparently, someone was behind them to support them, and the five million compensation, the people behind them knew very well that we would neither give nor pay, so the purpose was obvious." Rong Shu said coldly.

Secretary Tong suddenly said, "So it turns out, this is too hateful, who the hell can't get along with us?"

Rong Shu pursed her red lips, "Did you forget, who has been thinking about my piece of land?"

"It's Gu Yaotian Gu Boss!" Tong Xi said immediately.

Rong Shu nodded, "That's right, it should be him. He let go of his harsh words when he didn't buy the land from me, and also stopped all the engineering teams in Guohai from building a factory for us. Now Gu Yaotian knows that. Our factory is still under construction, and it will definitely mess up."

"It's so shameless." Tong Xi scolded angrily.

Rong Shu's lips curled up coldly, "Yeah, it's really shameless, but his move is really good. According to the law, once there is a death on the construction site, the work will be suspended for three months, and these three Employee wages and related expenses will be paid during the month."

"There is also a high late fee for the construction period." Tong Xi added.

Rong Shu nodded, "That's right, once our factory building cannot be completed within the construction period, these costs will be enough to bring down our company. This is Gu Yaotian's plan to kill two birds with one stone."

It can make her unable to build the factory, or she can Bring down her company.

It can even destroy her reputation. Who made her construction site dead? It will be very difficult for her to make a comeback at that time. This move can be described as cruel!

"Then Mr. Rong, what should we do?" Tong Xi looked at Rong Shu worriedly.

Rong Shu was still in no hurry, but instead laughed, "It's okay, if he wants to make trouble, let him make trouble."

"What do you mean?" Secretary Tong was a little confused.

Rong Shu didn't answer and asked, "How is the construction of the museum of the relevant department?"

"The foundation has been laid."

Rong Shu's eyes flashed with a glimmer of light, "Well, if you find a way to reveal it to Gu Yaotian, just say that It's also the factory we built."

Secretary Tong understood something, his eyes lit up, and he gave Rong Shu a thumbs up, "Mr. Rong, you're a good move."

Rong Shu smiled, "Remember, don't let He found out that we revealed it."

"I understand."

"Go out, don't worry about the future, someone will take care of Gu Yaotian." Rong Shu waved her hand.

"Yes." Secretary Tong turned around and went out.

It didn't take long for Gu Yaotian to receive the news and patted the table with a dark face, "What, she built two factories?"

“Yes, because the land is too big, it would be too wasteful to build only one factory, so it was repaired. Two.” The assistant replied respectfully.

Gu Yaotian’s old face twitched.

No matter the location or the topography of the land, the land has high commercial value. Building a factory is a waste. No matter how many factories are built, it is a waste.

Gu Yaotian felt that his heart was bleeding when he thought that the piece of land that belonged to him had been so spoiled by Rong Shu.

“President Gu, do we still have to send someone to make trouble?” the assistant asked cautiously.

Gu Yaotian’s old face was very gloomy, “What do you think, this time I sent a gang of scumbags over and smashed her factory building for me!”

“Understood.” The assistant nodded and immediately went to do it.

At this time, Fu Jingting and Assistant Zhang came in from outside the office.

“Uncle, I just heard that you are going to smash Rong Shu’s factory?” Fu Jingting frowned slightly, and his tone could not be heard of joy or anger.

Gu Yaotian waved his assistant to go out, and then looked at him, “You heard?”

“Almost.” Fu Jingting nodded slightly.

Gu Yaotian squinted, “You’re asking this, are you trying to stop me and help your ex-wife?”

Chapter 106 Gu Yaotian was arrested

“No.” Fu Jingting walked to the sofa and sat down.

It was the engineering team sent by the state who built the factory building for Rong Shu, so it was natural for the state to deal with it.

He doesn’t need help at all!

Gu Yaotian’s face improved a bit, and he followed, “Then why are you asking this?”

“Did my uncle forget the fox man?” Fu Jingting looked up at him.

A trace of hatred flashed in Gu Yaotian's eyes, and he gritted his teeth and said, "Of course I remember, but so what, this time I did it very covertly, and I didn't leave any traces on the Internet, so he couldn't find me."

"There is nothing absolute. Fu Jingting turned over a teacup and filled himself with a glass of water, "As long as you have the heart to check, there is nothing you can't find."  
"Alright, alright, are you here to teach

me?" Gu Yaotian felt a little dissatisfied.

He always thought that he was an elder and Fu Jingting's future father-in-law, so he didn't like Fu Jingting's attitude when talking to him. It was too casual. In his opinion, Fu Jingting should treat him respectfully.

However, Fu Jingting's identity and power are far higher than him, even if he thinks so, he can't say it directly.

Seeing that Gu Yaotian was impatient, Fu Jingting stopped reminding him. After taking a sip of tea, he put down the teacup, "I am here to discuss the last cooperation with my uncle. I have already read the project, but there are a few. What needs to be modified."

Assistant Zhang behind him handed him a document.

After he opened it, he put it on the coffee table, then turned his head and pushed it in front of Gu Yaotian, "It's just these places, I've made a note, uncle can take a look."

"Okay, I'll take a look." Gu Yaotian picked it up document.

After reading it, he nodded thoughtfully, "It's really better than what I was before, then I'll ask someone to revise it and send it to you after the revision."

"Okay." Fu Jingting stood up, "Then uncle, I'll leave first. "

After that, he left with Assistant Zhang.

In the car, Assistant Zhang glanced at the rearview mirror, "Mr. Fu, don't you think that Mr. Gu is too conceited? If you don't leave traces on the Internet, you won't be able to find out what he did."

Fu Jingting pinched the bridge of his nose. "During this period of time, he suffered losses at the hands of Rong Shu and the fox man several times. His temperament has become very impatient, and he is eager to teach Rong Shu a lesson, so the means are naturally not very clever."

"That's right." Assistant Zhang He nodded, then thought of something, and asked, "By the way, Mr. Fu, why don't you remind Mr. Gu that Miss Rong's factory was built by the

engineering team sent by the relevant state departments. Mr. Gu is going to smash it, and it will definitely be done. They were found and arrested by the relevant departments.”

Fu Jingting lowered his eyes, covering the darkness in his eyes, “No need, Gu Yaotian has always wanted to oppose Rong Shu, and it’s too extreme, it’s better to teach him a lesson to be calm and calm.”

“Really . Is that so?” Assistant Zhang squinted, obviously a little disbelieving.

Fu Jingting’s face sank, “Then what do you think it is?”

I thought you wanted to help Miss Rong fix President Gu.

I thought so, but Assistant Zhang didn’t dare to say so, and quickly adjusted his expression and replied seriously, “Nothing.”

Fu Jingting snorted coldly and let him go.

At 2 o’clock in the afternoon, Rong Shu successfully heard the news that the museum had been smashed. It was a group of gangsters who smashed it and completely overturned the foundation that had just been laid for the museum.

According to the leaders of the gangsters, they covered the land, and they had to pay for the protection.

Then, they were caught.

“It really deserves it!” Tong Xi said happily, “I really thought the museum was so bad.”

Although the engineering team that built the museum was the same team that built their factory.

However, due to the different employers employed, the engineering team in charge of their factory could not directly arrest the two women unless they ordered it, but the engineering team that built the museum did not need to, and could arrest people directly.

“What’s up with those bastards now?” Rong Shu asked with hooked lips.

Tong Xi quickly sorted out his expression and answered, “I have been sent to the police station. The above attaches great importance to this matter and should be interrogated severely, but I don’t know if those gangsters can stand it.”

“I see, then you send Someone go outside the police station to watch and tell me if there is news.” Rong Shu nodded.

“Yes.” Secretary Tong turned around and went out.

In the police station, the gangsters were extremely frightened at the moment.

They knew that they might come in, but what they didn't expect was that they were interrogated not by ordinary police officers, but by special police types.

Looking at the weapons in the hands of the special police officers and the electric baton on their waists, their faces turned pale.

Where have they seen this kind of battle.

Therefore, under the interrogation of the special police officers, these gangsters did not dare to talk nonsense at all, and honestly explained everything, saying that someone told them to do this.

The special police officer launched an investigation based on the information of the gangsters, and soon found Gu Yaotian's head.

Then Gu Yaotian was taken away by several police officers at the meeting.

When he was caught, his face was full of disbelief, and his eyes were still a bit blank.

He didn't seem to understand how he was exposed.

The arrest of Gu Yaotian was soon exposed on the Internet.

There is a lot of discussion on the Internet, all speculating on what law the chairman of Sansheng Group has committed.

For a time, the stock market of Sansheng Group plummeted, dropping several points, and the shareholders were anxious.

Tiansheng Group, Rong Shu and Lu Qi were in a good mood when they saw the news on the Internet.

Lu Qi even opened a bottle of red wine to celebrate, “Gu Yaotian is doing this, the old antiques from Sansheng Group should doubt his management ability.”

Rong Shu shook the glass, “Unfortunately, I don't have enough funds , otherwise I would definitely take the opportunity to buy the scattered shares of Sansheng Group.”

At this time, the stock market of Sansheng Group was in chaos, and it was easiest to acquire shares.

Lu Qi smiled and approached her, “I'll give it to you.”

“Forget it, even if I buy it now, it won’t be of much use.” Rong Shu shrugged.

“Okay.” Lu Qi sat back in disappointment, “Speaking of which, if it wasn’t for that netizen of yours asking you to cooperate with the relevant departments, we really wouldn’t have broken Gu Yaotian so easily this time.”

“You reminded me. .” Rong Shu took out her phone.

Lu Qi looked at her, “What’s the matter?”

“Say thank you to him.” Rong Shu smiled, found zh, clicked in, and typed in the text to thank you.

Fu Jingting was in a meeting when suddenly the phone beside his hand rang.

Not loud, but very loud in a quiet conference room.

Everyone looked at him.

His eyes flickered slightly, and he said softly, “Continue to summarize.”

“Yes.” Everyone responded and lowered their heads.

Only then did Fu Jingting pick up the phone and open it. When he saw Rong Shu’s thanks, he instantly understood what she was thanking, but he pretended not to know what to thank me for?

Rong Shu typed thank you for the idea you gave me last time, otherwise I would definitely not be able to deal with Gu Yaotian now.

zh It turned out to be this, you don’t need to thank me, you already thanked me last time.

Rong Shu smiled. Anyway, I still want to thank you. When will you return to China?

Back home?

Fu Jingting frowned suspiciously.

Although she didn’t know why she thought he was abroad, she didn’t deny it, and it was not clear to follow her words for the time being.

Rong Shu has some inexplicable regrets. Well, let me know when you return to China. I will invite you to dinner. Thank you for your help.

Fu Jingting slightly raised the corners of his lips.

Chapter 107 What do you like about her?

After that, Rong Shu stopped talking and put down the phone.

Lu Qi pouted, "Have you been chatting long enough?"

Rong Shu heard the sourness in his tone, and couldn't help but rolled his eyes at him, "Okay, don't you want to go back to your company? Don't leave?"

"Oh, woman, you know to drive me away!" Lu Qi stood up, yin and yang angrily.

Rong Shu didn't know whether to laugh or cry, so she didn't bother to care about her, so she picked up a document and read it.

...

the family.

When Mrs. Gu learned that Gu Yaotian was arrested, she was stunned on the spot. She didn't know what to do, she just cried.

She was sitting on the sofa with a box of tissue papers on her lap.

On the coffee table in front of her, there was already a small pile of paper balls.

"Manyin, what do you think we should do?" Madam Gu looked at the daughter opposite her with red eyes from crying.

Gu Manyin didn't cry, she bit her lower lip tightly, "I don't know, I'll call the uncle in the group to see if there is a way to bail Dad out."

"Then call me." Madam Gu urged.

She is just a full-time wife, and has always depended on Gu Yaotian to survive.

Now that Gu Yaotian was arrested, she felt that the sky was falling.

Gu Manyin took out her mobile phone and called a shareholder who was quite close to the Gu family.

The call was quickly connected.

However, after a few minutes, Gu Manyin took the phone from her ear with a bad expression.

Seeing this, Mrs. Gu had a bad premonition in her heart, but she still asked expectantly, "How is it?"

Gu Manyin shook her head, "Uncle Lin said, Dad sent someone to destroy the museum built by the relevant departments, and the evidence is conclusive. , cannot be released on bail."

Madam Gu's face turned pale, and she felt that the whole world was spinning.

She clutched her chest and cried even more, "How could this be...why is your father going to destroy the museum!"

Gu Manyin didn't speak, she lowered her head to cover the distortion on her face.

She couldn't understand, her father obviously let people destroy Rong Shu's factory, how could it be the national museum that was destroyed in the end?

What's going on here?

"Manyin, go to Jing Ting." Madam Gu suddenly thought of a way and grabbed Gu Manyin's hand.

Gu Manyin looked at her, "Looking for Jing Ting?"

"That's right, since your dad can't be released on bail, the only way is to let the officials release him. Are Jing Ting and Cheng Huai good friends? Let Jing Ting go with Cheng Huai. Talk about it, let your dad out." Madam Gu nodded.

Gu Manyin's eyes lit up and she stood up, "I'll go right now."

No matter what, she must save her father, otherwise, after a long time, the position of father's chairman will definitely be removed by the board of directors, even if father's hands The company still has the most shares, but it has lost control and voice over the group.

At that time, her status in Miss Qianjin's circle was definitely not that high.

Gu Manyin left Gu's house with her bag and went to Fu Mansion.

When Fu Jingting came back from get off work, he saw her here, chatting with Wang Shujin.

“Jing Ting.” Gu Manyin saw Fu Jingting and stood up with a smile, “You’re back.” Wang Shuqin

also laughed, “I just said why Manyin suddenly stopped talking, it turned out to be seeing Jing Ting, that’s fine. , my elder will not bother you here.”

“Auntie.” Gu Manyin blushed, a little embarrassed.

Wang Shuqin covered her lips, smiled and walked away.

“Why are you here?” Fu Jingting put down the briefcase in his hand and looked at Gu Manyin.

Gu Manyin walked up to him and hugged his arm, “Why, I can’t come?”

“No, you can tell me if you want to come, and I’ll pick you up.” Fu Jingting took her back to the sofa and sat down Down.

Gu Manyin poured him a glass of water, “It’s alright, I’ll drive over by myself, so you don’t need to pick it up.”

Fu Jingting snorted, his eyes flickering, “Suddenly, what’s the matter?”

Gu Manyin hesitated . After a while, he asked, “Jing Ting, do you know about my father’s arrest?”

“Yes.” Fu Jingting sighed, “So you came to me for your uncle?”

“Yes.” Gu Manyin nodded, “Jing Ting, can you help my dad, he really didn’t mean to destroy the museum.”

Wasn’t it intentional?

A sneer flashed in Fu Jingting’s eyes, but he disappeared again soon, and shook his head slightly, “I can’t help, I have inquired about my uncle, the evidence is solid, and the country does not allow bail.”

“I know, I don’t want you to bail Dad, Instead, I want you to tell Mr. Cheng that as long as the Cheng family operates, Dad will definitely come out.” Gu Manyin looked at him with wet eyes, her eyes full of anticipation.

Fu Jingting frowned, “The Cheng family can indeed rescue the uncle, but the Cheng family won’t do that, because once they do, the Cheng family’s opponents will seize the handle and deal with the Cheng family, do you understand Man Yin?”

Furthermore, this year coincides with the change of the leaders of the city, and the Cheng family also wants to sit in that position.

Therefore, the Cheng family will never make themselves a little wrong.

“I don’t understand.” Gu Manyin’s eyes turned red instantly, “You didn’t even say it, how do you know the Cheng family wouldn’t do that?”

Fu Jingting frowned deeper, “Manyin, do you think I’m lying to you? “

I didn’t.” Gu Manyin’s eyes flashed and she whispered back.

But Fu Jingting could still see that her words were not right, she pursed her thin lips, and felt exhausted for a while, “Anyway, don’t worry about this, uncle..”

“How can I not care.” Gu Manyin squeezed tightly. The palm of her hand interrupted him, “That’s my dad. I can’t just watch him go to jail. Since you won’t help me, I’ll find a way myself!”

After she finished speaking, she ran away crying.

Fu Jingting wanted to stop her, but for some reason, he was unable to speak out.

On the second floor, Fu Jinglin was lying on the railing and looked down, “Brother, aren’t you chasing?”

“No, it’s better to let her calm down.” Fu Jingting rubbed his aching temples.

Fu Jinglin curled his lips, “Sister Manyin is also true, you didn’t say no to help, bro, she herself believes that you won’t help, obviously bro, you just want to save Uncle Gu in another way, but she understands If you don’t, it’s unreasonable to kill you

.” “Okay, don’t say a few words.” Fu Jingting scolded impatiently.

Fu Jinglin snorted, “I’m going to say, I can see clearly, brother, you refused Sister Manyin’s request to find Brother Cheng, and she blamed you, I can see it now, Manyin Sister is not as good as she usually does, she has a small heart.”

Fu Jingting lowered his eyes and said nothing.

Seeing that he didn’t refute his words, Fu Jinglin opened his mouth in surprise, “No, brother, do you think Sister Manyin has a small heart?”

Fu Jingting gave him a cold look. Not only was he not afraid, but he ran down excitedly, “Brother, when did you know that Sister Manyin has a small heart? Now that you know, why do you still like Sister Manyin

? What do you like about her?”

What?

Fu Jingting's eyes flickered slightly. Speaking of which, he couldn't remember exactly what he liked about Gu Manyin.

What he loves is the girl who communicates with him. The girl is kind, beautiful, and lively. She is like a little sun that can warm everyone.

But in Man Yin, he doesn't seem to see this much.

He even wondered several times, is Manyin really the girl who communicated with him?

But if it's not a manga, who would it be?

“Brother, what are you thinking?” Fu Jinglin reached out and waved in front of him when he saw his eldest brother lost his mind.

Fu Jingting pursed his lips, “It's nothing, I'll go upstairs first.”

“Brother, you haven't answered my question yet.” Fu Jinglin followed behind him.

Fu Jingting ignored it completely and closed the door.

Chapter 108 The Grandmother Falls Injured

Fu Jinglin almost hit his nose by the door panel, but fortunately he stopped the car in time.

Afterwards, he sighed and turned away dejectedly.

...

The next day, Rong Shu and Lu Qi were looking at documents in the office, Secretary Tong hurried in, “Mr. Rong, it's not good, Gu Yaotian has been released.”

“What?” Rong Shu's face changed, “I was Released?”

“When did it happen?” Lu Qi also asked.

Tong Xi glanced at him quickly and replied respectfully, “Just this morning, he also posted on the official website of Sansheng Group, saying that he was not breaking the law when he was taken away by the police, but was cooperating with the investigation. Now The stock market of Sansheng Group has also basically stabilized.”

“How could this be!” Lu Qi frowned and could kill a mosquito.

Rong Shu bit her lip, “There must be something going on here, otherwise Gu Yaotian would not be able to be released.”

“I’ll ask someone to inquire.” Lu Qi said, and took his mobile phone to the balcony.

Rong Shu lowered her eyes, the expression on her face was really bad, and her mood was also very irritable.

She thought that if Gu Yaotian was in jail, she would be able to bring down the Sansheng Group faster.

After all, without Gu Yaotian, the old fox in the Sansheng Group, it is like a tiger with its teeth pulled out.

Thinking of this, Rong Shu rubbed his temples a little unwillingly.

At this moment, the door of the office was knocked.

Rong Shu put down her hand and said, “Come in.”

Someone outside came in. It was the secretary of Duan Xingbang, president of Tiansheng Group.

Why is his secretary here?

“What’s the matter?” Rong Shu looked at him and asked lightly.

The secretary smiled at Rong Shu and replied, “Vice President Rong, President Duan asked you to go to the conference room for a meeting.”

Hearing this, Rong Shu’s pupils shrank.

Duan Xingbang is back!

when did it happen?

Rong Shu immediately looked at Tong Xi who was waiting on the side.

Tong Xi also shook his head in surprise, saying that he didn’t know, and that he hadn’t heard of President Duan’s return.

Rong Shu pursed her lower lip, her heart was very heavy, but there was a light smile on her face, “I see, you tell President Duan, I’ll be there in a while.”

“Okay.” The secretary replied, gone.

When Lu Qi came in, he felt that the atmosphere in the office was not right, and Rong Shu’s face was also a little bad. He couldn’t help asking Tong Xi, “what’s the matter, baby?”

Although he was used to hearing him call Mr. Rong baby, every time When I heard it, I was still a little sad.

Tong Xi lowered his eyes to hide the sadness in his eyes, and tried his best to answer in a natural tone, “It’s Mr. Duan back.”

“What, when did he come back, why is there no wind at all?” Lu Qi narrowed Eye.

Rong Shu pursed her lips, “It seems that he deliberately didn’t let us know that he was back, for fear that we would stop him.”

To say that in the entire Tiancheng Group, whoever dislikes her the most must be Duan Xingbang. Duan Xingbang was the first in the past. A group of people who followed Dad, after Dad died, Tiancheng Group fell into the hands of Duan Xingbang.

Last month, if it wasn’t for Duan Xingbang’s business trip, even if she was the largest shareholder of Tiancheng Group, she would not be able to get the management rights of Tiancheng Group. I am afraid that Duan Xingbang thought she would stop him from coming back because of the management rights, so she would hide her whereabouts and sneak back. Yes.

“Did he suffer from paranoia?” Lu Qi rolled his eyes.

Rong Shu sighed and stood up, “Okay, let’s go to the conference room first.”

Lu Qi didn’t say anything, nodded and walked with her to the conference room.

Just as the two were about to reach the conference room, Rong Shu suddenly received a call from Fu Jingting.

Rong Shu was surprised at first, then hung up the phone and didn’t plan to answer.

She has made it very clear that she doesn’t want to have anything to do with him anymore.

Therefore, there is no need to answer this call.

“Who?” Lu Qi asked.

Rong Shu's eyes flickered, and she shook her head. Just as she was about to answer someone she didn't know, her phone dinged again.

Fu Jingting sent a text message Grandma is sick and wants to see you.

Rong Shu's face changed slightly, her eyes were full of worry, and she ignored the thought that she didn't want to have anything to do with Fu Jingting, and called back directly, "What's wrong with grandma?"

Fu Jingting heard the eagerness in her tone, Shen Sheng replied, "I fell when I got up to go to the toilet last night."

"What?" Rong Shu raised the volume, her heart almost flew out of fear, she held the phone tightly with both hands, and asked again, "Grandma fell How is it, is it serious?" If

a young man fell, he could easily fall and be seriously injured.

Not to mention an old man of that age.

"Don't worry, grandmother is lucky, but her leg is broken, everything else is fine." Fu Jingting answered while pinching the bridge of his nose.

Rong Shu breathed a sigh of relief, "That's good, is that grandmother in the hospital now?"

Fu Jingting nodded slightly and hummed.

"I see, I will visit my grandmother in the afternoon." Rong Shu said.

"I'll pick you up."

"No." Rong Shu was expressionless and refused in a cold voice, "You just need to send me the location."

After she finished speaking, she hung up the phone.

Fu Jingting looked at the phone screen that had jumped back to the main menu, and pursed his thin lips.

In the past, he hung up on her first, but now that she is divorced, she hangs up first.

It turned out that being hung up indifferently was such a bad taste.

"Fu Jingting's phone number?" Lu Qi glanced at Rong Shu's cell phone, with undisguised sourness in his tone.

Rong Shu didn't know what he was sour, and nodded, "Grandma fell, I'll go see her in the afternoon."

"She is Fu Jingting 's grandmother. You and Fu Jingting are both divorced, so what should I visit?" Lu Qi pouted and said.

Rong Shu put away the phone, "Don't say that, my grandmother is very good to me, she fell, I have to go, okay, let's go, don't keep President Duan waiting for a long time."

Lu Qi shrugged his shoulders.

The two pushed open the door of the conference room and entered. It was already full of people. Dozens of eyes stared at the two of them. They were both shareholders and senior executives of Tiancheng Group.

Rong Shu glanced at it, and then turned his attention to the main seat of the long conference table.

Before today, she had been sitting in that position, but now, another person was sitting.

The current president of Tiansheng Group, Duan Xingbang.

"Mr. Duan, welcome back." Rong Shu greeted Duan Xingbang with a smile.

Duan Xingbang turned the pen, "I thought my niece didn't come to the meeting for so long, because I'm not satisfied with Uncle Duan's return."

Rong Shu's eyes sank, but the smile on her face remained the same, "Why, it's just something delayed. It's only for a while, Duan is always an elder, don't be angry with your niece."

Duan Xingbang squinted his eyes, and finally looked at Rong Shu seriously.

Originally, he wanted to use her lateness as an excuse to give her a slap in the face and let her know that even if she was the largest shareholder, he was the one in power of the group.

Unexpectedly, this little girl directly used her elder niece to hit him back and asked him to take back her majesty. Otherwise, she would bully the younger generation based on her identity as an elder. The reaction was so fast, it seemed that he really underestimated her.

Duan Xingbang replied without a smile, "Of course not, you Uncle Duan, I haven't been so careful, I'm angry with my niece."

"Then thank you, President Duan." Rong Shu replied with a smile.

Lu Qi gave her a thumbs up under the table, and said in a low voice, "Baby, you are awesome."

"Don't make trouble." Rong Shu rolled his eyes at him.

Duan Xingbang had a panoramic view of the small movements of the two, his old face was gloomy, "Okay, everyone is here, the meeting officially begins."

#### Chapter 109 The Battle for Management Rights

Everyone immediately sat up straight.

Duan Xingbang began to tell about his business trip abroad.

After he finished speaking, he immediately shifted the topic to Rong Shu, "I already know about what happened in the group during my absence. My niece managed it well for me, it's hard work."

For?

Rong Shu frowned, then smiled, "Mr. Duan is very polite. How can I say that I am also the largest shareholder and vice president of the group. It is my duty to manage the group, and hard work is also deserved."

Duan Xingbang twitched the corner of his mouth . , I was angry and angry.

This little girl's film is really not easy to deal with.

He didn't believe she didn't hear it, he meant to take back the management of the group.

"Well, niece is really sensible, but you Uncle Duan, I'm back now, niece, you don't have to be so fortunate." Duan Xingbang looked at Rong Shu and said with a faint smile.

Rong Shu also smiled and looked at him, "It's alright, I'm still young, I like to endure hardships quite a bit, Mr. Duan doesn't have to worry."

Duan Xingbang's face collapsed in a flash.

Other executives and shareholders in the conference room bowed their heads one after another, daring not to make a sound.

They really did not expect that Vice President Rong would dare to directly compete with President Duan for power.

Is there any confidence in this, or is a newborn calf not afraid of tigers?

Even Lu Qi was stunned by Rong Shu's boldness.

Although I felt that it was inappropriate for Rong Shu to compete with President Duan for power at this time, it was too impulsive.

But he loves her, so no matter what she does right or not, he will stand by her unconditionally.

"Come on baby." Lu Qi made a kick to Rong Shu.

Rong Shu didn't know whether to laugh or cry, "Shut up."

Lu Qi smiled and closed his mouth.

Duan Xingbang saw that Rong Shu was still in the mood to flirt and flirted with his beard and stared angrily, "Little girl, are you serious?"

Rong Shu smiled, "Of course, I am the largest shareholder of the group and President Fu of the group after all. , If you don't have any management power, it's not good? So I want half of it!"

She actually knew that she could not compete with Duan Xingbang. After all, Duan Xingbang has been managing the group for so many years, and most of the executives and shareholders here are his people.

But she was really unwilling to ask her to return all the management rights, so she had already decided that even if she could not win all the management rights, she would at least fight for half of it.

Duan Xingbang laughed angrily, "Young people these days are really ambitious, why didn't I find out that your niece has such big ambitions?"

Rong Shu ruffled her hair and replied calmly, "That's because I used to be Dad's under the wing, and now that Dad is gone, I should naturally stand up to face the storm, if Dad is still alive, he must be very happy for me, Uncle Duan, don't you think so?"

Duan Xingbang clenched his fist and covered it. Keeping the ruthlessness in his eyes, he gritted his teeth and replied, "That's what you said."

This little girl's film is really good, she deliberately brought out Rong Hao to press him, reminding him that he was brought out by Rong Hao, and he is now To treat Rong

Hao's daughter like this is to be ungrateful and a white-eyed wolf, but he still can't refute it. If he refutes, wouldn't it be the title of a true white-eyed wolf, and what will the public opinion comment on him at that time?

Moreover, the shares in his hands are not comparable to this little girl's film. If public opinion affects Tiancheng, all shareholders will definitely have opinions on him, and then they will jointly hold a shareholders' meeting to re-elect the group manager. At that time, he had been for many years The business is completely doomed.

Thinking of this, Duan Xingbang's chest heaved violently, but he held back his anger and did not let out his anger. He looked at Rong Shu sullenly, "The niece is really your father's biological daughter, okay, I can give you half, but... .."

Rong Shu's eyes flashed, "Uncle Duan, please say."

She knew it wouldn't be so simple.

He must have counted her again.

Duan Xingbang picked up a document next to him, "This is a joint cooperation project on new energy technology. It took me a lot of effort to get the meeting qualification for this cooperation project. The sponsor of the cooperation plans to find five partners, as long as If you can get Tiancheng to get one of the cooperation positions, I will give you half of the management rights." After a

pause, he said, "On the contrary, if you can't get it, you must give up the management rights and leave Tiansheng, when the Your ordinary shareholder, of course, if you can't get the management right in the end, don't blame me and you for breaking the bank and destroying Tianzhu, niece, what do you think?"

"You are a threat!" Lu Qi Point to him.

Rong Shu pressed down Lu Qi's hand and looked at Duan Xingbang, "Okay, I promise."

"Baby..."

Rong Shu turned her eyes to Lu Qi with a serious expression, "Aqi, you should know Tiancheng. What does it mean to me, so even if it's a trap, I have to jump, do you understand?"

Lu Qi opened his mouth and was suddenly speechless.

Rong Shu smiled contentedly, and stretched out her hand to Duan Xingbang, "Give me the cooperation case."

Duan Xingbang handed it to her with a smile, "Two o'clock in the afternoon is the time for the meeting, niece, don't be late like this time.

" Think she can get a co-op position.

The sponsor of the cooperation has already said that he will only cooperate with the most powerful companies. Tiancheng is not qualified at all, so he will wait for her to lose to him.

the conference has ended.

Lu Qi answered the phone and left.

Rong Shu returned to the office with the cooperation case. After sitting down, she immediately looked at it.

It was not until one o'clock in the afternoon that she closed and read the cooperation case many times, and drove to the meeting place, the Universal Hotel.

When we arrived at the hotel, it was already 1:50, and the meeting was about to start in ten minutes.

Rong Shu parked the car and ran into the hotel with high heels. When she saw an elevator was about to close, she quickly shouted, "Wait, I'm going in too."

This voice...

Fu Jingting narrowed his eyes and stretched out his hand. , directly against the elevator door that was about to close completely.

The elevator door sensed an obstacle, stopped closing, and reopened door.

Seeing this, Rong Shu's eyes lit up, knowing that the people inside were waiting for her, so she quickened her pace again.

Finally, she got into the elevator, put her hands on her knees, bent over, and gasped, "Thank you."

Fu Jingting looked down at her, his eyes just falling on her neckline.

Through the drooping neckline, he clearly saw her fair face, which was rising and falling with her panting, very attractive.

Fu Jingting's eyes darkened, and he replied in a low voice, "No thanks."

“...” Rong Shu’s movements wiping sweat suddenly stopped, thinking that she had heard it wrong, she immediately stood up straight, looked up and saw

that it was indeed Fu Jingting, she covered her eyes helplessly.

God, are you playing with her?

Why did she get into an elevator casually, and the person in the elevator was him?

Rong Shu pursed her red lips, took two steps to the side with a small face, and opened the distance between him and Fu Jingting.

Fu Jingting saw that there were at least three people standing between her, Jun’s face darkened.

Is he the plague?

To avoid him like this?

Fu Jingting lowered his eyelids, feeling a little irritable.

Soon, the elevator arrived.

Rong Shu didn’t want to be in the same space with him for a long time, so she went out first.

As a result, just two steps away, she heard footsteps behind her.

“Isn’t it?” Rong Shu twitched the corners of her mouth, then turned her face slightly, and looked back with her peripheral vision. Seeing Fu Jingting really walking behind her, she couldn’t help but make a bold guess in her heart.

Could he be the same destination as her?

As Rong Shu got closer to the box, this guess became more and more certain.

Until Rong Shu stood outside the box door and turned to look at Fu Jingting, through the slight surprise in Fu Jingting’s eyes, he thought it was completely certain that he was also here to attend the meeting.

Also, the Fu Group is the leader of the sea market, and he is also the ruler of the Fu Group. How could such a hugely profitable cooperation case be without him.

Chapter 110 Acting in a Play

“Don’t you want to go in?” Fu Jingting also knew that Rong Shu was here to attend the meeting, although she didn’t know where she got the qualification for the meeting.

Rong Shu bit her lower lip, “You go in first, I don’t want to go in with you.”

She could hear that there were many people in the box.

If you go in with him, some people will think about it, after all, their relationship is so embarrassing.

Fu Jingting seemed to see something, and lowered his eyes, “There are still three minutes, if you are late, you will be disqualified from the meeting.”

After speaking, he pushed open the box door and went in.

Rong Shu looked at his back in surprise.

Is he reminding her?

But whether it was or not, Rong Shu took it seriously in her heart, stared at her watch, waited until the minute hand made a full circle, then took a deep breath and pushed the door in.

Her appearance caused the people inside to widen their eyes in surprise.

“This is Mr. Fu’s ex-wife, right?”

“He is also the vice president of Tiansheng Group.”

“How come a company like Tiansheng Group that is about to go bankrupt has obtained the meeting qualification?”

Everyone whispered and discussed in low voices.

Only Fu Jingting and Gu Yaotian did not.

Fu Jingting lowered his head slightly, as if sorting out the information in his hand, but in reality he was looking at Rong Shu out of the corner of his eye.

Seeing her face such an occasion, she did not show a trace of timidity and nervousness, she couldn’t help but curl her lips, and a flash of admiration flashed in her eyes, which was fleeting.

Gu Yaotian, on the other hand, squinted his eyes, staring at Rong Shu coldly, wishing to tear her apart.

Rong Shu sensed his hostility and was not afraid, but smiled generously at him, "Mr. Gu, long time no see."

Gu Yaotian was suddenly stunned.

He actually saw the shadow of his mother from this dead girl.

Especially the smile just now, like the mother's provocative smile when she was young.

Rong Shu didn't know why Gu Yaotian suddenly looked at him, he was stunned, and he didn't bother to guess. He took his eyes back and turned his attention to Fu Jingting.

Fu Jingting is sitting at the main seat of the conference table. It can be seen that he is the initiator of this new energy joint cooperation project.

For a time, Rong Shu's heart sank to the bottom of the valley.

She herself is not very sure about getting the cooperation position, because the strength of Tiancheng Group is there, and there is no advantage, but she still has a glimmer of hope.

But now, the co-founder is this ex-husband who has no feelings for her at all, and even hates her. He will definitely not cooperate with her. What should she do?

Rong Shu lowered her head, her breath a little low.

Seeing this, Fu Jingting frowned slightly.

What's up with her?

"Mr. Fu, it's time." At this time, Assistant Zhang reminded.

Fu Jingting withdrew his attention to Rong Shu, put down the information he had organized, and then scanned the people present, "Have you all seen the cooperation case?"

"Yes." Everyone nodded.

Fu Jingting lifted his thin lips lightly, "This new energy technology is the latest research of our group's research department, and it can be applied to many industries. It can not only greatly improve industrial efficiency, but most importantly, environmental protection."

Moved, He added, "At present, this technology is already known. Since Fu's monopoly is not allowed, I will ask you to come and choose five suitable partners from among you to use this technology together."

Rong Shu Suddenly, she whispered, "So that's how it is."

When she got the cooperation case handed over by Duan Xingbang, she felt strange, the co-founder has such a good technology, why not use it herself, it turns out that it can't be monopolized.

Also, if this technology is dominant, it will easily cause a serious imbalance in the domestic economy, which is absolutely not allowed.

"Mr. Fu, we all know what you said, but I have a question." Suddenly, Gu Yaotian raised his hand.

Fu Jingting looked at him, "What's the problem?"

Gu Yaotian set his eyes on Rong Shu.

Rong Shu frowned slightly, knowing in her heart that this person was going to target her again.

Sure enough, Gu Yaotian pointed at Rong Shu, "When you invited us to the meeting, you said that you would only invite the top 20 companies in the sea, and choose the five most suitable companies for cooperation. Then ask Mr. Fu, Why do people from Tiancheng Group come here?"

Others looked at Rong Shu with deep meaning.

Rong Shu clenched her hands tightly, her face ugly.

Only then did she know that Fu Jingting only invited the top 20 companies. How did Duan Xingbang get the meeting qualification?

And Duan Xingbang didn't tell her, he made it clear that he wanted these people to humiliate her.

Rong Shu's body trembled.

Seeing her like this, Fu Jingting was inexplicably a little distressed, but the expression on his face was as cold as ever, "It's an additional quota. I asked Assistant Zhang to get it. Some medium-sized enterprises can be drawn by lottery, which is also to give them a chance."

"What should I do? I've never heard that you even got an additional quota, and it was so coincidentally chosen by Tianzhu, Jing Ting, could it be that you gave it to her on purpose?" Gu Yaotian looked at him with suspicion on his face.

Fu Jingting's face sank, "Mr. Gu, if you don't believe me, you can check it yourself. Well, the meeting will continue."

Seeing that he was a little unhappy, Gu Yaotian snorted and stopped talking.

Although he is his future father-in-law, he has not married Man Yin yet.

So, don't make him angry too much.

"Mr. Gu has made it very clear just now that I will only select the most suitable company for cooperation in public. As for how to judge whether it is suitable or not, the best way is to cooperate with the plan."

Fu Jingting glanced at everyone's faces and said Rong Shu's face was frozen for two more seconds, "Each of you will formulate a cooperation plan, which includes the application, value, advantages and disadvantages of new energy, etc., and send it to Fu Group next Monday, and I will follow your plan. Whether you are good or bad determines whether you are suitable."

"This method is good." Everyone nodded.

Gu Yaotian acted as a demon again, "Mr. Fu, you won't open the back door for Deputy Rong because she is always your ex-wife?"

Fu Jingting's expression turned cold and he was about to speak.

Rong Shu took the lead with a smile and said, "President Gu, I have nothing to do with President Fu anymore, how could he let me go through the back door? Even if he had a relationship before, he wouldn't know, but President Gu, you are President Fu's now. Future father-in-law, then you are the most qualified person to go through the back door, and..."

She looked at the man in the main seat with a half-smile, "You are now President Fu's prospective father-in-law, as long as you speak, President Fu will definitely give it to you. You leave a place, even if your plan is not good, after all, he still married your daughter, right?"

As soon as these words came out, the eyes of everyone looking at Fu Jingting and Gu Yaotian became a little wrong.

Especially the one who looked after Gu Yaotian showed a hint of hostility.

Yes, Gu Yaotian is President Fu's prospective father-in-law, and President Fu will definitely reserve a place for him.

Although there is nothing wrong with this in reason, but psychologically, it feels very unfair. Why should everyone compete together, but Gu Yaotian can directly reach the sky by relying on relationships.

Gu Yaotian felt the anger of these people, and his face was distorted.

This dead girl did it on purpose, deliberately inciting him and these people to break his back.

Because he did intend to let Jing Ting give him a cooperation position directly, but now these people are staring at him because of what the dead girl said. If he still gives Jing Ting the green light, then he is equivalent to working with more than a dozen companies at the same time. stood on the opposite side.

Thinking of this, Gu Yaotian suppressed the anger in his heart, and said without a smile, "Don't worry, everyone, of course I won't do that."

"President Gu won't, but that doesn't mean Miss Gu won't." Rong Shu Not intending to let him go, he held his cheeks and said with a smile, "As long as Miss Gu goes to tell President Fu, President Fu will definitely agree."

Fu Jingting clenched his fists and said in a cold voice, "In your eyes, I am just a lecher . A delusional person?"
