Not them

As we all know, the entire sea knows that the Ronglu family has a good relationship.

She and Lu Qi are childhood sweethearts who grew up together.

If it is said that the photos are not processed, they will be sent out as they are, and everyone knows that the photos are of her and Lu Qi, then there will definitely be some people who will not believe the content of the photos.

So the Squirrel Department deliberately processed the photo, blurring A Qi's face, making it impossible for people to recognize the person in the photo as A Qi, and only making people think that the man in the photo was a man dressed in fancy clothes and looking like a man.

Only with such a man can people believe that what the photos say is true.

After all, such a man is very good at coaxing a woman at first sight. She 'betrayed' Fu Jingting, probably because of this man's 'sweet words', she couldn't help it.

Realizing the sinister intentions of the Squirrel Department, Rong Shu was trembling all over.

"Tong Xi, if you hadn't reminded me, Aqi's face in the photo was processed, and I didn't even notice it." Rong Shu's beautiful hand shook and clenched it, and it took a while to suppress the anger in her heart. said the secretary.

There was no way, she was really annoyed by the rumors of the squirrel department and the comments on the Internet, so for a while, she didn't pay too much attention to other things that were wrong in the photos.

In short, if there is no reminder from Secretary Tong, she may not find out for a while.

Secretary Tong waved his hand, "Chairman, it's nothing, but Chairman, have you found something wrong?"

"You said." Rong Shu looked at her.

Secretary Tong pointed to the comment area on the computer, "It's just these comments, all of them are bad comments, or they're just a panacea comment that doesn't seem too important to watch the fun, in short, there is not a single positive comment, although I also know that those netizens on the Internet are not interested in

the public. The attitudes of the characters are not very good, and they are even a little gloomy. I wish they fell to the bottom and never get up again, but no matter what, there are always some people who are kind and will not be so malicious on the Internet. Some pertinent comments.” After a

pause, she added, “What’s more, Chairman, you and Mr. Fu still have so many C fans. Even if some of them think the rumors on the Internet are true and lose their fans, they are definitely not. There will be some true fans who really like you and Mr. Fu. They have always believed in you and always supported you. Therefore, these fans will definitely leave a message on the Internet to support you and help you clarify, but there is none of them. No matter how you look at it, it’s not normal, I think, there must be a navy army.” After

speaking, Secretary Tong casually clicked into the personal homepage of an account with bad comments.

Looking at this personal homepage, Secretary Tong sneered, “Sure enough, just click on one, the personal homepage is so clean, there is no information at all, obviously, it is a trumpet that just registered, not a water army, chairman, someone deliberately Fix you.”

Secretary Tong looked at Rong Shu.

Unexpectedly, the expression on Rong Shu’s face was very calm, and she was not surprised by the truth told by Secretary Tong at all.

Secretary Tong couldn’t help asking in surprise, “Chairman, you already guessed it?”

Rong Shu snorted, “Yes, as early as the moment I saw these bad comments, I had some doubts, in this world , There are bad people and good people, so in the same way, if there are bad reviews, there will naturally be fair reviews. This is an unchanging law in the world, but I haven’t seen a single good review. Even if I do, it will be published. It disappears after a second of posting, which is clearly telling me that someone is manipulating the comments behind this, leaving only those bad comments, and all the positive comments have been deleted.”

“That’s the case, I just said that Chairman, you don’t care at all. Surprised.” Secretary Tong lifted his chin suddenly.

Then frowned, “Chairman, who did this thing?”

Rong Shu shook her head, “I don’t know.” It

happened so suddenly, where did she have the time to think about who was behind it.

“Is it the person who intercepted our company’s parts?” Secretary Tong suddenly guessed.

Rong Shu looked at her, “Why do you think it’s him?”

Secretary Tong explained, “Because you have a grudge against the chairman, there are only a few, Rong Yuan is still in prison now, she doesn’t have that ability, and probably doesn’t. Dare, after all, she went to prison to use public opinion to spread rumors about you, followed by Gu Jia, but Gu Jia is also unlikely. Recently, a notice was clearly issued, and the investigation object of the sea market selected by the country’s commercial investigation team is Gu Jia’s. Sansheng Group, Sansheng Group has been very busy recently, and is cleaning up all kinds of evidence that may be picked up by the state as a typical shameful evidence, so I don’t have the time to count on you, Chairman, so apart from these few people, the rest, It was the person who intercepted our parts. Yesterday, Mr. Fu helped bring the parts back. Maybe that person was unwilling, so he shot again.”

“It’s very possible that you analyzed it, but this time, I think It shouldn’t be the one who intercepted our parts.” Rong Shu shook her head slightly.

Secretary Tong looked at her, “why?”

“I never told you that the person who intercepted our parts was an old man in his fifties.”

“Old man?” Secretary Tong was stunned, obviously not expecting, The person behind this is actually an old man.

She thought it was a young man.

“That’s right, it’s an old man.” Rong Shu nodded , then pointed to the news on the computer screen, “And you didn’t find out, what is the real purpose of this news?”

“Isn’t it to smear your reputation, Chairman? ?” Looking at the computer screen, he expressed his conjecture with some uncertainty.

Rong Shu nodded and shook her head, “You’re only right, this news is indeed to smear my reputation, but this is only one of the purposes, after all, there are many ways to smear a person, why do you choose to use the scandal between men and women? What? What does it mean? It means that the person behind it wants me to break up with Fu Jingting.”

“Want you to break up with President Fu?” Secretary Tong was shocked.

Rong Shu snorted, “yes, what do you think is the most unbearable thing for a man?”

Secretary Tong seemed to understand something, and subconsciously replied, “being betrayed.”

She pointed to the top of her head and said Such betrayal.

Rong Shu lowered her eyes, “Yes, the most unbearable thing for a man is the betrayal of his own woman, especially for a man with Fu Jingting’s status, strong self-esteem and strong personality, if I Betrayed him, even if he loves me again, he will choose to separate from me, so the people behind him choose to use scandals to spread rumors about me. Because of this, there is a half chance that Fu Jingting will suspect me and break up with me. But if the person behind it really just wants to smear my reputation, he can use more vicious means, which effect is better than the scandal?”

“I see.” Secretary Tong touched his chin, “ The reason why the people behind you don’t use a more vicious way to smear you, the chairman, is because the people behind you know that as long as you don’t make that kind of mistake, the chairman will not give up on you easily according to President Fu’s feelings for you. So the talent behind it would rather give up those sinister methods and choose this kind of rumors that come to create you online.”

The person behind is a woman

“That’s right.” Rong Shu nodded, “that’s what it means.”

“Then the person behind this is a woman?” Secretary Tong’s eyes widened.

Rong Shu nodded slightly, “Yes.”

The person behind this is 100% a woman.

Of course, there are also men who love her and wish that she and Fu Jingting broke up, including Ah Qi and Xiao Chuan.

But even if the two of them wanted her to break up with Fu Jingting, they would not choose such a rude way.

After all, this approach, while most likely to serve its purpose, also ruined her reputation.

They absolutely don’t do that.

Even if they want to ruin their reputation, they will only ruin Fu Jingting.

But now the situation on the Internet is that she 'off the rails'. Fu Jingting is an innocent person.

The answer is naturally obvious. The person behind it is a woman who likes Fu Jingting.

"Now you should understand why I said that the person behind is not the one who intercepted our parts?" Rong Shu looked at Secretary Tong.

Secretary Tong nodded, "Understood, but who is the person who intercepted our parts?"

"It's Su Cheng, the one from the Su family in the capital." Now that the parts have been taken back, Rong Shu didn't want to hide her intentions. Yes, I told her so readily.

Secretary Tong was slightly surprised, "it's actually him."

"That's right." Rong Shu's eyes were slightly cold, "the reason why he intercepted our company's parts is because I sent his daughter to the police station, and he wanted to blackmail him for it. I let his daughter go."

"Daughter" Secretary Tong thought for a while, seemed to have thought of something, and looked at her quickly, "Chairman, if I remember correctly, the person you sent to the police station recently was the one who targeted Mr. Fu and wanted to dig your corner. , and then you asked for a public apology online, and in the end, the woman who ruined your dress seems to be called Su Man, right? That Su Man is Su Cheng's daughter?"

"That's right." Rong Shu replied.

Secretary Tong smacked his hand, "I didn't expect that they were father and daughter, the chairman of the board, so it is possible that Su Cheng did this today, you forgot, but Su Man took a fancy to it. Mr. Fu, I want to dig your corner, Su Cheng is doing this, most likely for Su Man, only if you are separated, Su Man will have a chance."

Rong Shu was amused by her guess, "If it was someone else, Then your guess may be right, but it is absolutely impossible for Su Cheng and his daughter. There is a great hatred between Su Cheng and Fu Jingting. How could he marry his daughter to Fu Jingting? Why? If you marry your daughter, don't you give Fu Jingting the chance to use his daughter to get revenge on him? He would only do it if he's crazy."

Secretary Tong was taken aback by her words, "So it turns out that Su Cheng There is still such a relationship with President Fu, so it seems that Su Cheng did not do this for his daughter, and his daughter could not do it herself. After all, the person is still in the police station, then It can only be other women, Chairman, is there any other woman

who likes President Fu, is jealous of you, wants you to break up with President Fu, and takes up the position?”

Rong Shu pinched her brows and replied tiredly, “How do I know that there are so many women who like Fu Jingting and want to beat me to the top, from the sea market to the capital, after all, Fu Jingting’s wealth and appearance are there, so there are thousands of suspicious people. Now, it’s too difficult to find out the real mastermind among these thousands of insiders.”

“That’s true too.” Secretary Tong nodded, “but there are more people who like President Fu, but you didn’t say that President Fu left it out a long time ago, so women who like President Fu have never been seen before. I was afraid of offending President Fu and causing trouble in the family, but this time, the mastermind behind the scenes dared to do this, which shows that the family background behind this woman is definitely not simple, at least it will not be any worse than the Fu family. So she is not afraid of offending President Fu. Even if she is offended, she is not worried about what will happen to herself and her family background. She may even save the squirrel department, so the squirrel department is so courageous. Maybe the chairman, we can check from this point. Rong Shu subconsciously sat up straight, “

You reminded me, but there are still a few families in the country that can achieve the points you mentioned.”

“It’s really not good, just call the squirrel directly. Ministry asked, use the name of President Fu to warn and threaten them, and see if they say anything.” Secretary Tong thought for a while and suggested.

Rong Shu smiled, “Are you trying to make me fake a tiger?”

“For the purpose, some methods can be used if they can be used. Why not use Mr. Fu’s name so well?” Secretary Tong also smiled back.

Seeing that she was a lot more lively these days than when she was pregnant, Rong Shu felt a little relieved. She nodded and said, “Okay, then I’ll ask.”

“I’ll help you find a phone number.” Tong Secretary Wan Wan Waist, operate it on Rong Shu’s computer.

Rong Shu didn’t stop her and watched her move.

When Secretary Tong found the phone number from the squirrel department, she immediately picked up her mobile phone, entered the phone number that Secretary Tong found, and called.

At the same time, the door of the office was knocked again.

Rong Shu's phone has not been answered yet. After Secretary Tong said to her, he walked towards the door and opened it.

Standing outside the door was an assistant.

"What's the matter?" Secretary Tong looked at his assistant and asked.

The assistant didn't answer immediately, but looked inside and saw Rong Shu behind the desk, and then said, "Secretary Tong, there are many reporters downstairs in the company who want to interview the chairman."

"What?" Secretary Tong frowned.

Rong Shu, who was behind the desk, also heard it, and was not surprised.

After all, as long as there is any news, these reporters are just like dogs who smell the stench, and they will come in a swarm.

Now she doesn't know how many times she has been approached by these reporters.

"Chairman, what do you say?" Secretary Tong knew that Rong Shu heard the assistant's words, so he didn't mean to convey it, and asked her what she thought directly.

Rong Shu looked at the screen of the phone that was still calling, lightly opened her red lips and said lightly, "Don't worry about them, just drive them away."

"Go away?" Secretary Tong hesitated, "Don't you need to send someone down to explain? First of all, let's clarify that what happened on the Internet is false, not what the Squirrel Department released. After all, there are too many speculations about you on the Internet. If it goes on for a long time, it will not be good for your reputation, so let's clarify through these media first."

"It's useless." Rong Shu shook her head. "Someone is behind the scenes. Even if it is clarified, I think the content released at the end will definitely be different from what was said in the interview at that time, so there is no need to do this."

"But if you don't send people down to deal with these reporters, these reporters will definitely say that what the Squirrel Department released is the truth, and you dare not accept the interview because of your guilty conscience." Secretary Tong said.

Rong Shu smiled lightly, "It doesn't matter, this matter has to be resolved in the end anyway, so let them talk, they will be slapped in the face anyway, and who knows that these reporters were not arranged by the people behind them? If it is, isn't it more dangerous for me to go down?"

Secretary Tong was startled, thinking so.

Secretary Tong in the bathroom stopped persuading him, "That's fine, I'll tell the security guards to send those reporters away." As

she said that, she was about to go out.

"Wait." Rong Shu stopped her.

Secretary Tong stopped and looked back at Rong Shu, "Is there any other order from the chairman?"

Being followed by someone

"You don't need to go, just let the assistant beside you go. You go to the hotel where Aqi and I went yesterday, and try to copy a copy of the monitoring process of me and Aqi going in and out of the hotel." Rong Shu squinted and said. .

Secretary Tong hesitated to speak, "Chairman, I don't think the monitoring can be obtained, and the people behind will definitely be afraid that you will get the monitoring to clarify the matter, so it is very likely that the monitoring will be carried out before you get the monitoring. Destroy it."

"I also thought of what you said, but no matter what, I have to give it a try." Rong Shu replied with a frown.

Secretary Tong thought so too, nodded, "Okay, I'll be there in a while, but Chairman, do you want to tell President Fu about this?"

Rong Shu chuckled, "It's such a big deal, I don't need to tell him. , he will know it himself, and the people around him will also tell him, and the reason why he hasn't contacted me now is probably because he is busy. For the time being, the people around him haven't had time to let him know, don't worry, wait for him to know. Now, he'll call me."

"Then I'm relieved." Secretary Tong patted his chest, "Only Mr. Fu also knows about this matter, and this matter can be resolved in the end."

“Yes, after all, with him It’s also related, if you find the person behind the scenes, you still need him to take action.” Rong Shu waved his hand, “Go, whether you can find the surveillance or not, tell me immediately.”

“Good chairman.” Secretary Tong responded. Next, I went out with my assistant.

Rong Shu was the only one left in the office.

Rong Shu looked at the computer in front of her, the more she looked at it, the more angry she became, and then she closed the computer’s web page directly, unable to find a way out of sight.

Then, she picked up her phone again and called the squirrel department again.

Called just now, the line has been busy over there, and no one answered.

She guessed that there must be a lot of people calling the squirrel department to ask whether this is true or not, so the line is busy.

Hope this time, I can get through.

Maybe God heard her heart, this time the phone actually got through, and an ordinary male voice came, “Which one?”

“Rong Shu.”

The other end of the phone suddenly fell silent, and after a while, there was some heavy and nervous breathing.

Obviously, when the person on the other end of the phone heard that it was her, the whole person panicked.

Rong Shu sneered in her heart.

Sure enough, this squirrel department is very problematic.

Otherwise, why are you so scared when you hear it’s her?

At this moment, the person on the other end of the phone also regretted Mo Die and wished to slap himself.

Really, when I don’t come in, I have to come in at this time, otherwise I won’t receive this call.

How unlucky!

After the man cried out inwardly, he took a deep breath, then quickly pretended that he didn't understand anything about his clothes, and politely replied to Rong Shu on the phone, "I'm sorry, miss, we don't know you, if there is nothing else, I will hang up here first, I wish you a happy life, goodbye."

After that, he was about to hang up.

But at this moment, Rong Shu suddenly snorted coldly, "If you dare to hang up, I will dare to let Fu Jingting take over your squirrel department, and let everyone in your squirrel department go home from unemployment. If you don't believe me, try it.!"

This was said to be extremely domineering.

In particular, the indifference and arrogance in her tone made people dare not even suspect that she was joking.

At least the man on the other end of the phone didn't dare to doubt that Rong Shu couldn't do it.

The man complained more and more in his heart, with a look on his face that he was about to cry, and said to the phone, "I'm sorry Miss Rong, I'm just a little secretary, I"

"Okay." Rong Shu frowned and interrupted him impatiently, "Since you called me Miss Rong, it seems that you recognized me and knew the purpose of my call, right?" The man was silent, too. default.

Rong Shu clenched her phone tightly, "Since you know, why don't you explain it honestly?"

"Miss Rong, I'm a little secretary." The man spoke again, repeating what he just said, trying to deal with Rong Shu in this way .

But Rong Shu didn't want to do this, and the corners of his mouth raised a cold arc, "Don't tell me you're just a little secretary, the phone I made is the office phone number of the editor-in-chief of your squirrel department, you can answer the phone call of the editor-in-chief's office without authorization. , it means that your status is not low, you are either the secretary-general of the editor-in-chief or a special assistant, then you must know a lot, so don't try to prevaricate me with you being just a little secretary." The

man wanted to cry even more.

Why is this lady so smart?

There is really no way of life for him.

The mourning on the man's face became more intense, "Miss Rong, I"

"Okay, hurry up!" Rong Shu scolded sharply, "If you don't say it, don't blame me for fulfilling what I just said, I will not only make you all unemployed, you can even leave a note on your resume, so that you will never find a job in the future, if you don't believe it, try it." The

man shuddered, was frightened, and nodded quickly, "I said I said, Rong Miss, I'll tell you everything you want to know." Just

kidding, he's not a fool, he can still be tough in the face of such a threat.

After all, these people knew that the scandals on the Internet were fake, and Miss Rong had never betrayed President Fu.

Since there is no betrayal, the relationship between the two is naturally good.

The rumor that Miss Rong is having an affair will naturally anger Miss Rong and President Fu.

It's no wonder that President Fu doesn't deal with their company.

Although that person told the editor-in-chief that he would keep their company, he never said that he would keep the employees of the company.

Although he is a secretary, he is also a part-time worker. When President Fu fights with that person, there will naturally be victims.

After all, no matter how powerful that person is, it is impossible to compare to President Fu. That person can protect the company and the editor-in-chief under President Fu, but he will never be able to protect their employees, so they will naturally become victims in the end.

At that time, being reduced to a victim, the end will definitely not be lighter than what Miss Rong said will never be able to find a job again, and it may even be more serious.

So in order to protect himself, why didn't he say anything?

Although I said that I will be fired from the company and be held accountable, but at least there will be no stains on my resume, and I can find a job again in the future.

If not, there is no future.

A dead Taoist friend is not a poor Taoist, and he will go out.

Thinking, the man looked left and right and saw that he was the only one in the office, he no longer hesitated, he quietly covered his mouth with his hand, lowered his voice and said into the phone, "Okay, Miss Rong, I said everything, you want to know. I'll tell you everything."

Seeing that the other party was so aware of current affairs, Rong Shu knew that her threat had worked.

Sure enough, moving Fu Jingting out is very useful.

The corner of Rong Shu's mouth twitched with satisfaction, but her tone was still very cold, "Tell me, who asked your squirrel department to send someone to follow me and take those pictures secretly?"

She and President Li agreed to meet at that hotel, but did not publicize it. go out.

Therefore, it is impossible for the outside world to know her whereabouts.

Then the person who took the photo was able to accurately take the photo of her and Ah Qi just arriving at the hotel, which obviously means that someone had been following them, otherwise it would not have been so coincidental that this scene happened to be captured.

And she didn't find out from the beginning to the end that she was being followed!

Rong Shu pursed her lips, her little face was full of disgust, disgust for the people behind the scenes.

Waiting for your good news

Because this person made it clear that he wanted to seize this kind of opportunity, maybe he would send someone to follow her secretly very early to understand all her movements.

Perhaps, even in Tiancheng, there are people who have been bought.

On the other end of the phone, the man didn't know what Rong Shu was thinking at the moment. Hearing her question, he shrank his neck and quickly replied in a low voice, "Miss Rong, I'm really just a little secretary, and I don't know much. All I know is that it

was a woman who asked our squirrel department to contact the paparazzi to watch you secretly, waiting to take pictures of your scandal.”

Sure enough.

Rong Shu narrowed her eyes coldly.

She guessed right.

The person behind the scenes is a woman.

And that woman, was planning it a long time ago.

“When did your squirrels stalk me secretly?” Rong Shu asked again.

The secretary scratched his head, “I don’t know the exact time. After all, our editor-in-chief personally ordered the contact with the paparazzi, not us secretary assistants. I can only give an uncertain time, about a week ago.”

“A week ago.” Rong Shu snorted coldly, “It was longer than I thought.” The

secretary shrank his neck, “Because the editor-in-chief was afraid that he would not be able to take some misleading photos in a short period of time, so he was in a We arranged staff a week ago to give the paparazzi more time to follow you and take such misleading photos.”

“Then do I have to praise your squirrels for being very thoughtful?” Rong Shu sneered.

The secretary smiled, “Miss Rong is joking, this is what our editor-in-chief meant, and it has nothing to do with me, and this week, the paparazzi have not photographed anything, and our editor-in-chief can’t communicate with that woman, so that woman was very good yesterday. Dissatisfied, I called the editor-in-chief, urged the editor-in-chief to hurry up, and if I couldn’t take a photo, I faked it. As a result, before the editor-in-chief faked the photo, the paparazzi who followed you came to the news that they had photographed you and a man entering and leaving the hotel. , Miss Rong, you will know what happened next.”

Rong Shu didn’t speak.

It’s all so clear, don’t you know?

It’s nothing more than taking a photo, the editor-in-chief can communicate, and the woman behind is also satisfied.

Then the woman asked the squirrel department to adjust the photo a little, and then edited a paragraph of specious content to publish it, deliberately spreading rumors, so as to achieve the purpose of smearing her and letting Fu Jingting break up with her.

It's a pity that the woman probably didn't know, but Fu Jingting knew about her and Ah Qi entering and leaving the hotel.

I want her to break up with Fu Jingting and daydream!

A trace of coldness flashed in Rong Shu's eyes, and she asked again, "Who is that woman?" The

secretary shook her head, "Miss Rong, I just said, I'm just a little secretary, I don't know much, I just told you everything I know. Now, since I didn't say who that woman is, it means I really don't know, because the contact with that woman from beginning to end is our editor-in-chief. I also asked our editor-in-chief curiously, but our editor-in-chief seems to be The taboo is very deep, he refused to tell me, only said that the family background is not simple, not easy to mess with, it seems to have something to do with the Fu family."

Although this person did not reveal the specific identity of the person behind the scenes.

But the information revealed by this remark is also quite a lot.

Rong Shu bit her lower lip and whispered, "It has something to do with the Fu family."

She guessed with Secretary Tong before that the people behind the scenes are not afraid of Fu Jingting, and the family background is definitely not simple.

But I never thought that it was still related to the Fu family.

Just don't know what the relationship is, relatives?

or something else.

"Yes, that's what the editor-in-chief said." The secretary nodded, "and I also asked the editor-in-chief before that if we spread rumors about you on the Internet, it would attract revenge from President Fu. At that time, the editor-in-chief told me confidently, That woman will protect our company, so our editor-in-chief will not be afraid of President Fu and publish this scandal."

"I see, I know." Rong Shu's face was cold, and she answered lightly.

Regarding what the secretary said, she had guessed before.

It's just confirmation now.

The secretary smiled again, "Miss Rong, I have told you everything I know. If you want to take revenge, can you spare me and go directly to the editor-in-chief? After all, I am a part-time worker, and I am not behind my back. I just know the truth about these operations, our editor-in-chief is the main culprit, I"

"I know." Rong Shu pursed her lips, her voice was cold, "I will check later, if it proves that you really did not participate and just know the truth, I won't do anything to you, if you lie, I'm sorry."

"Yes, yes, Miss Rong, go check it out, and if you need help, you can contact me at any time." The secretary patted his chest with joy and said.

Through the phone, Rong Shu could hear him sighing in relief.

It seems that this secretary is indeed quite innocent.

Since then, Rong Shu's attitude has become a little better, not so cold, "I will, send me your contact information later, and, later, you can help me test your editor-in-chief, see Can you test out the identity of that woman, don't worry, as long as you do, and the

squirrel department is gone, I can also arrange a new job for you, how about the Fu Group?" lure.

When the secretary heard that he could work in the Fu Group, his eyes lit up, and he nodded quickly, "Miss Rong, don't worry, this matter is covered by me, I will help you to find out, definitely!"

"Then I'll leave it to you." Rong Shu smiled and dropped the sentence, and cut off the phone.

Then he leaned back, leaned on the back of the chair, and lowered his eyes to think.

She was thinking about the families that were related family and whose family background was not low.

After thinking about it, it seems that no family is related to the Fu family.

This made her wonder if the editor-in-chief lied to his secretary.

Either the woman lied to the editor-in-chief.

But no matter what, she must find that woman out!

On the other side, the secretary put the phone back on the landline, raised his hand to wipe the sweat from his forehead, and exhaled slightly, and the whole person relaxed.

Omg, I originally thought that Miss Rong was a gentle and weak person.

I didn't expect the momentum to be so strong.

A phone call made him breathless.

And the tone of speech is obviously very flat, the pitch is not high, but it sounds very oppressive.

Sure enough, where can a woman who can be with President Fu go wrong?

"Liu." Just as the secretary was sighing, the door of the office opened, and a middle-aged man who was not tall but had a fat waist and a round waist walked in.

The man was about 1.6 meters or so. Not only was he fat, he had a big belly, but his head was also big. The fat head and ears were no more than that. The fat on his face squeezed his eyes into slits. It was also bald, with only a few strands of hair remaining, still stubbornly floating there.

The appearance is like this, even if this person is still wearing a suit that is not cheap at the moment, it is extremely hot to look at.

This person is the editor-in-chief of the Squirrel Department, surnamed Wang.

The person who was called Xiao Liu by Editor Wang, the secretary who had just spoken to Rong Shu, quickly regained his senses, suppressed all emotions in his heart, and bowed respectfully, "Editor, you are back."

"Well, pour a cup of coffee . ." Editor-in-chief Wang patted his beer belly and walked to the desk to sit down, then looked at Xiao Liu and asked, "I asked you to get a document, why are you not coming out of my office for a long time?"

Editor-in-Chief Wang's Fright

Xiao Liu offered the poured coffee with both hands, then took a step back, lowered his head, and returned with an indistinct expression, "Editor-in-chief, I just received a call from Miss Rong from Tiancheng Group." With these words, Editor Wang's hand holding the coffee shook, and the coffee spilled out and landed on his hand. He jumped up from the chair when it was hot, and threw the coffee out.

Crackling sound.

He threw the coffee cup on the ground not far away, and the ceramic cup smashed into several pieces.

The coffee inside was also splashed all over the floor, and the black coffee reflected on the white floor, looking messy.

But this is not important, the important thing is that Editor-in-Chief Wang was not lightly burned.

The coffee was hot coffee that had just been boiled. When it fell on his hands, his hands were reddened, and the pain was sticking to the flesh. Editor Wang's body was trembling in pain, and the fat on his face also trembled.

Xiao Liu didn't expect his own words to actually startle this person like this. He couldn't help but be stunned for a while before he realized it, and hurriedly went to get an ice pack, "I'm sorry, editor-in-chief, I didn't remind you that the coffee is hot, this is an ice pack, here it is, Quickly apply it."

Editor Wang saw the ice pack, grabbed it and pressed it on his hand.

With the cooling of the ice cubes, Editor-in-Chief Wang felt that he was alive, and the fat on his face gradually relaxed.

But those little mung bean eyes that were almost gone, stared at Xiao Liu gloomily.

If it wasn't for something more important, he would definitely scold the secretary.

He couldn't even do this well, it really pissed him off.

Xiao Liu naturally knew that the fat man must be scolding him in his heart, so he pouted secretly.

scold, scold.

Anyway, he has to go, quit.

It doesn't matter if that woman can save the squirrel department.

He didn't want to stay in this squirrel department.

Of course, I haven't resigned yet, so it's better to hide this idea.

Lest this fat man play tricks on his resignation application and refuse to let him go.

“Editor-in-chief, I’ll get a tool to clean the floor.” Xiao Liu lowered his head and turned to leave.

Editor-in-chief Wang stopped him, “Wait a while, don’t rush to clean first, you will clean up later, you just said, Rong Shu from Tiancheng Group called, right?”

Editor-in-chief Wang sat down again, with a fat face, It started to get serious at this point.

It still looks a bit like an editor-in-chief.

“Yes.” Xiao Liu stood up straight and responded.

Editor-in-chief Wang tightened his hand holding the ice pack. “She called at this time, she must be because of the scandal on the Internet. Maybe she is suspicious of us. What did she tell you?”

Xiao Liu looked up. Glancing at him, “I asked why we published these unwarranted scandals.”

“It’s that simple?” Editor-in-chief Wang couldn’t believe it.

Xiao Liu shook his head, “Of course not, Miss Rong also asked who asked us to do this.”

These words frightened Editor-in-Chief Wang again, and the fat on his face trembled again, “What? She really asked that. “

It’s true.” Xiao Liu nodded.

“How is this possible.” Editor-in-chief Wang threw away the ice pack, stood up, and walked around behind the desk with a funny expression on his face, worried, nervous, and scared.

As he walked, he said, “How did she know there was someone behind us?”

Xiao Liu rolled his eyes when he didn’t see it, “Editor-in-chief, Miss Rong is not a fool, this scandal is fake, there is no problem with her relationship with President Fu, we dare to say that she has no relationship with President Fu. When something goes wrong, publishing her fake scandal is slapping her and President Fu in the face. Normally, how would a small company like us dare to offend President Fu? But we did it, obviously I’m telling everyone that it was instructed by someone.”

Editor-in-chief Wang stopped, his face turned pale, “I really didn’t expect this, so what should I do now?”

He looked at Xiao Liu, his expression even more panicked, "If we just spread rumors, it would be fine, but now they all know that we were bribed to spread rumors, and the nature of this is even worse. If President Fu wants to deal with us, we will not even have a chance to resist. It's troublesome now!"

Xiao Liu sneered in his heart.

Are you afraid now?

What did you do in the first place?

Although he thought so, Xiao Liu didn't dare to say so, rolled his eyes and comforted, "Editor, what are you afraid of, didn't you say that the woman who made you do this is not easy? And that woman didn't swear to say, Can I hug our company and keep you under President Fu's hands, so what are you worried about?"

"It seems to be the same." Editor-in-chief Wang was stunned for a moment, then smiled, "Hey, really, I was scared by what you just said. After a jump, I forgot about it, yes, that person said so, then I really don't have to worry."

After that, Editor-in-Chief Wang sat back on the chair again, and asked Xiao Liu to give himself a new one. Pour a cup of coffee.

Xiao Liu did as he did, put the coffee in front of him, his eyes flickered, and he asked tentatively, "Editor-in-chief, we don't need to worry about Mr. Fu, but what about Miss Rong?"

Editor-in-chief Wang took a sip of coffee and disdainfully asked. He pouted, "President Fu isn't worried, I'm still worried about her? She's just a poor girl, without Boss Fu, what is she? Besides, when Boss Fu breaks up with her, I don't need to be afraid of her. already."

Xiao Liu smiled and flattered, "What the editor said is, but how can you be sure that President Fu will break up with her?"

Editor Wang waved his fat fingers with an unfathomable look on his face, "You have never been in love, this is you I don't understand, man, it's mostly a good face. Although this scandal is fake, it is true that Rong Shu and that Lu Qi entered and exited the hotel. The monitoring at the hotel is gone, so there is no way to prove it. Are the two of them innocent in the hotel? Besides, there is such a big uproar on the Internet now, and with the end of the navy, almost everyone on the Internet now believes that Rong Shu cheated and betrayed President Fu, even if President Fu believes that Rong Shu is not, in his heart There will also be ideas and caring, and once a man has an idea, he will not let it go, but will only care more and more, so even if he does not break up now, he will break up in the future

. You are amazing, you know that.” Xiao Liu gave a thumbs up.

Editor-in-chief Wang was in a good mood, laughing haha, “What is this, I eat more than you for more than 20 years, so naturally I know more than you. When you reach my age, you can

understand this.” ” Understood. Now, I will definitely look up to you, the editor-in-chief, you are my role model.” Xiao Liu patted his chest proudly.

Editor-in-chief Wang became more and more fond of his flattery, and began to appreciate him himself.

Seeing this, Xiao Liu knew that it was time, his eyelids drooped slightly, and he took the opportunity to ask, “By the way, editor-in-chief, I’m still curious, who is that woman, who can actually protect our company from President Fu, why haven’t I heard of it? Which famous family has such a strong family background?” Because of the flattery

just now, Editor-in-Chief Wang had a crush on Xiao Liu, so naturally he wouldn’t hide it like he did before.

He took a sip of coffee, “If you want to know, then I’ll tell you.”

“Okay.” Xiao Liu’s eyes lit up, and at the same time he put his hand into his suit pocket.

Editor-in-chief Wang didn’t care about his actions, put down the coffee cup and said, “It’s not because of her strong family background that she can protect our company in the hands of President Fu.”

Rong Shu’s Worries

“No?” Xiao Liu was stunned, unable to believe what he heard.

It is not because of his strong family background that he can secure a company under Mr. Fu’s hands.

If this is said, no one will believe it.

“Could it be that this woman has any special ability that allows President Fu to give this face?” Xiao Liu asked while looking at Editor-in-Chief Wang.

Editor-in-chief Wang waved his hand, "Of course not, it's because of her grandfather."

"Grandpa?" "That

's right." Editor-in-chief Wang nodded, "Her grandpa's surname is Liu, the old head of our Liu family in Haishi."

The Liu family in the business area?" Xiao Liu said, rubbing his chin.

Editor-in-chief Wang snorted, "It's this one, you don't know, the old owner of the Liu family used to be a professor of economics, and he was also Mr. Fu's teacher. Mr. Fu's achievements today are inseparable from Mr. Liu's teaching. Yes, and Mrs. Liu's granddaughter, who is about the same age as Mr. Fu, can be regarded as Mr. Fu's childhood sweetheart, so even if Mrs. Liu's granddaughter does something wrong, Mr. Fu will look at the teacher's face and treat Mrs. Liu's granddaughter. Now you know why I'm not afraid of President Fu's revenge?"

"That's it." Xiao Liu nodded his head suddenly, then after confirming something, he said again, "The editor-in-chief, President Fu and Miss Liu themselves Is the relationship okay?"

Editor Wang began to hesitate when he asked this question, "I don't know that, no matter whether they have a good relationship or not, just have Mr. Liu there."

"That's true." Xiao Liu smiled He took his hand out of his suit pocket, "Editor-in-chief, it's nothing, I'll go out to get the tools and clean the place."

"Go ahead." Editor-in-chief Wang nodded.

Xiao Liu turned around and went out. After closing the door of the editor-in-chief's office, he immediately took out his mobile phone and called Rong Shu.

When Rong Shu saw the caller ID, there was a hint of surprise in her eyes.

Obviously she did not expect that the other party would contact her so quickly.

Is it possible, ask?

Rong Shu didn't hesitate, and immediately answered the phone, "Hello?"

"Miss Rong, I live up to expectations, I will help you find out what you want to know." On the phone, Xiao Liu held the phone with both hands, and the expression on his face was hard to hide. excited.

Rong Shu's expression froze.

Although I had already guessed before answering the phone, but now I hear it with my own ears, I can't help but get excited.

"Really?" Rong Shu straightened her back and asked eagerly.

Over there, he nodded again and again, "Really."

"Great, let's talk about who it is?" Rong Shu's little face showed a look of joy.

On the other end of the phone, Xiao Liu wasn't selling anything, and told her what he had just tried out from editor Wang in the office.

After hearing this, Rong Shu's face suddenly froze, "What did you say? Elder Liu's granddaughter ?

" Actually Liu Lao's granddaughter. Mr. Liu , if she remembered correctly, in the video call with Fu Jingting in the morning, Fu Jingting mentioned Mr. Liu. Unexpectedly, it was so coincidental that the person who deliberately forged her and Ah Qi's scandal on the Internet, intending to destroy her relationship with Fu Jingting, was actually Liu Lao's granddaughter. Does Mr. Liu know about this? Also, what would Fu Jingting do if he knew it was done by Liu's granddaughter? You know, before ending the video call, the person Fu Jingting is going to see is Mr. Liu. When Fu Jingting mentioned Mr. Liu, the respect in his tone was so clear.

And now it is Mr. Liu's granddaughter who is operating behind the scenes. Fu Jingting is caught between Mr. Liu and himself. She is not sure how to choose to deal with Miss Liu.

For a time, Rong Shu felt complicated in her heart.

Originally, she thought that the person behind this was just a woman who admired Fu Jingting and had a complicated family background.

Unexpectedly, the person behind him still has such a relationship with Fu Jingting.

No wonder the people behind it can bluntly protect the squirrel department.

At first, she thought she was talking nonsense, but now she is stuck, because she is too simple.

Fu Jingting has this relationship, and he will indeed let Fu Jingting give this face and let go of the squirrel department.

Of course, the premise is that Fu Jingting takes the Liu family more seriously than her.

But she and the Liu family, who is more important in Fu Jingting's heart, she is not sure.

Can't compare.

On the other end of the phone, Xiao Liu, who had not heard the voice for a long time, couldn't help but shouted twice, "Miss Rong, Miss Rong

?

"What's wrong with you, miss?"

"It's fine." Rong Shu rubbed her temples and sighed tiredly, "I want to confirm, is it really the Liu family from Teacher Fu Jingting?"

Hope not.

Although this possibility is very low.

On the other end of the phone, Xiao Liu didn't know what Rong Shu was thinking, so he nodded and replied, "It's the Liu family. I have a recording of our editor-in-chief talking about this family. I recorded it specially, and I will send it to you later. You."

"Okay." Rong Shu squeezed the corners of her mouth and forced a smile to respond.

"Miss Rong, my job." On the other end of the phone, Xiao Liu rubbed his hands and asked with a smile.

Rong Shu is now not sure whether she can arrange him to work in the Fu family, after all, the relationship between the Liu family and Fu Jingting.

If her position in his heart is not as important as the Liu family, then it is obvious that Fu Jingting will not deal with that Miss Liu.

And in her heart, she would be dissatisfied because of this, and she felt a gap in Fu Jingting's heart.

At that time, she still had the face, could she put down her dignity and ask Fu Jingting to arrange someone to work in Fu's?

Probably not.

So, she's really not sure.

But just telling the other party that they are not sure, it seems like there is a feeling of deceiving the other party .

And she didn't know if the other party would do something uncontrollable after thinking that she had been deceived.

In short, she can't have a big head now.

But there is no other way, he can only say vaguely, "Don't worry, I will arrange it when the time comes, and I will contact you later."

No matter what, please comfort the other party first.

After that, she will find a way to fulfill her promise.

If there is no way to meet the target, in terms of money, we must make up for it.

After all, that's all there is to it.

When Xiao Liu heard Rong Shu's words, he nodded excitedly, "Okay, then thank you Miss Rong, I'll send you the recording right now."

"Well." Rong Shu squeezed the corner of her mouth and hummed.

When the call ended, Rong Shu sighed wearily.

The next second, the phone ding-dong, it was the audio file sent by Xiao Liu.

Rong Shu sat up straight, put aside these troublesome things for the time being, and listened to the recording first.

She turned on the recording and began to listen with a serious expression.

After listening, she closed her eyes slightly.

The content of the recording is almost the same as what Xiao Liu said just now.

However, it is more certain that the person behind the scenes is Lao Lao's granddaughter.

She didn't know that Fu Jingting had a childhood sweetheart in the past.

The corner of Rong Shu's mouth evoked a sneering arc.

It's not that she is dissatisfied with Fu Jingting's childhood sweethearts.

After all, she has it too, her childhood sweetheart is Ah Qi.

So, she won't double standard on this kind of thing.

She was just unhappy, he didn't tell her that he still had a childhood sweetheart, and he still hadn't told her that that childhood sweetheart had that kind of mind on him.

Just as I was thinking, the phone that I had been holding in my hand suddenly rang.

Rong Shu looked down and saw the words Fu Jingting beating on the screen, her heart beating fast.

This Time, I Will Get My Divorce Chapter 1047

Don't be too full of words

He called at this time. I guess he already knew about the Internet, right?

I just don't know, do you know who did this?

If he knew, how would he deal with it?

Rong Shu looked at Fu Jingting's caller ID, her heart was numb, it took a while to answer the call, and her voice was weak, "Hello?"

"Miss Rong." However, to Rong Shu's surprise, the voice from the other end of the phone, Not Fu Jingting's, but Assistant Zhang's.

Rong Shu was stunned for a while, and when she was about to ask what it was about you, Assistant Zhang took the lead in explaining, "Miss Rong is me, Zhang Cheng, I'm sorry, Mr. Fu is still meeting with guests at the moment, it's my fault I made an assertion and called you from President Fu's mobile phone." That's

actually the case.

Rong Shu pursed her red lips. She was still a little disappointed that the caller was not Fu Jingting.

"What's wrong with Assistant Zhang?" Rong Shu held her head and asked with a headache.

At this moment, she really felt that there was something in her head, which made her very uncomfortable.

"Miss Rong, I already know about the Internet, are you all right?" Assistant Zhang asked with concern on the phone.

Rong Shu was not surprised at what Assistant Zhang said.

She had already guessed that Assistant Zhang called for this reason, and the reason why she just asked knowingly was just a process.

“I’m fine.” Rong Shu shook her head slightly, then narrowed her eyes and asked back, “Assistant Zhang, Fu Jingting doesn’t know about this, right?”

“Yes.” Assistant Zhang nodded, “Mr. Fu I’m talking to someone, that person is quite important to President Fu, but don’t get me wrong, Miss Rong, that’s President Fu’s teacher, and a man.”

For fear that Rong Shu thought it was a woman to meet Fu Jingting, Assistant Zhang hurriedly explained one sentence.

Rong Shu wanted to laugh, but couldn’t.

No way, it was his words ‘it’s important to President Fu’ that made her feel somewhat uncomfortable.

It’s not because Fu Jingting can’t have a teacher.

But because of his teacher’s granddaughter.

Although she felt uncomfortable, Rong Shu didn’t show it on her face. She forced a smile and replied, “I know, Fu Jingting told me that I won’t think about it.”

“That’s good.” Assistant Zhang breathed a sigh of relief. .

“It’s you.” Rong Shu lowered her eyes, “Assistant Zhang, do you think what’s on the Internet is true?”

As if hearing a joke, Assistant Zhang pushed his glasses and smiled, “Miss Rong, you’re not talking about me. Isn’t your IQ high? The stuff on the Internet is fake at first glance. It’s saying, why did you and Mr. Lu go to the hotel yesterday? Mr. Fu also told me this morning. I specially sent a thank you to President Li Jun.”

“Do you really think the information on the Internet is fake?” Rong Shu’s expression gradually turned joyful.

Assistant Zhang nodded, “Of course, it’s not just that I think it’s fake, President Fu doesn’t believe it when he sees it, after all, you and President Fu have a very good relationship, how could you do something sorry to President Fu, and I clicked on the photo Look, the man’s face was blurred in that photo, but I recognized it as Mr. Lu at a glance, so it’s even less possible for you to feel sorry for Mr. Fu, so Miss Rong, don’t worry about Mr. Fu misunderstanding you, etc. After Mr. Fu talks about the matter, I will tell Mr. Fu truthfully and clearly, when the matter is handed over to Mr. Fu to solve it, Mr.

Fu will definitely not let go of the people who are behind the scenes and the squirrel department.”

Squirrel The Ministry dared to take the risk of offending President Fu, and it was obvious that he had been instructed by others to make such rumors.

In short, if you dare to do such a thing, you must bear the corresponding price.

“Don’t be so full of words.” Rong Shu lowered her eyes, covering the complex look in her eyes, making it difficult to see.

The reason why Assistant Zhang dared to say this is because it is still unknown who is behind the scenes.

If he knew, could he still say with certainty that he would not let the other party go?

Assistant Zhang didn’t understand Rong Shu’s thoughts, but she still felt something was wrong with her words, “Miss Rong, what do you mean?”

Rong Shu closed her eyes, “It’s okay, you will understand later. “

Ah?” Assistant Zhang was slightly startled.

Rong Shu didn’t want to go on, pinched the bridge of her nose, “I’m a little tired, I’ll hang up first.”

“Okay, Miss Rong, rest, don’t worry, we will handle this matter.” Assistant Zhang urged on.

Rong Shu gave a light hum and hung up the phone.

Assistant Zhang looked at the phone that jumped back to the main menu, and always felt that something was wrong.

Rong Shu’s reaction was so abnormal, as if he was worried.

But this is not something he should think about. How Miss Rong is in the mood should be left to President Fu to worry about.

It was his little baby after all.

“Someone.” Assistant Zhang put Fu Jingting’s phone back on the desk and called to the door of the office.

Soon a man in a suit came in, “Assistant Zhang.”

“Go, notify the public relations department, and suppress the popularity of the scandals on the Internet, especially those ugly comments, which were all deleted for me. It is clear that it is those naval organizations that are doing the trouble, give me the statistics, as well as the major media and marketing accounts that forward the rumors, also all statistics, and then hand it over to President Fu to settle them one by one.” Assistant Zhang was expressionless. ordered.

The man nodded, “Yes.”

“Also.” Assistant Zhang’s glasses gleamed gloomily, “Find out who is behind these things, and after you find out, report it immediately.”

“Understood.” The man replied, turned around and went out .

Assistant Zhang pinched the bridge of his nose and cursed.

That’s right, one wave after another.

Miss Rong is really a troubled physique.

I don’t know which woman was staring at this time.

Rong Shu could see that the person behind the scenes was a woman, but how could Assistant Zhang not see it.

He guessed that Miss Rong was in a bad mood and spirit just now, and it was probably because he guessed that the person behind the scenes was a woman, or a woman who liked President Fu, so she felt uncomfortable.

No way, who made Fu always a blue-faced disaster?

There are too many women who like President Fu.

However, if President Fu had spoken before, those women were not allowed to be entangled, otherwise don’t blame him for being ruthless.

So over the years, because of President Fu’s words and his methods in the shopping mall, none of those women who are interested in President Fu have come forward to pester President Fu.

Now suddenly one pops up. I don’t know if I don’t know what Mr. Fu’s harsh words said back then, or if he thinks that Mr. Fu has become gentle recently, and feels that there is a chance, so he is stunned.

But no matter what, this woman will suffer.

Assistant Zhang pushed his glasses with a cold expression, picked up Fu Jingting's phone again, turned around and left Fu Jingting's office, and then walked towards the reception room.

Although he didn't know how long Mr. Fu was going to talk to Mr. Liu, he went there and waited, and he could tell Mr. Fu about the matter as soon as possible.

When he came to the door of the reception room, Assistant Zhang saw that the door of the reception room was wide open and not closed.

So Assistant Zhang saw the old man who was talking to Fu Jingting.

The old man was also wearing a straight suit. Although his head was full of white hair, his face was very ruddy and energetic. He didn't have a cane yet. At first glance, he looked like an old man who could keep fit, exercise all year round, and was in good health.

Maybe Assistant Zhang's eyes were too straightforward. The old man noticed him outside the door and reminded him with a smile, "Jing Ting, your assistant is outside and seems to have something to do with you."

Liu Lao's Persuasion

Hearing this, Fu Jingting, who had his back to Assistant Zhang, turned around, and as expected, he saw Assistant Zhang wandering outside the door with a tense expression on his face.

Fu Jingting knew Assistant Zhang very well, and when he saw Assistant Zhang like this, he knew that he was indeed looking for him.

Guess it's not a trivial matter.

"Sorry, teacher." Fu Jingting stood up and nodded apologetically to Mr. Liu opposite.

Liu Lao knew what he was going to say, he picked up the teacup and smiled, "It's nothing, since you have something to do here, you can do it first, I'm not in a hurry."

"Okay, then please wait a moment, teacher." Fu Jingting nodded slightly, Then he waved to Assistant Zhang outside the door.

Assistant Zhang received Fu Jingting's knowledge and immediately walked in, "Mr. Fu."

"What's the matter?" Fu Jingting looked at him and asked.

Assistant Zhang didn't answer directly, but looked at Mr. Liu who was drinking tea across from him.

Seeing this, Fu Jingting said directly, "Teacher is not an outsider, but it doesn't matter."

"Yes." Since he said so, Assistant Zhang naturally no longer bothered, nodded in response, and then looked at Fu Jingting and said, "Mr. Fu, Miss Rong Something happened."

"What?" Fu Jingting's expression changed and his tone became anxious, "What happened?"

Assistant Zhang's mouth moved slightly, just as he was about to answer.

Mr. Liu, who was drinking tea, put down the teacup, and suddenly interjected, "The girl surnamed Rong you're talking about is the one Jing Ting you reunited with after your divorce, right?"

"Yes." Fu Jingting nodded slightly.

Mr. Liu rubbed the teacup, and the smile on his face became meaningful. "Speaking of which, I have never seen this Miss Rong for so many years."

Fu Jingting did not see anything wrong with Mr. Liu's expression. I just thought that Mr. Liu was simply curious about Rong Shu, and he returned with a light smile, "You will also attend the banquet teacher in the mall after a while. I will introduce you to you then."

"There's no need to be so anxious." Liu Lao raised his hand, obviously telling Fu Jingting that he didn't want to see Rong Shu that much.

To put it bluntly, he doesn't like Rong Shu that much.

The shallow smile on Fu Jingting's face slowly dissipated, "Teacher, you seem to have some opinions on her?"

Mr. Liu was stunned, but he didn't expect to be seen.

Is he acting so obvious?

Although it was an accident, Mr. Liu didn't feel any embarrassment because Fu Jingting saw his dislike of Rong Shu.

His expression was as calm as ever.

Even directly and generously admit it.

“I have some opinions.” Liu Lao nodded back.

Fu Jingting frowned.

Assistant Zhang on the side was also stunned.

In front of Mr. Fu, the old man directly said that he had an opinion on Miss Rong and didn't like Ms. Rong. Isn't this hitting Mr. Fu in the face?

After all, no one can accept the person he likes and be told by others that he doesn't like it or has an opinion.

Even if you don't like it and have an opinion, it's fine to keep it in your heart. Why do you have to show it? It's not enough to show it.

The key is that it is not on its own territory.

This is kind of ridiculous.

“Teacher, can I know the reason?” Fu Jingting pursed his thin lips and asked in a deep voice.

As if he could not understand the unhappiness in Fu Jingting's tone, Mr. Liu still maintained a kind smile on his face, “The reason is very simple, she is not worthy of you.”

As soon as these words came out, let alone Fu Jingting, Zhang The assistant's mouth twitched.

Can't match?

funny!

It's good that President Fu likes it. President Fu himself, and the old lady have not said that Miss Rong is not worthy.

Not to mention the old lady likes Miss Rong very much.

Therefore, the Fu family didn't say anything about Miss Rong's badness, and she didn't deserve to enter the Fu family's gate.

It's not funny that a foreigner actually said that?

"I'm sorry, teacher, but I can't agree with you. I don't think she's worthy of me." Fu Jingting sat back, his expression colder.

Now Lao Lao could no longer pretend to not understand the displeasure in his tone.

After all, Fu Jingting's performance was so obvious this time, and it would be deliberate if he pretended to be.

Liu Lao looked at Fu Jingting with an incredible look, "Jingting, do you think what I said is wrong?"

Fu Jingting was noncommittal.

Liu Lao clenched the teacup in his hand, and his impression of Rong Shu was even more displeased.

From his point of view, his disciples have always respected him the most, and they almost never disagree with him.

And now his disciple, after being with this woman, has had several disagreements with him one after another.

Obviously, it was this woman who brought down her own disciple.

For a time, Liu Lao's face could no longer maintain an amiable look, and it became gloomy and serious.

He looked at Fu Jingting, "Jing Ting, don't you understand? You are the head of the Fu family, and she is just a daughter of a wealthy family, not a real daughter, just a picked one, not even known to her biological parents. Wild child, if you want to have no family background, you need to have no ability, how can such a woman match you? She can't even help you. Don't forget your father. How much ridicule there, do you want to follow in your father's footsteps?"

He hated that iron is not steel.

Fu Jingting frowned deeper, "Teacher, I'm with Rong Shu, it's not about any family background, but because of feelings, I love her, so I want to be with her, even if she's just a girl from an ordinary family. , as long as I like her, she is worthy of it, not to mention the teacher, don't forget, the Fu Group is strong enough, and the so-called marriage is no longer needed, so I don't need a wife with a family background and ability to help me. I, myself, can always maintain the prosperity of the Fu family, so my wife, she can be an ordinary and mediocre woman, because I am strong enough, I don't need my wife to work behind my back, she can be a lifetime Under my protection, enjoy all the glory and wealth."

Speaking of this, Fu Jingting paused, his eyes narrowed slightly, and then he said, "As for following in my father's footsteps, that is the teacher who is joking, indeed my father was in those days. He was ridiculed a lot in the circle, but that was because my father had just inherited the Fu family, and he was not strong enough. In the business world, he had not established his own authority, and I was different. In one fell swoop, Mr. Fu has brought the prosperity to today. Mr. Fu is my hallmark. In the entire business world, I am also a figure at the top, so no one dares to laugh at me or laugh at my wife because I married a wife from a low family background. , as long as they dare to do this, I will dare to peel them off!" In the

last sentence, he said in a very cold tone with a strong warning.

Even if Mr. Liu didn't think he was warning him, at this moment, he couldn't stop himself from being intimidated, and the old face turned pale for a moment.

But Liu Lao has seen the world after all, and quickly adjusted his mentality, sighed, "You are really poisonous, I think your heart is all on the girl surnamed Rong. Right. "

He pointed to Fu Jingting.

Fu Jingting pursed his lips, "I love her, of course I have to give her my heart, otherwise it can be love?"

"You" Liu Lao was choked by his words.

Assistant Zhang on the side lowered his head slightly, resisting the urge to laugh.

Mr. Fu, Mr. Fu, as expected of you, just a few words can make this old man very angry.

Cold Warning

Assistant Zhang raised his head slightly and glanced at Mr. Liu quietly.

Looking at Liu Lao's expression as if he had eaten Xiang, Assistant Zhang felt very happy.

Yes, he was happy to hear that Mr. Liu was deflated under Fu Jingting's hands.

Because he doesn't like Liu Lao this person.

This person is Mr. Fu's teacher, but just because he is Mr. Fu's teacher, when facing them as assistants, there is always a kind of behavior of relying on the old and selling the old.

Many times, in a place that President Fu didn't know, this old guy yelled at these assistants, as if they were his people, not President Fu's.

Even the granddaughter of the old guy.

But because this old guy is Mr. Fu's teacher, he can't tell Mr. Fu about many things, and he has been hiding it.

I'm afraid that President Fu still doesn't know that his teacher is far from being so kind and kind in front of him.

In fact, this old guy is just a snobby old man who dislikes the poor and loves the rich.

Fu Jingting didn't pay attention to what Assistant Zhang was thinking. Looking at Mr. Liu's speechless appearance, his attitude finally softened.

After all, no matter what, the other party is his respected teacher.

Fu Jingting leaned over and poured a cup of tea for Mr. Liu himself, "I'm sorry teacher, I talked too much just now, this cup of tea is an apology, and I hope you forgive me."

After speaking, he pushed the tea over.

Seeing the tea that the disciple poured for him, Old Liu's dark complexion became better. He took a sip of the tea and accepted Fu Jingting's apology.

However, in his heart, his dislike towards Rong Shu had risen to disgust.

In his opinion, the disciples are now choking themselves for this woman, and if it continues like this, it is estimated that they will cut off their relationship with their master.

No, I can't let this woman be with Jing Ting, it will hurt Jing Ting sooner or later.

Thinking, Mr. Liu put down the teacup and put on a hard-hearted look, "Jing Ting, since you said that the Fu family doesn't need to get married, so you don't care about your wife's family background, then this point, I won't say anything more."

Fu Jingting sipped his tea and was about to thank the teacher for his understanding, when he heard Mr. Liu go on, "Although you don't care about your family background and personal abilities, but people What about the quality?"

Fu Jingting paused for a moment while holding the teacup, then raised his eyes and stared at the old man opposite, "What does the teacher want to say?"

Liu Lao laughed, "What I want to say is simple, it's still that sentence. , This girl is not good, she is not worthy of you anywhere, I will not talk about her family ability, but in terms of personality, I have not seen her any better."

Fu Jingting's face was cold, "Teacher, are you saying this a little bit? Extreme? You haven't seen her, how can you say that she has a bad character?"

That's it.

Assistant Zhang on the side also nodded, his heart full of ridicule.

Neither Mr. Fu nor the old lady felt that Miss Rong's character was bad.

It's ridiculous enough of you, an old man, pointing the finger here.

Mr. Liu could see that Fu Jingting was unhappy again because of his own words, and he felt unhappy for a while, and became more determined that it was all Rong Shu's fault.

In the past, his disciples almost obeyed his own words, and never felt that there was anything wrong with his words.

Now I can only say a few words, and a few words make the disciples disagree.

Isn't that what the woman brought bad?

Liu Lao took a breath, temporarily suppressed all kinds of disgust towards Rong Shu in his heart, looked at Fu Jingting and said earnestly, "I have never seen her, but I have always heard of her. I was abroad when I was abroad. When I heard that you were going to marry her, I didn't agree at the time, but you insisted on it, what was the result? Isn't the relationship going well?"

Fu Jingting didn't speak, his eyelids were lowered, making people wonder what he was thinking.

However, Mr. Liu felt that his silence was agreeing with his own words, and he felt proud for a while, and continued to say, "The matter of your divorce from her was also very noisy, I just realized that you married her because she was blackmailing you. Yes, a destitute daughter can actually blackmail the head of a top-level family, you can imagine how deep this woman's scheming is, but I didn't expect you to get back together after only a few months of divorce."

Speaking of this, Mr. Liu sighed, "You guys got back together. She must have done something in it, right? You were able to force you to marry her back then, but it's not impossible to force you to get back together now. All in all, this woman"

"Teacher ." Fu Jingting suddenly raised his head and looked at Liu Lao with indifferent eyes, interrupting Liu Lao's words.

Liu Lao was startled by his indifferent expression, and his face turned pale.

He actually looked at his teacher with such indifferent eyes for a woman with bad conduct.

For a while, Liu Lao was so angry that his breathing became disordered. He quickly put down the tea cup in his hand, leaned over and patted his chest, looking like he was about to fall down because he couldn't breathe.

Seeing this, Fu Jingting's expression changed slightly, and he stood up all of a sudden, "Teacher."

"Elder Liu." Assistant Zhang also quickly walked over and helped Mr. Liu up.

Although he didn't want to see this old man in his heart, he was President Fu's teacher after all.

In case of hiccups here, it would be difficult for President Fu to explain to him.

Mr. Liu was helped up by Assistant Zhang and leaned on the back of the sofa. His breathing became faster and faster, and the old face became more and more pale.

Fu Jingting didn't dare to delay, and hurriedly stepped forward and rubbed it in Mr. Liu's clothes pocket, then took out a small medicine bottle and opened it, pouring out two white pills from it.

When Assistant Zhang saw the pills, without Fu Jingting's instructions, he opened Mr. Liu's mouth so that Fu Jingting could feed the pills.

After Fu Jingting poured the pills into Liu Lao's mouth, Assistant Zhang hurriedly turned around again, picked up the teacup on the coffee table, and fed Liu Lao water, so that the water flushed the pills into his stomach.

Soon, the pills took effect, Liu Lao's breathing gradually calmed down, and his pale face gradually became flushed.

It can be seen that Liu Lao's condition has improved, and there will be no more danger.

Fu Jingting and Assistant Zhang were relieved.

Assistant Zhang returned to the place, and Fu Jingting also returned to the seat just now and sat down. Looking at Mr. Liu, he asked with concern, "Teacher, are you feeling better now? If there is any discomfort, I will ask Zhang Cheng to call the doctor over."

Liu Lao has completely recovered, but he is still angry with Fu Jingting in his heart. Hearing Fu Jingting's concern, he doesn't appreciate it. He glares at Fu Jingting and snorts, "Don't worry, I haven't been angry with you yet."

Fu Jingting's expression was light . , "Teacher, I don't think I'm angry with you."

"I'm not angry with me yet?" Mr. Liu pointed at him, his hands were shaking, "You look at me, teacher, with that kind of eyes for that woman. "

The teacher said something wrong and said something that I don't like to hear. Of course I won't be happy." Fu Jingting raised his eyelids slightly.

The implication is that if your words make me unhappy, then don't blame me for using this attitude towards you.

Not even if you are my teacher.

After reading the meaning of Fu Jingting's words, Mr. Liu was once again angry.

If I hadn't just taken the medicine, I wouldn't be in good health at the moment, I'm afraid I'd be out of breath again.

This Time, I Will Get My Divorce Chapter 1050

Fu Jingting chases people away

Mr. Liu looked at Fu Jingting as if he had known Fu Jingting for the first time. After watching it for a while, he suddenly sighed in frustration, "Okay, since you said I was wrong, tell me where I was wrong, and you said it. Let me hear?"

"The teacher is all wrong." Fu Jingting folded his legs and looked at him calmly, "You said that she married me back then because she was blackmailing me, so she was very scheming, but Teacher, haven't you ever thought that in my capacity, will I be held hostage by her?"

" Liu Lao was startled for a moment.

Obviously, he hadn't thought about this.

But soon, Mr. Liu made an excuse for himself, "Perhaps, she caught you."

Fu Jingting smiled, "Teacher, do you believe what you say? There are so many outsiders in my Fu Jingting's handle. If you want to catch it, have you seen those people caught it? Which of those people is not stronger than her? So those people didn't catch me, so she can? And teacher, you know me well, if someone really Do you think that with my character, I will keep the other party? I will just let the other party disappear, it's over."

Liu Lao's face flushed, and he was blocked by Fu Jingting's words.

Assistant Zhang on the side covered his lips and snickered.

Sure enough, to make this old man slump, Mr. Fu still has to come out.

"Then tell me, since she didn't threaten you, how did you agree to marry her? Don't say you love her. At that time, wasn't the Gu family the only one in your heart?" Mr. Liu still didn't give up.

He still thinks that it must be Rong Shu's fault that the two got married at the beginning.

"I never have the Gu family in my heart, the person I love has always been Rong Shu, but" Fu Jingting rubbed his brows, "In short, teacher, as long as you know, I only love Rong Shu from the beginning to the end, the reason why I am with her I got married because I wanted to marry her, I would, and there was no other reason."

Although at that time, he had already been hypnotized and could not recognize Rong Shu as Maple Leaf.

But in his heart, he still had feelings for her, but he didn't know it himself, but he would still care about her subconsciously, otherwise how could he agree without hesitation when Rong Shu proposed marriage?

As he just said, no one can blackmail him, if anyone dares to blackmail him, he will simply let the other party disappear.

Listening to Fu Jingting's answer, Liu Lao was very unwilling, "You said you loved her, why did you treat her like that six years ago? Although I didn't see how you got along, I heard it abroad. Not a lot, so if you really love her, then you won't treat her like that, and you won't get divorced, will you?"

"There are reasons for these, and as for the reasons, this is a private matter between me and her, I I won't tell the teacher about you." Fu Jingting lowered his eyes and said softly.

Liu Lao was angry, "Okay, you don't say it if you don't say it. In short, I'm still saying that, she is not worthy of you, you can see for yourself how much trouble she has caused after your divorce? How much have you wiped her? Second ass, as long as she is a little more calm and has a better character, she will not cause so many troubles, and there are not so many people targeting her! Hmph, I guess she has made some trouble this time,"

Liu Lao sneered. Point to Assistant Zhang.

Fu Jingting turned his face slightly, glanced at Assistant Zhang, and said in a low voice, "Teacher, you don't have to like Rong Shu, after all, everyone has their own likes and dislikes, I won't force you if you don't like her, I will too. I won't bring her to you, but you don't need to say these words to smear her, you are not only disrespecting her, but also looking down on me as a student." Liu Lao's

face sank, "I Where did you look down on you?"

"Rong Shu is my lover, and I chose to identify her. Your smearing against her is just questioning my student's way of looking at people. Isn't that looking down on me?" Fu Jingting raised her head lightly. His eyelids looked at Liu Lao, with an undisguised coldness in his eyes.

It can be seen that Mr. Liu's belittling of Rong Shu time and time again really angered him.

"Also, you're wrong about one thing, teacher." Fu Jingting stood up, his hands in his trouser pockets, his voice was cold and indifferent, "It's true that since the divorce, many things have happened to her, but there is not one incident that she took the initiative to provoke. , it's all because others envied her, resented her, and laid hands on her. In addition, I didn't solve these things for her. I just helped a little in the back. The person who really solved the problem was herself. Please don't get me wrong, teacher, she's much better than you think." This was so true that

Assistant Zhang was about to applaud.

As expected of Mr. Fu, he speaks with such a high standard.

"Okay, it's getting late. I have other things to do next. I will consider your previous cooperation requirements, teacher, and I will send someone to inform you when the time comes. You should go back first." Fu Jingting issued an eviction order.

Liu Lao's face was pale and pale, very funny, his old eyes were wide, and he looked at Fu Jingting in disbelief.

He was obviously surprised that Fu Jingting drove him away!

You know this has never happened in the past.

However, Mr. Liu knew very well at this moment that the reason why Fu Jingting drove him away was because of his repeated devaluation of Rong Shu, which made him completely angry, so he could not bear to let him go.

It seemed that Rong Shu's status in Jing Ting's mind was higher than he imagined.

And that Rong Shu's means to win over Jing Ting was stronger than he imagined.

Didn't see Jing Ting threw himself on that woman wholeheartedly, did he even drive away the teacher?

And not only drove him away, but also did not immediately agree to the cooperation .

You must know that in the past, as long as he proposes any cooperation plan, Jing Ting will almost never hesitate, and agree.

Now, just because he said a few words to that woman, not only did he drive him away as a teacher, but even the cooperation plan was suppressed.

Is this worth it?

Now that Jing Ting and that woman have not remarried, Jing Ting is fascinated by that woman.

If she gets remarried, that woman knows what she thinks of her, so she's not sure she'll blow in Jing Ting's ear.

I am afraid that by then, Jing Ting will really not recognize him as a teacher.

Therefore, he was determined not to let Jing Ting be with that woman all the time.

Thinking about it, Old Liu's eyes suddenly flashed a resolute, fleeting look.

Of course, not now.

Now Jing Ting is in the midst of anger and dissatisfaction with him. If he talks about this by himself, I am afraid it will be self-defeating and push the relationship between himself and Jing Ting further.

In short, this matter has to be considered in the long run and take it slow.

Thinking, Liu Lao took a breath, suppressed all the thoughts in his heart, changed back to the kind and amiable old man at the beginning, and said with a smile, "Okay, since you have something to do, then you will be busy first, and I will go back first."

“I’ll have someone see you off.” Fu Jingting nodded slightly, then looked at Assistant Zhang.

Assistant Zhang made a gesture of invitation knowingly, “Lao Liu, please this way.”

Mr. Liu hummed and walked outside the reception room.

Fu Jingting watched the two of them off until they both disappeared outside the door, then he withdrew his gaze and sat down again.

After sitting down, Fu Jingting pressed his temple a little tiredly, and his face was a little unsightly.

He never thought that his teacher would be so displeased with Rong Shu, and have such a big opinion, to speak ill of Rong Shu in front of him.

This Time, I Will Get My Divorce Chapter 1051

He’s not stupid, how could he not hear what the teacher said to him, he wanted to discredit Rong Shu’s image in his mind and let him break up with Rong Shu.

It’s just that the only thing he didn’t expect was that the teacher was still a person who cared so much about the concept of sect?

Yes, matchmaking is important, but that’s for other giants.

Like the Fu family, there is no need to be in the same household, and there is no need to marry.

The development of the Fu family is now saturated and standing, so the country will not allow the Fu family to develop further.

Then he would have no problem marrying a woman of ordinary family background.

What’s more, who he loves and who he wants to marry is his own business. After all, the person who has spent his whole life with Rong Shu is also him, not someone else.

As long as he and Rong Shu are together, they won’t bring trouble and influence to others, and no one has the right to oppose them.

And the teacher, who still couldn’t see through this, tried to make him break up with Rong Shu and marry a woman of the right match.

Thankfully, he thought before that the teacher would definitely like Rong Shu, and he would bring Rong Shu to the teacher to meet and get to know him.

I didn't expect the teacher to think this way about Rong Shu.

It seems that he should not let the teacher and Rong Shu know each other.

Lest Rong Shu be wronged.

But the teacher is so snobbish, I don't know if the teacher is always confused, or the teacher has always been such a person, but he has never seen it in the past.

But no matter what it is, don't even try to get involved in the relationship between him and Rong Shu, let alone separate them.

Fu Jingting's face was cold as he thought, and there was even a dim light in his eyes.

At this time, footsteps were heard outside the reception room.

The next second, the footsteps stopped, followed by a knock on the door, "Mr. Fu."

Assistant Zhang returned after seeing Mr. Liu.

Fu Jingting collected his thoughts and looked up, "Come in."

Assistant Zhang put his hand down from the door and walked in with his feet raised.

Fu Jingting poured himself another cup of tea, "Teacher sent him away?"

"Let's go, I saw Mr. Liu got into his own car and didn't come back until the car was far away." Assistant Zhang stopped opposite him, Nod back.

Fu Jingting hummed to indicate that he understood, then took a sip of tea and asked, "Now tell me, what happened to Xiaoye Ye?"

"Yes." Assistant Zhang answered and told what happened on the Internet.

After Fu Jingting heard this, his face changed greatly, and the aura around his body suddenly cooled down.

He looked at Assistant Zhang with cold eyes, "Why did you tell me now that such a big thing happened?"

Assistant Zhang hurriedly complained, "Mr. Fu, I didn't know about this until soon, and I was resting at home in the morning. , I came to the group half an hour ago, and I only knew that Miss Rong had an accident through the discussions of the group employees.

After I found out, I immediately called Miss Rong with your mobile phone to appease Miss Rong, and then I rushed again. Let the public relations department suppress the popularity on the Internet, delete the bad comments, and at the same time let them count the marketing accounts and major media that spread these scandals, and after doing this, I will come to you.”

After listening to his words, Fu Jingting also understood that he had misunderstood him, and the sullen complexion was a little better, but the low pressure around his body still did not dissipate, “Give me the phone.”

“Yes.” Assistant Zhang quickly took out his suit pocket, He took out Fu Jingting’s mobile phone and handed it over.

Fu Jingting grabbed it, trying to see if there was any news from Rong Shu.

Seeing that the top was clean and nothing, the eyebrows suddenly twisted into Sichuan characters.

But then I thought that Assistant Zhang had called Rong Shu, maybe because of this, Rong Shu didn’t look for him later.

“How was Xiao Ye Ye’s mood at the time?” Fu Jingting clenched his phone and asked Assistant Zhang.

Assistant Zhang thought for a while and replied, “It’s not very good. Anyway, I listened to Miss Rong’s voice, and it was a little dull. I guess this matter has brought a big blow to Miss Rong.”

Also, Miss Rong obviously just Going to do business, the result is that people take photos randomly for no reason and prevent rumors on the Internet.

No one can stand it.

Hearing that Rong Shu was in a bad mood now, Fu Jingting also felt that his heart was being pulled, and his breath became colder and colder, “I found out who did it?” I

heard Assistant Zhang just now . As I said, the first media of the scandal was the squirrel department.

The Squirrel Department is just a little scoundrel. How dare you do this without the advice of someone behind the scenes.

So at best, the squirrel department is just a knife, and the people behind the scenes are the most hateful.

The woman who dares to secretly publish such unwarranted rumors to smear him is not only a bully, but also a slap in the face.

If you don't find out who is behind the scenes, his surname is not Fu.

"Not yet." Assistant Zhang shook his head truthfully, "Because I only knew about this a while ago, so the order to investigate has not been given yet, but what is certain is that the person behind the scenes is a woman. "

Women?" Fu Jingting was startled.

Assistant Zhang hummed, "Yes, the photos and texts published by the Squirrel Department are to make everyone misunderstand that Miss Rong is cheating, and cheating is the most unacceptable thing for both men and women. The person behind the scenes is the I want to use this to make you and Miss Rong break up. After all, there is a big way to destroy Miss Rong, and there is no need to use this method, so there is an 80% chance that the person behind the scenes is a woman or a"

He paused. At the same time, he raised his head and glanced at Fu Jingting quietly, then coughed, and then said, "She is still a woman who loves you, Mr. Fu."

Fu Jingting's eyes instantly cast a shadow.

Assistant Zhang said again, "Mr. Fu, this result, RongMiss Rong also guessed it. I guess Miss Rong was in a bad mood at the time. Apart from the scolding on the Internet, it was most likely because of this. After all, she was a woman, and suddenly another woman ran out, not only setting traps for her, but also poaching her. In the corner, it's strange that she is in a good mood. In short, Mr. Fu, you should call Miss Rong quickly and coax Miss Rong first, so that Miss Rong doesn't think too much.

He persuaded.

Fu Jingting closed his eyes fiercely, and temporarily suppressed the blood and blood in his eyes, and said in a calm tone, "I know, as for investigation, there is no need to take the formal route .

He stood up with a gloomy expression that made people feel dizzy.

Assistant Zhang realized something, and his expression became condensed, "Mr. Fu, what do you want?" "

Just ask the investigators to go to the squirrel department and gather all the high-level executives for me." , I cross-examined one by one, and if anyone doesn't say anything, they will knock out their teeth one by one, and I will see if they will say anything. "Fu Jingting squinted, his eyes flashing with murderous intent.

“Yes.” Assistant Zhang immediately stood up and responded in a deep voice.

He could see it, and President Fu was angry.

Also, even a man can't stand his own woman being bullied like this.

If it was him, he didn't want to waste time, just directly Wouldn't it be better to use a more direct method to force confessions from those behind the scenes?

“Mr. Fu, I'll go right now. After leaving these words ,

Assistant Zhang left.

Fu Jingting unlocked the phone and did not call Rong Shu immediately.

Instead, he went online to check the situation on the Internet.

Seeing all kinds of abusive comments on Rong Shu, Fu Jingting suddenly pinched it. Tighten the phone, as if to burst it.

What's going on? Did

n't Zhang Cheng tell the public relations department to suppress the heat and delete the bad comments?

It stands to reason that even if it is not completely clean, at least it is normal on the Internet now. It is not like this now.

The thief's heart is immortal

what's the problem?

Fu Jingting squinted his eyes, and then called the public relations department directly.

“Mr. Fu.” From the other side, the voice of the head of the public relations department came.

Fu Jingting asked, “Didn't Zhang Cheng let you clean the Internet? Did you do the same?” The

head of the public relations department was taken aback by Fu Jingting's question, then he reacted and quickly replied, "Mr. Fu, Assistant Zhang did send someone to instruct him. , after we received the order, we did it immediately, after all, this matter concerns you and Miss Rong, how could we neglect."

"Then tell me now, what's going on on the Internet!" Fu Jingting replied to him and added: dissatisfied.

"Online?" The head of the public relations department frowned, his face full of doubts.

Obviously he doesn't know what's going on online yet.

"Sorry, Mr. Fu, I'll take a look, please wait a moment." After finishing speaking, the head of the public relations department put the phone on his shoulders and began to tap on the keyboard with both hands.

Two minutes later, seeing the situation on the Internet, the Minister of Public Relations directly exclaimed, "How is this possible!"

"What's going on?" Fu Jingting asked.

The head of the public relations department had a strange expression, "Mr. Fu, I can guarantee that our public relations department has indeed cleaned up the Internet, but I don't know why, the situation on the Internet is the same as before. Afterwards, I also checked it specially, and I was relieved to quit the Internet when I saw that the Internet was clean, Mr. Fu, you believe me, I definitely did not lie."

The person on the other end said it very seriously.

Fu Jingting could also hear that the other party did not lie.

But the situation on the Internet really does not want to be cleaned up

. "Mr. Fu!" At this time, the head of the public relations department spoke again with a serious expression, "I suddenly thought of a possibility."

"Speak!" Fu Jingting pursed his thin lips tightly. .

The head of the public relations department responded and quickly replied, "We did clean the Internet, but some people returned to the way they were before cleaning the Internet. This can be done easily for companies specializing in the Internet, or some hackers."

Internet company

Fu Jingting's face suddenly appeared in Liu Lao's mind.

The Liu family specializes in networking.

Coupled with the dislike and belittling of Rong Shu by Mr. Liu just now, it seems no!

Fu Jingting shook his head.

It shouldn't be possible!

Old Liu really didn't like Rong Shu, but he wouldn't use this method to deal with Rong Shu.

After all, he still understands the old man. It is one thing for the old man not to like a person, but it is another matter whether he will do these shameful actions.

So it wasn't the father who did it.

And the old man is an old man, what are you doing?

"Can you find out which internet company or hacker did it?" Fu Jingting asked coldly with thin lips pressed together.

The head of the public relations department thought for a while and replied, "Hackers are probably a bit difficult. They are used to using broilers to hide themselves, but for Internet companies, it should be possible. Internet companies do not want hackers to be a separate individual, they are a whole and hide. It's not that easy, but it's more appropriate to leave this matter to the network technology department, they have professional talents there, but our public relations department doesn't have them."

Fu Jingting also knew this, without needing to say it.

"You tell the network technology department." Fu Jingting indifferently instructed.

"Okay, Mr. Fu." The Minister of Public Relations responded.

Fu Jingting hung up the phone, pinched the bridge of his nose, and prepared to call Rong Shu to calm Rong Shu's emotions and let Rong Shu not be afraid.

He will resolve this matter.

As a result, before he could find out Rong Shu's phone number, a call came in.

Seeing the caller ID, Fu Jingting frowned, obviously a little unhappy with the call.

The call was from Mr. Liu.

Mr. Liu just left not long ago. He called at this time, and he didn't need to think about it to know the reason.

However, Fu Jingting respected that he was his teacher, and he couldn't hang up the phone directly. He deliberately let the phone call after thinking for a while before answering, "Teacher."

"Jingting, you should know about the Internet, right?" At the other end, Mr. Liu was still in the car, sitting in the back seat, holding up his mobile phone, and asked with a smile.

Just as Fu Jingting was about to speak, Liu Lao's voice sounded again, "I forgot, you must know, your assistant didn't come to you before, saying that something happened to that girl, I guess he wanted to tell you about it. "

Fu Jingting was noncommittal.

Something flashed in Liu Lao's eyes, he sighed, looked good for him, and said, "Jing Ting, look, I said she is a woman of bad character, you still don't believe it, it's just a matter of making trouble before. , Now you can even do things like cheating, and you may do more extreme things in the future, so Jing Ting, you should break up with her, she"

"Okay teacher." Fu Jingting was expressionless He interrupted him, "Let's not say that this matter is false in the first place, just say that this is between me and her, and she and I will solve it, so you don't need your old man to intervene. I'll go back to see you and hang up first."

After speaking, he was about to hang up.

Liu Lao was so angry that he quickly stopped him, "Wait."

"Teacher, what else do you want to say? If you still want to say this, then there is no need." Fu Jingting reminded him coldly.

Old Liu squeezed and pinched his phone, and after a while, he put down the fire, "Of course I didn't say that, I know you don't like to hear it."

Really, it's so clear on the Internet, that woman just put a green hat on her stupid student, but she doesn't believe it.

Really pissed him off.

I don't know what that woman did to this foolish student, so that she gave her whole heart to this foolish student, and she didn't even believe that she was wearing a green hat.

Liu Lao only felt a headache, and wanted to open his students' brains to see if the students' brains had been lost.

"It's good that the teacher knows." Fu Jingting didn't know what Mr. Liu was thinking, and he didn't want to know. He opened his thin lips and said softly, "As long as the teacher doesn't say these things that I don't like to hear, we can still have a good conversation."

Mr. Liu Heart hehe sneered.

good conversation?

When he mentioned that woman, it was as if he had changed as a student.

What a good conversation?

Forget it, now that my student is obsessed with that woman, I will find opportunities to persuade and persuade in the future.

"Okay, let's not talk about this, Jing Ting, Linlin will be back in the past two days, and I have been shouting that I haven't seen you for all these years. How about coming to the house for dinner when Linlin returns?" invited.

Fu Jingting nodded, "Okay."

Although he didn't like the teacher's dissatisfaction with Rong Shu, no matter what, he was his teacher after all.

Invited by his teacher, he cannot be regarded as ignorant.

Hearing that Fu Jingting agreed, Liu Lao suddenly became happy, "That's fine, come early and bring the girl over."

Jing Ting couldn't get through this road, so he took the woman's road.

He personally persuaded the woman to leave Jingting.

As if he understood Liu Lao's plan, Fu Jingting squinted his eyes and his expression sank again, "No need, teacher, you don't like her anyway, so I won't take her to see you, at least this way, you don't have to see She's upset, and she won't be wronged by you, okay teacher, I still have something to do, so I'll hang up first."

After speaking, without waiting for Old Liu's response, Fu Jingting hung up the phone.

After hanging up the phone, his face was gloomy and ugly.

He knew that the teacher didn't give up and wanted to separate him from Xiaoye Ye.

Unexpectedly, the teacher couldn't achieve his goal here, so he wanted to start from Xiaoye Ye.

With Xiao Ye Zi's character, even if she doesn't agree, there will be a pimple in her heart, and she begins to doubt whether she is right with him.

After all, it was his respected teacher who persuaded her.

The teachers he respected did not think they were suitable, so it was strange that Xiao Ye wouldn't have such thoughts in his heart.

Fu Jingting rubbed his temples.

It seems that in the future, the teacher must not be allowed to meet with Xiaoye Ye.

I myself don't go to see the teacher anymore.

Lest the teacher say these words every time he sees him.

Fu Jingting sighed lightly, and finally dialed a video to Rong Shu.

Rong Shu is processing files at the moment.

But because of the scandal on the Internet, she was upset at the moment, and it took a lot longer than usual to process a document.

But there is no way, if she doesn't deal with the documents, she will always worry about things online.

So she can only use her work to numb herself, so that she doesn't think too much and doesn't care about things online.

Suddenly, the phone that was put aside rang, it was a video invitation.

Rong Shu stopped the pen in his hand and turned to look, it was from Fu Jingting.

It is estimated that Fu Jingting is already busy. Assistant Zhang told him about the Internet, so he sent a video.

Rong Shu looked at Fu Jingting's name beating on the screen, her red lips pursed, her expression a little complicated, she didn't mean to answer for a long time, instead she became fascinated.

In the end, when the time limit for the video invitation was up, she regained her senses in a trance, only to find that the video had been hung up.

Rong Shu bit her lower lip, and there was a hint of annoyance in her eyes.

Annoyed that he suddenly lost his mind and missed Fu Jingting's video invitation.

But she was only annoyed, but she had no plans to call Fu Jingting over.

Because of the relationship between the person behind the scenes and Fu Jingting, she really had no sense of security in her heart.

She was afraid that Fu Jingting already knew who was behind the scenes, and then told her that this matter should be handled in a small way.

If that's the case, she doesn't know how to face Fu Jingting and her feelings for him.

So, it's okay not to receive the video.

At least, she doesn't have to be so uneasy.

"Chairman." There were several knocks outside the door, as well as Secretary Tong's voice.

Rong Shu collected her thoughts and looked up, saw Secretary Tong standing at the door, realized something, and got up quickly, "come back?"

Secretary Tong nodded, "come back."

She raised her feet and walked over.

Rong Shu looked at her and asked eagerly, "How is it?"

Secretary Tong shook his head and replied with some shame, "Chairman, as we guessed before, the surveillance has been deleted."

Wen Yan, Rong Shu The eagerness on his face suddenly calmed down.

Disappointed?

some.

But not much.

After all, I had already guessed it, and I was already mentally prepared.

So hearing the answer now is nothing more than a guess from the previous application.

“Chairman, what should I do now?” Secretary Tong looked at her and asked, “It’s obvious that a big hotel can delete the surveillance. Obviously, the identity of the person behind is not simple.”

“I already know who did it. Right.” Rong Shu said suddenly.

Secretary Tong was pleasantly surprised, “really?”

“Well.”

“That’s great, now that you know, even if the identity of the other party is not simple, as long as you hand it over to President Fu, everything will be easy to talk about. That person will definitely not dare not listen to President Fu’s words. As long as President Fu speaks, that person will definitely monitor the surveillance obediently. Handed it over.” Secretary Tong said happily.

However, there was no expression on Rong Shu’s face.

Seeing this, Secretary Tong’s happy mood suddenly froze on his face, “Chairman, what’s the matter? You don’t seem to be very happy?”

Rong Shu twitched the corner of her mouth and pulled out a wry smile, “I can Are you happy? Do you know who did this? “

Secretary Tong shook his head.

If she knew, she wouldn’t have asked just now.

Rong Shu closed her eyes, “It’s Mr. Liu’s granddaughter.”

“Elder Liu?”

“Well.” Rong Shu nodded, “Elder Liu is Fu Jingting’s mentor, and his granddaughter is also Fu Jingting’s childhood sweetheart. Do you think there is such a thing? relationship, am I happy?”

Secretary Tong sucked in a breath, "how could this be! The people behind this have such a big background!"

The background in her mouth did not refer to the other party's family background.

It refers to the relationship between the other party and Fu Jingting.

"Chairman, then, isn't it impossible to guarantee that President Fu will seek justice for you?" Secretary Tong looked at Rong Shu worriedly.

Rong Shu responded slightly, "Almost, Fu Jingting sent me a video just now, but I didn't answer it, I was just afraid to hear that he wanted to reduce this matter, because I didn't know, the Liu family and I were in him. Who is more important in my heart."

"There is no way to measure it." Secretary Tong sighed, "One mentor and one lover, if Mr. Fu chooses you, outsiders will say that he disrespects the teacher and is ungrateful, but if he chooses a teacher, then in short, it's quite embarrassing for President Fu to be caught in the middle."

Rong Shu's words were undeniable.

Fu Jingting was indeed caught in the middle.

"Let's see if Mr. Fu has a better solution." Secretary Tong glanced at Rong Shu.

Rong Shu didn't speak.

Secretary Tong pushed his glasses and said, "what is this called, but everyone behind the scenes is a famous daughter who has nothing to do with President Fu. This matter is easy to solve, but it has something to do with President Fu. "

Yes." Rong Shu laughed at herself.

Secretary Tong said again, "Chairman, if I'm not mistaken, Mr. Liu's granddaughter should be a generation younger than Mr. Fu. Fu is always Mr. Liu's student, so Mr. Liu's granddaughter is Mr. Fu's niece and niece. It's really funny to fall in love with uncle."

"It's not a kiss." Rong Shu lowered her eyes.

"Even if it's not a relative, but the relationship is here. In short, this Miss Liu is probably not a good person." Secretary Tong said.

Rong Shu didn't answer.

nice guy?

If you were a good person, you wouldn't do this kind of thing.

Obviously, this granddaughter of Lao Lao is like Gu Manyin and Su Man.

It is estimated that this matter has been resolved, and there will be other things in the future.

Rong Shu picked up the coffee and took a sip, only to feel a headache.

"Chairman." Secretary Tong called her.

Rong Shu raised her eyes to look at her, "what's the matter? You said."

Secretary Tong took a deep breath, "Chairman, now we are not sure how President Fu will solve this matter, and the monitoring at the hotel has also been lost. , there is no way to use surveillance to clarify the gossip and gossip on the Internet, otherwise, let's go to Mr. Lu directly, and let Mr. Lu come forward to clarify, maybe it will be effective?"

Rong Shu shook her head, "No, no one knows the photos on the Internet now. Who is the man, so I don't want to drag Aqi in, I'll just have to carry this matter alone."

"But"

Secretary Tong was interrupted by Rong Shu's cell phone ringing in the middle of her speech.

Rong Shu looked down.

Originally thought it was Fu Jingting again, but unexpectedly, it was Cheng Huai.

In the past two months, because of the political exam, Cheng Huai has been busy going to the mountains and the countryside to investigate the people's conditions in various places, and he has to review the written part of the exam.

So she almost had no contact with Cheng Huai.

So much so that she almost forgot about Cheng Huai.

No, he suddenly called now.

"Wait a minute." Rong Shu said to Secretary Tong, picked up the phone, swiped the screen with her thumb, and answered the call, "Hello?"

is about to be promoted

“Rong Shu, are you alright?” Rong Shu just answered the phone when Cheng Huai’s loud voice came over the phone.

It also startled her.

You must know that although Cheng Huai spoke in a frivolous tone in the past, the volume was just right, neither light nor heavy.

Why is your voice so loud now?

It felt like yelling at the phone.

Rong Shu rubbed her ears that were numb from Cheng Huai’s loud voice, and then she answered, “I’m fine.”

“Is it really fine?” Cheng Huai’s loud voice sounded again, “There is so much noise on the Internet, I heard about it when I was investigating in the countryside, and I quickly found a place with a little signal, so I called you, what’s going on?”

It turned out to be in the countryside.

Thinking of the poor signal in the countryside, it’s probably because of this that Cheng Huai’s voice was suddenly so loud.

After all, the signal is not good, and sometimes the sound cannot come through.

She also thought that he often went to the mountains and the countryside to investigate, and he had made himself rude.

“It’s like this.”

Rong Shu didn’t hide Cheng Huai, but told what happened and who was behind it.

The only thing that hasn’t been said is who is doing it.

After all, Cheng Huai and Fu Jingting are friends. If Cheng Huai knew, he would definitely tell Fu Jingting.

In that case, her plan failed.

She wanted to hide it for the time being, not to tell the fact that she already knew who was behind the scenes.

Because she wanted to see Fu Jingting's reaction and how Fu Jingting resolved the matter.

I just hope that Fu Jingting will not let her down.

Otherwise, even if she loves him again, she will not continue walking with him.

A man who can wrong his woman for others, she thought, might not be reliable.

"What?" On the other end of the phone, after Cheng Huai heard Rong Shu's words, his handsome face, which had been tanned a lot, was wrinkled, "It's actually the work of the women who adore Jingting, you're not too timid. "

Rong Shu's mouth curled into a sneering arc, "It's really courageous, but someone gave her the confidence."

No, her grandfather was Fu Jingting's mentor.

Because of this relationship, that Miss Liu dared to act rashly.

It is estimated that she is very confident. For her grandfather's sake, Fu Jingting will not treat her like that.

"Who?" Cheng Huai patted the tree beside him, "You said someone gave her this confidence, don't you know who did it?"

Rong Shu lowered her eyes and replied half-truth, "Almost, but still I'm not sure."

"It's okay, you tell me, I'll check it for you." Cheng Huai patted his chest and said with assurance, "I'll find it out for you soon."

Listening to his initiative to ask Ying, Rong Shu Heart is moved, is warm.

To her, Cheng Huai was just an ordinary friend with a little friendship, not even the best friend.

But Cheng Huai was able to call and care for her when she had an accident, and was willing to take the initiative to help, which many people couldn't do.

So it's no wonder she wasn't moved.

"Thank you for your willingness to help me, but no need." Rong Shu rejected Cheng Huai's kindness with a smile, "We can solve this matter ourselves, don't worry."

Rong Shu's refusal was actually unexpected by Cheng Huai. middle.

But when this moment really came, I couldn't help but feel lost.

"Yes, there is another Fu Jingting by your side. With him, you really don't need our help." Cheng Huai sat down on the grass, grabbed a piece of grass and put it in his mouth, then lay down on the grass, while chewing, he said a little dull.

Rong Shu didn't think too much about why he was so sullen, but felt that he was simply unhappy when he heard his rejection.

"Don't do this." Rong Shu shook her head amusingly and said, "Don't forget, we are still partners, we need to clean up the Gu family together, and now the Gu family has not collapsed, so there are still more places for you to help in the future, there is no need to be here. Why don't you help me where I can solve it?"

After being Rong Shu said this, Cheng Huai was refreshed, and he stopped chewing the grass in his mouth. After spitting it out, he quickly nodded in response, "You are right, since if so, then I'll leave this matter alone and leave it to Fu Jingting, since he's your man anyway, it's justifiable to take action to solve it."

"Well." Rong Shu replied with a light smile.

"Just talk." Cheng Huai frowned, and his expression became a little more serious, "I just asked my assistant to check the online situation, this happened very early in the morning, and now it's all afternoon. Now, why doesn't Jing Ting mean to put down the heat? Or is it that Jing Ting doesn't know about this yet?"

"He really didn't know at first, the Chinese New Year is coming soon, and the Fu Group is going to start an inventory. He is the director. I'm very busy, so it's normal not to know about this matter, but he just sent me a video invitation, I didn't receive it, I guess he should know about it, and only contacted me for this matter." Rong Shu replied.

Cheng Huai nodded, "Well, then I can rest assured. Jing Ting knows that the popularity of the Internet should be suppressed soon, but when are you going to clarify? You can't just suppress the heat and not respond. Right? In the eyes of the outside world, this is a sign of a guilty conscience."

"The answer is yes, but it depends on what Fu Jingting means." Rong Shu lowered her eyes, covering the look in her eyes.

The reason why she has not yet come forward to respond to the rumors on the Internet is that she wants to see how Fu Jingting will deal with this after knowing that the person behind it is Liu Lao's granddaughter.

Do you want to make a big deal out of it, don't respond, let the heat cool down over time, or just make it public.

If it is the latter, of course she is satisfied with Fu Jingting's behavior.

If it's the former, I'm sorry, she won't listen to Fu Jingting.

Why was she slandered and bullied, yet she could not get justice?

In short, it is Fu Jingting's attitude that she does not respond now.

Cheng Huai naturally didn't know what Rong Shu was thinking. After all, he didn't even know who was behind the scenes.

"Since you have plans, that's fine, then I won't ask more, but if you need me, feel free to contact me. If you can't get through to my phone, you can send an email, and my assistant will notify me in time." Cheng Huaishen After a slack, he regained his usual lazy appearance, his personality and behavior, and he didn't want to be a political person at all, but instead looked like a handsome boy who played in the world.

But Rong Shu knew that although he looked like a handsome young man, he didn't look like an official.

But in fact, he is as meticulous as hair, long-sleeved and good at dancing, but he is the most suitable person to be an official.

"Okay, if I need you, I will definitely find you." Rong Shu replied with a smile.

"Okay, then you have to say what you say, don't do it at all." Cheng Huai patted his butt and stood up from the ground, "I still have something to do here, and I have to go to a village to collect statistics on the people's situation, so let's not do it for now. I told you, I made time for this phone call, how is it, how am I treating you?" Do

you want to break up with Fu Jingting and consider me?

Cheng Huai put these words away in time, and didn't say it in his heart.

Rong Shu covered her lips and smiled, "It's really good for me, then I'll thank Mr. Cheng for his kindness. Well, go ahead and do your work. I won't disturb you. I believe that when you come back, you'll be promoted?"

Cheng Huai hehe He smiled and said, "That's right, I'm doing well, and I didn't run away for promotion."

"That's great, then I'm here to congratulate you in advance." Rong Shu put her phone on her shoulders, clasped her fists against the void, and made a congratulatory gesture.

Changes in mood

Although Cheng Huai couldn't see it, he could imagine the behavior of Rong Shu on the other end of the phone. He smiled very happily, "I accept your congratulations, don't worry, when I get promoted, I will be your backer when I come back."

He thumped his chest with a thud.

Rong Shu could hear very clearly through the phone, and her heart was trembling when she heard it.

Don't break your sternum, man.

"Then I'll thank you." Rong Shu quickly thanked and stopped Cheng Huai from continuing to pat his chest.

Sure enough, Cheng Huai stopped taking pictures, turned and walked towards the assistant not far away, "Thank you, we are friends, let's not talk, I don't have any signal here, hang up first, and when I come back, we will How about having a meal together?"

"Okay." Rong Shu nodded in agreement.

Then, the call ends.

Rong Shu put down the phone, looked at the phone and shook her head and laughed.

The opposite Secretary Tong asked, "Chairman, it's Mr. Cheng."

"Yeah." Rong Shu nodded, "He knew about the Internet, so he called and asked me about my mood."

"That Mr. Cheng is really a good person . ." Secretary Tong said while touching his chin.

Rong Shu replied with a smile, "yes, he's a good man, by the way, what did you just say?"

Secretary Tong's mouth moved, ready to say what he didn't finish just now.

As a result, the next second, the door of the office was pushed open.

Secretary Tong's words were interrupted again and strangled in his throat.

Secretary Tong was speechless.

It seems to be God, don't let her say it.

Don't talk about Secretary Tong, Rong Shu was speechless, and then it was funny.

But the next second, the two of them couldn't laugh anymore, because Lu Qi's familiar voice came from outside the office door, "shushu."

When Secretary Tong heard this voice, his face suddenly turned pale, his pupils shrank, and he looked at Rong Shu as if asking for help. "Chairman"

Rong Shu was also a little nervous at this moment.

After all, Lu Qi's sudden arrival was something none of them expected.

Now that she wants to help, she can't even ask Secretary Tong to hide in her lounge.

Because Lu Qi had already walked in.

Secretary Tong also heard the footsteps behind him, his face became paler and paler, his body also trembled, and even his head was about to drop to his chest.

It can be seen that she is afraid of Lu Qi.

Of course, it's not all fear, but more of a guilty conscience.

She was pregnant, Lu Qi didn't know, and she didn't dare to let him know.

That's why she was always afraid to meet him. The biggest reason was that she was afraid that she would be pregnant and he would know.

Looking at Secretary Tong's cautious appearance, and at Lu Qi's approaching figure, Rong Shu knew that there was no way for the two to meet, and sighed in her heart.

That's all, since you can't escape, let's meet calmly.

Just don't let Ah Qi know that Secretary Tong is pregnant.

Thinking about it, Rong Shu coughed lightly, and when Secretary Tong looked up, she quickly gave Secretary Tong a look.

Let Secretary Tong cheer up, don't put on such a guilty and nervous look, be calm.

Otherwise, wouldn't it be obvious to tell Aqi, is there something wrong with her?

Receiving Rong Shu's reminder, Secretary Tong also realized that he couldn't do this, and quickly cast a grateful look at Rong Shu, then closed his eyes, took a deep breath, and adjusted his mentality.

At least, you should hide your guilty conscience, nervousness, and panic.

Thinking of this, Secretary Tong squeezed the palm of his hand, finally adjusted his emotions and mentality, and changed back to the secretary who was calm and flattered when facing Rong Shu.

In any case, Secretary Tong is a professionally trained secretary.

In terms of self-regulation, naturally there is nothing to say.

Seeing that Secretary Tong's mood returned to normal, Rong Shu was also relieved, and the big stone that he mentioned in his heart finally fell back to its original place.

Rong Shu didn't pay too much attention to Secretary Tong, she quickly retracted her eyes and looked at Lu Qi who was approaching, "Aqi, why are you here?"

"I came to see you, and for the Internet things." Lu Qi stopped beside Secretary Tong.

Secretary Tong's body couldn't help shrinking, but soon, he calmed down again.

She secretly encouraged herself to prevent herself from revealing the possibility of her flaws, and then turned around, bowing slightly to Lu Qi with the attitude of always treating Lu Qi, and said hello calmly, "Mr. Lu."

Lu Qi noticed her presence from the moment he entered the door.

However, he pretended that he didn't see her and walked straight over.

But now Secretary Tong took the initiative to greet him, and he couldn't pretend not to see it.

It's just, I don't know why, when I see her rigidly greeting him, my heart is full of fire?

Obviously before, she also greeted herself like this, and she didn't think there was any problem.

But now, he inexplicably doesn't like her treating him like this.

But how he wanted her to treat him, he couldn't tell.

Lu Qi was like this, looking at Secretary Tong, he didn't respond, and he didn't know what he was thinking.

Secretary Tong's heart was beating very fast, and his body started to get cold.

She didn't know why Lu Qi was looking at her.

All she knew was that when he looked at her like this, she gradually became uneasy and panicked.

Chairman

Secretary Tong raised his eyes and gave Rong Shu another look for help.

Rong Shu didn't know what was wrong with Lu Qi, so she insisted on staring at Secretary Tong. After shaking her head with a headache, she was ready to open her mouth.

But at this moment, Lu Qi suddenly spoke.

He put his arms around, stared at Secretary Tong with unclear eyes, and said, "what? When you see me this time, don't you hide?"

As soon as these words came out, not only Secretary Tong's face turned pale, but Rong Shu was stunned.

"Aqi you"

Lu Qi raised his hand, motioned her to stop talking, then looked at Secretary Tong and continued, "Do you think I came here last time, didn't you know you were hiding in Shu Shu's lounge?"

Secretary Tong's face whiter.

Rong Shu took a breath.

She thought that Aqi didn't know about this.

Never thought about it, Aqi knew it from the beginning.

That Secretary Tong is pregnant

No no no, Ah Qi should not know about this.

If you knew, you would have come to find Secretary Tong to confirm.

In short, as long as Secretary Tong is pregnant, it's enough that Ah Qi doesn't know about it.

“Sorry Lu Qi, I didn’t hide on purpose.” Secretary Tong lowered his head and bit his lower lip slightly, “you said you didn’t want to see me, so I did this, but this time I didn’t expect you to come suddenly, Otherwise, I wouldn’t be here.”

Hearing this, Lu Qi’s face turned darker, and the anger in his heart grew even stronger.

He smiled coldly, “If you say you don’t want to see you, you just hide and disappear. I didn’t expect you to be so obedient.”

His words were eccentric, and he also revealed sourness and anger that people couldn’t understand.

A bit of bitterness flashed in Secretary Tong’s eyes, “Mr. Lu’s orders, of course, I have to follow them. After all, you are my boss now. I’m just a subordinate. Isn’t it normal for a subordinate to listen to his boss?”

“Humph!” Lu Qi snorted coldly and said nothing.

He didn’t like her answer, but he had to admit that she was right.

Therefore, he couldn’t refute it, and simply didn’t say it.

“Okay, okay, don’t talk about this anymore, Secretary Tong, go and pour a cup of coffee for President Lu.” Rong Shu instructed while winking at Secretary Tong.

Secretary Tong understood something, and smiled gratefully at Rongshu, and responded, “Okay chairman, I’ll go.”

After she finished speaking, she turned around and walked quickly towards the door, and soon disappeared.

The complicated heart

During this period, Lu Qi’s eyes kept falling on her, even though her figure had disappeared outside the door for a long time, she never took it back, as if she was fascinated.

In the end, Rong Shu patted him on the shoulder, which made him take his eyes back and turn his head back.

“What’s wrong?” Lu Qi asked, touching the shoulder that Rong Shu had patted on.

Rong Shu wrapped her arms, looked at the direction of the door behind him, and finally fixed her eyes on him, “I still want to ask you what’s wrong, staring at the direction where Secretary Tong left, calling you twice, you No response.”

“Who said I was staring at her, I was just thinking about something.” Lu Qi was a little emotional and quickly retorted.

Seeing that he didn’t admit the behavior just now, Rong Shu couldn’t help rolling his eyes, “OK, if you don’t have it, then there’s nothing, but I tell you, Ah Qi, come to me in the future, you can’t be weird with Secretary Tong, now she It’s my secretary, not yours, it’s not suitable for you.”

Anyway, as Secretary Tong’s current boss, she has to protect Secretary Tong anyway.

Secretary Tong can’t be bullied here in Ah Qi.

“Yes.” Lu Qi curled his lips and waved his hand, “I will ignore her in the future, okay? Anyway, I don’t think I have a strange anger towards her. You didn’t see her facing me, then With an expressionless face, I haven’t said that she deliberately showed me a face, but you are blaming me.”

Rong Shu’s mouth twitched, “Aqi, what you said is a bit unreasonable, Tong Isn’t the secretary’s attitude towards you the same as in the past? Rigorous and rigid, there is no change, why can’t you accept Secretary Tong’s attitude towards you when Secretary Tong has been here for a few months? “

Lu Qi was startled, and suddenly Can’t speak.

Yes, the way Tong Xi greeted him was indeed no different from the way he greeted him in the past.

I didn’t think there was any problem with Tong Xi in the past.

Why don’t you like it now?

Lu Qi lowered his eyes and felt an indescribable irritability in his heart.

After a while, he pulled out the chair and sat down, and waved his hand again, “Forget it, don’t talk about it, I’m upset.”

Rong Shu rolled his eyes at him again.

Upset?

Isn't it because he stared at Secretary Tong all the time, and later disliked Secretary Tong's attitude, so he had to be tangled?

Why are you upset now?

However, Rong Shu has always respected the meaning of others. Lu Qi doesn't want to say this, so he won't say it.

At this time, there was another movement from the door of the office.

A woman who looked like an assistant appeared at the door with a tray and knocked on the door, "Chairman, coffee is here."

Rong Shu smiled and nodded at her, "Come in!"

"Yes." The

assistant replied, Putting his hands down, he walked in with the tray in both hands, and placed two cups of coffee in front of Rong Shu and Lu Qi.

After putting it down, the assistant will turn around and leave.

Lu Qi stopped her with dark eyes, "Wait." The

assistant stopped and looked back at Lu Qi, "Is there any other order from President Lu?"

"Where's Tong Xi?" Lu Qi turned the coffee in front of him, his tone flat. , I can't tell how I feel.

Rong Shu sat across from him and looked at him without speaking, wondering what Lu Qi was going to ask.

The assistant held the tray vertically in his arms, remembered what Secretary Tong had just explained, and replied with a smile, "Secretary-General has just answered a call, and she has work to do, so she's busy now, and specially ordered me to bring in the coffee. "

Lu Qi didn't speak anymore, and looked at the coffee cup with his eyes closed, not knowing what he was thinking.

The meeting room suddenly became quiet.

The assistant stood there, neither walking nor not walking, so he could only look at Rong Shu for help.

Rong Shu supported her forehead, and felt a bit of a headache for Lu Qi's behavior.

"Aqi"

Rong Shu was about to speak to make a clearance.

Lu Qi took a sip of coffee and threw the coffee cup on the table.

The sound also startled Rong Shu and his assistant.

"Is there something wrong with her, or is she deliberately making excuses not to bring her in? I think the answer doesn't need me to say it explicitly, right?" Lu Qi looked at his assistant with a moody expression.

The assistant opened his mouth and wanted to say something, but in the end he didn't say anything and lowered his head.

Rong Shu couldn't stand it any longer, and waved to the assistant, "Xiao Lin, you go out first."

"Yes." The assistant was overjoyed when he heard Rong Shu's words, and suddenly felt like a pardon, he hurried to the door and left. office.

After the assistant left, Rong Shu looked at Lu Qi, who looked unhappy across from him.

Obviously, Lu Qi was dissatisfied with the assistant's departure, because he still had something to say.

"Aqi, I asked Secretary Tong to bring in the coffee, so you don't have to blame Secretary Tong for not bringing it in in person." Rong Shu looked at Lu Qi and said softly.

Lu Qi's hand on the coffee cup tightened slightly, "Why did you do this?"

"Why?" Rong Shu squeezed her brows and explained with some tiredness, "Aqi, didn't you notice Tong? Is the secretary afraid of you? I don't know what happened between you to make Secretary Tong so afraid of you, all I know is that I am Secretary Tong's boss now, and it is my duty to protect her, since she will feel uncomfortable when she sees you, will be afraid, then of course I will find a way to avoid her meeting you, so it's normal for me to do this, isn't it?"

She spread her hands.

At the same time, he also deliberately concealed the fact that he already knew what happened between them.

Lu Qi's attention was not on Rong Shu, but in her words.

Hearing Rong Shu say that Secretary Tong was afraid of him, for some reason, he felt as if his heart had been pulled, and he was very uncomfortable .

"Why is she afraid of me?" Lu Qi whispered with his lips moving slightly, as if he was asking Rong Shu and himself.

Rong Shu rolled his eyes at him, "Why don't you know the best in your heart? Anyway, you guys are like this all of a sudden."

" " Lu Qi squeezed the coffee cup again and fell silent.

He seems to know why.

After that night, he said a lot of excessive things to Tong Xi.

Maybe it was these words that made Tong Xi so afraid of him.

Tong Xi should be happy about his fear and avoidance, right?

After all, that's what he wanted in the first place.

But now that he really saw Tongxi treating him like this, he felt a little more indescribable annoyance in his heart.

At the same time, he also found out that he didn't seem to like that Tongxi was really afraid of him and avoided him.

what is this?

Lu Qi looked down at his hand, his eyes and expressions were lost in confusion.

Seeing him like this, Rong Shu didn't know what he was thinking, but she probably had nothing to do with Secretary Tong.

She shook her head and gently buttoned the table again, "Okay, Aqi, let's not talk about Secretary Tong, anyway, you don't want to see Secretary Tong now, isn't it just right that Secretary Tong doesn't bring you coffee?"

Of course not!

Lu Qi subconsciously wanted to say these four words.

But when the words came to his mouth, he suddenly reacted again, which was not quite what he should have said.

So, he swallowed this sentence abruptly, nodded slightly, and said with a slight smile, "You are also saying, you don't have to meet people you don't want to meet, it's really good."

After speaking, he picked up the coffee and drank it.

The delicate coffee cup just blocked the corners of his sinking mouth, so that people couldn't see that when he said this, his expression was not so calm and happy.

Differing, that's probably what it is.

Why not solve it

Outside the office, Secretary Tong, who was originally busy with work as the assistant said, was not busy with work, but kept standing at the door listening to every move in the office.

Listening to what Lu Qi just said, Secretary Tong only felt that his heart was cut by a knife, his eyes were instantly red, and enthusiasm surged.

It turned out that President Lu couldn't see her, so he was so happy.

Heh, it seems that in President Lu's heart, she is indeed a person who annoys him very much.

Secretary Tong raised his head slightly, took a breath, then covered his mouth and nose, left the door of the chairman's office, and returned to the large office belonging to the secretary assistants.

The assistant who delivered the coffee just now saw Tong Xi trotting in with her head down and her eyes still red. She was startled and asked with concern, "Secretary-General, what's the matter with you?"

"It's okay." Tong Xi returned to his own Sitting down behind the desk, he shook his head at the assistant, wiped his eyes, and replied with a reluctant smile.

"You've already cried, so it's all right?" The assistant frowned.

Secretary Tong took off his glasses and rubbed his eyes, "Xiao Lin, thank you for your concern, don't worry, I'm really fine, I just thought of some sad things, so I couldn't hold back all of a sudden. It's alright now."

She put on her glasses and smiled at the assistant again.

Seeing that she was really not as sad and sad as when she first came in, the assistant felt relieved, nodded and replied, "That's good, then I'll go to work first, but Secretary-General, if you have any difficulties, you must Tell us, if we can help, we will definitely help."

Secretary Tong nodded, feeling warm in his heart, "Okay, I will not be polite then."

Next door, in the chairman's office.

Rong Shu and Lu Qi didn't know what they just said, but Secretary Tong heard them and left sadly.

At this moment, Rong Shu quietly looked at Lu Qi opposite.

After Lu Qi said what he just said, he kept drinking coffee with his head down.

Such a hot, bitter cup of coffee was about to be drunk by him.

"Alright, alright." Seeing that the coffee was almost completely bottomed out, Rong Shu hurriedly stopped the man who was about to raise his head and drink it all in one go, "Don't drink Aqi, drink it all in one go, it's not good for your throat."

Lu Started and stopped.

No way, Rong Shu grabbed her wrist.

He didn't want to stop, he had to stop.

Seeing Lu Qi let go of the coffee cup, Rong Shu hurriedly pushed his coffee aside and sighed, "Really, since you came here and saw Secretary Tong, your whole person has changed."

"What?" Lu Qi frowned, still unwilling to admit it.

Rong Shu shook his head helplessly, "Yes, yes, it hasn't changed, it's okay, let's stop talking about this, let's talk about business, you just said, you are here for online business?"

Speaking of business, Lu Qi Immediately became serious.

As if the previous appearance was just an illusion.

“Otherwise?” Lu Qi said this, his whole face was dark, “What’s the matter, I really didn’t expect that the paparazzi would be photographed by the paparazzi when I went out to talk business with you, and there were such unwarranted rumors. It really pisses me off.”

“It’s quite pissing.” Rong Shu nodded indifferently.

Lu Qi slammed his fist on the table, “That squirrel department is not a thing, and they dare to mess around with this kind of thing. They do this, aren’t they afraid of Fu Jingting’s revenge?”

Lu Qi didn’t know that someone had been involved early in the morning. premeditated.

He only thought that it was really just a media that sacrificed everything for the sake of popularity.

“They’re really not afraid.” Rong Shu folded her legs gracefully, and the corners of her mouth curled into a sarcastic arc, “If they were afraid, they wouldn’t dare to do it.”

Lu Qi was silent for a few seconds, “You’re right, I’m not. I know, it’s time to admire the courage of this squirrel department, for the sake of popularity, they don’t even want to go back, it’s crazy.”

It turned out that he didn’t know there was a conspiracy behind it.

Rong Shu’s red lips moved, and she was about to explain the cause and effect to Lu Qi.

But then he thought of something, and swallowed the words again.

Forget it, let’s not talk about it.

Let Aqi think that this matter is really just a deliberate rumor by the media for the sake of popularity.

In case the truth behind it is revealed, with Aqi’s violent temper, he might rush directly to Liu’s house.

“That’s right, Shushu.” Lu Qi squeezed his palms and looked at Rong Shu worriedly, “When this incident broke out, did Fu Jingting wrong you? Did he mistrust you?”

Anyway, the scandal of this scandal The protagonists are him and Rong Shu.

Although the man who has not been recognized in the photo on the Internet is him, he has an affair with her after all.

Therefore, he was afraid that he would cause trouble between her and Fu Jingting.

Women are often the weakest.

Once she and Fu Jingting got into trouble, it was always her who suffered.

He didn't want to see her suffer such grievances.

Lu Qi's worry made Rong Shu feel warm in her heart, and she shook her head slightly, "Don't worry, no."

"Really not?" Lu Qi was still worried.

Rong Shu nodded, "Really."

Although she has not contacted Fu Jingting yet.

However, Assistant Zhang knew that everything on the Internet was fake at first glance, and someone was manipulating her behind her back.

It makes no sense that Fu Jingting couldn't see it.

If Fu Jingting can't see it, then just forget about his eyes.

However, Fu Jingting couldn't see that this was not the most important thing. The most important thing was how Fu Jingting planned to deal with this matter.

"It's fine, then I'll be at ease." Lu Qi patted his chest and breathed a sigh of relief, "Did you know Shushu? On the way here, I was afraid that Fu Jingting would misunderstand you and didn't believe you, so I quickly put it down. The gas was smoking, but Fu Jingting didn't let me down."

"He's not a fool, he knows what we did in the hotel yesterday." Rong Shu smiled, "Besides, if he doesn't even believe me, I will too. There's no need to continue with him."

Lu Qi nodded again and again, "That's right, but he knows what we're going to do in the hotel? So, did you tell him what Mr. Li and I said to you last night? "

Yeah." Rong Shu brushed the hair from her ear, "You are right, I am too weak now, and I will inevitably ask him to help in the future. In this case, it is better to just talk about it."

"That's right ." Lu Qi smiled with relief, "Since it's said, he really won't suspect what we have in and out of the hotel, but why haven't you solved this matter yet?"

Lu Qi couldn't understand, "Just take the hotel's surveillance camera." Come out, and then we each clarify on the Internet, this matter can be solved, very simple, but now things have been fermenting for so long, and the Internet is getting more and more violent, but you and Fu Jingting seem to have nothing to say. , do you have any other plans?"

Originally, when he saw the scandal on the Internet, he wanted to stand up and clarify the first time.

But then, he was stopped by his mother.

Mother asked him not to stand up and clarify first, and come to Tiancheng to ask Shushu first.

Then he thought a lot in the car, thinking that with what he knew about Rong Shu, Shu Shu didn't seem to be someone who would procrastinate.

Especially this kind of scandal that damages his reputation and affects his relationship with Fu Jingting should not be delayed.

This kind of thing, the more you delay, the more troublesome it will be, and the more unpleasant it will be if you upload it online.

The most important thing is that if you don't show up for a long time, it will only make everyone feel that this matter is true. The reason why you don't show up is because of a guilty conscience.

So delaying it for a long time is not good for anyone.

Two Childish Men

Shu Shu is a smart person, it is impossible not to think of this.

The same is true of Fu Jingting.

However, neither Shu Shu nor Fu Jingting meant to stand up for clarification, nor did they even want to suppress the popularity of the Internet.

For this situation, the only explanation he could think of was that these two people must be thinking about something.

Otherwise why take so long?

Especially Fu Jingting.

Fu Jingting loves Shushu, it is impossible to watch Shushu keep being abused on the Internet, but Fu Jingting just did nothing.

No matter how you think about it, there is a problem.

It is estimated that his mother saw this early, so she stopped him from coming forward to clarify, and let himself ask Shushu, so as not to ruin Shushu's plan.

"Other plans." Rong Shu whispered these four words again.

Lu Qi nodded hastily, "Yes, otherwise why don't you clarify and solve it?"

Rong Shu smiled, her laughter was rather complicated, "I have other plans, but it depends on what Fu Jingting does, this is also me. A test for him."

If she hadn't known that the person behind it was Mrs. Liu's granddaughter, she wouldn't have dragged it on until now, it would have been clarified online long ago.

The reason why there is no clarification is that I want to see how Fu Jingting investigates the person behind the scenes and how it will be resolved.

In short, whether she can go down with Fu Jingting depends on this time.

"The test for Fu Jingting?" Lu Qi was stunned, "Why test Fu Jingting?"

Rong Shu pinched the bridge of her nose, "I won't tell you now, you'll know it later, anyway, I'll do it. It's my own reason."

"Lu Qi didn't speak, just looked at her so quietly.

After watching for a while, he sighed, "Okay, you said that, what else can I say, but I still think it's better to solve it earlier, you can't keep being scolded, but speaking of it it's also strange."

"What's strange?" Rong Shu looked up at him.

Lu Qi touched his chin, "It's me, it's obviously the two of us who went on a scandal together, but people on the Internet don't seem to recognize that the man is me, which is a bit strange."

Rong Shu lowered her eyes, "This is What, the world is like this, the malice towards women is often greater than that of men, and for the same mistakes, women often have to bear more than men."

"What you are saying, why don't I show up first to clarify, Whether these people believe it or not, at least I can share some of the infamy, I can't let you bear it alone, right?" Lu Qi looked at her.

Rong Shu didn't know whether to laugh or cry, "It's the first time I've seen you take the initiative to scold you. People on the Internet didn't recognize you, isn't it a good thing? Why do you have to show up and get scolded? It's not good either."

"I know, but this matter belongs to the two of us, and I can't let you take it upon yourself." Lu Qi frowned.

Rong Shu smiled, "Aqi, I understand your kindness, but it's really not necessary. Since we can have one less scolding, why not? Don't worry, I know you want to protect me, but the same, I also hope you are well, so you don't need to intervene in this matter, I will handle it myself."

"But"

Lu Qi wanted to say something, when the door of the office was pushed open.

Fu Jingting strode in with his slender legs.

Seeing him, Rong Shu was stunned for a moment, then stood up from the chair subconsciously, "Why are you here?"

Lu Qi also turned his head to look at Fu Jingting, snorted coldly, but said nothing.

Although I still don't want to see this man.

But this man is someone Shu Shu likes. Even if he doesn't want to see him, he won't be like before. His eyes are not eyes and his nose is not nose.

At least, to give Shu Shu some face, right?

All in all, he could not choke Fu Jingting, but it would be fine if he didn't talk to Fu Jingting.

Fu Jingting also glanced at Lu Qi, then quickly retracted his gaze and strode towards Rong Shu.

As for why Lu Qi was here, he was stunned for a moment at first.

But then thinking about things on the Internet, I probably understood why Lu Qi was here.

When Lu Qi saw him, he was eccentric, as if he couldn't!

You know, ignoring a person is the most shocking thing compared to yin and yang.

So, he just glanced at Lu Qi and ignored it, as if he didn't have Lu Qi.

"You didn't answer the video I sent you just now, so I was worried that you came here." Fu Jingting stopped beside Rong Shu and replied softly.

It turned out that she didn't answer the video because she was worried that she was in a bad mood.

Rong Shu felt a hint of sweetness in her heart, and her worries about Fu Jingting's future choices were also lessened.

After all, that was later, at least for now, he still regarded her as very important.

She is happy about this.

"Sit." Rong Shu gave up her office chair to Fu Jingting, and then moved another chair from the side to sit down by herself.

Fu Jingting didn't refuse and sat down on her office chair.

"What were you busy with just now, why didn't the video pick up?" After sitting down, Fu Jingting looked at the woman beside him and asked.

Rong Shu lowered her eyes, suppressed the look in her eyes, and replied calmly, "I was busy just now, so I didn't receive it.

Fu Jingting pursed his thin lips, not knowing whether he believed it or not.

After a while, he said again, "I know everything about the Internet, sorry for leaving you alone for so long."

Rong Shu's nose was sour, and she shook her head slightly, "No, but I want to know, you Do you believe what is said on the Internet?"

Lu Qi was stunned when he heard this, "Shushu, what do you mean? Dare you don't know if Fu Jingting believes it? Then you just"

"I don't believe it." Fu Jingting called directly. Duan Luqi was noisy, and answered Rong Shu's words with a serious expression, "People on the Internet are stupid, so they

believe it, but I'm not stupid, I know exactly whether you would do such a thing, what's more, there is me With such an excellent man, you still see other inferior goods?" As he spoke, he pointedly looked at Lu Qi.

Lu Qi was instantly furious, slapped the table and stood up, pointing at Fu Jingting's nose and shouting, "Fu Jingting, who are you talking about inferior goods, are you looking for smoke?"

Then he rolled up his sleeves to fight.

Fu Jingting raised his eyelids lightly, and replied lightly to his words, "Do you think you can beat me?" It

wasn't that he looked down on Lu Qi.

Not to mention that Lu Qi is not as tall as him, and his physique is not as strong as his.

Let's just say that the fighting he has learned is definitely not a problem.

And Lu Qi's small body doesn't look like he has learned these things.

Sure enough, as soon as Fu Jingting's words came out, Lu Qi was like a deflated balloon, his whole body was stunned, he squeezed his fists, and after a few times, he sat back down dejected, "Okay, I can't beat you. , are you arrogant?" When

he finished speaking, he turned his head to the side angrily, no longer out of sight and out of mind.

The battle between the two made Rong Shu laugh for a while.

In fact, she did laugh, covered her lips and snorted, "Okay, you two, stop arguing."

Both of them were clearly 30-year-old men.

But when they fight, they are all like three years old, childish and funny.

Seeing Rong Shu smile, Fu Jingting's tight brows relaxed a little.

Even the sullen Lu Qi was much less angry.

Rong Shu looked at Lu Qi embarrassedly, "I'm sorry, Aqi, I really lied to you just now, I haven't asked Fu Jingting if he believes in the Internet, but I know he will not believe it, so he answered in advance. about you."

You lied to me again

After Rong Shu finished speaking, Fu Jingting did not forget to raise his chin towards Lu Qi, his proud expression not concealed at all.

Although he didn't say a word, the words have been written all over his face. Look, Xiaoye knows me better!

After Lu Qi understood what Fu Jingting said was revealed, the corners of his mouth twitched a few times, his whole body trembling with anger.

This bastard!

The small movements of the two were naturally still noticed by Rong Shu.

But Rong Shu didn't know anything.

Anyway, as long as these two men get together, they will be naive.

Let them go.

Just as long as it doesn't really fight.

"Forget it, forget it." Lu Qi waved his hands helplessly, "Even if you lie to me, can I really care?" The

implication is that Rong Shu is not to blame for lying to him.

Rong Shu smiled, "Thank you, Qi."

Lu Qi waved his hand again, expressing his thanks.

Afterwards, Fu Jingting said, "Little Ye Zi, I didn't expect you to believe me so much, I'm very happy."

Yes, she didn't ask him if he believed in things on the Internet, she already knew in her heart that he wouldn't believe it.

How could he be unhappy with this trust?

Rong Shu poured him a glass of water, "It's just because you know the cause and effect of this matter, so if you don't believe it, then I think too highly of you."

“Don’t worry, you man, I’m not a fool.” Fu Jingting took the water glass, “Even if I don’t know the cause and effect, I won’t doubt that you will be sorry for me, because I know what kind of person you are.”

Rong Shujiao gave him a sullen look, with a smile on her face.

Obviously, she was happy with his answer.

“That’s right, Fu Jingting.” At this moment, Lu Qi suddenly set his eyes on Fu Jingting again.

Fu Jingting frowned, “What do you want to say?”

Lu Qi raised Erlang’s legs, “What else could it be, I just want to know, this thing has happened for so long, why don’t you suppress the popularity of the Internet and let it be. Have you been scolding Shushu? Although Shushu said that this matter is not in a hurry, and will test you, but suppressing the enthusiasm will not affect the test, right?”

“Test?” Fu Jingting turned to look at Rong Shu, “What test? ?”

Rong Shu also didn’t expect that Lu Qi would directly question Fu Jingting why he didn’t suppress the heat, and also said the test he just said, and he couldn’t help but feel a little big.

Well, it seems that it is impossible for her to hide the truth behind Ah Qi’s story.

“Don’t change the subject for now.” Although Lu Qi was also surprised that Fu Jingting didn’t know what the test was in Rong Shu’s mouth, what he wanted to know more was why Fu Jingting didn’t suppress the heat.

Anyway, in his opinion, suppressing the heat does not conflict with the test.

After all, suppressing the heat is not a clarification, nor is it a solution to this matter.

Fu Jingting looked at Rong Shu with deep eyes. After a while, he lightly opened his thin lips to answer Lu Qi’s question, “Who said I wasn’t hot?”

Rong Shu and Lu Qi were stunned.

“You suppressed the heat?” Lu Qi asked in surprise.

Fu Jingting was noncommittal.

Rong Shu’s red lips parted, then frowned.

Naturally, she would not suspect that Fu Jingting was lying.

Because there is no need for him to lie about such a thing.

It's just, why is it still the same online after the heat is suppressed?

This question was quickly asked by Lu Qi.

Fu Jingting's face was gloomy, and his voice was cold, "It's very simple, someone controlled the network, Zhang Cheng informed the public relations department to suppress the heat the moment it happened, and the public relations department followed suit immediately, but Soon, the popularity recovered again. Later, I went to the network technology department to confirm that there was indeed a network company behind the control, in order to prevent the popularity from being suppressed by me. Now my people are investigating whether it is Which Internet company, after finding out, I won't let them off easily."

That's how it turned out.

Rong Shu sneered at the corner of his mouth.

She probably knew which Internet company it was.

Isn't the Liu family's main focus on the Internet?

And Miss Liu is the daughter of the Liu family. How could someone from the Liu family company not listen to her words.

"What? Is there an Internet company behind it?" Lu Qi was shocked again, "Isn't this just a matter of ordinary media deliberately spreading rumors in order to gain popularity? Why is the Internet company involved? Isn't it that simple? Fu

Jingting looked at him like an idiot. "Of course not. Can't you imagine that ordinary media would dare to lie about me if they didn't have someone to back them up?"

"The heat doesn't kill you, so" Lu Qi said more and more quietly, and didn't say anything later.

Because he realized how simple and how stupid his thoughts were.

Fu Jingting sneered, "I really don't know how you are sitting in the position of Lu's president. You have been in the shopping mall for ten years. Do you really think that someone will do it for temporary interests and not for the rest of your life?"

Lu Qi Although he was a little unconvinced that he said that to himself, he did not refute it.

After all, this matter is indeed too simple for him to think.

“Taking a breath, Lu Qi adjusted his mentality and looked at Rong Shu with resentment in his eyes, “Shu Shu, did you already know that it’s not that simple? “

Rong Shu avoided his gaze.

Seeing this scene, Lu Qi still didn’t understand what he didn’t understand, with a sad face, “Shushu, you lied to me again.”

“I didn’t lie to you.” Rong Shu was a little embarrassed, “I’m just telling you about this matter. It’s just that the media deliberately spread rumors for the sake of popularity and didn’t refute you.”

“I don’t care.” Lu Qi snorted, “You didn’t tell me the truth anyway, you just lied to me.”

“Okay, do you think you are still young? ?” Fu Jingting couldn’t bear to see Lu Qi’s appearance, and scolded with a black face, “What is it to lie to you, you are stupid, you can’t see through such a simple thing.”

Fu Jingting looked contemptuous.

Lu Qi almost spat out a mouthful of blood, “Yes, I’m stupid, you’re smart, then tell me, who did this? Why did you make a rumor about me and Shu?”

Fu Jingting looked at Rong Shu subconsciously. .

Rong Shu pretended not to know, and looked straight ahead, but didn’t see it.

Fu Jingting’s heart skipped a beat.

It was over, she really knew that the person behind this was a woman who had ideas for him, so she got angry.

“Little Ye Ye, believe me, I will find out that woman, don’t be angry.” Fu Jingting looked at the water glass in front of Rong Shu, got up and poured her a glass of water, coaxing cautiously.

Rong Shu looked at the water glass in front of her and Fu Jingting’s nervous expression, feeling a little funny.

If the woman behind this is not the daughter of the Liu family, it has nothing to do with him.

When she saw his carefully coaxing her to be happy, she would naturally laugh and stop being angry.

But there is no way, the person behind this has something to do with him, and she still doesn't know how he will deal with it.

So, she really couldn't smile.

Rong Shu pushed the water that Fu Jingting poured aside, not wanting to drink it.

At the same time, she also told Fu Jingting that she was just angry, not so easy to calm down.

Fu Jingting's heart became even more tense. Just when he didn't know what to do, Lu Qi suddenly slapped the table, "What is it? A woman?"

He stood up and pointed at Fu Jingting's nose, "The surname is Fu, Don't tell me the person behind the scenes is your suitor?"

Rong Shu's question

Fu Jingting's eyes flickered, but he didn't say anything.

Rong Shu didn't speak anymore.

In the conference room, a quiet needle drop could be heard all of a sudden.

After a while, Lu Qi jumped up angrily, "Okay, it looks like I really got it right, the person behind the scenes is really your suitor, the grievances and scoldings suffered by the emotional Shushu, It's all brought by you, Fu Jingting. This is the second time, isn't it? The Su Man from before, now there is another one, will there be another one next time? Ah?"

He asked loudly.

Fu Jingting frowned, then stood up, "This matter is indeed caused by me, I will give Xiao Ye an explanation."

"Hmph, what's the use?" Lu Qi sneered disdainfully, "Your suitor There are so many, if you suppress it this time, there will definitely be new ones coming out next time. Do you have to make Shu Shu feel wronged every time? If I had known today, I should never have agreed with Shu Shu to get back with you. , you are a trouble."

Fu Jingting's pupils shrank, looking at Lu Qi's eyes, gradually becoming infected with murderous intent, "What did you say? Trouble?"

"Am I wrong?" Lu Qi told him without fear. "Fu Jingting, ask yourself, which of all the threats and dangers Shushu has suffered so far have nothing to do with you? Oh yes, there is one person who has nothing to do with you, and that is Rong Yuan. Except for Rong Yuan, do you dare to have anyone else? Did you say it has nothing to do with you? Gu Manyin, the Gu family, the Su family, and the suitor this time, if this goes on, Shushu may be dragged to death by you."

Fu Jingting clenched his fists, this time it was his turn to be unable to refute .

Indeed, all the difficulties that Rong Shu suffered, except for Rong Yuan, everyone else was indeed related to him, and it could even be said that he caused it.

He did cause her a lot of trouble.

"Rong Shu." Fu Jingting closed his eyes slightly, then stared at Rong Shu, "Do you also think that I caused you trouble?"

Although he himself knew that he did cause her trouble.

But what he cared more about was her thoughts.

If she also thinks she's causing him trouble, he

doesn't, no matter what she thinks, he won't break up with her or allow her to leave him.

She can only belong to him in this life, in the next life, in her lifetime!

A scarlet light flashed in Fu Jingting's eyes, and it was fleeting.

"It's not trouble." Rong Shu finally gave Fu Jingting a look and shook his head slightly, "It's true that these people are involved with you, but they are also involved with me, so the behavior of these people can't be said to be caused by you. Yes , after all, you have no way to control their behavior, so don't think too much about it."

Fu Jingting's clenched fist loosened slightly.

Lu Qi was a little unhappy, "Shu Shu, you still speak for him even though it's like this."

"A Qi, I'm not speaking for him, I'm just stating the facts, and it's true that we can't blame him all." Rong Shu sighed Say.

Lu Qi hummed.

Since he couldn't get a resonance with her, he still had trouble with Fu Jingting.

"Although Shushu said so, don't be complacent, no matter what, this incident is your fault, Fu Jingting, and it was your suitor who made Shushu bear this unwarranted infamy, so this matter, If you can't solve it well, then I won't say anything." Lu Qi pointed at Fu Jingting to warn.

Fu Jingting also answered coldly, "You don't need to remind me." When the words were over, he looked at Rong Shu again, "Just now Lu Qi said, you want to test me, what do you mean?"

This question happened to Lu Qi also Wanting to know, he also looked at Rong Shu without blinking, hoping to get an answer.

Rong Shu faced the gazes of the two men's four eyes, knowing that she couldn't hide it, and let out a long breath.

"Before answering, I want to ask you a few questions." Rong Shu's eyes fell on Fu Jingting's face.

A trace of surprise flashed in Fu Jingting's eyes, but it quickly dissipated, calmed down, and nodded slightly, "If you ask, I will tell you everything you want to know."

"That's good." Rong Shu smiled, but The smile does not reach the bottom of the eyes.

Lu Qi shivered, always feeling that something was wrong with her.

Lu Qi noticed it, how could Fu Jingting not notice it? Looking at Rong Shu's eyes, there was a little more suspicion.

"Our video this morning, before the end, you said you were going to see your teacher, right?" Rong Shu lowered her eyes and asked while looking at her bright red nails.

Fu Jingting nodded.

Rong Shu said again, "What kind of person is your teacher?"

"Why are you asking this?" Fu Jingting narrowed his eyes.

Rong Shu smiled at him, but the smile still didn't reach the bottom of her eyes, "You just need to answer me."

Fu Jingting didn't say a word, and looked at her for a while, then said, "The teacher is a very learned person. Especially in economics, although the current economic

development is too fast for him to keep up, he is still my economics enlightenment mentor and a person I respect.”

“So, Mr. Liu is with you . I have a very high status in my heart.”

“It’s okay.” Fu Jingting replied two words.

As long as Mr. Liu does not preach to him as a teacher, he will always respect him.

However, Rong Shu didn’t know this.

All she knew was that Fu Jingting admitted that Mr. Liu had a high status in his mind.

“How is Mr. Liu as a person?” Rong Shu asked again.

Lu Qi looked at her and then at Fu Jingting. He couldn’t help it, “Shushu, does his teacher have anything to do with you testing him? You asked this suddenly?”

Fu Jingting also wanted to know the answer.

Rong Shu didn’t answer, didn’t even look at Lu Qi, his eyes still fell on Fu Jingting’s extremely beautiful face, “Answer me, how is Mr. Liu’s person?”

“What’s wrong with you?” Fu Jingting felt that the current Rong Shu is more He thought even more strange.

Rong Shu took a breath, suppressed the irritability in her heart, and repeated what she just said, “Answer me, don’t ask anything else, I really want to know this question.”

At this moment, Fu Jingting still didn’t understand that Rong Shu had something on his mind, just a stupid.

“Okay, I don’t know why you want to know about the teacher so much, but if you want to know, I’m willing to tell you.” Fu Jingting was finally defeated, and said slowly with his thin lips, “The teacher is very kind and has a good temper. Well, I also like the juniors very much, but these are my impressions of him a few years ago. Now, I am not very clear, and the teacher has changed a lot.”

Today, the teacher’s dislike of Rong Shu, and the mention of Rong Shushi’s expression was not at all kind, and his temper became very bad.

He didn’t even like to listen to his rebuttals, and he almost fainted from an asthma attack.

This is the first time he has seen such a teacher.

In short, the only thing he can be sure of is that the teacher is different in many ways.

“How many years ago?” Rong Shu pursed her red lips, “So, you haven’t seen each other for many years?”

“The teacher’s granddaughter went to study abroad seven years ago, and the teacher herself went abroad for medical treatment, so she stayed there. I’m abroad, I just came back a while ago.” Fu Jingting hummed.

Rong Shu bit her lip, “It seems that you don’t know your teacher very well now.”

“Perhaps.” Fu Jingting nodded and asked instead, “Now we can say, why are you asking this?”

“Not in a hurry . . .” Rong Shu shook her head, “I haven’t finished asking yet, I still want to know, what is your impression of your teacher’s granddaughter?”
