How would you choose

“You said Liu Linlin?” Fu Jingting raised his eyebrows.

How did this go from the teacher to the teacher’s granddaughter?

What the hell is she thinking?

“It turns out that Mrs. Liu’s granddaughter is called Liu Linlin.” Rong Shu smiled lightly. “It’s a cute name. You haven’t answered me yet. What is your impression of this Miss Liu Linlin?”

“No impression.” Fu Jingting thought about it. For a moment, only a young, but blurred face that was about to be remembered appeared in his mind.

“No impression?” This answer made Rong Shu stunned for a moment.

I thought that if he respected Mr. Liu so much, he must have been deeply impressed by Mr. Liu’s family.

Unexpectedly, his answer unexpectedly exceeded her expectations.

Moreover, she could also see that what he said seemed to be true.

“Why don’t you have any impressions? Isn’t she your teacher’s granddaughter? It stands to reason that you should be very familiar, even childhood sweethearts, right?” Rong Shu pursed her lips and looked at the man.

The man’s eyebrows were twisted into Sichuan characters, and then he stretched out his hand and flicked her forehead, “I am learning from the teacher, not his granddaughter, so how familiar can I be with his granddaughter? To be honest, if you want to talk about the real childhood sweetheart, it should also be with you, you were only about ten years old, and I became pen pals with me, so we are childhood sweethearts, right?”

Rong Shu covered her forehead, which was sore. , The smile on his face finally showed a hint of warmth, “I thought that you and that Miss Liu had a good relationship and were childhood sweethearts.”

Also, Fu Jingting never said who he was with that childhood sweetheart.

The saying that he and Miss Liu family were childhood sweethearts was also what she thought after learning that the person who was doing the trouble was Miss Liu family.

After all, Miss Liu is his teacher's granddaughter, so the two of them will get along very well.

No, it's all because she thinks too much.

Since Fu Jingting is not familiar with that Miss Liu, it is not her childhood sweetheart.

Then Fu Jingting knew that the person behind it was Miss Liu, wouldn't he not cover it up?

Thinking about it, Rong Shu felt that Fu Jingting should be given a chance to try it out. Thinking of this, Rong Shu looked at Fu Jingting, "So, you don't have any feelings for Miss Liu, do

you?"

Fu Jingting was amused by her words, "What kind of relationship can I have with her?" At best, it is the relationship between uncle and nephew, only met a few times and talked a few times. Other than that, nothing else. "That's good." Rong Shu nodded, "But you know, does this Miss Liu like you? I'm not talking about uncle and nephew, but between men and women." Fu Jingting was stunned when he said this . . . However, Lu Qi, who had not spoken for a while, suddenly realized something and opened his mouth in astonishment, "Shushu, don't you mean to say that the person who did this is Liu Linlin? You just said it, do this. The person involved in this matter is Fu Jingting's suitor. You don't talk about others now, and suddenly you say that this Liu Linlin likes Fu Jingting. Obviously, you are just telling us that this Liu Linlin did this." "Is it true? ?" Fu Jingting's face suddenly became ugly. Rong Shu looked at him, and finally nodded slowly, "Yes, that's what Aqi guessed, this Miss Liu did this, I didn't know it at first, but I called the squirrel department directly. , bought the secretary of the editor-in-chief of the squirrel department, and then the secretary got it from their editor-in-chief." She picked up her mobile phone, clicked on the recording sent to her by Secretary Liu, and released it for Fu Jingting and Lu Qi to listen. In the recording, the editor-in-chief of the squirrel department made it very clear that the whole thing was planned by Liu Linlin.

Liu Linlin had already bribed the editor-in-chief of the squirrel department. A week ago, the editor-in-chief of the squirrel department had arranged for the paparazzi to follow her near her, just to take pictures of her lace news.

Even if you can't take it, you can take a photo of her getting close to the man, and then retouch it a little, and you can still spread rumors on the Internet.

No, that's how she and Lu Qi entered the hotel were photographed.

And Liu Linlin also reassured the editor-in-chief of the squirrel department, promising to keep him under Fu Jingting's revenge.

No, the editor-in-chief of the squirrel department rushed to spread rumors about Fu Jingting's current girlfriend on the Internet as if he had eaten the guts of a leopard.

After listening to the entire recording, Fu Jingting was undoubtedly shocked.

He never thought that it was the teacher's granddaughter who was behind the scenes.

He is not particularly familiar with Liu Linlin, but he also knows that she is a lively and lovely girl.

Unexpectedly, it was this cute girl he thought of, who secretly thought that way about him, and now she is still doing this kind of nasty behavior to frame his woman.

It seems that after seven years of absence, I have become more than a teacher.

The teacher's granddaughter has also changed beyond recognition.

For a while, Fu Jingting didn't speak, his face was extremely gloomy, and the aura around him was terrifyingly cold.

Rong Shu knew that he was hit.

She also understands him.

After all, she is the teacher's granddaughter.

Before that, Fu Jingting never thought that the teacher's granddaughter did this.

Now that I know it, I can't get over this hurdle in my mood.

After all, in Fu Jingting's heart, teachers are respected people.

But the teacher's granddaughter is indeed such a person.

I believe that whoever changes it will be impacted.

Therefore, Rong Shu was also quiet, not intending to disturb Fu Jingting, just let him digest it by himself.

However, Lu Qi on the side was not so kind. Knowing that it was Teacher Fu Jingting's granddaughter who was behind the scenes, he stood up angrily, grabbed Fu Jingting's collar, and roared angrily, "Okay, no wonder that woman The squirrel department dares to be so bold, it turns out that you are behind it, yes, she is the granddaughter of your

teacher Fu Jingting. It shows that you are obedient to your teacher, otherwise, how can your teacher's granddaughter be so confident that she can protect it under your hands People, I'm afraid people have long known that you will look at your teacher's sake and ignore her behavior."

Speaking of which, Lu Qi thought of something and glanced at Rong Shu, "I understand why Shu Shu said that. I'm not clarifying for the time being, it's to test you, so Shu Shu also thinks that you will look at your teacher's sake, and won't care about that Miss Liu."

Fu Jingting's pupils shrank suddenly, and he looked at Rong Shu with a solemn expression, "Do you really think I'll cover her up?"

Rong Shu's red lips moved, and after a few seconds, she spoke slowly, "What Ah Qi said is true, I really doubt whether you would do this, after all, the other party is you My teacher's granddaughter, I really don't dare to make a conclusion, and I also know that it is not easy for you to make this choice between me and your teacher."

Fu Jingting listened to Rong Shu's words, and it was impossible in his heart. I don't care.

It turned out that she didn't fully believe in him, and he would always be on her side.

This undoubtedly made him a little hurt.

"I want to know, what would you do if I chose my mentor and prepared to handle this matter lightly?" Fu Jingting clenched his fists and stared at the woman.

Before the woman could speak, Lu Qi sneered at the side, "How else? Of course it's a breakup. You choose your teacher to handle this matter lightly, and you are wronging Shu Shu and making Shu Shu's infamy this time in vain. , and this kind of thing has one or two, you chose your teacher this time, and you will only choose your teacher in the future, even more wronged Shushu, what will Shushu do with you?"

Never Changed

Lu Qi's words meant what he meant, so Rong Shu simply closed her mouth and acquiesced.

Fu Jingting's palms folded together again, and the joints made a crackling sound because they were too tight.

“I won’t let you break up with me, and I won’t even give you this chance.” Fu Jingting stared at Rong Shu, each word clearly and firmly.

She is the person he has loved for more than ten years, and the lover he has gained and missed, and finally recovered after almost losing his life.

How could he allow her to break up with him.

Don’t even think about it.

Rong Shu saw this in Fu Jingting’s eyes, and her heart shook. Finally, her red lips moved and she spoke, “So, are you planning to choose me between me and your teacher?”

” He held her in his arms and put his big hands on the back of her head with a pious expression, “Yes, I choose you.”

Although there was a sign in his heart, but hearing Fu Jingting say this in person, Rong Shu couldn’t help it. A moment of surprise.

She gently retreated from Fu Jingting’s arms, then raised her head to look at the man in front of her, “Are you sure? You must know that the other party is your teacher, although this was not done by your teacher, but by your teacher’s granddaughter. Yes, but I think your teacher definitely hopes that you will make the big things small and the trivial things small, and protect your granddaughter. If you don’t want to, will your teacher really accept the kindness and let it go?”

“You can pull it down.” Lu Qifan He rolled his eyes, “I’ve seen that Liu Lao twice before, he’s an old man who has no brains and protects his shortcomings, especially among his juniors, his favorite is that Liu Linlin, there are many men in the Liu family, only Liu Linlin is a girl, so One can imagine how much Liu Linlin is favored in the Liu family, not only because other people in the Liu family dote on her, but Liu Lao even treats this granddaughter as an eyeball, and she spoils everyone without realizing it. I thought it was the nature of a little girl, and I was very proud.”

Speaking of this, Lu Qi’s face suddenly became full of contempt, “Shu Shu, I don’t know if you’ve heard of something. Eight years ago, I went to a banquet, and the Liu family was there at the time. Originally, the atmosphere of the banquet was quite harmonious, everyone raised their glasses and exchanged their glasses, and the conversation was very pleasant, but it didn’t take long for a group of young ladies to suddenly quarrel, guess why?”

Rong Shu shook her head, “I don’t I know, I never attended the banquet you mentioned.”

Eight years ago, my father was still alive and was the chairman of Tiancheng Group.

But at that time, Tiansheng was already in a downhill stage.

Therefore, many protagonists of banquets will not send invitation letters to their Rong family.

Naturally, she couldn't attend the banquet, let alone what happened at the banquet.

So Rong Shu looked at Fu Jingting, clearly asking, do you know what Ah Qi said?

Fu Jingting shook his head slightly, "I don't know, I didn't attend this banquet either. There are too many banquets. How can I have time to go to every banquet?"

Rong Shu's mouth twitched.

Although I know that he is not Versailles, after all, it is normal for him to receive invitations to all banquets.

Even if he doesn't attend, no one will say anything.

But in her ears, it was really enviable.

You know, many people are willing to go through various channels and spend a lot of money for a banquet invitation, just to attend the banquet and make friends with some valuable people.

But what about him.

What other people want but can't get, he doesn't even need to open his mouth, he will be offered with both hands, and it depends on whether he is in the mood to participate.

If you go to participate, the protagonist of the banquet even welcomes it in person. If you don't participate, no one will say anything.

This is the difference and the gap between people.

Rong Shu didn't want to talk to Fu Jingting anymore, so as not to be visited by the invisible Versailles in a while, so she quickly turned her eyes and looked at Lu Qi again, "Aqi, go on, what's the reason?"

Lu Qi responded and continued just now. "The reason is that just because a girl bought a dress that Liu Linlin didn't buy, Liu Linlin poured wine in a fit of rage, and the daughter who was poured wine was also spoiled by the family, so naturally it was impossible for them to lose their temper. A fight broke out. In the end, the other girls who were with them also joined the fight, turning the originally good banquet into a mess. In the end, when the family members of these girls heard about it, they all rushed Come here."

“Then what?” Rong Shu became interested, “How did you solve it in the end?”

Lu Qi sneered, “In the end, it was the girl who was spilled with alcohol, who apologized to Liu Linlin and paid compensation. It ended up because of Liu Linlin’s many things.”

“What?” Rong Shu felt as if she had heard a big joke, and the whole person was laughing angrily, “This is really outrageous, it was the victim who apologized and compensated the perpetrator. , this is the first time I’ve heard of such a ridiculous thing.”

Not to mention that Rong Shu thought it was outrageous, as Fu Jingting, who had something to do with the perpetrator, he thought it was very funny.

But combined with the teacher’s short-term care.

He had a clear idea of how to deal with this matter.

“You think it’s funny too, don’t you?” Lu Qi glanced at Fu Jingting who was thinking about it, and pouted, “It was Liu Linlin’s grandfather, Fu Jingting’s teacher, and the brainless old man I just said that caused all this. After he understood the cause and effect, not only did he not teach his granddaughter, but instead blamed all the fault on another girl. What he meant was that the girl should not wear that dress, as long as she didn’t wear it, there would be no This kind of thing, in a word, it’s someone else’s fault, not his granddaughter, who makes the girl and the girl’s family very popular, but it’s helpless, just because there is a Fu family behind the Liu family.”

Lu Qi pouted at Fu Jingting, “Well, it’s the Fu family, everyone knows that Mr. Liu is Fu Jingting’s teacher, and Mr. Fu has always respected Mr. Liu, so the girl’s family is worried about angering the Fu family behind the Liu family. You can only knock out your teeth and swallow blood, endure this bad breath, and take the initiative to apologize to the Liu family, so Shushu, you now know how protective the old man Liu is, right? And he is a morbid gang for no reason, obviously I know it’s my granddaughter’s fault, but I still deliberately pretend that I can’t see it, so this Liu family is not a good thing at first glance.” After the

words were finished, Fu Jingting gave him a cold stare.

Lu Qi stemmed his neck, “What are you looking at? You don’t want me to say that, and am I wrong? Your teacher is such a person, and he is still a professor. I don’t think there is any distinction between right and wrong, and Who in the whole sea market doesn’t know about the Liu family?”

Fu Jingting didn’t say anything.

Rong Shu looked at the man, “So is what Ah Qi said true? Your teacher is really so protective of her shortcomings?”

Fu Jingting slanted and nodded slowly, "The teacher is indeed too protective of her granddaughter, but I don't know or have heard of what he said."

"You haven't heard of it, it doesn't mean it didn't happen." Lu Qi wrapped his arms and said contemptuously, "And the reason why you haven't heard of it is because Because it is impossible for the Liu family to take the initiative to tell you. After all, to solve this matter, they still used your reputation. If they took the initiative to tell you, wouldn't you know that they used your name to play prestige outside? Finally, other people If I don't tell you, it's even easier, isn't it because I'm afraid that after you find out, you'll be like the Liu family and have no reason to deal with them? So of course these people tacitly hide from you. "

Trust me, okay?

Fu Jingting's face was gloomy as if water was about to drip, which made people look at it, and his heart couldn't help tightening.

If Lu Qi didn't say this, he really didn't know.

He didn't suspect that Lu Qi was lying. After all, he could investigate anytime he wanted.

Lu Qi is not afraid of his investigation, so it can only be said that it is true.

Originally, he thought that the teacher and Liu Linlin had only changed their behavior in the past few years.

But it turned out that they had changed as early as eight years ago.

No, maybe not.

Perhaps, they have always been like this, but they just haven't shown it in front of him.

So he never knew that their true face was so ugly.

"I'm sorry." Fu Jingting took Rong Shu's hand, "I know that the teacher always protects the shortcoming, but I didn't expect that it is such a short-handed protector, and also uses my name to do these things."

Rong Shu lowered her eyes and said nothing.

Lu Qi pointed at Fu Jingting, "Look at Shushu, he himself admitted that Liu Lao has no brains and protects his shortcomings, so if Fu Jingting insists on pursuing this matter, he will settle the account with the granddaughter of the old man surnamed Liu, and the old man Liu is willing. No wonder, he must show his identity as a teacher and order Fu Jingting not to pursue this matter. I guess that Liu Linlin is not afraid because she knows that her grandfather will do this for her."

"This sentence I believe what Ah Qi said." Rong Shu rubbed her cheeks, "It is precisely because this Miss Liu knows that her grandfather loves her very much and is willing to do anything for her, so she dares to act so daringly, including this time. It's the same thing, I believe that in the end your teacher will definitely come forward to let you spare Miss Liu, you"

"I won't spare her." Fu Jingting replied immediately.

Rong Shu was happy in her heart, but still a little worried, "What if your teacher insists you spare her? You must know that he is your teacher and someone you respect. As a teacher, he lets you bypass his granddaughter. If you don't want to, don't worry about it, did he say you don't respect the teacher?"

Fu Jingting looked at her with a confident smile, "No, the two generations of the Liu family are all from There is no one who can handle the trash, so the Liu family needs to rely on me to maintain their current status and dignity. Once they break with me, with the ability of the trash of the Liu family, it will not take long for the Liu family to disappear from the ranks of the rich and powerful. Inside, although the teacher is very confused about the descendants, he can't see the reality clearly, so he will never threaten me like this."

"Really?" Rong Shu's back slightly stiffened.

"Really!" Fu Jingting wrapped his arms around her waist.

Her waist is very thin, and Yingying can only hold it.

Fu Jingting's big hand opened, just the width of her slim waist.

Hold up, don't mention how good it feels.

Fu Jingting's eyes darkened, and the big hand that hugged her slender waist couldn't help but knead on her waist.

Rong Shu glared at the man angrily.

If Lu Qi hadn't been here, she would have taken the man's hand away.

But when Lu Qi was here, she couldn't do it well.

If the movement is too large, Lu Qi will see it.

At that time, it would be a little embarrassing to hug and hug Fu Jingting in front of him.

Lu Qi didn't know that the men and women sitting across from him actually hugged and hugged under his nose with the help of the desk, and they were questioning Fu Jingting's words all the time, "Even if he wouldn't use this method to blackmail you. , but if you really deal with his granddaughter, and he expels you from the division, then your reputation will be bad, and the outside world will have to guess what you did, and you actually let your teacher expel you from the division. Can you accept the outside world's speculation?"

Lu Qi felt that a person like Fu Jingting would definitely not be able to.

Rong Shu also looked at Fu Jingting.

Not that she wanted to force him.

But she really couldn't stand the person who harmed her, but she escaped punishment so easily through her relationship.

After all, she didn't know that Miss Liu, why should she be bullied by that Miss Liu just because she was with Fu Jingting?

What's more, she swore that if anyone bullied her, she would fight back, and she would never retaliate with virtue.

Therefore, she naturally wanted to know Fu Jingting's attitude, to know which side he would stand on, and whether for some reason, he would avoid the important and take it lightly.

Anyway, no matter what Fu Jingting chooses, she will not forget it so easily.

Fu Jingting stood beside her and focused on punishing Miss Liu, of course she was happiest.

But if Fu Jingting chooses to stand on his teacher's side, obey his teacher and let Miss Liu go, or let go of Miss Liu for fear of being expelled from the teacher's door and being scolded for being ungrateful, she is not afraid.

She has two recordings in her hand, which are enough to set up that Miss Liu and make that Miss Liu notorious.

So, she wasn't worried at all.

But now, she still wants to see Fu Jingting's choice.

Fu Jingting naturally knew what Rong Shu's eyes meant when he looked at him. He sighed lightly and silently raised the top of her head, "Can you trust me?"

"If you come up with the exact answer, we will trust you." Waiting for Rong Shu After answering the call, Lu Qi, who was opposite, shook Erlang's legs and spoke first.

Fu Jingting gave him a cool look, the meaning in his eyes was obviously that you were talking too much!

Lu Qi rolled his eyes, snorted, very arrogant,

I just talk so much, what can you do with me?

Lu Qi raised his chin slightly and looked at Fu Jingting provocatively.

Fu Jingting was too lazy to pay attention to him.

If it weren't for the fact that this guy was the son of the Lu family's husband and wife, and a friend of Xiaoye Ye.

He wouldn't give this guy a chance to be arrogant in front of him.

Fu Jingting regarded Lu Qi as an air, and quickly put Lu Qi behind him and looked at Rong Shu, "Why can't we accept the outside world's guesses? What about their guesses? Dare to stand in front of me and tell me? What's more, do I care what the outside world thinks of me?"

Rong Shu shook her head, "I don't seem to care."

"Of course I don't care." Fu Jingting straightened her hair again, "Is there any less outside opinions about me now? But I never pay attention to it, neither in the past nor in the future, so I don't care about being expelled from the school, my status is here, whether I will be expelled or not, it doesn't matter to me. What effect will it have, and besides, the teacher will not expel me from the division, and expel me from the division, doesn't that mean a break with me, and won't the Liu family still decline rapidly?"

In short, this is a closed loop.

In either case, the Liu family would not break up with him.

Unless, the Liu family does not want to continue to be brilliant.

After listening to Fu Jingting's words, Lu Qi's mouth moved, as if he wanted to question something, but he couldn't say anything.

Because he understood what Fu Jingting meant.

Even the Liu family would never and would not dare to really offend Fu Jingting.

“Now believe that I won’t compromise because of the teacher?” Fu Jingting looked at Rong Shu, his thin lips slightly raised.

Rong Shu snorted, “It’s alright, but even if your teacher won’t really break with you because you didn’t promise to let Miss Liu go, he will definitely blame you in his heart for your relationship with his master and apprentice.”

“It’s okay.” Fu Jingting played with her hand.

Her hands were slender and slender, soft and white, and her skin was very smooth and tender, Fu Jingting couldn’t put it down, “I haven’t seen the teacher for many years, so I didn’t have a lot of master-disciple relationship, and the teacher used a place I didn’t know. I have done a lot of other things in my name, which has already made me dissatisfied. In addition to this incident, if the teacher can be just and righteous, then I can maintain the superficial master-disciple relationship with him. , then treat it as a stranger.”

Assistant Zhang calls

What he said was so absolute, Rong Shu had nothing to say, but he was very happy.

Just because Fu Jingting chose her no matter what.

Then she naturally doesn’t have to worry about what’s next, he won’t prevaricate this matter because Liu is always his teacher.

It wasn’t that she was cruel and forced Fu Jingting to break up with her teacher, and it wasn’t that she insisted on holding on to this matter and made that Miss Liu pay the price.

But she knew that if she was soft-hearted and worried that the other party was Fu Jingting’s teacher and niece, she would let them go.

Then they won’t be grateful to her for this, and they will only feel that she is more weak and deceitful, and will only make her worse in the future.

Just because they thought she would still care about their relationship with Fu Jingting and let them go.

Therefore, people, sometimes, you must not be soft-hearted, let alone worry about whether it is a relationship or not.

Otherwise, you will only leave hidden dangers to yourself.

Furthermore, the person related to the Liu family is Fu Jingting, not her Rong Shu.

A ray of light flashed in Rong Shu's eyes, and it was fleeting.

On the side, Lu Qi, who had been questioning Fu Jingting and sing opposite to Fu Jingting, had nothing to say now.

Fu Jingting has said that he is willing to seek justice for Shu Shu, and he can cut off contact with the Liu family.

Then what else can he say?

However, he still admired Fu Jingting in his heart.

Fu Jingting is a man who is rational enough and sober enough emotionally.

Not the kind of indecisive person who will be led away by some inexplicable emotions.

In short, as long as Fu Jingting can be so sensible and sober all the time, Shushu should not suffer any grievances.

So, although Lu Qi still disliked Fu Jingting, he stopped talking about Fu Jingting.

Fu Jingting didn't want to know Lu Qi's attitude towards him, he didn't even look at Lu Qi, rubbed Rong Shu's head, and stood up, "Since you already know who did this, the rest , I'll solve it."

Rong Shu's red lips moved, just as she was about to say something, Fu Jingting's phone suddenly rang, interrupting her words.

No way, Rong Shu had to close her mouth and motioned for him to answer the phone first.

Fu Jingting received her meaning, took out the phone and looked at it, seeing that it was Assistant Zhang calling, thinking about something important, so he didn't hesitate, put the phone to his ear, "Hello."

"Fu Boss, I came back from the squirrel department, and the person behind this incident, I also pryed it out of the mouth of that fat man." On the other end of the phone, Assistant Zhang walked out of the door of the squirrel department, stood in front of the

car, turned his head Looking at the squirrel department behind him, his expression was very complicated and heavy.

Listening to Assistant Zhang's words, Fu Jingting narrowed his eyes dangerously, "Continue."

Assistant Zhang knew that he was telling him to continue talking, after taking a breath, he calmed down the complexities in his heart a little, and said slowly, "That king The fat man said."

He said for a long time, but he didn't get to the point.

Fu Jingting's brows were tightened, and his face was obviously impatient, "If you don't say it, you will hang up."

"I said, I will say it." Assistant Zhang was afraid that Fu Jingting would hang up the phone, so he hurriedly responded, saying that he would not hesitate any more.

Sure enough, Fu Jingting put the phone back to his ear, "Then speak quickly."

Assistant Zhang responded, and at the same time seemed to have made up his mind, closed his eyes, and the next second, when he opened his eyes, There was no more confusion in his eyes, he became very calm and clear, and then he opened his mouth, and finally said what he had not finished just now.

"Mr. Fu, Fatty Wang from the squirrel department said that Miss Liu Linlin found him and asked him to do this. A week ago, Miss Liu Linlin called Fatty Wang and asked Fatty Wang to arrange for the paparazzi to follow Miss Rong. The scandalous photos of Miss Rong were taken, but after a week, the paparazzi of the squirrel department did not take any photos that made people think about it, so the squirrel department prepared to fake photos and attack Miss Rong, but before that, Rong The paparazzi who had been following Miss Rong saw the matter of Miss and Mr. Lu entering and leaving the hotel, and then the scandal on the Internet appeared like this."

After a pause, Assistant Zhang didn't wait for any response on the phone, and he couldn't guess Fu Jingting for a while. What does it mean, and then he continued, "According to Fatty Wang, Miss Liu Linlin did this because she liked you, Mr. Fu, so she specially created Miss Rong's scandal and wanted you to break up."

"I know." Fu Jingting read Rong Shu glanced at her and returned with a cold voice.

Assistant Zhang was stunned, and then exclaimed, "You know? President Fu, you know that Miss Liu Linlin did this, and you also know why Miss Liu Linlin did it?"

Fu Jingting hummed.

Assistant Zhang took a breath.

It shouldn't be.

He just came out of the squirrel department. Logically speaking, he should be the first to know.

Why did President Fu know it before him?

"Little Leaf told me." As if he knew what Assistant Zhang was thinking, Fu Jingting explained how he knew.

Rong Shu also probably guessed the content of his call from his words, and smiled slightly.

As for Lu Qi, he had already taken out his mobile phone and started playing games.

Anyway, Fu Jingting already knew about this, and made it clear that he would stand on Shu Shu's side no matter what.

Then what is he worried about?

Leave everything to Fu Jingting to worry about.

"Miss Rong actually told you?" Assistant Zhang exclaimed again, the expression on his face was full of disbelief.

what happened?

How did Miss Rong know?

He also just found out that Miss Rong knew it earlier than him?

When did Miss Rong have more power than President Fu?

Assistant Zhang said he didn't understand.

How could Fu Jingting not understand Assistant Zhang's thoughts, his eyes were fixed on Rong Shu proudly, "We can think of starting directly from the squirrel department, but Xiao Ye can't think of it?"

Rong Shu was somewhat uncomfortable when he looked at him. Embarrassingly sweet.

It's embarrassing, how could she say something good to him, yet she could still make him so proud.

And the sweet thing is that he was so proud, that she made him proud.

This man,

Rong Shu really shook his head and laughed.

On the other end of the phone, Assistant Zhang was blocked by Fu Jingting's words and was speechless.

Hehe, don't think he can't hear it, President Fu is mocking him for being stupid, and he can't even think of such a simple thing.

However, he really hadn't thought about it.

So, is he really stupid?

Assistant Zhang was heartbroken.

No matter what Assistant Zhang's mood was at the moment, Fu Jingting put away his pride in Rong Shu and cherished it in the deepest part of his heart, and then his face turned cold and indifferent again, "How is that editor-in-chief?"

Fu Jingting said these words. When she came out, Rong Shu's ears moved slightly, and her body also turned towards Fu Jingting.

Clearly, she wanted to hear it too.

From Fu Jingting's words just now, "We can all think about it, but Xiao Ye can't think about it".

She probably guessed that Assistant Zhang found out that the person behind the scenes was Liu Linlin, and the method used was similar to hers.

The difference is that she starts from the person next to the editor-in-chief, threatens the person next to the editor-in-chief, and asks the person next to the editor-in-chief to help her find out.

On Fu Jingting's side, he probably cross-examined the editor-in-chief directly.

Otherwise, Fu Jingting would not have asked Assistant Zhang what happened to the editor-in-chief?

And based on her understanding of Fu Jingting, it is estimated that the so-called cross-examination is directly hard.

So now she also wants to know what happened to the editor-in-chief.

Asking for benefits in public

Fu Jingting noticed Rong Shu's small movements, a smile flashed in his eyes, then put the phone down from his ear and turned on the amplifier.

Hearing that Fu Jingting's phone voice became louder, Rong Shu knew that the behavior she wanted to hear was discovered by the man, and her face was a little embarrassed.

She felt that her behavior just now was like a thief.

But if the man noticed his own thoughts, he didn't have to eavesdrop, and he didn't have to worry about not being able to hear it.

Thinking about it, Rong Shu sat up again with the little body that came out slightly sideways.

After all, men have turned on the amplifier to let them listen, so they don't have to work hard to eavesdrop on their bodies, how tiring.

On the phone, Assistant Zhang didn't know what was happening on Fu Jingting's side. After hearing Fu Jingting's question, he smiled back and said, "That fat fat guy is really a coward. When I went to find him, I thought about how hard he would be. After a bit of quibble, as soon as I took out the wrench, the dead fat man was so frightened that he immediately knelt down and explained everything. Mr. Fu, it seems that you love to pull people's teeth. You have a great reputation in the circle."

Fu Jingting was expressionless.

Rong Shu's red lips grew in surprise, "What? You love pulling teeth?"

Lu Qi didn't react much. Hearing Rong Shu's exclamation, he turned down the game sound a little, and then raised his voice. At the beginning, he explained, "Shushu, you don't know yet, pulling people's teeth is one of the routine methods this guy uses to deal with some people in the circle."

He freed one hand and pointed at Fu Jingting.

Fu Jingting glanced at him lightly, but did not refute.

It can be seen that Lu Qi is right.

Rong Shu swallowed her saliva and looked at Fu Jingting, "What does Ah Qi mean, can you explain in detail?"

Fu Jingting raised his chin, "You know, in my current position, there are naturally many enemies, and there are many people who are jealous and jealous of me, and there are many people who want to pull me down, or to pull the Fu family down. , so these people are either planting traitors in the Fu family, or secretly plotting against me. To deal with these people, the means are often not too light, and even more because of the heavy hand, so over time, I also have some common methods to deal with these people, pulling teeth. It is one of them, but this one is basically used to deal with those stubborn traitors, and I will not do it easily."

"I see." Rong Shu nodded suddenly, "You never told me about this. "

Fu Jingting clenched his fist against his lips and coughed lightly, "I'm afraid to scare you or think you'll think I'm too cruel.

" , you will face all kinds of dangers. If you don't use some ruthless means, you can't protect yourself, and you can't protect your family and company, so it's understandable for you to do this, and you don't have to worry that I will think you are cruel. It doesn't mean that I am soft-hearted for no reason, I can still tell when to be cruel and when to be soft

-hearted." Unconditional soft-heartedness and kindness, isn't that the Virgin Mary?

Moreover, the Virgin is often more likely to provoke enemies and harm the people around her.

After reading Rong Shu's words, Fu Jingting glanced at her with light, and smiled, "I'm very happy that you can think this way."

Rong Shu gave him a glare, "Okay, hurry up and reply to Assistant Zhang's words. On

the other end of the phone, Assistant Zhang listened to Rong Shu's words and waved his hand quickly, "Miss Rong, it's alright, you and Mr. Fu can talk slowly, I can wait all the time, don't think it's delaying me."

In case Mr. Fu would have I don't want to talk to him, I want to hang up the phone and concentrate on talking to Miss Rong.

And Miss Rong insisted that Mr. Fu tell him that Mr. Fu would definitely not see him in his heart.

Wasn't he still being scolded?

"I can't keep you waiting. It's better to finish talking earlier or do something else earlier." Rong Shu replied to Fu Jingting's cell phone, then pulled Fu Jingting's arm, motioning Fu Jingting to reply to Assistant Zhang quickly.

Fu Jingting pursed his thin lips, obviously a little reluctant, but he was not willing to listen to her, so he looked at the phone, "Even if someone explains it, it can't be easily forgiven."

Hearing the coldness in Fu Jingting's tone, Assistant Zhang Heart smile again and again.

Well, Mr. Fu really wasn't happy with him.

Forget it, who made him a subordinate?

If the boss is not happy, he has to endure it.

Otherwise, he would be embarrassed for the high annual salary and the 0.2% share dividend.

"What does President Fu mean?" Assistant Zhang asked, pushing his glasses.

Fu Jingting did not answer immediately, but glanced at Rong Shu.

Rong Shu made a gesture of invitation, "You can decide for yourself, don't ask me, ask me, I don't know what to do."

Fu Jingting had no doubts about this.

She is soft-hearted, although it is not unreasonable soft-hearted, she also feels that bad people should be punished.

However, she may not be able to make a ruthless attack.

So it's better for him to come.

Fu Jingting did not force Rong Shu, and looked down at the mobile phone on the desk, his eyes flashing with endless coldness, "Since that person can so easily receive benefits and fabricate unwarranted news, it can be seen that similar things, he did not Do less, collect all his criminal evidence, I believe there must be a lot, I will let him sit in prison!"

Women who dare to accept the benefits of others and spread rumors about him must be prepared to pay such a price.

And what he did was to kill the chicken and set an example.

If you want to tell other people who want to deal with his woman, it is best to take all these small thoughts away.

Otherwise, he will not let go of a single one.

“Yes, I know about President Fu.” Assistant Zhang nodded.

Fu Jingting looked at Rong Shu, “What do you think?”

Rong Shu hummed, “That’s good, I myself have been subjected to cyber violence, and even fake news will cause harm to the parties involved. Throwing the moth into the prison is also purifying the Internet, and it is also avenging those who suffered from Internet violence because of him, and it is also to prevent the rest of the people who are about to be spread rumors, so you have done a good job.”

Rong Shu raised a big eyebrow at the man . thumb.

The curvature of Fu Jingting’s thin lips became more intense, “That’s it?”

“What?” Rong Shu was stunned, obviously not understanding what the man meant.

The man stretched out his hand, held Rong Shu’s thumb in his palm, and squeezed lightly, “Will this compliment be too simple? Just a thumb.”

Rong Shu rolled her eyes, “Then what do you want? What?”

Fu Jingting bent down and pointed to his cheek.

The meaning is already obvious.

He wants to kiss.

Rong Shu’s face suddenly turned red.

Seeing that she didn’t understand, Fu Jingting urged, “Hurry up, this kind of compliment is more convincing, and I believe that you are complimenting me sincerely, your thumb is too perfunctory.”

Rong Shu’s mouth twitched.

Perfunctory?

It does not make sense.

She didn’t think it was perfunctory to give her thumbs up.

It was clearly that this dog man wanted to ask for benefits.

After all, he didn't do much of this.

But he did this basically when the two of them were alone before.

And now.

He actually dared to do this in front of other people.

Also, don't because she didn't know, he did it on purpose. Seeing Aqi here, he deliberately provokes Aqi.

Fu Jingting's obvious behavior, not to mention Rong Shu can see it at a glance, Lu Qi can also see it at a glance, and sneer in his heart.

Fu Jingting this bastard!

Start to rectify

Don't think you'll get mad at him by doing this, he

's ok, he's really mad!

Lu Qi was a little decadent, his back was bent, and his body exuded a sour and astringent self-deprecating aura.

No way, these two people, one is the woman he loves, the other is his rival in love.

Now that they are together and show off in front of him, it is strange that he can feel comfortable, but he can't go up and separate the two.

After all, they were already lovers, and he was just an outsider.

Thinking of this, Lu Qi took a deep breath, then turned around, and didn't look at it.

Seeing this, Fu Jingting's eyes instantly flashed a look of success.

Yes, he did it on purpose.

Deliberately provoking Lu Qi, he was angry.

Who made this guy talk so much just now to block him?

It is not his character to seek vengeance.

Rong Shu didn't know the careful thoughts of the men around her, and seeing Aqi turned away because of them, Rong Shu was even more embarrassed.

Because this means that he and Fu Jingting are flirting and flirting here, and they are all seen by Ah Qi.

And Ah Qi has that kind of thinking about himself, that he flirts with another man in front of him, which undoubtedly means poking his heart with a knife.

So, stop now.

Rong Shu patted Fu Jingting's arm and glared at the man coquettishly, "Okay, don't make trouble."

At the same time as she spoke, she played games with her back to them and put her voice loudly to Lu Qinu. Nuzui.

It means, Ah Qi is here, don't be like this.

Fu Jingting didn't care if he saw them show their affection, and even wished that someone would watch.

This just shows how good their relationship is.

Especially when he proved it in front of Lu Qi, he liked it even more.

But Rong Shu didn't want to, so he could only give up. Instead of teasing her, he sat back in his seat, "Okay, I won't make trouble." On

the other end of the phone, although Assistant Zhang couldn't see the situation here, he didn't know what President Fu and Miss Rong have done.

But when I heard the sound from their side, I probably guessed something.

There must be other people there, and then President Fu wanted to post with Miss Rong, but Miss Rong estimated that someone else was there, so she rejected Miss Rong.

It should be so.

As for who the extra person was, he probably had some answers in his heart.

There are two protagonists in this incident, one is Miss Rong and the other is Mr. Lu.

I'm afraid, Mr. Lu is at Miss Rong's place.

Tsk tsk tsk, Shura Field.

Assistant Zhang thought about gossip in his heart, and then heard Fu Jingting's next order, "In addition, after collecting evidence, find a better lawyer, I not only want him to sit in prison, I also want him to lose his wealth. ." The

good words were accentuated by Fu Jingting.

Assistant Zhang naturally understood what he meant, and pushed back the reflective glasses, "Okay, Mr. Fu, don't worry, I will make arrangements carefully, but how will Fatty Wang's net worth be dealt with then?"

Fu Jingting looked at Rong Shu.

Rong Shu lowered her eyes and thought for a while, then thought of something, and her eyes lit up, "Since you said that this person has taken advantage of others in the past, deliberately fabricated fake news, and destroyed many people, then take these people according to The distribution of the severity of the victim's damage should be regarded as the compensation for the editor-in-chief, which is also what he should compensate." On the

phone, Assistant Zhang heard Rong Shu's words and praised him without hesitation, "Miss Rong's method is good."

Fu Jingting He snorted coldly, "You still need to say it?"

"" Assistant Zhang twitched the corners of his mouth, and was instantly speechless.

Yes, the flattery hit the horse's leg.

I just really thought that Miss Rong's idea was good, and I admired Miss Rong from the bottom of my heart, so I said this subconsciously.

As a result, he didn't react, and he robbed Mr. Fu of flattering Miss Rong, making Mr. Fu lose the opportunity to show up in front of Ms. Rong.

Hey

, Assistant Zhang sighed and got a headache!

Of course, Rong Shu understood Assistant Zhang's silence and smiled, "Okay Fu Jingting, don't scare Assistant Zhang."

Assistant Zhang nodded again and again.

Just that.

What hurts now is that he really is, and he has to worry about whether he is stepping on thunder without saying a word.

When Fu Jingting saw Rong Shu helping Assistant Zhang speak, he pursed his thin lips, lowered his eyes and said in a melodious voice, "Okay, I won't scare him anymore."
Xiaoye

Ye spoke for Zhang Cheng, and in front of Xiaoye Ye, he did not take Zhang Cheng
How about it.

After he returned to the Fu family, he would clean up Zhang Cheng.

Assistant Zhang didn't know yet, but Fu Jingting had silently made a note for him in his heart. He was constantly thanking Rong Shu, "Thank you, Miss Rong, thank you, Miss Rong."

If it wasn't for Miss Rong's help.

As a careful man like President Fu, he might have to deal with him.

"You don't need to thank me, alright, you can continue to talk about business." Rong Shu was thanked by Assistant Zhang, and she felt embarrassed.

She felt that she didn't do much, that is, she just moved her lips.

Assistant Zhang really doesn't need to thank her so much.

She deserves it.

"Okay, Miss Rong." Assistant Zhang replied to Rong Shu, then put away all his emotions, and returned to Fu Jingting's serious appearance, "Mr. Fu, since Fatty Wang handled it this way, what about the squirrel department?"

Hearing this, Rong Shu immediately looked at Fu Jingting, "By the way, I don't care what you do with the squirrel department, but Secretary Liu is the one who helped me get this recording. I promised him that I would arrange him into Fu Jingting. Shi, I"

"I see." Fu Jingting nodded, then said into the phone, "Did you hear?"

"I heard, don't worry, Miss Rong, I will arrange this matter." Assistant Zhang replied with a smile .

Seeing that her request was approved, Rong Shu was relieved, and then smiled a little embarrassedly at Fu Jingting, "I'm sorry, I just wanted to know who did it, so I gave it to Fu Jingting. With this promise, I hope it won't cause you trouble."

Fu Jingting frowned, "It's just a small matter, how can it be trouble? And I said, no matter what you want to do, I will not refuse, so you You don't have to think that what you do will bring me any trouble, on the contrary, you will think this way, but it will make me feel troubled."

Rong Shu understood what he meant, squeezed her lips and smiled, "I'm sorry, I won't do this in the future. Think about it."

"That's right." Fu Jingting stroked her hair, turned his face condensed, and said into the phone in a cold tone, "Except for the secretary, the rest are innocently arranged to other companies to participate in this work. If anything, fire me all." The

implication is that he bought the squirrel department.

Assistant Zhang nodded immediately, "Okay, Mr. Fu."

"Have the rest of the media who followed and retweeted and added fuel to the rumours were counted?" Fu Jingting squinted and asked again.

Assistant Zhang pushed his glasses, "It has been counted, there are a total of 12 media, these media do not think it is a big deal, and we have not stood up to solve the problem since it was fermented in the morning. You really want to break up with Miss Rong, so you jumped out and wanted to get a piece of the pie, but some media were still watching and didn't make a move."

Fu Jingting snorted, "I have cleaned up all the media that made a fuss . , whoever gives the order, give me support for their opponents. Since they jumped out to kill themselves, why not help them? As for the other media who are still watching, give me a warning."

"Yes." Assistant Zhang replied. road.

When the counterattack is in progress

"Apart from that, what about those navy soldiers?" Fu Jingting thought of the abuse on the Internet, and the breath around him was cold enough to freeze people.

Assistant Zhang felt it across the phone, couldn't help but shivered, and quickly replied, "Those sailors have also been counted, there are a total of sailing organizations, three of them have companies behind them, and the other three are There are also two navy groups that were organized spontaneously by the people, which were found by the Gu family and Su Cheng, and the remaining two were cultivated by Liu's Internet Company."

"Oh, Liu's!" Fu Jingting sneered.

Assistant Zhang added, "There is also the restoration of the enthusiasm suppressed by our network technology department, which is also an order given by Miss Liu to his company. His company cares about the relationship between you and Mr. Liu, so I think you will definitely not be right. What they do, they don't even think about it, they just do what Miss Liu said."

"She really doesn't have any self-knowledge. My relationship with the Liu family is only with his grandfather, not her. What do you think I'll let her go?" Fu Jingting's face was expressionless, and his voice was even more terrifyingly cold.

"Also, you just said that Gu Yaotian and Su Cheng also participated?"

Fu Jingting asked coldly.

Rong Shu frowned in surprise.

Lu Qi, who had his back to the two of them, turned around and said loudly, "What? Gu Yaotian's stuff was actually mixed in?"

Assistant Zhang heard his voice, and his heart was sure.

Over there, it was indeed Mr. Lu.

However, Assistant Zhang quickly recovered his thoughts, nodded and returned to the three with a serious tone, "Yes, these two people also participated, Gu Yaotian has a grudge with Miss Rong, Su Cheng has grudges with our President Fu, and now it's out. This matter, this matter is also involved with Miss Rong and President Fu. Of course, these two people refused to let go of the opportunity, but they didn't dare to do anything explicitly, so they could only secretly find the sailor and put the matter The trouble is even bigger."

Lu Qi didn't know about Su Cheng, and he didn't know what kind of grievance he had with Fu Jingting.

But for Gu Yaotian, he clearly couldn't be clearer.

Lu Qi patted the table and stood up, his handsome and handsome face was about to distort, "That old man is really a dog that smells fishy. It's everywhere. You have to get involved in this kind of thing."

Rong Shu did not expect that in this incident, Su Cheng and Gu Yaotian actually wrote.

However, it is not surprising that they soon thought of their enmity with him and Fu Jingting.

"Since these two people are also doing something, I'll leave it to you, you know what to do!" Fu Jingting put his fingers in front of his abdomen, his face gloomy.

Assistant Zhang nodded, "Don't worry, President Fu, I know."

Fu Jingting hummed, "As for these navy soldiers, there is no need to keep them, so let me disband them, and the leader of the navy army, investigate in depth. Now, if someone in the squirrel department is in the same situation, they will all be thrown into prison, and some ordinary people who are more vicious on the Internet, should send a lawyer's letter, and don't let anyone go."

"Understood. Assistant Zhang nodded, and then asked, "What about Miss Liu and the Liu family's company?"

Fu Jingting's eyes flickered, "Contact Liu Linlin's father and tell him all about it. I think he will know how to do it. As for the rest, I will personally go to Liu's house to seek justice."

"Yes." Assistant Zhang answered, and then the call was hung up.

Fu Jingting put away the phone and looked at Rong Shu, "You said earlier that the surveillance at the hotel was destroyed, right?"

"Yes." Rong Shu nodded.

Fu Jingting squinted, "It doesn't matter, I have asked my department to restore it before. I think there will be news soon. When that time comes, you can clarify it online, and I will do the rest."

Rong Shu was about to say yes. , Lu Qi on the opposite side suddenly looked at Fu Jingting and said, "After the monitoring is restored, send it to me directly, and I will publish it. Shu Shu just needs to tell the outside world that there is no such thing."

"You?" Fu Jingting looked at Lu Lu suspiciously. rise.

Lu Qi blew his beard and stared in dissatisfaction, "What's wrong with me? What kind of eyes do you have? Isn't I doing this to prevent Shu Shu from taking the responsibility alone?"

“Aqi, as I said, you don’t need to stand up. , I’m alone”

“I know.” Lu Qi looked at her, “You don’t want to face cyber violence by one more person, you want to protect me, but it’s not necessary now, didn’t Fu Jingting say that surveillance will be resumed? Since The surveillance has been restored. Once the surveillance is out, it will prove our innocence. At that time, I will not come forward to accept online violence, but will slap these Internet trolls in the face. If I stand up without surveillance, I will be arrested Swear , it won’t work if you have surveillance, so you don’t have to worry.”

Fu Jingting raised his eyebrows and looked at Lu Qi with a hint of surprise, “I didn’t expect that you still have this consciousness!

” Angrily, “What do you mean? You mean I didn’t take responsibility?”

Fu Jingting snorted coldly, obviously that’s what he meant.

Lu Qi’s violent temper came up instantly, and as soon as he rolled up his sleeves, he was going to grab Fu Jingting’s collar.

Seeing that the two of them were about to fight, Rong Shu hurriedly stretched out her hands to stop her, “Why, you two.” The

two men were unhappy when they saw her, and the arrogance that was drawn to each other dissipated.

Fu Jingting sat back next to Rong Shu, and at the same time took her hand and played with it gently, obviously coaxing her to let her not care about their behavior just now.

Although Lu Qi didn’t say anything, he smiled at her, not to mention how flattering the laughter was. Obviously, the idea was the same as Fu Jingting’s, I hope she won’t be angry.

Seeing that the two men were like a child, carefully and secretly coaxing her, afraid that she would look angry, she couldn’t help being angry and funny.

Anyway, every time these two men get together, they have to jump around, making people helpless and speechless.

“I’ve really convinced you guys.” Rong Shu shook her head in disbelief.

Seeing that she was not angry, Fu Jingting and Lu Qi both breathed a sigh of relief at the same time.

However, Fu Jingting was more restrained and could not see any relief.

And Lu Qi didn't care about his image in front of his rival, he let out a long sigh of relief, "Shu Shu, what do you think of my proposal just now?"

Rong Shu's red lips moved, "Indeed, with surveillance, you will come forward again. It's true that I won't be scolded for clarification, but it's not necessary. I took out the surveillance and clarified that it's still the same."

"Of course it's different." Fu Jingting said at this time.

Rong Shu and Lu Qi looked at him together.

Facing the eyes of the two people, Fu Jingting looked indifferent, "From the beginning to the end of this matter, there is no mention of who the man is, which makes the Internet constantly guessing. If it is finally clarified, there is no man to come forward, this is not the case. It's a good thing, it will only make people think that you really have something with the man, so you are protecting him."

Speaking of which, Fu Jingting looked at Lu Qi, "If that's the case, it's better to let Lu Qi come forward. Tell the outside world more clearly that you are innocent, that's why Lu Qi dared to come forward. In addition, the outside world knows that you are friends. If you let the outside world know that the other protagonist is Lu Qi, you will also begin to understand that the background of this matter is not simple. Someone will deal with you."

"That's right." Lu Qi nodded hurriedly, "Fu Jingting is right, Shu Shu, because everyone knows that we are friends and we have a good relationship. Only when I come forward, plus monitoring, will everyone be more friendly. I believe that we are innocent. In addition, the media that published this scandal deliberately blocked my photos and made me look like that kind of man. After netizens understand that the man in the photo is me, they will definitely understand that they were taken by others. If you play tricks, then those who do this behind the scenes will also be attacked by netizens, which will only be a good thing for us."

Post Clarification

This is called leverage.

The Liu family's daughter bought the media and a large number of naval forces, and even let their own Internet company go into the water, just to push this matter to the top

of the public opinion, so that all netizens believe that Shu Shu and him really have something like that.

But netizens also know that he and Shu are friends, and the two have a very good relationship, and it is impossible to have that kind of relationship at all.

Therefore, as soon as he shows up, netizens will immediately feel that they have been tricked by capital.

The capital is to let them, ordinary netizens, go to charge and achieve their goals, otherwise why do they have to blur his face to prevent them from recognizing who he is?

Netizens realize that they have been used, and after being tricked by capital, they will naturally be furious and double their backlash.

At that time, it is estimated that some of the Liu family's company and the Liu family's daughter will suffer.

Lu Qi and Fu Jingting expressed their meaning very clearly. If Rong Shu didn't understand it, she would be a real fool.

She nodded, no longer hesitated, and agreed with the two of them.

"Jing Ting, then do as Ah Qi said, and then give him the surveillance." Rong Shu looked at Fu Jingting and said.

Fu Jingting nodded slightly, "Okay."

After agreeing, he looked at Lu Qi coldly, "Don't screw it up."

Lu Qi snorted at him, "I'm afraid you will be disappointed, I will never screw it up. "

I hope so." Fu Jingting looked back and ignored him.

Just then, his phone rang again.

But this time it wasn't a phone call, but something from the network technology department, which was the monitoring they just mentioned.

Seeing the document on the phone, Fu Jingting's thin lips curled slightly, "The surveillance has been restored, and it's sent over now."

He handed the phone to Rong Shu and asked her to send it to Lu Qi.

Rong Shu took it with a smile, "That's great."

“Not only that, but the popularity of the Internet has also dropped.” Fu Jingting added another sentence.

This is what the Network Technology Department just said.

The network technology department also dropped the popularity twice before, but both were restored by the Liu family company that Liu Linlin had greeted.

Now that he found out that it was made by the Liu family company, he asked Zhang Cheng to say hello there.

So there is no way to do anything.

Therefore, the current network can be said to be really clean.

“Let me see.” When Lu Qi heard Fu Jingting say this, he immediately turned off the mobile game to check the situation online.

When I went up to take a look, as Fu Jingting said, the originally smoky network was finally clean now.

Rong Shu didn't look at it, she was sending surveillance to Lu Qi at the moment.

She didn't need to see it, and she didn't want to see it.

Because she knew that Fu Jingting would not lie to her, saying that the Internet was clean, then it must be clean.

It is not necessary to see it or not.

But at this time, Lu Qi looked at his phone and suddenly laughed angrily, “These netizens are really interesting, after they found that the popularity on the Internet was gone, they knew that we had taken action, and then said something on your personal social platform, Shushu. If you do what you can, you have the ability to admit it, don't press the heat, it really pisses me off!” I'm afraid the world will not be

chaotic, referring to these people.

However, Rong Shu and Fu Jingting didn't react much to Lu Qi's anger.

After Rong Shu returned Fu Jingting's cell phone to him, she looked at Lu Qi and said lightly, “I guessed it would happen as early as when Jing Ting was so hot. After all, these people have been making trouble on the Internet for too long, and suddenly they are watching the fun. Of course, they will not be reconciled, and they will naturally besiege my personal social platform in anger, what's more, this is not the first time, the previous Internet public opinion turmoil has been like this.

”, she spread her hands, indicating that she was used to it.

Lu Qi looked at the phone screen with disgust on his face, “These netizens are really bad at learning, how many people have we sued in the past few times, and then after a while, they dared to jump out and yell and curse. You really can’t kill Xiaoqiang.”

Fu Jingting picked up Rong Shu’s water cup and turned it around slightly. When he saw the lipstick mark left on the mouth of the cup, his eyes darkened, and then his thin lips met the faint red lip mark and drank. He spit, “For these people, fines and detention will not make them remember for too long. The next time something similar happens, it will still be revealed. This is a vicious circle and cannot be completely banned.”

After speaking, he put down the glass.

Rong Shu glared at the man angrily, and the tips of her ears were a little red.

This guy has no water in front of him, so he insists on drinking from her cup.

And also specially printed the lipstick mark that she left behind.

Isn’t that why he deliberately wanted to kiss her indirectly.

Fu Jingting didn’t seem to see Rong Shu’s eyes, and smiled at her tenderly, “Has the surveillance been sent?”

“It has been sent.” Rong Shu replied while snatching the cup from the man’s hand. Then he pushed the man’s own in front of the man, “Drink your own.” The

man ” gets

it, can’t share the same cup anymore.”

Fu Jingting looked at the cup in Rong Shu’s hand with regret.

This scene was caught by Lu Qibo, who was being monitored on the opposite side.

Lu Qi gloated over the misfortune, “

Deserving it.” Fu Jingting suddenly lowered his face, “Send your surveillance.”

Lu Qi snorted and stopped talking.

Rong Shu also picked up her cell phone, “Then I should send it too.”

“I’ll come too.” Fu Jingting also picked up his cell phone.

Although he was not among the people who made the scandal, he was also involved in this matter.

After all, he is the man of Xiao Ye , the main palace.

Since you want to clarify this matter, if you, as the main palace, don't show up, just relying on Xiaoye Ye and Lu Qi to clarify, it will still not be convincing to the outside world.

The main palace did not come forward to clarify, and to clarify one of the parties, it would obviously make the outside world feel that this matter is true.

Therefore, he naturally has to express.

For a time, three people in the office, all holding mobile phones, began to edit and clarify the content of the scandal on their respective social platforms.

The first one was Rong Shu, the content was very simple, just a few words were known about online scandals, fake Mo Xin, did not find b, did not betray Fu Jingting, the man in the scandal was Lu Qi, the reason why they appeared in the hotel together was with The head of Huaguo Bank Haishi Headquarters is talking about loan matters. The online scandals are purely framed by others. Liu's Internet and Squirrel Media, I will take legal measures to protect my own interests and will never accept reconciliation for the two mastermind companies. , In addition, regarding other media who coax and spread rumors and abuse netizens, I will also sue one by one, and I will never let it go. I hope everyone knows.

As soon as Rong Shu's clarification news was released, it instantly rushed to the hot search list.

This is also Fu Jingting's arrangement.

Fu Jingting just sent a message to the network technology department, telling them that as soon as they see their clarification, they will immediately arrange a hot search.

The purpose is to let everyone see it for the first time.

President Li saw the news of Rong Shu under such circumstances.

He himself didn't know anything about the Internet at first, because Fu Jingting's transfer last night kept his position under his butt, so he had a lot of things to do, and he didn't have time to pay attention to things on the Internet.

What happened on the Internet was also told to him by his assistant. After all, Rong Shu had mentioned him, and it was not good for him not to stand up and say something.

What's more, he only got the benefits of President Fu, so he couldn't pretend to ignore it, so he immediately logged into his account and forwarded Rong Shu's content.

Direct prosecution

What was said by Hua Guo Bank or the general manager of the head office, Ms. Junrong Li, is right. I was in the hotel yesterday afternoon, so the so-called news on the Internet is completely nonsense. I also ask all netizens not to believe it. Now it is time to apologize, and it is time to admit mistakes. Avoid getting yourself into trouble.

Seeing the content forwarded and published by President Li, Rong Shu was quite surprised.

Fu Jingting and Lu Qi looked up at her together.

"What's wrong?" Fu Jingting asked first.

Rong Shu showed him the phone, "President Li also helped to clarify."

Fu Jingting raised his chin slightly, "He should have stood up, after all, he has received so many benefits from me."

Rong Shu raised her eyebrows, "That's right. , I forgot to ask, you helped me get the parts back, then you should know that the boss of Zhongsi breached the contract without authorization and gave the parts to Su Cheng. With your character, I am afraid you will not let it go easily. The boss of Zhongsi, right?"

Fu Jingting curled his lips, noncommittal.

"Sure enough." Rong Shu looked at the man, "Then what happened to your boss?"

"A blatant breach of contract is no longer just a matter of compensation, but a violation of commercial laws. I threw people in. ." Fu Jingting replied lightly.

However, Rong Shu knew that things were definitely not that simple.

"Did you do something else before throwing it in?" Rong Shu squinted at the man and asked.

The man smiled and didn't answer, but the meaning was already obvious.

Before throwing the person in, that person naturally suffered a lot.

Rong Shu nodded, "How is Zhongsi now?"

"The current Zhongsi is about to undergo a change of power. I believe that the next fight will be very strong. If you are interested in Zhongsi, you can secretly buy Zhongsi's stock when they are fighting the most, and the price of the stock at that time. The lowest, although Zhongsi is not too big, it still has its own strength, and it will not be a loss to acquire its shares." Fu Jingting tapped his finger on the table and pointed to Rong Shu.

Rong Shu thought for a moment, and her eyes lit up, "Okay, I just have some money in my hand now, so I can try it out."

"When is the best time to buy, I'll tell you." Fu Jingting saw that she agreed, Said again.

Rong Shu hummed, "Okay."

Lu Qi on the opposite side listened to the words of the two people, and finally couldn't hold back his mouth, "Wait, Shu Shu, did you just say that the parts were taken back by him?"

He pointed at Fu Jingting .

Rong Shu smiled at him, "Yeah, not long after I came back from the loan with President Li yesterday, I received news that the parts were brought back by Jing Ting."

"That's it." Lu Qi nodded suddenly, then Looking at Fu Jingting's dissatisfaction, he said, "Then why didn't you bring it back earlier? Earlier, we won't have to go to President Li, and we won't be photographed by people and make trouble."

Fu Jingting frowned.

Rong Shu put away the smile on her face and said to Lu Qi unhappily, "Aqi, that's not the case, you forget, I didn't tell Fu Jingting that the parts were taken away from me in the first place. I don't know, even if he helped to get the parts back later, I didn't tell him, but he noticed it by accident, so I can't blame him."

After Rong Shu finished speaking, Fu Jingting raised his eyelids lightly . His eyes swept towards Lu Qi contemptuously, and the meaning in his eyes was very obvious.

Did you hear it?

Don't blame him for anything.

Lu Qi was very angry, but there was nothing he could do.

Indeed, if he didn't tell Fu Jingting anything, then what he just said was a little unreasonable.

Lu Qi stopped talking and turned to the side angrily.

Rong Shu shook her head helplessly, lowered her head, and continued to look at her phone.

It's been a few minutes since my clarification message was sent out, and with the help of Fu Jingting's people to help increase the popularity, now my comment area is extremely lively, and the number of comments has directly rushed to five digits.

In just a few minutes, the number of comments was so large that it was terrifying that some celebrities in the entertainment industry were envious.

After all, this is a live comment, unlike them, at least half of it is a robot comment.

Rong Shu didn't know how these stars felt, she swiped her thumb and was roughly flipping through the comments.

Eighty percent of these comments are apologetic.

How cool they scolded before, how embarrassed they are now apologizing.

After all, when they scolded, the people involved in the news didn't come forward, so they were naturally not afraid of anything.

Now the parties involved in the news have come forward and bluntly said that they want to sue major media, major marketing accounts, and cheerful netizens who dance, so how can these netizens dare to dance? Apologize?

Afraid of being sued and sued.

Don't look at their fun on the Internet, but in private, they are ordinary people who can't be in ordinary people.

They are also afraid of the various effects brought by the lawsuit, such as being fired from the company, such as not being able to find a job, such as strange eyes from others, and even scolding and contempt from family and friends.

Perhaps, it will also be recorded in the archives and affect future generations.

In short, thinking of these, where are these netizens not afraid? Where are you still not willing to compromise?

And they didn't doubt that Rong Shu was joking at all. Even if they were not convinced, they had to believe the fact that they were ordinary people who couldn't compete for capital.

Since capital dares to sue them, it is definitely not just for fun, and they will surely die.

The most important thing is that Rong Shu's appearance reminded them suddenly that it is not the first time that she has sued netizens.

Several groups of netizens have been prosecuted before, some were detained, some were fined, some lost their jobs and were ridiculed by others

. Anyway, it was pretty miserable.

And how long did it take them to forget this sister's tough tactics and the tragic end of those netizens?

So the more scolding netizens thought about it, the more afraid they became. They quickly deleted the comments and apologized, hoping that Rong Shu could open up and let them go.

As for whether it is useful or not, these netizens have no idea in their hearts. For a while, they all regretted it in their hearts, and they could not wait to give themselves a few slaps.

Of course, there are netizens who are cursing, and naturally there are netizens who have been watching and have not made any comments, and there are netizens who have always believed that Rong Shu has never done these things.

Such netizens are now starting to raise their eyebrows online.

"Hahaha, I knew that my fan's c will not collapse. I said it on the Internet before, and the main lord didn't come out to speak, so don't be so anxious to stand in line, lest you slap yourself in the face, and the content can't be published. Either it didn't meet the regulations, or it was released and disappeared soon, it's not just me, all of our C fans are like this {grievance}."

Seeing this comment, Rong Shu instantly knew what was going on. Then click to reply "{touching my head}Thank you for your support, and thank you for your trust, I am very happy and moved, as for why the content that speaks for me can't be sent out, or it will disappear after it is sent out, I have to ask Liu's network is online {smile}"

Rong Shu's reply immediately caused an uproar.

Especially the commenter of this comment was even more excited, "Ah, ah, I've been flopped, I've been flopped!"

Seeing this content, Rong Shu could imagine the other party's blushing excitedly, so she couldn't help shaking her head lightly. laugh.

Rong Shu's Reply

At the same time, she felt warm in her heart.

It turns out that being sought after and liked by fans is actually such a feeling.

It's fresh and good.

Rong Shu's red lips twitched slightly and replied to the fan again, "Thank you for your liking, don't worry, I will never let you down.

Betray Fu Jingting?

Impossible!

They will only break up peacefully after the relationship is gone.

Instead of using In this way, I'm sorry for the other party.

The fans on the other end saw Rong Shu's promise and stuck their mobile phones to their chests excitedly. Their faces turned red due to their excitement.

Other netizens, fans, saw Rong Shu's Shu was envious of this fan's response for a while.

They also wanted to be remade.

They are both fans of Rong Shu and Fu Jingting, but they were not because of their talents at first.

After all They are not stars either.

They share them only because of their looks and status, as well as the experience of one-to-one integration.

After all, their identities, as well as their experiences of divorce and reconciliation, make fans subconsciously think of the president among the presidents. Sadistic plot.

The president came into reality, which made them not excited, so they became fans.

But it was only limited to such fans.

Until this time, Rong Shu personally appeared to reply to these C fans, and they suddenly discovered that, It turns out that the idol of their fans is not the heroine who is inaccessible and can only be imagined as Li.

She is a real person in their real world, and she is also a young lady with a good personality.

No, fans have only thought of it from the beginning. Rong Shu and Fu Jingting went to fans like the male and female protagonists in China, but now, they have gone to fans as real idols.

And they are actually more willing to fan real people than to fan the characters in one.

That way they can get close.

Just like the fan just now, he got a remake soon and got close to his idol?

So other fans followed suit and began to swipe a lot in the comment area, and they also wanted to get a remake.

After seeing this, Rong Shu couldn't help crying.

But it is impossible to remake all of them, otherwise she will die of exhaustion.

But it's still okay to look at some of the more confused fan comments and replies.

for example.

“Surprise! I came forward to clarify, but is it a bit late? Why didn't you clarify at the beginning, and after just a few clarifications, there seems to be no substantive evidence to prove that the news is fake.”

Rong Shu pointed her finger quickly . 's reply “The reason why we didn't clarify at the beginning was because we were collecting evidence. Now that the evidence has been collected, it is natural to stand up and clarify. As for why I didn't release the evidence {smile}, that's because the evidence will be published by the rumored Another protagonist announced, don't you wonder why it's obviously a scandal between two people, why can only see me clearly in the photo, but not who the man is? At the same time, in your copy published by the Squirrel Department, there is no mention of it. Whose content is the man?”

As soon as this reply came out, all netizens were stunned to explain.

Yes, at first they were only concerned about being surprised that Rong Shu's "derailment", and then they started to eat melons on the Internet.

It seems that they really didn't realize who the man was mentioned in the scandal, let alone why the photo of the man in the photo could not be seen clearly.

Their attention from beginning to end was on the fact that the woman was Rong Shu and the woman cheated.

Before that, they didn't feel that there was anything wrong with them.

It was only now that Rong Shu mentioned it that they realized that there was a big problem here.

Obviously the scandal is the fault of the two people, but they ignored the man and blamed all the fault on the woman. If there is no reason for this, they absolutely do not believe it.

As for the reason

, the eyes of netizens have surrendered to the news and the photos released by the Squirrel Department.

In the photo, the man's face is deliberately blurred, and there is no mention of the man's identity in the text, and criticism of the woman.

Adding all these together, isn't it the first glance that people see, they subconsciously ignore the man, only see the woman, and only believe that the woman is cheating?

Damn, they were actually brainwashed by ua!

These media are really awesome.

For a time, netizens were extremely angry.

"Damn it, it's terrible, I was actually brainwashed by a piece of news."

"Yeah, an ordinary piece of news can actually pull my thoughts away. If it was before, I wouldn't believe it. , I still feel that others are talking nonsense, but now I have to believe it. I guess my previous thinking was also affected by the news released by these media, but I never noticed it. Fortunately, Miss Rong reminded me now, otherwise we would still be aware of it now. No."

"That's right, now that I have reacted, there are a lot of things that I haven't figured out. I've figured it out now. That's why the Squirrel Department deliberately blurred the man's photo and didn't mention the man's identity at all. That's because we netizens

must know the man, and we also know that this man and Miss Rong can't have anything, so the squirrel department deliberately blurred the man's photo, so that we can't recognize the man's identity, I believe Miss Rong and this The man has a leg, I really hate it."

"The analysis upstairs makes sense. Now I can probably guess the identity of the man, and it must be the president of Lu's enterprise."

"Plus one, I also thought of this. If this is the real one, then Miss Rong is cheating This matter is indeed nonsense. As far as I know, the Rong family and the Lu family are family friends, and Miss Rong and President Lu are childhood sweethearts who grew up together. If there was anything for the two of them, it would have been there long ago, otherwise why? Haven't been together in thirty years? This is obviously too familiar, and I have no idea about the other party at all. Anyway, my childhood sweetheart and my eldest brother have no idea. I really just treat the other party as a brother, and he also treats me as a sister. "

Then according to that, the man of this scandal must be this President Lu, otherwise why would the squirrel department blur the photos and not let us know his identity, or also know that Miss Rong and President Lu can't have anything. , I was worried that no one would believe the photos I sent, so I deliberately blurred Mr. Lu's face. Oh, it's really ugly to eat. "

As soon as this comment came out, Rong Shu immediately gave a like below.

Rong Shu's like turned over the Internet once again.

"I rely on me, I was liked, so we guessed right, the man is really Is it President Lu? "

"Yes. "Rong Shu replied again," It's Aqi, and Aqi will publish evidence on his own platform in a while, please stay tuned. "

"Yes, yes." On the other end of the computer, the netizen nodded excitedly.

Other netizens saw that Rong Shu stood up and confirmed who the man was, and that he was going to release the evidence in a while, so they immediately ran half of them and went to Lu Qi's personal The platform, wait for the evidence.

The people who stayed still have many doubts to ask Rong Shu.

For example, this netizen asked about the point at once, and asked about the point that everyone wanted to know.

"Miss Rong, there is one point. I can't figure it out, why did the squirrel department spread rumors about you? As we all know, you belong to Mr. Fu. Mr. Fu is in the sea market, and everyone knows his status in the country. You are his person. Logically

speaking, no one should dare to offend him. do it? Do you have any grudges between you and the senior management of the squirrel department? “

Start to fight back

As soon as this netizen's question came out, netizens who stayed on Rong Shu's personal platform also stopped their keyboards and stared at the question.

They were afraid that as soon as they moved the keyboard, the question would be swiped to the bottom, and they would not be able to see Rong Shu's reply.

Rong Shu smiled, then looked up at Fu Jingting.

Fu Jingting noticed the woman's gaze, put down the phone and looked over, "Reply truthfully."

Obviously, Fu Jingting also saw this comment and knew why Rong Shu looked at him.

Rong Shu took a breath, "Then I'll really answer truthfully?"

"Well." Fu Jingting nodded, "This is your right, after all, you are the victim, so you don't have to ask me, you can do whatever you want. Yes."

Rong Shu smiled, "Okay, then I won't ask you."

After she finished speaking, she put her eyes back on her mobile phone and replied to the netizen, "There is no hatred with the squirrel club, as for why the squirrel club dares to punish me so boldly. , of course, money can make ghosts run the mill, and the benefits are in place, and the Palace of Kings of Hell will naturally dare to make a foray." The

netizens were in an uproar.

"That's actually the case. So, the person who really wants plastic surgery for you is someone else? This person has benefited the squirrel department, so the squirrel department dares to take such a big risk to lie about you."

Rong Shu gave a like after this comment, "Yes, the person behind this incident is a woman, a woman who admires Mr. Fu, there is no way, who made my Mr. Fu so attractive, that's why the woman thought With this method, I thought I could create a

misunderstanding between me and Mr. Fu, and let Mr. Fu break up with me. In this way, wouldn't she have a chance? Unfortunately, my family's Mr. Fu never suspected that I was sorry for him from the beginning. Here, I would like to thank Mr. Fu for trusting Fu Jingting {love}."

Fu Jingting, who was Aite, immediately saw Rong Shu's reply to this netizen.

Especially when he saw the phrase 'My Mr. Fu', Fu Jingting's chest was hot and hot. Looking at Rong Shu's eyes, it was hot and burning as if he was about to spit fire, and his breathing was obviously rough and heavy.

Rong Shu blushed when he saw him, wondering if there was another Lu Qi here.

It is estimated that the clothes on his body will be seen through by the eyes of this dog man, maybe even ripped off.

stop looking!

Rong Shu widened her eyes and glared at the man with a blushing face.

The man raised his thin lips, then raised the phone and pointed to the screen, "This, I like this statement, but it would be better if I changed it."

Rong Shu looked at the five words he pointed at, and blinked. , "Change what?"

Fu Jingting's thin lips parted lightly, and slowly spit out two words, "Husband."

Rong Shu's face was even more red, and she was about to bleed.

Opposite Lu Qi suppressed the sour sneer in his heart, "Shameless, you are not married yet, you have to call you that, why is your face so big?"

Fu Jingting turned his head and gave him a cool look, "Sooner or later, jealousy huh?"

Lu Qi snorted and stopped talking.

jealous?

Of course he was jealous!

After all, she is the woman she loves, can she not be jealous!

Seeing that Lu Qi didn't speak, Fu Jingting retracted his gaze contemptuously, and was now proud of winning Lu Qi.

Seeing this, Rong Shu was dumbfounded.

Then he was too lazy to pay attention to these two naive men, lowered his head, and continued to look at the phone.

Below her reply just now, there are already many more replies, she still has to see what they have replied!

“What? The truth is that this is actually the case. It’s the mistress who wants to be in the top position. That woman is really useful. For the sake of being in the top position, she dares to directly create scandals for the main palace. It’s really arrogant.”

“Upstairs, correct me, that woman can’t be considered a mistress, and a man who has a substantial relationship with a man is called a mistress. President Fu has nothing to do with that woman, and that woman is just a crazy suitor at best, but that’s all. You are right when you say that she is arrogant. I am an employee of the Fu Group. Everyone should know that it is very normal for many women to like our boss, but why has our boss never had any scandals before? ? That’s because our boss has greeted all the families in the circle who have a daughter, and he is not allowed to have any thoughts about our boss, let alone ask for marriage or something, otherwise don’t blame him for being rude, so for so many years, we have I’ve never seen a daughter from a family come to our boss, and now a young lady suddenly appears who dares to do these things. I don’t know if I don’t know the greeting from our boss, or if I want to fight, but no matter what kind of thing I have to say that this sister is really brave.”

“My dear, I wonder why Mr. Fu never has any lace news. You must know that the slightly younger executives of other companies have more or less such lace news, and there are women around them. It makes no sense that there is no such man as President Fu. It turns out that this is the case. Sure enough, the richer the man, the more reserved it is. On the contrary, there is no such rich and more playful flower. President Fu is really a good man, and I am envious. Miss Rong’s day.”

Rong Shu burst out laughing when she saw this netizen’s comment.

Fu Jingting looked up at her, “What are you laughing at?”

Rong Shu covered her lips and looked at the man with a smile, “Some netizens praised you as a good man.”

“Is he wrong?” Fu Jingting raised his chin slightly, Asked with pride.

Rong Shu didn’t know whether to laugh or cry, “Yes, yes, you are a good man.”

Really, I didn’t see that this man was still narcissistic.

It’s cute though.

“By the way, have you noticed? When Miss Rong clarified, Aite posted two official blogs, one is the Squirrel Department and the other is the Liu’s Network. The Squirrel Department is the media that published this fake scandal, then the Liu’s Network, Could it be that achievements are the mastermind behind the scenes?”

“Upstairs, it should not be Liu’s network, but the daughter of Liu’s network. I just discovered this, so I immediately went to ask my friend who works at Liu’s network. According to my friend, , the technical department received a call from Miss Liu today, asking them to control the public opinion on the Internet, and don’t let people suppress the popularity of this matter, and it has been more than once, so everyone should understand, right?”

“Okay. Guy, the real murderer finally showed up. It turned out to be the daughter of Liu’s network. This is really a filial daughter. For her own selfishness, she killed her own family and company. Now I am afraid that she will be madly revenge by President Fu and Miss Rong. Come on.”

Netizens, if you say what I said, you can guess who is behind the scenes.

There are even netizens who are asking Rong Shu how to retaliate against the Liu family, and want Rong Shu to reveal something.

Rong Shu didn’t answer, after all, she hadn’t thought of it herself.

Netizens didn’t get Rong Shu’s answer, and they were not in a hurry.

Although the Squirrel Department evaded them and used them to attack Rong Shu, they knew that the Squirrel Department was just a conspiracy, and the real mastermind was the daughter of the Liu family.

So at this moment, the netizens naturally focused all their anger on the Liu family’s company and the lady Liu.

However, Ms. Liu did not open a personal social platform, so Liu’s company was double attacked.

Of course, the squirrel department will not be forgotten by netizens, and it is also suffering from backlash from netizens at the moment.

Editor-in-chief Wang of the Squirrel Department has already been thrown into the police station by Assistant Zhang. He is not in the Squirrel Department. For a time, no one in the Squirrel Department is in charge of the overall situation. In addition to the backlash on the Internet, all of them are devastated. hate it.

This Time, I Will Get My Divorce Chapter 1072

Fu Jingting's Statement

After all, editor Wang accepted bribes and deliberately had plastic surgery, but they didn't know the details.

They just thought that the editor-in-chief didn't want to miss this news, but never thought that the editor-in-chief did so after receiving an order from someone else.

This nature is much worse than publishing scandals that don't want to miss the heat.

It's strange that President Fu doesn't retaliate against their squirrels.

They have even heard that a big man is going to buy their squirrel department, and then lay off a large number of employees and replace them with new ones, and there is clear news from the inside that the big man has arranged people to contact their squirrel department.

It can be seen that the acquisition of their squirrel department and layoffs and replacements are true.

Now their biggest worry is that there will be themselves on the layoff list.

Especially those who listened to the editor-in-chief to upvote this scandal, edited the text of the scandal, and s photos, all of them were even more afraid, and they hated the editor-in-chief Wang even more in their hearts.

Even if this editor-in-chief Wang has been taken away by Mr. Fu's people and thrown into the police station, it will be difficult to offset their hatred.

They know they can't do anything, and now the only thing they hope is that editor Wang will sit in jail and not be laid off.

Rong Shu didn't know how severe the civil unrest in the squirrel department was at the moment, and she was still paying attention to the trends on the Internet.

Seeing netizens besieging Liu's network and the squirrel department, Rong Shu's red lips twitched slightly.

She doesn't think there's anything wrong with gloating about misfortune now, after all, in the whole thing, she is the one who was first attacked by the Internet.

And the masterminds are these two.

Now, she is just exposing these two families, and it's a tit-for-tat.

Since these two companies dare to harm her in this way, and they don't even worry that she will not be able to bear the online violence and commit suicide, it is enough to show how unscrupulous these two companies are.

Also, would a conscientious company create all kinds of fake news like this to achieve its purpose?

In short, these two companies are now being attacked by the Internet, which is also their own retribution.

What's more, they like to use this method to deal with others, so they must be mentally prepared that one day they will also be attacked by the Internet.

Just thinking about it, Rong Shu saw that a netizen in her comment area suddenly posted a comment in surprise, "Everyone, go to Mr. Fu's personal platform, Mr. Fu also issued a clarification statement."

"Really, I'll go right now. "

I'll go, I'll go too."

Soon, Rong Shu's original lively comment area became a comment area with hundreds of new comments when it was refreshed. It suddenly became quieter, and when it was refreshed, there were only dozens of new comments.

It is conceivable that most of the people slipped away and went to Fu Jingting's side.

She had already run away a few times before, ran to the platform of Ah Qi and squatted, and the ones who stayed, she thought she was her true fan.

Unexpectedly, as soon as Fu Jingting's statement came out, these netizens almost ran away, leaving only a small number of people. It is conceivable that only a small part of her true fans are actually her true fans. Some of them belong to Fu Jingting.

No, as soon as Fu Jingting came out, they all ran over, which made Rong Shu a little dumbfounded, so she couldn't help but look at Fu Jingting.

Fu Jingting looked at her helpless and funny appearance, and blinked, "What's wrong?"

"It's okay, I'm just envious of President Fu's many fans." Rong Shu propped her chin and looked at the man and said.

That's right, this man looks handsome and has no Tao, and his height is also a top male model configuration. In addition, he is wealthy and has a noble temperament. If there are not many fans, it will be strange.

However, when the man heard Rong Shu's words, he was puzzled, "Fan? What kind of fan?"

Rong Shu was slightly surprised, "You don't know?"

The two of them have a lot of C fans online, and they also have their own unique fans.

In short, they are obviously not stars, but they have fans who are similar to stars.

This matter, even she, who doesn't pay attention to entertainment, knows about it.

The man doesn't know.

Fu Jingting shook his head, "I don't know."

Rong Shu was silent.

He could see that what he said was true.

He really didn't know they had fans online.

Forget it, since you don't know, then forget it.

Anyway, he pays less attention to these than her, and it is useless to know.

No, he can still interact with fans every day like a star, right?

Anyway, she couldn't imagine Fu Jingting like that.

"Forget it if you don't know, it's not important." Rong Shu waved her hand, "But you just made a statement, and many netizens have gone to your personal platform."

Fu Jingting shook the phone, "I know, I saw it. "

Then I'll take a look too." Rong Shu said.

Fu Jingting was about to hand her his cell phone.

Rong Shu pushed back, "No, I'll take care of myself, you can see for yourself."

She pointed to her cell phone.

Seeing that she didn't want to use her mobile phone, Fu Jingting let out a muffled voice.

Obviously, he was disappointed with Rong Shu's refusal.

Seeing this, Rong Shu shook her head amusingly, but she didn't mean to coax the man at all.

She knew very well that the man pretended like this on purpose, trying to soften her heart with this pitiful and lost look.

As for why she knew so clearly and was very sure.

That's because of this situation, and it's not the first time it's happened.

After she has been in the job a few times, she has naturally learned to be smart.

Rong Shu pretended that she hadn't noticed the man's scheming, and stared at her cell phone without moving.

When Fu Jingting saw that the woman didn't even look at him, but only looked at the phone, he knew in his heart that his own thoughts had been seen through and his purpose had failed, and his eyes were full of resentment for a while.

Rong Shu naturally noticed it, and her red lips pursed a smile, still ignoring the man.

Seeing this, the man couldn't do it, he sighed in his heart, he could only lower his head and put his attention back on the phone.

But the breath of the whole body, how to get low.

Lu Qi, who was watching, rolled his eyes and cursed the scheming man in his heart, he deserved to fail.

Fu Jingting's statement was very simple. Like Rong Shu, he didn't show any evidence after only a few sentences, but as soon as he appeared, no one would doubt his words.

Do not dare to doubt.

Looking at the statement released by Fu Jingting, Rong Shu was stunned for a moment, then the corners of her mouth twitched and she was amused.

I saw that the man's statement is like this. I am Fu Jingting. I already know about the rumors on the Internet. They are completely nonsense and ridiculous. I believe that no one with brains will believe it. Besides, my woman is not blind. I won't be sorry for me and look at a man who is not as good as me in every way, so I will not let go of anyone who spreads rumors, and will all be held legally responsible, please know.

A very serious remark is enough to let anyone see Fu Jingting's determination to hold him accountable.

But for the netizens who eat melons, this is not important. What is important is that they were shocked and flabbergasted by Fu Jingting's statement.

"Mom, it's a good sentence 'My woman is not blind, so she won't be sorry for me and see a man who is not as good as me.' If it were someone else, I would only ridicule him for not having self-knowledge, hurry up and look for a mirror, But this is what Mr. Fu said, but I don't think it's conceited at all, I think it's self-confidence, self-confidence, six or six."

"I am also me, ordinary men say this, it is Diaosi. , The second disease's speech was terrifying, but from President Fu's mouth, how could it be so crisp, ah, ah, he is indeed a domineering president, the same thing, the feeling is different, so domineering, so strong, so fond of it, Another day to envy Miss Rong."

hit you in the face

"Plus one, I'm also envious of woo woo"

"Who said no, how could there be such a perfect man in this world!"

"That's right, Mr. Fu's remarks, let alone Miss Rong, we netizens feel that Do you feel safe enough?"

"Hee hee, it's not just a sense of security, have you noticed? Under the ruthless appearance of Mr. Fu, there is actually a little narcissism."

"I-I-I, I found out, Fu. He always says, 'I don't want to be sorry for me, but look at a man who is not as good as me.' This sentence is obviously complimenting myself, but I don't think it's wrong at all. Compared with Mr. Fu, President Lu is indeed Everything is a little worse. As long as they are not fools, I believe that normal people will indeed choose Mr. Fu over President Lu. Sure enough, Mr. Fu is right. Anyone with brains will not believe in online scandals. Come on, let me see who has no brains."

"I" a netizen said weakly, "I'm sorry everyone, I'm the brainless person, and I believed it at the first sight of the scandal."

"And me, I also have no brains."

“Plus One”

soon, many netizens admitted that they were also one of the brainless people, and Rong Shu couldn't laugh at it.

Although she was very angry that these netizens scolded her online.

But seeing them dare to admit their mistakes is still very gratifying.

In short, she is willing not to pursue a netizen who dares to admit mistakes and the circumstances are not serious.

After all, there are too many people, and they can't be pursued.

Just grab some typical ones.

At the same time, on Fu Jingting's personal platform, in addition to the comments of netizens who admitted their mistakes, there were also some comments asking how Fu Jingting wanted to retaliate against the daughter of the Squirrel Department and the Liu Family Network.

Obviously, they didn't get an answer from Rong Shu, so they came to Fu Jingting to ask.

Fu Jingting naturally saw the questions from netizens. He was not interested in replying to these netizens. He raised his head and looked directly at the woman opposite, “What do you want to do?”

Rong Shu knew what he was asking, and shook his head slightly, “Not yet. I know, I haven't thought about it yet. I don't care about the squirrel department. The only thing I care about is the Liu family. After all, Liu is always your teacher. Although I really want to take revenge and go back, he is your teacher after all. , I'll think about it for you too.”

Fu Jingting's heart was warm, he put his big hand on the back of hers, squeezed it lightly, his voice was hoarse and pleasant, “No, just follow your ideas.”

“Then mine The idea is to bankrupt the Liu family, are you willing?” Rong Shu looked at the man.

The man was silent for a few seconds, as if hesitating, but finally nodded, “Yes, as long as you are happy.” As soon as

these words came out, let alone Rong Shu, Lu Qi was also stunned.

“Good guy, you are really a good apprentice.” Lu Qi gave Fu Jingting a thumbs up with a look of admiration.

I really admire it, and I admire it in my heart.

This guy can directly bankrupt his teacher's family for Shushu's sake. This is not something ordinary people can do.

Because they can't be ruthless.

After all, that is the teacher who teaches him.

Ordinary people dare to do this, but they will be criticized by thousands of people, and even their own conscience will not feel sorry for them.

Anyway, if it was him, he probably couldn't think of Fu Jingting like this. He hesitated for a few seconds before agreeing.

In short, for the sake of compromising for his beloved, it was the first time he clearly realized that he was no match for Fu Jingting.

Shu Shu fell in love with Fu Jingting again, and it seemed reasonable that she was inferior to Fu Jingting.

Lu Qi sighed, and while a trace of self-mockery flashed in his eyes, he felt relieved.

Release yourself from letting go.

Beside him, Rong Shu was also surprised that the man so readily agreed that he wanted the Liu family to go bankrupt.

It seems that in the heart of a man, he is indeed a higher status than his master.

"That's what I said, and you really agreed. You make me look like a demon concubine who harms the country." Rong Shu looked at Fu Jingting amusingly.

A dark light flashed in Fu Jingting's eyes, and he tightened his grip on her, "You are my demon concubine, I can do anything for you."

"I'm ashamed for what you said, okay? , I have to think about how to get revenge on the daughter of the Liu family. Although I really want the daughter of the Liu family to pay a painful price, I don't want to hear someone say that you are ungrateful and disrespectful to your teacher. , although you don't care, but I do." Rong Shu looked at Fu Jingting and said it very seriously.

Fu Jingting also looked at Rong Shu and didn't answer, but what he wanted to say had already been said to her through his eyes.

The two of them stared at each other like this, and the atmosphere around them was so peaceful and beautiful.

Looking at the two of them, Lu Qi could clearly feel that he was not in the same world with them and could not fit in.

Afterwards, he shook his head, rolled his eyes, lowered his head, pretended that he didn't see anything, and started typing under his personal platform.

Rong Shu and Fu Jingting both issued statements one after another.

Now, as a 'female godfather' with surveillance evidence, he can't delay any longer.

In the end, the netizens on Fu Jingting's platform did not wait for a reply.

But they were still not disappointed at all.

Because they didn't expect Fu Jingting to take care of them in the first place. If they did, they would be surprised.

Netizens didn't stay on Fu Jingting's personal platform for long. After learning that Lu Qi, the rumored male protagonist, released a statement and Rong Shu's surveillance, they immediately moved to Lu Qi's personal platform.

After all, a big guy like Fu Jingting doesn't dare to hop on his personal platform all the time. Although he didn't say anything bad, Fu Jingting's identity is there, and his name is fierce, so they are still somewhat afraid. of.

Now, as soon as the news of Lu Qi's release of evidence came out, didn't he just leave immediately.

Soon, netizens who followed the sound saw Lu Qi's clarification statement.

Compared with Rong Shu and Fu Jingting's serious clarifications, Lu Qi's clarification statement is much more lively.

Lu Qiv Yes, as you can see, I am the female clerk who cuckolded Fu Jingting this time, and I also thank Miss Liu Linlin from Liu's Network, who gave me this status, which has given me a long time to be a female clerk. Husband's addiction, don't say it, it's quite new, but I don't like being called this name for no reason. If you tell me, let me play a female godfather, maybe I will be interested in agreeing, after all, I have never I've experienced it, and I'm a little curious, but if you don't tell me anything, arrange me like this without saying hello, then I won't agree, so don't blame me for exposing you and punching you in the face, who told you not to do anything.

As soon as this statement came out, netizens immediately hahaha.

“God, President Lu actually has this style of painting. Compared with the seriousness of Miss Rong and Mr. Fu, I really like President Lu’s character more.”

“Me too, especially when I saw him talking about himself in a serious manner. It’s this time when I’m a ‘female godfather’, I’m going to laugh.”

“Although President Lu seems to be unreliable and smart, but he is also very domineering. Don’t blame me for hitting you in the face. ‘, it’s so cool, isn’t it?”

Lu Qi’s Combat Strength

“Why are you all patronizing Guanren to say whether he is handsome or not? We are here, aren’t we here to see the evidence? Where is the evidence?”

No, some netizens reminded to look at the evidence.

As soon as these words came out, other netizens also reacted.

“Yeah, we came to see the evidence, how could we be led astray?”

“No way, who made President Lu a comedian and attracted our attention {shrug}.”

“Lu Qiv, President Lu, Miss Rong said that the evidence was released by the hero of this incident. Now that you have admitted that you are the hero of this scandal, what about the evidence? Why hasn’t it been released?”

“That’s right.”

Lu Qi naturally saw Aite My netizen’s comment, click to reply “Don’t worry, there will be no less evidence. I just sent a text because I was too angry, and I forgot to send the evidence. I will send it here, you can refresh it.”

Lu Qi’s reply As soon as it came out, all the netizens twitched their mouths and fell down one after another.

Yes, this kind of thing can be forgotten!

But netizens can also see that he is really angry.

While the netizens were dumbfounded, they refreshed Lu Qi's homepage one after another.

Sure enough, with this refresh, there is a new dynamic.

This time the content is very simple, just one sentence and a video.

The content of that sentence is also very direct, and it is directly the evidence you want.

Then followed by a link to a video.

Netizens did not hesitate at all, and clicked on the link to check the so-called evidence.

After clicking in, netizens realized that this video was surveillance.

I saw that in the surveillance, Rong Shu and Lu Qi got out of the car and walked straight into the hotel, and then a waiter led the two of them into a box.

As soon as the screen turned, the monitoring in the corridor became the monitoring in the box.

After all, the monitoring in the corridor cannot monitor the inside of the box.

After netizens saw that Rong Shu and Lu Qi entered the box, there was already a person in the box. Most netizens did not know that person, but there were also a small number of netizens who were well-informed and recognized the man who stood up to prove the scandal. He is the president of the fake Huaguo Bank Haishi branch.

Next, Rong Shu and Lu Qi sat down opposite the president. After that, the monitoring speeded up, and the time flow rate was also displayed in the upper left corner of the video.

Five minutes after the time in the upper left corner, netizens saw Rong Shu and Lu Qi get up, shook hands with President Li respectively, and then left the box.

Of course, netizens are not fools, they know that Rong Shu and Lu Qi can't really just stay in the box for five minutes and leave.

This monitoring is expedited, but the time spent in the box by Rong Shu and Lu Qi has been reduced to five minutes in the video, in order to facilitate their viewing, otherwise it will only take them a few hours!

Of course, even if the reduction was accelerated, they knew that Rong Shu and Lu Qi had never left the box from entering to leaving, so naturally they couldn't do anything.

Afterwards, the double speed of the monitoring became normal again, and it changed back to the monitoring in the corridor. Then netizens saw Rong Shu and Lu Qi entering the elevator in the corridor. Then, the monitoring changed again and became the monitoring in the hotel lobby.

Netizens saw that Rong Shu and Lu Qi went straight to the hotel gate except for the elevator together, and then stopped outside the hotel gate, apparently waiting for the bus.

During the period, netizens saw that Rong Shu shivered and rubbed his arms. Lu Qi took off his coat and put it on Rong Shu, but soon after putting it on, he also began to shiver, and Rong Shu again. Give him the jacket back.

And the scene of wearing a coat is not the photo that netizens saw before.

The video continues. Shortly after Rong Shu returned the jacket to Lu Qi, the car came.

Lu Qi stepped forward, opened the car door for Rong Shu, and let Rong Shu get in the car. After she got up, he also got in the car. After that, the car went away and the monitoring ended.

And the scene of Lu Qi opening the car door for Rong Shu is also in the photo.

“Dude, I was thinking before, why the squirrel department only sends photos and not dynamic videos to prove that Miss Rong and President Lu had a relationship with women before, after all, videos are more convincing than photos, aren't they? I don't believe them. There is no video of the interaction between Miss Rong and President Lu. As a result, they only posted photos. Now I know that it is because they dare not post videos at all. In the video, the two people get along innocently, but there is no ambiguity or ambiguity. It's all about getting along with friends, and the squirrel department obviously knows it, so they don't dare to post a video. If they post it, wouldn't they just tell us that they are spreading rumors, so I deliberately found some ambiguous and ambiguous angles to shoot the video to deceive us. , it's really disgusting, ketui!”

“That is, when you enter and leave a hotel to talk about a job, you will be maliciously spread rumors. Does that mean you have to avoid the hotel when you talk about work in the future?”

“No, when did the hotel become a hotel? Is it a derogatory term? As long as someone enters or leaves the hotel, they must think that they have done something in the hotel that is sorry for others. If there is such a thought, I really want to vomit, okay? I admit that there are indeed many people who go to the hotel to do that, But there are some people who are talking about work and normal rest, okay? But there is one thing I am puzzled about. Miss Rong and President Lu go to the hotel to talk about work, and that Miss Liu and the squirrel department dare to spread rumors, so they are not afraid of

Miss Rong and President Lu early in the morning. Are you taking out the surveillance cameras and hitting them in the face?”

This comment was quickly flipped by Lu Qi, “That’s because they destroyed surveillance right away, and when we knew the scandal broke out, it was too late to find surveillance, otherwise We will not delay until now to produce evidence, just because we have been repairing the surveillance, and now it is estimated that Liu Linlin’s face is ugly, she should not have thought that we will successfully repair the surveillance hahaha”

A few hahaha, anyone can do it I could feel Lu Qi’s smugness.

Even if the netizens already know that he has such a style of painting, they are still a little speechless for a while.

Of course, the netizens didn’t stay silent for too long before returning to their previous state.

“It turns out that the surveillance was destroyed. No wonder they dare to spread rumors. It must be like what President Lu just said, thinking that the surveillance will not be restored.”

“Hey, it seems that Miss Liu and the people in the squirrel department are not very intelligent Ah, I don’t know if the surveillance can be restored.”

Netizens jokingly joked.

However, among the peaceful comments, there are also a few stinky comments.

for example.

“I’m the only one who wants to know, why this President Lu and that Miss Rong don’t go to other places to talk about work, do they have to make an appointment in a hotel? There are so many places to talk about work, but choosing a hotel is very subtle, isn’t it? {smile}?” The

implication is that if you don’t go to other places to talk about work, but only choose a hotel, it obviously means you have an idea.

The normal-minded netizens were so angry that they were about to besiege this person.

The next second, I saw that Lu Qi had already sent a long series of counterattacks, “It’s so subtle, so my heart feels dirty when I look at it, I’ll tell you why we didn’t choose another place but a hotel, that’s it. Because this hotel is the only seven-star hotel here, we have asked President Li to invite him to come out to meet him. Naturally, we must choose a better environment to show our sincerity, so that our purpose can be achieved. achieve!”

Shameless Family

It's not over yet, due to the platform, there is a limited word count for replies to each comment.

Lu Qi couldn't speak a lot at once, so he could only speak several times apart.

No, after the first reply, the second reply was sent out soon, "Even if we don't have a place to ask President Li to meet equal customers, we will choose this hotel, or that sentence, the hotel's star rating. There, we talk about work there, privacy and confidentiality can also be more reassuring, not just me, almost all of us in the business circle do this, oh yes, I forgot that you are just a low-level person and cannot be reached Our level, we can't talk about the work we talk about, so it's normal for you not to know these things, but I'm telling you now, you have to remember it well, so as not to jump out and be embarrassed {smile}."

Who is in front of the emoji won't post.

Netizens who watched Lu Qi's full-fledged output were stunned, and it took a while to react.

"Six, six, six, a boss is a boss. The average person can't reach this level of scolding. Originally, I wanted to help scold, but now it seems that we don't need to take action at all. President Lu's own output is all let down. We are far behind, I guess the person who commented should be too angry to speak at this moment hahaha."

"It stands to reason that I should be angry when President Lu said that the bottom people, after all, I am also the bottom people he said. I don't know why, not only am I not angry, but I still feel so good {support cheek}?"

"Upstairs, I'm the same as you, but I probably know why, because Lu is always yelling at that person. , and when we watched the game, we brought ourselves into President Lu, not the person or ourselves, so we felt good."

"So that's how it is."

The person who commented before, seeing Lu Qi's words against himself, said again. Looking at the ridicule of netizens towards him, the entire popularity is flushed, but they dare not speak out.

He wanted to refute Lu Qi, and even wanted to scold Lu Qi.

But Lu Qi is right, he is a low-level person, while Lu Qi is a big man.

He couldn't afford to offend him, so he didn't dare to scold him at all.

In the end, this person can only delete the comment and go offline.

Netizens have been following him all the time. Seeing that his comments are gone, they know that this person has left without shame. For a while, netizens are scrambling to celebrate.

It was originally, the surveillance video clearly stated that Rong Shu and Lu Qi had nothing to do, they were really just talking about business.

This person has to show off his ridiculous IQ, what is the result?

Got slapped in the face?

Deserved!

However, there is not only one bed bug on the Internet.

However, after seeing that this one was severely attacked by Lu Qi, the other bed bugs did not dare to jump out for the time being.

"Boss Lu, how are you going to retaliate against the Liu family daughter and the squirrel department?" This question appeared again under Lu Qi's comment area.

Obviously they didn't get the answer from Rong Shu and Fu Jingting, so they tried to get it from Lu Qi.

They even thought that Lu Qi was not as serious as Rong Shu and Fu Jingting, should he tell them?

It turned out that Lu Qi told it, but it wasn't what they wanted to hear.

Lu Qi v "Hey, I don't know about this either. After all, Shu Shu is the biggest victim compared to me, so it depends on what she means and how she wants to retaliate. I support it."

"Ah ah Ah, that's not what we want to hear."

Netizens collapsed.

Are these three devils?

One is harder than the other!

Rong Shu looked funny, "Aqi, you really are"

Lu Qi waved his fingers to cut off her words, "I know what you want to say, you want to say I'm bad, and deliberately tease the netizens, but I didn't deliberately tease them, because I'm serious, how do you want to deal with them, I will What to do, so you didn't give them an answer, how can I give it?"

Rong Shu shook her head, not knowing whether to laugh or cry, just as she was about to say something, she was interrupted by the ringing of her cell phone.

Rong Shu and Lu Qi turned their heads to see that it was Fu Jingting's phone ringing.

Under the gazes of the two, Fu Jingting took out his mobile phone and looked at it. His face suddenly became gloomy, and his brows were also furrowed. Then he swiped and hung up the phone.

Seeing his actions, Rong Shu probably guessed who the caller was, and said in a confirmed tone, "Lao Liu?"

Fu Jingting shook his head, "No, it's his son, and also Liu Linlin's father, the current head of the Liu family, Liu's network enterprise. The chairman of the board."

Rong Shu nodded and said that she knew, so she didn't ask any more questions, and was not interested.

But Lu Qi looked at Fu Jingting and said, "This guy is here to intercede with you. I guess he saw your statement and knew that you wanted to investigate all the masterminds of this matter, so he contacted you, but it's really hypocritical. Ah."

Lu Qi sneered, "This Liu family owner should have known what his daughter did long ago. Her daughter let Liu's network control the popularity of the Internet. I don't believe that he is a chairman who doesn't know. You know, to control the popularity of the Internet, if you don't have the authority key of the chairman or the president, the following departments can't do it at all, so when Liu Linlin asks their Liu family company to do this, she must have greeted the Liu family leader early in the morning, and Got the consent of the Liu family."

"You mean that the Liu family approves of her daughter's slander and rumors on the Internet, so she supports her daughter's behavior to maintain the popularity of the Internet, because he also wants me to break up with Fu Jingting?" Rong Shu looked towards Fu Jingting.

Fu Jingting looked extremely embarrassed.

He is angry.

“That’s right, that’s what it means.” Lu Qi snapped his fingers, “That’s why I said this guy is hypocritical. Look, after we announced that the mastermind behind this incident was his daughter, he didn’t even call Fu Jingting to plead. It was only after seeing Fu Jingting’s statement that he called. It is conceivable that this guy always thought that Fu Jingting would not do anything to their Liu family. He was not so sure until he saw the statement, so he made a special call to ask for mercy. But it’s more appropriate to call it a test rather than a plea.”

“He’s right.” Fu Jingting nodded, supporting Lu Qi’s guess.

Rong Shu was silent for a while, and then suddenly smiled, “Interesting, my daughter fell in love with you and wanted us to break up, but the father saw his daughter’s behavior, not only did not stop it, but he planned to help secretly, the father and daughter are both like this, let me I have to think, does your teacher also want us to break up?”

As soon as these words came out, Fu Jingting’s pupils shrank slightly, and he was speechless.

Seeing this, Rong Shu’s heart sank, but her smile became brighter, “It seems that I guessed right, your teacher doesn’t seem to like me.”

“I’ll go, the three generations of the Liu family want you to break up with Shu Shu, This is simply too weird.” Lu Qi seemed to be stunned when he heard a big joke.

Fu Jingting ignored him, only watching Rong Shu’s thin lips open, “I’m sorry, I didn’t think about him either.”

“I don’t blame you.” Rong Shu shook her head, “I’m not RMB, of course not everyone likes it. So I don’t care whether your teacher likes me or not, what I care about is whether you will be influenced by them, think they don’t like me, and advise you to break up with me, you will have the idea of breaking up with me.

” She laughed angrily, stretched out her hand and flicked her forehead, “What nonsense, how could I do this, if I have such thoughts, then am I a puppet without my own thoughts and can only be manipulated by others? Actually I didn’t tell you that my meeting with the teacher today was not pleasant.”

This Time, I Will Get My Divorce Chapter 1076

Old man Liu's scheming

"How do you say?" Rong Shu subconsciously sat up straight.

Was it unpleasant to meet Mr. Liu?

It shouldn't be.

It is said that he is the most proud student of Liu Lao, and he has always respected Liu Lao as a teacher.

So think about it, there should be no unpleasant phenomenon when two people meet.

However, thinking of what she and Lu Qi had just said, Rong Shu roughly had an answer in her heart.

"Is it unpleasant because of me?" Rong Shu looked at Fu Jingting, her red lips moved, and she said slowly.

Fu Jingting was silent.

"Sure enough." The corner of Rong Shu's mouth pulled out an indescribable arc, and she couldn't tell whether she was unhappy or happy.

The response was still rather flat.

After all, for Rong Shu, Liu Lao is Fu Jingting's teacher, but not her teacher, let alone her elder.

So she really didn't care at all whether Liu Laoxi liked her or not.

"What did you say?" Although he didn't care about how Mr. Liu felt about him, Rong Shu still wanted to know what he had done to make the teacher and apprentice unhappy.

Fu Jingting frowned slightly, as if he didn't want to say anything.

Lu Zhizhang rolled his eyes, "I said Fu Jingting, what's so hard to say about this kind of thing, you say it, after all, it's related to Shu Shu, you have to let Shu Shu know how she made your teacher dissatisfied. Right? Otherwise, your teacher doesn't want to see you for no reason, how innocent is Shu Shu?"

Rong Shu was noncommittal.

Fu Jingting saw that Rong Shu was really curious and wanted to know, and finally he opened his mouth to tell the conversation with Mr. Liu in the morning.

He didn't say it very comprehensively, but just gave a general idea, especially some words. He also changed it a little, and made it a little more euphemistic, for fear of making her uncomfortable.

After all, some of the words the teacher used when referring to her were really bad.

Although Fu Jingting's original intention was good, he suddenly changed some sentences and words, so that the content he described seemed a bit blunt.

Therefore, Rong Shu knew at once that he must be hiding a lot of things.

As for what he was hiding, he could guess from what he said and the apologetic expression on his face, it was nothing more than Elder Liu's bad words to her.

Rong Shu's mouth twitched with sarcasm, "It's really hard for a big man like Liu Lao to pay attention to a small person like me, not only paying attention, but also getting to know me a little bit, knowing that no matter what I am, I am not worthy of it. It's really hard for him to go to you."

Hearing the woman's self-deprecating words, Fu Jingting was unhappy, and stretched out his hand to hold her face directly and let her look at him, "Don't talk nonsense, there has never been anything between you and me. Whether you deserve it or not, in my heart, you and I are equal, and I have clearly told the teacher what this means, so you don't need to pay attention to the teacher's words, because I will never take it seriously.

"Heh, who knows if what you said is true or false." Lu Qi pouted.

Fu Jingting looked at him, his eyes were extremely cold, if you were saying something, I would kill your sense of sight.

Lu Qi really read the killing intent in Fu Jingting's eyes, and knew that his words angered him, so he shrank his neck and stopped talking.

Only then did Fu Jingting retract his gaze and let Lu Qi go.

For the sake of Rong Shu and the Lu family's husband and wife, he can keep Rong Shu and Lu Qi provocative to him again and again.

But Lu Qi's provocation of the relationship between him and Rong Shu could not be tolerated.

So Lu Qi should be glad that he just said it in a joking tone, not serious, and really wanted to provoke him and Rong Shu.

Otherwise, he would never let Lu Qi go so easily.

Rong Shu naturally saw Fu Jingting's killing intent towards Lu Qi just now.

I also know why Fu Jingting behaves like this.

She sighed helplessly, shook her head at Lu Qi, and secretly persuaded him to stop talking about it in the future.

She could understand why Fu Jingting was so angry.

No one can accept that there is someone beside him who always contradicts him.

Especially when you are sincere with your partner.

That's why Fu Jingting didn't get angry and wanted to kill Aqi.

If it was her, she would be angry too.

Lu Qi naturally received Rong Shu's warning, and silently made a zipper motion around his mouth, indicating that he would not speak any more.

Seeing this, Rong Shu took his eyes back and put it back on Fu Jingting, "Don't be angry, Aqi is like this, you know."

Fu Jingting pursed his lips and said softly, "I don't care about the outsiders, I just think about it now. I know, do you also think that I didn't show this to the teacher?"

"Of course not." Rong Shu looked at the man seriously, "You don't lie to me about this kind of thing, so I don't believe you, It was just what Ah Qi said just now."

Fu Jingting's frowning brows loosened, "It's fine if I don't, I really told the teacher this, and then asked the teacher to leave the Fu Group, in short, you can rest assured that no one can Let us separate."

Fu Jingting said this very firmly.

When he spoke, there was even a scarlet light flashing in his eyes.

Rong Shu knew that what Liu Linlin did this time, and what Mr. Liu said to him, really angered him.

That's why he made this promise while showing cold hatred.

Also, no one can stand the people around them keep trying to make them break up, or keep telling themselves that the person they choose is not worthy of them and must break up.

Anyway, she couldn't accept it.

"Fu Jingting." At this moment, the man who had just closed his mouth Lu Qi suddenly spoke again at this moment.

Fu Jingting looked at him coldly, "What else do you want to say? If you still want to say something inexplicable, then you don't have to."

Lu Qi spread his hands, "Who said I want to say that, I just want to say it. , your teacher has been persuading you to break up with Shu Shu, and for this reason, Shu Shu has been belittled from beginning to end, saying that Shu Shu is not worthy of you, but you have not thought about it, your teacher thinks that the woman who is worthy of you is Who?"

Rong Shu raised her eyebrows as soon as these words came out.

But Fu Jingting frowned again.

"No." He lightly parted his thin lips and answered these two words truthfully.

He really hadn't thought about it.

At that time, I just went to debate with the teacher.

How can you think about these things.

What's more, he has no interest in thinking about it.

"It's Miss Liu." Rong Shu said suddenly.

Fu Jingting looked at her.

Rong Shu looked at him, smiled and said, "Your teacher wants to introduce his granddaughter to you, so that you can be with his granddaughter."

"That's right." Lu Qi snapped his fingers again, "What Shu Shu said , as I thought, the old man Liu belied Shu Shu all the time, saying that Shu Shu is not worthy of you, and asked you to break up with Shu Shu, then after breaking up, who does he want to be with you? There is only one answer. , is his granddaughter. After all, his granddaughter likes you. I don't believe that he is a grandfather who doesn't know. After all, his son knows it. Everything you want, otherwise you can't watch your granddaughter sad, and then introduce other women to you, right? I think it's definitely impossible, what's more, after you are with his granddaughter, you can not only make her granddaughter happy, but also make her happy. The Liu family is on a higher level, enduring for a long time, these two are the best of both worlds, I don't believe that old man Liu will not care."

Fu Jingting said nothing, lowered his eyes slightly, and fell into deep thought.

Provide clues

He didn't refute Lu Qi's words, obviously he believed Lu Qi's words in his heart.

Lu Qi's words immediately woke him up.

Now, considering Lu Qi's words, it seems that this may really be the case.

Fu Jingting closed his eyes and suppressed the anger in his heart. When he opened them again, his eyes were dark.

But everyone knew that he didn't want to minimize this, just put all his emotions behind this gloom.

"I see, I will handle this matter too." Fu Jingting loosened Rong Shu's face and said to Lu Qi indifferently.

Lu Qi shrugged, "Then don't disappoint us."

Fu Jingting ignored him, looking at what Rong Shu was about to say, the phone rang again.

His cell phone has been on Rong Shu's desk since he just hung up.

So when it makes a sound, everyone can see it.

The call was from Assistant Zhang. This time, Fu Jingting didn't mean to hang up, but picked up the phone and put it to his ear to answer, "What's the matter?"

"Mr. Fu." Assistant Zhang's voice came from the call, "Fu Boss, Liu Dong called me just now and said that he couldn't reach you, and asked me where you are now and whether you are busy."

Fu Jingting's face did not change in regard to Assistant Zhang's words.

Obviously, he had already guessed that the Liu family couldn't reach him, so they would contact his secretary or assistant.

“And then? How did you answer?” Fu Jingting asked coldly with narrowed eyes.

Assistant Zhang heard the dissatisfaction with the Liu family in his tone, and quickly replied, “I told him I don’t know where you are, Mr. Fu. Your whereabouts are not something that my special assistant can know all the time.”

Fu Jingting hummed, “Continue.”

Assistant Zhang nodded, “Liu Dong naturally won’t believe my words, but he knows that he won’t be able to ask anything if he continues to ask, so he doesn’t keep asking about your question, but he asked me side-by-side, what do you think about this online question? The reaction and opinion on this matter.”

“Don’t pay attention.” Fu Jingting was expressionless.

Assistant Zhang pushed his glasses and said, “I know what you mean, Mr. Fu, so at the time, I just said something vague and sent him off. After that, he hung up the phone a little unwillingly, so Mr. Fu, I think he will definitely stay in the future. I’ll call you.”

“I see.” Fu Jingting nodded slightly and replied.

Afterwards, he glanced at Rong Shu, who was also looking at himself, and instructed again, “Don’t worry about the Liu family for now, I will deal with it later, you first deal with those media navy and marketing accounts, as well as Gu Yaotian and Su Cheng. Two old guys.”

“As for the media, I have already sent someone to contact the Squirrel Department. We should be negotiating the acquisition now. The acquisition will be successful this afternoon, but the staff of the Squirrel Department, except for the secretary named by Miss Rong , and the others.”

“Investigate everything. Those who have nothing to do with this matter stay, participate, or have fake news under their commanders, and they will all be fired.” Fu Jingting decided hundreds of thousands of people in just one sentence. to stay.

Assistant Zhang nodded, “Yes, I have also sent people to rectify the other media involved in this matter. According to your instructions, all of them will support their opponents. Now these media are in chaos, and it is estimated that they will be available tomorrow. I saw the news of these media executives changing blood on the Internet. On the marketing account, I have collected evidence and sued the court. After that, our legal department will play with them, and strive to let these unscrupulous marketing accounts suck all the blood of the people. I spit it out. As for the navy, I originally wanted to contact the Internet and the police department and let them deal with it, but after I contacted, I found out that someone had already said hello first, and now those navy organizations have all been disbanded, and it’s not a climate. , Mr. Fu, who do you think will say hello?”

Assistant Zhang looked puzzled.

Fu Jingting squinted, his face dark, "Cheng Huai, only he has this ability."

Rong Shu was stunned.

Cheng Huai?

Why was he suddenly mentioned?

On the other end of the phone, Assistant Zhang slapped his forehead abruptly, with an expression on his face that he just remembered, "I actually forgot about Mr. Cheng, it's been almost two months since Mr. Cheng went to the countryside, and he still keeps an eye on the network in real time, sure enough They are officials and officials of the younger generation."

Fu Jingting's face became even more gloomy, "You praised him so much, do I want to say hello to him and ask him to take you there, so you can do it with him?"

Assistant Zhang's face His expression suddenly collapsed, and he quickly admitted his mistake, "Don't say no to President Fu, I was wrong, I shouldn't have said that, really."

This time it was his fault.

He forgot that Mr. Cheng was also President Fu's rival in love.

Hey, praising the boss's rival in love, no wonder the boss is angry.

Fu Jingting snorted coldly, "Okay, now the national investigation team is investigating Sansheng Group, although Gu Yaotian has cleaned up a lot of evidence in advance, but some things will leave some traces even if they are cleaned up, just look for it. I can't find it, so what I want you to do now is to disclose to the investigation team that a quarry owned by Sansheng Group privately concealed the collapse of the mine and the specific death toll five years ago. Gu Yaotian's counterattack this time."

After speaking, he looked at Rong Shu, "Is there a problem?"

She always wanted to pull the Gu family and Sansheng Group down by herself, so she didn't let him attack.

So this time, if he wants to deal with Gu Yaotian, he will naturally ask her for her opinion.

Looking at the hope in the man's eyes, Rong Shu nodded slightly, "Okay."

This time Gu Yaotian was also doing something, so naturally he would fight back.

Although this news cannot completely pull the Gu family and Gu Yaotian down.

At least it will hurt the Gu family and the Sansheng group, and it will be easier for her to deal with the Gu family and Sansheng next.

Seeing that Rong Shu had agreed to her idea, Fu Jingting loosened his brows and continued on the phone, "When giving clues to the investigation team, try not to reveal your identity. It's better for the investigation team to hear from some people by chance.

"I understand." Assistant Zhang responded.

Fu Jingting pursed his thin lips, "As for Su Cheng, doesn't he like to rob things, then let him taste what it's like to have his things robbed."

"Yes." The

call ended.

Fu Jingting put down his phone and pressed his eyebrows.

Rong Shu saw that his eyebrows were a little tired, and poured him a cup of coffee, "By the way, you mentioned Cheng Huai just now, what happened to him?"

Fu Jingting took a sip of coffee, "It's nothing, just mentioned it casually, you don't need to. Take it to heart."

He raised his eyes and smiled softly at her.

The smile didn't reach his eyes.

He wouldn't tell her that Cheng Huai also helped a little secretly.

Doesn't this make a love rival more favorable?

Fu Jingting didn't say anything, and Rong Shu didn't ask any more questions.

Thinking about it, it's probably not a big deal, so I don't ask.

After all, she knew how jealous this man was.

Don't you make men jealous by asking so much?

Only Lu Qi, who was on the side, glanced at Fu Jingting, his eyes were about to roll to the sky.

Shu Shu doesn't know, doesn't he know that this man did it on purpose?

It must be what Cheng Huai did for Shu Shu, but Fu Jingting, a man, was unwilling to tell Shu Shu because of his selfishness.

Oh, they're all men, who doesn't know who?

Although he complained about Fu Jingting in his heart, Lu Qi didn't mean to dismantle Fu Jingting.

After all, for Lu Qi, he knew what Cheng Huai thought about Rong Shu.

Naturally, he wouldn't help his rival in Shushu's favor.

Hypocritical Apology

"Now these media marketing accounts and navy, as well as Gu Yaotian and Su Cheng are about to pay their due price for their actions. Next, what do you think about the Liu family?" Fu Jingting looked at Rong Shu and asked again. this problem.

Rong Shu rubbed his temples, "I still haven't thought about it."

Fu Jingting stared at her fixedly, "Did you not think about it, or are you thinking about me?"

Rong Shu rubbed his temples for a moment.

The movement was light, but still caught by the man.

The man immediately understood that he was right.

It's not that she didn't think of how to retaliate against Liu Linlin.

After all, to get revenge on a person, there are many ways to think of it casually.

But she kept saying that she didn't think about it, in fact, it wasn't that she didn't think about it, but she was thinking about something for him.

Fu Jingting sighed, "It's really not necessary, just do it according to your own ideas."

"I know." Rong Shu smiled at the man, "I know you don't want me to suffer, but equally, I don't want to. You have some infamy, although you don't care, but I can't really let

people scold you like that. In short, don't worry about this matter, at least now everyone knows that this matter is fake, and it is the daughter of the Liu family who is deliberately arranging it behind the scenes. Me, this daughter of the Liu family has a bad reputation now, so if you want to take revenge on her, you don't have to rush for a while, wait for me to think about it, trust me, okay? I won't let myself suffer."

She put her hand on the man's arm, said to the man with a serious look.

She expressed it like this, what else could Fu Jingting say, just let her go.

Anyway, the current situation is indeed as she said, clarifying that this matter is false, no one is scolding her anymore, and all the firepower is facing Liu Linlin.

She is now innocent and safe.

Therefore, there is indeed time for her to slowly think about how to retaliate against Liu Linlin.

Then he didn't mind giving her some time.

Lu Qi on the side looked at Fu Jingting, who was thinking about Rong Shu, and at Rong Shu, who was thinking about Fu Jingting, and smiled bitterly in his heart.

These two people are thinking of each other wholeheartedly, it can be seen that this relationship is not generally deep.

Therefore, for such two people, how can others get in and get in.

Fortunately, that kid Li Chuan is now in the capital, and is still dominated by the second personality.

Otherwise, I would be crazy to see Shu Shu and Fu Jingting in such a good relationship.

"Chairman." Suddenly, Secretary Tong appeared at the wide-open door, knocked on the door with one hand, and shouted at Rong Shu behind the desk.

When she called Rong Shu, her eyes also went straight through Lu Qi, who was opposite Rong Shu, and fell directly on Rong Shu's face, pretending that she only saw Rong Shu and no one else.

Only in this way can she 'can't see' that person.

As long as you can't see it, your heart won't be affected by him.

However, Secretary Tong didn't know that at the moment her voice sounded, Lu Qi, who was lying lazily in the chair, stopped subconsciously, and then slowly sat up straight.

He even meant to turn the chair around.

But in the end, he didn't know what he thought of, he didn't do it again, but his two hands tightly grasped the armrests on both sides of the chair, and his head was slightly lowered, making it difficult to see his expression.

When Secretary Tong appeared, Rong Shu immediately paid attention to Lu Qi's reaction.

Naturally, I saw Lu Qi's appearance from being stunned, to sitting up straight, and finally to now.

Seeing Lu Qi's action of pinching the armrest of the chair tightly, Rong Shu knew immediately that he probably wanted to turn to see Secretary Tong just now.

But in the end, he resisted the urge.

Fu Jingting naturally saw Lu Qi's every move after the secretary appeared.

Of course, it wasn't that he liked to pay attention to Lu Qi, but he looked at Rong Shu and then Lu Qi, and only looked at Lu Qi when he felt uncomfortable.

Looking at it, I saw Lu Qi's strange reaction.

And he thought more than Rong Shu.

Rong Shu thought that Lu Qi's strange reaction to Secretary Tong was just because he didn't like Secretary Tong himself.

But Fu Jingting is different.

He raised his eyes and looked at Secretary Tong at the door, and then at Lu Qi, his eyes narrowed slightly, and there was a flash of light in his eyes, which was fleeting.

It all happened so fast that Rong Shu didn't even notice.

Seeing that Lu Qi kept her head down, she didn't know what she was thinking, she sighed slightly, then turned her eyes to the door of the office with a smile on her face, "What's the matter?"

Secretary Tong's eyes were out of the corner of his eyes. The trace glanced at the back of his chair.

She couldn't see the person behind the chair, only a little bit above the man's head.

Seeing that the man didn't mean to turn around, she was both relieved and a little disappointed.

Finally, she took a deep breath and shook her head, looked back, resumed her usual rigorous and rigid secretary appearance, and replied to Rong Shu, "Chairman, a few media outlets just called and said they want to apologize to you. I hope you forgive them for their actions, and for this, you sent a lot of gifts."

"Apologize?" Rong Shu raised her eyebrows, "Is the media you're talking about the ones that forwarded this scandal?"

"Yes." Secretary Tong nodded.

Rong Shu laughed at the time, "It seems that Assistant Zhang was right just now, saying that these media are in chaos, which is true."

"Hmph, their positions are going to be replaced by their own opponents, can they not be messed up?" Lu He rolled his eyes and said disdainfully.

Rong Shu looked at Fu Jingting, "I suddenly have a guess."

Fu Jingting curled his lips, "I know what you're thinking."

Rong Shu also smiled back at the man, then looked at Lu Qi, "Aqi, ask your company if it has received any of these media reports. I want to apologize to you."

"Okay, I'll ask." Lu Qi put down Erlang's legs, took out his mobile phone from his pocket, and made a call.

Secretary Tong at the door immediately lowered his head the moment Lu Qi made a sound, reducing his sense of existence.

This made Rong Shu sigh endlessly.

Two minutes later, Lu Qi hung up the phone and shrugged his shoulders, "No fart."

"Sure enough." Rong Shu was not surprised at Lu Qi's answer, but the mockery on his face became more intense, "The same as There is no reason for the hero and heroine of this scandal to only apologize to the heroine and not to the hero. However, these media did so, which shows how insincere the apology is. To put it more bluntly, they asked me Their intention was not to apologize at all."

She looked directly at Fu Jingting, "Their goal is you, they want to get out of my relationship and get in touch with you."

Lu Qi suddenly realized, and slapped his thigh, "I understand, Shu. Shu, are you trying to say that these media outlets deliberately approached you and said they wanted to apologize to you, hoping that you would help them talk to Fu Jingting and let Fu Jingting let them go?"

Rong Shu was noncommittal, "That's right, That's what it means."

Lu Qiqi's chest heaved violently, "Damn, these people are so shameless, do they really think that they can achieve their goals by doing this?"

"You have to give it a try, don't you?" He also sneered a few times.

Lu Qi clenched his fists tightly, "Shu Shu, you must not be soft-hearted, don't be moved by their so-called apology and apology."

Rong Shu rolled his eyes at him, "You think I am so clueless, so easy to get caught. The person who persuaded me? I said that the apology from these media is not at all distracting. Why should I pay attention to this kind of fake apology that is really calculated?"

Is there something else going on?

"That's right." Lu Qi finally smiled at ease, then thought of something, and pouted again, "Anyway, I'm speechless for these people, since I want to rely on apology to get forgiveness to keep my position, then I should Sincere apology, as long as they treat us equally and sincerely apologize to us, I can think of them a little more highly, but in order to achieve their own goals, they just choose to apologize to you alone and put their hearts into it. It's all exposed, this kind of person is stupid!"

After speaking, he glanced at Fu Jingting, "Fu Jingting, I warn you, you can't just let them go just because these people suddenly came to apologize to Shu Shu. "

Idiot." Fu Jingting's face was full of disgust, and he replied coldly.

Lu Qi was out of breath.

This guy actually called him an idiot?

Just when Lu Qi wanted to roll up his sleeves and compare with Fu Jingting, who was an idiot, Rong Shu quickly stretched out two hands to squeeze it in the air, "Okay, don't

make trouble, Aqi, don't worry, I'm all for it. I won't let them go, let alone Fu Jingting, so your worries are purely unnecessary."

As Ah Qi just said, if these media outlets sincerely apologize to the two of them, maybe for the sake of what they really knew was wrong, she would relent and let them go.

But these media are not human, they are smart, and they feel that they only need to be humane when they apologize. Ah Qi doesn't need to care. They think that as long as they apologize to her, they will definitely get her forgiveness, so that Fu Jingting can let them go. the goal of.

Oh, it's just ridiculous.

I really don't know who gave them this shitty attention.

"If you go to reject them, just say there's no need to apologize, and return the gift." Just when Rong Shu was mocking the media in his heart, Fu Jingting had already given an order to Secretary Tong.

Secretary Tong doesn't want to stay at the door all the time.

The longer she stayed, the more she couldn't help looking at Lu Qi.

At that time, she will definitely be caught by President Lu, causing some unnecessary things to happen.

Therefore, when he heard Fu Jingting's order, Secretary Tong was very grateful, and quickly nodded in response, "Okay, Mr. Fu, I'll go." After the

words were finished, Secretary Tong quickly turned around and left.

Listening to the sound of the high heels going away, Lu Qi couldn't tell what he felt.

And at this moment, he suddenly did not resist the urge in his heart, but stuck his head out of the back of the chair and turned to the door of Rong Shu's office.

There was no one at the door at the moment, but Lu Qi kept staring there, unable to see the expression on his face.

Rong Shu and Fu Jingting looked at Lu Qi like that.

After watching for a while, Rong Shu suddenly looked at Fu Jingting and said, do you think Ah Qi is weird?

Fu Jingting's eyes flickered with dim light, and it was always strange to answer him with his eyes.

Rong Shu's mouth twitched.

I don't care about men anymore.

At this moment, Rong Shu's cell phone rang.

The ringing of the mobile phone also pulled back Lu Qi's thoughts.

He turned his head back, frowning tightly, and a look of annoyance appeared on his face.

It seems that he is very annoyed that he stared at the position where Secretary Tong stood for most of the day.

Fu Jingting looked at him so meaningfully.

Lu Qi noticed Fu Jingting's gaze, raised his head and glared at him, "What are you looking at?"

"So, you haven't noticed it yet." Fu Jingting's thin lips pulled out a sarcastic arc.

Lu Qi frowned fiercely, "What do you mean? I didn't notice anything?"

Fu Jingting ignored Lu Qi, lowered his eyes, and played with Rong Shu's pen holder.

Seeing this, Lu Qi was half dead.

This guy deliberately sold off to arouse the curiosity of others, but he kept his mouth shut.

This just drives me crazy.

Lu Qi's eyes were red and he stared at Fu Jingting fiercely, as if he wanted to stare Fu Jingting out two holes.

I really hate this man!

Rong Shu naturally saw the small movements between Lu Qi and Fu Jingting, but she just shook her head and ignored it and answered the phone.

Anyway, every time these two men get together, they have to do this several times.

She was already taken aback.

Just don't fight.

“Hello, I’m Rong Shu.” Rong Shu put the phone to her ear and introduced herself politely to the other end of the phone.

The phone was a strange number in the local area, and she didn’t know who it was.

But she has to pick up several such places every day, and she doesn’t feel that there is anything.

“Hello, Miss Rong, I’m from Starlight Media.” An urgent voice came from the phone, “That’s Miss Rong, we just received a reply from your secretary saying that you have returned all the apologies, may I ask you? Miss Rong, are you dissatisfied with the gift or do you think it is too small? If you are not satisfied, we can prepare it according to your preference. If it is too small, we can buy a few more pieces, and please make sure to give us one from Miss Rong. A chance to apologize.”

Listening to the man on the phone, Rong Shu almost laughed.

Dare the other party still doesn’t know the real reason why she didn’t accept their apology and returned their gifts.

Since they didn’t know, they didn’t realize how ridiculous and outrageous their so-called apology was. Instead, they classified the reason why she didn’t accept the apology as the fact that she didn’t like gifts, so she disliked the lack of gifts.

Really arrogant and arrogant media.

Rong Shu’s little face was terrifyingly gloomy and cold, and her voice became cold, “Sorry, sir, I’m inspecting the factory outside. The signal is not good, and I can’t hear what you said, so I’ll talk about it next time. Goodbye.”

After speaking, she did n’t care what the person on the other end was thinking, and hung up the phone with a blank face.

“What’s wrong?” Fu Jingting frowned, looking at her with concern.

Rong Shu shook her head, and she didn’t hide it from him, she said the contents of the phone call.

After Fu Jingting heard this, his face also stinks.

It seems that his means are still too light, so that these people can still have the strength to escape.

At this moment, Fu Jingting had already decided in his heart that it would be better to cause some trouble for these media.

Just thinking about it, Rong Shu's cell phone rang again.

Rong Shu's face sank again, without looking at the phone screen, she put the phone directly to her ear, and said directly to the other end of the phone, "If you still think that I despise your gifts, so I will not accept you. If you want to apologize, then we have nothing to say."

Rong Shu heard the voice on the other end of the phone before she could finish her words.

Afterwards, she was stunned for a moment, then quickly took the phone to her and looked at it. When she saw the caller ID, her face blushed obviously, and she became embarrassed.

"Sorry, sorry." Rong Shu put the phone back to her ear, and quickly apologized to the phone, "I didn't mean it just now, I thought it was some unscrupulous media, sorry, okay, I'll come right over."

Put it down. With the phone, Rong Shu patted her chest and exhaled slightly.

It was just so embarrassing.

She thought it was the media calling again, and then spoke to the other party in a very bad tone.

As a result, when the other party spoke, she realized that she had mistakenly recognized her, and she was even embarrassed to death.

"Whose phone number?" Fu Jingting glanced at the phone that Rong Shu put down, and asked with frown.

Lu Qi also looked at her.

Rong Shu took a sip of water from the water glass for a short period of time and settled his mood, and then replied, "It's from the police station, let me go to the police station."

"The police station?" Lu Qi tilted his head, "Shu Shu, what's the matter with you?"

rushing to find anger

Rong Shu glared at him angrily, "Can you hope that I will order it?"

Fu Jingting's eyes were also full of anger, and Lu Qi's heart froze when he saw it, and he quickly waved his hand and smiled, "Oh, Shushu, I'm sorry, I'll just leave. It's a joke, don't be angry."

"Humph!" Rong Shu turned her head away and ignored him.

Seeing her put down the water glass, Fu Jingting asked lightly, "Is it about Su Man?"

He said it was a question, but his tone didn't have much doubt, instead, it was affirmative.

After all, the only thing that can make her go to the police station is Su Man.

Because this is the police she called voluntarily.

The boss of Zhongsi, the boss of the squirrel department and others were the ones who called the police on his side, and the police were looking for him, not Rong Shu.

Then the police station called at this time, naturally it was for Su Man's business.

Sure enough, Rong Shu nodded, "Yeah, it's been so many days since I called the police, because Su Cheng has found a lawyer for Su Man, so the decision about Su Man's conviction has been delayed, and I won't let go of my understanding. Therefore, it is not easy for the police to do it, so now let me go over and discuss the follow-up solution."

Fu Jingting pursed his thin lips and frowned.

The opposite Lu Qi rested his hands on the back of his head and snorted coldly, "If you want me to say, when there is evidence of this kind of crime, we should cancel the rule that the perpetrator can ask a lawyer to reverse the case for himself, although in the end the perpetrator still has to pay the price for one's own actions, but the time of the sentence will be postponed, allowing the criminal to enjoy it for a while before serving the sentence for no reason. It's really disgusting."

Rong Shu shrugged her shoulders.

Isn't it?

It is clear that the evidence is conclusive and should be sentenced immediately.

However, the law stipulates that criminal suspects have the right to hire a lawyer for themselves and strive for a certain degree of commutation.

During the time of the fight, criminal suspects can only be detained in police stations or detention centers, rather than being transferred to prisons.

Police stations and detention centers are much more comfortable than prisons.

Think about it, this is disgusting for their victims.

“It doesn’t matter.” At this moment, Fu Jingting suddenly stood up with his hands in his trouser pockets, the cold curvature of the corners of his mouth made people tremble, “What she enjoys now, she will be in prison and make up for it in other ways in the future. .” The

implication was that he would let someone find something for Su Man to do in prison.

Both Rong Shu and Lu Qi understood what Fu Jingting said.

Rong Shu raised her eyebrows and said nothing.

Lu Qi was applauding, “That’s a good idea, Fu Jingting, you finally did something.”

Fu Jingting narrowed his eyes dangerously, “Do you want to die?”

Lu Qi spread his hands, “No.”

“If you don’t want to, give it to I shut up.” Fu Jingting shouted in a low voice.

Then, he looked at Rong Shu, “Going to the police station now?”

“Well.” Rong Shu stretched and stood up, “I just promised the police that I would be there within an hour.”

“Then go. Come on, I’ll go with you.” Fu Jingting raised his wrist and looked at his watch.

Rong Shu replied with a smile, “Yeah.”

Seeing that the two of them had already decided on their next itinerary, Lu Qi yawned and stood up, “Okay, you all have to go, I’ll stay here too. It’s not interesting, you go to the police station, I won’t follow, I should go back to my company.”

“You should have gone back long ago.” Fu Jingting turned his face slightly at this moment, and looked at Lu Qi with disgust. “Could it be, you really plan to follow us all the time? You’re a single dog who has been following us, are you embarrassed?”

Lu Qi was so angry that he pointed at Fu Jingting’s hand, trembling, “Fu Jingting you”

"It's okay, you two." Rong Shu held her forehead and interrupted Lu Qi funny, "You two are really enough, enemies in your previous life, so you will fight non-stop when you meet in this life, Ah Qi, you That's right, if he doesn't provoke you, you have to provoke him to be angry."

"Who provokes him." Lu Qi didn't agree with her words, and opened his eyes wide as he was about to refute.

Rong Shu ignored him and turned to look at the man, "And you, too. Sometimes when Aqi doesn't provoke you, you have to provoke him and make him angry. Tell me, am I wrong?"

Fu Jingting looked startled, then turned his head away.

Rong Shu pointed to Lu Qi.

The corners of Lu Qi's mouth twitched, and he turned his face to the side.

Neither man answered. Rong Shu put her arms around her and stared at the two men squintingly, "Well, don't say anything. It seems that I'm right

? You guys, there will always be one who will provoke each other and make each other jump in anger."

Neither Fu Jingting nor Lu Qi could refute.

At first, they didn't realize it.

It was only now that Rong Shu said it, they realized that it was really the case.

As for the reason, they probably figured it out, after all, it wasn't that complicated.

It's just that they don't like each other's eyes, so they can't see each other comfortably.

As long as the other party is comfortable, you will open your mouth to deliberately anger the other party, until you see that the other party is uncomfortable, and you will feel comfortable.

Seeing the two men bowing their heads like children, Rong Shu was angry and funny, "Okay, let's stop talking about this, Aqi, go back first, thank you today."

Lu Qi raised his head, He waved his hand indifferently, "Thank you, I didn't do anything today, and I didn't help much. You suddenly thank me, but I feel a little ashamed."

Rong Shu chuckled, "You take the initiative to come and help me, worry about me, help me find a way, and finally help me issue a statement. These are all helping, so I should say thank you to you, right Jing Ting?"

Fu Jingting He glanced at Lu Qi coldly, but did not refute.

Obviously , he agreed with Rong Shu's words.

"Okay, what are you talking about with him, let's go." Fu Jingting took Rong Shu's hand.

Seeing the man roaring in a hurry, Rong Shu didn't know whether to laugh or cry, "Then Ah Qi, let's go first."

"Go, let's go." Lu Qi waved his hand, "I'll wait for a while, until my assistant comes to pick me up, when I come , drove your car, and returned your car, so I didn't drive over."

"That's fine, then you can wait in my office, goodbye." Rong Shu waved goodbye to him.

As a result, before she waved her hand twice, her wrist was grabbed by sad Fu Jingting and pulled down, preventing her from waving at Lu Qi.

Being so careful, Lu Qi rolled his eyes in his heart.

Even Shu Shu is not allowed to tell herself separately, this guy, possessive and lustful, is really not an ordinary force.

Rong Shu also felt a headache, but more than that, it was still helpless and funny.

After all, she knew about men's scruples.

Especially in the face of other men, the small eyes are turned many times more than usual.

In the end, Rong Shu was pulled out of the office by Fu Jingting and drove to the police station.

In the car, Fu Jingting suddenly said while driving, "You said, Lu Qi stays in your office, will he go to your secretary?"

Rong Shu was looking down at her phone, and stopped when she heard this. After making a move, he raised his head, "Aqi is looking for Secretary Tong?"

Fu Jingting nodded.

Rong Shu shook her head in confusion, "I don't think so, Ah Qi hates Secretary Tong so much, why is he looking for Secretary Tong? Isn't that rushing to find abuse?" If you are sick, do you feel bad for yourself?

"Why did you ask this all of a sudden?" Rong Shu blinked curiously.

The corners of Fu Jingting's lips curled up a little, and without answering, he asked, "You just said that Lu Qi hates your secretary a lot, right?"
