This Time, I Will Get My Divorce Chapter 1081

Ah Qi likes Secretary Tong

“Yes.” Rong Shu put the phone in the bag, leaned back, leaned on the seat, and then stretched, like a lazy cat, curled up on the seat, the voice she replied softly, “But Ah Qi and Secretary Tong are college classmates and have been working together for several years. During these years, the relationship between them is only a simple superior, and Secretary Tong has never disclosed that she has a relationship with Ah Qi. Qi didn’t hate Secretary Tong either. It wasn’t until after the accident that the relationship between the two changed dramatically, and Ah Qi’s attitude towards Secretary Tong became extremely bad.”

“I see Lu He didn’t really hate your secretary, he just didn’t want to admit something, so he subconsciously changed his attitude towards your secretary, as if only in this way could he hide certain changes and things this time, not to be discovered.” Fu Jingting said, looking at the road ahead.

Rong Shu was stunned, “What do you mean

by that?” “Can’t you see?” Fu Jingting stopped the car, there was a red light in front of him, just when he had time to turn his head to look at her, “I mean, Lu Qi doesn’t really hate your secretary. On the contrary, he has feelings for your secretary, but he didn’t realize the feeling, but subconsciously, he couldn’t help but want to pay attention to her. Knowing that my feelings are for a woman, I only think that I am crazy or sick, and that my madness is brought about by your secretary, so I have a bad attitude towards your secretary.”

Fu Jingting These remarks can be said to be a shock, causing Rong Shu’s entire forehead to explode. It took a while for him to regain his senses and find his voice, “No way? You said that Aqi was right in his heart. Secretary Tong has feelings? It’s just that I didn’t realize it.”

“That’s right.” Fu Jingting nodded and restarted the car when the red light passed. Rong Shu grabbed the seat belt on her chest, her red lips parted, her whole body was dumbfounded, and she obviously hadn’t come out of the aftershock of the man

’s words just now, “How is this possible?”

Isn’t she?

It’s not that she is greedy for Lu Qi’s feelings for her.

And Lu Qi himself said that he has fallen in love with her since he was sensible in adolescence, and it has never changed in more than ten years.

And before, he had to die and live for her.

As a result, now Fu Jingting says that Ah Qi doesn't necessarily love her, and it is very likely that the one he loves is Secretary Tong.

She couldn't believe it.

"Why is it impossible?" Fu Jingting controlled the steering wheel with one hand, his movements extremely handsome, "otherwise, how would you explain Lu Qi's attention to your secretary?"

Rong Shu choked.

Yes, Ah Qi did pay too much attention to Secretary Tong.

In the office just now, she still vividly remembers Ah Qi's reactions to Secretary Tong.

"Aqi is a little concerned about Secretary Tong, but it can't be said that Aqi just has feelings for Secretary Tong, right?" Rong Shu questioned.

Fu Jingting pressed the car horn and urged the owner of the tortoise car in front of him, "I can't, but the premise is that this person is someone he 'hates'. Let me ask, if a person really hates a person, he will always pay attention to her. If it was you, would you?"

"Of course not, I don't even want to see it." Rong Shu replied without thinking.

Then, she froze for a moment, straightened her back, and looked at the man with wide eyes, "I understand what you mean, you mean to say, if Ah Qi really hates Secretary Tong, he will not have anything to do with Secretary Tong at all. Those reactions, so Ah Qi really doesn't hate Secretary Tong."

"Yes, if you hate someone, you won't pay attention to that person, but Lu Qi verbally hates it, but he can't help but pay attention, it means that the hate is fake, It's true if you like it."

"Just like when a boy likes to bully a girl, it doesn't necessarily mean that he really hates that girl. It may be because he likes that girl, but he just doesn't know how to express it, so he can only use bullying. In exchange for a girl's attention, Ah Qi may be like this."

Rong Shu clapped her hands, the more she thought about it, the more likely it was.

But soon, her brows were wrinkled, and her eyes were filled with doubts, "Just when did Ah Qi have feelings for Secretary Tong?"

"You don't know, how do I know?" Yu Guang glanced at her.

Rong Shu sighed, "Forget it, it's not important, the important thing is that Ah Qi still doesn't know that he has feelings for Secretary Tong, and he still thinks that the person he likes is me, do you want me to pick it? Ming told Aqi, maybe after Aqi found out that the person he liked now was Secretary Tong, the two of them reconciled, maybe they can be together again?" While

speaking, she touched her chin and began to think about the possibility how old are you.

Fu Jingting understood her thoughts, frowned slightly, and hurriedly stopped, "You'd better dismiss this idea."

"Why?" Rong Shu asked in confusion.

Fu Jingting looked ahead with a serious expression, "The reason why Lu Qi doesn't know his feelings is because he subconsciously doesn't want to admit that he has changed his heart and fell in love with someone else, but every time he sees the object of his change of heart, His emotions were affected by the other party, so he deliberately suppressed your secretary, thinking that as long as he suppressed her, his heart would be calm again and would not be affected by her again. If you tell him now, the reason why he will be affected by you That secretary influenced him because he fell in love with your secretary, do you think he can accept it? Wouldn't he think it was your secretary who made you tell him that on purpose?"

Rong Shu's red lips parted, unable to do anything. rebut.

Fu Jingting added, "He will definitely think that your secretary made you tell him that on purpose, that it was your secretary who pushed you to match them, and then directed all your dissatisfaction to your secretary and vented to your secretary.

"It won't be so serious, will it?" Rong Shu took a breath, her face turned pale.

"Yes." Fu Jingting nodded affirmatively, "The reason why he can't see his current feelings is because he doesn't want to admit that he is empathetic, and as a result, if you have to point it out, not only will he not be surprised, he will only feel embarrassed and angry. , I think you and your secretary team up to deceive him, he may not do anything to you, but your secretary will definitely not end well."

"Then what do you say?" Rong Shu's face was tense "Don't you just ignore it?"

“Yes, don’t care.” Fu Jingting hummed, “If you want to make it clear, it will only make things self-defeating and make things worse. It’s better to pretend that you don’t know, and let Lu Qi find out for himself that he I found that it was a little bit more accepting than someone else told him, because it must have been a long time since he found out that he fell in love with your secretary. At that time, maybe they had gone through a lot, and he would know himself He will not be overreacting and unacceptable, and more likely, he will choose to accept it.”

Rong Shu didn’t answer, and lowered her head to think about whether the man’s words were feasible.

In the end, I found that men are very thoughtful and take into account all aspects.

“Perhaps, what you said is right.” Rong Shu nodded relievedly, “That’s fine, then I’ll treat it like I don’t know.”

“That’s how it should be.” Fu Jingting raised his chin.

Rong Shu narrowed her eyes and squinted at him suspiciously, “When did you become a lover? Even I didn’t realize Ah Qi’s feelings for Secretary Tong, but you did. The most important thing is that you still Knowing the consequences of telling Aqi, this is not like you before? So you honestly explain, how did you become like this?”

Almost caused a catastrophe

Fu Jingting is very smart, but his intelligence should be reflected in the business world, and he is definitely not an emotionally intelligent person.

At least, she didn’t think he could see who liked whom at a glance, and then he could give him advice.

But the result now is that he can see at a glance that Ah Qi has a relationship with Secretary Tong, and he can still think of what kind of result will be brought about after piercing it.

If this were the case before, she wouldn’t believe it if she was killed.

So something must have happened to him that she didn’t know about.

Seeing Rong Shu pointing at himself with a questioning expression on his face, Fu Jingting pressed his lips against his lips and coughed lightly and replied, "I read a few books recently, so I found out so easily that Lu Qi treats your secretary differently."

"Books?" Fu Jingting looked suspicious, "What book is so amazing?"

"There are basically books about love." Fu Jingting took his hand away from his thin lips and put it back on the steering wheel.

Rong Shu raised her eyebrows, "What are you doing watching this carefully?"

She expressed her incomprehension.

The man's eyes flashed, and Qing Jun's face showed an unprecedented embarrassment, "I came out of the conference room after the meeting that day, and heard a few female employees talking, saying that they like romantic people, but their husbands never They are not romantic, so they are a little tired of their husbands."

Hearing this, Rong Shu suddenly understood something, and the corners of her mouth twitched, "Don't you think that you are not a romantic man, and then you are afraid Like your female employees, I gradually got tired of you, and then I specifically looked for these books to turn myself into a romantic man, right?"

Fu Jingting's ears were slightly red, staring at the road ahead. , pretended to be calm and replied, "No."

His voice showed some lack of breath, making it clear that he was guilty.

Rong Shu covered her lips and smiled, "Come on, you are exposed, why didn't I know before that you are still a person who worries about gains and losses?"

Fu Jingting looked at her, "Because I have lost it once, I am more afraid of losing it."

Many things in this world, as long as they have happened once, they are likely to happen a second time, a third time, and countless times.

He had lost her once, and it was enough to break him.

So how could he lose her a second time?

Seeing the man's serious and somewhat unconfident look, the smile on Rong Shu's face faded, and there was a sigh in her heart, "Don't worry, no."

She put her hand on the man's arm, trying to make him feel at ease. , don't think too much.

Speaking of which, she had never seen such a feeling of lack of self-confidence in a man, and this was the first time.

And he was only thirty years old when he was born in the Fu family, and he was already standing at the top of the world, so he shouldn't have such emotions.

Even this emotion should not appear in his dictionary, or in his life.

He should be high-spirited and full of self-confidence. Even if he is conceited, no one feels wrong because he has that capital.

However, the emotion of lack of self-confidence that should not have appeared happened to him, and the reason for it was because he didn't want to lose her again.

To be honest, while she was sweet in her heart, she was also a little sad.

She turned the man who was supposed to be high-spirited and dominant, into a man who would also be insecure.

It's like she pulled a god down from a high altar and let the god forcibly stained with fireworks in the world.

In her heart, she was still very guilty.

Rong Shu lowered her eyelids and suppressed the self-blame in her eyes so that the man would not notice.

With a man's temperament, if he realizes it, he will definitely be nervous again, and even wonder if he is doing something wrong.

Then I will quickly apologize to her, even if I don't know if I really did something wrong.

Thinking of the man's nervousness every time for him, Rong Shu couldn't stop laughing in his heart.

She looked at the man and replied to him with the same seriousness as the man just now, "Don't worry, no, as long as you don't feel sorry for me, I won't take the initiative to leave you, even if there are still many women in the outside world who want me to go, as long as You didn't do anything wrong, I can stick to it."

Fu Jingting didn't care whether it was on the road or not, after turning on the double flash, he immediately stopped the car, and then under Rong Shu's bewildered gaze, he untied the seat belt.

“Fu Jingting, what are you doing? Why did you stop the car? It’s still on the road, and you suddenly hear that you’re not afraid of what’s going to happen.” Before she could finish

her words, the man’s body pressed down and hugged her tightly in his arms. Inside, the red lips were also puckered by the man, and all the unfinished words were swallowed by the man in his belly.

Rong Shu was stunned, her eyes widened and she completely lost her reaction.

After all, she never thought that a man would suddenly come out like this.

You know, this is on the road, and there are cars coming and going around.

He suddenly stopped the car like this, not afraid of a serial rear-end collision.

Soon, Rong Shu came back to his senses under the sound of a series of urging car horns from behind, and then quickly pushed the man away, tilting his head to look at the right rearview mirror.

I want to see if there is a car accident in the back.

If it really happened, the two of them would be guilty of a big sin.

Fortunately, Rong Shu looked down for a while, and didn’t see any abnormality in the cars behind. It was just a long queue, and he was relieved.

“Fortunately, there was no car accident, otherwise you and I will be in trouble, and I will .” Rong Shu rolled up the car window, patted her chest, and before starting the car facing the driver’s seat, she was using her thumbs contentedly. The man who wiped his lips said angrily.

Fu Jingting put his hands down and glanced at the rearview mirror.

Those cars were still urging, and the horns sounded one after another without any interruption.

It is conceivable that the people in the cars behind are so angry at the moment, and how dissatisfied they are with Fu Jingting, who is stuck on the road.

However, none of these car owners got out of the car and came over to urge them in person.

Just because the price of Fu Jingting’s car is here, and the license plate is here, they don’t dare, and they have the guts to use such a hurried horn to urge them.

"I turned on the emergency lights before I stopped. If they still collide, it means they can't react." Fu Jingting put the gear on and finally restarted the car.

The car was walking on the road again, and the car behind moved to the Maybach in front of him and started his own car.

Soon, on this main road, normal traffic was restored.

Rong Shu rolled her eyes at the man, "What do you mean they can't respond? You turned on the lights suddenly, stopped the car suddenly, and there are so many drivers, every driver is unwilling, and who knows how many novice drivers there are, Old drivers can respond in time, but who can guarantee that novice drivers can? We didn't cause a car accident, it's because we were lucky, not because they responded in time. In short, don't do this kind of thing again in the future. Our hearts will be uneasy all our lives, and besides, if you stop suddenly and the car behind chases us, we will also be injured."

The

woman's persuasion made Fu Jingting realize that he had really She was frightened.

He freed one hand and rubbed her head, and said softly, "I'm sorry, I was wrong just now, and I won't be in the future."

Gu Yaotian's panic

Seeing that the man had listened to his words and admitted his mistake, Rong Shu's heart suddenly softened.

She waved her hand, "Okay, it won't be fine in the future, but why did you do this all of a sudden?"

Fu Jingting hooked his lips, "Because I'm so happy."

"Happy?" Rong Shu squinted at him, "Happy. What?"

"Your promise to me." The curvature of Fu Jingting's lips rose even more, "You said, as long as I don't feel sorry for you, you will not leave me, no matter what difficulties there are, so I'm very happy, it means that you have promised that you will never leave me in this life, because it is absolutely impossible for me to do anything wrong to you." As

he spoke, he puffed out his chest slightly, with a look of assurance and pride. .

If it weren't for him, Rong Shu would feel as if he could see his tail wagging behind his ass.

Are you so happy?

Rong Shu helplessly shook her head and laughed, "No matter how happy you are, you can't stop the car casually, how dangerous." "Do

n't worry, I will hug you and kiss you in a safe place in the future."

To tell you this, I'm telling you to pay attention to safety and security, not to hug me and kiss me whenever you get the chance."

"Mmmm." Fu Jingting nodded in response, but he didn't take it seriously.

Of course he will pay attention to safety.

But hug her and kiss her, you can't leave it alone.

And this kind of thing, it's all about fighting for opportunities on your own.

Could it be that he could still expect her to take the initiative?

Seeing the man's perfunctory treatment to her, Rong Shu didn't know what the hell was going on in the man's heart, she was angry and funny for a while.

Forget it, let him go, too lazy to talk about him.

Anyway, he wouldn't take it to heart.

The two of them chatted and laughed, and went to the police station lovingly.

On the other side, Gu Yaotian and Su Cheng started to run into trouble.

Fu Jingting's revenge finally arrived.

The first is Gu Yaotian.

Gu Yaotian came out of the conference room with the investigation team above.

Afterwards, the two sides stood at the door of the conference room.

Gu Yaotian shook hands with the leader of the investigation team, a morbid face filled with a kind smile at the moment, "Leader Hao, it's really hard for you."

“It’s not hard.” Leader Hao agreed and smiled back, “ On the other hand, Chairman Gu, even though you are ill, you still accompany us to run up and down for several days. It really makes us feel bad, and if it makes Chairman Gu’s health worse, we are also very ashamed.”

“Where is it? “Gu Yaotian replied politely, “This is my group. As the chairman of the board, of course I have to accompany you, show you the way, and introduce various matters. This is also my responsibility to Sansheng Group. Let’s talk about tomorrow’s investigation. It’s over. After it’s over, I can also bring my body back, so it won’t get in the way.”

“Since Chairman Gu said so, then I won’t say anything more, that’s ok, there’s nothing else to do today, we’ll go back first. Hotel, don’t disturb Chairman Gu, you are resting.” Leader Hao pulled his hands back, “Chairman Gu, please stay for a while, we will go first.”

“That’s not good, I’ll take you downstairs. “Gu Yaotian made a gesture of invitation.

Leader Hao didn’t refuse, nodded and walked in front of him.

Gu Yaotian walked beside him.

The two subordinates followed behind.

A group of people walked slowly towards the elevator.

As soon as he walked outside the elevator, he heard voices coming from inside.

One of them exclaimed directly, “What did you say? Our chairman once concealed the collapse of the mine?”

“It’s not to conceal the collapse of the mine.” Another voice sounded, correcting, “It’s to conceal the specific death toll after the collapse of the mine. There is no way to conceal such a big collapse of the mine. The only thing that can be concealed is the number of deaths. I also heard others say that many years ago, one of our company’s quarry mines has already reached the closing standard, and it should be closed as soon as possible, and no longer mining, but our chairman is unwilling to search for new quarry mines , it violated the regulations of the state and continued to mine stones. The result was that the quarry was over-exploited, causing the mountain to be hollow. After a heavy rain, it directly caused the mountain to collapse, and the mine naturally collapsed along with the original house, causing a large number of people. “

Is it true or false?”

“Of course it’s true, can I make fun of you about this?”

Outside the elevator, Gu Yaotian couldn't listen anymore, and clenched his fists to stop him. The two continued to talk.

But as soon as he made a move, his arm was pulled.

It was the leader Hao.

Team Leader Hao stared at Gu Yaotian with squinted eyes. Although he still had a polite smile on his face, the smile did not reach his eyes. There was obviously a hint of coldness and scrutiny in his eyes, "Chairman Gu, what do you want to do?"

"When questioned by Team Leader Hao, Gu Yaotian's forehead sweated, and his heart was even more panicked, and his heart was beating so fast that it was a little painful.

Even some of the subordinates behind him were extremely uneasy in their hearts at this moment, and lowered their heads one after another, pretending they didn't see anything.

Gu Yaotian didn't know the behavior of the subordinates behind him, and he didn't dare to look around, after all, Team Leader Hao was still staring at him.

He could only squeeze out a smile, suppressed the fear in his heart, and pretended to be very calm and replied, "Head Hao, these two employees are talking nonsense, I will stop them and tell them to shut up, you"

he said . He looked down at the arm held by Team Leader Hao.

The meaning is obvious, and I hope Team Leader Hao will let him go.

However, Team Leader Hao pretended not to understand what he meant, grabbed his arm, and still kept a smile on his face, "What is Chairman Gu anxious about, is he talking nonsense, we'll know if we keep listening ?"

After coming to the sea market for so long, he did not find anything useful in Sansheng Group, but only found some small mistakes that the country can tolerate.

Although he is an official, he is also an ordinary person.

Ordinary people love money, and so does he. He also wants to investigate and punish more problematic companies in exchange for some of his own interests, and by the way, to make his political performance look better.

But Sansheng was too clean, so that he couldn't find anything, and there was no way to add to his political achievements, and he felt uncomfortable.

Now I finally heard that it might be Tian Cheng's fault, so how could he allow someone to destroy it.

In short, he will not tolerate anyone who wants to prevent him from achieving political achievements.

Although Gu Yaotian didn't know what Team Leader Hao was thinking, but seeing Team Leader Hao's increasingly cold eyes, he roughly guessed some of Team Leader Hao's intentions.

It was the two people who were not allowed to stop him from speaking.

For a time, Gu Yaotian felt anxious and hated.

What is urgent is why the elevator hasn't come yet. As long as the elevator comes, the two of them won't talk anymore.

And what I hate is that those two people will talk about this matter without saying anything.

The most important thing is not to say it sooner rather than later, but it happens when they come over.

Doesn't this make it clear that he will cause trouble for him?

And now Team Leader Hao has begun to take it seriously. If this goes on, he will definitely be in trouble.

Because this matter was originally true, once Team Leader Hao wanted to check it, he would have to peel off his skin even if he didn't die.

The more he thought about it, the more panic he felt in his heart, Gu Yaotian's already pale complexion became even more pale now, looking like he was going to fall down at any time.

In fact, at this moment, he really wished he could fall down quickly.

Maybe once they fell, the two people in the elevator room would be disturbed and dare not speak any more.

Then he might be able to escape.

Can't See Tomorrow's Sun

However, thinking about it this way, his body is very strong at the moment, and he can't faint no matter what.

Obviously, in normal times, if something happens, it is possible to fall down and be rushed to the hospital.

But now the situation is so urgent, he just can't fall down.

At this moment, Gu Yaotian had never hated his body so much. He didn't fall when he should, and fell when he shouldn't. It was really annoying.

Seeing Gu Yaotian's increasingly pale face and the sweat on his forehead, Team Leader Hao's eyes became deeper and deeper.

He had now determined that what the two employees in the elevator room had said might be true.

If it is fake, Gu Yaotian's affection will not be so nervous and flustered, it should only be angry.

After all, being slandered by people's rumors can't be tolerated.

But in addition to being angry, Gu Yaotian is also guilty and nervous. Isn't it obvious that there is a ghost?

The conversation in the elevator room continued.

"By the way, Brother Lin, you just said that the collapse of the mine caused a large number of deaths. How many died?"

"I don't know how many, but there must be more than ten."

"Ten?"

"No Wrong, there are regulations in our country. As long as the number of people who die in mining reaches ten, the mine must be closed unconditionally, and the matter must be reported. Our chairman did report it, but the mine was not closed, so obviously, our director Chang not only concealed the fact that the mine cave collapsed due to excessive mining, but also concealed the specific death toll, in order to keep the mine from being sealed, and continue to mine until the last bit of quarry is drained."

"Tsk tsk tsk . , then our chairman is really shady enough."

“What’s this, how can a capitalist not be shady, okay, okay, the elevator is here, let’s go.”

After the words fell, the two people in the elevator room walked into the elevator. At the moment when the elevator door was closed, the two looked at each other and showed meaningful smiles.

Soon, after the elevator went down completely, Hao and Gu Yaotian and their group came in from the outside.

Team Leader Hao looked at the elevator screen that was descending, and then looked at Gu Yaotian, who was clenching his fists and his eyes were obviously out of focus, and squinted and said coldly, “Chairman Gu, you heard what you just said. What do you want to say?”

Gu Yaotian’s eyes widened suddenly, and he replied in a panic, “Team Hao, this matter is not true, don’t listen to their nonsense, they are deliberately smearing me, really, you believe me!”

After speaking, Gu Yaotian was about to pull the arm of Team Leader Hao.

Team Leader Hao saw through his intentions, raised his arm, avoided his hand, and said with a smile, “Is this matter really true? Let’s go back and check it ourselves, Chairman Gu, you too. Don’t explain it, we’ll talk about it after we’ve checked everything out, okay Chairman Gu, let’s go first.”

After speaking, he took his subordinates and entered the elevator on the other side.

Gu Yaotian did not follow, nor did he dare to follow, so he could only freeze in place with a cold body, watching the group leader Hao leave.

Until the moment the elevator door was closed, Gu Yaotian seemed to have no strength all over his body, his legs were weak, and he collapsed to the ground.

The subordinates behind him were startled and rushed to help him.

“Chairman, what’s wrong with you? Are you okay?”

“Chairman, get up.”

Finally, with the help of his assistant, Gu Yaotian stood up, but he was still weak, and he didn’t have the strength to stand still, so he could only lean on his back. On the assistant’s body, his lips were pale, and his eyes were blank as he muttered, “It’s over, it’s over.”

The assistant closest to him heard this, his heart sank to the bottom, and his face was very ugly.

As Gu Yaotian's special assistant, he knows a lot of Gu Yaotian's secrets.

So he also knew that the things that the two had just talked about were true.

He and Gu Yaotian were like grasshoppers on a rope.

Gu Yaotian fell, and he couldn't fall.

So like Gu Yaotian, he was very scared and panicked at the moment.

It's just that he is scared now, and no matter how panicked he is, he must first stabilize Gu Yaotian's emotions.

After all, Sansheng belongs to Gu Yaotian, and Gu Yaotian must support him.

If Gu Yaotian fell, it would really be over.

Thinking about it, the assistant took a deep breath, suppressed the anxiety in his heart, and quickly said to Gu Yaotian, "Chairman, don't be like this, although Team Leader Hao said he was going to investigate, it's been so many years after all. We also cleaned up the traces at the beginning, and even if Team Leader Hao wanted to investigate, there would definitely not be much, and we would definitely not go in."

Fortunately, this incident happened a few years ago, not now.

Otherwise, they really don't have time to clean up the traces, and they will definitely be checked and sent to prison.

There may even be peanuts eaten.

After all, the mine collapsed and the number of people who died was too many, not just over ten, but as many as fifteen.

This is already a felony, and coupled with their excessive mining and unsealing of mines, the possibility of being eaten peanuts is very high.

Fortunately, things were a few years ago, and they also cleaned up the evidence from that year.

Although Team Leader Hao will find out something, the decisive evidence, Team Leader Hao and the others, will definitely not be found.

That is, they won't go in and they won't be eaten with peanuts.

It's just that it is very likely that you will lose a lot of money.

But this is already a good thing for going in and eating peanuts.

After listening to the assistant's persuasion, Gu Yaotian also reacted.

Yes, a lot of evidence from that year has been cleaned up, so there is really no need to panic.

Thinking of this, Gu Yaotian's mood is a little better, his whole body is no longer so weak, although his face is still white, but he is a little more energetic, his expression becomes extremely terrifying and cold, "Go, check the two employees just now. , dare to tease me behind my back, I don't care if they are intentional or not, I want them not to see the sun tomorrow!"

As soon as these words came out, shock and panic flashed in the eyes of other subordinates except the assistant, and then they quickly turned their heads. Lower your head and reduce your presence.

God, if they heard it right, or understood it right.

Does the chairman want to kill the two employees just now?

Neither Gu Yaotian nor his assistant paid any attention to what these people were thinking.

The assistant was not surprised by Gu Yaotian's order.

After all, if it was him, some employees almost killed him, and he would definitely not let them live.

"It's the chairman, I'll go right now." The assistant nodded with the same gloomy expression.

He and Gu Yaotian were together, so those two employees almost killed him.

In his heart, he naturally wanted to kill those two employees.

"Wait a minute, help me back to the office first." Gu Yaotian grabbed the assistant's arm and said tiredly.

The assistant responded and sent him back to the office before turning around and leaving to investigate the two employees.

About half an hour later, the assistant came back when Gu Yaotian was drowsy.

When he came back, his face was extremely ugly.

Seeing this, Gu Yaotian groaned in his heart, and suddenly had an ominous premonition, "How is it? Have you checked it out?"

"

The assistant stopped across from Gu Yaotian's desk, and shook his head gloomily, "I'm sorry, Chairman, I didn't find out, those two people are not our employees of Sansheng at all, nor even of any of our subsidiaries. Staff."

No One Can Win

"What? Not our employee?" Gu Yaotian was dizzy and disbelieving after the news brought by his assistant, so that after taking the medicine for a long time, the flesh on his fat face trembled. trembling.

The assistant nodded, "Yes, I confirmed the appearance of the two people through the surveillance in the elevator, and then went to compare the staff database of our group, and found that there are no two people in our database at all, I even doubted it. , Are these two temporary workers, so the information is not entered into the system, so I specifically asked the managers of various departments, and the managers went down to ask the person in charge of each position, and the final answer was that they did not see After these two people, these two people are obviously mixed in."

Gu Yaotian's face was twisted and his teeth were gritted, "So, those two people were sent in deliberately, in order to put these two people in front of group leader Hao. Let Team Leader Hao investigate me." The

assistant lowered his head, "I think so too, and apart from this reason, there is no other reason to explain that these two are not our employees, but suddenly appeared in our group. , and it was so coincidental that he talked about that incident in front of the group leader Hao. This is obviously someone deliberately harassed us. Chairman, do you think it is our opponent company? During this time, we and several There are a lot of companies grabbing business, and those companies have long been disliked by us, so it is not surprising that they would do this."

Facing the assistant's guess, Gu Yaotian shook his head, his face gloomy, "It's not them. "

No?” The assistant’s gloomy face suddenly showed a look of surprise, “Chairman, why do you say it’s not them?”

“The collapse of the mine was actually not a big deal back then, because I ordered the blockade in time, so not many people knew about it. Even many high-level officials in Sansheng didn’t know about it, let alone those companies. In addition, it has been so many years since this matter has passed. In the past few years, I have also secretly dealt with some people who knew about this matter at the time, so now, the entire Sansheng Group, except for you and me, only has planning Mr. Chen from the department knows that although Mr. Chen is dissatisfied with me, he will never tell the matter. After all, this matter is not only about me, Gu Yaotian, but also the Sansheng Group. Although Mr. Chen wants to pull me down, but I don’t want Sansheng Group to make mistakes, otherwise it wouldn’t make much sense for him to take over a crumbling Sansheng Group, otherwise he would have already told the matter.”

“So, those companies are indeed No way to know about this.” The assistant touched his chin for analysis.

Gu Yaotian squinted his eyes, which were much smaller than before, and said in a deep voice, “If I guessed correctly, this matter was arranged by Fu Jingting.”

“Mr. Fu?” “President Fu also knows about this?”

“Fu Jingting didn’t know about this at first. When I was dealing with a piece of evidence, I had insufficient staff and borrowed some from him. You also know that at that time, Man Yin has already captured him. Although Man Yin has become a vegetative person, he has always had Man Yin in his heart, so for the past few years, he has been protecting my Gu family and Sansheng. I gave it to me. Although I didn’t tell him what I was going to do when I borrowed the manpower, he would definitely ask about it afterwards, so it’s not surprising that he would know about it.”

“That’s it.” The assistant was stunned Nod.

Gu Yaotian clenched his fists even more deadly, “He is now exposing this matter and letting Team Leader Hao know, in order to get revenge on me.” The

assistant looked at him, “Just for today, you bought a navy army and started making rumors about Rong Shu . A matter?”

“Humph, besides this matter, is there anything else?” Gu Yaotian snorted coldly.

The assistant pushed his glasses, “It’s also possible that it’s for Miss Manyin’s business? You, the Fu family and Mr. Fu themselves do not have any deep hatred. The fact that he really loves someone, and you are Miss Manyin’s adoptive father, now that Miss Manyin is dead, he can’t find anyone for revenge, so he can only vent his anger on you.”

“Impossible.” Gu Yaotian said very He shook his head affirmatively, “Fu Jingting is right that he will report it, this matter will indeed make him transfer all his hatred for Man Yin to my Gu family, and thus attack my Gu family, but if he wants to do it, he should do it early. Now, it won’t be so long. They don’t show the slightest movement towards our Gu family. When they meet each other, they just treat me like air, and they don’t mean to take revenge on me at all. This is really hard to figure out. , it shouldn’t be for Manyin’s revenge, only for Rong Shu.”

“But no matter what Mr. Fu is for, because of Miss Manyin, there is hatred between you and him, even if he doesn’t now. It will definitely start against us in the future, but now it’s just brewing something.” The assistant touched his chin and said.

Gu Yaotian sighed worriedly, “You’re right, although I don’t know what needs to be brewed to deal with us with his ability, but we have to be on guard at all times to avoid trouble if we don’t have time to deal with it, of course, The top priority now is to solve the immediate problem first. Team Leader Hao investigates the collapse of the mine back then. We can’t stop it. Although we won’t let him find out some decisive things, we will also find out some for us. Things that cause trouble, and this trouble needs money to solve, you go to President Chen, discuss with him about the transfer of funds, for the sake of Sansheng, he will not disagree.”

“Yes.” Assistant Zhang Nodding, turning to leave.

After he left, only Gu Yaotian was left in the office.

Gu Yaotian looked at the empty office. For the first time, he felt that the office, which usually made him high-spirited, proud, and brought him joy, seemed so lonely and empty.

The conversation with his assistant just now finally made him realize that Fu Jingting didn’t deal with them all this time, not because Fu Jingting had a relationship with Man Yin in the past and didn’t intend to take revenge on them.

But because he had other ideas, he never started.

As a man, I am afraid that no one can let go of their emotions and memories, and they are influenced and manipulated by others.

Especially for a proud man like Fu Jingting, it is a lifetime of shame to be calculated so easily.

Fu Jingting would let Man Yin go, and it would be strange to let them go and take care of the family.

Manyin didn’t know whether it was alive or dead now, but he later learned that the corpse was not Manyin. Maybe Manyin might still be alive, but it might not come back.

If Manyin didn't come back, Fu Jingting's anger naturally had to be directed at their Gu family. If he didn't do it now, he would definitely do it in the future. For Rong Shu's sake, Fu Jingting would not let Gu's family go, and would help Rong Shu deal with their Gu family.

If he faced Rong Shu directly, Gu Yaotian could confidently say that he was absolutely not afraid. She was just a little yellow-haired girl, how much can she accomplish?

Even at his age, he still can't handle it?

But with Fu Jingting, he can't do anything, let alone two people together, he can't win against Fu Jingting alone.

Su City's Counterattack

Therefore, the future of him, the Gu family and the Sansheng Group is already foreseeable.

In fact, he is not afraid of death. After all, with this disease, the possibility of finding a kidney is too low.

In the end, waiting for his result is also a dead end.

He will not live for two years.

It's just that he is worried that after his death, what will his wife and Manqing do?

Now he can barely resist Fu Jingting and Rong Shu, but once he goes, no one can really protect their mother and daughter.

To his wife, he owes much, but to his daughter, he owes too much.

More than 20 years ago, when the romance first came to the wife's belly, he swore that he would protect her, whether it was a son or a daughter.

But after his daughter was born, he broke his promise, causing her daughter to be stolen by that bastard Rong Hao and thrown into the river.

Although he didn't know how the romance survived in the end, he still couldn't forgive Rong Hao's behavior, nor could he forgive himself for not protecting his daughter well.

Now that his daughter has finally come back, he wanted to make up for her, but in the end, he failed to do so, causing her daughter to be involved in the grudges and hatred of the Ronggu family, and she lived in trepidation.

All this is because he, the father, is sorry for her.

Gu Yaotian hammered his chest in remorse.

Then, there was a firm gleam in his old eyes.

No matter what happened to the Gu family in the end, he had to make arrangements for his wife and daughter before that day came.

At least, his wife and daughter cannot be left in the hands of Rong Shu and Fu Jingting.

What is there, he bears it alone!

On the other side, Su Cheng, who was also dealt with by Fu Jingting, was in trouble right now.

He likes to listen to opera, and usually stays in the hotel and does not come out. The only entertainment is to watch past drama movies in the audio-visual room.

Just when he was fascinated by the movie, Assistant Li walked in in a hurry, "Boss!"

Su Cheng opened his eyes, his face extremely gloomy.

He turned to look at Assistant Li, his eyes darkened, "I said last time that I'm not allowed to break in suddenly while I was listening to the play. This is your second time doing it."

Assistant Li knew that his own His behavior angered the people in front of him, so he quickly lowered his head in fear, "I'm sorry boss, it's really a big deal this time."

"What's the big deal?" Su Cheng took the cane aside and asked calmly.

Obviously, he didn't take the big things in Assistant Li's mouth to heart.

Seeing this, Assistant Li became even more anxious, and quickly said, "Boss, our goods in Beijing were intercepted by customs."

Hearing this, Su Cheng, who was wiping his walking stick, moved his hand, and then his face suddenly became violent. On the other hand, he stared at Assistant Li, "What did you say? Our goods were intercepted?"

“Yes.” Assistant Li nodded again and again, “Just half an hour ago, I received that we were stationed at the customs. The phone number of the person in question said that a group of people suddenly appeared and intercepted our goods.”

“Half an hour ago” Su Cheng’s mild indifference could not be maintained at all, and it became distorted.

Maybe this is his true face.

“Who did it?” Su Cheng grabbed the faucet on the cane and asked in a very cold voice, “I’m going to throw that person into the sea to feed the fish, even if I dare to rob Su Cheng’s goods, I’ll see him I don’t want to live anymore!”

The assistant shook his head, “I don’t know who intercepted it. According to our people at the customs, before the people we went to pick up the goods arrived, a group of people arrived first, and those people were holding the documents of the relevant departments, and they were open and aboveboard. The goods that were taken away from the customs were not stolen by illegal means, and our people said that the seals of those documents were the official seals of the relevant departments, and they were not fraudulent, so I guessed that the person who intercepted our goods must have It’s not easy .”

“Of course it’s not easy.” Su Cheng’s eyes were full of grimness, “If that person can be so simple, what department’s stamped documents can they get to grab the goods in an upright manner? I don’t believe that the customs side doesn’t know that the batch of goods is from me. It belongs to the Su family, but the customs and relevant departments know about it, but they dare to pick up the documents for the person who intercepted the goods. It can only show that the person has a strong background and has a very good relationship with the above.”

“Who could it be? I don’t remember any of us having sinned against such a character?” Assistant Li frowned in confusion.

They are wild, but not without brains.

Like this kind of big man, they generally don’t take the initiative to provoke them.

That’s why he wondered why such characters should be dealt with.

“You forgot, of course we offended such people, isn’t it Fu Jingting?” Su Cheng sneered.

Assistant Li opened his mouth suddenly, “I’m sorry boss, it’s dark under the lights and I forgot about this person.”

"It's not your fault, after all, none of us thought that Fu Jingting would do such a thing." Su Cheng's expression remained the same. Gloomy and cold, "I really can't think of it, it has always been my Sucheng's share of stealing other people's things, no one dares to steal my Sucheng's things, this is the first time, my things have been robbed, I still can't find the door. , I can't deal with that person directly, it turns out that this feeling of being so bitter that I can't express my anger, is it so uncomfortable?"

Although he said self-deprecating words, there was no self-deprecating meaning on his face.

Obviously, he was just joking.

"Boss, if it was Fu Jingting who did it, then we will have this batch." Assistant Li looked at Su Cheng, whose eyes were scarlet, and asked cautiously.

Su Cheng raised his hand, "Don't think too much, this batch of goods can't be taken back, Fu Jingting can easily get back what he wants from our hands, but our things are in his hands and he wants to get them back. It's almost impossible, we don't have as much capital as him, we can go to him directly and warn him to return the things."

"But that batch of goods is very important, because we spent a lot of money with foreign suppliers from a year ago. It started to be ordered, and now it's finally delivered, but this incident happened, and we can't explain it at the factory." Assistant Li had a sad expression on his face.

Su Cheng raised his eyes and glanced at him lightly, "What's the use of talking about these things now, things have already happened, and things can't be taken back, apart from using money to solve this matter like Tiancheng, we can also How? But compared to Tian Cheng, I, Su Cheng, are much richer, so I can't even afford to pay for this kind of thing."

Hearing that Su Cheng already had a solution, Assistant Li was not so anxious.

He pushed his glasses and looked at Su Cheng, "Boss, you said that Fu Jingting did this, is it revenge for our interception of Rong Shu's goods last time? After all, this time Fu Jingting intercepted our goods, the method is the same."

Su Cheng rubbed the faucet on the cane a few times and shook his head slightly, "No, the last time, when you and I entered the hospital, it was already his revenge, and he won't take revenge on us twice for the same thing, so This time is obviously not a revenge for what happened last time, but it is also for Rong Shu, don't forget what happened to Rong Shu today."

Assistant Li suddenly realized, "You mean, we bought a navy army to spread rumors?"

Su Cheng was noncommittal, "There's nothing else but this, but it's a good thing, and it can also help us understand Rong Shu's importance to him. Of course, I can't snatch the goods back, it doesn't mean that I, Su Cheng, are willing to settle down and suffer this dumb loss. You will contact Fu Jingting's people later and ask them if Mr. Fu has considered whether he wants his mother's relics or not, I'll give him another day, if not, then don't blame me."

He smiled coldly.

Regret not leaving evidence

It is true that Fu Jingting stole his things, but he did not have the ability to let Fu Jingting relax and return the things.

But he, Su Cheng, has never been the kind of person who likes to be dumb.

Since Fu Jingting has a lot of money, he can't fight on the surface, but secretly, he can still make Fu Jingting a stumbling block and disgust Fu Jingting.

Assistant Li understood what Su Cheng meant, and there was a hint of excitement on his face, and immediately nodded in response, "It's the boss, I'll go right now."

"Go." Su Cheng waved his hand.

Assistant Li left quickly.

Sioux City picked up the remote control and restarted the play that had just been paused.

The drama babbles and babbles.

Only this time, when Su Cheng looked at it again, he was no longer in the mood at the beginning.

Fu Jingting didn't know yet that Su Cheng was already stumbling himself, and now he and Rong Shu had arrived at the police station.

After the car was parked, Fu Jingting had just unfastened his seat belt and was about to get out of the car when his phone rang.

It was Assistant Zhang calling.

Rong Shu saw it, and let go of the door that opened the door, "You pick it up first, and then get off after you pick it up."

"Wait for me." Fu Jingting nodded slightly, then swiped the screen with his thumb and put the phone to his ear, "Hello?"

"Mr. Fu, the Sansheng Group has already succeeded. Leader Hao has heard the news from our people. After leaving the Sansheng Group, he immediately went to the Mineral Resources Bureau to check the mines of the year. The dossier of the collapsed hole has gone." Assistant Zhang's obviously excited voice came over the phone.

Fu Jingting snorted, "I see."

"Unfortunately, Gu Yaotian handled the incident in a very clean way, and there is no decisive evidence, otherwise he would never be able to escape being executed by Mu Cang, and now he can only be let on the ground. A retribution for a large amount of indemnity is really ironic." Assistant Zhang sighed regretfully.

Fu Jingting pursed his thin lips, then looked at Rong Shu, "I am also responsible for this matter. When Gu Yaotian was handling some evidence, he asked me to borrow some people, so I only knew about this matter. I can stop Gu Yaotian from handling the evidence, or secretly get the evidence first, but now Gu Yaotian is not so lucky."

Seeing the man's self-reproach, Rong Shu patted his hand and laughed, "You are ashamed. What, you were hypnotized back then, and you thought that you loved Gu Manyin. As Gu Yaotian's father, it's normal for you to help him, but I didn't expect that you would actually help in this kind of thing. "He."

"I don't know that Gu Yaotian asked me to borrow someone to deal with this kind of evidence. If I knew, I wouldn't lend someone to him. Although I sheltered him because of Gu Manyin at that time, I wouldn't be so unprincipled. , that's fifteen lives." Fu Jingting frowned.

Although he does not take human life seriously, nor does he care about the lives of others.

But he would not be as careless as Gu Yaotian did. Not only did he not stop when he died, but he even concealed it and destroyed the evidence.

"What? Fifteen lives?" Rong Shu couldn't believe it when she heard the man's number, and took a deep breath.

Fu Jingting nodded, "That's right, fifteen, when I knew it, I was also shocked. When Gu Yaotian asked me to borrow someone, I didn't know what he wanted to do, and I didn't ask, so I lent the person to him. When my people came back, I realized that Gu Yaotian actually did such a thing, and it was my negligence."

Again, if he had known that Gu Yaotian would do such a thing, he would not have borrowed someone else.

“It’s not your fault.” Rong Shu looked at the man and smiled, “After all, no one knows what happened to Gu Yaotian. I’m afraid that even if you ask, he won’t tell you honestly.”

“I’m just sorry, I can obviously help you get the decisive thing to defeat Gu Yaotian, but I just missed it.” Fu Jingting rubbed his temples, his eyes full of regret.

Rong Shu pulled her hair back and said, “You don’t have to blame yourself, this is destiny, no one can know what will happen in the future, and you are the same. At that time, you didn’t know what would happen today, so you don’t have to think it’s your fault. Maybe God doesn’t want us to defeat Gu Yaotian so easily. Although there is no way to defeat Gu Yaotian now, it can at least hurt his vitality. I found that not only was I still in prison, but I also spent a lot of money, wouldn’t it be better to treat the result like this?”

After speaking, Rong Shu covered her lips and disappeared.

Fu Jingting looked at her, looked at her for a while, and rubbed her head, “That’s what you said.”

“Okay, hurry up and call Assistant Zhang, or Assistant Zhang will have to wait.” Rong Shu raised her head Chin, motioning Fu Jingting to look at the phone.

The call with Assistant Zhang was still going on, Fu Jingting put the phone back to his ear, “Gu Yaotian, pay more attention and try to help Team Leader Hao secretly. If Team Leader Hao’s investigation idea is wrong, ask someone to correct it. Once, I’m going to make Gu Yaotian bleed heavily.”

As he spoke, a cold light flashed across his eyes.

Assistant Zhang nodded in response, “Okay Mr. Fu, in addition, Su Cheng’s side is also going well. All the goods have been intercepted, and they are all high-quality foreign goods. Su Cheng is quite willing.

” The goods are what he intends to use to open the market in the island country, so of course we have to get a good batch, but now this batch of goods is ours.” Fu Jingting said, his thin lips slightly hooked up.

Assistant Zhang scratched his head, “But Mr. Fu , we, Mr. Fu, didn’t do the processing of goods, so it’s useless for us to take that batch of goods.”

“Send it to Tiansheng.” Fu Jingting decided the whereabouts of the goods in one go.

Rong Shu didn't expect to have his own business in this place, and raised his head in surprise, "Why send it to Tiancheng?"

"Isn't Tiancheng doing the processing of goods?" Fu Jingting turned to look at her.

Rong Shu is funny, "It's cargo processing, but it's all heavy industry parts processing, not cargo processing in the conventional sense. I learned about the Su Group before. The main industry of the Su Group is electrical engine processing, so I You can probably guess that the batch of goods you intercepted should be engine bearings or chips, and I can't process them even with these."

"The batch of processing machines you ordered in Kimchi Country can be modified with a little modification. Carry out engine processing and assembly, so you can try this batch of goods first, if the engine processing is successful in the end, Tiansheng can also start new business, which is also beneficial to Tiansheng's development." Fu Jingting said.

Rong Shu was stunned for a while, "Is this still possible?" On the

phone, Assistant Zhang quickly agreed, "Miss Rong, it's exactly what President Fu said, the batch of large processing machines you ordered can indeed be modified to process the finer details of the engine. things."

Now Assistant Zhang said the same thing, Rong Shu's heartbeat quickened, and she felt a little moved, but she couldn't make a final decision.

After all, reform is not a trivial matter, and she can't make a rash decision.

Seeing Rong Shu's intentions and hesitation, Fu Jingting took her hand and kissed her on the lips, "Don't worry, just give it a try, you are saying that this batch of goods was snatched from Su Cheng, It's also his apology for the last time he robbed you of your goods, you won't lose money if you try it, and this kind of opportunity is rare, it's hard to have a second time if you miss it, so it's okay to give it a try."

You are actually cheating

Fu Jingting persuaded him for the second time, and Rong Shu felt that if she continued to hesitate, she would feel sorry for him.

And what he said is also that some opportunities, if you miss them, it will be difficult to meet them again, and it is possible that you will never meet them again in this life.

Then seize the opportunity, naturally it is what she should do.

Secondly, this batch of goods was snatched by Fu Jingting from Sucheng. She used it for experiments. Even if Tiansheng failed in the end and couldn't carry out the engine modification components, there would indeed be no loss.

After all, she didn't spend a penny for the raw materials.

I believe those high-level executives in the company have heard it and will not hold any objections.

Thinking of this, Rong Shu no longer hesitated in her heart, nodded and agreed, "Okay, then I'll give it a try, thank you."

"Thank you, I know you always want to become stronger quickly, and I look forward to it too. I hope you can become strong as soon as possible, so that you will not have any psychological pressure, so if you have the opportunity, I also hope that you can do it boldly, and don't feel any fear, because I will always be behind you." Fu Jingting Looking at Rong Shu's eyes was encouraging.

Rong Shu's face was slightly hot, "Assistant Zhang is still on the phone, you are not afraid that he will laugh at us when you say this."

Assistant Zhang on the other end of the phone froze instantly and quickly replied, "Miss Rong, this is a joke. I'm not happy, why am I laughing at you, and do I dare to laugh at you?"

"Listen, he said he didn't dare." Fu Jingting pointed to the phone, "So we talk about ours and worry about what he does?"

"That's right." Assistant Zhang nodded again and again.

Rong Shu covered her lips and laughed, "Okay, let's not make trouble, you can send that batch of goods to Tiansheng downstairs, I will ask Secretary Tong to arrange for someone to wait downstairs in Tiancheng and put the goods in the parking lot. I'm discussing the use of that shipment with the company's shareholders during the meeting tomorrow."

"Did you hear that?" Fu Jingting looked down at the phone screen.

This is obviously asking Assistant Zhang.

Assistant Zhang pushed his glasses seriously, "Don't worry, Mr. Fu, I have sensitive ears."

So you don't need to ask me this question deliberately.

"Since you heard it, go ahead and do it." Fu Jingting lightly opened his thin lips and spit out a word.

In other words, you can get out.

Assistant Zhang can't wait.

At the moment when Fu Jingting's words fell, he quickly said goodbye to Mr. Fu and hung up the phone.

This was the first time that Fu Jingting had been hung up by a subordinate on his own initiative, and he was stunned for a while.

Then he reacted, and Jun's face turned black.

"He actually dared to hang up my phone without authorization!" Fu Jingting clenched his phone tightly and looked at Rong Shu, his eyes were obviously full of disbelief.

Rong Shu was amused by his appearance, and patted him on the shoulder, "Okay, don't be angry, this is not what you said, let Assistant Zhang do things, so it's okay for Assistant Zhang to do it, you should I feel lucky to have such an obedient and good employee, and I will do what I say."

Fu Jingting snorted, "Don't think I don't know that you are helping him, and you don't want me to care about him."

Rong Shu stuck out her tongue, no speak.

Fu Jingting let go of the phone, "Forget it, for your sake, I'll bypass Zhang Cheng's behavior this time and let him thank you in person."

"Okay, then I'll wait." Rong Shu smiled She agreed, but in her heart, she didn't take the man's words seriously.

It's just a casual remark, where is the need to thank in person?

"I'll call Secretary Tong and ask her to pick up the goods." Rong Shu also took out her mobile phone.

Fu Jingting nodded slightly, "call."

Rong Shu smiled at him, and then called Secretary Tong's number.

While Rong Shu was on the phone, Fu Jingting kept staring at her sideways.

Those eyes, not to mention how hot and hot.

Even if Rong Shu wanted to ignore it, he couldn't ignore it.

No way, the man's eyes seemed to be like a wolf staring at its prey.

Yes, she was the prey.

So how could she ignore such eyes.

Rong Shu resisted the urge to beat the man and the urge to turn back and stare at the man, and explained the matter to Secretary Tong on the other end of the phone.

After the explanation, she put down the phone, took a deep breath, and then turned her head and rounded her big eyes, staring at the man, trying to use her fiercest appearance to teach him a lesson and let him know that he has always looked at her like this. , also made her uncomfortable.

However, she thought that she was very fierce at the moment, which fell into Fu Jingting's eyes, but she did not have the slightest deterrence. Instead, she was fierce and very cute.

Fu Jingting couldn't bear it anymore, grabbed the woman's wrist directly, pulled her from the co-pilot forcefully, hugged her in his arms and kissed her.

Rong Shu was stunned, her eyes widened, but the murderous intent in her eyes was gone, replaced by a look of confusion.

She seems to have been pulled over and kissed by a man again?

No, not like, but this is!

The slight touch on her lips made Rong Shu recover from her daze, and slapped the man on the back angrily and annoyed, trying to get him to let go of her.

But how could a man be willing to let her go?

Before on the road, I never had a good time kissing.

Now it's hard to let him seize the opportunity to benefit himself again. If he doesn't have fun, he won't let her go.

Thinking about it, Fu Jingting tightened his arms around Rong Shu's waist.

At first, Rong Shu still had room to struggle and beat him, but now that his arms are tightened, her body is closer to his, making her unable to struggle.

This dog man!

Rong Shu rolled her eyes angrily, then slowly stopped struggling and kissed back.

After the man noticed that she had been conquered by him, a glimmer of pride flashed in his eyes, and the guard in his heart gradually eased, and the arm that hugged her waist gradually relaxed.

Rong Shu naturally felt the change in the man, and there was a glint in his eyes.

It's now.

Rong Shu's eyes narrowed suddenly, then she supported the man's shoulder and pushed the man away.

The moment the man was pushed away, the whole person was stunned, he blinked his eyes, and stared blankly at Rong Shu who was sorting out his appearance.

He was actually pushed away!

Fu Jingting was full of disbelief.

However, it was useless to believe it, the truth was the truth, he was indeed pushed away by the woman.

Fu Jingting's eyelids drooped, he put away the dullness in his eyes, returned to his usual appearance, and looked at the woman with a faint look in his eyes.

The woman felt a little guilty when he looked at her, and she stopped her hair-arranging movements, and asked with erratic eyes, "Why do you look at me like this?"

"You are cheating." Fu Jingting pursed his lips and spat out three words.

The corners of Rong Shu's mouth twitched, "What did I cheat?"

"You just responded to me on purpose to lower my vigilance, and then took the opportunity to push me away." Having said that, Fu Jingting looked at her, and even more Showing his resentment, "I didn't know it before, you are actually a black person inside."

Yes, he kissed her suddenly in the past, when did she not struggle?

Only when doing that thing at night will he struggle symbolically twice, and then respond to him.

Normally, especially outside, she would only struggle, but would not respond.

He actually ignored this just now, and then let her treachery succeed.

“I didn’t expect you to have such a cunning side!” Fu Jingting looked at her with extremely resentful eyes.

Rong Shu made a face at him proudly, and said slyly, “You have been raided so many times, and the fool has learned to be shrewd, so you can’t blame me for doing this. Who asked you to kiss me suddenly?”

Su Man’s Current Situation

“You’re too cute, so I couldn’t hold back for a while.” Fu Jingting said, rubbing his lips with his thumb.

Rong Shu rolled her eyes at him, “You can’t hold back several times a day, is it because of this?”

“Can’t you?” Fu Jingting tilted his head slightly and smiled at the woman.

That smile looked bad and evil.

If such a smile is made by ordinary men, it is estimated that it will look a little greasy.

But in Fu Jingting’s place, not only did he not feel greasy at all, but it made his heart beat faster and his face became hot.

evildoer!

Who said only women can be so tempting.

Men will do the same, right?

“Stop laughing like that, hurry up!” Rong Shu covered her face with her hands and said to the man.

The man raised his eyebrows, "Why can't you laugh?"

"You don't care, you can do it anyway, hurry up." Rong Shu urged.

Fu Jingting naturally couldn't see her disappointment, so as soon as she urged, he immediately followed suit.

"Okay, I won't laugh anymore, take your hand off, won't it be uncomfortable to hold your breath?" The man put away the smile on his face, and stretched out his hand to grab Rong Shu's wrist, pulling her hand away from his face. Take it down.

The moment he took it down, Fu Jingting was startled, "Why is your face so red?"

"It's none of your business." Rong Shu snorted, opened the door, and walked to the police station.

Ah, ah, it's really a shame to be flushed with male sex.

If you want a dog man to know, the reason why he blushes is because he is crazy about him.

He is probably going to be proud of his tail up to the sky.

Therefore, she must not let him know why he blushed.

Fu Jingting saw that Rong Shu got out of the car and walked quickly to the police station, as if someone was chasing her, and couldn't help but be stunned for a moment.

But soon, he knew why she was like this.

She suddenly covered her face after he laughed.

When he took off her hand covering her face, what he saw was her face flushed with shame and anger.

Before he laughed, she was very normal, and there was no blush or anger at all.

In other words, was it because of his laugh that she suddenly blushed and left in anger?

Otherwise, why didn't she answer why he blushed!

So it must be because of his laugh.

But he usually smiles at her, and he has never seen her like this. Why is it just this time that she smiles like this?

Fu Jingting also got out of the car, stood on the side of the car, then bent down slightly, looked at the left rearview mirror, and smiled at the left rearview mirror.

Looking at himself smiling in the mirror, Fu Jingting's eyes were still a little confused.

Because he still didn't understand what was wrong with his smile, it actually had the effect of making Rong Shu blush ashamed.

Of course, it is also possible that because he is a man, his feeling is different from that of a woman.

The same smile, a woman can feel it when she sees it, but a man may not.

Thinking of this, Fu Jingting stopped looking in the mirror, stood up straight, put his hands in his trouser pockets, and walked to the police station with his slender thighs.

No matter why Rong Shu had such a reaction to his smile just now.

But it also made him realize that he might be able to laugh at her often in the future to see how shy she is.

Since she is shy, it means that she actually likes him laughing like this.

Of course he wants to satisfy her.

As a man, isn't it right for a woman to satisfy her?

As if he had mastered some kind of wealth code, he walked into the police station hall with his head held high.

Rong Shu could see the man's smug look from a distance.

Although I don't know what kind of wind the man smokes, looking at the man like that makes me laugh and cry.

Fu Jingting came to Rong Shu, and Rong Shu asked curiously, "Did something good happen? I see you are so happy." The

happiness floated up.

Fu Jingting's thin lips twitched, "secret, I won't tell you."

If she told her that she had mastered something that made her appear shy at any time, she would definitely warn him not to treat her like that in the future.

So he didn't tell her.

“Secret?” Hearing the man’s answer, Rong Shu was stunned for a moment, and then her eyes filled with disbelief, “You’ve actually learned how to cheat, why don’t you tell me?”

“I can’t tell you. “Fu Jingting raised his chin slightly, his attitude was very firm.

Rong Shu snorted, “Forget it, I don’t want to know yet.”

After speaking, she pretended to be unhappy and turned her head away, waiting for the man to coax her, and then told her the secret.

After all, this kind of thing is almost a hundred attempts.

However, this time, Rong Shu’s plan failed.

Fu Jingting didn’t coax her and told her what she meant. Seeing that she turned her head over for a long time, she didn’t make any movement.

Seeing this, how could Rong Shu not understand that the man made it clear that he didn’t want to tell her, and his attitude was really firm.

Although he knew that even so, he shouldn’t be angry, after all, Fu Jingting had the right to sue him or not.

But when she saw that he really didn’t plan to tell her, she felt a little uncomfortable.

This is probably spoiled by him?

What she wanted to know in the past, he would hardly hide it from her, he would tell her.

Now that I don’t tell her, she can’t stand it anymore.

This is not spoiled, what is hypocritical?

Thinking of this, Rong Shu took a breath, rubbed her face, and quickly returned her mentality to normal.

Otherwise, she will become an unreasonable woman.

Thinking that she would become an unreasonable woman, Rong Shu couldn’t help shivering.

It’s too terrifying, you must not become that kind of woman, that kind of woman has always been crazy, and if she doesn’t get the results she wants, it’s easy to go wild.

It is better for her to be a rational and calm woman who is always online.

Such a woman, even if she can't get what she wants, will not make a joke.

So from now on, I have to change my temper. I can't lose myself and change my personality because of the usual pampering and indulgence of men.

Thinking of this, Rong Shu's mentality has been completely adjusted. When he looked at Fu Jingting again, he no longer had any dissatisfaction. He only looked at Fu Jingting and snorted, "Don't talk about it, let's talk about it later."

"Okay. "Fu Jingting didn't know what Rong Shu was thinking at that moment, but she could feel that she had changed a bit.

If there were still some thorns all over her body just now, she is now at peace.

This shows that she has been able to control her emotions well.

Just thinking about it, a police officer came over with a notebook, "Miss Rong, Mr. Fu."

He nodded slightly to greet the two of them.

Rong Shu smiled back.

Fu Jingting didn't respond and didn't want to talk to other men.

Fu Jingting's rudeness did not make the police officer angry.

After all, the identity is there, and it's not a big deal, so the police officer doesn't care about Fu Jingting's attitude at all.

And to be honest, if Fu Jingting greeted him politely, he would be flattered.

"Ms. Rong and Mr. Fu, please come with me. Our captain is already waiting for the two of you in the office." The police officer made a gesture of invitation.

Rong Shu smiled and nodded, "Okay, please lead the way."

"Miss Rong is very polite." After the police officer replied, he walked ahead and led the way.

Rong Shu and Fu Jingting held hands and followed behind.

On the way, Rong Shu asked some Su Man's current situation, and the police officers answered them one by one.

Hearing that Su Man had been detained in the detention center for so many days and her mental state had changed very badly, Rong Shu not only did not soften at all, but felt that she deserved it.

In her opinion, Su Man deserved it.

Never Forgive

When she stole her dress and destroyed it directly, Su Man would not have thought how bad her mental state would be.

So now, she naturally won't feel the slightest softening and sympathy for Su Man's worsening mental state.

It's just tit for tat.

"It's inside." The police officer took Rong Shu and Fu Jingting to the door of the office, then turned and left.

Rong Shu and Fu Jingting looked at each other, and finally Fu Jingting raised his hand and knocked on the door.

A voice soon came from the door, "Please come in."

Rong Shu and Fu Jingting walked in.

The person in the door was busy sitting behind the desk at the moment, and when he heard footsteps, he looked up.

Seeing that it was Rong Shu and Fu Jingting, he quickly put down the file in his hand and stood up with a smile. He walked around the desk and reached out to meet him, "It turned out to be Mr. Fu and Miss Rong, the two of you can count."

Fu Jingting reached out and shook hands with the captain. respond.

Later, the captain reached out to Rong Shu again, wanting to shake hands with Rong Shu to say hello.

How could Fu Jingting allow other men to touch his lover, even if it was just a polite greeting.

So Fu Jingting frowned and shook hands with the captain again, with that look, not to mention how disgusting he was.

When the captain's hand was held by Fu Jingting again, the whole person was stunned for a moment, subconsciously thinking that Fu Jingting was so reluctant to let him go, and actually wanted to shake his hand twice.

It seems that his captain has the heart of the richest man.

If he offered sponsorship or something, would the richest man agree?

Just when the captain was thinking about whether to draw up a sponsorship list for a while to sponsor the police station, he suddenly heard a puff of laughter.

The captain came back to his senses and found that Rong Shu was smiling while covering her lips.

While laughing, he also looked at the hands that he and Fu Jingting held together.

The captain's mind flashed, he suddenly understood something, and looked up at Fu Jingting.

I saw that Fu Jingtingjun's face was dark and his eyes were staring at him, not only with disgust, but also with warning.

Then the captain immediately understood that the richest man did not appreciate him, and he did not like the richest man's heart.

Otherwise, the richest man would not look at him with disgust.

As for the latter warning.

The captain used to be a criminal and police officer in the criminal investigation department, so he can read people's hearts and eyes.

When the richest man stretched out his hand to Miss Rong, he intercepted and shook hands with him again halfway, and the warning eyes came only after that.

In other words, the richest man was very dissatisfied with his move to shake hands with Miss Rong.

As for why not satisfied?

Hehe, this will involve a man's possession and desire for a woman.

A man loves a woman so much that he cannot allow any man to touch his woman, not even a polite handshake.

That's why the richest man intercepted his desire to shake hands with Miss Rong halfway, and stared at him with warning eyes, in order to warn himself not to touch his Fu Jingting's woman.

After thinking about this, the captain blushed, and the whole person was suddenly embarrassed and embarrassed.

The embarrassing thing is that he just shook hands politely and said hello, nothing else, but he was taken by the richest man as having thoughts about his woman, which was really embarrassing.

What is embarrassing is that, just now, I thought that the richest man shook hands with him for the second time because he felt that they were great servants of the people, so the richest man was moved, and he wanted to take the opportunity to sponsor him. come.

Fortunately, I didn't directly say the words of sponsorship at that time, otherwise I would be rejected and humiliated to death.

Looking at the reluctant expression on the captain's face, Rong Shu probably knew what was wrong with the captain, and quickly put away the smile on his face, nodding at him embarrassedly, "I'm sorry Captain Lin, my love, he looks at me a little bit. It's heavy, so what I did is a bit too much, please don't forgive me."

As he said, he hugged Fu Jingting's arm and tugged, motioning him to let go quickly.

Fu Jingting finally gave the captain a cold look, listened to Rong Shu's words, and let go of his hand obediently.

And Captain Lin looked at his red-hot hand held by Fu Jingting's malicious force, and smiled bitterly in his heart, but he still pretended to be nothing, and pretended to be calm, withdrew his hand and put it in his trouser pocket. Forcing a smile, he replied politely, "No, no, on the contrary, seeing that President Fu cares so much about you, Miss Rong, but I think Fu is always a very good man, I am happy that you have such a good man, Miss Rong. "

Am I a good man and still tell you?

Fu Jingting raised his eyes and glanced at Captain Lin contemptuously, with such meaning in his eyes.

Captain Lin saw it, and the corners of his mouth twitched.

I really didn't expect that the legendary cold-faced king of shopping malls in the outside world has such a personality.

Rong Shu naturally also took Fu Jingting's disdainful look at Captain Lin in his eyes, and the whole person also had a headache.

"Okay, what are you doing?" Rong Shu glared at the man angrily, then grabbed the man's arm and pulled back, pulling the man behind him and facing Captain Lin.

So as not to let the man face Captain Lin and do something to Captain Lin later.

To be honest, after seeing Rong Shu pulling Fu Jingting away, Captain Lin was also relieved.

Finally, I don't have to face this kind of unpredictable person.

Thinking, Captain Lin breathed a sigh of relief, and finally returned to his usual serious appearance as a police captain who was always on business. Looking at Rong Shu, he said, "Miss Rong, since you are here, we won't waste any time and just get down to business. Come on."

"Okay." Rong Shu nodded lightly.

Captain Lin made a gesture of invitation to the two of them, and brought them to the sofa on the side to sit down.

After Rong Shu and Fu Jingting were seated and poured tea for them, they continued, "Miss Rong, it's been so many days about your dress being destroyed, how are you negotiating with the suspect's family? Do you choose to forgive?"

"Do you think we will choose to forgive?" Before Rong Shu spoke, Fu Jingting, who was beside her, spoke first, with a hint of sarcasm in her cold voice.

Captain Lin understood what he meant, took off the police cap on his head and put it aside with a smile, "Of course, I also know that the two of you will not choose to forgive, but the inquiry process that should be taken still has to go through, I will do it here. Real-time recording."

After that, he pointed to the recorder held in the left breast pocket of his police uniform.

As he said, he guessed from the beginning that these two would not choose to forgive.

If you want to forgive, as early as the first day the family members of the suspects came here, they would have forgiven them, and they would not have waited until now.

The second is that the identities of these two people are there. They are rich and powerful, far beyond the suspect's family, so they don't need any compensation and apology, and they are not afraid that the suspect's family will retaliate, so naturally they don't need to understand.

"We understand." Looking at the recorder in Captain Lin's pocket, Rong Shu smiled understandingly, "My thoughts are the same as what my lover said, we don't choose to forgive."

Captain Lin opened the notebook and pulled out the pen, Record the conversation one by one.

This is also a requirement, not only to record the recorder, but also to be recorded on paper.

While writing, he said, "I understand what the two of you mean, but I still have to ask the suspect, is there no room for negotiation?"

Rong Shu and Fu Jingting were noncommittal.

The mysterious lawyer Zhang

"Okay, I understand, and then I will convey the meaning of the two to the suspect and the suspect's family." Captain Lin nodded and recorded it.

Afterwards, he looked up at the two and asked, "Do you have any suggestions for the subsequent sentence of the suspect?"

Although the final sentence is still based on the court's ruling.

But as a victim, you can put forward your own ideas.

Although such an idea is generally not adopted.

After all, the ideas of many victims are more extreme and far exceed normal sentencing.

But even if it is not used, it is still necessary to ask.

Again, the process still has to go.

“I don’t have any suggestions. I will judge how I want to be sentenced. I will not ignore the law and just want to achieve my own desires.” When Rong Shu said this, the smile on her face faded a lot, and her expression became serious. a bit.

Fu Jingting on the side tilted Erlang’s legs gracefully, “Although we won’t interfere with you and the court’s final sentence, but after people get to the prison, I want to do something, is it alright?”

He raised his eyes and stared at him. Captain Lin.

Captain Lin avoided his eyes and coughed against his lips, “As long as you don’t go too far, Mr. Fu, of course we can pretend we don’t know.”

He smiled at Fu Jingting.

No way, for a big taxpayer like Fu Jingting, and the dedication of the ancestors of the Fu family to the country.

Fu Jingting’s small request, let alone them, even if the top people know about it, they will turn a blind eye and not care about it.

That being the case, they still care about shit.

“Then I’ll trouble you to pretend you didn’t see it.” Fu Jingting raised his thin lips in satisfaction.

Captain Lin coughed again, “It’s easy to say.”

Listening to the conversation between the two men, Rong Shu certainly knew what they were talking about.

It’s nothing more than wanting to spend the whole time in prison for Su Man.

If Su Man was just an ordinary person, she might still stop her. After all, Su Man did not commit such a big crime as murder and arson, so it would be fine to serve a few years in prison.

But who made Su Man the daughter of Su Cheng?

The hatred between Su Cheng and the Fu family made it impossible for her to stop Fu Jingting’s actions.

And she won’t stop it. First of all, she and Fu Jingting are on one side.

Secondly, she is not yet the Fu family, and she is not qualified to intervene in Fu Jingting’s actions to report Fuxing City.

So for this kind of thing, she pretended she didn't know anything.

"By the way, in this situation, how many years will Su Man be sentenced?" Rong Shu flipped her hair and asked Captain Lin curiously.

Captain Lin pondered for a few seconds and replied, "The two sets of dresses are worth tens of millions. This is already a very bad robbery incident, and she also deliberately damaged the dress, adding to the crime, and the preliminary judgment is more than ten years."

Tens of millions. The things that are still maliciously damaged, ten years are considered too few.

Many involving more than 100,000 yuan will be sentenced to eight years.

"Of course, this is just my guess. Specifically, we have to wait for the final judgment from the court." Captain Lin said, "The two of you choose not to understand. Then we will notify the suspect and the suspect's family. Immediately arrange to submit a trial application."

"I see." Rong Shu nodded slightly, and was no longer asking.

To be honest, for more than ten years, she was satisfied with this result.

Now Su Man is twenty-seven years old, and if he is more than ten years old, he is thirty-seven or forty years old.

At that time, when Su Man came out, the society had no idea what it would be like.

After Su Man came out, it was impossible for him to start out in this life.

After all, at that time, Su Cheng was probably no longer there, and Fu Jingting had already avenged him.

And without Su Cheng's backing, Su Man is just a person after coming out, maybe he can't even live.

When you think about it, it's pretty tragic.

"Notify in advance during the trial, and I will arrange for a lawyer to come over." Fu Jingting's cold voice sounded.

Rong Shu turned to look at him, "Are you planning to not attend when the time comes?"

"There is no need to attend to waste time as the evidence is solid." Fu Jingting also looked at her.

Rong Shu smiled suddenly, "You're right, there's really no need to waste time for such a person, so let the lawyer go."

"I'll ask Lawyer Zhang from Dao to be our attorney this time." Fu Jingting As he said that, the dim light in his eyes flickered, making people feel dizzy for no reason.

"Lawyer Zhang?" Rong Shu blinked suspiciously, "From the legal department of your group?"

Fu Jingting shook his head, "No, our legal department doesn't dare to ask for such a person."

As soon as these words came out, the opposite Captain Lin suddenly understood After knowing who he was talking about, he breathed a sigh of relief, "Mr. Fu, you're talking about Lawyer Zhang, who opened his own law firm and has only one person in the entire firm, right?"

Fu Jingting raised his head slightly. Raise your chin, noncommittal.

Captain Lin took another breath and looked at Fu Jingting as if he were looking at a devil.

Sure enough, this is still the legendary Fu Yanwang.

How could he just think that this man is not as terrible as the legend just because this man is possessive and lustful?

Mistakes and mistakes!

Looking at Captain Lin's reaction, the doubts on Rong Shu's face became heavier, she pulled the man's sleeve curiously, "Is this lawyer Zhang very good? Otherwise, why did Captain Lin react like this? He seems to be afraid of that person. Like lawyer Zhang."

Fu Jingting saw that she was very curious, his thin lips curled up, and then he instructed Captain Lin, "You come and tell her."

Captain Lin swallowed, then nodded, "Okay, Mr. Fu."

Rong Shu saw that Fu Jingting didn't say anything. Instead, he pushed the matter to Captain Lin. After rolling his eyes at Fu Jingting, he looked at Captain Lin, "Captain Lin, you said."

"That's it." After coming down, he organized the language and said, "That lawyer Zhang is not as powerful as Miss Rong you guessed just now. On the contrary, this is a crappy lawyer."

“A crappy lawyer?” Rong Shu was slightly surprised.

The so-called lame does not mean that the person’s feet are lame.

It means that the person is incompetent, neither outstanding nor outstanding in what he does.

“So you’re saying that this lawyer is not professional enough?” Rong Shu asked.

Captain Lin nodded, “Yes.”

Rong Shu frowned and glanced at the man, “Then why are you looking for such a lawyer?”

“Although he is a crappy lawyer, he is very lethal. People in the circle, as long as it involves Basically, I like to find him when it comes to lawsuits.”

“Really?” Rong Shu was even more surprised.

Captain Lin put down the tea cup, “What Mr. Fu said is true, you rich people really like to fight with him, and lawyers are easy to offend people, so you rich people can always be active in the legal world for this lawyer Zhang. , and even protect him invariably.”

“Why?” Rong Shu leaned forward, completely aroused by curiosity.

Captain Lin explained, “That’s because this person’s lethality is not very large. Let me tell you, Miss Rong, there was a case a few months ago, which was a very common civil dispute, because both parties involved were unwilling to do so. The grievances were resolved privately, so in the end, they naturally went to court. The lawyer hired by Party A was this lawyer Zhang, and the lawyer hired by the other party was also a well-known barrister in the legal field, and the other party was still the one who took the lead. No matter how you look at the lawsuit, the other party won the case, but in the end, it was Party A who won the case with the help of lawyer Zhang, and Party B was still owed several months in prison.”

Brilliant record

“What? The party who should have won the case lost the case and was sentenced?” Rong Shu was a little dizzy at this reversal.

Captain Lin nodded, "Yes, civil disputes can be sentenced, and it is conceivable how lethal that lawyer Zhang is. Besides, there is another case. This case involves a fraud case. Party B turns to Party A. The loan of 100,000 was not repaid within the stipulated time. Party A brought Party B to court in the name of fraud, and also invited this lawyer Zhang to act as an attorney."

"And then won the lawsuit?" Rong Shu guessed.

Captain Lin shook his head.

Fu Jingting, who was beside her, even had a smile in his eyes.

Seeing it, Rong Shu hurriedly said, "Captain Lin, please tell me quickly, I'm really curious."

"Okay." Captain Lin stopped talking and continued, "In this lawsuit, the lawyer hired by Party B is just a lawyer. The lawyer who just came out of the internship, plus the party who did not pay the loan, logically speaking, no matter how you look at the lawsuit, the lawsuit is lost, but in the end, the party A didn't know what to do, which angered the lawyer Zhang. , In the end, when lawyer Zhang turned against the water, Party B not only did not have to repay the 200,000 yuan, but also the cost of the lawsuit was borne by Party A."

" " Rong Shu was completely speechless by this reversal.

It wasn't until a long time before he regained his voice, "How can you still be like this?"

"That's right." Captain Lin took a sip of tea, "Anyway, this lawyer Zhang is famous not only in the legal world, but also in your business world. As long as you ask him for help in the lawsuit and don't offend him, the final result will definitely satisfy you. Even if the judge's judgment is in line with the laws and regulations, as long as you feel it is light, Lawyer Zhang can even ask the judge to re-sentence the sentence. And the result of the re-sentence is more serious than the beginning, and there are still cases."

"How do you say?"

Captain Lin looked at Rong Shu, "For example, in the past two years, a criminal suspect's crime was not particularly bad. According to our country's laws and regulations, he was sentenced to ten years in the end, but the victim's family was not satisfied with the result and felt it was too light. Then he lightened Lawyer Zhang, and under Assistant Zhang's one-stop operation, the sentence was finally commuted to 20 years, and the most severe one was a life sentence, which was commuted to death."

Rong Shu exclaimed, "It's so powerful, no wonder you talk about people in the circle. Everyone likes to find this person for lawsuits. With this undefeated record and the ability to achieve 100% satisfaction of the employer's wishes, it is no wonder that

everyone in the circle protects him. After all, there is such a person missing. Talent is a loss.”

“That’s right.” This time, it wasn’t Captain Lin who responded, but Fu Jingting, “I thought about poaching him for the Fu family before, but I was rejected.

” The president’s invitation is rejected, this person is quite individual.” Rong Shu looked at the man with a smile.

“It’s quite individual.” Fu Jingting raised his chin and agreed.

“He rejected your invitation, are you not angry?” Rong Shu tilted her head and asked.

Fu Jingting laughed softly, “What’s there to be angry about, he’s a talent, but it doesn’t mean I can’t do without such a talent, so he refused, I didn’t force him to come to me to do things, more Besides, everyone has the right to choose. I can choose him. Naturally, he can also choose me. He doesn’t want to choose me, so it’s normal to refuse my invitation, and I won’t feel ashamed about it. I’m annoyed, I can’t tolerate him.”

“President Fu’s magnanimity really impresses me.” Captain Lin looked at Fu Jingting and praised him sincerely.

You must know that rich people are people who are arrogant and have strong self-esteem.

They have been standing on high places for too long, and they are used to being flattered by others, and being flattered.

So in their life dictionary, there is no word of rejection.

From their point of view, if they see someone and invite them to do things here, the other party should give their consent and even be grateful, rather than refuse.

As long as the other party refuses, they will think that the other party looks down on them, and even feel that they have made other people see the joke, which makes them very angry, and may even try to destroy the other party.

It seems that only in this way can they vent the anger in their hearts.

And these are not slandered by him out of thin air. These are facts. As a public servant of the people, he sees too much.

So now he heard Fu Jingting say that everyone has their own right to choose, and it is a very normal person for the other party to reject him. There is no need to feel angry about it, he is shocked.

After the shock, it is admiration.

No wonder Mr. Fu can outperform the old guys in the mall at a young age and bring Mr. Fu to the top. Just this kind of open-mindedness and magnanimity is not something that the wealthy people with small hearts and needlepoints in the circle can do. Than.

Not to mention how much Captain Lin respects Fu Jingting at the moment, even Rong Shu gave Fu Jingting a thumbs up.

Fu Jingting looked at her white and tender thumb, his eyes darkened, he stretched out his hand and put it on his lips and kissed it.

Delivered to the door, not kiss white or not.

Rong Shu was stunned, and Captain Lin opposite was also stunned.

Then he reacted, and quickly lowered his head not to look.

But Captain Lin was cursing in his heart.

Come on, what happened to these two people?

Now that they are talking about business, how can they show their love?

Also, where is this place?

This is the police station, in such a solemn place, they actually,

Captain Lin's old face turned pale for a while, but they didn't dare to shout at the two of them.

No way, he can't afford to offend either of them!

So what can be done?

Can only choose not to watch it?

Here, Rong Shu also reacted, and hurriedly took his hand out of the man's hand, and then looked at Captain Lin subconsciously.

Seeing that Captain Lin lowered his head and turned the teacup in his hand, as if I didn't know anything and saw nothing, a trace of embarrassment suddenly appeared on his face.

Captain Lin's appearance is obvious. He has seen everything, so he pretended not to see it, which made people feel even more embarrassed.

Blame this dog man!

Take advantage of her whenever you can.

How many times has she said that it would be embarrassing for him to stop doing this in public or in front of others.

But this dog man just doesn't listen, no matter what he says.

So now, she doesn't want to talk about him anymore.

After Rong Shu glared at the man, she barely kept a smile on her face and looked at Captain Lin, "Captain Lin."

Captain Lin raised his head and coughed, "Miss Rong, are you all done?"

He looked at her and then again Look at Fu Jingting.

When Rong Shu heard this, her face became even more embarrassed.

As for Fu Jingting, he glanced at someone who had nothing to do with him. He was very thick-skinned. He only gave Captain Lin a light look, and then he didn't respond.

Rong Shu took a breath, resisting the urge to rub her hot face, and replied with an embarrassed expression, "I'm sorry, Captain Lin, I just let you see a joke, we"

"No, no." Captain Lin waved his hand quickly, "It's normal for the two of you to have a good relationship, we understand, we understand."

"Thank you, Captain Lin, for your understanding." The corner of Rong Shu's mouth twitched.

Captain Lin coughed again, "So what, Miss Rong, let's continue talking about what happened just now, how about it? Where did you say that?"

Su Man's Disease

"Speaking of my lover's invitation was rejected." Rong Shu tilted her head and glanced at the man to remind.

Captain Lin slapped his thigh, "That's right, that's it."

"Speaking of Captain Lin, I have a question." Rong Shu looked away from the man, her beautiful eyebrows frowning.

Captain Lin made a gesture of invitation, "Miss Rong, please tell me."

"Actually, my question is very simple. Didn't you say that this lawyer Zhang is a bad lawyer? But I heard you say these are all The case he represented won the case, and he failed because his employer offended him. He deliberately failed, so shouldn't such a lawyer be a gold-color lawyer with a high winning rate? Why is it here with you? Have you become a crappy lawyer with little professional ability?"

Captain Lin didn't answer immediately, but looked at Fu Jingting.

After Fu Jingting nodded, he spoke again, "Cough, since President Fu asked me to continue, then I will continue to say it bluntly, in fact, this is very simple, that is this lawyer Zhang, although it is said that a lawyer was born , but he did get into the lawyer's qualification certificate with the results of the crane tail, that is to say, this lawyer Zhang's professional knowledge of lawyers is far less than those of the big lawyers, but his eloquence and brain Responsiveness."

"Oh?" Rong Shu raised an eyebrow.

Captain Lin smiled, "When this lawyer Zhang filed a lawsuit, he didn't like to use the methods commonly used by other lawyers, and rarely used lawyers' professional knowledge. Instead, he used his high emotional intelligence and eloquence to come Asking the other party to say something they shouldn't say, or do something they shouldn't do, in order to achieve the goal of making the other party fail, is like a top seller in a shopping mall."

"I see." Rong Shu suddenly clapped her hands, " It's like, he's a lawyer, but he doesn't use the method that a lawyer should use, but relies on selling the way to capture people's hearts and win them in one fell swoop to help the employer file a lawsuit?"

"Yes." Captain Lin nodded.

Rong Shu touched her chin and said, "In this case, you really don't need a lot of strong lawyer expertise, and you don't need very good lawyer assessment results to make a name for yourself in the legal world, and use sales to fight lawsuits. It is indeed different from other lawyers. It is indeed a talent to think of this way to file a lawsuit. This person is a crappy lawyer in the professional knowledge, but he is a constant winner in terms of winning cases.

"Yes, Mr. Fu is looking for this lawyer Zhang. I guess he wants Su Man to be sentenced for two more years." Captain Lin looked at Fu Jingting.

Rong Shu also looked over.

Fu Jingting's thin lips seemed to tick, and he didn't speak, but at a glance he could see that he was tacitly agreeing.

That's exactly what he meant.

"By the way, Miss Rong, do you want to take a look at Su Man?" Captain Lin closed the notebook and suddenly asked.

Rong Shu looked at Fu Jingting, "Do you want to see it?"

Fu Jingting frowned, looking at Rong Shu as if looking at an idiot, "You want me to see another woman? Are you happy?"

Rong Shu rolled her eyes speechlessly, "I told you to see the prisoner, not to see your old lover."

"Then I won't go either." Fu Jingting snorted and turned his head to the side, "I'm not interested in other women except you. "

Although what he said moved her, it was also a little funny.

"That's fine, then wait for me here, I'll take a look." After speaking, Rong Shu stood up.

Fu Jingting turned his head back, grabbed her wrist, frowned and said, "What's so beautiful about her that you have to see? Be careful she hurts you."

"Cough!" Captain Lin also stood up, squinting at Fu Jingting, Obviously a little dissatisfied, "President Fu, people are locked up and can't run out to hurt people, so you can rest assured that Miss Rong will not be hurt."

Really, they seem to be very vigilant.

Of course, Fu Jingting knew that Rong Shu could not be hurt, he just wanted to prevent Rong Shu from seeing Su Man.

After all, what is so beautiful about such a woman?

"Captain Lin said that I won't be hurt, so don't worry, I'll be back soon." Rong Shu patted the man's shoulder and motioned for the man to let go of him.

Seeing that she was determined to go, the man finally let go, "Come back early."

"Okay." Rong Shu looked back and smiled.

Soon, she followed Captain Lin to the detention room.

But as soon as he got to the door, he heard a woman's painful screams coming from inside.

Rong Shu stopped, "What's wrong?"

This cry was obviously Su Man's.

Not to mention the pain, there was still trembling and whimpering in the cry.

This is obviously the case with extreme pain.

Could it be someone from the police station, what did he do to Su Man?

Thinking about it, Rong Shu looked at Captain Lin beside him.

When Captain Lin saw Rong Shu's eyes, he knew what Rong Shu meant, and quickly explained, "Miss Rong, don't get me wrong, it's not what you think, Ms. Su Man will be like this these days."

"It will be like this for a few days?" Rong Shu blinked, "What's the situation?"

"I heard from the doctor, it's because of bones."

"Bone?"

"Well." Captain Lin nodded, "It started like this, a few days ago. , the day after you and Mr. Fu left the police station, we had just temporarily detained people in the detention center, and she suddenly cried out in pain. At first we thought she was pretending to escape the law. , but later we saw that her face was pale, and it didn't look like she was pretending, so we hurriedly sent her to the hospital. The doctor at the hospital said that she would do this because of the sequelae of the heightening operation."

"The sequelae of the operation." Rong Shu read these five words in a low voice.

Captain Lin pressed the brim of his hat, "The detailed information given by the doctor is that Su Man has implanted artificial bone of a new material into his leg bone to achieve the purpose of increasing height, but this artificial bone is a new material after all, and there is no big picture yet. The area is used for the medical market, so it is easy to cause rejection. It is because of the rejection and not taking anti-rejection medicine for a period of time that Su Man is in such pain."

After listening to Captain Lin's explanation, Rong Shu Suddenly nodded, "I see, but in Su Man's situation, don't you need to be hospitalized?"

“Doctor Lin said no.” Captain Lin replied.

“Doctor Lin?” Rong Shu raised her brows, and a subtle feeling surged in her heart.

1 “Captain Lin, is the Doctor Lin you’re talking about called Lin Tianchen? The one with a pair of glasses, who looks very handsome, and looks a little cold.” Rong Shu gestured with her hands as she described it.

Captain Lin nodded again and again, “That’s right, it’s him. This doctor does look a little cold and not very good at speaking, but in addition to being cold, I also feel that there is something wrong with this doctor.”

“What’s wrong?”

“I can’t tell, but judging from the eyes I used as a criminal and police officer, this doctor doesn’t have the feelings that a human being should have.” Captain Lin said with a frown.

Rong Shu snorted in her heart.

No way?

Are your eyes so vicious?

You can even see Lin Tianchen’s true nature?

But thinking that Lin Tianchen was on his side, he should help cover it up.

So Rong Shu smiled and said, “Perhaps as a doctor, I have seen too many births, old age, sickness and death, so my eyes are so cold, it’s not that I have no feelings.”

“Ms. Rong said that too.” Captain Lin nodded, feeling Not impossible.

After all, why would a person who has no feelings become a doctor?

This Time, I Will Get My Divorce Chapter 1094

Things have changed dramatically

It is estimated that I have seen so many such life and death, so it seems very indifferent.

The same goes for them as criminals and police officers. They have seen more and more murder cases and seen more and more horrific and cruel corpses. Gradually, their hearts will become numb.

“Dr. Lin is really great.” Thinking, Captain Lin sighed.

Rong Shu accompanied her and smiled, but she didn’t answer, but she was relieved.

Lin Tianchenwei is not great, she does not make comments.

After all, his character is there, and when he is a doctor, it is not because he wants to save lives.

According to Lin Tianchen himself, the reason why he is a doctor is because he likes to give people the feeling of being disemboweled, and that feeling will make him feel extremely happy physically and mentally.

Although this reason is very perverted, it is undeniable that Lin Tianchen has saved many, many people, which can be considered great.

But the most important thing for her now is that the big stone she mentioned in her heart has fallen back to its original place.

Fortunately, Captain Lin was fooled, and he did not believe that Lin Tianchen was a real cold-blooded madman.

If Captain Lin believed that Lin Tianchen was a cold-blooded madman, he might investigate Lin Tianchen.

She didn’t know if Lin Tianchen had done anything unconscionable secretly, but at least she hadn’t heard of it, so it could be assumed that there were no such things.

Then, as Lin Tianchen’s friend, it is naturally impossible for her to watch Lin Tianchen be suspected and not help.

Even if her actions were wrong and she was covering up Lin Tianchen, she was still a selfish person, not a completely selfless person.

Since there is selfishness, why not do it according to your own selfishness?

“Captain Lin, after you sent Su Man to the hospital, was Dr. Lin the one who saw him?” Rong Shu collected her thoughts, looked at Captain Lin and asked again.

“No.” Captain Lin shook his head, “After we sent people over, the first person to see a doctor was a general doctor, but I don’t know what happened. The general doctor suddenly left when he was halfway through his treatment, and finally changed his mind.

It became Dr. Lin's consultation. After Dr. Lin examined Su Man, he prescribed some anti-rejection medicine, and asked us to bring the person back, saying that it was a normal phenomenon, take some medicine, and the pain will slow down for a few days. Just wait, you don't need to be hospitalized."

"That's it." Rong Shu's mouth twitched, and she was amused.

What is a normal phenomenon, only need to take medicine without hospitalization?

She sees, this is clearly what Lin Tianchen said and did on purpose.

At least she heard that after human surgery, once there is rejection, they will be hospitalized for observation and treatment. She has never heard that it is enough to just take medicine to suppress it.

What's more, Lin Tianchen is a surgeon, not an orthopaedic surgeon, and this profession is wrong, so the credibility of what he said will naturally be even less credible.

But why Lin Tianchen did this, she also knew clearly in her heart, let her vent her anger.

Lin Tianchen also knew that she had a holiday with Su Man.

After the police station sent the person to the hospital, Lin Tianchen accidentally found out, so he let the previous doctor leave, and took over from that doctor to see Su Man, and then prescribed some to finish.

The purpose of doing this is to not want to treat Su Man, to want Su Man to suffer, and to vent for her.

Of course, she wouldn't say it, and if she said it, it would cause trouble for Lin Tianchen.

After all, Lin Tianchen did this for her, and she also betrayed Lin Tianchen. Isn't that revenge?

Even if Lin Tianchen's actions are wrong, she can't betray it.

"Tell Captain Lin to take me to see Su Man." Rong Shu asked.

No matter what, come here, it's good to see Su Man's current tragic situation.

Otherwise, wouldn't it be a waste of time?

"No trouble, it's inside." Captain Lin pointed to the detention center in front.

Rong Shu hummed and followed behind him into the gate of the detention center.

But when Rong Shu arrived at the gate, she stopped and had no intention of going in.

Seeing this, Captain Lin also stopped and stood beside her.

Rong Shu raised her head slightly and looked into the detention room.

The space inside the detention room is divided into two, one half has a table and chairs, the other half is surrounded by iron railings, and there is a simple single bed inside, with the bed sheets and quilt covers.

At this moment, Su Man was wearing an orange-yellow suspect's vest, lying on the single bed, rolling and howling in pain.

Because of the pain, her eyes were tightly closed, her hands were holding the sheets tightly, her whole face was twisted, pale, and sweating profusely, so that her hair was completely soaked.

Beside her, there are two female police officers from the police station who are taking care of her, one is pressing her erotic body, trying to put a towel in her mouth to prevent her from biting her tongue.

The other was bending over to dispense medicine for her, to feed her.

Seeing Su Man like this, Rong Shu's heart was also clenched, the expression on her face was a little wrinkled, and her hands were tightly clasped in front of her chest.

Of course, she didn't feel sorry for Su Man.

She just felt pain when she saw Su Man like this.

Rong Shu closed her eyes, turned around quickly and walked forward, walking a few steps out of the door of the detention center, then stopped to open her eyes and took a long breath.

She still regretted the visit just now. Seeing Su Man like that, she felt her legs hurt.

Rubbing his temples, Rong Shu heard Captain Lin's voice behind him, "Miss Rong, aren't you going in to say hello to Su Man?"

Rong Shu turned her head and smiled, "No, if I go in, Su Man will probably experience more pain. After all, I brought her in here and made her suffer from the pain after cutting off the rejection medicine, so she might hate me more in her heart. Just be kind and don't go in and anger her."

Captain Lin twitched slightly, before answering after a while, "Miss Rong is very kind."

Oh, when he couldn't hear it, she was mocking Su Man secretly.

However, Captain Lin had to admit that when Su Man saw her, he would really be provoked, and then he would definitely be even crazier.

At that time, isn't it still the people from their police station who have worked hard?

So it's better not to go in.

"Then Miss Rong, let me take you back to President Fu." Captain Lin looked at Rong Shu and said.

Rong Shu nodded, "I'm sorry." The

two walked towards the office.

Halfway through, Rong Shu saw the direction of the interrogation room, and three people came out. One of them, like Su Man, was wearing an orange vest for suspects, and was handcuffed and held by two police stations.

This is obviously another criminal who has broken the law, and the trial has just ended.

Rong Shu glanced at it, then withdrew her gaze and continued to walk forward.

However, when the detained man saw Rong Shu, he was stunned for a moment, and then his mung bean-sized eyes widened a lot.

In the next second, he didn't know where the strength came from. With a sway of his shoulders, he opened the shackles of the two police officers behind him, and quickly ran towards Rong Shu.

This change shocked everyone present.

A passing policewoman even let out a scream.

Captain Lin stepped forward directly, blocked Rong Shu behind him, aimed Mucang at the man who came running, and shouted with a serious and ugly face, "Stop, I order you to stop, dare to step forward, don't blame me Open the warehouse."

Behind him, Rong Shu also realized that the prisoner had just come for him, and the whole person was also taken aback. Fortunately, Captain Lin finally pulled him behind him, and the whole person was relieved. A little calmer.

Please let me go

She didn't know why the prisoner came to her.

Maybe it was because I was caught breaking the law and I was unwilling, so I wanted to take revenge on the society and hurt others as a vent?

After all, such people are not rare.

Occasionally, she can still see similar news on the Internet, and she feels very pitiful when she sees innocent victims injured.

Now, she is also one of the innocent victims.

But fortunately, this is the police station, and there is Captain Lin beside him, otherwise, I am afraid that I will be more fortunate.

Over there, the middle-aged fat man who was held against the wooden warehouse by Captain Lin's face changed drastically, and he didn't dare to go any further. He quickly stopped and raised his handcuffed hands to express his surrender.

He never thought that he just wanted to come forward to ask for mercy, but was threatened with this kind of thing.

Really bad luck.

Soon, the middle-aged fat man was caught again by the two police officers who were chasing him, and then one of them kicked his knee socket.

The middle-aged fat man fell to his knees with a sudden thud, and the two police officers directly pressed him to the ground, keeping his face close to the ground, and controlled him tightly, for fear that this man would break free as he did just now.

"Be honest, don't move!" The two police officers pressed the middle-aged fat man and warned sharply.

The middle-aged fat man smiled bitterly.

verb: move?

He looks like this, can he still move?

On the opposite side, Captain Lin breathed a sigh of relief when he saw that the man was being pinned down, then put the wooden warehouse away and looked at the two

police officers with a cold expression, "What happened to you just now? You can't even control yourself. "The

two police officers knew that they were wrong and bowed their heads and did not answer.

What can I say?

The two of them, holding one person, can still let people escape, isn't it their responsibility?

"This time, I'll give you a demerit. If something like this happens next time, don't blame me for transferring you to the traffic control department!" Captain Lin pointed at the two police officers and scolded them coldly.

The two police officers shook their heads again and again, indicating that they would not.

They are not perfunctory, but sincere.

As a police officer and a police officer, the prisoners can escape from their hands. This is not only the prisoner's slap in the face, but also their shame.

After all, he will be laughed at and even a prisoner can't watch.

So in order to be ashamed, they will naturally raise their vigilance and will not make such a mistake again.

"It's fine if you don't, you better remember." Captain Lin pointed at the two with an ugly face, then turned around, his expression softened, and looked at Rong Shu and asked, "Miss Rong, are you alright? "

It's alright." Rong Shu nervously put down her hands on her chest and shook her head with a smile, "Fortunately, Captain Lin, you pulled me here in time, and this time the tragedy was avoided. Thank you Captain Lin just now. "

Miss Rong is welcome. This is the police station. Our prisoners almost hurt innocent people. Of course we have to protect them. Even if it's not a police station, anywhere, as public officials, we will protect ordinary people." Captain Lin saluted Rong Shu and said.

Rong Shu smiled again and was about to say something.

The middle-aged fat man who was pinned to the ground suddenly shouted at this moment, "Miss Rong, Miss Rong, please forgive me, and tell President Fu to let me go. I really know I was wrong."

Rong Shu She was stunned, and looked down at the middle-aged fat man in surprise, "You know me?"

But she had never seen this person.

The middle-aged man nodded again and again, "Yes, Miss Rong, I am"

Before he could finish his words, Captain Lin suddenly thought of something, clapped his hands and said, "Speaking of which, this person really has something to do with you, Miss Rong. We also know about the scandal on the Internet today. This person is the squirrel. The editor-in-chief of the department was brought here by the people around Mr. Fu."

Captain Lin pointed to the middle-aged fat man on the ground to remind.

Rong Shu suddenly realized, looking at the middle-aged fat man on the ground, his eyes were not puzzled, but cold, "So you are the editor-in-chief of the squirrel department?"

"Yes, yes, it's me." The middle-aged man saw Rong Shu Shu recognized herself and nodded excitedly, "Miss Rong, I beg you to forgive me, this time, I really know I'm wrong, you and Mr. Fu let me go, I won't dare to do anything in the future. Now, I can give you anything you want, I don't want to go to jail, really, I don't want to go to jail."

After speaking, he twisted again, trying to break free and run towards Rong Shu.

But unfortunately, the two police officers were very vigilant this time, and it was impossible for him to have another chance to break free.

So when editor Wang was struggling, he suddenly pressed down.

A crisp bone squeak sounded, Editor-in-Chief Wang was pressed harder on the ground, his fat face in pain was distorted, and a scream could not help but burst out of his mouth.

Rong Shu was taken aback, "Is he alright?"

Captain Lin replied, "Don't worry, Miss Rong, our people are measured and won't really break someone's arm. At most, he will dislocate his arm. That's it."

"That's it." Rong Shu nodded, not asking any more, just looked at Editor Wang coldly, "You said you want us to let you go and not put you in jail?"

Editor Wang heard this and didn't care. Putting on his arms, he raised a fat face with difficulty, and nodded sweaty, "Yes, Miss Rong, please, please, I don't want to spend

the rest of my life in prison, I'm almost fifty, I still have an eighty-year-old mother above , and children below me, they can't live without me, Miss Rong”

Speaking of which, he actually started to cry, sobbing with snot and tears, not to mention how sad.

But when Rong Shu saw him like this, not only did he not feel soft-hearted, but some only had nausea and nausea.

A big man weeps, tears and snot, doesn't it make people sick?

Rong Shu resisted the urge to vomit, turned her head to one side, and didn't want to look at editor Wang like this again, lest she actually vomit in a while.

“You also know that you will not spend the rest of your life in prison. It seems that you are very aware of how serious some of the things you have done.” Rong Shu's face was cold, “I'm sorry, I am a good citizen who obeys the law. It's my basic responsibility to fight injustice, to eliminate violence and peace, so in the face of a bad guy like you, it's my mercy that I don't let you go to jail for a few more years, how could I still spare you and let you out?”

This As soon as the words came out, Editor-in-Chief Wang was stunned, the crying stopped abruptly, and the whole person froze there.

It wasn't until a while later that he came back emotionally and pleaded again, “Miss Rong, I know that what I did makes you unforgivable, but I can't help it, I was also forced to do it by someone, Miss Rong, for the sake of being persecuted, I beg you to be merciful, I really don't dare, really don't dare!”

“Persecuted?” Rong Shu's red lips raised a sneer, “Whether it is persecution or seeing money, you know it well, don't forget, now you can find out the source of every bank fund, so you tell me now that you are persecuted , who believes? What's more, is your editor Wang the kind of person who is easy to be persecuted? It is true that Miss Liu has some identity, but her identity is not enough to make you editor Wang dare not violate it with a single sentence. After all She is not Fu Jingting, and you are not even afraid of the young master of the Chen family, so you are still afraid of the daughter of the Liu family?”

Fu Jingting's Attitude

The Chen family is also one of the wealthy family owners in the sea market. They are in the transportation industry and have a position in the sea market.

At least, a little stronger than Liu Jia.

And the young master of the Chen family, the second-grandson of the Chen family's eldest house, is an ignorant and incompetent boy who often makes all kinds of headlines.

Some news even involves breaking the law.

As for news that often involves breaking the law, the Chen family will go out and say hello to the major media, and will not let the major media release the news.

Due to the power of the Chen family, many media naturally agreed and did not dare to publish the news.

But the Squirrel Department was different. It was posted correctly, and even after it was posted, there was still nothing.

So, an editor-in-chief of the squirrel department, who is not even afraid of the Chen family, would be afraid of the Liu family who is not as good as the Chen family?

She is still a young lady without any rights of the Liu family.

Who will believe it?

Editor Wang, who was crying on the ground, was stunned again after listening to Rong Shu's words.

He never thought that Rong Shu knew his situation so clearly.

As a result, his remarks just now have no credibility, but are rather funny.

However, this does not mean that Editor-in-Chief Wang will give up.

In the hands of Fu Jingting, he knew that he might not be able to turn over, and he had already accepted his fate.

But who made him see Rong Shu here?

Women are often soft-hearted than men. As long as you talk to this woman, maybe you can escape the disaster?

So no matter what, he couldn't let go of this opportunity.

Thinking, editor Wang cheered in his heart, and said, "Miss Rong, I know it is difficult for you to understand why I was forced to succeed by a daughter of the Liu family, but there is no way. The Liu family and Mr. Fu are very close. That's why I don't dare not listen to Miss Liu, Miss Rong, if you don't believe it, you can ask Mr. Fu and ask if Mr. Fu has anything to do with the Liu family."

No matter, he must put himself Pick it out.

Rong Shu folded her arms, "Don't ask, I know that Fu Jingting and Mr. Liu of the Liu family have a master-apprentice relationship, and Miss Liu is considered to be Fu Jingting's niece."

"Yes, yes, Miss Liu is President Fu's niece, so she threatened. I, how dare I not do it, in case I offend Mr. Fu."

"But don't forget!" Rong Shu squatted down, lowered her head slightly, stared at Editor-in-Chief Wang coldly, and interrupted Editor-in-Chief Wang's words directly, "Liu Linlin It's Fu Jingting's niece, and I am also Fu Jingting's lover. You dare not ignore Liu Linlin's words, for fear of offending Fu Jingting, so you dare to help Liu Linlin deal with Fu Jingting's boyfriend? Are you not afraid of offending Fu Jingting?"

Editor Wang's face changed greatly , a cold sweat broke out on the forehead.

Captain Lin and the two police officers present looked at him with contempt.

"I didn't expect this," Editor Wang said with trembling lips after a long time.

He wasn't lying, he really didn't realize it.

When Liu Linlin called him, she asked him that her grandfather was Mr. Fu's teacher and asked him to help her. She said that if you offended Mr. Fu, don't worry. Grandpa is Mr. Fu's teacher. She can definitely keep him, as long as he Promise to do so and give him five million.

He was immersed in the temptation of these five million huge sums of money, and thought that he was guaranteed anyway, and the vote was done.

Then it was ignored that Rong Shu was Fu Jingting's girlfriend, plastic surgery Shu, and agreeing to offend Fu Jingting.

Looking at the astonished editor-in-chief Wang, Rong Shu stood up and said, "Didn't you forget, you never thought that I was in Fu Jingting's mind and had his teacher's status as important, so you dared to do it, but it's a pity, you think Wrong, compared to Mr. Liu, my position in Fu Jingting's mind is obviously more important. You see, you are here now, and Fu Jingting personally sent you in, but no one from the Liu family wants to come to rescue you. Especially Liu Linlin, she didn't even have a phone call, she

obviously gave up on you, do you know why? Because now Fu Jingting is going to deal with the Liu family, the Liu family has no intention to take care of you at all.”

Editor Wang’s pupils shrank, “Fu Jingting Do you always have to deal with the Liu family?”

“Yes, I believe you will soon be able to see the news about Fu Jingting’s actions against the Liu family on the news.” Rong Shu said softly with a smile on her face.

Her smile fell into Editor Wang’s eyes, but she was like a devil, and her mind was full of her words that Fu Jingting wanted to attack the Liu family.

Fu Jingting’s attack on the Liu family did mean that this incident really stepped on Fu Jingting’s bottom line and angered Fu Jingting.

So Fu Jingting didn’t even spare his mentor’s family.

In other words, the Liu family is in danger at the moment, let alone him.

At this moment, Editor-in-Chief Wang was really panicked, completely frightened, and his cry was more real than before, “Miss Rong, Miss Rong.”

He shouted in a shrill voice, “Miss Rong, I really know I’m wrong, I always explain that it was Liu Linlin, the woman who liked President Fu, so she was jealous of you, so I secretly arranged for the paparazzi to follow you, take some pictures that could be used, and wanted to create your scandal and make you break up with President Fu. In this way, She had the opportunity, and she also said that her grandfather was Mr. Fu’s teacher, Mr. Fu respected her grandfather very much, and if something happened, Mr. Fu would definitely not care as long as her grandfather came forward, and then gave me five million as an action My remuneration, Miss Rong, I really know wrong, I know that I am blinded by money, and now I have explained all these, including the recording of Liu Linlin’s call to me, I can also hand over, Miss Rong, please walk around me once Well, I”

“Who found you, you go to someone to intercede. Before Rong Shu could speak, a cold and low male voice came from behind the people present.

Everyone turned to look.

Fu Jingting put one hand in his trouser pocket, and the other hand swayed slightly, walking two steps. With a slender thigh, he walked towards this place expressionlessly.

Every time he took a step, the heels of the leather shoes made a clear sound on the ground, which was very pleasant.

But for Editor-in-Chief Wang, it was not so good, even that The sound, like the footsteps of the King of Hell, was hitting his heart step by step, causing his heart to contract suddenly.

“Mr. Fu Fu” Editor Wang raised his head, his pupils shriveled as he looked at Fu Jingting who was approaching. , his mouth faltered and he could not speak.

Captain Lin took a step to the side and gave up his seat to Fu Jingting.

Fu Jingting stopped beside Rong Shu.

Rong Shu looked at him and asked, “Why are you here? “

I saw that you haven’t come back for so long. I came to have a look. I didn’t expect to hear what you just said.” Fu Jingting turned back, then lowered his eyes, looking down at Editor-in-Chief Wang, who was like a bedbug on the ground, as if looking at ants, “I heard what you and my lover said just now. He put his arms around Rong Shu’s slender waist, “

My lover is right, in my heart, she is far more important than my teacher, because she is the one who will accompany me all my life, and my teacher will not. , I do respect my teacher, but if my teacher is disrespectful for the old and not as virtuous as I imagined, I, Fu Jingting, can also be disrespectful. Since I can even give up my own teacher, then What do you think my teacher’s granddaughter is to me? Editor

-in-chief Wang opened his mouth, but couldn’t make a sound.

Just because Fu Jingting’s words were undoubtedly the final voice to announce his tragic ending.

Yes, even the teacher can not, let alone the teacher’s granddaughter!

Liu Linlin’s collapse

Editor-in-chief Wang was about to be driven mad by such a result, and a huge regret surged in his heart.

If he hadn’t been so open-minded at the time, if he had thought more about which of the Liu family and Rong Shu was more important in Fu Jingting’s heart.

Perhaps, he will not fall to this stage today.

“Mr. Fu, Mr. Fu, I beg you, please let me go, I was wrong, I was really wrong woo woo woo”

Editor-in-chief Wang cried, not to mention how pitiful it was.

It just makes people cry.

But unfortunately, neither Fu Jingting nor Rong Shu was soft-hearted.

Rong Shu lightly opened her red lips and said coldly, “Now you know you’re wrong, have you ever thought about what would have happened to me if Fu Jingting didn’t know that I couldn’t be sorry for him when you helped Liu Linlin fix me? What happens to you? Oh, I’m wrong, of course you haven’t thought about it, because you only have money and interests in your eyes, so you don’t care about the life and death of others. If that’s the case, why should we care about your life and death? You It’s just your own fault to get to this point, so it’s no use asking anyone, of course you can also ask to make you such a culprit.”

“Liu Linlin?” Editor-in-chief Wang called out the name in a hoarse voice.

Fu Jingting was noncommittal, “Didn’t she say she could keep you? If so, then you really should find her, let’s go.” After Fu Jingting finished speaking, he looked at the woman in his arms.

Rong Shu hummed.

The two didn’t look at Editor-in-Chief Wang again and turned to leave.

Editor-in-chief Wang did not stop them to continue to intercede, asking them to forgive.

He already knew that no matter how much he pleaded, they would not let them go.

If that’s the case, then it’s better to do as they say and go to Liu Linlin.

That woman, Liu Linlin, made her fall to this point, and he wanted to cramp and peel that woman.

The woman swore that there would be nothing wrong with this matter and that he would be fine.

Even if something happens, with her grandfather’s relationship with President Fu, she can save her from leaving.

In this case, Liu Linlin should keep her promise.

Furthermore, even if the Liu family was rejected by Fu Jingting and even attacked, but no matter what, the thin and dead camel was bigger than a horse.

Do you still have the ability to get people?

Wait, when he goes out, he must find a way to kill the woman Liu Linlin.

Thinking of this, Editor-in-Chief Wang's face was distorted and direct, and his eyes were filled with frightening viciousness.

"I want to make a call." Editor Wang raised his fat neck and looked at Captain Lin and said.

Editor-in-chief Wang is not yet a prisoner on trial, and has the right to contact the outside world.

Therefore, in the face of Editor Wang's request, Captain Lin did not refuse and agreed to him.

Soon, editor-in-chief Wang came to the phone of the police station. He could not use his personal mobile phone to call the outside world, but could only use the phone of the police station.

Therefore, Liu Linlin's phone number was also found by the police on his mobile phone, and then he dialed it.

The phone was connected, and it took a while to answer, and a sleepy female voice came, "Who is it?"

Although the female voice was sleepy, she could still hear a dissatisfied, but arrogant tone.

Obviously, the woman on the other end of the phone grew up in love, so she was able to develop a coddled personality.

Editor-in-chief Wang listened to Liu Linlin's voice, his face was distorted, and he couldn't wait.

He was detained in the police station and faced the risk of imprisonment at any time.

And this woman was still sleeping peacefully.

The extreme imbalance made Editor Wang's breathing become heavier, and the eyes of a pair of mung beans were already wide open, and their eyes were blood red, which was scary to look at.

However, editor Wang is worthy of being in the media, and he shows the ability to talk to people and talk to ghosts to the fullest.

Even if his face was distorted and he hated him to death, his words and the tone of his voice did not make people hear much hatred at all, "Miss Liu, it's me."

Seeing editor Wang like this, Captain Lin couldn't even feel the hatred. Do not praise a talent.

"You? Who?" On

the other end of the phone, abroad.

At this moment, the sky abroad is not very bright, it is still gray, and the time is only five or six in the morning.

The woman in pajamas held the mobile phone in one hand, raised the other hand high, stretched, and then leaned on the head of the bed listlessly, sighed, and asked with a dissatisfied face.

The appearance of a woman does not belong to the charming and beautiful kind of mature women, but belongs to the cute kind.

A round face, a fleshy face, big eyes, a small nose and lips, and a petite figure that cannot be covered by pajamas.

A proper loli.

Although it looks relatively small, it looks like a high school student who is still underage.

But this woman is already twenty-five years old.

Here is Liu Lao's granddaughter, Liu Linlin.

Seeing that Liu Linlin didn't hear her own voice, Editor-in-Chief Wang gritted his teeth, and his voice gradually began to reveal a gloomy meaning, "I, the Editor-in-Chief of the Squirrel Department."

Liu Linlin, who was yawning when she heard that it was Editor-in-Chief Wang, finally remembered, first I was stunned for a moment, and then looked even more impatient, "Is it you? What are you calling for? Don't forget, it's not dawn yet here. If you call me to sleep, aren't you afraid that I'll be unhappy?"

During the conversation, the woman expressed the word arrogance vividly.

In the past, although Editor-in-Chief Wang hated such arrogance, he would only hide his hatred in his heart, and would coax and hold it on the bright side.

At that time, this woman was Liu Lao's granddaughter, and Liu Lao hadn't broken with Fu Jingting yet.

But it's different now.

Fu Jingting wanted to deal with the Liu family, and it was clear that he was going to break with the Liu family.

Then he naturally doesn't have to hold the stinky feet of this spoiled woman.

Thinking about it, editor Wang stopped pretending, and directly changed his face and scolded, "Liu Linlin, you swordsman, I don't care whether you will be happy or not, in short, listen to me, I, Wang Zhongxing, are not finished with you!"

Listening to editor Wang After an insult, Liu Linlin was completely stupid.

After a while, I realized that a cute face was instantly flushed with anger, and her eyes were wet. She crossed her hips and said sharply, "You dare to scold me?"

She also scolded her as a swordsman!

Growing up so much, she has never heard anyone scold her.

Who is not holding her, coaxing her, pampering her?

And this person actually dared to scold her!

She she will never let this dead fat man go!

Liu Linlin bit her lip, her heart was about to explode with anger, and her chest kept heaving.

Although she has a bad temper and is arrogant and loving, but because of her good birth, she was also educated by a famous daughter since she was a child.

So, she really doesn't scold people!

Even if she really wanted to scold the past and scold this editor Wang, she really couldn't say a word of swearing.

The only one that does, is the badass bastard.

Therefore, Liu Linlin could only catch these two swearing words and scolded Editor-in-Chief Wang.

Editor-in-chief Wang snorted disdainfully.

I had known that these daughters of gold were proud of themselves and disdained to learn these vulgar words.

So when he heard such a low-level scolding of him, in addition to contempt, he was contemptuous.

Liu Linlin naturally responded that Editor Wang looked down on her, and she was suddenly angry again. She didn't know how to swear, so she could only scream angrily and slap the quilt on the phone, "Wang, you dare to offend me, believe it or not. I'll ask grandpa to tell brother Jing Ting that you won't be able to get along in the sea market!"

is about to collapse

"I can't get along in the sea market?" Editor-in-chief Wang laughed as if he had heard a big joke.

The laughter was full of ridicule and contempt.

Listening to his laughter like this, Liu Linlin couldn't help but groaned in anger while she was so embarrassed.

"What are you laughing at?" Liu Linlin's cute doll's face was twisted, and her spare hand also slapped the quilt on her body angrily, warning loudly, "Wang, you are not allowed to laugh, did you hear me? I told you not to laugh!"

Editor-in-chief Wang ignored Liu Linlin and continued to laugh wildly on the other end of the phone.

After laughing for a while, he finally stopped, his eyes full of ridicule, "Liu Linlin, if you said something like this before today, I might still believe that you can really make it difficult for me to get along in the sea market, after all, you Grandpa is Mr. Fu's teacher. If you want to deal with me, your grandfather's protection of your shortcomings will definitely help you, and Mr. Fu will know and will not care about me as a small person, but after today, you say such a thing, but I'm going to die."

“What do you mean?” Liu Linlin grabbed the phone and tightened her hand suddenly, the uneasiness in her heart became more intense.

Editor-in-chief Wang pulled out an extremely cold evil smile, “What do you mean? It means that your Liu family is over, hahaha!”

After he finished speaking, he burst out laughing again, schadenfreude.

In addition, he was too happy in his heart, causing his face to flush with excitement, and his eyes bulged out, as if he was about to fall out of his eye sockets in the next second, looking terrifying and anxious.

On the other end of the phone, Liu Linlin listened to Editor Wang’s words, and there was a bang in her head, as if a thunderstorm had struck her, making her feel like her head was about to explode, and she was stunned.

what did he say?

The Liu family is over?

how can that be!

Her Liu family is fine, her grandfather is still alive, even if the Liu family is not very capable, as long as the grandfather or the master-apprentice friendship between grandpa and brother Jing Ting is still there.

Brother Jing Ting will always protect the Liu family, then her Liu family will always sit firmly in the top ten rich and powerful families in the sea market and will not fall.

So how could such a Liu family end!

Liu Linlin came to her senses and felt that editor Wang was lying to herself. She deliberately said such a thing to the point of disgust. Her heart was burning with anger. She held the phone tightly with both hands, and gritted her teeth and said, “Wang, you dare to curse my Liu family, I am Liu. The family will never let you go, just wait!”

“You don’t have to wait.” Editor-in-chief Wang sneered, “I didn’t lie to you, your Liu family is about to end, Liu Linlin, you don’t know yet, yes, you It’s night, you must not know the situation in China.”

“What are you trying to say?” Liu Linlin bit her lower lip, her uneasiness was about to drown her.

Editor-in-chief Wang’s fat face was full of malicious smiles, “I just wanted to say, you exposed, you paid me five million, and let me arrange for paparazzi to follow Rong Shu,

and create a scandal plan to make Fu Jingting and Rong Shu break up. , has been exposed, Rong Shu and Fu Jingting both know that you did it hahaha.” Liu Linlin’s

face changed suddenly, and when the palm of her hand was empty, the phone slipped from her hand and fell on the quilt.

Even though she didn’t open her voice, editor Wang’s cheerful laughter could still clearly come out of her phone and into her ears, causing her whole brain to buzz.

What is this fat guy saying?

she exposed?

Her plan to let brother Jing Ting break up with the woman surnamed Rong was exposed?

how can that be!

This is absolutely impossible!

Liu Linlin’s eyes flashed, and she quickly recovered. She grabbed the phone from the quilt, put it back to her ear, and shouted loudly, “Wang, don’t lie to me, do you think I’ll believe you if you say so? I, Liu Linlin, can Not intimidated.”

“Did I lie to you?” Editor-in-chief Wang rolled his eyes, “Liu Linlin, what can I lie to you? Haven’t you thought about why my attitude towards you has changed so much? Before today, I was still very respectful. Right to you, but now I want you to die, haven’t you thought about the reason? That’s because President Fu and Miss Rong knew what the two of us were doing behind the scenes. When I was in China, I was first arrested by President Fu. When it arrives, what will happen in the hands of President Fu, I believe you don’t need to remind me, you Liu Linlin should also know, so as instructing me, how could I not hate you Miss Liu, who caused me to end like this!” The

last sentence The words were almost shouted out.

Liu Linlin was so yelled that she couldn’t help shivering, her face turned pale and pale.

What I didn’t realize just now, I also reacted at this moment because of Editor Wang’s remarks.

That’s right, how respectful this Fatty Wang was to her before, Miss Liu every bite, and you every bite, very dog-legged.

Just because she is the daughter of the Liu family, and her grandfather is the teacher of brother Jing Ting.

With this level of status, she Liu Linlin has the top status in the circle of wealthy daughters.

So this fat man doesn't support her.

But now, the fat man called her by her first name, and cursed them that the Liu family was over, saying that she wished she could die.

Before the change, this fat man would never dare to do this.

But now it does.

That is to say, what this fat man said is true.

Brother Jing Ting, she really knew that she did this.

For a while, Liu Linlin began to panic.

How to do?

Brother Jing Ting got it!

Will he be very angry, and then hate her, and even clean up her?

No, not possible!

Grandpa is brother Jing Ting's teacher. For Grandpa's sake, brother Jing Ting will not attack her.

Yes, it must be so.

She didn't believe it, she had known brother Jing Ting for so many years, and she was not as good as a woman who married brother Jing Ting by dirty means. The elder brother has a strong position in his heart.

Thinking about it, Liu Linlin ignored editor Wang's words that the Liu family was over, regained her composure, and pouted and said disdainfully, "If it is exposed, it will be exposed, why panic? My grandfather is the teacher of Brother Jing Ting, even if Brother Jing Ting If you are angry, you won't really treat me like that. As for you, I said, I will keep you, you"

"Fuck!" Liu Linlin was interrupted by editor Wang shouting before she could finish her words.

Editor-in-chief Wang's fat face was full of gloom and grimness, "Liu Linlin, I've seen a stupid woman, but I've never seen a woman as stupid as you, I've made it very clear,

Mr. Fu knows that you did it behind your back, so The Liu family is over. After a long time, you haven't realized why the Liu family is over. If that's the case, then I will tell you with great compassion. It was the Liu family that you killed. You are delusional in dealing with President Fu's girlfriend. Asking President Fu to break up with his girlfriend completely angered President Fu, so President Fu is going to attack your Liu family as an idiot!" Liu

Linlin's pupils shrank suddenly to the size of pinpoints, and her mind exploded again, "This is impossible! She roared in a sharp voice, "

Even if Brother Jing Ting is angry knowing that I did such a thing behind my back, he will never attack my Liu family. My grandfather is his teacher!"

"What about the teacher?" Editor-in-chief Wang snorted contemptuously, "Is it important for a teacher to have a girlfriend? A girlfriend is the one who will spend his whole life with him. This sentence was said by Mr. Fu himself, that is to say, in Mr. Fu's heart, your teacher's status is , is far inferior to Miss Rong's position in President Fu's heart!"

A lot of missed calls

"No, no!" Liu Linlin shook her head violently, shouting in disbelief.

Grandpa is not as important to brother Jing Ting as that woman Rong Shu.

This is absolutely not true, absolutely not!

Liu Linlin was reluctant to accept this reality, and editor Wang was not surprised.

After all, this woman had always believed that her grandfather was very important to Fu Jingting, so she dared to be so high, and dared to make rhetoric, saying that even if she dealt with Rong Shu and angered Fu Jingting, she could still hug him under Fu Jingting's revenge.

Isn't this just blind confidence?

The funny thing is that he really believed this woman's nonsense before.

"If you don't believe me, I can't do anything about it." Editor-in-chief Wang said sarcastically, "But this is the truth. To Fu Jingting, your grandfather is not as important as Rong Shu, not to mention that you are only your grandfather's granddaughter, so you

think what you did These, will Fu Jingting let you go? Can your grandfather keep you?"
Liu Linlin's

face was dull and speechless.

If grandpa is dispensable to brother Jing Ting.

Of course, brother Jing Ting would not let her go.

Grandpa, of course, can't keep her.

Thinking of this, Liu Linlin only felt that the sky was falling, and her breathing became rapid. Her heart was clearly beginning to be frightened, but her mouth was still hard, "No, this is not true, Brother Jing Ting will not deal with Liu. Home, no!"

Listening to Liu Linlin's self-deception, Editor-in-Chief Wang became impatient, "Whether it will, we will wait and see, you will know soon, but by then, the Liu family may be It no longer exists, and all this is caused by you, Liu Linlin. You said, if the Liu family is really gone in the end, will your father and grandfather still spoil you like now? I don't think so. I will."

"You are talking nonsense, the surname is Wang, you are talking nonsense!" Liu Linlin couldn't bear it any longer, she stood up from the bed, put the phone in front of her, clasped her hands tightly, and yelled at the phone.

Editor-in-chief Wang snorted coldly, "Since you said I was talking nonsense, then you can do whatever you want. You are willing to immerse yourself in a false world and not come out and face the reality, that is your business, but I tell you, you promised, If this matter is known to Fu Jingting and the others, Fu Jingting and the others are going to deal with you, and you can keep me, so Liu Linlin, now is the time for you to fulfill your original promise, I don't care what method you use, I just want you to remove me from the police station If you don't do this, don't blame me for exposing everything you've done. If you don't believe me, try it."

"You" Liu Linlin's face changed drastically again, just as she was about to say something. , you can see that the phone screen has jumped back to the main menu interface from the call interface.

The phone has been hung up by Editor-in-Chief Wang.

Liu Linlin was so angry that she wanted to throw the phone away.

But then I thought of something, and I held it back, only to whisper with a twisted face, "Wang, you dare to threaten me, just wait and see!"

She Liu Linlin is so big, who is not holding her and pampering her.

The one surnamed Wang was the first to dare to threaten her.

She will never let it go!

The surnamed Wang just now seemed to say that he was at the police station and wanted her to fish him out.

Oh, he thinks beautiful.

Not only would she not fish him out, but she would let him sit through the jail.

Just wait and see!

But this matter can be discussed later. The most urgent task now is to find out whether what Fatty Wang said is true or false.

Is this thing really exposed?

Is grandpa really not that important to brother Jing Ting?

Brother Jing Ting, are you really going to deal with the Liu family?

These are what Liu Linlin wants to figure out the most right now. If she doesn't figure it out, she will feel uneasy.

Taking a deep breath, Liu Linlin was going to go online to take a look at the current situation in China.

Before going to bed last night, she also saw that the development on the Internet was going as she expected, so she dared to rest assured.

But it never occurred to me that within a few hours, the situation would drastically change.

Therefore, she must find out what happened, whether it was really exposed, or whether Fatty Wang deliberately lied to her.

Taking a breath, Liu Linlin calmed down temporarily and prepared to go online.

However, at this moment, Liu Linlin suddenly saw that there was a missed call on the notification bar on the phone.

Liu Linlin hurriedly pulled down the notification bar, and when she saw the notification of the missed call, she felt a sudden thump in her heart.

There are so many missed calls, Dad's, Mommy's.

Everyone, there are at least three calls.

As for these calls, she didn't receive any of them because her phone was muted.

The reason why Editor-in-Chief Wang was able to receive the call was because she got up from the bed and came back from the toilet. She just went to bed, and before her eyes were completely closed, she saw that the phone was on, and she answered it.

Otherwise, you can't get it.

But seeing so many missed calls, it was still one night, and everyone called several times.

This situation is obviously abnormal.

This is obviously a major event, and parents are making so many calls.

Otherwise, her parents would never contact her at the same time.

Looking at these missed calls, Liu Linlin finally calmed down, but this time she became uneasy again.

She took a deep breath, temporarily put aside the idea of checking the situation online, and then called the person who noted her father.

Probably the person on the other end of the phone had been waiting for her call, so the moment she called, the call was answered.

"Hey Linlin, what are you doing, why are you answering the phone now." On the other end of the phone, there was a dissatisfied questioning voice from a middle-aged man, his tone still a little eager.

Liu Linlin pouted and suddenly became dissatisfied.

At the same time, there is still some grievances in my heart.

Like her grandfather, her father doted on her very much, and when he talked to her, he was always soft-spoken.

He had never spoken to her like this before, and questioned her.

This made her very unhappy, and felt that her father had changed.

"What else can I do when I'm sleeping? I'm not in China, I'm abroad, and it's night abroad." Liu Linlin stomped her feet and said to the middle-aged man on the other end of the phone in a very impatient tone.

The middle-aged man didn't mean to be angry when he listened to the tone of his daughter's words to him.

After all, it was not the first time that her daughter had spoken to herself in such a tone.

Even, every time her daughter talks like this, she has to coax her.

This time is no exception.

"Sorry, sorry Linlin. Dad was too anxious. He forgot that it was night over there. Don't be mad at Dad." The middle-aged man coaxed.

Liu Linlin hummed, reluctantly forgave the other party, and finally asked about the business, "Dad, what's going on? Why did you and mother call me so many times that you even forgot that it was night here, what happened? Is something wrong?"

Hearing his daughter's question, the middle-aged man sighed, "Linlin, you are in trouble this time." Liu Linlin's

heart shrank, and she finally panicked.

Is she in trouble?

Isn't that what Fatty Wang said?

"Dad, what trouble have I caused me?" Liu Linlin asked in a panic, holding the phone in one hand and the clothes on her chest in the other.

The middle-aged man sighed again, "Linlin, you like Jing Ting, my grandfather and I both know and support you and Jing Ting together. In this way, our Liu family can continue to prosper. , but it didn't make you so anxious to start, and still use this method."

Liu's Persuasion

"Why didn't you discuss it with me and your grandfather, so you just started?" On the other end of the phone, the middle-aged man, Father Liu, rubbed his temples with a headache, "It's all right now, don't say if it doesn't work. , it was you who was seen behind the scenes so quickly, and now everyone knows that you did it, people on the Internet are cursing our Liu family."

Bang!

Liu Linlin's brain exploded completely, her face was pale and bloodless, "How, how could it be exposed? I did this so secretly, how could anyone know that I did it?"

She expressed that she could not accept this fact.

Father Liu put his hand down from his temple, "Hidden? What do you call hiding? You used your own phone number to contact the editor-in-chief of the squirrel department. This shows that you took the initiative to leave your own handle. As the daughter of the Liu family, even if others know who you are, wouldn't they dare to bite you back?"

" " Liu Linlin opened her mouth and had nothing to say.

She really thought so.

She felt that there was a grandfather behind her, and brother Jing Ting behind her grandfather.

So it doesn't matter if you contact Editor-in-Chief Wang or not, let Editor-in-Chief do things.

She felt that with such a strong background behind her, Fatty Wang would not dare to confess her.

But now

that Liu Linlin didn't reply, Father Liu knew what she was thinking.

Known daughters are better than fathers.

Father Liu sighed again, "You are too conceited, but you don't know that these little people are the most terrifying, because they have no background behind them. You can go back and forth at any time, and the same is true for the editor-in-chief. You use your phone to contact him. After he knows who you are, he will naturally secretly leave evidence of your contact. Once the matter is exposed, he will immediately expose you. , to lessen his crime."

"That is to say, the reason why Brother Jing Ting knew that I did this thing is because that Fatty Wang betrayed me?" Liu Linlin's eyes were red and she gritted her teeth.

Father Liu nodded, "That's right, you and the editor-in-chief planned this matter, and you only contacted the editor-in-chief. Except for the editor-in-chief, no one knew that there was someone behind you, so apart from him You betrayed, there should be no other explanation to explain how you exposed."

"That fat fat man!" Liu Linlin screamed like crazy.

Father Liu could feel the pain in his ears being pierced by her cry, so he quickly took the phone away, "If you are more careful, use another phone to contact the editor-in-chief and disguise your voice so that the editor-in-chief doesn't know who it is. You, even if the editor-in-chief is caught, he will not be able to confess you. Now Jing Ting will not know that you did it, and he will not be angry with our Liu family. Linlin, you are still too impulsive. Let me say hello to your grandfather first, and your grandfather and I can also help you, lest you be exposed by the editor-in-chief."

"I can't wait!" Liu Linlin bit her lip, "You always say brother Jing Ting I was forced by Rong Shu to get back together with Rong Shu. The two had no feelings before and would break up sooner or later. I believed it, so I kept holding back my eagerness to return to China and completed my studies here. Now I have finally completed my studies, I was going through the final procedures for returning to China, but I saw that there were often gossip news on the Internet that Brother Jing Ting and Rong Shu were in a very good relationship. How could I bear it

? , Father Liu felt distressed, "Lin Lin, Dad knows how you feel, but he has endured it for so long, is it still the last few days? Look at what you have made now, you have a bad reputation, and you are scolded on the Internet. One piece, our Liu family's reputation on the Internet is not good. Many netizens say that our Liu family deceived them and used them. Now most of them are boycotting our Liu family, and our company's shares have fallen a lot. Now the shareholders have a lot of opinions, let's quickly contact Jing Ting and Rong Shu and apologize to them, but we couldn't contact Jing Ting at all."

Hearing that my father said that we couldn't contact Fu Jingting, I panicked." Dad, is brother Jing Ting really angry with our Liu family?"

Father Liu looked worried, "Yeah, I didn't even answer the phone, aren't you angry? Even if I contacted the people around him, the people around him dismissed me with a few words, so it was obvious that he had instructed, You must know that as long as we want to contact him, there is no way we can't contact him, this is the first time this has happened, so Jing Ting is really angry with us."

Liu Linlin's eyes were a little dark.

At this moment, she couldn't help thinking of what Fatty Wang said to her on the phone before.

Said that Grandpa's position in brother Jing Ting's mind was not as important as Rong Shu's girlfriend.

For the sake of Rong Shu, Jing Ting's brother could attack the Liu family mercilessly.

Before, she had dismissed Fatty Wang's words. Although she was frightened, she never believed it in her heart from beginning to end.

But now, she seems to have to believe it.

"Linlin?" There was no voice on the other end of the phone, and Father Liu was a little worried and called several times in a row.

Liu Linlin finally regained her senses and swallowed her throat, "Dad, I heard someone say that brother Jing Ting is going to deal with our Liu family. Is it true?"

"Who told you this?" Father Liu was shocked. eclipsed.

Liu Linlin was taken aback, "Dad, don't you know?"

"I haven't heard anyone say this." Father Liu looked solemn, "Linlin, who did you listen to?"

"It's that editor Wang ." Liu Linlin also Do not hide.

Father Liu frowned, "He?"

"It's him."

"That shouldn't be very credible."

How could an editor-in-chief know what Fu Jingting was thinking.

Estimates are also guesses.

Thinking of this, Father Liu felt a little relieved, and quickly put the news brought by Liu Linlin to the back of his mind and ignored it, "Anyway, it's Linlin that you did wrong, Jing Jing. The court should be angry."

"Did I do something wrong?" Liu Linlin was extremely dissatisfied with her father's statement, and her mouth twitched for a while.

Father Liu nodded, "Yes, you did something wrong, and your fault is due to being inattentive, too conceited, if you conceal your identity to do this, our Liu family will not fall into such an embarrassing situation, but before you do it, , but you concealed that your grandfather and I did it yourself, not only that, even the surveillance did not know that it was completely destroyed, and it was possible for people to recover, but if you completely destroyed the surveillance, even if someone came forward to prove that Rong Shu did not cheat, but there is no surveillance, How much trust is this proof worth? Even if Jing Ting believes it for the sake of face, he will always have doubts

about Rong Shu in his heart. As time goes by, they will not be together for long and will break up sooner or later, so Lin Lin, this move is your move. It 's a big mistake.”

Liu Linlin lowered her head, “I know Dad, this matter is my negligence, and I won't do it in the future. In the future, I will discuss it with Dad, you and Grandpa before I start.”

This time Dad said That's right, she was too anxious, too conceited, and did not consider all the possible consequences, so she made a rash move, and now the Liu family is hated by brother Jing Ting.

But this kind of thing, she will not do it again.

In the next shot, she must succeed, and she will not let people know that she did it behind her back.

Liu Linlin's eyes flashed with a gleam of determination.
