

Read This Time, I Will Get My Divorce Chapter 11-12

Chapter 11 is not that lucky.

Rong Shu sat in Fu Jingting's car, speechless all the way.

Soon, they arrived at the Fu family's old house.

Mrs. Fu lived in the suburbs and was very quiet. She often prayed to Buddha and offered incense. There were only a few women around her.

Far away, Rong Shu heard the old lady's cough.

"You go and stand at the door." The old lady was pale and didn't seem to be in good health. She first said something to Fu Jingting with a cold face, and then brought Rong Shu into the room inside.

"I didn't expect such a big thing to happen soon after I went out. Shu Shu, you are too impulsive."

Rong Shu knew that the old lady was talking about her divorce from Fu Jingting.

She walked forward slowly and held the old lady's cool hand as usual. She smiled slightly, "Old lady, you should be happy for me, I can finally be myself, right?" The

old lady shouted with a slight complaint. Fu Jingting, who was outside the door, turned his head and felt a little sad, "A Ting is a confused child. I missed you such a good daughter-in-law. It hurts you to call me 'Old Madam' so politely now."

Rong Shu was stunned. "Grandmother." The

old lady patted the back of her hand, "Shu Shu, I have seen your feelings for Jing Ting all these years, can you really let go?"

"I have no choice but to let go. ." Rong Shu's heart was sour, what could she do if she couldn't let go? Really enough.

The old lady hugged her and gently patted her back to comfort her, "You divorced Jing Ting, grandmother doesn't blame you, I know that sooner or later there will be such a day, it is A Ting who is not that lucky."

Rong Shu quietly leaned against the old lady arms.

In the past few years in the Fu family, the old lady was the only one who showed kindness to her.

When the old lady was there, Wang Shuqin and Fu Jinglin didn't dare to mess around, they always had to be a little bit wary. She had long regarded the old lady as her family.

Rong Shu doesn't regret the divorce, but it's a pity that she can't be filial by her filial side.

"Shu'er, I have seen this kid Jing Ting since I was a child, and I understand his temperament. If one day he saves you, will you come back?" The

old lady was reluctant to bear such a good grandson-in-law, and naturally hoped that the two of them would stay together in the future. Together.

But Rong Shu was not naive. She knew that Gu Manyin was the only one who could soften Fu Jingting's attitude, not her.

The corners of Rong Shu's lips twitched, "But grandma, he doesn't like me, I should have understood it six years ago." The

old lady also realized something, her face was gloomy and silent.

"Grandmother, whether I'm your granddaughter-in-law or not, I'm the one who respects you." She stretched out her hand and put her hand around the old lady's temples and smiled, "You always have to be happy and take care of your body. Well, don't worry about the rest."

Fu Jingting stood quietly outside.

He knew the bond between Rong Shu and the old lady.

Although he didn't like Rong Shu these years, he couldn't deny that Rong Shu treated the old lady very well, and was no worse than his own children.

Even if Wang Shuqin and Fu Jinglin were not good to her, she had been taking care of them.

After learning that Gu Manyin's car accident was caused by Rong Shu, Fu Jingting was disgusted in his heart, but for the sake of her sincerity towards the old lady, he chose to let her go.

It can be considered her last mercy.

After a long time, the two people in the house came out.

"Shu'er, if you are free in the future, come and visit my old lady often. I'm afraid I won't have a few years to live."

“What nonsense is your grandmother talking about, you are someone who wants to live a hundred years, and I will come often . It’s up to you.”

At this time, Fu Jingting stepped forward, “I’ll drive you.”

Rong Shu alienatedly refused, “No need, someone will pick me up.” Turning around, he walked towards the black Maybach who had already arrived.

Fu Jingting’s eyes were heavy, it was Lu Qi and the male model.

The warm picture of the three of them talking and laughing is inexplicably dazzling.

The old lady coughed a few times and panted, “I am old, and you can’t control your affairs, but A Ting... I hope you will not regret it one day.”

The old lady, who has always loved him so much, has already treated him well. Extremely disappointed, I didn’t want to look at him again, and went back with the help of the servant.

Fu Jingting stood alone at the door with a cold expression.

regret?

impossible.

Chapter 12 Everyone has their own secrets

The next day, Fu Jingting sat at the desk with the divorce certificate in red books on the table.

He looked at it for a while and threw it in the trash can.

At this time, Assistant Zhang stepped forward and said respectfully, “Sir, Chairman Gu of Sansheng Group has called you.”

Gu Manyin’s father?

Fu Jingting sorted out his emotions and took the landline, “Uncle Gu.”

There was a middle-aged man with a hoarse voice, “Jing Ting, Gu Manyin has been obedient at your house these days, I haven’t had time to visit her recently. It was your aunt who accompanied her to relieve her boredom, and I was afraid she would complain.”

Fu Jingting said calmly, “Uncle, don’t worry, Man Yin is recovering very well these days, and my mother often accompanies her.”

“Oh, that’s good.” Gu Yaotian probed, “I heard some rumors. It is said that Manyin’s car accident six years ago was related to your ex-wife. Yesterday, when Gu Manyin’s mother went to see Gu Manyin, she also asked some questions from the sidelines, but Manyin kept avoiding it. Don’t talk, Jing Ting, do you know what’s going on?” The

man looked stunned, pursed his lips, and did not speak immediately.

“Jing Ting, are you listening?” After a

while, Fu Jingting frowned, “That car accident... It does have something to do with Rong Shu.”

Gu Yaotian said earnestly, “You also know that Gu Manyin is the treasure that I have been hurting since I was a child. The car accident six years ago made me and my aunt almost collapse. After Man Yin woke up, the first person I saw was you, which shows how deep my feelings for you are. As for your ex-wife and Man Yin, who is more important, I miss you It’s very clear.”

Fu Jingting lowered his eyes, “Yeah.”

There seemed to be satisfaction over there, “Jing Ting, I believe you will be the most trustworthy person for Man Yin.”

After hanging up the phone, Fu Jingting pondered for a moment.

After a long time, Assistant Zhang was called in, “You have something to do.”

...

Rong Shu and Li Chuan and Lu Qi came out of the Tiansheng headquarters building side by side.

Lu Qi grinned and hooked Li Chuan’s shoulders, giving him thumbs up again and again, “It was wonderful just now, you didn’t see the faces of those old men, they were all green, or Li Chuan had a way, haha.”

Rong Shu couldn’t help but hook her lips.” Those people have a lot of opinions on me because of a fund theft case six years ago, and naturally they will not easily accept the fact that I have become a new shareholder, but Li Chuan’s method is very effective, and they are speechless.”

She never asked Li Chuan . How did I meet my grandfather, and I didn’t ask him why he knew some things about Tiansheng Company.

Although Li Chuan is a model now, everyone has their own secrets.

This is respect.

Grandfather scrapped so hard to get 51% of the shares, she would use these shares to gain a firm position in Tiancheng and thoroughly find out the truth six years ago.

As for the Gu family...

her eyes flashed, not in a hurry, she came step by step.

“Baby, you are also a person of status now. You can’t dress sloppily in the future, and you can’t let others look down on it. Let’s go, let’s go buy some clothes and jewelry.”

Lu Qi drove the two of them to the first-class brand store . .

It is a paradise for ladies of the upper class, where there are super precious items such as high-end clothing, jewelry, and jewelry.

But the original good mood of the three was destroyed by a sharp and mean voice.

“Stop me, you little beast!” Familiar abuse, familiar tone.

The smile on Rong Shu’s face disappeared instantly.

Turning around and looking, Wang Shuqin put her hands on her hips and stared.

She walked up to Rong Shu, pointed at her nose and scolded, “Okay, you’re a thousand swordsmen. Not only did you commit a scandal of cheating before marriage, but you even took my son’s money and brought two lovers with you. Come here to buy things? Are you disgusting, Rong Shu!”

Li Chuan had a sullen look on his face, and stood in front of Rong Shu, “Keep your mouth clean.”

Wang Shuqin rolled her eyes to the sky, how loud her voice was, and attracted a large number of people around her to watch, “Everyone, come and see! This woman is a shameless Beiji. She took my son’s hard-earned money, and here she is with an adulterer. You fools! Look at everyone, one woman and two men are comparable to Pan Jinlian in this world!”
