Liu's Apology

Father Liu didn't know what his daughter was thinking, he only knew that his daughter listened to what he said and was very pleased, "That's right, if you have anything, you have to discuss it with your father and grandpa first, you must know that father and grandpa I will always be on your side, and Dad and Grandpa want you and Jing Ting more than anyone else, understand?"

"I see." Liu Linlin nodded, then bit her lip and asked, "But Dad, what should we do now? What should I do? Brother Jing Ting is angry with our family. He doesn't even answer our phone. Are you worried?"

Father Liu narrowed his eyes, "Jing Ting is angry with us, this is really not a good thing for us, but don't worry, with your grandfather here, we are wrong about this, I believe that as long as Let's apologize, plus your grandfather came forward, Jing Ting should forgive us, after all, the relationship between him and your grandfather is not a joke."

All in all, Father Liu didn't think Fu Jingting would talk to him for a woman. Father cut off the teacher-student relationship.

In that case, wouldn't it be an ungrateful person?

Hearing Grandpa's appearance, Liu Linlin's anxiety eased a lot.

She also thinks that even though that Rong Shu has a more important position in Brother Jing Ting's mind, his grandfather is not too light.

Brother Jing Ting will definitely not really anger Grandpa for Rong Shu.

Now it's just because of a momentary anger.

It has to be said that the two of them are indeed father and daughter, and they all thought of it together,

"When will Grandpa go to Brother Jing Ting to intercede?" Liu Linlin asked again after collecting her thoughts.

Father Liu pressed the bridge of his nose, "You know your grandfather's body, it looks tough, but it's not very good on the inside. He sleeps for a few hours every afternoon, and your grandfather probably hasn't woken up yet, so he doesn't know about it. You did it. When your grandfather wakes up, I will tell him immediately and ask him to go to Jing Ting earlier, but Lin Lin, you should change your ticket as soon as possible. It's

best to go back to Hai Shi in China before tomorrow morning and go with him in person. That Rong Shu apologizes, maybe this will completely calm Jing Ting's anger."

"What? Apologize to Rong Shu?" Liu Linlin's voice suddenly became higher and sharper, "Why should I apologize to her? Dad, you know me and her are rivals in love, you want me to apologize to my rival? I don't want it! "

Lin Lin, Dad knows how you feel, but there's nothing they can do. They know that you did it. If only your grandfather came forward and you didn't come forward, Jing Ting." I will only feel that our apology is not sincere at all. Even if I forgive us in my heart, I must still care about you. If you want to be with Jing Ting, it will be even more difficult. You are just saying an apology, and it is not a shame. It's a big deal, you keep this apology in your heart, and when you and Jing Ting are together in the future, you will redouble the hurt from that Rong Shu, and take this shame back, what do you think?"

Liu Linlin suddenly Feeling moved, I no longer resisted in my heart, and my eyes brightened, "I know Dad, I listen to you, I apologize, I can't bear the calm for a while, and let that Rong Shu look good in the future!"

"That's right." Father Liu smiled happily.

The dialogue between the father and daughter is simply heartbreaking.

The daughter's obvious mistress behavior, when the father not only does not stop, but raises his hands to support, and even gives his ideas behind his back.

It can be said that the Liu family is a raccoon dog, not a good person.

At the end of the call, Father Liu put down the phone and called the secretary into his office, "Have you contacted Jing Ting?" The

secretary shook his head, "I still can't get in touch with Mr. Fu, Assistant Zhang's phone call is now refusing to answer. Now, Mr. Fu's other assistants and secretaries still sent us a few words and refused to tell us about Mr. Fu's whereabouts."

"It seems that Jing Ting is really serious this time, and plans to go with our Liu family . My face is gone." Father Liu sighed.

The secretary looked at him, "Mr. Liu, what if Mr. Fu really wants to deal with our company because of what the lady made this time?" The

secretary was a little worried.

But Liu's father raised his hand to stop it, "No, my father is still here, even if Jing Ting doesn't like us well, but for my father's sake, he won't really do anything to our Liu family, even if he does, That was also after my father passed away."

It was because they were worried that after the death of their father, the Liu family did not lose contact with Fu Jingting, and without Fu Jingting's protection, the Liu family is likely to gradually withdraw from the wealthy family.

That's why they wanted Linlin to be with Fu Jingting.

Only in this way, even if the old man dies, the Liu family does not have to worry that Fu Jingting will not shelter them.

To this end, he and his father have been trying to find a way to match Linlin and Fu Jingting.

This time, when my father returned to China, he had already approached Fu Jingting and was going to persuade Fu Jingting to break up with that Rong Shu.

Although it failed, at least there is still a chance.

Unexpectedly, Linlin did not hold her breath, and directly concealed that he and his father took the first shot, which angered Fu Jingting.

Now let alone match Linlin and Fu Jingting, we have to find a way to ease the relationship with Fu Jingting first.

Although he wholeheartedly believed that Fu Jingting would not directly deal with their Liu family for this trivial matter, he would definitely alienate their Liu family.

As soon as they alienated their Liu family, they were telling the outside world that their Liu family had lost the protection of the Fu family.

At that time, those who have ghosts will definitely have to deal with their Liu family and bite a piece of meat from their Liu family.

Therefore, the matter of easing the relationship with Fu Jingting cannot be delayed.

Thinking, Father Liu narrowed his eyes and looked at the secretary, "So, you go to the office. The public relations department used our official account of Liu's to issue an apology statement to Rong Shu and Fu Jingting, saying that Linlin's mind was immature, so she made such a big mistake, we will educate Linlin well, not If this kind of thing happens again, please forgive them. Anyway, everyone now knows that Linlin did this. We must apologize first, not only to Rong Shu and Fu Jingting, but also to apologize. Apologize to netizens and stabilize the stock market first. As for Fu Jingting and Rong Shu, they may not let it go because of an online apology. At least send these netizens away first and say that they can't continue to scold them. . "

"Understood." The secretary nodded in response.

Father Liu waved his hand, "Go ahead."

"Yes." After the

secretary left, Father Liu didn't stay in the office for long. He picked up the car keys and left the office, ready to go back to Liu's old house to see if the old father was awake. If

he wakes up, tell the old father about this. , Discuss with the old father how to solve it.

No matter what, the relationship between their Liu family and Fu Jingting cannot be broken.

On the other hand, back to the car in Repulse Bay.

After leaving the police station, it is already past five o'clock in the afternoon.

Therefore, Rong Shu and Fu Jingting did not intend to return to the company, and planned to go directly to Repulse Bay.

On the way, Fu Jingting was driving, and Rong Shu was sitting in the co-pilot and swiping his mobile phone. After

swiping, a message popped up on the social platform, telling her that someone Ai

It makes Rong Shu curious. Her

account has been set up, and ordinary accounts cannot be used for her, otherwise her phone will probably keep ringing.

So there are only a few that can be used for her. There are special accounts, such as official accounts, such as the blue v accounts of some companies, etc.

I just don't know which of these two kinds of accounts Aite's has this time.

Stupid Liu Shi

With doubts, Rong Shu clicked into the message bar and entered her personal social platform from the message bar.

As soon as she entered, Rong Shu saw who Aite was.

It was actually the official account of Liu's Internet Company, Aite.

interesting!

Rong Shu's red lips ticked slightly.

She wanted to see what she wanted to do

at Liu's Internet company Aite! Rong Shu clicked on the news Aite, and soon saw the content of Liu's Internet company Aite.

After seeing the content of Aite clearly, she couldn't help laughing, and there was a hint of mockery in her laughter.

Taking advantage of the long straight section and no cars ahead, Fu Jingting quickly turned his head and glanced at her, "What are you laughing at?" Rong

Shu raised her head, "You know what?

You?" Fu Jingting frowned.

Rong Shu picked up the phone and showed him, "Yeah, I still use their company's official account."

Fu Jingting's dynamic vision is very good, even if Rong Shu just held the phone in front of him and shook it, he could see clearly After reading the above, Jun's face darkened, "This is their apology?"

To be honest, he was very dissatisfied.

He did not see the slightest sincerity of apology in the content of this apology.

Rong Shu took the phone back, looked at the contents on the phone, and sneered, "Yes, this is indeed their apology, what do you think?"

"Insincere." Fu Jingting pursed his lips and said coldly, completely I didn't mean to give face to my teacher.

Rong Shu was very satisfied with this and smiled, "It's really not sincere. Generally speaking, if they really realize that they are wrong and want to apologize, they should have done it as soon as I exposed them. I took the initiative to apologize to me, you, and Aqi, but they didn't do anything. Until now, Liu's Internet has been besieged by netizens and the stock market has gone wrong. Only then did I think of the apology, but the funny thing is, they The apology, neither did he personally come to us to apologize to us, nor did he hold a press conference to apologize. Instead, he chose to simply post

a few sentences on the Internet, and Aite asked us, even if it was an apology. , this is the first time I've seen this way of apology.”

But if a person wants to apologize, he should take the initiative to come to the door, send an apology, apologize in person, and obtain the forgiveness of the victim.

Either hold a press conference directly, as an apology for the hundreds of millions of viewers, at least this way, it will also let the audience know that you can put it down and apologize in public.

In this case, the audience will give them a high look, thinking that they can correct their mistakes, and it is a good company.

As a result, the reputation of Liu's ruined reputation will also be pulled back a little, isn't this also a means to save the company?

Which of these two ways of apology is not more sincere than posting a few sentences on the Internet? come well?

I believe normal people will think that these two ways of apology are better.

However, the Liu family did not use these two methods, and only posted a few words on the Internet as an apology to them. What is this?

Isn't this just telling others that they're not sincerely apologizing?

Oh, such an apology, it is better not to apologize!

A hint of coldness flashed in Rong Shu's eyes, "And you know what? It said that Liu Linlin did such a thing because of immaturity. What kind of person is immature, of course, it's a child. The kind that didn't grow up, the meaning of the above, doesn't it mean that Liu Linlin did this because she was still young and had not grown up, so she made a mistake, how ridiculous, twenty-six or seven people, in their Liu Linlin From the family's point of view, he is still a child, hasn't grown up yet, a giant baby?"

Hearing Rong Shu's sarcastic words, Fu Jingting frowned deeply.

It's not that Rong Shu's words are wrong, but that he is very dissatisfied with the behavior of the Liu family.

Just like what Rong Shu said, he can also see the true thoughts of the Liu family.

A sentence of immature mind, just want to make things bigger and smaller.

This face is really ugly.

“Don’t pay attention, just don’t see their apology.” Fu Jingting said with a gloomy face while driving.

Rong Shu clicked her phone, “Don’t worry, I thought so too. From the beginning, I didn’t plan to pay attention to it. Besides, there are many smart people in this world, but we are not the only ones who can see the hidden meaning of this apology statement. , and netizens can also see it, now, isn’t that what it is?”

Rong Shu took the phone to Fu Jingting again and gave him a look, “A lot of them have seen it now, and they are mocking under the comment section.”

Fu Jingting Glancing at it, “Liu treats everyone as a fool, so naturally he must be prepared to be criticized.”

“That’s right.” Rong Shu took her phone back and watched the new wave of netizens besieging Liu. Yes, the smile on his face never stopped.

As Fu Jingting said, Liu’s statement is to treat everyone as a fool, thinking that everyone can’t see the implied meaning of their apology statement.

But in fact, they were blindfolded, and they expressed their meaning clearly, as long as they were not really fools, everyone could see their ugly faces without the slightest guilt.

At the beginning, Liu Linlin and the squirrel team deliberately tampered with the content of the photos and deliberately published deceptive news texts, in order to convince netizens that she was indeed sorry for Fu Jingting’s derailment, so netizens would naturally all come to scold her.

Because this world is not fair to men and women.

When a man cheats, many people will say that it is a mistake every man makes, and tolerance for men is simply outrageous.

And if the same mistake happened to a woman, then everyone would condemn that woman, believing that she had made a big mistake that God cannot tolerate, and one by one was filled with righteous indignation and wished the woman died.

So that’s why, after the scandal came out, there were so many people who didn’t want to wait for their client’s statement, so they directly judged, criticized and abused her, and determined that she did such a thing.

In addition to the social malice towards women, there is naturally also the guidance and use of netizens by Liu Linlin and the Squirrel Department.

Later, she directly exposed the sinister intentions of Liu Linlin and the Squirrel Club. Netizens knew that they were used as puppets, so they would naturally feel extremely angry, and then they would besiege Liu and the Squirrel Club.

Liu Shi probably caused the stock market to be turbulent because of the siege of netizens, so he couldn't continue to pretend to be deaf and dumb.

It's just that she never expected Liu Shi to be so stupid.

If you want to apologize to calm the anger of netizens and restore the stock market, then in the apology statement, mention the content of an apology to the majority of netizens.

However, no, only she and Fu Jingting were mentioned.

It is obvious that Liu did not take netizens to heart at all, and even looked down on netizens.

I think they are all ordinary people, so Liu, who is aloof, doesn't mention netizens at all.

The funny thing is that they wanted to save the stock market, but they didn't apologize to the netizens. They felt that only by issuing such a statement, Aite and Fu Jingting apologized to everyone.

Isn't that stupid?

Netizens who don't buy it

Or do they think the netizens are stupid, and can see their apology to the netizens from this ridiculous apology statement?

Perhaps, Liu Shi really thought so.

I think that netizens are a group of ordinary petty citizens who have always admired and respected capital.

Therefore, as long as netizens see that it is an apology, they will feel that it is also an apology to them.

Maybe some netizens will think so, but unfortunately, most netizens are normal people, they are really just ordinary citizens.

But they are not the kind of inferiority blind that see the apology issued by Capital, and think that it is also an apology to them.

She can only say that Liu's thinking of netizens is too simple and too underestimated.

Netizens are actually easy to deal with, as long as Mrs. Liu apologizes to netizens sincerely, or mentions netizens in the statement just now.

She believes that most netizens will forgive, after all, no one is stupid enough to fight against capital all the time.

But Liu Shi didn't do this, and even forgot that it was their daughter Liu's daughter who angered netizens and caused problems in the stock market at first.

After the netizens fought back, they not only didn't apologize, they didn't even mention the netizens. This is clearly telling the netizens that Liu didn't take them seriously.

So how can netizens not be more angry?

Why not attack Liu again.

I believe that Liu Shi is even more overwhelmed at this moment, right?

Rong Shu smiled.

I just don't know, who is paying attention to this apology statement, is it Liu's public relations department itself, or is it the Liu family?

If it is a public relations department, such a public relations department can be disbanded. What do the employees who bring trouble to the company do?

If it is the Liu family, then the Liu family is estimated to be over.

The wealth is only three generations, and at the Liu family, it can be extended to four generations at most.

With such a leader, the Liu family didn't have much to attend.

Rong Shu thought about it, shrugged and smiled, launched Liu's official platform, and returned to her own social platform.

Under her latest update, there are tens of thousands more comments than when she left before.

Rong Shu raised her eyebrows, then clicked on the comment area to take a look, and saw that all the content posted by netizens asked her not to forgive Liu.

This should be what netizens came to say after seeing Liu's apology statement.

And some netizens were worried that she didn't see the hidden meaning in Liu's apology statement, and even translated it to Aite to let her know, for fear that she would think that Liu was sincerely apologizing to her, and she forgave her for that. Liu and Liu Linlin.

Seeing this, Rong Shu was quite moved, and couldn't help laughing out loud.

When Fu Jingting heard it, he glanced at her sideways again. Although he didn't open his mouth, his meaning was obvious, and he was asking her why she was laughing.

Rong Shu didn't hide it from him. She shook her phone and said, "It's these netizens. They're pretty cute

.

"I don't dare to speak out, I'm trying to figure out how to deal with the lawsuit, so those who dare to speak are basically good people." Rong Shu stuck out her tongue and said.

After speaking, she chose a comment with the highest number of likes to reply to the other party, "Thank you for your suggestion, don't worry, an apology without sincerity is not qualified to be forgiven, not to mention that an adult makes a mistake, but can be forgiven by a sentence of mind. I'm immature to deal with it, delusional big things are made small, and I don't see if the victim agrees."

As soon as Rong Shu's reply came out, some netizens posted screenshots and immediately went on the hot search.

After all, Rong Shu's reply showed her attitude towards the Liu family!

Do not forgive.

For a time, netizens were overjoyed and ran to Liu's official comment area to ridicule whether Liu was dumbfounded.

All of a sudden, Liu's stock market fell to the bottom again.

Liu's public relations department was really dumbfounded.

On the other hand, the head of the public relations department, sitting behind a computer with coffee, looking at the data on the computer, not only did not panic at all, but drank coffee very calmly and said, "I said earlier that this apology statement was issued. No, it's better to let President Liu come forward and apologize to Tiancheng and the netizens, but you don't listen, do you see it now? The netizens are even more aggressive."

Liu's secretary station Behind the Minister of Public Relations, he also looked at the data on the computer.

Watching the stock market data fall all the way, my head is big.

"What can I do? This is what Mr. Liu ordered himself. I am a secretary, what else can I do except do what I do?" The secretary scratched his scalp irritably.

The head of the public relations department looked back at him, "Don't you know how to persuade Mr. Liu? To put it in an ugly way, Mr. Liu has never had the ability to make decisions. I am bankrupt, so do you think the idea proposed by President Liu can be implemented?"

"Of course I know it can't be done, but you also know that President Liu is very stubborn and conceited, even if his decision is wrong, He doesn't listen to other people's advice, and thinks that his own orders are right and correct, and they must be implemented, otherwise the person who questioned his decision must be the one who will suffer, so can I persuade me in this situation?" The secretary sighed and smiled bitterly.

The head of the public relations department snorted, "The Liu family is indeed a raccoon dog."

"What do you mean?" The secretary looked down at him.

The head of the public relations department said disdainfully, "Miss Liu called the technical department before and asked the technical department to raise the heat, don't let President Fu suppress the heat, at that time, the old Liu in the technical department knew that it was President Fu. In order to reduce the heat, I persuaded Miss Liu not to do this at the time. After all, it angered Mr. Fu and had nothing to eat. However, like Mr. Liu, Ms. Liu was stubborn and did not listen to her, thinking that her grandfather was Mr. Fu's teacher, Mr. Fu. He definitely wouldn't care about her behavior, so the technical department had no choice but to respond under pressure. Afterwards, that is, two hours ago, Lao Liu had already resigned and left the Liu family. He was afraid that Fu Gong would compare himself and escape later. It's even harder." The

secretary sighed and said nothing.

The head of the public relations department put down the coffee cup, "It seems that I should also think about a way out."

"You also want to resign?" The secretary was shocked.

The head of the public relations department rubbed his temples, "Yes, look at the current situation, Mr. Fu is really angry, and now it is rumored that Mr. Fu is going to break with Liu, so now those companies in the circle are starting to wait and see. Get up, once Mr. Fu finally stated that he wanted to break with Liu, those companies would

definitely unite and eat Liu's belly. At that time, the whereabouts of our employees would become a problem, so it is better to resign yourself. , at least resign before the incident, and you will not be implicated, Lao Wang, we have been friends for many years, I also advise you to think about your future." The

secretary was silent for a moment, "What you said is, I'll think about it, but now, I'm going to report the situation online to President Liu first, and we'll talk when we go out for dinner in the evening."

"Okay, you can go." The head of the public relations department waved his hand.

The secretary picked up the folder, walked out, went to the president's office on the top floor, and reported the news of the netizens to Liu's father.

After listening to Father Liu, his face was full of disbelief, "How could this happen?"

arrogant and arrogant

Those petty citizens on the Internet are still scolding them.

how can that be!

However, seeing the serious expression on the secretary's face, Father Liu had to believe this fact.

Father Liu clenched his fists on the desk, his already wrinkled face looked a bit older, and his eyes showed a dazed look, "How could this be?"

He couldn't figure it out.

He has already apologized.

Why are those scoundrels on the Internet still scolding?

Seemingly seeing what Father Liu's confusion was, the secretary lowered his head, a trace of irony flashing in his eyes.

At this point, Mr. Liu still didn't realize where he was wrong.

It seems that I really have to consider my friend's suggestion and quit my job to find another job.

Otherwise, Liu's family will be brought down by such an incompetent leader sooner or later.

Of course, the secretary thought so in his heart, but he didn't dare to show the slightest on his face. He still asked worriedly, "Mr. Liu, what should we do now?"

Father Liu clenched and clenched his fists without speaking.

Because he doesn't know what to do anymore.

Before, he went back to the Liu family's old house and approached his father to discuss how to re-ease the relationship with Fu Jingting.

After the discussion, he rushed back immediately to appease the shareholders in the company.

After all, the stock market is volatile, and he has to give shareholders a statement.

Who knows, he only assured the shareholders that the stock market would return soon.

As a result, the secretary now brought news that after the apology statement was released, the stock market not only did not return, but fell even more.

How could he accept this fact?

This is completely different from what he thought.

What he thought was that when his apology was sent, that Rong Shu and those unreasonable netizens should stop insulting his Liu family and forgive Linlin's behavior.

Rong Shu, in particular, should be forgiven immediately.

After all, Linlin's grandfather was Jing Ting's teacher.

Seeing this relationship, Rong Shu should forgive her.

Even if Jing Ting is angry with their Liu family now, it is absolutely impossible to break with their Liu family, and will always reconcile with their Liu family.

That Rong Shu should also be aware of this, so he shouldn't keep worrying about Linlin's fault.

When they should have seen their Liu family's apology statement, they immediately forgave Linlin.

However, the woman didn't do this at all. Instead, she bluntly said that she would not forgive, saying that their apology was not sincere, not a sincere apology.

Yes, they did not sincerely apologize, and they were unwilling to apologize to such a woman.

Because his Liu family felt from the beginning to the end that this woman was not worthy of Jing Ting, and only Lin Lin was the most suitable for Jing Ting.

If they sincerely apologize, wouldn't they be telling others that their Liu family likes this Rong Shu very much and thinks that Rong Shu and Jing Ting are a good match for him, is he worthy of Jing Ting?

At that time, Linlin was with Jing Ting, what would others say?

Therefore, he absolutely could not see that kind of situation appear, and for this reason, he deliberately chose to apologize in this way.

Although insincere, he also apologized.

Then this Rong Shu should be accepted obediently, right?

After all, sooner or later, his Liu family will reconcile with Jing Ting. At that time, she will not be afraid that his Liu family will say something in front of Jing Ting, so that Jing Ting will gradually dislike her?

Oh, it seems that this Rong Shu is just a stupid woman.

Otherwise, how could it not have been thought of?

The conceited father Liu thought of this, and his face was full of contempt for Rong Shu. He didn't think about it at all. In Fu Jingting's heart, Rong Shu's status was much more important than their Liu family, and he would never reconcile with their Liu family. , and will not be dissatisfied with Rong Shu by the few provocations of their Liu family.

After all, in Father Liu's view, their Liu family is more important than Rong Shu's position in Fu Jingting's mind.

People who can't see reality clearly and are immersed in their own fantasies are probably just like Father Liu.

As for those netizens, Father Liu was even more dissatisfied.

To Liu's father, these netizens are just some small townspeople who can't think of a stage. To put it more nasty, they are just a group of troublemakers. How can they be compared with people of their identity.

So in his apology statement, isn't it normal not to mention them?

Will a person with status talk about an ordinary person all the time?

So what can't these small townspeople accept?

Shouldn't they regard his apology to Rong Shu and Fu Jingting as theirs?

They dared to ask him to apologize to them again.

Don't even think about it!

Who do they think they are?

It's just a group of petty citizens who actually dared to boycott their Liu family, who gave them the courage!

The more I thought about Father Liu, the more angry he felt, and his breathing became quicker.

But soon, Father Liu calmed down again and snorted coldly.

But it's just a group of petty citizens, let's make trouble.

He wants to see, what kind of trouble they can make, and can they really bring down his Liu family?

Father Liu felt disdainful, looked at the secretary on the opposite side and said, "Don't worry about the group of unscrupulous people on the Internet, let them scold them, and notify the people below that you must stabilize the stock market for me."

Listening to Father Liu's order, the secretary There is a big white eye in my heart.

As a boss, even if you have no brains, you are still so mediocre and incompetent, you don't even have the ability to defend.

It is really unfortunate for the Liu family and their employees.

Although he thought so, the boss is the boss after all. The secretary did not express his thoughts, just pushed his glasses and replied hesitantly, "Mr. Liu, although the people below can stabilize the stock market, this is a temporary solution, not a permanent

solution, as long as Netizens don't stop, even if the stock market stabilizes for many times, it will still continue to fall, and it will be troublesome if it falls to a critical point." I

believe that anyone with brains will realize that this method is not feasible at all.

However, Father Liu was not one of these people. He didn't feel that the instructions he gave were wrong, but when he heard the secretary's questioning, he was very dissatisfied, "What trouble could there be? I still don't believe that these netizens could My Liu family is going bankrupt? Okay, just do it if you want to do it, where did you get so many words?" The

tone was extremely impatient.

Seeing that Father Liu didn't realize the seriousness of the matter at all, the secretary felt very helpless.

That's all, after tonight, I'd better find a way to resign.

Staying in such a company, staying with such a boss, if you don't get out as soon as possible, it will be finished sooner or later.

For a while, the secretary gave up the idea of continuing to persuade Father Liu. After all, a person who was bent on seeking death, how could he be able to persuade him to come back?

Simply do not advise.

Anyway, it was not his company that went bankrupt in the end.

Thinking, the secretary nodded, "Okay, Mr. Liu, I'll go right now."

After speaking, the secretary turned around and went out.

As soon as he left on the front foot, Liu's father received a call on the back foot.

Hearing that a shareholder on the phone asked him to go to the conference room immediately, Father Liu felt very arrogant.

It was just guaranteed that the stock market would return soon, but instead of returning, it fell again.

These shareholders were very dissatisfied with this, and asked him to explain the reason in the past.

Father Liu put the landline microphone back, sighed irritably, and resignedly left the office and walked to the conference room.

Although he is the executive president of Liu's, the shareholders have spread his power very widely.

Therefore, in the face of the demands of these shareholders, even he has to listen.

On the other side, Rong Shu and Fu Jingting finally returned to Repulse Bay.

However, the two did not rush into the building and returned to the apartment, but held hands and walked to the high-end market near Repulse Bay.

Go to the supermarket together

There was no food in the apartment, so the two got out of the car and set off directly to the high-end market to buy some food and go back.

It was the first time for Fu Jingting to go grocery shopping by himself.

Although he usually cooks, the dishes are prepared early in the morning, and they are all bought by Rong Shu in advance.

So when Fu Jingting was cooking, he never encountered the embarrassing situation of not having any dishes.

Therefore, this was the first time he came out to buy vegetables with Rong Shu, and it felt strangely fresh.

The two were walking in the high-end market, and Rong Shu took a cart.

Just as he was about to push it away, a pair of big hands reached out and pulled the cart over.

Rong Shu's hands froze in midair, then turned to look at him, "What's the matter?"

"I'll push." Fu Jingting lightly opened his thin lips and turned back, then raised his chin slightly, motioning her to look forward.

Rong Shu followed, but didn't see any strange sights, she was very curious, "What do you want me to see?"

Fu Jingting sighed slightly, "I want you to see, those who came to buy vegetables together, they are all men pushing the cart, so of course I have to push the cart, those women have some, of course you can't miss it, not to mention, this kind of physical work should also be done by men."

After speaking, Fu Jingting took a photo. Tap the cart handle.

Rong Shu was amused, "Okay, since you said so, then the car will be handed over to you."

"Of course!" Fu Jingting obliged.

A hint of slyness flashed in Rong Shu's eyes, "Actually, even if you don't tell me, I'm going to give you the car and let you push it."

"Oh?" Fu Jingting raised his eyebrows.

Rong Shu grabbed his arm and shook it, "Look, other couples or couples who come together are all men pushing carts. If I don't let you push it, won't I make others look down on you? I think you are one of them. Big man, don't even push the car, let a woman push it, it's shameful, right?"

Fu Jingting chuckled, "Oh? Is that really the case?"

"Of course." Rong Shu nodded hastily.

Fu Jingting stretched out his index finger and tapped her forehead, "If I don't push the cart, women may look down on me, but shouldn't those men be envious of me?"

"It's their business that they are envious, but you do Man, do you really have the heart to let me do this as a woman?" Rong Shu raised her head and looked at the man with a half-smile.

There are many men who dare to nod their heads to make men look good.

Seeing this, the smile in the man's eyes grew stronger, "Of course I can't bear it, my woman, as long as she enjoys a lifetime of happiness, all right, let's go."

Fu Jingting grabbed the push rod of the cart with both hands, and was about to push it Push the cart into the supermarket.

Rong Shu stopped him, "Wait."

"What's wrong?" Fu Jingting stopped.

Rong Shu pointed to a bunch of couples passing in front of them, "You only saw the man pushing the cart, didn't you see the woman's movements?"

Fu Jingting raised his eyebrows and went to observe the team that just passed by. couple.

At a glance, I understand.

Fu Jingting's thin lips twitched, and then his right arm was slightly bent, looking at Rong Shu.

Rong Shu smiled sweetly at him and took his arm.

"I didn't expect you to understand what I mean." Rong Shu hugged the man's arms with both hands and walked into the supermarket with the man.

Because the hug was too tight, Fu Jingting could clearly feel the two balls of soft flesh constantly rubbing against his arms.

Fu Jingting's eyes darkened, his Adam's apple couldn't help sliding up and down, his voice was slightly hoarse, "Your husband, I'm not a fool, why can't you understand?"

"Who is my husband, don't talk nonsense." Rong Shuhong Glancing at him.

Fu Jingting curled his lips, "Sooner or later it will be."

"Hmph, who knows." Rong Shu pouted and muttered softly, her cheeks red like a ripe apple.

If it weren't for the crowded supermarket here, he would have pressed her against the wall, pinched her face, and bit her down.

Seemingly seeing the meaning in Fu Jingting's scorching, hot eyes, Rong Shu's face became even hotter, and then she patted the man, widened her eyes and warned in a low voice, "I tell you, don't mess around."

Fu Jingting's voice Still hoarse, "No, it's messing around at home."

Rong Shu's mouth twitched.

This man is really

forget it, too lazy to pay attention to him.

Rong Shu hugged the man's arm again, thinking inwardly.

Entering the supermarket, Fu Jingting raised his eyebrows when he saw the dazzling array of supermarket goods.

Rong Shu caught it, understood something instantly, and smiled, "This is the first time you've come to this kind of place?"

Fu Jingting was noncommittal, "I never need to shop by myself, and the things I need to use will always be delivered by someone at a fixed time. You don't have to worry about it, so you don't need to come to this kind of place, but I have visited the mall before, and it looks similar to the supermarket."

"Although there are some similarities, there are still differences." Rong Shu took a bag of bananas and put them in the cart inside.

This is a high-end market, also called a high-end supermarket.

Therefore, the contents inside are basically imported products carefully selected from abroad. You can just pick a bag when you buy it, and you don't need to carefully check whether it is good or bad.

This undoubtedly saves customers a lot of time.

After all, this is a supermarket in a high-end apartment area like Repulse Bay, and although the people living in Repulse Bay are not very rich, they are basically multimillionaire-level owners.

So the supermarket side, the natural service, is also these rich people.

Seeing that Rong Shu took a bag of bananas and stopped taking them, Fu Jingting looked at the other fruits and asked, "Don't you want anything else?"

Rong Shu shook his head, "No, I rarely eat fruit, just buy some bananas for salad. I'm done."

"How can I do that?" Fu Jingting frowned, and reached out and put several kinds of fruits into the cart, "I've been too busy during this time, and I didn't pay attention to your diet. Now that I know it, of course I want to. I urge you to eat more fruit."

After speaking, Fu Jingting saw something, pushed the cart and walked forward, and on a row of shelves, he took a few kinds of very precious fruits and put them into the cart.

Soon, the cart was more than half full, full of fruit.

Rong Shu couldn't help laughing when she saw it, "I bought so much, how can I finish it? Put some back."

She walked over quickly and reached out to take out a few fruits from the cart.

Seeing this, Fu Jingting grabbed her wrist and stopped her, "Don't take it, it's all bought for you to eat. What do you take out to eat?"

After speaking, Fu Jingting directly threw Rong Shu's hand out of the cart, and then push the cart to another cart on the body so that she cannot reach the cart.

Rong Shu held her forehead, "It's good to have a few kinds of fruit, it's enough for me to eat. You buy so much at one time, how long do I have to eat?"

"If I can't finish it, put it in the refrigerator and keep it to eat slowly." Fu Jingting Looking at her, she was reluctant to take out a few fruits from the cart without saying anything, her attitude was extremely stubborn.

He is all for her good.

The fruits he chose were all very good for women.

So, how could he allow her to take it out.

Rong Shu looked at the man's persistent look, helpless and funny.

At this time, a click sounded behind the two, which was the sound of taking pictures.

The scandal happened just now during the day, so that now Rong Shu is very sensitive to the sound of taking pictures.

After knowing that someone secretly photographed himself and Fu Jingting, the smile on his face immediately disappeared, and his little face became cold.

After all, she thought that some paparazzi must be filming her and Fu Jingting again, preparing to make other news.

Thinking of this, Rong Shu immediately turned around and was about to warn the paparazzi, but she was stunned when she saw the so-called paparazzi, who looked very immature and looked like a high school student.

This seems to be not paparazzi.

luxurious?

Isn't that her and Fu Jingting's C names?

She knows that there are many netizens on the Internet who are knocking on her and Fu Jingting's C's. For this reason, she also uses her and Fu Jingting's names to take a word each, and then add a homophonic sound to form a C name.

It's really that this C name is extraordinarily down-to-earth, and unabashedly gives people a feeling of being super rich and rich.

So she was particularly impressed by her and Fu Jingting's C names.

Unexpectedly, she would meet her and Fu Jingting's fans in person one day.

Fu Jingting, who was picking fruits in the back, also heard the girl's self-reported identity, so she couldn't help but stop her movements and turned to look over.

He also knew that he and Rong Shu had C fans, and he was even happy to see it happen.

After all, there are C fans, which means that his relationship with Rong Shu is favored by many people.

Therefore, he didn't have any disgust for C fans to imagine him and Rong Shu all day long, on the contrary, he tolerated it very much.

Who made them support him and Rong Shu?

Thinking of this, when Fu Jingting looked at the girl again, he had no dissatisfaction at all, but instead, it was pleasing to the eye.

Rong Shu didn't know what the man was thinking behind, but now she had recovered herself, looked at the girl and smiled suddenly, "I probably understand, you are a fan of me and Fu Jingting, so she saw me and Fu Jingting. If you appear together, you will be too excited to take pictures, right?"

If that's the case, then she can understand.

When she was a teenager, she also chased stars, met her favorite stars, and liked to take photos with her mobile phone.

The situation is exactly the same as the girl.

So for the girl's behavior just now, she has nothing to worry about, and is completely relieved.

On the opposite side, the girl saw that Rong Shu understood what she meant, and nodded again and again with an excited expression, "That's it, I became your C-fan shortly after Sister Rong, you and President Fu got back together. Punch in, this time Sister Rong, you have an accident, and I have also scolded you a lot of trolls on the Internet, you see." The more the

girl said, the more excited she became, she just didn't dare to stand too close to Rong Shu, but now she found in fact, it was very gentle. After being very close, he naturally became more courageous. He came to Rong Shu with his mobile phone, faced Rong Shu face to face, and handed his mobile phone to Rong Shu.

The enthusiasm of the girl, Rong Shu was stunned at first, and then began to cry and laugh.

This little fan is really fun.

Rong Shu ruffled her hair, looked down at the mobile phone handed by the girl, and found that the girl was right, she really helped her scold a lot of sailors.

The list of posted comments on that person's platform is full of words to help her and fight back against those navy soldiers and trolls.

Seeing this scene, Rong Shu's heart warmed.

This little fan is really her true fan.

"Sister Rong, how's it going, I'm not lying, I'm really a fan of you and President Fu." The girl looked at Rong Shu expectantly with her big round eyes.

Rong Shu couldn't hold back, she reached out and touched the girl's hair lightly, "Well, you didn't lie, thank you, my cute little fan."

The girl opened her mouth wide and took a deep breath, her whole body froze again.

Ahhh, she was touched by an idol.

Is this not a dream?

The girl raised her hand blankly and touched the position that Rong Shu had just touched.

There, there was still a little warm feeling left.

The girl was completely sure that she was not dreaming, and that her favorite idol actually touched her.

Ahhh, she is so happy.

The girl held her heart in both hands, with a smirk on her face, looking at Rong Shu stupidly.

Also, Sister Rong is so gentle.

She always thought that a woman like Sister Rong who manages a company must be the kind of cold, aloof and hard-to-approach women.

Unexpectedly, Sister Rong was so gentle. After knowing that she was not a paparazzi, she would gently apologize to her and comfort her with Tang.

Such a gentle idol, she really is not wrong.

Moreover, Sister Rong also called her cute little fan.

Seeing the girl staring at him and giggling non-stop, Rong Shu's mouth twitched, making it even more difficult to laugh or cry.

Why is this little girl so funny?

"Little sister, you're back to your senses." Rong Shu smiled and waved in front of the girl, calling the girl back to her senses.

The girl's eyes froze for a moment, then she regained her senses, just in time to meet Rong Shu's smiling eyes.

Rong Shu's eyes were very clear, the girl could clearly see her demented appearance in Rong Shu's eyes, her face flushed again, she was so embarrassed, she shyly lowered her head and took back her phone. .

But just as he was halfway back, a big hand stretched out out of thin air and took away the girl's mobile phone.

The girl thought she had encountered a robbery, so she didn't care about embarrassment and embarrassment, she quickly raised her head and was about to call someone, but when she saw that the person who took her mobile phone was Fu Jingting, the shouting immediately got stuck in her throat, and she couldn't get out. coming.

What, how could it be President Fu?

What is Mr. Fu doing with her cell phone?

The girl blinked her eyes, expressing her doubts, but at the same time she was also very flustered.

Although there was nothing shameful in her mobile phone, she was still a little nervous, scared and flustered when she saw President Fu taking away her mobile phone.

This feeling is exactly the same as when the head teacher Cha Gang caught him playing with his mobile phone when he was in school.

For a time, the girl bit her lower lip and froze in place, her nervousness almost turning into substance.

Rong Shu was also stunned by the scene just now, then turned around and looked at the man standing behind him who was checking the girl's mobile phone, "What are you doing? Why are you holding someone's mobile phone?"

"Look at it. ." Fu Jingting replied by sliding his thumb on the screen.

Rong Shu pursed her lips, "What's so nice? Girls' mobile phones usually have their own privacy. Look at girls' mobile phones. It's rude, and give it back to others." The

girl nodded quickly.

That's right, give it back to me.

Fu Jingting held the mobile phone in one hand and put the other hand on top of Rong Shu's head, like Rong Shu touched a girl's hair just now, gently touched her hair, opened her thin lips and said softly, "Don't worry, I'm not the kind of man without principles. , I won't look at other things in her phone, I only look at her words to help you curse."

"It's not too bad." Rong Shu felt relieved.

She would not suspect that the man deliberately lied to her.

After all, what's the point of cheating?

The girl on the other side didn't think that Fu Jingting's identity would be interested in the contents of her ordinary girl's mobile phone, and she was relieved for a while.

Anyway, as long as Mr. Fu can't bear the other content on her phone and just read her swearing comments for Sister Rong, then she won't have anything to worry about.

The girl let out a sigh of relief, her body was no longer so rigid, she relaxed, and then looked at Fu Jingting on Rong Shu's head and gently caressed her hand, the corner of her mouth grinned, revealing her aunt's smile.

Leave a photo

Ah ah ah, her fan C actually made candy in front of her, knocked it and knocked it.

Moreover, President Fu was very gentle to Sister Rong, not at all as cold as he was to her just now.

This is probably what is said on the Internet, indifference to all living beings, but gentle to you alone.

Sure enough, it is the man like President Fu who is the most comfortable, and the one who can make girls feel the most tempted and safe.

Like that kind of gentle and gentle man, on the contrary, girls don't like it very much. This kind of man is the easiest to be a central air conditioner.

The girl held her face and looked at Rong Shu and Fu Jingting with a smirk.

With such obvious eyes, Rong Shu and Fu Jingting could hardly ignore them.

The two looked at each other and saw helplessness and laughter in each other's eyes.

Afterwards, Fu Jingting turned off the phone and handed it to the girl, "I'm sorry, I just took your phone, and now I'm giving it back to you." The

girl took the phone and replied timidly, "It's okay, it's okay. "

You scared her." Rong Shu patted the man's arm funny.

The man frowned, "I didn't scare her."

He didn't do anything to the girl, not even a cold look.

She wronged him.

Fu Jingting pursed his lips and looked at Rong Shu's eyes, feeling a little aggrieved.

The girl also hurriedly waved her hand, "Sister Rong, you have misunderstood me. Boss Fu didn't scare me. I was afraid of Boss Fu, so I don't blame Boss Fu."

"Afraid of me?" Fu Jingting frowned, "I'm not right. What are you doing, why are you afraid of me?" The

girl shrank her neck, lowered her head, and didn't answer.

Rong Shu laughed and explained on her behalf, "What else do you need to do? You're scary enough just standing here.

"

Rong Shu looked at him with a smile, "Where isn't it? Look at your cold face and your sharp eyes. When others see it, they think you are teaching them a lesson."

That's it.

The girl nodded in agreement.

Fu Jingting lowered his eyes and fell into self-doubt.

Is he really too strict and scary?

"I'll change it in the future." Fu Jingting lightly parted his thin lips and pondered.

Rong Shu was about to say no.

The girl said first, "No, no, Mr. Fu, you don't have to change it, it's just that you are indifferent to outsiders, and your gentle personality towards Miss Rong is the best thing. Others are afraid of you, so it's enough that Miss Rong is not afraid. Right, Sister Rong?" The

girl looked at Rong Shu expectantly, and the words "please praise me" were written all over her face.

Rong Shu smiled and gave a thumbs up.

The girl's eyes narrowed when she saw that she had received a response.

Beside him, Fu Jingting also praised the girl, "That's good, and you did a good job of fighting back online." The

girl didn't expect Fu Jingting's compliments, nor did she dare to think about it.

But when I heard Fu Jingting's compliment, in addition to disbelief, I was also full of excitement and excitement.

Ahhh, President Fu also praised her.

Mom, she's out.

Seeing the girl's excited appearance, Rong Shu smiled and shook her head, "So happy?"

"Hmm, I'm very happy." The smile on the girl's face was about to overflow, "I just came out to buy snacks because I wanted to eat snacks. I don't usually go out. I'm a typical house girl. I didn't expect my luck to be so good. As soon as I came out, I met Sister Rong and President Fu to go shopping together in the supermarket, and I also saw that

Sister Rong and President Fu had such a good relationship and such affection. I guess I am the only one who enjoys this kind of C powder benefit of eating sugar in person. , and I was also praised by Sister Rong and President Fu, so of course I am happy, and I can't stop being happy." The

girl held the phone in both hands and couldn't help jumping excitedly.

After thinking of something, the girl stopped and looked at Rong Shu and Fu Jingting eagerly, "Sister Rong, do you and President Fu also live near here?"

"Yes." Rong Shu nodded.

The girl's eyes were particularly bright, "Do you really live near here?"

"Really." Rong Shu hummed.

"But, as you and President Fu, shouldn't you live in a more luxurious place?" The girl pointed to Rong Shu and then to Fu Jingting.

Although it is also known as a place where the rich can live.

But these Repulse Bay owners know that Repulse Bay, the so-called place where rich people live in the eyes of ordinary people, is just a slum for the real rich people.

The real rich people buy mountains and build their own villas or manors, so they won't live in such a crowded community.

Therefore, the girl was surprised that Rong Shu and Fu Jingting lived here.

"This is just where we live temporarily." Fu Jingting took Rong Shu's hand and said softly, "I will move out in the future."

Rong Shu took the man's arm and agreed, "Yes, this is my property, not his. Yes, he's just coming to live with me now, it's been a while." As

she spoke, she patted the man's arm.

Men are noncommittal.

The girl nodded her head clearly, "So that's the case, then, didn't I miss the chance to meet you many times?" After speaking

, the girl's round face wrinkled, and she suddenly fell in love. .

Rong Shu looked amused, "Now you know that we will live here temporarily, so we will have a chance to meet in the future."

"Yeah." Hearing Rong Shu's comfort, the girl immediately felt that it was very reasonable, and her mood suddenly changed. Got better again.

Rong Shu covered her lips and smiled.

This little girl is so lively.

Looking at her watch, seeing that it was getting late, Rong Shu let go of the man's arm and said to the girl, "Okay, little sister, we have to go buy some other things, so let's not talk for now, we'll talk later when we have a chance. , it's my honor to meet a little fan like you, and I'm very happy." After the

words were finished, Rong Shu stretched out her hand.

The girl was flattered and held Rong Shu's hand, "Good sister Rong, it is my honor to meet you and Mr. Fu, and it is my luckiest day. You must be happy."

Said, the girl Eryou looked at Fu Jingting and said, "Mr. Fu, you must treat Sister Rong well, and don't let Sister Rong down, especially the daughter of the Liu family who is doing things online today, you must teach her a good lesson, she makes Sister Rong suffer. If you're wronged, you mustn't let her go."

Fu Jingting's thin lips curled, "I will."

"Then it's settled." The daughter pulled her hand back reluctantly.

Fu Jingting raised his chin and hummed, agreeing to the agreement with the girl.

The girl twitched her fingers, her toes were also drawing circles on the ground, her expression became twisted, "And that"

"Just say what you want to say, don't be afraid." Rong Shu said softly.

The girl looked at the encouragement in her eyes and calmed down. After pinching her palms, she finally said what she wanted to say, "Can I keep the photo just now? I also want to post it on the Internet, other C fans. Seeing it, you must be very envious of me, Sister Rong, President Fu, can you?"

She looked at the two of them cautiously, her eyes were full of expectations, just like small animals, extremely cute.

Rong Shu couldn't bear to reject her immediately.

But she was not good at making her own decisions, and turned to look at the man beside her.

The man nodded to her gently, "You can do whatever you want, don't ask me."

"Since you said that, then I really don't ask you?" Rong Shu laughed.

Fu Jingting nodded, "Yeah."

"That's good." Rong Shu turned her head back and landed on the girl opposite, "You can stay if you want, or you can post it online, but I have a request."

Rong Shu's fingers stood up, she was long and fair, and she was really good-looking.

Seeing this, Fu Jingting's eyes darkened, he stretched out his hand, took her hand in the palm of his hand, and squeezed it lightly, provocatively.

Rong Shu sensed the man's intention and glared at the man angrily.

Dog man, take advantage of her whenever she gets the chance, there's no end to it.

The interaction between the two was naturally seen by the girl, and she felt a burst of excitement in her heart.

Ahhh, it's started again, it's started again.

President Fu and Sister Rong started to make candy again.

She is so happy today!

The girl felt that she was about to faint with happiness, her whole body was dizzy, and her voice was erratic, "Sister Rong, you said, I will agree to any request, really!" I'm

afraid Rong Shu doesn't Believe, she raised three fingers, making an oath.

Rong Shu shook her head with a smile, "Don't be so serious, my request is very simple, that is, when you post photos, if you include text, you must be realistic and not exaggerate or distort the facts, understand?"

” Nodding his head like a chicken pecking rice, “Understood, don’t worry, Sister Rong, I will never mess around, those who mess up are all conscience paparazzi, I’m a good person and I will never do that. Do.”

“That’s right, I don’t have anything else to ask for, we’ll go first, goodbye.” Rong Shu was very satisfied with the girl’s answer, and her smile became more gentle.

The girl waved, “Goodbye Sister Rong, goodbye President Fu.” Fu

Jingting did not respond, while Rong Shu also waved at the girl, then took the man’s arm again, and turned with the man to the vegetable area.

The girl stood there watching them, and could hear their conversation.

Rong Shu is asking Fu Jingting why he bought so many fruits.

And Fu Jingting replied that they were all bought for her. Eating more of these fruits is good for her body.

The girl listened and listened, and the smile of her aunt who had eaten the candy appeared on her face again. She folded her hands together with me, tilted her head under her chin, and murmured excitedly, “Mr. Fu really I love Sister Rong too much, the two are so loving, no, I can’t eat such a good candy by myself, I have to let others taste it hehe.” The

girl let out a wretched laugh, and then took out On the mobile phone, I posted all the experiences I had just met with Rong Shu and Fu Jingting, together with the photos of the two picking fruits on the Internet.

She was originally a big fan of C fans. Although the number of fans is not many, she has five figures.

But these five-digit fans are all live fans, not zombie fans.

Therefore, as soon as the girl posted her encounter with Rong Shu and Fu Jingting on the Internet, these fans saw it and immediately forwarded it.

Not long after, the topic of Rong Shu and Fu Jingting going to the supermarket immediately hit the hot search, and everyone saw it.

For a time, everyone was sighing that the two were really in love.

When Liu Linlin, who was far abroad, saw this hot search, she was about to explode with anger and smashed her phone directly at the opposite wall.

After the phone hit the wall, it flew forward due to the rebound force, and fell to the ground after flying for a while.

However, the anger in Liu Linlin's heart was still not fully vented. She sat on the sofa, clutching the pillow and yelling like crazy.

After roaring for a while, his hair and clothes became messy, and he sat there bent over, staring at the phone on the ground with blood-red eyes, his face grim.

Fake, all fake!

This hot search is not true!

Brother Jing Ting will not like that woman Rong Shu, absolutely not!

They got married because of Rong Shu's brother Jing Ting who was threatened with grace by that woman, and this time when they reunited, it must be the same reason Rong Shu used to threaten Jing Ting's brother.

Therefore, it is absolutely impossible for them to have feelings. In the photo, brother Jing Ting's eyes and smile when he looks at Rong Shu are all fake, all of them.

The person who posted this news must also belong to Rong Shu. Because of the day, Rong Shu deliberately asked someone to take a photo of her and Jing Ting's brother and posted it on the Internet, just to confuse those netizens and make them feel They have a good relationship.

Yes, that's for sure!

Liu Linlin gritted her teeth and kept brainwashing herself like this in her heart. She was always reluctant to believe the facts she saw, and even more unwilling to believe that Fu Jingting really had feelings for Rong Shu.

She has liked Brother Jing Ting very much since she was a child. When she grew up and understood what love was, she realized that her love for Brother Jing Ting was not her love for her younger sister for her brother, or her niece for her uncle, but for men and women. love between.

After realizing that she fell in love with Jing Ting's brother, she wanted to marry Jing Ting's brother and be his wife.

It's just that brother Jing Ting didn't mean this to her. Although she was lost, she didn't immediately force brother Jing Ting to fall in love with her. Anyway, brother Jing Ting didn't have a woman he liked. She had time to make brother Jing Ting fall in love with her.

However, before Brother Jing Ting fell in love with her, Brother Jing Ting suddenly told her one day that he had a girl he liked, and that girl was his pen pal. Said he was 'watching' the girl grow up.

At that moment, she felt that her sky was about to fall. She never knew that brother Jing Ting actually had a pen pal and fell in love with that pen pal, which made her very unacceptable.

She and brother Jing Ting have known each other since childhood. They have known each other longer than the so-called pen pal. Why did he get the heart of brother Jing Ting? It was the pen pal who came after.

So she swore at that time that she would find that pen pal and drive that pen pal away from brother Jing Ting.

But before she could find the pen pal, brother Jing Ting had already brought the pen pal to her, and it was Gu Manyin, the daughter of the Gu family.

She looked shocked at that time, she couldn't believe that brother Jing Ting's pen pal was actually this woman, this woman is not a good thing, she is more ruthless than her, even her boyfriend who has been with her for three years can murder her, she is so stubborn. How can a woman win the heart of brother Jing Ting.

So she went to elder brother Jing Ting and told elder brother Jing Ting that Gu Manyin was not an easy woman, but elder brother Jing Ting was so angry that she was not allowed to talk nonsense, and even drove her away from Fu's mansion, and was harassed by other women in the circle. ridicule.

No way, she won't blame Brother Jing Ting for this shame, she can only blame Gu Manyin. Since Gu Manyin appeared, Brother Jing Ting's attitude towards her is obviously not right, so I don't blame him. Who does Gu Manyin blame?

She must expose the painting of Gu Manyin's woman, let brother Jing Ting know what kind of person Gu Manyin is, and let brother Jing Ting know that Gu Manyin is not worthy of him at all, only she, Liu Linlin is the best for her.

But she never imagined that the woman Gu Manyin was more perverted and terrifying than she thought, and she almost died at the hands of that woman.

Moreover, the woman also caught her handle, so that she would no longer dare to act rashly, and even threatened her not to appear in front of brother Jing Ting.

There was no way, because of the fear of Gu Manyin and the handle in Gu Manyin's hands, she could only grit her teeth and agree, and then she went abroad under the pretext of going abroad to study, in order to avoid the woman Gu Manyin .

This Time, I Will Get My Divorce Chapter 1110

Recalling the past

She was really afraid of the woman Gu Manyin.

She wasn't a good person herself, but she couldn't do such a thing if she was so ruthless that she wanted people's lives.

But Gu Manyin did it without any pressure at all. Even a boyfriend who had been with him for three years could be ruthless enough to kill a woman, one can imagine how terrifying it is.

Besides, when she found Gu Manyin, Gu Manyin almost killed her.

She thought, if it wasn't for her relationship with brother Jing Ting, and Gu Manyin killed her, grandpa would definitely let brother Jing Ting investigate the cause of her death, maybe Gu Manyin really killed her that time.

All in all, after that time, she was completely afraid of Gu Manyin, the woman, so she could only fled abroad with her love for brother Jing Ting in despair. Who made her beat Gu Manyin?

But what she didn't expect was that God opened her eyes. Not long after she came abroad, she heard the news that Gu Manyin had been hit by a car and turned into a vegetative state. At that time, she laughed happily for ten minutes, and went directly to the evening. Bar celebration.

Gu Manyin became a vegetative person, which means that she doesn't have to be afraid of Gu Manyin in the future, and she doesn't have to stay abroad and can't go back. She can go back at any time, continue to find brother Jing Ting, and make brother Jing Ting fall in love with her.

It's just that before she could return to China, she heard that a woman named Rong Shu, through the kindness of Gu Manyin who rescued the car accident, threatened brother Jing Ting to marry him, but brother Jing Ting actually agreed.

When she knew this, she was about to explode with anger, and she bought a plane ticket and was about to go back to China.

Just the moment she arrived at the airport, her grandfather called her and said that Lin Tianchen, a medical genius, had gone abroad to study brain and psychiatry in order to wake up Gu Manyin.

The medical genius Lin Tianchen is famous all over the world. Although he is young, as long as he takes over the operation, the success rate is as high as 100%, and no operation is a failure.

And her grandfather told her that before going abroad, Lin Tianchen specially asked someone to check Gu Manyin. After that, Lin Tianchen estimated that the probability of awakening Gu Manyin was as high as 70% when he returned from his studies.

In other words, Gu Manyin was destined to wake up, and while Gu Manyin was sleeping, Jing Ting's brother had moved people to a place where no one could find him, just to protect Gu Manyin.

At that moment, she was jealous and angry.

Brother Jing Ting actually loves Gu Manyin so much, Gu Manyin has become a vegetable, and he even protects people from harm.

There is also a medical genius, Lin Tianchen, who actually went to study other subjects in order to wake up Gu Manyin.

Gu Manyin is like a real daughter in this world.

Knowing that Gu Manyin would wake up, although she was not reconciled, she could only give up the idea of continuing to return to China, tore up the ticket and left the airport.

Although there was no way to go back to China to drive away Rong Shu who married Jing Ting's brother, she was not in a hurry. Gu Manyin was about to wake up anyway, and that Rong Shu would definitely be over.

Sure enough, six years later, Gu Manyin really woke up. When he woke up, brother Jing Ting divorced the woman named Rong Shu for Gu Manyin's sake.

Hearing this news, she was both happy and a headache.

The happy thing is that the woman who threatened Jing Ting's brother's marriage was finally driven away. The headache is that when Rong Shu is gone, it will be even more difficult for Gu Manyin to deal with her. After all, that woman is really scary.

It was so terrifying that she couldn't help but give up the idea of giving up brother Jing Ting, because she was really not sure that she would be able to fight against such a terrible woman.

However, she didn't expect that when she was struggling to give up, Gu Manyin and that Rong Shu actually got into a fight.

Grandpa has been helping her stare at these two women, and he learned that Rong Shu married Fu Jingting when Gu Manyin couldn't accept that she was in a vegetative state, so he repeatedly attacked that Rong Shu.

When she found out, she was overjoyed and wished the two women would fight.

Although she doesn't think that Rong Shu can fight against Gu Manyin, but Rong Shu can threaten brother Jing Ting and success, it proves that Rong Shu is not a simple role. If he failed, he would definitely be able to bite off a piece of Gu Manyin's flesh.

At that time, if she takes another shot against Gu Manyin, she might be able to succeed.

So with this idea of sitting on the mountain watching the tiger fight, and the snipe and clam fighting for the fisherman's profit, she gave up the idea of taking action and kept staring at the two women secretly.

Facts have proved that Rong Shu is indeed not a simple character, she can actually survive in Gu Manyin's hands, and even succeed in counterattack, which makes her have a little confidence in Rong Shu fighting over Gu Manyin.

Sure enough, the fight between the two women was really fierce, and all the tricks were aimed at each other. Although Gu Manyin was killing Rong Shu, Rong Shu defended or counterattacked, but they were able to defeat Gu Manyin. Surviving in his hands, Rong Shu did have some ability, and even in the end, he really defeated Gu Manyin, making Brother Jing Ting disgusted with Gu Manyin, cancelled the engagement, and finally even found out if Gu Manyin was not. The evidence of the Gu family's daughter drove Gu Manyin out of the Gu family.

As a result, Gu Manyin failed completely. Not only did he lose his brother Jingting, but also his family background, he became an orphan, and was finally sentenced. Later, she heard that Gu Manyin had gone crazy in prison and was sentenced. He was transferred to a mental hospital and committed suicide by jumping off a building.

But while she was happy, she also felt a faint chill, a chill towards Rong Shu.

Even a terrifying woman like Gu Manyin, that Rong Shu was able to completely beat her, and even forced her to commit suicide by jumping off the building.

One can imagine how terrifying that Rong Shu should be?

Such a woman could threaten Brother Jing Ting's divorce back then, but now that Gu Manyin is gone, she might even threaten Brother Jing Ting to get back together.

It turned out that her guess was right. Not long after Gu Manyin died, she heard her grandfather say that brother Jing Ting was pursuing Rong Shu and wanted to get back with Rong Shu.

This is absolutely impossible!

Brother Jing Ting loves Gu Manyin. Although he doesn't love him in the end, it is impossible for him to fall in love with that Rong Shu.

Otherwise, if you have been married for six years and fell in love long ago, how could it be possible to fall in love in such a short time after the divorce?

So there must be some unknown reason why Jing Ting's brother would pursue Rong Shu.

Maybe it's what Rong Shu used to threaten Brother Jing Ting, so that Brother Jing Ting had to agree to get back together.

It's even possible that in order to avenge brother Jing Ting's indifference for six years, Rong Shu also asked brother Jing Ting to pursue Rong Shu on his own initiative, which is really shameless.

God knows how much she wants to go back to China and help brother Jing Ting drive away this woman named Rong, so that brother Jing Ting will no longer be coerced by this woman.

But this woman put more pressure on her than Gu Manyin, so she didn't dare to go back to China to meet this woman easily.

Therefore, she can only endure it temporarily and continue to stay abroad to watch. Grandpa and father also support her, and let her not be in a hurry.

It's just that the longer she spends abroad, the more irritable she gets, especially every time she sees those people on the Internet saying what brother Jing Ting and Rong Shu have done, what kind of love they have shown, and what candy they have sent. At that time, she was jealous to death.

And as she watched more and more, the jealousy in her heart became heavier and heavier, and she couldn't hold back anymore.

This is her first shot, and it is also a tentative shot.

The main reason is that she has never faced Rong Shu before, and she doesn't know how much more difficult Rong Shu is to deal with than Gu Manyin.
