Chapter 111 There is no lower limit

Rong Shu smiled, "Isn't it?"

For Gu Manyin's sake, he could have no lower limit.

Even as long as Gu Manyin cried twice, he might even die.

Fu Jingting looked at the coldness in Rong Shu's eyes, but felt extremely dazzling.

Turns out, that's how she sees him.

Fu Jingting's face was black, and he stood up with one hand in his trouser pocket, "Everyone, regarding what Vice President Rong just said, I can tell you very clearly that this cooperation is fair and just, and there will be no black cases. Please rest assured."

"Since President Fu has said so, we are naturally relieved." Everyone laughed.

Only Gu Yaotian reluctantly twitched the corners of his mouth, but he didn't answer, and he couldn't regret it in his heart.

After these few battles, he should have known that Rong Shu was a difficult girl to deal with.

But every time, he couldn't help rushing up rashly, so much so that he shot himself in the foot now.

"Thank you for your trust. That's the end of today's meeting. You can go back and prepare the plan."

After speaking, Fu Jingting got up and took Assistant Zhang out of the box first.

As soon as he left, the others also got up and left in twos and threes.

Gu Yaotian walked at the end, and when he passed by Rong Shu, he stopped and said in a gloomy voice, "Little girl, don't be complacent."

"Of course not, because President Gu hasn't fallen yet, how can I be complacent." Rong Shu turned her head and said with a slight smile.

Gu Yaotian was once again in a trance.

Like, really like it.

Why does this girl laugh like his mother when she was young?

“President Gu?” Rong Shu couldn’t help but raised his eyebrows when he saw Gu Yaotian looking at him distracted again.

What’s wrong with this man?

Hearing Rong Shu’s voice, Gu Yaotian came back to his senses, a trace of discomfort flashed in his eyes, and after coughing, he said coldly, “Then see if you have the ability to break me down, hum!”

Gu Yaotian left and the meeting was over. Rong Shu was the only one left in the room.

Only then did Rong Shu slowly pack up her things and prepare to go back.

At this moment, the phone rang.

Rong Shu simply put down what was in his hand, took out his mobile phone, “Hello.”

“Baby, are you finished with the meeting?” Lu Qi asked on the phone.

Rong Shu nodded, “It’s over.”

“How is it, have you secured a position for cooperation?” Lu Qi’s tone was eager.

Rong Shu shook his head with a wry smile, “How can it be so simple, there are twenty people here, and only five partners are selected. The sponsor of the cooperation gave us a test, let us write a plan, and decide the location of cooperation according to the plan.”

“That’s fair.” Lu nodded.

Rong Shu rubbed her brows, “But I’m very irritable when I go first, because I can’t write a plan, I haven’t been exposed to the energy field, and I don’t know many technical terms. How can I write it?” Outside the

conference room, Fu Jingting heard this. , the movement of pushing the door suddenly stopped.

Assistant Zhang stood behind him, “Fu...”

As soon as he said a word, he was stopped by Fu Jingting raising his hand.

Assistant Zhang silently closed his mouth and stopped talking.

Lu Qi smiled and said, "What's the matter? Take it back and let the people in the planning department write it. Don't they just do this?"

"No." Rong Shu shook her head, "I don't know how many people in the group belong to Duan Xingbang. As for the eyeliner, believe it or not, as long as I let others write, Duan Xingbang will destroy it, he doesn't want me to win, so I can only write it myself."

"That's what you said, then I'll write with you, although I haven't been involved in this, but two people are better than one." Lu Qi scratched his hair and said.

Rong Shu hummed, "Okay, then I'll hang up first, and I'll have to go to the hospital in a while."

"Okay." Lu Tou.

Outside the door, Fu Jingting turned around, "Let's go."

"Mr. Fu, are you going in to get something?" Assistant Zhang asked after him.

Fu Jingting pursed his thin lips, "No, just let someone from the hotel deliver it to Mrs. Fu."

He said so, what else could Assistant Zhang say.

When he came to the elevator, Assistant Zhang pressed the downstairs button, and suddenly heard Fu Jingting say, "Go find two people to play a play."

"Huh?" Assistant Zhang was confused, "What play?"

Fu Jingting's eyes flickered slightly, and he said the play he was going to play.

After Assistant Zhang listened, a few black lines slid down his forehead, "Mr. Fu, since you want to help Miss Rong, just tell Miss Rong directly, why..."

"She won't accept my help, I can only use this method." Fu Jingting looked at the elevator door and said in a deep voice.

Rong Shu now completely treats him as a plague, as far as possible.

So, how could he accept his help?

When Assistant Zhang heard Fu Jingting's words, he was speechless. After a while, he coughed twice, "I'll make arrangements now."

Fu Jingting nodded.

On the other side, Rong Shu came out of the conference room with her belongings in her arms. Just after walking a few steps, she heard someone talking, including the word energy.

These two words caught Rong Shu's attention, she listened intently to the footsteps, and turned her head to look in the direction of the voice.

I saw two college students, a man and a woman, standing not far away, laughing and chatting.

The girl asks the boy, "Have you finished your recent paper on energy?"

"I haven't. It's too difficult. If I hadn't heard from my cousin that the Fu Group has developed new energy technology, I wouldn't have written this.

" Ah, hurry up, I'm almost done. I recommend a few books to you. If you read more of these books, it should be easy to write. These books contain a lot of energy-related knowledge and terminology. "

Then, the girl said several book titles in a series.

After the boy repeated it, he left with the girl.

Rong Shu looked at the recording on her mobile phone. Although it was a little strange why there were two college students who happened to be talking about energy in the hotel, she didn't think much about it, and was very grateful to the two of them.

Because of her, I recorded their conversation, and I plan to look for those books based on the recording after reading my grandmother.

I believe that in this way, her plan should be much easier to write.

Thinking about it, Rong Shu smiled and put away her mobile phone and walked towards the elevator.

As a result, as soon as she got out of the elevator, she saw another person she didn't want to see.

Fu Jingting was calling her with his back to her phone. The person on the phone said, "Mr. Fu, Miss Rong has seen the scene just now."

Rong Shu couldn't hear the content of the call, so she wanted to take this opportunity to go directly from Fu Jingting's side Walk away as if you didn't find him.

Unexpectedly, however, Fu Jingting suddenly said that he knew, hung up the phone, and turned around.

He was not surprised to see Rong Shu, and nodded slightly to her.

He has already said hello, and Rong Shu can't refuse to return. After all, he is still the co-founder. If she wants to get the co-op position, she can't be too ugly with him.

Thinking of this, Rong Shu took a breath, with a distant but polite smile on her face, "Mr. Fu."

"I'm waiting for you." Fu Jingting said.

Rong Shu was stunned.

No wonder he wasn't surprised to see her.

It turned out to be waiting for her.

"Mr. Fu is waiting for me, what's the matter? Could it be that I scolded Mr. Gu at the meeting just now, so Mr. Fu intends to put me on the list of candidates for cooperation?" Rong Shu looked at him.

Fu Jingting frowned, "Rong Shu, can you not speak so sharply, and don't think of me so rude?"

Chapter 112 The People I Know

Seeing that he was a little angry, Rong Shu closed her eyelids and smiled lightly, "I'm sorry, Mr. Fu, this is my true character. I generally have this attitude towards people who are on the opposite side of me." The

opposite?

Fu Jingting secretly clenched his fists.

It turned out that she also regarded him as an enemy.

I just don't know if she regards him as an enemy because of Manyin, or because of him.

"I will not kick you out of the list of candidates for cooperation. As I said, there is no shady scene in this cooperation election." Fu Jingting rubbed his eyebrows and replied.

Rong Shu ruffled her hair, "Well, then I'm relieved, then why is Mr. Fu waiting for me?"

"Take you to the hospital to see your grandmother." Fu Jingting replied.

Rong Shu was stunned for a moment, but for this?

“Sorry, Mr. Fu, I won’t go with you. I have a car myself and will drive there.” She quietly refused.

Fu Jingting frowned, just as she was about to say something, the elevator door behind her opened with a ding, and a cart came out.

The carts were piled high with cardboard boxes, blocking the view of the people pushing the carts.

Similarly, the person pushing the cart couldn’t see the front, so he rammed towards Rong Shu.

“Be careful!” Fu Jingting’s pupils shrank and reminded sharply.

Rong Shu was puzzled, not knowing what happened.

It wasn’t until the next second that she was hit hard on the back by something and threw her body forward.

In front of her happened to be Fu Jingting.

“Hurry away!” Rong Shu shouted to Fu Jingting with a face full of horror.

However, Fu Jingting didn’t seem to hear it, so he didn’t dodge.

If it weren’t for the expression on his face that was the same as usual, Rong Shu would have thought that he was scared and stupid, so he didn’t move.

“Well…” Rong Shu rushed into Fu Jingting’s arms.

Fu Jingting hugged her tightly.

It’s just that she rushed over with a bit of force, and he also stepped back after the collision.

She stepped back several steps in a row, and didn’t stop until her back hit the wall.

Rong Shu breathed a sigh of relief and quickly got out of Fu Jingting’s arms, “Are you okay?”

Fu Jingting shook his head slightly, his voice a little hoarse, “It’s okay.”

“Your voice . What’s the matter?” Rong Shu frowned, “Are you injured?”

Fu Jingting's Adam's apple slid slightly, but did not answer, his eyes wandered unnaturally to other places, instead of looking at her, he secretly calmed down and jumped quickly heart.

As long as he looked at her, he could think of the softness of her chest, the feeling of hitting his chest.

Seeing that Fu Jingting didn't speak, Rong Shu thought that he was really injured, her heart tightened, and she kept looking behind him, "Did you hit the place where you were hit by the basketball last time?"

"No, it's already there. "Fu Jingting returned to the normal rhythm of his heartbeat, and then turned his eyes back, seeing the nervousness flashing in Rong Shu's eyes, his eyes slightly brightened, and his voice was a little gentle.

Is she worried about him?

It seemed that she didn't really feel anything about him like she said.

For some reason, Fu Jingting felt inexplicably happy when he thought of this.

Rong Shu looked at Fu Jingting again and again for a while, and determined that he was not injured, and heaved a sigh of relief, "That's good."

Anyway, he hit the wall just to stop her.

If he was hurt, she wouldn't be able to live with it.

At this moment, a man in yellow overalls came over apologetically and bowed to the two of them again and again to apologize, "I'm sorry, I didn't hit you on purpose, I didn't see anyone in front of you, are you not injured?"

These two are dressed so well that they look like rich people.

If they get hurt, he won't be paid enough.

Rong Shu waved his hand, "It's okay, we're not hurt, you can go." The

staff was a little surprised, "Don't you blame me, miss?"

Rong Shu smiled, "You also said that you didn't do it on purpose, and I was the one standing by myself. At the door of the elevator, it blocked your way, so I blame you for what you did, and let's go."

"Yes, yes, thank you, miss, thank you sir." The staff bowed a few times to the two of them gratefully, and pushed The cart is gone.

Rong Shu pouted, "I don't blame him for letting him go, why should he thank you?"

Hearing her sour tone, Fu Jingting's thin lips curled slightly, feeling a little cute.

"Right." Suddenly thinking of something, Rong Shu looked at him.

The curvature of the corner of his mouth disappeared immediately, "What's wrong?"

"In addition, you helped me block the basketball last time at the gym, and you saved me twice in total." Rong Shu gave him a comparison.

Fu Jingting raised his eyebrows, "Then what?"

"Then I forgive you for your indifference to me in the past six years, and I will no longer be hostile to you. From now on, we will be each other, just people we know." Rong Shu raised her head and looked at me. He asked, "What do you think?"

Fu Jingting squinted, "Someone you know?"

"Well, are you not satisfied?" Rong Shu tilted her head.

Fu Jingting felt a little dull in his heart.

It's just that the people he knows are not comparable to ordinary friends, and he doesn't want to do this for some reason.

But he knew very well that this kind of relationship was the most suitable for her.

Thinking of this, Fu Jingting lowered his eyes and replied in a low voice, "Okay."

"Then Mr. Fu, I'll take one step first and go to the hospital to see my grandmother."

Rong Shu smiled slightly and turned to leave.

You don't have to pay anything, just pay back two favors.

It feels so good, so relaxing.

Looking at Rong Shu's cheerful back, Fu Jingting pursed his thin lips.

Is she so happy that she just got to know him?

"Mr. Fu." Assistant Zhang's appearance broke the low pressure around Fu Jingting.

Fu Jingting's eyes flickered, he suppressed the irritability in his heart and turned around, "What's matter?"

"I just received a call, something happened to the subsidiary in Beautiful Country, and I need you to go back to the group for a meeting and deal with it urgently. ." Assistant Zhang replied.

Fu Jingting frowned, "I see."

It seems that only after the meeting can I go to the hospital to see my grandmother.

...

Rong Shu drove to the hospital, walked directly to the senior inpatient department, and soon came to the door of Mrs. Lu's ward.

Rong Shu held the flower in her left hand and the tonic, raised her right hand and knocked on the door.

The door opened, Feng Ma wanted to ask who, but when she saw that the person outside the door was Rong Shu, her voice stopped abruptly, and then a surprised smile appeared on her face, "Young madam!"

"Feng Ma." Rong Shu smiled He said hello to Feng Ma, and then corrected, "I am no longer the young lady if I leave first."

"In my mind, you are the young lady." Feng Ma looked at her lovingly.

Rong Shu was very moved, and the tip of her nose was slightly sour, "Thank you Ma Feng for your preference for me, but President Fu and I are divorced. You are disrespectful to Miss Gu by calling me that, so call me by my name."

Ma Feng Sighing, "Okay, then I'll call you Xiaoshu."

"Yeah." Rong Shu nodded, then handed the flower over, "Mother Feng, is grandma awake?"

"I'm awake." Feng Ma took the flowers and heard the old lady's voice behind her, "Feng Ma, who is it?"

"It's Xiaoshu." Feng Ma turned her head and replied.

The old lady hurriedly said, "Let her in."

"Hey!" Feng Ma responded and invited Rong Shu in.

Rong Shu looked at the old lady on the hospital bed, her eyes filled with enthusiasm, "Grandma."

“Shu Shu.” The old lady smiled at her kindly, and was very happy with her arrival.

Rong Shu put down the supplements and walked over, sat down beside the hospital bed, and took the old lady’s hand, “Grandma, are you better?”

“It’s better.” The old lady smiled and nodded, and then asked, “That’s right, How did you know I was in the hospital?”

Chapter 113 Nausea

“It was Mr. Fu who called and told me, so I came to see you.” Rong Shu replied.

The old lady pretended to be angry and hummed, “Isn’t that stinky boy telling him not to tell you?”

“Grandma.” Rong Shu shook her hand unwillingly, “You don’t tell me, do you not like it? Me?”

“Why?” The old lady touched Rong Shu’s hair lovingly, “Grandma, I just don’t want you to worry.”

“But grandma doesn’t tell me, that’s why I’m worried, in case I’ll be worried later. Knowing that you fell, I will definitely regret why I didn’t come to see you earlier.” Rong Shu touched the back of the old lady’s hand, “Grandma will never do this again, if you have anything, you must tell me.”

“That’s right . . . , I also think Xiao Shu is right.” Feng Ma said in agreement after arranging the flowers.

The old lady smiled so happily that she couldn’t close her mouth, “Okay, I’ll tell you sooner.”

“That’s right.” Rong Shu also laughed.

“Old lady, let Xiaoshu accompany you. I’ll go to the doctor and ask you what you need to pay attention to.” Feng Ma wiped her hands and said.

“Go.” The old lady nodded.

Feng Ma left, the old lady took Rong Shu’s hand, “Shu Shu, tell me how you were doing during this time?”

“Okay.” Rong Shu responded.

Then, she briefly said something that had happened recently.

It’s all good news. She didn’t say a single thing about the Gu family’s targets, she just didn’t want to worry the old lady.

I don’t know how long it took, when two laughter suddenly came from outside the ward.

Rong Shu immediately knew that it was Wang Shuqin and Gu Manyin.

The old lady also heard it, the kindness on her face disappeared in an instant, and it turned into indifference.

Soon, the door opened, and Wang Shuqin and Gu Manyin came in chatting and laughing.

Rong Shu frowned in displeasure.

What happened to these two people?

Grandma was sick, but they were fine, and they laughed so happily.

“Miss Rong?” Gu Manyin was the first to discover Rong Shu, and the expression on her face was very surprised.

When Wang Shuqin heard this, she turned her head to look and saw Rong Shu sitting beside the old lady’s hospital bed, her face sank, and she said sharply, “Why are you here, who asked you to come?”

Rong Shu did not answer yet, The old lady clenched her hand and said coldly, “I asked Shushu to come, do you have any opinion?”

Wang Shuqin choked, then laughed shyly, “Mom, look at what you said, how dare I What’s your opinion? She’s just an outsider, so why don’t you let her come here?” The

old lady snorted coldly, “Who said Shu Shu was an outsider, even if she was pushed down by some people and divorced Jing Ting, she would still be me. The granddaughter of the old lady.”

“Grandmother...” Rong Shu looked at the old lady with emotion.

Gu Manyin, who was on the side, lowered her head to cover the distortion on her face.

Don’t think she can’t hear it, some people in the old woman’s mouth are referring to her.

“Xingxingxing, it’s your granddaughter, it’s your granddaughter.” Wang Shuqin said with an apologetic smile, but secretly glared at Rong Shu.

I really don’t know what this old woman likes about this dead girl Rong Shu.

The dead girl has left Fu’s house and is still protecting her like this.

“Grandmother, it’s getting late, I should go.” Rong Shu looked at her watch and bid her farewell.

Originally, she wanted to stay with the old lady for a while.

But now that Wang Shuqin and Gu Manyin, the two people she hates most are here, she doesn’t want to stay.

The old lady held Rong Shu’s hand and didn’t let go, “Stay a little longer, grandma will have something for you later.”

“Something?” Although Rong Shu was puzzled, she wisely didn’t ask anything.

Gu Manyin bit her lower lip, her heart full of jealousy.

During this period of time, she had visited and courted the old woman a lot, but the old woman was still lukewarm to her.

But now when I see Rong Shu, I have to give Rong Shu something. Why?

Also unhappy was Wang Shuqin. Wang Shuqin squinted her eyes, “Mom, since there are good things, why don’t you give them to our own people? You have to give them to others.”

“Shameless things.” “Just staring at other people’s pockets. This kind of problem can’t be changed after marrying into the Fu family for more than ten years. Also, I will give my things to whomever I want. It’s not your turn to question, not to mention this is the Shu Shu’s stuff.”

Rong Shu raised her eyebrows.

Isn’t Wang Shuqin Fu Jingting’s mother?

Fu Jingting turned 30 this year, how could Wang Shuqin marry into the Fu family for more than ten years?

Being scolded by the old lady, Wang Shuqin was not angry, she curled her lips and said, “Who knows if it’s really hers, maybe it’s your mother who said that on purpose.”

“You...” The old lady coughed angrily. , The old face was red with coughing.

“Grandma!” Seeing this, Rong Shu didn’t even care about thinking about Wang Shuqin, her face tightened, and she hurriedly stepped forward to caress the old lady’s chest, making it easy for the old lady.

Wang Shuqin was so frightened that she didn’t know where to put her hands, “I... I didn’t mean to.”

She really didn’t know the old lady was so careless.

I hope the old lady doesn’t have anything to do, and it will be over if she doesn’t let her.

Maybe God heard her voice, and the old lady’s breath gradually calmed down under Rong Shu’s comfort.

Rong Shu breathed a sigh of relief, and Wang Shuqin also breathed a sigh of relief.

Only Gu Manyin was a little disappointed.

She actually really thought something happened to the old lady.

In this way, no one in the Fu family would object to her marrying Jing Ting.

“Mom, try the chicken soup I made for you.” Wang Shuqin rolled her eyes and quickly changed the subject, not to mention her anger at the old lady.

The old lady also knew her virtue, snorted coldly, and was too lazy to answer.

Wang Shuqin put the insulation bucket on the bedside.

As soon as it was opened, a strong aroma of chicken soup came out.

For some reason, Rong Shu felt disgusted when she smelled the fragrance, her stomach was churning, she couldn’t help covering her lips and retching, her face turned pale.

Seeing her like this, Gu Manyin first frowned, then suddenly thought of something, her pupils shrank, and she looked at her stomach in disbelief.

“Shushu, what’s wrong with you, are you alright?” The old lady looked at Rong Shu and asked with concern.

Rong Shu took a deep breath, suppressed the feeling of vomiting, and shook her head with a forced smile, “Don’t worry, grandma, I’m fine.”

“But I see that your face is not very good, are you ill?”

“Maybe it’s me . On the way here, there was some cold wind, so it’s not in the way.”
Rong Shu replied.

The old lady frowned in disapproval, “It’s easy to catch a cold with the cold wind, so I’d better ask a doctor to come and see.”

“No!” Before Rong Shu could answer, Gu Manyin subconsciously called out.

Everyone looked at her.

There was a trace of panic on her face, knowing that her reaction just now was too big, which made them suspicious, and quickly lowered her head to explain, “I’m sorry old lady, a mosquito was about to bite me just now, so I’m going to chase away mosquitoes.”

“Mosquito?” Wang Shuqin looked up, “No, where are there mosquitoes?”

Gu Manyin’s expression almost cracked, and she cursed inwardly.

This idiot.

It’s to tear her down!

“Okay, stop looking around, the soup is going to be spilled.” The old lady saw that Wang Shuqin couldn’t even hold the soup, and she hated it.

Rong Shu, on the other hand, looked at Gu Manyin suspiciously, then lowered her eyes and pondered.

Was Gu Manyin really trying to chase away mosquitoes just now, instead of preventing her from seeing a doctor?

Thinking about it, Rong Shu decided to try it out and smiled at the old lady,
“Grandmother, you don’t need to see a doctor. I have cold medicine at home, I can just go home and take one.”

Gu Manyin heard this, she was relieved. breathed.

Great, she originally thought that if Rong Shu really agreed to let the doctor come over, she would find an opportunity to sneak out, find the doctor first, and make a deal with the doctor.

But not anymore.

From the corner of Rong Shu's eyes, she has been watching Gu Manyin's reaction. Seeing Gu Manyin's relieved look, her eyes narrowed.

Sure enough, Gu Manyin was really preventing her from seeing a doctor.

Why does Gu Manyin do this? Is there any secret about her?

Chapter 114 Talk About

Rong Shu's eyes flashed, and she decided to go out for a while and see a doctor.

See what's wrong with her body, and make Gu Manyin so concerned.

"If you don't see it, don't watch it." Seeing Rong Shu insisting so much, the old lady had to give up trying to persuade her to see a doctor.

Wang Shuqin snorted coldly, "Mom, I think she just doesn't know what to do."

"Shut up!" The old lady scolded.

Wang Shuqin's body trembled, and she stopped talking for a while.

Although the old lady is old, the momentum on her body has not diminished.

For so many years, she only dared to complain behind her back, and she didn't dare to fight against the old lady on the surface.

"By the way, Shushu, this is for you." The old lady suddenly raised her hand and took out a red rope from under the pillow.

And there is something hanging on the red rope, which is a key.

"Grandma, this is what you just said, you want to give me?" Rong Shu took the key curiously.

Wang Shuqin and Gu Manyin thought it was something, but when they saw it was a gray key, they lost interest.

The old lady nodded, "yes, this was given to me by your father six years ago, and let me find a chance to give it to you. I should have given it to you last time, but I didn't remember it, and now you are here. Just for you."

Rong Shu looked at the key in her hand, her face full of doubts, "Grandmother, why didn't Dad give me the key directly, but asked you to hand it over?"

Moreover, she then realized that Dad had actually been with me before. Grandmother knows.

Seeing to see what she was thinking, the old lady smiled and replied, "Actually, your grandfather and my old man used to be comrades-in-arms, so six years ago, your father gave me the key when he couldn't find you. , because only I can trust Haishi, and after that, your father will..."

The old lady didn't say anything later, and sighed with emotion.

Rong Shu knew that what she wanted to say was that after that, your father jumped off the building.

Rong Shu clenched the key tightly, her eyes were wet, and she regretted the day her father jumped off the building, why she went to hunt down the funds swept away by her stepmother and the others.

If she hadn't chased her that day and stayed by her father's side, maybe her father wouldn't have the chance to jump off the building.

Thinking of this, Rong Shu's tears fell on the key in the palm of her hand, her voice choked up, "Grandma, did Dad say what is the use of this key?"

"Of course." The old lady handed her a Zhang tissue paper, "Your father said, this is the key to the old house of the Rong family, there is something very important to you in the old house, it seems to be a necklace, so you must find it, because that necklace is related to a huge As for the secret, your father didn't tell me what it was."

"Okay, I got it, thank you grandma." Rong Shu sniffled, stopped her tears, and forced a smile back.

The old lady patted the back of her hand, "It's getting late, let's go back first, and see grandma next time."

"Well." Rong Shu interrupted him, "Grandma, I'll go first."

After speaking, she took the He picked up the bag next to him and walked towards the door, without even looking at Wang Shuqin and Gu Manyin.

Wang Shuqin sneered, "It's rude."

Rong Shu heard it, and paused when opening the door, then sneered, and continued to open the door without caring.

Just when she was about to walk to the elevator, she was suddenly stopped, "Wait a minute."

Rong Shu stopped and looked back at the woman opposite her coldly, "Miss Gu, what's the matter?"

"We Let's talk." Gu Manyin said with a smile.

Rong Shu raised her eyebrows, "Let's talk?"

"That's right."

Rong Shu smiled, "With all due respect, I don't think we have anything to talk about."

"No, we can talk a lot." Gu Manyin's eyes swept across Rong Shu's abdomen inadvertently, and said softly.

More than a month ago, Meng Ke photographed the scene where Rong Shu and Jing Ting entered the same room and didn't come out for a long time. She knew that in that situation, nothing could happen. Rong Shu smelled the chicken soup and wanted to vomit, so she probably suspected that Rong Shu was pregnant.

And the longer the pregnancy, the stronger the body's reaction. Rong Shu will definitely think that she is sick, and then go to the hospital for examination. Maybe when Rong Shu finds out that she is pregnant, she will take the wild belly with her. Kind, find Jing Ting and let Jing Ting take charge.

Thinking about it, Gu Manyin's hands on both sides couldn't help clenching tightly.

In short, she must not let Rong Shu have the opportunity to do so.

Fu Jingting is a very responsible man. If Rong Shu is really pregnant, maybe she will remarry Rong Shu for the wild seed in Rong Shu's belly. Then, after so many years of painstaking efforts, wouldn't it have turned into a fight? joke!

Gu Manyin's face gradually contorted, her eyes full of malice.

Rong Shu squinted her eyes, she already knew in her heart that the other party was not good.

"Okay, let's talk about it." Rong Shu lowered her eyelids, "I also want to know, what exactly are you going to talk to me about?"

"Since you agree, then come with me." Gu Manyin smiled disapprovingly. to the bottom of the eye.

Rong Shu's eyes dimmed, "Aren't we talking here?"

"It's inconvenient for people to come and go here."

“Okay, then you lead the way.” Rong Shu smiled and made a gesture of invitation.

Gu Manyin snorted coldly in her heart.

Laugh.

Look at you and laugh for a while!

Gu Manyin curled the corners of her lips, turned and walked forward.

Rong Shu looked at her back, and the expression on her face gradually calmed down. She pursed her red lips and took out her mobile phone from her bag, and called Fu Jingting.

Although he didn't know what stimulated Gu Manyin, why he suddenly showed malice to her so eagerly, and even took her to a place specifically to make it clear that he wanted to attack her. If that was the case, how could she not fight back.

She asked Fu Jingting to listen to how vicious Gu Manyin was. She didn't believe that Fu Jingting would not have any grudge against Gu Manyin after listening to it. Maybe, she would be separated from Gu Manyin because of this. If this is the case, That was also what Gu Manyin asked for.

The call was quickly answered, and Fu Jingting's low and pleasant voice came, “What's the matter?”

Rong Shu looked at the screen of the call interface and did not answer, but quickened her pace to follow Gu Manyin.

Gu Manyin took her to the stairwell.

Rong Shu put the phone behind her back and said, “Miss Gu, you took me to the safe stairwell of the senior inpatient department, what do you want to talk to me about?”

Thinking that Rong Shu accidentally pressed the phone and made a wrong call, she was about to Fu Jingting's pupils shrank suddenly after hanging up.

Is Man Yin at Rong Shu's place?

Gu Manyin raised her arms and didn't answer Rong Shu, but raised her head and looked left and right, “There shouldn't be surveillance here, right?”

“What do you want to do?” Rong Shu pursed her red lips and looked at her vigilantly.

Agreed to want to know, and Fu Jingting.

Fu Jingting already understood that Rong Shu didn't accidentally make the wrong call, but that she called him on purpose to let him hear the conversation between her and Man Yin, and even told him the address of the conversation.

Thinking of this, Fu Jingting clenched his phone tightly and instructed Assistant Zhang, who was driving, "Hurry up."

"Yes." Assistant Zhang responded and accelerated the accelerator.

In the stairwell, Gu Manyin covered her lips and smiled, then her face collapsed, and she looked at Rong Shu grimly, "Miss Rong, do you know how much I hate you? I've hated it since the first day of college, the two of us, is a natural enemy, only one of them can live, so Rong Shu, will you die?"

Chapter 115 Push Down the Stairs

"What?" Rong Shu was shocked.

She knew that Gu Manyin would definitely be detrimental to her.

But unexpectedly, Gu Manyin actually let her die.

"You want to kill me?" Rong Shu clenched her phone tightly and turned up the volume deliberately.

After Fu Jingting heard it, his face was very ugly. He got out of the car and ran towards the hospital building.

Man Yin, she actually wanted to kill Rong Shu!

Gu Manyin's eyes lit up with a dazzling light, "Miss Rong, how can you say something like murder casually? Your death was caused by your own fall. It was an accident, and it has nothing to do with me.

" She approached Rong Shu.

She never gave up the idea of ??letting Rong Shu disappear completely, but after leaving the resort, she never found a chance to do it.

Now she found out that Rong Shu might be pregnant, so she couldn't bear it any longer. She had to get rid of Rong Shu and that wild species before Rong Shu's pregnancy was exposed, otherwise everything would be over.

Gu Manyin grabbed Rong Shu's shoulders and pushed Rong Shu towards the stairs with a grim smile on her face.

She was very strong, Rong Shu was wearing high heels, she was pushed back step by step, and soon reached the entrance of the stairs.

"Go down." Gu Manyin pushed Rong Shu back with a force of both hands.

Rong Shu was pushed down the stairs by her.

Gu Manyin stood at the top, looked at the panic and fear on Rong Shu's face, smiled and waved, "Farewell!"

She believed that Rong Shu would definitely die if she fell down such a high staircase.

Even if she can't die, she can make up for it.

However, just when Rong Shu was about to roll to the bottom platform of the stairs, a figure suddenly rushed up from the stairs below and opened his arms to catch Rong Shu.

The huge impact knocked the man to the ground, his back slammed into the wall heavily, his handsome face twisted in pain for a moment, and cold sweat came out on his forehead.

And Rong Shu wasn't much better, her arms and legs were numb, and even her stomach hurt.

But luckily, my life was saved!

At the top, Gu Manyin was still looking forward to the scene where Rong Shu died on the spot, but instead of waiting for this scene, he waited for the scene where Rong Shu was rescued.

And what she couldn't believe the most was that the person who saved Rong Shu was Fu Jingting!

Gu Manyin's face turned pale, and her eyes were full of panic.

Why is Jing Ting here? Next, Fu Jingting endured the

severe pain in his back and helped Rong Shu up, his voice suppressed in pain and asked, "Are you okay?"

The smell of perfume, knowing that it was him, was not surprising. Holding his stomach and shaking his head slightly, his voice was also very unstable, with a bit of panic and trembling, "It's okay."

"It's okay." Fu Jingting relaxed slightly. His tone was mixed with undisguised joy.

When he thought that if he was one step late, Rong Shu would die, a huge panic rose in his heart, which made him unacceptable.

Fortunately, fortunately, he arrived just in time.

"What about you, are you okay?" Rong Shu looked at Fu Jingting and asked.

He rescued her again.

Fu Jingting's eyes flashed slightly, "It's okay."

"Is it really okay?" Rong Shu was a little unconvinced.

She seemed to hear his screams just now.

It's just that at that time she was in a state of extreme panic, and she couldn't hear it clearly.

"It's really okay." Fu Jingting tried his best to ignore the burning pain in his back, and replied in a natural voice.

Gu Manyin above saw the two greeting each other, but she didn't care about jealousy and wanted to leave quietly.

Seeing that she has moved to the exit, she can leave here immediately, Fu Jingting's icy voice sounded behind her, "Stop!"

Gu Manyin froze and stopped subconsciously.

"Turn around!" Fu Jingting said again.

Gu Manyin slowly turned around, but lowered her head in fear and did not dare to look at him, "Jing Ting"

"Gu Manyin, you disappoint me!" Fu Jingting helped Rong Shu up from below, looking at the stranger. Looking at Gu Manyin like a human, "I know you are not as kind as I know. I always thought you were just a little evil, but I didn't expect that you could even kill people!"

Gu Manyin's pupils shrank, and she raised her head quickly, her eyes were red, "Jingting, I...I don't want to, but I can't control it."

"Can't control it?" Rong Shu only felt that she heard a big joke, "What kind of evil you can do depends on whether you can control it or not. If that's the case, then it seems that Miss Gu is born bad."

"I'm not..." Gu Manyin bit her lip, tears streaming down her face. .

She looked at Fu Jingting, "Jing Ting, I'm really not inherently bad, I'm just too insecure."

I don't know why, hearing this, Fu Jingting not only was not touched, but even mocked and wanted to laugh.

"Last time, when you caused Rong Shu to fall, that's what you told me." Fu Jingting looked back at Gu Manyin with very deep eyes.

At that time, he even felt guilty for her.

He thought that he didn't accompany her well, which made her feel insecure and did such a thing, but now it seems that his guilt has become a joke.

Gu Manyin's cry stopped for a while, and a trace of embarrassment flashed in her eyes, which was imperceptible, but disappeared again soon. She lowered her head, still arguing, "Jing Ting, I really feel insecure."

"Last time, you said I'm close to Rong Shu, you don't feel safe, I can trust you, so this time, I've been far away from Rong Shu this time, what are you still afraid of?" Fu Jingting looked at her.

"I...I..." Gu Manyin bit her lip and backed away, unable to speak.

Because she couldn't say what she was afraid of.

Rong Shu hugged her still aching stomach, her face was full of icy coldness, "Forget it, Mr. Fu, Miss Gu can't tell the truth, so let's call the police directly, I have a recording of her intentional murder in my hand, and I should be sentenced to a few years in prison. Right."

Recording?

Gu Manyin's expression changed, and she looked at Rong Shu in disbelief, "Have you recorded it?"

“Yeah.” Rong Shu shook her phone, “When you found me, you couldn’t hide the maliciousness in your eyes . . . , do you think I will follow you stupidly without any preparation?”

But she still missed a step, and Gu Manyin actually wanted to kill her.

“Jing Ting...” Gu Manyin was really frightened and looked at Fu Jingting with a pale face, his eyes filled with calls for help.

Fu Jingting pursed his thin lips into a straight line and did not speak.

It stands to reason that she is his lover, and he should save her.

But he couldn’t say anything to save her, and he knew that what she did this time was really a big disaster. If he still shielded her, it would be irresponsible to her.

Seeing Fu Jingting’s delay in speaking, Gu Manyin’s heart gradually cooled down, and she shook her head tearfully.

He didn’t want to save her.

He didn’t want to save her!

Rong Shu was also a little surprised by Fu Jingting’s choice.

She always believed that he doted on Gu Manyin, and there was no limit to his doting.

Did not expect it to be so.

Rong Shu looked at Fu Jingting with complicated eyes, and suddenly she didn’t know much about him.

“Mr. Fu, since you don’t object, then I will call the police.” Rong Shu said and took out her mobile phone.

Gu Manyin saw that she was serious, and in a panic, she thought of the most conventional but also the most useful method, coma.

Boom!

Gu Manyin rolled her eyes and fell heavily to the ground.

Both Rong Shu and Fu Jingting were taken aback by her sudden fainting.

“Manyin.” Fu Jingting was the first to come back to his senses, his expression tightened, and he squatted down to check on Gu Manyin’s situation.

However, after some emergency first aid, Gu Manyin still didn't wake up.

Fu Jingting realized that her condition might not be very good, he picked her up and said to Rong Shu, "I'll talk to Rong Shu when Man Yin wakes up."

Rong Shu didn't answer, but squinted at him and hugged her.

The woman's slender eyelashes trembled. Although the arc was not large, Rong Shu still caught it, and the corners of her mouth curled up.

Chapter 116

I really didn't expect Gu Manyin to be so shameless.

Even the unrestricted thing like pretending to be dizzy can be done.

"Mr. Fu, I think Miss Gu will wake up soon." Rong Shu said in a cold and indifferent voice, hugging her arms.

Gu Manyin in Fu Jingting's arms couldn't help tightening his hand hanging in the air when he heard this.

What's the meaning.

Wouldn't Rong Shu realize that she was pretending to be dizzy?

Fu Jingting also understood what Rong Shu said, and looked down at Gu Manyin for a few seconds.

After not seeing anything abnormal, he raised his head again, "What can you do?"

Rong Shu smiled, "It's very simple, you can just let go, as long as the person doesn't really faint, he will definitely fall to the ground. There will be reactions, if you don't believe me, try it."

Gu Manyin's heart was beating in a panic.

Rong Shu actually came up with such a way to force her to wake up by herself.

It's so vicious!

Fu Jingting frowned, "What kind of solution is this, have you ever thought that if Manyin really fell into a coma, she would be injured."

Gu Manyin breathed a sigh of relief.

Very good.

Jing Ting would not listen to Rong Shu.

Rong Shu glanced at Gu Manyin's slowly stretched eyebrows, and sneered in her heart, "Since President Fu is reluctant to do this, let's change the method."

"What method?" Fu Jingting asked again.

Gu Manyin also listened quietly.

"You'll find out soon." Rong Shu smiled wickedly, took out her phone and tapped a few times, then walked towards the two of them.

When Gu Manyin heard the footsteps, she panicked.

Rong Shu, what does this woman want to do to her?

But no matter what Rong Shu wants to do, she must hold back and never reveal it.

Rong Shu walked up to Gu Manyin, and under Fu Jingting's suspicious gaze, she put the phone to Gu Manyin's ear, and clicked play on the screen.

Bang!

A huge gong sounded.

Fu Jingting was so frightened that his body tensed up, and he almost threw Gu Manyin out.

Fortunately, he always remembered that he was holding a person, so that he could avoid such consequences.

To Rong Shu's surprise, Fu Jingting was frightened, but Gu Manyin remained motionless, still lying in his arms with his eyes closed, as if he had really passed out.

Rong Shu couldn't help frowning.

If a normal person pretends to be dizzy and hears this sound, he will definitely jump up in fright.

But Gu Manyin was able to hold back, which shows how much willpower Gu Manyin used.

Such a ruthless person, she lost this game.

“Sorry, Mr. Fu, it seems that I guessed wrong. Miss Gu is really dizzy.” Rong Shu retracted her phone and said with a smile.

Gu Manyin didn't wake up after being tortured like this, it would be pointless for her to toss, instead, she would appear to be making trouble without reason.

To call the police, she has a recording in her hand, and she can report it anytime, not bad at this time.

Hearing Rong Shu's words, Gu Manyin breathed a sigh of relief.

It seemed that Rong Shu would not force her to wake up again.

But she remembered the prank just now, and she will definitely return it again next time.

“When Man Yin wakes up, I will call and tell you.” Fu Jingting looked at Rong Shu deeply and said.

He didn't blame Rong Shu for delaying taking Gu Manyin to see a doctor, because subconsciously, he also thought that Gu Manyin might be pretending to faint.

But now it seems that he is wrong to blame Man Yin.

Thinking about it, Fu Jingting looked a little more apologetic in Gu Manyin's eyes.

“Okay, then I'll wait for President Fu's call.” Rong Shu replied with a smile.

Fu Jingting took Gu Manyin to the emergency department.

Rong Shu is also going to leave here and go to the gastroenterology department to see her stomach.

I don't know what happened, but my stomach hurts more and more.

At this moment, the phone rang, and Lu Qi called, “Baby, have you finished reading Mrs. Fu?”

“After reading, what happened?” Rong Shu asked back as she walked to the gastroenterology department.

Lu Qi's voice became serious, “That's it, I found out how Gu Yaotian came out.”

“Oh?” Rong Shu narrowed her eyes.

Lu Qi snorted coldly and said, “Gu Yaotian found an official person to release him. Last night, Gu Manyin went to see Gu Yaotian, and then Gu Manyin went to Wang's house.”

“Wang’s house?” Rong Shu pursed her lips, “Is it the Wang family that is the same as the Cheng family and is also the vice city of Haishi?”

“Yes, that’s the one, Wang Fushi and Gu Yaotian are college classmates.”

Rong Shu mocked, “I didn’t expect that the Gu family, the Wang family, and the others. This kind of relationship, no, it should be said that the Gu family and the official family are really easy to get involved.”

“No, first it was the Gao family, and now it’s the Wang family.” Lu Qi pouted and said in a sour tone.

But soon, he laughed happily again, “Baby, judging from what happened recently, don’t you think that as long as you stand in line with the Gu family, you will have nothing to do, Gao Meiling and the Gao family, Meng Ke and the Meng family It can be seen that the Wang family will probably follow in their footsteps.”

Rong Shu smiled, “That’s what I said, but the Wang family is different. .”

“I don’t think it’s any different. The Wang family and the Cheng family are political enemies.” Lu Qi smiled and said, “Darling, you don’t know yet, the main market of the sea market is about to be transferred, and both the Wang family and the Cheng family are watching. That position is currently in the ring, Gu Yaotian was arrested and the whole city knew, but the Wang family let him out.”

“You mean, the Cheng family will catch the Wang family?” A bright light flashed in Rong Shu’s eyes.

Lu Qi snapped his fingers, “My darling is smart, that’s right, the Cheng family will definitely catch the Wang family, and when something happens to the Wang family, they will hate Gu Yaotian just like , if it weren’t for the Gao family. Now that I can’t protect myself, I’m afraid I would have dealt with the Gu family long ago.”

“That’s really good news.” Rong Shu raised the corners of her mouth playfully.

“It’s more than that.” Lu Qi said again, “The Gu family also offended the Cheng family this time.”

“What happened?” Rong Shu was stunned.

Lu Qi laughed wildly, “Do you think that the Wang family is just thinking about the university friendship with Gu Yaotian, so they risked saving him? It’s definitely not. This time, the Wang family and the Cheng family are fighting for the position of the main market, but the political achievements of the two are basically the same. , it is difficult to decide who is in the top all the time, so the superior has arranged a task for the two families.”

“What task?” Rong Shu was very curious.

Lu Qi shrugged his shoulders, “I don’t know the specifics, but both of them are investing heavily. Whoever pulls in the most investment will complete that task faster. Originally, the Gu family supported the Cheng family, but the latter The Gu family withdrew the funds and invested in the Wang family instead.”

“I see, the conditions proposed by the Wang family for saving people should be this.”

Lu nodded, “Yes, Gu Yaotian’s sudden withdrawal of capital made the Cheng family a joke. Before the task time is over, the Cheng family will definitely lose the chance to compete for the market, so Gu Yaotian also offended the Cheng family.”

Hearing this, Rong Shu couldn’t help laughing, “At the same time offending so many powerful people, the Gu family Quite capable.”

“No.” Lu Qi echoed.

Seeing that the elevator was coming soon, Rong Shu was about to end the call, “Okay, let’s not talk about it for now, Gu Yaotian’s business is left alone, naturally the Cheng family will help us clean up, just stare at the factory building and let the engineering team speed up the construction. “

Don’t worry, I know.”

Rong Shu hummed, hung up the phone, and walked into the elevator.

Gastroenterology.

The doctor took Rong Shu’s examination sheet and sat in the chair with a serious face.

Rong Shu clasped her hands together a little uneasy, “Doctor, do I have some serious illness?”

Recommended Novels

Chapter 117 You Are Pregnant

“No.” The doctor shook his head.

Rong Shu breathed a sigh of relief.

Not good.

Seeing the serious expression on the doctor's face, she thought she had some terminal illness.

"Then doctor, what's wrong with me?" Rong Shu looked at the doctor and asked again.

The doctor put down the checklist in his hand, "I'm not quite sure, so let's go to the obstetrics and gynecology department to take a look. Your situation is within the scope of the obstetrics and gynecology department."

"Obstetrics and Gynecology?" Rong Shu's mouth twitched.

Doesn't she just have a stomachache?

Why should I go to the obstetrics department?

"Yes, my diagnosis is that you are pregnant, so I suggest you go there." The doctor nodded and replied.

Rong Shu's pupils shrank, and there was a buzzing sound in her mind. It was blank. It took a while for her to recover. She opened her mouth and said in a hoarse voice, "I... I'm pregnant?"

"It should be." The doctor replied.

Rong Shu's body swayed, only to feel that the whole world was spinning.

pregnant.

How can she get pregnant.

Rong Shu stood up, took the checklist, and walked to the obstetrics and gynecology department in a messy pace.

She is going to the obstetrics and gynecology department for a detailed examination.

In case she is not pregnant, the doctor in the gastroenterology department said it wrong.

Ding, the elevator is on.

Rong Shu stepped out of the elevator, looked left and right, saw that the obstetrics and gynecology department was on the left, turned and walked to the left.

When Fu Jingting came back from the phone call, he just saw her figure disappearing into the corner, and couldn't help squinting his eyes.

Why didn't she leave the hospital?

“Jing Ting.”

Just as he was thinking, Fu Jingting heard someone calling him from behind.

He turned around and saw a doctor in a white coat with a wicked smile on his face.

“What’s wrong?” Fu Jingting put down his phone and asked quietly.

Lin Tianchen pushed his glasses, “Manyin wakes up and wants to see you.”

“Got it.” Fu Jingting felt relieved and walked quickly into the consultation room.

Lin Tianchen looked at his back, pursed his lips, and quickly raised the arc again, and walked in.

“Jing Ting.” Gu Manyin sat on the sofa, staring blankly at Fu Jingting, “Jing Ting, Tianchen said I was in a coma, how did I get in a coma?”

Hearing this, Fu Jingting frowned, “You don’t remember Is it?”

Gu Manyin shook her head, raised her hand and placed it on the temple, “I don’t remember, I have no impression at all.”

Fu Jingting lowered his eyes, making it difficult to see the expression in his eyes.

After a while, he asked again, “Then what happened before you fell into a coma, do you still remember?”

Gu Manyin tilted her head for a while, then shook her head, “I don’t remember either, I only remember that we reconciled in the morning and then I don’t even remember, Jing Ting, what happened to me?”

She looked at him in a panic, “Why did I lose part of my memory? Did I have a terminal illness?”

Fu Jingting didn’t say anything, just looked at her with deep eyes. , as if to see through her whole person and know whether what she said is true or false.

“Jing Ting?” Gu Manyin suppressed the anxiety in her heart, and called out in confusion.

Fu Jingting’s Adam’s apple slid slightly, and his voice was good and angry, “You really, don’t you remember anything?”

This time, Gu Manyin hadn’t spoken yet, and Lin Tianchen on the side replied, “She really doesn’t remember. It ‘s gone.”

Fu Jingting's expression changed slightly.

He might doubt Gu Manyin's words, but Lin Tianchen's words would not.

Lin Tianchen is not only his friend, but also a reputable surgeon who cannot tell lies.

"What the hell is going on here, how could Man Yin lose his memory?" Fu Jingting stared at Lin Tianchen.

Gu Manyin also looked at Lin Tianchen very much.

Lin Tianchen took his hand out of the pocket of his white coat and scratched the back of his head, "About this... let's go out and talk."

"Can't I know?" Gu Manyin pouted unhappily.

Lin Tianchen smiled at her, "You better not know, let's go, Jing Ting, let's go out and talk."

Fu Jingting pondered for two seconds, nodded in agreement, and went out first.

Lin Tianchen walked behind.

The moment he went out, he suddenly turned his head and blinked at Gu Manyin.

Gu Manyin hooked her lips and nodded.

After getting a response, Lin Tianchen turned his head back and closed the door of his clinic.

"Tell me, what's going on." Fu Jingting stopped and asked in a deep voice.

Lin Tianchen took out a pack of cigarettes from his pocket, shook out one and handed it over, "Do you want it?"

Fu Jingting didn't even look at it.

Knowing that he didn't want it, Lin Tianchen took the cigarette back, lit it by himself, and took a sip, "Manyin has schizophrenia."

"What?" Fu Jingting's pupils trembled.

Lin Tianchen flicked the cigarette ashes, "To be precise, she is not just a schizophrenic, but a personality split. She has a dark personality, as the name suggests, a personality that can do bad things."

Fu Jingting clenched his fists, "How can she have a personality? Splitting?"

Lin Tianchen exhaled smoke, "Split personality only occurs after great stimulation. Manyin didn't have it before, but only after he woke up. Do you remember, when Manyin woke up and found out that you were married, Almost turned back into a vegetative state, all I guess is that personality was born at that time."

Hearing this, Fu Jingting's heart shrank suddenly.

Therefore, Manyin's personality split was caused by his marriage to Rong Shu!

"I did a little research just now." Lin Tianchen put out the cigarette butt, "Manyin's dark personality is very hostile to your ex-wife, probably because your ex-wife stole the position that originally belonged to her."

Fu Jingting Some displeasure frowned, "It has nothing to do with Rong Shu, I didn't reject it back then."

In the final analysis, the biggest reason lies in him.

Lin Tianchen's glasses reflected light, "Jing Ting, are you defending your ex-wife?"

"Okay, now it's about Man Yin, what are you talking about." Fu Jingting pursed his lips impatiently.

Lin Tianchen gave him a fixed look, and then smiled, "That's true."

"Did Man Yin's dark personality appear when he saw Rong Shu?" Fu Jingting asked.

Lin Tianchen spread his hands and said, "How do I know this, but generally speaking, they appear when they are threatened. Maybe before that, what your ex-wife did to Manyin, Manyin's dark personality will come out. "

Impossible!" Fu Jingting replied subconsciously.

Lin Tianchen narrowed his eyes, "Jing Ting, you said you didn't protect her."

"I'm not protecting her, it's just that she couldn't do that." Fu Jingting said coldly.

He intuitively told him that Rong Shu did nothing.

"Okay, it's impossible, it's impossible." Lin Tianchen squeezed his hand, and then his tone became heavy, "This personality of Manyin should be the first time to appear, and all Manyin will lose their memories during this period, I I'm worried that if this continues, this personality will come out very frequently."

“Can it be cured?” Fu Jingting looked at him.

Lin Tianchen nodded, “In the history of medicine, there are still many cases of personality fusion in patients with schizophrenia. Manyin’s personality has only been born for more than a month, and the possibility of fusion is very high.”

“How to do that?” Fu Jingting said in a deep voice ask.

Lin Tianchen pushed down his glasses, “It’s very simple, spend more time with her, try to make her happy, don’t let her see your ex-wife, especially the scene where you are with your ex-wife, as long as it doesn’t irritate her, her sub-personality I won’t come out, and over time I will merge with the main character.”

Although he felt a little unreliable, Fu Jingting still remembered it in his heart. “I see.”

“That’s fine, then I’ll go to work first. I just returned to China, so I’ll be busy.” Lin Tianchen patted his shoulder and walked away.

Fu Jingting stood there, looking at the door in front of him, his thin lips pursed into a straight line.

He never thought that Man Yin would be stimulated to split his personality. It seems that what Man Yin has done to Rong Shu in the past month or so is influenced by this sub-personality.

Therefore, after Man Yin wakes up, his words and deeds will be very different from those written in the letters.

Chapter 118 Died on the Operating Table

Suddenly, a small sobbing sound came.

Fu Jingting no longer thought about it, and opened the door of the consultation room.

Gu Manyin seemed to be frightened, she was stunned for a moment, then immediately turned around and walked in.

“Manyin.” Fu Jingting stopped her.

Gu Manyin stopped, raised her hand to wipe away her tears, and then turned around again with a forced smile on her face, “Jing Ting, you have finished talking to Tian Chen.”

Fu Jingting snorted and stared at her. She looked at her for two seconds and asked, “You heard it all?”

Gu Manyin nodded, and just stopped the tears in her eyes, and water vapor overflowed again, "Jing Ting, do I really...do I really have a split personality? "

Fu Jingting's thin lips moved, wanting to say something, but in the end he didn't say anything, and only replied with the word um.

Gu Manyin covered her face and cried sadly, "I'm sorry Jingting, I don't know, I really don't know..."

"It doesn't matter." Fu Jingting held her in his arms distressedly, "This is not yours. You don't need to apologize."

"But I just heard Tianchen say that my personality is very bad and I am hostile to Miss Rong. Did I do something to Miss Rong in the memory I lost?" Gu Manyin pulled He sat on the lapel on Fu Jingting's chest and asked with red eyes.

Fu Jingting lowered his eyelids and replied in a deep voice, "That personality of yours pushed Rong Shu down the stairs."

"Hey..." Gu Manyin sucked in a breath, "Why is this, I... I want to kill Miss Rong "

It's not you, it's your personality." Fu Jingting touched her hair and corrected.

Gu Manyin bit her lip, her voice choked, "Even if it's my personality, she's still me, no wonder I've targeted Miss Rong several times before, I know it's wrong to do so, but I can't control it, so it's because I have Psycho!"

She spat on her head in disgust.

"Manyin, don't do this." Fu Jingting quickly took her hand off, "I said, it's not your fault."

"It's my fault, I not only framed Miss Rong for hitting me with her car, but also caused Miss Rong to fall. Come on, now push Miss Rong down the stairs again, I...I..." Gu Manyin burst into tears.

Fu Jingting kissed her on the forehead, "The previous two times, you were influenced by the sub-personality that was about to be born, so you did that, but pushing Rong Shu down the stairs was completely done by the sub-personality, not with you. You don't have a memory, so you don't have to blame yourself."

"But Miss Rong doesn't know." Gu Manyin sniffed, then thought of something, pushed the man away and asked, "By the way, Jing Ting, Miss Rong, she How's it going, is she okay?"

"It's okay." Fu Jingting replied.

Gu Manyin patted her chest and breathed a sigh of relief, "It's great, it's fine, but Miss Rong will definitely not let me go."

Fu Jingting pursed her lips, "She will call the police."

"Call the police?" Gu Manyin was startled at first. He exhaled, then smiled bitterly and said, "Yes, I pushed Miss Rong down the stairs, she should have called the police, I should go to jail for my actions, but I heard that the prison is very scary, and those female prisoners are very It will torture people, and I don't know if it's true."

She glanced at him unintentionally.

Fu Jingting didn't notice, and thought of Lin Tianchen's words in his mind.

If you want Manyin's sub-personality to merge with the main character, you can't let Manyin go to prison.

If Man Yin is really in jail, with her character, she will definitely be stimulated again, not to mention curing the split personality, I am afraid the split will be more serious.

Thinking, Fu Jingting's eyes narrowed slightly, "Don't worry, I won't let you go to jail."

"Really?" Gu Manyin looked at him with bright eyes, but soon dimmed again, "But Miss Rong won't agree."

"I'll go talk to her." Fu Jingting lowered his eyes and said softly.

At this moment, his cell phone rang, and it was Assistant Zhang calling.

"What's the matter?" Fu Jingting put the phone to his ear and asked in a deep voice.

Assistant Zhang's respectful voice came, "Mr. Fu, two research teams have come from abroad and want to authorize our new energy development technology."

"I see, you treat them well, I'll be right back." Fu Jingting hummed said.

After the call was over, he put down his phone, "Manyin, I want to go back to the group first, you have a good rest, don't think too much, I'll take care of the rest."

Gu Manyin nodded, "Okay."

Fu Jingting put the phone in In his suit pocket, he turned and left.

Not long after he left, Lin Tianchen came back, "Is it really good to do this? Pretending to have a split personality, once you are exposed, your reputation will be lost."

“So what?” Gu Manyin shrugged in disapproval. Shoulder, “As early as the recovery banquet, when I wronged Rong Shu for hitting me with a car, my reputation was already damaged a little bit, and I’m not afraid of the damage being more thorough. Besides, are you so sure that I will be exposed?”

Lin Tianchen pushed his glasses, “I just want you to be careful about everything.”

“Don’t worry, I’m measured, and I can only do this, otherwise Jing Ting won’t help me, so I’ll really go. I’m in jail, and most importantly, because I attacked Rong Shu several times, but Jing Ting didn’t say anything, he must have a grudge against me in his heart.”

Gu Manyin held up the water glass and took a sip of water gracefully, “This is One point, it can be seen from his unwillingness to save me from the very beginning. I pretended to have a split personality and asked him to attribute all the things I had done to Rong Shu to the non-existent sub-personality. , naturally there will be no more grudges, only distress.”

Besides , Jing Ting will not think she is bad if she deals with Rong Shu in the future.

I just thought that it was because her condition was getting worse.

Lin Tianchen looked at Gu Manyin, who was looking to win, and helplessly spread his hands, “Okay, since this is your decision, I respect you.”

“I knew you were good to me.” Gu Manyin was sweet to him Sweet smile.

Lin Tianchen’s eyes were dazed for a moment, and then softened, “You are my savior and my angel. I am not good to you, but to whom?”

Gu Manyin’s smile froze for a moment, and then her eyelids drooped, covering the eyes in her eyes. Guilty , he changed the subject calmly, “By the way, I still have a job to ask you to help.”

“What’s your job?” Lin Tianchen asked without noticing her strangeness.

Gu Manyin pursed her lips, “Rong Shu has a recording of me pushing her downstairs. Although Jing Ting promised not to put me in jail, the recording in Rong Shu’s hand is always a time bomb. Find a way to destroy the recording.”

“It’s simple.” Lin Tianchen put his hands in the pockets of his white coat and replied with a relaxed expression.

Gu Manyin said again, “The other is that Rong Shu is pregnant.”

“Whose?” Lin Tianchen raised his eyebrows.

Gu Manyin's face twisted for a moment, and she gritted her teeth in reply, "Jing Ting's, but Rong Shu doesn't know, but if Jing Ting knew that Rong Shu was pregnant, he would have guessed right away that it was his child."

That night, she Prescribed medicine to Rong Shu, the original intention was to let Rong Shu fuck with other men, and then took the opportunity to take photos and videos, completely destroying Rong Shu, but I didn't expect that Rong Shu did not go back to the room, but went to another place with Jing Ting. After a night in the room, her plan completely failed.

There was no other way. After Jing Ting left, she could only make another move and let the arranged man sneak into the room to sleep beside Rong Shu, and conceal that it was Fu Jingting who stayed with Rong Shu for the night. Just got pregnant!

Chapter 119 Really Pregnant

Thinking of this, Gu Manyin clenched her hands tightly, and said in a cold voice, "So, we must not let Jing Ting know that Rong Shu has broken his child, at least not until the child is lost." No

, with Jing Ting that Such a responsible character will definitely divorce Rong Shu and let Rong Shu give birth to the child.

Lin Tianchen nodded slightly, "What do you want me to do?"

"The Lin family is a medical family, you should have the ability to influence all the hospitals in Haishi, I want you to keep an eye on Rong Shu, no matter which hospital she goes to in the obstetrics and gynecology department, You have to ask those obstetrics and gynecology doctors to tell her that the child in her stomach cannot be kept because of a problem, and it is best to let her die on the operating table."

Gu Manyin looked at him with a terrifying smile on her face.

Lin Tianchen claimed that he was not a good person, but at this moment, he couldn't help but be shocked by her ruthlessness.

I couldn't help but wonder in my heart, is this ruthless woman really the little girl who desperately saved her from the traffickers when she was a child?

But seeing Gu Manyin's eyes that were the same as the little girl's, Lin Tianchen dispelled the doubts in his heart again.

“Okay, if this is what you want, I will definitely help you achieve it.” Lin Tianchen replied with reflective glasses.

At the same time, obstetrics and gynecology.

Rong Shu sat uneasily on the bench, waiting for the results of her examination.

After waiting for about ten minutes, a nurse called her into the doctor’s office.

“Doctor, what’s the result, am I really...really pregnant?” Rong Shu asked nervously, holding her hands together.

The doctor nodded and handed over the pregnancy test sheet in his hand, “Congratulations, Miss Rong, you are indeed broken, one month and ten days.”

There was another bang in Rong Shu’s mind.

Although I was already mentally prepared, I was still stunned when I heard the exact answer.

She is pregnant.

She is actually pregnant!

Rong Shu’s hands were shaking while holding the pregnancy test sheet, her face was bloodless, she was very flustered and scared, and she didn’t know what to do.

“Miss Rong, Miss Rong?” The doctor called her twice.

Rong Shu looked at her with a pale face.

Seeing that Rong Shu was not happy with her pregnancy, the doctor understood that this child was not what she wanted, and sighed, “If Miss Rong doesn’t want this child, she can operate earlier, with less risk and easier recovery. “

Hand... surgery?” Rong Shu was stunned.

The doctor nodded, “Yes, doesn’t Miss Rong want this child?”

“I... I didn’t say that.” Rong Shu subconsciously hugged her stomach and replied.

For some reason, the thought of taking away this child made her feel a sense of reluctance.

The doctor was also stunned, “Is that Miss Rong planning to stay?”

Stay?

Rong Shu bit her lip, "... I didn't even think about it."

The child came so suddenly that she hadn't fully accepted it yet.

How could it be possible to immediately consider keeping him.

The doctor saw that Rong Shu didn't want to fight or stay, and it was not surprising.

She had seen this kind of situation a lot, and said with a smile, "Since Miss Rong hasn't thought about it clearly, let's go back and discuss it with the child's father before making a decision."

Rong Shu twitched the corners of her mouth and forced an ugly smile. Get up and go.

Along the way, she was completely out of shape, and her mind was full of her pregnancy, so that she almost got rear-ended several times while driving.

Fortunately, in the end, Rong Shu successfully drove the car back to Tiancheng.

After getting out of the car, she buried her head and walked forward. Seeing that she was about to hit the wall, an arm suddenly came out and pulled her back.

Rong Shu slammed into a hard chest, smelled the familiar scent of mint, looked up, and asked in surprise, "Why are you here?"

Fu Jingting did not answer Rong Shu's question, but sternly shouted "What are you doing, walking without looking at the road, if I hadn't pulled you, you would have bumped into it now."

Rong Shu knew that she was wrong, lowered her head and said nothing.

Seeing her like this, Fu Jingting couldn't continue talking, and rubbed his eyebrows, "What were you thinking just now?"

"Nothing." Rong Shu's eyes flickered, and she replied dully.

Fu Jingting squinted, "It doesn't look like it?" The

four big characters 'I have something on my mind' were written on his face.

What was it that made her feel so down?

Rong Shu pursed her red lips, "This is my business, it has nothing to do with you, Mr. Fu, I'll go first."

After speaking, she turned around to leave.

Fu Jingting grabbed her.

Unexpectedly, the document bag she was holding in her arms suddenly fell to the ground.

Fu Jingting looked down and saw that the name of the hospital was printed on the document bag.

It was the hospital where my grandmother lived.

“Did you get hurt at the time, but didn’t tell me?” Fu Jingting grabbed Rong Shu’s arm and tightened it a bit.

Rong Shu frowned, “No.”

“Really not?” Fu Jingting narrowed his eyes, obviously not believing her words.

Before Man Yin woke up, he saw her walking to the other side of the hospital.

Although I don’t know what department there is, but she went to check after the fall. What was the injury?

“Did it fall into the internal organs?” Fu Jingting asked again.

“Mr. Fu, why are you asking so many questions? This is my business, what does it have to do with you?” Rong Shu smiled sarcastically.

After asking so many questions, those who didn’t know thought she was a very important person to him and worried about her.

Seeing that Rong Shu was unwilling to answer, Fu Jingting pursed his thin lips and bent over to pick up the document bag on the ground.

Seeing this, Rong Shu’s face changed, and she picked it up and hid it behind her, not planning to show it to him.

Fu Jingting frowned, more convinced that something might have really happened to her body.

Since he doesn’t want to say it, when he goes to see his grandmother at night, let’s check it out.

At this moment, a red car drove over and stopped beside the two of them.

The car door opened, Lu Qi got out from the inside, closed the car door vigorously, and came to Rong Shu in three steps, looking at Fu Jingting vigilantly, "Why are you here?"

Fu Jingting glanced at him lightly, and then turned his eyes again Put it back on Rong Shu, "I'm here to discuss something with you."

"What?" Rong Shu frowned suspiciously.

She didn't think she had anything to do that deserved him to come to her to discuss.

Fu Jingting knew that what he was going to say next might anger the woman in front of him.

Therefore, he did not speak immediately, but was silent for a moment, and then said with a hint of apology, "About today's matter, can you please not call the police for the time being."

Rong Shu's face sank, "What did you say? You let me Don't call the police?"

Fu Jingting's thin lips opened, "Yes."

Rong Shu laughed angrily, "Fu Jingting, what do you mean, when I called the police, you didn't object, but now you suddenly object, what do you want? "

Baby, what's the matter, what's the matter?" Lu Qi looked at her and Fu Jingting in confusion.

But both ignored him.

Fu Jingting lowered his eyes, "I know this makes you very embarrassed, but..."

"No but." Rong Shu squeezed her fist and interrupted her loudly, "Fu Jingting, Gu Manyin wanted to kill me, she pushed me down the stairs and made it clear that she wanted my life, but you told me not to call the police. After her, is it you crazy or the world is crazy?"

"What? Gu Manyin pushed you down the stairs?" Lu Qi finally understood what happened, trembling with anger, staring at Fu Jingting with scarlet eyes.

In the end, he was really angry and punched him, "Fu Jingting, are you fucking sick, let baby let go of the murderer who killed her? Where did you get such a big face, why are you, what qualifications do you have? !"

Fu Jingting didn't expect that he would suddenly hit someone, and then he was hit straight, and took two steps back, the corners of his mouth were purple and blood oozing out.

Rong Shu was also stunned. After reacting, she quickly stepped forward, "Are you alright?"

Chapter 120 You can do whatever you want

Hearing her worried words, Fu Jingting's eyes softened, and he got up from the ground while wiping the corners of his mouth. Just as he was about to answer that it was okay, he saw her pass him and walk towards Lu Qi.

Rong Shu pulled Lu Qi's hand and looked up and down, "Is your hand alright?"

Lu Qi swept away his anger and smiled, "It's alright, it's alright."

"That's good." Rong Shu breathed a sigh of relief.

Fu Jingting's eyes were dark, the air pressure around his body plummeted, and his face was very ugly.

It turned out that he was being affectionate, and she was not worried about him at all.

That's right, Lu Qi is her boyfriend, and it's normal for her to worry about Lu Qi, but why is she so upset?

Fu Jingting's fists on both sides were clenched, and his face was covered with frost.

Rong Shu didn't look at him, and poked Lu Qi's forehead angrily, "You, you suddenly hit someone so well, it scared me to death."

"Who made him so shameless." Lu Qi snorted coldly at Fu Jingting.

Rong Shu's expression also became cold, and she looked at Fu Jingting, "Mr. Fu, go back, I still say that, I will not give up calling the police."

Fu Jingting lowered his eyes, "What do you want?"

"What? "Rong Shu was stunned for a moment.

Fu Jingting looked at her, his thin lips parted lightly, "As long as you promise not to call the police, you can do whatever you want."

"Fuck you..." Lu Qi was about to run wild again.

Rong Shu stopped him and looked at Fu Jingting with a sarcastic smile, "Anything you want?"

"That's right." Fu Jingting nodded.

Rong Shu narrowed her eyes, "Okay, that's what you said, then I want Fu's Group or Sansheng Group. You can choose one. As long as you give one of these, I won't call the police."

Lu Qi's eyes lit up . , "Baby, this is good."

Fu Jingting didn't expect Rong Shu to be so ambitious. As soon as he opened his mouth to ask Fu Shi and Sansheng, his brows furrowed tightly, "Rong Shu, are you kidding me? You know I can't give you this."

Rong Shu raised her arms and sneered, "Yeah, I'm just kidding you, so you don't have to bother to tell me to give up calling the police, because it's impossible, I have to put Gu Manyin in jail!

" , she pulled up Lu Qi and walked towards the elevator.

Originally, she was quite grateful to Fu Jingting for showing up in time to save her, otherwise she might really die, but now what Fu Jingting did, her gratitude to him was completely gone, and she was full of nausea.

She believes that it's right to pamper her beloved, but there is no lower limit to pampering her so much, regardless of the law and morality, it would be too unhuman.

Fu Jingting looked at Rong Shu's back and did not stop her from leaving.

Because he knew that it was useless to stop him, so he might as well use other methods to save Manyin.

Fu Jingting's eyes were slightly mountain, and he also turned to leave.

On the other side, in the elevator.

Lu Qi was still scolding, "Fu Jingting is too bad, he can say such shameless words."
"Okay

, I'm not angry anymore, what are you still angry about?" Rong Shu looked at his angry look and smiled. a moment.

Lu Qi pouted, "Baby, are you really angry?"

"Well, it's fine to be angry for a while, it's not worth being angry for too long, after all, it's an irrelevant person." Rong Shu replied lightly.

Lu Qi blinked excitedly, "Baby is right, they are irrelevant people, but..."

"What?" Rong Shu walked out of the elevator.

Lu Qi followed her closely, "Fu Jingting didn't cancel your decision this time, and he definitely won't give up, I'm afraid he will do something."

Rong Shu's eyes darkened, "If this is the case, then let it go, anyway, I Just one person, those who are barefoot are not afraid of wearing shoes, the big deal is to finish playing together."

Lu Qi was startled, "Baby, don't be like this, what do I do when you're done?"

Rong Shu rolled his eyes at him, "Okay, I'll just talk, you're serious."

But if Fu Jingting is really annoying took her.

It's not that she can't pull him to finish.

While talking, the office arrived.

Rong Shu pushed open the door and went in, took out her cell phone and called the police.

As soon as the police heard of intentional homicide, they immediately dispatched the police to arrest someone, and then Gu Manyin was arrested in the hospital.

When she was arrested, Gu Manyin was completely stunned, and she was both startled and panicked.

What's going on? Didn't Jing Ting say that he would persuade Rong Shu not to call the police?

Why did Rong Shu still call the police?

Gu Manyin was taken back to the police station's interrogation room with a pale face.

The people at the police station immediately notified Rong Shu.

"Understood, thank you, I'll go to the evidence right away." Rong Shu put down the phone expressionlessly and stood up.

"Baby, let me accompany you." Lu Qi quickly put down the coffee in his hand and said.

Rong Shu shook her head, "No, you can stay in Tiancheng."

"Okay." Lu Qi replied reluctantly.

"Let's go first." Rong Shu picked up the bag on the desk and went out.

Soon, she drove to the police station, parked the car in a parking space near the police station, and opened the door to get out of the car.

Just as she had just taken two steps, there was a sudden roar of motorcycles behind her.

Rong Shu looked back and saw a black heavy motorcycle rushing towards him at a very fast speed.

Rong Shu's face turned pale with fright, and her legs became stiff and unable to move.

Seeing that the motorcycle was about to hit her, she subconsciously shrank her neck and closed her eyes.

I thought she was going to be knocked out soon, but Rong Shu only felt a pain in her shoulder.

Immediately afterwards, the bag on her shoulder was dragged away by the person on the motorcycle.

And Rong Shu also fell to the side because of the pulling force.

Fortunately, it was her car next to her. Although she didn't fall to the ground, her stomach was hit by the headlight. She cried out in pain and broke out in cold sweat.

"Hey..." Rong Shu sucked in a breath of cold air and rubbed her stomach. But soon, she took her hand away from her stomach, then opened the driver's door and went up, enduring the colic in her stomach, and drove to chase. She has to get the bag back. In addition to her credentials, there is also a mobile phone. In the mobile phone, there is a recording of the call with Fu Jingting that she intercepted. In that recording, there is evidence that Gu Manyin pushed her downstairs. It must not be lost. Rong Shu frowned tightly, stepped on the accelerator and chased after him. Assistant Zhang drove over and saw the scene of her car disappearing. He couldn't help but wonder, "Mr. Fu, it seemed to be Miss Rong's car just now. She was driving so fast, she seemed to be chasing people." Chasing people? Fu Jingting, who was covering the corners of his mouth in the back seat, opened his eyes, "Who are you chasing?" "I don't know, I didn't see it." Assistant Zhang shook his head. Fu Jingting pondered for a few seconds, then ordered, "Follow!" "Yes." Assistant Zhang responded and restarted the car. Rong Shu kept chasing the motorcycle. But on crowded roads, Rong Shu's car is far less than the speed of a motorcycle. The motorcycle slid through the gaps in the traffic, while Rong Shu could only honestly be caught in the middle of the other cars, in a dilemma.

In the end, she could only watch the motorcycle go away and disappear without a trace.

Rong Shu's eyes were red with anger, and she patted the steering wheel.

As a result, she was so excited that her stomach hurt even more.

Rong Shu couldn't take it anymore, parked the car on the side of the road, and lay on the steering wheel in pain.

At this time, the window was knocked.

Rong Shu raised her head reluctantly, and turned to look, Fu Jingting's stern face appeared outside.

It's just a bruise on his face that spoils his beauty a bit.

Rong Shu rolled down the car window and looked at him panting slightly, "What's the matter?"

Fu Jingting saw her sweating profusely, her face pale, her eyebrows wrinkled, and she asked in a tight voice, "What's the matter with you? "
