Rong Shu's Coquetry

Therefore, she could only make a small shot once, and wanted to see how Rong Shu counterattacked, so that she could know how Rong Shu counterattacked, so that she could have a deeper understanding of Rong Shu.

In this way, she will be able to deal with Rong Shu in the future.

I thought this plan was perfect, but unexpectedly, brother Jing Ting took action. Not only did he come forward to clarify that the scandal was false, but he also said that he believed that Rong Shu would not be sorry for him.

This is not what Brother Jing Ting would do at all.

Brother Jing Ting never pays attention to these things on the Internet, but this time, brother Jing Ting did just that, which is obviously a problem.

He must have been coerced by Rong Shu with a handle.

Even let brother Jing Ting break with her Liu family and deal with her Liu family, which is really hateful.

This surnamed Rong is more difficult to deal with than she imagined!

The more I thought about Liu Linlin, the more unwilling it became, her lovely face was distorted.

Afterwards, she closed her eyes, took a deep breath, calmed down temporarily, then got up from the sofa, walked over to the broken mobile phone, picked it up, took off the calling card inside, turned around and walked to the room. In the bedside table of the room, I took out a spare mobile phone, put the card in it, and made a phone call out, "How is it? Have you completed the procedures for returning to China?"

"

"Okay, I'll set off for the airport immediately." Liu Linlin narrowed her eyes and replied gloomily to the phone.

Finally, she can finally return home!

Liu Linlin couldn't hide the enthusiasm and excitement in her eyes.

Just wait, when she returns to China this time, she must let brother Jing Ting get rid of that Rong Shu's claws, she must!

Rong Shu didn't know that trouble was coming.

Right now, she is standing in front of the freezer with a box of ice cream in her hand, and she is having a tug-of-war with Fu Jingting.

Here's the thing, three minutes ago.

When the two bought vegetables and meat, and pushed a cart full of things to pass by the freezer with all kinds of ice cream, Rong Shu was hooked and lured by a mango-flavored ice cream, and then stopped. He reached for a box of ice cream and happily put it into the cart.

As a result, just after she put it away, Fu Jingting's big hand picked up her ice cream and put it back in the freezer.

At that moment, Rong Shu felt that the world had stopped running, and the happy expression on her face also froze on her face, looking at Fu Jingting without responding for a while.

When Fu Jingting took her hand and wanted to take her away from the ice cream area, Rong Shu finally reacted and took her hand out of the man's hand, pursed her mouth tightly, and stared at the man with red eyes. "Fu Jingting, you actually put my ice cream back!"

Looking at the woman's red eyes, Fu Jingting seemed very calm, "You can't eat this."

"Why can't I?" Rong Shu's eyes widened, "I just think the man's words are very funny, "If you don't give me a reasonable explanation, you can sleep on the sofa tonight."

Hearing the words "sleeping sofa", Fu Jingting's pupils shrank slightly, and his expression instantly became serious and serious. He got up, "I didn't let you eat it for your own good. Did you forget the last time you ate something with ice and your stomach hurt at night?" At

that time, he was holding her and wanted to have sex with her. The happiest thing in the world.

In the end, before she got to the main topic, her face suddenly changed, she became extremely pale, and cold sweat broke out on her forehead, covering her stomach and screaming pain, so frightened that he softened at the time, picked her up and rushed out of the house to the community She ran to the clinic, for fear that something big might have happened to her.

In the end, the doctor told him after the diagnosis that it was she who ate ice, so her stomach suddenly became uncomfortable and painful. She would be fine after taking some medicine and resting.

The moment he learned the result, he was completely relieved and relieved.

So from that moment, he began to deliberately control her to eat ice.

Fortunately, she didn't particularly like to eat ice, so he didn't deliberately remind her not to eat ice.

As a result, today, she actually put such a big box of ice cream in the cart in front of him.

Thinking of the way she was dying from stomach pain, of course he would do his part to stop her from eating ice cream, so he took out the ice cream she put in without hesitation.

Unexpectedly, her reaction was so big, her eyes were red at that time, and she was very angry.

It made him start to wonder if he was doing too much.

Of course, this self-doubt lasted only a few seconds before he was suppressed.

Anyway, for her good, it's too much.

After Rong Shu heard that the reason why the man took the ice cream was actually because of her stomach pain last time, the anger that was quite big at first went out in an instant.

No way, who let a man for this reason.

No matter how angry she was, she couldn't let it out, and she was even more embarrassed to be angry with a man.

Otherwise, wouldn't it be ignorant?

After all, men are also for her good.

It's just that she really wanted to eat ice cream, but the man took it away, which still made her feel a little aggrieved.

Rong Shu looked at the ice cream that was put back in the freezer, and said eagerly, "Last time I ate ice cream and my stomach hurt because my menstrual period came. This time I didn't have my menstrual period, so I'll be fine with some ice cream. "

That doesn't work either." Fu Jingting still refused ruthlessly, "regardless of whether you are on your menstrual period or not, it's cold now and it's not good to eat ice cream. Let's talk about it when it's hot."

"Then how long do I have to wait?" Rong Shu opened one hand, "Did you see it? I have to wait at least four or five months."

"Four or five months will pass soon, don't worry." Fu Jingting grabbed her wrist and put her hand down.

Rong Shu's mouth twitched and twitched, "Fu Jingting, you really are"

"Huh?" "Fu Jingting raised his eyebrows.

Rong Shu bit her lip, then hugged the man's arm, and began to shake her coquettishly, "Fu Jingting, don't do this, you ask me to buy a box, just one box." As she spoke, she raised a finger, her expression full of pleading, "

It's really just one box, I don't take too much, and I don't eat this box all at once, I must eat it several times, so it doesn't matter if it's cold. "

"No. Fu Jingting looked at the woman holding his arms and acting like a spoiled child. Although his heart was itching, his face was still unselfish.

For her good, he could only improve his resistance, so as not to be compromised by her spoiling.

Of course, Fu Jingting felt in his heart . It's also a pity.

It's a pity, why can't she be coquettish to him in other things? It

's just this kind of thing.

Seeing that the man is indifferent, Rong Shu can't help but begin to doubt her own charm.

This dog man is usually not the most to her. Can't resist? Why are you so firm?

Hmph, she doesn't believe it anymore. He wants to see if he is really firm or serious.

Rong Shu rolled her eyes, and after a glint of light flashed in her eyes , she hugged tightly. The man's arm used his proud softness to rub the man's arm, not to mention his coquettish force, but his voice also had a hint of coquettish and charming, "Jing Ting,

please, buy a box, okay, buy one. Well, please, please, just buy a box! While rubbing against the

man's arm, Rong Shu looked up at the man and blinked her beautiful eyes at the man. The

man took a deep breath, pursed his thin lips tightly and his temples were bulging, grabbing the push rod of the cart. His hand was also held very tightly, and the tight blue veins also protruded.

Obviously, Rong Shu's coquettish act this time had a very strong impact on the man, so big that the man's concentration was completely out of control, so he could only use it forcibly. The willpower was forbearance, so that Shinobu's forehead was sweating.

What a goblin

This leprechaun!

Fu Jingting's eyes drooped darkly, and the tip of his tongue couldn't help but touch his chin.

He never imagined that this goblin would actually act like a spoiled child because of an ice cream, and he acted like a spoiled child in a public place and in public.

He has always known that she is thin-skinned and reserved. Usually, kissing her in public will make her blush for a long time, let alone act like a spoiled child, it is almost impossible.

Of course, that doesn't mean that she hasn't been coquettish to him.

Of course there are some coquettish acts, but they are very rare. After being together for so long, in his memory, she probably acted coquettishly to him less than three times.

And every time she acts like a spoiled child, she is shallow, and before he can enjoy it, she is already over.

It's not like this time, for a box of ice cream, he actually acted like a spoiled child for so long.

Doesn't she know that men can't stand such coquetry?

When she did this, she was on fire at all!

Fu Jingting's hand holding the handle of the cart tightened and loosened, loosened and tightened, and after repeating this for a few times, he finally suppressed the heat inside a little, looked at the woman with hot, dark eyes, and said hoarsely, "You Stop first, don't shake it."

He was afraid that she would rub down, and he really couldn't help it.

You know, he has never had any resistance to her.

Listening to the man's words, looking at the man's eyes staring at the prey like a wolf, to be honest, Rong Shu's heart was also tensed and trembling.

After all, she is not a fool, of course she knows what consequences her actions may cause.

Moreover, she was also afraid that the man really couldn't help it and would do something to her here.

So when the man told her to stop, she also stopped.

Fu Jingting breathed a sigh of relief, then let go of the cart lever with one hand, pinched Rong Shu's chin lightly, and said in a low voice, "Little Leaf, I didn't expect you to come here for a box of chocolates. Use the way to tempt me, let me compromise."

"Who, who tempted you?" Rong Shu refused to admit it, but looked away with a guilty conscience.

The man let out a low laugh. The laughter almost came from his chest. It was so deep and sweet that Rong Shu couldn't help but tremble slightly, and his legs were a little weak.

This man is really

"really not?" Fu Jingting narrowed his long and narrow phoenix eyes slightly, "Then what were you doing just now?"

"I was just acting like a spoiled child." Rong Shu quickly glanced at the man and replied.

She wasn't wrong, she just acted like a spoiled child.

The man let out a low laugh again, "This is the first time I've seen a coquettish person who rubs people with their bodies. Don't you know that men can't rub people like this? Not only will it make men react, but it will also make men feel that you are You are deliberately tempting him, so you still don't admit that you are tempting me? In order to

achieve the purpose of eating ice cream, you are willing to commit yourself to such a thing, Xiao Ye, you have fallen.”

Facing the man’s mocking gaze, Rong Shu’s face was flushed red.

Seeing this, Fu Jingting’s laughter became clearer, “But I like it.”

Rong Shujiao glanced at the man, “You took advantage, of course you like it!”

She still didn’t know him.

Fu Jingting lowered his head and smiled, “Yes, I took advantage of it and enjoyed it, but this is your initiative, for a box of ice cream.”

He pointed to the ice cream, “I just realized that for a box of ice cream, you actually You can do this step, come, tell your husband, what else can make you do this step, after I know, you can also.”

“How about it?” Rong Shu quickly interrupted the man, “You can also use these things Seduce me to act like a spoiled brat to you again?”

Fu Jingting smiled and was noncommittal.

Rong Shu snorted at him angrily, “You really know how to calculate, but this ice cream, do you want to buy it or not? From now on” I

won’t be fooling you anymore.

Before the sentence was finished, there was one more thing in front of him.

It was the man who took a small box of mango-flavored ice cream, “The big box is not good, only this small box, how about we each take a step back? You know, I am also for you.”

Rong Shu looked at the ice cream, then again Seeing the man’s smile but not smiling, he finally snorted arrogantly and grabbed the ice cream, “Okay, for the sake of your good for me, the small portion is the small portion, after all, I am not either. Discontented person.”

After she finished speaking, she looked at the ice cream in her hand and smiled extremely satisfied and happy.

Fu Jingting reached out and rubbed his hair, “Let’s go, let’s go and see what else to buy.”

“If you don’t buy it, we won’t be able to carry it back if you buy it again.” Rong Shu pouted at the cart, “You bought too much fruit. And nutrition products, people who don’t know, think we are not here to buy things, but to buy goods.”

Fu Jingting looked down at the cart in front of him, not only full, but also piled high.

Occasionally, other customers passing by saw their carts and couldn’t help but look surprised.

It can be seen that he bought a little more.

“But these are all things that are good for you, no matter how much. The supermarket should have a delivery service. If not, this supermarket will be replaced by other supermarkets in a short time, and there is no point in continuing to open it.” While talking, Fu Jingting looked at the supermarket from side to side, commenting on whether the supermarket could continue to open.

Rong Shu couldn’t help laughing and crying after hearing this, “Enough is enough, I’ve committed occupational diseases again. I’m here to investigate the operation method of other supermarkets. Don’t worry, there is a delivery service, but I didn’t think about it just now, as soon as you said it, I remembered it. already.”

“Just if you have it, let’s go and pay the bill.” Fu Jingting pushed the cart with one hand and walked towards the cashier area with the other hand holding her soft hand.

When queuing up, many people recognized Fu Jingting, and they all came to say hello.

No way, who made Fu Jingting the chairman of Fu Group to meet the president?

Although the people who live in Repulse Bay have some small money, they are definitely not really rich people. Therefore, the business they do is not very big, and they are basically small companies with an annual income of 10 million yuan.

There is absolutely no way to compare with a large complex group like Fu’s, which is like an elephant and an ant.

So usually, people here would never see Fu Jingting at all, nor did they expect to see Fu Jingting.

After all, the gap in identities is so great that even a person like Father Liu can’t be seen, let alone Fu Jingting, a figure at the top of the pyramid.

For them, Fu Jingting is the legendary big man, not if they want to see him.

However, now, this big man who they never dreamed of, actually appeared in front of them, and went to the same supermarket with them and lined up in the same checkout line, which made them almost dare not even think about it, they thought it was a dream.

Until the end, Fu Jingting was always there and didn't disappear. Then they realized that they were not dreaming, they really saw this big guy.

Then, naturally, all of these people came forward excitedly to say hello, they wanted to make friends with Fu Jingting, and they wanted to make a good impression on Fu Jingting.

Maybe this way, he can catch up with Fu Jingting's huge personal connection and soar into the sky.

After all, what Fu Jingting represents, no one knows, that is wealth and status!

As long as they can get into Fu Jingting's eyes and be pulled by Fu Jingting, their small company may also develop into a big company and then go public.

By then, they will also be the new giants.

The wealthy, just thinking about it makes people feel excited.

Fu Jingting's Considerations

Fu Jingting didn't like being surrounded by people, especially these people who surrounded him with a purpose.

The ambition in those eyes was about to glow green, which made him even more disgusted.

He also knew what these people wanted to do when they came to say hello one by one.

After all, the idea of wanting to climb up is not wrong, but the mistake is that these people don't know how to look at people's faces. Can't you see that he is annoying now?

They are still surrounding him, chatting non-stop, either introducing himself to him, or introducing their company's products and business philosophy, wanting to arouse his interest, let him invest, cooperate with him, and thus continue his influence Climb up.

It's really ugly to eat!

If it were a chance encounter, he might still be interested in hearing about their company.

As the chairman and president of the Fu Group, he never underestimates anyone, and he is very clear that many small companies have potential for development, so he does not have the mentality and idea of looking down on small companies and not cooperating with them.

After all, the Fu Group also started from a small workshop.

Therefore, when the bosses of these small companies come together and want to get closer to him, he doesn't think it's wrong, and he has to seize the opportunity. This is originally a development path. A company with potential, he is also willing to give each other a chance, in this way, it is mutually beneficial to both parties.

It's just that he hates these people, and he doesn't have the eyesight to tell him this in his private time.

Can't tell, is he accompanying his wife now?

But even if he was dissatisfied with these people, Fu Jingting did not drive them away in a rage.

This is Repulse Bay, Rong Shu's property, and Rong Hao's coming-of-age gift to Rong Shu.

Even if Rong Shu will move out of here and live with him in other places in the future, maybe he won't live here, but this apartment can't be moved and will stay here forever.

What he is worried about is that he has cleaned up these people now, and what will they do to Rong Shu's apartment in the future after these people hold grudges.

After all, even if it is him, it is impossible to take care of everything, and there are always places that cannot be taken care of.

So in order to protect Rong Shu's apartment, this is the last gift that Rong Hao left to Rong Shu. Even if he really didn't want to endure these people, he could only endure the irritability and impatience in his heart, and put the business cards handed over by these people. As soon as he took it, he finally got rid of these people until it was their turn to check out.

The things they bought were naturally delivered by the supermarket, so on the way back to the apartment, both of them were empty-handed.

Well, it's not empty-handed.

At least one hand of the two people is holding each other's hand.

For Fu Jingting, holding Rong Shu's hand is equivalent to owning the whole world.

"Just now, did you do it for me?" Suddenly, Rong Shu looked up at the stars in the night sky and said.

Fu Jingting's footsteps paused for a while, then he returned to his natural state, and replied with a chuckle, "What?"

Rong Shu looked at the man with a side face, "Pretend, just pretend, just now in the supermarket, many people recognized it. After seeing you, they handed you business cards one after another, trying to get to know you and get to know you. You were obviously very impatient, but you kept holding back and didn't drive them away. This is not your style."

"Oh?" Fu Jingting chuckled softly. "Then what do you think my true style is?"

Rong Shu asked with a smile, "Test me?"

Fu Jingting nodded, "I want to see if you know me well enough."

Rong Shu snorted, "I don't know you well enough? If you were the usual you, you would have driven away these people long ago. After all, forbearance is not something you, Fu Jingting, would do. If you can do it, it must be There are other reasons, what are you worrying about, of course, you are definitely not worrying about yourself, and you are not afraid to drive away these people, which will make these people hold a grudge against you, because they don't have the courage to target you, and they can't fight you, then The only one you can worry about is me, because there are only the two of us here, and the second reason."

She raised her free hand and shook her two fingers.

The white fingers, in the dark night with lights, shine even whiter and more beautiful.

Fu Jingting looked at it and couldn't bear to take his eyes back, his Adam's apple slipped, and he said in a low voice, "Continue to say what is the second reason?"

Rong Shu put down her hand and smiled and said, "Since you said that you didn't drive these people away because you were concerned about me, The second reason is naturally simple. I live here, and you are usually much busier than me. Sometimes you may even live directly with Fu's and may not come back. Then I am the only one who comes back here. You are afraid that they will not dare to target you, so you choose to

attack me. After all, no matter how good you are, you can't take care of everything, so you can only choose to be patient."

Fu Jingting's eyebrows softened, and he reached out and rubbed her hair, "You're so smart, what reward do you want?"

Rong Shu took his hand away from his head, "I don't want your reward, every time your reward is those things."

A faint light flashed in Fu Jingting's eyes, "Oh What? Why don't you explain it?"

Rong Shu looked at the smirk in the man's eyes, her face couldn't help but patted the man's shoulder lightly, "Fu Jingting, enough is enough, you know it's enough, why not? Ask me to tell you."

Fu Jingting smiled lowly, in a good mood.

After laughing for a while, he pressed his lips and coughed lightly, "You are right in the analysis just now, I am indeed worried about these, so I accept it. Those people's business cards, I really don't need to pay attention to them, and I don't worry that offending these people will be revenge by these people, but you are different, I am by your side, they dare not do anything to you, but we are two independent after all Individuals, each have their own affairs, and I can't be by your side all the time, let alone take you away all the time, so this time is the time for these people to attack you, I will never Look down on anyone, especially these little people. "

Fu Jingting said this, his expression restrained a little, looking at the road ahead, his expression became a little serious, "little people's scheming is often much deeper than some high-ranking people, and many high-status people are extremely conceited. Disdain to use scheming means, but small people are different, low-end, often let them use some shady scheming means to achieve some goals, this is their way of survival. "

"I know." Rong Shu nodded, "Because resources are often only that small, and they are basically controlled by many high-status people. If the people below want to obtain resources, they can only find ways to grab them from these high-status people. "

That's right, so these little people are often harder to deal with than those with high status, and secondly, they are easy to go to extremes when facing high-status people. They know that there is no chance of winning against them, so many times, In order to vent their anger and revenge on the other party, these little people will choose to perish together, and they are not afraid of wearing shoes when they are barefoot.

Rong Shu sighed, "It's not a loss for me to drag a person with more status than myself to die with me. I have indeed heard such a statement in the circle. " "

So, for your safety, I have to think more and endure a little bit more.” Fu Jingting looked at Rong Shu and said with a serious look.

Rong Shu felt a little bit sorry for the man, and she felt a little sorry for the man.

She held the man’s hand tightly and looked at the man, “I’m sorry for you. “

Continue after dinner

What a proud person he is, he never has any scruples or forbearance because of anything.

But since he was with her, he has really changed a lot.

Whatever he does, he will first consider her. As long as there is something that might cause her trouble, he will endure it, even if it is very aggrieved.

That’s why she said, wronged him.

Listening to the woman’s words, Fu Jingting lightly flicked her forehead, “What do you say, this is not grievance, but happiness.”

“Is this still happiness?” Rong Shu touched the forehead that he had flicked on, very puzzled by the man the meaning of the words.

The man smiled and said, “Of course it’s happiness, only when the person I love the most and the person I care about the most is around, I will change for her, and I will think about her in everything I do, otherwise I’ll be alone. ?”

Rong Shu chuckled, “You can come up with such a reason.”

“But this is my truth.” Fu Jingting looked at her and said.

Rong Shu reached out with the other hand and hugged his arm, “Fu Jingting, thank you.”

“There is nothing to be thankful for, doing anything for the other half is a matter of course, no need to say thank you.” Fu Jingting simply Changed to hold her with another hand, the hand that was holding her happened to be holding her shoulder instead.

The weather is getting colder and colder, and being hugged by Fu Jingting like this, let alone, it's really warm.

Rong Shu also tilted her head slightly and leaned on the man's shoulder, "I don't care, you have done so much for me, of course I have to say thank you, you can't stop me."
As

she spoke, she raised her head with a warning look in her eyes. man.

Many men retorted that she wanted him to look good.

The man smiled helplessly, "Okay, I won't stop you, okay?"

"It's almost the same."

The two walked forward together intimately, and the passers-by around them could feel the happy breath emanating from their bodies from a distance.

This happiness also drove these passers-by, so that these passers-by looked at the loving two people and couldn't help showing a knowing smile.

Now the world is in a state of impetuosity.

Like this pair of lovers whose relationship is so good that everyone can see that they are very happy, it is rare to see them.

Therefore, they also sincerely hope that they can continue to be happy like this forever.

Back to the apartment.

As soon as Fu Jingting entered the door, he took out a stack of business cards from his suit pocket and threw it on the shoe cabinet in disgust.

Rong Shu was bending over to change her shoes. After changing her shoes, she saw this scene and couldn't help but ask with a smile, "I don't want these anymore?"

"It's all rubbish." one sentence.

Rong Shu reached out and flipped through the business cards, "Maybe there are still some companies with potential, how can you be sure that they are all garbage?"

"When I took the business cards, I glanced at the content on them. These small companies are all rubbish. Engraving your company's business on the business card, you can see at a glance what these companies do and whether they have potential." Fu Jingting said with his hands in his trouser pockets.

Rong Shu nodded suddenly, "So that's the way it is, then that's it. When I go out tomorrow morning, I'll take it out together and throw it away."

"Well." Fu Jingting nodded.

The two did not stay at the entrance, and quickly walked towards the living room.

After drinking a glass of water, Fu Jingting went to take a bath first.

Rong Shu sat on the sofa in the living room, turned on the TV, and waited for the delivery from the supermarket.

The delivery at the supermarket was quite fast, and the doorbell rang before Rong Shu watched TV for a few minutes.

She put down the remote control, got up and walked towards the entrance to open the door. The two supermarket staff stood at the door with several bags and smiled at her, "Miss Rong, everything you and Mr. Fu just bought in the supermarket are here. Yes, and at checkout, the dinner that President Fu asked us to buy is also here." The

two staff twisted several large bags in their hands.

"Okay, please, please bring it in." Rong Shu hurriedly opened the door completely, stepped aside by herself, and let the door open so that the two of them could enter smoothly.

With the permission of Rong Shu, the two staff went into the house with their shoes on, and brought in the things she and Fu Jingting bought.

After putting the things in the living room, one of the staff members took out another delicate and small paper bag from the bag, and handed it to Rong Shu with both hands, "Miss Rong, this is your dinner with Mr. Fu."

Rong Shu reached out to accept it. Come over, "Okay, thank you."

"You're welcome, Miss Rong, we'll say goodbye first."

"Come slowly."

Rong Shu put dinner on the table and sent the two staff out until the two After entering the elevator, she closed the door and re-entered the room.

Back in the living room, Rong Shu looked at the dinner on the dining table and couldn't help shaking her head and laughing.

Originally, she proposed to go to the supermarket to buy vegetables, but she came back to cook, and there was no food at home.

But due to the long delay in the supermarket, it was already past eight o'clock when I checked out.

It will take a long time to come back to cook again. It is estimated that it will be almost eleven or twelve after eating.

too late.

Then, when Fu Jingting gave the money, he asked the supermarket to help him buy dinner and deliver it along with the purchase.

If someone else asks the supermarket to help buy dinner, it is estimated that the supermarket will directly reject it.

But who asked Fu Jingting to make this request? The supermarket agreed without a second thought, not to mention being flattering.

Thinking of the situation at that time, Rong Shu was a little bit dumbfounded, then opened the bag and put out the dinners one by one.

As soon as it was placed, the bedroom door opened. Fu Jingting was wearing a nightgown and came out wiping his wet hair. He saw a few bags on the ground and dinner on the table, and stopped wiping his hair. , put the towel on the back of her neck and walked behind Rong Shu, hugged her from behind, rubbed her chin on her shoulder, and said in a low and sweet voice, "When did it arrive?"

Rong Shu's earlobe was exhaled when he spoke. The heat was itchy, and I couldn't help shrinking my neck. "It's not long since I delivered it, let me go first, it's itchy."

This dog man is really going to drill when he has time, and take advantage of it.

Just after taking a shower, I started to have sex.

The man pretended not to hear Rong Shu's words, not only did he not let her go, but he bit her red earlobe lightly, provocatively.

Rong Shu rolled her eyes, lowered her head and took the man's hand off her waist, then turned around and glared at the man, "Fu Jingting, you are finished, you start to be a demon before you eat, you Aren't you hungry?"

"Hungry." The man nodded generously and admitted that he was hungry.

The corner of Rong Shu's mouth twitched, "Since you're hungry, let's eat quickly. Is there anything I can't say after eating?"

Fu Jingting's eyes brightened when he heard this.

He tilted his head forward a little, and then pressed his forehead against Rong Shu's, not to mention how hoarse and emotional his voice was, "Baby, you mean that I can continue after eating, right?"

"???" Rong Shu was confused, "When did I say such a thing?"

"You said it just now." Fu Jingting pursed his lips, "What did you say you can't say after eating, it's not Do you mean to let me continue after eating?"

Rong Shu's mouth twitched even more, trying to say that what she just said was not what she meant.

But when it came to his mouth, he couldn't say anything.

It's just because, whoever listened to what she said just now, seemed to be what Fu Jingting really understood.

This made her very helpless.

This Time, I Will Get My Divorce Chapter 1115

Why choose him as a teacher

With a sigh, Rong Shu waved her hand, "Forget it, let's eat first, I'm hungry."

"After eating, you have to let me continue." Fu Jingting held Rong Shu's face in both hands and looked at her, for fear that she would regret it.

Rong Shu raised her eyelids helplessly, "I know, I know."

This time she confessed, who made her say the wrong thing.

If he cheated and didn't agree, with this man's dog-skin plaster character, he would definitely be persistent and pester her until she compromised.

So, it's better to promise him.

Anyway, after being with him for so long, she won't be as rebellious and shy as she was at the beginning.

Already, I can calmly agree to satisfy the man.

And this man's skills are really good. Although she has back pain every time, it is undeniable that she is really comfortable and refreshing.

So now, every time a man wants it, her heart is actually a little itchy.

Ahhh, ashamed.

Can't think any more.

Rong Shu's face flushed red.

Fu Jingting, who was holding her face, could feel her face hot through the palm of his hand.

After he let go of his hand, he saw her blushing face, and he couldn't help but be stunned for a few seconds, "What are you thinking? Why are you blushing like this?"

Rong Shu definitely couldn't tell the man what he just thought, otherwise the man The tail is probably going to be lifted to the sky.

She lowered her head, turned around quickly, pulled the chair in front of her and sat down, "It's nothing, let's eat quickly, why are you asking so much?"

Although Rong Shu tried her best to hide it, she didn't want to tell Fu Jingting what she was thinking.

But Fu Jingting knew that she was blushing like this, and she must have thought about something in that regard.

I just don't know if she's thinking deeply or shallowly.

Thinking about it, Fu Jingting let out a low laugh, walked to the seat opposite Rong Shu and sat down.

Listening to the man's laughter, Rong Shu always felt that the man knew something, and felt embarrassed for a while, then picked up the chopsticks and used the meal to cover up her embarrassment.

Seeing this, Fu Jingting smiled even more.

He was about to say something, but at this moment, a cell phone rang, interrupting what Fu Jingting was about to say.

Fu Jingting frowned, obviously unhappy that someone called at this time.

But in the end, he put down his chopsticks and picked up his mobile phone.

After seeing the caller ID, his eyes narrowed instantly, and the breath around him suddenly became much suppressed.

Seeing this, Rong Shu didn't care about the embarrassment just now, stopped the chopsticks in his hand, and asked with concern, "Who's calling? Did something happen?"

Otherwise, how could his expression become so terrifying?

Fu Jingting shook his head slightly, "It's not that something happened, it's the person who called."

He handed the phone to Rong Shu and showed her the person who called.

When he saw the caller ID, it was the teacher he noted, Rong Shu immediately understood why his reaction was so big.

It turned out that the call was from Liu Linlin's grandfather.

"Your teacher is calling at this time, probably because of the Internet, you can answer it, I also want to hear what your teacher will say." Rong Shu put down her chopsticks, leaned back, and leaned on the back of the chair. up, looking at Fu Jingting and saying.

Fu Jingting also glanced at her, frowning slightly, as if hesitating whether to listen to her on the phone.

After all, what the teacher said to him in the group during the day, he didn't know whether the teacher would say it again on the phone this time.

in case she hears

"Go pick it up." Seeing that the man didn't respond, Rong Shu urged again, "If you don't pick up for a while, the other party hangs up, do you still want to call the other party? things, not so angry with them."

That's true.

Ignoring the other party and not contacting the other party proactively will let the other party know that he is really angry.

Taking the initiative to contact the other party means that you want to reconcile with the other party.

In this way, the teacher's side will definitely be more arrogant in the future.

"I still don't answer." Fu Jingting took back the phone and hung up the phone. "There are some things that you don't need to listen to. You will be the only one who gets angry."

"So, do you think your teacher will speak ill of me?" Rong Shu raised her eyebrows.

Fu Jingting put the phone aside, "The teacher is very fond of Liu Linlin. This time, Liu Linlin deliberately plotted against you. Even if the teacher knew that it was Liu Linlin's fault, he would not really blame his granddaughter. He would only blame you for exposing his granddaughter. So this phone call, he will definitely smear you here and smear your image in my mind."

"It seems that you know your teacher quite well." Rong Shu smiled.

Fu Jingting lowered his eyes, "I didn't understand it very well before, but I only fully understand it today."

He was serious about this.

Before today, he really thought that his teacher was a kind, kind-hearted old man.

But after Teacher Bai Tian told him what he said in the group, as well as things on the Internet, he completely knew that what he thought was always what he thought, the real person and the real world are always so dirty and ugly.

From this, it can be seen that he did not know much about the teacher in the past.

So now that he sees the real side of the teacher, he will feel that the gap is too great.

"Speaking of which." Rong Shu leaned forward, rested her elbows on the table, and looked at the man with her palms on her face, "How can you let Liu Lao be your teacher? Logically, you should know Mr. Liu's brainless protection of his granddaughter shows that Mr. Liu is not a person with a very upright view, such a person, how could you choose him as your teacher, I really don't understand what you were thinking at the time."

"If time could go back more than ten years ago, of course I wouldn't choose him as my teacher." Fu Jingting lowered his eyes and said softly, "I was admitted to university at the age of fifteen, and I studied directly at Benbo."

He said lightly, Rong Shu was ashamed and under a lot of pressure.

Benbo is a direct

student. She is a person who has graduated from undergraduate and finds it difficult to take postgraduate entrance examinations.

And the man opposite him is actually a postdoctoral fellow, or several professional doctors.

The education gap is indeed quite large.

Rong Shu smiled wryly, feeling envious of a man's mind, "And then?"

"After I went to university, I had to master the subject of economics because I was going to take over the Fu Group, so I went to the School of Economics and thought about it. I found a professor of economics as my mentor. At that time, there were two top economics professors in the School of Economics. One was Professor Wang of Economics, and the other was my current teacher. At that time, my intended tutor was Professor Wang. It's not Mr. Liu."

"Then why did you end up being your teacher, Mr. Liu? There should be a two-way choice between the tutor and the student." Rong Shu blinked her eyes curiously.

The man took a sip of the red wine he had just poured, "Indeed, there is a two-way choice between tutors and students. Professor Wang and I avoided talking once, and both parties were satisfied. Professor Wang even planned to accept me as a closed disciple, even the date of apprenticeship. They were all chosen, but the day before the apprenticeship, Professor Wang suddenly had an accident."

"A sudden accident?" Rong Shu's body was shocked, "What happened?"

"When Professor Wang went back to the office to get the materials, he suddenly guessed that the banana peel had fallen, his head hit the ground, and he died on the spot, so Professor Wang and I's apprenticeship ended like this. After that, I settled for the next best thing and chose Liu. Mr. Liu, although Mr. Liu was not my favorite teacher at the beginning, he was indeed very responsible to me during his time as my teacher. I have a doctorate degree in economics, and he did have credit for him, so I have always been very fond of him. respect."

The Death of Professor Wang

“So that’s the case.” Rong Shu nodded, and then her beautiful eyebrows furrowed tightly, “You just said, Professor Wang guessed that the banana peel fell and died on the spot at the door of his office, will this matter? Would it be too coincidental?”

Fu Jingting was stunned when he said this.

He quickly reacted and narrowed his eyes, “Go on.”

Rong Shu hummed and continued, “Look, Professor Wang and Mr. Liu are the two people you think are the most likely to be your mentors. But in fact, what you really like is only Professor Wang, not Mr. Liu, and both you and Professor Wang have already decided on the date of your apprenticeship. Why is it so coincidental that Professor Wang stepped on a banana the day before your official apprenticeship? What about the peel? The most important thing is, how did something like a banana peel appear at the door of Professor Wang’s office? Although bananas are very common, banana peels are not everywhere, and normal people don’t mess around casually. Throwing these things, let alone at the door of the university professor’s office, no matter how you think about it, I feel that there is a problem, besides.”

She looked at the man’s increasingly tense face, paused for a few seconds, and then continued to go Xia said, “Even on the main road, there are cleaning staff to clean up the garbage at any time. It is impossible for the instructor’s office building to not have it.”

“You are trying to say that the banana peel that Professor Wang stepped on was not accidentally thrown there after someone ate the banana. Someone did it on purpose.” Fu Jingting’s hand on the dining table clenched slowly.

Rong Shu looked at the man’s gradually cold expression, and slowly hummed, “Yes, I do have this suspicion, after all you said that the time of Professor Wang’s accident was too coincidental. The accident happened the day before, and it was this banana peel. Anyway, for the appearance of the banana peel, I think the possibility of an accident is too small. It is very likely that this is a conspiracy. Of course, this is just my guess, maybe it really is An accident.”

“No.” As soon as Rong Shu finished speaking, Fu Jingting suddenly shook his head, “Maybe your guess is right, this is a conspiracy.”

Rong Shu’s eyes widened.

Fu Jingting narrowed his eyes and said, “When Professor Wang’s accident happened, I was not in school, but in the Fu Group, and I didn’t know about Professor Wang’s accident not long after the accident. I know that Professor Wang’s accident is the second day. , that day was my apprenticeship day, but when I went to Professor Wang’s house, I learned that Professor Wang had passed away, but at that time, Professor Wang’s body had also been cremated, and the police had also closed the case, saying This is an accident. Because of the case closed by the police, I never thought that there

might be other reasons for Professor Wang's accident, and I always regarded it as an accident. There was something wrong with the professor's accident, and I realized again that there is indeed a big problem here."

As Rong Shu said, why did Professor Wang not have an accident earlier and later, it just so happened that the accident happened the day before his apprenticeship. Woolen cloth?

Moreover, things like banana peels are indeed not found everywhere, let alone in places like universities.

The university he went to is one of the top famous universities in the country, and the students in it are of high quality, so they won't do such a thing of littering.

Not even those professors in the office building.

There are also cleaning staff. Rong Shu was right in what he said just now. Even ordinary roads are cleaned by cleaning staff at any time, and rubbish is rarely seen.

Naturally, the office building is not without cleaning staff. On the contrary, there are many cleaning staff. On average, they will patrol each floor with cleaning tools every half an hour.

Just because his university is visited and communicated by famous people from home and abroad at any time, keeping it clean is also the most important thing in the university.

So normally speaking, it is absolutely impossible to have such a thing as a banana peel, and it is still at the door of an office.

What do you think, what is wrong.

Looking at the man's slightly trembling eyes, Rong Shu thought for a while, and then asked, "Did you think of something?"

Fu Jingting raised his head, noncommittal, "I did think of something suspicious. Although I didn't witness Professor Wang's accident with my own eyes, I also inquired about how Professor Wang fell, and I heard the vice president of the university say, An economic expedition from a foreign university came to the university. Professor Wang led the expedition to visit the school. During this period, Professor Wang and the expedition leader got along very well. Both of them are big bosses in economics. There are many common topics, and Professor Wang has been doing research on the future development path of economics. Although the team leader did not study this aspect at that time, he also had his own unique opinion on this aspect, so the vice president said that Professor Wang was at that time. When talking about this subject with that tie, I can't wait to have a buddy."

Rong Shu covered her lips and chuckled, "This is true, for people who have a topic in common with him, there is indeed a desire to snoop in the other party's thoughts. My dad likes to play chess, but he is also a stinky chess basket, so his chess friends hate him and don't want to play chess with him. People who love to play chess especially, my father is also pulling each other, wishing to snoop with each other, so that I won't be afraid of no one playing chess with me in the future."

Fu Jingting raised his chin, "Yes, that's the idea, Professor Wang and the team leader are talking about this topic, and naturally Professor Wang can't help but want to show the success of his research to the other party."

"That's what you said before, go back to the office to get the documents?" Rong Shu guessed while rubbing her chin.

Fu Jingting nodded, "That's it, but I didn't make it clear to you just now, and I just remembered it."

"What is it?" Rong Shu looked at the man.

The man clenched his fists even tighter, "That is, Professor Wang stepped on the banana peel and fell down when he finished taking the documents and went out."

As soon as these words came out, Rong Shu patted the table, "I see what you mean, what you meant to say was that when Professor Wang came back to get the documents, nothing happened, which obviously means that before Professor Wang entered the office, the door There is no banana peel, after all, if there is a banana peel, Professor Wang can't see it, that is to say, the banana peel appeared at the door after Professor Wang entered the office."

"Yes." Fu Jingting nodded. , "Professor Wang can't take the document for a long time, because it is his own thing, he can't not know where to put it."

"Sure." Rong Shu shrugged, "For his own things, put it there. , there will definitely be a clear understanding, especially if it is something he has been researching, it will definitely be placed in a place where he often haunts and can find it at any time, this place, 100% may be on the desk, Then I speculate that the time it takes for Professor Wang to go into the office to get the documents and then come out can't be too long, at most two or three minutes, and the banana peel also appeared in two or three minutes, that is to say , Some people have been following Professor Wang, or even stalking, otherwise it is impossible to throw a banana peel at the door of Professor Wang's office in such a short time and escape easily."

This Time, I Will Get My Divorce Chapter 1117

Who is the murderer

“My little leaf is smart.” Fu Jingting finally took away the seriousness on his face and smiled at the woman.

Rong Shu snorted proudly, “Of course I’m smart, after all, I was the one who first noticed the problem with this matter.”

“It’s you, how about I reward you later?” Fu Jingting’s eyes darkened. Say.

Rong Shu’s face immediately froze, and then her arm made a fork motion on her chest, “Stop, don’t even think about it.”

Don’t even think about it?

Fu Jingting expressed disdain in his heart.

He has already thought about it, how can he tell him not to think about it?

Anyway, he has already made up his mind to reward her well for a while, so he will never break his promise.

He’s not the kind of man who changes his mind.

Of course, after thinking about it, Fu Jingting did not express this idea to let Rong Shu know.

Otherwise, she should find a reason to prevaricate him at night.

Seeing that the man didn’t speak, Rong Shu thought that the man had given up the idea, he was relieved, and then turned the topic back, “However, how did you know that Professor Wang came out after taking the documents and fell down? After all, you He was not at the scene again.”

“The vice-principal said that the vice-principal has a good relationship with Professor Wang. After Professor Wang’s accident, the vice-principal rushed over immediately. When he saw Professor Wang’s body, Professor Wang was still holding him in his arms. That document, at the same time, the vice-principal also confirmed from the team leader that Professor Wang was returning to the office. He was indeed going to get the document. As a student who is about to receive Professor Wang’s income, Professor Wang had an accident. Naturally, I knew the situation clearly, so I looked for it. Vice-principal, these are what the vice-principal told me personally. He still has a relationship with Professor Wang, and whether the vice-principal can be promoted to the post of president after the resignation of the president is also linked to Professor Wang.

Professor Wang is For the professors under him, the vice-principal can only be promoted after the research results of Professor Wang's side. Therefore, the vice-principal is definitely the one who least expects Professor Wang's accident. Naturally, the vice-principal will not do this kind of thing again. Lied to me."

Rong Shu nodded her head clearly, "Since the vice-principal knows that Professor Wang fell when he came out, why doesn't the vice-principal suspect that Professor Wang's death was not an accident? After all, the appearance of the banana peel is too abrupt. Not only the vice-principal, but even the police didn't have any doubts. Instead, they closed the case early and defined it as an accident. This is not normal. I don't believe that I can think of these doubts all at once. There is a suspicion."

"The police and the vice-principal were bribed after the incident, and even if they noticed something suspicious, they didn't find anything. What you want to say, is this?" The man looked at her.

Rong Shu hummed twice, "Yes, I do doubt this, isn't it too strange? How can a death case be closed so quickly? Even if it is an accidental death, seventy investigations are required. Two hours later, the application for closing the case will be reported, but this matter was hurriedly closed the next day after the incident. This is not normal at all, but it seems that someone deliberately bribed the police to close the case as soon as possible. , Conclude Professor Wang's death as an accidental death, and don't let others investigate further. Speaking of which, does Professor Wang have a family?"

She looked at the man and asked.

The man shook his head, "Alone, his family was condemned to death in those ten years, and he was the only one who survived."

"No wonder." Rong Shu pursed her red lips, "That's right, just because Wang The professor has no family, so even if the case has been closed, no one will stand up to resist, but you, why didn't you find out that there was something wrong with the hasty closing?"

"I found out, and I'm really going to overturn the case." Fu Jingting lowered his eyes, " But before I could do this, I was admitted to the hospital because of a heart attack, and the matter was over."

"That's it." Rong Shu's eyes fell on Fu Jingting's heart, "Then your heart is fine now. Right? I heard that even if you have a heart transplant, it is not your original heart after all, so there will still be some problems. Has your heart felt uncomfortable over the years?"

She then remembered that she didn't seem to care. over his question.

Fu Jingting did not expect that Rong Shu would suddenly ask this, and his body froze slightly, "No, everything is as usual."

When he answered, his eyelids drooped even lower, covering all the expressions in his eyes.

Rong Shu didn't notice the man's strangeness. Hearing that there was nothing wrong with the man's heart, she breathed a sigh of relief, "That's fine."

"Don't worry, I'll be fine, we have a lifetime left, so how could I allow myself Heart problem?" Fu Jingting reached out and touched her hair, "Trust me."

His heart has been found.

It's just that the donor isn't dead yet.

He is not the kind of devil who chooses to use despicable means to end the lives of others in order to survive for himself.

Indeed, he wanted to replace the heart earlier, but he wouldn't just let the donor die.

Furthermore, the donor's current body is almost at an end, no more than half a year at the latest.

It's only half a year, he can afford it.

"I believe in you." Rong Shu looked at the man and nodded with a smile.

Fu Jingting took his hand back, "Let's get down to business, you say, who could have hurt Professor Wang?"

Rong Shu took a sip of soup, "Are you testing me?"

Fu Jingting smiled, "You can think so."

Rong Shu raised her head and rolled her eyes at the man, "With such an obvious answer, you still test me, do you think I'm stupid?"

"No." Fu Jingting hurriedly shook his head.

No way, he has read the smell of danger in her eyes.

Seeing the man so acquainted, Rong Shu snorted with satisfaction, "It's not too bad, but if you ask me that, I can also answer you, my answer is very simple, that is, whoever benefits the most is the one who is doubtful. , I ask you, after Professor Wang's death, who worshipped Mr. Liu as his teacher?"

“Me.” Fu Jingting replied lightly with thin lips.

Rong Shu nodded and said again, “Then let me ask you again, after Professor Wang’s death, who will lead the expedition? I guess it’s Professor Wang?”

Fu Jingting curled his lips, “How did you guess?”

“It’s very simple, You also said before that the only people who can be valued by you and are going to be selected as mentors are Professor Wang and Lao Liu. Obviously, in the discipline of economics, these two are the figures standing at the top of the pyramid. Professor Wang led the expedition team. It can be seen that the status of the expedition team is not low. Otherwise, Professor Wang will not be chosen to lead the expedition team. Otherwise, the expedition team will feel that your university looks down on their expedition team and insults their expedition team. What caused diplomatic problems between the two countries, although Professor Wang passed away later, the expedition could not be forced to terminate because of Professor Wang’s death, and the inspection must continue, then the school will naturally arrange a new person to lead the expedition, and This person’s status must not be lower than Professor Wang, and the only one who is not lower than Professor Wang is Liu Lao.”

“Yes, my little leaves are very good.” Fu Jingting put down the red wine and praised the woman with a thumbs up. one sentence.

A trace of embarrassment flashed in Rong Shu’s eyes, and she waved her hand, “Anlaan, don’t flatter me, anyway, I’m still saying that, in these two matters, whoever benefits the most may be the murderer. When Professor Wang passed away, Mr. Liu became not only your teacher, but also the person who led the expedition team, and became the number one figure in domestic economics. What do you think about the good things of the Three Eagles?”

Find the old lady

Fu Jingting put his fingers on the dining table, and did not speak, but lowered his head, thinking about something.

Seeing this, Rong Shu didn’t bother him, picked up chopsticks and continued to eat.

After eating for a while, the man finally responded.

He let go of his hands and slowly raised his head, "I will ask the police to overturn the case and restart the investigation on this matter."

"After the investigation is clear, it turns out that the last murderer is Mr. Liu, what will you do? Rong Shu stopped the chopsticks in his hand and looked at the man.

This is what interests her the most.

The man picked up the red wine, raised his head and drank it, "I chose to give up the Liu family in the daytime, then in the end, if Mr. Liu really did such a thing, it would naturally be even less possible for me to let him go, and I would choose to be Professor Wang takes revenge, after all, that was the teacher I liked in the first place."

"I support you." Rong Shu stretched out her hand and put it on the man's hand, "No matter what you do, I will support you, and I will choose to stand On your side, it's like you support me in everything and stand on my side."

Fu Jingting didn't say anything, but just held her hand in his palm and squeezed it gently, indicating that he was in the mood at the moment. very happy.

After a while, Fu Jingting let go of Rong Shu's hand and stood up, still holding his mobile phone, "I'll make a call."

"Call the police?" Rong Shu raised her eyes and looked at the man.

The man nodded, "Call the special case team. Professor Wang and Mrs. Liu are both state public officials and have staff, so the ordinary police station can't handle this matter, so they can only investigate there."

"Okay, you Go fight, but hurry up, the food is going to be cold." Rong Shu pointed to the sumptuous dinner on the table.

Fu Jingting hummed, "I'll be back soon, you eat first."

After speaking, he walked to the balcony with his slender legs.

On the other hand, Mr. Liu didn't know that he had aroused the suspicions of Fu Jingting and Rong Shu, and that Fu Jingting had contacted the special case team to overturn the case that I was dead more than ten years ago.

He was sitting in a car at the moment, with his son, Father Liu, beside him.

Father Liu looked at the mobile phone in his father's hand, and then looked at his father's old but gloomy expression, swallowed his saliva and said, "Dad, Jing Ting has hung up the phone?"

” When he was a secretary, he showed such majesty.

Sure enough, among powerful people, there are also people who are afraid of themselves.

What Father Liu was afraid of was the old man in front of him, his own father, Mr. Liu.

Facing Teacher Liu, Father Liu had to speak carefully.

“Didn’t you see it all? Are you still asking?” Father Liu listened to his son’s knowing question, and turned his head to look at him with disgust.

Father Liu shrank his neck and muttered, “I don’t care about you.”

“Oh, don’t worry, I won’t die.” Mr. Liu retracted his gaze and replied lightly.

Father Liu rubbed his forehead, “But Dad, Jing Ting hung up the phone when he saw that it was you who called. It seems that the situation is really serious this time.”

At this moment, Father Liu was suddenly unsure of himself . idea.

Originally, he thought that even if Fu Jingting was very angry with this incident and ignored him, he would never ignore his father.

After all, his father was Jing Ting’s teacher.

Maybe as long as his father came forward, Jing Ting would definitely give his father a face, and would not care about this matter again, let alone attack their Liu family.

But now Fu Jingting doesn’t even answer his father’s phone calls, which makes him suddenly not so confident that Fu Jingting will let their Liu family go because of his father.

Liu Lao looked at the phone, and his eyes were so deep that he couldn’t see the bottom, “Perhaps it’s not just about Linlin that makes him even reluctant to answer my call.”

“Anything else?” Father Liu’s voice It got a lot higher at once.

Elder Liu sighed, “Didn’t I go to the Fu Group during the day and meet Jing Ting once?”

“I know.” Father Liu nodded.

Mr. Liu leaned back, “When we met, I told Jing Ting a lot of bad things about that Rong Shu, and Jing Ting was very angry at that time and asked me out of the Fu Group

directly, so I think this time Jing Ting didn't answer the phone, in addition to being angry with Linlin, there was also the reason for what I said to him during the day."

"What should I do now?" Father Liu was anxious, "It's no wonder that these two things are added together. He is so angry, Dad, if we don't reconcile with Jing Ting soon, the company will be in trouble. Several companies called me this afternoon to inquire about Jing Ting's current attitude towards our Liu family. If Jing Ting really wants to break with our Liu family, these companies will definitely come up to deal with our Liu family. After all, our Liu family has indeed offended many companies in the past."

"I don't need you to tell me about this, my old man knows it. Mr. Liu glared at his anxious son and said in a deep voice, "Don't worry, I finally accepted such a good student back then, how could I let him leave us."

Hearing Mr. Liu's words After that, Father Liu was indeed a little calmer, but he was still a little worried, "But Jing Ting doesn't even answer our phone or meet us now, we can't even find him, how can we reconcile? Mr.

Liu pinched the bridge of his nose. "Don't worry about Jing Ting. Today's affairs make him angry. Don't disturb him first. Let him calm down first. Maybe he will answer our call after he calms down." , I met us, and it's better to talk when the time comes."

"Then we don't do anything now?" Father Liu was a little unwilling.

Liu Lao squinted, "Of course not. We give Jing Ting time to calm down, it doesn't mean we don't do anything. Let's go to Fu's old house first."

Father Liu's eyes lit up, "Dad, are you trying to find Mrs. Fu? Start with Mrs. Fu?" Mrs.

Liu hummed, "That's all it is now, Mrs. Fu is the elder Fu Jingting cares about the most, as long as When Mrs. Fu spoke, Jing Ting would not refuse."

"This method is not bad, but" Father Liu scratched his head, "Dad, Mrs. Fu's attitude towards our Liu family seems to have always been indifferent, let's go. Can I find her?"

"You have to try, don't you?" Liu Lao squinted at him, then lowered his eyes and said in a low voice, "Also, I don't know what's going on in my heart, and I always feel uneasy, so I talked to Jing Ting. The relationship must be restored as soon as possible, otherwise I am worried that if things go on like this, worse things will happen."

"Okay, let's go now." Father Liu nodded, and then ordered the driver to drive.

More than an hour later, the Fu family's old house arrived.

Liu Lao and Liu father got out of the car, and handed out a greeting to the doorman of the Fu family's old house.

The doorman knew that Mr. Liu was Fu Jingting's teacher. Because of this relationship, the doorman would not delay and immediately went into the old house to report.

It was already past nine o'clock. The old lady had just finished washing up under the service of Feng Ma and was about to rest when she heard a knock on the door.

Feng Ma frowned displeasably, "It's so late, these servants are still knocking on the door."

"There should be something, go open the door, Xiao Feng." The old lady didn't have any dissatisfaction, and smiled. Say.

"Don't worry, I'll wait for the old lady to lie down first." Feng Ma said while arranging the pillow for the old lady.

The old lady couldn't resist her, so she could only lie down first following her words.

After lying down, Feng Ma covered her with the quilt again, and then turned to the door to speak.

Stupid Liu Family

The door opened, unexpectedly, it was not a servant, but one of the guards guarding the gate of the old house.

Seeing the door, Feng Ma's face was stunned for a moment, and then she asked with a serious expression, "What's going on?"

Generally speaking, the doorman would not take the initiative to enter the old house, let alone find the old lady's bedroom. Come.

Especially when it's still so late.

From this, it can be seen that now the guards are coming, and it is estimated that something important has happened.

"Feng Ma, there is someone from the old house. It is Mr. Fu's teacher. He wants to see the old lady. This is their invitation." The guard replied and handed Mr. Liu's invitation to Feng Ma.

Feng Ma stretched out her hand to take it and opened it and looked at it. She sneered when she saw the name on the invitation post, "I came to visit the old lady so late, and I have nothing to do."

"Then Feng Ma, do you want to invite someone in? ? If I get rid of it, I'll get rid of it." The guard looked at Feng Ma and asked.

Feng Ma closed the greeting card in her hand, "Wait a moment, I'll ask Mrs. Lu."

"Okay." The guard nodded respectfully.

Feng Ma closed the door and turned back to the room.

Mrs. Lu was originally lying down, but now she sat up again at some point, holding a book in her hand and was reading it seriously.

When Ma Feng saw this, she was suddenly unhappy, "Mrs. Lu, why are you getting up? Are you still reading? Didn't you just lie down?"

Madam Lu listened to Feng Ma's rebuke, not only was not angry, but cheered He laughed, "Okay Xiao Feng, don't be angry, I can't sleep now, so I sit up and read a book, and it's not too late to sleep when I feel sleepy.

" Not good." Feng Ma walked over and took the hand from the old lady's hand, preparing to let the old lady lie down again.

However, the old lady had long known her purpose. When she reached out to her book, she immediately took the book aside to prevent her from robbing it.

Feng Ma laughed angrily, "Old Madam you"

"Okay Xiao Feng." The old lady still had a smile on her face, "I know you are worried about me, but my body is like this, no matter how bad it is, how bad can it be? Don't worry, I have an idea."

She was so stubborn that she insisted on reading a book before going to bed, and Feng Ma couldn't do anything for a while.

At this time, the old lady suddenly saw the invitation letter in Feng Ma's hand, put the book aside and asked, "What is this?"

"Oh, this is the invitation letter sent by the Liu family." Feng Mazhe remembered something. Come, pass the greeting card to the old lady.

The old lady reached out and took it, "The Liu family? You mean the Liu family of Teacher Jing Ting?"

” You.”

“Meet me?” The old lady paused when she opened the invitation post.

Feng Ma tidied up the quilt on her body, “Yes, I guess, it’s for the Internet affairs during the day, the Internet affairs, old lady, as you know, the daughter of the Liu family deliberately framed Miss Rong and wanted the young master to misunderstand. Miss Rong, break up with Miss Rong, and take the position yourself.” The

old lady no longer had the mood to read the invitation, she closed it halfway through, and threw it on the bedside table next to it like trash, sneering, “The Liu family’s group What kind of person is, I can’t understand it clearly. To put it uglier, it’s just a group of rogues. The daughter of the Liu family has feelings for Jing Ting. I have known it for a long time, and only Jing Ting can’t see it.

Ma Feng smiled, “The eldest young master has always been sluggish when it comes to feelings, so it’s a good thing to not see it, so as not to worry about it.” The old

lady smiled at her, “Jing Ting is not really dull, if he is If you are slow, you will not be able to write letters to communicate with Shu Shu, and you will fall in love with Shu Shu without even seeing each other. He, he is because people who are not interested in him are too lazy to pay attention, so he does not know that the daughter of the Liu family is right His thoughts.”

“Anyway, it’s a good thing that the eldest young master doesn’t know the thoughts of the daughter of the Liu family.” Feng Ma poured a glass of milk for the old lady.

Milk helps sleep.

Since the old lady said she couldn’t sleep, drink more milk, and it is estimated that she will fall asleep soon.

How could the old lady not know Feng Ma’s thoughts, she smiled but did not refuse, took the milk handed over, “This time the daughter of the Liu family smeared Shu Shu on the Internet, I guess she couldn’t help it, she didn’t want to see the scene. If Ting and Shushu continue to be together, I am afraid that at that time, I will really not be able to take the position.”

“Hmph, I really don’t know what the little girls think now. If you don’t go the right way, you have to go through these crooked ways, such a famous family. As for the daughter, you have to rush to be a junior.” Feng Ma said with a look of contempt.

The old lady took a sip of milk, and there was a hint of coldness in her kind eyes, which was exactly the same as Fu Jingting’s usual coldness when looking at people.

Come to think of it, Fu Jingting learned many things from the old lady.

“Famous family daughter?” The old lady sneered, “What kind of famous family daughter is she? If it wasn’t for the lucky old man Liu who became Jing Ting’s teacher, his Liu family would have disappeared long ago, and he would have been in the ranks of the rich and powerful. The name of the family is a blessing?”

“Old lady, since you know that the Liu family often uses the name of the eldest young master to pretend to be arrogant outside, why don’t you persuade the eldest young master to let the eldest young master warn the Liu family?” Feng Ma Looking at the old lady, she said she couldn’t figure it out.

The old lady waved her hand, “What’s the use of what I said, even if Jing Ting believes me, but there is no evidence, he will not really break up with the Liu family. After all, the Liu family does have a kindness to Jing Ting’s studies. I don’t want to say anything about the kindness, otherwise I will be told that I am crossing the river and demolishing the bridge? So, I will not say it at all. Looking at Liu Jiazuo, no matter how well the Liu family hides it, it will be revealed one day. , Jing Ting will also discover the true face of the Liu family. By that time, the Liu family has already wiped out the kindness to Jing Ting, and Jing Ting will not feel embarrassed to deal with his Liu family.”

“So it is.” Feng Mom nodded, saying that this method is good, “I heard that Liu Linlin deliberately framed Miss Rong this time, which has already angered the eldest young master. It seems that the eldest young master has decided to cut off contact with the Liu family, and will even take action against the Liu family. I don’t know if it’s true or not, old lady, do you want to ask the eldest young master?”

The old lady shook her head, “No need, what you heard should be true, Shu Shu is Jing Ting’s inverse scale, what the Liu family does this time will definitely anger Jing Ting, I understand Jing Ting, Jing Ting will not Letting go of the Liu family so easily, the reason why I learned about today’s matter, I didn’t call Jing Ting and Shu Shu, and I didn’t want to interfere, I was going to let Jing Ting handle it by himself.”

“You really shouldn’t interfere, you should enjoy it. Happy.” Feng Ma said with a smile.

The old lady also laughed, “That’s what you said.”

“But this time, old man Liu came to find you, presumably because he knew that the eldest young master would definitely break with his Liu family, and he could not get in touch with the eldest young master, so he came here. Looking for you, I want to start with you, otherwise he won’t come to visit you, I don’t believe that he visits you because he respects you.” Feng Ma looked at the greeting on the side with a sneer.

The old lady put the milk aside, “Yeah, if I remember correctly, has Old Man Liu returned to China for a while?”

“It’s been half a month.” Feng Ma replied.

The old lady put her old hand on her stomach and patted it lightly, "Yes, I came back for half a month and didn't say to come and visit me, so it can be seen that I didn't take my old woman seriously, and I came here to look for it now that something has happened. I made it clear that I was going to use me and use me as a tool person, do you think my old woman should get angry?"

Bitter Meat Plan

"Yes!" Feng Ma clapped her hands in support.

Then she looked at the old lady and asked, "The old lady, what are you going to do next? Do you want to see the old man Liu?"

"Since everyone is here, then let's see you?" The old lady lifted the quilt. , "I'm saying, my old woman won't live long. He uses me as a tool person. If I don't see him and don't avenge this revenge as soon as possible, then if I want to take revenge in the future, I don't know when."

"What are you talking about, Madam?" Feng Ma helped her out of bed, and said unhappily, "What do you mean you won't live long, you can still live until the eldest young master and Miss Rong re-marry, and you can still hug your great-grandson? , maybe you can even see the young master getting married. Speaking of which, the young master is coming back soon, and their competition is almost the final." The

old lady laughed, "That kid Jinglin, this is the way to go. For several months, my old lady has really missed him."

"Well, I'll call the young master tomorrow, and when he comes back, let him come here to see you as soon as possible?" Feng Ma asked the old lady Put on a jacket proposal.

The old lady waved her hand, "It's not necessary, you ask Jinglin to come to me as soon as he comes back, the woman Wang Shuqin knows, she might have to eat it, maybe she has to blame my old woman for not letting their mother and son meet, I'm not too lazy Because of this black pot, after Jinglin comes back, he will always come to see me, so there is no need to do anything else."

"Yes." Feng Ma nodded in response, and couldn't help but complain, "Speaking of which, this Wang Shuqin After being married for so many years, I really haven't made any progress at all. Back then, old lady, you hired several teachers for her to teach her

interests and various skills, hoping that she would get rid of this rough body. It's really a miracle that he didn't get rid of his physical problems, but tossed those teachers a lot."

"Forget it, these things have passed for so long, so what are you doing for him, Wang Shuqin is a good woman. If I'm afraid of Jingting, I'm not worried that after I leave, this woman dares to turn the sky, and besides, the current Shushu is not the Shushu of the past, maybe this Wang Shuqin will fall into the hands of Shushu in the future." The old lady Put on your last dress and say.

Feng Ma laughed, "That's what you said too."

"Let's go, go see that old man Liu." The old lady took the crutches that Feng Ma handed over.

Feng Ma responded and walked to the door with her arm.

The door opened again, and the guard was still standing at the door.

Seeing the two of them come out, the door hurriedly bowed, "Old lady." The old lady nodded, "Go and invite someone to the main hall, I'll see him there."

"Yes." The guard nodded, then turned to leave .

Feng Ma helped the old lady out of the room and walked towards the main hall.

On the way, Feng Ma suddenly thought of something, looked at the old lady and asked, "Old lady, do you want to tell the eldest young master about the fact that the Liu family came to the door? I guess the eldest young master will not know at this moment."

"No, You tell Jing Ting, Jing Ting will definitely be worried that I will come over at night and it is not safe to drive at night, so don't bother, besides, do you think old man Liu dares to do anything to my old woman?"

"That's not true, He doesn't have the guts." Feng Ma shook her head without thinking.

"That's not right."

At the same time, the gate of the old house.

The winter in the sea city is always colder than other cities, especially at night, and with the wind blowing, it is even colder.

Elder Liu and Father Liu were shivering from the cold at this moment, their whole bodies shrunk into a ball, and their heads could not wait to shrink into their coats.

“Dad, why don’t we wait in the car? How comfortable is the heater in the car.” Father Liu looked at the car parked opposite and asked incomprehensibly.

At the same time, there is still a trace of jealousy in my heart.

Yes, jealousy.

He was jealous of his driver.

He and Dad, the two bosses, were standing outside facing the cold wind. It was too cold.

As for the driver, he was sitting in the car, enjoying the heating, not to mention how comfortable it was.

Maybe, the driver was still scolding him and his father for being fools. He didn’t enjoy the heating, so he had to stand outside to blow air.

Mr. Liu also glanced at the direction of the car, rubbed his hands and replied, “Don’t think I don’t know what you’re thinking, but this time we came to the door with a request from others. Let’s blow some cold air to show our sincerity. .”

“I see, a bitter plan, right?” Father Liu leaned over to Elder Liu.

Liu Lao did not speak, but he acquiesced.

Yes, he just planned to use the bitter meat scheme.

As long as they see them cold outside for so long, maybe the old lady will soften her heart.

“Dad, you are still thoughtful.” Father Liu stretched out his hand, gave Mr. Liu a thumbs-up, and said with sincere admiration.

Mr. Liu glanced at him, “Okay, stop flattering, and stop talking quickly, lest people come out and hear it later.”

“Oh.” Father Liu shrank his neck and stepped back to the side.

But it didn’t take long for Father Liu to come over again, “Dad, you said that the doorman has been in for so long, why hasn’t he come out yet, does the old lady don’t want to see us? But it’s hard to say it directly, So just ignore us?”

“!!!” Liu Lao’s expression condensed, it seems that it is not impossible.

Seeing that Mr. Liu didn't speak, Father Liu's heart suddenly froze, "No, Dad, do you think it's possible?"

"If the old lady knows about things on the Internet, maybe it's possible." Mr. Liu was a little unsure. said.

Father Liu suddenly became anxious, "If that's the case, don't we just run for nothing? We're freezing again?"

Old Liu's face trembled, and just as he was about to say something, he saw the guard room of the old house opened, and the one before The doorman came out and was walking towards them.

Seeing this, Mr. Liu quickly grabbed his stupid son, "Quiet, someone's here."

When Father Liu heard this, he quickly calmed down and stopped talking nonsense.

"Elder Liu." The guard came to Mr. Liu, "The old lady agrees with you, you two come with me." The

guard made a gesture of invitation, signaling the two to follow him.

Elder Liu and Father Liu looked at each other, and both breathed a sigh of relief from the other's eyes.

Fortunately, the old lady is willing to see them, so it can be seen that she doesn't care too much about the Internet.

Thinking of this, Liu Lao and Liu father are more confident about the next meeting with the old lady.

This is Father Liu's first visit to the Fu family's old house.

The Fu family's old house is a typical ancient garden building, and it is also a large mansion with a dozen or so.

Father Liu had never seen a mansion of this size before, and he had only heard of it. The mansion he had ever seen had the most number of units, that is, the one with five units.

This is the first time he has seen such a dozen people.

As Father Liu walked, he kept looking around. People who didn't know thought he was not the president of the company, but a local old hat who had just entered the city.

Not to mention Father Liu, even Elder Liu, who was beside him, was secretly looking at the old house.

It's just not as exaggerated as Father Liu.

Furthermore, Mr. Liu had been here once or twice in this old house, so he was not as surprised as Father Liu.

But this old house is really shocking. Even if Mr. Liu, who has been here a few times, has never been here, he is still amazed, let alone Father Liu.

"Dad, this Fu family's old house is really beautiful and magnificent." Not far behind the guard, Father Liu approached Mr. Liu and exclaimed in a low voice.
