Take advantage of the old lady

Liu Lao nodded, "Of course it is magnificent, this is the mansion of a prince in the feudal period. After the founding of the country, it was distributed to Fu Lao, saying that it was a reward for Fu Lao's national merit, and then the Fu family invested a lot of money in it. This mansion has been repaired and rebuilt one after another, and the Fu family's old mansion is today."

"It turned out to be the prince's mansion, no wonder it is so big. Other princes' mansions were either expropriated by the state or forcibly demolished, which is very rare. , it would be great if our Liu family also had such a garden?" Father Liu looked around enviously and said.

Liu Lao did not speak.

He didn't want to own such a garden, but who made the Liu family not strong enough, and didn't have the financial resources.

But it doesn't matter, when Linlin marries into Fu's family, and after Mrs. Fu's death, Linlin is the mistress of Fu's family. At that time, she may be able to live in this garden.

It's no different than owning it.

As for Wang Shuqin, Liu Lao directly ignored it.

The father and son talked all the way, and soon came to the main hall.

As soon as they entered the door, Father Liu saw the old lady sitting on the main seat drinking tea.

The old lady also heard the footsteps, put down the tea cup and looked up, and saw the two old Liu father and son who were brought over by the guard.

"Madam, the people have arrived." The guard led the old man Liu and his son into the main hall, then stopped in front of the old lady, and pointed to the report of the old man and his son behind him.

The old lady put down the teacup and nodded, "Go back to work and I will call you later."

"Okay old lady." The guard bowed and turned to leave.

In the main hall, only the old lady, Feng Ma, and Liu Lao and Liu father were left.

The old lady glanced at the old man Liu and his son, and then turned to Feng Ma who was behind her and ordered, "Xiao Feng, pour tea for the two of you."

"Okay old lady." Feng Ma stood up and responded, then walked over to the two of Liu's father and son, invited them to sit down, and started pouring tea.

Behind Feng Ma poured the tea, the old lady pretended not to know the intention of Liu Lao and his son, and asked, "It's so late, why did Mr. Liu suddenly come to me?" Liu Lao

took the tea poured by Feng Ma and smiled back. Said, "I'm really sorry, big sister. It's so late, and I'm still here to talk to you. I can't help it." The

old lady's face sank, and she interrupted him directly, "What did you just call me?" The

old lady said nothing . Concealed anger.

Liu Lao was stunned immediately, obviously not understanding why she was suddenly angry.

He pondered, there is nothing wrong with his words, right?

Not only the old lady, but even Feng Ma's face was gloomy and full of displeasure.

Liu Lao and Liu father and son saw this scene, and their hearts were stunned.

Father Liu even asked Father Liu directly with his eyes, what did you say, why are they all angry?

Liu Lao shook his head and said that he didn't know either.

If he knew, he wouldn't be so confused.

Feng Ma finished pouring the tea, turned around and went back to the old lady, looking at the two people with a pale face, "Mr. Liu, please don't call our old lady, if I remember correctly, the old lady should be older than you. Older , you call her big sister, aren't you taking advantage of our old lady?"

Liu Lao's old face flushed, "I don't."

Only then did he know that it was his own name for the old lady, which angered this old lady. Two people.

He thought he had said something else to offend them.

However, they may be too fussy.

Isn't it just a name, is it worth it?

Liu Lao was very dissatisfied with the reaction of the old lady and Feng Ma, but he also knew that he was in someone else's territory and couldn't go too far, so this thought did not show.

Instead, he quickly admitted his mistake, "No, Madam Fu, I really don't mean to take advantage of you, I'm not thinking about it."

"Mr. Liu, no matter what you think, I only know that the age of our old lady is a circle. The biggest one, not only I know, but everyone in the circle knows it. After all, everyone in the circle came here last year to celebrate our old lady's birthday, so I don't think you don't know about Mr. Liu. The real age of our old lady, but you are a big girl directly. Isn't it just obvious to take advantage of our old lady? It seems that the young master has been interested in your Liu family and you, Mr. Liu, over the years. You Liu family and Mr. Liu, you are a little complacent, and it makes you, Mr. Liu, have the illusion that your position in the heart of the eldest young master is more important than the old lady, so you dare to even the old lady. Do you want to crush each other?"

Feng Ma's remarks can be said to be murderous, and she didn't even give Liu Lao a retreat. Pinning Liu Lao on the pillar of shame was deliberately humiliating the old lady.

Old Liu's body was trembling, and his face that was already blushing was even more red now and was dripping blood.

Next to him, Father Liu saw that his father was said to be like this by Feng's mother, and immediately became angry. He pointed at Feng's mother and complained to the old lady, "Old lady, are the servants around you being rude? If she didn't speak, she would swear at the guests. If you stay with such a servant, aren't you afraid that one day she will overtake her?"

After listening to his son's words, Liu Lao's eyes flashed and he looked at the old lady.

The old lady was not angry at all because of Father Liu's questioning, but drank tea calmly.

After drinking, she put down the teacup, and then looked at the two father and son who were blowing beards and staring at him, and sneered, "Yuezuo replaces the kitchen? If you want to talk about Yuezuo's replacement, it should be you. We elders are talking here, where can we get you a junior. Interject!"

Speaking of this, the old lady's face sank, "Also, who said Xiao Feng is a servant, she is not only my friend, but also my family, so my family speaks for me, why not? What's

more, she said "What's wrong with those people who don't take my old woman seriously and try to take advantage of my old woman?"

As soon as these words came out, Father Liu couldn't say a word, his face was the same as Mr. Liu, his face swelled. flushed.

Seeing this, the old lady sneered disdainfully, "Okay, you are right in what you said just now, you are the guests, you come to the door, as the protagonist, I really don't care too much about you being the guests, so just now Let's stop here, now let's talk about it, what's the matter with you coming to see my old lady so late?" The

old lady's tone was indifferent, not enthusiastic at all.

Anyone can hear that the old lady is actually not interested in the purpose of their coming, and the reason why she is willing to ask, but it is just a process.

After all, people come and people come, so it's not good to do nothing.

Liu Lao understood the meaning of the old lady, and he was so angry that his face became the color of pig liver.

But there is no way, even if the other party is not interested, I can only bear it.

Mr. Liu squeezed his fists and took several deep breaths before he managed to calm down, squeezed out a smile and said, "Mrs. Fu, it's like this, I'm here because something happened today, I don't know if you know. Know?"

he asked tentatively.

The old lady rolled her eyes secretly, her face even more impatient.

When Feng Ma saw it, she immediately understood something, and said to Mrs. Liu with a cold face, "Mr. Mr. Liu, if you have anything, you can just do it directly. You don't need to beat around the bush to test our old lady. Our old lady is going to rest, and I don't have time to be here with you. Play some game of guessing each other, let's just say it, understand?"

Make a Big Deal

His mind was dismantled, and Mr. Liu couldn't get off the stage for a while, and the whole person sat there stiffly.

The old lady looked at Liu Lao like this, and patted Feng Ma's hand with a smile, "Mr. Liu, Xiao Feng is right, if you have anything, just say it directly, don't go around with me, I am I'm old, and I don't have the mind to guess riddles with you. That's not only a waste of my time, but also yours, what do you think?"

Liu Lao squeezed the corners of his mouth, "What the old lady said is, if that's the case, then I'm not going to talk about it anymore, so I'll just say it."

"It should have been this way." The old lady said lightly.

Liu Lao took a breath, feeling angry and helpless.

He was used to talking around and never getting straight to the point.

Because in his view, it is easy to lose the initiative.

For so many years, he has spoken to anyone like this, including Fu Jingting, and no one has ever said that there is anything wrong with his words.

That is, this old lady, there are so many things.

Liu Lao lowered his eyes, covering his resentment towards the old lady, and said slowly, "It's like this, during the day, there was a scandal on the Internet that was neither big nor small, and the protagonist of the scandal was Jing Jing. The ex-wife of the court."

"Mr. Liu, let me correct this, it's not the ex-wife of the eldest young master. Miss Rong has always been the wife of our eldest young master. They are only temporarily divorced and will remarry in the future, so since it is her from beginning to end, Then naturally there is no ex-wife's words, what do you think?" Feng Ma asked with a smile, looking at Liu Lao.

But in fact, Feng Ma's smile did not reach the bottom of her eyes at all.

How could Mr. Liu not hear it, Feng Ma was deliberately warning him not to talk nonsense, and she was anxious, but she had no choice but to reluctantly maintain a smile on her face and replied, "What Feng Ma said is that I made a slip of the tongue, I'll change it."

Anyway, he just didn't admit that he shouted like that on purpose.

Feng Ma and the old lady naturally heard Liu Lao's dead duck mouth.

Not surprisingly.

After all, they knew who this old man was.

“Since Mr. Liu already knows that he has made a slip of the tongue, please continue to talk.” Feng Ma did not expose him, and made a gesture of invitation.

Mr. Liu took a deep breath again, tried to keep himself calm, and continued, “This scandal involves Miss Rong, and this is what happened. Miss Rong and her friends were talking to people about work in the hotel, and a paparazzi from a media filmed them. Then it was posted on the Internet, saying that Miss Rong had betrayed Jing Ting and had an affair with her friend. This matter made a lot of noise on the Internet. Everyone believed that Miss Rong really did it, so she immediately confronted Miss Rong on the Internet. The scolding continued, and it was not until later that Miss Rong found evidence that she was innocent. At the same time, it was revealed that there was someone else behind this. It was not the media who did it on her own, but my granddaughter asked the media to do it. “

Oh? What else?” The old lady pretended to be surprised.

Her old man’s acting skills are very good, and the young people deal with the enemy, and they do a lot of acting.

It’s really hard to tell the difference between the real and the fake.

At least Mr. Liu and Father Liu couldn’t tell the difference right now, and he really believed that Mrs. Liu really didn’t know about it.

To be honest, Liu Lao was relieved and fortunate to learn that the old lady didn’t know.

Fortunately, the old lady didn’t know, so that he has more room for maneuverability.

Thinking, Liu Laoyan rolled his eyes, and the calculations in his eyes were about to overflow.

The old lady and Feng Ma looked at each other, and both saw disgust in each other’s eyes.

This old thing, in front of them, showed the idea of preparing to calculate them, which really narrowed the way.

Mr. Liu still didn’t know his own thoughts, but Ma Feng and Mrs. Feng could see it clearly, and he was still secretly overjoyed at this moment.

He coughed lightly on his lips and said, “It’s the case. I feel very ashamed about it. I didn’t expect that girl in my family would do such a thing.”

He had a guilty expression on his face, how fake it was.

This is the poor acting skills of people who can't act.

The old lady didn't even see it, and her tone became even more impatient, "Then why did she do this?"

Liu Lao also thought that the old lady's tone was not good because her granddaughter did it, and she didn't know it was because For his own sake, he pretended to be ashamed and said, "It's the case, and I didn't know about it until soon, so I came to visit."

"Then, why did your granddaughter do this?" the old lady said. He picked up the teacup and drank the tea slowly, "If I remember correctly, your granddaughter and Shushu don't seem to know each other. Why does she want to play tricks on Shushu? What's in it for her?"

She still pretended not to know. Liu Linlin's thoughts on her eldest grandson.

Liu Lao sighed and said, "Linlin, she really doesn't know Miss Rong, but Jing Ting is my student. He and Linlin grew up together. They are both brothers and sisters, uncle and nephew, and they have always had a good relationship. Although Linlin is abroad, she always pays attention to everything in the country. After knowing that Jing Ting and Miss Rong reunited, she has been very concerned about it. After all, Jing Ting is the brother and uncle she cares about, which is because she cares too much. I was impulsive and didn't understand the situation. I thought that Miss Rong was sorry for Jing Ting, so I let the media publish it."

"So, your granddaughter is unintentional? It's not that you want to kill Shu Shu, it's just for Jing Ting. Right?" The old lady lowered her eyelids and said.

Old Liu's eyes lit up and nodded again and again, "Yes, yes, that's it, Miss Rong is Linlin's sister-in-law and Linlin's aunt, she doesn't know Miss Rong, and she has no grievances, why do you want to murder her? As for Miss Rong, she did this only because she wanted to fight against Jing Ting. She didn't have any bad intentions, and she didn't think that letting the media post it on the Internet would cause Miss Rong such a big trouble, so after the incident After calming down, I regret it. I wanted to apologize to Miss Rong, but it was too late. Miss Rong has bluntly said on the Internet that she would not forgive."

"If it were me, I would not forgive." The old lady brushed the lid of the teacup. Brushing the tea leaves, he suddenly said something.

The expression on Liu Lao's face suddenly froze, "Mrs. Fu, you"

"Can't you understand why I did this, why do I support Shu Shu and not forgive me?" The old lady looked up at him.

Liu Lao remained silent.

He really meant it.

The old lady snorted, “Why do you need to forgive, no matter whether the other party did it intentionally or unintentionally, the harm she caused has already been done, this is an indisputable fact, so as a victim, there is no need to forgive a perpetrator at all, Besides, she complained about the injustice? Since she complained about the injustice, why didn’t she tell Jing Ting privately that she had to post it on the Internet? Doing so not only made Shu Shu fall into trouble, but also made everyone see Jing Ting’s jokes. Her behavior was over. She has completely hurt several people, how can she just let it go and even forgive her because of her unintentional words? My old woman is not so magnanimous, let alone such a big measure, Shushu’s personality is very similar to me, so I don’t choose to forgive, On the contrary, I can understand and support.”

After listening to the old lady’s explanation, Mr. Liu couldn’t accept it, “That said, Linlin is also for Jingting, although the method is wrong, but the starting point is good, now it’s not just Miss Rong I said that I would not accept the apology or forgive Linlin. Even Jing Ting complained about our Liu family for Miss Rong this time. I didn’t even answer my teacher’s phone, and I didn’t see her face. To clarify the relationship, isn’t this a big deal?”

Completely Debunked

“Missing a fuss?” The old lady seemed to have heard a big joke, patted the table beside her heavily, and sneered, “Mr. Liu, in your opinion, the way Jing Ting and Shu Shu handled this matter was a fuss. “Isn’t it ?

” Mr. Liu looked unhappy, “Linlin is wrong, but she didn’t mean it. Is it necessary for Jing Ting to make such a serious trouble with our Liu family for such a thing? Why don’t we apologize and say forgiveness?”

“It turns out that your Liu family actually treats this matter this way.” The old lady looked at Mrs. Liu sneeringly, “If you want me to say, this matter is of course necessary. , I don’t care whether your granddaughter is intentional or unintentional, I only know that this is what your granddaughter did. She has not verified the truth of the matter. What is the purpose of posting this matter on the Internet? Isn’t it just to make Shushu suffer the accusations of thousands of netizens? But have you ever thought that if Shushu’s psychological endurance is not high, what is her purpose? What will you do in the face of this online violence?”

"I know old lady." Feng Ma narrowed her eyes and looked at Liu Lao coldly, "Miss Rong is very likely to commit suicide because of the online violence. Things often happen on the Internet, and there are a lot of people who have died under Internet violence."

"That's right." The old lady nodded, "That is to say, your granddaughter might even almost kill Shu Shu, Jing Ting loves her so much. Shu Shu, he almost lost Shu Shu, why can't he break up with your Liu family? Who made your Liu family almost make him lose his love, so I support Jing Ting and Shu Shu's actions very much."

Liu The old face was so pale that the two of them said that he couldn't speak.

After a while, she said in a stiff voice, "It's not that serious, isn't Miss Rong okay?"

"Shu Shu is okay, but you can't ignore your mistakes just because she's okay." The old lady snorted.

Mr. Liu squeezed his fist, "It's our fault, we are also willing to apologize to Miss Rong, and even give the corresponding compensation, but Miss Rong, she just won't let go, and if she wants to care, she will bring Jing Jing. Ting is also like this, Jing Ting was not such a person before."

"It wasn't like this before, but now it is?" The old lady's expression was condensed, "According to you, Jing Ting was damaged by Shu Shu??"

Mr. Liu quickly waved his hand, "No, no, no, that's not what I meant, I just want to say that the reason why Jing Ting is unwilling to forgive us must be partly due to Miss Rong. Maybe it is because Miss Rong does not let Jing Ting forgive me. I know that you like Miss Rong very much, so what I will say next, old man Don't be angry, think about it, Jing Ting is my student, and the Fu and Liu families are considered friends. The outside world also knows that Jing Ting has always respected me as a teacher. After the sentence, he broke with the teacher and the teacher's family completely. What will the outside world think of Jing Ting? Do you think that Jing Ting doesn't even want the teacher because of a woman, which is not good for Jing Ting's reputation? "

"Oh?" The old lady bowed her head and smiled inexplicably, "Then what do you want to do?"

Liu Lao picked up the teacup and moistened his throat, "Old lady, in fact, my requirements are not high, I just want you to come forward. , talk to Jing Ting, and persuade Jing Ting and Miss Rong to give Linlin and our Liu family a chance to apologize. Don't hurt the harmony between the two sides because of some trivial matters. It's not good for anyone. Isn't it? This is also the purpose of my visit this time. I have no choice. Jing Ting doesn't want to answer our calls, let alone see us, so we have no choice

. , you came here to find me, just want me to come forward as a middleman, help you Liu family connect with Jing Ting and Shu Shu, and help you reconcile, right? No, more precisely, let me come forward and directly order Jing Ting He Shushu forgive you, and make peace with your Liu family, am I right?" The old lady interrupted Mr. Liu, and looked at Mr. Liu with a half-smile.

Liu Lao saw that the old lady had spoken out her thoughts at once, without going around in circles, rubbed her hands and smiled, "That's what I mean, or that sentence, it's not a big deal, it's nothing more than that. Even if Linlin did something bad with good intentions, Linlin and the Liu family are also willing to apologize to Miss Rong and compensate Miss Rong for all kinds of losses. Then I think that Miss Rong should not be on the line, and she has to hold on to it. After all, Linlin also wants to protect Jing Ting and does not want Jing Ting to suffer. As a member of Jing Ting, she should understand and even take the initiative to accept our Liu family's apology and compensation, otherwise she will keep Jing Ting in the middle. As a person from Jing Ting, he is also unqualified, and the second is "

Lao Liu put down the teacup," this is the matter, to put it bluntly, it is a fight between the juniors, an apology, some compensation will pass, Miss Rong has been holding on If you don't let it go, the two of us finally broke up. This also shows that Miss Rong's situation is too small, and she is not so tolerant. After remarrying with Jing Ting, it is estimated that she will not bring much help to Jing Ting. Instead, she will bring some to the Fu family. Well-connected families are pushed further, so you can take this opportunity to teach Miss Rong to be more generous, otherwise it will bring a lot of trouble to the Fu family in the future, what do you think? "

With these words, he almost didn't say Rong Shu directly.

The old lady and Feng Ma looked very ugly.

Afraid that the old lady would be outraged, Feng Ma patted the old lady on the shoulder and motioned the old lady to calm down first, then took a step forward, stood up and smiled coldly at Liu Lao.

"Mr. Liu, Ming people don't speak secret words, don't think we can't hear it, you deliberately said in front of the old lady that Miss Rong can't do that, it's nothing more than trying to smear Miss Rong at the old lady's place. Let the old lady have dislike and disgust towards Miss Rong, so that the old lady will come forward to break up Miss Rong and Mr. Fu. Your abacus is really loud. It's a pity, we old lady know what to do with Miss Rong. Don't take us for fools, you can't understand the purpose of your words, we have seen people like you a lot."

"I didn't"

"Okay." The old lady raised her hand and interrupted Mr. Liu's eagerness to explain, her tone completely impatient, "Mr. Mr. Liu, I don't know whether you are stupid or stupid,

you are here because you want to I should be a lobbyist and persuade Shu Shu and Jing Ting to accept your Liu family's apology and ease the relationship between Jing Ting and your Liu family. Then you should praise Shu Shu in front of me instead of belittling Shu Shu, after all You know, I like Shu Shu very much, maybe you will make me happy by complimenting Shu Shu, and I will really promise to help you persuade and persuade, but I didn't expect you to be so stupid and narrow the road yourself."

"That's right. When Feng Ma saw that the old lady was about to get up, she bent down and helped her up, "Mr. Liu, do you think we don't know why you are smearing Miss Rong in front of the old lady, you are using the old lady to break up Miss Rong and Dao Young master? We know everything clearly, nothing more than that, you just want your granddaughter to be in the position!"

Stupidity

As soon as these words came out, Old Liu's face changed greatly.

Father Liu, who had never dared to speak after being reprimanded by the old lady, turned pale in an instant.

He hurriedly looked at the old lady beside him, looking anxious.

It's over, these two old ladies actually know what Lin Lin thinks about Jing Ting!

Liu Lao was also a little flustered, but he was someone who had experienced decades of wind and frost, and soon calmed down, clenched his fists, forced a smile and said, "Mother Feng is joking, how could I have such a situation? This idea."

"Okay, it's all said and done, and it's boring to pretend it's boring. We know what your granddaughter thinks of our eldest young master many years ago, after all, every time your granddaughter sees us Eldest young master, those eyes can't wait to stick to our eldest young master, it's so obvious, who can't see it?" Feng Ma rolled her eyes contemptuously, "And you, Mr. Liu, doting on your granddaughter is well known. Whatever your granddaughter wants, you will do everything possible to satisfy her, so it can be seen that your granddaughter likes our eldest young master, of course you support your granddaughter, but our eldest young master and Miss Rong are together, but you provoked the old lady and wanted to borrow the old lady This knife will help you achieve the purpose of separating the eldest young master and Miss Rong, so wouldn't your granddaughter have a better chance of ascending the throne?"

Liu Lao and Liu father opened their mouths, and they were completely speechless at the moment. said.

They thought that they knew Linlin's thoughts about Jing Ting and guessed it by themselves.

But I didn't want to, it was actually seen, or it was seen many years ago.

Then, what he said just now is as ridiculous as it is for these two old ladies.

For a time, Liu Lao felt embarrassed and anxious, and he also regretted being too impulsive just now.

Indeed, as the old lady said, the purpose of his coming here is to persuade the old lady and let the old lady go to Rong Shu and Fu Jingting to help them talk to the Liu family.

That is to say, the top priority is to ease the relationship with Jing Ting first. As for letting Jing Ting and Rong Shu break up, there is no need to worry about this matter, you can take it slow later.

It's just that when he was talking at the time, he couldn't help but say more slandering words about Rong Shu, thinking that while letting the old lady persuade Jing Ting, he also asked the old lady to persuade Jing Ting to break up with Rong Shu. Isn't this the best of both worlds? What?

But he never imagined that Rong Shu's position in the old lady's heart would be so important.

The most important thing is that the old lady knew that Linlin likes Jing Ting for a long time, so what he said just now not only exposed his purpose, but also left a foolish impression on the old lady.

This move, he really stinks.

Just as Liu Lao regretted Mo Die's back, the old lady took the crutches handed by Feng Ma and suddenly said, "Also, do you really think that I don't know what happened online during the day?"

What?

Liu Lao and Liu father were shocked again.

Liu Lao directly met the old lady's sneering eyes, "I just deliberately pretended not to know, I wanted to hear what you said, old man Liu, but what did I hear? You deliberately twisted it. The truth is, I know this very well. Don't look at my old woman staying in the old house and can't come out, but in fact, my old woman is very well-informed. Your

granddaughter deliberately spread rumors on the Internet, not for Jing Ting's injustice at all, It was because she liked Jing Ting and wanted to make Jing Ting break up with Shu Shu, so she deliberately framed and framed Shu Shu for derailment, so as to achieve her goal of ascending the throne, and you old man Liu, in order to cover up the scandal of your granddaughter, deliberately It's really ridiculous to describe what your granddaughter did as Jing Ting's grievances."

"Not only ridiculous, he said that as soon as he came, and made it clear that he was playing me and you like a monkey." Feng Ma supported The old lady glanced at Liu Lao with contempt and said.

Liu Lao's face was blue and white, and he looked at the two with split eyes, "Since you know it, you deliberately pretend not to know, just to see my jokes?"

The old lady pouted, "Look at your joke? My old woman is not that boring, I just want to see if you are honest, old man Liu. If you old man Liu told the truth from the beginning, my old woman might still be Looking at you, I think you are sincere when old man Liu came to beg me, but you refuse to tell the truth, and you deliberately distort the facts to deceive my old woman, you treat my old woman as a fool, why should my old woman give it to me? You look so good, so you go back, I will not agree to your request, and persuade the two victims to forgive the perpetrator, my old woman is not that human."

"No." Feng Ma rolled her eyes, "and she came to the door. Begging for someone to do things, you don't even bring the ceremony, this is called begging? It's almost like taking advantage of it for nothing. Besides, your Liu family has a nest of snakes and rats, and your granddaughter wants to be a junior. The granddaughter not only does not educate the granddaughter, but also supports the granddaughter. Like a pimp, he tried his best to help his granddaughter take the throne. Such a Liu family is full of stench. We wish that the eldest young master would break up with your Liu family. If we keep getting involved with your Liu family, we are also afraid that the eldest young master will be spoiled by your Liu family. It's over."

"You and you" Liu Lao stood up and pointed at Feng Ma, his whole body was shaking with anger, and his words were incomplete.

Feng Ma hummed coldly and said, "What are you, come here, see off the guests!"

"Yes." The servant who was guarding the entrance of the main hall heard Feng Ma's order and walked in immediately, making a slap to Liu and his son. Please gesture, signaling the two to leave with him.

Of course, Lao Lao was unwilling and unwilling to leave like this, but he didn't dare to really play a rogue here, so he patiently refused to leave.

After all, he still wants to ease the relationship with Fu Jingting, but it's not like pushing Fu Jingting further.

So at this moment, even if Liu Lao is reluctant, he can only leave with Liu's father.

Soon, only Feng Ma and the old lady were left in the main hall.

Feng Ma sorted out the coat on the old lady, and said in a disdainful tone, "These two scoundrels are considered gone. It's really unfortunate for the eldest young master to find such a person as a teacher."

"Who made Jing Ting's favorite teacher died in an accident the day before the apprenticeship? I had no choice but to ask this old man Liu as the second teacher. If it wasn't for the Fu family's urgent need for Jing Ting's position, so that Jing Ting has no time to find another mentor, otherwise he will get this old man Liu." The old lady closed her coat and returned.

Feng Ma helped her to walk towards the main entrance of the main hall, "Anyway, this old man Liu has some kindness to the eldest young master, but for so many years, the various protections the eldest young master has given to the Liu family can be considered to be repaid. It is also a good thing that the next thing breaks up."

"Yes, we have to thank this old man Liu's granddaughter." The old lady said.

Feng Ma laughed, "What I said was just wronged Miss Rong."

"You prepare some gifts for Shushu tomorrow, tell Shushu, and tell Shushu not to think about it, old man Liu's granddaughter and Jing Ting It doesn't matter, the two are not very familiar with each other." The old lady looked at Feng Ma and ordered.

Feng Ma nodded, "Okay, I will prepare, but I don't think Miss Rong should think too much. The eldest young master will definitely explain it to Miss Rong."

"Jing Ting explained that it is Jing Ting's own business. As elders, we should also stand up for Jing Ting, so that Shu Shu is more confident that Jing Ting did not lie to her."

"That's right, I'll have someone deliver the gift early tomorrow morning."

"Okay." The old lady Responded.

This Time, I Will Get My Divorce Chapter 1125

Feng Ma complained

The two old men talked all the way, and supported each other back to the room.

At this time, the old lady was already a little sleepy, and she couldn't sleep like before, and she had to sit up and read.

After Feng Ma helped the old lady back to the room, she directly served the old lady and lay down.

As a result, the old lady fell asleep within two minutes of lying down.

Seeing the old lady sleeping, Feng Ma smiled, bent down and tucked the quilt for the old lady, then turned and walked towards the door.

After walking out of the room and closing the door, Feng Ma took out her mobile phone and turned to look at the closed door behind her, with a hesitant expression, obviously struggling with something.

But after a few seconds, the hesitation on Feng Ma's face disappeared, replaced by a firm look without regret.

Although the old lady said before, there is no need to tell the eldest young master about the arrival of the Liu family.

But she felt that it was better to tell.

Otherwise, when the eldest young master finds out in the future, he will be even more worried.

Thinking, Feng Ma exhaled, and then dialed Fu Jingting's number.

As soon as Fu Jingting returned to the house after throwing out the garbage, he heard the ringtone of his mobile phone coming from the direction of the living room.

He put his shoes away and walked from the entrance to the living room with his long legs. The more he went inside, the louder the ringing of his cell phone.

Rong Shu heard the footsteps, put down the remote control and turned her head to look, "Come back?"

Fu Jingting hummed, "Come back."

Rong Shu picked up his mobile phone and glanced at it. After he came over, he handed it over. In the past, "Feng Ma's phone number."

"Feng Ma?" Fu Jingting looked condensed, took the phone and saw that it was Feng Ma.

Rong Shu moved her position to make room for Fu Jingting.

Fu Jingting also sat down politely.

As soon as he sat down, Rong Shu instantly felt the sofa sink a lot.

But it's normal for a man of this size.

"Come on, Feng Ma called so late, I guess there is something going on with my grandmother." Rong Shu saw the man holding the phone and was startled, and quickly pushed the man back to his senses.

After the man came back to his senses, he glanced at Rong Shu without any hesitation. With a swipe of his thumb, he answered the phone, "Feng Ma!"

He didn't put the phone to his ear, but turned on the amplifier and held it in his ear. hand.

In this way, Rong Shu can also hear the content of the call.

"Eldest young master, it's so late, didn't you disturb you and Miss Rong to rest?" On the other end of the phone, came Feng Ma's gentle voice.

Before Fu Jingting could speak, Rong Shu leaned closer and replied, "Feng Ma, good evening."

"Ms. Rong good evening." Hearing Rong Shu's voice, Feng Ma had a smile on her face.

Although Rong Shu couldn't see it, from Feng Ma's tone, she could feel that Feng Ma was very surprised when she heard her voice.

"Miss Rong, I didn't disturb your rest, did I?" At this time, Feng Ma asked again.

Rong Shu shook her head, "Of course not. Jing Ting and I just finished dinner not long ago. We are watching TV on the sofa. We always sleep late, so it can't be bothering us."

"Then Good." Feng Ma nodded in relief, indicating that she understood.

Fu Jingting put his arms around Rong Shu's waist and asked in a deep voice, "Mother Feng, you called at this time, is there something wrong with your grandmother's body?"

Fu Jingting asked in a hurry, and the worry in his tone was so clear.

Rong Shu's palms were also clasped together, and a worried look appeared on her face.

Obviously, she thought the same as Fu Jingting, the old lady had a physical problem.

On the other end of the phone, when she heard Fu Jingting's question, Feng Ma quickly shook her head and replied, "No, no, the old lady has been fine during this time. I called because of something else."

Hearing that her grandmother was fine, Fu Jingting and Rong Shu heaved a sigh of relief at the same time.

Fu Jingting could feel that Rong Shu's body was a little tense just now, but now it's relaxed and softened.

"It's fine, then Ma Feng, what are you looking for from me?" Fu Jingting's big hand on Rong Shu's waist couldn't help but start to make a mess.

Probably because he knew his grandmother was fine, so he was also in the mood.

Rong Shu looked down at the man's big hand pinching around her waist, and patted it angrily.

But the shot she took was painless to a man.

Instead of slapping the man's hand away, he made the man hold it even tighter.

If it wasn't for fear that Ma Feng on the other end of the phone would hear what they were doing, she really wanted to hug the man's arm and take a bite.

Fu Jingting looked at the woman who was concentrating on fighting with his hand, and a smile flashed in his eyes.

Such a woman is like a cat encountering a ball of wool. The ball of wool wrapped the cat so tightly that the cat could not move or break free. The child is fighting with the wool ball.

Now Rong Nuan looks like she is fighting against her own hands, isn't she just like that cat?

Fu Jingting was distractedly teasing Rong Shu while talking on the phone, the smile in his eyes was about to overflow.

Feng Ma didn't know what the two people on the other end of the phone were doing, after all, they didn't make a sound.

In addition, Feng Ma's thoughts are all on the old lady at the moment, and she is not in the mood to think about anything else.

She sighed and replied, "It's such a young master, someone from the Liu family just came."

“What?” Hearing this, Fu Jingting’s teasing Rong Shu stopped abruptly.

Even Rong Shu, who was wholeheartedly fighting against Fu Jingting’s hand, couldn’t care about winning or losing at this moment, and suddenly raised her head and looked at her phone, “The Liu family went to the old house to find grandmother?”

” Yes.” Feng Ma nodded.

Fu Jingting’s face turned gloomy , “Who went to?”

Feng Ma didn’t hide it, and answered, “There are only two people here, eldest young master, your teacher, Mr. Liu, and his son.”

Rong Shu looked at Fu Jingtingqu The handsome black face patted the back of his hand, motioned him to calm down first, then looked at the phone and asked, “Mother Feng, why are they looking for grandma in the old house? Is it for the day?”

She didn’t think grandma didn’t know what happened online. After all, it involved her and Fu Jingting.

Even if grandma doesn’t pay attention to the Internet, so many servants in the old house will definitely go online, and they will definitely tell grandma when they see it.

Therefore, she didn’t ask Feng Maqing that she didn’t know what was going on on the Internet, but just said so.

Because she was sure, they knew for sure.

Sure enough, Ma Feng’s reply at the next moment proved Rong Shu’s guess.

“Yes, it’s for this.” Feng Ma nodded again and again, “The Liu family knows that the eldest young master is really angry this time, and has the idea of making a clear relationship with the Liu family, plus the lack of contact with the eldest young master, So I thought of a way to surround Wei and save Zhao, and I came to the old house to find the old lady, and wanted to persuade the old lady to persuade the eldest young master to forgive the Liu family.”

“So it is.” Rong Shu was stunned, then turned to look to the man next to you.

The man’s face became even more ugly, and the air-conditioning spread all over his body.

Obviously, they are very dissatisfied with the behavior of the Liu family to disturb the grandmother.

“Mother Feng, didn’t the Liu family bully grandmother?” Rong Shu hurriedly asked.

This also made Fu Jingting keep an eye on the phone.

He knew his grandmother, even though he knew she couldn't be bullied.

But the grandmother is not in good health. What if the Liu family talks too much and makes the grandmother angry?

"Yes, why not!" Listening to Rong Shu's question, Feng Ma immediately replied with a cold expression.

Rong Shu looked shocked, she stood up from the sofa, her voice raised, "What? Did they really bully grandma?"

Don't you want to be Mrs. Fu?

Fu Jingting also clenched the phone tightly, if it weren't for the phone's hardness.

Maybe he will be able to squeeze the phone directly!

How dare the Liu family go to the old house to bully their grandmother?

It seems that his indulgence to the Liu family over the years has made them so daring that even his grandmother doesn't care.

Feng Ma didn't know what Fu Jingting was thinking, but she also knew that he must be very angry.

"Yeah, Miss Rong, they came to the old house and tried to use the old lady to achieve their own goals. Isn't that just bullying the old lady!" Feng Ma said angrily.

Fu Jingting finally spoke, his voice was cold without a trace of warmth, "Feng Ma, what's the matter? When the Liu family met with their grandmother, what happened and what they said, tell me everything."

"Okay, young master." Feng Mom nodded, and then explained everything that happened after the Liu family came to the old house

.

After all, she disdain to do that kind of addicting things.

Furthermore, what the Liu family said to the old lady was already irritating enough. Where is the need for her to add fuel to it to make the eldest young master hate the Liu family even more?

After listening to Feng Ma's words, Fu Jingtinghe was silent for a while.

They never thought that the Liu family would be so shameless that they put their minds on their grandmother, trying to use her grandmother to get him to agree to ease their concerns with the Liu family.

Not only that, the Liu family turned to their grandmother for help, and instead of telling the truth, they distorted the truth.

She even smeared Rong Shu again in front of her grandmother.

This piece by piece is really disgusting.

"I see. You don't need to pay attention to Feng Ma from the Liu family. You don't need to see them when you come to visit them in the future. I will handle everything." Fu Jingting narrowed his eyes dangerously, and said in a gloomy voice.

Feng Ma nodded, "Okay young master, don't worry, I know what to do."

Fu Jingting hummed, "How is grandmother now?"

"Old Madam is fine, although the Liu family behaves shamelessly and speaks irritatingly, Fortunately, I have been with the old lady, basically I helped the old lady come forward to fight them back, and the old lady was not angry with them, she is already asleep now." Feng Ma glanced behind her. said the closed door.

Only then did Fu Jingting and Rong Shu feel relieved.

"Grandmother is fine." Rong Shu patted her chest, "Feng Ma, it's fortunate that grandmother is with you, otherwise it would be troublesome if they get angry."

Fu Jingting was noncommittal.

Yes, my grandmother's body can't be stimulated at all.

Otherwise, it is possible to die on the spot.

Thinking of the Liu family coming to the door tonight, I almost killed my grandmother.

Fu Jingting's disgust for the Liu family increased, and the idea of completely distancing himself from the Liu family became more determined.

“Eldest young master, Miss Rong, this time the Liu family did not reach their goal from the old lady, and they will definitely not give up, and they will definitely find other ways to resolve the conflict with the eldest young master. After all, there is no eldest young master to protect the Liu family. Sooner or later, the Liu family will disappear from the wealthy circle of the city, so you must pay more attention, they will definitely make trouble.” Feng Ma persuaded.

Rong Shu and Fu Jingting nodded.

“Don’t worry, Mommy Feng, we will pay attention.” Rong Shu said.

Although Fu Jingting didn’t respond, Ma Feng knew that what Rong Shu meant was what he meant.

“That’s good, that’s good.” Feng Ma was relieved.

After that, the three said something else before hanging up the phone.

But Fu Jingting’s face was still dark and very ugly.

Rong Shu poured him a glass of water, “Still worried about grandma?”

Fu Jingting took the water glass, “No, I’m just blaming myself.”

“Self-blame?” Rong Shu blinked, not understanding what the man meant.

The man’s thin lips pursed a bit coldly, “I always thought in the past, the Liu family is my teacher’s family, I should help them, after all, I have this ability, plus the Liu family is declining, help a bunch to me Said, it’s just a matter of the way, and it won’t cause me any trouble, so I almost never refused any business or cooperation the Liu family needed. In addition, in the first few years, the Liu family was really safe. Fen, I have never done anything with my name, so I am also very relieved that the Liu family has grown up under my protection, and the Fu Group is getting stronger and stronger, and I am getting busier and busier. You didn’t pay much attention to the Liu family.”

“So when you didn’t pay much attention to them, the Liu family gradually became rampant, and people’s hearts began to float. In the end, you didn’t even pay attention to your grandmother, and shouted at your grandmother. Big girl.” Rong Shu’s mouth pulled out a hint of sarcasm.

Of course, she was not mocking Fu Jingting, but the Liu family.

The old lady’s age is well known, and she is the oldest of the older generation.

But Liu Lao actually called the old lady’s sister, isn’t this just trying to crush the old lady?

Those who don't know, think that old man Liu is Fu Jingting's grandfather, and the old lady is no longer his grandmother.

"Yeah, the grievance my grandmother suffered this time was caused by me." Fu Jingting frowned.

Rong Shu hugged his arm and rested his head on his shoulder, "Although it was you who caused it, you were unintentional. After all, who knows what will happen in the future? And you can't grasp people's hearts, don't you? So you don't have to worry too much. If you blame yourself, I believe your grandmother won't blame you, but if you really can't get over the hurdle in your heart, let's go to the old house tomorrow, have a meal with grandma, and then apologize to grandma?" The

Fu family heard this . . . , rubbing his eyebrows for a while, then he picked her up and put her on his lap.

Rong Shu was startled, and subconsciously went upstairs to his neck.

After reacting, he patted the man angrily, "What are you doing, you almost scared me to death."

Fu Jingting laughed lowly, pressing his forehead against hers, "No, I'm happy, so I can't help but want to hug you. "

"What are you happy about?" Rong Shu leaned against the man's arms.

The man stroked her smooth hair, "I'm glad that you are willing to go with me to apologize to my grandmother. It was obviously caused by me, and you are willing to bear it with me, so I'm very happy."

Rong Shu heard the words and laughed. . . , "Didn't you say that we are one, so of course we have to face it together, if it is me, you probably won't let me face it alone, right?"

Fu Jingting rubbed her chin against her. the top of his head, noncommittal.

"Look, if you don't want to, why would I not want to be with you?" Rong Shu stretched out her arms and hugged the man's waist, closing her eyes slightly, "Besides, if grandma is really angry, you will be alone. Go, grandmother may not necessarily forgive you, if I go with me, grandmother will at least look at my face and forgive you as appropriate, and I am also thinking of you."

Fu Jingting chuckled, "Then thank Mrs. Fu. Rong Shu blushed, "

"Who is Mrs. Fu, don't talk nonsense."

Fu Jingting raised her chin and looked at her deeply, "Oh? You said I was talking nonsense? You don't want to be my Mrs. Fu?"

"I" Rong Shu choked, unable to answer.

Want to say of course not, the man is definitely angry.

I feel embarrassed when I want to say what I want to say, and I always feel a sense of seeing and wanting to be his wife in a hurry.

So, she is in a dilemma.

Seeing that the woman was silent, Fu Jingting knew what she was thinking.

Although she was glad that she did not deny his words, she was also displeased with her silence and shyness.

Although she looks good when she's shy, sometimes she's shy and it's a headache, like now.

Do you want to go back on it

He knew that she actually wanted to be his Mrs. Fu, but because of her shyness, she couldn't say it.

He hoped that she would be less shy, and told him directly and generously, she thought, she would like to be his Mrs. Fu.

But he knew it was impossible.

At least it's not possible now, she's too easy to be shy.

It seems that he has to work hard, sharpen her, and alleviate her shyness.

Thinking about it, Fu Jingting squinted his eyes, and his thumb began to touch her lips, stroking her lips as if they were plucking.

Rong Shu's red lips were itchy from his touch, and his head couldn't help but move, wanting to retreat.

Unexpectedly, the man had foresight. As soon as she moved her head, he let go of her other hand from her waist, went directly to the back of her head, and clasped the back of her head, blocking her retreat. .

“You” Rong Shu stared at the man with wide eyes, and was about to ask the man what he was doing when he saw the scorching heat deep in the man’s eyes.

At that moment, Rong Shu’s heart skipped a beat, secretly saying that it was bad.

This man wants to do something.

Rong Shu’s body stiffened for a moment, but after she reacted in the next second, she wanted to leave the man’s legs.

Otherwise, the man will definitely not let her go.

However, when Rong Shu just got up, the man’s eyes squinted for a moment, and his upper body directly pressed her and fell forward.

Soon, Fu Jingting was crushed on Rong Shu and collapsed on the sofa.

Rong Shu was imprisoned between her body and the sofa by the man, unable to move.

At that moment, the corners of her mouth twitched, realizing that she was still a step too late, and there was no chance of escaping to win.

Perhaps, the moment he had the idea of running away, he was already noticed by the man.

Therefore, when she just moved, the man directly pressed her on the sofa, completely breaking her thoughts of leaving.

“Fu Jingting, do you want to let me go first?” Rong Shu bent her arms against the man’s chest.

Knowing that he can’t escape by hard methods, he chose to take soft methods.

That is language.

Maybe if he asked him to let go of her, he would let go.

Although, the odds are unlikely.

But you have to give it a try, right?

“Why do you want to let go?” Sure enough, when Rong Shu’s voice fell, the man’s voice rang out, but he didn’t want to promise her to let him let go of her.

He finally caught someone, let go and ran away.

He was stupid to let go.

Rong Shu didn’t answer the unexpected man, but she didn’t get discouraged by her failure.

She rolled her eyes and smiled at the man, “What, why don’t you get up a little first, you’re pressing too hard, I can’t breathe.”

She decided that as long as he got up a little, She quickly pushed him away.

Absolutely without hesitation.

However, what Rong Shu didn’t know was that her plans were written on her face, which was very obvious.

Fu Jingting was amused when he saw this.

“You don’t need to pant, because I’ll take you to breathe, so there’s no need to get up.” Fu Jingting put his hand on her lower waist and lifted it into his arms.

Rong Shu’s body fit him even tighter.

Her face turned red at the time.

Because she just said she couldn’t breathe was false.

But now, it’s real.

Rong Shu suddenly felt a sense of sight, and the smile on her face became much stiffer.

She took a deep breath and looked at the man, “Fu Jingting, who asked you to take me to breathe, you”

“Don’t you want to go back on it?” Rong Shu was interrupted by the man before she could finish her words.

Rong Shu was stunned, “What?”

“Don’t remember?” Fu Jingting squinted at the blankness in the woman’s eyes.

Rong Shu shook her head subconsciously, "If you don't want to, just say it directly, don't give a shit."

Fu Jingting touched her face, "Okay, then I'll make it clear, you said before eating, after eating. Those who are talking about this kind of thing, it's after dinner, so I said, do you want to go back on it when you let me get up?"

As soon as these words came out, Rong Shu's throat choked instantly, and the whole person was stunned.

Apparently, she forgot about it.

Seeing the unlovable look on the woman's face, the man's eyes darkened, and he deliberately said, "If you want to go back on your words, just say it. I won't blame you. It's not the first time for you anyway."

After speaking, he He lowered his eyes, looking very disappointed and aggrieved.

Rong Shu saw the tea smell in his speech, and his heart burst into flames, "Hey Fu Jingting, can you just talk well when you talk? Why does it smell like tea, who did you learn it from? Also, who said I regretted it? What do you mean it's not the first time I regret it? When did I regret it? Why didn't I know? I promised you something, but I didn't do it that time? Don't slander me!"

Anyway, when she heard the man say that, she just Not happy.

She speaks as if she is someone who never counts her words.

Looking at Rong Shu's indignant and dissatisfied appearance, the man's eyes flashed a glimmer of light, which was fleeting, and then looked at her with a surprised expression, "So? You didn't regret it?"

"Of course I didn't regret it." Rong Shu He puffed out his chest and hummed displeasely, "I didn't say I would go back on it, it was you who made the conclusion for me."

"It was me who was wrong, I thought you didn't want it." The man smiled with a smile in his eyes. Looking at her.

Look at the man's smile, and the playfulness in his eyes.

Rong Shu was stunned for a moment, then realized something, her eyes widened, "Fu Jingting, you're playing with me!"

"Why did I play you?" The man blinked innocently.

Rong Shu stretched out her hand from under Fu Jingting's chest, then pointed at the man, staring at him with a look of anger, "You still don't admit it, you deliberately used aggressive methods to provoke me so that I can't find excuses to shirk that kind of thing. ." The

man smiled softly.

The laughter made the woman even more angry, " You laughed, it seems that you admitted, Fu Jingting, you are too much."

She pouted unhappily, then raised her leg to kick the man.

The man seemed to have eyes in the back of his head, and the moment her leg was raised, he pressed her leg back with his own.

"I was afraid that you would regret it, so I did this on purpose. Don't be angry. You said this was what you promised me earlier, didn't you?" The man looked at her with a deeper look.

Rong Shu couldn't refute the man's words.

Who made her promise before.

"Then I don't care." Rong Shu stared at the man with round eyes, "If you didn't provoke me on purpose, maybe I wouldn't regret it, but now that you provoke me on purpose, I'll really regret it and show you.

" , I want to push the man on my body, I want to push the man away.

But where is the man willing, a little force.

The strength that Rong Shu exerted was even more in vain.

No matter how hard she pushed, the man's body remained motionless, like an iron wall.

Rong Shu pushed for a long time, but not only did no man push him away, but she was so tired that she collapsed on the sofa and gasped.

Seeing this, the man chuckled again, "Stop struggling, I won't give you a chance to go back."

After speaking, the man turned his head slightly and lowered his head.

Rong Shu knew that the man was about to kiss her and closed her eyes subconsciously.

She knew very well that she couldn't move like this, what else could she do except lie down and accept it?

It's not like there is a saying that since you can't escape, it's better to enjoy it.

Anyway, I have escaped now, and I can't escape when I sleep, so it's better to be obedient.

But just as Fu Jingting's thin lips were about to fall on Rong Shu's red lips, a doorbell suddenly sounded from the direction of the entrance.

"Someone's here." Rong Shu opened her eyes immediately, not knowing where the strength came from. Maybe the man wanted to kiss her, so he relaxed his vigilance in the middle.

No, she was pushed away at once.

Go to Africa

The man slammed his back on the sofa, and the whole person was extremely dissatisfied.

Of course it wasn't dissatisfaction with Rong Shu, but the person who came to ring the doorbell so late.

Rong Shu pretended not to see the unhappy expression on the man's face, and hurriedly sat up from the sofa, tidying up her messy hair and clothes, "Someone rang the doorbell just now, did you hear it?"

" man asks.

The man is also sorting his clothes at the moment, listening to her words, compared to her nervousness and panic, he can be as calm as he is.

Even if someone came, he couldn't let him lose his temper in the slightest.

He patted his sleeves, folded his legs up and down, and then slowly replied, "I heard it, isn't it coming, why are you so panicked?"

Fu Jingting looked at the woman who stood up and started to straighten her pants again. Hooked his lips and said, "Besides, this is our place. Someone is coming, but we are so

panicked as masters. People who don't know, think we are doing bad things on someone else's site." He blinked his eyes dumbfounded.

Yeah, this is her place.

What she and Fu Jingting do here is reasonable.

So, why did she panic and feel guilty just because someone came?

People who don't know, really think that she and Fu Jingting went to someone else's territory to do bad things.

Rong Shu held her forehead, not knowing whether to laugh or cry, "It's my reaction that was too big, but I'm also a subconscious reaction. After all, when someone suddenly came during that time, anyone would have an overreaction. After all, they were afraid of being discovered."

Fu Jingting Qing laugh.

"Okay, you go to open the door." Rong Shu ruffled the hair from her ear, and was about to walk towards the entrance.

Fu Jingting got up and grabbed her wrist, "I'll be with you."

He wanted to see who came to disturb his good deeds so late.

It is best that the person is here for business, otherwise

Fu Jingting's eyes narrowed slightly, and there was a cold and dangerous light in his eyes.

The people outside the door didn't know what was going on, and suddenly felt so cold.

He shivered uncontrollably, then rubbed his arms.

Suddenly, the door in front of him opened.

Rong Shu and Fu Jingting appeared at the door.

When the people outside the door saw the two, they immediately put their hands off their arms and stood up, "Mr. Fu, Miss Rong, good evening."

“Assistant Zhang?” Rong Shu could not help but be surprised when she saw the people outside the door.

Fu Jingting also frowned, “What are you doing here?”

“I”

Assistant Zhang was about to answer when he saw Fu Jingting’s face turn extremely cold, “You better have something important, otherwise you pack your bags and go to Africa tomorrow. “

What?” Assistant Zhang couldn’t believe what he heard. He was shocked and his glasses slipped from his eyes to the bridge of his nose.

What’s the situation?

Who is he?

Where is he?

What did he do?

Why was Mr. Fu assigned to the African expedition team?

Assistant Zhang was standing outside the door at the moment, with an expression of doubt about life, and the whole person was sluggish.

Rong Shu covered her lips and burst out laughing.

The laughter also made Assistant Zhang calm down and looked at Fu Jingting with a bitter face, “Mr. Fu, did I do something wrong? How can I go to Africa?”

Fu Jingting pursed his thin lips tightly. “Do you still need a reason for this? If you want to go, you can go, what are you talking about?”

“But”

“Okay Jingting.” Rong Shu took the man’s arm and said with a smile, “Don’t scare Assistant Zhang.”

She knew why the man arranged for Assistant Zhang to go to Africa.

He must be angry that Assistant Zhang suddenly came to interrupt him when he was about to do that kind of thing, so he deliberately retaliated against Assistant Zhang and sent Assistant Zhang to Africa.

The man's careful eye, she knows it very well.

Rong Shu shook her head and laughed.

Assistant Zhang blinked blankly, "Scare me? Miss Rong, what do you mean? Are you guys playing some kind of game, such as Truth or Dare or something, Mr. Fu lost, so he treated me like this in a fit of rage?"

"Fu Jingting can't afford to anger innocent people.

Fu Jingting heard it naturally, and Jun's face darkened again.

It seems that this assistant is really not available.

Really want to send it to Africa to shine.

Rong Shu didn't expect Assistant Zhang to be so big-hearted and thoughtful, that they even thought of it when they played Truth or Dare.

However, I have to say that Assistant Zhang's thoughts are inseparable.

Although they didn't play True Adventure, Fu Jingting didn't lose either.

But that's what they were playing, and Fu Jingting did this to Assistant Zhang because he was angry.

"Tomorrow at eight o'clock, you can fly directly to Africa. You don't need to pay for the air ticket. Let the financial side pay." Fu Jingting waved his hand and ordered.

Assistant Zhang was anxious, "Mr. Fu, you can't do this. You can't throw fire on me because you lost the game. I'm innocent."

Rong Shu's shoulders were shaking as she smiled.

Well, Assistant Zhang decided that Fu Jingting wanted to transfer him because he lost the game.

And she and Fu Jingting didn't plan to explain.

After all, how can you say something like that.

So let Assistant Zhang misunderstand.

"Okay Assistant Zhang, Jing Ting is teasing you, he can't send you to Africa." Looking at Assistant Zhang's uneasy appearance, Rong Shu smiled and comforted.

Assistant Zhang's eyes lit up, "Miss Rong, really? President Fu really won't send me to Africa."

"Who said I wouldn't?" Fu Jingting stared at him coldly.

"!!!" Assistant Zhang was instantly stunned again.

Rong Shu rolled her eyes and patted the man's arm angrily, "Okay, what are you doing, don't scare Assistant Zhang, if you really send Assistant Zhang to Africa, where will you find such a person in a short time? Your assistant?"

That's it.

Assistant Zhang nodded quickly.

Fu Jingting pursed his thin lips.

Rong Shu said again, "I'm talking, Assistant Zhang didn't mean it just now."

"He disturbed us." Fu Jingting pointed at Assistant Zhang with a frown.

Rong Shu shook his head helplessly, "So what? It's just a little later, the big deal. After Assistant Zhang leaves, let's continue?"

As soon as these words came out, the low air pressure around Fu Jingting instantly disappeared without a trace. , replaced by joy and joy.

Anyone can feel his good mood at the moment.

When the two of them spoke, they spoke next to each other, and they spoke very quietly.

Assistant Zhang couldn't hear what the two of them said, but he could feel that Fu Jingting was in a good mood because of Rong Shu's few words, and couldn't help but admire Rong Shu.

Miss Rong really deserves to be Miss Rong. Just a few words can make Mr. Fu change from a powder keg that will catch fire at any time to a gentle and considerate good man.

Sure enough, in this world, there is a fact that one thing subverts another.

No, this is the case with the man and woman in front of him.

"How is it? Are you still angry now?" Rong Shu didn't know that Assistant Zhang was slandering her and Fu Jingting at the moment. She poked the man with her elbow and asked.

The man coughed lightly, "I'm not so angry anymore."

"Since I'm not so angry anymore, don't scare Assistant Zhang. They do their best for you. What should I do if I'm frightened?" Rong Shu looked at Assistant Zhang Say.

Assistant Zhang was deeply moved, "Miss Rong, you are so kind to me."

Rong Shu smiled at him, "Assistant Zhang is polite, don't worry, your President Fu will not let you go to Africa now."

"President Fu, really Right?" Assistant Zhang looked at Fu Jingting expectantly, wanting to hear Fu Jingting's answer.

This Time, I Will Get My Divorce Chapter 1129

Thanks to Lin Tianchen

Fu Jingting looked at Assistant Zhang's faintly happy appearance, and his heart burst into anger. He snorted coldly, "If you come here next time without saying hello, it will be bad for me, and no one will be able to intercede." The

implication is that this time, forget it this time. .

Next time, I will definitely send you to Africa.

Assistant Zhang was overjoyed, "Okay, Mr. Fu, I know about Mr. Fu, and I will never do it in the future." At this point, he suddenly froze for a moment and realized something.

Just now, Mr. Fu seemed to be saying something bad for me, right?

So what does this good thing mean?

Thinking that it was so late, Mr. Fu looked at himself with a look of resentment.

Assistant Zhang suddenly understood what the so-called good thing was.

Adult men and women, good things can be done in the middle of the night, if something like that happens, what else can there be?

That is to say, his arrival was not because President Fu and Miss Rong lost the game and were angry with President Fu, but because he interrupted the happy relationship

between President Fu and Miss Rong, and President Fu was suddenly so angry with himself that he wanted to take his own life. distributed to Africa.

If so, then it makes sense.

Thinking of this, Assistant Zhang smiled bitterly.

He didn't expect him to be so unlucky, just in time to catch up with President Fu and Miss Rong to do this.

If he knew, he wouldn't come.

Why!

"Tell me, what are you doing here so late? Why don't you call first?" Fu Jingting looked at Assistant Zhang coldly and asked.

Assistant Zhang scratched his head, "Mr. Fu, I wanted to call you, but I accidentally broke my cell phone on the way here, so I had to come over to find you in person."

While speaking, he had already taken the phone out of his pocket . He took out his broken cell phone.

Fu Jingting pursed his thin lips when he saw the phone, "Okay, let's talk about anything."

Come here so late, don't wait until tomorrow to tell him.

It is conceivable that what Zhang Cheng wants to say must not be a trivial matter.

"It's a very important matter, but" Assistant Zhang suddenly looked at Rong Shu and hesitated.

Rong Shu raised her eyebrows, understood what he meant, and smiled, "Okay, then you say, I'll go back first, just in time for me to make a phone call."

After she finished speaking, she readily turned back to the living room.

She wouldn't be angry because Assistant Zhang didn't want her to listen.

It's not a big deal after all.

Besides, even if she and Fu Jingting are together, it doesn't mean everything about them, she can listen.

Although they are lovers, they are not a group after all.

If Assistant Zhang and Fu Jingting talk about the group's secrets, then she really shouldn't be able to hear them.

Are she and Fu Jingting married now?

Even if Fu Jingting didn't mind, she couldn't calmly let herself listen to it.

So walk away and not listen, but let yourself relax.

After Rong Shu left, Assistant Zhang looked at Fu Jingting, "Mr. Fu, Miss Rong won't be angry, right?"

He deliberately refused to speak when Miss Rong was there, just because she didn't want Miss Rong to listen.

Therefore, he was very worried that Miss Rong would be angry.

Of course, it doesn't matter if you are angry with him, but if you are angry with President Fu, it will be troublesome.

Mr. Fu is not happy, and the people below them will not have a good life.

Fu Jingting turned his head and glanced in the direction where Rong Shu left, and shook his head slightly, "No, Xiao Ye is not the kind of person who is careful, she respects other people's privacy and secrets, and won't think too much about it, just say it directly, what's the matter? "

"That's it, Su Cheng he afternoon"

Here, Fu Jingting and Assistant Zhang talked about business.

In the living room, Rong Shu also took out her mobile phone and made a call to go out.

The call was quickly answered, and there was a cold and tired male voice, "Don't rest so late, call me, are you not afraid of Fu Jingting's anger?"

Listening to the ridicule of the person on the other end, Rong Shu touched the tip of her nose. , a little embarrassed, "He's talking to his assistant on business, and he knows I'm on the phone."

But I don't know who she's calling.

"By the way, it's so late, I didn't disturb you, did I?" Rong Shu asked into the phone with her cell phone in her hand, "You seem very tired, you didn't rest today, are you still working in the hospital?"

Lin Tianchen was wearing a green surgery He walked into his office, closed the door, walked directly behind the desk, pulled out the chair and sat down, took off his glasses and rubbed his temples before replying, "It's not a disturbance, you're on the phone. It's just right, if it were earlier, I wouldn't be able to pick it up, I just finished an operation, and now my work is over, I'll go back in a while."

"It's fine if you don't disturb." Rong Shu picked up the coffee table Drinking water from the glass.

On the other side, Lin Tianchen put on his glasses again, "It's you, you called me so late, what's the matter?"

"It's nothing, I just want to thank you." Rong Shu put the water glass back, lightly smiled back.

Lin Tianchen's glasses reflected light, "Thank you?"

"Yes." Rong Shu nodded, "I only found out this afternoon, when I went down, I received a call from the police station and went to the police station, just in time. Seeing how painful Su Man's legs were, I asked Captain Lin at the police station if he had taken Su Man to the hospital. Captain Lin told me of course that they took Su Man to the hospital, but the hospital staff Dr. Lin said that Su Man's condition can be cured by taking some medicine, and there is no need for hospitalization. I immediately guessed that this Dr. Lin must be you, and Su Man's condition did not require treatment, but that you wanted to help him. I sighed and said that on purpose, am I right, Dr. Lin?"

On the other end of the phone, a faint smile flashed in Lin Tianchen's eyes, but it disappeared quickly, returning to his usual cool and cold appearance, "You're right, I did it on purpose, the people from the police station that day When I brought that woman to the hospital, I happened to see it, so I did it."

"I knew it." Rong Shu laughed, "Thank you, Dr. Lin."

"It's nothing to be thankful for, So you don't need to call me specifically to thank me." Lin Tianchen rested for a while, turned on the phone and put it on the desk, then got up and walked to the hanger on the side, took off the coat on it and put it on.

Rong Shu heard the rustling of his clothes changing over there, knew that he was about to get off work, and quickly said, "Of course, thank you, after all, you are also trying to vent your anger for me, but it's so late that I can't tell you too much. It's been a long time, otherwise it will delay you going home from work and rest, so let's see when you have time, how about I invite you to dinner? Speaking of which, you have helped me many times, and I have never invited you to dinner, thank you officially I'm sorry to hear you."

She lowered her head slightly and smiled apologetically.

Lin Tianchen stuffed the green surgical gown into the disinfection cabinet, then grabbed the mobile phone on the desk and walked towards the office door, "I never care about other people's thanks, but if you must thank me, it's not impossible, Eat with me, you will be the one who has no appetite in the end, I don't like ordinary dishes, but I like them, but you may not like them, do you know what I like to eat?"

Rong Shu Shaking his head, "How do I know this?"

Lin Tianchen pressed the elevator button, "My favorite dishes are not dishes cooked with ordinary seasonings, but edible chemicals as seasonings, so you If you want to invite me to dinner, you can't find a suitable restaurant."

Dishes cooked with chemicals as seasonings?

Rong Shu couldn't help but think about it for a while, and then started to shiver.

This is really scary.

Help him get tickets

Are the dishes made with those things edible?

Just thinking about it, you know the taste is definitely not good.

In short, except for him, normal people should avoid it.

Rong Shu sincerely admires Lin Tianchen.

"You always eat like this?" She couldn't help but ask curiously.

Lin Tianchen was noncommittal, "It's been like this since I started studying medicine."

Rong Shu gasped, "It's been more than ten years, you're amazing!"

Lin Tianchen smiled, "Everyone is more or less. There are some quirks, and using these as seasonings is my quirk."

"This is pica." Rong Shu twitched the corner of her mouth.

Lin Tianchen pushed his glasses, "Almost."

"But isn't it bad for your body to eat like this?" Rong Shu blinked and asked worriedly.

Anyway, people often help themselves.

You should also care about each other.

Lin Tianchen walked into the elevator, “No, I’m a doctor, so I naturally know whether these things are harmful to the body, what’s more, those medicines themselves are used to treat diseases, and the food that can’t be made tastes a little weird, and it won’t give you any health benefits. Any trouble with your body can be regarded as the first meal made by a beginner who can’t cook, it’s not poisonous, but it just doesn’t taste good.”

Hearing his description, Rong Shu felt relieved. He couldn’t help laughing, “It’s fine if it’s not harmful to the body, but it seems that I can’t treat you to dinner, so what do you want? As long as it’s within my ability, I’ll agree.”

“You really Want to thank me?” Lin Tianchen asked without answering.

Rong Shu nodded again and again, “Of course, you have helped me so many times, but I have never thanked you once. If I don’t thank you, I will feel bad about it, so let me repay you, please.”

She put the phone on her shoulders, put her hands together, and made a gesture of begging.

Although Lin Tianchen can’t see it, he can probably imagine that the glasses are reflective, “If that’s the case, then I’m not too demanding. I heard that a museum has recently opened in China. That museum is different from ordinary museums. The exhibits inside are all human specimens after the war.”

“What? Human specimens?” Rong Shu gasped again, and she was stunned, “How could there be such a museum?”

“Of course there is, the world Almost all countries have such museums, in order to let people experience the cruelty of war, but such museums are rarely open to the public, and they are not open to the public, so not many people know about it.”

“So that’s the case.” Rong Shu was stunned. Nodding, “But you suddenly told me this, do you want to go in and visit? But there is no ticket, so let me get one for you?”

“You’re right.” Lin Tianchen understood him so quickly after seeing her. purpose is not surprising.

She is a smart person herself.

Ding!

The elevator has arrived.

Lin Tianchen got out of the elevator, walked towards his own parking space in the parking lot, and went back as he walked, "Yes, I've visited many museums like this, you know, I'm a doctor, and I'm very interested in the human body, so go here. This kind of museum, I can see the state of many corpses that I can't usually see. I can make corresponding operation plans according to the wounds left by these corpses when they die. When I encounter patients with similar conditions in the future, I will not The failure of the operation because of inexperience will ruin my reputation."

"Rong Shu's forehead slid down a few drops of cold sweat, unable to speak.

Although, he said that, it was really great.

But in the ears of ordinary people, it is still a little perverted.

"Don't you plan to visit every time you open a museum like this?" Rong Shu said while rubbing his temples.

Lin Tianchen lifted his chin, "Almost, after all, the exhibits in each museum are different. Naturally, the cause of death of each corpse and the wounds presented are different, so naturally it is necessary to visit each museum."

"This That's true." Rong Shu touched her chin and nodded slightly, "But you just said that this kind of museum is not open to the public, so who is it only open to?"

"Medical workers, military, people, politicians." Lin Tianchen took The key to get out of the car hummed and unlocked his own door.

Rong Shu tilted her head suspiciously, "Since it's for medical workers, it should be easy for you to get in. After all, your position in the medical world is there, so for you, tickets should be easy to buy, right? "

"That's what I said, but I've been busy recently, and I don't have time to book tickets. When I think about it, the tickets have been booked by people from all major medical circles. After I made an appointment directly for two months, I don't want to wait." It's been so long, so I just asked you to find a way to help me. Of course, there may not be a way for you to book tickets, but the man next to you can definitely, just ask him for help." Lin Tianchen got into the car and twisted the key. , start the car.

Rong Shu didn't know whether to laugh or cry, "You have even figured out how I can help you get tickets. It seems that I really can't refuse."

"You can refuse, but I won't force you." Lin Tianchen said thoughtfully.

Rong Shu waved her hand, "Don't, I said I wanted to thank you myself, so I won't refuse, I will discuss it with Fu Jingting."

"That's fine, then I'll wait for your good news." Lin Tianchen drove the car away. out of the hospital parking lot.

Rong Shu hummed.

Hanging up the phone, she just put down the phone and stretched when she heard a voice beside her.

When he turned his head, he saw that the man had returned.

Rong Shu raised her head and looked at the man, "Have you finished talking with Assistant Zhang?" The

man nodded lightly as a response.

Rong Shu saw that his face was a little wrong, gloomy and gloomy, with a low and depressed breath all over his body, and the smile on his face slowly faded, "What's the matter? Is something wrong?"

Otherwise, why is the man's face so ugly ? ?

You must know that when I went to open the door with her just now, it was fine and nothing happened.

So come back now, the whole person is wrong?

So, something must have happened?

The man didn't speak, just looked back at the woman.

This glance made Rong Shu even more sure that something might have happened.

Rong Shu was in a hurry, stood up, took the man's arm, pulled the man to sit beside him, "Fu Jingting, what the hell happened? You make me very worried, if something major happened, you If you want to solve it, you can go quickly, don't think I'll delay because of worry, understand?"

After speaking, she looked at the man worriedly.

The man stretched out his arms and took her into his arms, his voice low and hoarse, "It's not a big deal, it's just something that makes me very sick."

"What the hell is that, what do you say?" break free.

The man looked at her without saying a word.

Rong Shu was angry and helpless, "You are dumb when you have something, can you change it? You let me be like this." Before

she could finish her words, the man's big hand grabbed the back of her head.

The man lowered his head, grabbed her red lips accurately, interrupted all the words behind her, and swallowed it in his stomach.

Rong Shu was stunned for a moment, then rolled his eyes speechlessly.

This dog man is really, obviously in a bad mood at the moment, with a lot of thoughts, but he has not given up the idea of doing that.

I really don't know what to say.

Forget it, accompany him, maybe after coming down last night, he was in a better mood and would be willing to speak?

Thinking about it, Rong Shu's body softened, her arms stretched out around the man's neck, and she closed her eyes.
