Deliberately teasing her

That night, the man was like a mad lion, demanding as much as he could.

If it weren't for Rong Shu's current body's ability to withstand far more than before, it is estimated that he would have fainted from exhaustion like the previous two times.

However, although he didn't faint from exhaustion, his body was still tired and collapsed on the bed, he didn't even want to move his fingers, and he couldn't keep his eyes open as he stared at the yellow crystal lamp on the ceiling.

The man, on the other hand, stood by the bed, picked up a nightgown and put it on slowly, with a contented face, not to mention how good he was.

Seeing this, Rong Shu turned her head to the side angrily, not wanting to look at him.

Obviously he had begged for mercy several times, and he said the last time every time.

But the result.

Pooh!

Man's mouth, liar ghost!

Of course, Fu Jingting saw the woman's sulking look at him, and knew why the woman was angry.

After he tied the nightgown bag around his waist, he gave a low laugh, "Open your eyes and I'll take you to take a bath."

Rong Shu didn't open it, she just raised her arm and waved her hand weakly, "You're like this. Hug it, I don't want to move anymore, I'm so tired."

Anyway, it's not that he hasn't experienced letting him take a bath.

So, she can now accept it very calmly and let him take him to take a bath.

Seeing the woman's lazy appearance, Fu Jingting stretched out his hand and scratched the bridge of her nose, without saying anything, he bent down and picked up the woman, and walked to the bathroom.

By the time I got out of the shower, it was already four in the morning.

There are still more than two hours before dawn.

Fu Jingting lifted the quilt and lay back on the bed with Rong Shu.

When Rong Shu's body touched the soft bed surface, she became slightly awake, and her eyes finally opened, but not too wide, they were still half-open.

She blinked her eyes twice and looked at the man, her voice soft and waxy, "What time is it?"

she asked, and couldn't help but let out a sigh.

The man raised his arm and glanced at his watch, "It's four o'clock."

Rong Shu heard that it was only four o'clock, and closed her eyes again, "It's still early before dawn. I thought you didn't sleep, and thought it was dawn."

"No, go to sleep." Fu Jingting tucked the quilt for her.

Rong Shu rubbed against his arms, "Aren't you going to sleep? There are still two or three hours left. You can sleep for a while, too. What if you're tired from work tomorrow?"

"I'm not tired, go to sleep, I'll watch over you. ." Fu Jingting was lying on her side, resting her head with one hand and her waist with the other, patting lightly, coaxing her like a child.

Not to mention, when he came like this, Rong Shu gradually felt sleepy coming up again, and couldn't help yawning again.

"You're a monster," she muttered.

Fu Jingting raised his eyebrows, "Oh? How did I become a monster?"

"Isn't it?" Rong Shu grabbed the collar of the man's chest with both hands, her eyes were closed, and she only moved her lips and said, "After exercising for several hours, I have You're so tired that you don't even want to move, you're still so energetic, you don't even sleep, you're not a monster, you don't know what a tired monster is." The

man's chest trembled, and he let out a low laugh that made his ears pregnant, "Then You should like a monster like me very much, right? After all,"

Rong Shu seemed to know what the man was going to say, so Rong Shu woke up instantly, and the sleepiness in his head disappeared. After opening his eyes, he directly covered the man's mouth, "Shut up, Don't say those words, or I'll bite you!"

She stared at the man with round eyes and looked fiercely at the warning.

However, when she fell into the eyes of a man like this, it did not bring him any deterrence. Instead, she was fierce and cute.

He stuck out his tongue and licked the woman's palm.

The woman felt an itch in her palm, and immediately let go of the man's mouth and retracted her hand, "Fu Jingting!"

She called out the man's name again.

The man blinked innocently, "I'm here."

Looking at the man who didn't know what he had done wrong, the anger in Rong Shu's heart was suddenly quenched by a basin of cold water. How uncomfortable.

She could only keep staring at the man with her eyes open.

In the end, there was no other way, and Rong Shu had no choice but to die and be defeated.

Forget it, why is she competing with this dog man?

Hasn't he been able to fight this dog man all the time?

Looking at the woman's appearance, Fu Jingting's eyes flashed with a smile, and he reached out and touched the woman's soft hair, "Okay, I won't tease you, let's sleep."

"Still sleeping?" Rong Shu rolled her eyes at the man. , "After being tossed by you like this, how can I still sleep."

"Can't sleep?" Fu Jingting narrowed his eyes.

Rong Shu hadn't noticed the danger yet, so En snorted.

Fu Jingting lifted the quilt, "Since I can't sleep, and it's still before dawn, how are we going to continue?" As he

spoke, he turned over and pressed down.

Rong Shu was so frightened that her face turned pale, her voice was raised, "Fu Jingting, you dare, if you do this again, I'm angry, I'm really angry!"

She closed her eyes when the voice fell.

However, after closing it for a while, I didn't feel any movement.

She opened her eyes tentatively, just in time to meet the man's handsome face like a god, and those eyes that were half-smiling.

At that moment, Rong Shu suddenly realized something, and her face suddenly turned red, "You deliberately scare me?"

The man chuckled, admitting it.

Rong Shu blushed even more, and the whole person was ashamed and embarrassed.

Because men didn't have that meaning in the first place, they just made fun of themselves.

But she thought that the man really wanted to do something to her,

so now she was embarrassed when she saw the man's playful gaze, and could not wait to find a crack to crawl in.

It's so embarrassing.

Rong Shu pulled the quilt that had just been lifted by the man, and tightly covered herself from head to toe, isolating all eyes from the outside world.

As if in this way, you will not feel the malice of this world.

The man saw that Rong Shu was like a little tortoise, shrinking himself into the shell, and suddenly realized that he was in trouble, that he was too funny and annoyed her.

No way, after Fu Jingting sighed, what else could he do?

Coax people.

"Little Leaf, pull the quilt down, it's not easy to breathe." Fu Jingting stretched out his hand to pull the quilt as he spoke.

But the quilt was caught by Rong Shu, and Fu Jingting couldn't open it for a while.

Fu Jingting was stunned for a while, then reacted and continued to pull.

He didn't mean to pull it away, but deliberately stalemated with Rong Shu there.

Only in this way will it not scare her.

Otherwise, he was not coaxing her, but deliberately quarreling with her.

“Be obedient, little leaf, pull the quilt away, and I’ll apologize to you, okay? I was wrong just now. I shouldn’t have teased you on purpose. Don’t be angry, eh?” The man looked down at the woman under the quilt, his voice soft. coaxed, without the slightest impatience.

Under the quilt, seeing the man apologize to her, Rong Shu felt a little better.

She took down the quilt, revealing a small face that was still red and did not dissipate her blush. She looked at the man and snorted, “You will deliberately prank me and see my jokes.”

“No, I’m just watching. You are too cute, you can’t help it.” The man hugged her.

Rong Shuwo didn’t move in his arms.

Well, now she is completely drowsy.

“Next time, I really ignore you.” Rong Shu raised her head from the man’s arms and moved her fists to warn the man.

The man rubbed his chin on the top of her head, “No, I just deliberately teased you, I didn’t think about what to do to you.”

Crazy Parents

No matter how anxious he is to her, he won’t be so anxious that she is already very tired, and he has to pull her to continue.

What’s the difference between that and the maddening change?

Seeing what the man was thinking, Rong Shu’s expression had completely softened, and she shrank even more into the man’s arms, looking for a safe and warm place to stay still.

like a little baby.

Looking at Rong Shu like this, Fu Jingting couldn’t help but chuckle, “Okay, it’s still early, let’s sleep a little longer.”

"I can't sleep now, I'll go back to sleep when I get sleepy again." Rong Shu was in the man's arms Shaking his head said.

The man tucked the quilt for her, but he didn't force it. He patted her on the back lightly and said, "Then talk to me for a while."

"Well." Rong Shu nodded, "What do you want to talk about?"

"Anything. Yes." Fu Jingting held his head, "But I have to say, I want to know who you called before. I heard you laughing into the phone when I was in the entrance."

There was obviously some taste in his tone.

Rong Shu shook her head in disbelief.

This man is really,

but Rong Shu didn't hide the man, and told the man who he was calling.

Hearing that it was Lin Tianchen, Fu Jingting raised his eyebrows and asked inexplicably, "Well, what are you calling him for?"

"Of course to thank him, although we were all at the police station yesterday, but you I didn't go to see Su Man, so you don't know." Rong Shu yawned, then told what she saw Su Man at the police station.

After hearing this, Fu Jingting realized that there was such a thing.

"So Dr. Lin helped me vent my anger. Of course I can't pretend that I don't know." Rong Shu put her hand on the man's hard chest and said.

Fu Jingting said nothing.

After all, Lin Tianchen really helped, and he really couldn't pretend that nothing happened.

"Why didn't you tell me about this in the first place?" Fu Jingting asked, bowing his head and holding the woman in his arms.

At this moment, the woman's eyes began to gradually become blurred again, and she was no longer so awake and bright as before.

Apparently, drowsiness began to hit again.

Fu Jingting couldn't help laughing.

I just said I can't sleep.

After a while, the sleepiness came back.

Fu Jingting gently stroked Rong Shu's hair.

Rong Shu stretched out her hand from the quilt, rubbed her eyes, and her voice softened, "I forgot, I didn't remember it until Assistant Zhang came and wanted to tell you something, so I gave it to Dr. Lin. I called him and thanked him. I wanted to treat him to a meal, but you know what? He doesn't eat what normal humans eat."

"I know." Fu Jingting lifted his chin, "He has pica."

"You know?" Rong Shu opened her eyes in surprise.

Fu Jingting nodded, "This is actually not a secret in the circle. Lin Tianchen's problem has been widely known more than ten years ago. For this reason, he didn't want to see his parents, and more importantly, he was a shame."

"I don't want to see him . . . is it his shame?" Rong Shu raised his head in surprise, "Why? Dr. Lin is a genius in the medical field. Shouldn't it be proud to have a son like him? Why is he a shame?"

She said not understand.

"The Lin family are both medical talents and perfectionists. They do not allow their children to be emotionally deficient, so to them Lin Tianchen is the imperfect existence in their perfect life. . . is their stain, because they gave birth to such monsters, it means that they are not as perfect as they think, so naturally, they can't wait to see Lin Tianchen, even if Lin Tianchen shows a far superior They still don't like the medical talent of their husband and wife, and they never even recognize Lin Tianchen as a child, and I have heard that before Lin Tianchen's full moon, the Lin family tried to send Lin Tianchen to the orphanage.

" This?" Rong Shu was shocked.

Fu Jingting hummed, "It's true, but at that time, Mr. Lin was still alive. After learning about it, he immediately took Lin Tianchen back from the orphanage, otherwise there would be no Lin Tianchen now." It took a

while for Rong Shu. He recovered from the man's words and said with emotion, "I didn't expect Dr. Lin to have such an experience in his seemingly glamorous life."

"Everyone has an unknown past." Fu Jingting stroked her hair Sentence back.

Rong Shu sighed, "What really shocked me was Dr. Lin's parents. How could they do this, even if Dr. Lin was born with an emotional defect? Isn't it still their child? How could they, because of this reason, You threw your own child away? Tiger poison doesn't eat its own children. For a ridiculous reason, you can actually throw your own child away. It makes people angry and hateful. The most ridiculous thing is that they are the only ones. , What about perfectionists? Anyway, I haven't seen any perfectionists, and they still eat and drink. Besides, perfectionists, shouldn't they be able to do everything? How can they also know medicine and nothing else? What a perfectionist, it's obviously extreme!"

Anyway, to her, no one in this world is perfect.

The so-called perfect person should be one who doesn't eat, doesn't eat and drink, and can do anything.

For example, overturning the river and overturning the sea, soaring through the clouds and driving the fog.

This is called true perfection.

And such a perfect person is a god.

Are the Lin family couples immortals ?

Isn't it still the same as them, a human being who can eat and drink Lazard carbon-based life forms, and pretend to be a perfectionist.

Seeing the woman's puffed-up look at the crusade against the Lin family couple, Fu Jingting just felt extremely cute, and couldn't help pinching her face gently, it was soft and felt exceptionally good.

"It's really extreme." Fu Jingting nodded in agreement with her words while pinching her face.

After all, it is also one of his essential lessons as a male Durban monitor.

"Yeah." Rong Shu heard the man agree with her, and felt more and more that her evaluation of the Lin family couple was right, she pursed her red lips and said, "Also, they said that Dr. Lin is an emotionless monster, they want me to say it. , they are the monsters without emotion. They pursue perfection and pursue such extreme morbidity. They can even not want their own sons. Isn't that just lack of emotion? If there is emotion, how could it be possible to do such a crazy thing, so Ah, the reason why Dr. Lin was born without feelings must have been inherited from their husband and wife. In short, Dr. Lin has had eight lifetimes of bad luck with such parents."

"My wife is right." Fu Jingting nodded.

Anyway, as long as she said anything, he would stand by her and support her.

Furthermore, the Lin family is indeed unworthy of being parents.

“I only know now that not all parents love their children.” Rong Shu curled her lips, “The Lin family couple, even Gu Yaotian and his wife can’t compare, Li Zhaodi has been separated from them for more than 20 years, even if there is a relationship between them. They are very unfamiliar and have no feelings, but Gu Yaotian and his wife were able to treat Li Zhaodi right away. It can be said that Gu Yaotian and his wife are not good people, but they are definitely a good pair of parents, and the Lin family, tsk!”

Rong Shu tutted and did not speak, her tone It was full of dislike for the Lin family couple.

Because of this, she didn’t see the man next to her stroking her hair stopped, her eyes were full of darkness and complexity.

This Time, I Will Get My Divorce Chapter 1133

Gu Yaotian and his wife are qualified parents

She is boasting that Gu Yaotian and his wife are good parents

. Indeed, as she said, Gu Yaotian and his wife are indeed a good pair of parents.

Twenty-seven years ago, in the eyes of Gu Yaotian and his wife, Gu Manqing was killed by Rong Hao.

For the past 27 years, Gu Manqing has always been a dead person in the hearts of Gu Yaotian and his wife.

However, this couple can keep a daughter who died twenty years ago firmly in their hearts and never forget them.

This is almost impossible for many parents to do.

Even if it is their own children who died, they are still alive. They always have to look forward. They cannot die because of the death of a child.

That is absolutely impossible, not to mention that the child has been dead for twenty-seven years.

I am afraid that many parents have already forgotten their children who have been dead for so many years, and can't even remember that they once had such a child.

But Gu Yaotian and his wife really remember it till now.

Based on this alone, no one can say that this couple is not a good parent.

Secondly, in the hearts of Gu Yaotian and his wife, their daughter, who had been dead for 27 years, was suddenly resurrected and appeared in front of them. Not only did they not suspect that there was some conspiracy in the sudden appearance of this daughter, but they immediately accepted this daughter. , doted on this daughter and made up for the 27-year debt to this daughter.

And this is not something all parents can do.

Especially for the rich and powerful, there is even less that can be done.

The wealthy family attaches great importance to the appearance, and the inner face is very important, and they also have a strong sense of comparison. It is not a comparison of family business, a comparison of husband and wife, or a comparison of children.

As long as one loses to others, it becomes a joke in the eyes of others.

For example, when Li Zhaodi first appeared in front of the Gu family, she was still a submissive, vulgar village girl who had no culture, no manners, and no skills.

But this is Li Zhaodi, but she was not rejected by Gu Yaotian and his wife. Instead, after confirming that it was their daughter, she immediately accepted her.

I didn't care at all if such a daughter would let herself be laughed at by the circle when she returned home, and let her opponents in the circle take the opportunity to ridicule herself. There is such a daughter who can't stand on the stage.

To be honest, Gu Yaotian, who cares so much about his face, can do this for his daughter, so that he will have a high look.

It's absolutely impossible to change to other people in the circle. I'm afraid I don't even want to recognize such a daughter at all. I feel that if such a daughter comes home, I will only embarrass myself, and I will make jokes from the outside world. , so even his own flesh and blood can be cruelly abandoned.

This is in the circle, but there are real cases.

Such is the case with the Li family.

A few years ago, the Li family had a turmoil of real and fake daughters. When the Li family's daughter was born, she was secretly replaced by the nanny and exchanged her daughter with the Li family's daughter.

Since then, the real daughter of the Li family has lived a miserable life, while the fake daughter has lived the life of a wealthy princess. She is proficient in piano, chess, calligraphy and painting.

However, one day, the real and fake daughter of the Li family happened. The real daughter returned to the Li family, but the fake daughter did not return to her original home, and still stayed in the Li family, and her name status did not change at all.

As for the real daughter, when she returned to the Li family, it seemed that she did not return. The Li family did not recognize her identity and did not announce that she was the daughter of the Li family. The reason, of course, is very simple. The Li family is unwilling to accept their own daughter. She is a village girl who knows nothing and can't stand on the stage. She thinks that having such a daughter will make them humiliated.

On the contrary, if they are called adopted daughters to the outside world, they may be praised by the outside world for their kindness. In this way, if the bloodline is found, there is no need to worry that this bloodline will bring embarrassment to him, and he has also gained a good reputation, the best of both worlds. good thing.

But for the real daughter, it is not a good thing, but a hell.

Back at Li's house, her parents did not reveal her true identity to the public, everyone thought she was really an adopted daughter, and then the servants were envious of her and bullied her openly and secretly.

The fake daughter felt that her existence was always a bomb that threatened her status, and she also began to pretend to be weak and plotted to frame her, which made the Li family's husband and wife hate her even more.

The parents of the Li family, who are the real parents, are ashamed to bear such a daughter and turn a blind eye to this daughter. Even if they know how the daughter has been bullied, they will never help, so they should not know.

In the end, the real daughter couldn't bear the pain any longer. She jumped down from the high-rise building of Li's company and ended her life.

That's why he said that not all parents can accept their daughters who have been separated from him for more than 20 years without any hesitation like Gu Yaotian and his wife, let alone accept this kind of incompatibility with the wealthy like Gu Yaotian and his wife. The daughter who brought herself endless laughter.

Therefore, it is an indisputable fact that Gu Yaotian and his wife are indeed good parents.

Even he can guarantee that if Gu Yaotian and his wife now know that Rong Shu is their biological daughter, even if Rong Shu hates them to the death, they will find them immediately, recognize Rong Shu, and maybe even make up for Rong Shu. , to quell the hatred in Rong Shu's heart and end his own life.

This is not impossible for Gu Yaotian and his wife, who love their daughters like their lives.

At that time, the most painful one became Rong Shu.

Rong Shu will feel that her revenge has become the most ridiculous thing, and even her own identity has not only made herself unable to take revenge for the Rong family decisively, but has also become a weapon to end the lives of her biological parents.

At that time, what kind of madness Rong Shu would fall into was something he didn't want to think about at all.

So that's why he kept hiding her background from Rong Shu.

As long as Gu Yaotian's husband and wife's love for the child is not so deep, he will not hide it so hard.

Seeing that the man kept looking at her and didn't speak, Rong Shu lightly tapped the man's chest with her fingers, "Jing Ting, what are you thinking about?"

Fu Jingting's eyes flashed, he came back to his senses, and hugged her tightly again, Then he lowered his eyes, covering the dark eyes, and said, "It's nothing, okay, let's not mention what happened to Lin Tianchen's parents, it's getting late, go to bed."

After that, he leaned over and turned off the lights.

Rong Shu grabbed his arm, "Don't worry, I haven't finished yet, I have something else to help you with."

"Oh?" Fu Jingting put his arm down, his eyes brightened, and he became interested , "This is the first time you have taken the initiative to ask me to help you. Tell me, I will agree to your husband."

Rong Shu blushed and gave the man a white look.

This guy, husband and wife are screaming very slippery now.

“Actually, it’s not a big deal. It’s just that Lin Tianchen wants me to help me get a ticket, but this kind of ticket requires access. I have no official access, so I can only find you.”

“What kind of tickets need special access?” Fu Jingting frowned.

“That’s it.” Rong Shu didn’t give a shit, and told Lin Tianchen that he wanted to go to the museum.

After hearing this, Fu Jingting cleared his confusion and patted her on the back, “I see, this matter is gone, let Zhang Cheng handle it tomorrow, and then just send him the tickets directly.”

“Thank you.” Rong Shu smiled happily and quickly thanked him.

Fu Jingting’s eyes darkened, “Just thank you, don’t you want something else?”

Has President Fu Raised a Cat?

Rong Shu’s eyes narrowed, and the case became vigilant.

The dog man’s words, obviously he’s playing a ghost again!

“Why do you look at me like that?” Fu Jingting raised his eyebrows slightly, looking at Rong Shu’s wary eyes.

Rong Shu snorted, “Why do you think I look at you like this, you know it!”

“Unknown!” Fu Jingting shook his head, indicating he didn’t understand.

Rong Shu rolled her eyes, “You can pull you down, what is unclear, you clearly know very well.”

“Oh? Then tell me, what do I know?” Fu Jingting’s thin lips curled slightly.

Rong Shu pursed her red lips, “Of course you know what I’m watching over you. I thank you for not being enough, and I have to do something else. Obviously, you want to take advantage of me by turning around.

” After dissecting it, Fu Jingting not only did not panic or feel guilty, but instead laughed in a low voice, “Then are you willing to fulfill my wish?”

Rong Shu's red lips moved, just about to speak.

Fu Jingting spoke again and cut off her words, "Don't worry, I won't really do anything to you like you are now, I just want you to kiss me."

He pointed to his face.

Don't tell me, after hearing this, Rong Shu's vigilance was really reduced a lot.

At first, she really thought that the man had seized the opportunity and wanted to make sauce with her again.

Therefore, she was especially wary of men in her heart, for fear that men would really do this.

After all, her current body can't stand it, and maybe she might die on the bed.

Fortunately, it turned out that she thought too much, and the man was not so mad, he just wanted her to kiss him.

Compared with the stuffed sauce, give it a kiss, it really shouldn't be too easy, it is also a very good task for her.

In short, kissing her would not be so resistant compared to brewing sauce.

Thinking, Rong Shu let out a long sigh of relief, then stretched her head forward, put it in front of the man, and kissed the man on the face, "Is it alright now?"

"Well, alright." The man put his arms around her, Satisfied nod.

Rong Shu snorted, "Then go to sleep quickly, you have to sleep, even if you are healthy, you are still a person, and your body is never iron. Yes , so sleep."

After speaking, she quickly closed her eyes and took the lead in making the move to sleep, setting an example for men.

The man looked at her with a look of 'I'm already asleep', with a smile in his eyes and a warm heart.

She thought about his body, and of course he felt warm in his heart.

"Okay, go to sleep." Fu Jingting reached out and turned off the light.

The room suddenly became dark.

Fu Jingting lay down again, took Rong Shu into his arms, then lowered his head and kissed her on the forehead, and whispered, "Good night."

Rong Shu's body froze for a while, but soon returned to normal. After the man closed his eyes and there was no movement for a while, he lightly opened his

red lips and slowly spit out a sentence, "Good night."

Disappear.

Then he hugged the woman tighter, and then closed his eyes again.

When I woke up again, it was past seven in the morning.

The two were woken up by the doorbell.

Rong Shu first frowned her beautiful eyebrows, and then opened her eyes reluctantly. Obviously, she hadn't slept enough yet, and she was feeling a little uncomfortable in bed at the moment.

Fu Jingting woke up neatly and neatly. After opening his eyes, the last trace of sleepiness in his eyes disappeared without a trace and was invisible.

He lifted the quilt and sat up, turned his head and saw the woman lying beside him staring blankly at the ceiling with his eyes open, he felt amused.

"What? Didn't wake up?" Fu Jingting reached out and touched the woman's forehead.

The woman blinked her eyes, and her voice was soft and full of sleepiness, "Well, it's a little bit."

In Fu Jingting's ears, this voice was like a cat's claws constantly scratching in his heart, scratching his heart. Itchy.

If it weren't for the fact that he really tired her last night, he would definitely not be patient at this moment, but he would directly pull her and do a morning exercise to help her wake up completely.

Fu Jingting's eyes darkened, and after suppressing the restlessness in his heart, he said in a hoarse voice, "Then you can sleep a little longer, and I will act lightly."

"It's still not going to sleep." Rong Shu shook her head and then hit Yawn, "I have a meeting today, it's quite important, so I won't sleep, what if I oversleep in a while?"

"Then will you be refreshed for a while?" Fu Jingting looked at the woman with concern.

Rong Shu rolled his eyes at him, "If you don't have energy, you have to hold on. It's all your fault last night. You didn't have any temperance at all." The

man chuckled, "It's my fault, then"

"Stop!" Rong Shu hurriedly He raised his hand and stopped the man from continuing to say, "Don't persuade me not to go to work and rest. Don't worry, I'm not that fragile. After I wash up, I'll be refreshed by having breakfast for a while, don't worry."

"Really . ?" The man still looked at her a little worriedly.

Rong Shu nodded, "Really, trust me, pull me up."

She reached out to the man.

The man grabbed her wrist and pulled her up from the bed.

After Rong Shu sat up, she raised her hands and stretched her waist, "Ah, it's more comfortable now, and my mind is clearer. Let's go, didn't someone ring the doorbell just now?"

She put her hands down and looked at the man .

The man made sure that her spirit was better than just now, so he didn't force her to rest, he got out of bed with a sigh, stood beside the bed, and handed her her clothes, "put it on first, I'll go out and have a look. Who is it?"

"Go, go." Rong Shu took her clothes and waved.

The man looked at her with disgust and urging him, smiled helplessly, reached out and rubbed her head in revenge, rubbing her already messy hair even more, and then he retracted his hand contentedly and hooked it. The corners of the lips walked out of the room.

After going out, he could still hear the angry shouting from the woman in the room behind him, "Fu Jingting, you bastard!

" The steps have a bit of cheerfulness.

After opening the door, Assistant Zhang outside the door looked at Fu Jingting's handsome face with a light smile, and the whole person was stunned, unbelievable.

what's the situation?

President Fu is actually laughing!

laugh at yourself?

When was Mr. Fu so happy that he came to the door?

Assistant Zhang couldn't believe his eyes, so he quickly raised his hand, took off his glasses and rubbed his eyes, then put on his glasses again and looked at Fu Jingting.

The smile on Fu Jingting's face still exists.

Obviously, he just didn't see it wrong.

President Fu, actually laughed to himself.

Assistant Zhang was distraught, and still felt an unreal feeling.

In the past, when I came to see Mr. Fu early in the morning, I never saw Mr. Fu give me a good face. It would be good if I didn't show a cold face, let alone smile at myself.

So now seeing Mr. Fu smiling at him, not only did he not feel flattered at all, but he felt like a ghost.

There is a conspiracy!

Assistant Zhang's glasses were reflective, and he secretly became vigilant, "Mr. Fu, did you encounter something good? You seem to be in a good mood."

Hearing this, Fu Jingting raised his chin slightly, "Just put a The cat is angry, and I am in a good mood."

Cat?

Assistant Zhang raised his eyebrows, "Mr. Fu, do you have a cat?"

The Stressed Assistant Zhang

Fu Jingting frowned, and immediately looked at Assistant Zhang outside the door with disgust.

Assistant Zhang's mouth twitched.

What is the situation? In the eyes of President Fu, he seems to be saying that he is a fool.

Did he guess wrong?

Just thinking about it, Assistant Zhang suddenly saw something.

I saw Fu Jingting's slightly open neckline of the nightgown, on the exposed neck, there were signs of being bitten and scratched by fingernails.

Assistant Zhang, who had never eaten pork but had seen Zhuran, immediately understood how these marks on Fu Jingting's neck came from and what they meant.

Immediately, the handsome face became embarrassed.

The cat was caught.

Obviously, the cat in Mr. Fu's mouth is not a real cat, but a human being.

As for who that person is, it is self-evident. Besides Miss Rong, who else can be.

That is to say, Mr. Fu and Miss Rong may have experienced that in the morning, and Mr. Fu was still very satisfied, and when he came to open the door, he had a smile on his face.

In this way, Mr. Fu's smile was not aimed at him at first, but because he had just finished warming up with Miss Rong and had not had time to put the smile on his face, he only saw Mr. Fu smiling.

And embarrassingly, he thought that Mr. Fu's smile was for him, and that he was very happy to see him here.

He just said, how is this possible!

Fortunately, fortunately, he didn't show a very moved look at that time, otherwise he would be embarrassed.

Assistant Zhang thought with a face ashamed.

Then, he heard Fu Jingting ask in a cold voice, "What are you doing here?"

Assistant Zhang looked up and saw that the smile on Fu Jingting's face had been taken away, replaced by a look of coldness and impatience.

It was exactly the same as when he usually came to his door to find him.

Sure enough, this is the treatment that his subordinate should enjoy.

Everything just now was because he thought too much.

Assistant Zhang smiled inwardly, but pushed his glasses on his face respectfully, and replied solemnly, "Mr. Fu, you forgot, you told me yesterday that I would drive the car over this morning and bring breakfast by the way. ."

After that, he handed the bag in his hand to Fu Jingting.

Fu Jingting raised his eyebrows, obviously only when he remembered that there was such a thing.

Reaching out to take the breakfast, Fu Jingting was about to drive people away.

Footsteps came from behind.

It was Rong Shu who came out of the room after changing clothes, came to stand behind Fu Jingting, looked at Assistant Zhang outside the door, and smiled at him, "Morning, Assistant Zhang."

"Miss Rong." Assistant Zhang smiled back.

Rong Shu took Fu Jingting's arm and asked, "Has Assistant Zhang had breakfast? If you haven't, let's come in and have some."

As soon as these words came out, Fu Jingting's eyes narrowed and he looked dangerously at Assistant Zhang outside the door.

You dare to say that if you don't eat it, I want you to look good.

What Fu Jingting did was secret, except for Assistant Zhang, who was only a little shorter than Fu Jingting, and was not seen by Rong Shu.

So Rong Shu didn't know that her words caused a lot of hatred to Assistant Zhang.

But Assistant Zhang knew that, the smile on his face became extremely reluctant, and even sweat leaked from his forehead, and he smiled bitterly in his heart.

Miss Rong, Miss Rong, do you know that you hurt me badly?

Although Assistant Zhang knew that Rong Shu's question had no other meaning, it was just out of politeness, and it was not clear how Fu Jingting would feel unhappy.

But he is under a lot of pressure right now.

President Fu looked at him as if he were killing his father's enemy.

As for what?

Isn't it because Miss Rong invited him to dinner?

It was as if he had robbed Miss Rong.

Assistant Zhang glanced at Fu Jingting from the corner of his eyes, looked at Fu Jingting's increasingly dark face, and then looked at Rong Shu's smiling face, sighed inwardly, and then reluctantly maintained a smile and replied, "No need, Miss Rong, I will eat it. Come over for breakfast, you and President Fu can eat it, don't worry about me."

He replied like this, President Fu should not look at him like a cross-eyed anymore, right?

Thinking about it, Assistant Zhang secretly looked at Fu Jingting again out of the corner of his eye.

Sure enough, I saw that Fu Jingting's complexion had improved a lot, and it was not as dark as before.

Suddenly, Assistant Zhang breathed a sigh of relief.

Rong Shu still didn't notice you coming and going between the two men. She was not surprised when she heard Assistant Zhang's rejection.

If Assistant Zhang didn't refuse, she would be really surprised.

"Since Assistant Zhang, you have eaten, then I won't force it any more." Rong Shu said while brushing the hair by her ear.

Assistant Zhang breathed a sigh of relief, "But I still want to thank Miss Rong for your invitation. Okay, Miss Rong, I won't disturb you and Mr. Fu for dinner. I'll wait for you in the parking lot."

"Walk slowly." Rong Shu smiled nodding.

Assistant Zhang glanced at Fu Jingting again. This time, seeing that Fu Jingting's face was completely healed, he was completely relieved and turned to leave.

After Assistant Zhang left, Rong Shu closed the door, took the man's arm back to the living room, and said as she walked, "I just don't know if it's my illusion, I feel like Assistant Zhang is afraid of something, do you feel it?"

She He looked up at the man's handsome face.

The man's eyes flashed, of course it was impossible to admit that Zhang Cheng was afraid of him just now, he coughed lightly against his lips, and replied calmly, "No, I didn't feel anything."

Rong Shu didn't think much, clicked Nodding, "It seems that I feel wrong, forget it, let's eat breakfast first, I'm a little hungry."

Fu Jingting snorted, put the breakfast bag on the dining table, and opened the chair for her.

After she sat down, she opened the bag and laid out the breakfasts one by one .

After breakfast, it was past eight o'clock.

Fu Jingting took Rong Shu's hand out of the apartment, got into the elevator, and came to the parking lot.

But just behind the parking lot, Fu Jingting suddenly stopped.

Rong Shu looked back at him, "What's the matter? Why don't you leave?"

Fu Jingting released her hand and rubbed his temples, "The USB flash drive that copied the data last night was in the study and forgot to take it, you go to the car and wait for me first. , I'll get the USB flash drive."

"Okay, then you can go." Rong Shu nodded slightly and agreed.

Fu Jingting turned around and re-entered the elevator in the parking lot and went upstairs.

Rong Shu looked left and right, and after seeing Fu Jingting's car, she raised her feet and walked towards it.

As soon as he approached, the car door opened. Assistant Zhang got out of the driver's seat and opened the back seat door for Rong Shu, "Miss Rong, please get in the car."

"Thank you." Rong Shu smiled at him and bent over car.

Assistant Zhang closed the rear door and returned to the driver's seat.

As soon as I sat down, I heard Rong Shu's voice from the back seat, "Assistant Zhang, I want to ask you something."

Assistant Zhang turned around and said, "Miss Rong wants to ask something, but it doesn't matter what I can tell you. Tell you."

Rong Shu smiled and said, "That's ok, then I won't give a shit, I want to know what you said to Jing Ting last night, why Jing Ting's whole person became a little wrong after he came back, I asked him, he also Refused to tell me, did something happen to Mrs Fu?"

"This" Assistant Zhang hesitated.

He never thought that the question Rong Shu asked was actually this.

This left him not knowing how to answer.

Looking at Assistant Zhang's appearance, Rong Shu pursed her red lips tightly, "What? Is it difficult to answer?"

"No" Assistant Zhang scratched his head.

Rong Shu continued to stare at him, "Then why don't you answer, is it about Fu's secret? If so, you can pretend that I didn't ask, it doesn't matter."

So It Was

She retreats to advance.

If Assistant Zhang eats this set, of course it is a good thing.

If she doesn't eat it, then she really treats it as a secret of the Fu Group and doesn't care anymore.

So now, it's up to Assistant Zhang to choose.

Rong Shu stopped talking, just quietly looked at Assistant Zhang in the rearview mirror.

Probably because she has been with Fu Jingting for a long time, Rong Shu's aura has learned a little from Fu Jingting.

So much so that Assistant Zhang's scalp is numb when faced with such a Rong Shu now, and the pressure is quite great.

As expected of a couple, they look exactly the same when it comes to stressing people.

Assistant Zhang scratched his head, sighed in his heart, and finally defeated the stalemate with Rong Shu, looked up through the rearview mirror and looked at the woman in the back seat, "Miss Rong, President Fu was really emotional last night. Is it wrong?"

"Otherwise, why would I ask you specifically after he left?" Rong Shu replied lightly.

Assistant Zhang wiped his face, "Okay, then I won't hide it anymore."

Rong Shu's eyes flashed with joy, which was fleeting.

It seemed that she still won.

Rong Shu's hand on the bag lightly patted, and she still asked calmly, "Well, tell me, what's going on? I think it's not something happened to the Fu Group, if so. , you won't compromise so quickly and are willing to tell me."

Assistant Zhang smiled bitterly, "Miss Rong, what you said is that what I told President Fu last night was indeed not what happened to the group, but Su Cheng."

"Oh?" Rong Shu narrowed her eyes, "Sucheng is still in Haishi and hasn't returned to the capital, right?"

"Yes." Assistant Zhang nodded, "Miss Rong, you don't know something, when President Fu helped you get the parts back that day. , I went to see Su Cheng in person."

"What?" Rong Shu immediately sat up straight, "Meet Su Cheng in person?"

"Not bad." Assistant Zhang simply unfastened his seat belt and turned around, which made it easier to talk to Rong Shu, "Mr. Fu talked a lot with Su Cheng that day, except for the parts, of course, we went to the last meeting. The matter of the old generation will naturally not be left behind. President Fu is sure that Su Cheng is indeed the murderer who killed the master."

Rong Shu's eyes widened suddenly, "Are you sure?"

"Yes." Assistant Zhang nodded with a serious expression. "Actually, Mr. Fu has been suspicious of Su Cheng all these years, but there is no evidence. In addition, Su Cheng does not come to Haishi. Even if Mr. Fu went to the capital, he never saw Su Cheng walk out of Su's house. It was difficult for President Fu to determine whether the murderer was him or not. Until this time, Su Cheng probably knew that some things could not be hidden for a lifetime, so under the agitation of President Fu, he asked the answer, the murderer was him, and this person was still very I am confident that even if Mr. Fu knows that the murderer is him, he can't take him."

“Why is that? Could it be that Su Cheng has something to rely on? That’s why Jing Ting knows that the murderer is him, but he can’t take him?” Rong Shu’s beautiful eyebrows frowned.

Assistant Zhang shook his head, “I don’t know the specifics, but it’s probably the case. President Fu has already ordered him to go down and investigate secretly. As long as he knows the backing behind Su Cheng, then naturally, there is nothing to be afraid of.”

Rong Shu slowly Nodding slowly, “That’s right, but last night, shouldn’t you be talking about this? After all, it’s been two days since the incident, so there’s no need to be in a mess now.”

“That’s right.” Assistant Zhang pushed his glasses, “What I told President Fu last night was indeed not the case, but it was also related to the incident that day. That day, President Fu took back the parts and determined that the enemy who killed his father was Su Cheng, so he packed up Su Cheng and prepared to leave and come back to find him. You, but before leaving, Su Cheng said something to President Fu.”

Having said that, he looked at Rong Shu.

Rong Shu pursed her lips, “What? It’s about me.”

“It’s somewhat related.” Assistant Zhang sighed, “It’s just related to Su Man. The purpose of Su Cheng’s coming to Haishi is to rescue Su Man. If Su Cheng didn’t achieve his purpose here, he naturally had to find another way. Once, Su Cheng drew attention to Mr. Fu and threatened Mr. Fu to let Su Man go. If he doesn’t let go, don’t blame him for disposing of his wife’s belongings without authorization.”

“Jing Ting’s mother’s belongings?” Rong Shu was slightly surprised.

Assistant Zhang lifted his chin, “Yes, Miss Rong, as you know, Mr. Fu’s mother used to be a couple with Su Cheng, so there will inevitably be some of his wife’s relics left in Su Cheng, so this is given to him. The chance to threaten President Fu.”

Rong Shu’s face turned red with anger, “This old guy actually uses dead things to threaten people, there is no lower limit.”

Assistant Zhang sneered, “To people like Su Cheng Said, as long as the goal can be achieved, it is not a big deal to use someone’s things to make threats, even if that person is someone he once loved.”

Rong Shu turned her head slightly and looked out of the car window, in the direction of the elevator, with sad eyes, “Jing Ting said. At that time, he must have been very sad, right?”

"That's not true." Assistant Zhang shook his head, "but there is anger, I don't know why, I found that when President Fu mentioned his wife now, his feelings are not as deep as before. So when Su Cheng used his wife's relics to threaten President Fu that day, in addition to being angry, I didn't see that President Fu had too many feelings for his wife, and I don't know if I was wrong."

"Maybe you didn't read it. Wrong." Rong Shu smiled.

Assistant Zhang opened his eyes slightly, "Miss Rong, do you know something?"

Rong Shu rubbed her temples, "I also found out a few days ago that when Jing Ting was young, Jing Ting's mother deliberately put Jing Ting's The character is cultivated in Su Cheng's character. Jing Ting has always been ignorant of this matter. After knowing that I found out a few days ago, I told him, and he confirmed it from his grandmother, so"

She didn't continue to say what she said later.

But Assistant Zhang already understood, and he took a deep breath, "So that's the case, there is such a thing, I don't even know."

"Jing Ting didn't tell you. With his current personality, he doesn't like to talk about these things." Rong Shu explained.

Assistant Zhang nodded, "I understand, it's no wonder that when Su Cheng mentioned his wife, Mr. Fu was angry with his wife's emotional fluctuations, so he didn't have any feelings. It turned out to be this reason, but no matter what, Mrs. Fu was always Mrs. Fu's mother. When Mr. Fu was a child, he also loved Mr. Fu, so he was angry that Su Cheng used his wife's relics to make a fuss, and he was also angry that his mother saw such a man when she was young, and it was not worth it for her mother."

Rong Shu took the hand . Put it down, "What you said is, so Jing Ting agrees? Agree to let Su Man go?"

Assistant Zhang waved his hands again and again, "Of course not, Mr. Fu is not the kind of person who can easily be threatened and succeeded. It's up to you, Miss Guan Rong, even if President Fu wants to agree, he must discuss it with you, instead of making up your own mind and agreeing unilaterally."

"So Jing Ting refused?" Rong Shu touched her chin.

Assistant Zhang waved his hand again, "That's not true, President Fu didn't take Su Cheng's threat to heart at all, so he left immediately, but I didn't expect that I received a call from Su Cheng's assistant last night and mentioned it again. When it comes to this matter, if Mr. Fu refuses to agree, he will auction off Mr. Fu's relics, and he also mentions the things that the mother of the chairman of the Fu Group used when she

was alive. There will definitely be many people who like it. This is obvious. It's just humiliating the Fu family and President Fu."

"No wonder Jing Ting was so emotional last night." Rong Shu bit her lips, her eyes overflowing with distress.

Good morning parting kiss

Assistant Zhang naturally saw the distress in Rong Shu's eyes for Fu Jingting, and was happy for President Fu in his heart.

Miss Rong loves Mr. Fu, which means that Miss Rong loves Mr. Fu more and more.

Otherwise, what about President Fu, Miss Rong wouldn't care so much.

"Yeah, after I told Mr. Fu about this, Mr. Fu's reaction at that time, I feel scared when I think about it now. If I didn't know that Mr. Fu was still rational, I would have thought that Mr. Fu was going to kill Su directly. The city is over." Assistant Zhang wiped his hair and said with a sigh.

Rong Shu squeezed the palm of her hand, "Su Cheng dared to threaten Jing Ting so much, it must be because of his backing, but I don't know what his backing is."

"No matter what it is, I believe that in the end no one can keep Su Cheng. ." Assistant Zhang narrowed his eyes.

Rong Shu smiled, "That's right, no matter who is behind Su Cheng, the evil will never hold back the righteous, but this time he threatens Jing Ting so much, it can't be ignored, did Jing Ting say what to do? What are the relics?"

Assistant Zhang shook his head blankly, "President Fu didn't say anything, but I know that he must be holding things back, and he definitely won't just forget about it. As for what the relics are, I don't care about that. Clearly, Su Cheng didn't disclose it, but I think that since Su Cheng can use it as a threat and bluntly said that other people are interested, then I think it must be something like Mrs. On the contrary, it may not be able to threaten President Fu, after all, the Fu family is not short of money, if the wife's valuable things are lost, they will also be lost, and President Fu is not distressed, but personal belongings are different, and they are most likely to be used for articles."

Rong Shu nodded thoughtfully, "You're right, then if it's a personal item, this kind of thing must be taken back, otherwise it will be used as an essay, and the faces of the Fu family and Jing Ting will definitely be affected. "

No, but I just don't know what Fu always thinks." Assistant Zhang scratched his head, "I don't dare to ask."

"I know, don't worry, leave this to me." Rong Shu Looking at Assistant Zhang, he smiled.

Assistant Zhang was overjoyed, "That's great, Miss Rong, I'll leave this to you."

"Yeah." Rong Shu nodded.

As soon as he finished speaking, a figure appeared in front of the car.

It was Fu Jingting who came back.

Seeing this, Rong Shu's eyes flashed, and she quickly said to Assistant Zhang, "Okay, let's not talk about it, Jing Ting is back."

Assistant Zhang hurriedly turned his head back, and sure enough, he saw Fu Jingting walking towards this side, and then asked Rong Shu smiled gratefully, and opened the door to greet him.

Soon, Fu Jingting got into the car.

Rong Shu saw the USB flash drive in his hand and asked with a smile, "Have you got it?"

Fu Jingting was noncommittal, "I got it."

"Then let's go." Rong Shu looked at her watch.

Fu Jingting hummed, "Let's go, drive." The

last two words were Fu Jingting's instructions to Assistant Zhang.

Assistant Zhang responded and started the car.

An hour later, Tiansheng Group arrived.

Rong Shu kissed Fu Jingting on the face, bid farewell to him, got out of the car, and walked towards Tiancheng Building.

Fu Jingting was sitting in the back seat at the moment, touching the kissed handsome face with one hand, and the whole person was obviously stunned.

As for the reason.

That's because in the past, Rong Shu never took the initiative to give him a farewell kiss when they were apart.

So much so that when she didn't receive his signal, she took the initiative to give him a parting kiss, and he didn't respond.

This scene was naturally seen by Assistant Zhang. Seeing Fu Jingting's stunned appearance, Assistant Zhang understood why, and snickered, "Mr. Fu, congratulations, you got a sweet kiss early in the morning. Pieces ."

Hearing this, Fu Jingting put his hands down, his chest slightly stiffened, and his handsome face unabashedly sneered and delighted, "It's alright, isn't it just a kiss, what's there to congratulate."

Assistant Zhang immediately rolled his eyes.

Yes, yes, isn't it just a kiss?

Nothing to congratulate yet.

Don't laugh if you have the ability, the corners of your mouth sink, and the pride on your face is put away.

Isn't it funny to say this now?

Of course, Assistant Zhang thought so in his heart, but he didn't dare to say it.

In order not to say something in a while, but also to be eaten by dog food.

Outside the car, Rong Shu, who had just walked a few steps away, suddenly thought of something, stopped, turned around and walked towards the car again.

In the car, Fu Jingting saw that Rong Shu was back, and immediately stopped Assistant Zhang who was about to drive.

Assistant Zhang received Fu Jingting's instructions, stopped the car again, and followed to look out the car window.

Rong Shu came to the car, and just as he was about to raise his hand to knock on the car window, the man rolled down the car window first.

The man's handsome face was exposed in the air, he turned his head slightly and gave her a gentle smile, "Did you forget something?"

It was probably the kiss just now, which really surprised the man too much.

So much so that the tone of speech here is full of joy and joy.

Rong Shu coughed, "I didn't forget, I just wanted to tell you something."

"Tell me." Fu Jingting raised his chin.

Rong Shu glanced at Assistant Zhang out of the corner of the eye, and Assistant Zhang was obviously a little nervous.

Soon, Rong Shu looked back, smiled and said, "It's getting late, I'm in a hurry for a meeting, so I want to tell you, we'll talk about it later in the evening." As

soon as these words came out, Assistant Zhang was obviously relieved.

Of course he knew what Rong Shu was going to say, nothing more than what he told her in the car just now.

After all, didn't she say it, leave it to her.

Therefore, he was afraid that Miss Rong would talk about this to President Fu now. In that case, President Fu would definitely know that it was him who had a big mouth, and he would not be able to eat and walk around.

In the evening, after she and President Fu are together, she can tell President Fu whatever she wants. After all, he was not there at that time. Even if President Fu was annoyed at him, he could not immediately trouble him. Maybe Miss Rong would also It will stop President Fu from making trouble with him.

Fu Jingting didn't know what his assistant was thinking, now all his attention was on women.

Facing the woman's words, he raised his eyebrows, and there was obviously something in his eyes, "Is it something important?"

Rong Shu nodded without hesitation, "Yes."

"Okay, I'll pick you up in the afternoon." Fu Jingting agreed.

Rong Shu waved at him, "Goodbye."

Fu Jingting returned with a goodbye and closed the car window.

Rong Shu stood on the side of the road, waving her hand, watching the man's car go away, until she could no longer see it, then she turned around and entered the Tiancheng Building.

Of course, from their arrival to their separation, they were naturally seen by some Tiancheng employees, and they all envied their relationship.

Rong Shu also took the reactions of these employees into his eyes, shook his head with a chuckle, and walked into the elevator while answering the early questions of these employees.

As soon as I entered the office, there was a knock on the door of the office.

Rong Shu thought it was Secretary Tong, so she didn't look up. She put her bag on herself, took off her jacket, and hung up her jacket while responding, "Come in." The

crisp sound of high-heeled shoes made Rong Shu hang up her jacket for a while. Then he raised his head and looked at the person who came.

Seeing that the person who came was not Secretary Tong, but another secretary, he couldn't help asking, "Didn't Tong Xi come?"

"Chairman, don't you know that Secretary Tong has asked for leave." The secretary stopped at Rong Shu's desk and replied respectfully, "Secretary Tong asked for leave yesterday afternoon, so I will take care of Tong for the next period of time. Secretary's post until Secretary Tong comes back."

Rong Shu patted his forehead angrily, "Yes, yes, there is such a thing, sorry, I forgot."

Father Liu Comes to the Door

Last night, when she and Fu Jingting were on their way back to Repulse Bay, she received a leave text message from Secretary Tong, saying that she was going to the hospital for surgery and would have to rest for half a month. She agreed at that time.

As a result, it is now forgotten all at once.

It's also embarrassing.

“Chairman, this is your itinerary for today. Please see if there is anything you need to push back or change the time.” The secretary handed the folder holding on his chest to Rong Shu with both hands.

Rong Shu took it and opened it and looked at it, then pointed out two of the itineraries, “It’s unnecessary to push these two away, so it’s not a waste of time.” The secretary leaned over and looked at it, “Okay.”

“The rest, just arrange as usual.” Rong Shu closed the folder and handed it back to the secretary.

The secretary held the folder back to his chest, “One more thing, the large machinery and equipment you ordered from Kimchi Country a few months ago have already been delivered to the customs.”

“Has it been delivered to the customs?” Rong Shu His eyes lit up with surprise.

The secretary nodded, “Yes, the customs declaration company is already expediting the import declaration for us. After the successful pass, we can arrange for someone to go to the customs to bring the machine back.”

“That’s really great . Okay.” Rong Shu smiled happily.

Can you be unhappy?

For a long time, Tiansheng’s goods have been produced in cooperation with other companies, just because Tiansheng sold the factory and all production lines six years ago and replaced them with working capital. It is no wonder that Tiansheng wants to survive.

But in the end, even if these were sold, Tiancheng’s difficulties were still not over. Dad died, and Tiansheng’s equity was also dispersed into other people’s hands.

In the past few years, Aqi Xiaochuan and his grandfather have only acquired it bit by bit, otherwise Tiancheng would still not belong to the Rong family.

Although Tiancheng has returned to her, it does not mean that everything in Tiancheng’s past has also returned to her, just like Tiancheng’s factory and major production lines did not exist in the past.

After all, these were all sold in the same year, unlike shares that can be slowly recovered in the stock market and can only be re-purchased from the person who bought them.

And since others have bought it, how can it be easily sold again, not to mention that when others bought it because their own factory and production line were not enough, and now they sell it, they still have to buy the factory and production line from others, why bother So frustrating?

Therefore, it is almost impossible to buy back the factories and production lines that were sold in the past.

There is no other way, so Tiansheng can only find companies like Zhongsi Yutu, which specialize in cooperating with people to produce goods. After all, Tiansheng does not have its own production plant and production line.

But cooperating with people all the time is not a long-term solution. After all, the initiative is in the hands of others, and there may be a loss one day.

Sure enough, the last time Zhongsi's boss violated the contract and gave her parts to Su Cheng and asked Su Cheng to take it away, she realized that cooperating with others is always a time bomb and bomb, and she must have her own Factory and production lines.

Fortunately, this awareness was not created by these geniuses, but a long time ago, and it was put into action when it was created, so the factory was built early, and I also went to the Kimchi Country to customize the production machines.

It's just that the factory has been under construction and the machines are being assembled in Kimchi Country, and they have not been sent back to China, so they have to continue to cooperate with Zhongsi.

Who knows, after working together for so long, something happened in the end.

But now, the customized machine has arrived at the customs. As long as the machine comes back, they don't need to cooperate with any company to produce parts and goods, they can produce it themselves.

In this way, it will be sooner or later to return to the stock market.

The more she thought about it, the more happy she became, and Rong Shu's excited hands clasped together, "Let the logistics department keep an eye on the customs and customs brokerage companies, and try to get the machine back as soon as possible, so as not to make any mistakes."

"Don't worry, Chairman, this is Tong. When the secretary handed over the work to me yesterday, he already told me." The secretary answered with a smile.

Rong Shu also laughed, "I'm not feeling well, I have something to ask for leave, and I can't let go of these tasks. It's really hard for her."

“Secretary Tong is really conscientious.” The secretary nodded.

Rong Shu looked at her, “Is the decoration done on the factory?” The

secretary replied, holding the folder, “It has been decorated, but whether there is any modification or not, we will know when the machine comes back for installation. After all, the decoration workers only looked at the drawings of the machine at first, and then opened the various electric boxes and vents on the wall of the factory. After all, they did not see the real objects. Therefore, the size and shape of the electric boxes and vents will definitely be in the end. There is some discrepancy with the machine.”

“I understand that. I will go to the factory tomorrow to take a look and see the results of their renovation. As for whether to modify it or not, I will wait until the machine arrives.” Rong Shu pulled out the chair and sat down.

The secretary nodded, “Okay.”

“You go out first, and notify the senior shareholders of the major shareholders to go to the conference room for a meeting.” Rong Shu waved her hands and instructed.

The secretary nodded and turned to go out.

Rong Shu sat in the office for a while, then packed up some things that would be used for the meeting for a while, got up and left the office and went to the meeting.

A meeting lasted nearly three hours.

By the time it was over, it was already more than twelve o'clock, a little sooner.

Rong Shu's stomach was already growling with hunger.

She frowned slightly, rubbed her stomach and walked to her office.

As soon as I got back to the office, before I could sit down and let the secretary come in to buy food for me, the landline phone on the desk suddenly rang.

No way, Rong Shu could only take out her mobile phone and send a message to the secretary, asking him to buy some lunch for him, then put down the mobile phone, pick up the landline microphone put it in her ear, “Hello?”

” Hello, Chairman, I am the front desk.” The front desk's respectful and polite voice came from the phone.

Rong Shu raised his eyebrows.

Did the front desk call her here?

It seemed that someone wanted to see her, or there was something important that she needed to sign for herself.

Otherwise, under normal circumstances, the front desk will contact her secretary and assistant first, rather than contact her directly over the secretary and assistant.

Thinking, Rong Shu endured the feeling of hunger, sat up a little, and her tone became serious, "What's the matter?"

"It's such a chairman, I have two guests here, and they say it's Liu's network. The president of the company and his assistant, they said they need to meet you." The front desk glanced at Father Liu and his assistant who were standing opposite, and replied to the phone.

Rong Shu narrowed her eyes, "President of Liu's Network."

"Yes."

Rong Shu pursed her red lips.

Unexpectedly, the Liu family actually came, and the current president of the Liu family came.

It is probably because of Liu Linlin.

"Chairman, do you need to see me?" the front desk asked again on the phone.

Rong Shu didn't answer immediately, but held the microphone with one hand and tapped lightly on the desk with the other, as if thinking.

On the other end of the phone, the front desk naturally heard the sound of Rong Shu knocking on the table, and didn't dare to disturb him easily, so he could only hold the landline microphone with both hands, and smiled apologetically at Father Liu opposite.

Instruct the other party to wait a moment.

But Father Liu was very impatient, and his face was black and ugly.

He only thinks that he is a senior, not only a senior in the shopping mall, but also from Rong Hao's generation in terms of seniority.

Even if Rong Hao's generation is concerned, as far as Fu Jingting is concerned, he is also an elder brother, Rong Shu should respect him, treat him with courtesy, and when he hears him coming, he should immediately invite him up instead of taking it here. Joe, the delay in responding.

All kinds of disgust for Tiancheng

At this moment, Father Liu, who had always hated Rong Shu, felt even more hated at this moment.

He felt that Rong Shu did it on purpose.

It's just that Rong Shu has the courage to rely on Fu Jingting's support.

This kind of woman is so shy about the little things, even their Linlin can't compare to a single hair, how can she be worthy of Jingting?

Just as Father Liu was not ready to wait, he forced his way upstairs when the front desk suddenly said something to the phone, then put down the landline handset and looked at Father Liu, "Mr. Liu, I'm sorry for making you wait so long, Our chairman has promised to see you, now please come up with me."

After speaking, she made a gesture of invitation.

When Father Liu heard this, his face slightly improved, but his temper did not restrain, he waved his hand and snorted coldly and said, "I think she is wise."

Hearing this, the front desk frowned at first, and then when Father Liu couldn't see it. place, secretly rolled his eyes.

Damn, this person really has no brains, come to someone else's territory, and still be so arrogant?

The girls in the family are uneducated, so it's okay to rush to be a junior.

Even my father is such an incompetent person.

Truly a family.

The receptionist didn't think she was disgusted with Father Liu, but she was only a small person who spoke softly, so even if she was disgusted in her heart, she didn't dare to show it on the face. She could only pretend that she didn't hear anything and lead Father Liu and his assistant to the elevator. direction go.

However, the front desk was silently expecting that Rong Shu could teach this person a lesson for a while.

Father Liu followed the front desk while looking at Tiancheng's environment without restraint.

Looking at the old-fashioned Tiansheng interior, Liu's father's face was undisguised with contempt and contempt.

Even, in order to belittle Tian Cheng, he deliberately wiped a hand on the elevator wall.

It was obvious that there was no dust on the walls of the elevator, but he pretended that there was dust, put his hand in front of his mouth and blew it in disgust, and clapped his hands again, as if he wanted to pat the dust off his hands.

While filming, he said sarcastically, "You Tiancheng's decoration was decades ago, right?"

Of course, the front desk saw everything Liu's father had done, and was even more disgusted in his heart.

She is not stupid. As the front desk, she has contact with countless outsiders every day, and she has developed a good eye for seeing many people.

So she could naturally see that this father Liu's behavior was uneasy and well-meaning, and he was trying to belittle their Tianzhu in a different way.

She is an employee of Tiansheng. Although Tiansheng is down, the treatment and benefits that should be given to the employees have never been less. In addition, the relationship between the chairman and President Fu, so they never worry about Tiansheng's future and themselves. future.

Therefore, they have a strong sense of belonging to Tiancheng, and naturally they cannot tolerate others belittling Tiancheng so much.

But even if she felt uncomfortable, the front desk didn't really mean to have an attack. After all, she was just a small front desk, and she couldn't do anything except frown and cool down a bit.

However, I have already decided in my heart that I will see the chairman in a while and report to the chairman.

She can't do anything to this nasty person, and the chairman can't do it?

The chairman can't do it, isn't there President Fu?

Thinking about it, the front desk didn't look at Mr. Liu, but just stared at the elevator door. Although he still kept a smile on his face, he replied coldly, "The Tiancheng Building was built more than 20 years ago, so the decoration is natural. It was also the decoration style at that time, although it was incomparable with now, but at that time, it was also the most fashionable decoration."

"No wonder." A sneer appeared on Father Liu's face, "Although it was the most fashionable decoration at the time, it has been more than 20 years old, so it should be changed. After all, decoration is also the facade of a company. It is one of the most important factors that can make the outside world feel whether a company has made progress, otherwise it will keep the past decorations, it will only let the outside world know that this company has been standing still, and there is nothing to look forward to." The

implication is that God Sheng is a product abandoned by the times, and there is no possibility of any progress.

The front desk pinched the palm of his hand secretly, and answered without a smile, "Mr. Liu, you can't say the same thing, we Tiancheng have never changed the decoration, but it's just because of saving and nostalgic, not because we can't change it, you know we Tiansheng and Fu Group are related, so changing the decoration is only a matter of time. Besides, even if we don't change the decoration, others will not look down on us because of the decoration problem because of the decoration. Therefore, it is not so important whether the decoration is changed or not. After all, who made us Tiancheng have a Fu Group behind us, and behind our chairman, there is President Fu."

"" Father Liu couldn't hear the front desk While playing on a crutch, he said that his Liu family had offended Fu Jingting this time and pushed Fu Jingting further, and there might be no Fu Jingting to support him in the future.

For a while, Father Liu's face turned green with anger, but he couldn't really do anything to a small receptionist.

In case it spreads out, others will laugh at him as the president of a dignified company, but he can't get along with a front desk, isn't he lowering his worth?

But the front desk just satirized his remarks, but it made him feel particularly uncomfortable.

Feeling uncomfortable and unable to attack, what can I do?

Only suffocated.

So there was silence in the elevator.

Father Liu couldn't do anything except stare at the front desk with cold eyes. Not only did he not demote Tianzhu into the mud, but he was so angry that he couldn't vent, and he was asking for his own guilt.

Soon, the elevator finally arrived and opened with a ding.

The front desk also breathed a sigh of relief, and then stepped out of the elevator first, pretending that nothing had happened before, and made a gesture of invitation to Liu and his father, "President Liu, please, the chairman's office is here. It's not far away."

Father Liu glanced at the front desk coldly, snorted coldly, tidied up the collar of his suit, and walked out of the elevator.

The assistant behind him naturally followed closely behind.

"This is it." The front desk brought Father Liu to the chairman's office. After saying a word, he raised his hand and knocked on the door.

Rong Shu's voice soon came from the door, "Come in." The front desk opened the door, "Chairman, I brought Mr. Liu here."

Rong Shu put down the pen in his hand and looked up, saw the front desk, and nodded slightly, "Let them come in, you can make tea."

"Okay." The front desk responded, and led Father Liu and his assistant into the office, then turned around and went out to make tea again.

Rong Shu got up and walked towards Father Liu, "Mr. Liu, welcome to Tiancheng, please take a seat."

She pointed to the sofa not far away and motioned Father Liu to take a seat.

Father Liu glanced at the old-fashioned solid wood sofa, a trace of disgust flashed in his eyes, and did not respond to Rong Shu's words, he walked over and sat down, with Erlang's legs crossed, like an uncle.

Seeing this, Rong Shu narrowed her eyes and her face became cold. Just as she was about to say something, a head came in outside the office door. It was the front desk where she was going to make tea.

"Chairman, I can't find any tea, can you come here?" The front desk summoned courage and waved to Rong Shu.

Rong Shu raised an eyebrow.

Can't find tea?

how can that be.

The tea leaves used to entertain guests are specially placed in the cabinets of the pantry, and you can see them as soon as you look up.

So if the front desk is concerned, it's obviously not that I can't find it, but that I have something to tell her alone.

Thinking, Rong Shu nodded slightly, "Okay, I'll be right here, you go to the tea room to wait for me first."

Seeing that Rong Shu agreed to her words, the front desk was relieved and quickly disappeared at the door again.

Brainless Father Liu

Rong Shu saw the front desk leaving, so she turned her head back and said to Father Liu, who was sitting on the sofa like an uncle, "Mr. Liu, my employees need my help, so I'll go over first, you sit first. Wait a moment, I'll be back when I go."

When she spoke, although she kept a polite smile on her face, the smile didn't reach the bottom of her eyes, and she seemed rather indifferent.

No way, she's not being enthusiastic about this person.

Not to mention that this person is Liu Linlin's father, she doesn't have the Liu family that she likes at all.

Just to say that this person's every move after coming to her is quite annoying.

She has never seen anyone else as a guest before, and she is so arrogant.

"Go ahead, but you'd better hurry up. I have other things to do next, and I don't have time to spend too long with you." Father Liu raised his arm and looked at his watch, commanding with an aloof look.

Obviously, he did not regard Rong Shu as a person who did the same as himself at all, but as a little person who came and lingered on the call.

Rong Shu narrowed her eyes, then lowered her eyelids to cover the indifference in her eyes, smiled lightly, and turned and left the office.

After she left, the assistant standing behind Liu's father looked at the direction she was leaving, and said to Liu's father a little uneasy, "Mr. Liu, isn't it good for you to treat Miss Rong like this?"

Liu, who was shaking Erlang's legs When my father heard this, he stopped immediately, then raised his head and stared at the assistant with dissatisfaction, "What do you mean? Help her speak?"

"No, no, no, no." The assistant quickly shook his head and waved his hand to explain, "President Liu, I'm not talking for Miss Rong, I'm thinking about ourselves, we came to the door this time mainly to apologize and get Miss Rong's forgiveness, but your attitude just now didn't seem to come to apologize, but to come here Find fault." The

assistant said more and more quietly, and finally didn't dare to look at Liu's father.

Father Liu's face became more and more ugly, "You think I'm here to find fault?"

"No." The assistant shook his head, "I'm not saying that you are here to find fault, but your attitude is really inappropriate. I think our attitude should be lowered a little bit, maybe the final goal will be achieved?"

Assistant Made a push-down action reminder.

Father Liu snorted in disapproval, "Why should I lower my attitude? What kind of thing is she, and what qualifications does she have?"

Father Liu pointed in the direction where Rong Shu left, raising his voice and shouting angrily, "How old is she? How old, in terms of status, I am her senior, she is her senior, if I can come to her to apologize in person, she should accept it calmly, and she should take the initiative to ignore this matter before I speak, That's what she thinks she's good at, and it makes me lower my attitude, she's also worthy!"

After listening to Father Liu's wild words, the assistant felt relieved, and the whole person was messed up.

No wonder the secretary department and the public relations department are preparing to resign, saying that this company is likely to have no future.

He didn't believe it at first, but now he has to.

With such a brainless boss, it's no wonder the company doesn't collapse.

It was obvious that his family had offended others, and now looking for someone to apologize, not only did he not lower his posture, but he was so arrogant.

This is because you are afraid that your company will not cross fast enough, right?

The assistant rolled his eyes and didn't bother to persuade him any more.

Good words are hard to persuade the dead person, anyway, it is not his company, who cares about him.

Thinking like this, the assistant lowered his head, stopped talking, and quietly acted as a transparent person.

Meanwhile, the pantry.

Rong Shu walked in and took the initiative to close the door.

The front desk was receiving boiling water. When he heard the sound, he put down the kettle in his hand and turned around. Seeing Rong Shu coming, he put his hand on the skirt and wiped it cautiously, "Chairman, you are here."

Seeing that she was so nervous, Rong Shu smiled tenderly, "Didn't you tell me to come here, so I'm here, don't be nervous, tell me something, I'm not a beast, I'll eat it Can't you do it?" The

front desk heard Rong Shu's gentle reassuring words, her cheeks reddened, and the tension in her heart did gradually relax.

"It's such a chairman, just now." The

front desk told Rong Shu everything that happened during the period from the arrival of Liu's father to the time they entered Rong Shu's office.

After listening to Rong Shu, she laughed angrily, "Come to my place, you dare to belittle like this, just when I have no temper!"

"That is, they are too much, chairman, you must not make them feel better." The front desk shook hands He clenched his fists and said indignantly.

Seeing that she was so angry, Rong Shu put away her anger and smiled and said, "Don't worry, I'm measured, but thank you for your maintenance of the company." The

front desk scratched his head shyly, "I'm also a member of Tiancheng, someone treats the sky like this. Sheng, of course I can't be silent."

"The bonus is doubled this month." Rong Shu looked at her with a smile.

The front desk was stunned for a moment, and then he was overjoyed and asked, "Chairman, is it true?"

"Of course, what I said from my mouth, can I lie to you?" Rong Shu smiled richly, "You will talk to the financial side later. Just say what I said, and the finance will confirm it with me."

"Thank you, chairman, thank you, chairman." The front desk hurriedly bowed to Rong Shu excitedly.

Rong Shu shook his head amusingly and helped him up, "Okay, brew the tea first."

"Oh, okay, I'll brew it now." The front desk picked up the kettle that was put down just now and poured water into the teacup.

After pouring, the front desk covers the tea cups, puts the two cups of tea in the tray, and takes them up.

Rong Shu took the lead and took it over, "Give it to me, I'll just send it in by myself. When you go down in a while, ask a few security guards to come up and have them stand guard at the door of my office. Let them come in and take those two people out."

Hearing this, the front desk's eyes lit up and nodded again and again, "Okay chairman, I will do the same."

Rong Shu hummed, took out the tray and poured out the tea time, go to your office.

The office is next door, and as soon as you leave the pantry, it is your own office.

Rong Shu heard faint voices coming from inside, and also heard her own name.

Rong Shu knew that Liu's father must be talking to his assistant about him. He pursed his red lips and kicked the door of the office deliberately to make a noise.

When the people in the office heard the voice, they knew that Rong Shu was back, and immediately stopped talking.

Don't look at how arrogant Father Liu was just now, but if he really said those words in front of Rong Shu, he couldn't say it at all.

Even the arrogance has dropped a lot, and the assistant behind him is full of contempt.

That's it?

Wo Li Heng is like this!

“Sorry, Mr. Liu has kept you waiting.” Rong Shu pretended not to realize that she heard them talking about her just now, walked over with a smile, and put the teacups in front of Father Liu and his assistant one by one.

Father Liu glanced at the tea and said nothing.

It was the assistant behind him who politely thanked Rong Shu.

Rong Shu raised her eyebrows in surprise, glanced at the assistant, and saw the sincere gratitude in the assistant’s eyes, she was really surprised.

She originally thought that if there is a master, there will be a subordinate.

For someone like Father Liu, the people around him are definitely not good people.

Unexpectedly, the assistant was quite sober.

It’s a pity that such an assistant follows someone like Father Liu.

Rong Shu thought regretfully, and quickly put these thoughts behind her. She sat down opposite Liu’s father and asked with an indifferent smile, “Mr. Liu, do you like this tea?”
