This Time, I Will Get My Divorce Chapter 1141

Such an apology is ridiculous

When Father Liu heard Rong Shu's words, he gave him a look as if giving alms, and looked at the teacup in front of him.

Looking at the tea in the cup, Father Liu frowned, "What kind of tea is this?"

Rong Shu also folded her legs and smiled gracefully, "Don't worry, Mr. Liu, what I am entertaining you is naturally not some precious tea. , it's just ordinary green tea."

Father Liu's face changed greatly, "You serve me with ordinary tea? This is your way of hospitality!"

Rong Shu took a sip of her tea and said indifferently, "No way, I, Tiancheng, are a small company, and I can't even replace the decoration from more than 20 years ago, so Mr. Liu, do you think I can bring out some good tea to entertain you? It would be nice to have ordinary tea. , you will have a drink, after all, I still treat you as a guest, otherwise I will give you white water directly."

She specifically emphasized the word "decoration twenty years ago".

Although Father Liu's ability in the shopping mall is average, he is not stupid after all. How could he not know that when Rong Shu went out just now, the front desk told her what he said in the elevator.

So at this moment, she took the opportunity to attack him, and deliberately only served him this kind of tea to neglect him.

Really pissed him off.

"Bai Shui?" Father Liu squinted dangerously at Rong Shu, "Aren't you Jing Ting's woman? I don't believe that you have been with Jing Ting for so long, and you didn't ask for some favors from him, or did you? Said that Jing Ting didn't like seeing you very much at all, so he didn't even want to give you good tea, so that you Tiancheng can only afford such cheap tea."

Facing Liu's father's counterattack, Rong Shu was neither angry nor angry. Annoyed, the smile is still bright, "Mr. Liu's words really look down on me too much, of course Jing Ting gave me a lot of things, and of course there are precious tea leaves, but I don't want to drink it for you, the precious tea I have here is only for entertaining. A guest with a good attitude that I can sincerely respect, not a person like Mr. Liu who has such an arrogant attitude when he comes to the door, so a person like you is only worthy of

drinking some ordinary tea. Seeing me is even more of a joke, if Jing Ting doesn't like seeing me, why would he distance himself from your Liu family because of what happened yesterday, do you think so?"

"You" Father Liu was so angry with Rong Shu's words that he was speechless.

Her remarks are undoubtedly to say again, his Liu family is not worthy of drinking good tea, only worthy of these garbage?

Not only that, but she was the one who showed him that Jing Ting had chosen now, not their Liu family.

It was just that

for

a while, Father Liu's chest heaved violently, and he couldn't find the right words to accuse Rong Shu.

Seeing him so angry, Rong Shu frowned. She was quite afraid that something would happen to him, so she quickly restrained herself, put down the teacup and asked in a cold voice, "Okay, Mr. Liu, those words just now are just some of my jokes. Please forgive me, you also know that we young people like to joke the most, you shouldn't be able to make jokes, right?"

She looked at him with a smile.

Father Liu was furious.

What can he say?

What can I say?

Of course you can't afford it?

Isn't that just admitting that you are petty!

But if you say that you can afford it, isn't your anger just for nothing?

Are you saying what she said just now, is it a joke?

It is clearly a provocation and a show!

Seeing that Father Liu was shaking all over, Rong Shu sighed in her heart.

It's a loss that this person is still the CEO of a company, so he can't hold his breath.

Not as good as her, a newcomer to the mall.

With a bit of contempt in Rong Shu's eyes, she said again, "Okay, Mr. Liu, let's not talk about other things, let's talk about business, if I remember correctly, I have nothing to do with your Liu family. "What's the matter with your coming this time?"

Father Liu, under the care of the assistant behind him, gradually returned to his normal heart rate and breathing rhythm.

But his face was still dark and dark, and it was very unsightly.

He looked at Rong Shu coldly, "Okay Rong Shu, let's not make trouble between us, I don't believe it, you don't know why I came to you this time."

Rong Shu smiled, "I'm sorry I really don't know, but please speak bluntly, Mr. Liu, I don't really like to guess." The

implication is that I don't admit that I know, I just want you to say it yourself.

Father Liu didn't expect Rong Shu to be so cunning and angry to death.

I came here to apologize.

But he didn't want to take the initiative to say that he was here to apologize.

Once you take the initiative to speak out, isn't that the loss of mastery, and the rhythm is taken away by the other party?

He originally thought about letting Rong Shu take the initiative to tell the purpose of his coming here, so that he could better say something later.

But now Rong Shu doesn't say anything about life or death. If he insists on letting him say it himself, his original plan will be in vain.

If it wasn't for his father's repeated explanations, he would have walked away with the truth.

Except for Fu Jingting, he has never suffered such humiliation at the hands of any young man.

Seeing that Father Liu's face changed and changed, sometimes grim and twisted, Rong Shu secretly shrugged, "Since Mr. Liu doesn't talk about it, let's end today's meeting, and wait until Mr. Liu decides to talk about it. You can come to me again, of course, I don't guarantee that I will have time to entertain you at that time."

After speaking, she stood up and shouted towards the office door, "See off!"

“Wait.” Father Liu didn’t expect that Rong Shu would drive people away when he said that he would drive them away without giving any buffer. The whole person stood up in a panic to stop Rong Shu, “Miss Rong doesn’t need to drive me away in such a hurry, I said the head office?”

Hearing this, Rong Shu’s eyes flashed brightly, and her red lips ticked, “Then Mr. Liu, just say it, please take a seat.”

She made a gesture of invitation.

President Liu looked sadly at Rong Shu and sat down, “I really didn’t expect that Miss Rong was still such a difficult character.”

Rong Shu tugged her hair, and sat back again, chuckling, “President Liu won the award. Now, there must be some small tricks to mix in the mall, right? Well, Mr. Liu, tell me, I have to go to lunch in a while, so I can only give you half an hour at most, please start.”

She Looking at his watch, he made another gesture of invitation.

That posture, clearly does not mean to let him start talking, but to let him start acting.

She took him for a clown!

Father Liu was trembling with anger, but he was helpless. In the end, he could only take a deep breath, suppressed the irritable emotions in his heart, and said slowly, “That’s Miss Rong, I’m here, first of all, I want to apologize to you, What happened yesterday was because my daughter Linlin didn’t do well, which brought you a lot of trouble. Here, I’m sorry to say that it’s because our Liu family didn’t teach you well. Please don’t do it well, Miss Rong. I have the same knowledge as her.”

Rong Shu looked at him sitting on the sofa and said to herself, the smile on her face gradually became sarcastic, “So Liu always came to apologize for her daughter.”

“That’s right.”

” However, with all due respect, it’s the first time I’ve seen Mr. Liu’s apology.” Rong Shu adjusted her sitting posture, not only did her smile sneer a lot, but her eyes became more indifferent.

Father Liu’s face froze, “Miss Rong, what do you mean by that?”

“It’s obvious, isn’t it?” Rong Shu spread her hands, “When others apologize, they all bring the parties to the door and send gifts with a good attitude. Bowing again and making amends, and Mr. Liu, how about you?”

Ridiculous remarks

Rong Shu stared at Father Liu with a cold gaze, "As for Mr. Liu, you said that you came to apologize, so if you didn't bring the person involved, you didn't even make an apology. You even came to me, and your arrogant attitude was so arrogant. Is this an apology? No? Those who knew, thought that Mr. Liu was here to collect protection fees."

That's it.

The assistant behind Father Liu nodded subconsciously.

When he went out with President Liu at the time, he realized that this would not work, and persuaded President Liu to bring gifts.

But Mr. Liu didn't listen, so there was nothing he could do.

So now that Mr. Liu was told by Miss Rong, he deserved it.

"Apologize?" Father Liu didn't like what Rong Shu said just now. He squinted at Rong Shu and said in a gloomy voice, "In your opinion, I came to apologize to you, just to collect protection fees?"

Rong Shu He sneered lightly, "Although you didn't come to collect the protection fee, your attitude is very similar to that of someone who collects the protection fee. With all due respect, Mr. Liu, I don't see how you seem to be here to apologize. Again, an apology should have the sincerity of apology, the reason why you came to apologize is because you know that Jing Ting has broken with your Liu family, right?"

Father Liu clenched his fists and didn't answer.

But that's what the expression meant.

Rong Shu folded her legs and leaned gracefully on the armrest of the sofa, "Yes, it's been so long, it's been almost forty-eight hours since yesterday, and none of your Liu family has contacted me at all, just follow me. The meaning of apology, until today, it was confirmed that Jing Ting wanted to break up with your Liu family before coming to apologize. It can be seen that your Liu family did not apologize sincerely, but because they were forced to do so, they had to apologize. Yes, and come here, your attitude is so arrogant, you don't even apologize, it shows that you are not only not sincerely apologizing, but also very unconvinced."

She said lightly, and her tone was also very flat, as if she was just saying that the weather is good today. simple.

But the irony in the words, like a needle stick, penetrated into Father Liu's heart, completely revealing the unknown thoughts in Father Liu's heart.

Father Liu's face was red and white, very funny and ugly.

The hand he put on the arm of the sofa was also gripping harder and harder, loosening and tightening, tightening and loosening several times.

If it weren't for his rationality at the moment, knowing that the goal had not been achieved, he really wanted to stand up and walk away, not to suffer this anger from this young man.

In his opinion, even if his thoughts are really these, he should not be spoken out like this.

Rong Shu should pretend not to know and accept his apology generously.

After all, he is an elder, a senior!

But this woman is unwilling to do this, which is really infuriating.

Seeing that Father Liu was trembling all over, he didn't know if he was angry or embarrassed.

Rong Shu's eyes flashed a hint of mockery, then she lightly opened her red lips and said, "Mr. Liu, I am a layman, and I like more realistic things. As for you, since you came to apologize, then I advise you, It's best to bring the client, apologize to me in person, and prepare an apology that will satisfy me. Finally, I bow with the client and apologize to me, and say sorry to me. Maybe this way, I may not care about you Liu. The fault of the family, and your Liu family's goddaughter is helpless, so you should take this apology back first, I will not accept it, and come to the door when you are ready."

After she finished speaking, she held up her teacup . , issued an expulsion order.

When Father Liu heard that Rong Shu wanted to apologize and bow again, Father Liu's eyes were red, "Rong Shu, you are really talking like a lion, you want to apologize and bow again, and let me take Lin with you. Lin apologized to you in person, your food appearance is too ugly."

Rong Shu frowned, "I call this ugly food appearance?"

She laughed angrily, "Mr. Liu, don't make a mistake, now it's your Liu family who came to beg me and apologize to me, not me, Rong Shu, who begged your Liu family to

apologize to your Liu family. Since it is an apology, then you should make an apology as it should be, instead of you coming alone, or empty-handed, with such an arrogant attitude, say sorry to me, and let me put down my anger and stop worrying about it, you are not an apology, you are I'm here to find fault, I'm intimidating. At least I've never seen anyone who apologized like your Liu family. If I'm wrong, I want to apologize to someone. , I will come to the door in person, send congratulations and keep making amends until others forgive me, and this is the real apology, but what about you, Mr. Liu?"

Rong Shu raised her chin slightly, her eyes full of contempt, "If there is nothing, come empty-handed, Just open your mouth and let me not care, your faces are really big! I really want to know, where did you get your confidence, you feel that you don't need to bring anything, you don't need to pay for anything, come to someone, say sorry, you can let me I forgive it, I don't care."

After hearing Rong Shu's accusation, Father Liu's eyes flickered with guilt.

Rong Shu put her legs down, stood up and took a step closer, "Mr. Liu, tell me what is the reason for you to have such confidence?"

She asked again.

Maybe it's because my self-esteem really can't stand it, or maybe it's because I want to give it up.

After Father Liu took a deep breath, he stared at Rong Shu with blushing eyes, "What else could be the reason? Just because I am your elder and the relationship between my Liu family and Fu family, Rong Shu should obediently forgive Linlin's behavior. , and then said good things for our Liu family at Jing Ting."

"What?" Rong Shu was stunned for a moment, then realized what she had heard, and laughed angrily again, "Elder? Relationship with the Fu family?"

" That's right." Father Liu raised his chin, not to mention how proud he was.

The smile on Rong Shu's face disappeared, and she became cold, "What kind of elder are you? What does the relationship between your Liu family and Fu family have to do with me? Why should I swallow this breath and forgive you because of this? speak for you?"

"Who said I'm not your elder? Don't forget, I and your father Rong Hao are from the same generation, so of course I'm your elder, you have to call me uncle, even if you don't call me uncle, You also have to call me a senior, in the shopping mall, I have more than 20 years before your debut." The

more Liu father said, the more proud his chest became, "Secondly, Jing Ting is my father's student, one day As a teacher and a father for life, then our Liu family is also a family of Jing Ting. If you want to be with Jing Ting all the time, naturally you have to please our Liu family. Otherwise, our Liu family will have a way to stumble you and let you follow Jing Ting. Court's feelings have changed."

Speaking of which, he looked at Rong Shu with excitement and madness.

Rong Shu smiled, and she laughed so happily that she was about to burst into tears while covering her stomach.

When Father Liu saw her smiling like this, his heart skipped a beat, and he had a bad premonition.

"What are you laughing at?" he asked through gritted teeth.

After laughing for a while, Rong Shu wiped the corners of her eyes and stopped, "So it is, so it is, I thought you, Mr. Liu, had any confidence to come here like this, so it is because of this, what you said is, in terms of seniority, you It is indeed my elder. In terms of business status, you are also my elder, but as long as I don't want to accept it, you are nothing with me, and we don't even have the slightest blood relationship, so you want to use your ridiculous elder status. Me, let me compromise, Mr. Liu, can you point your face?"

Rong Shu's remarks can be said to be rude at all, only the one Buddha who was angry with Liu's father was born and the two Buddhas ascended to heaven. But this is not the end, and then Rong Shu continued to say, "As for the relationship between the Liu family and the Fu family you just said, so I want to curry favor with you Liu family, so that I can be with Fu Jingting well, this is It makes me even more amusing. Even if we don't have any festivals now, isn't your daughter planning to harm me, trying to break up with Fu Jingting? As for the reason, I don't think I need to say more, your daughter I like Fu Jingting, so I want to beat me to the top." Father Liu turned to the side with an embarrassed look. Unexpectedly, Rong Shu knew this. Rong Shu snorted coldly, then continued, "Besides, even if I curry favor with you, forgive you without any limit like licking a dog, and say good things to Jing Ting for you, you really won't stop me from talking to you. Is Fu Jingting together? I don't think so. Your father, Mr. Liu, Fu Jingting's teacher, spoke ill of me to Fu Jingting before he knew what his granddaughter was doing on the Internet. Not worthy of Fu Jingting, let Fu Jingting break up with me, so it can be seen that no matter what I do, your Liu family does not want to see me and Fu Jingting together, just because I am with Fu Jingting, your Liu family's daughter will be

There is no way to take the position, so it can be inferred that what you just said, Mr. Liu, is so fake and ridiculous."At this moment, Father Liu only felt that all the figurines on his body had been ripped off by Rong Shu, and the whole person was embarrassed. He stood there stiffly, unable to say a word. Even the assistant behind him wanted to find a crack in the ground to get in. Really lost face. As if she could not see the embarrassment of Liu's father, Rong Shu put down the teacup and smiled, "Furthermore, even if Mr. Liu doesn't do anything, your Liu family has no idea that you must let your daughter take the top position, and I don't need to curry favor. You guys." "What do you mean?" Father Liu looked at her with split eyes. Rong Shu twitched her hair, "It's very simple, we are not relatives and not related, what do I do to curry favor with you? By cursing with you, you will help me stabilize my relationship with Jing Ting? I'm afraid it may not be, let alone, Fu Jingting and I. Our relationship is our own business. What does it have to do with others? Do we need others to stabilize it? Finally, I will tell you a fact that Mr. Liu can't see clearly and is unwilling to accept it. I am afraid that I will be far better than your Liu family. Even if the old gentleman of your Liu family is Jing Ting's teacher, it will not change this fact. No, as soon as your Liu family provokes me, Jing Ting will leave your Liu family. It's clear." Father Liu jumped up like a cat whose tail had been stepped on, pointed at Rong Shu's nose and roared, "How important is your position in Jing Ting's mind, but this definitely doesn't mean that you are better than you? Our Liu family is more important, Jing Ting is just annoyed that our Liu family has done something wrong for a while, and will never distance himself from our Liu family, absolutely not!" Rong Shu looked at him with a stubborn mouth and refused to admit the truth. He didn't get angry, and he still kept a warm smile on his face, "Since I can't, why did you, Mr. Liu, come to me to apologize today? Isn't it just to make me forgive you and help you to say good things in Jingting, Wouldn't Jing Ting not be angry with your Liu family? It's a pity, your Liu family made a wrong calculation from the beginning, they didn't even have the sincerity of apology, and they wanted me to forgive you for speaking for you. It's just whimsical." "Father Liu's fingers were trembling, so angry that he was speechless. Rong Shu lightly waved her hand, "Mr. Liu, don't you, you, you, since you are unwilling to admit the reality, then you should not come to me, but continue to maintain the pride of your Liu family and wait and see. Will Jing Ting take care of your Liu family, but since you are here, it means that someone in your Liu family still knows the reality. It's a pity, what if you know it? It's still futile if you don't do it properly, or that sentence, I don't. I will forgive you Liu family, I want my forgiveness, show your sincerity, otherwise we will not talk about everything, and don't think ridiculously about your relationship with the Fu family, I should flatter you, and if you really talk about flattering, you should also It was your Liu family who fawned on me." "What nonsense are you talking about, our Liu family fawning on you?" Father Liu seemed to have heard a big joke, and looked at Rong Shu's face with a ridiculous expression. Rong Shu's expression did not change, and she looked at him lightly. Laugh and laugh. For a while, it was time to stop laughing." "Is it nonsense?" Rong Shu shrugged, "I don't think I'm talking nonsense. As I said, my position in Fu Jingting's heart is obviously much more important than your Liu family. For me, Fu Jingting can talk to you Liu family. Break, and this obviously shows that your Liu family is really not that important in Fu Jingting's heart, you can discard it at any time, ignore it at any time, and if your Liu family wants to keep clinging to the big tree of Fu Jingting, then of course you have to find The most suitable method, and I am

the most suitable one, so you should curry favor with me and coax me well. Only after coaxing me well and coaxing me happily can I possibly tell Jing Ting good things about your Liu family. , so that your Liu family can continue to cling to the Fu family instead of offending me."Speaking of which, Rong Shu waved her finger, "You offend me, I am not happy, I will naturally speak ill of your Liu family at Jing Ting, Make Jing Ting's impression of your Liu family even worse, and you can even blow the wind on your ears, and let Jing Ting completely cut off everything with your Liu family , Mr. Liu, you shouldn't know how powerful the wind is?" When he came out, Father Liu's face changed greatly, his pupils shrank, and it took a long time before he saw Rong Shu and made a voice, "You are such a vicious woman, but actually""Vicious?" Rong Shu snorted, "In terms of viciousness, where is it? Compared with your Liu family daughter, can I have no grudges or grudges with your Liu family? It was your Liu family who took the initiative to provoke me. Since your Liu family wants to kill me, don't blame me for being ruthless. I am finally advising Liu. In a word, you should have the awareness of being a human being. Don't stand on a high place for too long and think that everyone will follow you. Okay, enough words have been said today, and it is meaningless to say more. Please Come on!"She gestured towards the door.Father Liu clenched his fists, "I'm not going!" Thegoal has not been achieved, how can he leave?Before coming, he repeatedly promised his father that he would definitely ask this woman to stop worrying about this matter, and let this woman agree to follow up with him. Jing Ting said good things.But now that nothing has been accomplished, he is unwilling to just leave.Rong Shu smiled coldly at the sight of Father Liu's cheating, "Don't go, right? It's okay, I'll ask you to go, someone!" As soon as she finished speaking,the door of the office opened, and four security guards came in from outside."Chairman." The security guard headed first to look at the two of Liu's father, and finally put his eyes on Rong Shu's face, "Chairman, is that them?"Rong Shu nodded, "It's them, I'll leave it to you." Chairman, don't worry, we will definitely take people out." The security guard nodded and walked towards the two of Liu's father with the three behind him.Father Liu opened his eyes wide and shouted in disbelief, "Rong Shu, how dare you be so hard?"

Things are screwed up

Rong Shu glanced at him, "You dare to be arrogant on my territory, but I can't fight back strongly on my own territory? Take it away!"

She waved her hand and instructed impatiently.

Several security guards responded and dragged Father Liu to the door.

The assistant was okay, didn't make any struggles, didn't move, and let the security take him away.

But Father Liu is different. He has lived for decades, and this is the first time he has experienced such a thing, and he only feels a great shame.

Born in Liu's family, he can be said to have been raised by others since he was a child, and he has never suffered a bit of grievance.

Especially after the father became Jing Ting's teacher, the Liu family climbed the big tree of the Fu family, and the Liu family can also be said to soar into the sky.

Since then, there have been many people who flattered him, and no one dared to be so powerless to him.

It can be said that after getting involved with the Fu family, he wants wind and rain, and no one dares to offend him.

But now, he is being treated like this by a bitch like Rong Shu.

This bitch, actually dare to let someone shoot him out, it's just outrageous.

While struggling, Father Liu turned his head and shouted at Rong Shu, "Rong, you dare to treat me like this, believe it or not, I will tell Jing Ting and let Jing Ting know what kind of you are. How dare you treat his senior brother like this, and then make Jing Ting hate you and break up with you!"

Rong Shu rolled her eyes.

This person seems to be mentally retarded and can't understand human speech.

She also said just now that the Liu family has a grudge against her. If the Liu family wants to get Fu Jingting's forgiveness from her, they should flatter her instead of threatening her so arrogantly.

But this Father Liu is just like he didn't hear it. He still threatens her with such an arrogant attitude. Besides lack of brains, is there any other explanation?

It can only be said that it is a great sadness that the Liu family has such a manager.

It is ridiculous to think that Fu Jingting is his father's disciple and will help the Liu family for no reason.

Rong Shu listened to Father Liu's harsh words of threat and warning, and smiled without any fear, "Then you can do it."

She waved her hand.

Several security guards received Rong Shu's instructions, nodded, and continued to pull Liu's father out. This time, the actions were obviously much more rude than before.

Father Liu howled in pain.

While howling, he continued to curse Rong Shu.

Those cursing voices can be said to be extremely ugly, even worse than the words of some broken-mouthed women, and they don't look like they came from a wealthy family.

All in all, simply breathtaking.

Along the way, Liu's father's splattering can be said to be seen by everyone in Tiancheng, and everyone is stunned.

They have never seen such a vulgar wealthy person.

On weekdays, among the middle-aged people they see, who is not holding it up and pampering it.

Even President Duan, who prided himself on saving face, would not make such a move.

On the contrary, this President Liu

, while everyone was amazed, couldn't help but took out their mobile phones and filmed the whole process of the security guard dragging Father Liu away from Tiancheng.

More people, directly sent to the Internet.

Soon, the video of Father Liu splashing around in Tiancheng, scolding Rong Shu, and then being forcibly dragged away by Tiancheng security guards, spread on the Internet, and quickly rushed to the hot search, and the whole network knew about it.

In the past two days, the grievances between Rong Shu and Liu Linlin have been very noisy on the Internet. Although the matter was clarified later, the popularity has not completely subsided. There are still many netizens paying attention to the follow-up, wanting to know in the end Rong Shu and Liu Linlin How to solve the direct grievance, will Rong Shu forgive the Liu family?

This really made netizens very curious.

Therefore, netizens check in from time to time under the personal account platforms of Tiansheng, Rong Shu, and six companies, so that they can get the first news at any time.

No, netizens were punching and typing, and they saw the video sent by Tiancheng employees.

Watching Liu's father who was scolding the street like a shrew in the video, and looking at the content described by the employee who posted the video, for a while, the Internet was very lively, and everyone was watching the jokes of the Liu family.

After all, high-class people like Father Liu who were kicked out of the gate regardless of their image, it was the first time they met, and they felt very fresh.

Of course, while it was fresh, they all applauded one by one.

Again, most of the netizens are haters of the rich, and they have jealousy in their hearts towards rich people or people with high status that they don't even know and are unwilling to admit.

So when I see something happened to them, or make a joke, I feel very happy in my heart, and I can't help but stand up and shout.

No, netizens are clapping and applauding non-stop on the Internet, saying that Father Liu was dragged away like a dead dog.

Also praised Rong Shu for doing a good job.

Of course, there are also some rational netizens who, after reading the text sent by Tiansheng employees to describe the situation in the video, hurt Liu's father, which is more reasonable.

Instead of that kind of nonsensical damage, watch a joke.

"I'm going, I deserve to be kicked out by Miss Rong. It's fine if I come to apologize and don't bring the person involved. I don't even bring a gift. I'm still so arrogant.

I've seen you for a long time." Apologize to me, I will definitely do it, not only will I do it, but I will personally beat people out with the broom. If you want me to tell you, Miss Rong is still too soft

-hearted." Are ordinary people better? Why don't they know how to apologize? We ordinary people all know that it is better to apologize, and the gifts cannot be less at home. Instead, the rich go away empty-handed. Is it because the rich have bigger faces than us? "

“Upstairs, don’t kill all the rich people with one stick. There are still three moral values among the rich people. For example, our boss is very humble. No exception, apologies are not too small, so, like the Liu family, it can only be said that their own education is not good, the root is crooked, otherwise why are other rich people rated so high, but they are like this It’s ridiculous, the daughter wants to be a third party, and the father is arrogant and domineering. It can be seen how bad the lintel of the Liu family is. I advise everyone to pay more attention to those who work in the Liu family.”

As soon as this comment came out, it instantly got a lot of netizens. their compliments.

For a time, the reputation of the Liu family dropped again.

Originally, Liu Jiafeng’s comments were not very good. As a young lady, Liu Linlin actually wanted to be a third party. In order to achieve her goal, she took advantage of netizens’ dislike and intolerance of third parties to besiege Rong Shu.

This made netizens extremely angry.

Of course, not because they attacked the innocent Rong Shu, but because they themselves were used.

Therefore, the attitude of netizens towards Liu Linlin and the Liu family was already very bad.

Now Liu’s father is higher than this, making netizens feel that the quality of their rich people is not comparable to their ordinary people.

Obviously they are so rich and occupy the vast majority of educational resources in the world, but the result is this kind of virtue, it is better to give these resources to them.

Therefore, netizens will naturally dislike the Liu family even more when their hearts are unbalanced.

As a result, the stock market, which had already started to calm down in the Liu family, has now started to turmoil again, and the staff in the control department are so angry that they scold their mothers and blunt the keyboard.

The minister glanced at Liu’s father, who had been thrown out of Tiancheng’s computer, took out his mobile phone with a dark face, and dialed Mr. Liu’s number, ready to file a complaint.

Can this be reported?

He knew that Father Liu went to Tiancheng, and he also knew the purpose.

After all, before he went, he, the old chairman, President Liu and others all held a small meeting in the conference room to discuss how to get Rong Shu's forgiveness for President Liu's visit and let Rong Shu help Fu Jingting. say.

And when President Liu went, he also swore that there would be no problem and that the goal would be achieved.

But what is the result now?

Was blasted out!

The reason for the bombing is that the attitude of coming to the door is arrogant and the apology is not sincere.

Dare to say what they said when they were in the meeting, what if Mr. Liu completely forgot about it?

Really pissed him off.

"Hello." Just as the minister was thinking, the phone was connected, and the old, but very spirited voice of Liu Lao came from the phone.

The minister hurriedly sat up straight, "Chairman, I have something to tell you, it's about Mr. Liu." On

the other end of the phone, Mr. Liu was standing in the garden of the villa in a white exercise suit, with a fitness sword next to him. .

Obviously, before answering the phone, Mr. Liu was practicing exercises here.

"What's the matter? He came back from Tiancheng?"

Liu Lao took the towel handed by the housekeeper and wiped the sweat from his face while holding his mobile phone and walked to the pavilion, sat down and asked after walking to the pavilion.

On the phone, the minister shook his head, "Mr. Liu hasn't come back yet, but it's almost time."

"How is the situation now? Rong Shu's side." Before

Liu's old words were finished, the minister sighed tiredly, "Chairman , I'm sorry, Mr. Liu failed."

"What?" Mr. Liu's movement of wiping sweat suddenly stopped, and his rosy old face also sank at this moment, "Failed?"

"Yes."

Liu Lao narrowed his eyes.

How can it fail?

"Did that woman take Qiao on purpose? I think it's not enough for us to come to the door in person, and do you want other conditions?" Mr. Liu gritted his teeth and guessed in a gloomy voice.

Hearing that Mr. Liu thought about Rong Shu's bad aspects from the very beginning, he didn't think about the reason for his failure at all. It might be from his own son, and the minister felt helpless.

He didn't believe it, the chairman didn't know what kind of virtue his son was.

The chairman definitely knows, but he doesn't think about whether his son has done something wrong. Instead, he blames others for everything, which is obviously a no-brainer to protect his shortcomings.

No wonder Liu always develops that kind of character.

The minister complained so much in his heart, but he naturally wouldn't say it, and lowered his eyelids and replied, "Of course not, the reason for this failure is Mr. Liu himself."

"What did you say?" Mr. Liu frowned, "It's me. The son's fault?"

"Yes." The minister nodded, "We said at the meeting that Mr. Liu would go to Miss Rong to apologize on behalf of Miss Linlin, although Miss Rong didn't see the person who really committed the crime to apologize to her, but it seems Since the Liu family is willing to come to the door, and the attitude of apology is also very sincere, and the apology is also very thoughtful, it may be soft-hearted and forgive the Liu family, but" the

minister hesitated.

Mr. Liu squeezed the phone impatiently, "However, say it quickly!"

“Yes.” The minister responded, no longer hesitated, and said what he had to say, “However, President Liu promised well at the time, and we also The apology was ready, but President Liu regretted it temporarily. He didn’t take the apology with him at all. He went to Tiancheng with his assistant, and after he went, his attitude was really arrogant, and then the apology didn’t work out, but it inspired him even more. The conflict between the young ladies was finally driven out of Tiancheng by the security guards sent by Miss Rong.”

Bang!

Liu Lao directly swept the tea set on the stone table in front of him to the ground. The whole popular old man’s face was flushed red, and his chest was also heaving violently, “That beast, he actually dared to go against the yin and yin, and screwed it up!”

After going to the Fu family’s old house to find Mrs. Fu last night, he also realized that he suddenly came to the door without even bringing a gift.

But there was no way. Yesterday, he made a temporary decision to look for Mrs. Fu, so it was understandable that he didn’t have time to think about it.

In addition, he thinks that he has a good relationship with the Fu family, so it doesn’t really matter if he prepares a gift or not.

But who would have thought that the old lady didn’t think that his Liu family had a good relationship with the Fu family at all. It was very important to see the gift-giving.

Although he was unhappy, he was almost awake. He also knew that if he had something to do with the Fu family, he had to prepare gifts so that the host could take a look, let alone Rong Shu, who had nothing to do with the Liu family.

When you come to the door, you should naturally prepare a gift, especially if you come to apologize, then you should prepare a gift.

So even if he doesn’t want to spend the money or give this gift, he still pinches his nose and asks people to prepare a generous apology. He just wants to spend the money as long as he pulls back the relationship with Jing Ting. Money will be earned back sooner or later, so don’t worry about it.

However, he didn’t expect that all this was screwed up by that beast, which really pissed him off.

“Chairman? Chairman?” The minister’s concerned shout came from the phone.

Mr. Liu took a deep breath, reluctantly calmed his mind, pinched the bridge of his nose and replied, “I’m fine, I know about this, I’ll educate that beast.”

“Yes.” The minister nodded, then asked, “As for the matter of apologizing to Miss Rong, Chairman, with all due respect, Miss Rong seems to be very inclined to ask Miss Linlin to apologize in person, you see,”

Mr. Liu, who was distressed for his granddaughter, frowned naturally when he heard this.

But then thinking of the relationship with the Fu family, he could only temporarily suppress this distress.

“I’m free to arrange Linlin’s place. When Linlin’s jet lag is over, I’ll take her to the door.” Mr. Liu said with a wave of his hand.

The minister was relieved to hear that he finally let go and was willing to take out his granddaughter.

“Okay, then Chairman, I won’t bother you anymore. The news that President Liu was kicked out of Tiansheng has already been posted on the Internet, and now the Internet is all laughing at our Liu family, and the stock market has been affected again. I have to go to the control panel.”

“Go.” Liu Lao hummed.

After hanging up the phone, Mr. Liu narrowed his eyes, scolded a beast in a low voice, and then dialed a number to go out.

Over there, Father Liu was already on his way back to the Liu family, sitting in the car, cursing Rong Shu non-stop.

The scolding was so unpleasant that even the driving assistant couldn’t hear it, and felt ridiculous.

It was clearly not Miss Rong who was wrong, but Mr. Liu himself.

But Mr. Liu didn’t feel that he was wrong at all. Instead, he thought that all of this was Miss Rong’s fault. To scolded Miss Rong with blood on her head really broke her three views.

Just then, a cell phone rang, interrupting the cursing in the car.

Father Liu took a breath and finally calmed down, and the assistant suddenly felt that his ears were clear, and he was grateful for the phone call.

“Dad?” Father Liu pulled his tie and took out his mobile phone. When he saw the caller ID, the anger on his face was twisted, and it suddenly turned into astonishment.

Immediately afterwards, the surprise began to change again, turning into a guilty conscience and anxiety.

For some reason, he felt that the phone call made him feel an ominous premonition.

So take it or not?

If he took it, he was afraid again.

But if he didn't pick it up, he would have to be cleaned up by his father when he went back.

So it seems that you have to take it or not.

Father Liu clenched the phone tightly. After struggling for a while, he finally gritted his teeth and answered the call. He put the phone to his ear, and cautiously called out, "Dad?"

Idiot Son

"Don't call me dad, I don't have your stupid son." Liu Lao finally put down his solemnity, held the phone tightly with both hands, and roared loudly into the phone.

At this moment, Mr. Liu is exactly the same as Father Liu, who was splashing in Rong Shu's office before.

Sure enough, father and son are father and son. Not only are they similar in appearance, but their words and deeds are also similar.

Father Liu didn't expect that when he answered the phone, he was greeted not by his father's good-natured tone, but by a roar, so scared that he hurriedly shrank his neck and took the phone away.

"Dad, what are you doing? I'm still in the car, and the assistant is there. You save some face for me. Idiot or something, it doesn't sound good." Father Liu blocked one ear and faced him resentfully. said on the phone.

Old Liu laughed angrily, "You want me to save face for your stupid thing, why is your face so big?"

” Father Liu was not convinced, “Dad, what stupid thing did I do?”

“What did I do?” Old Liu sneered , “You’ll know what you’re doing in a while. Now hurry up and come back to me. I’ll give you half an hour. If I don’t see you for half an hour, you’ll be nice.”

After speaking, he hung up the phone.

Father Liu fed into the phone a few times, but no sound was heard. He took the phone to him and looked at it, only to find that the call had been hung up.

He threw the phone on the seat next to him, frowning, “What’s wrong with the old man? He’s so angry?”

The assistant driving the car rolled his eyes secretly when he heard Father Liu’s doubtful whisper.

The stupid boss doesn’t know what happened to the chairman, he probably guessed something.

It must be an apology.

Mr. Liu screwed up the apology, and it is strange that the chairman is not angry.

Of course, after thinking about it, the assistant didn’t even plan to remind Father Liu.

This kind of stupid person, reminded is also a white reminder.

He, let’s drive his car quietly.

The assistant turned the steering wheel, thinking calmly.

At the same time, on the other side, the Fu Group.

After seeing the client coming out of the reception room, Fu Jingting saw Assistant Zhang approaching with a serious face.

“What’s wrong?” Fu Jingting stopped and asked.

Assistant Zhang stood in front of him, “Mr. Fu, something happened to Miss Rong.”

“What happened again?” Fu Jingting’s face changed instantly, and the pressure all over his body dropped suddenly.

Seeing this, Assistant Zhang quickly pushed his glasses to comfort him, "Mr. Fu, don't get excited, don't worry, it's not a big deal, it's the Liu family who went to Tiancheng and found Miss Rong."

"Which Liu family?" After seeing Rong Shu, Fu Jingting's mood not only did not improve, but instead became colder.

The Liu family did not like Rong Shu, nor did they want to see Rong Shu.

So when he heard that the Liu family was looking for Rong Shu, his first reaction was to find Rong Shu for trouble.

Therefore, how could he be in a good mood.

Seeing Fu Jingting lift his foot and walk forward again, Assistant Zhang hurriedly followed and replied, "It's Mr. Liu."

"It's him?" Fu Jingting narrowed his eyes, "Have you figured out the specific purpose of the Liu family looking for Xiaoye Ye? Assistant Zhang shook his head, "

I didn't ask, but Tiancheng's staff took pictures of Mr. Liu's trip to Tiancheng, and posted it on the Internet, and explained the purpose of his visit, saying that Mr. Liu went to Miss Rong for the matter of yesterday. He apologized."

Fu Jingting seemed to have heard a big joke, and his thin lips curled into a sneer, "Apology? Will he apologize?"

"So this apology seems to have collapsed." Assistant Zhang said with a smile.

Fu Jingting pursed his lips, "What's going on?"

"I don't know the specifics, after all, I didn't participate in person, but according to the video posted by Tiancheng employees on the Internet, it seems that President Liu came to apologize and didn't care at all, not only did he not bring Liu Linlin to apologize in person, even There was no apology, I went empty-handed, and my attitude was not good, so in the end, Miss Rong arranged for security to blast Tiancheng out." Assistant Zhang replied.

Fu Jingting paused, "What did you say? He blasted Tiancheng?"

"Yes."

"Little Leaf did it?"

"The employee who posted the video said that Miss Rong ordered four security guards to take President Liu and His assistant pulled out the Tiancheng gate abruptly, and then

threw it out, Mr. Liu still fell outside the Tiancheng gate, and there is still a video on the Internet.” Assistant Zhang took out his mobile phone and clicked a few times, Then he handed it to Fu Jingting, “Mr. Fu, look.” Fu

Jingting took the phone and looked down.

Seeing Father Liu and his assistant being dragged out of the elevator by four security guards and then thrown out of the door, Fu Jingting’s thin lips hooked up, “Little Ye Ye did a good job, that’s how it should be for this kind of person, but Liu Zhong’s mouth is too dirty.”

He returned the phone to Assistant Zhang and said in a gloomy voice.

Assistant Zhang took back the phone and looked at him, “Mr. Fu, do you want me to let him clean up his mouth?”

“What do you think?” Fu Jingting gave Assistant Zhang a sideways glance.

Assistant Zhang pushed his glasses and said with a smile, “I understand, don’t worry, I will definitely clean his mouth well, and I won’t let you down.”

Fu Jingting hummed, pushed open the door of the office and went in, then took out The mobile phone, Rong Shu dialed in a single call.

Assistant Zhang came in behind, carefully closed the office door, and stood still opposite Fu Jingting’s desk, planning to wait for his call to finish before talking about other things.

The call was quickly answered, and Rong Shu’s softly listening voice came, “Hello?”

“Did Liu Zhong bully you?” Fu Jingting pulled out his chair and sat down, and he went straight to the point. On the other end of the

phone Hearing the smile in Rong Shu’s tone, Fu Jingting knew that she was really not being bullied, so she felt relieved, “That’s good, sorry, I didn’t know the Liu family would. I’m coming to you.” “What are you apologizing for, the Liu family’s legs are on their own legs, how can you stop them from going anywhere?” Rong Shu shook her head amusingly when she saw that the man took the fault on her own. , “But I didn’t expect that they would come back to me, but after thinking about it, they need to rely on you to maintain the glory of the Liu family, but they can’t find you, so they can only get closer to you from another entrance. relationship, and my grandmother and I are the best candidates, so it is not surprising that they will come to me, not to mention that the relationship between you and the Liu family broke down because of what happened yesterday, they want to get your forgiveness, naturally That’s why they should come and apologize to me.” “If they really wanted to apologize, they would have apologized yesterday, not after confirming that I really separated from their Liu family and that it

didn't work from my grandmother, they came to you to apologize, which is enough. It means that they never realized that they were wrong, and they didn't take you seriously, even if they wanted to ease the relationship with me, you were not the first person they thought of, which shows how hypocritical." Fu Jingting said, his face full of It's all disgust and disgust for the Liu family. Rong Shu smiled and said, "It's quite hypocritical, didn't Feng Ma called you yesterday and said that the Liu family went to find her grandmother and wanted to get a relationship from her and ease the relationship with you, but she didn't even bring a gift when she came. It's so funny, and it's the same for coming to me to apologize today." "I know, I saw the video on the Internet." Fu Jingting nodded. Rong Shu moved her sore neck, "Since you've seen it, I won't describe it anymore, what I want to say is that I don't have to stare at their gifts, all I want is their attitude. "

It's Not Your Fault

"I know." Fu Jingting said again.

Rong Shu rubbed his temples, "Although I won't forgive them even if they have a sincere attitude and apologize a lot, but at least they put their attitude here, and I will give them a high look and feel that they are truly remorseful. In the future, as long as they don't provoke me, I'm too lazy to pay attention to them, but they can't even do the basic rules of life, and they expect me to forgive them and help them speak good things to you. The words "wolf" are vividly expressed."

"It's because I indulged them too much in the past, and I didn't care about them, so I made them more and more arrogant, thinking that in my name, everything can be achieved. One point, I have a responsibility." Fu Jingting said in a deep voice.

After all, he brought the Liu family under his protection.

Therefore, he naturally has corresponding responsibilities for how the Liu family will behave in the future. If the Liu family makes mistakes, he should come forward to educate them.

But he didn't know the people of the Liu family.

Because of this, he let go of the Liu family and believed that the Liu family would not cause trouble.

So much so that his connivance gave the Liu family more confidence to cause trouble, so that they even felt that they still didn't have to pay any price for offending his lover.

This is why he is sorry for Rong Shu.

Listening to the man's self-blame, Rong Shu sighed softly, "Forget it, I know how I persuade you, you all think it's your own fault, if that's the case, then I don't care about the rest, and the Liu family will all be handed over to you. It's settled, don't let me down."

Anyway, the Liu family failed from her this time, and it is estimated that they will not come again in the future.

She herself is not willing to deal with the brainless people of the Liu family, so it is more appropriate to leave all this to Fu Jingting.

Fu Jingting knew that Rong Shu did this because she wanted to give her an explanation. Her heart warmed for a while, and the expression on her face became very serious and firm, "Okay, I won't let you down."

"That's it, have you eaten yet?" Rong Shu smiled and asked.

Fu Jingting pressed his eyebrows, "Not yet, a foreign partner just came here, and I just finished chatting with him, and I haven't had time."

"It's so late and I haven't eaten yet." Rong Shuxiu frowned, her face It was full of disapproval, "No, I won't tell you, you quickly ask Assistant Zhang to help you prepare lunch, eat something to fill your stomach, don't delay any longer."

Listening to the urgent concern in the woman's tone, Fu Jingting's brows softened and he laughed softly.

Rong Shu's red lips pursed tightly, "What are you laughing at? Hang up, and let Assistant Zhang buy you some food. If you have anything to say, I'll come back later in the evening."

"Okay." Fu Jingting replied with a smile and nodded.

Afterwards, he raised his eyelids and looked at Assistant Zhang opposite, "Did you hear it?"

Assistant Zhang nodded, "I heard Mr. Fu, I'll make arrangements." After

he finished speaking, he quickly took out his mobile phone and sent a message out.

It was also his negligence. He originally wanted to finish the story before preparing lunch for President Fu. After all, it was like this in the past.

As a result, I never thought that this time, Miss Rong was actually checked.

It seems that in the future, in such a situation, no matter when Mr. Fu can eat when he is free, he must prepare the food in advance.

Maybe this will make Miss Rong happy, and so will President Fu.

Mr. Fu was very happy. Did his bonus go up soon?

Assistant Zhang, who caught a chance to get rich, his eyes glowed green with excitement.

Fu Jingting didn't know what Assistant Zhang was thinking. After saying goodbye to Rong Shu reluctantly, he put down the phone and was about to say something when someone knocked on the door of the office.

Assistant Zhang glanced at the door, "Mr. Fu, I'll open the door." Fu

Jingting waved his hand and motioned him to go.

Assistant Zhang put away the phone, walked towards the door, and opened it.

Outside the door are also people in suits and leather shoes.

When he saw Assistant Zhang, he immediately bowed respectfully, "Assistant Zhang, is Mr. Fu here?"

"What are you doing with Mr. Fu?" Assistant Zhang asked, looking at the secretary outside the door.

The secretary didn't give a shit. He took the folder from his armpit and opened it, then took out a purple-gold invitation card and handed it to Assistant Zhang, "This is an invitation from the Liu family to President Fu."

"What?" Assistant Zhang Thinking I heard it wrong, I

poked out my ears, "Who gave it to you

? ,It really is.

Assistant Zhang rolled his eyes, "What kind of invitations did the Liu family send me? What the hell are you doing?" The

secretary smiled and replied, "The one who sent the invitations was the housekeeper of the Liu family, and they said that their young lady had returned to China. , the Liu family is going to hold a homecoming banquet for their young lady, so that they can reopen the circle for their young lady and return to the ranks of the ladies and daughters. No, I sent

an invitation to President Fu. What do you hope for when President Fu arrives? You must go and take Miss Rong with you.”

After hearing this, Assistant Zhang smiled, “It turned out to be a banquet for Liu Linlin.”

He patted the invitation card in his hand with a playful expression on his face, “As soon as I return to China, When I returned to China, I actually held a special debut banquet. It wasn’t that the people in the circle didn’t know that their Liu family had a daughter, so they still needed to hold a special banquet to introduce them to people? Meeting with President Fu, it’s true to ease the relationship. Okay, I understand, you go ahead and do it, I will leave this to President Fu.”

“Okay Zhang Special Assistant.” The secretary nodded slightly and turned to leave. Lost.

Assistant Zhang closed the door and returned to Fu Jingting.

Although Fu Jingting did not come forward, he still listened to the conversation between Assistant Zhang and the secretary.

Therefore, after Assistant Zhang gave the invitation to Fu Jingting, he did not repeat anything.

Fu Jingting opened the invitation and looked at it, then frowned, and threw the invitation into the drawer with no interest.

Seeing this, Assistant Zhang still asked, “Mr. Fu, are you going to go?”

“No.” Fu Jingting closed the drawer and replied lightly.

In this regard, Assistant Zhang is not surprised.

After all, the invitation card was thrown away, and it was made clear that it did not pay attention to it, and did not want to go.

Therefore, Assistant Zhang didn’t ask any questions later.

However, Fu Jingting suddenly said at this moment, “Go check it out, when did Liu Linlin come back?”

“Okay.” Assistant Zhang nodded in response, turned around and went out.

After he left, Fu Jingting leaned back, crossed his fingers in front of his abdomen, narrowed his eyes slightly, and pondered.

On the other hand, after Rong Shu finished talking with Fu Jingting, she was immersed in her work again.

But not long after, Lu Qi suddenly visited.

Rong Shu was quite surprised when Lu Qi brought this big basket in, she stood up and asked, "Why are you here?"

"My mother went back to my grandmother yesterday and brought a lot of dry goods from the mountains. Jane, I know that you like to eat dry food of all kinds of fungi, so I specially asked me to bring it to you, now." Lu Qi walked over and handed over the bamboo basket in his hand.

Rong Shu opened her mouth in surprise, "So many?"

She pointed to the basket.

Lu Qi looked down, "A lot?"

"With such a big basket, isn't it too much?" Rong Shu closed her mouth, "This is at least ten pounds."

Find someone to teach Su Cheng a lesson

She took the basket and put it on the bottom. She frowned slightly because of the heavy weight. She was already sure that it definitely weighed more than ten pounds.

Lu Qi helped her put the basket on the desk together, "What's the matter, you like to eat, so my mother brought some extra and asked me to bring it for you, after all, my mother rarely gets back to my grandmother. I went there once, the next time I go back, it may take a long time, bring some more, or you can eat a little longer, maybe I can last until my mother goes there next time."

Rong Shu was amused when she heard this, "That's right. It seems that my aunt came to my mother's house specially to help me bring mountain goods, which made me feel bad."

"What's wrong." Lu Qi took an apple from the fruit bowl on the table next to him and took a bite, then sat reclining on her side. In the corner of the desk, he replied eloquently, "My mother treats you as her own daughter, so she knows you like to eat, so isn't it

normal to bring some over here? After all, when you are a mother, you all want your daughter to eat what she likes. “

That being said, but all along, my aunt gave me all kinds of food that I liked, but I rarely give it to my aunt, and I still feel a little sorry for my aunt.” Rong Shu patted the bamboo Basket said.

Lu Qi bit the apple and said inarticulately, “If you feel sorry, just go to accompany my mother more when you have time. As for what to send, it’s really unnecessary, and it’s not lacking. If there is no home to go back to, where can I get special products for my mother? I might as well visit my mother a few more times, so that my mother will be happy.

” The basket was lifted from the desk and put aside, “I’ll take these and go back and thank my aunt for me.”

“It’s nothing, it’s just some dry goods, and they’re not worth much, so say thank you.” Lu Qi waved his hand, and then Thinking of something, he pointed to the bamboo basket that Rong Shu put on the ground and said, “By the way, there is something that my mother specially collected for Fu Jingting. My mother specially asked me to tell you to stew it for Fu Jingting.”

“Simmer it for Fu Jingting . Drink?” Rong Shu returned to the chair and paused, followed his fingers and looked down at the bamboo basket on the ground, “What is it that my aunt specially collected for Fu Jingting and asked me to stew it for him?”

Shouldn’t it be something like aphrodisiac and kidney?

In her impression, it seems that these elders like to prepare these for their sons or sons-in-law.

If this is the case, is the aunt implying that she and Fu Jingting should get married soon and have a child?

Thinking of this possibility, Rong Shu’s face turned red, and the whole person was embarrassed and shy.

Lu Qi didn’t know what she was thinking, and he didn’t pay attention to the expression on her face. After nibbling on the apple, he threw the apple core into the trash can, clapped his hands, and then answered Rong Shu’s question, “I I don’t know what it is, but my mother said it’s good for bone healing.”

“Bone healing?” Rong Shu was stunned.

Isn’t that what she thought of strengthening the yang and nourishing the kidney?

She blinked, her eyes a little dumbfounded.

Lu Qi still didn't know why she did this. Seeing her distracted, he stretched out his hand and waved in front of her, "Shu Shu, what's wrong with you?"

Rong Shu blinked, came back to his senses, and grabbed his hand. , with an embarrassed smile on his face, "It's okay, I thought of something."

"What's the matter?" Lu Qi asked again.

Rong Shu's eyes flashed, "It's nothing, you still tell me why Auntie Fu Jingting collects things that are good for bone healing, otherwise, don't ask."

Asking more will only make her more embarrassed , even more embarrassed, and she couldn't answer him, what was she thinking.

It's really embarrassing after all.

How could she think of things like strengthening yang and nourishing the kidneys?

Rong Shu patted her hot face, and her whole person doubted her life.

It must have been Fu Jingting's fault.

Yes, it is Fu Jingting.

That guy, full of that kind of thing, made her crooked.

So much so that whatever she thinks about, it is easy to think of it.

Yep, that's for sure.

Rong Shu pursed her red lips, thinking with certainty.

Lu Qi calmly got down from the desk, "Why, it's very simple, didn't Fu Jingting's arm break before? And it was broken because I saved you, although my mother doesn't know how to save you. But my mother knew it was for you, so when I went back to my grandmother's house this time, I made a special search, and thanked Fu Jingting for saving you and helping you relieve some of the burden on your heart."

"So it is." After listening to Lu Qi's answer, Rong Shu nodded suddenly, a feeling of warmth flowed through her heart, she couldn't help but put her hand to her heart, "Auntie is so kind to me that I don't even know how to repay her.

"What's the matter, it's still the same sentence, I don't know how to repay, just go and see her more when you have time. She, she has always wanted a daughter all her life,

and she has been looking at my face and complaining about why I am not one. Girl, it can be seen that she likes you more than me.”

When Lu Qi said this, he curled his lips slightly, his expression a little resentful.

Rong Shu covered her lips and smiled, “You’re still jealous of me.”

“I’m not jealous, but I talk too much, and I’m also quite depressed. Is it a man or a woman, can I decide? Besides, these She should say to my dad, what to say to me, it is my dad who decides my gender, my dad made me a man, it has nothing to do with me, she can’t bear to blame my dad, so she blames me, I Isn’t this suffering in vain?” Lu Qi spread his hands and looked helpless.

Rong Shu smiled even more happily, “No way, who told you to be her son, take it.”

She patted him on the shoulder.

Lu Qi stuck out his tongue and stopped talking.

Rong Shu took his hand back, “By the way, Aqi, I need your help with something.”

“What can you say.” Hearing asking for help from himself, Lu Qi straightened up a bit and his expression became serious.

Rong Shu’s expression was the same, “Aqi, I want you to help me find a few people.”

“How many people?”

“Well.” Rong Shu nodded, “Find a few punks.”

“What?” Lu Qida Frightened, the volume went up in a straight line, and looked at Rong Shu in shock, “Shu Shu, what do you want? I tell you, don’t mess around.”

Seeing him so excited, Rong Shu couldn’t help rolling his eyes, ” What are you talking about, what am I messing around with?”

“Then what are you doing with the little bastard?” Lu Qi was still worried.

Rong Shu sat down and said, “I want to teach someone a lesson.”

“Teach someone a lesson.” Lu Qi was stunned for a moment, and then suddenly came up to Rong Shu, “Who do you want to teach?”

Rong Shu raised her head back. , opened a little distance from him.

After all, he got too close.

“Su Cheng.” Rong Shu didn’t hide it, lightly opened her red lips, and slowly spit out two words.

Lu Qi blinked, “The head of the Su family in the capital, Su Man’s father, the Su Cheng who has a grudge against Fu Jingting?”

“Well.”

“He hasn’t returned to the capital yet?”

“No.” Rong Shu shook her head, “That’s why I wanted to find someone to teach him a lesson, otherwise why would I do this, when he arrives in the capital, I can’t do anything, it’s his territory.”

“That’s right.” Lu Qi touched his chin.

Rong Shu looked at him and said, “I remember, when you were in high school, you had a late second-year illness, and you were a school bully for a while, and you had been with some gangsters outside for a while, and you were doing well. Xiaotoutou, so I think it shouldn’t be difficult for you to help find a few gangsters to teach Su Cheng a lesson, right? Even if you haven’t contacted those gangsters for a long time, you still have contact information, right?”

This Time, I Will Get My Divorce Chapter 1149

Give him a sack

“There is, but there is.” Lu Qi touched his nose and seemed a little embarrassed. “You know, in high school, I had a very special relationship with me, called Li Erwa.”

“I know, Hanhan . Silly, but very loyal and powerful.” Rong Shu nodded.

“That’s right, after I was taught a lesson by my dad, I quit our little gangster group and handed over the group to Erwa to manage. Erwa couldn’t study, but in this aspect of the gangster society, I have a unique talent. Coupled with his strength, no one dares not to listen to him. Over the years, although I have rarely inquired about what happened to the group in the past, I still have some connections with Erwa, and I still know a little bit. Regarding group news, although the development is not particularly large, it is also a group that Miichi can name, so it is absolutely no problem to find a few people.”

He patted his chest and assured.

Rong Shu hummed slightly, "That's no problem. I want to find a few people to put a sack on Su Cheng and give him a good beating. It's really annoying.

" . " Lu Qi looked at him with a half-smile.

Rong Shu was a little embarrassed by what he looked at, and coughed twice, "I can't help it, I said it all, it's because he's too angry."

"I can see that, otherwise, you won't be so good-tempered. , and someone who has always been soft-hearted makes this decision, which is enough to show that Su Cheng has done something unforgivable." Lu Qi spread his hands, and then asked, "Shu Shu, what did he do to make you willing to use this method? I'm going to teach him a lesson."

"As for what he did, I won't tell you, I can only tell you that he did something wrong to Fu Jingting, so I also want to help Fu Jingting teach Su Cheng a lesson. The background has always been It was Fu Jingting who helped me, and I rarely do anything for him, plus my ability is limited, so I can do not much for him, so I can do a little bit." Rong Shu smiled back. on.

Lu Qi pursed his lips, his tone full of sourness, "Dare to do it for a long time, you are for Fu Jingting, I thought it was Su Cheng who offended you again."

"Okay." Rong Shu patted him on the arm, dumbfounded, "Just say you agree to help me, right?"

"You've already asked me, how can I refuse?" Lu Qi squinted at her, " Besides, this is a big deal, it's just a trivial matter, I just talk to Erwa, and he won't refuse."

"Thank you then." Rong Shu picked up the teacup on the desk and made a cup of tea. Substitute wine.

Lu Qi also picked up his teacup and touched her, "What's there to thank for that?"

"I still want to thank you, but I'm worried that this matter will be risky." Rong Shu took a sip of tea and put the teacup away. Putting it down, he said with a slightly worried expression, "After all, Su Cheng is the head of a big family, and he has a lot of power. I'm worried that he will find out who has beaten him later, and then Li Erwa will be implicated.

" Don't worry." Lu Qi knew what she was going to say later, and waved his hand indifferently, "Erwa is a capable person who has been able to mix from high school to the present, and this group has existed for more than ten years, and it has not been brought up by the top. Come on, don't you think there is a problem here?"

"A problem?" Rong Shu was stunned for a moment, then quickly thought of something, her eyes lit up, and she pointed up, "You mean, Erwa's group Hooked on it?"

"That's right." Lu Tou, then put his hand on top of her head, and patted it lightly, "Shu Shu is smart, I thought of it all at once."

"Go, pat the dog. ." Rong Shu angrily threw Lu Qi's hand off the top of her head and glared at him.

Lu Qi laughed, "Okay, I won't shoot, but you can think of this so quickly, it's really smart, although Erwa is a mess, he is a good person, and his three views and morals are also very positive. , under his management, his group is not as dark and dirty as other groups, at least those are absolutely untouched, and for this reason, the existence of his group is acquiesced. The important thing is that Erwa Sometimes he also helps to report other suspected groups, helping to destroy a lot of forces above, so Erwa and his organization are also half official organizations, he wants to do something, as long as it is not excessive, The above will not only open one eye and close one eye, but also help him clean up. After all, if the second child is gone, then his group will not be able to manage well, and sooner or later it will become more like other organizations. This is for the above. , it's not a good thing."

"I see." Rong Shu scratched her cheek with her index finger, "The existence of Erwa is a chess piece set above, a chess piece used to suppress other dark organizations, as long as Erwa If you live all the time and don't become a bad person, then other organizations will be afraid of Erwa, and won't be too arrogant to make trouble, then the crime rate will be greatly reduced, and the above can also kick a little."

"That's right." Lu Qida He snapped his fingers, "That's what I meant, so I asked Erwa to arrange for a few people to beat Su Cheng, and there was no problem at all. The above knew about it, and they wouldn't care. I don't dare to take revenge easily. After all, Erwa's organization is covered with a cover to balance the underground forces. It will not let Su Cheng participate in and break this balance."

"If that's the case, then I can rest assured." Rong Shu smiled lightly.

Lu Qi raised his fists and stretched out, "When do you want to teach Su Cheng a lesson? Where do you teach him?"

"When?" Rong Shu lowered her eyes and thought for a while, "Of course, the sooner the better, I don't know Su Cheng. When will the city leave the sea market, if he does, it will be a pity if he does not teach him a lesson, so do it as soon as possible, as for where, you let Erwa arrange this, he must have the most suitable place, which can also make Their people are easy to get away, anyway, I just want the result."

"Okay, I'll contact Erwa in a while, is there anything else?"

"No." Rong Shu shook her head.

Lu Qi stood up straight, "That's fine, then I'll go first. I'll tell you the result immediately."

“Yeah.” Rong Shu smiled and sent him to the door.

When he got to the door, Rong Shu opened the door. He wanted to take him to the elevator, but Lu Qi pressed his shoulders, “Just stay here, I’ll just go out here by myself.”

“That’s fine, then I’ll do it. No more, be careful on the road.” Rong Shu stopped, looked up at Lu Qi, and smiled at him.

Lu Qi yawned, “I know, okay, I’m leaving.”

“Well.” Rong Shu nodded and watched him go out.

After he went out, she closed the office door and turned back to the desk.

Here, Lu Qi put his hands in the pockets of his pink suit trousers, humming a song, his pace brisk, sometimes turning in circles, sometimes dancing, and jumping to the elevator in a more unrestrained and unrestrained manner.

When he just passed the door of the assistant secretary’s large office, a sudden exclamation came from inside, “What did you say, you said Secretary Tong might be pregnant?”

As soon as these words came out, Lu Qi couldn’t get up immediately, and his footsteps were abrupt. He stopped, his pupils shrunken and turned to the assistant secretary’s large office.

What did he just hear?

Tong Xi is pregnant?

how can that be!

Lu Qi’s hand in his trousers pocket was clenched into a fist at this moment, and his face was even more uncertain and very ugly.

This Time, I Will Get My Divorce Chapter 1150

Lu Qi knew that Secretary Tong was pregnant

Especially his brain, which was buzzing at the moment, turned into a pot of porridge.

He never thought that he just passed by here, and he actually let himself hear such shocking words.

This is fake right?

It must be fake, right?

How could Tong Xi be pregnant?

Even if she is pregnant, whose child is she carrying?

For the other man,

Lu Qi's throat was so blocked, as if something was stuck in there, he couldn't get up or down, it was very uncomfortable.

At this time, another voice came from the big office. It was different from the voice that said Secretary Tong was pregnant. Someone else had already spoken.

But equally shocked.

"Really or not, is Secretary Tong really pregnant?"

"That's right, how is this possible? You shouldn't be lying to us, right?"

Another person asked, asking questions.

And these are exactly what Lu Qi wants to know most now.

He subconsciously held his breath, walked lightly to the door of the big office, stopped in front of the wall next to the door, lowered his head, and listened quietly.

He needs to know whether Tong Xi is really pregnant, and whose seed it is!

Lu Qi's eyes narrowed, and a terrifying dark light burst out from the bottom of his eyes.

In the big office, several assistant secretaries stopped their work at this moment, and sat together like a meeting, forming a circle, just to talk about Secretary Tong's gossip.

The secretary sitting in the middle saw several people beside him eager for knowledge, and smiled smugly, "I didn't lie to you, but I am 80% sure that Secretary Tong is pregnant.

" Eighty percent?"

Lu Qi's face changed slightly.

With such a high degree of confidence, Tong Xi is really

“what’s the point, tell me quickly, don’t betray me.”

“That’s right, we can’t wait, you just don’t say anything, how do you know that Secretary Tong is pregnant? “Yes?”

“Yes, yes, let’s talk.”

Faced with the urging of several people, the secretary knew that selling the secret would provoke public anger, so he didn’t delay, he pressed his hand and signaled them to be quiet first, then Only then did he slowly say, “Actually, I didn’t know it until soon, no, I should say, it won’t be long. You all know that Secretary Tong sometimes runs to the bathroom to vomit during work, right?”

“Yes, we’re still talking about it. Is she seriously ill, but Secretary Tong said that she is not sick, but her stomach is uncomfortable, so we didn’t think about it, but now that I think about it, this seems to be a proof that she is pregnant.”

“It seems to be true. “

The secretary smiled, “The reason why you never think about pregnancy is because you have never been married or have had children, so you don’t know that there will be such a pregnancy reaction in the early stages of pregnancy, but I was married and had children, so I suspected that Secretary Tong might be pregnant long ago. The first time I might have been dealt with by Secretary Tong, I felt that she was really just uncomfortable, but after a few times she It’s definitely not possible, who could not go to the hospital for an upset stomach and let himself vomit like this every now and then?”

“Of course it’s a pregnant woman.” Someone blurted out.

“That’s right.” The secretary patted the armrest of the chair, “Only pregnant women will not pay attention to the situation of vomiting from time to time, and will not be nervous and worried about whether she has some terminal illness, because she knows that she is not sick, but she is pregnant. Well, until two days ago, I encountered Secretary Tong vomiting in the bathroom again, and finally I couldn’t help stepping up to ask her if she was pregnant.”

“Did Secretary Tong admit it?” Several secretary assistants asked hurriedly.

Lu Qi’s hand, which was grabbing at the corner of the wall, also wrinkled suddenly.

The secretary shook his head, “That’s not true, but Secretary Tong’s reaction at that time was very flustered, he didn’t act calmly at all, he hurriedly dealt with me and left, so I’m very sure that Secretary Tong is pregnant. “

So, it's true that Secretary Tong is pregnant."

"I also think, why would you panic?"

"It's just that I don't understand that pregnancy means pregnancy. Everyone is an adult and has a child." It's not a big deal, why did Secretary Tong hide it from everyone?"

"Maybe it was an unmarried pregnancy?" Some people speculated, "After all, I really want to hear that Secretary Tong is getting married."

"Don't talk about marriage. Now, I haven't heard that Secretary Tong has a boyfriend, so how did this child come from? Whose is it?"

Everyone, look at me, and I look at you, no one can answer this question.

Although they are colleagues with Secretary Tong and have worked together for a long time, they actually know little about everyone's private affairs.

"Could it be that Secretary Tong was bullied? That's why Secretary Tong didn't dare let people know that she was pregnant?" At this time, someone bit his lower lip, with some uncertain guesses, "Only for this reason, it seems that Explain why Secretary Tong has no boyfriend, but is still pregnant, and is unwilling to tell others about her pregnancy. After all, being bullied and pregnant with a criminal's child is not a glorious thing. As far as I know, the whole The world's malice towards women is still relatively large. It is clearly the criminal who is at fault, but many people blame the victim and use verbal violence against the victim. Secretary Tong is probably afraid that he will be treated differently by others, as well as accused and abused. , that's why I concealed it."

"You said that, it seems that it is really possible, after all, in today's society, having children out of wedlock, although it is disgraceful, it is notIt will be viewed by everyone with colored glasses as before. If Secretary Tong's child is really because of Si Yaojiu, or because of her boyfriend, I don't think Secretary Tong will keep hiding it, as an adult. It's actually normal to kill people. It's good to admit it generously, and no one will laugh at her. After all, there are a lot of people playing in the company, so it is true that only if you are bullied by others, you will not be able to conceive a child. Admit it, it is normal for Secretary Tong not to admit it.

Everyone took a deep breath. " If

that's the case, then Secretary Tong is really pitiful." "

Perhaps, you two really got it right." "The secretary who said that Secretary Tong was pregnant, looked at everyone and said something.

Everyone was startled.

“Sister Lina, what do you mean?” You know that Secretary Tong is pregnant, it’s true.”

“I don’t know, but I think it’s very likely that you guessed it. You know, I was on duty yesterday. After you got off work, I stayed to clean the office and take out the garbage. At that time, I saw the document for the appointment of people flow in Secretary Tong’s trash can. Because of this, I was very sure that Secretary Tong was pregnant, but I didn’t think too much about why she wanted to abort the child, but now I listen to you. Secretary Tong was bullied, so there is an explanation for shedding the child! “

As soon as these words came out, before a few assistant secretaries exclaimed, there was a bang at the door of the big office, which startled everyone.

“Who is it?” Lina frowned and looked at the door unhappy.

Lu Qi slowly put away the legs that kicked open the door of the office, raised his head, revealing a dark, gloomy and cold face, “It’s me.” “

“Mr. Lu?” Everyone was stunned and stood up quickly, “Why are you here?” What’s the matter with you? “

“What you just said is true?” “Lu Qi didn’t answer everyone’s questions, but walked in, came to Lina, clenched his fists tightly, and asked through gritted teeth.
