Angry Lu Qi

“What?” Lina was asked inexplicably, her head full of question marks.

It's no wonder that she didn't react. It was Lu Qi's sudden appearance, and he looked like he was questioning aggressively and furiously. Anyone would do this.

The other secretaries and assistants also looked at each other, not knowing what was going on, let alone why Lu Qi was so angry.

“Is it true that you said that Tong Xi was pregnant?” Lu Qi clenched his fists, forcibly suppressed the urge to erupt in his heart, and gritted his teeth to speak again.

Lina suddenly sighed, “So you are asking this, Mr. Lu, it's true, Secretary Tong is indeed pregnant.”

Lu Qi's pupils shrank again.

Even though he had heard this at the door, and now that he heard Lina say it again, there was still a storm in his heart.

Tong Xi, she is really pregnant!

Seeing Lu Qi's strange reaction, Lina blinked her eyes in confusion, “Mr. Lu, what's wrong with you?”

Lu Qi raised his eyelids, revealing a pair of scarlet eyes, “The crowd appointment you just said is true. Is it right?”

Lina nodded, “Of course, I can't just make fun of this kind of thing with everyone, right?”

Others also nodded.

Indeed, this kind of thing is no joke.

The lack of morality is small, and if it causes any influence and trouble to Secretary Tong, it will be a big thing.

Moreover, Secretary Tong has more years of work experience as secretary assistants than them, and they have to ask Secretary Tong for many things.

Secretary Tong is also very good. Anyone who asks her for advice will give her all the money and help them if they have any difficulties.

Such a good senior, they can't just spread rumors.

That's not revenge.

It's saying that even if they have just discussed Secretary Tong's pregnancy, they only want to know about it themselves, and they haven't thought about rumors.

I'm afraid that it will be troublesome if people really know that Secretary Tong is bullied and pregnant with a child.

Looking at the serious expressions of Lina and several assistant secretaries, Lu Qi's heart tightened suddenly, as if a big hand was holding his heart fiercely, and the pain made him almost unable to breathe.

Why is this so?

Lu Qi couldn't understand how he felt at the moment.

All he knew was that he was very angry, angry that Tongxi didn't tell him that she was pregnant, and angry that she actually made an assertion to get rid of the child.

Why is she doing this?

It is very likely that it is also his child, she has no right to decide whether this child will go or stay alone!

The more I thought about Lu Qi's heart, the tighter his heart became, his breathing became heavy and rapid, his handsome face, because of anger, because of other inexplicable emotions, became red and twisted at this moment, and even the blue veins on his temples bulged out. Jumping, jumping, showing the intensity of his emotions at the moment.

Lina and a few other secretary assistants next to him saw Lu Qi like this, and they were all taken aback by him. They didn't know how he could do this.

Lina stepped forward and asked with concern, "Mr. Lu, are you alright?"

Lu Qi raised a hand and waved it weakly, his voice hoarse, "I'm fine, I ask you, have you seen the flow of people? The time on the appointment document?"

He needs to know when Tong Xi's surgery will be done!

Lina lowered her eyes and thought for a while, "Yes, it seems to be this afternoon."

"This afternoon?" Lu Qi's head banged, as if it was about to explode, and was hit by the answer.

Lina nodded, "Yes, it's four o'clock this afternoon."

"You read that right?" Lu Qi stared at Lina with red eyes, as if Lina would break her neck if she said one wrong word.

This frightened Lina enough, but she still endured her timidity and nodded again, "I definitely didn't read it wrong, because it seemed that there was this in the trash can under Secretary Tong's desk at that time, so I looked at it for a while, it was This time."

"Which hospital?"

"The first hospital."

Lu Qi didn't speak any more, turned around and strode towards the door, and the figure quickly disappeared outside the door.

Lina and a few secretary assistants, look at me, I look at you, and they are all in a hurry when Lu Qi comes and goes, so they are confused.

"What's the situation? Why is Mr. Lu's mood fluctuating so much? The look of splitting eyes just now scared me to death. I've seen Mr. Lu so many times, but this is the first time I've seen Mr. Lu like this. I'm angry, but there are other emotions in this anger."

Someone shook his head, "I don't know, it's the first time I've seen Mr. Lu being so angry, and when I see him, he's always giggling. , I feel very good-tempered, and I have something to say to us secretary assistants, but I didn't expect that President Lu was so angry, so terrible, but why is he angry?"

"It seems that Secretary Tong is pregnant."

"Tong The secretary is pregnant?"

"Yes, you saw what Mr. Lu looked like just now, and Mr. Lu obviously heard us talking about this outside the door, so he kicked the door and came in. After entering, he asked Sister Lina directly. The more you ask about Secretary Tong's pregnancy, the more ugly his face becomes, so it's conceivable that Mr. Lu doesn't blame it for this."

"It makes sense, but Secretary Tong is pregnant, why

is Mr. Lu so angry?" "Probably It's because I'm fighting for Secretary Tong. You think, before Secretary Tong came to Tiancheng, he was President Lu's secretary and a college classmate of President Lu. They have a good relationship. Now I hear that

Secretary Tong may have been bullied. Pregnant, I will definitely be so angry. If it was me, my friend experienced such a thing, and I was also angry.”

“That’s true, but Sister Lina, do you think it will be like this?”

A few secretsThe book assistant talked and looked to the side without speaking, but looked at Lina absentmindedly in the direction that Lu Qi left.

Lina’s eyes flashed when she heard their voices, she came back to her senses, shook her head and smiled, “Maybe, but I don’t think it’s that simple.”

“What do you mean, Sister Lina?”

Lina shook her head. Shaking his head, he didn’t answer.

After all, she was just guessing, and she wasn’t sure yet, so don’t say it. If it wasn’t what she guessed, it would be embarrassing.

On the other side, Lu Qi hurried out of the elevator, walked to the parking lot in front of his car in three or two steps, took out the car key and pressed it, opened the door and got into the car, without even wearing his seat belt, he drove out of the parking lot. field.

The speed was so fast that the car that entered the parking lot stopped in fright, and then quickly opened the driver’s window, stuck his head out, and hurried to reincarnate in the direction of Lu Qi’s departure.

Lu Qi naturally heard about this, but he ignored it, staring at the road ahead with a gloomy face, pressing on the accelerator, wishing to press the accelerator to the end.

He must rush to the hospital as soon as possible now and ask the woman who the child in her womb belongs to.

If it was someone else’s, when did she get on with someone else?

If it was his own,

Lu Qi’s hand holding the steering wheel tightened suddenly, and the expression on his face was also gnashing of teeth.

If it was his own, he would ask her why she didn’t tell him when she was pregnant?

Didn’t he ask her if she was taking medicine?

How did she answer?

Her answer was to take medicine.

Since she took it, then she is pregnant now, which is a deception to him, which proves that she lied at the time, she did not take medicine, she lied to him!

And he wondered, what was her purpose for doing this?

Is it because you just want to get pregnant with his child, and then borrow the child to ascend to the throne?

If so, he can only tell her, daydreaming.

He didn't accept her in the past, even if she used any means, even if she threatened him with the child in her stomach, he would not let her succeed.

He Lu Qi, hated this kind of person who threatened him the most!

At this moment, Lu Qi couldn't help thinking about the conspiracy of Secretary Tong's pregnancy.

No way, it's really too timely for Secretary Tong to get pregnant.

She said at the beginning that she had taken medicine. Since she had taken medicine, why would she still be pregnant?

So he could only suspect that she didn't take medicine, she was lying to him, so as to lower his suspicions, so that she could have a lot of time to wait for the successful pregnancy of a child with peace of mind.

As long as she is pregnant with a child, she can use the child in her womb to find him and make him responsible for her.

Yep, that's for sure.

The more Lu Qi thought about it, the more he felt that this was the case. Even if he knew that Secretary Tong had made an appointment for abortion, he had not changed his mind.

There must be something wrong with the child, so she had to choose to shed.

Otherwise, she is a woman who wants to rely on her children, why should she shed her children?

But no matter what the situation is, he will make this woman who dares to lie to him, hide her pregnancy, and shed a child on her own, look good.

It was the first time that Lu Qi had grown so big, and he was being played around by a woman. If he didn't have this bad breath, he would not be Lu Qi.

"Tong Xi!" Lu Qi stared at the road ahead, as if there was a woman named Tong Xi standing there, gritted his teeth and shouted her name gloomily, as if he was going to chew her into pieces. , his voice was full of anger and hatred.

There was even an urgency that he didn't even realize.

As for what is urgent, perhaps only he himself knows.

Rong Shu doesn't know all of this for the time being.

After she sent Lu Qi away, she continued to immerse herself in the long and boring work.

It wasn't until the afternoon when Fu Jingting called, that she put down the pen, stretched, relaxed, and answered the phone with a smile, "Hello?"

Her voice was soft, revealing a hint of exhaustion.

Sitting in the car, Fu Jingting heard it, frowning slightly, "Is there a lot of work?"

"Is it alright, not much, why do you ask this?" Rong Shu curled up in the office chair and asked with a smile.

Fu Jingting parked the car on the side of the road under the Tiansheng Building, rolled down the car window and looked up at a window on the top floor of the Tiansheng Building.

There, it was the window where Rong Shu's office was.

"I heard that you are very tired." Fu Jingting said.

Rong Shu smiled and said, "I see, I'm a little tired, there are more and more documents, and I have only been in the industry for a few months. A lot of them don't. When I encounter some professional terms, I have to check their meaning, otherwise I don't know what the overall meaning is. What if I just sign my name and there is a big problem? Even some I can If you understand, but you don't understand the actual situation, you have to call and confirm with the following before you can finish a

document with confidence, so after a day of dizziness, not only your body is tired, but your heart is also tired.”

“You I haven’t systematically learned how to manage a company, so it’s normal for you not to know a lot of things. After all, you are in a temporary position, and you can only master some skills while groping at work, so you can’t learn everything at all.” Fu Jingting Putting his hand on the window, he said with his finger lightly tapping the edge of the window.

Rong Shu hummed, “Yeah, but as a novice, I haven’t made a mistake since processing so many documents. This shows that I am actually talented in business, right?”

“Of course.” Fu Jingting did not hesitate. admits she has this talent.

Rong Shu was happy, covering her lips and laughing out loud.

Fu Jingting listened to her happy laughter, and her thin lips slightly evoked a shallow arc, “But you can’t go on like this forever. It’s too slow to learn by yourself in actual work. You don’t have professional knowledge. Basically, in the later stage, when Tianzhu grows stronger, you won’t be able to keep up.”

“I know, but”

“How about going abroad to study for a while after the new year?” Fu Jingting cut off her words and gave her own suggestion.

Rong Shu was slightly startled, and her body straightened up subconsciously, “What did you say? Going to study abroad?”

“Yes, you must go to school to study professional knowledge and make up for the lack of your own foundation. Only in this way will you be able to study in the future. It is more convenient to manage Tiancheng.”

“I know that knowledge needs to be advanced, what school should I go to? How can I get in?” Rong Shu scratched her head, her face full of sadness.

This is where she hesitated.

Fu Jingting smiled softly, “You don’t have to worry about it, I will recommend the most suitable school for you. As for how to get in, don’t worry about it, I”

“Stop!” Rong Shu hurriedly made a pause, her face was deep and serious , “Don’t tell me you want to help me open the back door to enter the school. Even if you want to do this, I will not agree. I would rather not go, not go in through the back door, it will be shameful.”

As soon as Fu Jingting heard her interrupting herself, she knew that she was sure Misunderstood again.

Seeing her say that now, it's true.

This misunderstanding is quite deep.

Fu Jingting supported his forehead, although there was a helpless smile on his face, but his eyes were really pampered, "Who said I'm going to help you through the back door, I just want to tell you that the school I want to recommend you will meet at the beginning of the second half of next year. For global admissions, I have a way, I can help you sign up, and you will take the test yourself."

He knew that she would not accept him and directly arrange her to enter the school, so from the beginning, he did not plan to do this, but prepared to let She tested herself.

With her self-esteem, this arrangement is the most suitable of.

Sure enough, hearing Fu Jingting say this, Rong Shu calmed down and smiled a little embarrassedly, "So that's the case, sorry Jingting, I thought"

"It's okay, I didn't make it clear myself. So what are your thoughts now?" Fu Jingting asked with his arms bent and his head supported.

Rong Shu bit her lower lip, and instead of giving her own answer immediately, she lowered her head and thought.

She is very excited.

But studying abroad is not a trivial matter.

Because she didn't know when she would come back after she left. After she left, who should Tian Sheng be in charge of?

These are all things that she needs to consider carefully.

Fu Jingting also knew what she was hesitating, so he didn't urge her and waited patiently for her answer.

After waiting for about two minutes, Rong Shu rubbed his temples and sighed, "You just said that we will enroll students in the second half of next year, which means that I only have less than half a year to prepare for the exam, right?"

"That's right." Fu Jingting nodded.

Rong Shu bit her lip, "The time is so short, and I don't have the slightest foundation, can I pass the exam?"

She expressed that she had no confidence at all.

Fu Jingting lightly smiled and reassured, "Don't worry, don't forget me. In the past six months, I will be your teacher and help you with all my heart. I believe that with my guidance, it is an inevitable fact that you will pass the exam."

Rong Shu smiled, "Are you praising yourself?"

Fu Jingting curled his lips, "Then you don't have confidence in me?"

Rong Shu stuck out her tongue, "President Fu, who has several doctorates, what should I do? Maybe I don't have confidence in you, I just don't have confidence in myself, I don't know if my brain is smart or not, what if I can't learn?"

"No, believe in yourself, and for the sake of Tiancheng, you have to study, you must study, and you must be admitted to this school, understand?" Fu Jingting looked quite serious at this moment.

Encountering Duan Xingbang

Rong Shu also knew the importance of studying abroad for herself.

So of course she didn't refute the man's words.

"It's just" Rong Shu bit her lip, her face full of embarrassment, "I'm gone, who will Tiancheng leave to?"

This is her biggest dilemma right now.

The man chuckled, "Find a professional manager, or when the time comes, I can send someone to take care of it, just let Zhang Cheng go, what do you think?"

Rong Shu smiled, "Assistant Zhang will not be taken by you until next year. Delegated to a technology company in Jiangcheng, do you want to be the president of this branch? And your technology branch is also a listed company. You asked Assistant Zhang, who was supposed to manage a listed company, to run my small company, isn't it? Is it

overkill? I'm sorry for Assistant Zhang's ability. Even if Assistant Zhang doesn't mind, I feel sorry for him, I feel that it will delay him."

"So you mean, tend to be professional managers?" Fu Jingting raised his eyebrows.

Rong Shu hummed, "That's the only way to do it, but I'm not very concerned about general professional managers. I haven't contacted anyone in this field myself, why don't you help me choose one?"

"That counts . What, okay, I'll help you arrange it then, what's your decision now?" the man asked again.

Rong Shu took a breath, "I took the test, you're right, whether it's for me or Tiancheng, I must go to further studies, now that Tiansheng's management work has been solved in the future, I will naturally have no problem. , you can prepare for the exam with peace of mind, but still the same sentence, I have no foundation, and I have to learn everything from scratch, so Mr. Fu, I will trouble you for the next six months."

She smiled.

Fu Jingting's brows rose again, "Mr. Fu?"

"Yeah, didn't you say you wanted to teach me? So it's right to call you Teacher Fu." Rong Shu covered her lips and smiled.

Fu Jingting twitched his thumb, his eyes twinkling, "It's a good name, but I like it better, you can call it somewhere else."

"Call a place? Why?" Rong Shu was puzzled.

Fu Jingting pursed his lips, "It's more passionate."

Rong Shu instantly understood what he meant, her face flushed, angry and funny, "What are you talking about? Really, you are talking nonsense anytime, anywhere. "

Fu Jingting chuckled.

"Okay, don't talk about this. You're saying that I'm going to be angry. I'm telling you seriously, you're always a fool."

"My fault."

"It's your fault, anyway, for the next six months. , I'm really bothering you, because I don't have the foundation, it may be very difficult for me to learn, so don't kill me when that time comes." Rong Shu said uneasy.

Fu Jingting's expression softened, "No, a teacher who can kill students is not a qualified teacher, a qualified teacher guides students with appropriate methods, don't worry, I won't kill you, I will only use The best way is to let you master this knowledge as soon as possible, so that you can be successfully admitted to that school."

Listening to the man's assurance, Rong Shu was no longer worried, and even her confidence was now high, I think I might actually pass the exam.

After all, no matter what, if you don't have confidence in yourself, you should have a little confidence in men.

"Okay, let's not talk about it, are you done?" Fu Jingting put his hands in from the car window, sat up straight and asked.

Rong Shu rubbed her eyes, "It's almost there."

"Then come down, I'm downstairs."

"You're downstairs?" Rong Shu was slightly surprised.

Fu Jingting snorted, "I just arrived."

"Okay, then I'll come down immediately, you wait for me, soon." Rong Shu said, and stood up quickly.

Fu Jingting could hear the sound of the chair sliding when she got up, and said softly, "Don't worry, just slow down, I'll call Zhang Cheng in a moment and ask him to prepare the registration materials and teaching materials, and wait until he is ready. After that, every night, I will teach you two hours."

"Okay." Rong Shu nodded happily.

Fu Jingting said again, "Two hours is short, but what I teach you is the most suitable for exams, after all, half a year is too short, I can't teach you everything, and you can't absorb it, just teach you enough to handle the exam. The things you want are enough, and the rest, you have to work hard in school."

Rong Shu was very warm in her heart, and the expression on her face was also gentle as if it was about to melt, "Well, I know, for I am a newcomer, this is the best arrangement, you are very thoughtful for me, Fu Jingting, thank you."

"Between you and me, don't say thank you, come down, I will wait for you."

"Okay." Rong. Shu nodded.

After hanging up, she put the phone to her heart and posted a sticker, then smiled, picked up her bag, and walked out of the office quickly.

In the elevator, Rong Shu and a secretary took the elevator down together.

The secretary looked at the red-faced Rong Shu, guessed something, and asked with a smile, "Chairman, seeing you smiling so happily and sweetly, is President Fu coming to pick you up again?"

Rong Shu glanced at her in surprise. , "You know all this?"

"You laughed so sweetly, you guessed it as soon as you guessed it." The secretary said with a smile.

Rong Shu flipped her hair a little embarrassedly, "Yes, he's downstairs."

"No wonder the chairman and President Fu are really happy."

"Now they are happy, but who knows in the future?" Rong Shu shook his head and laughed.

The secretary shrugged, "Who knows what will happen in the future, at least I am happy now. As for the future, I will talk about it later, right? Chairman?"

"You're right, the most important thing right now is to live in the moment and be happy now, and you should cherish this happiness, and talk about it later." After the

words were finished, the elevator dinged.

Rong Shu lifted the bag chain on his shoulder , "Okay, here we are, I'll go first, you should pay attention to safety on your way to work, see you tomorrow."

"Chairman, see you tomorrow." The secretary stood in the elevator and waved at Rong Shu He waved his hand, not intending to go out with Rong Shu.

After all, as an employee, there is no point in going out with the boss.

Of course, wait for the boss to leave before leaving.

Rong Shu also knew what the secretary thought, and would not force the other party. Knowing that the other party was waiting for her to leave, she did not delay, and walked out of the elevator quickly, saving the other party time.

Sure enough, after Rong Shu walked out of the elevator, the secretary finally stopped standing in the elevator, walked out, said hello to Rong Shu, and went to the exit in the other direction.

Rong Shu smiled in the direction he left, then raised his feet and continued to walk towards the front door.

Just after walking a few steps, a few people walked in outside the gate, all middle-aged men in suits and leather shoes, led by the president of Tiancheng, Duan Xingbang.

Rong Shu frowned slightly when she saw Duan Xingbang, and she felt unlucky to meet him here.

These days, I don't know what Duan Xingbang is doing, and he is often not in Tiancheng.

Although curious, Rong Shu never went to ask Duan Xingbang's whereabouts, and at first he was not interested.

Then, if you ask questions, you may not get an answer.

So it's better not to ask anything at the beginning and let him go.

No matter what he pays attention to, it's good to be careful and cautious.

But I didn't expect that Duan Xingbang, who had disappeared for a while, actually appeared at this time.

Duan Xingbang also saw Rong Shu, and seemed to think of something, and it seemed that he hated Rong Shu in the first place. At this moment, an old face that was originally gloomy became more gloomy, as if water was about to drip.

He stopped and stood there, staring at Rong Shu.

The few people behind him naturally stopped with him and looked at Rong Shu.

A gift for grandmother

Rong Shu certainly felt the maliciousness from Duan Xingbang.

After all, this kind of malice does not exist now, it has existed since the beginning.

So in the face of Duan Xingbang's malicious gaze, her expression didn't change at all, as if she didn't see anything, she walked forward without looking sideways, passed Duan Xingbang directly, and exited the Tiancheng gate.

Duan Xingbang saw that he had completely ignored Rong Shu, and his hands were shaking with anger.

The cronies behind him are even more indignant, "Mr. Duan, she is too arrogant. Even if she is the chairman, she is also your junior. Seeing you don't even say hello, there's no politeness at all."

Duan Xingbang sneered, "There is Fu Jingting behind her. Of course she has the right to be so arrogant, but wait, one day, I will make her arrogant."

"President Duan said that." Totally agree and have confidence.

"Okay, stop flattering and let's go." Duan Xingbang turned his head and glanced at the direction Rong Shu left, then withdrew his gaze, calmed down reluctantly, and walked towards the elevator.

Rong Shu didn't know what Duan Xingbang and others were talking about behind his back after she left.

She didn't want to know, nor was interested in knowing. After seeing Fu Jingting's car, she smiled and waved and trotted over.

Seeing this, Fu Jingting quickly opened the door and got out of the car, spreading his arms.

The next second, Rong Shu jumped directly into his arms, and was hugged by him.

"What are you doing running so fast, so you're not afraid of falling?" Fu Jingting put one hand on Rong Shu's back and put the other hand on top of her head, and touched it lightly.

Rong Shu raised her head to look at him, "Isn't it that I don't want you to wait too long?"

"Even if you don't want me to wait too long, you can't do this. Besides, I never thought it was a hassle to wait for you, I was willing to wait for you." Fu Jingting kissed her forehead and said.

Rong Shu saw passers-by pass by them, and saw them kissing and kissing her, and she smiled ambiguous and blessed, her face flushed, and she felt a little embarrassed.

“Okay, I see. Let me go first, let’s get in the car first. There are so many people here, and everyone is looking at us when they pass by. I’m very embarrassed.” Rong Shu patted the man’s chest lightly and said. .

The man knew that she was thin-skinned and didn’t like to be seen being intimate. After rubbing her hair dotingly, the man respected her and let go of her, “Okay, get in the car.”

He held her hand. , went around the front of the car to the co-pilot on the other side, and opened the co-pilot’s door.

Rong Shu bent over to get into the car, took off the bag on her shoulder and put it on her lap, and then handed another bag to Fu Jingting, “You can put this in the back seat, it won’t fit here.”

“What is this?” Fu Jingting took the bag, opened it and glanced at it, but the contents inside were completely covered by other bags, and he couldn’t see what was inside.

Rong Shu fastened her seat belt and replied, “Aren’t we going to see my grandmother tonight? I’m so embarrassed to come to the door empty-handed, but I don’t have time to prepare gifts during the day, just in the afternoon, Ah got up and took a trip to Tiancheng. There are a lot of dried mountain treasures from my aunt’s mother’s family. I thought that stewing these things would be good for the old man’s body, so I freed up some of them and prepared to take them to my grandmother in the old house.”

“Lu Qi sent them?” Fu Jingting immediately wrinkled. raised his eyebrows.

Knowing that he was eating again, Rong Shu felt that it was sent by a rival in love, so she shook her head amusingly, “It wasn’t from Ah Qi, it was brought to me by my aunt when she returned to her mother’s house, she knew that I like to eat these, so these are all It was given by my aunt, and I just asked Ah Qi to help me bring Tiancheng, which has nothing to do with Ah Qi, how about my Mr. Fu, are you feeling more comfortable now?” The

phrase ‘my Mr. Fu’ was immediately stroked. The sour taste in Fu Jingting’s heart was calmed, and he was in a better mood.

He raised his chin slightly. Although his expression was still handsome and elegant, there was a faint smile and satisfaction in his eyes, “It’s better, I’ll thank my aunt for my grandmother.”

“Don’t worry, I will convey your thanks to my aunt. Well, let’s go, it will be late.” Rong Shu inserted the buckle of the seat belt into the lock.

Fu Jingting also opened the back seat door, put the bag on the back seat, then closed the back seat door and replied, “Let’s go.”

He walked around the rear of the car to the driver's seat, opened the door and got in the car, and drove to Fu's old house. .

At the same time, the Liu family.

Liu Linlin returned to China in the morning. After she came back, she couldn't bear the exhaustion of her body. She went back to her room and fell asleep. She slept until now before waking up.

After waking up, as soon as I went downstairs, I heard the voice of grandpa and dad arguing from downstairs, as well as the voice of mother's comfort and persuasion.

Liu Linlin subconsciously eased her footsteps, and slowly fell while leaning on the railing.

As he got closer and closer to the downstairs, the voices coming from downstairs became clearer and clearer.

The first thing that came out was his father's humble and cowardly apology, "Dad, don't scold me, I know I'm wrong, you've been scolding me all afternoon, haven't you finished? It's useless, things have been messed up, you can still solve the problem if you scold me?"

"Yes, Dad, calm down." Father Liu's wife sat next to Father Liu, pouring tea for the father and son, while helping Liu father persuaded Liu Lao.

Mr. Liu took the teacup and looked at the couple on the opposite side with indifference, "You have the nerve to say it."

He put down the teacup heavily, and pointed at Father Liu with trembling fingers, "Before I go, I will tell you everything. Said, let your attitude be better, and the gifts will be delivered to the place. Apologize to the woman and coax her well. That Rong Shu is a poor daughter, and she must be very vain in her bones, otherwise, why would it be repeated over and over again? Why don't you let Jing Ting go? As long as we coax her well and promise to think of her in the future, maybe she will soften. If you say good things in front of Jing Ting, Jing Ting will forgive us, and you promised well at that time. Yes, I promised to do it, but what happened? How did you actually do it? You didn't bring the gift, and your attitude was so arrogant, you just pissed me off!"

Speaking of this, Liu Lao blew his beard and stared, "Don't talk about Rong Shu, it's you Laozi, I see someone begging me, but I don't bring gifts, and my attitude is still arrogant. I will drive them out." After such a scolding, I couldn't help shrinking my neck, "How could I have thought that this woman is so realistic? At first, I promised to apologize and give gifts, but then I thought why? We talked to Jing Ting. What's the relationship? Even if we do something wrong, she is an outsider. She should forgive us without waiting for us to speak, and help us intercede with Jing Ting. After all, you are Jing Ting's teacher.

Our Liu family has a good relationship with Fu family. , if she doesn't do this, don't blame our Liu family for not supporting her with Jing Ting, just make some stumbles and she can break up with Jing Ting, so"

"So you take my The order was left behind?"

Father Liu lowered his head silently.

Old Liu's face turned blue, and he pointed at Father Liu's nose and scolded, "You are so stupid, no wonder many people in the company say that you can't support the wall with mud, and that the company will be handed over to you to close down sooner or later."

"Who? Who? Dare to say that? I fired him!" Father Liu stood up angrily.

Never Apologize

Seeing this, Mother Liu quickly pulled him back and sat down again.

Mr. Liu sneered when he saw Father Liu's annoyed look, "You fired? Can you be fired? Don't think that you don't know what you usually look like in the company, thinking that there are many talents in the company anyway, and Fu's help, so I don't even bother to talk about your incompetence. People in the company call you a waste, and I don't even know it. After all, you are a waste. Now you still want to fire people. I tell you, if you want to fire, the company There must be half of the people who will have to leave, then it will be a shell company, you will do it alone?"

Father Liu replied with aggrieved, "Dad, how can I be so useless as you said?"

"Hmph, everywhere. Yes, you don't admit it yourself." Liu Lao said with disgust, "You even forget what my front foot told you to do with your back foot, and do it according to your own ideas, but you screw it up, and you say you're not a waste?"

"Where is my waste? I just did it according to normal thinking and logic. Who knew that Rong Shu didn't buy it at all, and didn't follow the routine I expected at all, so things were messed up, that woman is simply oily No salt, if other women, since our Liu family and Fu family are family friends, and you are Teacher Jing Ting, they would have come to flatter us a long time ago. Now that we have good things to say to Jing Ting, she is indifferent."

Father Liu's remarks can be said to be full of resentment.

Not only did they not realize that it was their Liu family who were at fault, others would take the initiative to forgive their Liu family without looking at their Liu family's sake.

After all, no one owes their Liu family, and their Liu family doesn't deserve to be licked by everyone.

But from Father Liu's point of view, it was Rong Shu's fault that Rong Shu didn't take the initiative to forgive their Liu family or lick their Liu family.

Rong Shu just did heinous things.

Not to mention Father Liu, even Elder Liu actually felt that Rong Shu should take the initiative to forgive their Liu family, but after all, he took decades more salt than Father Liu.

In terms of handling things, he is also more thoughtful than Father Liu.

So even if Liu Lao thought so, he wouldn't express it directly, just squinted his eyes and said coldly, "Of course she can be indifferent, before what Lin Lin did broke out, Rong Shu didn't know that you, Laozi, and I were with her. Who was higher in Jing Ting's mind? At that time, Rong Shu might still be holding our Liu family, but after the incident broke out, Jing Ting stood on Rong Shu's side without any hesitation, leaving us with Liu's family. The relationship between the family, this shows that in Jing Ting's mind, the status of Rong Shu is obviously higher than that of you and me, so after realizing this, Rong Shu can of course not worry about our Liu family or hold our Liu family. She can be even more arrogant and ignore our Liu family."

"Jing Ting definitely doesn't really like that woman, and it must be because that woman has the handle of Jing Ting in her hands, so Jing Ting has to be more biased towards her and put aside peace. The relationship between our Liu family." Father Liu gritted his teeth, determined not to think or believe that Fu Jingting turned to Rong Shu because of his love for Rong Shu.

Even Liu Linlin, who was standing on the stairs eavesdropping, nodded hurriedly.

Yes, Dad was right.

Brother Jing Ting never likes that woman Rong Shu.

The only person Jing Ting ever liked was the woman Gu Manyin.

Although the woman Gu Manyin is dead now, brother Jing Ting will not fall in love with Rong Shu.

She is the only one who can live in brother Jing Ting's heart again, Liu Linlin.

Thinking about it, Liu Linlin tightened her hand holding the railing, her long fingernails dotted with drills, and the railing was buckled with a shrill sound.

The voices from downstairs continued.

“No matter what reason Jing Ting prefers to Rong Shu’s woman, it is a fact that Jing Ting prefers Rong Shu to alienate our Liu family. On her side, she can do this without fear, and she doesn’t have to worry about what we will do to her. Everything depends on Jing Ting. Once we do something to her, she can make Jing Ting hate us even more. It is still us who will lose more than the gains, and we must not really cut off contact with Jing Ting and Fu’s family. Once we do, what will happen to our Liu family, I think you should know!”

Liu Lao stared at Liu’s father with deep eyes.

Father Liu bowed his head knowingly, “I know, this is my fault, I screwed it up, why don’t I come to the door to find her once? This time I will apologize properly? The woman said, as long as I have a better attitude, bring gifts, and bring Linlin too, maybe I can.”

Before Liu’s father’s words were finished, Liu Linlin couldn’t listen anymore, ran down quickly and interrupted him, “No, I If you don’t go, I will never apologize to that woman.”

“Linlin, you woke up.” As soon as Liu Lao saw his granddaughter, his gloomy old face suddenly became kind and kind like a melting iceberg.

Liu’s father and Liu’s mother are the same.

Mother Liu stepped forward, pulled Liu Linlin over, and sat down between herself and her husband, “Linlin,

did you sleep well?” Liu Linlin ignored her mother’s question, and even touched her mother’s hand gently on her head. He took it away, clenched his hands, looked at Mr. Liu opposite him, and said eagerly, “Grandpa, I won’t apologize to Rong Shu, I won’t apologize to that woman, you know, I love brother Jing Ting, I don’t want to apologize. I have also shouldered the task of the in-laws of Liu and Fu. If I apologize to that Rong Shu at this time, it means that I will bow her head, so that even if I beat her down and be with brother Jing Ting, I will also I feel that I am one section shorter than her, not to mention, I am a dignified daughter of the Liu family. In terms of status, isn’t she more honorable than her, an orphan adopted by the Rong family? Let me apologize to her, she is not worthy!”

“Yeah Dad, asking Linlin to apologize to that girl, isn’t that humiliating Linlin and bringing down the lintel of our Liu family?” Liu’s mother also looked at Liu Lao anxiously and said.

Father Liu nodded again and again, "My daughter, I'm reluctant to say a word and ask Linlin to apologize, that's even worse."

Liu Lao rubbed his temples, "Don't worry, my granddaughter, of course I won't ignore it. Her willingness, forced her to apologize, just as Linlin said just now, she has the task of promoting the in-laws of Liu and Fu, that is to say, she must marry Jing Ting in the future, then I will naturally be even more reluctant. She would make her apologize to the woman Rong Shu. Once she apologized, it would indeed mean that Linlin lost to that woman and bowed her head. In the future, when Linlin married Jingting, the outside world could not decide how to laugh at Linlin. It's a joke about our Liu family."

"So, Grandpa, I don't need to apologize, right?" Liu Linlin laughed in excitement and surprise.

Liu Lao nodded, "That's right."

"But if Linlin doesn't apologize, wouldn't it be impossible for Rong Shu to get through?" Father Liu was worried again at this moment.

Mr. Liu glanced at him, "I've thought about this for a long time. From the beginning, I didn't plan to ask Linlin to apologize, so I gave up going the way of Rongshu and let her be in Jingting. There are good things to say there."

"Has grandpa already thought of other solutions?" Liu Linlin's eyes lit up.

Seeing that his granddaughter guessed what he was thinking at once, Mr. Liu couldn't be more proud.

His granddaughter is smart.

"That's right, grandpa is going to hold a banquet for you, a banquet to announce your return to the world, and I have already sent out the invitation this afternoon." Mr. Liu narrowed his eyes.

Liu Family's Conspiracy

Liu Linlin is indeed very smart, she guessed the old man's purpose at once, and smiled excitedly, "Grandpa means, use this banquet to invite Brother Jing Ting over, so that we will have the opportunity to meet Brother Jing Ting, Relax the relationship, don't be like now, can't do anything, even see the face of Jing Ting's brother."

“Lin Lin is right, that’s what I mean.” Liu Lao looked at his granddaughter with relief, eyes full of pride.

In his opinion, his granddaughter has no problems and is excellent everywhere.

Father Liu frowned at the moment, “Dad, what if Jing Ting doesn’t attend the banquet? Then, won’t we be able to see him?”

When this question came up, Liu Linlin became nervous. “Yes, Grandpa, what if Brother Jingting really doesn’t go there? I haven’t seen Brother Jingting for almost seven years, I”

“Linlin, don’t worry, don’t worry, Grandpa will let you see Jingting. Court.” Liu Lao narrowed a pair of sharp and shrewd old eyes.

Liu Linlin’s eyes lit up, “Grandpa has an idea?”

Liu Lao nodded, “Yes, Jing Ting will definitely come, then, in order to promote the connection between you and Jing Ting, Grandpa needs you to do one more thing. This matter may make you sacrifice some things, but in order to let you be with Jing Ting, and let our Liu family and Fu family become in-laws completely, Linlin, you have to sacrifice, Linlin, can you understand grandpa? ?”

He looked at his granddaughter.

Father Liu and Mother Liu looked at the old man and then at the daughter, full of confusion.

“Dad, what do you want Linlin to do? Don’t mess around.”

“Yes, Dad.” The

couple love their daughter so much, they are very worried at this moment.

But neither the old man nor Liu Linlin paid any attention to the couple at the moment.

In Liu Linlin’s eyes, only Lao Lao and what Liu Lao had just said.

She was a little smarter than her parents, so she understood the meaning of Liu Lao’s words at once, and also knew what Liu Lao wanted her to sacrifice, and her excited heart beat rapidly.

“Grandpa I understand, don’t worry, I will definitely succeed.” Liu Linlin put her hands on her knees, clenching them tightly, suppressing her inner excitement, and watching the old man answer seriously.

When the old man saw that she understood what he meant, he smiled again with relief, "As expected of my granddaughter, well, it's getting late, let's go and accompany grandpa to dinner."

"Well." Liu Linlin stood up and hugged her. Living on Liu Lao's arm, the grandfather and grandson walked towards the restaurant intimately.

As for Liu's father and Liu's mother, they were left behind by their grandfather and grandson, and they didn't ask a single question.

The husband and wife stood up, looked at the backs of their grandfather and grandson, and looked at each other.

Liu's mother frowned, and her face was full of sorrow, "Husband, what do you mean by their grandfather and grandson? Do you understand?"

"No." Liu's father shook his head truthfully.

In this family, he is still very self-aware, knowing that his IQ is inferior to that of his father and daughter.

Many times, the daughter understands the words of the father at once, but it takes a long time for her to think about it.

For this reason, many times fathers and daughters are the same as now, talking on their own, with no intention of telling him in detail at all.

Over time, he would not be surprised.

Don't say it, don't say it, anyway, the father and daughter are sure of it.

"Let's go, let's eat." Father Liu took Mother Liu's hand.

Liu's mother was still uneasy, "I hope father and Linlin don't mess up too much. The situation is already very bad. If it gets worse, it will be troublesome."

"No." Liu's father nodded assuredly.

Seeing him say that, Mother Liu smiled reluctantly and said no more.

At the dinner table, Liu Linlin and Liu Lao chatted and laughed.

Probably because he felt that after the banquet, everything could be resolved, so the atmosphere in the Liu family became extraordinarily relaxed at this moment, and there was no longer the nervousness that he had been worried about Fu Jingting's alienation from the Liu family at first.

After a meal, Liu Linlin learned from Mr. Liu and Mr. Liu's father and Mrs. Liu what had happened in China over the years.

Especially for the emotional entanglement between Fu Jingting and Rong Shu, I also understand more clearly.

But she still believed that Fu Jingting reunited with Rong Shu, not because she loved Rong Shu, but because Rong Shu had a handle in her hand, so she had to reunite with Rong Shu.

Not only her, Liu Lao Liu's father and Liu mother also think so.

In their opinion, Rong Shu wants to have no family background. How could an orphan who does not know who her biological parents are, how could Fu Jingting really like her.

All in all, they believed that as long as Fu Jingting didn't really love Rong Shu to be with Rong Shu, they would have a way to help Fu Jingting get out of Rong Shu's control.

At that time, Jing Ting will definitely be more grateful to them, right?

After the meal, Liu Linlin was ready to go back to her room.

Just as she was about to go upstairs, Liu's mother suddenly grabbed her, "Linlin."

"What's wrong, mother?" Liu Linlin turned around and looked at her mother with a cute baby face suspiciously.

Mother Liu sighed, "Linlin, my mother just wanted to tell you that you want to be with Jing Ting. In addition to the obstacle of Rong Shu, there is also a daughter of the Wang family."

"The daughter of the Wang family?" Liu Linlin's baby face Suddenly he sank, "Mom, are you talking about the Wang family, which is the seafood business?"

"That's right." Mother Liu nodded, "The Wang family's business has plummeted recently, and they have been trying to find a way to get in touch with the big family. What they are looking at is your scene Brother Ting, I heard that I am still inquiring about the invitation letter for the shopping mall banquet. Your brother Jing Ting has already decided to attend this shopping mall banquet. Although I don't know what it means to participate in this banquet as him, but after the Wang family found out, it was I tried every means to find a channel to get this invitation letter, in order to make friends with your brother Jing Ting at the banquet and introduce their daughter to your brother Jing Ting. Hearing this, Liu Linlin smiled disdainfully, "

Even the daughter of the Wang family who smells of sea is also compatible with Xiao Xiang and my brother Jing Ting. There is no door. Mom, did they get the invitation letter?" "

"I got it." "Mother Liu nodded," I heard that the time limit for using a pier was given up and I got an invitation letter from someone else. "

"What? "Liu Linlin's face suddenly became ugly." They really got them. Then, won't they be able to get in touch with Jing Ting's brother? No, it's enough to have Rong Shu as a hindrance. There must be no more. Mom, does our Liu family have an invitation letter? Mother

Liu's face was also a little bad. "No, the protagonist of this shopping mall banquet did not send an invitation letter to our Liu family. First of all, our Liu family's industry has nothing to do with them, and it is meaningless to invite them, and secondly, our Liu family is in position. We can't compare to their home, so they don't give us anything because they don't look down on us. "

Liu Linlin gritted her teeth," Don't they know that my grandfather is the teacher of Jing Ting's brother? From this level of identity, they should also give it. "

So what? Although their family can't compare to the Fu family, they don't need to invite us out of your elder brother Jing Ting's face, not to mention that your elder brother Jing Ting won't have anything to do with their family because of such trivial matters." What opinion, after all, who to invite, is their freedom. "

Then we can't attend the banquet and stop the Wang family?" "Liu Linlin's angry baby face was distorted.

The original cute loli-like face was now distorted like a puppet doll in a horror movie, very gloomy.

Block directly

"No, I can't just sit back and wait." Liu Linlin held the palm of her hand, her eyes bursting with chilling sinister poison, "I can't get rid of Rong Shu right away for the time being, but for the Wang family, I don't have to worry about it."

"Linlin, What do you want to do?" Mother Liu looked at her in horror.

Liu Linlin wickedly hooked her lips, "Don't worry Mom, didn't the Wang family want to climb high branches and marry big brother Jing Ting, then I'll let the Wang family get rid of this idea completely, big brother Jing Ting can only be mine, no one can take it away, wait Come on, on the day of this shopping mall banquet, the Wang family will no longer dare to make up their minds."

After speaking, Liu Linlin ignored Mother Liu and walked upstairs quickly.

After going upstairs, she immediately took out her mobile phone, pulled out a phone number that she looked at almost every day abroad, and had been deeply engraved in her bones and soul, and she would never forget it, and gently stroked it. , then took a deep breath and dialed the number.

During the call, her heartbeat became very fast, her little face was flushed, and she returned to her cute and shy look, and she could no longer see the twisted and gloomy look downstairs before.

At this time, Liu Linlin was exactly like the nervous and shy look of a little daughter when she secretly contacts her sweetheart.

In fact, she is indeed contacting her sweetheart.

She has not seen her sweetheart for seven years, nor has she contacted her sweetheart.

So as soon as she gets in touch now, she is subconsciously nervous and shy, and even a little timid and afraid.

The timid thing, how will I talk to brother Jing Ting in a while.

What I'm afraid of is, will brother Jing Ting answer her call?

Liu Linlin bit her lower lip, her heart full of unease.

On the other side, Fu Jingting had already driven Rong Shu to the gate of the old house.

As soon as the car was parked, the phone in the pocket of the suit rang.

Fu Jingting unfastened his seat belt, reached out and took out his mobile phone. When he saw the caller ID, his expression changed slightly, and the breath all over his body sank.

Rong Shu noticed the man's abnormality, loosened the seat belt, and turned to look at him, "What's the matter? Whose phone number?"

“Liu Linlin.” Fu Jingting did not hide it, and handed her the phone to take a look.

Rong Shu saw that the three characters Liu Linlin were constantly jumping on his caller ID, and couldn't help raising her eyebrows, “She actually called you, do you want to answer?”

“No answer, it's just a harassing call.” Fu Jingting took back the phone and refused to answer the call without hesitation.

It wasn't over yet. After refusing to listen, he even put the call on the blacklist, and his actions were very clean and aborted, and he completed it in one go.

Looking at Rong Shu, he smirked, “People like you so much. Are you afraid of hurting people's hearts by doing this?”

Fu Jingting put away the phone, and said lightly, “It's none of my business whether she's hurt or not? I only care about you. I don't care about the people next to me, don't you feel happy when you see me doing that just now?”

Rong Shu blushed and snorted, “Okay, get out of the car, just now. When we were on the road, my grandmother was calling to ask where we were, and we left.” After

that, she opened the door and got out of the car quickly.

Seeing her shyly slipping away again, Fu Jingting shook his head helplessly and smiled, and got out of the car.

On the other end of the phone, Liu Linlin was still expecting Fu Jingting to answer her phone.

As a result, it took more than ten seconds to make the call, and it was obviously painful, but finally a prompt popped up that the other party had hung up, and the whole person was not well.

Brother Jing Ting hung up her phone?

Liu Linlin's eyes widened, she couldn't believe it.

In her opinion, Fu Jingting should not hang up her phone.

They have not seen each other for seven years.

She called him, shouldn't he happily answer it?

Why would you hang up her phone?

Liu Linlin frightened her lower lip, her eyes were red, and there was a mist in front of her eyes.

No, she has to call again.

Maybe brother Jing Ting just accidentally pressed the hang up button, didn't he deliberately not answer her call?

Yes, it must be, it must be!

Liu Linlin told herself this in her heart like a madman. At the same time, she kept moving her hands and called Fu Jingting again.

However, this time, instead of the dialing interface, a cold mechanical female voice came out: "Hello, the number you dialed is currently on the phone, please try again later."

"Ah!" Liu Linlin couldn't listen anymore, full of Anger, he smashed the phone out.

She was blocked!

Brother Jing Ting, block her!

She would never believe it was such a coincidence that someone would call Brother Jing Ting at this time.

After all, the phone call I just made was connected, and if I call it again now, it will become a call. How can it be such a coincidence?

This only shows that she was blocked by brother Jing Ting.

"Woooooo" Liu Linlin couldn't take it anymore, curled up on the bed, hugged her knees and cried.

Rong Shu and Fu Jingting didn't know all of this.

But even if they knew, they wouldn't care.

To them, Liu Linlin was just a passerby, and they didn't need to worry about it at all.

What's more, Liu Linlin offended them, so they wouldn't care.

"Oh, young master, Miss Rong, you can count." Fu Jingting and Rong Shu walked into the gate of the old house hand in hand, and they saw Feng Ma walking over with joy.

Feng Ma came to the two of them and looked at the picture of the two of them hugging each other's hands. She couldn't close her lips when she smiled, "Just now, the old lady was still saying why you haven't arrived yet, let me come out and have a look, I didn't expect you to come out as soon as I came out. It's here, it's really good."

Rong Shu also looked at Feng Ma and smiled, "Sorry Feng Ma, there was a traffic jam on the road, so I came a little late, please wait for so long with your grandmother, and it's hard for you to come out. Take it."

"What's the matter, alright young master, Miss Rong, let's go in, dinner is ready, the old lady is already waiting for you." Feng Ma beckoned.

Jing Ting took Rong Shu's hand and followed behind Feng Ma.

The three quickly came to the restaurant, and as soon as they entered, they saw the old lady sitting on the main seat waiting for them.

When the old lady saw Rong Shu, she stood up with a smile, and walked towards Rong Shu with a cane.

Seeing this, Rong Shu hurriedly released Fu Jingting's hand, stepped forward quickly, and supported the old lady, "Grandmother, what are you doing, I just came here and can't run, what if you fall like this? "

She said while helping the old lady to go back to the main seat.

The old lady smiled and patted the back of Rong Shu's hand, "No, no, I have never left this house for most of my life, I can find the way with my eyes closed, and I won't fall, it's not been a long time I haven't seen it. Are you happy when you arrive at Shushu?"

"Me too, I haven't seen my grandmother for a long time, and I am very happy to see it today." Rong Shu helped the old lady to sit down and replied with a smile.

After the old lady sat down, she patted the seat next to her, "Sit here, Shushu, tell me how you're doing recently?"

"Okay." Rong Shu was not polite, and sat down generously, while Pour water for the old lady, and tell her life during this period with a smile.

The old lady kept looking at her with a smile and listened to her patiently. The grandmother and grandson-in-law were not too harmonious.

Fu Jingting stood at the door of the restaurant, looking with some resentment in his eyes, looking at the old and the young who had forgotten about him here, his thin lips could not help but twitch slightly.

Did they really forget about him?

And grandmother, you look at Rong Shu so kindly, don't you know that you are the pro-grandson?

Can't be a granddaughter

Although Fu Jingting's face was sour and jealous, he looked at the old man and the young man sitting in front of the dining table, but in his eyes and heart, there was a gentle smile, and there was no hint of jealousy.

It can be seen that the so-called jealousy is just what he did on purpose.

"Eldest young master, what are you still doing standing there? Come and sit down." Feng Ma, who had arranged dinner for the old lady and Rong Shu tonight, saw Fu Jingting still standing at the door of the restaurant, and hurriedly beckoned her to come over.

Feng Ma's shout also successfully attracted the attention of the old lady and Rong Shu, the old man and the young man both looked at Fu Jingting.

Seeing Fu Jingting standing there, Rong Shu suddenly reacted. She patronized and talked to her grandmother, forgetting the dog man.

Rong Shu suddenly stood up a little embarrassed, and was going to pull Fu Jingting, "I'm sorry, I forgot you, you"

"Shu Shu, don't go there." The old lady took Rong Shu's hand and pulled Rong Shu back again. He sat down in his seat, and then with a dark face, he looked at Fu Jingting with disgust as much as he disliked it, "He's so big, he still needs your invitation to come over? Don't you have long legs?"

Fu Jingting's forehead slid down a bit. There was a black line, and the tone was rather helpless, "grandmother"

"Okay, what are you shouting, I haven't come to dinner yet, such a big man, I don't understand at all, I think I am a child, I have to let people keep it all the time. Do you keep it in your heart and take care of everything you take care of?" The old lady's expression was still disgusting.

Fu Jingting supported his forehead, "I don't."

"I don't care if you have it, eat quickly, how dare you let us all wait for you alone?" The old lady glared at her eldest grandson and said angrily.

Grandson Fu's mouth twitched, knowing that what he said was wrong, he didn't say anything at all, walked over silently, walked to Rong Shu's side and sat down.

Rong Shu turned her head to look at him, covered her lips and snickered, her eyes full of urgency.

How about it?

Did you get scolded by your grandmother?

Fu Jingting understood the schadenfreude in the woman's eyes, a dim light flashed in his eyes, he reached under the table and gently scratched Rong Shu's armpit.

Rong Shu's body trembled for a moment, and the teasing of Fu Jingting on her face froze immediately, and her whole expression became strangely frozen.

The old lady took the soup handed by Feng Ma, and was about to take a sip when she saw Rong Shu sitting there stiffly, she was a little stunned, she quickly put down the spoon in her hand and asked, "Shu Shu, what's wrong? Aren't these dishes unappetizing?"

Feng Ma was preparing the old lady's dishes, and she hurriedly said, "Yeah, Miss Rong, if it doesn't suit your taste, I'll ask the kitchen to cook it for you again. You're welcome here. This is your home too."

Hearing the two old people's concern for her, Rong Shu's heart warmed, she calmed down and shook her head and replied with a smile, "I'm fine, it's not that the dishes are unpalatable, these dishes are delicious. , at first glance, it is Zhang Ma's craftsmanship, I know Zhang Ma's craftsmanship, it has always been this."

She made a thumbs up gesture, and then said, "I just got bitten by something, what is it? Bugs or something, so I suddenly lost my mind."

Bugs?

Fu Jingting raised his eyebrows, and his thin lips evoked a funny arc.

The little woman was taking revenge on him just now, turning around and calling him a worm.

“Are there bugs?” The old lady and Feng Ma didn’t know what the young couple had just done in private. When they heard Rong Shu’s words, they believed it.

“How come there are worms?” The old lady was a little puzzled.

Feng Ma was also very surprised, “Yeah, although the old house is a garden, there are indeed many insects such as insects, but the people below the house do all kinds of insect repellants every day, and in theory there should be no insects. .”

Rong Shu turned her head and glared at the man whose eyes became more and more full of smiles, and coughed softly, “Probably slipped through the net, after all, there are always some bugs that can take advantage of it.”

For example, the dog man beside her.

Didn’t she just laugh at him?

As for how he tickled her so discreetly?

Isn’t he afraid that she will react a little more and make jokes in front of grandmother and Feng Ma?

The old lady and Feng Ma didn’t think much about Rong Shu’s words, but nodded at the same time.

“Shu Shu is right, there may indeed be some small bugs that are not afraid of deworming. Tomorrow, let the people below do more careful deworming.” The old lady looked at Feng Ma’s instructions.

Feng Ma replied with a smile, “Don’t worry, old lady, I will arrange it, but now”

Rong Shu knew what Feng Ma was going to say, and waved her hand quickly, “Feng Ma, don’t worry about it now, just just A little bug sneaked in and bit me, but it’s gone now, so let’s talk about it tomorrow, let’s eat now, my grandmother waited for us for a long time, and it’s already past the usual meal time, so there’s no trouble. “

Hearing this, the old lady just felt very comforted in her heart. She took Rong Shu’s hand and looked at her lovingly, “Sure enough, Shu Shu is the best, and I feel the most distressed for this old woman.”

“Yes Ah, no matter when, the girl is the most caring.” Feng Ma also looked at Rong Shu’s approval with a smile.

“No, it’s a pity, my old woman has no daughter or granddaughter in her life. She only gave birth to one son, and the son gave birth to two grandchildren. I didn’t give birth to a granddaughter. The old lady of other people can enjoy it. To the happiness of

Xiangxiang's soft granddaughter under her knees, and my old woman, she can only face two grandchildren who are stinky and hard-tempered. What's the use of having a grandson like this?" The

old lady was talking, and her disgusting eyes turned to Fu Jingting, who had been unable to speak.

Fu Jingting rubbed his temples, somewhat helplessly amused.

Dare to love his grandson's usual caring and greetings to his grandmother, shouldn't both grandmother and Feng's mother see it?

Or, just because he is a man, his concern and greetings are not as valuable as Xiaoye?

Out of the corner of Rong Shu's eyes, she caught the depression on the faces of some men around her. Thinking of the man scratching her just now, she suddenly felt happy. Then, she also put her hand on the old lady

's hand and clenched it tightly, "Grandma, who said you don't have a granddaughter, look, I call you grandma, you can also treat me as your granddaughter!"

His eyes lit up and he was about to say yes.

Fu Jingting slapped the table and hurriedly interrupted, "No!"

Rong Shu, the old lady and Feng Ma all looked at him with six eyes.

The old lady frowned and asked, "Why not?"

Fu Jingting looked at the old lady with a dark face and a helpless tone, "Grandmother, Shushu is my wife, if she becomes your granddaughter, what will I become with her? Brother and sister. "

Uh,

when these words came out, not only the old lady, but also Rong Shu and Feng Ma were stunned.

After a while, the old lady smiled a little embarrassedly, "It seems that it is not very good."

She wanted Shu Shu to be her granddaughter, but she would not let her eldest grandson lose his wife.

"Hey, it seems that the old lady is destined to have no granddaughter in her life." The old lady sighed regretfully.

Seeing that the old lady had given up the idea of making Rong Shu a granddaughter, Fu Jingting was greatly relieved, and a faint smile appeared again on his stern face.

As for whether the old lady has a granddaughter or not, he doesn't care.

All he knew was that his wife was saved.

Want to be a family member of Fu

Looking at the man's stunned appearance after he achieved his goal, and at the old lady's sad and lonely look.

Rong Shu felt a little angry in her heart. After glaring at the man, she patted the old lady's hand lightly and comforted with a smile, "Grandma, don't listen to him, although I can't be your granddaughter, you can treat me Treat it like a granddaughter. It doesn't conflict with my relationship with Fu Jingting. Don't you think some mother-in-law treat their daughter-in-law like a daughter, but it doesn't affect the husband-wife relationship between son and daughter-in-law at all. I treat me like a granddaughter, but I don't really want to accept me as a granddaughter."

"Yes, Mrs. Rong, what Miss Rong said is right, it's not a conflict." After listening to Rong Shu's words, Feng Ma suddenly became enlightened and felt very It makes sense, let's help comfort the old lady together.

The old lady thought the same, looked at Feng Ma, and looked at Rong Shu again. Finally, her kind face regained her anger, and replied with a smile, "That's right, I'll do it in the future."

"Well. Rong Shu nodded heavily, and finally heaved a sigh of relief.

But while she was relieved, she still didn't forget the man beside her, and glared at him again.

It's all his fault.

Originally, my grandmother was in a good mood just now, and I said this to her happily.

Just because this dog man chose words and liked to be honest, it directly brought the old lady's mood to the bottom.

Fortunately, in the end, he still made the old lady happy again.

Otherwise, this dog man has sinned too much.

Fu Jingting naturally also received complaints from women and touched the tip of his nose with a guilty conscience.

He also knew that he had just eoded his grandmother.

But there is no way, if you don't speak up, maybe your wife will really become a sister.

At that time, it's me who is crying!

The small actions between Rong Shu and Fu Jingting were naturally seen by the old lady and Feng Ma.

Seeing that Rong Shu taught Fu Jingting a lesson and Fu Jingting accepted it obediently, the old lady and Feng Ma were both surprised and amused.

Surprisingly, Rong Shu was able to control Fu Jingting.

And Fu Jingting was actually willing to let go of his body and be disciplined and taught by her obediently.

What's funny is that his eldest grandson, who has been invincible all the year round, has been disciplined by Shu Shu and kept silent, which is somewhat ironic.

Feng Ma bent down, leaned close to the old lady's ear, and whispered with a smile, "Did the old lady see it? It's the first time I see the eldest young master like this. It's really interesting."

"Yeah, I used to I'm thinking, with Jing Ting's temperament, which girl can control him, and now I see Shu Shu, I know what it means to bring down one thing from one thing." The old lady replied with relief.

Feng Ma said again, "This is not one thing, one thing, this is called a natural pair, the eldest young master really loves Miss Rong, so he is willing to be controlled by Miss Rong, and Miss Rong is also because he loves the eldest young master, so I'm willing to control him, otherwise who cares so much?"

"That's right." The old lady nodded with a smile.

This dinner was really long, but the process was also extremely warm and full of laughter.

Although it was almost always between Rong Shu and the old lady and Feng Ma, Fu Jingting seldom spoke, but he kept serving dishes to the three people he cared about most, for fear that they would starve him while they were talking.

So after a meal, Rong Shu and the old lady were very full, but Fu Jingting himself didn't eat much.

But Fu Jingting doesn't care about them. For him, as long as the people he cares about are good, he will be fine.

After the meal, Fu Jingting answered Assistant Zhang's call and went to his former study in the old house to do business.

Rong Shu and Feng Ma supported the old lady and walked to the old lady's room.

On the way, Rong Shu and the old lady talked about the fact that the Liu family came to Tiancheng to find him during the day.

After listening to Rong Shu's remarks, the old lady sneered, "I knew that the Liu family is really as brazen as ever. That's what happened to the old lady who came to the old house last night to come to the house empty-handed, with a bad attitude, especially that Old man Liu felt that he had been Jing Ting's teacher for a few years, and his status could be compared to Jing Ting's grandmother. For this reason, he even spoke to me with a high-level tone and asked me to persuade Jing Ting to forgive them. It's ridiculous, just after I left, I guessed that they might look for you, but I never imagined that they were looking for you, but they still had that stinky face."

"Yeah, so I looked at you at the time. When Mr. Liu came to the door and after listening to Mr. Liu's natural words, I was stunned. How could they ask me to forgive them? They even bluntly said that they are Mr. Fu Jingting's family, and they can be regarded as Fu Jingting's family. I As someone who wants to enter the Fu family's house in the future, you should hold them in your arms, forgive them on your own initiative, and help them say good things to Fu Jingting, otherwise they will never agree to be with Fu Jingting. Look at my grandmother, how ridiculous. ."

Rong Shu supported the old lady's arm, carefully watched the old lady pass the threshold of the door, and continued, "In their eyes, they seem to be no longer the Liu family, but the Fu family, so they can use The identity of the Fu family has come to ask me how to do things."

"I have never seen such a shameless person." Feng Ma on the other side couldn't help but scolded after hearing this.

The old lady's face was cold, "Speaking of which, it was also Jing Ting who gave them the courage of the Liu family. Jing Ting thought that the old man Liu was a teacher, so he took great care of the Liu family, as long as the Liu family did not go overboard and

didn't touch Jing Ting. The bottom line of the family, Jing Ting generally would not refuse any help from the Liu family. In the first two years, Jing Ting still had time to stare at the Liu family, so as not to let the Liu family gradually get lost in the Fu family's light and cause any trouble. Come, but as Jing Ting got busier and busier later, he paid little attention to the Liu family, so the Liu family did not have Jing Ting's stalking, and the courage gradually became bigger, so much that they almost forgot in the end. , their surname is Liu, and they all thought they were going to be surnamed Fu, and they belonged to my Fu family, so when the old man Liu came over last night, he would look like an old man of the Fu family, and that's why his son asked you to say these words to you. .”

Rong Shu helped the old lady to sit down beside Antique Bububu's bed, “Sooner or later, those who can't see their own identity will kill themselves.”

“Yeah, now the Liu family has reached this critical point. Is it?” The old lady took the teacup handed by Feng Ma, took a sip of tea and said, “In all these years, the Liu family has caused so many troubles by relying on the Fu family and Jing Ting's tolerance, don't think that they There is no need to pay the price, just remember it there, just wait until my Fu family hates the Liu family, the people the Liu family has offended over the years will tear up their Liu family sooner or later, just wait.” The

old lady took the teacup . Hand it back to Feng Ma.

Rong Shu helped the old lady to lie down on the bed, “I remember that the Liu family in the past was a small family that didn't make it to the mainstream, and it only took off later. It is estimated that because Liu Lao became Fu Jingting's teacher, the Liu family followed suit. Chickens and dogs ascend to the sky, once they gain power, they are fascinated by the power, a typical upstart behavior.”

“No.” The old lady leaned on the pillow handed by Rong Shu, not to mention how comfortable it was, “Fortunately, Shushu, you don't have one during the day. Threatened by the Liu family's pickled stuff, I foolishly forgive them and promise to help them speak kind words at Jing Ting.”

Rong Shu smiled and sat down beside the bed, “Grandmother, I'm not that stupid, nor So cowardly, anyway, I am also the chairman of a group, although I am just a fledgling, but at least the courage is much greater than before, how can I be easily threatened and compromised?”

Take Your Wife Away

Fu Jingting stared at Rong Shu, unable to look away for a long time, it was hard to ignore.

Feng Ma laughed and teased, "Look, old lady, as soon as the eldest young master enters the door, only Miss Rong is in his eyes. The two old guys don't even look at us, it seems that the two old guys can't get into the eldest young master. Eyes."

"Yeah, but it's normal. On one side is a young and beautiful lover, and on the other side are two gray-haired old people. I want to know who to look at the most." The old lady held the teacup and looked at it with a smile. Opposite the pair of very well-matched men and women.

Rong Shu listened to the teasing of the two of them, her face was so hot that she finally retreated, and now she was attacking again, so she couldn't help covering her face again and lowered her head.

Fu Jingting looked at the tips of Rong Shu's ears, which were even redder than before, and looked at the two old people with a joking expression. He somehow guessed why Rong Shu blushed like that when he came in.

It must have been grandmother and Ma Feng who started teasing her before they came, teasing her like that.

If I had known that I had come earlier, I might have known how my grandmother and Feng Ma teased her.

Fu Jingting thought a little regretfully in his heart.

"Okay, grandmother, Feng Ma, don't talk anymore. If you talk about it in a while, Xiaoye Ye should be angry." Fu Jingting took Rong Shu's shoulders and looked at the two old people.

The two old men smiled and shook their heads.

"Okay, okay, grandmother doesn't say anything, hurry up and take your daughter-in-law back, my old lady should rest too." The old lady waved her hand and hurriedly urged the two of them, looking as if they were eager to leave quickly.

Fu Jingting had this intention and held Rong Shu's hand, "That's fine, then Xiaoye and I will not disturb grandma's rest, let's go first."

"Let's go, let's go." The

old lady waved her hand again.

Fu Jingting smiled lowly and dragged Rong Shu out.

The two were walking on the long corridor of the old house, and the cold wind blew, finally pressing down the scalding heat on Rong Shu's face, which allowed her to finally breathe a sigh of relief.

God, why didn't she know before that the two old ladies, the old lady and Feng Ma, like to be funny and make fun of her?

Moreover, the jokes these two old ladies made on her were not ordinary jokes, they were some dirty jokes.

And these jokes, she can't pick up at all, and she's too embarrassed to pick up.

If Fu Jingting made these jokes to her, she might be thicker-skinned, and she would never be so shy when dealing with Fu Jingting.

But it was the old lady and Feng Ma, the two elders who made these jokes.

When the elders make these jokes to the juniors, the juniors naturally have no way to keep their faces straight, and if they still talk to the elders, they can only listen to the elders and let the elders make fun of themselves.

God knows how much she wanted to escape just now.

Fortunately, when she was about to be ashamed, Fu Jingting appeared, which allowed her to escape.

"What did you tell your grandmother and the others before? When I came in, you blushed like that?" Fu Jingting suddenly asked at this moment.

Rong Shu stopped in her footsteps and turned her head to look at the man resentfully.

This dog man, did he deliberately not open which pot to lift?

She just wanted to forget the words her grandmother and Feng's mother teased her before.

This dog man actually asked at this moment. Isn't that just making it clear that he doesn't want her to forget?

"What's wrong?" Seeing Rong Shu staring at him without speaking, the man blinked his eyes as if he didn't know what he had done wrong, with innocent doubts in his eyes.

Rong Shu snorted and looked away, "It's nothing, I can't tell you anyway."

With this man's temperament that he can climb up the pole with his nose on his face, if he knew how grandmother and mother Feng joked about her and his children before,

maybe he could come and let us give birth to one now for grandmother to see. sleazy operation.

It's not that she makes a fuss, but the dog man really does it.

"You really can't tell me?" Fu Jingting pursed his lips.

Rong Shu hummed, "I can't."

After she finished speaking, she stepped forward, for fear that she would slow down and be held back by the man, so she had to ask clearly.

Seeing the back of Rong Shu walking forward quickly, Fu Jingting stood there and sighed regretfully.

Well, it seems that he really didn't tell him.

Well, the big deal is to ask grandmother tomorrow.

He didn't believe his grandmother and Feng's mother didn't say anything.

Thinking about it, Fu Jingting's thin lips hooked, and he stretched his long legs again, chasing after the woman.

But at this moment, the woman walking in front suddenly stopped and turned around.

And Fu Jingting was chasing too fast, and he didn't expect that she would stop and turn around suddenly.

So Rong Shu put her into Fu Jingting's arms.

Fu Jingting was stunned at the time. After reacting, the curvature of the corners of his lips deepened significantly. He also took his arms out of his trouser pockets and embraced the woman in his arms.

The so-called climb up the pole, nothing more than that.

"Love me so much? So you gave me a hug in such a hurry?" The man hugged Rong Shu, looked down at the woman in his arms, and said in a low and ambiguous voice.

Rong Shu also reacted at this moment, with an embarrassed face, she was about to push the man away, "Who is in such a hurry to give you a hug, I am an accident, is it an accident?" The

man hugged her tightly Yes, don't let her push her away at all, "It's okay, just treat it as an accident, I won't say it directly, you just don't want to be separated from me for a moment, so you accidentally gave me your arms."

The man's words were serious, and the expression on his face was very serious.

If Rong Shu hadn't known that it wasn't like this at all, she would have thought that the truth of the matter was really what he said.

"Fu Jingting, what do you mean? You're just getting darker and darker. Do you think I'm deliberately throwing my arms around you?" Rong Shu glared at the man angrily, and continued to push the man, trying to push him away.

But how could Fu Jingting be pushed away by her so easily?

He hasn't hugged enough yet, so he won't let her go so easily.

Therefore, Fu Jingting still hugged the person tightly, without being pushed away, "Okay, okay, you didn't do it on purpose, no, it's me who is reluctant to part with you, it's me who hugs you, okay? "

He lowered his eyes and looked at her dotingly.

Rong Shu was mad at him.

Isn't he still talking, is it her initiative?

It's just that she doesn't want to admit it, so he doesn't force her, so he will take it upon himself.

This man

, Rong Shu, was flushed by Fu Jingting's anger, and his chest was heaving violently.

However, she was in the man's arms, and her breasts were up and down with her breathing, almost all rubbing against Fu Jingting's chest.

Even if it is winter now, wearing thick clothes, still can't stop him from clearly feeling the softness of women.

Fu Jingting's eyes were extremely dark, his eyes fixed on the woman's undulating softness.

Here, it seems to be much bigger than before.

Indeed a lot bigger.

Fu Jingting was sure that he was absolutely right.

And he was sure that she grew bigger here, after blending with his fleshly spirit, she gradually became bigger.

In other words, this is his credit!

Rong Shu didn't know where the man was looking at first, but as the man's gaze became deeper and deeper, it became more and more hot.

It was so hard for Rong Shu to ignore it.

Then she followed the man's gaze and looked down at her chest. At that moment, Rong Shu only felt a bang in her head, and her whole face was hot.

This man was actually

embarrassed and angry, wrapped his arms around his chest, and shouted loudly, "Fu Jingting, what are you looking at?"
