Take Your Wife Away

Fu Jingting stared at Rong Shu, unable to look away for a long time, it was hard to ignore.

Feng Ma laughed and teased, "Look, old lady, as soon as the eldest young master enters the door, only Miss Rong is in his eyes. The two old guys don't even look at us, it seems that the two old guys can't get into the eldest young master. Eyes."

"Yeah, but it's normal. On one side is a young and beautiful lover, and on the other side are two gray-haired old people. I want to know who to look at the most." The old lady held the teacup and looked at it with a smile. Opposite the pair of very well-matched men and women.

Rong Shu listened to the teasing of the two of them, her face was so hot that she finally retreated, and now she was attacking again, so she couldn't help covering her face again and lowered her head.

Fu Jingting looked at the tips of Rong Shu's ears, which were even redder than before, and looked at the two old people with a joking expression. He somehow guessed why Rong Shu blushed like that when he came in.

It must have been grandmother and Ma Feng who started teasing her before they came, teasing her like that.

If I had known that I had come earlier, I might have known how my grandmother and Feng Ma teased her.

Fu Jingting thought a little regretfully in his heart.

"Okay, grandmother, Feng Ma, don't talk anymore. If you talk about it in a while, Xiaoye Ye should be angry." Fu Jingting took Rong Shu's shoulders and looked at the two old people.

The two old men smiled and shook their heads.

"Okay, okay, grandmother doesn't say anything, hurry up and take your daughter-in-law back, my old lady should rest too." The old lady waved her hand and hurriedly urged the two of them, looking as if they were eager to leave quickly.

Fu Jingting had this intention and held Rong Shu's hand, "That's fine, then Xiaoye and I will not disturb grandma's rest, let's go first."

“Let’s go, let’s go.” The old lady waved her hand again.

Fu Jingting smiled lowly and dragged Rong Shu out.

The two were walking on the long corridor of the old house, and the cold wind blew, finally pressing down the scalding heat on Rong Shu’s face, which allowed her to finally breathe a sigh of relief.

God, why didn’t she know before that the two old ladies, the old lady and Feng Ma, like to be funny and make fun of her?

Moreover, the jokes these two old ladies made on her were not ordinary jokes, they were some dirty jokes.

And these jokes, she can’t pick up at all, and she’s too embarrassed to pick up.

If Fu Jingting made these jokes to her, she might be thicker-skinned, and she would never be so shy when dealing with Fu Jingting.

But it was the old lady and Feng Ma, the two elders who made these jokes.

When the elders make these jokes to the juniors, the juniors naturally have no way to keep their faces straight, and if they still talk to the elders, they can only listen to the elders and let the elders make fun of themselves.

God knows how much she wanted to escape just now.

Fortunately, when she was about to be ashamed, Fu Jingting appeared, which allowed her to escape.

“What did you tell your grandmother and the others before? When I came in, you blushed like that?” Fu Jingting suddenly asked at this moment.

Rong Shu stopped in her footsteps and turned her head to look at the man resentfully.

This dog man, did he deliberately not open which pot to lift?

She just wanted to forget the words her grandmother and Feng’s mother teased her before.

This dog man actually asked at this moment. Isn’t that just making it clear that he doesn’t want her to forget?

“What’s wrong?” Seeing Rong Shu staring at him without speaking, the man blinked his eyes as if he didn’t know what he had done wrong, with innocent doubts in his eyes.

Rong Shu snorted and looked away, “It’s nothing, I can’t tell you anyway.”

With this man’s temperament that he can climb up the pole with his nose on his face, if he knew how grandmother and mother Feng joked about her and his children before, maybe he could come and let us give birth to one now for grandmother to see. sleazy operation.

It’s not that she makes a fuss, but the dog man really does it.

“You really can’t tell me?” Fu Jingting pursed his lips.

Rong Shu hummed, “I can’t.”

After she finished speaking, she stepped forward, for fear that she would slow down and be held back by the man, so she had to ask clearly.

Seeing the back of Rong Shu walking forward quickly, Fu Jingting stood there and sighed regretfully.

Well, it seems that he really didn’t tell him.

Well, the big deal is to ask grandmother tomorrow.

He didn’t believe his grandmother and Feng’s mother didn’t say anything.

Thinking about it, Fu Jingting’s thin lips hooked, and he stretched his long legs again, chasing after the woman.

But at this moment, the woman walking in front suddenly stopped and turned around.

And Fu Jingting was chasing too fast, and he didn’t expect that she would stop and turn around suddenly.

So Rong Shu put her into Fu Jingting’s arms.

Fu Jingting was stunned at the time. After reacting, the curvature of the corners of his lips deepened significantly. He also took his arms out of his trouser pockets and embraced the woman in his arms.

The so-called climb up the pole, nothing more than that.

“Love me so much? So you gave me a hug in such a hurry?” The man hugged Rong Shu, looked down at the woman in his arms, and said in a low and ambiguous voice.

Rong Shu also reacted at this moment, with an embarrassed face, she was about to push the man away, "Who is in such a hurry to give you a hug, I am an accident, is it an accident?" The

man hugged her tightly Yes, don't let her push her away at all, "It's okay, just treat it as an accident, I won't say it directly, you just don't want to be separated from me for a moment, so you accidentally gave me your arms."

The man's words were serious, and the expression on his face was very serious.

If Rong Shu hadn't known that it wasn't like this at all, she would have thought that the truth of the matter was really what he said.

"Fu Jingting, what do you mean? You're just getting darker and darker. Do you think I'm deliberately throwing my arms around you?" Rong Shu glared at the man angrily, and continued to push the man, trying to push him away.

But how could Fu Jingting be pushed away by her so easily?

He hasn't hugged enough yet, so he won't let her go so easily.

Therefore, Fu Jingting still hugged the person tightly, without being pushed away, "Okay, okay, you didn't do it on purpose, no, it's me who is reluctant to part with you, it's me who hugs you, okay? "

He lowered his eyes and looked at her dotingly.

Rong Shu was mad at him.

Isn't he still talking, is it her initiative?

It's just that she doesn't want to admit it, so he doesn't force her, so he will take it upon himself.

This man

, Rong Shu, was flushed by Fu Jingting's anger, and his chest was heaving violently.

However, she was in the man's arms, and her breasts were up and down with her breathing, almost all rubbing against Fu Jingting's chest.

Even if it is winter now, wearing thick clothes, still can't stop him from clearly feeling the softness of women.

Fu Jingting's eyes were extremely dark, his eyes fixed on the woman's undulating softness.

Here, it seems to be much bigger than before.

Indeed a lot bigger.

Fu Jingting was sure that he was absolutely right.

And he was sure that she grew bigger here, after blending with his fleshly spirit, she gradually became bigger.

In other words, this is his credit!

Rong Shu didn't know where the man was looking at first, but as the man's gaze became deeper and deeper, it became more and more hot.

It was so hard for Rong Shu to ignore it.

Then she followed the man's gaze and looked down at her chest. At that moment, Rong Shu only felt a bang in her head, and her whole face was hot.

This man was actually

embarrassed and angry, wrapped his arms around his chest, and shouted loudly, "Fu Jingting, what are you looking at?"

Return to the room to communicate

"I didn't see anything!" Fu Jingting lightly opened his thin lips and turned back, but his eyes did not move away from the woman's softness.

Rong Shu was furious when she saw this.

This man is so thick-skinned, he didn't see anything, but you moved your eyes away?

Not only did you not move away, but you continued to stare at it, even if you looked at it, you had to open your eyes and talk nonsense without looking at it.

Isn't this shameless?

"Fu Jingting!" Rong Shu raised her voice a little higher and shouted the man's name.

The man blinked, "What's wrong?"

Rong Shu's mouth twitched.

What's wrong?

The dog man actually asked her what was wrong!

"Take your eyes back, don't look around!" Rong Shu roared with a flushed face.

A smile flashed in the man's eyes, "I didn't look around."

"You said you didn't look around! If you didn't look around, where would you put your eyes?" Rong Shu blocked her chest even more tightly. The man hooked

his lips and said, "You are my woman, and I think you are normal, so it's not a random look. You can only look at other women. Do you understand?"

He replied angrily and said, "Fu Jingting, you are arguing, how can you do that?"

Fu Jingting chuckled, "No way, who makes my wife look good, so I can't help but watch it for a while, you won't Blame me? After all, who made you so rare for me!"

He stared at Rong Shu with deep eyes.

Rong Shu listened to his tea-like words, her eyelids twitching, "You don't come here, you look at me squintingly, or it's my fault, did I seduce and lure you?"

"No." Fu Jingting shook his head, "You are so charming, that's why I couldn't help but set my eyes on you."

"Then just look at my face, why look at me!" Rong Shu blushed and almost dripped blood.

Fu Jingting put his hand around her waist tightly, "I couldn't hold back, and don't you think you've grown a bit bigger?"

He said bluntly.

Rong Shu's pupils shrank, her face full of shock, "you" the

dog man actually found out!

She had noticed before that she had grown a little bigger here, and she was quite happy.

But she decided she wasn't happy enough for the man to find this out.

Because she knew that after the dog man found out, it was not her who was happy, but the dog man.

When the man saw Rong Shu's blushing face and did not speak, he understood something, and the smile in his eyes was about to overflow, "It seems that you have also discovered it, too, this is your own identity, you should be the first to discover it. The one from me, but Xiao Ye, haven't you thought about the reason for its size?"

Rong Shu's head shrank back vigilantly, "What do you want to do? I'll tell you Fu Jingting, no matter the reason for its size. What it is, it has nothing to do with you, just let me go, I'm going back."

After speaking, she began to struggle.

But the man's embrace was like an iron wall, how could she be able to break free so easily.

After struggling for a long time, not only did he not break free of the man, but he also exhausted himself.

"I won't go back to Repulse Bay tonight, I'll stay in the old house." Fu Jingting said, still holding Rong Shu.

Rong Shu stopped, "What? Not going back?"

"Well." Fu Jingting nodded, "Before we came, grandmother had asked Feng Ma to prepare a room for us, so if we don't stay and leave like this, grandmother will Very disappointed, she wants us to stay and have breakfast with her tomorrow."

"Why don't I know?" Rong Shu was surprised.

"Because it's just a small matter, grandma didn't tell you, she plans to wait until the time of rest, just let someone take us there, and it's so late, grandma doesn't worry that we are on the road, Xiao Ye, grandma's kindness, You won't let it down, will you?" Fu Jingting squinted at Rong Shu.

Rong Shu pursed her red lips, and finally snorted arrogantly, "That's my grandmother, I don't care if it's you."

Fu Jingting chuckled, "I know Xiao Ye Zi is very filial, just right, the room is ready. Now, let's go over, by the way, let me tell you why you are getting bigger."

After speaking, before Rong Shu could react, she slightly bent her knees, hugged her horizontally, and walked forward. go.

Their room is just ahead.

After walking a few steps, Rong Shu finally regained her senses, her eyes widened, “Fu Jingting, what are you doing, let me down.

” I got you.” Fu Jingting’s arms were steady, and he held her in his arms and continued to walk forward, without the slightest sign that her figure and steps were disturbed because of her struggle.

Obviously, for Fu Jingting, no matter how hard Rong Shu struggled, he couldn’t shake him, and he could still hold her firmly in his arms.

For Rong Shu, if Fu Jingting didn’t want to hold her to do bad things, his embrace made her feel very secure.

It’s a pity that now, she doesn’t feel any sense of security, only panic.

“Fu Jingting, I’m telling you, don’t mess around, me.” Before

she could finish her words, she felt a softness behind her.

Rong Shu turned her head subconsciously and saw that she was actually struggling. She had been carried into the room by the man, and now she was placed on the soft big bed.

And all this, she didn’t pay attention.

She didn’t even realize that the corridor before them was so close to the room!

When the man saw Rong Shu suddenly startled, he leaned over to hold her down, and gently ruffled her hair. His voice was low and hoarse without losing his sense of sex.

“What are you thinking about?

” Facing the handsome face of the man that magnified in front of him.

Her body tensed, and she subconsciously wanted to retreat.

It’s just that Rouran’s quilt was already behind her, and she couldn’t shrink anywhere, and she was still in the man’s arms.

“No, nothing, Fu Jingting, get up quickly, I absolutely can’t do anything with you tonight.” Rong Shu put her hands on the man’s chest and pushed gently.

The man looked down at her, “Why can’t I, I haven’t communicated with you yet”

“Stop!” Rong Shu immediately covered his mouth, “Who wants to communicate with you how my place has grown, I don’t want to know, all in all Hurry up, this is an old house, what the two of us are doing here, I can’t hide it from my grandmother, how embarrassed it will be.”

He didn’t appear embarrassed, she was afraid that her grandmother would laugh at her.

“What’s there to be embarrassed about.” Fu Jingting put his arms around her waist, not only did not get up, but crawls his body directly onto her, no longer half-supported like before.

Don’t say, he put all his weight on Rong Shu’s body, Rong Shu’s pressure at the moment can be imagined, he almost didn’t come up in one breath.

“Fu Jingting you”

“Little Ye Zi, guess why grandmother only arranged one room for us instead of one room per person?” Fu Jingting interrupted Rong Shu’s words to accuse him, and asked her with a half smile.

Rong Shu was stunned.

Yes, it seems that I did not hear that my grandmother arranged two rooms.

It’s not that she and Fu Jingting didn’t stay overnight together in the old house.

I had stayed there once before, and that time it seemed that the two of them stayed in the same room.

Only that time, they didn’t have that, so she didn’t notice anything wrong with this arrangement.

This is probably the sequelae of sleeping with Fu Jingting, right?

Getting used to it, they haven’t remarried yet, and everyone, including herself, feels that no matter where they live in a room, there is no problem.

Even what they do in the room, it should be.

Still Compromised

Seeing that the woman's eyes flickered and she didn't answer for a long time, Fu Jingting bit her ear lightly, "Baby, it seems that you have already figured it out."

Rong Shu turned her head to the side angrily, "I want to understand . So what, even if grandma and the others don't mind us here, I can't promise you anything."

"Why?" The man looked at her with a slight frown.

Rong Shu pursed her red lips, "After all, this is not my own territory, I'm still somewhat embarrassed."

So it was.

The man smiled, "Why isn't this your territory anymore? You are the future mistress of the Fu family, and the next mistress of the old house is you, so of course this is your territory. Since it is your territory, then you are still worried. What? Could it be that in other families, the whole family lives together, and the young couple will not do anything?"

Rong Shu's mouth twitched, "You call it a concept of stealing."

"No." The man shook his head solemnly, "I'm just telling the truth. To tell you the truth."

Rong Shu sneered, "You talk so much, do you just think about that?" The man chuckled noncommittally, "So baby, do you?"

"No"

Rong Shu just uttered a word, and her lips were touched. The man pecked lightly.

Rong Shu's eyes widened immediately.

The man touched her cheek, "grandmother, since they arranged us in a room, they also hope that we will take good care of us. If we don't do anything, won't grandmother be disappointed?"

Rong Shu rolled her eyes, "Fu Jingting, you Enough is enough, don't take grandma as an arrow. Even if grandma arranges us together, I'm afraid she won't care what we do in the room, let alone be disappointed. After all, there is nothing to be disappointed about in this kind of thing. Deliberately pulled my grandmother out to talk things out and let me compromise."

She still doesn't know the nature of a dog man?

Seeing that his thoughts were exposed, the man was not discouraged, and smiled again, "Okay, I deliberately pulled my grandmother out to talk about it. Grandmother really wants us to be gentle, even if we don't do anything, grandmother really doesn't. I'll ask, but I'm sure of one thing."

"What?" Rong Shu blinked curiously.

The man looked at her deeply, "That is, if we really don't do anything, the grandmother will definitely doubt whether my grandson is not good the next day, so Xiao Ye, do you want to see others doubting your man? ?"

Rong Shu was stunned for a moment, then smiled, "You think too much, how could your grandmother be?" Before the

words were finished, the man cut off her words again, "Of course my grandmother would, so in order to prove that your man is really good, we still don't want it. Give your grandmother a chance to laugh at your man, eh?"

After speaking, Fu Jingting pulled the quilt over him and Rong Shu.

Rong Shu only felt that it was dark in front of her eyes, and then she couldn't see anything. She could only push the man on her body subconsciously, "Fu Jingting, are you okay?"

However, Fu Jingting had already made up his mind to have a great harmony in life with her, so why would he give it to her? She continued to ask him to let go of her chance!

No, the moment she opened her mouth, he took the opportunity to kiss her and swallowed all the rest of her unfinished words.

Yes, he didn't plan to let her go tonight.

No matter what she did, he would not let her go.

When he walked into his grandmother's room and saw her blushing and charming, he had already decided that he must eat her little by little tonight.

After all, she is so charming, but it is rare to see her. If you miss this time, you will not know when the next time will be.

That night, the two were extremely entangled and lingering.

At first, Rong Shu was quite resistant. After all, in the old mansion, she was still somewhat pressured to do this kind of thing with a man.

However, with the men's inch-by-inch attacks, she was finally attacked and retreated, her body and mind completely softened, she surrendered to the man, her body, and her lower body, and was immersed in the joy that the man brought her, and could never come out again. .

In the second half of the night, Rong Shu had completely forgotten where she was, and she only had the man Fu Jingting and all the feelings he brought her in her mind.

Well, she would never admit that it was a man with good skills.

It's so good that she really only knows how to enjoy herself, and she doesn't have the extra energy and reason to think about other things.

The night is very long.

Rong Shu didn't know how many times she passed out and woke up.

Anyway, she only knew that every time she passed out and woke up, the man was not over yet.

She had begged for mercy several times, but the man always told her that it was coming soon, the last time.

However

, "Liar!" Rong Shu couldn't hold on any longer this time, and after gritting her teeth with the last strength to squeeze out two words at the man, she fell asleep completely.

The man raised his eyebrows with a smile in his eyes.

Well, he admits he's a liar.

If he didn't cheat, wouldn't he not be able to enjoy so many benefits?

So, this liar he is!

The man looked at the woman who was tired and slept, kissed her sweaty forehead pitifully, and whispered, "Go to sleep, this is really the last time." After the

words were finished, he sank down again and went to

Feng Ma at eight o'clock the next morning. He helped the old lady out of the room and came to the dining room, ready to enjoy today's breakfast.

When the old lady was seated, the breakfast on the dining table was already arranged, and the table was full. There were famous types of breakfast in the north and south, and they were very rich. Almost all of them could open a small breakfast restaurant.

The old lady took a sip of the stomach-moistening tea handed by Feng Ma, looked at the breakfast on the table, and smiled with satisfaction, "Yes, Xiao Zhang's craftsmanship has improved again."

"Yes, Sister Zhang is from the south. I'm good at making breakfast in the south, but now I'm good at making pasta in the north." Feng Ma replied, "With so many types of breakfast, Miss Rong must be very happy to see it in a while, and I'm also very moved by the fact that you let the kitchen They have prepared these specially for her."

"It's been half a year since Shu Shu and Jing Ting divorced, and Shu Shu and I seldom eat together. Besides, Shu Shu's temperament has also changed a lot, so I guessed her. The taste has also changed a lot. Now I don't know what kind of breakfast Shu Shu likes to eat, so I just let the kitchen make a copy of the most famous breakfast in the north and south, so that you don't have to worry about it, Shu Shu You can eat whatever you want." The old lady said with a smile.

Feng Ma also laughed, "Yes, but it's a little too much. What if I can't finish it?"

"I can eat as much as I can, and if I can't eat it, I will pack it up and let people go outside to feed the stray cats. A dog, it's not a waste." The old lady put down the teacup, everything was already arranged.

Feng Ma nodded, "That's not bad." The

two old men were talking, and these breakfasts were specially prepared for Rong Shu. As for Fu Jingting, he didn't mention a word.

Well, so Mr. Fu is honored to be forgotten by his own grandmother again.

I'm afraid that even if I didn't forget, the old lady didn't plan to consider Fu Jingting's favorite food.

To the old lady, she is just a stinky boy. You can eat whatever you want to deal with it. How can you use special preparations?

Get used to him?

"Hey, it's almost nine o'clock, and the eldest young master and Miss Rong haven't come yet." Feng Ma put down the teapot, looked at the time, and then looked at the old lady asking for instructions, "Old lady, why don't I call them over for breakfast? Right?" The

old lady took her hand and smiled meaningfully, "Don't scream, they probably haven't woken up yet, the young ones are probably tired, let them sleep longer."

The old lady's dislike

These words successfully made Feng Ma take back her steps and laughed, "Yes, yes, look at my brain, I forgot that the young two lived together last night, it's been so long since I came here, They 're tired."

"So, let them sleep." The old lady let go of Feng Ma and said.

Feng Ma still sighed with some regret, "You were quite happy yesterday, old lady. Today, the eldest young master and Miss Rong will accompany you to have breakfast. As a result,"

"What's the matter." The old lady waved her hand indifferently, " Although the two children did not accompany me to have breakfast with me, they can accompany me to have lunch. Originally, according to the normal development, the two children accompany me to eat breakfast and left, but now at least they can accompany me there. At noon, if you count it like this, I still earn it."

Feng Ma covered her lips and smiled, "Old Madam, you will still count."

"Isn't that right?"

Seeing that the old lady was so happy, Feng Ma was not at all disappointed because the two children didn't come to have breakfast with her, and she finally felt relieved.

"Okay Xiao Feng, don't worry about the rest, come, sit down, and let's eat." The old lady patted the seat next to her.

Feng Ma sighed, and she was not polite, and sat down on the chair that the old lady had photographed.

The two of them are no longer a pure master-servant relationship, but girlfriends and relatives.

So they often eat together.

Therefore, the old lady asked Feng Ma to sit down for breakfast, and Feng Ma naturally would not refuse.

On this side, the two old men were chatting and laughing while eating breakfast. On the other side, Fu Jingting and Rong Shu were still lying on the bed, hugging each other and sleeping soundly.

Rong Shu was very tired last night, so she didn't wake up.

As for Fu Jingting, it was purely because he slept too late last night, so he is still sleeping now.

Looking at it like this, if you don't sleep until noon, you probably won't be able to get up.

After breakfast, Feng Ma helped the old lady to the garden to spread the food.

It was half past nine by this time.

Feng Ma thought for a while, looked at the old lady beside her and said, "Old lady, do you want me to let the kitchen cook some soup for the eldest young master?"

"Oh?" The old lady raised her eyebrows.

Feng Ma added, "Think about it, the two children haven't woken up for so long. I guess they played crazy last night. Although young people don't know how to control themselves, their body can't hold it anymore, so I thought, Make some soup for the eldest young master." The

old lady nodded, "It makes sense, Jing Ting is already 30 years old, and he is not young, so it is time to make up, otherwise it will be Shu Shu who will suffer in the future."

Feng Ma's mouth twitched. smoke.

Why is it that it is Miss Rong who suffers?

Shouldn't it be the eldest young master?

Physical loss is a fatal blow to a man.

It will also make men feel inferior and gloomy from now on.

Of course, Feng Ma thought so in her heart, but she didn't say it, but nodded, "Then let's let the kitchen cook soup suitable for men for the eldest young master, and soup for Miss Rong, the two children don't understand. Temperance, those of us who are elders should have snacks."

"It means that as long as they are healthy, the children should come." The old lady laughed.

Feng Ma also responded happily, but then thought of something, and sighed regretfully, "Unfortunately, the child that Miss Rong was pregnant with didn't stay, otherwise it will be born in three or four months.

"With these words, the smile on the old lady's face also faded slightly, and she said with emotion, "This is life, at that time Jing Ting hadn't released his hypnosis, and he didn't know that the person he really loved was Shu Shu, and Shu At that time, Shu was also extremely disappointed with Jing Ting, and she didn't even love Jing Ting anymore. Although she accidentally became pregnant with a child, in that situation, how could Shu Shu want to keep that child?"

The old lady didn't know that the child that Rong Shu had conceived before was taken away because Li Chuan was poisoned.

I really thought that Rong Shu took the initiative to take it away.

Although I didn't mean to blame Rong Shu, I understood that Rong Shu did it.

But there is still some pity in my heart.

After all, leaving that child behind, she might really be able to see the fourth generation of the Fu family before she died.

After I go down and see my husband, I can also describe the appearance of the child to my husband.

Unfortunately, life is life.

Her old woman, perhaps destined to not see all of this.

"It's all to blame that damn Gu Manyin. Otherwise, the eldest young master and Miss Rong wouldn't have experienced so many twists and turns. Maybe there are several children." Feng Ma said angrily.

The old lady patted the back of her hand and smiled reluctantly, "Okay, let's not talk about that, let the kitchen make soup for the two children, and they can drink it when they wake up."

"Hey, I Go here, old lady, sit here for a while, I'll be right back." Feng Ma nodded. The old

lady waved her hand, "Go, go, this is my home, I'm sitting in my own home, don't you feel relieved?"

“

What if you suddenly fell after I left?

This sentence, Feng Ma opened her mouth, but in the end she didn't say it.

It's too sad to say.

However, the old lady and Feng Ma have been with each other for decades, and with a look at each other, they can know what the other is thinking.

So even if Feng Ma didn't say it, the old lady still knew what she wanted to say, and sighed in her heart, "Okay, let's go."

Feng Ma looked at the old lady for a while, and finally nodded in response. down, go.

However, Feng Ma walked very fast. She walked and walked, and finally even trotted. The old lady was dumbfounded.

"This little Feng."

"Old lady." Just as the old lady was smiling, a servant came over from the other side.

The old lady turned her head to look, "What's wrong?"

"Old lady, the lady is here." The servant stood outside the pavilion in the garden and reported to the old lady.

The old lady frowned suddenly, "What is she doing here?" The

servant shook his head, "The lady didn't say anything, but the lady did say that she came to see the old lady specially, as if she had something to tell you." The

old lady disliked it. He pouted, "Okay, I understand, you can let her come over."

"Yes." The servant turned and left.

The old lady was in a bad mood.

To say that her old lady hated so many people in her life, Wang Shuqin was the only one, who didn't even bother to say what she hated.

Of course, her hatred is not hatred in the conventional sense, but a kind of disgust.

After all, Wang Shuqin is also a daughter-in-law, and Wang Shuqin is not a third party in the true sense, who is involved in her son and ex-daughter-in-law.

Therefore, she didn't really hate Wang Shuqin, she just despised this woman for being vulgar, stupid, and snobbish.

When Wang Shuqin first entered the Fu family's house in the early years, it was not that she thought about training people to become a real wealthy lady.

However, her old woman's life has been smooth sailing, but this Wang Shuqin was the first to fall into trouble and tasted the taste of failure.

Who made Wang Shuqin really unable to come to the table?

Not only is he unable to get on the table, he is also an elm head, a waste that can't be taught at all.

Meeting Wang Shuqin Again

Maybe it was because she saw clearly the essence of Wang Shuqin's bad teaching no matter how she taught her. Over time, she gave up the idea of disciplining Wang Shuqin well and teaching Wang Shuqin to be a real wealthy lady.

Anyway, as long as Wang Shuqin doesn't cause trouble, and doesn't bring trouble and jokes to the Fu family, she will endure everything else.

But even such a small wish of hers has still not been fulfilled for her.

A person like Wang Shuqin, with this character, is destined to be impossible to be honest.

Sure enough, she could hear all kinds of news about Wang Shuqin's troubles outside, making jokes outside, spending a lot of money on garbage outside, and so on.

All in all, in the past ten years, she has almost been smashed by Wang Shuqin's various salacious manipulations, and her whole person is not well.

Because of this, she disliked Wang Shuqin more and more.

She didn't even understand how in this world there could be such a superb person as Wang Shuqin.

And such a top-quality product was also favored by his own son.

Just thinking about it, the old lady heard a burst of hurried footsteps, and then, Wang Shuqin's flattering voice came from behind, "Mom, good morning." The

old lady turned around with a dark face and looked at Wang Shuqin's The appearance of being fat is suddenly disturbing.

"You seem to have gained a lot of weight recently." The old lady looked at Wang Shuqin.

Really fat.

The last time she met Wang Shuqin was about two months ago.

Although Wang Shuqin has always been fat, last time, her eyes were at least fully open, and this time, Wang Shuqin's eyes were only half open.

It can be seen how exaggerated Wang Shuqin's fatness is. In just two months, she can gain a lot of weight.

And even if you're fat, what's going on with this dress?

She has to wear close-fitting clothes even if she is fat, so she can show her fat to the fullest, as if she is afraid that others won't see how fat she is.

Of course, it's okay to wear close-fitting clothes, but what the hell is this color matching?

All over the body, at least six or seven colors, and also with mink fur, how irritating the eyes are.

It's really a shame she wears it!

Wang Shuqin didn't know that the old lady was full of disgust and complaints about herself. When she heard the old lady say that she was fat, she smiled embarrassedly, "I'm also a little fatter."

"Are you still calling me a little?" She was stunned by her shamelessness, "Look at the flesh on your face, and you're shaking when you speak. If you're so fat, I'm afraid your eyes won't be able to see it."

“It’s not that exaggerated, right?” Wang Shuqin Look down at yourself.

She admitted that she has indeed gained weight recently, but it will not be so bad in the future.

Anyway, she didn’t believe that she would get fat like that.

“Okay, if you don’t have it, you won’t have it. Anyway, I can’t control you. It’s up to you. Anyway, in the end, what kind of high blood sugar, high blood lipids and high blood pressure finds you, you don’t need to say sorry, and don’t look for Jing Ting. , don’t think I don’t know, Jing Ting has always arranged a medical team and a weight loss team for you, urging you to lose weight regularly for physical examinations, but you are good, but you can’t take care of you. Everyone has been dismissed.” The old lady snorted coldly.

Wang Shuqin lowered her head in a guilty conscience, “I don’t want to, after all, it’s Jing Ting’s filial piety, but mom, you don’t know, those people are just devils. What weight loss plan is customized for me? , I ate for three days, and people lost their energy, and so did the medical team, who forced me to do yoga every day, and my bones were almost twisted, that’s why I did this.”

“Come on.” The old lady waved her hand impatiently to interrupt her, “You always have a reason, anyway, you don’t care about your own body, what else do I care about as a dying old lady? You tell me, you What’s going on with this outfit today? That’s how your costume designer matched your clothes?”

She wanted to see which costume designer was so irresponsible to match such an ugly match.

After she found out, she directly let people go to fire.

Isn’t this kind of collocation just to make the outside world laugh?

She guessed that the costume coordinator was probably undercover.

My own daughter-in-law can be said to be the object of envy among women in many circles. After all, she married into the Fu family with such a family background, and her stepson is also very filial. This Wang Shuqin can be considered a winner in life.

Therefore, for so many years, she has always known that many juniors in the circle are targeting Wang Shuqin openly and secretly.

The existence of Wang Shuqin makes these juniors feel that they are rich and wealthy, not even a poor and vulgar woman, and their mentality has long been out of balance.

Therefore, it is very possible that this clothing coordinator is arranged by these juniors, deliberately matching Wang Shuqin with ugly clothes, and letting Wang Shuqin wear it out to make jokes.

Wang Shuqin touched the mink vest on her shoulders, but didn't understand the meaning of the old lady's words, she thought that the old lady was really complimenting her on her outfit today, and smiled smugly, "This is not a match made by a coordinator, it is I matched it myself, Mom, isn't it good?" The

old lady was about to faint from her anger, "You matched it yourself?"

"Yeah." Wang Shuqin didn't realize the seriousness of the problem yet, and her body was quite fat. proud face.

The old lady only felt a buzzing sound in her brain.

Well, this time, it was her old woman who used the heart of a villain to treat the belly of a gentleman, and misunderstood those juniors.

Those juniors are still kinder than she imagined , and this time there is no undercover.

In fact, the real undercover agent of the Fu family was Wang Shuqin herself.

"Mom? What's wrong with you?" Seeing that the old lady suddenly didn't speak, holding her forehead with an uncomfortable look on her face, Wang Shuqin stepped forward and asked nervously.

Although, she didn't like this mother-in-law very much either.

But the mother-in-law didn't challenge her, and she didn't care about her at ordinary times. She was willing to care more about this mother-in-law.

"Don't come here." Seeing Wang Shuqin approaching, the old lady seemed to have seen some ghosts and snakes, and hurriedly stretched out her hand to block her in horror.

Wang Shuqin stopped subconsciously, "What's wrong?"

"You are shaking your eyes, step back, you are standing too close, my eyes hurt." The old lady waved her hands in disgust.

Wang Shuqin looked down at her clothes, her face sank unhappy.

She looks so good-looking, why is she shaking her eyes?

Although she felt unhappy, Wang Shuqin obediently stepped back.

This is the old house. If something happens to the old lady, she will jump into the Yellow River and wash it away.

Seeing Wang Shuqin obediently back away, the old lady finally breathed a sigh of relief, then frowned and asked in a deep voice, "Who asked you to match this outfit randomly? It's just a match, and you still wear it out, you dislike you Didn't the Fu family bring enough jokes?"

When Wang Shuqin heard this, she immediately became unhappy, "Mom, what's wrong with my outfit? Where's the joke? It's so pretty, I'm talking, I'm Fu. My wife, who dares to laugh at me?" The

old lady sneered, "Who dares to laugh at you? I tell you, you have been laughing a lot, but because of your status, I dare not laugh at you face to face, what are you talking about behind your back? There are all kinds of things, and you are so good looking, ugly out of the sky, you say you are too, there is no need for a matchmaker, you have to match it yourself, what do you think?"

Speak for the Liu Family

The old lady's hand was shaking as she pointed at Wang Shuqin angrily.

Wang Shuqin was still very unconvinced.

She always thought that she looked good in this outfit today.

But I never thought that in the eyes of the old lady, it was actually hot eyes, a humiliating outfit for the Fu family.

This made her pride and self-confidence all at once shattered.

Seeing that Wang Shuqin didn't speak, how could the old lady know what she was thinking?

With a headache, he rubbed his temples, "It's alright, alright, I don't care what you think about this outfit, after you go back, you'd better change this outfit for me immediately, and you are not allowed to wear it again, let alone match it blindly. I'm not that skilled, you have to take over the porcelain work, you are really big, anyway, Wang Shuqin, my old woman's words are put here, let me find out that you secretly match your own

clothes and wear them out, let the outside world see jokes, Don't blame my family law for serving you, did you hear me!"

Family law?

Wang Shuqin opened her eyes in disbelief.

Originally, he could only open half of his eyes, probably because he was frightened by the family law, but now he opened them all.

But it is precisely because they are all opened that the fat on her face is stretched tightly, making her look like her facial features have shifted, and with her outfit, it looks even more eye-catching.

The old lady looked away in disgust, "Wang Shuqin, did you hear what I said?" Wang Shuqin shivered, but she replied with a

promise, "Listen, I heard."

She knew that the old lady was not the kind of person who likes to joke. If you say family law, you will definitely serve family law.

Although she had never tried the Fu family law, she had seen how Fu Huai was beaten by the family law in order to marry her, and she also saw how Jing Ting was beaten by the family law because of Rong Shu.

The skin is open and the flesh is light.

If the resistance is weak, maybe the fate is gone.

She didn't dare to use her life to contradict the old lady, so she should be obedient.

Seeing Wang Shuqin listened in, the old lady's face looked better, "That's right, and, after a while, go back to Fu's mansion, you are not allowed to stay outside, if you are seen dressed like this, you will Wait for me."

"Don't dare." Wang Shuqin nodded hurriedly.

The old lady snorted, "Okay, why are you here looking for my old lady? You usually don't come to the door for a few months, but now it's not a trivial matter, right?"

Wang Shuqin smiled, then walked across to the old lady and sat down, "That's it, the Liu family called me as soon as I woke up this morning."

"What did you say? The Liu family?" The old lady stopped drinking tea, and her brows suddenly twitched.

Wang Shuqin didn't notice the cold expression on the old lady's face, and kept saying, "Yeah, it's Li Dandan of the Liu family."

Li Dandan, which is the name of Liu's mother.

The old lady sneered, "Did Mrs. Liu called you to intercede with Jing Ting?" Wang Shuqin

looked surprised, "Mom, how do you know?"

"How do I know?" Put the teacup on the stone table to prevent it.

Wang Shuqin subconsciously shook her body.

The old lady looked at her with a deep look, "The day before yesterday, there was so much trouble on the Internet, the daughter of the Liu family deliberately created a scandal about Shu Shu in order to gain the upper hand, so as to cause Jing Ting to misunderstand Shu Shu and break up with Shu Shu, so that , she will have a chance. Although this matter was quickly resolved by Shu Shu and Jing Ting, the impact is still there. According to Jing Ting's feelings for Shu Shu, how could Jing Ting tolerate someone who dares to treat Shu Shu like this? , No, Jing Ting immediately chose to break with the Liu family, and the Liu family depended on our Fu family, and only survived by relying on Jing Ting. If Jing Ting broke up with them, what would happen to their Liu family? You Wang Shuqin Stupid should know, so of course the Liu family will try their best to bring back Jing Ting's relationship, but they can't contact Jing Ting, so they think about starting with the people around Jing Ting, my old woman is the first they find. "

What?" Wang Shuqin was shocked, "I wasn't the first one they found me? Was it the second one?"

"No, you're not even the second one." The old lady said coldly.

The expression on Wang Shuqin's face immediately froze, "Huh? Not even the second?" The

old lady raised her chin noncommittally.

Wang Shuqin blinked Mung Bean's small eyes, and an ominous premonition suddenly rose in her heart, "The mother, who is the second one?" Could

it be that woman?

She swallowed it a little unwillingly to guess. Swallow.

The old lady looked at her with a half-smile, "Don't you already have the answer in your heart, why are you asking me?"

Wang Shuqin sucked in a breath, "It's really Rong Shu!" The

old lady hummed, "That's right, It 's Shu Shu."

At this moment, Wang Shuqin was so angry that her fat face turned green.

Angry her, really mad at her.

The Liu family actually found Rong Shu!

It's enough to find the old lady. She has nothing to say. After all, the old lady is Jing Ting's grandmother and the oldest in the Fu family.

It is also reasonable to find an old lady.

But why did the Liu family still look for Rong Shu?

Even if you look for it, she is still looking in front of her. What does this mean?

It shows that in the eyes of the Liu family, she, the upright Mrs. Fu family, has a lower status than Rong Shu, a woman who has not yet become the wife of the Fu family.

The Liu family made it clear that they were deliberately humiliating her.

Seeing Wang Shuqin's face contorted with anger, the old lady was in a good mood, "What? Are you angry?"

Wang Shuqin held her hand, "Of course I'm angry, the Liu family is too much, in their opinion , I ca n't compare Rong Shu."

"Your position in Jing Ting's heart is indeed inferior to Shu Shu, don't you know this very well?" The old lady hit her.

Wang Shuqin stomped her feet, "Mom!"

"Okay, don't call me mom. You came here like a bum, which means you have promised to help the Liu family with my old woman and with Jing Ting, right?" People stared at Wang Shuqin coldly.

Wang Shuqin bowed her head embarrassedly, "So what?"

"Since they can make you agree to run this trip with just a phone call, it means that the Liu family has a very important place in your heart. Since you take them so seriously,

Then why did they treat you, you shouldn't be angry, after all, didn't you ask for it yourself?" The old lady sneered at her.

Wang Shuqin replied with an uncomfortable face, "I take their Liu family very seriously, after all, they are the family of Teacher Jing Ting, otherwise I would not agree, but I never thought that I would take them so important. , but they treat me like this, thinking that I am inferior to Rong Shu as an outsider, so they will find Rong Shu first instead of me." If

she knew about the virtue of the Liu family, she would not agree to help.

Seeing Wang Shuqin so angry, the old lady not only didn't sympathize with her, she just felt that she deserved it, "This is what you asked for yourself. In the past, you were so enthusiastic about the Liu family, but if you are enthusiastic, the Liu family will only think that you are cheap and don't treat you well. Seriously, do you know the consequences now?"

Wang Shuqin was silent.

The old lady snorted again, "Also, Shushu is not an outsider, she is the future housewife, she is indeed higher than you in terms of status, you have to admit that, and I advise you to do Don't have any malice towards Shu Shu. You must know that you and your son will depend on Jing Ting and Shu Shu to live in the future. If you want to live a good life, you should curry favor with Shu Shu and treat her well, she I will look at your care for Jing Ting in the past, regardless of what you did in the past, and it will take care of you, but if you insist on shaking off with her, I can guarantee that the rest of your life will never be better. Involve your son, do you understand?"

I finally learned to be good

What Wang Shuqin cares about most is her youngest son.

Hearing that Rong Shu might suppress her young son in the future, she immediately became anxious, slapped the table, and said angrily, "She dares! I am Jing Ting's mother, she dares to treat me and Jing Lin's mother and son like this, and she will too. Do n't be afraid of being stabbed in the spine." The

old lady looked at her with a sneer, "You are only Jing Ting's stepmother, not a real mother, you did take care of Jing Ting and gave Jing Ting maternal love, but you did not give Shu Shu any care, So why do you ask Shu Shu to be nice to you and treat you like

your own mother? If you are Shu Shu and have been sparred by your mother-in-law for six years, will you treat your mother-in-law well?"

"Of course I don't"

said Halfway through, Wang Shuqin suddenly reacted, and she was speechless. Her face turned red and white, and she was extremely embarrassed.

She could even feel her face burning hot and in severe pain.

Seeing her like this, the old lady flashed a hint of happiness in her eyes, and said, "Look, you can't forgive a person who teases you, so you are even less qualified to ask Shushu. How did you treat Shushu in the past? I don't want to pursue it. For the sake of how good you are to Jing Ting, Shu Shu probably doesn't want to mention it, so you can safely expose it. As long as you keep yourselves safe in the future and don't interfere in any Shu Shu and Jing Ting's affairs, you are still the same. He will be raised by Jing Ting and Shu Shurong to his old age. Jing Lin can also live his life happily and comfortably with the help of his brother and sister-in-law, but if you still can't figure it out, if you insist on going against Shu Shu, I'm afraid of you. There's nowhere to regret it."

Wang Shuqin lowered her head, "Mom, that Rong Shu will really do what you said, and won't give me

small shoes in the future?" "Don't worry, I will make it clear to Shu Shu, anyway, as long as you stay safe, live your own life honestly, correct your own position, and correct your attitude, Shu Shu will not make it difficult for you, she only It will treat you as a stranger, and the entanglement between you and Shu Shu in the past really does not allow you and Shu to truly become a family and live in harmony, so being a stranger is not near or far, it is for you The best way, this is also my mother-in-law's last advice to you, if you don't listen, don't blame me for not reminding you in the future."

Wang Shuqin did not speak.

She was stupid, but not really stupid after all.

She also knew that in Jing Ting's heart, she couldn't compare to Rong Shu.

Jing Ting made it clear that if something happens to her and Rong Shu in the future, he must choose Rong Shu.

Just at this point, she really can't fight against Rong Shu.

Moreover, Jing Lin's child did not have any talent for business. After Fu Huai's death, there was only a part of the inheritance left to Jing Lin, most of which belonged to Jing Ting.

After all, it was before she married Fu Huai, and those were already given to Jing Ting, so she couldn't get more for Jing Lin.

Therefore, in the future, Jing Lin really needs to rely on Jing Ting to live.

And Jing Ting only has Rong Shu in his heart. If he continues to fight against Rong Shu, Rong Shu will definitely blow the wind in Jing Ting's ear.

As a woman, she knows how powerful a wind can be to a man.

She was worried that Rong Shu would blow her ears to Jing Ting and drive her younger brother out of the Fu family.

Jing Ting's eyes were full of Rong Shu, and it was impossible to guarantee that he would not do the same.

And how miserable Jinglin will be after being kicked out of the Fu family, she has more than just a few things.

That is to say, from now on, she is really going to be a person with her tail between her legs, and she can't have any opinions on Rong Shu, let alone against Rong Shu.

Otherwise, she and Jinglin will really have a hard time in the future.

Thinking of this, Wang Shuqin's eyes turned red, even though she was still very unwilling and uncomfortable, she could only accept her fate.

"I know Mom, I won't target Rong Shu in the future." Wang Shuqin squeezed her fists, and after a few times, she finally let go, "Anyway, Jing Ting also said that she will live outside with Rong Shu in the future, and I won't let go. I will live in Fu Mansion, that's fine, I don't want to look at her, lest she dangle in front of my eyes all day long and make me angry."

How could the old lady not hear Wang Shuqin's words, she was deliberately trying to be strong, she didn't want to admit that she was afraid of Rong Shu, she just felt that Wang Shuqin would have to suffer for face and face.

But in her heart, the old lady can still understand Wang Shuqin.

After all, I don't like someone, but I have to accept that person.

In order to make oneself have a decent face, it is necessary to find all kinds of face.

Anyway, as long as Wang Shuqin listens to her words and follows them, the rest, let her go.

“Okay, since you know what you can’t do to Shushu in the future, then you have to do what you say. Don’t make a good promise now, and then you will not count the yin and yin. The current Shushu is not the Shushu of the past. You are bullied, but you still dare not say a word. I can guarantee that as long as you bully her, she will slap you back immediately. She will not care about whether you are Jing Ting’s mother, anyway, as long as it is not her mother, Don’t think that Shu Shu really did this, Jing Ting will blame her, now Shu Shu is very sober, as long as Jing Ting treats her badly, she can be separated from Jing Ting immediately.” The old lady said.

Wang Shuqin opened her eyes in surprise, “Isn’t she? She is willing to part with Jing Ting?”

“You think I’m joking?” The old lady gave her a contemptuous look, “I don’t have the time to joke with you, but what I said is Facts, all in all, what will happen to Jing Ting and Shu Shu in the future is their own business. You don’t want to intervene, don’t intervene, and don’t allow anything to appear in front of them. Just like this Liu family affair, you shouldn’t. Promise, this is a matter of the two children and the Liu family. What are you doing here? If you want to intercede for the Liu family, you are not afraid that Shushu will find out and trouble you?”

” On the Liu family’s side.

It’s no wonder that Rong Shu is happy.

Wang Shuqin shrank her neck, “Didn’t I think that Mr. Liu is Jing Ting’s teacher, and the two families are very close, so there’s no overnight feud, and”

“Also, did someone else give you a gift, just right? It’s in your mind, so you couldn’t wait to agree to come over?” The old lady looked like she could see through her.

Wang Shuqin opened her mouth in surprise, “Mom, how do you know?”

“Sure enough.” The old lady’s face sank, and she snorted coldly, “Who are you, I don’t know? It’s too early for the Liu family to fight. You won’t agree so easily if you call for help, so it can be seen that the Liu family must have given you some gifts, and the Liu family asked me and Shushu, but they didn’t give any gifts, and they were chased by me and Shushu. Go out, if the Liu family doesn’t learn to be good, it will become a fool, so if the Liu family finds you again, they will definitely give you a gift. If you get a gift, you will come here, but you are still a little clever, so you didn’t go directly. Looking for Jing Ting, but came to me, and wanted to find my old woman to speak to Jing Ting, otherwise I can guarantee that Jing Ting must be very disappointed in you.”

Wang Shuqin laughed, “This is not the Liu family who called me. At that time, I said that Jing Ting was angry with them. I thought that Jing Ting was angry now. It might not be useful for me to find Jing Ting. If not, I will come to you. Jing Ting can be angry with my stepmother, but definitely not. I’ll be mad at you.”

“You’re still a little clever.” The old lady looked at her.

Won't Make You Wronged

Wang Shuqin's fat face was full of pride, “After so many years, I have always learned something, such as observing words and expressions.”

“Yes, keep it up.” The old lady finally gave Wang Shuqin a good look.

When Wang Shuqin heard the old lady's approval, she suddenly showed a moved expression.

“Mom, in so many years, this is the first time I've heard you compliment me woo woo woo”

She was moved to tears.

When the old lady saw her like this, the satisfaction that just rose in her heart disappeared, and she turned back to disgust, “How can you let me praise you for the stupid things you did in the past? Don't cry, you're ugly. It's ugly already, and it gets even uglier when you cry.”

Wang Shuqin slapped her twice, and quickly stopped crying.

The old lady then continued, “Do you know why Jing Ting is so angry with the Liu family this time? In the past, Jing Ting didn't know that the Liu family had made a lot of money in his name and caused a lot of trouble, but Jing Ting was so angry with the Liu family. I didn't say anything, just because the Liu family is his teacher's family, but this time, the Liu family just created a scandal, which made Jing Ting completely furious, and directly chose to cut off relations with the Liu family. Guess what the reason is ?”

“Not to seek justice for Rong Shu.” Wang Shuqin pouted and blurted out.

The old lady nodded, “This is just one of them, Jing Ting is really angry with the Liu family, because the Liu family bullies his lover like this, and wants to destroy his relationship with Shu Shu. This time, it naturally touched Jing Ting's bottom line. After all, Shushu was the treasure that Jing Ting had to pursue with great difficulty, but the Liu family wanted to drive his treasure away from him again, so Jing Ting was completely angry and decided to cut off the relationship with the Liu family, and you, as Jing Ting, were completely angry. Ting's stepmother was supposed to be on the side of

Jing Ting and Shu Shu, but you chose to help the Liu family to intercede. You said Jing Ting knew, what would Jing Ting do to you?" The

old lady's eyes were cold looked over.

Wang Shuqin's face suddenly changed greatly, becoming extremely pale.

How will Jing Ting treat her?

she does not know!

After all, there is no precedent.

But there was a voice in her heart telling her that it would not be good.

Thinking, Wang Shuqin was in a hurry, and quickly pulled the old lady's sleeve to plead, "Mom, I know Mom, I didn't expect it to be so serious, I'm just a mother, please, don't tell Jing about this. Ting, please ask your mother, you tell him I'm done woo woo woo." As he

spoke, he burst into tears again.

This time, I cried in fear.

But ugly is still ugly.

Seeing her like this, the old lady once again couldn't bear to look directly away from her eyes, "Okay, don't cry, when did I tell Jing Ting."

Hearing this, Wang Shuqin turned sadness into joy, "Mom, you Don't tell Jing Ting? Hahaha, thank you mom, I know you are the best to me, I'm so happy." The

old lady saw her crying and laughing ugly, but she felt extremely tired. "I also chose not to tell Jing Ting for the sake of your kindness to Jing Ting, but if you have any stepmother's actions towards Jing Ting, I will not forgive you, even if you are what Ah Huai likes. Woman."

"Thank you, Mom." When Wang Shuqin heard the word A Huai, the expression on her face finally became normal, and her thanks became much more sincere.

The old lady waved her hand, "In the future, don't be like this time, you are a little petty, and promise to do things for others randomly, but fortunately you have a good heart this time, you did not go directly to Jing Ting, but to my old woman. , otherwise you will not have a better end. Also, especially when it comes to Jing Ting and Shu Shu, you should not interfere. Some things are not something you can interfere with. Maybe if you

interfere, it will make things worse. Saying that will also make Jing Ting and Shu Shu feel bad about you, understand?"

Wang Shuqin nodded again and again, like a chicken pecking at rice, "Understood, I will never care about it in the future, I really don't care anymore. , I will live my own life behind closed doors, and no one's business will be asked."

"It's almost there, alright, if you have nothing to do, you can go back. My old lady has to rest." The old lady rubbed her temples tiredly and issued an order to evict guests.

Wang Shuqin stood up, "Okay, mom, I'll go first. I'll go back and teach that woman Li Dandan a lesson, so that she almost hurt me."

After speaking, she walked out of the pavilion aggressively, looking for someone to fight. Fierce look.

Seeing this, the old lady shook her head helplessly and went with her, without any intention of stopping.

Obviously, the old lady actually supports Wang Shuqin's eagerness to trouble the Liu family.

This Liu family is really disgusting, and it is true that wicked people like Wang Shuqin should be let go and teach the Liu family Zhang Chang a lesson.

Let the Liu family know that her Fu family is the one who shelters their Liu family, not that they have been sheltered by their Liu family for too long and become their Liu family's slave.

The old lady lowered her eyelids, holding a teacup, her dim old eyes were full of frost.

Over there, Wang Shuqin hurried all the way to the gate of the old house.

But halfway through, two people came first.

Seeing the two people walking by holding hands, Wang Shuqin's eyes widened in disbelief.

Is that Jing Ting and Rong Shu?

Wang Shuqin stopped subconsciously, staring at the man and woman opposite her in surprise.

The man and woman are still a little far away from her. They haven't seen her yet, they are holding hands and talking and laughing all the way.

The appearance of men and women is very good, and the handsome men and women are very pretty.

Even if Wang Shuqin didn't like Rong Shu in her heart, seeing this scene at the moment, she had to admit that it was indeed quite appropriate for Rong Shu to stand with Jing Ting now.

But this is not important, the important thing is, why are these two people in the old house?

Just as he was thinking, the man and woman on the opposite side had approached.

Fu Jingting first saw Wang Shuqin, and when he saw it, a little surprise appeared in his eyes.

He knew that Wang Shuqin was afraid of her grandmother, so she usually wouldn't come to the old house unless she could.

I didn't expect her to appear in the old house at this moment.

The strangeness of the man was noticed by the woman beside him.

"What's the matter?" the woman asked, while following his line of sight.

Seeing Wang Shuqin standing not far opposite, the smile on Rong Shu's face slowly faded, and the good mood in the early morning was also relieved a lot.

No way, anyone who sees someone they don't want to see early in the morning will definitely not be in a good mood.

Rong Shu's reaction naturally fell into Fu Jingting's eyes.

Fu Jingting gently touched her hair by her ear, and said softly, "Don't be afraid, with me, I won't make you feel wronged."

Rong Shu smiled, "Okay, then look at you, you If I am wronged, you can sleep in the living room for the next month."

Fu Jingting's pupils shrank.

Sleeping in the living room?

How can this be!

For Fu Jingting, the punishment of sleeping in the living room was undoubtedly more serious than the 18th torture.

So in order not to sleep in the living room, next, he will protect her from leaking.

Thinking of this, Fu Jingting took Rong Shu's hand and walked to Wang Shuqin, then took the initiative to stand in front of Rong Shu, completely blocking Rong Shu behind him.

He knew that Wang Shuqin didn't like Rong Shu. Although he was here, Wang Shuqin didn't dare to do anything to Rong Shu, but he couldn't guarantee that he wouldn't give Rong Shu some scorn to express his dislike for Rong Shu.

And white eyes are naturally a type of bullying.

Therefore, he kept Rong Shu behind him and did not give Wang Shuqin any chance to bully Rong Shu, even though Rong Shu might not be easily bullied successfully.

But as a man, he has the responsibility to protect her, and he can't do nothing just because she has the ability to protect herself.

Or is that still a man?

Ignore it directly

Seeing Fu Jingting keeping Rong Shu behind him and protecting him from leaking water, Wang Shuqin felt sour and angry.

The sour thing is that as his mother, he has never been so protected by him.

And what's angry is that he hasn't done anything to this woman Rong Shu, he just looks like this, as if he has made up his mind that she will do something to Rong Shu.

She didn't trust her as a mother so much, it really made her feel uncomfortable.

Thinking of this, Wang Shuqin looked at Fu Jingting with a look of resentment.

Fu Jingting didn't know what Wang Shuqin was complaining about, looked at Wang Shuqin and frowned lightly and asked, "Mom, why did you come to the old house? When did you come?" Wang Shuqin replied

glumly, "I just came here for a while to see your grandmother. My son is leaving."

“Look at grandmother?” Fu Jingting raised his eyebrows, obviously in disbelief.

It's not that he doesn't know that his stepmother is not unfilial to his grandmother, but he doesn't like her grandmother more if he doesn't.

After all, my grandmother didn't like her either.

Therefore, in normal times, as long as it is not necessary, this stepmother will never come to the old house to see her grandmother. Coming here means that she will be disliked by her grandmother, so why should she come to dislike her?

But at this moment, the stepmother came, and it was obvious that she was looking for her grandmother for something.

But since she didn't say it, he didn't ask much.

“Okay, then pay attention to safety on the road.” Fu Jingting held Rong Shu's hand, gave way to the side, and moved out of the way.

Wang Shuqin hummed, then lowered her head slightly, and walked forward past the two of them.

From beginning to end, she didn't even look at Rong Shu, as if Rong Shu didn't know.

Yes, she did it on purpose.

Although she promised that the old lady would not target Rong Shu in the future, she didn't have to treat Rong Shu with those bad attitudes in the past.

But she didn't promise that she had to show a good face when she saw Rong Shu.

In any case, the stepmother is also a mother and an elder.

As long as you don't target Rong Shu, don't show Rong Shu with a bad attitude, and ignore Rong Shu can't be called offending Rong Shu.

There is no way for them to catch her wrong and say that what she did was wrong.

After all, she and Rong Shu didn't get along at all. As long as they don't quarrel, don't make trouble, and ignore each other is the best way to get along.

Furthermore, if Rong Shu felt that her ignorance was wrong and was angry with her, then Rong Shu was stingy and careful.

At that time, they can only blame Rong Shu.

That's right, I can only blame Rong Shu.

The more Wang Shuqin thought about it, the more proud she became. As she walked, her waist straightened a lot.

Rong Shu looked at her back, and even if she couldn't see her front, she could feel her embarrassment at the moment.

Just don't know what's going on.

However, Rong Shu was not interested in this either. She was surprised by Wang Shuqin's attitude towards her just now.

Rong Shu retracted her gaze and continued to walk forward with Fu Jingting. As she walked, she said, "Did you see it? Your stepmother's reaction just now.

"

"I thought that when your stepmother saw me, she would definitely treat me with eyes instead of eyes and noses. After all, it was like this every time we met in the past. She always had to get through with me, and she was satisfied after arguing. No exception, I didn't expect the final reaction to be unexpected, she didn't do it, she just pretended not to see me and left." Rong Shu said while holding the man's arm.

"It's a little surprising." Fu Jingting nodded.

He also knew how much his stepmother hated seeing Xiao Ye Zi, and also knew that the two would quarrel every time they met.

Of course, every time it was my stepmother who found it first, and Xiaoye Ye fought back, but it was a fact that the two would quarrel every time.

Even this time, he thought it would be like this, so he kept Rong Shu behind him from the beginning, isolating the sight of the two, in order to prevent the quarrel from happening.

Unexpectedly, in the end, the stepmother didn't plan to quarrel with Xiaoye Ye at all, and left after saying a few words to him.

This change really surprised him.

"But that's fine. I didn't want to quarrel with him at first. I didn't want you to be caught in the middle. It's a good thing for her to be so knowledgeable." Rong Shu smiled.

Fu Jingting pursed her lips, "But she just ignored you on purpose, which is still very rude."

“What’s the matter?” Rong Shu shrugged her shoulders indifferently, “I wish she ignored me like this, if she doesn’t ignore me, definitely She would stare at me and speak ruthlessly. Compared with that, I would rather she treat me like air, and I just don’t want to talk to her.”

Having said that, she suddenly raised her head and looked at the man tentatively, “Don’t you think it’s bad for me to treat your mother like this?” The

man rubbed her hair and smiled helplessly, “How come, I never thought about letting you live in harmony, some people are not born to live in harmony. , so it’s good for you to be like this, it’s better to not interfere with each other, ignore each other, and make trouble.”

“It’s about the same.” Rong Shu looked back and smiled again, “If you think it’s not good for me, I’ll just do it. Do n’t do it.”

“You forgot what I said? Before you and him, I will choose you as soon as possible, so why do I think it’s bad for you to think so?” The man looked at her tenderly and said.

Rong Shu hugged his arms tighter, leaned her head slightly to the right, and finally leaned on his shoulder, using body language to tell him that she was very happy with what he said.

The man looked sideways at Rong Shu’s dependent appearance, his eyes tender as if he was about to drown.

The old lady and Feng Ma were sitting in the pavilion, and they saw the two of them approaching from a distance.

Feng Ma pointed to the two of them jokingly, “The old lady is ugly, the relationship between the eldest young master and Miss Rong is getting better and better, and walking is so sticky.” The

old lady also smiled, “Yeah, look at Shu Shu now. How sticky Jing Ting is, Jing Ting’s brows and eyes are so happy that I don’t even have eyelids.”

“Yeah, the eldest young master smiled very happily.” Feng Ma said with a smile covering her lips. The old lady gently flicked the tea leaves on the water with the lid of the

teacup, took a sip of tea, and looked forward to it.

With Miss Rong’s stickiness right now, the child should really be fast.” Feng Ma nodded in agreement.

The old lady put down the teacup and said, “Xiao Feng, let the people below bring the food and the soup. When the two children wake up, let them eat quickly and stop being hungry.”

“Hey, I’ll arrange it.” Feng Ma responded and walked out of the pavilion.

As soon as they went out, they met Rong Shu and Fu Jingting head-on.

“Mother Feng is early.” Rong Shu stopped and greeted Ma Feng with a smile.

Fu Jingting also nodded slightly and made a gesture to Feng Ma.

Feng Ma looked at them and said with a half-smile, “Hello, the eldest young master and Miss Rong. The old lady is resting in the pavilion. Come on over, I’ll help you arrange meals. You’ve been tired all night, you should be hungry.

” After that, Ma Feng walked past them with a smile, leaving behind Rong Shu, who was flushed, and Fu Jingting, who raised her eyebrows slightly and had thick skin.

Rong Shu is not a fool, of course she can hear what Feng Ma said just now.

Tired all night.

Why are you tired?

It’s obvious that she knows what happened to her and Fu Jingting last night.

Although I knew that I might be teased by the old lady and Feng Ma when I woke up this morning, I was somewhat mentally prepared.

But I didn’t expect that I was teased as soon as I met. Even if I had some psychological preparations, I was still embarrassed and didn’t want to meet people, and at the same time, I was embarrassed.

Embarrassed, she couldn’t help letting go of Fu Jingting’s arm, lowered her head slightly, and covered her face, revealing only her red ears, showing that she was very embarrassed at the moment.

This Time, I Will Get My Divorce Chapter 1170

Feng Ma’s teasing

Seeing her like this, the man couldn't help but ask, "What's the matter?"

The corner of Rong Shu's covered mouth twitched.

What's wrong?

The dog man still had the face to ask her what happened?

Rong Shu didn't speak, Fu Jingting stretched out his hand and held her wrist, trying to remove the hand that was covering her face, "What are you covering your face for, don't you find it hard to breathe? Be obedient, put your hand down, don't cover it. "

She doesn't.

She's going to cover.

Rong Shu covered her face hard, not wanting the man to take her hand away from her face.

But how could her strength compare to that of a man.

So very easily, the man took her hand off, revealing a red face that seemed to drip blood.

Looking at Rong Shu's blushing face, Fu Jingting's eyes darkened. He only felt that he had seen a freshly washed apple with water droplets on it, which made people coveted.

If it weren't for the wrong place here, my grandmother was in the pavilion not far behind and could see it clearly.

He would definitely hold her face and kiss her hard.

After all, such opportunities are rare.

Thinking about it, a trace of regret flashed in Fu Jingting's eyes, and a faint sigh escaped from his thin lips.

Pity.

"Why is your face so red all of a sudden? What's wrong?" Fu Jingting let go of Rong Shu's hand, touched her hot face, and asked with concern.

Rong Shu glared at the man and blamed, "What's the matter with you? Didn't you hear what Feng Ma said just now?"

As soon as these words came out, Fu Jingting immediately understood the reason for her blushing, and laughed softly, "This is What, this is something everyone knows, there is nothing to be ashamed of."

He thought she was blushing like this for what.

It turned out to be Feng Ma's joke just now.

Startled him because something was wrong with her.

"Of course you don't think there's anything to be ashamed of. After all, you have a thick skin. You are saying, I'm not as thick-skinned as you." Rong Shu glared at the man again and hummed.

The man patted her head, "Okay, okay, I'm thick-skinned, but things have already happened, there's no other way but to face it calmly, you can't be so shy, just in case your grandmother will laugh at it for a while. , aren't you going to be shy again?"

Rong Shu pursed her red lips and did not speak, but she obviously acquiesced to his words.

Isn't it?

When such a thing happens, anyone who laughs at her will feel embarrassed.

So if grandmother laughed in a while, she would surely do it again.

But even so, she knew she had to face it.

You can't just leave without saying hello in order not to be embarrassed?

That would be rude.

Thinking, Rong Shu took a deep breath, calmed down temporarily, took the man's hand and squeezed a smile, "Forget it, no matter if my grandmother will be joking for a while, I'm going to see my grandmother, so It's useless to think about anything else now, let's go, go to see grandma first."

After that, she took Fu Jingting Master and walked to the pavilion.

The stiff back, the stiff steps, and the forced, stiff smile, no matter how she looked, she didn't look like she was willing to go to see her grandmother, but was forced by someone with a knife around her neck.

Fu Jingting was amused when he saw this, and lightly scratched the palm of her hand.

Rong Shu's palms are itchy, and she can't think about how to deal with her grandmother's ridicule after seeing her. Instead, Fu Jingting draws all her attention.

She tightened her fingers suddenly, turned her head to look at the man dissatisfied, "what are you doing?"

When the man saw that she was no longer nervous, there was only dissatisfaction and complaints against him in his eyes, and he couldn't help but feel helpless and funny.

Little unconscionable, who is he doing this for, not for her.

In order to make her not nervous and not to think that something big will happen next, she scratched her palm on purpose to distract her.

In the end, she was better, she just stared at it, without any hesitation.

But there is no way, who told her that this is her favorite.

So what can be done?

I can only suffer by myself.

Although Fu Jingting thought so pitifully in his heart, he shook his head with pampering and a smile in his eyes, "I'm sorry, I didn't mean it, why don't you scratch it back?"

Rong Shu snorted, "I'm not that careful and I will report it. What?"

She turned her head back and pulled him to continue inside.

Soon, the two entered the pavilion.

Rong Shu took a deep breath and summoned up the courage to call out to the old lady, "Grandma."

When she shouted, her eyelids were lowered slightly, and she didn't look at the old lady, she didn't dare.

I was afraid that when I saw it, I saw the playful expression on Feng Ma's face when she was outside the pavilion.

By then, it was embarrassing.

The old lady saw the two people who were still holding hands and refused to separate, not to mention how hard they laughed, "Okay, you can be considered as coming in, what did you say outside just now? It's been so long. Don't come in."

Hearing that the old lady didn't tease herself and Fu Jingting, Rong Shu breathed a sigh of relief.

The man next to her took her to the opposite side of the old lady and sat down, and then replied, "It's nothing. After a little whisper between us, grandma won't ask."

"Okay, since it's a whisper, then grandma won't ask. "The old lady also readily responded.

Afterwards, the old lady cast her eyes on Rong Shu's face, looking at the blush on Rong Shu's face that had not yet dissipated, a deep smile appeared on the old face.

Just behind the old lady who was about to say something, Fu Jingting suddenly clenched his fist against his lips and coughed inadvertently.

The old lady looked at him, and Fu Jingting lifted his eyelids lightly.

Grandparents and grandchildren's eyes collided, and they communicated invisibly.

In the end, the old lady took the lead in withdrawing her gaze, looked at Rong Shu again, and smiled clearly.

Okay, since the eldest grandson has reminded himself like this, then he will stop joking.

In case the little girl really ran away because of her own joking and thin-skinned shame, it would be the old woman's fault.

"By the way, grandma, when Xiao Ye and I came over just now, I met my mother and left the old house." At this time, Fu Jingting suddenly changed the subject and talked about Wang Shuqin.

The old lady stopped while drinking tea, "You met Wang Shuqin?"

"Yes." Fu Jingting nodded, then got up, picked up the teapot, and poured himself and Rong Shu a cup of tea.

After pouring it out, he handed one of the cups to Rong Shu, and then he said, "Why did she come to the old house to find you?"

"You didn't ask her in person?" The old lady asked instead.

Next to him, Rong Shu heard the grandfather and grandson talking about business, and didn't want to make fun of anything else. The heart that she mentioned finally fell back to its original place. The last bit of blush on her face finally completely dissipated. Everyone relaxed, picked up the tea that Fu Jingting handed over, and sipped, quietly

listening to the conversation between the grandparents and grandson without interrupting.

Concerning Wang Shuqin, she expressed that she was not interested and did not want to participate.

“I asked, she didn’t say much, she left after saying hello.” Fu Jingting lightly opened his thin lips and returned.

The old lady nodded, “It’s okay, what can she do when she comes to my old lady? I didn’t want my old lady to come forward and persuade Jing Lin to go to college after returning to China this time, and stop playing basketball. I ignored her. Send her away.”

Now that Wang Shuqin has promised, he will not tell Jing Ting the purpose of coming here.

Of course she will do what she says.

Besides, Wang Shuqin is really sincere to Jing Ting, and she doesn’t want to see the mother and son drifting apart because of a Liu family, it’s not worth it!
