This Time, I Will Get My Divorce Chapter 1181

I just want to teach him a lesson

He only guessed that it should not be helping him out of Sioux City to kill his father, or disappointing his mother and making him lose the anger of his parents.

Because this is no longer a small hatred and hatred that can make people angry, but a deep hatred for life.

She wouldn't even help him vent his anger without even knowing this.

Therefore, she was referring to helping him vent his anger, which should be something else, and it was a small grievance that was much smaller than the above two things.

Rong Shu put her hair away from her ear, and glanced at Assistant Zhang again, "Remember what I told you yesterday morning, when we talked about the evening, let's talk?"

Fu Jingting nodded, "Remember."

Rong Shu With a sigh, "But last night, we spent the night in the old house, and also..."

Having said this, she suddenly realized something, raised her eyes and looked at Assistant Zhang with a face full of gossip, her face flushed, and she quickly blurred. After this paragraph, "So I didn't talk to you last night."

"What you want to talk to me has something to do with your fight in Sucheng?" Fu Jingting immediately guessed something.

Rong Shu nodded, "Yes, when you came back the night before, didn't Assistant Zhang come to Repulse Bay to find you? You two said something at the time, I don't know what you said, but after Assistant Zhang left, your The mood became very low, obviously what happened, I asked you, but you refused to tell, and said that you were all right, but I could see that you were not all right, you just kept the matter in your heart and didn't want to let it go. I'm worried about you, but you don't know. The more you are like this, the more I worry about you. I didn't sleep well that night."

"Sorry." Fu Jingting's eyes trembled, and he gently hugged her into his arms, "I I don't know."

He really didn't want her to worry because of that incident, so he didn't tell her.

But he didn't expect that she didn't sleep well because of this.

This is his ill-consideration.

As for Assistant Zhang in the driver's seat, after listening to Rong Shu's words, he probably realized in his heart why Rong Shu was in Sucheng, lowered his head in a guilty conscience, turned around quietly, and lowered his sense of existence.

Sure enough, you can escape the first day of the first year, but you can't escape the fifteenth.

After all, Miss Rong will still tell President Fu that he told Miss Rong the matter.

He thought that Miss Rong and President Fu had had a frank conversation last night, but he didn't expect that the two of them didn't talk at all last night.

She still thought that the two of them were talking alone, even if Miss Rong told President Fu, he said, as long as he was not there, even if President Fu wanted to clean up him, he would not be able to clean up,

but God is not open to him. When she wasn't there, Miss Rong didn't talk to President Fu. Now that he was present, she did talk to President Fu, and looking at the situation, Miss Rong would definitely expose him. Then President Fu wanted to deal with him. He couldn't even run.

Hey

Assistant Zhang looked up at the sky, wanting to cry without tears.

Well, although I can only see the roof of the car, I can't see the sky.

Rong Shu didn't know that Assistant Zhang was starting to feel uneasy at this moment. She leaned on the man's arms with peace of mind, lightly knocked her chin on the man's shoulder, looked at the car window and smiled, "It's not your fault, you don't tell me, it's also because I don't want to let me worry about you, I understand, I can't sleep, it's me who is worried about you, it's not your fault, so when you forget to take the U disk and turn it back the next day, I will take the opportunity I asked Assistant Zhang what he said to you last night."

At this point, how could Fu Jingting not realize what was behind him, squinted slightly, and glanced at the driver's seat.

Although Assistant Zhang had already turned back, he could not see Assistant Zhang.

But this glance still made Assistant Zhang tremble and straighten up.

No way, who made Fu Jingting's eyes too sharp.

Even if you don't need to look at each other, you can feel creepy just by feeling.

"He told you all?" Fu Jingting asked.

To say it is to ask is rather to say it is an affirmative statement.

Rong Shu hummed, "Yes, I told Assistant Zhang about your mood and reaction at the time. Assistant Zhang was also worried about you, so he told me. He also knew that it was not good to comfort you in his capacity, to comfort you, you I may not be able to listen, so Assistant Zhang told me, and I hope I can comfort you, after all, you can still listen to my words." In the

driver's seat, Assistant Zhang was deeply moved.

Miss Rong, you are so kind.

He knew that when Rong Shu said this, he also told Fu Jingting that he didn't mean to be loud.

I hope Fu Jingting can't blame him for this.

Fu Jingting pursed his thin lips, "The next time is not an example."

Assistant Zhang knew that this was for himself, and nodded again and again, "Yes, yes, I know Mr. Fu, there must be no next time."

He finally breathed a sigh of relief . .

Mr. Fu's words have clearly told him that he is fine, and he will not be punished.

This is all due to Miss Rong.

Assistant Zhang was happy.

But Rong Shu was not happy, and her face sank unhappily, "What do you mean by not being an example? What if you encounter a similar situation next time? Don't you tell me again? You want me to worry alone?"

"As soon as the words came out, they undoubtedly let the two men know that what they just said was somewhat inappropriate, and did not take into account Rong Shu's mood.

After Assistant Zhang gave Fu Jingting a helpless look, he quickly turned his head back, as if it was none of my business.

But it really doesn't matter to him, they are a couple, and it was President Fu who said the wrong thing at first.

So, let the vice president handle it himself.

As a subordinate of him, it is best to be his own invisible man.

Assistant Zhang's actions naturally made Fu Jingting felt very dissatisfied, and Jun's face darkened.

But what about when it gets dark?

Can you beat Assistant Zhang?

Besides, the top priority now is not to clean up Assistant Zhang, but to make the angry woman happy.

Fu Jingting rubbed his brows and looked at Rong Shu knowingly, "I'm sorry, I didn't think about it properly, how about I keep it from you in the future? In this case, there will be no similar situations, and there will be no other examples. , what do you think?"

Rong Shu glanced at him and snorted, "It's not too bad."

Seeing her expression improved, Fu Jingting breathed a sigh of relief.

Alright, finally coaxed.

Seeing the man breathe lightly and look relaxed, Rong Shu was angry and funny.

Really, is she an unreasonable and hard-to-coax woman?

Why did he make this look that it took so much effort to succeed?

Too lazy to bother with the man, Rong Shu adjusted her expression, and then continued on the topic just now, "I learned from Assistant Zhang that it was Su Cheng who threatened you with your mother's relics, so after you became depressed, I felt Very angry, how can there be such a disgusting person as Su Cheng in this world, no matter what, your mother has been with him after all, the two have had a relationship, even if he doesn't really love your mother, at least he should Look at this past relationship and let your mother go, not to mention your mother is already dead, but he does not let go of a dead person, using dead people's things as threats, just to save his illegitimate daughter, this It's really disgusting, so I was so angry that I wanted to teach this disgusting man a lesson."

"Then you found someone to put Sucheng sacks on?" Fu Jingting looked at her amusingly.

Rong Shu smiled embarrassedly, "Yes, as you know, my power is limited, and I can't use other high-end methods to teach Su Cheng. I can only use this naive and shallow method."

God can't stand it

The four words childish and shallow were deliberately accentuated by her.

At the same time, her eyes swept in the direction of the driver's seat, intentionally or unintentionally.

In the driver's seat, when Assistant Zhang heard it, his hair stood on end, and he suddenly smiled bitterly, "Miss Rong, I was wrong, I shouldn't have said that, but I didn't know at the time that you did this, if I know, I won't say that."

God, I didn't expect Miss Rong to hold such a grudge.

He did talk about the method of putting people in sacks at that time, which was a bit naive and shallow.

But didn't he praise him for doing such a good job later?

After all, it can make Su Cheng feel real pain.

But who would have thought that Miss Rong directly ignored the compliments behind him, just remembered this, and now she just named it, isn't she just trying to retaliate against him?

Sure enough, after being with Mr. Fu for a long time, Miss Rong should not be too careful about Mr. Fu's infection.

Mr. Fu, you are so sinful!

Looking at Assistant Zhang's bitter face, Rong Shu covered her lips and smiled, "Okay Assistant Zhang, I'm just joking, don't worry about it."

Assistant Zhang looked at the sky speechlessly.

Miss Rong, this joke can easily scare people to death.

Fu Jingting, who was sitting next to Rong Shu, naturally saw the change in Assistant Zhang's mood. Looking at Assistant Zhang's unlovable appearance, he snorted coldly, "Don't apologize to him, he deserves it and said the wrong thing. Now, it's time to prepare for revenge."

Assistant Zhang sighed inwardly.

Mr. Fu, Mr. Fu, when you say this, doesn't your conscience hurt?

In the past, he used to say things that belittle others, but Mr. Fu never said that what he said was wrong.

Now that the client has become Miss Rong, President Fu has changed.

Oh, hypocritical man.

Don't think he doesn't know, Mr. Fu is deliberately flattering Miss Rong.

Seeing Assistant Zhang's dejected appearance, Rong Shu directly changed the subject, lest Assistant Zhang be in a bad mood for a while.

"However, what Assistant Zhang said is quite right. Although there is no way to vent your anger in a high-end way, this way, and it can directly make Su Cheng feel pain, is also a good way to vent your anger." Rong Shu smiled. laugh.

Just as he was talking, Assistant Zhang's phone rang.

Assistant Zhang looked down and said, "Mr. Fu, Miss Rong, the call was made by the person we sent to watch Su Cheng. It is estimated that he knew about Su Cheng's injury."

"Yes." Fu Jingting raised his chin.

Rong Shu also wanted to know how badly Su Cheng was beaten, and hurriedly pricked up her ears.

Assistant Zhang answered the phone, made a few ummmes at the other end of the phone, and hung up the phone. The whole process lasted no more than one minute.

"Mr. Fu, Miss Rong, our people said that after Su Cheng was found by his assistant, he was directly sent to the emergency department of a private hospital. Now, after inspection, it was found that the injury was quite serious, and two teeth had been knocked out. The left eyeball is congested, a rib is broken, the right ankle is sprained, and the elbow is dislocated. The hospital recommends a month of hospitalization." Assistant Zhang said excitedly.

Rong Shu exclaimed, "It's so serious."

She just saw that Su Cheng's face was injured in the photo, and she guessed that there must be many injuries on her body.

But I think it's probably all skin trauma, not bones.

Unexpectedly, she thought it was too simple.

"It's a bit heavy, but for a scum like Su Cheng, it's still a little too light, and the hemiplegia is not serious." Assistant Zhang pouted.

Rong Shu looked at Fu Jingting, saw the man's expressionless face, and nodded slightly, "What you said is true."

She expressed no guilt in her heart for Su Cheng being beaten like this.

Just relying on the things Su Cheng has done, it is not an exaggeration to pay with his life.

These injuries are really nothing.

"Sorry, that's all I can do for you. I can't do anything to Su Cheng." Rong Shu took the initiative to hold the man's hand and said apologetically.

The man took her hand back and smiled at her, "Enough is enough, I'm very happy, thank you."

She has always been a very gentle woman, and she never does this kind of thing to find someone to beat.

But in order to help him speak his anger, she was able to break her own principles and let people beat others, which, for him, had moved him very much.

So he said he was very happy.

Seeing the man thank him, Rong Shu let out a sigh of relief and smiled.

Originally, she was still thinking, if she did this, would the man be unhappy and feel that she was making an opinion.

But now it seems that men don't have that idea.

If so, she still feels uncomfortable.

After all, she thinks of him wholeheartedly and wants to do something for him. If he thinks that he is making an opinion and shouldn't do it, she will feel that her good intentions have been soaked in soup, and she will feel aggrieved.

Fortunately, the man did not disappoint her.

"Who did you find to beat Su Cheng?" Fu Jingting hugged Rong Shu and asked, "Don't lie to me, I'll let Zhang Cheng go to the end, or if Su Cheng catches someone, he will be found on your head. It will be very troublesome."

Assistant Zhang nodded again and again, "Yes, Miss Rong, while Su Cheng is still in treatment and has not started looking for someone, I will deal with it as soon as possible."

Rong Shu waved her hand, "No, no, I will find someone. It's a friend of Ah Qi's, I think you should have heard that Ah Qi's friend is called Li Erwa."

"Li Erwa?" Assistant Zhang's eyes widened in surprise, "Miss Rong, it's that Li Erwa on the road. Baby?"

Rong Shu nodded, "It's him."

Fu Jingting was also a little surprised, but he quickly returned to normal, but he still asked, "Are Lu Qi friends with this person?"

"When Ah Qi was in high school, he was a punk for a while, when Li Erwa was His younger brother was also a child who grew up with the support of the Lu family, so Li Erwa was almost obedient to Aqi. Later, Aqi became a three-good boy again, and handed over a small group formed at that time to Li Erwa , Even though Li Erwa has reached such a height now, but the affection with Aqi is still there, so Aqi directly contacted Li Erwa and asked Li Erwa to arrange for someone to give Su Cheng the sack, Aqi said , As long as it was done by Li Erwa's people, even if Su Cheng found him, nothing would happen. Li Erwa would be protected from above, so in this matter, Su Cheng was destined to suffer only a dumb loss. After the baby is on the head, the investigation will not continue, so don't worry that Su Cheng will find out that the real black hand is me and take revenge on me."

Rong Shu roughly said what Lu Qi said at the time.

Fu Jingting nodded slightly, "Lu Qi is right, this time, Su Cheng will only suffer from a dumb loss, that Li Kui's relationship with the above really did not dare to let Su Cheng do anything, now I can rest assured. "

Li Kui is the name changed by Li Erwa.

After all, he is the boss, how can he keep calling Li Erwa this name.

There is no domineering or deterrent at all.

“I didn’t expect that Mr. Lu had such a relationship with Li Kui.” Assistant Zhang was speechless.

Forget about him, not even Fu Jingting thought of it.

“Fortunately, you’re the person Li Kui was looking for. If I were looking for someone else, I wouldn’t be so relieved.” Fu Jingting looked at Rong Shu.

Rong Shu smiled, “I didn’t think of this at the time, I just wanted to teach Su Cheng a lesson, and it just happened that Ah Qi had been a gangster before and felt that Ah Qi might have a way to contact the gangster, so I contacted Ah Qi. Qi, who knows that Aqi still has contact with Li Erwa, and Li Erwa has already gotten along so well, this is probably because God can’t stand Sucheng, so he arranged the best man for me?”

Wronged You

“What Miss Rong said is that if God sees people like Su Cheng, I suspect that God has no eyes.” Assistant Zhang nodded in agreement.

There is quite a bit of flattery in it.

Rong Shu smiled, “Then thank Assistant Zhang for your words.”

Assistant Zhang waved his hand, “Miss Rong, please don’t thank me, it’s a fact, isn’t it President Fu.” Fu

Jingting was noncommittal.

Afterwards, Rong Shu’s expression turned slightly more serious, “Jing Ting, do you know what Su Cheng used to threaten you with his aunt’s relics to let you spare Su Man?”

Fu Jingting shook his head, “I don’t know, I asked. Su Cheng, he didn’t say it, but he said, if I don’t agree, he will auction the relic, and he is sure that many people in the circle will buy it, and he said that those who buy it can do it.”

Fu Jingting clenched his fists violently. When he got up, his face was also extremely ugly, “You said you can see the style.”

“A glimpse of the style?” Rong Shu frowned slightly, “What can let people see the style is nothing more than photos, portraits, and videos. It can record things like portraits, could it be these things?”

“I don’t know, but it’s always inseparable.” Fu Jingting’s eyes darkened, “What I’m most worried about is video, even that kind of video.”

That kind of video What kind of video is it?

I believe that as long as you are an adult, you can think of the answer immediately without saying it explicitly.

After all, at that time, Su Cheng and Fu Jingting’s mother were together, they were serious boyfriends and girlfriends, even breaking through that line of defense was normal.

And many men and women like to take pictures or videos of that kind of thing after they are together.

Even if one party doesn’t like it and resists it, the other party may secretly take pictures.

She didn’t know if Fu Jingting’s mother and Su Cheng were together in these circumstances, and if the relics in Su Cheng’s mouth were what she and Fu Jingting thought.

But whether it was or not, she didn’t want Fu Jingting to take this risk.

For a time, the quiet needle drop in the carriage could be heard, and only the sound of heavy breathing showed that the atmosphere in the carriage was depressing at the moment.

After a while, Rong Shu seemed to have made up her mind. She squeezed her palm and looked at the man, “Jing Ting, why don’t you agree to him?”

“What did you say?”

As soon as Rong Shu’s words came out, Fu Jingting and Assistant Zhang were both big Looking at her in surprise.

Especially Fu Jingting, in addition to being surprised, there are other expressions that he can’t understand.

Rong Shu took a breath and looked at the man calmly, “Jing Ting, we don’t know what the relics in Su Cheng’s mouth are, we just guessed what they might be, but whether it is or not, we can’t take this risk, she It’s your mother, no matter how you feel about her now, she will always be your mother, we can’t let her relics be used in this way, let

alone let her look down at ease, and end up with a person whose reputation will be ruined after death. In the end, Jing Ting, you should know that if the relics in Sucheng's mouth are really what we guessed, once they are bought and publicized, let's not say what will happen to your mother, just say you, grandmother, Fu family, all of them. If you want to be spoken of and laughed at by everyone, the Fu family will also be hit by the power of public opinion. After all, no matter how strong a group is, as long as everyone resists, the building will collapse."

Fu Jingting and Assistant Zhang did not refute.

After all, this is an indisputable fact.

Rong Shu added, "I don't want to see you being pointed and laughed at by everyone because of your mother, and I don't want to see your grandmother so old. Because of my daughter-in-law, I can't live in peace and can't enjoy old age, so I would rather You agreed to Su Cheng's conditions, let Su Man go, and got the relics back."

Fu Jingting's thin lips moved, wanting to say something, but in the end the words came to his lips, but nothing came out.

Just because he knew that Rong Shu's words were very reasonable, and he also talked about his intentions.

He didn't care about his reputation, and he wasn't afraid that others would laugh at him for it.

All he cares about is his grandmother.

He really can't see his grandmother a lot of age, because of the scandal of his ex-daughter-in-law, and he is unhappy.

Grandmother didn't have many days left, just two years.

If the relics in Su Cheng's mouth were really those things, they were bought and publicized, and everyone would see the Fu family's joke as a trivial matter.

What he was most worried about was that his grandmother might die on the spot in a panic.

And this possibility is still very high.

He didn't dare to gamble.

Therefore, hearing Rong Shu's words now, he was silent and even compromised.

Just because of the price, he can't afford it.

“Forget Su Man, don’t you feel wronged?” After a long time, Fu Jingting finally spoke in a hoarse voice.

Rong Shu nodded and shook her head, “It’s a little bit, after all, Su Man is very malicious towards me, and I hate her too, and I think she should accept legal reform, but if you compare it to you, the Fu family, and the Fu family. In terms of the possibility that my grandmother will suffer in the future, what kind of grievance is this? What’s more, with Su Man’s hatred for me, it will definitely be in my hands in the future, and then I can take care of her again. The top priority now is , is to take back aunt’s relics, don’t let grandmother be in peace in the last time, Jing Ting, you have always been a smart person, you will not make wrong choices, right? “

She looked at the man seriously and nervously. , for fear that the man would reject her for fear of her being wronged.

Fortunately, the man didn’t disappoint her, and hugged her tightly, “I’m sorry, this time, I wronged you.”

He will make up for her.

She generously gave in, thinking about him.

But he couldn’t take it for granted.

Therefore, he must also make up for her, otherwise he will be uneasy to accept.

“No grievance .” Rong Shu raised her hand and hugged the man back, “Didn’t I say, there will be opportunities to clean up Su Man in the future.”

“I know, but I still feel a little sorry for you. Su Man bullied you, but because of our family, I asked you to make a step. I’m sorry Little Ye Zi, but don’t worry, I won’t let you compromise in vain.” Where Rong Shu couldn’t see, the gloom in his eyes was terrifying.

Rong Shu pushed him away and looked into his eyes, “What are you going to do?”

Fu Jingting rubbed her hair, “You’ll know soon.”

Seeing that he didn’t say anything, Rong Shu nodded. , didn’t ask too much, “In short, you go to Su Man as soon as possible, get the relics back, don’t let him really use it to make

an article.” “I will.” Fu Jingting lowered his eyes, covering the fierceness in his eyes.

Rong Shu leaned on his chest, “Actually, I just want to talk to you about this. Although I haven’t finished talking about it, it’s okay, it’s not too late.”

Fu Jingting stroked her hair, "Thank you."

Rong Shu smiled. He smiled, "You don't need to thank me, you have always done a lot for me, but I haven't done much for you, so let's take this time as something I did for you."

"Miss, you are really a good person." At this time, Assistant Zhang praised sincerely.

Rong Shu smiled back, "Thank you." After she finished

speaking, she tapped the man's back with her fingers, signaling the man to let go of her.

The man didn't act like a rogue like before, and this time he let go of her.

"Let's go, it's getting late, it's time to go back to the company, you can go directly to Su Cheng in a while." Rong Shu looked at the man and said.

The man hummed, "I think so too."

"Let's go then." Rong Shu sat down.

Fu Jingting glanced at Assistant Zhang, "Drive."

Assistant Zhang responded, nodded and started the car.

Very greasy and confusing

Soon, Tiansheng Group arrived.

Assistant Zhang parked the car and raised the partition naturally.

He knew that President Fu and Fu Jingting were about to part ways today.

Given how sticky Mr. Fu was to Miss Rong, although they were only separated for a few hours, they could be together again at night.

But these few short hours, for President Fu, it is estimated that it is a long time.

If you don't see each other for a day, it's like every three autumns. That's probably the case.

So President Fu will definitely ask for something from Miss Calm when they part, such as hugs, kisses, etc.

In order not to disturb them, and to not embarrass Miss Rong, even if he didn't need to remind him, he consciously raised the partition to leave a space for the two of them to be alone.

I believe that Mr. Fu should be very satisfied when he sees him who is so aware of current affairs.

Maybe even happy, and give him a bonus.

Thinking, Assistant Zhang rubbed his hands excitedly.

Not to mention, he has been with Fu Jingting for more than ten years, and he knows Fu Jingting very well.

Assistant Zhang's act of advocating to raise the partition, just as he thought, not only did not make Fu Jingting feel the slightest dissatisfaction with him, but he was very satisfied.

Bonuses can be added.

Fu Jingting looked at the partition, nodded indiscernibly, then turned to the woman beside him who was about to get off the bus, "After work in the afternoon, I'll come pick you up."

"Come here if you're done, you're not busy. I'll just drive back when I'm done. I don't have to deliberately drop my work to squeeze out time to pick me up. After all, managing such a big Fu Shi, your work is a lot more than mine. To pick me up, you need to temporarily drop your work. If you make it up, it will be even more busy, so it is not necessary." Rong Shu looked at the man and smiled.

Fu Jingting nodded slightly, "Don't worry, I'm measured, but let you be the demon concubine who makes me waste the government."

"Pfft!" Rong Shu burst out laughing, "What demon concubine, do you think you are the emperor, and the demon concubine is here, I can't believe you can still make such a joke, you probably won't watch it recently What kind of shitty costume drama, right? But it's not right, don't you never watch TV dramas, you only watch news?"

Fu Jingting was noncommittal, "I didn't watch it before, but now I occasionally watch it, after all, I'm in love, and I also need to learn Yes, learn how to maintain romance in love, and how to say better words to make each other happy. This is what Zhang Cheng told me, saying that love also needs to learn from and learn. Only in this way can we

always maintain the enthusiasm and freshness of love. , the relationship will last for a long time, I think it is quite reasonable, so I will look for movies and watch about love.”

Rong Shu suddenly said, “No wonder you sometimes say some nonsense, and Doing some sleazy actions, I originally thought that these behaviors are not in line with your character, but I can’t figure out where you learned them. I just think this may be your talent. After all, men always make women think I don’t understand the behavior, I think you are probably like this, and now I know that you are not like this, you really learned from these strange things.”

Speaking of which, she held her forehead dumbfounded, “Really, Zhang You actually listen to what the assistant says, he is still a bachelor himself, and he teaches you how to fall in love, so that you can maintain your relationship, so you are not afraid that he is talking nonsense.”

She shook her head helplessly.

These two people, one dares to teach and the other dares to learn.

Absolutely.

After listening to the woman’s words, Fu Jingting fell into deep thought for a while, and after a few seconds, he raised his eyes to look at Rong Shu again, “I see these, is it really strange to learn these? Or should I not learn?”

Rong Shu smiled and shook her head, “Of course not, on the contrary, I think it is very valuable to learn how to maintain a relationship if you are in a relationship. The world is too impetuous, and many people are unwilling to maintain a relationship with their heart. I feel like there are so many men and women, and the relationship with this is gone, and the next one is that there is no need to spend a lot of time and effort to maintain it, so you can work hard and be willing to maintain our relationship with your heart, I think you’re amazing and I’m very moved, I’m just surprised by your character, you don’t look like someone who can do this.”

“That means you don’t know me well enough.” The man took her hand, “As long as it involves you, I can do more and better, so Xiao Ye, you have to keep getting to know me.”

Rong Shu nodded, “Okay, in order not to disappoint Mr. Fu, I will continue to work hard. To dig you, to understand you, until you have no more secrets in my eyes, how?” The man raised his chin, “Welcome.”

Rong Shu covered her lips and giggled, “But what Assistant Zhang suggested to you Don’t watch things, because if you watch too much, you will be easily influenced by

these movies and TV dramas and the characters in them, and they will become more earthy and greasy.”

“Earth? Greasy?” The man raised his eyebrows.

Rong Shu nodded, “Yeah, don’t you know that the current film and television dramas and the behavior of the male and female protagonists in them are very earthy, greasy and confusing? The earth is okay, and sometimes the earth is actually quite impressive. Heart-wrenching, but greasy and confusing, it makes people feel speechless and childish. When you watch these movies and videos, don’t you feel your scalp is numb, embarrassed, and a little nauseated. Do you think these people are sick? “

Fu Jingting was silent, remembering that he followed Zhang Cheng’s advice to learn how to maintain a relationship and how to be a romantic man, so he opened up these things he had never seen before.

When he first started watching it, he felt the scalp tingling, nausea, and embarrassment that Rong Shu said.

But he felt that these feelings were all because he had never seen them before, so he didn’t think that the discomfort was caused by the first reading, and he didn’t think it was due to other reasons.

But after so long, he is still not used to it. Every time he looks at it, he will have these feelings to varying degrees.

It was not until he heard what Rong Shu said that he realized that these feelings were not because he was not used to it, but because these things had the effect of making people physically and psychologically uncomfortable, and it was the same for anyone who saw them.

“So, as long as you have these feelings, it means that the characters and behaviors in these are greasy and confusing?” The man moved his throat and asked his doubts.

Rong Shu nodded, “Yeah, because these characters are poorly shaped, the plot is rigid, and it is said that it is a sweet love, but it is actually industrial syrup, forcing people to feel that their relationship is very sweet, very harmonious and beautiful, In fact, not at all, even their interaction will make the audience feel that they are not in love, not showing affection, but someone with a knife behind their back, threatening them to do so, so even if the audience sees them hugging and kissing I don’t feel sweet and beautiful at all, but I only feel awkward, greasy and confusing. How can people learn and learn from such love, film and television? Don’t be taken by them, and they will also become greasy. It’s good to be confused.”

Fu Jingting nodded suddenly, “I see.”

No wonder he thought it was strange when he watched it at first. He thought that these were movies and TV shows about love, but he couldn't feel that the men and women in them were in love with each other. Yes, but there is a feeling that strangers cooperate with the business.

It is because of this!

Rewards for you

Thinking of this, Fu Jingting suddenly began to reflect on what he had learned from these in the past.

He looked at the woman beside him, his eyes flashed slightly, and his expression seemed to be a little subtle.

After a while, he pressed his lips and coughed lightly and said, "Little Leaf, are some of my behaviors to you sometimes greasy, confused

and stupid?" Some romantic actions and words for the heroine make the heroine very moved and happy, and the heroine also thinks that such a hero is handsome and attractive.

Although he was also very strange at the time that such a move was really romantic, is the hero really handsome like this?

But he couldn't get an answer, thinking that since the heroine was moved and also thought that such a hero was handsome, it might be true.

So, he wrote down these actions and some words of the hero, and after a little modification, he did the same to Rong Shu.

He didn't feel that these actions might make her feel confused and greasy before, but now after listening to her comments on these films and videos.

He began to have some doubts. In her eyes, the previous self might be as greasy and confusing as the characters in these movies.

If this is the case, Fu Jingting feels that he has found a hole in the ground to get in, which is really embarrassing.

Looking at the man's flickering and embarrassing expression from time to time, Rong Shu probably knew what the man was thinking at the moment, covered her lips and smiled and replied, "It's really not greasy, after all yours The appearance and temperament are here, and your behavior is not as exaggerated as those of the male protagonists in the film and television, and it seems that the force is too much, so it really doesn't make me feel greasy, but there is still a little soil and confusion. Hearing that there was no greasy, the

man was slightly relieved, and the subtlety and embarrassment in his heart were much less.

Although it still left a little joke for women, at least it was not as exaggerated as I thought.

And he would rather not be greasy than soil and confusion.

He also knew the word greasy.

Although the greasy he knew was referring to those middle-aged men who were bald, big-bellied and fat, and who boasted of being handsome and confident, it was not quite the same as what she said about greasy, but it was not far from it.

Therefore, rather than being greasy, he would rather his evaluation be dirt and confusion.

At least some comfort.

"What kind of soil and confusion?" The man's thin lips moved and asked again.

No greasy, there are these two.

Neither of these are great either, although a little better than greasy.

Rong Shu smiled again at the man, "It's cute and confusing."

"Cute?" The man raised his eyebrows in surprise.

Rong Shu hummed twice, "Yeah, sometimes you suddenly say some rude words, and do some rude actions, which really confuses me, but I'm just confused why you suddenly say such rude things. , to do such a dirty move, but other than that, I have no other thoughts, and I don't think there is something wrong with you doing this."

She pointed to her brain.

The man's handsome face darkened.

So, should he be happy that he wasn't regarded as a lunatic by her?

Seeing the man's unhappy appearance, Rong Shu squeezed his fingers, "Okay, don't think about it, didn't I say, you are cute and confusing? Although it is dirty, I have to admit, Your words and actions really made me blush and my heart beats, and I was teased by you. Moreover, you do such actions with a cold appearance and a cold personality. Saying such words will also give people a kind of contrast and cuteness. The sense of sight, what is not cute?"

Of course, this is still due to the excellent appearance and temperament of men.

As long as he looks a little ordinary, such words and deeds are not cute, they are really dirty, really confused, and really greasy.

Although Rong Shu didn't say this thought, her expression had already revealed it.

After the man understood it, he didn't feel happy and comforted at all, but even more depressed.

So, he now gets such an evaluation in her heart, all thanks to his own face?

Fu Jingting raised his hand and touched his face, not knowing whether to be happy or angry.

Well, be happy.

At least this shows that she likes this face of her very much, doesn't she?

With this face, at least she can guarantee that she can always love herself.

Thinking about it, the man shook his head helplessly and smiled, "I won't watch this in the future."

Rong Shu nodded, "It's best not to watch it, it's not good to watch it, it will only make people feel that their IQ is lowered."

Of course, she The most fearful thing is that one day, he will really be led astray by these things, from a good high-quality man to a greasy and domineering president.

By then, she was probably going to cry.

After thinking about it, Rong Shu said again, "Besides, it's good for you to do this, you don't need to learn from others to maintain our relationship, be yourself, and follow your own ideas is the best way to maintain our relationship, after all Someone else's is always someone else's, and using someone else's method to maintain one's own

feelings always feels unreal, as if we are not in love, but in someone else's shell, what do you think?" The

man looked Looking at her, noncommittal.

It seems to be the truth.

Rong Shu moved to Fu Jingting's side, took the initiative to hug his arm, and put her head on his shoulder, "So, don't listen to other people's talk about how to fall in love, especially Assistant Zhang, who has never talked about it himself. How do I teach you? You too, actually believed him." The

man looked at the partition with cold eyes, as if he wanted to see Assistant Zhang on the other side through the partition.

"In the future, I won't learn from other people's methods. We only use our own methods. Although we will encounter some setbacks by exploring on our own, we can at least grow through our own exploration. We realize how valuable a relationship is and how difficult it is to maintain a relationship. Maybe this way, we will cherish and appreciate each other more." Fu Jingting retracted his eyes from the partition, tilted his head slightly, and looked at his shoulders The woman on top has extremely gentle eyes.

The woman nodded, "You're right, but it seems that before you, it was to give me romance, and for the sake of maintaining our relationship, I still want to reward you."

Reward?

The man's eyes brightened for a moment, his Adam's apple slid up and down twice, and his voice became deep, "What reward? Take back the words that let me sleep on the sofa at night?"

Rong Shu let go of his arms and sat up straight, embarrassing him. At a glance, "You want to be beautiful, you want to take the opportunity to sleep in the room, there is no door, this reward is another."

The breath of the man's body visibly decreased.

Rong Shu felt his disappointment, angry and funny.

Don't you just disagree with letting him go back to his room to sleep tonight?

Is it necessary to be so disappointed?

She smiled helplessly and shook her head, then Rong Shu leaned over and kissed the man on the face, "This is the reward for you, well, it's getting late, I should get off the car and go to the company, you also hurry to find Su Cheng has brought my aunt's relics

back. Don't delay for too long. If you delay for too long, Su Cheng will think that you don't want to take back the relics, so they will put them up for auction. It will be troublesome then, so hurry up and go. , see you in the evening.”

After speaking, she quickly got out of the car before the man could react.

Otherwise, she knew that when the man reacted, he would definitely not be able to get out of the car.

After all, men have always liked to move forward and climb up the pole.

Now that I have kissed him, if I don't leave quickly and react to him, I will definitely pull her back and kiss her back.

And kiss back, not on the cheeks, but on the lips, and if she doesn't kiss her, he will never let her go.

Because of this, she took this opportunity to run quickly.

Rong Shu quickly opened the car door, got out of the car, and closed the car door again. The whole process was smooth and clean. The time it took was less than a minute, and the speed was staggering.

And she is not an impatient person herself. This time, she can complete this set of actions so quickly, which shows how 'frightened' Fu Jingting will do after the reaction.

After getting out of the car, Rong Shu looked into the car through the window.

However, there was film on the window, so she couldn't see the man inside through the window film.

But that didn't prevent her from waving at the man through the window glass, then walked around the back of the car and walked out of the Tiancheng Building.

In the car, the man finally came to his senses. He touched the kissed cheek, looked at the empty seat next to him, and then quickly looked out of the car window, just in time to see Rong Shu's figure revolving towards the rear of the car. .

Fu Jingting knew that if she returned to Tiancheng, she would quickly open the car window on her side.

Rong Shu walked halfway, heard the sound of the car window being lowered, and stopped subconsciously, then turned her head to look in the direction of the sound of the car window dropping, just in time to meet the man's handsome face.

"You want to run after kissing?" The man opened his thin lips lightly and said in a low and sweet voice.

Rong Shu smiled, "Why not? Waiting for you to react and pull me back to kiss, so that I can't get out of the car for a long time?"

As his mind was said, a guilty look flashed in the man's eyes, and it was fleeting, and his lips were touched. He coughed back, "I won't."

"Come on, I don't know you yet?" Rong Shu wrapped her arms and snorted, then laughed again, "Okay, hurry up, see you tonight." After

speaking, she waved to the man again . Say goodbye.

The man knew that if he wanted her to come back, it was impossible to kiss the other side of his face again, and it was impossible for him to have a symmetrical relationship with the side he was kissed. Sighing regretfully, the expression on his face also seemed a little low, "See you at night."

Rong Shu looked at the man's obviously lost and resentful appearance, how could he not know what he was missing, and rolled his eyes silently, Turn around and continue walking towards Tiansheng Building.

Fu Jingting did not close the car window and let Assistant Zhang drive, but still kept looking at her and watched her walk towards Tiancheng.

It was not until she saw that she had successfully entered the Tiancheng Building that she rolled up the car window and knocked on the partition.

In the driver's seat, Assistant Zhang heard the sound of the partition being knocked and knew that it was Fu Jingting who reminded him to leave, so he started the car immediately, and lowered the partition at the same time, hehe smiled and said, "Mr. Fu, Miss Rong took so long to get off. Car, just in the car, you must have said goodbye for a long time, right?"

This is not another.

The goodbye he said was about something between a man and a woman, a kiss or something.

However, Fu Jingting was not in the mood to respond to Assistant Zhang's jokes, and glanced at him coldly, "You will deduct half of this month's bonus."

As soon as these words came out, Assistant Zhang's whole person suddenly felt bad, and his face changed greatly, "Why? Mr. Fu?"

Why deduct his bonus?

Isn't he because of the bonus?

After he parked the car, he raised the partition to create a space for the two of them to be alone, so as not to disturb their closeness.

He thought about them so thoughtfully and did it so carefully, even if President Fu didn't give him bonuses, he actually wanted to deduct his bonuses in return.

Why?

This is not fair at all!

Assistant Zhang expressed his dissatisfaction.

Fu Jingting snorted coldly, "Why? Those TV shows that you suggested me to watch before, said that they could teach me to learn romance and be a charming man that makes women unable to stop. I did it, and in the eyes of Xiaoye Ye, those The TV series and the characters in the show are greasy, confusing, and have no charm at all. Xiaoye also said that if I hadn't looked good, what actions and words I did when she was there would be a greasy and demeanor. Confused person, you almost made me become such a person, I didn't fire you, I was merciful to you, do you still want the bonus?"

"Uh" Assistant Zhang twitched the corner of his mouth.

He never imagined that this was the reason why he was deducted from the bonus.

He thought he had just done something wrong.

"That's not right, Mr. Fu." Assistant Zhang drove the car, and said doubtfully, "Why does Miss Rong feel that these male protagonists are greasy? I clearly saw that the female netizens on the Internet like it very much. Stop, no one said they were greasy, but instead said they were handsome, so I thought, Miss Rong might like it, so I recommend you to watch it, but who knows, Miss Rong doesn't like

it at all." My son's assistant Zhang obviously didn't realize that the female netizens who like these film and television heroines are relatively young, in their teens, or in their twenties, their minds are not fully mature, and their social experience is not enough, so I just like these characters, and I don't think there is anything wrong with these characters.

And Rong Shu is already a mature woman of twenty-seven years old, so her understanding and requirements of men are naturally higher, so she feels that the men in these are greasy.

Therefore, Assistant Zhang wondered why Rong Shu didn't like it.

Obviously, Assistant Zhang regarded Rong Shu as a little girl, thinking that as long as she was a woman, she liked it, but she forgot the possibility that not all women liked it.

Fu Jingting didn't know what Assistant Zhang was thinking. Hearing Assistant Zhang's explanation, he felt it was a sophistry, and he was not moved at all.

"A person who has never been in love, what do you know? I don't know where the courage came from to teach me to fall in love." Fu Jingting glanced at Assistant Zhang, and the contempt in his tone did not hide it at all.

Assistant Zhang only felt that his heart was swishing a few times, and several knives were inserted. The pain was so painful that he could hardly breathe, and the hand holding the steering wheel was trembling slightly.

So cruel!

Mr. Fu is really ruthless this time.

Yes, he has never been in a relationship, he is a single dog.

what? Single dogs don't deserve human rights?

A single dog can't teach others to fall in love?

Although he has never been in love, he has a lot of theoretical knowledge, so why can't he teach it?

Besides, when he, a single dog, proposed to teach dating, Mr. Fu didn't say that his method was not good, didn't he still listen seriously and did it?

It turned out that the solution was not satisfactory now, and President Fu blamed him for all the reasons, which was really unreasonable.

He didn't force President Fu to learn at the beginning. President Fu wanted to listen and learn. It was useless to learn, and he didn't blame himself, so he blamed him.

It really makes no sense.

Of course, although Assistant Zhang complained in his heart, he didn't dare to say it, and he didn't dare to show any dissatisfaction with Fu Jingting on his face.

Otherwise, he was sure that in the next second, President Fu would definitely assign himself to mining in Africa.

Therefore, this dumb man is deprived, and he eats it even if he doesn't eat it.

Moreover, I have to apologize to this ancestor.

Hey, beating labor is so pathetic.

Assistant Zhang gave himself tears of sympathy.

Lin's Hospital

However, on the surface, he had to apologize with a smile, "Sorry, Mr. Fu, I didn't know it would happen, and I didn't mean it."

Anyway, whether it was his fault or not, he had to apologize, and he had to say it was himself. wrong.

Only in this way can the anger of this ancestor be dispelled, lest this ancestor keep thinking about himself in his heart and hold on to himself.

Sure enough, at this stage, the person who knows Fu Jingting best is undoubtedly Assistant Zhang.

After Assistant Zhang apologized, things developed just as he thought.

Hearing his apology, Fu Jingting's face really improved a lot, "Don't mess with me in the future, or you will go to Africa to mine."

"Yes, it's Mr. Fu, I will not mess up my mind. Definitely not." Assistant Zhang replied with a flattering smile, but he was cursing in his heart.

Hmph, as if he likes to give ideas.

Mingming suggested watching TV to watch this idea, but he didn't bring it up on his own initiative. It was Mr. Fu who asked him what would make a woman feel romantic, and he said it.

All in all, he has never taken the initiative to be a dog-head military division to assist the relationship between President Fu and Miss Rong.

But now Mr. Fu said what he said, as if he took the initiative.

Isn't this a slap in the face?

Hmph, just wait, when President Fu and Miss Rong quarrel in the future, he will never help President Fu how to please Miss Rong and how to coax Miss Rong.

Just let President Fu find a way to go by himself.

Whoever made Mr. Fu blame him for everything now is really mad at him.

Assistant Zhang drove the car with an unhappy expression on his face, thinking angrily in his heart.

Fu Jingting didn't have time to think about what his subordinates were thinking, and he was not interested. He held his head and looked out of the car window, his eyes were heavy, and he didn't know what he was thinking.

Assistant Zhang saw it in the rearview mirror, and guessed in his heart that Mr. Fu had already started to think about what was going on.

So Assistant Zhang stopped thinking wildly, calmed down, and drove more seriously, trying to drive the car more smoothly, so that Fu Jingting could concentrate more on things.

Soon, the destination arrived, which was the private hospital where Sioux City was located.

Assistant Zhang parked the car, unfastened his seat belt, turned his head to the man in the back seat who was still thinking, and reminded, "Mr. Fu, here we are." Fu

Jingting's eyes flickered, he put his hand down, and straightened his head. Glancing out of the car window, the four characters of Lin's Hospital came into his eyes.

Fu Jingting raised his eyebrows slightly unexpectedly, "It's actually the Lin family's hospital."

Assistant Zhang nodded, "It's the Lin family's, Su Cheng was injured in a sack, and he probably didn't want to be publicized, so he chose a private hospital. Closed treatment is also normal, and the Lin family is a medical family. Although the power and financial resources are not comparable to that of the Liu family, their status is very high in the sea market, so the private hospital of the Lin family is far more convenient than the private hospitals of other families. There are many people with credibility."

Lin's Hospital is the private hospital of Lin Tianchen's family.

The Lin family is a medical family, not a business family, so the financial resources are naturally a lot worse, but even so, the Lin family also has several private hospitals, and they are located in several first-tier cities across the country.

Lin Tianchen's parents are currently the president and director of Lin's Hospital in Haishi, while Lin Tianchen is the young owner of Lin's Hospital.

However, this was not recognized by Lin Tianchen's parents.

Lin Tianchen was at odds with his parents. Lin Tianchen's parents also regarded Lin Tianchen as a monster, not their son. Even though Lin Tianchen's status and fame in the medical world were higher than their husband and wife, their husband and wife were still unwilling to accept it. Lin Tianchen, the son, even regarded Lin Tianchen as a shame in his life. It was an imperfect existence in their perfect life, and it was a stain. He also made it clear that he would not let Lin Tianchen become the heir of their Lin family.

And Lin Tianchen himself does not have many emotions that human beings should have, and he doesn't have any feelings for his parents, so he has nothing to feel sad about if his parents don't recognize him.

This is also the reason why Lin Tianchen, as the young head of the Lin family, did not work in Lin's Hospital, but in the first public hospital.

To Lin Tianchen, everything about the Lin family was disgusting.

Moreover, Lin Tianchen had already become the heir to the next president of the First Hospital. With Lin Tianchen in charge of the First Hospital, the First Hospital would only be more worth visiting than a private hospital.

After all, Lin Tianchen's existence means that he can only be guaranteed his life if he is treated in the first hospital.

Speaking of which, Assistant Zhang did not understand the brain circuits and thoughts of the Lin family and his wife, and even such an excellent son did not recognize them.

Even if he can't accept that his child has an affective disorder, he is still his own child. Once he is born, he should be responsible, and he should try to accept and care about it, and maybe he can cure this intractable disorder.

No matter how bad it is, it can't be cured or accepted, but the superficial relationship between parents and children can still be maintained. At least it can be done for others to see and the outside world to see.

After all, his son is so excellent, let alone how envious the outside world is, what if he has this disease? Compared with one's ability, this disease is not a big deal at all, not even a small flaw.

However, the wonderful couple of the Lin family do not think so. No matter how good Lin Tianchen is, if they don't recognize it, they will not recognize it. Even if the outside world laughs at them as having a problem with their brains, they have such a son who puts a light on his face and honors the ancestors of the Lin family. I don't even want my son, and I push it far away. What's wrong with my brain?

But speaking of it, the Lin family couple is quite admirable. Even if the outside world ridicules them that they have problems with their brains and their children don't recognize them, they still insist on their own ideas, and they are not moved by the outside world.

Such persistence is beyond the reach of ordinary people.

So how can people not admire.

Anyway, Assistant Zhang admires them quite a bit. Of course, he admires them, but he still doesn't approve of their behavior.

If he has such a son, even if the son is sick, he will hold people up high, at least he can bring him glory.

Of course, he was still young and had no such son yet.

Fu Jingting saw Assistant Zhang standing beside him in a daze. From time to time, he pouted and shook his head, showing a look of contempt. From time to time, he sighed with emotion, showing a look of regret. He just wondered if he was mentally ill.

"What are you thinking about standing here without moving?" Fu Jingting pursed his thin lips and looked at Assistant Zhang impatiently.

Assistant Zhang came back to his senses, met Fu Jingting's disgusting eyes, touched the tip of his nose and smiled, "It's nothing, Mr. Fu, let's go in."

He hurriedly made a gesture of invitation.

Fu Jingting was not really interested in his distraction just now. Seeing that he didn't want to say anything, he didn't ask any more questions, and walked towards the hospital door.

When Assistant Zhang saw that he was gone, he sighed slightly, then quickly adjusted his mentality and followed quickly.

After entering the hospital, a man in black soon came to the two of them.

“Mr. Fu, Assistant Zhang.” The man stopped in front of Fu Jingting and nodded respectfully to him.

Fu Jingting hummed slightly, as a response, “Where is Su Cheng?”

“In Ward No. 5 on the floor of the inpatient department.” The man replied.

Fu Jingting pursed his lips, “Lead the way.”

“Yes.” The man answered and walked ahead to lead the way.

This is the person Fu Jingting asked Assistant Zhang to send to watch Su Cheng’s movements.

Knowing that Fu Jingting was coming, he waited in the hospital lobby early to show them the way.

Robber Manifesto

Fu Jingting and Assistant Zhang followed the man to the floor of the inpatient building of Lin’s Hospital.

After getting out of the elevator, the man stopped and said, “Mr. Fu, I won’t take you there anymore, you are in that ward, you have to go over by yourself.”

“Go.” Fu Jingting waved his hand, indicating that he could go.

Fu Jingting also knew why this man didn’t bring his own boss there.

Next, Su Cheng will continue to stay in the sea market for a while, so naturally he will continue to watch Su Cheng’s every move.

If this person brought them to Su Cheng’s ward, Su Cheng saw this person.

After this person, there is no way to continue to follow Su Cheng.

Therefore, this person said that it was inconvenient to continue to take them there.

“Yes, Mr. Fu, then I’ll leave first.” The man bowed slightly, then turned around and entered the elevator again to leave.

Next, knowing the ward where Su Cheng was located, Assistant Zhang consciously walked ahead and led the way for Fu Jingting.

Arriving outside the door of Su Cheng’s ward, Assistant Zhang stopped, “President Fu, this is the place.” Fu

Jingting didn’t answer.

On the other side of the ward door was Fu Jingting’s biggest enemy in his life.

“Knock on the door.” Fu Jingting ordered lightly with thin lips.

Assistant Zhang nodded, raised his hand and slapped the door.

He tapped the door with great force and roughness, smashing the door loudly.

Such a move is naturally very impolite.

But for Fu Jingting and Assistant Zhang, the people at the door are not worth their polite knocking.

This way of knocking on the door is already their way of giving Su Cheng face.

Otherwise, just kick the door open directly, anyway, they are not unable to pay, and they are not afraid of angering the Lin family.

In the ward, Su Cheng was now being served by an assistant to re-apply the medicine. Just after the dressing was done, he heard the sound of bang bang bang on the door.

That voice made Su Cheng tremble with fright, and it tugged at the wound on his body, causing him to hiss with pain. His already pale face became even paler now, and cold sweat broke out on his forehead.

Seeing this, Assistant Li hurriedly asked, “Boss, are you all right?”

Su Cheng couldn’t say a word of the pain, so he could only grit his teeth, closed his eyes, forcibly endured, and waited for the severe pain to pass.

Seeing that he couldn’t help, Assistant Li didn’t dare to say a word, and stood quietly on the side, fearing that his words would upset the boss and have no good fruit to eat.

After a while, the severe pain on Su Cheng's body gradually eased a lot. Although there is still pain, it is already blissful compared to the severe pain when the wound was just pulled.

At least, his throbbing temples can be calmed down, and his frowning brows can be stretched out.

Su Cheng reopened his eyes, carefully leaned down on the pillow standing at the head of the hospital bed, and then stared at the door of the ward, his voice full of sinister resentment, "Go, open the door, I want to see, what is it? Whoever is so rude and dares to smash the door of Sucheng, I want that person's hand to be unable to hold chopsticks properly."

"Yes." Assistant Li replied, and then quickly walked to the door of the ward.

The door opened, and Assistant Li wanted to deter him.

In the end, before he could say the cruel words, when he saw the person outside the door, he was stunned.

How, how could it be them?

Seeing Fu Jingting's expressionless face, and Assistant Zhang behind Fu Jingting's half-smile, Assistant Li's face became very ugly, and even faintly paled, and the hand holding the doorknob of the ward could not help but tighten.

"you"

Just as Assistant Li recovered his voice, Assistant Zhang interrupted.

Assistant Zhang deliberately waved at Assistant Li friendly, "Hello." The attitude was good, as if they were not friends, but friends they hadn't seen for a long time.

But only Assistant Li knew that Assistant Zhang's friendly smile was full of humiliating emotions such as indifference and watching a good show.

This made Assistant Li feel a sense of humiliation, and even the experience of being knocked to the ground by these two people in the hotel ward appeared in his mind.

He is so old, and he became the boss's assistant at such a young age. Who saw him not licking his face and holding it up high?

No one has ever dared to look down on him, to use these to humiliate him, let alone beat him.

However, as soon as he came to the sea market, all these things he had never experienced in the past were all experienced by the master and servant on the opposite side.

The most hateful thing is that he has no way to retaliate.

It's downright irritating.

Assistant Zhang didn't seem to see Assistant Li gnashing his teeth. He still had that friendly and kind smile on his face, and even his voice was polite and polite, "Assistant Li, where is your boss?"

"Our boss is tired. I'm resting, it's inconvenient to see the two of you, please come back." Assistant Li's eyelids drooped behind his glasses, took a deep breath, forcibly suppressed the resentment and fear towards Fu Jingting in his heart, and politely made a gesture of please leave.

No way, whoever asked the other party's identity to be there, he had to do it.

Furthermore, no matter what, he absolutely cannot let the master and servant go in to see the boss.

The boss looks like this, it is estimated that he does not want to meet anyone, especially the enemy Fu Jingting.

When Fu Jingting sees the boss like this, he will definitely laugh at the boss, see the boss's jokes, and when the boss gets angry, the people around him will be implicated.

His life will never be better.

So no matter what, he has to invite people away and cannot let them in.

Even if they appear here now, they already know what happened to the boss, but if they know it, after all, they didn't see it with their own eyes, the matter is not serious, and there is no need to worry that these two people will laugh at the boss, let alone worry about the boss being attacked by them. Laughing at him, but unable to retaliate against the two, he could only cast his anger on him.

"Assistant Li, we are here to visit the Su family leader. I heard that the Su family leader was beaten and injured, so we, President Fu, wanted to take care of him, but we haven't seen the Su family leader yet, so you are like this. I'm afraid it's not good to drive us away?" Assistant Zhang's smile did not reach the bottom of his eyes, and his tone was even more undisguised and majestic, "Or, is this how your Su family treats guests? Deliberately not welcoming us, You deliberately didn't want us to go in, so you just found a reason to send us off? If that's the case, we're not happy. If we're not

happy, we just want to do something. When Patriarch Su's injury gets worse, don't blame us, who Why don't you let us in?"

Assistant Li opened his eyes in disbelief, "Are you threatening me? If you threaten me, if you don't let you in, you will force your way in, and you will do something to our boss?"

Assistant Zhang smiled with a smile "I didn't say that, but you can understand it this way. After all, there is no one that Mr. Fu wants to see, and no one dares to drive him away. Your Su family is the first. , since it's the first one, I have to give you some good looks, right? Otherwise, how can I stand up to your obstruction? Assistant Li."

Assistant Li listened to Assistant Zhang's robber declaration, and his angry face turned green. The fingers pointing at Assistant Zhang were trembling, "You and you"

"Okay, stop talking nonsense and push him away." Fu Jingting became more and more impatient, frowning and giving direct instructions.

Reversing Black and White

Assistant Zhang knew that Fu Jingting was impatient to deal with it, and the more he stopped smiling with Assistant Li Xu and Wei She, his face was cold, and he was exactly the same as Fu Jingting, who was expressionless.

Then, before he took a step forward, relying on his height and power, he pushed directly on Assistant Li's shoulder.

Assistant Zhang is thin and thin, and he is almost half a head shorter than Assistant Zhang. In terms of strength, he is not a match for Assistant Zhang at all.

Therefore, Assistant Li was directly pushed by Assistant Zhang and staggered, took a step back, and finally hit the wall on one side, giving up the position of the door of the ward.

The picture of Assistant Li hitting the wall was seen by Su Cheng on the hospital bed in the ward. He was shocked and asked in a loud voice, "What's going on?"

" Who smashed the door.

However, his assistant didn't come back to report to him after watching it for a long time, and now he actually stepped back and hit the wall, which was matched with his assistant's unbelievable expression and the movement of covering his shoulders.

Su Cheng understood that it wasn't his assistant who bumped into the wall, but someone pushed him.

As for who it was, Su Cheng couldn't see it, so he didn't know for the time being.

But the only certainty is that the people who come here are not good!

Su Cheng was covered in injuries, and he couldn't even move a single move. As long as he moved, the wounds on his body would be pulled, causing him to sweat profusely.

So he didn't dare to move at all, let alone get out of bed and go to the door to see who it was.

He could only sit on the hospital bed, clenching his fists, staring vigilantly in the direction of the door, waiting for people outside to come in.

Since the people outside smashed the door and pushed their assistants, it must be because their assistants didn't want to let people outside, so the people outside simply acted rough.

That is to say, the person outside is determined to come in, so he will soon know who is coming.

Of course, before he knew it, he had to be vigilant.

Because he guessed that the person who came in was probably the same person who injured him.

I just don't know who the person who injured him is. Although his assistant is already investigating, the sea market is not their territory after all, and the manpower he brings is limited. He wants to find the person who beat him in a short time. , it is impossible, at least two or three days.

So if the person who came here is really the one who beat him, it would be a good thing if he felt that he didn't kill him at the time, and now he continues to come here to beat him.

At least this way, he can know who hit him, and when he goes out alive, he will never let him go!

Just as he was thinking about it, the sound of two crisp footsteps came, which was the loud sound of the heels of leather shoes stepping on the floor.

This voice also interrupted Su Cheng's thoughts full of hatred, causing him to immediately raise his eyelids and look towards the source of the voice.

Seeing the person who came, Su Cheng was stunned for a moment, then his emotions became agitated, and his body trembled slightly, "Why are you?"

He never expected that the person who came was actually Fu Jingting and his assistant, not what he thought. Yes, the one who hit him.

and many more.

Why can't it be the one who hit him?

In the sea market, he hardly ever stepped out of the hotel. Even if he went out a few times, he was handling his own private affairs and did not deal with anyone.

So in Haishi, he only had Fu Jingting as an enemy, so why couldn't Fu Jingting send someone to beat him.

Thinking of this, Su Cheng felt that it was very possible, so the look in Fu Jingting's eyes became more and more gloomy.

"Fu Jingting, did you do it!" Su Cheng raised his other intact hand, pointed at Fu Jingting's face, and asked sharply.

Fu Jingting stopped beside his hospital bed and narrowed his eyes slightly, "What are you talking about?"

"Don't pretend to be garlic with me." Su Cheng put down his hands and shouted loudly with a sullen face, "Did you do what I look like!" At this

moment, Su Cheng was like an evil ghost with a terrifying face. , did not have the gentle face that he usually had, even though he was about to enter old age, he still looked elegant and refined.

It can be seen how capable the usual Sioux City can be.

After all, a truly gentle, refined and elegant person, no matter how many years have passed, his character will only become more and more gentle, more and more refined, his temperament will become more and more calm and gentle, and his temper will become better and better. Like Su Cheng, when something goes wrong, he simply takes off his so-called gentle and refined mask, exposing his irritable and ruthless true face.

I don't know if this old guy has been pretending for decades, is he tired?

Assistant Zhang stood behind Fu Jingting and pouted, thinking.

Fu Jingting didn't answer Su Cheng's question, but waved back.

Assistant Zhang nodded knowingly, then looked left and right, and when he saw a spare chair, he walked over and prepared to bring it over.

Assistant Li sensed his purpose, his glasses were reflective, and there was a hint of malice in his eyes, so he wanted to walk over and sit down without letting Assistant Zhang hold the chair.

Perhaps Assistant Li's malice was too great, and he didn't hide it a little.

Assistant Zhang immediately noticed his intention, sneered disdainfully, and then slowly stretched out his leg.

Assistant Li only saw the chair opposite, and didn't pay attention to Assistant Zhang's movements and the road under his feet.

So Assistant Li honorably stumbled on Assistant Zhang's deep foot, and fell to the ground with a snap, hitting his head, and let out a painful howl.

"What's the matter?" Su Cheng didn't bother to question Fu Jingting, and hurriedly looked at his assistant.

In between, Assistant Li covered his head, and was rolling on the ground with a face of pain. With that embarrassed look, Su Cheng felt angry.

No prospects!

Don't you embarrass yourself in front of Fu Jingting because you have no image?

Su Cheng looked at his assistant, not only did he not care at all, but some were full of disgust.

He didn't see how Assistant Li fell. He only knew that Fu Jingting, the enemy, was here, and his assistant could still make a fool of himself. Isn't this rushing to make his enemy laugh and embarrass him?

The more he thought about it, the more angry Su Cheng looked at Assistant Li, the colder and colder his eyes were.

Fu Jingting had a panoramic view of Su Cheng's series of reactions, and then looked at Assistant Li, who did not realize that Su Cheng was already dissatisfied with him, and was still screaming on the ground. No one noticed.

“Oh, Assistant Li, are you alright? Why did you drop yourself so carelessly? Look at your red forehead, it seems that the fall is quite serious, otherwise you won’t be able to get up? Come on, I’m this People are the most kind, and I’ll help you up.” Assistant Zhang looked at Assistant Li with a smile, stretched out his hand, and wanted to help him up.

Assistant Li almost fainted from anger when he listened to his words that turned black and white.

Why did he accidentally drop himself?

It was obviously Zhang who stretched out his foot and tripped him on purpose.

As a result, now that he fell, the surnamed Zhang deliberately distorted the facts and said that he fell by himself.

This man is absolutely shameless.

Snapped!

Assistant Li slapped Assistant Zhang’s hand away, and said viciously, “Go away, who wants you to help, it’s obviously you”

“Enough!” Su Cheng couldn’t listen anymore, and couldn’t stand his assistant’s stupid appearance. , staring at Assistant Li with sinister eyes, his voice was terrifyingly cold, “You go out immediately.”

He was afraid that if his assistant didn’t go out again, he would commit more stupidity and lose more face to him!

Seeing that his boss was angry, Assistant Li wanted to sue, saying that Assistant Zhang tripped him on purpose.

But seeing the boss staring at him sullenly, if Assistant Li wanted to complain, he immediately got stuck in his throat and couldn’t speak.

The boss seems to be a little dissatisfied with him.

Why?

Assistant Li couldn't understand, and didn't dare to ask the reason in Su Cheng's anger, so he didn't say a word.

In the same sentence, the boss is angry, and he does not dare to fight against the boss.

Assistant Li went out, Assistant Zhang showed a smug smile, then picked up a chair and came to Fu Jingting, putting the chair beside him, "Mr. Fu, please sit down." Fu

Jingting raised his chin slightly, then slowly He sat down slowly and folded his legs. His movements were beautiful and beautiful, showing his dignity and elegance everywhere.

"Patriarch Su, you asked me just now if I did your injury. Now I can tell you the answer, it wasn't me." Fu Jingting looked at Su Cheng, who was still staring at the door of the ward with a gloomy face. Answered the question from Sioux City just now.

Su Cheng turned his eyes to him, "You didn't do it? Do you think I would believe it?"

Su Cheng sneered, "Fu Jingting, I am in Haishi, but you are the only enemy, if you didn't do it, tell me, I would Who did it."

"I don't know who did it, I can tell you clearly, it's not me, my identity as Fu Jingting is here, if I want to attack you, I will do it in an open and honest manner, and I will do it very well. It's possible to do it yourself, and if I do it to you, you, Su Cheng, can't do anything with me, so why should I make a roundabout way and use this method to treat you?"

Fu Jingting put his fingers in front of his abdomen, looking at the clown Generally look at Sioux City.

Su Cheng was silent, unable to speak for a while.

To be more precise, I couldn't find words to refute for a while.

Indeed, if Fu Jingting made the shot, he really didn't have to hide it, he could come openly and honestly, so that he really couldn't fight back.

At least in the sea market, he has no choice.

So Fu Jingting really doesn't need to do this.

That is to say, this matter was really not done by Fu Jingting?

Since it's not Fu Jingting, who could it be?

Su Cheng fell into deep thought, and faces flashed in his mind, but none of them were Rong Shu.

In Su Cheng's view, it was impossible for Rong Shu to do this.

First of all, the other party is a woman, and secondly, what can the other party do with that identity?

Even with Fu Jingting's back, he probably wouldn't dare to attack him.

To put it bluntly, Su Cheng never doubted Rong Shu, just because she simply looked down on women and felt that women could not be a big deal, so she never paid attention to Rong Shu as a woman.

Naturally, he would not think that Rong Shu did this.

Although Fu Jingting didn't know that Su Cheng had such superficial knowledge, he was not at all worried that Su Cheng would suspect Rong Shu.

After all, Rong Shu was just looking for someone behind his back and did not contact Li Kui directly. It was Lu Qi who contacted Li Kui.

Even if Su Cheng checked in the end, he would only find Li Kui's head, and would not continue the investigation, so Su Cheng couldn't even find out Lu Qi, let alone Rong Shu.

"Patriarch Su, I'm not here to discuss with you who did it to you, you have to know who did it to you, it's your own business, and then you can think about it and go slowly Cha, I don't want to waste your time on this." Fu Jingting raised his eyelids lightly and his voice was cold and indifferent.

Su Cheng could only put aside his doubts temporarily, and looked at him sullenly, "Since you didn't come here because you knew I was beaten to see my jokes, then I guess you came here for your mother's relics. , So Mr. Fu, you have figured it out, and are you willing to agree to my conditions?"

Fu Jingting's thin lips pursed a bit cold, "I can promise you to let Su Man go, but you must return the relic, you can't leave anything behind, otherwise don't blame me for throwing everything out and killing you on the spot, I think My grandfather doesn't mind if I exchange his merits in exchange for my and the Fu family's immunity, what do you think?"

Su Cheng's pupils shrank, and he couldn't speak for a while.

He didn't expect that Fu Jingting would be so crazy this time.

It was because he knew that Fu Jingting was absolutely unwilling to take the merits of Mr. Fu to protect himself, so he dared to threaten Fu Jingting so boldly, and he was not afraid that Fu Jingting would kill him directly.

However, he forgot that unwillingness is one thing, but whether or not it will be another.

Fu Jingting said he was unwilling now, but who knows if he would be willing later?

At this moment, Su Cheng finally realized that he still couldn't really hold Fu Jingting. Although he was unwilling, he had to face this cruel reality.

So next, Su Cheng's arrogance was no longer arrogant, and his attitude became much more modest.

Even the gentle and elegant mask was put back on, and he smiled at Fu Jingting and said, "Nephew Jingting, don't worry, what about me, although I am not a good person, I still have integrity. If you say it, it will be counted naturally. As long as you bring the letter of understanding, I will give you the relic immediately, and don't worry, the relic in my hand is a whole, and there is no way to leave anything, so I don't. There is a situation where I give you a little bit, and then leave a little bit in my hands, and if I give it to you, you are the only one who has it."

"Oh?" Fu Jingting narrowed his eyes.

In this way, it is not something like a photo or video that I and Xiaoye guessed.

After all, these things can leave countless backups.

And Su Cheng said that the relics cannot be separated, which means that no backup can be left.

So, it's not the things he and Xiaoye guessed.

If so, that would be a good thing.

Fu Jingting's eyes darkened, and soon his eyes returned to their black hole-like depths as before, making it impossible for people to read his heart through his eyes.

"How do I know if what you said is true or false?" Fu Jingting stared at Su Cheng.

Su Cheng smiled, "Don't test me, you can't test anything, because I'm telling the truth, if you don't believe it, I can't help it, after all, you can kill me at any time, and I will also. There's no need to be so impulsive to lie to you at this time and lose your life."

Fu Jingting pursed his lips and fell silent.

Indeed, if Su Cheng lied to him at this juncture, he would know that he was lying now.

He can kill him at any time, regardless of everything.

In other words, Su Cheng's life has always been in his hands. As long as he wants, he can take Su Cheng's life at any time and avenge his father.

The reason why he didn't do this was because he didn't want to waste his grandfather's exploits, but in fact, he couldn't find evidence of Su Cheng's crime, and it was not impossible to choose this path of revenge.

It can be said that Su Cheng's life has always been on his mind.

And this, Su Cheng himself is very clear.

If Su Cheng wanted to get his life and freedom from him, he could only have a chance by living forever.

So Su Cheng definitely didn't want to let himself die early.

Then Su Cheng naturally wouldn't lie to him at this time.

Thinking of this, Fu Jingting was no longer burdened, he let go of his folded legs and stood up, walked to the edge of Su Cheng's hospital bed, looked down at him like an ant, "Okay, this time I will trust you for the time being, If you dare to lie to me, and I find you, I will break your neck personally, you can try if you don't believe me."

As he spoke, Fu Jingting's eyes were already on Su Cheng's neck.
