Chapter 121 Irrelevant

“Nothing.” Rong Shu closed her eyes and replied lightly.

Seeing that she was unwilling to speak, Fu Jingting pursed a bit of coldness from his thin lips, and then put his hand into the car window.

“What are you doing?” Rong Shu looked at him in shock.

Fu Jingting didn't answer, he turned his hand down and unlocked the door, and then opened the door with the other hand at the same time.

“You...”

“Come out.” Fu Jingting ordered in a deep voice.

Rong Shu sat in the car and didn't move, “If you let me out, I'll come out. Why should I listen to you? What are you doing?”

“You sit in the back and I'll take you to the hospital.” Fu Jingting replied.

Rong Shu's eyes flashed, and then she turned her head away, “No, I'll go by myself, I don't need you to send it.”

“Do you think you can still drive now?” Fu Jingting looked at her pale face and cold sweat on her forehead. said coldly.

Did this woman take her body seriously?

Rong Shu covered her stomach and sneered, “It's none of your business whether I can drive, who are you to me?”

Fu Jingting was stunned, unable to answer her words.

Because he really is not her, and the only relationship is with her ex-husband.

And to say that it is an ex-husband is actually an irrelevant person.

Thinking of this, Fu Jingting lowered his eyelids, feeling a little unwilling in his heart, “Even if I'm not yours, but the way you are now, strangers won't leave you alone.”

“President Fu is joking, if it's a stranger, then Let him send me, I will not refuse, but the person who wants to send me is Mr. Fu, then I don't want it, you should take care of your Miss Gu.” Rong Shu curled her lips and pushed him away. , closed the door.

Fu Jingting's face was as black as ink, and he was even more upset.

She would rather let a stranger send it than let him send it.

Did he just let her down? "Oh yes. "

Just as Rong Shu was about to drive away, she suddenly remembered something, and her expression was a little bad, "Mr. Fu, my bag was just stolen by a motorcyclist."

?" Fu Jingting frowned.

So, she was just chasing a motorcycle?

"That's right." Rong Shu nodded and looked at him, "I have a mobile phone in my bag, and there is a recording of Gu Manyin pushing me downstairs in my mobile phone. My bag is so coincidental that I was going to enter the police station before submitting the recording. Being robbed, obviously, the person who robbed my bag was not for money, but to take away the recording, Mr. Fu, does this matter have anything to do with you?"

Fu Jingting understood what she meant, and pursed his thin lips. "Do you suspect that the bag was stolen from me?"

Rong Shu was noncommittal, "Didn't you tell me not to call the police, but to protect Gu Manyin, so your suspicion is very high, and you know that I have a recording, only the three of us, so it's not you, it's Gu Manyin, it's always one of you."

"It's not me." Fu Jingting replied with his fist squeezed.

He won't use the method of taking away the recording to keep the sound.

Rong Shu raised her chin suddenly, "That's Miss Gu."

Fu Jingting's thin lips moved, not necessarily a manic sound.

But when the words came to his mouth, he couldn't say anything.

Because Rong Shu said that there were only three of them who knew that there was a recording, not him, it could only be Man Yin.

I just don't know if it's the main character's manga or the sub-character's manga.

"What is Mr. Fu thinking?" Rong Shu squinted at Fu Jingting.

Fu Jingting lowered his eyes, "It's nothing."

Rong Shu sneered, "Mr. Fu, I'm very puzzled, you clearly agreed with me calling the police, but why did you suddenly change your mind a few hours later, can you explain to me? "

Fu Jingting rubbed his eyebrows, "Manyin has a split personality."

"What?" Rong Shu didn't react for a while.

Fu Jingting repeated it.

Now Rong Shu heard it clearly, but thought it was a big joke, "Split personality, do you believe it?"

Just before going to jail, he suddenly discovered that there was a split personality.

There is no such thing as a coincidence in this world.

"It's true." Fu Jingting looked at her seriously, "Manyin didn't mean to target you repeatedly, she was influenced by her sub-personality, and the one who pushed you downstairs was also a sub-personality."

"You do you think I'm stupid?" Rong Shu looked at him coldly, "Use this reason to lie to me."

"I didn't lie to you, this is the result of Lin Tianchen's diagnosis." Fu Jingting said in a deep voice.

Rong Shu was slightly startled, "Lin Tianchen from a medical family?"

"That's right." Fu Jingting nodded.

Rong Shu was silent.

She has never met Lin Tianchen, but she has heard the name Lin Tianchen. She is a medical genius that the Lin family has rarely seen in ten years. She graduated with a doctorate at the age of 18 and works as an intern in the Lin family's hospital. She can perform surgery alone in two years. Taiwan is a genius that many powerful people are competing to make friends with.

Six years ago, Lin Tianchen suddenly suspended all his duties for unknown reasons, and went abroad to study brain and psychological medicine. After that, he frequently became famous internationally. Therefore, Lin Tianchen diagnosed Gu Manyin as having a split personality, so there should be no falsehood.

Rong Shu clenched the steering wheel, "Even if Gu Manyin really has a split personality, I will put Gu Manyin in jail."

” “Manyin can’t go to jail, otherwise her condition will get worse.” Fu Jingting frowned.

Rong Shu looked at him indifferently, “So what, what does it have to do with me, I just want her to pay the price!”

After that, she closed the car window and turned around.

Fu Jingting stood there, looking at the direction she was leaving with deep eyes, pursing his lips without saying a word.

On the way back to the police station.

Rong Shu controlled the steering wheel with one hand and rubbed her stomach with the other, full of irony in her heart.

She understood that Fu Jingting wanted to keep Gu Manyin because he was his beloved.

But she couldn’t accept it, why did he protect Gu Manyin but let her give in?

Soon, the police station arrived.

Rong Shu didn’t get out of the car in a hurry, but sat in the car for a while, and when her stomach was a little better and the pain was less so, she got out of the car, walked into the gate of the police station, and called the police again in the lobby.

The content of the alarm was that her bag was stolen.

She had to ask the police to send someone to catch the bag snatcher and get the bag back.

On the other side, in the interrogation room.

Mrs. Gu couldn’t cry with her arms around Gu Manyin, “You child, Mom knows you hate Rong Shu, but you can’t kill her, you are too courageous.” I

learned from the phone call from the police station When her daughter pushed Rong Shu downstairs, she almost fainted.

Gu Manyin lowered her head and her eyes were red, “Mom, I’m sorry, I don’t want to, but I can’t control it.”

“You, hey...” Mrs. Gu sighed, then looked at Gu Yaotian who was beside her, “You two. Didn’t the father and daughter find out that Rong Shu was not a simple character? You took a few shots, but they were easily resolved by her. She even brought both your

father and daughter into the police station once. What does this mean? The father and daughter are not her opponents at all when it comes to small plots.”

Gu Yaotian rubbed his temples, “Rong Hao, that bastard, has given birth to a very smart daughter.”

When he said this, he was inexplicably envious and jealous.

“I don’t care. In short, you father and daughter don’t target Rong Shu for the time being. Unless you push her to the bottom of the valley, so that she can’t turn over, you’ll be safe. I don’t want to receive your father and daughter entering one by one. The police station’s phone number.” Madam Gu covered her face and said sobbing.

Gu Yaotian took her into his arms, “Don’t worry, I know.”

Chapter 122

He can also see that some small tricks that are not on the table are indeed not enough to break down Rong Shu, not to mention that there is a mysterious fox man behind Rong Shu.

If you want to break down Rong Shu, you must first find out the fox man, and this matter can’t be rushed, so you can only take it slowly.

Gu Manyin didn’t speak, she lowered her head, not knowing what she was thinking.

At this moment, the door of the interrogation room opened.

A policeman brought Rong Shu in.

Rong Shu’s eyes swept across the family of three, and her voice mockingly said, “So Mr. Gu and Mrs. Gu are also

there.” Mrs. Gu turned her head away and ignored it.

Gu Yaotian snorted coldly, but did not speak.

Only Gu Manyin looked at Rong Shu with tears in her eyes, “Miss Rong, I’m really sorry, I really didn’t mean to push you downstairs, I just...”

“It’s just a split personality, right?” Rong Shu sneered ‘s lips.

Gu Manyin bit her lip, “So Miss Rong already knows.”

Rong Shu snorted and squinted at her, “Do you really have a split personality?”

"It's true, I just found out." Gu Manyin nodded in horror, as if she was afraid of her own split personality.

Mrs. Gu hugged her distressedly, "Manyin, you have a split personality, why didn't you tell your parents?"

"Yes." Gu Yaotian also looked at her seriously.

Gu Manyin took the hands of the two of them, "Because I don't want my parents to worry."

"You child..." Mrs. Gu sighed.

Rong Shu looked at the family of three with a flash of nostalgia in her eyes.

Once upon a time, she also had parents who loved her so much.

But all of this turned into a cloud of smoke following the incident six years ago.

"Okay." Rong Shu wrapped her arms and said coldly, "I don't know if Miss Gu's split personality is fake or real, if it's real, then I don't say it, but if it's fake, I wish You really have

a split personality." Gu Manyin's face froze, and then she looked at her in shock, "Miss Rong, you..."

"You woman, how can you curse Manyin so badly!" Madam Gu trembled with anger pointed at Rong Shu.

Gu Yaotian also looked at Rong Shu with a gloomy expression.

Rong Shu spread her hands, "I said, if it's fake, your daughter will have a real split personality. Since your daughter is real, then my words are useless, so why should Mrs. Gu be so excited."

"You..." Madam Gu choked.

Gu Yaotian patted her hand, then stared at Rong Shu with narrowed eyes, "Little girl, she is still so articulate."

Rong Shu smiled, "President Gu has won the prize."

Gu Yaotian snorted coldly and said nothing.

Rong Shu set her eyes on Gu Manyin, "Miss Gu, are you happy that my recording is gone?"

“Ah?” Gu Manyin blinked blankly, as if she realized what it meant. He opened his mouth in surprise, “Miss Rong, don’t you doubt me?”

“I know I have a recording, just the three of us. I have already asked Fu Jingting, he didn’t do it, so it’s only you who will do it. .” Rong Shu looked at her.

Gu Manyin quickly waved her hand, “I didn’t, it wasn’t me, I already said it, I can go to jail and be responsible for my actions, so how could I steal the recording?”

“Snatch?” Miss, you are not asking yourself, when did I say that the recording was taken away?”

Gu Manyin’s expression changed, only then did he realize that he had leaked.

“I...I...” She twisted her hands together uneasily.

Seeing this, Rong Shu’s eyes were full of contempt, “It’s better to say than to sing. Miss Gu doesn’t want to go to jail, so she just said it. Maybe I’ll think more of you, but it turns out, it

’s really hypocritical !” Glancing at Gu Manyin, Rong Shu turned and left.

Gu Manyin lowered her head with an ugly face, but didn’t answer.

“Husband, what are you looking at?” Madam Gu saw Gu Yaotian staring at the direction Rong Shu left, she couldn’t help frowning and

Gu Yaotian pondered for a few seconds, “It’s nothing, I just think that Rong Shu’s profile is similar to Mom. The points are similar.”

In the previous meeting, he felt that the smile was similar to that of his mother.

But now, the side face is also similar, which makes him have to be surprised.

After being said this, Mrs. Gu also thought of something, her eyes widened, “Husband, you reminded me that once I came back from Nanjiang and met Rong Shu at the airport, I felt that Rong Shu’s profile was very familiar at the time. , I seem to have seen it somewhere, but I just didn’t remember it, you said that, you really look like your mother.”

“Mom and dad, are you talking about grandmother?” Gu Manyin asked suddenly.

Mrs. Gu nodded, “Yes.”

Gu Manyin bit her lip and lowered her head, “I don’t like grandma.”

“Hey...” Mrs. Gu sighed and touched her head, “Okay, don’t talk about that, grandma . He ‘s gone, isn’t he?”

“But I just don’t understand why my grandmother doesn’t like me, isn’t I her only granddaughter?” Gu Manyin looked at Gu Yaotian and Madam Gu with tears in her eyes.

The two looked at each other, and both saw the complexity in each other’s eyes.

Outside the interrogation room, Rong Shu was talking to a police officer.

“Miss Rong, although you said that Miss Gu pushed you downstairs, you are suspected of intentional homicide, but there is no surveillance at the place of the incident, so it is difficult to collect useful evidence, and the evidence in your hand is no longer there, so we are here. Miss Gu cannot be detained for the time being.”

Rong Shu had expected such a result for a long time, so she was not angry, just a little unwilling, but nodded, “I know.”

“We will try our best to get your bag back here.” The police officer again Say.

Rong Shu thanked him, “Okay, then I’ll leave it to you.”

“It’s nothing.” The police officer smiled.

Afterwards, Rong Shu signed and walked out of the police station.

Outside the police station, Fu Jingting was leaning against the car door with a cigarette in his hand.

Rong Shu was startled.

He actually smokes.

This was the first time she saw him smoking.

Fu Jingting also saw Rong Shu, snuffed out the cigarette butt, and then stared at her face seriously, seeing that her face was not as bad as before, and her brows stretched a lot.

“Are you all right?” he asked.

Rong Shu pretended not to hear and walked straight to her car.

Fu Jingting frowned.

He could feel that she was bored with him now, even more than before.

Just because he wouldn't let her call the police?

Rong Shu drove away.

Fu Jingting stood there for a while, and there were a few footsteps behind him.

"Jing Ting." Gu Manyin shouted in surprise.

Fu Jingting turned around and saw her running towards him cheerfully.

"Jing Ting, you..." Gu Manyin saw the wound on Fu Jingting's face, smiled, and hurriedly reached out to touch it, and asked distressedly, "Jing Ting, what's wrong with you, who beat you?"

"Yeah . Jing Ting." Madam Gu and Gu Yaotian also asked with concern.

Fu Jingting took Gu Yaotian's hand off his face, "It's okay, I fell myself."

"You are talking nonsense, this is obviously being beaten." Gu Manyin burst into tears.

Fu Jingting squeezed her hand, "Okay, it's over, get in the car first."

Seeing that he didn't want to say more, Gu Manyin had to give up and get into the car obediently.

On the way, Fu Jingting looked at her from the corner of his eye, "Manyin, Rong Shu's bag, did you have someone take it away?"

Gu Manyin nodded and shook his head, "It should be, but I don't have the impression, so I think it might be that one. What I did, she probably didn't want to go to jail, I'm sorry Jing Ting."

"Okay, it has nothing to do with you, don't blame yourself." Fu Jingting calmed down softly.

Gu Manyin sniffed, "But what about Miss Rong's place?"

"You can just return the bag to her. Even if she gets the recording back, I won't put you in jail." Fu Jingting turned the steering wheel and said.

Gu Manyin bowed her head in embarrassment, "But, I don't know who I asked to snatch the bag, and there is no contact information on the phone. I can't find the bag, so how can I return it to Miss Rong?"

Chapter 123 Whose Child

“...” Fu Jingting was silent.

He rubbed his temples with one hand, “Forget it, if you can’t find it, you can’t find it.”

He didn’t know who robbed her, could he still force her to take out the bag?

“I’m sorry Jing Ting, I got into trouble again.” Gu Manyin bit her lower lip in remorse, and said with red eyes.

Seeing her like this, Fu Jingting tried his best to keep his voice soft, “It’s none of your business, don’t take it to heart.”

“Yes, Manyin, listen to Jingting.” Gu Yaotian advised.

Madam Gu also nodded.

Seeing everyone comforting him, Gu Manyin burst into laughter, “I see.”

“By the way, Jingting, what method are you going to use to solve Manyin’s case?” Gu Yaotian looked at Fu Jingting and asked.

Fu Jingting lowered his eyes, “Tomorrow you will know.”

Seeing that he didn’t want to say more, Gu Yaotian didn’t ask, although he was a little unhappy.

It was quiet all the way, and after half an hour, the Gu family arrived.

The three of Gu Yaotian got out of the car.

Fu Jingting rolled down the car window and looked at them, “Uncle and aunt, please take good care of Manyin.”

“Don’t worry.” Madam Gu touched Gu Manyin’s head and replied with a smile.

Although Gu Yaotian didn’t speak, the meaning in his eyes was the same as Mrs. Gu.

Fu Jingting looked at Gu Manyin again, “Have a good rest at home, I’ll pick you up on the weekend.”

“Well, Jingting, you drive carefully on the road.” Gu Manyin nodded.

Fu Jingting hummed, turned around and drove away.

Soon, back to the Fu Group.

Assistant Zhang entered the office with a complicated expression, “Mr. Fu.”

“What’s the matter?” Fu Jingting stared at the computer screen and asked without looking up.

Assistant Zhang stood in front of his desk, took a deep breath and said, “I have already asked about Miss Rong’s physical condition that you asked me to go to the hospital.”

Fu Jingting stopped typing on the keyboard, and he raised his head to look Looking at him, “What’s the result?”

“She...she’s pregnant.” Assistant Zhang replied with a strange expression.

Fu Jingting’s pupils shrank suddenly, and the whole person was stunned. It took a few seconds to recover, and there was undisguised surprise in his voice, “What did you say, she is pregnant?”

“Yes, more than a month.” Assistant Zhang nodded.

It’s only been over a month since Miss Rong and President Fu divorced.

It can be seen that Miss Rong just happened to get divorced by President Fu, so she had nothing to do with Mr. Lu.

Fu Jingting lowered his eyelids so that people could not see the emotions in his eyes, but there was a storm in his heart.

It’s been more than a month...

He and Rong Shu are only more than a month away from that night, so is it possible that the child in her womb is his?

His heart beat faster, and Fu Jingting’s hand on the mouse couldn’t help tightening, showing that he was in a very unstable mood at the moment.

Assistant Zhang didn’t find it strange when he saw it.

He knew very well that President Fu also had Miss Rong in his heart.

So now that she learned that Miss Rong was pregnant, she definitely couldn't calm down.

Just thinking about it, Assistant Zhang saw Fu Jingting suddenly stand up, "Is there any way to know in advance who the child in Rong Shu's womb is?"

"Yes, amniocentesis, but there is a great risk of miscarriage for pregnant women. , Mr. Fu, what are you asking about this?" Assistant Zhang was curious.

Fu Jingting didn't answer, his brows furrowed tightly.

Looking at his expression, Assistant Zhang suddenly had a bold guess in his heart, and his eyes widened, "Mr. Fu, don't you suspect that the child in Miss Rong's belly is yours?"

Fu Jingting glanced at him and nodded slightly in recognition.

Assistant Zhang's mouth twitched.

The day before the divorce, the two of them were still doing that.

He really admired it too.

"Is there any other way besides amniocentesis?" Fu Jingting looked at Assistant Zhang and asked again.

Since amniocentesis is dangerous.

He definitely wouldn't let Rong Shu do it.

Assistant Zhang shook his head, "No, we can only find out after the baby is born."

Fu Jingting's thin lips pursed into a straight line, and he was a little dissatisfied with the result.

Assistant Zhang looked at him carefully, "Mr. Fu, don't worry, what if the child is not yours, but Mr. Lu's?"

Hearing this, Fu Jingting's face darkened, and there was a low air pressure all over his body.

Although he knew that the child in Rong Shu's belly was not necessarily his.

But thinking that it might be someone else's, he was inexplicably irritable.

Fu Jingting tugged at his tie and said in a low voice, "Send someone to stare at Rong Shu and try to find out who the child is from her."

"Understood." Assistant Zhang nodded, then turned and went out.

Fu Jingting was the only one left in the office.

He supported his forehead with one hand, his eyes were slightly squinted, all his mind was about Rong Shu's pregnancy, and he could no longer concentrate on his work.

It was not until after get off work that he stood up, grabbed the jacket on the back of the chair, and walked out of the office.

Fu Jingting did not return to Fu Mansion, but drove to Repulse Bay.

In fact, he himself didn't know why he came here, and after he reacted, he was already here.

The car stopped downstairs in Rong Shu's apartment, but Fu Jingting did not get off.

He rolled down the window, lit a cigarette, and smoked.

The smoke rose, covering his face, making it difficult to see, giving a mysterious feeling.

Boom!

There was a sudden burst of lightning and thunder in the sky, and a strong wind blew.

Immediately afterwards, the pea-sized raindrops fell down, and soon the road was wet, and some even floated directly into the car window, wetting Fu Jingting's shoulders.

He frowned, dropped the cigarette butt in his hand, closed the car window, opened the car door, and walked towards the apartment building.

Rong Shu had just finished taking a shower and was sitting on the sofa blowing the heater, reading books on energy comfortably.

Suddenly, the doorbell rang.

"Huh?" Rong Shu turned her head suspiciously and looked towards the entrance.

It's so late, who is it?

Rong Shu closed the book in her hand, got up, opened the door, raised her eyebrows in surprise, "is that you?"

Fu Jingting stood outside the door.

He got some rain, his hair was wet in strands, and his shoulders were wet.

Maybe it was too cold, and his face was pale.

It was the first time that Rong Shu saw him in such a state of embarrassment. For a while, he felt a little surprised.

“It’s me.” Fu Jingting raised his hand and patted the water droplets on his shoulders, and replied hoarsely.

Rong Shu heard that his voice was different from usual, her eyes flickered, and soon returned to normal, “What’s the matter? If it’s still to convince me to let Gu Manyin go, then there’s no need.”

“I’m looking for you, not for this.” Fu Jingting sighed.

Rong Shu snorted suspiciously, “What’s that for?”

Fu Jingting didn’t speak, his eyes moved down and landed on her lower abdomen.

It’s so flat and tight, it’s hard to imagine that a little life could be bred in it.

One, possibly the life he planted himself.

Thinking of it, Fu Jingting felt inexplicably joy in his heart, and the look in Rong Shu’s eyes became deeper and deeper.

Rong Shu didn’t know what he was thinking, but he also felt that his eyes were very strange, so he couldn’t help but take a step back, “What are you looking at?”

Fu Jingting’s thin lips moved, as if he was about to say something, and suddenly he felt dizzy. After a while, the body also swayed.

Finally, he held onto the door frame to stabilize his body.

Rong Shu also realized that something was wrong with him at this time. His face that was pale just now turned red, and even his pupils were a little out of focus.

“Hey, are you okay?” Rong Shu reached out and waved in front of Fu Jingting.

Fu Jingting lowered his head slightly and did not answer.

Rong Shu heard his shortness of breath, realized that he was probably sick, and put his hand on his forehead.

Fu Jingting froze for a moment, looked up at her, "You..."

"You have a fever!" Rong Shu interrupted him in surprise.

Chapter 124 Injury in the Back

Fu Jingting blinked and hummed.

As soon as he got out of the elevator, he realized that his head was a little dizzy and he might have a fever.

But he suddenly wanted to see her, so he didn't care.

Rong Shu put down her hand and stretched it out in front of Fu Jingting.

Fu Jingting looked at her, "What?"

"Mobile phone." Rong Shu frowned and said impatiently, "Take it out, I'll call the Fu family for you and ask them to send someone to pick you up."

"No." Fu Jingting pursed his lips and refused.

Rong Shu smiled, "Why, do you still want to drive back by yourself?"

Fu Jingting's thin lips moved, but he didn't speak.

Rong Shu had a headache, "You don't have someone pick you up, and you can't drive by yourself. What do you want to do..." Before she could finish

her words, she saw the man suddenly let go of the door frame with his hands, and his tall body turned towards her. upside down.

Fu Jingting collapsed on Rong Shu's body and almost didn't let Rong Shu's waist dodge.

"Hey, you have to be shameless, you actually fell on me, get up quickly." Rong Shu pushed the man on her body angrily.

But the man didn't respond.

Rong Shu tilted her head and found that the man's eyes were closed, apparently fainting.

"No, so fragile?" Rong Shu's mouth twitched.

It's hard to imagine that such a tall man would faint because of a fever.

Rong Shu sighed, resisting the thought of throwing the man out of the house and supporting him back to the house.

When she got to the living room, she vigorously threw the man on the sofa.

The moment the man's back touched the sofa, he suddenly groaned and frowned, but he still didn't wake up.

"Huh?" Rong Shu was stunned for a moment.

Why, she still hurt him?

Without thinking too much, Rong Shu bent down and went to Fu Jingting's pocket to find the phone, and wanted to contact Assistant Zhang to come and take him away.

However, Fu Jingting's mobile phone is not set with a fingerprint, but is unlocked with a set password.

Rong Shu didn't know what his password was, so he tried a few random ones, including his birthday and Gu Manyin's birthday, but neither.

In the end, Rong Shu gave up, picked up her mobile phone, and called the property to arrange for a doctor to come.

In any case, Fu Jingting fell down with her. If she didn't find a doctor to show him, it would be her responsibility if she became a fool.

After the call, Rong Shu put down the phone, stared at Fu Jingting's wet hair and shoulders for a while, thinking that if he continued to wear wet clothes, the burn might be worse, and after sighing, he started to undress him.

Sometimes, she really hates her soft heart.

But there is no way, if you see it, you can't really ignore it.

"Huh?" As soon as he unbuttoned Fu Jingting's shirt, Rong Shu raised his eyes at will, and saw a faint purplish red on his right shoulder.

Rong Shu narrowed her eyes, guessed something, and vigorously turned over Fu Jingting's body. Then, she was stunned, covered her lips, and took a deep breath.

God, his entire back was almost purplish red, looking shocking and terrifying.

The purple red was caused by the extremely severe impact on the back, which caused the subcutaneous capillaries to rupture.

It's no wonder that when she just threw him on the sofa, he suddenly groaned in pain. I'm afraid he had a fever, which was also caused by this injury, and then fell down after being drenched by the rain.

Rong Shu trembled and touched Fu Jingting's back.

She knew how his back injury came from. It was caused by him during the day to save her, not the one before the hotel elevator, but the next time Gu Manyin pushed her downstairs.

So, he was injured at the time, but he didn't answer when she asked?

Rong Shu bit her lip, unable to express her feelings in her heart. She was angry, but also helpless, with mixed feelings.

At this moment, the doorbell rang again.

Rong Shu guessed that the doctor had arrived, raised her head slightly, took a deep breath, and went to open the door.

"Doctor, please take a look at him." After bringing the doctor in, Rong Shu pointed to the man on the sofa and said to the doctor.

The doctor was surprised when he saw Fu Jingting's back injury. He quickly opened the medicine box and took out tools for Fu Jingting to examine the injury.

After some busy work, Fu Jingting put medicine on his back and also took a fever-reducing injection.

But Rong Shu was still a little uneasy. She held her hands together and asked nervously, "Doctor, is he okay?"

"It's okay, the fever will subside tonight, and the back injury is not a big problem, just wipe it for a few days. Medicine to relax tendons and activate blood, wait, just wait for the congestion to dissolve." The doctor closed the medicine cabinet and replied.

Rong Shu breathed a sigh of relief, and a smile appeared on her face, "I see, thank you doctor."

"You're welcome, I'll leave the medicine here."

"Okay." Rong Shu nodded, then sent the doctor out out the door.

When she came back, she looked at the man lying on the sofa and couldn't help muttering, "I'll give you back your life-saving grace during the day, and tomorrow, we will still be on the opposite side."

After she finished speaking, she He went back to his room and took out the quilt to cover him, and then went back to rest.

But I don't know why, Rong Shu tossed and turned on the bed and couldn't fall asleep. As soon as he closed his eyes, Fu Jingting's purple-red back was all in his mind, and he couldn't get rid of it.

It wasn't until the second half of the night that she barely fell asleep and fell asleep.

The next morning, Fu Jingting was woken up by a phone call.

"Mr. Fu, where are you?" Assistant Zhang asked on the phone.

Fu Jingting rubbed his temples and opened his eyes, only to find himself lying on the sofa with no clothes on it, and couldn't help but stunned for a moment.

"President Fu? President Fu?" Assistant Zhang shouted again.

Fu Jingting's eyes flashed slightly, and he came back to his senses, "I'm here."
Assistant

Zhang breathed a sigh of relief, "Mr. Fu, President Gu just called to ask when you will solve Miss Gu's case?"

Fu Jingting sat up, the The quilt slid to the ground.

He stretched out his hand to pick it up, and he smelled a fragrance, which came from the quilt, just like the fragrance on Rong Shu's body.

So this quilt was covered by Rong Shu?

Fu Jingting's eyes darkened, he turned his head to look at Rong Shu's closed door, and then replied, "I'll go directly to the police station in a while, you bring a set of clothes to Repulse Bay."

"Cough cough." Assistant Zhang coughed suddenly When he coughed, his voice was raised, "Mr. Fu, are you with Miss Rong? You and Miss Rong shouldn't have..."

"No, I have a fever, and she was rescued." Fu Jingting looked at the fever on the coffee table. The medicine and the medicine for promoting blood circulation and removing blood stasis softened his eyebrows a bit.

The clothes on his body are gone. She should have taken them off when she put medicine on his back.

“Yes...is it.” Assistant Zhang smiled dryly, as if he believed Fu Jingting’s words, but he didn’t believe it in his heart.

Why does President Fu have a fever and burns to Miss Rong’s house?

It’s outrageous!

“By the way, remember to bring breakfast when you come over.” Fu Jingting ordered again.

Assistant Zhang nodded, “Understood.”

After the call, Fu Jingting put down his phone and went to the bathroom.

In the bathroom, he saw Rong Shu’s underwear hanging in it, and raised his eyebrows slightly.

Obviously, he didn’t expect that he would see something so private.

Fu Jingting’s Adam’s apple moved slightly, looked away, stopped looking at the clothes, and walked to the sink to wash his face.

During this period, he suddenly discovered that, whether in the living room or here, he only saw something belonging to Rong Shu alone, not a man.

In other words, Lu Qi had never lived here before, otherwise it would be impossible to have nothing.

Realizing this, Fu Jingting’s thin lips twitched slightly, feeling a little happy.

Chapter 125 Spiritual Appraisal

About half an hour later, Assistant Zhang came.

Fu Jingting opened the door, “Come in.”

After speaking, he turned around and walked into the living room.

Assistant Zhang looked at his back, and the corner of his mouth couldn’t help twitching.

If he remembered correctly, this is Miss Rong’s residence.

Why would it be Mr. Fu who opened the door, and Mr. Fu still had the attitude of a male host.

Although he thought so, Assistant Zhang didn't dare to ask any more questions and went in.

"Where's the clothes?" Fu Jingting looked at him.

Assistant Zhang handed over one of the bags, "Here."

Fu Jingting took it and changed it directly in the living room.

Assistant Zhang lifted the other bag on the handle, "President Fu, then this breakfast..."

"Put it on the table." Fu Jingting replied, buttoning his shirt.

Assistant Zhang responded and put the bag on the table.

Afterwards, Fu Jingting pointed at the coffee table again, "Pack up the medicine on it and take it away."

"Yes." Assistant Zhang nodded.

After that, the two left.

Before leaving, Fu Jingting took a special look at Rong Shu's room door, his eyes darkened and he could not see what it meant.

Not long after the two left, the bedroom door opened. Rong Shu yawned and came out. Seeing the neatly folded quilt on the sofa, she was stunned for a moment.

What about people?

Rong Shu looked left and right, but didn't see Fu Jingting, but found that the medicine on the coffee table was gone, he should have taken it away, and there was an extra bag on the table.

Rong Shu walked over curiously, opened the bag, and found that it contained Bishengyuan's breakfast set.

So, this is for her?

Rong Shu raised an eyebrow.

But she did not refuse, after all, the breakfast delivered to the door is not eaten for nothing.

After breakfast, Rong Shu changed her clothes, picked up her newly bought bag and went out.

When I came to the company and just met Lu Qi, the phone rang and the police station called.

“Miss Rong?”

“It’s me.” Rong Shu nodded.

The person from the police station said, “I’m sorry Miss Rong, the case about Miss Gu pushing you downstairs will be closed ahead of time.”

“What?” Rong Shu stood up suddenly, her face a little bad.

Lu Qi was startled by her, and blinked at her, “What’s the matter, baby.”

Rong Shu ignored him, pursed her red lips and asked the other end of the phone, “Why did the case close in advance, I haven’t found my bag yet? When you come back, the evidence has not been handed in, so the case is about to be closed.”

“Miss Rong, please calm down first, I understand your feelings, but this matter can only be closed, because Miss Gu’s parents and fiancé have issued the documents at the same time. Miss Gu’s psychiatric appraisal.”

“Spiritual appraisal?” Rong Shu narrowed her eyes.

The police officer nodded, “Yes, the appraisal report says that Miss Gu suffers from a serious mental illness, and our country’s laws do not yet express sentencing regulations for mentally ill persons, so...”

“So you mean, mental illness. The patient is not breaking the law?” Rong Shu squeezed the phone tightly and turned up the volume.

The police station responded with a sigh, “Yes, so this case can only be left like this. As for your bag, we are still investigating, but there are no clues so far, so it is very likely that we will not be able to find it. Please Rong, prepare yourself mentally.” The

call ended.

Rong Shu bit her lower lip and put down her phone with a face full of reluctance.

Lu Qi looked at her, a little worried, and asked again, “what’s the matter, baby?”

Rong Shu said the content of the phone call.

After listening to this, Lu Qi slapped the table angrily, "Damn, it's shameless, they actually exploited a loophole in the law to let Gu Manyin clear their crimes."

"Yeah, I didn't expect them to still There is this trick." Rong Shu wearily rubbed his brows.

No wonder Fu Jingting did not forcibly stop her from calling the police.

It turned out that whether she reported it to the police or not, he had a way to protect Gu Manyin, but she miscalculated.

"No, I have to go to Fu Jingting to seek justice!" With that said, Lu Qi was about to go out.

Rong Shu stopped him, "Don't go, it's useless if you go, we can't fight him."

"..." When Lu Qi heard this, he stopped all of a sudden, his entire back was bent, and the whole body radiated decadent breath.

After a while, he clenched his fists and turned around, "Baby, do you think Gu Manyin's split personality is true?"

Rong Shu's eyes flashed, "I don't know, Lin Tianchen gave Gu Manyin Man Yin has diagnosed it as a split personality, you know who Lin Tianchen is, and what he said should not be false, but I still don't believe it, so I don't dare to draw a conclusion."

Lu Qi took a deep breath, "Then If Gu Manyin really has a split personality, with her malice towards you, I believe she will definitely take action against you in the future, will she not break the law at that time?"

Rong Shu sneered at the corners of her mouth, "Yes, Because she is a mental patient."

"Hmph, since she is a mental patient, she should be locked in a mental hospital instead of letting her go outside." Lu Qi pouted.

Rong Shu rolled his eyes at him, "Do you think Fu Jingting and the others would be willing to let Gu Manyin go to that kind of place?"

Lu Qi was speechless again.

Rong Shu was also silent.

After a while, Lu Qi looked up at her, with undisguised fear in his voice, "Baby, do we really want to do this? Thinking about it, I'm not reconciled, but you almost..." The

following words , he didn't say it, he knew what he meant.

Rong Shu squinted her beautiful eyes, "Of course not, Gu Manyin wants to kill me, how could I just forget about it, this time I have written down the revenge, and I will return it with the money in the future, don't worry. , I'm not the kind of person who can't bear to be wronged."

Lu Qi was satisfied, "That's good, no matter what you do, I will stand behind you."

He looked at her tenderly.

Rong Shu was in a trance.

It was the first time she saw him look so serious.

"Okay." Rong Shu smiled and nodded.

At this moment, the door of the office was knocked.

Rong Shu looked over and said, "Come in."

Secretary Tong pushed open the door and came in, first glanced at Lu Qi, and then reported to Rong Shuhui, "Mr. Rong, the heads of several subsidiaries of the Fu Group are here, and they said they would talk to Rong Shuhui. We cooperate."

"Subordinate to the Fu Group?" Lu Qi frowned.

"Yes." Secretary Tong nodded.

"Which subsidiaries?" Rong Shu asked.

Secretary Tong answered one by one.

The corner of Rong Shu's mouth taunted, "It's actually these families, I know, this is Fu Jingting's compensation to me, so he knew that it was wrong for him to protect Gu Manyin."

Lu Qi's face was full of anger. Red, "who wants his compensation, go and drive those people away."

He instructed Secretary Tong.

Before Secretary Tong responded, Rong Shu stopped him, "No."

"Darling, shouldn't you accept it?" Lu Qi looked at her in disbelief.

Rong Shu turned the pen in his hand, "Why not, the industries of his subsidiaries are exactly the industries that our Tiansheng Group is involved in. It is naturally the best to cooperate with him."

"But..." Lu Qi still feel a little uncomfortable.

Rong Shu looked at him with serious eyes, "Aqi, I know what you want to say, but if you think about Tiancheng today, many of Tiancheng's previous industries cannot be recovered, one is that there is no capital, the other is that there is no similar partners of the industry, and now these partners from the same industry have come to the door, why don't we use it."

Lu Qi's lips moved, and there was nothing to refute.

Rong Shu added, "No matter what Fu Jingting did to do this, this time he is helping us. Tiansheng needs these cooperations in order to develop better, and you can rest assured that I will not accept these cooperations. It means that I will be at ease with this revenge."

Chapter 126 Duan Xingbang's Crisis

Cooperation is one thing, revenge is another.

The two do not conflict.

Lu Qi understood what Rong Shu meant and gave her a thumbs up, "Baby, you are this."

Rong Shu smiled back, "Okay, let's go meet those managers." "Okay . . ." Lu Qi nodded and stood up.

Two hours later, Rong Shu and Lu Qi sent off a few managers.

Because Fu Jingting cooperated with the intention of making up for it, the conditions for cooperation were all in favor of Rong Shu.

Naturally, Rong Shu and several managers successfully signed a cooperation contract.

After Assistant Zhang got the news, he immediately notified Fu Jingting.

Fu Jingting's knitted brows relaxed, "Got it."

Rong Shu accepted the cooperation.

It seems that she has put down Manyin and pushed her downstairs.

Thinking about it, the big stone in Fu Jingting's heart was put down.

"That's right." He looked up at Assistant Zhang, "Rong Shu, is there any news about whose child she is pregnant with?"

Assistant Zhang shook his head, "No, Miss Rong doesn't seem to know that she is pregnant at all. Mention it to anyone, including Mr. Lu."

So the person he arranged naturally had no way of knowing who the child in Miss Rong's belly belonged to.

Fu Jingting pursed his lips.

Assistant Zhang looked at his expression, "Mr. Fu, why don't we tell Mr. Lu and ask Mr. Lu to ask Miss Rong, maybe Miss Rong will say it."

Fu Jingting's eyes flashed slightly, and he seemed to be moved. .

But in the end, for some reason, I still gave up and refused.

"No, wait."

"Yes." Assistant Zhang stopped talking.

At the same time, Tiansheng Group.

The news that Rong Shu won the cooperation of several subsidiaries of the Fu Group has already spread.

Some are happy, some are worried.

in the president's office. Duan Xingbang

's face was very ugly, "Have you checked it out, why did that dead girl Rong Shu win several cooperations with the Fu Group?"

Now, this seems to be a private matter between Vice President Rong and President Fu, so it is a little difficult to investigate."

"Private matter?" Duan Xingbang narrowed his eyes.

A director on the side made a bold guess, "Could it be that the two of them still have feelings, that's why..."

Duan Xingbang's face was ugly, "If this is the case, it is not impossible for Rong Shu to win the cooperation of new energy.

”, He couldn’t help but feel a huge sense of crisis in his heart.

If Rong Shu really won the cooperation of new energy.

Then the authority in his hands as the president will really be handed over to half.

Thinking, Duan Xingbang clenched his fists and instructed the secretary in a gloomy voice, “Go and secretly check immediately if there is anything out of the ordinary between Rong Shu and President Fu. If there is, send it to the Gu family immediately.”

“President Duan, do you want to use the Gu family’s hand to suppress Rong Shu?” The director asked with a hint of brilliance in his eyes.

Duan Xingbang sighed, “With Mr. Fu backing Rong Shu, maybe Rong Shu will win that bet, so in order to prevent Rong Shu from winning, we can only ask the Gu family to take action.”

“Yes.” The director nodded, “Now the daughter of the Gu family and President Fu are the fiancée. If Rong Shu really has anything else with President Fu, I believe that the Gu family will not give up. At that time, if Rong Shu wants to rely on President Fu to get a new energy cooperation seat, it will be a dream. “

Yeah.” Duan Xingbang knocked on the desk, his eyes full of smug calculations.

At this time, the office was ringing.

Duan Xingbang frowned displeasedly, “Come in.” The

door was pushed open, and Tong Xi stood at the door, “Mr. Duan, President Rong asked you to go to the conference room for a meeting.”

“A meeting?” Duan Xingbang pursed his lips, “What meeting?”

” It’s about the cooperation that Rong Shu just won.” Tong Xi replied.

Duan Xingbang’s expression was gloomy and his voice was cold, “I see, I’ll go right away.”

“Then I’ll go and reply to President Rong first.” Secretary Tong closed the door and left.

ten minutes later.

Duan Xingbang brought the directors to the conference room.

As soon as he walked out the door, he ran into Rong Shu Lu Qi.

Rong Shu nodded slightly, "Mr. Duan."

"Congratulations, Vice President Rong, you have won a few more cooperations, which is really amazing." Duan Xingbang twitched the corners of his mouth and said strangely.

Rong Shu twitched her hair, "Mr. Duan has won the award."

"Anywhere, it's not an award at all, what I'm saying is the truth, after all, in this world, after a divorce, you can still be on the list of people who ask for things from your ex-husband, but Few." Duan Xingbang sarcastically said.

Rong Shu's face sank.

Lu Qi even clenched his fists, "Old man, what did you say?"

"Aqi." Rong Shu grabbed his arm and told him not to be impulsive.

Duan Xingbang was really afraid of Lu Qi's hitting, but when he saw Lu Qi being held by Rong Shu, he felt relieved and continued to sarcastically say, "And Mr. Lu, too, your girlfriend and ex-husband are disconnected, you are still indifferent, it's a big deal. Degree."

"You..."

"Aqi!" Rong Shu almost didn't hold Lu Qi with one hand, and finally added another hand to hold it, shaking her head at Lu Qi, "Don't mess around."

"Baby Son, listen to what he said!" Lu Qi glared at Duan Xingbang angrily.

"I know, but hitting people is not the solution."

Saying that, Rong Shu let go of him, took a step forward, and stood in front of him, looking at Duan Xingbang with cold eyes, "Mr. Duan, you tell me These cooperations were obtained by relying on Fu Jingting?"

"Isn't it true that whoever strives for cooperation will win several at a time. If it is not for President Fu, what else could it be? I'm afraid even the cooperation of new energy. You want to win the seat, too." Duan Xingbang sneered.

Rong Shu clenched her palms tightly and looked back with a blank face, "It turns out that President Duan sees me like this."

"If you want people to be ignorant, you have to do nothing for yourself. You, Vice President Rong, want to cooperate more and win the hearts of the group. I understand. , is that the method is too shameless, have you ever thought that if you do this, it will

further aggravate the contradiction between Tiancheng and Sansheng?” Duan Xingbang looked at her coldly.

Rong Shu snorted coldly, “The conflict between Tiancheng and Sansheng doesn’t need to intensify any more, it has already reached the point of death, and these cooperations are Fu Jingting’s compensation for Gu Manyin’s guilt. Do you think the Gu family doesn’t know?”

Hearing this, Duan Xingbang was taken aback, “What do you mean?”

Rong Shu glanced at him coldly, without answering, pushed open the door of the conference room and entered.

When Lu Qi passed by Duan Xingbang, he said contemptuously, “You don’t even know how these cooperations were won, so you suspected that the baby was relying on improper means, but now I understand that the source of the cooperation is different from what you thought. , have you been beaten in the face?”

After he finished speaking, he ignored Duan Xingbang and entered the conference room.

Duan Xingbang stood alone, his face twisted with anger.

The meeting went on for a long time because it was about several collaborations.

These cooperations happened to involve all of Tiansheng’s industries, so everyone was seriously discussing the restart of the industry.

It was not until it was getting dark that the restart plans for all industries were drawn up. As long as the funds from several subsidiaries of the Fu Group came in, the stagnant industries of Tiansheng Group could all recover.

And Tiansheng can completely get rid of the crisis of going bankrupt at any time and enter into stable development.

Although Rong Shu was disgusted by Fu Jingting’s actions to protect Gu Manyin, he had to admit that Fu Jingting did pull Tian Cheng this time.

However, this still does not mean that she will let go of this matter.

weekend.

Rong Shu and Lu Qi came to President Chen's racetrack at the urging of Mrs. Lu.

The racecourse is very big, almost as big as eight or nine football fields, and on the other side, there is a golf course, and behind the golf course, there are villas for accommodation.

And behind the villa, there is a mountain with an altitude of seven or eight hundred meters. There is an observation deck on the top of the mountain, which is said to be an excellent place to watch the stars and the sunrise.

Along the way, Lu Qi chatted endlessly, planning how to play these two days, and was extremely excited.

Rong Shu, however, leaned on the co-pilot listlessly, her face pale.

Lu Qi noticed it, put away his excitement, and asked with concern, "Baby, what's wrong with you, your face is so ugly, is it not uncomfortable?"

"Well, there is some chest tightness, it must be motion sickness." Rong Shu shook her head. Leaning against the car window, closed his eyes, and replied feebly.

Lu Qi frowned suspiciously, "Carsickness? Aren't you not carsick?"

Rong Shu slightly lifted her eyelids, and a strange color flashed in her eyes.

She really doesn't get motion sickness.

But she is pregnant now, and many smells, such as gasoline, are uncomfortable.

But she can't say that.

"It's nothing, maybe I have a cold recently." Rong Shu bit her lower lip and said.

Lu Qi didn't have any doubts and nodded, "The temperature has dropped a lot recently, and it's easy to catch a cold. When I get to the villa in a while, I'll ask the doctor to come and see it for you."

"No!" Rong Shu immediately refused, "I'll take a break. It's alright, bring the medicine."

Afraid that he wouldn't believe it, she patted her bag specially.

For the sake of Lu, she was prepared and thoughtful, and didn't say much.

Soon, the villa arrived.

Lu Qi parked the car in front of the villa and walked to the trunk to pick up his luggage.

Rong Shu also came to help.

Just as she was about to pick up her suitcase, Lu Qi blocked her hand, "I'll just come, if you're not feeling well, go to your room and rest for a while. Mr. Chen said that the room on the second floor was packed by another couple, let us stay. The third floor."

"Okay." Rong Shu didn't refuse, she nodded and walked towards the villa.

She is really uncomfortable now, she is so dizzy, she wants to lie down.

After Rong Shu left, Lu Qi carried the luggage in by himself.

Fortunately, there is not much luggage, and one person has one box, and it is finished in one trip.

There were five rooms on the third floor, and Lu Qi chose to be opposite Rong Shu.

After putting the suitcase away, he went to the balcony and called Mrs. Lu.

At the same time, a black Maybach drove from a distance and stopped in front of the villa.

The door opened, Fu Jingting got out of the car, then went around the front of the car and opened the passenger's door.

Gu Manyin bent down and came out from the inside, looked around, and said in surprise, "Wow, the air here is so fresh."

Fu Jingting hummed, "It's not bad." "Jingting

, it looks like we've come to the right place. ." Gu Manyin hugged his arm happily.

Fu Jingting patted her hand, "Okay Manyin, let go first, and you have to take your luggage."

"Oh." Gu Manyin obediently let go of her hand.

Fu Jingting walked towards the trunk.

Gu Manyin followed behind him.

When she got to the trunk, she suddenly saw the Mercedes beside her and pulled Fu Jingting's sleeve, "Jing Ting, is that car next to another couple?"

"It should be." Fu Jingting glanced at it and said looked back.

Gu Manyin pouted, feeling a little uncomfortable, "I originally wanted to live with you in a two-person world, but I didn't expect this wish to come true in the end."

"They are the juniors of Mr. Chen's friends, so they have to give Mr. Chen this face, so bear with it. Mr. Chen also said that the couple lives on the third floor and will not disturb us." Fu Jingting rubbed her cheeks. hair.

Gu Manyin took his hand and swayed her coquettishly, "I don't mean anything else, I just complain a little."

"I know, we will get engaged after a year, how about I take you abroad to play? The two of us." Fu Jingting looked at Gu Manyin tenderly.

Gu Manyin nodded with bright eyes, "Okay."

Just as she was talking, there was the sound of a car engine.

Fu Jingting and Gu Manyin both turned their heads to look.

I saw a six-seat commercial vehicle coming from a distance, and then stopped beside them.

Gu Manyin frowned, "Jing Ting, didn't you say there is only a couple, why is there another car coming, and looking at this car, there seem to be quite a few people inside."

Fu Jingting squinted his eyes, "Me too. I don't know."

"Otherwise, you can ask Mr. Chen if he has jammed people in again?" Gu Manyin suggested.

Fu Jingting's thin lips pursed slightly, just as he was about to say something, the door of the commercial car opened, and a figure in sportswear jumped out of it first, holding a basketball in his hand.

Seeing this man's appearance, Gu Manyin's eyes widened, "Jinglin?"

Fu Jingting was also a little surprised, "Why are you here?"

Fu Jinglin waved his hand and ran to the two of them, "Big Brother, Sister Manyin, I'm here to play with you."

"To play with us?" Gu Manyin's mouth twitched, and the smile on her face was reluctant.

Who cares that you come to us!

Fu Jingting didn't notice her displeasure, he frowned and looked at Fu Jinglin, "How did you know we were here?"

He only said to take Manyin out to relax.

But didn't say where.

"I told him." At this moment, another familiar figure appeared.

Cheng Huai walked over with a smile, followed by a figure behind him.

is a woman.

Gu Manyin knew that she was by Rong Shu's side, and she seemed to be surnamed Chen.

"You?" Fu Jingting squinted at Cheng Huai.

Cheng Huai nodded, "Yes, I heard from you two days ago that you want to bring Miss Gu here for vacation, so I wrote it down, Jing Ting, you are really not funny, you only bring your fiancée out to play, and you don't even call me. Us."

He put his hand on Fu Jingting's shoulder.

Fu Jinglin also nodded, "That's right, brother, you are not loyal."

Chen Xingnuo stood aside, playing with his phone with his head down, as if he was out of the way.

Fu Jingting expressionlessly threw Cheng Huai's hand away from his shoulder, "I didn't tell you, did I come out with Manyin for a date?"

Cheng Huai's eyes flickered slightly, as if he didn't think of it. It looked like, "Is there, it seems that I forgot, I'm sorry, I accidentally destroyed your two-person world, but Jing Ting, we've all come here, so it's not good to go back like this?"

"That's right, brother. , I've been training recently, and I finally came out to play on vacation, you won't let me go back in disappointment?" Fu Jinglin looked at Fu Jingting expectantly.

Fu Jingtingjun's face was as black as ink, he ignored them and looked at Gu Manyin, "Manyin, what do you mean?"

Gu Manyin bit her lower lip, "I..."

“Miss Gu, you won’t So stingy, right?” Cheng Huai squinted and looked at her with a half-smile.

Gu Manyin’s expression was stiff, how could she not see that Cheng Huai was deliberately making things difficult for her, and deliberately sabotaging her date with Jing Ting.

If she doesn’t agree with them to stay, she is stingy and can’t tolerate Jing Ting’s friends and younger brother.

If she agrees, then this date will become a fun game between friends.

For a while, Gu Manyin was riding a tiger, and everyone was looking at her.

But in the end, she took a breath and agreed with a forced smile, “Of course not, since everyone is here, let’s spend this weekend together.”

“Yeah!” Fu Jinglin jumped up happily.

Cheng Huai hooked his lips playfully, “Then thank you Miss Gu, Miss Gu is indeed more generous than I thought, even more...”

“Okay, what are you doing, Momo Haha, don’t go get your luggage.” Before he could finish his words, Chen Xingnuo, who had not spoken, twisted him.

Cheng Huai groaned strangely, “Hey, you woman, why are you so ill-tempered?”

Chapter 128 Exclusion

Chen Xingnuo sneered, “Who told you to lie to me, he is obviously the young master of the Cheng family, yet he lied to me as a homeless person.”

Cheng Huai coughed awkwardly, “Then what, I didn’t do it on purpose, who let you I didn’t ask myself clearly.”

“You’re still blaming me now?” Chen Xingnuo’s eyes widened.

Cheng Huai hurriedly made a surrender statement, “No, no, how can I blame you, auntie, it’s my fault, it’s all my fault, right?”

“It’s almost the same, go get your luggage.” Chen Xingnuo pretended to kick hit him.

Cheng Huai pouted, and obediently went to the trunk to get his luggage.

Fu Jinglin also followed in the past.

The three quickly walked towards the villa with their luggage.

Fu Jingting pinched the hand of Gu Manyin, who was in a bad mood, and lowered his head, and said softly, "Manyin, let's go in too."

"Well." Gu Manyin nodded with a strong smile.

A group of five entered the villa with luggage.

As soon as he entered the living room, footsteps were heard on the stairs.

The five looked up.

Lu Qi was wearing casual clothes, pulling his slippers downstairs.

Seeing the five people, he opened his mouth in surprise, "Why are you?"

"Yo, President Lu." Cheng Huai raised his eyebrows and waved at Lu Qi with a smile.

Chen Xingnuo also nodded and said hello, "Mr. Lu."

Except for the two of them, the expressions of the other three were also different.

Fu Jinglin didn't like Lu Qi, so he snorted and turned his head away.

Fu Jingting frowned, knowing that the other couple was Lu Qi and Rong Shu.

"Manyin..." Fu Jingting looked at the woman beside him, the worry in his eyes was self-evident.

Gu Manyin clenched her hands tightly hidden in her sleeves, her nails pierced into her flesh, but she still tried to keep a smile on her face, "Don't worry Jing Ting, I know what you are worried about, I will do it. Do your best to keep her under control and keep her from coming out."

Damn, damn it!

Does God love to fight against her so much? She just wanted to have a date with Jing Ting to deepen her relationship, but she was unexpectedly brought by Cheng Huai to disrupt the situation. This is more than that, the other couple is actually Rong Shu them.

"Who is she?" Fu Jinglin asked curiously, holding the basketball.

Cheng Huai and Chen Xingnuo also looked at Gu Manyin curiously.

Gu Manyin bit her lip, "She...she is..." She

didn't seem to know how to answer, and she looked at the man beside her begging for help.

The man lowered his eyes and said in a low voice, "It's nothing, it has nothing to do with you, don't ask."

"Cut, what is it has nothing to do with them, it's clear that I just don't want to say it." Lu Qi wrapped his arms in disdain.

"Mr. Lu, did you know?" Cheng Huai looked at him.

Lu Qi pursed his lips, "Of course, that she is..."

"Lu Qi!" Fu Jingting interrupted him with a cold expression, with sparks in his eyes, which made people chill, "This is Manyin's privacy, it's not a turn. It's up to you."

Lu Qi curled his lips, "Okay, I won't say it, but how long do you think you can hide it?"

After speaking, he turned around and didn't want to go downstairs, and was going to go back to the room on the third floor.

"Wait, President Lu." Chen Xingnuo suddenly stopped him.

Lu Qi stopped, "What's the matter?"

"Mr. Lu, which floor do you live in? I'll live on the same floor as you. I don't want to live on the same floor with some women with a dark mind. I'm afraid of bad luck." Chen Xingnuo's eyes Ruoyou glanced at Gu Manyin vaguely.

Gu Manyin bit her lip humiliatingly, "Miss Chen, what do you mean? Who has a dark heart?"

"Did I tell you?" Chen Xingnuo asked indifferently.

Gu Manyin was stunned for a moment, and then she said, "It's just me and you two girls here. Didn't you say who I was talking about?"

"I didn't name my name." Chen Xingnuo refused to admit it.

Gu Manyin stomped his feet angrily.

Lu Qi and Cheng Huai watched this scene with the same expressions on their faces, and felt very happy.

Even Fu Jinglin felt inexplicably comfortable seeing Gu Manyin being bullied.

“Jing Ting...” Gu Manyin looked at Fu Jingting with red eyes.

Fu Jingting narrowed his eyes dangerously and stared at Cheng Huai, “She was brought by you, take care of your people. This is the first time. Next time she dares to bully Man Yin like this, don’t blame me for being rude.”

Cheng Huai Shrugging his shoulders, he pretended to be helpless and said to Chen Xingnuo, “You, even if you don’t like some people, don’t be so direct. Look, even I was warned by you.”

“But I think you seem to be I’m not afraid of this warning.” Chen Xingnuo rolled his eyes and walked towards Lu Qi with his suitcase in hand.

“Am I being so obvious?” Cheng Huai touched his face, then followed him with his suitcase.

Fu Jinglin looked at Fu Jingting and Gu Manyin, and then looked at the three people who disappeared on the third floor.

In the end, he seemed to have made a decision and lifted the suitcase, “What, big brother, sister Manyin, I’ll live with them too, so as not to disturb you.”

After that, he quickly chased after him.

Only Fu Jingting and Gu Manyin were left in the living room.

If it wasn’t for what Chen Xingnuo said, a few of them lived on the third floor and left the second floor for her and Jing Ting, she would be very satisfied.

But now, she has the feeling that she and Jing Ting are being deliberately excluded by them.

Fu Jingting also had it, but he didn’t care much. He mentioned Gu Manyin’s suitcase, “Let’s go, let’s go up too.”

“Yeah.” Gu Manyin responded with a somewhat low emotion.

On the third floor, Cheng Huai and Fu Jinglin put their things away and went to the racecourse to ride a horse.

Chen Xingnuo didn’t go, and stayed in the villa with Lu Qi, waiting for Rong Shu to wake up.

After waiting for about half an hour, Rong Shu woke up, went downstairs and saw Chen Xingnuo watching TV on the sofa in the living room. Chen Xingnuo was still sitting there.

Therefore, it is not her dazzling eyes, but the real Chen Xingnuo.

“Xingnuo.” Rong Shu shouted.

Chen Xingnuo turned his head, “Mr. Rong, you are awake.”

Rong Shu nodded, “Why are you here?”

“Cheng Huai called and invited me.” Chen Xingnuo turned off the TV and replied.

In the morning, before she got up, she received a call from Cheng Huai. Cheng Huai said she had a favor and asked her to help, but she agreed without thinking much.

After getting into the car, she realized that what he asked her to do was to destroy the date between Fu Jingting and Gu Manyin. It was also at that time that she knew Cheng Huai’s true identity, and she was very angry.

“Cheng Huai is here too?” Rong Shu was stunned for a moment.

Just as Chen Xingnuo was about to respond, Lu Qi came out of the kitchen with a glass of water, “Yes, it’s not just Cheng Huai, but also Fu Jinglin. Oh, by the way, I forgot to mention that the other couple is Fu Jingting and Gu Manyin.”

Listen . At this point, the corner of Rong Shu’s mouth twitched, and there was a feeling of beeping a dog in her heart.

No matter where you go, you can’t avoid these two.

“Nuan Nuan, why don’t we go back?” Lu Qi handed the water to Rong Shu, “If that Gu Manyin uses split personality as a shield again, it will be bad for you to attack you.”

“Split personality?” Chen Xing Nuo exclaimed, “So the ‘she’ that Gu Manyin said at the time was referring to...”

“That’s right.” Cheng Huai nodded and briefly explained the story of Rong Shu being pushed downstairs.

Chen Xingnuo took a deep breath.

Rong Shu shook her head, “No, we won’t go back, why do we have to leave when they come, doesn’t it seem that we are very afraid of her, and there are also Cheng Huai and Fu Jinglin, they are also there, I believe Gu Manyin will definitely not dare What are you doing?”

“Mr. Rong is right.” Chen Xingnuo said in agreement, “You don’t know yet, Cheng Huai brought me and Fu Jinglin here in order to cause trouble for Fu Jingting and Gu Manyin

and prevent them from making trouble for them. Let's have a good weekend, so Gu Manyin won't have time to deal with Cheng Huai, so he shouldn't have time to attack President Rong."

Chapter 129 Can't Ride a Horse

"Oh?" Rong Shu raised her eyebrows, "Cheng Huai wants to destroy Fu Jingting and Gu Manyin's vacation?"

"Yes." Chen Xingnuo nodded.

Rong Shu and Lu Qi looked at each other, "Aqi, it's true that you made the right call before. The Gu family offended the Cheng family, and Cheng Huai will not make Gu Manyin feel better. This is what happened."

Lu Qi laughed. He clapped his hands, "This is a good thing, isn't it, let Cheng Huai help us clean up Gu Manyin first."

Rong Shu raised her chin, "That's what you said."

Then, Lu Qi changed the subject, "Okay baby, we too Let's go to the racecourse."

"Okay." Rong Shu nodded in agreement.

The three walked towards the racecourse.

When he came to the periphery of the racecourse, Rong Shu had already seen three horses running in the racecourse.

Although the people on the horses wore protective measures and covered their faces tightly, Rong Shu still recognized who they were at a glance.

The two brothers Fu Jingting and Cheng Huai.

Gu Manyin wasn't there, and was sitting in the rest area beside the racecourse, looking at a few people in the racecourse.

When the three of Rong Shu passed by, Gu Manyin noticed it and stood up with a smile, "Miss Rong, you are here."

Rong Shu pretended not to hear and went to the other side to sit down.

Lu Qi and Chen Xingnuo were with her. She ignored Gu Manyin, and they naturally ignored her and sat down with her.

The ignoring attitude of the three caused the smile on Gu Manyin's face to disappear, and a shadow flashed in his eyes, but it disappeared soon after, and the smiles resumed, as if nothing had happened.

She walked over, "Miss Rong, aren't you going to ride a horse?"

Rong Shu frowned in annoyance, "Miss Gu, has anyone ever said that you're annoying?"

"Ah?" Hong, "I... am I really annoying?"

"Isn't it? Can't you see that we don't want to pay attention to you at all? You still put it on like a dog skin plaster, are you cheap?" Lu Qi said coldly.

Chen Xingnuo also agreed, "That's right, I don't have any self-knowledge."

"You..." Gu Manyin's eyes turned red, and her body trembled slightly, as if she wanted to cry.

On the racecourse in the distance, Fu Jingting found out when Rong Shu appeared. He frowned when he saw Man Yin walking towards Rong Shu. Now that Man Yin seemed to be crying, he narrowed his eyes and immediately got involved. Take the reins and ride the horse over.

Fu Jinglin and Cheng Huai also followed after seeing this.

"Applause!" Fu Jingting stopped the horse, and got off the horse in a single turn. His movements were neat and handsome.

Rong Shu glanced at him and had to admit that he was very good.

Whether in shopping malls or entertainment, they are far superior to others.

But no matter how good it is, the eyes are also blind.

Thinking about it, Rong Shu retracted her gaze and stopped looking.

"Manyin." Fu Jingting took off his helmet and put it aside.

Hearing her voice, Gu Manyin immediately turned around and threw herself into his arms crying, "Jing Ting woo woo..."

Rong Shu and the three rolled their eyes.

They didn't care about her, crying so loudly.

People who don't know, think their parents are dead.

"What's the matter?" Cheng Huai rode over and asked high on the horse's back.

Fu Jinglin didn't ask, Brother Huai did. What else did he ask?

So Fu Jinglin not only didn't ask, he didn't even look at Gu Manyin, but looked at Rong Shu with bright eyes, "Sister Rong Shu."

Rong Shu glanced at him lightly, but didn't respond.

The light in Fu Jinglin's eyes disappeared instantly.

It's been so long since that public opinion incident, and Sister Rong Shu still refuses to pay attention to him.

"Manyin, what's the matter?" Fu Jingting patted Gu Manyin's back and asked in a deep voice.

Gu Manyin shook her head and returned with a sobbing voice, "No... nothing, it's none of Miss Rong's business, it's me..."

"Wait a minute." Chen Xingnuo smiled, "Miss Gu, what is no? Miss Guan Rong and the others, whether or not you will speak, your words are clearly meant to tell everyone that you are crying because of what we did to you."

"I didn't, I didn't..." Gu Manyin hurriedly wave.

Chen Xingnuo rolled his eyes, "I don't have it yet. I'm not. Who would believe it? Fu is always an idiot. If you can't hear it, it doesn't mean that we are all idiots. You can't hear your lotus words."

Fu Jingting Face darkened.

Is he a fool?

"Pfft!" Rong Shu couldn't help laughing.

When she smiled, it was as if a switch had been triggered. Cheng Huai, Luqi, and Fu Jinglin all laughed.

"Brother, so you are an idiot." Fu Jinglin said carelessly, holding his stomach.

Fu Jingting looked at him coldly.

He shivered suddenly and didn't dare to laugh anymore.

"Brother, I was wrong." Fu Jinglin cried and closed his mouth.

Only then did Fu Jingting let him go, and looked down at Gu Manyin in his arms, "Manyin, honestly, what happened?"

"Wake up Mr. Fu, don't ask her, she will say I'm not. I don't, it's none of our business, what else will I say, so I'll do it." Lu Qi stood up and said what happened just now.

After hearing this, Cheng Huai touched his chin, "I think Mr. Lu and the others are right, they don't like Miss Gu, and Miss Gu stubbornly leans in. It's not that they don't know what it is. They cry when they tell the truth. With all due respect, Miss Gu, you are too easily injured."

Fu Jinglin didn't dare to say it outright, but he nodded in agreement.

Even Fu Jingting couldn't say that Rong Shu and the others did something wrong.

After all, it was really Man Yin that made it up by himself.

Fu Jingting sighed tiredly in his heart, looked at Rong Shu with Gu Manyin in his arms, and said, "Sorry, this matter is indeed wrong with Manyin. I apologize to you on her behalf."

Gu Manyin's eyes widened, "Jing Ting... .."

Fu Jingting squeezed her shoulder and motioned her not to speak.

Rong Shu held her head and looked at the two with a half-smile, "President Fu's apology is really becoming more and more skilled, and the skill makes people feel distressed, okay, for the sincerity of President Fu's apology, I I accepted."

"Thank you." How could Fu Jingting not hear that she was sarcastically apologizing on behalf of Manyin, but he didn't care, he lowered his eyelids and replied two words.

"Jing Ting..." Gu Manyin looked at Fu Jingting with red eyes, "I'm sorry, I caused you trouble again."

Fu Jingting wiped away the tears from the corners of her eyes, "Okay, stay away from them in the future, and go wash your hands. Face."

"Yeah." Gu Manyin nodded, turned and walked towards the bathroom.

"Tsk, I didn't take a closer look, let's continue riding." Cheng Huai stretched.

Fu Jinglin also nodded, "Brother Huai, how about we race to see who finishes the lap first?"

"That's good." Cheng Huai's eyes lit up.

Lu Qi and Chen Xingnuo were also eager to try.

"I'll go too." Chen Xingnuo raised his hand.

Lu Qi looked at Rong Shu, "Darling, didn't you really want to ride a horse before, shall we participate?"

Rong Shu was about to answer when Fu Jingting suddenly said, "No, she can't ride a horse!"

She was pregnant and was on horseback. On bumps, it's easy to get into trouble.

Everyone immediately quieted down and looked at Fu Jingting in surprise.

"Why can't baby ride a horse?" Lu Qi stared at Fu Jingting angrily, "This is not your territory, you still don't let our baby ride a horse?"

"That's right." Chen Xingnuo also stared at Fu Jingting in dissatisfaction.

Fu Jinglin and Cheng Huai also felt that he was going too far.

Only Rong Shu noticed the difference, and her eyes flashed slightly.

Fu Jingting didn't seem to let her ride a horse because he was domineering.

But there are other reasons.

Thinking, Rong Shu looked directly at Fu Jingting, "Mr. Fu, give me a reason not to ride a horse!"

She wanted to know why he stopped her.

Chapter 130 Teach her to ride a horse

Facing Rong Shu's clear and cool eyes, Fu Jingting was inexplicably afraid to look directly.

As if afraid of what she might see, he looked away slightly, "You are so pale, you are not suitable for riding!"

Everyone heard the words and immediately looked at Rong Shu's face.

Lu Qi was the first to say, "Yes, baby, your face is indeed a little pale, is motion sickness okay?"

Rong Shu touched her face, "Is it really white?"

"There is some." Chen Xingnuo replied.

Rong Shu smiled, "Then it's fine, I can ride a horse."

Hearing this, Fu Jingting's brows turned into a Sichuan character, and his face was full of disapproval.

She really didn't have the slightest self-awareness about her pregnancy.

Is the baby in the womb more important, or is it more important to ride a horse?

Just when Fu Jingting couldn't help but forcibly stop Rong Shu from riding, Lu Qi said, "Baby, why don't you go back to rest and ride next time? If you are still dizzy, it will be troublesome."

Fu Jingting nodded slightly, feeling This time, Lu Qi finally did a human thing, no longer blindly obedient to Rongshu.

However, Rong Shu was very stubborn and said with a smile, "It's alright, I've come here, what do I do when I go back, don't worry, I'll ride a horse and walk slowly, it's fine if I don't run.

" He agreed, and then dragged Rong Shu to the stable to pick up a horse.

Fu Jingting looked at the backs of the two, his face dark and ugly.

He just felt that Lu Qi had done a human job, but the next moment Lu Qi was no longer a human being.

What did she see in such a man without persistence?

"Brother, come to the race!" In the distant racecourse, Fu Jinglin made a trumpet with his hands and shouted to Fu Jingting.

Fu Jingting glanced at the silly brother, ignored it, got on his horse and went to the other side of the racecourse.

Soon, Rong Shu and Lu Qi picked their horses and came out.

She picked a white mare.

The mare is very beautiful, standing next to Rong Shu, who has changed into a red riding suit, the picture is so beautiful that it makes people want to take pictures.

Cheng Huai came over on a horse and whistled at Rong Shu, "Not bad, I don't see that you are quite heroic."

"Sister Rong Shu, you are so beautiful." Fu Jinglin was stupid and couldn't say anything beautiful. , only in the simplest language.

The simplest language is also the most direct, and it is often easier to move people's hearts.

So even if Rong Shu didn't want to pay attention to the Fu family anymore, it was rare to give him a good look at this moment, "Boy, you have a good eye."

Fu Jinglin was visibly happy.

Sister Rong Shu was finally willing to take care of him.

Not far away, Fu Jingting was sitting on the back of a horse, looking coldly at the three people who were chatting very much, feeling a little uncomfortable, and even had the urge to drive Cheng Huai and Fu Jinglin away calmly in front of Shu.

At this time, Lu Qi also came out on the horse he had chosen, and went to the race with Cheng Huai, Fu Jinglin and Chen Xingnuo.

In order not to interfere with their game, Rong Shu led the horse to the other side of the racecourse.

Since she hadn't ridden a horse for many years, Rong Shu's posture when getting on the horse was a little unfamiliar. It was the first time she couldn't get on, and she almost fell.

Fu Jingting frowned and rode over, "When you step on it with your left foot, grab the saddle at the same time, then kick up, and turn your right foot over in time."

Rong Shu turned to look at him, "Are you teaching me? Fu Jingting was noncommittal, "Try as I said."

Rong Shu was silent for a few seconds, but did not refuse.

After all, she was originally here to ride a horse, and it would be best if someone taught her.

So there's really no need to be hypocritical.

Rong Shu recalled what Fu Jingting just said, and did it again.

But unfortunately, she still couldn't make it.

I made a mistake when I rolled my right foot onto the back of the horse. The ligaments were not stretched. I couldn't get my right leg up halfway through. The most embarrassing thing was that I couldn't get it back.

Then the body loses its center of gravity and falls backwards.

Seeing this, Fu Jingting's expression changed slightly, he dismounted immediately, and extended his arm to catch her.

Rong Shu thought she would fall on the grass, so she was mentally prepared.

Unexpectedly, the expected pain did not come, but instead smelled a faint mint fragrance.

Rong Shu opened her eyes suspiciously, only to realize that she was being held in her arms by Princess Fu Jingting.

Her face suddenly turned red, "You...you let me go."

Fu Jingting looked down at her shy look, a faint smile flashed in his eyes, bent over and put her on the ground, but placed her on the ground. The hand on his waist was not taken away, "Stand still, I will push you up."

"Ah? You pushed me up?" Rong Shu looked at him in surprise.

Fu Jingting snorted, "Step on with your left foot."

Rong Shu did so subconsciously, stepping on the stirrup with her left foot.

"Grab the saddle." Fu Jingting said again.

Rong Shu did the same again.

Fu Jingting loosened her waist, bent down slightly, put one hand on her butt, and lifted her right leg with the other to lift her up.

Rong Shu was embarrassed and embarrassed, after all, his actions were too embarrassing.

"That... can you take your right hand away?" She turned her head and whispered to the man behind her.

Fu Jingting looked at the right hand he put on her buttocks, understood something, and raised his eyebrows.

To be honest, he just wanted to put her on the horse, and he didn't pay attention to where his hands were wrong.

But now that he noticed, he should have let go.

But the elasticity from his subordinates made him inexplicably reluctant.

But in the end, Fu Jingting still put his hand on Rongshu's buttocks and transferred it to the base of his thigh.

Only then did Rong Shu breathe a sigh of relief, and under his push, he struggled to climb onto the horse's back.

Not far behind, Gu Manyin came out of the bathroom and was looking for Fu Jingting's figure, but unexpectedly saw this scene.

Seeing Fu Jingting and Rong Shu move intimately next to each other, her jealous eyes turned red.

She knew that as long as Rong Shu appeared, Jing Ting would be attracted.

Looking down at the small bottle in his hand, Gu Manyin gave a wicked smile.

The last time I pushed Rong Shu down the stairs, I didn't kill Rong Shu and the evil seed in her stomach.

This time, she still doesn't believe she can't die!

With a cold snort, Gu Manyin took one last look at the two of them, turned and walked towards the rest area. As she was leaving, she opened the bottle in her hand, poured out a black lump from it, and headed somewhere in the racecourse. throw away.

After doing this, she clapped her hands, hooked her lips and smiled, and continued to walk forward.

Neither Rong Shu nor Fu Jingting realized that Gu Manyin had seen them.

With Fu Jingting's help and her own efforts, she finally managed to sit on the horse's back.

"Huh, it's really not easy." Rong Shu grabbed the reins and breathed a sigh of relief.

Hearing this, Fu Jingting raised his hand to wipe the sweat from his forehead.

It's really not easy.

"Thank you, Mr. Fu." Rong Shu smiled and thanked Fu Jingting.

Not the usual sneer and ridicule, but a grateful smile from the heart.

Fu Jingting's eyes were dazed for a moment.

He didn't seem to have seen her smile like this to him for a long time, not even after the divorce.

Unexpectedly, now I see it again.

Fu Jingting's heart beat faster for a moment, his Adam's apple slipped slightly, his eyelids dropped, and his voice was slightly hoarse and replied, "Nothing."

Rong Shu didn't notice his strangeness, and looked at the lawn in front of him, "Mr. Fu, I'll go for a walk first. It 's a horse."

"Yeah." Fu Jingting nodded.

Rong Shu put her legs on the horse's belly, and the horse jogged.

Fu Jingting saw that the speed was really not fast, and the arc of Rong Shu's body was not too big, so he was completely relieved.

At this speed, it should be fine.

Thinking about it, Fu Jingting also got on his horse and went back to the rest area.
