Chapter 1221 – Eat Enough

Fu Jingting kept looking at her sideways, and his eyes gently saw her lips from her forehead.

Finally, he leaned over and stamped directly on her red lips.

No way, she is so undefended, so that he can't hold it at all.

Even missed, who knows if there will be a next time?

So it's time to go up.

Rong Shu didn't expect that she was just here to blow the wind, and she would also be caught and taken advantage of by the dog man, and after opening her eyes, everyone was confused, and it took a while to react, "Fu Jingting, you again" She was about to scold the dog man,

when she saw the dog man suddenly stretch out his hand and sort out the wind-blown hair on her forehead that was somewhat concealed.

He was so careful and considerate that Rong Shu's mouth wanted to scold him, and he couldn't say it in an instant.

No way, dog men are too good.

He was so gentle and devoted to her consideration, so how could she bear to reproach him?

Rong Shu took a breath, and finally put this breath out again, smiled helplessly, and compromised.

No way, the dog man is too gentle, so that she doesn't want to fall into it.

And women simply can't refuse such gentleness.

"What you just wanted to say, you can continue to say it now." The man put his hand down and looked at Rong Shu to speak.

The corner of Rong Shu's mouth twitched, "Fu Jingting, don't pretend, you just did it on purpose." Knowing

that she was going to challenge him, he hurriedly ruffled her hair to calm her anger.

Let her fall into his tenderness and never be angry with him again.

He was careful not to think she didn't know.

After all, it's not the first time again.

The man's eyes flashed, and he quickly returned to calm, as if he couldn't understand Rong Shu's words at all, and his eyes looked at her calmly and innocently, "What is intentional, I don't know."

Rong Shu rolled her eyes, "Fu Jingting, you pretend, you continue to pretend, anyway, you will not admit it if you are killed?"

"Nothing." The man shook his head.

Rong Shu snorted, "Come less, I don't know you yet?" The

man chuckled, "Well, let's not talk about this, let's eat breakfast first, I heard you say two days ago that you want to eat lean porridge, I got up in the morning and specially boiled it for you, how about tasting it?" Hearing

that there was lean porridge, Rong Shu's eyes lit up, and she smiled in surprise and nodded, "Hmm." "Go

." Fu Jingting took her hand and led her out of the balcony and towards the living room.

Rong Shu hugged the man's arm and happily followed him to the end.

For the sake of the porridge he worked so hard to cook for her so early in the morning, she didn't care about him at all.

Rong Shu thought sweetly in her heart.

Men's craftsmanship is not ordinarily good, ordinary lean porridge, is also his pot color and fragrance, thick and glutinous, eat in the mouth melt in the mouth, lean meat is not woody, but also very Q bomb tender kind, not to mention how delicious.

Anyway, call her to come by herself, she can't boil such a taste.

"How?" The man drank his coffee, but his eyes fell on her to inquire.

Rong Shu still has porridge in her mouth, which is inconvenient to speak, but it does not prevent her from expressing her meaning with likes.

She liked his porridge very much.

Seeing that Rong Shu liked it so much and ate so happily, Fu Jingting's thin lips hooked slightly, put down the coffee and picked up the spoon, and began to use breakfast himself.

In fact, he doesn't like this kind of flavorful porridge very much, and he likes light and tasteless porridge.

But seeing that she liked it so much and recognized his craftsmanship so much, even he seemed to like eating such porridge a little.

This breakfast, Rong Shu is particularly satisfied, usually she drinks porridge, usually only drink one bowl, and a little later shrimp dumplings or bun fritters or something is enough.

But because the man's craftsmanship is so good, the simple porridge is so delicious, so she drank two bowls for the first time, ate some others, and then was supported, her little belly was faintly bulging, sitting on the chair and unable to move, and it was uncomfortable to move.

Seeing her like this, Fu Jingting was distressed and funny, and after touching her hair, he quickly went to find a diet tablet.

Finding the tablets, he handed her two pills.

Rong Shu took it, put it in her mouth and chewed it with her arm.

Digestible tablets are hawthorn flavored, sweet and sour, and can be eaten as sugar.

After eating, Fu Jingting handed her another glass of water, "Drink some."

Rong Shu did not refuse, took a sip of water, and then complained, "It's all to blame on you."

Fu Jingting blinked in amazement, "Blame me?" Blame me for what?
How is
this so good, he did something wrong again?

Rong Shu put down the water cup, "Of course, I blame you for making the porridge too delicious, otherwise I wouldn't have held up like this, and I would have died unbearably."

She rubbed her little belly and said aggrievedly.

The man first raised his eyebrows, and then smiled, "Good, good, it's my fault, then how about I rub it for you?"

"Hmm." Unexpectedly, she agreed.

This is even more surprising to men.

After all, in her heart, he has always been a man who is anxious and lustful, and loves to seize the opportunity to take advantage of her.

This kind of thing of rubbing her stomach, and physical contact, she will definitely think that he must be rubbing and rubbing, and she will start to be restless, so she refuses him.

However, unexpectedly, she actually agreed.

How is this not going according to the conventional routine?

Although he was puzzled, Fu Jingting did not ask.

If she asked, she might really regret it.

“Then I’ll carry you to the sofa and lie down, so that it’s better to rub it a little.” Fu Jingting bent down and was about to hug her.

Rong Shu also obediently raised her arm for him to hold.

Even if she held up very well in the morning, she wore thick clothes and weighed a lot.

But the man picked her up, still walking like a fly, as if she didn’t have the slightest weight, easily carried her to the sofa, and let him put it down.

I have to say that the man’s boyfriend power really makes women’s hearts move.

Especially now that men are generally feminine too serious, let alone holding someone, even a little weight of things may not be able to hold up, which is embarrassing to watch.

Therefore, a man full of masculine charm like Fu Jingting is even more precious.

Fu Jingting didn’t know what Rong Shu was thinking, and after putting her on the sofa, he sat down after her, and then raised her head and put it on her lap so that she could lie down more comfortably.

After doing this, Fu Jingting stretched out his hand to the woman’s small belly and began to rub it.

After eating, the little belly is round and bulging, Fu Jingting does not dare to be too fast, afraid that she will be more uncomfortable, so the movements are very gentle.

This kind of strength also made Rong Shu feel very comfortable, so she couldn't help but close her eyes and enjoy it with peace of mind.

When her eyes are closed, she also has a smile on the corner of her mouth, showing that she is very satisfied with the man's service.

The man couldn't help but smile when he saw her treating herself like a masseuse.

Little without conscience.

He worked hard to relieve her discomfort here, and she really treated him like a massage.

Although he thought so, Fu Jingting did it very willingly.

Oh, this duplicitous woman.

I don't know how long it took, but when Rong Shu was about to fall asleep comfortably, the man finally stopped.

She opened her eyes, blinked a few times, and waited for the sleepiness to dissipate before looking at the man above her head, "It's over?"

"It's over." Fu Jingting bowed his head, "The stomach has subsided, there is no hard feeling, it should be about the same, you get up and feel it."

With that, he gently nudged her back and pushed her to sit up.

Rong Shu looked down at her lower abdomen, and also felt it, there was really no such uncomfortable feeling of swelling, and was pleasantly surprised, "It's really good." "

Chapter 1222: Date Forgot

Not only that, but the little belly also disappeared.

This is what surprises her the most.

Otherwise, she has been holding a small belly, not to mention that it is not good-looking, and others think that she is pregnant.

Thinking of the word pregnancy, Rong Shu's eyes suddenly darkened.

Seeing this, the gentleness in Fu Jingting's eyes changed to concern, "What's wrong?" Why is it suddenly in a bad mood?

Rong Shu's hand on her lower abdomen tightened slightly, but she barely squeezed out a smile on her face, "Nothing, I thought of something, it's not very important, let's go, it's time to go to work, it's estimated that it's almost ten o'clock now." Got

it, properly late.

However, the man suddenly shook his head, "It's not ten."

Rong Shu's eyes lit up, "Isn't it ten o'clock?" Could it be that it is more than nine o'clock?

If that's the case, although it's still late, at least it's not too late.

It can be regarded as a psychological comfort.

As soon as I thought so, I saw the man hand his mobile phone to him.

When she was wondering what he meant, she saw that the man's mobile phone screen suddenly lit up, and then the screen was a big time icon, which came into her eyeballs.

Eleven twenty.

Rong Shu suddenly gasped, and the whole person was stunned.

Illusion, definitely an illusion!

How could it be so late!

When she ate breakfast, it was only about half past eight, and after eating breakfast, she lay down on the sofa because she asked Fu Jingting to help rub her stomach to digest.

During this period, it doesn't feel like it has been long ago.

Why did it suddenly arrive at eleven o'clock?

She crossed? Or is the time wrong?

Rong Shu couldn't believe that it was eleven o'clock now, and while constantly comforting herself in her heart that she had seen it wrong, she quickly rubbed her eyes and looked again.

It was still that time, it was still those numbers, and there was no change in the slightest.

At this moment, Rong Shu didn't want to believe it, and she had to believe it at this time, it was more than eleven o'clock.

Seeing the woman pouting her red lips and looking loveless, Fu Jingting took back her mobile phone, with a smile in her eyes, "Now believe it?"

Rong Shu raised her eyes to look at him and tugged at the corners of her mouth, "It's more than eleven o'clock, we go to the company, it's lunch break."

This day, halfway through, has not yet had time to do anything.

The man nodded noncommittally, "It used to be a lunch break."

"Then what are you still stunned about, hurry up." Rong Shu said, quickly put her legs on the ground, and was about to stand up.

Fu Jingting saw her hurrying, couldn't help but be a little funny, and then took her hand and pulled her back to the sofa, "Don't worry, since it's already this time, it's not too late to go after lunch, I have already told your secretary, she has also rearranged your itinerary today, the important ones are arranged until the afternoon, the unimportant ones are canceled."

Hearing the man's words, Rong Shu blinked, "You have arranged everything for me?"
When?

"Just when I rub your belly again, at that time, you are about to fall asleep, so I don't know." The man pointed to her cell phone on the coffee table.

Rong Shu followed the look, and suddenly had nothing to say.

Can she say that she can blame men for being good at advocating?

It's strange that there is no way, late is late, you can't turn back the time, right?

Therefore, such an arrangement for men is the best and most reasonable.

In short, if you want to blame, you can only blame yourself, blame yourself for being greedy, eating and supporting, and uncomfortable when you move.

Otherwise there would be no late arrival.

Hey

sighed, Rong Shu finally compromised, agreed to the man's proposal to go to work after dinner, sat down with relief, and then looked at the man with a resentful look in her eyes, "What to eat for lunch?" The

man touched her hair and asked softly, "Whatever you want to eat, I'll make it for you."
"Don't

!" Rong Shu immediately made a stopping action, her face full of seriousness, "You still don't do it, I'll come." "Why

?" Seeing that she was like a big enemy about her cooking, the man was a little puzzled.

Is he doing something bad?

That's why he wasn't allowed to cook?

Just thinking about it, the man heard the woman's explanation, "It's not all because you cook deliciously, I'm afraid that I will encounter the situation in the morning again, one accidentally didn't hold back and ate too much, and couldn't go to work again, and then postponed until tomorrow morning."

Listening to the woman's complaint, the man came out of his doubts and laughed lowly.

It turned out to be for this reason.

He thought it was.

Seeing that the man did not speak, he kept laughing there, Rong Shu thought that he did not believe it, puffed out his cheeks and said, "Fu Jingting, is it okay if you are serious, I am serious, in short, you don't cook today, I'll go."

After

that, he got up and went to the kitchen to see what he was going to eat for lunch.

Fu Jingting saw that she wanted to cook so enthusiastically, and it was not good to go against her will, making her unhappy, so he could only give up and go with her.

But it's not really Rong Shu cooking in the kitchen alone, sitting in the living room as an uncle.

While Rong Shu was cooking, Fu Jingting had been at the kitchen door, leaning against the door frame to watch her, and the gentle plan in his eyes was about to turn into water.

Sometimes if he needs help, he doesn't need to open his mouth, and automatically goes up to help.

Great man, that's all.

Probably because of culinary talent, it is not as strong as Fu Jingting.

Rong Shu's meals are delicious and delicious, but in the end, they are still slightly inferior to men.

If she has not eaten a man's cooking, Rong Shu can be said to be extremely satisfied with the meals she makes, and even become proud.

After all, when she first learned, she learned quickly and well, and she signed up for cooking teaching courses online, and even the teacher praised her for learning well.

However, now compared with men, that aura is gone.

Although there is a slight sour feeling in the heart, it is not without benefits.

At least not without knots Eat and support.

Comforting herself so much, Rong Shu also felt a little better in her heart.

After lunch, Fu Jingting cleaned up the table of dishes and chopsticks, brewed a glass of hawthorn juice for Rong Shu, and waited for her to finish drinking before going out with her to the elevator.

The moment the elevator door closed, Rong Shu suddenly breathed a sigh of relief.

Seeing this, the man asked curiously, "What's wrong?"

Rong Shu shook her head, "No, I'm just sighing, I'm finally going out." The man patted her on the shoulder funny.

Soon, the elevator arrived.

The two got out of the elevator and came to the car.

The moment she got into the car, Rong Shu suddenly thought of something, stopped pulling the door to the end, and looked up at the man on the other side, ready to get in the car, "Wait." The

man stepped into one foot in the car, immediately retracted it, and then looked at her with an inquiring gaze, following what was wrong with her.

Rong Shu opened her mouth and asked, "Is tonight the day of the mall banquet?"

Over the past few days, all kinds of big and small things have happened, and she has forgotten about it.

If it hadn't been for a flash of light in her head just now, she really wouldn't have remembered.

Hearing Rong Shu ask this, the man was first startled, and then his expression was a little subtle, "It seems to be." The

corner of Rong Shu's mouth twitched, "You don't know?" You forgot too? The man's thin lips pursed slightly, did not answer, but looked at her silently.

But this look already speaks volumes.

He really forgot.

After all, this kind of banquet is not important to him at all, and he can participate or not.

He didn't want to participate in it himself, and the reason why he agreed to come down was also to accompany her.

However, after so many days, the banquet day has not arrived, and after a long time, do you have to forget?

For a while, the two of them stared at each other, and became relatively silent.

Even the air began to permeate an awkward atmosphere.

If it wasn't impossible, Rong Shu felt that another row of crows should fly over their heads, leaving a row of ellipses, otherwise it would not be enough for the occasion.

"Cough." Rong Shu was the first to regain his senses and coughed embarrassedly, "It's nothing, at least we remembered it a few hours before the banquet started. Since we remembered it, we won't miss it. It's not disrespectful to the host of the banquet."

Although she said that, Rong Shu herself felt extremely embarrassed.

After all, she wants to attend this banquet because she intends to befriend the protagonist of the banquet, otherwise why did she put so much thought into customizing the dress in the first place?

The reason is not to start with the wife of the protagonist of the banquet, and to get the lady's cold, so that it will be smoother to make friends with the protagonist of the banquet.

After all, the current Tiansheng needs to have a counter in the major machinery shopping malls under the banner of the protagonist of the banquet.

So all along, she has held this banquet very seriously.

But it was such a highly regarded banquet that she almost forgot the date and missed it in the end.

Not to mention the embarrassment, it also seemed that she didn't pay much attention to the protagonist of the banquet and Tiancheng.

But fortunately, at the last critical moment, she still remembered.

Thinking of this, Rong Shu suddenly breathed a sigh of relief, "No, I'm going to take off the dress and change it directly at the company, starting from the company."

"No." Fu Jingting stopped her, "Go directly now. Company, you can just ask the secretary to pick it up later, you don't need to run again, and after your secretary gets the dress, ask her to wait downstairs in Tiancheng, and I will arrange for a stylist to come over and do makeup for you."

Rong Shu felt this way . It's okay, nodded and agreed, "Okay, then that's it."

"Get in the car." Fu Jingting raised his chin towards her.

Rong Shu hummed, and was about to bend over to get into the car again, when she suddenly thought of something, looked at the man and asked, "By the way, I haven't asked about your dress yet. Is your dress ready?" The

man smiled softly, " Zhang Cheng got it from Sophia a few days ago."

Not only did he get his dress, but also Sophia's first version of the wedding dress design.

He had read it, the design was not bad, but he was not satisfied with some points, and he was beaten back and asked Sophia to modify it.

I believe that the second edition of the design will be completed in almost two days.

Once the design drawing is complete, the wedding dress will be made immediately.

The moment the wedding dress is completed, it is the wedding of the two of them.

He can't wait to see her wearing this dress, wearing a wedding dress, holding flowers, and walking towards him step by step. It must be beautiful.

Seeing the man staring at her and laughing, Rong Shu felt strange in her heart and couldn't help waving her hand, "What's wrong with you? What are you thinking?"

She asked with a puzzled face.

The man's eyes flashed, he came back to his senses, and shook his head slightly, "It's okay, get in the car."

After he finished speaking, he took the lead in getting into the car.

Rong Shu blinked suspiciously.

What, it always feels weird.

As if something was hiding from her.

But Rong Shu didn't think much about it. After tilting her head, she threw the thought out of her mind and got into the car.

The moment she sat down, the man in the driver's seat suddenly leaned over, pressed her slightly, then pulled the seat belt on her right hand and buckled it for her.

Rong Shu didn't move the whole time, just looked at him so quietly.

After he fastened her seat belt and returned to the driver's seat, he rolled his eyes angrily and said, "Fu Jingting, you got in the car before me and didn't fasten your seat belt, did you just wait for me to get in the car and give it to me? What about the department?"

After hearing her words, Fu Jingting didn't panic, but nodded generously and admitted, "Of course."

Rong Shu couldn't laugh or cry, "You

take advantage of this." "Where did I take advantage?" The man turned his head to look at her, his eyes innocent and clear.

It was as if he had really done nothing and was an innocent person.

However, Rong Shu knew that he pretended everything.

She quietly watched him act, "Where are you asking me? How can anyone wear seat belts and put their entire upper body on top of others? Anyway, I haven't seen them

before. If you say that there is such a large space, you can You can move freely when you lean over, you don't need to press me at all, but you are pressing me, and your whole body is pressing on me, don't think that I don't know your little thoughts."

Rong Shu said, "Don't try to lie . I, I have seen you through' look at him.

Rao is that no matter how thick-skinned a man is at this moment, he is somewhat embarrassed to be looked at by her straightforward eyes, his eyes wandering away with a guilty conscience, "No, I didn't think of anything else at all, it was just an accident."

"Humph . , I still don't admit it, forget it." Rong Shu waved her hands dumbfoundedly, "I don't know you yet, drive."

She didn't mean to be mad at all.

After all, men sometimes like to eat her tofu secretly like this, and she is used to it.

So don't get mad at him for something like this.

Seeing that Rong Shu had pierced his own thoughts, the man didn't seem to care, he touched the tip of his nose with a guilty conscience, and then started the car.

An hour later, Tiansheng arrived.

Fu Jingting did not drive the car into the parking lot, but parked directly under the Tiancheng Building.

Everyone in Tiancheng knew Fu Jingting's car, so the moment Fu Jingting's car came over, they had already cleared out the location of the gate to make it easier for him to park.

After parking the car, Rong Shu unfastened her seat belt and turned to look at the man, "Then I'll get out of the car first, see you at night."

"I'll pick you up at night." Fu Jingting nodded slightly.

Rong Shu responded.

This time, Fu Jingting was there to accompany her, and also to add luster and status to her, so of course, she had to go together.

Even if Fu Jingting went there for something, they shouldn't appear separately.

After all, everyone is watching them. If they appear separately, the fake news about the change in her relationship with him will definitely hit the headlines the next day.

“When you come, you don’t need to contact me, just go upstairs. Maybe I was still doing styling at that time, so it might not be convenient to answer the phone.” Before getting off the bus, Rong Shu thought for a while and added another sentence.

Fu Jingting rubbed her hair and agreed.

“Then I’m leaving.” Rong Shu waved at him.

However, Fu Jingting suddenly grabbed her wrist and did not let go of her.

Rong Shu blinked, “What’s wrong?” The

man released the steering wheel with his other hand and nodded his face.

Suddenly, Rong Shu understood what he meant.

He’s about to kiss him goodbye.

Helplessly shaking her head and smiling, Rong Shu leaned over and kissed the man on the face. Looking at the lipstick mark left on the man’s face, a hint of slyness flashed in her eyes, “Is that all right?” The

man hummed softly, She finally let go of her hand, “Go.”

Rong Shu hurriedly got out of the car, for fear that a man would find the lipstick mark on her face and pull her back into the car.

At that time, if the man knew that she deliberately left this on his face, he might not know how to ‘punish’ her.

boom!

Rong Shu gently closed the car door, then quickly waved to the man from outside the car, then quickly moved her legs and ran towards the door of Tiancheng Building.

Fu Jingting looked at his anxious and flustered back from the car window, frowning slightly, and a hint of doubt appeared in his eyes.

what’s the situation?

Why did he feel that she ran away with a guilty conscience?

Chapter 1224 Lipstick Print

It's like the guilty conscience of doing something bad and afraid of being discovered.

But she was in the car just now and didn't do anything?

Fu Jingting's eyes narrowed slightly, and after thinking for a while, he didn't think anything was wrong, so he didn't think about it at all, started the car and left here.

He didn't know that the red lipstick mark on his right cheek was so fresh and visible.

As long as he glanced in the rearview mirror, it was impossible not to find it.

However, the man's eyes were always fixed on the front, and there was no car following closely behind him, so he hardly looked in the rearview mirror.

Therefore, until the Fu Group arrived, he didn't know what was on his face.

After parking the car, Fu Jingting unfastened his seat belt, and the door was opened by the group's doorman.

"Mr. Fu." The doorman bowed and greeted Fu Jingting, then pulled the car door with one hand and put his hand on the top of the car door to welcome Fu Jingting down.

After Fu Jingting snorted, he bent down and got out of the car, threw the car key to the doorman and asked him to park the car.

After the doorman took the car keys, he was about to get into the driver's seat. Unexpectedly, as soon as he got up, he saw the bright lipstick mark on Fu Jingting's handsome face.

The doorman in the bathroom was stunned immediately, "Mr. Fu, you"

"What's the matter?" Fu Jingting asked with frown.

The doorman was afraid of his

aura. When he asked, he didn't know what to say. He shook his head and said, "No, it's nothing."

The doorman responded, then quietly glanced at the lipstick mark on Fu Jingting's face, and pursed his mouth tightly, obviously not to laugh.

But he was afraid that Fu Jingting would see it and buried his head low, quickly got into the car and drove away.

Fu Jingting stood where he was, and after finishing his suit, he bought slender legs and entered the group gate.

“Hello, Mr. Fu.”

“Hello, chairman.”

All the people who met along the way stopped to say hello to Fu Jingting.

Although Fu Jingting is indifferent to the employees, he is not the kind of boss he doesn't see when greeting others.

So when these people say hello, he almost always nods in response, or hums, to show respect for the employees.

Usually, when employees see or hear his response, they will immediately walk away again and do their own things. They will not stay for a long time, and will not leave until he leaves.

However, this time, after Fu Jingting responded, these employees not only stayed where they were for a long time, but stared at him in surprise and amazement.

It was as if he had seen something strange and strange in him.

Not only these employees, but also the doorman just now.

If one or two people do, it's probably not worth caring about.

But everyone is like this, which makes people have to wonder what really is in him.

The Fu family's eyes narrowed, wanting to know what was wrong with him.

But he refrained from asking, and only planned to go back to the office and look at it.

After all, there are some things, if you don't ask, you can pretend that you don't know anything, and you can continue to calm down.

If you ask, you may not be able to calm down. At that time, in the eyes of these employees, your long-standing image may collapse.

So Fu Jingting didn't ask anything, didn't say anything, walked quickly towards the elevator, and soon disappeared from the sight of these employees.

He didn't know. After he left, these employees suddenly gathered together and discussed excitedly.

The female employees, in particular, blushed with excitement, and their eyes were full of excited gossip.

“Have you seen it, have you seen it?”

“I saw, I saw, there is a lipstick mark on Mr. Fu’s face. Oh my god, Mr. Fu, who has always been known for his indifference, actually wears a lipstick mark to work. You don’t know, Mr. Fu’s expressionless face There is a lipstick print on it, the contrast is too big for me. For the first time, I feel that Mr. Fu also has such a cute side.”

“No, I also think that Mr. Fu who came to work with a lipstick stamp is good. Cute, even if the face is still expressionless, and the temperament is still indifferent, but I just feel that there is no usual deterrence, and it looks a lot more gentle. You said, did Fu always come to work with this lipstick print on purpose? Surely? Was it left by Miss Rong, just to show off?”

“I don’t think so, Mr. Fu is not a person who likes to show off, he is just talking about a lipstick print, what is there to show off? There are people in the group. There are too many people, and Mr. Fu is not that kind of person. According to Mr. Fu’s reaction at the time, he didn’t seem to know that he had a lipstick mark on his face, otherwise he would not have gone so fast.”

“That ‘s true. , It seems that this lipstick mark was left on purpose by Miss Rong, to warn us female employees, to declare their ownership, and not to have any unreasonable thoughts about President Fu?” The

female employee shook her head again in denial, ” Probably not. No one in the whole country knows that Miss Rong and Fu are always a pair, so she doesn’t need to declare sovereignty at all, because we all know that Fu is always hers, saying that if she wants to declare sovereignty, she has already told Fu I swore an oath when we got back together, why did we wait until now? That’s why I believe even more that this is the little love between two people, and they were accidentally left behind.

” Seeing such a lovely Mr. Fu is thanks to Miss Rong.”

“That’s right.”

Soon, the news that Fu Jingting came to work wearing a lipstick stamp spread from the employee group to the entire Fu Group, including Its major branches and major factories.

The media who were finally lurking in some groupsI saw it, moved it directly to the network, and spread the inspection at a very fast speed.

Of course, Fu Jingting didn’t know all this.

He came to the door of his office. Assistant Zhang was waiting there with a document. When he saw him, he was about to say hello. Who knew that his eyes were first attracted by the lipstick mark on his face, and his mouth grew surprised.

Seeing Assistant Zhang's reaction, Fu Jingting was not surprised at all.

After all, when he was in the hall, everyone who saw him was like this.

He was just more certain that there was something in him.

"Say, what's on me?" Fu Jingting asked.

After all, Assistant Zhang is different from other employees, and he doesn't need to maintain an image with Assistant Zhang.

You know, Assistant Zhang is one of the people who knows him best.

After hearing Fu Jingting's question, Assistant Zhang understood that Fu Jingting didn't know the lipstick mark on his face, so he couldn't hold back and laughed.

Seeing this, Fu Jingting frowned even more, "What are you laughing at, why don't you say it?"

"I'm sorry, Mr. Fu, I'll say it, I'll say it." Assistant Zhang quickly waved his hand, took a deep breath to calm himself down, and said "Mr. Fu, you have a lipstick mark on your face."

He pointed to Fu Jingting's right cheek.

Hearing Assistant Zhang's words, Fu Jingting was stunned for a moment, then raised his hand to touch the right cheek, and then took it to him and looked at it. The tip of his finger was red, wasn't it lipstick!

As for why there is lipstick on the face.

Fu Jingting instantly remembered the time when Rong Shu kissed his face before. It should be that time when the lipstick print on her lips was printed on his face.

"So that's the case." Fu Jingting twisted the lipstick on his hand and let out a low laugh.

He thought he had something in him, why everyone reacted so much when they saw him.

It was this.

Chapter 1225 – She Was Intentional

He now finally understood why when he saw Rong Shu getting out of the car and hurrying towards the back of the Tiansheng building, he felt that she ran away as if she had done something bad.

Because his guess was correct, she just did something bad and ran away.

Deliberately leaving lipstick marks on his face, letting him walk in public with lipstick prints, so that people can see him laughing, isn't it a bad thing?

As for why Rong Shu was said to be intentional, Fu Jingting had a piece of evidence in his heart.

When they were separated before, Rong Shu did not fail to kiss him on the face.

But it never left a lipstick mark on his face.

Because every time she kissed, she only lightly tapped his face, so she didn't leave a mark.

But this time, when she kissed him, she was very hard.

At first, he thought that she couldn't bear him, so he suddenly changed his previous habits and intensified the intensity of kissing him, but he was still quite happy.

I felt that she loved him even more.

Only now do I know that she is not reluctant to him, but is deliberately pranking him.

With that force, how is it possible not to leave a lipstick mark?

Naughty!

Fu Jingting shook his head helplessly and laughed, not angry with Rong Shu, but his face revealed a pampered color.

Then, he took out a decorative handkerchief from his left breast pocket and slowly wiped the lipstick on his fingers.

When Assistant Zhang saw him like this, he was mentally disdainful.

Yes, Mr. Fu is now getting more and more out of luck, isn't it just a relationship, it is necessary to show affection in front of him as a single dog all the time?

Usually let him see how slimy they are together.

Now it is even more excessive, a person has to bring the mark of his other half to show affection in front of him.

This is not to give him this single dog a way to live.

Assistant Zhang was so angry in his heart, but he still had a smile on his face.

Not only to laugh, but also to help point out where the lipstick mark on Fu Jingting's face has not been wiped until it is wiped clean.

Putting away the handkerchief, Fu Jingting finally gave Assistant Zhang a glance, "What is the document in your hand?"

Assistant

Zhang reorganized and handed the document over with both hands, "Mr. Fu, this is the information you asked me to collect some time ago about all the properties under the Su family, but it is all on the surface, or there are Su City shares, those in secret, have not been collected for the time being, and there are still many who are not sure whether it is Su City or not."

Fu Jingting sighed, "Got it, open the door."

He took the document and opened it, and while reading it, he ordered lightly.

Assistant Zhang answered and opened the door to his office.

Fu Jingting stepped in, followed by Assistant Zhang.

On the other side, Tiansheng Group.

Rong Shu also sat behind her desk, holding a pen in her hand and a document spread out in front of her.

She said that she was processing a document, but in fact, the document had been spread out for a while, but she had no intention of writing at all, but supported her head with one hand, turned the pen with the other, and her eyes were stunned, obviously wandering.

She was thinking that Fu Jingting should have arrived at the Fu Group at this time.

Then the lipstick mark on his face should have been discovered.

I just don't know, how will he react!

The reaction of the others, she knew, would surely laugh at him.

Even if you don't dare to laugh in front of your face, you will definitely laugh and expose something.

When men notice the abnormality of their employees, they will definitely detect if something is wrong with them, let them react like this, and then they will find lipstick marks on their faces.

So she was thinking now, can men be angry?

After all, a man walked with a lipstick print for most of the day, was seen by so many people, and was still laughing in his heart, he would definitely feel that he had lost face.

And she, the culprit who made him lose face, it is difficult not to be hated by men.

Ay

Rongshu sighed and adjusted her posture as well.

In fact, she also regrets a little now, regretting that she shouldn't have been so impulsive at that time, thinking that men usually change ways to take advantage of themselves, and she should also teach him a lesson.

So when the man let himself kiss him, her brain instantly heated up and she came up with a way to print lipstick on his face.

But ignoring that men have always had a good face, strong self-esteem, and their status is there, and doing this is likely to damage his image and make the outside world laugh.

Especially if the Fu Group has some old antiques, it will definitely criticize Fu Jingting and let Fu Jingting pay attention to what to do?

Rong Shu rubbed her cheeks irritably.

That's how she feels now, how happy she was when she did it, how much regret and apprehension she felt now.

Worry that you have hurt a man, and worry that a man will be angry with himself.

So much so that she doesn't dare to contact the man now and ask if the man is really angry with herself.

Just as I was thinking, there was a knock on the office door.

Rong Shu temporarily collected these thoughts, took a deep breath to resume her appearance at work, and shouted at the door, "Come in." The

door opened, and the person outside the door came in, it was the secretary Lina who took the place of Secretary Tong.

“Chairman, let me send you Secretary Tong’s official resignation.” Lina walked to the opposite side of Rong Shu’s desk and stopped, handing over a document with both hands.

Rong Shu put down the pen and reached out to take it, “Okay, I know, I’ll sign it in a while, it’s hard for you.”

Lina shook her head, and then looked at Rong Shu and stopped talking.

Rong Shu noticed that she was embarrassed by what she wanted to say but was not easy to say, and chuckled and asked, “What’s wrong?” Just say what you want.

“Chairman, is Secretary Tong really going to resign? Do you really agree with her resignation too? Lina bit her lower lip and finally asked what she wanted to know.

Rong Shu nodded, “Why don’t you agree, our guess was wrong before, Secretary Tong didn’t resign because of physical problems, she resigned because she obtained the qualification for advanced study abroad.” “Qualifications

?” Lina was stunned.

Rong Shu explained while signing her name on Secretary Tong’s resignation letter, “Yes, Secretary Tong has always wanted to go abroad for further study and make herself better, do you know why Secretary Tong is so strong, whether it is me or Lu Qi, did not let her sit in the position of secretary general?”

Lina first shook her head, then realized something, and suddenly replied, “Secretary Tong doesn’t have a certificate.”

“Yes.” After Rong Shu signed it, she closed the document, “After graduating from university, Aqi entered the Lu family, and did not continue his studies, and Secretary Tong, as a friend of Aqi, also left the school with him and went to the Lu family to help Aqi, thus giving up the opportunity to continue his studies, without further study, many relevant certificates and examinations could not be carried out, so Secretary Tong could only act as a secretary for so many years, doing the work of the secretary general, instead of directly becoming the secretary general, the reason is here.”

“I probably understand, Secretary Tong now wants to continue his studies, go abroad for further study, re-examine, and when he comes back later, he can really sit in the position of secretary general.” Lina smiled.

Rong Shu handed her the document, “That’s right, so I know that the real reason for her resignation is this, I will agree to her resignation so easily, after all, there is a future

about her, I can't stop her, now you hear that Secretary Tong resigned like this, it shouldn't be sad, right?"

"Of course not, I'm happy for her." Lina shook her head and smiled back.

Chapter 1226: Secret Temptation

Rong Shu also laughed, "Of course, whether it is Secretary Tong or you, as long as you work hard for the future, I can support, I will experience supporting you, so you don't have to worry about anything, let it go." Hearing

Rong Shu's words, Lina was very moved in her heart.

She hugged the document to her chest with both hands, hugged it tightly, her excited face was red, and nodded repeatedly, "Okay, thank you, chairman, you are a good boss."

"Then I also thank you for your recognition, is there anything else?" Being praised by his subordinates, Rong Shu was also quite happy in her heart.

Lina looked at her, "There really is, the department manager below asked me to ask the chairman how the documents were handled, they can take it and implement it." Hearing

this, the smile on Rong Shu's face immediately froze, and then hurriedly looked down at the document spread out in front of her, and then looked at the stack of documents piled up next to her, and the whole person was embarrassed.

Then she looked up and smiled at Lina, her smile was stiff and reluctant, "Not yet, just not in the state, so the documents have not been processed, you talk to the department below, I will process the documents in an hour and send them."

Lina didn't ask Rong Shu why she wasn't in the state, nodded her head with a smile, and withdrew.

After she left, Rong Shu breathed a long sigh of relief, leaned on the back of the chair with a deflated strength, and looked at the ceiling with her eyes blank.

Yes, she now regrets even more why she prank Fu Jingting.

Otherwise, she wouldn't have kept thinking about whether Fu Jingting was angry with herself, so she wasn't even in the mood to do her work and delayed.

Sure enough, you can't do bad things, otherwise you will become harmful to others and harm yourself.

Rong Shu laughed helplessly, then picked up the mobile phone and sent a message to the man, ready to test the man's current situation, but was the man angry.

She didn't send a text, but only a meme past.

After sending it, Rong Shu's eyes were fixed on the mobile phone, and her heart was beating like thunder.

Will it go back?

Will Fu Jingting return?

If you come back, it means that the situation is fine, you will not be very angry, and you will be fine if you coax him yourself.

If you don't reply to the message, the situation is bad.

That means that the man is really angry.

So at this time, Rong Shu was anxious and cramped in her heart, and kept praying to heaven, hoping that the man must reply to the message, hoping that the man would not be very busy at this time.

After all, if you are busy, you will not see her news, and you will not return.

If she didn't reply, she still wasn't sure if he was angry or whatever.

Here Rong Shu has mixed feelings in her heart, and Fu Jingting is standing in front of the floor-to-ceiling window of the office, looking at the scenery outside, and is talking to someone on the phone and discussing something.

"Got it, I"

Fu Jingting hadn't finished speaking, and suddenly felt the mobile phone in his hand vibrate.

He first frowned, then took the mobile phone to look at it, saw that it was a message from Rong Shu, frowned, instantly let go, and laughed lowly, "Heh"

It is estimated that I know that I am wrong, let's admit my mistake!

The person on the other end of the phone didn't know what Fu Jingting was doing, but when he heard Fu Jingting's laughter, his heart suddenly became anxious.

“That Mr. Fu, did I say something wrong?” The person on the other end of the phone asked worriedly.

Otherwise, why would Mr. Fu suddenly laugh?

Or is he funny?

Fu Jingting did not check the message sent by Rong Shu for the time being, and put the mobile phone back to his ear, “No, it’s none of your business, it’s my kitten who came to find me.” “Kitten

?” The person on the other end of the phone was stunned.

Fu Jingting sighed.

The person on the other end of the phone smiled reassuringly, “It turns out that Mr. Fu still has a cat.”

Fu Jingting laughed again and did not speak.

Isn’t it a cat?

Sometimes playing petty, sometimes clingy, sometimes teasing people, isn’t this the same as a cat?

Thinking of this, Fu Jingting couldn’t help but touch his face, and there was a smile in his eyes.

The person on the other end of the phone heard Fu Jingting’s laughter again, and couldn’t help but shiver, full of incredulity.

God, he was already shocked by the matter of raising cats for people like President Fu, but now that he heard President Fu’s gentle and spoiled laughter continuously, he felt even more incredible.

In his impression, President Fu has always been indifferent, but he is not a person who can laugh, and they have never seen him smile.

I didn’t expect that he would actually see it now.

Even if he didn’t see Mr. Fu smiling, this laughter could make him imagine what Mr. Fu looked like when he laughed.

Of course, laughter is not what surprises him the most, what surprises him the most is that Mr. Fu actually has a cat!

Raise a cat!

What kind of people will keep cats, patient, good character people.

And Mr. Fu, a person with an indifferent personality, has no patience at first glance, and is not a person who can like small animals, let alone raise small animals.

But on the contrary, Mr. Fu has a cat, and he likes that cat very much, otherwise why did he smile when he saw the cat coming?

If this is said, it is estimated that no one will believe it.

After all, the contrast is just too great.

For a while, the person on the other end of the phone suddenly popped up in his mind with four words 'iron man tenderness'.

Probably President Fu is like this, looking cold and ruthless outside, no one can approach.

But in fact, under President Fu's indifferent appearance, there is a soft heart hidden, which is really surprising.

As for why for so many years, I haven't found such a side of Fu Zong, probably because Mr. Fu doesn't want people to know, so he has always hidden it well.

But now that Mr. Fu is exposed in front of him, he is very moved.

This shows that in President Fu's heart, he is the most trustworthy subordinate besides Zhang Tezhu, otherwise President Fu would not be here to expose his most true side.

Whoops, he was so impressed.

Thinking about it, the moved eyes of the person on the other end of the phone were red, and his voice was so excited that he choked, "Mr. Fu, don't worry, I will keep a secret for you, and I will never say it."

Fu Jingting raised his eyebrows, and rows of question marks appeared above his head.

What's the situation?

What secrets does he have to keep this man?

Fu Jingting didn't care what the person on the other end of the phone was making up in his head, turned around and walked to the desk, and said lightly as he went, "I know what you just said, draw up a business plan, if it is appropriate, I will approve it."

“Okay Mr. Fu.” The person on the other end of the line nodded back.

Fu Jingting sighed, “If there is nothing to do, I will hang up first.”

“It’s okay, it’s okay, then Mr. Fu you are busy, I won’t bother Mr. Fu you accompany your kitten.”

Fu Jingting raised his eyebrows.

This man is interesting.

The phone hung up, Fu Jingting pulled out his office chair and sat down, and finally clicked into Rong Shu’s message.

Unexpectedly, it was not the message he thought of confessing, but a meme.

And it’s also a dynamic.

It is a blue cat with a big head.

The blue cat stood behind a wall, two paws supporting the wall, and then little by little stretched out its head to peek, as if it saw something, and retracted its head back behind the wall with a whizz, looking like a thief with a weak heart, looking very cute.

Fu Jingting looked at such a meme, and his thin lips hooked slightly.

He probably understood the meaning of this meme.

She probably knew that the lipstick print was done wrong, and thought it might make him angry, but she didn’t dare to ask it clearly, so she sent a cute emoji to test her.

This woman

Fu Jingting shook her head and smiled, and then directly dialed a video to Rong Shu.

Chapter 1227 – Men Are Not Angry

On the other end, Rong Shu pinched the mobile phone with both hands, her eyes still staring at the mobile phone screen without blinking, waiting for the man’s reply.

Because the waiting was too serious, he was not ready for the man to directly call the video.

Therefore, at the moment when the man's video invitation was sent, Rong Shu was directly taken aback, startled the whole person, and almost threw the mobile phone out.

Fortunately, in the end, he reacted in time and grabbed the mobile phone in a hurry, which avoided the end of the machine crash and death.

However, the man suddenly called the video, which still made Rong Shu somewhat happy in her heart.

Happily, the man did not ignore her.

This shows that Fu Jingting does not seem to be particularly angry.

But under the joy, I was still a little uneasy.

That is, the man called the video, did he come to scold her?

Rong Shu accepted the man's video invitation with trembling fingers in such a sad and happy situation.

Soon, the man's handsome face appeared on the screen.

Rong Shu didn't look at whether the man's expression was unhappy at the moment, directly raised a smile, waved to the man on the other end of the video to say hello, "Hi~"

Not to mention how enthusiastic.

The corner of the man's lips tugged slightly, startled by her enthusiasm.

You know, when receiving videos in the past, her appearance was very normal, and there was no surprise.

Not to mention welcoming him to the video.

So this time he was still a little unaccustomed to seeing the woman suddenly welcome him so warmly.

Of course, Fu Jingting also knew why she was so enthusiastic, didn't she do something wrong and wanted to please him?

Oh, woman!

The man thought in his heart, deliberately made a handsome face on his face, and said lightly, "Do you know it's wrong?"

Rong Shu finally set her eyes on the man's face, and the lipstick mark on the man's face was gone, restoring the fair and handsome face.

Combined with the man's opening remarks just now.

Sure enough, the man was angry at her prank.

Realizing this, Rong Shu lowered her head weakly and did not dare to look at the man, "I'm sorry, I know it's wrong, I didn't think about it so much at the time, I just felt happy, so I just"

Really, she swears, she just wants to give a prank to a man and make a man 'bully her' every time, and really didn't expect that it might cause men those troubles.

She also just thought of it.

That's why I'm so weak-minded here.

Seeing Rong Shu's pitiful appearance of knowing that she was wrong, Fu Jingting's heart instantly softened into a puddle of water, almost unable to hold it down, and broke the merit to coax her.

However, in the end, Fu Jingting still held back, and after coughing lightly, he pretended to be calm and said again, "Do you really know it's wrong?"

"Really got it, sorry, not in the future." Rong Shu raised her head and looked at the man in the video seriously, how sincere and sincere she was.

However, I was thinking in my heart that it would be better not to leave something on his face that made people laugh in the future.

Thinking, Rong Shu's eyes flashed.

Fu Jingting caught the flashing cunning under her eyes, how could she not know what she was thinking, finally couldn't pretend to be it, shook his head and chuckled, "Since you know it's wrong, then forget it this time, I don't blame you."

Rong Shu's eyes widened in disbelief, "Forget it?"

"Hmm." Fu Jingting nodded.

"Really." She leaned closer to the screen.

Fu Jingting's side immediately felt her enlarged beautiful face, not to mention how strong the visual impact was.

He could even see through the lens the small appearance of her face and the white skin.

Fu Jingting saw Rong Shu's enlarged beauty, the Adam's apple slid slightly, and the hand holding the mobile phone couldn't help but stretch out his thumb and stroke her cheek on the screen.

"Really." The man bowed his head and gave her a positive answer again.

Rong Shu smiled, "Great, so you're not angry with me?" The

man leaned languidly on the office chair, his other hand supported his head, and his posture was like an emperor sitting on a throne, looking down on all living beings with a smile.

"I've never been angry with you." Fu Jingting lightly opened his thin lips and said in a deep and pleasant voice.

Rong Shu was slightly stunned, "Never been angry with me?"

"Of course." Fu Jingting looked at her, "How can I be angry with you, and you didn't do anything to be sorry for me." It's

just a little prank.

If he can't even accept this, is he still a man?

Men should be generous, especially to their own women.

Most importantly, he still likes her prank, imprinting his mark on his face, isn't it spreading the word, is he hers?

Although I know, she herself does not have this idea.

But that doesn't mean he can't think so.

He could have taken it as such, and that was what she meant.

Rong Shu didn't know the bends in the man's heart, she only knew that her prank was just a trivial matter for the man, and it would not make him feel angry at all.

This made her relieved and happy and sweet at the same time.

After all, not all men will have such a large number.

Now there are more stingy men, she heard a female employee in the company yesterday said that she bought a cup of coffee for her boyfriend, deliberately teased her boyfriend, and deliberately did not give it to her boyfriend when she reached out for the coffee, wanting her boyfriend to coax herself, and give it to her.

This is originally a small thing, and it can even be said that it is a love between boyfriend and girlfriend.

But the boyfriend felt that he was being teased, or was teased in public, and was seen by so many people, which was very humiliating, so his self-esteem was unacceptable, so he directly slapped the female employee and left on the spot.

The female employee was crying at the company yesterday.

So such a small thing can make a man feel embarrassed and hit his girlfriend, isn't it stingy?

And that man is still an ordinary man.

If it is changed to Fu Jingting With such a status and status, wouldn't it be even more humiliating, did he still have to kill her to vent his anger?

Therefore, she said that a man like Fu Jingting can endure such a prank like her, and does not feel that her prank makes him embarrassed in public, which is really a great generosity.

She herself is very fortunate that Fu Jingting, who has not been hypnotized, is a man with a real normal view of the three views.

The Fu Jingting who didn't want to be hypnotized, she simply didn't want to remember.

"Thank you for today, I teased you so much, you didn't count with me." Rong Shu ruffled her hair and looked at him a little embarrassed.

Although men don't care, it doesn't mean they can accept it for granted.

There can be no less apologies and thanks.

"Silly woman, this is not a big deal, why bother with you, don't take it to heart, saying that this is not teasing, this is our previous little fun, isn't it?" The man hooked his thin lips towards her.

Not to mention how sexy and seductive.

Rong Shu couldn't help but blush.

No way, the dog man is too good at fighting.

Even if it is relative every day, as long as he intends to pry himself, he will definitely not be able to hide.

So in desperation, she had to quickly change the topic and asked, "By the way, when you return to Fu's, are there many people laughing at you?" You really don't think there's anything at all? The

man raised his chin, "It's someone laughing, but let them laugh, as long as I feel happy."

What's more, their laughter is not a mockery, but a blessed laugh.

They all knew who left the mark on his face, so it was good to laugh at them.

Since this is the case, then he naturally does not feel anything uncomfortable or unacceptable.

At this time, Rong Shu was completely relieved, and the whole person also relaxed, and smiled, "At first, I really thought that you would be unhappy, so when I sent you a message, I was still worried in my heart, for fear that you would not return." "It

won't." The man shook his head, "Now I can't do cold war behavior." Especially

for her.

And the man who will cold war with his beloved is not really in love with that woman at all, and in addition, he is also a coward.

So he disdained to make Cold War moves.

Even last time, she didn't tell him anything, preferring to ask Lu Qi for help, not looking for his behavior, making him feel that he was not valued, there was fire in his heart, and she didn't ignore her meaning, and also said such things at night.

In short, if there is a real contradiction between them, he also hopes to solve it by talking, not the so-called Cold War.

The Cold War will not solve any problems, but will deepen contradictions, so why bother?

"I'm sorry, I thought too narrowly." Rong Shu's white fingers touched the tip of her nose and said a little embarrassedly.

Fu Jingting really wanted to pinch her soft little face.

But unfortunately, she is not in front of him now, and she can only give up.

Fu Jingting sighed in disappointment and softly soothed, "It's okay, it's okay for you to think like this, after all, there are many things that we haven't experienced yet, so it's normal for you to be unsure about how I will react, and it's the same for me."

"Hmm." Rong Shu nodded and smiled.

Fu Jingting's eyes flickered at this time, and he approached the screen and said seductively, "But if you like to leave lipstick marks on my face, when you go back at night, let you stay enough, what do you think?"

Rong Shu's eyes widened suddenly, and then she glared at the man shyly and angrily, "Don't even think about it, don't think I don't know what you mean, hum!" I still have business, hang up first, ignore you.

After

that, she quickly cut off the video, dropped her phone, and then touched her face.

His cheeks were hot, and he was ashamed of the man's words.

The dog man said that he would let her stay well enough at night, not to want to talk to her or anything.

Really, full of crap in that aspect.

I still want to do it every day.

He is not afraid that he will really lose money one day, and then he will not work?

On the other end, Fu Jingting saw the appearance of Rong Shu hurriedly cutting off the video with a red face and ears at the end, and he was in a good mood, and couldn't help but laugh lowly.

The laughter echoes in the large office, which is particularly beautiful and can make people crispy.

He knew why she was in such a hurry to hang up the video, not frightened by his words.

But in fact, he really didn't plan to have a great harmony of life with her tonight.

Let's not say that they are going to the banquet tonight, and when the banquet is over, they don't know what time it is, at that time, they are already tired, where do they have the mind to do anything else?

Even if the banquet ended early and he was not tired after going back, he did not plan to do it with her.

Do it for two nights in a row, although he has no physical problems, he can continue tonight, but she can't.

Women's physical strength is always inferior to that of men.

He doesn't think about himself, he has to think about her.

So he just said that, but he just wanted to tease her, to see her cute reaction.

Of course, Rong Shu didn't know all this, and she didn't know that the last words were men's bad taste, and she thought that men were really coming.

If you let her know that the man didn't plan to do anything with her, but just deliberately teased her, it is estimated that he would be angry.

After a while, Rong Shu finally walked out of shame, the heat on her face disappeared, and she regained her calm, and even her heart was completely settled at this time.

After all, what I have been worried about has no need to continue, so the work can naturally be carried out with peace of mind.

Soon, Rong Shu was immersed in her work and took the lead in disposing of some documents urgently needed by the following departments.

Fortunately, these documents are not too complicated, so she did not encounter any obstacles in handling them, and they were processed smoothly.

After processing, she called the inside line and called Lina in.

As soon as Lina came in, she looked at her with excited melon eyes, and she was uncomfortable looking at her, and her smile was much more unnatural, "Why are you looking at me like this?" She

asked.

Lina smiled more obviously, "Chairman, you don't know yet, you and Mr. Fu are on the hot search again."

“Huh?” Rong Shu was stunned for a moment, then her face changed and became anxious, “What did you say?” Hot search again?

“yes.” Lina nodded.

Rong Shu’s palms clenched, her face was very bad, “What kind of hot search?” Could it be that there is anyone behind her back, calculating her and Fu Jingting?

Just as she was thinking uneasily in her heart, Lina replied with a smile, “It’s the chairman that you and Mr. Fu Xiuen fell in love with the hot search.”

Upon hearing this, Rong Shu was stunned, and it took a while before she slowed down and made a voice, “Huh? A hot search for show affection?”

“yes.”

The corners of Rong Shu’s mouth twitched, and then completely calmed down, and smiled at her reflexive nervousness with a sigh of relief, “It scared me to death, I thought someone was messing with us again.”

“The chairman is overthinking.” Lina soothed.

Rong Shu rubbed her temples, “No way, you Fu is too handsome, too rich, there are too many women who like him, there are always a few jumping, didn’t you know the one in the Liu family last time?”

Lina smiled, “Having said that, you are also very good, but you are not worse than President Fu at all.”

She is a woman and certainly supports the chairman.

Even if Mr. Fu is indeed better than the chairman, she is willing to open her eyes and talk nonsense.

“It’s saying, after this Liu family incident, even if there is something behind the scenes

Chapter 1229: Not Angry

As for why there are paparazzi near the Fu Group?

That’s better to explain.

Whether it is a celebrity or a wealthy person, all of them are the objects of media attention.

To put it bluntly, it is the food and clothing of these media, and the media rely on them to eat, as long as they shoot some news about these people, they will not worry about running out of money.

So don't say that there are paparazzi squatting downstairs in the Fu Group, even near Tiansheng.

It may not have been before, after all, Tiansheng looks like this, unless it is completely bankrupt, it is not worth a look at by these media.

But since she and Fu Jingting got back together, with Fu Jingting's relationship, she has also become the object of attention of these media.

It's just that usually she and Fu Jingting are normal commuters, even if these paparazzi see them, they don't feel that there is anything to shoot, so all this time, they have not filmed them.

Otherwise, the news between her and Fu Jingting must be every day, what Fu Jingting came to Tiansheng to pick her up from work again, what Fu Jingting sent her to work again, and what she and Fu Jingting hugged

downstairs in Tiansheng again In short, if not everyone knows that the relationship between her and Fu Jingting is too normal to do these facts, there is really nothing to shoot, photographed on the Internet, at most, it is just to blow up their C fans, other netizens, will not have too much heat, then they these media naturally can't make money, then naturally they won't shoot.

They only shoot news that is useful to them, like this slimy show of affection, you can still shoot at first, but it is useless to shoot too much.

Except for C fans, ordinary netizens will not buy it at all.

Therefore, they are not willing to spend more effort to shoot this kind of laborious and unflattering, or squat honestly, shoot useful, unique, such as they quarrel, such as Fu's Group has problems, Tiansheng Group is going bankrupt and so on.

Even after filming, due to Fu Jingting's status, they did not dare to send it out at the first time, for fear of offending Fu Jingting, but they could also contact Fu Jingting and sell these news to the public relations department of the Fu Group, or Fu Jingting himself, and make a lot of money.

So they can't squat?

I just squatted for a few months and didn't shoot anything.

But even so, these paparazzi still run to their group downstairs on time every day, trying to photograph some other news that can overturn the Internet, and she also admires this perseverance.

Maybe it is because of this spirit that I was seen by God and felt very moved, which didn't let the paparazzi squatting downstairs of the Fu Group take a photo of Fu Jingting with a lipstick print?

Although she did not carefully look at the situation on the Internet, she also knew how much popularity Fu Jingting's photo would set off on the Internet.

After all, Fu Jingting's impression of the outside world has always been cold and expressionless.

The business community even directly closed him with the title of Cold Hades.

So it can be imagined that Fu Jingting has always been the elite who does not smile and wears a straight suit in people's impressions, not a person who will swagger through the market with lipstick prints.

But this time, Fu Jingting walked outside with a lipstick print, even if he didn't know it, but this did not affect the excitement of the media, and the excitement of netizens.

After all, it is not easy to photograph Fu Jingting's completely different image from their impressions, and it is very likely that this will be the last time he appears like this, so of course they can't miss it, so hurry up and take it.

What they think about the same is that netizens are naturally extremely surprised to see Fu Jingting, who is high above and like a god, who will also appear in public like an ordinary man, with the mark left by his beloved woman.

Under the surprise, it was excitement, excited that he was one step closer to a high-ranking person like Fu Jingting.

No, Rong Shu was checking the comments, looking at those netizens calling Fu Jingting so cute, she couldn't help but laugh.

Netizens are on the hot search for her and Fu Jingting in a loving way, and the acceptance is still quite large.

Although there are also a few yin and yang strange there, the vast majority of people are commenting with blessings and praising her and Fu Jingting's playful mentality.

This is also why, when she heard Lina say that she and Fu Jingting were on the hot search, not because of anything else, but because of showing affection, she was completely relieved and relaxed.

“Chairman, did you leave the lipstick mark on Mr. Fu’s face?” Lina took the mobile phone that Rong Shu returned and asked with a grin.

Rong Shu coughed embarrassedly, “Otherwise?” He dares to let other women kiss him?

“Speaking of which, I asked a superfluous question.” Lina smiled, and then said, “But Chairman, you and Mr. Fu played quite openly in private, and actually directly let Mr. Fu go out with lipstick and declare his sovereignty in this way.”

Rong Shu’s face turned red, “What to say, I just want to prank him, there is no other meaning, declaring sovereignty will not be, if he always belongs to me, he will abide by virtue and will not betray me, if he will not always belong to me, then it is meaningless for me to swear sovereignty, so why bother.”

She spread her hands, “As for letting him wear the lipstick print, I just want him to make a joke, who let him bully me all day long, and when I gave him the lipstick print, he didn’t know.”

“So, before Mr. Fu was photographed, he didn’t know that there was something on his face?” Lina’s eyes lit up.

Rong Shu nodded, “That’s right, such as.”

Chapter 1230: Crazy Liu Linlin

Of course, Lina didn’t know this, and she was very relieved to hear that Fu Jingting was not angry with Rong Shu

After that, the two said something else, and Rong Shu let Lina go out with the processed documents.

After Lina left, Rong Shu leaned back in her chair, held the mouse, and searched on the computer for the hot search between herself and Fu Jingting that she had just seen on Lina’s mobile phone.

After all, I used someone else’s mobile phone just now, and I was embarrassed to use it for too long, so she didn’t look at many comments, but just took a cursory glance.

Now that I'm almost busy with work and there's nothing else to do, it's a good thing to pass the time by looking at these comments.

At the same time, the Fushi Group.

Fu Jingting also learned from Assistant Zhang that he came to work at noon with a lipstick print, and was photographed by paparazzi and posted on the Internet, which set off a high popularity on the Internet.

Seeing Fu Jingting sitting behind the computer, looking at the situation on the Internet with an expressionless face, Assistant Zhang stood opposite his desk and asked a little nervously, "Mr. Fu, do you want public relations?"

Fu Jingting glanced up at him, "No need."

Assistant

Zhang was stunned, "No public relations?"

"Hmm." Fu Jingting bowed his head, "Let it be, it's not a big deal." This

kind of letting everyone know how good his relationship with Xiao Yezi is, how much Xiao Yezi cares about his news, and he will only go to public relations when he is sick.

He wished everyone saw it.

Especially the blessings of these netizens are still very good.

Seeing that Fu Jingting said so, Assistant Zhang naturally stopped gathering his spirits.

When he learned about this matter, he was afraid that President Fu would be angry.

After all, this is President Fu's own private life, and no one will be happy if it is posted on the Internet.

So I hurried over, told Mr. Fu about this matter, and then asked if I needed public relations.

But who would have thought that President Fu not only did not get angry, but did not even need public relations, saying that this was just a trivial matter.

How did President Fu become like this now?

Assistant Zhang shrugged his shoulders secretly, saying that falling in love really changes people too much.

"But do you need to send someone to teach a lesson to the paparazzi who took photos and the media who posted them?" Assistant Zhang then asked.

Fu Jingting shook his head, "No need, these people are very smart, if they photograph other things, they definitely dare not post them directly on the Internet so boldly, but this time, they dare to post them on the Internet so quickly, it means that they are very sure that I will not trouble them because of such photos." "Why

?" Assistant Zhang subconsciously looked at him and asked.

Fu Jingting showed a disgusted expression to Assistant Zhang, "Because they know how deep my feelings for Xiao Yezi are, if I send these photos out and go to trouble them, it will undoubtedly reveal a message to the outside world, I don't really love Xiao Yezi, otherwise why am I so anxious to PR news, but also to find trouble with these media that release news?" When I do this, it can only show that my feelings for Xiaoyezi are fake.

"So it is." After hearing this, Assistant Zhang suddenly raised his chin.

Fu Jingting sighed, "You have been following me, this kind of thing, there is actually no paparazzi to see clearly, is it really because of being single?" Poof

!

Assistant Zhang instantly felt a sharp arrow flying from a distance, directly piercing his heart, and his heart was in severe pain.

He looked at Fu Jingting with an extremely reluctant smile, "Mr. Fu, don't bring such a personal attack." What's

wrong with being single?

Is it illegal to be single?

"Do I have an attack?" Fu Jingting folded his legs, looked at Assistant Zhang with an indifferent expression, and showed a trace of contempt in his eyes, "I'm just telling the truth, aren't you single?"

The corner of Assistant Zhang's mouth twitched, and it took a while before gritting his teeth and squeezing out a word, "Yes!"

"Isn't that it, since you are single, then my words, there is no personal attack, it is you yourself who are too sensitive, you feel that you are single is very shameful, otherwise why do you react so much to my words?"

Assistant Zhang choked on his throat and was suddenly speechless.

It seems that there is some truth to it.

“Okay, don’t be ashamed of being single, find time to find a girlfriend, so as not to do many things in the future, even paparazzi can’t compare.” Fu Jingting said, waving his hand in disgust and signaling that he could go out.

Assistant Zhang turned around and walked towards the door of the office, believing in his heart as he walked.

Huh, have time to find a girlfriend?

This is standing and talking without back pain!

Do I have time to find a girlfriend? Did you give me time to find a girlfriend?

Every day is so busy that there is time to sleep in the middle of the night to wait for you.

Looking for a girlfriend just like this?

I’m afraid that even if I find a girlfriend, it is estimated that it will not be long before I break up.

After all, what girlfriend can accept that her boyfriend revolves around the boss twenty-four hours a day, eighteen hours a day, and has no time to go shopping with her on a date?

Which girlfriend can accept that in the middle of the night, when it is difficult to have an orgasm and an orgasm, the boyfriend is humiliated by a phone call from the boss?

So, he didn’t want to go to find a girlfriend at all.

But now he should really put the matter of finding a girlfriend on the agenda, so as not to always hear President Fu attacking him as a single dog.

Of course, if he is looking for a girlfriend, he must complete the decentralization as soon as possible.

He plans to wait for next year to complete the assessment of Mr. Fu and let Mr. Fu agree to him to become the president of the following branch, only in this way can he have time to find a girlfriend. Here, neither Rong Shu nor Fu Jingting felt any dissatisfaction with the news on the Internet, and even read the comments quite happily.

But on the other side, the Liu family villa.

Liu Linlin was furious and smashed the computer, and the computer host, keyboard, display screen, and various parts inside collapsed on the ground, scattered everywhere.

And she herself, sitting on the bed, leaning on her side, her eyes red and her face twisted, constantly slapping the quilt on the bed, screaming incessantly in her mouth.

The scream, sharp and mixed with jealousy, sounded creepy.

At this time, there was a knock on the door, and Liu Mu's anxious voice was heard, "Lin Lin, what's wrong with you?"

Liu Linlin ignored

Liu Mu's greeting, and kept slapping the quilt and screaming, because the arc of the movement was too large, causing her body to swing up and down, and her hair became messy.

It looks like a crazy woman.

Seeing that she didn't answer, Liu Mu outside the door screamed so hard, she was so anxious that she burst into tears, "Lin Lin, you open the door, don't scare your mother, do you open the door well Lin Lin?"

However, no matter how hard she slammed the door to get Liu Linlin to open the door, Liu Linlin had already ignored it.

In the end, there was no way, so he could only call the maid, find the spare key, and then open the door.

After entering the room, Liu Mu was first stunned by the mess in the room, "This"

She hurriedly looked for her daughter, and finally at the end of her daughter's bed, she saw Liu Linlin, who was sitting there, with her head down, her hair covering her face, and she had straightened up and gone crazy.

"Lin Lin." Liu Mu bypassed the mess on the ground, walked over quickly, took Liu Linlin into her arms, and said distressedly, "Linlin, are you alright?" On the ground these are all thrown by you? With such a heavy thing, you weren't hurt, were you?

Speaking, he wanted to check Liu Linlin's situation, but Liu Linlin shook off his hand.

"I'm okay."
