This Time, I Will Get My Divorce Chapter 1241

What Rong Shu was thinking in her heart, how could Fu Jingting not know.

He gently pinched her face and answered her words.

“Then I’ll open the door and let them in.” Rong Shu said, and she was about to step on the silver and luxurious high heels to open the door.

Fu Jingting took her hand, “Wait a minute.”

“What’s wrong? Rong Shu looked back, with some doubts in her eyes.

The man pointed to his thin lips, “Do you want your husband to be seen like this?” The lipstick stain on his thin lips hadn’t been wiped yet.

That is to say, he has been holding this funny look, wiping her mouth and tracing her lips, and other than that, he has not taken care of himself at all.

Hearing Fu Jingting’s words, Rong Shu reacted, covering her red lips and sneering, “Sorry, I forgot about it, okay, you wipe it first, after wiping it I am calling them in.”

She knew that if people outside saw Fu Jingting like this, they would definitely laugh, even if they didn’t dare to laugh in person, when they didn’t know, they would definitely laugh and laugh.

After all, she couldn’t help but laugh when she saw it, let alone others.

Of course, it didn’t matter if she laughed, after all, the relationship between the two of them was here, and he wouldn’t mind.

But others laughed at him, not to mention that Fu Jingting herself might not be happy, and she would not be happy in her heart.

He was her lover, and how could she tolerate others laughing at him?

In saying that Fu Jingting had already been on a hot search for lipstick at noon, and was laughed at by the majority of netizens.

She also didn’t want him to be laughed at twice in a row because of lipstick.

After Rong Shu finished speaking, Fu Jingting tore off a makeup remover wipe again and looked in the mirror to clean up his image.

Fu Jingting wiped himself and Rong Shu, the difference was a little big.

When rubbing Rong Shu, the action is not to mention how gentle, and it is wiped in a circle along the lips.

However, he wiped himself, then he was not so particular, not to mention the strength, let's say that the action of wiping is also chaotic, and it is finished in three or two strokes.

Rong Shu is funny at the same time, but her heart is also sweet.

After all, his actions like this show that in her heart, she is more important than himself.

"All right? Seeing Fu Jingting throw the used makeup remover towel into the trash, Rong Shu asked.

The man brushed his somewhat messy hair and nodded slightly, "Okay."

"Then I'll go open the door." "

Hmm.

Rong Shu turned and walked towards the door and opened the door.

A few people sitting or standing outside the door heard the sound of the door opening and quickly stood up to look.

Seeing Rong Shu coming out, several people walked over quickly.

"Miss Rong.

While

they greeted, their eyes were also secretly looking at Rong Shu.

Although Rong Shu's makeup looks the same as before they came out, there is no difference.

But they are still professionals who have been in the industry for many years, not to mention how sharp their eyes are.

At a glance, you can see the imperceptible changes under Rong Shu's perfect makeup.

That is, there is something different in the lips.

Especially the makeup artist who painted lipstick for Rong Shu, it can be seen at a glance that Rong Shu's lips are a little swollen now than when she applied lipstick.

As for why it is swollen?

They never believe it's the cause of their lipstick.

If it was lipstick that caused Miss Rong's mouth to swell, Miss Rong and President Fu would have already settled the account with them.

Therefore, Miss Rong's lips will be swollen, and it must be because of other reasons.

As for what exactly is the reason?

Several people secretly glanced at each other, and they all saw their aunt's smile in each other's eyes.

What else can it be, it was kissed by President Fu.

They thought they hadn't heard anything inside, that they hadn't done anything.

Now I know that it's not that they didn't do anything, it's just that they didn't hear.

Not only did they do it inside, but they were so intense that even their lips were swollen.

Tsk, Mr. Fu is wild on time.

The most exciting thing is the assistant.

She was originally Rong Shu and Fu Jingting's brain-dead C fan head, and now she has determined that her C is under her nose.

She herself, of course, was so excited that she almost fainted.

Of course, what these people think in their hearts, Rong Shu does not know, although she feels that their performance is a little strange, but she did not think deeply, smiled and nodded in response, "Please go in and style President Fu now."

"Okay, okay, I'll go in."

Several people nodded in response.

Rong Shu made a gesture of invitation and returned to the lounge with a few people.

After entering, she sat on the side and watched these people get Fu Jingting's hair.

Men are not as complicated as women.

You also need to wear delicate makeup.

He just needs to get his hair and retouch his face a little, and the whole process won't take long at all.

It can be completed in more than half an hour at most.

Just as Fu Jingting was getting his hair and going to change his clothes, the mobile phone of Rong Shu's diamond handbag suddenly rang.

She looked down and took out her mobile phone, saw the caller ID, and a happy smile appeared on her face, "Hey, aunt, good evening." "

It's half past six now, and the sky is getting dark, and it's not an exfoliation to say it's night.

The phone was from Mrs. Lu, and when she heard Rong Shu's voice, she quickly asked, "Shu Shu, you're going to the mall banquet, right?"

"yes. Rong Shu nodded.

Then, she realized the eagerness in Mrs. Lu's tone, and the smile on her face gradually suppressed and became serious, "Aunt, what's wrong?" Is something wrong?

On the other end of the phone, Mrs. Lu shook her head and replied, "It's me, I have something to remind, remember the last time you and Jing Ting came to the Lu family, what I told you?" "

What did you say last time you went to the Lu family?

Rong Shu tilted her head and thought about it.

Then he thought of something and bit his lower lip, "Aunt, what did you say about the Wang family?" Seeing

that she hadn't forgotten, Mrs. Lu was slightly relieved in her heart, "That's right, it's the Wang family, the Wang family's seafood business has gone wrong, and they have always wanted to find a wealthy family to marry, and they are still ambitious, and they are looking for the top rich family." Speaking

of this, Mrs. Lu's eyes were about to roll to the sky.

The Wang family is just a small family that does not enter the stream, looking for the third-rate giants in the sea market, they are all high climbing, and they also want to ascend to the sky one step at a time and find the best one.

Don't see if it's enough for that grid.

It's not that she looks down on the Wang family, it's that the Wang family can't see herself clearly.

Do you really think that if you set your sights on the best giant, you will definitely succeed?

As everyone knows, the Wang family will not only not succeed, but will offend other wealthy families.

After all, everyone knows that the Wang family is not qualified to climb the best giants, and even has the qualifications to climb them.

But the Wang family, bypassing them and finding the best rich family, didn't they tell others that the Wang family looked down on these rich families and only looked down on the best one?

So ah, the Wang family will either succeed, or wait to be suppressed by all the giants next.

Of course, Mrs. Lu knows that there is only one fate for the Wang family, that is, it is really suppressed by all the giants, after all, the best wealthy family can never have anything to do with the Wang family.

Because the best wealthy family is already their sister.

That's right, the best rich family is the Fu family.

Thinking of this, Mrs. Lu said again: "Shushu, I told you last time, the Wang family is looking for relationships everywhere and wants to participate in tonight's banquet, because they know that Jing Ting will go, so they try to find an opportunity to make friends with Jing Ting, and it is even possible to make a trick or something, in short, you and Jing Ting should be careful, it is best to tell Jing Ting about this matter, I will call you, I am afraid that you will forget this matter, so I specially remind you, you are very quiet there, Probably haven't set off yet, right? "

"Not yet." Rong Shu glanced in the direction of the bathroom, "Fu Jingting is still changing clothes, we plan to go past at seven o'clock, and the banquet will not start until eight o'clock, so there is no hurry."

Mrs.

Lu breathed a sigh of relief, "It's okay if you haven't gone yet, I'm worried that you have

already gone, in case the Wang family engages in conspiracies, you are too late to prepare, fortunately, I am overwhelmed.”

Listening to Mrs. Lu's worries, Rong Shu's heart flowed warmly, and the smile on her face became much gentler, “Thank you aunt for your concern and reminder, don't worry, I will tell Fu Jingting about this matter, and I won't let the Wang family's conspiracy succeed.” “

If you let the Wang family succeed, wouldn't it be to hit her in the face again.”

The outside world will definitely say that she can't even look at her own man.

“That's good, that's good. Mrs. Lu nodded repeatedly, “In short, be careful, don't fall for it, especially Jing Ting, the person targeted by the Wang family is him, in order to achieve the goal, it is possible to want to cook mature rice with today's raw rice, in short, in terms of eating and drinking, you must pay attention, even if the status is high, some small conspiracies may not be able to be avoided, in short, you must always be prepared to be on guard.” “

Well, don't worry, aunt, we know. Rong Shu smiled heartily, and then asked, “By the way, aunt, are you going to participate?”

Mrs. Lu shook her head, “Your uncle did receive an invitation, but the Lu family is not engaged in heavy industry, so it doesn't make much sense to go, so your uncle refused, saying that if he went to participate in this, it would be better to come back and eat with us.”

Rong Shu looked at the man who had changed his suit and came out of the bathroom, his eyes suddenly lit up, stood up and stared at the man for a moment, and replied into the phone, “This is very good, uncle Gu family.”

“Yes, so I'm also very happy, your uncle is like this, the banquet that has no meaning to the company, can not participate in him usually do not participate, I also like him like this.” Mrs. Lu said with a smile.

“By the way, Shushu. Suddenly thinking of something, the old lady asked, “Did you let Ah Qi bring you the mountain treasure to eat last time?” How does it taste?”

Rong Shu smiled and nodded, “Eat, it tastes very good, grandmother also likes it, let me say thank you to you.”

“Thank you for what, you like it, what about the big bones?” Is there a stew for Jing Ting to drink. The old lady asked again.

Rong Shu thought of last night's incident and smiled at Fu Jingting, “Stewed, very delicious.”

“It’s delicious, I’ll find it for him, and I’ll get some for you next time.”

“Well, thank you aunt then. “

You kid,”

the two said and laughed for a while, and finally ended the call.

Rong Shu put the phone down, and the man stuffed a red tie into her hand, “Aunt’s phone?” “

Hearing that my grandmother also said that it was delicious, let her thank the other party.

He guessed that it should be Mrs. Lu.

Sure enough, Rong Shu took the tie and threw it at his neck, and as soon as he squatted down, the tie had already hit his neck.

The height of the man is too tall, even if Rong Shu wears ten-centimeter high heels, but tying him with a tie like this is still a little tired of his arms.

Fu Jingting saw her difficulties, and kept squatting slightly like this to facilitate her movements.

Don’t say, he is like this, Rong Shu tied a tie for him, it is really much more convenient, and his arms don’t have to be held all the time, and it will be pantothenic acid after a while.

While tying Fu Jingting’s tie, Rong Shu said what Mrs. Lu had just mentioned about her.

After Fu Jingting listened, his narrow phoenix eyes narrowed, and there was a dangerous light faintly under his eyes.

“I know, thank you aunt for me, don’t worry, nothing will happen tonight.” Fu Jingting touched Rong Shu’s face to assure.

Rong Shu pushed the tie knot up, “I believe you, and I also know that the Wang family can’t calculate success, okay, tie it.”

She tidied up her tie and tucked it into his suit, patted it, and took a step back, “What do you think of my tie?”

She looked sideways at the makeup artist next to them.

They nodded in unison, “Miss Rong is very good.” “

It's not flattery, it's truth.

Her tie is really good.

The man had now stood up straight, came to the mirror, adjusted her tie slightly, and then held out his hand to her, "It's time for us to go, my lady."

Rong Shu looked at the makeup artist embarrassedly, and then blushed slightly and put her hand on Fu Jingting's palm.

"Let's go. "

It's not early, and it's really time to go.

The two held hands and walked out of the lounge in the blessed eyes of the assistant and the makeup artist.

This short road made Rong Shu walk out of the feeling that she and Fu Jingting seemed to be walking not on an ordinary road, but on the red carpet of a wedding.

Especially their eyes, it really made her feel too similar.

It inevitably made her cry and laugh a little.

In the elevator, the man saw her suddenly laugh and asked, "What are you laughing at?"

Rong Shu shook her head, "No, I thought of happy things, so I smiled." "

Oh? What's the joy? The man approached and asked.

Rong Shu saw his handsome face suddenly attacked, his heart jumped suddenly, and then subconsciously pushed his face away, "Oh, why did you suddenly get so close and scare me."

Fu Jingting raised his eyebrows, "I see that you are not frightened, you are weak-minded, let's say, what did you think just now, your heart is like this, you are shocked when you see me coming."

Rong Shu's eyes rolled, "It's really nothing, anyway, don't ask, I won't say it if you ask."
Seeing

her serious face, the man knew that it was really impossible for him to know, and couldn't help but sigh softly.

Don't say it.

She didn't want to tell him, and he didn't force it.

Soon, Rong Shu and Fu Jingting came to the car in the parking lot.

Assistant Zhang had been waiting for a while, and when he saw the two of them coming, his eyes flashed with a trace of amazement, "Mr. Fu, Miss Rong, you are really matched." "

Handsome men and beautiful women, good puppets.

The appearance alone looks extremely matched.

Rong Shu felt a little embarrassed by Assistant Zhang's words, but still smiled and nodded to accept, "Thank you." "

Fu Jingting also gave Assistant Zhang a very good look.

Count this kid talking.

"Then Miss Fu Zongrong, let's go?" Assistant Zhang opened the door of the back seat and asked.

Fu Jingting glanced at him, "What are we going to do when we don't set off?" Speaking , the eyes that looked at Assistant Zhang were more disgusted and disgusted.

Assistant Zhang also realized that he had asked a very stupid and redundant question, touched his nose embarrassedly, and smiled sarcastically.

Rong Shu stood beside Fu Jingting, slightly covering her lips and sneering.

Every time she saw the conversation between the two of the boss's subordinates, she felt funny.

"Okay, get in the car, don't stand silly." Fu Jingting rubbed his eyebrows.

Assistant Zhang hurriedly made a gesture of invitation to the door of the back seat.

Fu Jingting asked Rong Shu to get into the car first.

Rong Shu did not shirk and went up first.

No way, it's too cold outside.

Even though she wore a long down jacket, inside the down jacket, there was only a one-shoulder bandeau dress, and her calves were exposed.

At this time, my legs were frozen, and my feet were even more numb from cold.

So, she continued to get in the car and warm up in the car.

Fortunately, Fu Jingting asked Assistant Zhang to turn on the heating in the car a long time ago, and he hit enough.

So as soon as Rong Shu got into the car, a wave of heating hit her head-on, and soon hit her whole body, making her cold and slightly shivering body suddenly relax and no longer tremble.

Rong Shu couldn't help but exhale a long breath and put the down jacket together.

Fu Jingting saw her action when he got into the car, and hurriedly asked, "It's cold?"

Rong Shu turned her head to look at him and showed him a reluctant smile, "It's already much better here, there is heating in the car, and it is just cold outside."

"I'll take a look. Fu Jingting took her hand and started to be cold.

Fu Jingting pursed his thin lips, bent down and touched her calves, even more cold as ice.

Seeing this scene, Fu Jingtingjun's face was dark, looking at Rong Shu's eyes, there was also a trace of self-blame, "Sorry, it's that I didn't think it through, I should take you to the banquet to change clothes, change and go directly to the banquet, it won't be cold." This

is indeed something he did not think about carefully.

Seeing that the man also attributed this to himself, thinking that it was his own fault, Rong Shu was amused.

She took the initiative to hold the man's warm big hand and squeezed it gently, "What does this have to do with you, and it's not your fault, I decided to change clothes in the company at the beginning, don't blame it on yourself, I'm not so cold at this time, you see I don't tremble anymore." "

It's just that the feet are still ice.

But the car is fully heated, and it is estimated that it will heat up in a while.

But the man was not satisfied with this degree at all, he knocked on the back of the driver's seat, "Take out the scarf in the storage compartment." "

Yes. Assistant Zhang answered, immediately opened a small on-board storage compartment between the driver's seat and the co-pilot, and then took out a black scarf from it.

Rong Shu recognized at a glance that this was the one she had woven for Fu Jingting.

When it was just woven and given to Fu Jingting, Fu Jingting wore it almost every day in those days.

But one day, he suddenly had no scarf around his neck, and she asked where it went, and he replied that he had worn it dirty for a few days, washed it and put it away.

She didn't ask after that.

Unexpectedly, he actually put it in the car.

Fu Jingting took the scarf, and then bent down to hug Rong Shu's legs.

Rong Shu was taken aback, "Fu Jingting, what are you doing?" Hearing

this, Assistant Zhang, who was driving, moved his ears, and pressed a button expressionlessly behind him.

Immediately afterwards, a partition was raised, isolating the driver's seat.

Well, Mr. Fu and Miss Rong are about to start showing affection again.

He, a single dog, is still self-conscious, isolate himself.

Lest for a while Fu always be unhappy with his light bulb, he himself will feel uncomfortable.

Hey, that's the sadness of single dogs.

You can't be seen anywhere.

This world is indeed the most vulnerable world for single dogs.

Of course, no one cares about Assistant Zhang's thoughts.

After all, whether it was Fu Jingting or Rong Shu at this time, the attention was on themselves, and there was no extra attention to pay attention to Assistant Zhang at all.

I'm afraid, they don't even know that Assistant Zhang raised the partition.

Fu Jingting brought Rong Shu's leg up, gently took off the high heels on her feet, and then touched her feet.

It's colder than the cold calves.

Fu Jingting's brows furrowed that he could catch a mosquito.

Then, he quickly put the scarf on her calves and circled them a few times, wrapping her calves tightly.

After doing this, he untied the opening of his gown again, and then put her feet into his arms and warmed her feet with his own body temperature.

Rong Shu was stunned, and it took a while to return to his senses, looking at the man with trepidation, "So you want to warm my feet." The

man closed his gown suit and then wrapped his arms around her feet so that her feet would not slip from his arms for a moment.

"So cold, what if you don't warm up for a while and get frostbitten? The man looked at her and said.

Rong Shu's heart was moved, and her eyes were a little hot, "How come."

"How not! Fu Jingting pursed his lips, "Frozen like this, it is estimated that the consciousness is almost gone, right?"

Rong Shu's mouth opened, unable to speak.

Because the man is right, it is indeed cold and unconscious.

"Okay, don't move, sit like this obediently, and soon regain consciousness." Fu Jingting gently patted her tight calf wrapped in a scarf.

Rong Shu looked at his calves along with his movements and sneered, "I thought you put the scarf in the cloakroom of your house, but I didn't expect it to be kept in the car."

"Put it in the car, I can see it whenever I want, and I can use it when I want, just like this time it came in handy." The man's tight frown finally stretched a little, revealing a shallow smile.

Rong Shu's whole person shrunk in a down jacket, "Obviously the neck scarf for you, now it has actually become the one to keep my legs warm."

"It's all about keeping warm, it doesn't matter where you are around, the important thing is that as long as it doesn't freeze you." The man said.

Rong Shu smiled, and then yawned.

Fu Jingting saw it and stretched out his arm to touch her forehead.

Rong Shu took his hand off, "What for?"

"Look at you yawning, worried that you just got too cold and sick, so see if that's what I thought." The man did not hide it, directly said what he meant, and then withdrew his hand from her hand and touched her forehead again.

This time Rong Shu didn't stop it, smiled and let him touch it, "I'm fine, it's just a little sleepy."

Fu Jingting touched it and found that there was indeed no problem, so he took his hand back with confidence, "It's okay, sleep for a while if you're sleepy, anyway, it will take more than half an hour to arrive, when I get there, I call you." "

Hmm. Rong Shu did not refuse, nodded her head, leaned her back against the car door, closed her eyes and lowered her head to take a nap.

Fu Jingting saw that she was asleep, did not disturb her, took out his mobile phone with one free hand, and sent a message out.

After sending it, he put the phone down and once again put his hands on her feet.

In the driver's seat, Assistant Zhang heard the phone stand

Rong Shu did not notice the man's strangeness, rubbed her eyes and her voice was still soft, "Good" she stretched out, finally opened her eyes completely, and looked at the man with an embarrassed smile, "

I didn't expect that I would sleep so deeply, and I haven't fully woken up yet."

“When it’s too cold, suddenly appearing in a very warm environment does make people feel sleepy, which is normal.” Fu Jingting said, while taking out a bottle of canned coffee from the car incubator and opening it, and handed it to Rong Shu, “Drink two sips and wake up.” “

The coffee is hot, so Fu Jingting is not worried that she will be cold if she drinks it.

Rong Shu also just needs something to wake up at this time, and the coffee handed by Fu Jingting is simply a life-saving medicine.

Her eyes lit up and she quickly reached out to take it, “Thank you.”

When she finished, she looked up and took two sips of coffee.

After drinking it, her little face suddenly wrinkled into bitter melon, “Huh, it’s so bitter, what kind of coffee?”

She took the jar and looked at the packaging carefully.

However, the text on it is not in English, and she cannot understand it.

Seeing the bitter appearance of her little face, Fu Jingting explained with a chuckle, “It’s Blue Mountain, original, not three-in-one coffee, it’s what I usually drink when I work in the car, there is nothing else to drink on the car, only this, and it just can refresh your mind, so I can only let you drink this.”

“No wonder it’s so bitter. Rong Shu stuck out her tongue, “But it’s really awake, I’m not sleepy now.” “

Can you not wake up?

Bitter like this, I believe that anyone who drinks it will suddenly have no sleep.

She now felt her tongue tingling with bitterness.

Rong Shu stuck out her tongue again.

Fu Jingting knew that she was suffering very badly.

After all, she has always loved sweet things and does not like bitter things at all.

Even with coffee, it is to drink three-in-one coffee, not this original flavor.

So it’s normal to be unbearable at this time.

“In the future, I will put some other refreshing drinks in the car, this time I am not thoughtful, I can only use this to refresh you, bear with it, after entering the banquet hall, drink something else, just suppress the bitterness.” Fu Jingting comforted.

Rong Shu nodded, “I think so too, but this coffee”

She turned around and had half a can of coffee in her hand, looking embarrassed.

Fu Jingting saw it, “Don’t want to drink it?” “

I can’t drink it, it’s too bitter, it’s like drinking Chinese medicine.” Rong Shu’s mouth pouted slightly.

I can’t finish drinking, it’s not good to throw away, it’s too wasteful.

And what men buy has always been surprisingly expensive.

It was also a little unbearable to throw her.

Just when Rong Shu was full of embarrassment and didn’t know what to do with the coffee in her hand, she suddenly felt that her palm was empty, and the coffee was taken away.

Rong Shu hurriedly looked at it, and it turned out that the man reached out and took the coffee in her hand.

“I can’t finish drinking to solve it. After the man said this, he looked up and took three or two sips to settle the rest of the coffee.

Fortunately, the canning is not large, with a height of about six centimeters and a diameter of four centimeters.

Such cans are the smallest cans in the world standard for canned drinks.

The coffee in it is actually not particularly much, and it is only a few sips.

Therefore, it is not a very exaggerated behavior for men to solve it in three or two.

Rong Shu saw that the man drank the rest of the coffee he drank, and the whole person was still a little dumbfounded, “That’s what I drank, you” The man elegantly wiped the corners of his mouth, “

So what?”

“Don’t you dislike it? Rong Shu blinked her eyes and asked.

The man threw the café into the car trash can, his tone was a little joking, "My own woman has drunk, what is there to dislike?" Besides, I can't even say your saliva" knew what the man was going to say, Rong Shu's face turned red, and she quickly interrupted him loudly, "Okay, don't say it, it's not that it's already arrived, I'm sober now,

get off quickly."

After that, she took off the down jacket on her body, took a deep breath, made a psychological preparation that would meet the cold wind after getting out of the car, and resolutely opened the car door and went down.

Seeing the woman's somewhat deserted back, Fu Jingting slightly hooked her thin lips, then picked up her down jacket and opened the car door on her side and went down.

Assistant Zhang had already got out of the car when he parked the car and waited for them outside the car.

Just wait for Fu Jingting and Rong Shu to come down, so he can get back in the car and drive the car to park.

Of course, some people may say, since you have to get in the car to park in a while, why not drive the car directly to park together, or wait for them to get off the car directly on the car and then drive to park, why do you have to get out of the car and wait, isn't it superfluous?

For Assistant Zhang, it is really not superfluous.

Even if it was cold outside, he didn't want to stay in the car and wait.

After all, the two of them are in the car, why is he a single dog following him?

It's disgusting!

It is said that Miss Rong is asleep, and Fu is responsible for waking Miss Rong up.

As for how to wake up, it is unknown.

So in order to avoid seeing something that shouldn't be seen, it is better for him to get out of the car.

Although the partition is good, it is not a panacea.

No, Assistant Zhang waited for ten minutes.

For more than ten minutes, Mr. Fu did not wake up Miss Rong and get out of the car, which shows that his guess is correct, and Mr. Fu must have mixed personal goods under the slogan of waking up Miss Rong and took advantage of Miss Rong.

As the most effective dog leg of President Fu, he can be said to know President Fu very well.

Don't look at President Fu's usual human appearance, as unattainable as the flower of Gaoling, making people unapproachable.

But in fact, they are all fake.

In front of Miss Rong, you have to lick the dog more, you have to be multi-colored, the batch is multi-colored, and the batch is multi-colored, and the batch is batched.

Miss Rong fell asleep, which was a good time for President Fu to rub oil.

He didn't believe that Fu would let it go.

Sure enough, his guess was right, if President Fu really just woke up Miss Rong, it wouldn't take more than ten minutes.

So in the past ten minutes, Mr. Fu has definitely done indescribable things to Miss Rong.

"Obedience, don't be troublesome." Afraid that Rong Shu still didn't want to wear it obediently, Fu Jingting added.

The down jacket was draped on her body unexpectedly, which really made her not so cold all of a sudden.

But she really didn't mean to wear it.

"I'm not bothered, I just see that everyone is not wearing, I feel a little embarrassed to wear it alone, they will laugh, and where to put the clothes in a while?" "

That's also a problem.

Fu Jingting grabbed her wrist, stuffed it into the sleeve of the down jacket, and said while stuffing: "They don't wear it, that's their own business, freezing and getting sick is

also their own choice, you don't have to compare with them, and you don't need to get in line with them, after all, the body is your own, besides, with me by your side, who of them dares to laugh at you?" And do you think sickness and jokes, who is more important?

"What else to say?" Of course it's sick. Rong Shu didn't think much and blurted out.

Fu Jingting glanced at her, "You let you also know that being sick is the most important, then you still don't wear it?"

His tone revealed a non-negotiable beak.

Rong Shu also knew that he cared about himself, and also understood that what he said made sense, indeed jokes and illness, or being sick is more important.

She really doesn't need to joke about her body, she would rather freeze for the sake of momentary beauty.

That's not cost-effective.

And the man has a saying that speaks to her heart.

With him by his side, who dares to laugh at her!

Since no one dares to laugh at her, then she naturally doesn't need to have a psychological burden, just wear it directly.

Thinking of this, Rong Shu obediently put the down jacket back on under the service of the man.

After dressing, Fu Jingting's tight frown relaxed slightly.

But then when he looked down and saw her exposed calves and naked instep, the soothing brow wrinkled again.

If he didn't know that it was impossible, he would have asked Zhang Cheng to buy cotton shoes and pants for her to wear.

Of course, he knew that if he really did this, those people would laugh at Xiao Yezi even if they hindered his identity.

After all, it's good to wear only one down jacket, although it is weird than other beautiful and frozen women, but anyone can see through Xiaoye's bare calves that she is also a dress inside, and can also guess that she is only wearing a down jacket temporarily, and she will take it off in a while.

So you can hold back from laughing, and at most cast some surprised glances.

But if you really let Xiaoyezi wear cotton shoes and pants, then others will really think that Xiaoyezi did not wear a dress to the banquet, but really dressed like this maverick to attend the banquet.

At that time, even if he is there, they will dare to laugh at Xiao Yezi.

And he will not be able to occupy himself when he is angry, after all, others will say, is Xiaoyezi himself dressed like this, and does not let others laugh?

Thinking of this, Fu Jingting rubbed his temples irritably.

Who invented the woman to go to a banquet and have to wear so little?

Even if it's summer, it's like this in winter, is there a brain disease?

"What are you thinking? Rong Shu pulled the zipper of the down jacket, saw the eyes of the man beside her flickering brightly and darkly, she knew that the man was wandering, and couldn't help waving in front of the man to call the man back.

The man's eyes flashed, and his thoughts returned.

He gently took her hand that was starting to cool again, put it to his lips and sighed, and then put her hand directly into his suit pocket, "No, let's go first, it's too cold outside." "

Well, it's really time to go in, it's almost half-past eight now, most of the people have already arrived, and we're late, and I hope Madame they're not there yet." Rong Shu looked at the staff who were checking the invitation at the hotel gate and said with some concern.

They must have been late by this time.

If the protagonist and husband of the banquet have not appeared at the banquet, then it is fine, and she does not have to worry about making friends with them for a while, which will make them have thoughts in their hearts.

But if she was already present, then she would be embarrassed to go to them again.

Anyway, if she herself is the protagonist of the banquet, and someone comes to beg herself, and she comes later than herself, it is enough to show that the person who comes to ask for her is insincere, so who wants to make friends with that person.

Fu Jingting knew what Rong Shu was worried about, and the big hand in the pocket of her suit gently squeezed her tender little hand, "Don't worry, the two of them have not attended at this time, and they will only be at nine o'clock."

“How do you know? Rong Shu turned to look at the man curiously.

The man pulled her towards the hotel door, “I want to know it’s not easy?” Just find a random person to attend the banquet to help me pay attention, when I let Zhang Cheng in the car, I contacted a business partner, he went ahead of us, he promised to send me a message if the person you are looking for attends early, and now he has not sent a message, which means that the person has not yet attended.

“So it is. Rong Shu breathed a sigh of relief.

Fu Jingting handed the invitation to the staff.

However, the staff didn’t look at it, and directly and respectfully made a gesture of invitation and invited him and Rong Shu to enter.

After all, Fu Jingting’s face is much more valuable than the invitation.

Even if he does not have an invitation, these people will not stop him and will respectfully invite him in.

Fu Jingting took back the invitation and threw it into the other suit pocket at will, and then said, “Don’t worry, I will keep an eye on your affairs, and I won’t let your affairs go wrong.” “

All in all, whenever it involves her, he will make some arrangements in advance and arrange some details that she did not expect.

Won’t let her have any worries.

Rong Shu saw that the man had done so much for herself in a place she didn’t know, and her heart was moved, “I’m thinking, you have done so much for me now, what should I do without you in the future.”

This Time, I Will Get My Divorce Chapter 1246

Fu Jingting knew that she was evading and that she was not trusting his promises.

Although he was disappointed, he was not angry.

Because he could understand why she was like this.

Time is the most impenetrable thing.

But it doesn't matter, since time can't see through, then he will let her see through.

It's better to say more, it's better to do more.

Since she didn't believe that there would be a lifetime of love between them, and they would be together for a lifetime, then he let time prove that he had never lied to her on such a thing.

What he said, he must be able to do.

After that, the two did not discuss this issue anymore, and quickly entered the banquet hall.

In the hall, the lights were bright, and everyone toasted and talked happily.

The originally lively scene, when Rong Shu and Fu Jingting entered hand in hand, immediately ended the curtain and became quiet.

Everyone looked at the two people who walked in.

At this time, Rong Shu had already taken off the down jacket on her body, and the down jacket was also handed over to a staff member outside for safekeeping, and she would go back to get it after their banquet.

So Rong Shu here is already that stunning dress.

The color of her bright red dress is the same as the color of Fu Jingting's tie, which also makes everyone understand at once that they are wearing a couple's dress.

It also makes everyone understand that they are in good feelings at the moment.

"That is Miss Rong who got back together after divorcing President Fu, right? "

Of course, not everyone has seen Rong Shu.

In the past, Rong Shu worked as a family cook for six years, rarely went out, and did not even see friends, let alone these business bosses and their second-generation young lady.

Even now Rong Shu herself has become a member of the business world, but due to Tiansheng's situation, there are not many people she can make friends.

The vast majority of people have basically only heard of her, but have not actually met her.

Now I finally see it.

"It's the one, no wonder Fu is always willing to get back together with the other party, this looks so good, if it is me, I may too."

"Now that they are back together, what did they divorce for?" Wouldn't that be superfluous?

"Who knows, I heard that President Fu loved the Gu family before, and then I don't know how to not love, and fell in love with his ex-wife, in short, President Fu's emotional problems, where do we little minions have the qualifications to know?"

"That's what I said.

"But now it seems that in fact, Mr. Fu and Miss Rong are still quite matched, at least the appearance looks very matched." In the

banquet hall, everyone exchanged ears and discussions.

However, the people who discussed these discussions are all from the older generation.

The second-generation young ladies who are of the same generation as Rong Shu and Fu Jingting, this discussion is more in-depth.

The man is okay, that is, to comment on some Rong Shu's appearance and body shape.

And women, this is much more sour.

They looked at Rong Shu with jealousy and envy, envious that Rong Shu could get Fu Jingting, and jealous that she could get it.

What kind of person is Fu Jingting?

That is a bright moon in the sky, which makes them unattainable.

They wanted him and leapt to become his wife and the wife of the head of the Fu family.

But they knew that Fu Jingting didn't like them, or even didn't like them at all.

They have also used habitual confessions in the past, feeling that they will definitely be able to win this noble man.

But without exception, all failed.

Even if they fail, the family will be warned by him, and the culprits of the warning of these harmful families will naturally be punished by the family.

But even so, there are still many women who adore him like a carp crossing the river.

It's just that they don't dare to appear in front of him, let alone bravely pursue love, for fear of being punished by the family again.

But even if he was severely punished by the family, they never resented him.

After all, once a person is excellent to a certain level, even if he is a father and enemy, he can be forgiven.

For them, Fu Jingting is such an existence.

Although none of them won this one, they were not disappointed.

Because as long as none of them can take him, then they can accept it and can live together peacefully.

After a long time, they even reached an unstated rule, that is, no one was allowed to make a move and secretly take down Fu Jingting.

As long as Fu Jingting is still a salvia, then he is all of them.

However, what I didn't expect was that suddenly one day, their balance was suddenly broken, Fu Jingting announced that she was married, and the marriage object was still a down-and-out person, which made them completely unacceptable.

They also thought about taking action to warn the woman, let her know more, and leave Fu Jingting by herself, she was not worthy of him.

However, before they could make a move, they were warned again by the family, warning them not to mess around.

Therefore, they could only watch their Gaoling Flower marry the down-and-out Qianjin who suddenly appeared.

Fortunately, their Gaoling Flower did not love that woman, and they did not want to see that woman after marriage, and they were relieved to hear that the woman was not doing well in the Fu family.

But the funny thing is that they haven't been relieved for a few years, and another woman has appeared, and it is said that this woman is the real threat, because this woman is the one that Fu Jingting loves in his heart.

Rong Shu is completely incomparable with that woman.

What surprised them the most was that the woman was still Gu Manyin, who had been a plant in the Gu family for six years.

They had never heard of any intersection between Gu Manyin's woman and Fu Jingting before, how could they become Fu Jingting's lover as soon as they woke up from a vegetative person?

They would rather believe that Fu Jingting's lover is Rong Shu than believe that it is Gu Manyin.

Rongshu is still with him

So at this moment, seeing Rong Shu who regained Fu Jingting and stood beside Fu Jingting, these young ladies of Qianjin, in addition to their sour eyes, did not really show malice.

Therefore, Rong Shu found that these Qianjin ladies looked at them unfriendly, and did not mean to trouble them.

In her opinion, it is just a group of jealous little girls.

As long as they are simply jealous and won't really do anything disgusting, she can do nothing without seeing it.

After all, she also knew how much Fu Jingting was liked by women.

She got Fu Jingting, and naturally had to bear the vinegar of these women who liked Fu Jingting.

Besides, not being jealous is a mediocrity.

Rong Shu discovered the eyes of these women, and it was even more impossible for Fu Jingting not to find out.

He squinted his eyes and pursed his lips, and said in a deep voice, "It seems that I should find time to talk to their father."

Rong Shu pulled his arm, "No, they are just jealous, and they didn't do anything else, you ended up doing the wrong thing first." "

They look at you like that” Rong Shu cut off his words with a smile, “

It’s just a look, and there won’t be a piece of meat, just ignore it, if they really dare to do something to me, then it’s not too late to clean them up.” Seeing

that she didn’t want to be too calculating on these people, Fu Jingting could only give up, “Let’s go, I’ll take you to meet a few people, these people’s industries are similar to Tiansheng’s industry, and it is good for you to know them.” “

Okay. Rong Shu took his arm and smiled.

Fu Jingting ignored some of the people who came forward to make friends, and walked directly in another direction with Rong Shu.

When he came in, he had already scanned the entire banquet hall.

He never forgot who came and where they were standing, and he remembered it at a glance.

So at this moment, he can directly take Rong Shu in one direction.

It may also be because of Fu Jingting, or it may be because these people themselves are easy to get along with.

But no matter what the reason, Rong Shu talked very well with the few people Fu Jingting introduced to her, and some of the experience they taught her also made her gain more.

By the time the conversation was over, she already had several business cards in her hand.

The most surprising thing is that she also pulled a cooperation.

One of the bigwigs, hearing that Tiansheng’s own factory was about to open, immediately proposed to inspect the factory department at that time, and once the factory machine hit to his satisfaction, he immediately signed a long-term cooperation with Tiansheng.

For Rong Shu, this is tonight’s unexpected joy, which she did not expect at all.

She came here only to make friends with the wife of the protagonist of the banquet, and then got to an exhibition counter in the other party’s mall.

That was her main purpose for coming here tonight, and nothing else.

Therefore, the negotiation of this cooperation is said to be an unexpected joy.

As for why the contract was not even signed, it is necessary to say that the contract was negotiated.

That's because Rong Shu is very confident in the machines she ordered from Kimchi Country, which are currently the most advanced machines in the world.

And it has undergone some minor modifications, if even this does not satisfy this big guy, she can't imagine what kind of machine can satisfy this big guy.

Anyway, she feels that the probability of being able to cooperate in the end is 100%.

After bidding farewell to several bigwigs, Rong Shu and Fu Jingting came to the corner rest area of the banquet hall.

Although there are still many people who want to talk to Fu Jingting, but seeing Fu Jingting's appearance of not entering and just wanting to stick to his wife, these people dare not take a step.

No way, Fu Jingting's performance is obvious.

It was obvious that he had come here and did not want to discuss any business with anyone, and the expressionless face and warning look on them clearly told them not to approach.

Therefore, if they still dare to go up, they will become rushing to find death.

Therefore, these people can only regretfully stay in place and dare not step forward again.

But his gaze kept moving with the movement of Fu Jingting and Rong Shu.

Looking at Fu Jingting facing Rong Shu, the gentle expression that did not have the indifference when facing them at all, the corners of their mouths twitched.

Then I saw Fu Jingting's meticulous appearance when he took wine for Rong Shu and sorted out Rong Shu's dress and sofa cushions.

The corners of everyone's mouths twitched even more.

It turned out that when they were in the mall, they were like Fu Yanwang who was walking on thin ice, and when he faced his own woman, he actually looked like licking a dog.

It's really a knife pulling ass and opening your eyes.

Of course, this is only for men.

For those women who adore Fu Jingting, their eyes are even more counted, and their eyes are even redder.

No way, Fu Jingting was originally their ideal man, and now seeing him so gentle and careful with Rong Shu, their hearts are even more sour.

How could such a good man be taken down by Rong Shu?

The women looked at Rong Shu's eyes, envious and jealous.

In another corner, at this moment, two women in dresses but ordinary looking came together, secretly looking at Rong Shu, muttering.

"Hey, didn't Miss Liu say that President Fu doesn't love that Rong Shu at all? What's going on now? Mr. Fu is so good to that Rong Shu, but he doesn't look like he has no feelings at all.

"I don't know, could it be that Miss Liu lied?"

"No, what is Miss Liu's identity, her grandfather is President Fu's teacher, she follows."

Of course, all this Rong Shu did not know.

She and Fu Jingting sat down in front of the sofa in the lounge area.

After sitting down, she put the red wine in her hand on the table in front of her, bent down and hammered her calf.

Fu Jingting saw her movements, also stopped drinking, and asked softly, "What's wrong?" "

"Sore calves and uncomfortable feet, these high heels are too hard to wear." Rong Shu replied with a good-looking eyebrow.

If it weren't for the wrong occasion now, she would want to take off her high heels and rub her feet.

It's so uncomfortable.

Fu Jingting heard Rong Shu's words, and looked at her shoes carefully, "The heel is not very high, but the design of the heel is too close, and it will really not be comfortable to wear." "

Rong Shu nodded, "Yes, this brand of high heels is characterized by being difficult to wear, but women like it very much, do you know why?" "

"Good-looking?" Fu Jingting raised his eyebrows and answered at once.

Rong Shu gave him a look of appreciation, "Awesome, you guessed it." "

The man chuckled, "Your shoes are shiny, unless there is a problem with the aesthetics, no one will say ugly." "

"Yes, this brand of high heels, each pair is very good-looking, even if it is difficult to wear, but there are many women who like it like a carp crossing the river, beauty is king, and after wearing it will show more leg shape than other high heels, but it won't take long to wear it, your calves will swell and your feet will hurt."

So these high heels are only suitable for taking photos or something.

Not suitable for long periods of time walking.

Unless the leg is not wanted.

Fu Jingting saw that Rong Shu's ankles were slightly red, and knew that these shoes were not only difficult to wear, but also a little grinding.

Now her feet are a little red, and if it goes on like this, it is estimated that the skin will be worn off.

"I'll see." As Fu Jingting spoke, he bent down to pick up her feet and put them on his lap to examine them carefully.

Rong Shu saw his intention, her eyes widened, and she quickly hugged his arm and stopped his movement, "Don't, this is the hall, many people are watching, you put my feet up to check, it's not very elegant." "

"How about that?" Fu Jingting pursed his lips, "Don't pay attention to them, your health is the most important." "

"I know, we can ignore what other people think, but we always have to give face to the protagonists of the banquet, if you let them know that we took off our shoes and touched our feet at their banquet, although they won't say anything on their lips, they will definitely not be happy in their hearts, so don't do this, I can bear it." Rong Shu shook her head and said to the man.

The man also knew that what she said made sense, and sighed softly, "So, let's go to the lounge, I'll let someone get you a pair of slippers?" How about you put on slippers next? "

Rong Shu was amused by the man's words, "Don't, where do you wear slippers to the banquet, it's like attending an award ceremony, everyone else is dressed in formal clothes, you are like pajamas, isn't it a joke." "

"But what about your feet? We will definitely stay here for a long time. Fu Jingting twisted his eyebrows and said.

He was really afraid that if this continued, her feet would be destroyed.

Rong Shu looked down at her shoes and sighed in her heart, "It's okay, I'll sit here next, as long as I wait until the banquet protagonists come out, I can go up and talk again, it should be able to hold on." "

"That's not okay, go, go to the lounge first, I'll let Zhang Cheng buy a more comfortable pair of shoes again." With that, Fu Jingting stood up, then grabbed her wrist with one hand, wrapped his arms around her waist with the other, and also took her up, half-hugging and walking in the direction of the lounge.

Everyone watched them leave the hall and go in the direction of the lounge, showing ambiguous and ambiguous eyes.

"Look, Mr. Fu, they went to the lounge."

"Understand and understand, young people, it's normal to be angry, and you can't help it."

"But I really didn't expect that President Fu turned out to be an anxious and lustful man, no different from us, I thought he was really a god who didn't eat the fireworks of the world."

"Hahaha, are you just reacting now? If he is really a god who does not eat the fireworks of the world, he will still find a woman? "

"That's what I said."

Perhaps because Fu Jingting was not present at this time, everyone's courage also increased, and even the sound of jokes became louder.

Sure enough, there are no tigers in the mountains, and monkeys are called kings.

But fortunately, these people still have a sense of proportion, joking and joking, but there is no trace of malice in the tone, it is really just a simple joke.

But the two women in the corner gritted their teeth angrily.

“Damn, that Rong Shu is so annoying, she actually dares to drag President Fu to the lounge to talk to her on this occasion, it’s just shameless.”

“That is, President Fu must have been forced, doesn’t he know that doing those things on this occasion is very rude to the banquet host?” He definitely knew, but he still did it, obviously Rong Shu that woman was seduced, that woman just wanted to take the opportunity to tell everyone that President Fu was in her control, she wanted President Fu to do whatever President Fu could do, President Fu was too pitiful. “

“Yes, how can such a powerful person as President Fu be planted in the hands of such a faceless woman, I am now completely sure that what Miss Liu said is true, President Fu and Rong Shu get back together, not because they love Rong Shu, they are really threatened by Rong Shu.”

“That’s right, hurry up, you quickly call Miss Liu and ask if she is here?” Rong Shu is going to do something with President Fu, why hasn’t she been there? Hurry up to stop ah, it’s dying for me. “

“I’ll hit it.”

The two women hurriedly called Liu Linlin.

At this time, Liu Linlin was on the way to the banquet when she heard her mobile phone ringing and guessed that it might be her two dogs who arrived at the banquet first

Liu Linlin is also an adult, although the other party did not say how to talk to her, but she could roughly guess some in her heart.

The heart suddenly lifted, and the eyes gradually rose to anger.

“What’s wrong, say.” Liu Linlin raised her voice anxiously and shouted loudly.

The two women knew that she was angry, their bodies shook, and they did not dare to delay any longer, and quickly replied, “That woman actually asked President Fu to do that kind of unsavory thing with her at the banquet, and now the two of them have entered the lounge.” “

“What?” Liu Linlin’s pupils shrank, and her voice instantly became sharp and harsh.

Her hand holding the phone tightened sharply, as if she was about to burst the phone at any time.

“She and Brother Jing Ting were at the banquet” Liu Linlin’s body trembled violently, and her eyes were even more red and terrible, as if they were about to drip blood.

Elder Liu, who was sitting next to her for a nap, heard his granddaughter’s angry voice, woke up from his sleep, turned his head to look, and saw that his granddaughter looked stimulated and going crazy.

“Linlin, what’s wrong?”

“Grandpa.” Liu Linlin looked at Liu Lao emotionally, her face was full of hatred, “Rong Shu, that woman, actually did that kind of thing in the lounge with Brother Jing Ting, they” shed tears of resentment.

Elder Liu was taken aback by her words, “What? Do that kind of thing? Lin Lin, don’t talk nonsense, Jing Ting is not that kind of person, such a rude thing, it is impossible for him not to know that he can’t do it in someone else’s banquet hall. “

“Grandpa, what did I lie to you for? It was my two friends who saw it with their own eyes, they were at the banquet right now, they said, Brother Jing Ting and that Rong Shu entered the lounge together, at this time in addition to doing that kind of thing, can you do it? Liu Linlin held her palms deadly, looking like she was going to eat people.

The two women on the other end of the phone quickly echoed.

“Yes, Liu Linlin, what we have seen with our own eyes is absolutely impossible to fake.”

Elder Liu heard their voices, and if he didn’t believe it, he had to believe it, and hammered his thigh with an angry look, “Why is Jing Ting so confused, even if his physical status is placed here, no one will say anything about him, but what will others say about him in private?” Doesn’t he know? “

“How could Brother Jing Ting not know, but this is definitely not his original wish, it must be forced by Rong Shu, she has the handle of Brother Jing Ting in her hand, so Brother Jing Ting can’t help but do it.” Liu Linlin bit her lip fiercely and said with tears in her eyes.

Elder Liu felt reasonable, “If that’s the case, that woman is really hateful, she is going to destroy Jing Ting.” “

“Grandpa, we have to stop them.” Liu Linlin looked at Liu Lao with red eyes, and said with a firm look in her eyes.

Elder Liu nodded in a deep voice, "It's to stop it, we can't let her destroy Jing Ting, but now we haven't arrived, how can we stop it?" "

"I have a way." Liu Linlin's eyes fell to the phone, "You two, find a way to sabotage their affairs." "

The two women on the other end of the phone looked at each other.

"But how do we destroy them?"

Liu Linlin narrowed her cold eyes, "You can do whatever you want, as long as you can destroy it, don't worry, Brother Jing Ting is threatened, he didn't love that woman in the first place, how could he be willing to do this kind of thing with that woman, so you go to destroy, but it is a good thing for Brother Jing Ting, maybe Brother Jing Ting will be grateful to you." "

"Thanksgiving?" Both eyes lifted their spirits, and their eyes lit up.

Liu Linlin hooked an evil smile at the corner of her mouth, and encouraged, "That's right, it's gratitude, I heard that your family seems to want you to marry, you don't want to, right?" Maybe this time you helped Brother Jing Ting, and Brother Jing Ting will repay you and cooperate with your company? And as the heroes who achieved the cooperation between your company and the Fu family, your family is too late to hold you, how can you be willing to let you marry, am I right? "

The two women nodded excitedly, "Yes, yes, Miss Liu, you think too thoughtfully for us, don't worry, we will definitely succeed in sabotaging that woman's plot." "

"Okay, then you guys hurry up." The curvature of Liu Linlin's lips became more and more intense.

The two women hurriedly answered twice and hung up the phone.

Liu Lao naturally listened to everything, he looked at his granddaughter who slowly put down the mobile phone, and asked with some anxiety, "Can they succeed?" "

Liu Linlin put away her mobile phone and turned to smile at Liu Lao, "Why not?" As long as there is a desire to destroy, there is nothing that cannot be destroyed. "

"That's what I said." Elder Liu felt that it made sense.

Liu Linlin said again: "No matter what, with these two rear guns charging for me in front, I can at least have a little snack here, I don't have to worry about what Brother Jing Ting and that woman really have at all times, even if those two women's plan fails and angers Brother Jing Ting, I don't have to worry about provoking Brother Jing Ting, Just push everything on those two women, and I'll be fine with them. "

Listening to his granddaughter's calculations, Elder Liu touched his beard with relief, and laughed, "Not bad, everything is very thoughtful, really worthy of being a child of my Liu family, you are much smarter than your brothers and brothers." "

That's why he dotes on this granddaughter so much.

Liu Linlin smiled smugly.

banquet, in the lounge.

After the lounge door was closed, Fu Jingting directly picked up Rong Shu and walked in the direction of the big bed.

Rong Shu had no man at all who would suddenly hug her, startled, and quickly hugged the man's neck.

Seeing her react like this, the man hooked his thin lips and threw her body up.

Rong Shu was scared again

At that moment, Rong Shu's whole person was stunned, and her eyes were round and looked at the man who was still lowering his head and kissing the instep of her feet in disbelief, and it took a long time to come to his senses.

"Fu Jingting you" She shrunk her foot slightly, trying to pull her foot out of the man's palm.

But the man clenched her feet so tightly that she couldn't pull out.

And the man's hands were very hot, and the hot soles of her cold feet were numb.

But no matter how many times a man's soles are, how numb the soles of her feet are, it is not as shocking as when a man's thin lips fall on her instep.

But at a moment, she not only felt that the instep of her foot became hot, but her whole body seemed to be shocked, making her sit there stiffly, and she didn't dare to move.

It wasn't until a while later, the man raised his head, she dared to move the instep boldly, her little face was dripping blood, "Fu Jingting, you just now" < b112</b112> translate="no">

What's wrong?" The man scratched the soles of her feet and looked up at her.

Rong Shu's feet itched, and she sneered, hurriedly withdrew her feet from the man's hands, and curled up on the bed to hide, "Why are you scratching me?" "

"I can't help it, it's too soft, so I want to scratch it." The man stood up and generously admitted that he just wanted to scratch.

Rong Shu hummed, and then said, "Why did you just kiss my instep, don't you feel dirty?" "

She asked awkwardly and shyly.

The man sat down beside her, "Because I feel sorry for you, I kissed, as for dirty?" How so! "

"Why not?" Rong Shu turned to face him, "Many people feel that their feet are very dirty, and they don't even want to touch their hands, let alone their mouths, you"
