Chapter 1251 – Someone Smashed the Door

It didn't matter if he knew it was a wedding shoe or not, and whether it was intentional or not, since he didn't say it.

She assumed she didn't know.

"Okay, how about standing up and seeing, it's not comfortable to have comfortable feet?" Fu Jingting put on his shoes for Rong Shu, stood up from the ground, and stretched out his hand to her.

Rong Shu put her hand on her hand and was led by him to stand up.

After standing up, the comfort on her feet was completely different from the previous pair of high heels, making her smile happily, "Very comfortable." "

The previous pair of high heels, just put on and didn't move around, just stood like that, in fact, it was not very comfortable.

After walking for a while, it is even more uncomfortable.

But as soon as the high heels stood up, she didn't have any discomfort, and even felt like she was wearing not high heels, but flat shoes.

"Take a few steps and see." Fu Jingting was still a little uneasy.

Rong Shu let go of his hand, walked around the lounge, and finally returned to him and nodded to him, "It's also very comfortable to walk, thank you." "

Fu Jingting was completely relieved at this time, "I specially asked Zhang Cheng to consult the insole to buy it, it seems that the person who insoles did not lie." "

It turned out that Assistant Zhang consulted the shoe store to buy it, not the kind he asked Assistant Zhang to buy.

It seems that she is thinking too much.

Also, he is a man, how can he understand women's high heels.

Rong Shu smiled, "I'll go look in the mirror and see if these shoes match with the dress on my body, if it will be incongruous." "

After all, the height of high heels does have a certain connection with the dress.

Hating the sky can greatly lengthen a woman's legs, and can also increase a woman's temperament and aura.

Especially if the dress on the woman's body is also more bright and can show off a person's aura, then it is most suitable with high heels that hate the sky.

If a dress full of aura, with a pair of high heels of average height, even if the high heels are beautiful, it is not suitable, not only can not fully exert a person's aura, but will also be reduced, making people look nondescript.

Even more serious, it will expose the disadvantage of the body.

So how important it is to have the right pair of shoes.

The red dress on her body is the kind with more aura, which is very suitable for hating the sky.

That's why she is now worried that the pair of wedding shoes of average height under her feet does not match the dress, and when the time comes, people will laugh that her girlfriend Fu Jingting can't even find a good costume matcher.

At that time, he not only lost his own face, but also disgraced Fu Jingting.

Seeing Rong Shu's back hurrying to the bathroom, Fu Jingting smiled helplessly.

In fact, he felt that she had no problem with this, and was about to tell her.

Unexpectedly, she ran so fast.

Fu Jingting shook his head helplessly, and followed to the bathroom. In front of the floor-to-ceiling mirror in the bathroom, Rong Shu looked at herself in the mirror, trying to create a little mismatch.

But after finally looking around, she found that the shoes under her feet, the dress on her body, seemed to have nothing to match, and any problems she was worried about did not exist.

As for why there is no sense of discord?

Rong Shu took a closer look and finally found that it was because of her leg length.

Because the legs are long, even if the height of the shoes is average, it can automatically lack that little sense of discord.

"How, is it appropriate?" At this time, the man walked in, hugged the woman from behind, and asked in the woman's ear.

Rong Shu smiled and nodded, "Not bad, I thought it was a little weird to match, but I didn't expect that I was overthinking at first glance, and it was quite suitable, mainly because my legs were long, making up for that little bit of inappropriateness, and also made me realize for the first time that I had always been a long leg." "

Fu Jingting looked down at her fair and smooth legs exposed, and his eyes darkened, "Is it?" Let me see. "

As he spoke, he reached down and touched it.

Rong Shu slapped his hand away angrily, "Go, say that the wind is rain, you are not allowed to touch." "

Isn't it time to take the next step?

The man looked at the back of his red hand, a little funny.

It's really not polite at all.

Just as the two were warming up in the bathroom, there was another knock on the door of the outside lounge.

It's just that this time the knock was very rough, and it was more appropriate to say that it was a knock, but it was better to smash the door.

The thumping sound, as if it was to collect debts, makes people worry when they listen to it.

Rong Shu could feel that the wall was shaking, directly coming over, and even the wall with the bathroom was shaking.

Who the hell is outside the door, so rude?

Not to mention that Rong Shu frowned, a little unhappy.

The face of the man behind her was even more ugly, and the aura around her plummeted and became cold.

He let go of Rong Shu, turned around and walked towards the bathroom door.

Rong Shu knew that he was going to check who was smashing the door, and quickly followed.

The two came to the door of the lounge, Fu Jingting grabbed the doorknob and turned it directly.

the door opens.

Yet there was no one outside the door!

Rong Shu frowned and guessed, “Do you know that you knocked on the wrong door and ran?” For example, knocking on the wrong door when you were drunk, and then realizing that you knocked on the wrong door, you quickly ran away? “

It’s not impossible.

Come to a banquet and inevitably drink.

And those who drink too much or drink poorly, they are easy to get drunk.

When you get drunk and want to find a place to rest, you are likely to go wrong.

Fu Jingting didn’t think so, his eyes narrowed dangerously, “No matter if you make a mistake or not, you won’t smash the door so roughly, not to mention, on this occasion, as long as someone is drunk, there will be a waiter personally to help and take it to the lounge, so there is no such thing as taking the wrong door, let alone such a smashing of the door.” “

“You mean, the person who just smashed the door was not drunk and made a mistake, but someone made a deliberate move.

Fu Jingting’s face was ugly, and the low air pressure around him was about to solidify.

Rong Shu knew that he was really angry.

Nor did she dissuade him not to be angry.

After all, the people outside are extremely hateful.

Not to mention that he was angry, even she was very upset.

Smashing the door like this, no one will have a good face.

“You step back a little. Fu Jingting lowered his voice and said to Rong Shu.

Rong Shu knew that he was going to open the door and was ready to arrest the people outside, for fear that at the moment of opening the door, he would be accidentally injured by the people outside, so he asked her to step back.

She nodded and agreed, "Be careful."

She admonished and took a few steps back.

Fu Jingting raised his chin, indicating that he would be careful, and then directly opened the door.

The people outside did not expect that Fu Jingting would wait for them to send them behind the door, one might as well, at the moment when the door was opened by Fu Jingting, the two women fell in together as the door opened.

Fu Jingting saw the two women fall in, and unhurriedly turned sideways to the side, and directly avoided the situation where the two women almost fell on him.

Then, the two women fell straight forward, and the last one fell on top of each other on the cold floor.

The woman at the top was fine, and there was a woman under her as her meat pad, so she was not injured, but she was frightened.

And the woman at the bottom was miserable, face down on the ground, her teeth were still on the ground, and she directly pretended to be a porcelain tooth, full of blood, and cried in pain.

The crying was so noisy that Fu Jingting was irritable, and his eyes stared at these two clown-like women coldly, and he scolded in a deep voice, "Shut up!" The

man's tone came towards the two women with endless majesty and murderous intent.

The two women instantly felt like they were in a terrifying hell, and they were trembling, and they didn't dare to cry or scream.

Because at that moment, they felt as if a knife was on their necks, making them dare not move.

It seems that if you move, you will be killed at any time.

Rong Shu didn't expect that it was actually two women.

She thought there was only one.

She took two steps forward and stood beside Fu Jingting again.

When Fu Jingting saw her coming, his cold breath converged a lot, and he took her hand, "Didn't you frighten?"

He asked gently.

Rong Shu shook her head, "Small scene, it's okay." "

She has even experienced the kind of kidnapping and tearing up the ticket, this little scene is nothing."

Fu Jingting nodded, relieved to see that he was not frightened.

Then, he once again fell his gaze on the two women lying together and did not dare to move, the bloody rain in his eyes seemed to bury them, even if the two women could not see him at this time, they could feel the terrifying breath coming from him, and they shivered with fear for a while.

"Who sent you? Fu Jingting closed the door, and his voice did not have a trace of emotional questioning.

The two women's bodies shook even more, and they couldn't speak clearly.

Fu Jingting was extremely impatient, "Get up, say, who asked you to come and smash the door?" The

two women did not dare not listen to him, and hurriedly got up from the ground.

The one who got up first did not forget to pull up the one that used himself as a meat pad.

After pulling it up, he also helped the other party pick up porcelain teeth.

However, the mouth of the woman with porcelain teeth was full of blood, and the blood had not stopped at this time, and it was still flowing, making her dare not open her mouth at all.

Rong Shu didn't want to look at her mouth full of blood, so she looked away in disgust and looked at another woman who lowered her head and shivered and didn't dare to look up at them, "You say, who let you come and smash the door?" Better tell the truth, otherwise you know what the consequences are!

Although

Rong Shu's tone was very light, the warnings and threats in her tone were really solid.

But even those who are a little timid will also be frightened.

After all, no matter what, she has also been the chairman for a few months, and she has some majesty of a superior person.

But only if someone is afraid of her.

But obviously, the two women in front of them are not afraid of her.

They were convinced of Liu Linlin's words, and insisted that Rong Shu and Fu Jingting were reunited, definitely not because of feelings, but because Rong Shu held Fu Jingting's handle in her hand.

Therefore, for a vile and shameless person like Rong Shu, they naturally have nothing to fear, and they do not put it in their eyes.

In their opinion, even if they treat Rong Shu with a bad attitude, it is no problem, Fu is subject to this woman, they target Rong Shu, maybe it is too late for Fu to be happy.

Once happy, maybe Mr. Fu will not care about their rude behavior of smashing the door.

The more I thought about it, the more I felt that this was the case, the woman who was a little fat and not injured suddenly stood up, looking at Rong Shu's eyes, as if looking at garbage, "We don't tell the truth, what does it have to do with you meeting a woman, what are you, you are also worthy of asking us, you"

Before the woman finished speaking, she suddenly felt a sharp pain in her abdomen, and then screamed, and her whole body flew out, flying out at least two meters away, and finally fell heavily on the ground, clutching her stomach in pain and rolling on the ground.

This change stunned Rong Shu and another woman who had lost her teeth and was a little thinner.

Rong Shu was okay and soon regained her senses.

But the thin woman stood there, her shocked mouth grew big, looking at the fat woman who was still rolling on the ground, her face was pale in pain, her head was sweating, her body was trembling constantly, and her eyes were full of horror.

Mr. Fu actually hit someone.

Yes, the reason why the fat woman just now flew out was because she was kicked by Fu Jingting.

To be honest, even Rong Shu didn't expect that the man would suddenly make a move.

But the reason why the man made a move, she was like a mirror, and she was also very happy.

Fu Jingting stopped Rong Shu's shoulders, raised his chin slightly, and looked at this fat and thin woman like an ant, and the killing intent of his voice made these two women almost unable to kick their breath.

"My darling, I can't bear to say a serious word to her, you actually dare to scold her, and scold in front of me, since you want to find death so much, then I will fulfill you."
<B1122> At this time, the two women knew that Fu Jingting suddenly acted on them because of a problem with their attitude towards Rong Shu.

Mr. Fu also said that Rong Shu's woman was his treasure.

How is this possible!

The two women looked at Rong Shu suspiciously.

The thin woman who was kicked to the ground by Fu Jingting couldn't care about the colic in her stomach at this time, looking at Rong Shu muttering incredulously, "How can this be, this is impossible, how is this possible?" "

Miss Liu didn't say that Fu was with Rong Shu, not because he had feelings with Rong Shu, but because he was threatened by Rong Shu.

So what is the situation now?

Rong Shu is a treasure that President Fu personally admits, is this still called no feelings?

If there is no emotion, then their attitude towards Rong Shu just now, President Fu will not be angry, let alone hit them, but should be very supportive of them, after all, Rong Shu threatens him, and they target Rong Shu, which can be regarded as helping him avenge.

But Mr. Fu not only didn't feel that they were helping him by doing this, but he felt that they had hurt his baby.

What does this mean, it shows that what Miss Liu said is wrong, and President Fu and Rong Shu are reunited, not because they have no feelings.

On the contrary, they have feelings!

Realizing this, the fat woman's whole head banged, and it felt like it was about to explode.

It was really this realization that was too unexpected for her, and it made her finally have a sense of fear of where things were going next.

Originally, she thought very well, feeling that President Fu was threatened by the woman Rong Shu, and she obeyed Miss Liu to sabotage Rong Shu's conspiracy and save President Fu, even if she was rude to smash President Fu's door, President Fu would not be angry with them, and would even thank them.

After all, they saved him from the clutches of Rong Shu.

But now, realizing that President Fu has feelings for Rong Shu, and getting back together with Rong Shu is not simply threatened by Rong Shu, maybe there are some voluntary thoughts of their own, then they smash the door, will President Fu really thank them?

I'm afraid not.

After all, she just scolded Rong Shu, and she was fiercely cleaned up by President Fu.

So when they smash the door, how will President Fu clean them up?

The fat woman didn't dare to think about it anymore, and the more she thought about it, the more afraid she became, and the more regretted she felt in her heart.

Regret why I cursed more at that time.

It has already smashed the door, and it is already okay to destroy Rong Shu's behavior of not having a face, and there is no need to regenerate right and wrong perfectly.

So much so that now I am beaten and don't say anything, and I don't know what to do after that,

what fat women can think of, thin women can also think of.

After all, it is a hill, stupid to go together, naturally will be smart to go together.

In short, the two of them are really afraid of it, and they don't know who to look for if they want to find a savior.

Fu Jingting ignored the two women for the time being, looked a little worried and asked, "Didn't it scare you just now?"

Rong Shu smiled and shook her head, "You mean, what do you do?"

Fu Jingting was noncommittal, "I don't hit women, but these two women have touched my bottom line, so I can only do it, but I'm afraid of scaring you and making you think that I am a violent man." "

That's not good.

Once she feels that he is a violent man who will do something to women, then in her heart, she can't help but wonder if he will also do it to him in the future.

As a result, there is some vigilance and even alienation from him.

That's what he's most worried about now.

However, Rong Shu shook her head and replied, "No, I know that you will not be such a person, and I know why you beat them, you are for me, because they scold me, I am too late to be happy, because you are defending me, so how can I be afraid of you." "

Many men, when their girlfriends are wronged, not only do not help fight against the people who bullied her, but also persuade their girlfriends to turn big things into small things.

That kind of man should be despised.

And Fu Jingting should be praised.

His girlfriend was bullied, and he did not choose to be silent, but did not hesitate to make a move and taught the person who bullied his girlfriend.

Even if the means are a little ruthless, it will not make people feel wrong.

After all, he can protect his girlfriend and defend his girlfriend at a critical time, and such a man is a real man.

is a good man worthy of women's reassurance.

Seeing that Rong Shu did not feel that what she was doing was wrong, and she also felt that she was too violent, Fu Jingting finally relaxed.

Then he gently touched her head, then took out his phone and started calling.

Rong Shu saw that he was calling Assistant Zhang, knowing that he was going to deal with these two women, and did not bother, and turned to look at these two women.

The thin one, who was still covering his mouth that was dripping blood, stood there pale and frightened, not daring to move.

And the fat one, that is, the one who was kicked out by Fu Jingting, was still holding her stomach and lying on the ground sweating, trying to get up several times, but as soon as she moved her stomach, there was a severe colic, making her face turn white and lie back on the ground.

It can be seen from this that Fu Jingting's kick did not mean to show any mercy at all, and he was really ruthless.

Otherwise, the woman's subcutaneous fat is so thick, and she won't be able to get up for half a day.

The fat woman found that Rong Shu was looking at herself, her pupils shrank, her body instantly tightened, her mouth opened, and she trembled and majestically spoke, "Miss Rong Rong" Rong Shu saw that she was so afraid of herself, her red lips couldn't help but hook, "

I can't afford to be you Miss Rong, didn't you say that I was a mean woman?" Why, don't call me a mean woman now? The

fat woman knew that Rong Shu was deliberately mocking herself, and her face turned even paler.

Especially after Rong Shu said these words, the eyes that Fu Jingting saw without the slightest human emotion made her faint in fear.

But on the contrary, her physical fitness is still very good, but she can't faint, she can only force her fat face to smile extremely reluctantly, and replied in a panicked voice: "Miss Rong said and laughed, how dare I say this about you, I just just spoke quickly, and please Miss Rong for your forgiveness, don't be like me, I can compensate you for anything." "

As long as you don't hold on to what just happened, maybe President Fu will also let her go?

"Fast-mouthed? The mockery on Rong Shu's face was even worse, and the smile was even more unsightly, "In this world, there is no such thing as a quick mouth, the so-called quick mouth, just because it is what you say in your heart, you think so in your heart, that's what you think of me, so you will say it quickly." The

fat woman was about to cry, her head shaking like a rattle, "No, it's not."

Realizing this, the two women snorted in unison, not daring to delay, the fat woman hurriedly replied, "I said I said, Mr. Fu, Miss Rong, we didn't mean to smash the door, someone wanted us to stop you from being intimate in the lounge" "

What? Rong Shu was stunned, and it took several seconds to react to the meaning of this fat woman's words.

This person was saying that she and Fu Jingting were doing that kind of thing in the lounge.

And then they can't get used to it before they come to stop it!

Rong Shu smiled angrily.

Fu Jingting's face was even more gloomy and terrible, "No matter what we do inside, what does it have to do with you, do we need you to be nosy?" Is your tutor to keep your eyes on other people's affairs and then do sabotage? The

killing intent in his tone became more and more obvious.

The two women's bodies shook even more, and they shook their heads quickly, as if they wanted to shake their heads off.

"No, we didn't mean to stare at you, it's Miss Liu! The fat woman's eyes closed and her heart was crossed, and she finally betrayed Liu Linlin.

Although she is friends with Liu Linlin, but now she is not protected herself, what does she care about Liu Linlin?

In addition to being a little surprised at the moment when the fat woman confessed Liu Linlin, the thin woman quickly reacted to their current situation, and could only confess Liu Linlin.

Let Liu Linlin bear it for them in front, otherwise they will definitely not have a good time next.

Anyway, they did this kind of thing, originally Liu Linlin instructed, they were caught, Liu Linlin, as the person behind the scenes, naturally should rush ahead of them and share the biggest sin for them.

"Miss Liu? A name flashed in Rong Shu's mind, "You mean, Liu Linlin?"

Fu Jingting's eyes narrowed dangerously.

The two women nodded their heads again like chickens pecking rice, "That's right, that's her."

"It's really her. Rong Shu really laughed angrily at this time.

Then, she looked at the man beside her with a smile, "It seems that your attitude towards the Liu family in the past two days has not made her realize that you are really here for the Liu family, so you still dare to provoke us now?"

Fu Jingting's thin lips pursed a little cold, "I didn't expect that she was so brainless, but it's okay, since she wants her Liu family to rush to kill herself, then I will fulfill her!" On

the opposite side, two women standing and lying down heard the conversation between the two and looked at each other again.

At this moment, they all saw shock and panic in each other's eyes.

God, they seem to have been deceived by Miss Liu again!

Miss Liu said that Mr. Fu and Rong Shu got back together not because of feelings, but because Rong Shu had the handle of Mr. Fu in her hand, so Mr. Fu had to get back together with Rong Shu.

But what they see now, it's not like that at all.

Therefore, this is the first time they found out that Miss Liu had deceived.

And now, the second one has been discovered.

That is, Miss Liu said that President Fu has been a little indifferent to their Liu family these days, but she also wants to teach them a small lesson to the Liu family, teaching them that the Liu family arbitrarily advocated stumbling on Rong Shu without the consent of President Fu, so President Fu felt that he was refuted by the Liu family, and wanted to teach the Liu family a lesson, and did not really mean to deal with the Liu family. After a while, they will reconcile with their Liu family.

Therefore, they were convinced that their parents did not ask them to stay away from Miss Liu, but let them continue to be friends with Miss Liu.

In order to wait until President Fu re-accepts the Liu family, the Liu family can say good things to President Fu and help them for the sake of the two of them not leaving their Liu family.

Therefore, they still revolved around Liu Linlin, and they hardly had any doubts about all Liu Linlin's words.

But now they realize that they have been deceived again.

President Fu didn't just want to teach the Liu family a small lesson, but really planned to break with the Liu family.

Mr. Fu and Liu Linlin also do not have the friendship of childhood sweethearts.

But if there is a little bit of childhood friendship, how can President Fu mention Miss Liu without a trace of emotion in his eyes, no different from them?

At this moment, the two people were completely panicked, and they also completely realized that they were tricked by Liu Linlin and used as a gun by Liu Linlin.

Liu Linlin deliberately told them this, in order to win them over, confuse them, and make them become a knife in her hand to deal with Rong Shu for her.

And she herself is hiding behind her back and reaping the benefits.

If the relationship between President Fu and the Liu family, as well as the relationship with her, is really as she said, then what they do for her can really help her achieve her goal.

Even if they finally realized that they had been deceived, but they had already done everything they should have done, then Liu Linlin was behind her back, still with clean hands, and could retreat with her whole body.

I have to say that Liu Linlin is so scheming!

Thinking of this, the two women hated Liu Linlin in their hearts, their eyes were blood-red, and they were extremely excited.

Rong Shu and Fu Jingting have always seen their reactions in their eyes, and when they saw their appearance at this time, they guessed something.

Rong Shu said sympathetically and disdainfully, "It seems that you have been used."

This sentence, undoubtedly, like a knife, was fiercely inserted into the hearts of the two women.

Let the two women's hatred for Liu Linlin become more and more intense.

Yes, they are being used.

They admit that they are just small people and want to get benefits from Liu Linlin.

Liu Linlin can use them, but only if everything Liu Linlin said is true, not deliberately deceived.

But obviously, they were deliberately deceived by Liu Linlin, and they really stupidly charged for Liu Linlin and ended up with an imminent miserable end.

But it doesn't matter, they are finished, and they have to take Liu Linlin down everything.

Why are they covered in filth, but Liu Linlin can still stand on the shore neatly?

They would never allow that to happen.

Thinking of this, the two women looked at each other, and both saw firmness in each other's eyes.

Finally, the fat woman endured the sharp pain in her abdomen and gritted her teeth and got up from the ground.

The thin woman helped her, she was able to stand firmly, looked at Rong Shu and Fu Jingting with a painful face, and said in a weak voice, "President Fu, Miss Rong, we know that this matter is wrong, we will put everything out." This

is exactly what Fu Jingting and Rong Shu want to see.

If it weren't for someone else's banquet, making things bigger, and being rude to the protagonist couple of the banquet, he would have ruined their banquet, and he wouldn't have wasted time with the two women here at all, but directly let Zhang Cheng take people down and interrogate them in detail.

At that time, I am still afraid that these two women will not say?

Not to mention, then he will take the family after their farewell.

"Then say it. Fu Jingting took Rong Shu's hand, came to the sofa in the lounge and sat down, elegantly folded his legs, and stared at the two women like a king.

The two women took a deep breath, and finally the fat woman opened her mouth to explain, "We are Liu Linlin's college classmates, and we have a good relationship, but Liu Linlin went abroad six years ago, so our relationship was broken, but this time, Liu Linlin suddenly returned to China and took the initiative to contact us, saying that we want to restore our friendship, just when our family thinks about the relationship between Liu Linlin's family and President Fu, so let's quickly restore the relationship with Liu Linlin, we were actually reluctant at first." , After all, after so many years of

separation, the relationship has long faded, but the orders of the family have to be obeyed, so we can only do it. ”

The thin woman nodded hurriedly on the side, indicating that what she said was true.

The fat woman saw that Rong Shu and Fu Jingting did not interrupt her, but let her continue her expression, fixed her panicked mind, and continued: “Probably because of our good relationship in the past, we and Liu Linlin did not meet twice, plus Liu Linlin recalled a lot of interesting things from college with us, so we were taken down by her and resumed friendship with her, and then we asked her why she suddenly went abroad six years ago, Without even saying hello to us, Liu Linlin suddenly cried and told us that she was forced to go abroad”

Speaking of this, the fat woman glanced at Rong Shu timidly.

Rong Shu raised her eyebrows, “What do you mean?” Did Liu Linlin say that I forced her to go abroad? The

fat woman nodded, “Yes, that’s what she said.”

Rong Shu seemed to have heard a big joke, holding the man’s arm and shaking, “Fu Jingting, did you hear that?” She actually said that she was forced out of the country by me, isn’t it funny, six years ago, I didn’t know her, how to force her? What’s

more, she can’t do the kind of thing that forces others to leave the country.

Hearing Rong Shu say that they didn’t know Liu Linlin six years ago, the two women were both surprised and a little expected.

After all, Liu Linlin has deceived them so much, it seems that there is one more of this, it is not surprising.

“I didn’t expect her to go abroad, but there is actually a reason for you? A trace of coldness flashed in Fu Jingting’s eyes.

Rong Shu knew that he was mocking, and spread his hands speechlessly, “Yes, people sit at home, the pot comes from the sky, I also want to know, I don’t know her, and how did she force her to go abroad, could it be that there is another me?”

With that, she laughed.

Fu Jingting squeezed her hand.

Rong Shu suddenly asked, "By the way, why did Liu Linlin go abroad six years ago?" "

I said that I was studying abroad, but who knows if it's true or not, I have studied abroad for six years, and I haven't seen her get a doctorate." Fu Jingting said coldly.

It can be seen how fake this so-called study abroad is.

Rong Shu touched her chin, "So Liu Linlin is likely to go abroad six years ago, not to study abroad, but for other reasons, and even this reason, let her go for six years and not return, I suddenly became a little interested."

"Since you want to know, asking her directly after that is, the most important thing now is another thing." Fu Jingting touched her brain, and then looked at the two women opposite, and her appearance became extremely cold again.

Looking at Fu Jingting, who changed from the gentle and good man image to Rong Shu when facing them, and suddenly transformed into the appearance of a cold-faced Yan King, the two women looked at each other.

Now, they are completely sure that what Liu Linlin said is.

What Fu always has no feelings for Miss Rong.

Mr. Fu has deep feelings for Miss Rong.

Didn't you see that President Fu would only be gentle with Miss Rong alone?

If this is called no feelings, then what is called having feelings?

That stinky female cousin!

In their hearts, the two women hated Liu Linlin to death, hating and scolding.

Then, they heard Fu Jingting's cold voice, "Why did Liu Linlin tell you that she went abroad six years ago and was forced away by my lover?" The

fat woman swallowed and hurriedly replied, "Because Liu Linlin wants to arouse our sympathy and pity for her, as well as our hatred and disgust for Miss Rong." "

Oh? "Rong Shu is interested," he said. The

fat woman did not dare to delay, and hurriedly replied, "Liu Linlin loves Mr. Fu, but Mr. Fu, you are Miss Rong, Liu Linlin can't accept this fact, and wants you to break up."
Rong

Shu and Fu Jingting were noncommittal.

“Go on. Fu Jingting pursed his lips.

The fat woman shrunk her neck, “Probably because of the online incident two days ago, Liu Linlin made a move, and now it has become a joke on the whole Internet, so Liu Linlin plans to lurk on her own and not take action personally, so she deliberately re-befriended the two of us, and then deliberately deceived us, saying that President Fu and Miss Rong are together, not because of feelings, but President Fu, you have a handle that was pinched by Miss Rong, and Miss Rong threatens you with this, You just agreed to get back together with Miss Rong, even if she went abroad six years ago, she was forced to go abroad by Miss Rong, because she said that Miss Rong couldn't see her and Mr. Fu getting close to you six years ago, so she carried Mr. Fu behind her back and forced her out of the country. “

Hahaha” At this time, Rong Shu really laughed heartily, not to mention how loud she laughed, and the tears at the corners of her eyes laughed out.

Even Fu Jingting didn't expect Liu Linlin to say these words to these two women, and she felt extremely ridiculous.

It's just that he never leaks his emotions, unless only Rong Shu is there, otherwise even if he encounters something that makes him change his mood again, he will be very indifferent.

“Fu Jingting, did you hear that? They actually said, you got back together with me because I threatened you with your handle, so you had to agree to get back together with me, hahaha, oh my God, this is the funniest joke I've ever heard this year hahaha”

Rong Shuxiao's body curled up and turned upside down.

Fu Jingting hurriedly hugged her, pampered and helpless, “Be careful, don't fall or hit somewhere, don't laugh, doesn't your stomach hurt?” Seeing

that she had been holding her stomach, Fu Jingting guessed that her stomach must be uncomfortable with laughter.

However, even so, Rong Shu still did not stop.

Because, it's so funny.

“It hurts, but I can't stop. Rong Shu raised a little red face with a smile, and looked at her with tears in her eyes, pitiful.

The man sighed helplessly, put his arm around the back of her head, and kissed her on the red lips.

Rong Shu was caught off guard by the man and kissed the whole person

This Time, I Will Get My Divorce Chapter 1256 Listening to the man's earthy confession, Rong Shu's heart was both sweet and funny.

But on the face, he deliberately pretended to be angry and glared at the man.

No way, who let the dog man not say it sooner or later, but to say it at this time.

She majestically intimidated the two women.

The dog man said such a thing at this time, wouldn't it be to tear down her table?

But forget it, for the sake of what he said, which really made her heart happy, she didn't care about him.

Rong Shu patted her somewhat hot cheek, closed her eyes, and after a while, she readjusted her mentality, regained her calm appearance, and refocused her gaze on the two women.

"Liu Linlin told you this, you didn't doubt it, you directly believed her words, and then felt that she was pitiful, so you thought that as friends, you should do something for her, so you saw Fu Jingting and I enter the lounge at the banquet, so you ran over and smashed our door to help Liu Linlin protect Fu Jingting's innocence? Rong Shu wrapped her arms around her again, and her slender and white legs were also folded, and it looked like she had a bit of a queen's posture.

The two women shook their heads and nodded again.

Rong Shu pursed her lips, "In the end, is it what I said, give an accurate word." The

fat woman responded repeatedly, "Yes, yes, Miss Rong guessed most of it correctly, but some of them guessed wrong, Liu Linlin told us this, we really sympathize with her, and we are very sympathetic"

The fat woman closed her eyes fiercely, seemed to be exempt, and plucked up the courage to continue: "I also hate Miss Rong, I think Miss Rong you are a bad woman, six years ago drove Liu Linlin away, not to mention, and used this means to threaten President Fu, so we felt that you were very disgraceful, but we didn't think of sabotaging you, Liu Linlin didn't let us do anything, until about five o'clock this afternoon, Liu Linlin suddenly contacted us, knowing that we would also follow our fathers to the banquet, so let us keep an eye on Miss Rong and President Fu at the banquet." , Report to her at

any time, and when we see Miss Rong and President Fu, you come to the lounge and tell Liu Linlin about this matter, Liu Linlin will let us think of any way, we must stop you, don't let you do that"

The more she said the latter words, the more she said.

Fu Jingting's face was expressionless, "You guys are sincere. Fortunately, he and Xiao Yezi really didn't do anything.

Otherwise, those few slamming sounds of the door, wouldn't it directly make him think of such a possibility, Fu Jingting's anger around him instantly permeated, and looking at these two women again, it was really like looking at a dead person.

The two women were naturally almost scared and screamed.

But in the end, he resisted desperately.

"Oh? So the behavior she asked you to stop was to come and smash the door? The corners of Rong Shu's mouth curved indifferently.

The two women hurriedly shook their heads.

"No, she didn't tell us, let's use any method to stop, just let us think for ourselves, we must prevent success, we thought for a long time, before we came up with the method of smashing the door, I felt that after smashing the door, we could run away quickly, without being caught, even if we were caught, we could also excuse ourselves to say that we were drunk and went wrong"

The two women buried their heads low.

They really think well.

But what they didn't expect was that Fu Jingting and Rong Shu did not follow the path they envisioned.

Not only did they open the door directly, allowing them to throw themselves into the net, but they didn't even give them an excuse to go wrong, and directly attacked them, completely breaking all her plans.

"Drunk and wrong? Fu Jingting lightly opened his thin lips, and repeated these words without any fluctuations in his voice.

The two women swallowed nervously, feeling the terrifying breath coming from him, and they were afraid to cry.

Rong Shu poured herself a glass of water, drank it, moistened her throat, and then said, "You guys think well, but you haven't thought about it, after being caught, can you really use this excuse to retreat with your whole body?" Don't say that you knocked on the door of the No. 1 lounge, everyone knows this, it is specially prepared by the banquet host for Fu Jingting, it is absolutely impossible for someone to knock wrong, even if you are drunk, there will be staff to lead you to other lounges, and it is impossible to have that opportunity for you to knock wrong, so your lies will be false as soon as you hear it, no one will believe it, naturally, you will not be able to retreat with your whole body, even if you knock on the door of No. 1 lounge, it is other lounges, just by virtue of your knocking posture, you can't eat and go. "

We," the two women were speechless.

Rong Shu put down the water cup, "So don't you really think about what kind of fate you will face if your actions anger us?"

"If they had thought about it, they wouldn't have done it." Fu Jingting reached out and touched the outside of the water cup that Rong Shu had just put down.

Finding that the water was icy and not hot, his brows suddenly wrinkled.

Then, he took out his mobile phone and sent a message out.

Rong Shu noticed the man's movements, but did not pay close attention, only when the man himself was thirsty and wanted to drink her water.

Anyway, many times, they share a cup, so Rong Shu is also used to men drinking what she has drunk.

Anyway, as long as he doesn't dislike it himself.

As for the back, the man's action of taking out the mobile phone, she didn't see it, and the attention was on the two women again.

"It seems that you really haven't thought about it. Rong Shu smiled inexplicably.

I thought these two women were stupid enough.

But now I found out that she was much stupider than she thought.

The two women naturally looked at Rong Shu's contempt in their eyes, and their faces turned red.

"It's not that we haven't thought about it, we thought about it, we thought about us coming to smash the door of President Fu's lounge, and President Fu would be angry, but Liu Linlin told us, let's not be afraid, saying that President Fu is threatened by Miss

Rong, we come to smash the door to destroy your good deeds, not only will we not be hated by President Fu, but we will be thanked by President Fu, and then our family will follow suit, we feel it makes sense, so”

“Understood, so I stupidly believed it, and then I didn’t care about anything and went straight on, so now what? Do you think he will appreciate you now? Rong Shu patted the man’s shoulder and asked the two women with a smile.

The two women were full of self-deprecation.

Grateful?

It was already their luck not to kill them on the spot.

Seeing that the two women did not speak, Rong Shu did not bother to pay attention, and looked at Fu Jingting, “This Liu Linlin, she really has a plan, let others charge for her, she herself hides behind her back and her hands are clean, but unfortunately, the heart is deep, but there are flaws everywhere, the brain is smart, but it is not sophisticated enough, and it is doomed to not succeed.”

Fu Jingting raised his chin and was noncommittal.

At this moment, a knock sounded at the door, and the voice of Assistant Zhang came from outside the door, “Mr. Fu.” ”

” Come in. Fu Jingting replied lightly.

The door to the lounge opened, and Assistant Zhang walked in with a bag and four men in hotel security uniforms.

“Mr. Fu, is that them?” Assistant Zhang pointed to the two women and asked.

He already knew what was happening, and Mr. Fu had called him before, saying that two women had forcibly broken into the lounge and asked him to bring someone over.

Although Mr. Fu did not specifically say why the two women forcibly broke in, but as a powerful special helper, he naturally had to investigate the matter clearly, so he went to see the monitoring, copied it, and then quickly brought someone over.

This Time, I Will Get My Divorce Chapter 1257 He really didn’t know if these two women were brainless or bold.

He actually dared to smash President Fu's door.

If this spreads, it is estimated that it will become famous.

After all, few people in the country dare to do this, these two women have set a precedent, maybe they will be regarded as idols by many people all of a sudden.

Of course, this idol is derogatory.

Fu Jingting looked in the direction pointed by Assistant Zhang, looking at the two women with frightened faces, close together, constantly snorting, and raised their chin slightly, "Take people down, ask which family it is, and then after the banquet, invite their parents here, I want to see how they educate their children and teach their children so stupidly." "

Understood. Assistant Zhang nodded in response, and then waved at the four security guards.

The four security guards immediately walked towards the two women.

The two women knew that they were coming to catch them, and for a moment they were scared to death.

Because they know that once they are fell, although they will not be tortured, the fear in their hearts will also crush them.

Fu Jingting said that he wanted to interview their parents.

In other words, this matter is not over yet, even if they have explained everything clearly, President Fu does not intend to let them go.

Mr. Fu will not punish them directly, but chooses to start with their parents and let their parents punish them.

And this is indeed the most frightening and terrifying for them.

If President Fu directly punished them here, even if this matter was exposed, even if their parents learned later, although they would be angry at their behavior, they would not be too calculating, just teach them a formal lesson, and it would be fine to go through the motions.

But Mr. Fu directly interviewed their parents and asked them to punish them, and the problem was serious.

Their parents will feel that they have made them lose face, and the family they almost harmed has an accident, so once the interview with President Fu is over, they will be punished most severely by their parents.

Perhaps in order to completely calm President Fu's anger, the parents directly announced that they would be thrown out of the house, so that they would completely lose their family identity.

After all, they have nothing to do with the family, and President Fu has no excuse to punish them and do something to the family behind them.

Speaking of chance encounters, this is the most terrifying.

They must not let their parents meet with President Fu, otherwise everything will be over!

The more I thought about it, the more afraid I became, and the two women cried and pleaded with Fu Jingting and Rong Shu.

“Mr. Fu, Miss Rong, we know that we are wrong, we really know that we are wrong, we are stupid, we have no brains, we shouldn't do this, you can punish us however you want, but please, don't let our parents come, please woo
“

The two women burst out with great strength at this time, broke free of the four security guards directly, and knelt on the ground with a bang , While hitting himself in the face, he cried and knelt towards Fu Jingting and Rong Shu.

In that case, don't mention how pitiful it is.

Rong Shu watched them hit their faces and turned red, knowing that they did not show mercy, to be honest, they were still a little pitiful.

After all, people, compassionate, soft-hearted, these are normal people, but also human beings are born with emotions.

Without these, it is even more dangerous, and then it becomes an antisocial personality?

Of course, even if Rong Shu felt that it was pitiful for them to beat themselves like this, crying like this, and their hearts were soft, they never opened their mouths to forgive them.

She is soft-hearted and sympathetic to them, but it does not mean that her soft-hearted and sympathetic will be given to everyone and will come to abuse.

Unless it is a really pitiful person, or a misunderstanding, even if she is soft-hearted, she will not open her mouth to forgive them and spare them.

How many adults are responsible for everything they do.

Since these two people are wrong, they should bear all the consequences for what they have done wrong.

Speaking of which, she is also for their good, teaching them what responsibility is.

Fu Jingting has been paying attention to Rong Shu all along, wanting to see how Rong Shu will arrange these two women.

He knows that she is kind, easy to soften, and easy to be moved by someone or something.

Therefore, he also wanted to see if these two women were so cruel to themselves would make her soft-hearted.

If she relented and didn't want to pursue the matter, she chose to bypass these two women, even if he was a little unwilling, he would obey her wishes.

Therefore, when these two women broke free from the shackles of the security guards and Zhang Cheng wanted to let the security guards step forward to arrest people again, he would secretly give Zhang Cheng an instruction to stand still.

Otherwise, these two women would not have come to them at all, and they would have been taken down by security guards long ago.

Fortunately, Rong Shu did not disappoint Fu Jingting in the end, although he saw sympathy and soft pity on her face, but even so, she never had the intention of opening her mouth to stop this matter.

In the end, she directly turned her eyes away and said to Zhang Cheng, "Assistant Zhang, take people away, my ears are noisy." Hearing

her ears noisy, Fu Jingting hooked his thin lips and directly covered her two lovely ears.

Rong Shu turned her head to look at him, her round eyes full of doubts.

Fu Jingting's eyes were dotting, "Didn't you say noisy?" So that you don't quarrel.

Rong Shu smiled, "That's a good idea."

Then, Fu Jingting covered Rong Shu's ears and turned his gaze to Assistant Zhang, impatient ordering, "What are you still stunned about, didn't you hear?" Bring people down. "

This Time, I Will Get My Divorce Chapter 1258 Hearing Rong Shu's words, the man folded his hands on the same folded knees, moving like a medieval aristocrat, full of elegance and nobility, which was very pleasing to the eye.

"Since you feel sorry for me, then go back to you" "

Don't even think about it." Rong Shu probably guessed what the dog man was going to say next, quickly glanced at Assistant Zhang, and quickly interrupted him with a slightly red face.

Seeing her look of shame and indignation, a smile flashed in Fu Jingting's eyes, "I just want you to rub my temples after you go back, and help me relieve all the noises that I used to cache in my head, there is no other meaning, you even have to interrupt me?"

His tone was aggrieved.

Rong Shu was stunned, "Rub your temples?"

"Or else? The man approached her, "Is it possible, what do you think I want you to do?" "

Of course I thought you wanted to"

Speaking of this, Rong Shu suddenly reacted, quickly covered her mouth, and swallowed the following words back.

But the two eyes were wide and stared at the man unkindly.

The dog man was paraphrasing her words, so that she almost said them.

If only it were just the two of them here.

But on the contrary, there is an assistant Zhang here, if she says it, Assistant Zhang listens, how embarrassing the scene is.

Fortunately, fortunately, she reacted in time, otherwise she really wanted to find a crack to get into.

The dog man is the same, knowing what she may have to say, and talking in front of outsiders.

This skin is really incomparable to ordinary people.

Rong Shu hummed, "Okay, don't talk about this, just go back and rub it for you, I'll go to the bathroom."

With

that, she stood up and trotted over to the bathroom as if running away.

She needs an independent space to relieve her inner embarrassment.

Fu Jingting also knew that Rong Shu's bathroom was an excuse, and did not break her, and after a low laugh, he looked at Assistant Zhang.

Assistant Zhang stood there, the whole person was expressionless and looked unhappy.

No way, from his point of view, the relationship between President Fu and Miss Rong just now is sprinkling dog food.

Who is the dog food sprinkled to?

Not yet his single dog!

So, is he happy?

I knew that he had just gone out with him.

Sighed silently and bitterly in his heart, but Assistant Zhang's face quickly recovered from the serious appearance of being a special assistant, pushed his glasses and asked, "Mr. Fu, what is the situation with those two women just now?" He

just saw the two women smashing the door of Fu Zong's lounge like a neuropathy in the surveillance.

But I don't know the reason for smashing the door, let alone what happened when President Fu opened the door and got these two women in.

Therefore, now he can only open his mouth and take the initiative to ask.

Fu Jingting took the water that Rong Shu had just drunk and took another sip, before his voice spoke coldly, "Those two women, it is Liu Linlin's eyeliner, help Liu Linlin monitor my and Xiaoyezi's every move at the banquet at any time, Xiaoyezi's foot was injured, I took her to the lounge to take medicine, these two women thought that Xiaoyezi and I

were coming to be intimate, and immediately reported to Liu Linlin, and Liu Linlin asked them to destroy the 'intimacy' between me and Xiaoyezi." Hearing

this, Assistant Zhang understood.

The two women's actions of smashing the door were to destroy the 'intimacy' between President Fu and Miss Rong.

Speaking of which, these two women are really fatal.

Let's not say that Mr. Fu and Miss Rong didn't do anything, even if they did, it would be reasonable, after all, they were righteous lovers.

Liu Linlin and these two women, what qualifications do they have to destroy?

And in this rough way, they are not afraid of what President Fu and Miss Rong are really doing, and then President Fu is so whole by them, will they never lift it?

If this is the case, the lives of these two women will not be enough for their lives.

"This Liu family is really a thief with an immortal heart. Assistant Zhang said in disgust.

Fu Jingting squinted, "It's me who gives them face too much, I originally thought, first don't be in such a hurry to announce the break in my relationship with the Liu family, after all, Liu Lao is my teacher, teacher and student, I don't want to do too much, I give them a period of time, let them find their own way to stabilize the stock market and I will announce it, but it turns out that I think about them, but they don't put me in their eyes at all, in this case, then I don't need to be merciful to them, After the banquet, let's announce it directly. "

Yes. Assistant Zhang nodded.

"Also, send someone to keep an eye at the door, and notify me immediately as soon as the Liu family appears." Fu Jingting pursed his lips.

Assistant Zhang was slightly surprised, "The Liu family appeared?" But I have read the banquet list today, and I did not invite the Liu family.

"Just because there's no invitation doesn't mean they won't show up, and don't forget, invitations can be forwarded." Fu Jingting glanced at him, "In addition, Liu Linlin's eyeliner said that Xiao Yezi and I are intimate in the lounge, do you think, will she want to come over?"

Assistant

Zhang reacted and slapped his forehead, "I forgot about this stubble." "

Go ahead. Fu Jingting waved his hand.

Assistant Zhang answered, turned around and walked towards the door.

After walking two steps, he suddenly thought of something, and then stopped and turned around, "By the way, Mr. Fu, if the Liu family really comes, do you want to let it in?"

"What do you say? Fu Jingting frowned, "Since the banquet host did not invite them, of course they must not be allowed to appear, so as not to make the banquet host unhappy."

Assistant

Zhang pushed his glasses and smiled, "Got it, I'll go."

After

he left, only Fu Jingting was alone in the lounge.

Fu Jingting rotated the water cup with one hand, as if he was not turning a glass of white water, but a glass of red wine, and his movements were lazy and good-looking.

Rong Shu came out of the bathroom

Rong Shu couldn't walk, so she had to stop, "What's wrong?" She looked back at him, her eyes puzzled.

The man also stood up, and then from the table next to him, he lifted a small bag for her.

"What is it? Rong Shu took the bag with a puzzled face.

She had seen this bag, which Assistant Zhang carried in her hand when she brought someone in.

She was still curious at that time, Assistant Zhang came and carried a small bag.

Only now did I find out that the bag was actually prepared for her.

I just don't know what's inside.

"Juice. Fu Jingting saw her catch the bag and let go of her hand to reply.

Rong Shu blinked in surprise, "Juice?" "

A mixture of grapes and pomegranates. Fu Jingting said.

Rong Shu's mouth opened, and then opened the paper bag, and there was indeed a purple and purple juice inside.

When I touched it, it was actually hot.

Rong Shu smiled, "I understand the juice, but what are you doing for me?" I don't want to drink juice right now.

Fu Jingting put his hands in his trouser pockets and replied, "I always forgot to tell you one thing, this lady's maiden family is a winemaking family, so she has been very good at drinking since she was a child, she herself is also a certified wine taster, no matter what wine she drinks, and the amount of alcohol is very good, a thousand glasses are not drunk, so you have to make friends with her, inevitably you will accompany her to drink a lot of wine, do you think you can drink her?"

Rong Shu choked.

Listening to him say so much, of course she can't drink it.

A thousand cups are not drunk!

What is that concept?

That's what it means, you won't get drunk with a thousand glasses of wine.

Although it is very praised, it can all be explained that the other party drinks very well, if she does not have the same amount of alcohol, she can't drink the other party at all.

"In addition, if you want to get down to business from this lady, you must also drink first, and when she is satisfied, you will have a chance to get down to business, otherwise she will not give you a chance to speak at all, and she will send you away." Fu Jingting reminded again.

The corner of Rong Shu's mouth twitched, "There is actually such a thing, you have never told me."

She couldn't help but lift her forehead.

Don't say that the man didn't tell her that this lady is a sommelier, and she has a hobby of drinking people first before giving people the right thing, and she herself didn't inquire clearly.

She only heard what brand of dress the lady liked.

That's why at that time, I would customize the same brand of dress, and I wanted to use the dress as a stepping stone to connect with this lady.

But now the man said that this lady still likes to drink, making her suddenly feel that even if she has a dress, she can only know the lady at most, and if she doesn't drink, she won't even have a chance to say the purpose.

"I didn't remember it before. Fu Jingting shrugged his shoulders, "I don't like to participate in these banquets, and I've only met this lady two or three times, so I don't know her at all, but I've heard some things about her." If

he had remembered it earlier, he would have told her from the beginning.

It will not wait until this time at all.

"That's it. Rong Shu nodded, believed the man's words, and then looked down at the juice in the bag, "Then how do you think about it now?" "

You just drank water, I saw that this water was cold, I was worried that your stomach hurt after drinking, so I asked Zhang Cheng to bring some hot drinks by the way when he came, that is, at that moment, I suddenly remembered this matter, so I asked Zhang Cheng to change the drink to this juice." Fu Jingting explained.

Rong Shu completely understood now, "So, you asked Assistant Zhang to buy a mixed juice of grape seeds and pomegranate seeds, just because this color is the same as red wine, do you want me to use this to pass off as red wine to make friends with each other?"

Fu Jingting was noncommittal, "You don't have that amount of alcohol, but you can't not drink it, so I can only make a decision." Seeing

that the man thought so thoughtfully for himself, Rong Shu's heart could not be said to be ironed, and her eyebrows were full of tenderness, "Jing Ting, thank you." The

man rubbed her hair.

Rong Shu looked at this cup of juice, and while ironing in her heart, she was a little worried, "Can you really fool through?" You also said, she is a wine taster, the sense of smell should be very good, this does not smell of alcohol, if she smells it, knowing that I am using this to fool her, she will definitely not be happy in her heart.

"Don't worry, you can think of it, I naturally thought of it, so I asked Zhang Cheng to prepare a batch of wine glasses with the smell of red wine in advance, and then you can pour this into the glass." Fu Jingting pointed to the juice in her hand.

The corner of Rong Shu's mouth twitched, "Is there actually this trick, it's really thanks to what you can think of, this is called cheating and slippery." She

was so funny.

Fu Jingting raised his chin slightly, "No matter what it is, the method just works, you can't really let you drink, your amount of alcohol is a matter of one or two glasses."

Rong Shu sighed helplessly, "What you said is the same, it seems that you can only take a risk, but how do I know which of your wine glasses are passive?"

"You will know, Zhang Cheng arranged a waiter, when you go to the lady in a while, he will take the initiative to appear in front of you, you just give this juice to him, he will pour it into those cups one by one, and then pay attention to you in the dark, and when you finish drinking the juice, he will immediately appear and give you a new glass." The man hooked his lips and smiled.

Rong Shu took a breath, "You really arranged everything properly, I really can't worry about it at all."

"Of course, as the man behind you tonight, I naturally have to arrange everything so that you have no worries and concentrate on your own business." The man bent his arms.

"You can go now, my lady. Seeing

that he was such a gentleman, Rong Shu also played with his heart, took his arm, raised his neck slightly like a proud swan, "Okay, let's go, little Fuzi." "

Chapter 1260 – Breaking into the Wife Group

As a result, Rong Shu couldn't help but regret it in her heart.

Regret should not be joked, especially this kind of joke that hurts the dignity of men.

"What are you thinking?" Just when Rong Shu regretted Mo Di in her heart, Fu Jingting beside her suddenly asked.

Rong Shu barely squeezed out a smile, "Nothing, it's just"

Deter.

It can be seen that Mr. Fu also thinks highly of them.

The protagonist of the banquet smiled.

Of course, Fu Jingting didn't know all this, and he didn't want to know.

He sat in the corner, drinking wine and taking out his phone to browse something.

Take a closer look, it is a message sent by Assistant Zhang.

It said that he had already checked the background of the two women, who were the Qianjin of the Li family and the Zhou family in the Haishi family.

The Li family and the Zhou family are both small families that do not enter the sea market, respectively engaged in food business and clothing business, and only made their fortune in the past ten years.

Not a wealthy family, at most an upstart, not even a particularly rich nouveau riche.

This time, in the list of invitations that these two families no longer banqueted, it was these two families who spent a lot of effort to get the invitations mixed in, in order to tie up with the real giants, let the family go further, and strive to join the ranks of the giants as soon as possible.

But now, the ambitions of these two companies are completely hopeless.

Offended him, and still want to join the rich?

Pipe dream!

Fu Jingting's thin lips pursed slightly, and his eyes were extremely cold.

However, the fact that these two families mixed in made him suddenly think of the Wang family that Mrs. Lu said.

The Wang family, who are in the seafood business, also got an invitation and wanted to blend in and recommend their daughter to him, trying to establish a relationship with him.

So, is the Wang family mixed in now?

Fu Jingting fumbled with his mobile phone, and then called Assistant Zhang.

Assistant Zhang answered the phone quickly, "Mr. Fu." "

"Check it, in addition to these two and the Liu family, are there any other families outside the invitation list, especially those surnamed Wang, and find out that they greet the banquet host and control people." Fu Jingting's voice was emotionless in order.

He planned to clean up these families together.
