Chapter 1261: Who is that woman?

Just make a big move, come to kill the chicken and scare the monkey, warn some other families, let them all rest in peace.

This time, so many families jumped out to make trouble, it is obvious that he has been too kind in recent years, making them feel that his personality has changed, so they dare to make small moves.

Maybe there are other families that are also about to do something.

It just so happened that he did something this time, cut off their protruding claws again, and the ambition to emerge from the head was also re-extinguished.

He wanted them to know that he Fu Jingting was always that Fu Jingting and had never changed.

Even if his methods have not been so tough in recent years, it does not mean that he is really kind.

He just, lurked.

“Yes, Mr. Fu, I’ll go.” On the other end of the phone, Assistant Zhang hurriedly responded.

He knew which royal family Fu was talking about.

Some time ago, when Mr. Fu accompanied Miss Rong to the Lu family, Miss Rong told Mr. Rong what Mrs. Lu said to Miss Rong.

After that, Mr. Fu gave him a general description and asked him to check the situation of the Wang family.

So I also know the ambitions of the Wang family.

In his opinion, this royal family is simply whimsical.

Not to mention that the Wang family, a small family that does not enter the stream, actually dares to climb Fu Zong, climbing other wealthy families is dreaming, and actually wants to directly climb the Fu family of the largest wealthy family.

it’s ridiculous.

Just thinking about it, Assistant Zhang heard Fu Jingting suddenly ask again, "By the way, has the Liu family arrived?" "

"I was about to tell you." Assistant Zhang suppressed the disdain for the Wang family in his heart, and then hurriedly replied, "You guessed, the Liu family really came, it was still Liu Lao and Liu Linlin, but when I just arrived at the door, I stopped me." "

Fu Jingting was not surprised by this result.

I had long guessed that the Liu family would come.

It's just a fulfillment.

"However," Assistant Zhang's tone suddenly became embarrassed.

Fu Jingting frowned, "But what." "

"Mr. Fu, Liu Lao and Liu Linlin quarreled and refused to leave, I asked the security guard to forcibly take them into the car, they broke free, and Liu Laoji was there, whether it was me or the security guard, they didn't dare to force it, in case something happened, it would be troublesome, so I could only invite their two grandparents to a box in the hotel, For the time being, they were arranged inside, guarded by bodyguards, and promised that you would meet them when the banquet was over, and they would stop at this time, otherwise they would not stay quietly in the box. Assistant Zhang grabbed his hair, very big.

A hint of mockery appeared on Fu Jingting's face, "How did I not know before, an old man like Liu Lao would actually play a scoundrel." "

Assistant Zhang pouted, "Of course, you have to maintain your high-spirited image as a teacher in front of you, otherwise you will only now thoroughly understand that everything in Liu Lao's original is pretending, is the true face so unbearable?" "

Fu Jingting's thin lips pursed into a straight line and did not answer.

After being finished by Assistant Zhang, what else could he say.

Indeed, he only knew that the Liu family did not want them to show themselves in front of him, and did not know that they were even worse than he thought.

Just because their disguise is too good, plus he does not thoroughly understand the interest of what kind of people they are, otherwise, perhaps, his relationship with the Liu family would have been broken long ago, and it would not have been maintained until now.

So much so that now he regrets why he didn't get to know the Liu family well, let the Liu family stick to him and suck so much blood, not to mention, and bully his people.

"Okay, tell them that after the banquet, I'll go meet them and let them settle down." Fu Jingting pinched the bridge of his nose and ordered in a deep voice.

Assistant Zhang nodded in response.

At the end of the call, Fu Jingting hung up the phone, put it down, took a sip of the wine in front of him, and continued to wait for Rong Shu to return.

He can't see Rong Shu in this position, so he doesn't know where Rong Shu is now, how he talked with the lady, and whether he was introduced to her husband by the lady.

However, Fu Jingting is not worried about this.

She had grown so much that he believed she was okay.

Fu Jingting sat on the sofa, folding his legs, shaking red wine in his hand, his body half faint, making people look unreal, and full of mystery, charming and charming.

The young ladies on the banquet hall who secretly watched her from time to time beat faster, and they were envious and jealous of Rong Shu in their hearts.

Such an excellent man, how can he see Rong Shu's fall? What about the gold?

They said they couldn't figure it out.

Well, they admit that Rong Shu is a little better looking than them, a little more status than them.

After all, they still just have no jobs, no company, only take a little pitiful shares, receive a little dividend, and are raised as pigs by the family, just waiting for the family to marry out at any time in the form of marriage to exchange for the family's benefits.

Rong Shu, on the other hand, is already the chairman of a company, and there is no parental control on the top, and there is no need to marry for the interests of the family.

They really can't compare.

Lean, thinking about it, they seem to be even more envious of Rong Shu?

The women gritted their teeth angrily, and then they saw a woman in a wheelchair, suddenly driving into the restricted area and moving towards Fu Jingting.

Yes, no-go zone.

The position where Fu Jingting is located is a forbidden area for them, and no one dares to step forward to disturb it.

However, at this moment, a person suddenly stepped into the forbidden area where they not only stepped forward.

Moreover, the person still went directly towards Fu Jingting, indicating that the person was not borrowing, but the purpose was Fu Jingting.

Still a woman, how can this make these young ladies and young masters not shocked?

An inhalation sound, almost unbroken.

“Who is that woman, really brave.”

“I don’t know, I haven’t seen it in the circle, it’s a raw face, it shouldn’t be from our sea market circle, is it from other circles?”

“It’s not from our Beijing circle.”

“It’s not from Nanjiang, I haven’t seen this, and I haven’t heard of any Qianjin in the national circle who is in a wheelchair, so I guess it should not be a person in the circle, if it is, it is impossible not to know that Fu always has a girlfriend, It is even more impossible not to know that President Fu hates women pestering her the most. ”

“That’s right, there are so many women who like President Fu, but none of them rushed to appear in front of him, so I also think that this woman should not be the gold of any family, I guess, it is estimated that it is a star or an Internet celebrity, or who has a girlfriend, I was fascinated when I saw President Fu, so I went directly to talk to President Fu, only these possibilities show why this woman dares to step forward, because she doesn’t know that President Fu hates women to entangle, say, is it a woman of yours?”

This Qianjin pointed to the surrounding young masters and asked.

The other young ladies also looked at them suspiciously.

They shook their heads like rattles and quickly denied it.

“Don’t joke, this banquet, none of us brought women over, and the family has repeatedly told us that Fu will come to the banquet, and we are not allowed to bring women, in order to prevent our women from taking a fancy to President Fu and entangling President Fu, So we don’t do it yet. “

“yes.”

The young ladies could see that they were not lying, and their faces were even more confused.

“Since you didn’t bring it or are not in the circle, how did this woman get in?”

“It should be mixed in, this kind of thing has not happened, there was a small banquet two months ago, there was a commoner girl who tried to marry into a wealthy family and secretly changed into the clothes of a waiter and mixed in, this estimate is a similar situation.”

“very likely.”

Everyone nodded, feeling that it made sense.

Chapter 1262: It was actually Su Man

Then, when they looked at the woman in the wheelchair again, their eyes became subtle, contemptuous, full of contempt, etc. These were full of negative eyes.

After all, in their eyes, the woman in the wheelchair is a money-worshipping woman with a heart higher than the sky, trying to marry into a wealthy family.

Such women are naturally looked down upon.

The most ridiculous thing is that it is still a disabled woman who can’t stand up on her legs and can only sit in a wheelchair. Of course, it is not that they cannot see the disabled.

But look down on this kind of disabled people who have no self-awareness.

Both legs are lame, and I can’t stand up. I still want to marry into a wealthy family, regardless of whether I am worthy or not.

In their opinion, this woman is not as good as Rong Shu.

At least Rong Shu is a sound person.

And what does this woman have?

He didn’t say anything, and he was lame. How could he be qualified to think of President Fu.

They would rather see President Fu and that Rong Shu together than let this woman pester President Fu.

Thinking about it, a young lady suddenly asked, "Which of you have Rong Shu's phone number, call her quickly and tell her that there is a shameless woman who has gone to talk to President Fu."

"How can we have her contact information? , we're not familiar with her."

"Yeah, it's better to call the waiter directly."

"Then call the waiter."

After saying that, the waiter was called over.

Then these daughter-in-laws added oil and vinegar for a while, and asked the waiter to go to Rong Shu to complain.

The waiter nodded, glanced at Fu Jingting, and followed suit.

Of course, Rong Shu didn't know that during the time she made the protagonist and husband of the banquet, there was a woman who wanted to attack her man, and a group of young ladies who were jealous of her getting Fu Jingting suddenly became a crowd that supported her and Fu Jingting together. , is fighting for her injustice.

Don't say she doesn't know, neither does Fu Jingting.

Fu Jingting was closing his eyes, tasting wine alone, and enjoying the rare tranquility in the banquet hall, when he suddenly heard the sound of a wheelchair rolling.

His movement of shaking the wine glass paused for a while, obviously the sound of the wheelchair disturbed his mood.

But he still didn't open his eyes, thinking that this was probably just passing in front of him.

After all, this is not his domain. Although the people at the banquet automatically turned this place into his domain and did not come to him, it did not mean that no one really could not come here.

As long as they don't disturb him, those people who pass by him will not care.

So he thought that the owner of the wheelchair probably passed by him and wouldn't stop, so naturally he didn't need to open his eyes to take a look.

However, Fu Jingting soon realized that his idea was wrong.

This person did not pass by, but came towards him.

Not only did the sound of the wheelchair not get farther and farther, but it got closer and closer, and he could even smell the scent of the person coming.

is a woman!

Fu Jingting's face suddenly sank.

Obviously, the arrival of this woman made him feel bad all of a sudden.

Perhaps, this is the daughter of the daughter of which family, delusionally clinging to him, so regardless of what he said in the past, she came boldly.

It's not that he, Fu Jingting, is affectionate and feels that all women want to cling to him.

At least, as long as his status remains unchanged for one day, then he has enough confidence to prove that these women all want to be his women.

Of course, they don't necessarily love him, but his status can make them crazy.

Just like the Wang family this time, it was not just the idea of taking a risk and wanting his daughter to cling to him. As long as it succeeds, the Wang family can soar to the sky.

All the many families, who would rather pretend not to know what he had given out in the past, wanted to take a chance.

After all, success is the avenue of wealth.

So the woman here is from the Wang family?

It's just that I haven't heard that the daughter of the Wang family is in a wheelchair.

Fu Jingting opened his eyes, ready to see who was coming, but what he didn't expect to see was a somewhat familiar face.

"Mr. Fu, what a coincidence." The woman in the wheelchair didn't expect Fu Jingting to open her eyes suddenly. She was stunned for a moment, and then showed a gentle and generous smile.

It's just that women have plastic surgery faces. Even if the plastic surgery is very natural, it cannot be seen that it is plastic surgery, but the surgical face is the surgical face, and no matter how natural it is, it can never compare to the natural face.

Therefore, a woman's smile, even if it is very beautiful, in Fu Jingting's eyes, it seems very fake, very rigid, and has the feeling of a puppet.

Fu Jingting frowned, and there was a hint of disgust in his eyes. Even in his voice, there was undisguised disgust. "It's you!"

"It's me."

The person who came was Su Man.

Fu Jingting squinted and stared at her, "It's no coincidence, everyone knows that I will come to the banquet tonight, but there is no one from the capital on the invitation list, so it's not a coincidence that you appear here, but It appeared specially, so Su Cheng asked you to come?"

Although Su Cheng's power is in the capital, he is also a big man who can't be offended for the protagonist of the banquet and his wife.

So even if this banquet only invited the dignitaries of the sea, not from other cities, as long as the dignitaries of these cities want to come, it is enough to say hello to the protagonist of the banquet.

This is probably the case with Su Man.

Sure enough, as soon as Fu Jingting's voice fell, Su Man nodded, "Dad asked me to come, she said that now that I'm back at Su's house, it's time to integrate into the circle. For the daughter of the Su family, it is impossible not to appear in front of people all the time, so I specially invited me to attend tonight's banquet to meet people in the circle. My father wanted to accompany me, but unfortunately, my father's injury still persists. No, I can't leave the hospital yet, so I can only come by myself tonight."

Speaking, she sighed regretfully.

Fu Jingting watched her performance coldly, "You are wrong, the Su family is a family in the capital, and the circle you should integrate into is the Beijing circle, not the Haishi circle. , so it doesn't make any sense for you to come to tonight's banquet. Tonight's banquet is not the platform and springboard for you to appear as the daughter of the Su family, let alone, are you the daughter of the Su family?"

As soon as these words came out, the smile on Su Man's face froze instantly, and a huge sense of panic attacked her at once, making her feel like falling into an ice cellar, and her back was cold.

Not far away, the group had been paying attention to this . The ladies on the side, seeing the scene where Fu Jingting was talking to the woman in the wheelchair, all became jealous and bit the handkerchief.

“Damn, that woman actually knows Mr. Fu. “

This is what surprised and unacceptable to them the most.

If only a woman knew Mr. Fu, they felt nothing. After all, Mr. Fu’s reputation is there, and it is normal to know Mr. Fu.

But Mr. Fu knows that woman, and it makes people feel good.” I have to be surprised.

Besides Rong Shu and that Gu Manyin, when did President Fu become so familiar with the third woman?

So who is this woman? How

can He De know and talk to President Fu ? Talk?

“Damn, did the waiter find Rong Shu? “

That’s right, President Fu has spoken to that woman, but she hasn’t shown up yet, and she doesn’t know where she’s going.” “

No, it’s me, I can’t bear to leave Mr. Fu for a second, and for a second, I’m afraid that other women will stick to her, but she’s good, she just disappeared, let’s worry about her, I’m furious. “

These daughter-in-laws muttered in anger.

If Rong Shu heard it, she would probably find it funny, and maybe she would thank them for fighting for her.

Of course, neither Rong Shu nor Fu Jingting knew all of this.

Opposite Fu Jingting, Su Man was sitting in a wheelchair, buzzing in his head.

Fu Jingting’s words, “Are you the daughter of the Su family”, really scared her so much that at this moment, cold sweat broke out on her back, and her close-fitting dress was wet and stuck to her back, even if In the heated banquet hall, she felt cold all over, and she was even more flustered.

how come!

How could he say such a thing?

Could it be that he knew that she was not the daughter of the Su family?

Also said that he is not just, just testing?

Su Man didn't know what the situation was, not only did he take it lightly, he could only hold tightly to the armrests on both sides of the wheelchair, took a deep breath, and pretended to be calm and said, "Mr. Fu, what do you mean, what do you mean by me? The daughter of the family? Sorry, I don't quite understand, can you elaborate?"

She stared at Fu Jingting, trying to see something from Fu Jingting's face.

But unfortunately, Fu Jingting was still expressionless, and Su Man couldn't see anything she wanted to know from his face.

This made her angry and annoyed.

This damn man is still so invisible.

"You don't need to test me, you know what I mean, don't you? Although you and Su Cheng said that you are father and daughter, but whether you are father and daughter, do you think I won't investigate? Facts have proved that my investigation The results show that you are not a father and daughter at all, or, you lied to Su Cheng, Su Cheng does not know that you are not his daughter, but this situation is almost impossible, a person like Su Cheng is not something you can deceive at all , so there are only two cases left, one is that you were specially recruited by Su Cheng to pretend to be his daughter, but you didn't know it yourself and thought it was his daughter, and the other was that you still asked Su Cheng to be his daughter. Daughter, but you know that you are not his daughter, but for some reasons, you accepted the condition of impersonating father and daughter with him, obviously, your guilty conscience at the moment proves that you are in this last situation."

Fu Jingting's words , so that Su Man couldn't hold back the expression on his face completely, and he looked flustered, "You"

damn it, he actually really knew that she and Su Cheng were not father and daughter.

Then he shouldn't, he already knows her

No, it's impossible.

If he had known, she would not have appeared in front of him so smoothly, but had been caught by him long ago.

So, she still has a way out.

Don't panic, absolutely don't panic.

The more panicked, the more it would attract her attention. If anything was discovered by him, it would really be over.

While Su Man kept reassuring himself to calm down in his heart, he quickly adjusted the expression on his face so as not to expose more.

"Well, Mr. Fu has said so much. It doesn't make sense for me to lie. I admit that I am indeed not Su Cheng's daughter. You always have grievances. I don't know what kind of grievances. All I know is that it's the grievances of the previous generation. Su Cheng asked me to be his daughter and sent me to Haishi to get close to you. It's best. If I can take you, Mr. Fu, and become your woman, only in this way will I have the opportunity to act as an inner responder and always pass on your news to Su Cheng."

This is not false, this is indeed her purpose of coming to Hai Shi.

But only one.

For another purpose

, Su Man's eyes flashed, and then he lowered his head, completely covering the look in his eyes, and continued with a smile on his face, "Like tonight, Su Cheng worked so hard to get me in, and I hope I To approach you, after all, my mission is to become your woman, if I don't even have the chance to see you, how can I become your woman? He can only create opportunities for me, and the banquet is undoubtedly the most Of course he doesn't want to miss a good opportunity, and I'm just a little guy who has been manipulated by him, what can I do, I can only come to the banquet to get close to Mr. Fu."

She pretended to sigh helplessly, and spread her hands again, "Actually, Mr. Fu, our first meeting was also arranged by Su Cheng. Su Cheng didn't know where he knew that you would pass that road that night, so he specially asked me to wait there, and then appeared in front of your car, He let me do this regardless of my life, in order to let me appear in a different way, so that you can remember me at once, the first time I targeted Miss Rong in your ward, it was not out of my own will , everything is arranged by Su Cheng, and I am innocent."

In short, it's enough to push everything on Su Cheng.

Fu Jingting's expression did not change, but looking at Su Man's eyes, there was a hint of sarcasm, "Do you think I believe it?"

Su Man hurriedly raised his head and looked at him, "President Fu, what I said is true, I am true It's innocent. Everything is ordered by Su Cheng. I'm just a small person, and I don't dare to disobey her, so everything I do is forced, including several times against

Miss Rong, I listen to Su Cheng. Su Cheng said that only by driving Miss Rong away from you will I have a chance to take the position. I can only do it. If you hadn't exposed my identity tonight, Mr. Fu, I would not have dared to tell you. I still feel that all this is my own idea, but it's really not. I'm telling you this now, I really just want you to know that I'm really helpless, Mr. Fu, you believe me."

She said herself The pitiful appearance of aggrieved.

If it were an ordinary man, maybe he would really believe her, and would feel that she was really pitiful to be so coerced and tempted to do something .

But what kind of person is Fu Jingting?

What kind of person has he not met?

Naturally, you can see at a glance how fake the woman in front of you is, and how ridiculous what she said.

What is not out of one's own will, what is coerced and lured.

Perhaps Su Cheng did do this to this woman, but the woman herself was not a good person. She was not necessarily reluctant when Su Cheng asked her to do things.

Telling him this now is nothing more than wanting to take himself out.

He has seen many such people.

"I don't believe any of the words you said." Fu Jingting opened his thin lips lightly, his voice cold and indifferent.

Su Man thought he was acting pitifully enough. Even if this man didn't fully believe it, he was somewhat skeptical, but who would have thought that this man was so hard-hearted that he didn't believe it at all.

Dare she just said so much, she was farting?

Su Man secretly looked at Fu Jingting, saw the mocking expression on Fu Jingting's face, the grievance on his face suddenly solidified on his face, and his heart burst into flames.

Can it be hot?

She said that by doing this, she pretended to be pitiful because she wanted to win a trace of sympathy from this man, lest the man suspect that she and Su Cheng were two and a half pounds, and thus doubt her other identity, so she deliberately said this and

put herself How pitiful it is to say, anyway, he is definitely not a bad person, the bad is because of being forced by Su Cheng, not his own bad.

Only in this way, Fu Jingting would not think too much that she and Su Cheng were in the same group from beginning to end, nor did he want to target them.

Only in this way can I be removed from the list of men's doubts.

But the current situation is obviously different from what she thought. This man does not follow the routine, which makes her a little embarrassed.

Chapter 1264: What Identity Is It?

This man, from beginning to end, never believed her even a word.

She always believed that when she and Su Cheng got together, she did things for Su Cheng, not just because of Su Cheng's coercion and lure.

But she herself wanted to do it.

Sure enough, this man has always been suspicious and is not easy to fool.

But no matter how hard it is to fool, she must continue to fool.

After all, they have come this far, and they gave up halfway, and the situation is obviously worse.

Taking a deep breath, Su Man squeezed the armrest of the wheelchair and forced a smile on his face, "Mr. Fu, I know what I did to Miss Rong before, so you don't believe me at all, but this It's true. I feel very sorry for Miss Rong in my heart, but I can only do this for Su Cheng. If you didn't expose my identity now and know that I'm not Su Cheng's daughter, I wouldn't dare to tell this. You, now I will tell you these facts, and it is also a lot of courage. Once Su Cheng knows that I betrayed him, I will definitely not end well, so Mr. Fu, my current situation is very dangerous, can you? "

Okay." She wanted to say something more.

Fu Jingting stood up, put his hands in his trouser pockets, lowered his eyes slightly, and looked down at her indifferently, "It's useless if you tell me more, I don't believe a word, so you'd better put away the things you shouldn't have. Plan, or I will make you pay before Su Cheng makes you pay."

Su Man's pupils shrank, her face turned pale, her mouth moved, and she was speechless.

Obviously, he was deterred by the man's eyes and words.

that's the truth.

Having said so much, the man was not moved at all.

Really pissed her off.

Su Man lowered his head and gritted his teeth secretly.

Fu Jingting didn't bother to look at her anymore, so he retracted his eyes and said coldly, "I don't care what your plan is when you suddenly said these words when I revealed your identity, but I can tell you clearly, no matter what your plan is, You will not succeed, but I am somewhat interested in you now."

Su Man immediately raised his head.

interested?

What's the meaning?

Just when Su Man said he didn't understand what Fu Jingting meant, Fu Jingting narrowed his beautiful eyes and leaned slightly to stare at her, "I'd like to know what your true identity is."

Su Man's face suddenly showed a hint of horror .

I never expected that what Fu Jingting was interested in was actually this!

And this happened for

a while, Su Man's heart was beating like thunder, and he didn't dare to meet Fu Jingting's black eyes like black holes.

It seems that once they meet, they will be sucked in, and then completely seen through.

So Su Man subconsciously controlled the wheelchair to step back a little, stopped talking, and returned with a stiff voice, "What identity can I have? Mr. Fu is joking, I came out of an orphanage, and I happened to be a little ambitious, and then He was chosen by Su Cheng to do things for him, so ordinary, how can Mr. Fu be interested."

"If you are really an orphan born, you simply don't have the courage to come to such a place, and you don't even have the courage to talk to me. , even you don't have the

inferiority of being an orphan, but you have a good temperament and upbringing everywhere, and even when you see the splendor at the banquet, you are not at a loss. You seem to have become accustomed to it. Tell me, these things that should not have appeared in you as an orphan, have appeared in you, so I am very curious about your identity." Fu Jingting looked at Su Man's eyes, and the eyes became colder.

It's not that he looks down on ordinary people and orphans.

The world is like this, with money and without money, it is really two completely different worlds.

The living standard, temperament and cultivation of rich people, talent in conversation, and ability of knowledge are beyond the imagination of ordinary people.

Therefore, ordinary people who come to the world of the rich will never behave as indifferently as Su Man.

Many of the waiters present were from ordinary families, and even after working in these places for many years, they could not be completely calm and accustomed to seeing the lives of these rich people.

What's more, it was Su Man who was born an orphan who was worse than ordinary people.

Isn't that something to be suspicious of?

After listening to Fu Jingting's words, Su Man's mind was very confused, and his heart was too panicked.

She never imagined that her calm performance at the banquet would be a huge identity loophole with Fu Jingting.

Suddenly, Su Man was not only panicked, but also began to feel scared in his heart.

Especially Fu Jingting's eyes that seemed to be able to see through everything, made her feel great fear and pressure.

Pressing her down, she almost couldn't breathe.

No, I can't stay here.

go, go now!

If she doesn't leave, she will be exposed more.

Maybe in the end, after being unable to withstand the pressure exerted by this man, he directly admitted that everything would be over.

So now I have to go as soon as possible.

Thinking of this, Su Man clenched her palms tightly, her fingernails were about to pierce her palms, but the sharp pain also made her calm down a bit.

She maintained a stiff expression on her face, and replied with a trembling voice, "I am quite happy to hear Mr. Fu say that, which means that Su Cheng's training for me was successful."

"Training?" Fu Jingting narrowed his eyes.

Su Man flipped his hair, "Yeah, if Su Cheng asked me to approach you, he would naturally train me. If you let me approach you just like that, let alone impress you, I myself I don't have that courage, so now, Mr. Fu, you say that my every move doesn't look like an orphan who was born and has never met an ordinary person in the world. I'm really happy, it shows that my efforts are not in vain."

Fu Jingting snorted, not knowing whether he believed it or not.

Su Man didn't dare to ask, but when he asked, it was a sign of his guilty conscience, and he put his hand down from his hair, "Okay, Mr. Fu, it's getting late, I'm here today mainly to say hello to you, and now I'm saying hello. It's over, it's time for me to leave, we'll see you next time."

After that, she nodded politely to Fu Jingting and controlled the wheelchair to leave.

At the moment of turning around, the polite smile on Su Man's face disappeared instantly, replaced by a twisted and resentful face.

She came here tonight, except to say hello to Fu Jingting and Rong Shu, and tell them that from now on, she will officially appear as the daughter of the Su family, and they will meet at any time in the future.

Another purpose is to create some trouble for the two of them, to trick them, and to make them misunderstand, in order to report the shame of their time in the detention center.

But what she didn't expect was that Fu Jingting killed these two plans before she started to implement them.

On the contrary, Fu Jingting knew that she was not the daughter of the Su family, so she also appeared as the daughter of the Su family, which became the biggest joke.

Forget it, what made her scalp numb and nervous the most was Fu Jingting's great interest in her past identity.

In order not to let Fu Jingting continue to doubt who she was in the past, she could only lie to cover up and try to dispel his suspicions.

She didn't know if she had said so much and whether this man's suspicions had been dispelled, but she knew that she couldn't stay here any longer, and she couldn't continue her two purposes.

What she has to do now is to return to Su Cheng as soon as possible, tell Su Cheng about this, and see if Su Cheng can completely clear her past identity, otherwise, when Fu Jingting finds out, she will be completely finished.

Chapter 1265

Seeing the back of Su Man hurriedly fleeing in control of the wheelchair, Fu Jingting's eyes became darker and darker.

Originally, he was interested in Su Man's past identity, and wanted to know who this woman was in the past and whether there was anything suspicious about her identity.

But now seeing this woman's performance, he has completely understood that this woman's past identity is not only suspicious, but even shocked.

Fu Jingting pursed his thin lips, took out his mobile phone, and sent a message to Assistant Zhang to intensify the investigation of Su Man's identity. The results must be found within a week.

Assistant Zhang quickly replied yes.

When Fu Jingting saw this, his brows relaxed a little, he put away the phone, and then he felt all the sights around him falling on him.

Fu Jingting looked up and saw that they were all at the banquet.

These people looked at him with eyes full of gossip, curiosity, etc.

Obviously, they were curious about what he just said to Su Man and his relationship with Su Man.

Fu Jingting's face darkened.

Are these people really busy?

Fu Jingting stared impatiently.

These people immediately felt his displeasure, knew that their gaze made him unhappy, and hurriedly turned their heads back and stopped looking at them.

Sure enough, when Fu Jingting saw these people take their eyes back, his face became much better. He sat down again, and took a sip of the wine in the glass.

On the other side, Rong Shu ended the conversation with the husband and wife of the protagonist of the banquet. After receiving the business cards handed over by the two, she said goodbye to the two of them satisfied, and planned to go back to Fu Jingting and tell Fu Jingting the good news.

As soon as she walked out of the lounge of the host and husband of the banquet, a waiter stopped her, "Miss Rong."

"Hello." Seeing him calling herself, Rong Shu stopped and smiled politely at him. "Is there a problem?"

The waiter didn't sell anything, and hurriedly replied, "That's Miss Rong, I came to you at the orders of Miss Chen and the others. They asked me to tell you that there is a lady in a wheelchair who is pestering President Fu, please hurry up. Go past."

"What did you say? The lady in the wheelchair?" After hearing the news from the waiter, Rong Shu's delicate face suddenly changed, and her aura became fierce.

The waiter was frightened, and he nodded again and again, "Yes, Miss Chen and the others said so, and I took a look at it myself. It is indeed in a wheelchair."

Rong Shu's red lips pursed tightly, her small face Full of seriousness.

If she guessed correctly, she was still a young lady in a wheelchair, probably Su Man.

Beyond that, she didn't know who else was in a wheelchair.

Rong Shu couldn't help biting his lower lip.

Su Man actually came to the banquet, and went directly to Fu Jingting.

I just don't know what to do with Fu Jingting!

Rong Shu's eyes flashed.

Seeing that she didn't leave, the waiter couldn't help but persuaded her, "Miss Rong, can't you go? That lady is talking to Mr. Fu."

Rong Shu restrained her thoughts and smiled again, "Don't worry, I believe my boyfriend won't let me down, but do you know the purpose of that lady looking for my boyfriend? Or what did they say?" The

waiter shook his head repeatedly, "Miss Rong, you are embarrassing me. , How dare I approach a person like President Fu, let alone listen to his conversation with others."

Rong Shu reacted and felt the same, smiled embarrassedly, "I'm sorry, I didn't think about it, you are busy Come on, I'll go find Fu Jingting."

"Okay." The waiter bowed, stepped aside, and let Rong Shu go first.

Rong Shu is not polite, after all, this is his own job, if he doesn't go, it will make him embarrassed.

Carrying the delicate crystal handbag, she took two steps forward, suddenly thought of something, stopped and turned around, "Wait." The

waiter raised his head, "Miss Rong, is there anything else you want?"

Rong Shu's expression was subtle Looking at him, "You just said that Miss Chen and the others asked you to come to me?"

"Yes." The waiter nodded blankly.

Rong Shu smiled, "Miss Chen and the others you mentioned, are they the ones sitting in the southeast corner of the banquet hall?"

"Yes." The waiter recalled the location of the banquet hall, and finally nodded.

Rong Shu raised her chin and smiled more playfully, "Okay, I understand, thank you."

After speaking, she turned her head back and continued to walk forward, her eyes full of smiles.

The waiter said that Miss Chen and the others, she probably knew who they were.

When she took Fu Jingting to meet some bigwigs in the banquet hall, those women kept staring at her sourly.

She knew that they were all her rivals, and they all liked Fu Jingting.

But they probably knew that they couldn't get Fu Jingting, so apart from liking it, they really wouldn't take action against Fu Jingting, nor did they have any ill will towards her, the woman who got Fu Jingting, at most it was just jealous.

For her, there are many women who like Fu Jingting. As long as they don't have any malice towards her, and they stare at her with jealous eyes, she won't care or get angry. After all, it's human nature.

If they didn't envy her, then she would find it strange.

But no matter whether they are malicious to her or not, they are her rivals in love.

Since they were rivals in love, someone approached Fu Jingting at the banquet, intending to pry at her corner in public. Normally, in this situation, they should watch her joke.

However, they didn't do this, and instead asked the waiter to tell her that she should go back quickly to maintain her status as the main palace.

I gotta say, it's pretty cute of.

Rong Shu shook her head and smiled, and soon returned to the banquet hall.

But as soon as he entered the banquet hall, a woman walked over to him.

The woman seemed to be a little uncomfortable. She lowered her head slightly while walking, clutching her stomach, and her pace was a bit fast. Then, she didn't see Rong Shu in front of her, and collided with Rong Shu directly.

Rong Shu's shoulder hurt so badly, she cried out in pain, and stumbled two steps back.

But fortunately, there was a wall behind her. After she took two steps back, her back hit the wall, and she stopped.

Otherwise, like the woman who definitely bumped into her, there was nothing behind her, and after taking a few steps back, she sat down on the ground.

"Hey, you don't have eyes, how dare you hit me!" Rong Shu rubbed her shoulders, and before she could say a word, the woman on the ground stood up and slapped her back, blaming Rong Shu first.

Rong Shu rubbed her shoulders for a while, and the whole person laughed.

It was her who was obviously bumped, and she hadn't troubled the other party yet.

The other party will first trouble her as a victim.

It's really a big joke.

"Hey, what about you, you're dumb, why don't you apologize to me?" The woman who stood up saw that Rong Shu didn't speak, and suddenly became angry, pointing at Rong Shu and yelling at her.

While Rong Shu was angry, she also felt a little strange in her heart.

She seems to have heard this voice somewhere!

Thinking of this, Rong Shu immediately stopped rubbing her shoulders, put her hands down, and looked up at the woman who was beating up.

The moment she saw the woman, the corner of her mouth twitched.

No wonder she found the voice familiar.

It turned out to be an acquaintance.

"I didn't expect it to be you. It's been a long time, Miss Meng." Rong Shu put her arms around her arms and looked at the woman with wide eyes, as if she had seen a ghost.

Chapter 1266 A sincere apology

The woman, namely Meng Ke, was standing opposite at the moment, her whole body turned pale with shock, her hand pointing at Rong Shu couldn't help shaking, her eyes were full of fear for Rong Shu, "What is it? You?"

Seeing that she was so afraid of herself, Rong Shu was very satisfied with her reaction. The curvature of her red lips became more intense, "Why can't it be me? Could it be that this is your territory, so I can't come? "

" " Meng Ke was speechless by Rong Shu's words, and regretted again and again in his heart.

If she had known that she would meet this woman here today, she would not have come to this banquet to find a marriage partner.

To her, this woman is simply a terrifying existence like a devil.

Even if she was put into the detention center for half a month, even a ruthless character like Gu Manyin could be completely defeated, and finally Gu Manyin was forced to commit suicide by jumping off the building.

Not only that, but also Miss Gao Meiling Gao, who was born in an aristocratic family in Nanjiang, has now ended up being divorced by the Li family and kicked out of the house by the Gao family.

If she confronts this woman and falls into this woman's hands, it is estimated that the end will be even worse.

So in the past few months, she was afraid that this woman would suddenly remember that she was Gu Manyin's sidekick and help Gu Manyin bully her several times to get revenge on her. Stepping out, I was afraid that if I accidentally bumped into this woman, I would never be able to walk again.

So she hid, hid for a few months, and never saw Rong Shu take revenge on herself and find her trouble. She gradually let go of the fear in her heart, and finally had the courage to walk out of the house, thinking that Rong Shu would probably not find her. trouble.

However, I didn't expect that it was the first time in the past few months that I went out to attend a banquet. I wanted to find a marriage partner and help the Meng family, but the marriage partner was not found, but I saw this living hell king.

The most important thing is that he also scolded this living hell.

Shouldn't this living hell king kill her for a while?

Looking at the expression on the face of this living hell, she seemed to have this possibility

The more she thought about it, the more frightened she became. The Meng family's face turned pale several degrees. Rong Shu looked at her and worried whether she would pass away directly from the illness.

White is scary.

"You" Rong Shu's red lips moved, just about to say something.

As if stimulated, Meng Ke hurriedly bowed to Rong Shu again and again, "I'm sorry, I'm sorry, Miss Rong is really sorry, I didn't hit you on purpose just now, I just wanted to go to the toilet because of my stomach pain. I walked a little faster, and I didn't even care about the person in front of me, so I bumped into you, you don't remember the villain, please forgive me this time, I beg you, Miss Rong."

Her apology, not to mention how much Poor, how sincere.

Rong Shu could also see that she really apologized sincerely, not pretending.

So she will be like this, and it's really hard to let people hold her.

Rubbing his temples, a trace of regret flashed in Rong Shu's eyes, "Didn't you just say that I bumped into you without my eyes, and asked me to apologize to you, why did you suddenly change your tune and say it was your own fault? Is it? You're getting too fast, it scares me."

Rong Shu teased her deliberately.

Meng Jue's face became even paler, and she felt very reluctant to slap herself twice.

Call yourself fast!

Don't even look at who the other party is.

If she had seen who the other party was first, she would not have dared to be so arrogant.

So much so that it is now caught.

Meng Ke raised his head with a smile as if he was about to cry, "Miss Rong, I know I'm wrong, I didn't want to do it just now. That's why"

"So you can fight back? You can scold others no matter what, and throw your anger on others?" Rong Shu's face was stunned.

Meng Ke lowered his head, "I know I'm wrong, but I won't in the future. I beg Miss Rong, you have a lot, please let me go."

Her pitiful begging was completely gone. When she first met, she was still following Gu Manyin, her arrogant and arrogant appearance.

In short, the current Meng Ke is completely different from the Meng Ke of the past.

Of course, what she was referring to was Meng Ke's attitude towards her, not towards other people.

In the face of other people, it is estimated that it is the same as before.

"You're quite surprising to me now." Rong Shu tapped her hand on her arm a few times and said with a half-smile, "Especially when you seem to be afraid of me now, you need to know who you were in the past, but This is not the case. In addition to yelling at me and digging holes for me, he also dared to hire someone to illuminate my floor-to-ceiling windows with terrifying lights in the middle of the night. Although I ended up being

thrown into the detention center for half a month, these It all explains that you Meng Ke is a daring person who hates me very much, and can't stand my daring who wants to punish me. Why are you so afraid of me now? You are begging me again and again, don't care about the collision this time. My business, I hope I'll let you go, your change is really not that big."

Meng Ke knew that Rong Shu was deliberately mocking himself when he said this. Although he was angry, he was more helpless and right. realistic compromise.

She took a breath and showed a bitter smile on her face, "Miss Rong is joking, after being beaten by reality, if I don't change, I don't know how I died, the Meng family in Haishi is an ordinary family, relying on the Gu family. I was able to stand in the sea market, so I had to hold Gu Manyin and use my friendship with Gu Manyin to maintain it. Naturally, Gu Manyin doesn't like the relationship between the two families. I hate it. I will also dislike it. Miss Rong, I admit that I have done a lot of bad things to you in the past. I apologize to you here. With

that said, Meng Ke bowed deeply to Rong Shu again.

But this time, she didn't stand up until a long time later, and then continued, "In addition to my own ideas, I did these things. More, still follow Gu Manyin's instructions. At that time, Gu Manyin and Mr. Fu were still together, and the Gu family also had the support of the Fu family. Naturally, it was equivalent to my Meng family also having the backer of the Fu family. I am naturally not afraid of anything and dare to oppose you, but now it is different. Meng Ke rubbed his face, "

Gu Manyin and President Fu have broken up, so naturally the Gu family and the Fu family will no longer have a relationship, and Gu Manyin is also dead, and the Gu family can't take care of themselves, how can they care?" Our Meng family, without the protection of the Meng family's business, has plummeted. If it hadn't owed foreign debts, it would have gone bankrupt. But even if this continues, the Meng family will not last long, so as a me who has no backer and no background, where is it? Dare to offend you, dare to be arrogant in front of you, what's more, there is President Fu behind you now."

"According to you, the situation of the Meng family is indeed a bit miserable, so you should not offend everyone in the banquet hall. That's right, then you were so arrogant just now that you didn't even see the person clearly, so you dared to scold the other party first?" Rong Shu sneered. The

Meng family opened her mouth, unable to speak, her face was blushing, embarrassed, humiliated, and even a little scared.

Rong Shu's words really made her react to this banquet. She can't afford to offend anyone except Rong Shu.

Then her arrogance just now was really stupid. Not to mention finding a marriage partner, it is very likely that it will bring more benefits to the family.

Thinking of this, Meng Ke panicked again .

Chapter 1267 News from Meng Ke

With the bad attitude he had just now, when he bumped into others, others would not necessarily let him and his family go.

What about this woman who suppressed Gu Manyin and Gao Meiling?

Meng Ke's heart was about to fly out of his throat, panic and fear, "Miss Rong"

Meng Ke was about to beg for mercy again, Rong Shu raised her hand to interrupt her, "Okay, I want you to target me in the past. , and only verbally, except for the horror lamp time, you didn't cause me any harm, and the horror lamp time, I also took revenge, so I'm too lazy to clean up you, let alone now you, There's nothing for me to clean up, and beat up the underdogs, except that they are extremely vicious and vicious underdogs, like you, I don't have that much effort to waste time with you."

Although Rong Shu was unhappy that Rong Shu called himself a dog, Rong Shu was unhappy . Shu didn't intend to investigate the meaning at this time, but still made Meng Jue very happy.

"Miss Rong, did you really let me go?" Meng Jue clenched her fists and asked excitedly.

Rong Shu raised his chin, "Didn't I say, unless it's a vicious underdog, I don't care about you at all, are you a vicious underdog?"

Meng Ke shook his head like a rattle, "Rong Shu. Miss, you also know very well that when I was with Gu Manyin, apart from that one time, I really didn't do anything to you, just verbally troubled you. After Gu Manyin is gone, I will never again. Appearing in front of you, I am obstructing your eyes, so I am really not a vicious drowning dog."

Meng Ke closed his eyes and said it out of shame.

Rong Shu lowered his eyebrows, "If not, why don't you leave? Or, you want me to" " No

!" Meng Ke hurriedly shook his head, then smiled shyly, "I'll leave now, I'll leave now."

, and quickly turned to leave.

But at the moment of turning around, he suddenly thought of something and turned back.

Seeing this, Rong Shu narrowed her beautiful apricot eyes, "What? Do you really want to be cleaned up by me?"

"No no no." Meng Ke waved his hands again and again.

Rong Shu frowned, "Then what are you doing?"

Meng Ke first looked left and right, then bit his lower lip, and asked in a low voice, "Miss Rong, do you still hate Gu Manyin?"

Rong Shu narrowed her eyes, "Oh? Why do you want to ask this?"

Meng Ke clenched his fists, "I mean, although Gu Manyin is dead now, you shouldn't forget what she did to you, right? , do you still hate her? Or, do you still want to take revenge on her?"

Rong Shu didn't know what she meant by suddenly asking these questions, her eyes flashed, and she replied in a low voice, "A dead person, how can you hate him again? If I want to take revenge and get back together again, can I still bring her back to life to take revenge?"

Hearing Rong Shu's answer, Meng Ke had a clue in his heart, took a deep breath, seemed to have summoned up his courage, looked at Rong Shu and said, "Miss Rong , since you still hate her and want to take revenge on her, that's fine, I'll tell you a secret."

She stepped forward.

Rong Shu's heart sank, and a guess suddenly appeared in her mind.

However, she did ask calmly, "What's the secret?"

Meng Ke stopped in front of her, covered his lips slightly, and said in a low voice, "Miss Rong, I suspect that Gu Manyin is not dead, the body is Fake."

Rong Shu's pupils shrank.

Sure enough.

Meng Ke suddenly asked about this just now, and said he wanted to tell her a secret.

The first thought in her mind was that Meng Ke would not tell her the secret of Gu Manyin's death.

The result was directly confirmed in the next second.

Of course, it wasn't the secret that surprised Rong Shu, after all, she knew from the beginning that Gu Manyin wasn't dead.

She was surprised that very few people knew about this matter. How could Meng Ke know?

And looking at Meng Ke's appearance, it seemed that she not only knew, but was sure that Gu Manyin was still alive.

This makes people curious.

Rong Shu had a plan to talk, so she didn't plan to let Meng Ke know that she already knew about Gu Manyin's death from the very beginning.

Otherwise, some of the things Meng Ke knew would probably not have been said.

Thinking of this, a shocked expression appeared on Rong Shu's face.

Although his acting skills were average, it was enough to fool Meng Ke.

After all, Meng Ke himself is not a person who can tell whether his acting is good or not.

She only felt that Rong Shu's shock was really shocking, so when she saw Rong Shu's surprised look on her face, she felt a little proud. She felt that the news she brought shocked the other party, so she couldn't help it. Showed a self-satisfied expression.

Look, this woman is still with President Fu, and she doesn't even know this.

Meng Ke thought so proudly in his heart.

Probably because she was so obvious that what she was thinking was written on her face, and Rong Shu couldn't help rolling her eyes when she saw it.

Of course, Meng Ke didn't notice it, and smiled happily at Rong Shu, "Miss Rong, how is it? You're surprised by this secret?"

Rong Shu nodded, "I'm really surprised, but it should be fake, Gu Man Yin jumped off the building to commit suicide, which is well known throughout the country, and that night, I went to see her body in person, how could it not be her."

"Really not." Meng Ke waved his hand, "Miss Rong, the body you saw, You shouldn't be able to see your face, right?"

Rong Shu nodded again, "Yeah."

“Well then.” Meng Ke clapped his hands, “Although I didn’t see it at the scene, I found out the details of when Gu Manyin jumped off the building. After passing, it was said that when Gu Manyin jumped off the building, he fell back with his back to the outside. Since he was facing away, then after he fell, it should also be face up, how could it be possible to smash the face, this is not scientific at all. Rong Shu touched her chin and replied following her words, “

So, it’s a little abnormal. “

” more than ah . Meng Ke said again, “The case of Gu Manyin’s suicide was closed very quickly. Even if he committed suicide, the case would not have been closed so quickly, right? Wasn’t this a hassle?” And obviously it also gives the impression that there is a problem here, but I don’t want people to know about it, so I close the case as soon as possible, seal the file and cut off the clues, so that people don’t continue to investigate. Rong Shu looked at her in

surprise, as if to say, I didn’t expect you to be so smart.

Of course, Meng Ke still didn’t pay attention to this, and added, “And I heard that Gu Manyin committed suicide. This incident has nothing to do with Gao Meiling, Gao Meiling went to see Gu Manyin, and then Gu Manyin committed suicide, so Gao Meiling also participated in Gu Manyin’s suicide case, and the man who pretended to be Gu Manyin The female corpse of the corpse was found by Gao Meiling. Rong Shu’s eyes flickered, “

How do you know this so clearly? “

As Meng Ke said, Gu Manyin did not die, and it was indeed Gao Meiling who helped Gu Manyin to escape death.

After they found out that Gu Manyin ran away, they naturally caught Gao Meiling.

Gao Meiling also explained everything truthfully, but he didn’t know where Gu Manyin went. This

became the biggest regret.

“It was Gao Meiling who told me. Meng Ke replied.

There were several question marks on Rong Shu’s forehead, “Did Gao Meiling tell you? “

“Hmm. “

Isn’t she in jail?” “Rong Shu frowned,” how did she tell you. “

Although the official thought of the Gao family's past deeds to the country, and did not disclose what Gao Meiling came in for, everyone knows about Gao Meiling's imprisonment.

She is still in prison.

Since he is still in prison, it is a little suspicious that Meng Ke knows this.

"Did you go to prison and see Gao Meiling?" Rong Shu squinted and stared at Meng Ke guessing.

Meng Ke shook his head repeatedly, "No, I haven't gone out in the past few months, I haven't seen her in prison, and my relationship with her is not even a friend, she also thinks that my family background is low, and she doesn't bother to make friends with me at all, so I don't bother to see her, I met her by chance when I was buying a dress a few days ago." "

"Wait, you said you met her by chance?" Rong Shu's face changed slightly, "She didn't go to jail?" "

Meng Ke nodded, "She's out of prison." "

"How is it possible!" Rong Shu obviously didn't believe this fact, and her eyebrows tightened, "She has been sentenced for many years, how can she be released from prison." "

"But what I said is true." Meng Ke looked at her timidly, "When I saw her that day, I was also surprised how she was outside, after all, she was in prison, although the outside world did not know, but in our circle, it was open and transparent, so I could see her that day, I also asked her why she was outside, she didn't tell me, just asked me if Gu Manyin had looked for me, I was blinded at that time, Gu Manyin was dead, how could she find me?" The ghost is looking for me, thinking so, I replied to her like this, and then she told me that Gu Manyin did not die, which was extremely shocking, and she also said that the reason why Gu Manyin did not die was also her help from it. "

Speaking of this, Meng Ke paid attention to the change in Rong Shu's expression.

Seeing that Rong Shu's face was dull, she couldn't guess what she was thinking at the moment, and then continued, "Gao Meiling told me that Gu Manyin asked to see her when she was executed outside the mental hospital, and also used Li Zhennan as an

excuse, Miss Rong You should also know that Gao Meiling is a love brain, don't look at her usually no one looks down on, but she is Li Zhennan's real licking dog, Li Zhennan doesn't like her and wants to divorce her, but the Gao family is not easy to provoke, Gao Meiling has the support of the Gao family, as long as she doesn't open her mouth, Li Zhennan can't divorce the marriage. "

Rong Shu nodded noncommittally, "I know." "

The marriage between Gao Meiling and Li Zhennan is one of the jokes of people in the circle after tea and dinner.

Of course, she and Fu Jingting are too.

Therefore, for the bloody marital status of Gao Meiling and Li Zhennan, she did not hear some rumors.

"So over the years, Li Zhennan has separated from Gao Meiling, even if Li Zhennan found many women outside to force Gao Meiling to divorce, Gao Meiling pounced on him with a heart, and refused to agree to leave, until" Meng Ke secretly glanced at Rong Shu, and his voice was much quieter, "Until that time a few months ago, Gao Meiling intervened in other municipal affairs, was caught by you, and the Cheng family together let the Gao family fall behind, most of the Gao family's political figures have been investigated, although they have not completely fallen, but the current Gao family is far from being comparable to the previous Gao family, so Li Zhennan seized this opportunity and threatened Gao Meiling to divorce, but even if he left, Gao Meiling was still undead to Li Zhennan, bent on divorce, and then was divorced by Gu Manyin. "

"Gu Manyin used Li Zhennan to let Gao Meiling go to the mental hospital to meet her." Rong Shu said.

Meng Ke nodded quickly, "That's right, Gao Meiling said it herself, Gu Manyin said that she had some evidence of Li Zhennan's violation of discipline, let Gao Meiling go to see her, and bluntly said that as long as Gao Meiling helped her cheat to death, she would give the evidence to Gao Meiling, and Gao Meiling could use this evidence to threaten Li Zhennan to remarry." "

so it is. Rong Shu's eyes flickered a few times, and her red lips were tightly pursed.

It turns out that there is such a hidden feeling.

When they found that the body was not Gu Manyin, they found out that Gao Meiling helped Gu Manyin cheat to death, and immediately arrested Gao Meiling.

According to Gao Meiling's own explanation, it was indeed Gu Manyin who threatened her to do it, but what kind of threat was used is unknown, and Gao Meiling kept her mouth shut.

Now I know that this is actually the case, and I also understand why Gao Meiling didn't talk about it.

Evidence of Li Zhennan's violation of the law, speaking out, isn't it to get his beloved into it?

Gao Meiling loves Li Zhennan so much, naturally she will not do it.

Gao Meiling believed Gu Manyin's words, and agreed on the spot to help Gu Manyin cheat to death, Gu Manyin asked Gao Meiling to choose a woman of similar age and figure to replace her to stage the scene of suicide by jumping off the building, Gao Meiling spent four or five days to find it in another mental hospital, and then got it out, Gu Manyin and pressed a woman to swap bags, Secretly left the mental hospital, the woman stayed in the mental hospital instead of Gu Manyin, at that time, although Gao Meiling was no longer as beautiful as before, but the Gao family did not completely fall, she was still a little powerful, naturally able to confuse the rest of the mental hospital and leave with Gu Manyin, of course, the most important point is that one of the police officers who monitored Gu Manyin was Gao Meiling's admirer, and could buy time for Gao Meiling and Gu Manyin to prevent them from being discovered by the police station at once. “

Rong Shu was not surprised by what Meng Ke said, she knew.

After Gao Meiling was arrested, the police officers who helped her naturally couldn't hide it and were arched out, not only losing such a sacred profession, but also ending up humiliating the family and going to jail.

Is it really worth going from a police officer to becoming a criminal just for a relationship that doesn't have any possibility?

Of course, Rong Shu does not pity this police officer, an adult, he has to take responsibility for everything he has done.

As a police officer, she thought he couldn't have known what the consequences would be, but he did it anyway, what did that mean?

It shows that in his heart, this profession is not more important than helping Gao Meiling.

Since this is the case, there is no need for pity.

What she really pity is the woman who died for Gu Manyin.

That woman is a neuropathy, there is no normal person's cognition, I am afraid that I don't know how she died, stupidly was taken out by Gao Meiling, and then died for Gu Manyin's plan.

Although it is a neuropathy, it also has the right to live, but Gu Manyin and Gao Meiling let an innocent life end because of their own selfish desires.

These two women are simply vicious to the point of anger.

The most ridiculous thing is that Gao Meiling has not yet gone to jail and has come out of prison!

“Miss Yong?” Seeing that Rong Shu’s face was ugly, Meng Ke was also frightened in his heart.

What’s the situation, what’s wrong with her?

Rong Shu pinched the palm of her hand deadly, took several deep breaths in a row, and barely suppressed the majestic anger in her heart, and asked in a cold voice, “The one brought out by Gao Meiling, does the family know?” ”

Meng Ke knew who she was asking, and a mockery appeared on her face, “Why don’t you know?” Of course, I know, otherwise even if Gao Meiling has the power to bring people out, her family will not make trouble? I know what Miss Rong wants to ask, I have also asked this question, Gao Meiling also told me very happily, she said that she spent a million to that woman’s family, that woman’s family still had feelings for that woman at the beginning, after all, it is a relative, but Miss Rong you also know that there is a saying called no filial piety before the bed for a long time, that woman has been crazy for many years, and her family has gradually become bored from the beginning of sadness, to the end.”

Chapter 1269: Meng Ke’s Purpose

“How about in the end?” Rong Shu frowned and asked.

Meng Ke shook his head and replied, “In the end, they can’t wait to kill this woman, for them, a woman’s life means burning money, which means that they can never live a normal life, and they have to keep working hard for this woman’s various medical expenses, so in this case, the feelings will naturally disappear, They just want to get rid of this burden quickly, and the appearance of Gao Meiling and Gu Manyin at this time means that they have solved their urgent needs, not only to solve their urgent needs, but also to make a sum of money for nothing. “

Speaking of this, even if Meng Ke himself did not feel that he was a good person, everything that woman suffered also made her feel uncomfortable in her heart.

So the tone of voice when referring to the woman's family is disgusted.

"I'm afraid for that woman's family, women have dragged them down for so long, and being able to make them a million is also what women should do."

Rong Shu gasped, and the whole person felt creepy, "How can there be such a terrible person, are they still her relatives?" "

"Where are the relatives, the devil is about the same." Meng Ke replied.

Rong Shu closed her eyes, "Don't they know that if they give their relatives to Gao Meiling, they may die?" "

"You know, Miss Rong, didn't I just say that women are no longer relatives for them, they are hot potatoes, they are burdens, they are the culprit that lowers their lives, and they are the culprit who keeps them in debt, they have never been caused in a short time from the beginning of being willing to heal women, to wanting to get rid of women, It is a long time, they have long wanted women to die, but in the end women are related to them, so they dare not start, and they are afraid of bearing legal responsibility, now Gao Meiling they spend a million to buy out the future of women, they are too late to be happy, of course they know that Gao Meiling they buy women may cost the woman's life, but so what. "

Meng Ke spread his hands, "They originally wanted women to die, and now someone helps them, they can't bear legal responsibility, they can still earn a million, it's too late for them to be happy." "

"What a bunch of devils." Rong Shu gritted her teeth for a long time before she made such a comment.

She admits that the hardships of life turn people into demons.

But all her family members have become devils, and this is the first time she has met.

Even Meng Ke had nothing to say at this time.

It wasn't until Rong Shu was in a better mood and asked her some questions again that she slowed down.

"Gao Meiling, why are you telling you this, you have basically no intersection with her, why did she tell you these things in such detail?" Rong Shu stared at Meng Ke tightly.

That's what she wants to know most.

To know this, you can use it as incriminating evidence.

As long as Meng Ke recorded it to report Gao Meiling, Gao Meiling would definitely not be able to escape.

She didn't believe Gao Meiling didn't know this.

Gao Meiling definitely knew, but still told Meng Ke, what is the purpose?

"I don't know." Meng Ke shook his head blankly, "I met her by chance that day, she asked if I had seen Gu Manyin, and then told me this, probably because she felt that I had a good relationship with Gu Manyin, and after Gu Manyin came out, she would definitely come to me, so she asked me like this, it may also be that she wanted to find someone to talk to, and then told me this, speaking of which, I was really shocked to see her that day, and I almost couldn't recognize her." "

Rong Shu could see that the confusion on Meng Ke's face was not feigned, she really didn't know what Gao Meiling told her the purpose of telling her, and she couldn't help but feel a little disappointed.

"Oh? How does it scare you? Rong Shu asked.

Meng Ke looked frightened, "It's Gao Meiling now, and Gao Meiling before is completely two people, if she didn't take the initiative to stop me, I really can't believe it, it's actually her, she used to be haute couture and didn't wear it, everywhere she walked, she looked at people with her nostrils, arrogant, but it made people extremely envious, After all, not all famous people can live so arbitrarily to her, but now she wears clothes that I don't know what brand she is, looks a little old, her hair is also messy, and she is not as arrogant and complacent as before, and she does not put anyone in her eyes, but her eyes dodge, the whole person cringes, and sometimes, she also talks to herself and says two nonsense, and the whole person is not in normal spirits. "

Hearing her say this, Rong Shu's mind instantly appeared the image of a very downcast and mentally abnormal woman.

No wonder Meng Ke was scared, it was she, if she saw such a Gao Meiling, she would also be taken aback.

But it seems to understand why Gao Meiling is like this.

The Gao family has completely collapsed because of her helping Gu Manyin to cheat to death.

Without the aura of family lineage and the identity of the daughter-in-law of the Li family, Miss Qianjin has become the ordinary person she despised the most in the past, how can this gap not let the arrogant Gao Meiling collapse.

Meng Ke didn't know what Rong Shu was thinking, sighed and said, "I also asked her why she was looking for Gu Manyin, Gao Meiling said that Gu Manyin deceived her, Gao Meiling had no evidence of Li Zhennan's violation of law and discipline in her hands, she said that, just to make Gao Meiling fooled." "

"I've been guessing this for a long time." Rong Shu sneered, "Although the Li family was not comparable to the Gao family at the beginning, it was also a powerful family, Gu Manyin is just the daughter of a rich family, can she get evidence of Li Zhennan's violation of the law?" It was Gao Meiling who was stupid and focused on Li Zhennan, unable to see that she deserved to be fooled. "

Meng Ke nodded, "I." The same is what I think, now that Li Zhennan has a new fiancée, Gao Meiling feels that she can't remarry Li Zhennan, it was Gu Manyin who delayed her time, if she didn't help Gu Manyin, she would have more time to pester Li Zhennan, maybe Li Zhennan would end her again, there was nothing to do with the new fiancée at all, so Gao Meiling hated Gu Manyin very much, and now she is bent on finding Gu Manyin to settle the account. "

"What about you?" Rong Shupi looked at her with a smile, "You suddenly asked me if I knew that Gu Manyin was still alive, and then told me so much, it can't be fun, you should also have your own purpose, right?" "

The expression on Meng Ke's face froze, and then to Shang Rong Shu's cold eyes, he knew that he couldn't hide it, so he could only compromise, "Still Miss Rong, you are smart, yes, I have a purpose, but I promise that I have no malice, I just want to know if Miss Rong you still hate Gu Manyin, if you still hate, I tell you this, you will definitely go to Gu Manyin, with the power of you and President Fu, finding Gu Manyin will definitely be faster than Gao Meiling, I just hope that you will quickly make Gu Manyin pay a painful price, In this way, I also felt that I was avenging. "

"Revenge?" Rong Shu smiled, "Weren't you Gu Manyin's friend before, why, you still want to seek revenge on Gu Manyin?" "

"What a friend, it's just her doglegs, although it's quite beautiful to be around her, but no one knows how she treats me in private."

Speaking, Meng Ke bit his lower lip, and finally seemed to have made up his mind, slightly scooping up the hem of the big skirt dress, revealing a pair of legs full of ugly scars.

Seeing such a pair of legs, Rong Shu's pupils vibrate, and the whole person gasps for air, and his scalp is in trouble.

What kind of legs are that, where they are exposed, there is almost no good meat, all scars, some scars even have stitches, one by one, coiled on them like centipedes, making people feel sick to vomit.

Rong Shu couldn't help but look away, covered her lips, and her face was very ugly.

Chapter 1270 The clue of Gu Manyin's appearance

Meng Ke knew that she was so disgusted by her legs that she wanted to vomit.

But considering her own mood, she desperately resisted the urge to vomit, which is why she had such a reaction.

Meng Ke didn't think Rong Shu's reaction was so angry.

Maybe from the beginning, she really couldn't accept the reaction of others when they saw her legs, and she would be angry and make a scene after it was exposed.

But the more she saw it, the more she got used to it, and she gradually became able to treat it with a normal heart.

After all, what about regenerating gas?

Can these legs be restored to their original shape?

So instead of worrying about how others will react to seeing these legs, it is better to adjust your mentality.

"It's ugly, isn't it, Miss Rong?" Meng Ke calmly lowered her skirt and covered her legs again.

Rong Shu took a few deep breaths, and then gradually calmed down her vibrating mind. She looked at her with complicated eyes and nodded slowly, "I was a little scared, your legs."

"Gu Manyin did it." Meng Ke was very calm. He told Rong Shu that he made himself such a culprit.

Rong Shu hummed, "I guessed it, you just said that you hated Gu Manyin, and then you showed me your legs, and I naturally guessed who did it, but what's the reason? "

What else could it be? Jealousy." Meng Ke sneered, "This happened many years ago, maybe seven or eight years ago. Once I accompanied Gu Manyin to the mall, and Gu Manyin took a fancy to it." I bought a classic little black dress from D's family. That skirt is a short hip-packed skirt, and it is very slim. It has very high requirements on the figure. If the figure is a little bit worse, it will be the scene of the car accident after

wearing it, but Gu Man Yin also liked that skirt very much, and she insisted on trying it on, but the shopping guide said that her legs were a little short, and she was rather sensual, which was not suitable, and then said that the lady beside you, that is, my legs are very beautiful, It suits this dress very well. Gu Manyin hated me on the spot because of what the shopping guide said. Although she didn't do anything at the time, she poured a pot of hot boiling water directly on my lap. "

Speaking of which, Meng Ke's eyes were scarlet, and her eyes were full of hatred for Gu Manyin.

Rong Shu could imagine how painful it would be to pour a pot of hot boiling water on her body, so she felt sympathetic to Meng Ke.

But only for sympathy.

"Miss Rong, do you know? I was almost scalded to death by her. If a servant didn't come out in time at a critical moment and Gu Manyin was charged with murder, I'm sure she would never call an ambulance for me. I wish I was scalded alive, because when I was scalded and rolled on the floor, she stood beside me with a happy smile, and didn't feel any panic or guilt for her actions, so I knew that she just wanted I died. On that day, I was sent directly to the emergency room. After that, I stayed in the ICU for a month before being discharged. After being discharged from the hospital, Gu Manyin pretended to cry in front of me, saying that she didn't do it on purpose, it was just her hand. She slipped, let me forgive her, heh, it's funny!"

Meng Ke gritted her teeth, "How could such a big water bottle slip? It's slippery, she should have called an ambulance for me at first and found a way to ease my pain. Yes, how can I stand by and still laugh? However, even if I know that she deliberately wants to kill me, I can't tell anyone, I can only convince myself that she really didn't do it on purpose, because I know that my family I need the help of the Gu family. My parents can use this incident to ask for benefits from the Gu family. Anyway, I was destined to sacrifice for the family. Naturally, the family can get more benefits. It is not impossible to forgive her. But I never thought that Gu Manyin still wouldn't let me go!"

"Although I only glanced at the scar on your leg, I also saw the scar from the burn, and the scar from the cut with a sharp tool. Those sutures That's the scar." Rong Shu lightly opened her red lips and said lightly.

Meng Ke nodded heavily, "Yes, it's just a scald, no need for stitches at all, so these stitch scars on my legs are naturally the result of Gu Manyin's second injury to me. Not long after I was discharged from the hospital, Gu Manyin The birthday is coming. As her dog leg, I am also the invitee, although I went to attend her birthday party. During the party, as a birthday star, she has to pour the champagne tower herself. She stood on the stool. She poured the wine in a regular manner, and then halfway through the pour, she suddenly shouted and fell to the champagne tower. Although she was pulled in time in the end, she didn't fall down, but her hand touched the champagne. Tower, I'm right

across from the champagne tower, and the ten-story champagne tower is pouring directly toward me.”

“You can’t run.” Rong Shu said with certainty.

Meng Ke bit her lip, “Yes, I didn’t recover at the time, and I was still in a wheelchair. The champagne tower fell down too fast, even if my legs were good, I might not be able to escape, let alone a wheelchair? The man was buried under the champagne tower, the wine glass was shattered, the stitches on my legs were caused by the shards, and there were several scars on my legs, even on my body, that’s why, I The reason why she never wears a naked dress.”

“Speaking of which, I still think it’s true.” Rong Shu touched her chin.

She has indeed seen Meng Ke several times, and she has indeed seen Meng Ke dressed up every time.

But she never thought much about the reason, after all, everyone’s dressing style is different.

But now I know that this is the reason.

“Of course, it doesn’t matter what clothes you wear, the important thing is that I know that Gu Manyin did it on purpose, she just wanted to destroy me completely. Legs, and she has indeed succeeded. Even if my legs are operated on, they will not be able to recover, so how can I not hate her! Meng Ke clung to the

skirt of her dress, her face twisted and grim with hatred. “But because of her past status, I can’t do anything. I can only bury the hatred in my heart, but now I don’t. It’s the same, she has become a dog that everyone shouts and beats, I can take revenge, but my power is rich, I can’t find her, so I can only pin my hopes on others. “

“This other person is me?” Rong Shu raised her eyes.

Meng Ke nodded, “Yes, I’m sorry Miss Rong, I know I’m taking advantage of you, but I can’t help it. The only people I can think of who can find Gu Manyin are you and President Fu. , so I especially hope that you will find her quickly and kill her, which is equivalent to my revenge, and Miss Rong, I can also provide you with clues about the places where Gu Manyin has appeared in the past few months. “

“What did you say?” Rong Shu was a little angry at the woman’s wishful thinking, but when she heard about the places where Gu Manyin appeared, she had to pay attention.

“You said where Gu Manyin has appeared in the past few months?” “

“Yes. “

“Impossible!” Rong Shu pursed her lips, “Didn’t you say that Gu Manyin never came to find you, so how did you know that Gu Manyin appeared there?”

She looked suspiciously at Meng Ke in front of her. Meng

Ke patted her cheek, temporarily put away her hatred for Gu Manyin, and quickly replied, “It was Gao Meiling who said it, and Gao Meiling wanted to kill Gu Manyin too. During this period, she has also been looking for Gu Manyin. Although Gao Meiling is now down and out, the thin and dead camel is bigger than Ma. She can still contact some people in the past, some of which are emotional, thinking about the relationship in the past. I searched for her and found some clues. “
