Chapter 1281 Disobeying Your Father

When Fu Jingting asked this question, he still didn't look back.

But Liu Linlin just knew that this she was referring to herself.

Her legs froze subconsciously, and she didn't dare to move any further.

Then in the next second, she saw Fu Jingting holding Rong Shu's hand and turning around.

"Brother Jingting" Liu Linlin saw Fu Jingting turned around, and originally wanted to greet him with a smile, but when she saw his expressionless face and staring at her, his eyes were cold and without a trace of warmth. Eyes, the words behind her can no longer be said, they are blocked in her throat.

Brother Jing Ting actually looked at her as if he were looking at a dead thing!

It was like ignoring her, and it made her feel sad and frightened.

At least ignoring her means that brother Jing Ting doesn't want to see her completely.

And looking at her like a dead thing, it shows that even if she dies, brother Jing Ting will not have any emotions, and even wants her to die.

"You pinched Xiao Yezi!" Fu Jingting asked again.

It is more of a statement than a question.

Liu Linlin opened her mouth, subconsciously wanting to lie, trying to argue that it was not her.

But Fu Jingting's sharp eyes fell on her, as if he could see through people's hearts, making her feel that she had almost nowhere to hide and could not lie at all, so she could only stammer and reply, "I didn't mean it, I just "

"What did you do just now?" Fu Jingting didn't care about her explanation at all, and didn't want to hear it.

All he needs to know is that she did it. Whether it was intentional or not, what's the important thing?

So he interrupted her quickly, one at a time, to ask another question.

Rong Shu knew that Fu Jingting was going to settle the score with Liu Linlin for what happened just now, her red lips curled up, and she leaned quietly in his arms, watching all this quietly.

Anyway, if a man wants to stand up for her, she can be a little girl with peace of mind.

And let's not say, it feels really good to have someone stand up for yourself.

Especially if the other party is still his man's admirer, it feels even better.

Rong Shu glanced at Liu Linlin who was opposite, and smiled contentedly.

This smile naturally stimulated Liu Linlin again. In Liu Linlin's view, it was Rong Shu's provocation to her.

If it wasn't for Fu Jingting being here at this moment, she would have rushed over to tear this woman's face apart.

"Let me ask you, what did you want to do just now?" Seeing that Liu Linlin had been silent for a long time, Fu Jingting repeated the question just now, with a much heavier tone.

Liu Linlin shivered subconsciously, and timidly looked at Fu Jingting, "I, I..."

She looked at the man in front of her.

The man was still as handsome as ever, no different from when she left the country seven years ago.

The only difference is that the man seven years ago was always pale and haggard, with a sick look, giving people a sense of weakness and beauty in illness.

But now Fu Jingting's complexion is no longer always pale and haggard, giving people a look of poor health. Although his complexion is still fair, he is obviously healthy, and he has completely lost the weak appearance of seven years ago.

Fu Jingting now is not only physically better than seven years ago, but also has a completely different personality.

Seven years ago, he had a gentle personality and always had a smile like a spring breeze, giving people the feeling of a brother next door in white.

But now, his personality has completely changed. He is no longer gentle, and the spring-like smile on his face has disappeared. He has become expressionless, cold and indifferent, and his eyes look overwhelming, almost making people feel uncomfortable. out of breath.

It can be said that Fu Jingting seven years ago was a gentle and noble Maine, but now Fu Jingting is a domineering cheetah, which makes people feel very dangerous.

How did Brother Jing Ting become like this?

Liu Linlin couldn't accept Fu Jingting who had changed so much.

Although she had heard from her grandfather that the current Brother Jing Ting is different from the previous Brother Jing Ting, she never took it seriously, and felt that even if a person would change, it would not change too much, and that Brother Jing Ting would always be her Brother Jing Ting in memory.

But now, after seven years, I finally saw Brother Jing Ting again. Although he was still as handsome as I remembered, the feeling he brought to her was very strange, without any familiar feeling at all, which made her start to feel uncomfortable. Panic.

If it's an unfamiliar brother Jing Ting, can she still get along with him in the old way?

The most important thing is, are the hobbies she learned about Brother Jing Ting still useful?

Liu Linlin was so upset that her teeth almost broke her lower lip, and all the grievances in her heart surged up, causing her tears to flow down uncontrollably.

"You're not Brother Jingting." Liu Linlin burst into tears and looked at Fu Jingting heartbroken, as if Fu Jingting was some kind of heartless person who failed her, her voice choked, "Brother Jingting wouldn't treat me like this, no You are so indifferent to me, you don't want to interrogate me like a prisoner, so you are definitely not my brother Jing Ting, no."

This turn of events made Rong Shu stunned, and the corners of her mouth twitched involuntarily.

what's the situation?

The woman burst into tears suddenly, as if Fu Jingting was a heartless person, what about acting in a Korean drama?

Not to mention that Rong Shu was extremely speechless, Fu Jingting also felt baffled.

Is this woman mentally ill?

Fu Jingting frowned, and looked at Liu Linlin in disgust, "I'm asking you, what are you talking about with me, Liu Linlin, did you just want to push someone?"

Liu Linlin was sad when she saw Fu Jingting crying in front of her. Not only did he not feel nervous at all, nor did he want to comfort her at all, the expression on his face cracked instantly.

How could this happen?

How could Brother Jing Ting do this?

For a while, Liu Linlin was hit hard.

Rong Shu couldn't bear it any longer, and burst out laughing, "I'm really sorry, Miss Liu, your elder brother Jing Ting doesn't seem to like your set of white lotus flowers."

"You..." Liu Linlin looked over fiercely.

Fu Jingting narrowed his eyes, and directly pulled Rong Shu into his arms, and finally covered Rong Shu's eyes, "Don't look at the dirty things."

Such an ugly face will give you nightmares.

Rong Shu understood the deep meaning in the man's words, her smile became brighter, and she nodded obediently, "Okay, listen to you, I won't read."

Fu Jingting touched her head, and then looked at Liu Linlin with a gentle expression. Still indifferent.

Liu Linlin also woke up from the nostalgia.

Brother Jing Ting's gentle smile to Rong Shu just now made her think that Brother Jing Ting had changed back to the gentle Brother Jing Ting he was seven years ago.

But in the next second, Brother Jing Ting put away that indifference, and only then did she realize that Brother Jing Ting hadn't changed back at all.

It's still the current brother Jing Ting who is indifferent to her.

"Brother Jingting" Liu Linlin looked at Fu Jingting resentfully.

Fu Jingting was indifferent, but his eyes were even more disgusted, "Liu Linlin, if I remember correctly, I am a student of your grandfather and the same generation as your father, that is to say, I am your elder, you should call me uncle, what, you Don't call me uncle, are you dissatisfied with your father, so you want to be your father's sister?"

"Pfft, hahaha!" Rong Shu broke her skills again, leaning into his arms and laughing very loudly.

When your father's sister?

God, this sentence is so funny.

Chapter 1282: Why do you want a man to have a company?

She always knew that under Fu Jingting's cold appearance, there had always been a poisonous heart hidden.

It's just that in the face of her, he has always been the gentle and attentive good man, so she has hardly heard his poisonous side.

Now it's probably because this Liu Linlin is so unwelcome to see him, so he ignored her and directly began to scare people.

But don't say, seeing the man so intimidating Liu Linlin, she really feels happy.

Especially when she saw Liu Linlin's incredibly stiff look, she just wanted to laugh.

Fu Jingting saw the woman in his arms tremble with a smile, and a helpless and spoiled look appeared in his eyes.

Is his words so funny?

But since she is smiling so happily, let her be.

Fu Jingting gently touched Rong Shu's head.

On the other side, Liu Linlin's whole person was almost embarrassed and indignant.

Fu Jingting actually said so about her!

Say she wants to be her father's sister!

How could he use such humiliating words on her.

Liu Linlin looked at Fu Jingting sadly, her voice trembling, "Brother Jingting, how can you, say so about me?" "

"Why not?" Fu Jingting regained his expressionless appearance, "Isn't this what you asked for?" I was originally the same generation as your father, but you called me

brother, don't you just disagree with your father, don't you want to be your father's daughter, but want to be your father's sister? "

Rong Shu nodded again and again in agreement.

Speaking of which, she was also very confused by Liu Linlin calling Fu Jingting this way at first.

After all, Fu Jingting was Liu Lao's disciple, and Liu Linlin was Liu Lao's granddaughter.

These two people are obviously uncles and nephews, but Liu Linlin has an older brother, which sounds really contradictory.

But she only thought that each was called its own, so she didn't think much about it.

But now as soon as Fu Jingting's words came out, she knew that this was not called by each other, but by Liu Linlin's wishful thinking and unilaterally called it.

Fu Jingting did not agree.

As for why Liu Linlin called it that, she probably also knew that although she was not her uncle and nephew, Fu Jingting was also Liu Linlin's titular uncle.

If Liu Linlin really opened her mouth to call this uncle, then Liu Linlin and Fu Jingting will be together in the future, and the outside world will definitely point fingers.

Liu Linlin probably didn't want to let that happen, so she didn't want to call Uncle Fu Jingting, but called her brother instead.

At least in the worldly aspect, brother-sister feelings are more acceptable than uncles and nephews.

Liu Linlin saw that Fu Jingting vetoed his move to call him brother together, and she was not sad in her heart, but at the same time she was a little angry.

Fu Jingting's doing this is undoubtedly completely cut off, and the possibility of her calling him brother makes her only call him uncle.

And she didn't want to call him uncle.

Once she called it that, what will the outside world think of her in the future?

In the future, when they are together, will the outside world say that she has no face, and even her uncle will provoke?

Liu Linlin's face was red and white, very ugly, like a palette.

Fu Jingting didn't have time to entangle with her too much here, and he was anxious to go back to print the nails on Rong Shu's arm.

Therefore, Fu Jingting's tone of voice became even more impatient, "Liu Linlin, I don't care what you just did, but just now I remembered, I will be counted in what you did, liquidated together, will never be so calculated, now you immediately give me back to the box, what is the matter, I'll go over and talk to your grandfather and grandson in a moment, and if you don't want to, then don't blame me for being unkind and letting people throw you back." "

Hearing Fu Jingting's unceremonious accusation, Liu Linlin was extremely aggrieved in her heart, "Jingting brother" < b168 translate="no">

She originally wanted to continue to call Fu Jingting like that, but to Fu Jingting's emotionless eyes, her throat felt as if she was pinched by an invisible big hand, and instantly swallowed the last brother word back, and her voice was hoarse, "Uncle Fu, how can you say such excessive things to me, how can you look towards her!" "

She pointed at Rong Shu, her eyes full of jealousy, "I admit, I just wanted to attack her, but I did that for you, how can you deal with me against her?" You are simply inseparable. "

Fu Jingting smiled angrily, "You tried to murder my lover, and you actually said it was for my good?" Liu Linlin, your brain is not broken, right? "

Also say that he is inseparable?

He is very clear.

Could it be that he wants to help her, pretending not to see him dealing with his lover, which is called inseparable?

No, that's called wolf heart dog lung!

In terms of relatives, Xiaoyezi is his closest.

And she Liu Linlin is not worthy.

The two words of lover stimulated Liu Linlin, as if like a thorn, deeply penetrated into Liu Linlin's heart, his eyes looked at the two men and women hugging each other together, and his eyes were full of disbelief.

Lover?

Brother Jing Ting actually said that Rong Shu was his lover?

Could it be that brother Jing Ting is really in love with Rong Shu?

No, she doesn't believe it!

Liu Linlin bit her lower lip desperately and let go for a while, but on her lips, she left several deep tooth marks, which looked painful.

But neither Fu Jingting nor Rong Shu will care about her and care about her.

Who cares about annoying people.

“Of course I'm for your good, this woman grabbed your handle and threatened you, six years ago, she threatened you to marry her, and now six years later, she threatens you to get back with her, and threatens you to do that shameless thing with her at other people's banquets, completely ignoring your wishes and ideas, so I appeared here, in order to help brother Jingting you take the handle back, out of this woman's control, it is this woman herself who is unwilling to hand over the handle, I have said all the good things, and she does not listen, So I can't help it, I can only come hard, but Uncle Jing Ting, not only do you not help me, but also stop me, blame me, don't understand me, but focus on her, Uncle Fu, I see that the person with a broken brain is you, we are the same group, she is the enemy! “

Liu Linlin pointed at Rong Shu and complained to Fu Jingting, and finally stomped her foot eagerly, looking like she hated iron but not steel.

Rong Shu raised her head and looked at the man who was holding her jokingly, “What to do with Jing Ting, it sounds, I look so bad, this Miss Liu Linlin has a sense of justice Oh, and you are so pitiful Oh, actually threatened by me so much, I feel like a villain, and you are a hostage imprisoned by the villain, that Miss Liu Linlin, is not afraid of hardships and dangers, bent on saving your decency, even if you are misunderstood, hated by you, I want to save you, I am moved when I listen to it, Jing Ting, are you moved?” “

Fu Jingting rubbed her hair funny, “Don't make trouble.” “

Then, he looked at Liu Linlin, who was fiercely hurt by him on the opposite side, endured the diaphragm in his heart, wrinkled his eyebrows and asked in a deep voice, “You said, I married Xiaoyezi, including the current reunion, because Xiaoyezi used my handle to threaten me?” “

Liu Linlin nodded, “Yes, otherwise how could you marry her?” “

Rong Shu also nodded, “I testify, before you came, she also told me so, saying that I grabbed your handle and threatened you, I want to have this ability, why do I threaten you to be with me, directly threaten you to give me the Fu Group, with the Fu Group, I am the new female bully, why do I want a man?” “

She said that men are not worth mentioning compared to the Fu Group.

### Chapter 1283 – Never Loved Her

This is by no means unreasonable, after all, men will betray, but careers will not.

So anyone who is sober enough knows which is more important.

Fu Jingting also knew, but he was still unhappy in his heart, raised Rong Shu's chin and looked at her with incomparable resentment, "Want to be a female bully?" "

Rong Shu blinked.

Fu Jingting said again: "Don't want me as a man? "

She blinked again, not daring to say a word.

I'm afraid that in case I accidentally subconsciously reply that the dog man definitely has to clean her up.

However, this time Rong Shu made a wrong move, even if she pretended to be dumb.

Fu Jingting's eyes were gloomy and snorted coldly, "Don't want me as a man, I tell you, don't even think about it, since you wanted it at the beginning, you don't want to get rid of me in this life, I also remembered what I just said, and I was punishing you at night." "

With that, he released her chin.

Rong Shu touched her chin, feeling helpless.

Yes, I already knew that I would not pay lip service just now.

Now I was caught by the dog man again.

However, because the two were whispering, Liu Linlin on the other side couldn't hear what they were saying, but seeing them intimately together, the jealous fire in her eyes almost spewed out.

Especially looking at Rong Shu's eyes, it was as if he was going to shoot several sharp swords and pierce her fiercely.

Fu Jingting just saw her look at Rong Shu like this again, and at that moment, he couldn't wait to screw her neck directly.

“Jing Ting no, Uncle Fu, you” Liu Linlin felt the killing intent coming from Fu Jingting, and snorted, and when she looked at Fu Jingting, cold sweat subconsciously came out.

Fu Jingting pushed Rong Shu behind him, let her completely hide behind him, and used his body to isolate Liu Linlin’s malicious eyes, and then looked at Liu Linlin, and said in an icy voice: “Liu Linlin, I made it clear to you here, I didn’t have a handle in Xiaoyezi’s hands, and I wasn’t threatened by her, marrying her because I love her.” , get back together with her, also because I love her and nothing else, so put away your ridiculous conjectures. “

The phrase ‘I love her’ completely shattered the shaky insistence in Liu Linlin’s heart.

She actually had this guess in her heart, but she never dared to believe it and couldn’t accept it, so she could only keep hypnotizing herself on the grounds that he was threatened by Rong Shu, telling herself that her guess was false and not true.

Only in this way will her heart feel a little better.

But now, Fu Jingting bluntly said that he was with Rong Shu, not because she was threatened, as she thought, but out of sincerity, he loved Rong Shu, so he was willing to marry Rong Shu and was willing to get back together with Rong Shu.

“I don’t believe it!” Liu Linlin suddenly collapsed and roared, “This is not true, how can you love her?” “

She looked at Fu Jingting with teary eyes, heartbroken, and stretched out her finger to point at the woman behind him, who was protected by him.

“Brother Jing Ting, tell me, what you just said is false, right? You don’t love her, you marry her, get back together with her, you are threatened by her, you tell me, tell me! “

At this moment, she couldn’t care about anything else, directly changed back to her previous title, and stepped forward to grab Fu Jingting’s hand and force him to ask if all this was true.

But where would Fu Jingting give her this opportunity, wrinkling her brows in disgust, and protecting Rong Shu to retreat, for fear of being contaminated by Liu Linlin.

Liu Linlin saw that he avoided himself, as if he was a trash, and her heart was even more sad.

“It’s true, I love her.” Fu Jingting took Rong Shu’s hand, lowered his head and dropped a kiss on her fingertips, his voice was gentle, “If I don’t love her, why should I marry her and get back together with her?” Just by what you said was threatened? Oh, ridiculous!  
“

Fu Jingting put down Rong Shu's hand, and when he looked at Liu Linlin again, he changed back to that cold look, and his attitude was polarized.

"What kind of person am I Fu Jingting, and who can catch my handle?" Who can threaten me? In this position, there are indeed many people who have threatened me, but without exception, those people either fell into the dust or left other countries and never returned, and no one can successfully threaten me, unless I volunteer, so why do you think that I Fu Jingting is a person who can succumb to a small threat? "

"Because because" Liu Linlin's mouth opened and opened, she couldn't say it for a long time.

Fu Jingting squinted, "Because you just want to give me and Xiaoyezi together, find a reason, a reason to make you think that I don't love Xiaoyezi, and I am not with Xiaoyezi for ten thousand feelings." "

The fig leaf was lifted, and Liu Linlin only felt that the back of her head was cold.

But soon, she became momentum, "Yes, I do want to find a reason, but I can't deny that my reason is wrong, brother Jing Ting, you said that you love Rong Shu, so you married Rong Shu, only to get back together with Rong Shu, I won't say about compounding, after all, you have known each other for six years, maybe you have some feelings, but what about marriage?" Is there feelings when you get married? Six years ago, you didn't know each other, wasn't it because she forced you to get married suddenly, can't it be that you fell in love with her at first sight? At that time, you loved Gu ManSound ah! "

Liu Linlin stomped her foot.

When Rong Shu heard the name Gu Manyin, she first rolled her eyes, and then directly twisted the soft flesh around the man's waist.

The man snorted softly, knowing that the little woman behind him was angry, and quickly grabbed her hand and squeezed it gently to show comfort.

At the same time, he looked at Liu Linlin's eyes,

### Chapter 1284 Liquidation Together

After all, this is what she saw with her own eyes.

Seven years ago, besides Fu's grandmother and Wang Shuqin, she was the only woman beside him.

The first two are elders, only she has nothing to do with him, but she can appear beside him, this is such a proud thing for her, those women in the circle who like Brother Jing Ting are all envious of her, She also gained a lot of vanity because of it.

She has even claimed to the public that she is the wife of the future Fu family's head and brother Jing Ting's wife.

And the rich ladies in the circle also acquiesced, so her status has always been the highest among these rich ladies in the circle.

Until one day, Gu Manyin suddenly appeared beside him, breaking all her cognition.

Brother Jing Ting personally brought Gu Manyin to her and told her that this was his lover.

At that time, she only felt that the sky was falling, and thought how could it be possible?

She almost grew up with Brother Jing Ting, can she not know if there are other women around him?

Not to mention that there are no other women, not even a female mosquito, how could a lover suddenly appear?

At the same time, Miss Qianjin in the circle, it's not that she doesn't know Gu Manyin, and she hasn't heard that Gu Manyin knew Brother Jing Ting, right?

With the status of the Gu family, let alone know brother Jing Ting, there is no chance to make friends with brother Jing Ting, how could he become brother Jing Ting's lover all of a sudden.

She felt that there must be something wrong with it, and it must not be true, but at that time Brother Jing Ting looked at Gu Manyin's eyes, but they were so gentle and affectionate, which is not something that can be performed in acting.

So she understood that Brother Jing Ting really liked Gu Manyin. Although the two had never known each other before, maybe it was love at first sight?

Although she couldn't accept that fact, she couldn't beat that terrible woman Gu Manyin, so she didn't want to accept it, so she had to accept it.

But now, Brother Jing Ting told her that he had never loved Gu Manyin, and that he had always loved Rong Shu.

What's going on in this?

Liu Linlin just felt that her brain was not enough, it was too messy.

But Fu Jingting didn't want to explain the meaning of explaining her doubts, and said in an emotionless voice, "Gu Manyin and I were just an oolong, and we never took it seriously. The person I love, from the beginning to the end. There is only Rong Shu."

As he said, he touched Rong Shu's face affectionately, "As for the reason, it is our business, why should I tell you, you just need to know that Rong Shu is the only one I love, so you said The so-called threats are all nonsense. You claim that all the harm you did to Rong Shu was for my own good, but in fact, you are simply hurting me here, not for my own good, but to satisfy yourself So Liu Linlin, do you think I will let you go?"

Liu Linlin's complexion was as pale as a piece of paper, without even a trace of blood, and her legs couldn't help but staggered back a step weakly, her eyes staring blankly. Said, "How can this happen?"

Brother Jing Ting really loves Rong Shu, and wants to seek justice for Rong Shu.

To seek justice for Rong Shu is to take her under the knife.

Who told her to instigate online public opinion to create an unnecessary scandal for Rong Shu, smear Rong Shu's reputation and design them to break up.

Brother Jing Ting loves Rong Shu, so naturally he doesn't want to break up with Rong Shu, so his actions are undoubtedly stepping on Brother Jing Ting's thunder point.

But now, when he was about to push Rong Shu, he was caught by Brother Jing Ting again, which angered Brother Jing Ting even more, and made Brother Jing Ting hate him even more.

So brother Jing Ting will not let her go.

The more she thought about it, the more frightened she became, Liu Linlin couldn't help breaking out in cold sweat on her forehead, "Brother Jing Ting"

"Don't call me that, I'm disgusting." Fu Jingting said in disgust.

Rong Shu also nodded, expressing that she also felt disgusted.

Such a big man, twenty-six or seventeen, and he still has a big brother and a big brother.

Not only will it not make people feel cute, but it will only make people feel cold.

Seeing that Fu Jingting's face was full of disgust towards her, Liu Linlin felt cold in her heart.

She did not understand how this could happen.

She knew that Brother Jing Ting didn't love her, but she didn't hate her either.

Why now, Brother Jing Ting has gone beyond hating her and turned into hating her?

Brother Jing Ting hates him, so can he really win Brother Jing Ting's heart?

At this moment, Liu Linlin couldn't help but began to doubt, and felt a little less confident about taking down Fu Jingting.

But soon, this doubt and lack of self-confidence were suppressed by her.

No, she can, she will definitely win Brother Jing Ting's heart, she believes in herself, as long as she persists, she will succeed.

Thinking of this, Liu Linlin quickly regained her composure. After pinching her palms, she was about to say something when she heard a few footsteps behind her.

She subconsciously turned her head to look back, and saw Assistant Zhang coming with two bodyguards.

Seeing those two bodyguards, Liu Linlin realized something, her face changed, and she turned her head back in disbelief, "Brother Jing Ting, you actually got someone to arrest me?"

"You ran out of the box, trying to hurt my lover, do you think I will continue to let you outside?" Fu Jingting glanced at her coldly.

He didn't break her neck directly, he was already showing mercy.

God knows, he waited so long in the rest area for Rong Shu to come, he was worried for a while, and then he came over.

Facts have proved that his worry was right. As soon as he came over, he happened to see the scene of Liu Linlin stretching out her sinful hand towards Rong Shu.

If he didn't stop in time and let Liu Linlin successfully push Rong Shu, what would happen to Rong Shu?

Disfigured? There may even be death on the

spot. But no matter what kind of result, it is not what he wants to see, nor is it acceptable to him. It can be said that Liu Linlin's behavior has completely touched his bottom line, and it is also an intentional murder, and he will not let Liu Linlin go just because she attempted to kill her. "You should be thankful that this is someone else's banquet. I don't want to make things too big and disturb other people's banquets, so I haven't done anything to you for the time being. Otherwise, I will definitely make you

pay the price on the spot. Take it down and take it back to the private room. Take care of it, and after the banquet is over, it will be dealt with together with the two families.” Fu Jingting ordered Assistant Zhang in a deep voice. Assistant Zhang nodded and beckoned the two bodyguards to come forward. Liu Linlin couldn't care less about the bodyguards coming to arrest her now, her mind was buzzing this time, she just felt blank, and it took her a while to find her voice, “Who are those two families? ” Two wastes? Looking at Liu Linlin's flickering eyes, Rong Shu hooked her red lips, “That's right, they are the two you think of, Miss Liu.” Liu Linlin's pupils shrank. Really those two trash? Brother Jing Ting caught those two trash? No wonder she kept sending messages to those two trashes after arriving at the hotel, asking how their destruction was going, but the two trashes never replied. At first, she thought that those two wastes were busy dealing with men and forgot to reply her, but now she realized that it wasn't that they forgot, but that they were caught, and judging from the meaning of Rong Shu's words, they already knew Those two scumbags had nothing to do with her. Maybe, those two trashes already confessed to her? If this is the case, then he will face more serious anger from Brother Jing Ting.

After all, now I know that Brother Jing Ting and Rong Shu are not coerced, but because of feelings, so if I ask someone to ruin their good deed, Brother Jing Ting will definitely not let her go.

Then add two other things, how will brother Jing Ting treat her?

Liu Linlin's body started to tremble subconsciously, she only felt extremely cold all over, and her heart was full of anger and hatred.

Hate those two wastes, they were so useless, they were caught right away.

It's fine if they caught her, but they even confessed to her, don't they know that they would kill her without telling her?

Liu Linlin's eyes were full of anger.

Just wait, when she recovers, she will have to pay the price for those two trash.

“Take it down.” Fu Jingting waved his hand and ordered again.

Liu Linlin was soon caught by two bodyguards and taken away from another direction.

She didn't plead for mercy, hoping that Fu Jingting would let her go.

She knew that it was useless to ask.

She knew Fu Jingting very well, and no one could stop Fu Jingting from doing something, even pleading was useless.

Pleading for mercy will only arouse his greater impatience and anger.

So she might as well follow obediently, anyway, Brother Jing Ting will not deal with her now, but let someone send her back to the box first.

In the box, she can discuss with her grandpa what to do next.

So Liu Linlin was taken away obediently.

Seeing that she left without saying a word or making any resistance, Rong Shu was shocked and couldn't help asking Fu Jingting if this was true.

Although today was the first time she and Liu Linlin met, she also got to know Liu Linlin a little bit.

This person is a piece of dog skin plaster, the kind who will not give up, let alone the kind who will calmly compromise and accept his fate.

So Fu Jingting ordered Liu Linlin to be taken down. Liu Linlin shouldn't be so quiet.

As if seeing what Rong Shu was thinking, Fu Jingting rubbed her head, "Mr. Liu is in the box."

As soon as the words came out, Rong Shu understood instantly, "I forgot about it, no wonder she didn't Struggling, I probably want to go back to the box early, and discuss with the elders what to do next."

"Don't worry, I won't let them have a better life." Fu Jingting looked at the direction Liu Linlin left with gloomy and terrifying eyes.

Liu Linlin really violated his bottom line this time, trying to hurt Rong Shu's life.

Therefore, if he doesn't let her pay the price, he is not Fu Jingting.

"I believe in you." Rong Shu hummed.

Afterwards, Fu Jingting pursed his thin lips and looked at her displeased.

He looked at Rong Shu with a sense of ominous feeling, she shrank her neck subconsciously, "What's the matter?"

"I said before, I'll accompany you to the bathroom, but you don't want to, and the result? Being bullied Right." Fu Jingting's eyes fell on the nail print on her arm.

Rong Shu smiled with a guilty conscience, "I didn't expect Liu Linlin to come to me."

"But you were injured." Fu Jingting grabbed her arm, with undisguised distress in his eyes, "It's not even just an injury, almost Murdered by her, if I hadn't come in time."

Rong Shu was speechless.

Indeed, it wasn't that the man came in time, she must be on her way to the hospital now, instead of standing here properly.

Thinking of this, Rong Shu bit her lower lip, feeling a little scared in her heart.

"I didn't expect that she would be so bold that she suddenly wanted to do something like this to me." Rong Shu's beautiful eyebrows were tightly frowned.

Fu Jingting flicked her forehead, and now he was a little hard, and it directly made her forehead red.

Rong Shu groaned in pain, covered her forehead and looked at the man with dissatisfaction, "Fu Jingting, what are you doing?"

"I will teach you a lesson, and let you remember it long." Fu Jingting pursed his lips and said softly, "Let you know what it means to be on guard against others, especially those who have hurt themselves, so you can't do it, let alone You can't expose your back unreservedly in front of the other person, otherwise you'll be asking for death, understand?"

Rong Shu lowered her head knowing

she was wrong, "Understood." This time, it was indeed her fault, and it was also because she thought too much. easy.

She actually knew that Liu Linlin had bad intentions for her, but thinking that this was a hotel, Liu Linlin would not be so bold, so she didn't take too much precaution.

But now she knows that when a person breaks down, she will do it no matter where it is.

This time, she should have a long memory.

Seeing that Rong Shu had listened to her own words and was willing to keep them in her heart, Fu Jingting let her go with satisfaction, took her hand and walked to the lounge, "Let's go, go and clean those nails on your arms first." The printing is done, give me some medicine."

Rong Shu hummed, and let the man lead her away obediently.

On the other side, Liu Linlin was roughly pushed into the box by the security guards, almost falling down.

Mr. Liu was drinking tea. Seeing that she was treated like this when she came back, he put down his teacup and stood up in distress, and supported Liu Linlin, "Linlin."

"Grandpa." Liu Linlin held Mr. Liu's hand aggrievedly, "Grandpa, Look at them, how dare they treat me like this!"

Old Liu glanced at the two bodyguards and Assistant Zhang next to the bodyguards, "Don't worry, grandpa will help you seek justice."

He patted Liu Linlin on the shoulder to comfort him.

Outside the door, Assistant Zhang couldn't help rolling his eyes when he heard this.

Still asking for justice?

Who do you think you are?

Just as he was thinking about it, he heard Mr. Liu pointing the finger at him, and said, "Assistant Zhang, I'm afraid it's not good for you to do this? I know that the relationship between my Liu family and Jing Ting is a bit delicate now, but my old man and Jing Ting The teacher-student relationship in the family has not been dissolved yet, no matter what, I am your boss' teacher, even if your husband has resentment towards me in his heart, he will show up on the surface. You have to respect me too, your bosses have to be like this, let alone you, so what's going on with your current attitude? If you treat Linlin like this, if Linlin gets hurt, can you afford it? "

He reprimanded Assistant Zhang with the tone of a superior and elder.

Assistant Zhang rolled his eyes again.

In the past, this old man liked to use the tone of Mr. Fu to order him around, as if he was not an assistant, but a servant. Yes .

For the sake of Mr. Fu's respect for this old man, he tolerated it.

But that is all in the past.

Now Mr. Fu is very clear that he wants to sever all ties with the Liu family, and now Liu Linlin has hurt Miss Rong again. Mr. Fu It will only make me hate the Liu family even more, and I will never reconcile with the Liu family.

So now the old man Liu is still ordering himself, ordering himself, and questioning himself with the same attitude as before, which seems ridiculous.

I really thought he would treat him like before. Is he respectful? Just dream.

He has long been displeased with this old thing.

Thinking of this, Assistant Zhang curled his lips at Mr. Liu, "Mr. Liu, why are you so angry at me? Do you treat your granddaughter like this? You also know the courage that Mr. Fu gave me. I am Mr. Fu's subordinate. As Mr. Fu's attitude towards Ms. Liu, as a subordinate, I will naturally follow that attitude. So Mr. Liu, what do you say about me? What's the use, as for throwing Ms. Liu or something, Mr. Liu doesn't have to worry about it, Mr. Fu has money, how can he not be able to afford it. "

Assistant Zhang's unscrupulous words made Liu Lao blushed and his neck was thick, and he held his chest and panted, "You you"

"Grandpa. "Liu Linlin was shocked when she saw Mr. Liu like this, and quickly supported Mr. Liu to help him. She was very afraid that something would happen to Mr. Liu. She does

n't like her parents, but she likes grandpa very much.

So being able to be so comfortable is also because of her grandfather. Once her grandfather passes away, she will have nothing.

Grandpa is the anchor of the Liu family, and neither he nor his father has the ability to manage the company.

The reason why the Liu family has survived until now is because grandpa is still alive, and once grandpa falls, the Liu family will also completely fall.

At that time, his identity as Liu Jiaqianjin would be gone, and he would have no money.

With nothing left, how else can she fight with Rong Shu?

How else to snatch Jing Ting's brother back?

Even in the end, she didn't even have the opportunity to appear in front of Jing Ting's brother, so no matter what, grandpa couldn't have an accident.

"Grandpa." Liu Linlin was anxious, tears flowing.

Liu Lao leaned into her arms, his eyes turned outward, he kept panting, he looked like he couldn't breathe, and he was going to go at any time, so frightened that the two bodyguards hurriedly retreated, indicating that Liu Lao was like this, and it had nothing to do with them.

Assistant Zhang couldn't help but glance at them with disdain.

Compared with the indifference of the two bodyguards, Assistant Zhang seemed extremely calm, even how calm and calm, standing there without the slightest change in expression, just looked at Liu Lao so quietly, without the slightest urgency to call a doctor for him.

Just because of this scene, he has seen it too many times and is already used to it.

He could even tell at a glance whether Liu Lao was pretending or really out of breath.

For example, at this moment, he can be sure that this old thing is definitely pretended, even if it is not, the situation is not serious.

After all, this is all this old thing's specialty.

Many times before, this old thing came to Mr. Fu, hoping to ask for some benefits from Mr. Fu, and once he sensed that Mr. Fu was a little unwilling, he immediately did so.

But as long as Mr. Fu agreed, this old thing was immediately fine again.

I believe that if President Fu were here at this moment, his reaction would be the same as him, and he would definitely be very calm.

Just as Assistant Zhang was pouting and thinking, Liu Linlin suddenly shouted at him in an urgent tone: "Assistant Zhang, what are you still doing there, didn't you see that my grandfather had an accident, don't you hurry up and send my grandfather to the hospital, or call the doctor over!" If my grandfather has something to do, I won't let you eat and go, and Brother Jing Ting won't let you go." "

Assistant Zhang pushed his glasses calmly, "Miss Liu's words are serious, let's not say if you have the ability to make me can't eat and go, just say President Fu, there will be no punishment for my behavior, after all, what does your Liu family have to do with our President Fu?" Now who doesn't know that this time President Fu really ah, will break off all relations with your Liu family, so now everyone is waiting on the sidelines, just waiting for our President Fu to release a statement, and to tell you the truth, the

statement that our group's public relations department is ready, but it has not been sent out for the time being, but it is already a matter of time before it is sent, that is to say, you and President Fu have nothing to do with it, so how about Mr. Liu, it has nothing to do with President Fu, you say how can President Fu punish me for my neglect? "

As soon as these words came out, Liu Linlin's whole person was surprised, "What did you say?" Brother Jing Ting has already drawn up a statement to sever relations? "

Because it was so shocking, her voice was sharp and harsh.

Even Liu Lao, his body is not so bad at this time, and the breathing that was originally panting and winning, has gradually stabilized at this time.

Obviously, it was also the result of Assistant Zhang's words.

When Assistant Zhang saw Liu Lao like this, his face was full of mockery.

Liu Lao also knew that Assistant Zhang was mocking him for pretending to be sick, and his face was somewhat unbearable.

But it can't go any further, and it can't make him care compared to Assistant Zhang's words.

"Jing Ting really wants to issue a statement of severance of relations?" Liu Lao trembled his hands and asked in an extremely gloomy voice.

Assistant Zhang wrapped his arms, "Is this still fake?" Do I have to joke with you about this? "

That's really not.

So this thing is true!

Liu Lao's mind boomed, and he only felt that it was about to explode, which made him unacceptable.

"Fu Jingting, how dare he!" Liu Lao's excited old face turned red, and his body trembled even more and couldn't stop, "I'm his teacher, it's his mentor who toasted tea, it's not too much to say that it's his father, how dare he sever the teacher-student relationship with me, this is ungratitude, he is not afraid of thunder and slashing from the sky, and he is not afraid of the world's shame and poke his spine?" "

Liu Lao said that this matter is completely unacceptable.

He also knew the rumors circulating in the outside world that Fu Jingting wanted to sever the teacher-student relationship with him and cut off all contacts with the Liu family.

Although these rumors filled his heart with worry, he also felt that it was definitely impossible.

Fu Jingting is not the kind of person who is desperate.

Therefore, after Linlin's matter came out until now, in addition to pretending to let his son go to Rong Shu to apologize, he didn't really let Lin Lin apologize to that Rong Shu.

In his opinion, that woman did not deserve it at all!

His granddaughter Jin Zhi Yuye, where is that woman comparable, that woman said what to make Linlin, the party personally come to the door to apologize, it is simply a big face.

And he didn't think that Jing Ting really loved that woman so much, so much so that because their Liu family did not sincerely apologize to that woman, they had to clear themselves from their Liu family.

Therefore, instead of starting with that woman, it is better to find Jing Ting directly and tell Jing Ting that this matter is just that Lin Lin does not understand things, and will not commit it again in the future, I believe that Jing Ting is just a momentary anger, and after hearing them say this, he will soon forgive them.

However, for so many days, Jing Ting had no intention of seeing them, and they couldn't contact him.

In order to contact Jing Ting, in order to meet Jing Ting, they were also ready to hold a homecoming banquet for Lin Lin, but the invitation was returned when it was sent.

Jing Ting made it clear that he would not participate, which made them also a little angry.

They felt that they were trying to find ways to contact him everywhere and meet him, and they were also coaxing him, hoping that he would not be angry, but they did not expect that he was so angry that he didn't even give a step.

Of course, angry, but more helpless, Fu Jingting did not agree to participate in the banquet, they could only cancel the banquet, come to tonight's banquet, and plan to come to the banquet to meet Jing Ting.

But now, they didn't even see Jing Ting's face, but instead heard Jing Ting's announcement that he was about to release a statement completely cutting off everything with their Liu family.

The more he thought about it, the more excited Liu Lao became, "Just for a woman, he treated me like this teacher, he"

At this time, Liu Lao really felt that his breathing began to come up.

Liu Linlin, who was supporting him on the side, also looked at Assistant Zhang with full eyes, feeling angry and sad.

Brother Jing Ting, he really wanted to get rid of everything with their Liu family.

Did he know how sad he was for her to do this?

Does he know what he does and what it means?

It means that the consequences are the same as grandpa's death!

She will have nothing!

Assistant Zhang didn't know what Liu Linlin was thinking, and he didn't bother to pay attention to Liu Linlin, but just looked at Liu Lao mockingly.

"Mr. Liu, don't be surprised, what is for a woman? Is that a random woman? That is our Mr. Fu's lover, the most important woman besides the old lady, how much Mr. Fu loves her, everyone around us knows what price to pay in order to regain people back, we also know that for Mr. Fu, she is his anti-scale, no one can hurt the existence, but you want to choose to hurt Miss Rong, offending Mr. Fu's anti-scale, so you deserve to end up like this."

Old Liu's eyes were about to burst.

deserve it?

Actually said they deserve it!

As if he couldn't see Mr. Liu's anger and the look in his eyes that wanted to kill him, Assistant Zhang hooked his mouth and said, "Well, you wouldn't have fallen to such a point. In fact, both Mr. Fu and Miss Rong I gave you a chance to the Liu family. After all,

you are Mr. Fu's teacher. Mr. Fu will not give you a chance because of this relationship, and Ms. Rong will also see that you have taught Mr. Fu once. , Give Mr. Fu a face and give you a chance, but you don't cherish it."

Assistant Zhang spread his hands helplessly, "It is Mr. Fu's indulgence to your Liu family in the past few years, which has raised your appetite and ambition, and also raised your appetite. Your arrogance and domineering made your eyes grow on the top of your head, and you became arrogant. I felt that no matter what you did or what trouble you caused, Mr. Fu would settle it for you and would not attack you, so this time Liu Linlin You made a mistake, not only did you not teach Ms. Liu Linlin a lesson in the first place, you didn't take the initiative to explain the truth of the matter, and you didn't take the initiative to apologize to Ms. Rong. Instead, you sent a trash to make things worse. Who are you looking for death like this? I can't stop it!"

He clicked his tongue twice, "Originally, according to Mr. Fu's feelings for Miss Rong and protecting her shortcomings, as soon as Mr. Fu knew that Ms. Liu Linlin did the matter, he would definitely deal with Ms. Liu Linlin and Ms. Rong immediately. Your Liu family sought justice for Ms. Rong, but Mr. Fu didn't do it because of the teacher-student relationship, and gave you a chance to apologize for what you should apologize for, and make amends for what you should apologize for. As long as you handle it properly, teach yourself a lesson Tell Miss Liu not to be wishful thinking, let alone harbor ill-will towards Miss Rong, and then apologize to Rong Shu and seek Miss Rong's forgiveness. Maybe Mr. Fu won't do anything to your Liu family, but such an opportunity , you just don't want it, so I can't blame others."

Liu Linlin didn't like hearing these words anymore.

What does it mean to let her not wishful thinking, let her not harbor ill intentions towards Rong Shu.

Is it wrong that she loves brother Jing Ting and wants to fight for her lover?

As for harboring ill intentions towards Rong Shu, this is even more nonsense.

She did that only out of competition, and she still didn't think she was wrong.

Liu Linlin raised her chin high, with an unconvinced look on her face.

Don't talk about her, Mr. Liu is also very dissatisfied.

"Who said we didn't apologize to that Rong Shu, we"

"Is that an apology?" Assistant Zhang interrupted him directly, "If you don't bring any presents when you come to the door, and your attitude is very arrogant, it is called an apology, then in this world There won't be so many conflicts anymore, and Miss Rong has forgiven you a long time ago."

Mr. Liu was speechless at Assistant Zhang's words.

Assistant Zhang sneered and said, "In the past few days, Mr. Fu has not issued a statement to clear everything away from your Liu family, which means that he will always give you another chance. As long as you get Miss Rong's understanding in the past few days, Mr. Fu will cancel the idea of issuing a statement at any time. Ms. Rong also knows Mr. Fu's thoughts, so she has never forced Fu Jingting to issue a statement quickly. Ms. Rong, as I said just now, Ms. Rong has been giving Mr. Fu's face. You guys have a chance, otherwise why didn't Ms. Rong just ask Mr. Fu to issue a statement from the very beginning? It's not impossible for her to do it. With Mr. Fu's feelings for her, as long as she speaks, Mr. Fu has no reason not to agree, but your Liu family With eyes stretched above his head, he looked down on Miss Rong and wanted to die."

It's not that he has never seen people with eyes stretched above his head, but these people know best what it means to protect oneself wisely.

It is true that they often get into trouble and provoke some people who should not be messed with, but usually when they know about it, they will immediately lie low, apologize and compensate, and hope that the other party will let them go.

However, people like the Liu family know that they have caused a lot of trouble this time and angered Mr. Fu. They also know that Mr. Fu is going to sever all ties with the Liu family. Instead, he continued to play on the tolerance of Mr. Fu and Miss Rong.

This is the first time he really saw such a stupid person.

"Speaking of which, there is one thing I forgot to mention." Assistant Zhang looked at Mr. Liu, who was having difficulty breathing, with a half-smile on his face, "Boss Fu didn't plan to issue a statement at the end of the banquet tonight. To die, once again stepped on Mr. Fu's bottom line, so Mr. Fu decided not to waste time and give you a chance. After all, good words are hard to persuade the damn ghost. No matter how many opportunities are given to those who insist on dying, it is useless, You are so stupid to think that Mr. Fu and Miss Rong are together not because of feelings, but because Ms. Rong has caught Mr. Fu's handle, threatened Mr. Fu to be together, and then let two scumbags smash the door of Mr. Fu's lounge. "

Speaking of this, Assistant Zhang felt relieved.

I have never seen a person who is so eager to die.

After listening to Assistant Zhang's words, Mr. Liu's face turned red and white, very ugly, and he also felt ugly in his heart.

Of course, it wasn't what they did that embarrassed him.

From the beginning to the end, he didn't feel that what they did was wrong. He only felt that Fu Jingting was not good.

Fu Jingting is his student, so he should tolerate them unconditionally, no matter what they did, he should not care about it.

What's more, all they did was for her, wasn't it?

They felt he was being coerced, so they tried to save him.

In the end, I never thought that they were still true love?

how can that be!

The flesh on Old Liu's face trembled, a little unwilling to believe it, "You just said that Jing Ting loves that woman?"

Assistant Zhang rolled his eyes.

Well, the old man didn't say a word about what they did tonight, he only cared about the relationship between Mr. Fu and Miss Rong.

"That's right, otherwise, why would Boss Fu be with Miss Rong?" Assistant Zhang said with a curled lip.

Mr. Liu knew that Assistant Zhang would not lie to him, especially for this kind of thing, and there was nothing to lie to. For a while, he couldn't accept it, and his mind was buzzing, and he murmured, "How could this be, Jing Ting How could you fall in love with that woman?"

Assistant Zhang's expression was not good, "Why can't Boss Fu fall in love with Miss Rong?"

These words really made people angry.

Elder Liu looked at his granddaughter with obvious meaning in his eyes.

He thinks his granddaughter is the best.

Fu Jingting should fall in love with his granddaughter, not that Rong Shu.

How could that Rong Shu compare to her own granddaughter?

Don't say that Liu Lao thinks so in his heart, Liu Linlin is also so confident, thinking that it should be so.

But the fact is exactly the opposite, so they are more accepting that they can't.

The grandfather and grandson's thoughts were written on their faces without any concealment, and it was impossible not to see it.

Assistant Zhang was ridiculed in his heart, and his attitude on the face became even colder, "Originally, plus this matter, Mr. Fu just planned to announce the statement directly after the banquet tonight, but who made Miss Liu Linlin cause trouble again? Delusion to overthrow Ms. Rong, murder Miss Rong's life, was caught by Mr. Fu, and then completely angered Mr. Fu, and completely made Mr. Fu despise your Liu family, and then also advanced the time for the release of the statement, the statement Now that it has been released, everyone knows that Mr. Fu broke with your Liu family, what will your Liu family face next, Mr. Liu, you should have guessed it, right?"

### **Chapter 1288**

After dropping the depth charge, Assistant Zhang took a gleeful look at the grandpa and grandson who had a sudden change in expression, then closed the door of the box with a smile, and went out with the two bodyguards.

"You guard this place well and don't let anyone in or out. If they want something, you just let the other team members prepare it. Don't let the waiter bring it in, just let us send it in." Assistant Zhang Command to the two bodyguards.

The two bodyguards knew that their two seniors had been sent back by Mr. Fu to rebuild because they let a waiter in, so they also understood how difficult the task was on them, so naturally they didn't dare to relax in the slightest.

Otherwise, it would not only be the two seniors, but also the two of them who would be remade.

"Don't worry, Assistant Zhang, we know that we will never disappoint you and Boss Fu." The two bodyguards repeatedly assured.

Assistant Zhang hummed in satisfaction and left. He still has to go to Mr. Fu to report another matter.

In the box, after Assistant Zhang left for a while, the grandpa and grandson finally recovered.

Mr. Liu looked at his granddaughter gloomily, "Linlin, did you push that Rong Shu?" Liu Linlin

shook her head violently, "No grandpa, I didn't push her."

"Since I didn't push her, why did Zhang Cheng say that?" "?" Elder Liu obviously didn't believe his granddaughter's words.

He still doesn't know what kind of person his granddaughter is?

Liar by nature, ruthless.

However, he felt that his granddaughter could protect himself well, achieve some goals, and bring benefits to the Liu family, so he never thought there was anything wrong with his granddaughter.

But now, he doesn't think so.

What the granddaughter did almost drove the Liu family to a dead end. He didn't think that what the granddaughter did was right, and he was even angry that the granddaughter lied to him at this time.

Looking at Old Liu's gloomy old face, Liu Linlin knew that Old Liu was angry, and her heart trembled.

She is not afraid of anything, but there are also people who are afraid.

That is Fu Jingting and grandpa.

It's just that her grandfather has always been kind to her, and she rarely looks at her with such terrifying eyes, so she has always been relatively free and bold in front of her grandfather.

But once she saw grandpa's bad face, especially when the bad face was aimed at her, she began to feel uneasy and afraid.

"Grandpa" Liu Linlin swallowed her saliva, and called out to Old Liu anxiously.

Mr. Liu said in a deep voice, "After you left the box, didn't you say that you just went to Jing Ting to complete our plan for tonight? Why did you go to provoke that woman again? Didn't we say that tonight's goal is only on Jing Ting? Okay, don't worry about that woman, don't worry about it, what did you do in the end when you were faced with an unexpected problem? It's fine if Jing Ting didn't succeed, but you even went so far as to push that woman, look what's going on now? "

They didn't have mobile phones. When they were locked in, their mobile phones had already been searched by that bastard Zhang Cheng.

So they can't contact the outside world at all, and they can't even go online to understand the current online situation.

However, although his old man doesn't usually go online, it's not that he doesn't understand the Internet. After all, the Liu family was originally in this business.

Zhang Cheng said that the Fu Group has already issued a statement that it has separated everything from the Liu family, so now the Internet should have set off a huge wave.

And they are still locked here and can't do anything, the turmoil on the Internet can't be stopped, he can imagine what kind of turmoil the Liu family is in now.

All in all, their purpose of deepening the relationship between Fu Jingting and their Liu family was not fulfilled by their coming here, but it also made the situation of the Liu family worse.

For a moment, Mr. Liu felt completely defeated.

I think he has been calculating for decades, and it has always been smooth sailing. How come he becomes unsatisfactory when he is old and close to the coffin?

He said he couldn't figure it out.

Liu Linlin didn't know what Elder Liu was thinking, but she also knew that because of her own reasons, the Liu family was in danger, and she not only resented Rong Shu even more, but also resented Fu Jingting a little.

She felt that it was Rong Shu's fault that she had fallen to this point.

And Fu Jingting was still facing Rong Shu.

"Grandpa, I didn't do it on purpose. After I went out, I really wanted to give the medicine to Brother Jing Ting so that he could cook rice with Brother Jing Ting. In this way, Brother Jing Ting would not be able to rely on me. Take charge, stay with me, but I don't have the chance to prescribe medicine. Brother Jing Ting is in a class of his own at the banquet, sitting in a corner and not allowing anyone to approach him, even drinking the drinks he prepared at the beginning. I don't drink from the waiter's tray at all, so I don't think I can even take medicine, even if I get close to him, I guess he will recognize and catch me as soon as I get close to him, so I can only take a step back and think about what else to do. Then I thought of starting from that woman Rong Shu." At

this point, Liu Linlin was full of resentment, "I thought, since I can't get close to Brother Jing Ting, let Rong Shu go, Rong Shu has Brother Jing Ting's handle, Brother Jing Ting will never refuse her approach, so I just need to find a way to use Rong Shu's hand to give Brother Jing Ting the medicine. In this way, I am trying to get Rong Shu away, I

have done good things with Brother Jing Ting, and even if Brother Jing Ting wanted to investigate what happened, he would only find out that it was the woman Rong Shu who gave the medicine, and then he would hate that woman even more, maybe he would kill her regardless of the reason. Maybe that woman, and I'm not only clean, but also a victim, maybe Brother Jing Ting will also feel guilty for me because of my being implicated in this way."

She looked at Liu Old man, "At that time, Brother Jing Ting will not only reconcile with our Liu family, but also stay with me and make up for me."

"However, your plan is so good, but it still failed." Old Liu's voice was dark. Said sadly.

Liu Linlin gritted her teeth, "It's all because of that woman's slipperiness. I couldn't find a chance to do it. Instead, I was severely humiliated by her. So I was so angry that I lost my mind and thought about killing her directly." Yes, as long as she is killed, even if the good things between Brother Jing Ting and I cannot be completed tonight, as long as she dies, it is a good thing. At least Brother Jing Ting will not be threatened by her again. Brother Jing Ting also wants to thank me, and I can take this opportunity to win Brother Jing Ting's heart, but who knows that Brother Jing Ting appeared to stop me when I was about to make a move, and told me that he and Rong Shu Being together is not because we were caught and threatened by Rong Shu as we thought, but because he loves Rong Shu."

"The most important thing is Grandpa, do you know what Brother Jing Ting said?" Liu Linlin stopped Elder Liu's sleeves became emotional, "Brother Jing Ting said, the person he loves has always been Rong Shu, and he has never loved even Gu Manyin in the past. The person he loves has always been Rong Shu Rong Shu is alone."

"What? Never loved Gu Manyin?" Old Liu was taken aback for a moment, "Then what happened to him and Gu Manyin in the past?" Liu

Linlin shook her head, "I don't know, Brother Jing Ting didn't say, But that's not important, the important thing is that Brother Jing Ting and Rong Shu are together now because of their feelings and there is no excuse, that's why Brother Jing Ting is so angry with my behavior, and will target our Liu family even more."

"In that case, why didn't you control your temper then?" Elder Liu scolded.

Liu Linlin pouted, feeling aggrieved, "I didn't expect Brother Jing Ting to love that woman, I really thought they were just..."

She stomped her foot fiercely, "If Brother Jing Ting doesn't love her, then no matter what I do, Brother Jing Ting would not treat me like this, but none of us expected that Brother Jing Ting would be attracted to that woman, and grandpa, do you know how irritating that woman is really?"

Old Liu sighed He breathed a sigh of relief, "Yeah, none of us expected that Jing Ting would be sincere to that woman. This is our biggest mistake. What you have done now has completely disappointed Jing Ting in our Liu family. Today We made the stinkiest move ever."

Tonight, they shouldn't be here.

They should be patient.

Just like what Zhang Cheng said, Jing Ting did not intend to issue a statement today, it was Linlin who sent those two attendants to anger Jing Ting first, and then Jing Ting decided to issue a statement after the banquet tonight.

In the end, Linlin messed up the matter again, causing Jing Ting to change her mind again, changing the original statement issued after the banquet to the present.

So, they went wrong for these two things tonight.

They should hold back and do nothing for the time being.

At least in that way, their Liu family still has a chance to relax, unlike now, they have been cornered.

"Grandpa, what should we do now?" Liu Linlin was really anxious and panicked right now.

She doesn't understand the affairs of the mall, but she also knows what will happen to her family once Fu Jingting's statement is released.

Maybe it won't be long before the Liu family's company will go bankrupt, and she will lose her identity as Miss Liu's family.

By then, she would have nothing left.

She never wanted to see something like that happen.

Therefore, she can't help but regret now, regretting being so impulsive back then.

Mr. Liu gave Liu Linlin a gloomy look. There was no love in his eyes, only indifference.

He is a very realistic old man.

Before his granddaughter caused any trouble to the Liu family, he was willing to spoil her to the heavens.

After all, her granddaughter has almost inherited her intelligence and cruelty. She is not at all like her son, so stupid that people dare not look directly at her.

Therefore, with so many descendants in the Liu family, he only likes his granddaughter.

But his liking is conditional. As long as his granddaughter is obedient, like himself, and can bring benefits to the family, he will like her unconditionally and protect her shortcomings unconditionally.

But once the granddaughter can't bring benefits to the family, but brings trouble instead, he will immediately put away his liking.

After all, his liking is not for a trash who does not accomplish much but fails.

Naturally, Liu Linlin could also feel that Elder Liu's attitude towards her had changed, and her heart skipped a beat, and she called out anxiously, "Grandpa."

Elder Liu didn't speak, but just stared at her with dark eyes. After watching for a while, Then he looked away, sat back on the chair, lowered his head slightly, not knowing what he was thinking.

Although he didn't say a word, he wasn't accusing himself of criticizing himself.

But instead of letting out a sigh of relief, Liu Linlin became even more panicked.

Because she knew that grandpa scolded herself, which meant that he hadn't given up on himself, but if he didn't do anything, it meant that grandpa was ready to give up on himself, and began to calculate his last remaining value in his heart.

Of course, Fu Jingting and Rong Shu didn't know that Liu's grandfather and grandson were about to turn against each other.

Fu Jingting put good medicine on Rong Shu's arm and put the medicine away, "When you meet these people in the future, call me directly or ask someone to help, don't be alone, or you will get hurt again."

Seeing the man frowning like a little old man, telling him worriedly, Rong Shu couldn't help laughing, "I know, I know the housekeeper, you have been talking about it since the beginning, and you are still talking about it now, when did you change?" It 's so long-winded."

"I'm not long-winded, I really want to remind you, let you know how to deal with this kind of thing next time." Fu Jingting pursed his lips and said seriously.

Rong Shu hugged his arm, "Okay, okay, I know, and I will remember, I will never face it alone in the future, how about it?"

She raised three fingers, making an oath.

Fu Jingting rubbed her head vigorously before giving up.

"Boss Fu."

At this time, the opened door of the lounge, Assistant Zhang suddenly appeared outside, raised his hand and knocked on the door.

Rong Shu immediately let go of Fu Jingting's arm, sat down beside him, and stopped being coquettish.

After all, there are people here, so it's embarrassing to do so.

Of course, this is only for her. For Fu Jingting, there is no embarrassment.

He has always been thick-skinned, and he was even a little reluctant to allow Rong Shu to pull his hand away.

I am even more dissatisfied with Assistant Zhang running over at this time.

When he came over, Xiao Yezi took his hand away.

Fu Jingting pursed his thin lips, looked at Assistant Zhang with dissatisfaction in his eyes, and his tone became very bad, "What's the matter?"

Of course Assistant Zhang could hear the displeasure in Fu Jingting's tone, and didn't understand what happened. It was awkward standing at the door.

well?

He didn't seem to offend Boss Fu, did he?

Rong Shu looked at the dark-faced Fu Jingting, then at the confused Assistant Zhang, covered her lips and smiled lightly, "Alright Assistant Zhang, come in and talk."

"Okay, Miss Rong." I couldn't figure it out, so I didn't think about it anymore. Assistant Zhang smiled gratefully at Rong Shu, walked in, and stopped about three meters in front of Fu Jingting, his expression became serious, "Mr. Fu, there is news from the Wang family that you asked me to keep an eye on before."

Hearing this, Rong Shu lowered her back. Consciously straightened up, obviously very concerned about this matter.

"The Wang family is here?" she asked.

Fu Jingting squinted at Assistant Zhang.

Assistant Zhang shook his head, "No, the Wang family didn't come to the banquet."

"Oh? Fu Jingting raised his eyebrows.

Rong Shu was also quite surprised, "Didn't come to the banquet? "

"Yes. "

"How is it possible." "Rong Shu expressed some disbelief, "Didn't the Wang family want to curry favor with you, Mr. Fu, and dream of marrying your Mr. Fu? During this period of time, they searched everywhere to get the invitation letter tonight, just to come to the banquet with you Mr. Fu." Meet, so that the goal can be achieved, so why don't they come? How willing to part with such a good opportunity? Fu

Jingting looked at her quietly, "Can you stop talking about marriage, I feel like a piece of meat, being targeted by someone." Rong Shu covered her lips and smiled, "

Aren't you just a piece of meat to these people, as long as you get this piece of meat, what benefits can't be gained?"

Assistant Zhang nodded in agreement. Fu

Jingting shook his head helplessly and smiled. That 's all, as long as she is

happy.

To prepare for this banquet, I even bribed some of the staff at the banquet, but before I came again, something happened to the Wang family, so I couldn't come. Assistant Zhang replied.

Rong Shu became interested, "Oh?" Something happened? What happened so coincidentally, before the banquet, that they couldn't come? Assistant Zhang shook his head, "

It's not a coincidence. Someone did it on purpose. The Wang family was in a car accident on the way here. Their car collided with another car, and the two cars were scrapped on the spot." "

As soon as these words came out, everyone was shocked.

Fu Jingting frowned.

Rong Shu stood up from the sofa in shock, “What? A car accident?”

#### Chapter 1290 – The Reason Behind the Car Accident

“Yes.” Assistant Zhang nodded, his expression serious.

Rong Shuxiu’s eyebrows tightened deeply, “How could there be a car accident?” What about the casualties? “

She expressed curiosity.

Assistant Zhang sighed and replied: “The Wang family is a family of three plus a driver, and the other car, there is only one driver, the two cars collided not far from the Wang family villa, because the car driven by the Wang family is more expensive, so the anti-collision measures are better, although the car was eventually scrapped, but the lives of the four people in the car should still be saved, It’s just that the driver and Chairman Wang are the most seriously injured, these two people are sitting in the front, and now they are still in the hospital rescue room, Miss Wang and Mrs. Wang are not so serious, the two sit in the back, the impact is not so great, but they still suffered some serious injuries, I heard that Miss Wang’s legs seem to be unable to be saved, of course, the specific situation can only be determined after the results of the Wang family’s treatment are completely out. “

After a pause, Assistant Zhang glanced at Fu Jingting, and then continued to say: “And the driver of the other car is not so lucky, he is driving an ordinary, worth hundreds of thousands of dollars, the quality is far less than that driven by the Wang family, so not only the car was scrapped on the spot, but even the driver himself died on the spot.” “

“Dead?” Rong Shu gasped.

Fu Jingting’s sharp eyes narrowed, “You just said that this car accident is man-made?” “

Assistant Zhang nodded, “Yes, the people we sent out to keep an eye on the Wang family immediately rushed to the scene after learning that the Wang family had a car accident, and then according to the investigation of those police officers at the scene, it was found that the brakes of the Wang family’s car were moved, in addition, the steering wheel was also passive, the turning sensitivity was out of control, and it could only drive straight forward.” “

“The brakes fail, and the turn can’t be done, so you can only drive in a straight line, then this is completely not wanting the Wang family’s car to avoid the crashed car.” Rong Shu exclaimed.

Assistant Zhang glanced at her appreciatively, "Miss Rong is right, the hand that moved the Wang family's car is indeed planned to be like this, the reason why the Wang family did not find it at the beginning is because the road from the villa area where the Wang family lives to the center of the city is a straight line, and there is no need to turn at all, Don't let the Wang family find out that the car was touched by someone. "

"So, crashing their car is also problematic." Rong Shu touched her chin, "The Wang family is no longer good now, the villa luxury car or something, you can still enjoy it, not to mention the other rich people who live in the villa area of the Wang family, these rich people's families are not in crisis like the Wang family, so the car they drive will only be better than the Wang family, and therefore the people in this villa area, it is absolutely impossible to have such a cheap car of hundreds of thousands, even the nanny maid will not drive such a cheap, the rich have the best face, the matching car of the domestic maid, they will be ready, Just because you want to compare with other rich people, you don't want to be compared, if the maid of the family drives millions, and the maid of your own family only drives hundreds of thousands, you will feel very humiliated, so hundreds of thousands of cars, absolutely impossible to appear in that villa area. "

"Miss Rong's analysis is correct, the people in that villa area are basically the same as the Wang family, belonging to the sudden riches, the comparison is indeed very heavy, not to mention what car their family drives, the cars they prepare for their domestic servants are indeed one or two million luxury cars, even if it is the current Wang family, driven by the domestic maids, It is also a Porsche of 1.8 million, so in this villa area, no one has a car of more than 100,000, so naturally, the person who drives this car has a problem with going to the villa area. Assistant Zhang recognized Rong Shu's speculation.

Fu Jingting rubbed his temples, "Just say who the driver is." "

Seeing Fu Jingting's somewhat impatient urging, Assistant Zhang coughed, did not continue to sell Guanzi, and said: "That driver is not the owner of the villa area, nor a maid, but a small captain of the Wang family's ocean fishing fleet, three months ago, there was a typhoon off the coast that said big and small, according to the law and local fishing regulations." , such a typhoon can no longer go to sea, but the Wang family just received a hotel order business, that business needs all the precious yellow croaker, as long as the Wang family hands over the goods, you can make a big profit, and the delivery time, is within a month, but according to the Meteorological Bureau at the time, the duration of the typhoon is about half a month. "

"That is, if the fleet wants to go to sea, it must wait for half a month, wait for the typhoon to pass." Rong Shu sat back next to Fu Jingting.

Assistant Zhang bowed, "Yes, but yellow croaker this precious fish is extremely rare and difficult to catch, if you want to reach the number of a thousand that the hotel needs, you also need more time, if you are lucky, encounter fish, may be able to complete the

order in about a month, bad luck, three months can not be completed, it can be said, The one-month delivery time given by the hotel is already very tight, and it is delayed for half a month, then the remaining half month can be said to be completely meaningless, this order is almost yellow, but the Wang family wants to earn this money. “

“So the Wang family, ignoring local regulations and the danger of typhoons, let the fleet go to sea?” Rong Shu guessed what happened behind and frowned.

Assistant Zhang sighed, “Yes, the fishing boat went to sea and drifted at sea for a month, not only did not succeed in catching yellow croaker, but also lost several crew members, including the driver’s wife.” “

“So this crash is revenge?” Fu Jingting spoke in a deep voice.
