Chapter 13 Kneel Down and Apologize

Rong Shu is very strange.

Fu Jingting is also a talented person, and the Fu family is also a wealthy family. Why is Wang Shuqin like a country woman?

She twitched her lips, "Please recognize one thing, your son and I have divorced, and I didn't take any money from your Fu family."

"You fart!" Wang Shuqin didn't believe her nonsense, she was full Reluctant to give up, "Where do you poor bastards get money to come to such a high-end place? It's not for my son. I tell you Rong Shu, you kneel down and apologize to me now, and I won't forgive you!"

Kneel down and apologize?

Rong Shu was about to laugh angrily.

Wang Shuqin, a superb woman, has lost her mind.

It's not worth her wasting time, just turn around and leave.

How could the troubled Wang Shuqin let her go?

"I still want to run!" Wang Shuqin reached out and grabbed the hair on the back of Rong Shu's head.

Lu Qi, who had been prepared for a long time, pushed Wang Shuqin away and protected Rong Shu behind him.

Lu Qi deliberately exerted a little force, but Wang Shuqin fell backward uncontrollably, throwing a dog and eating shit

. Is there any reason for it! I am a tens-year-old old woman, but I was beaten by a stinky boy! I am dead—"

The number of onlookers grew more and more, and the general manager here was quickly attracted.

Wang Shuqin hurriedly pointed to Lu Qi and complained to the manager, "It's this little bastard who hit me, oh my waist... It hurts to death..."

She is a customer in the store, and she spent a lot of money, so Manager Zhao naturally wants to help some.

He glanced at Rong Shu and the others with a serious look, and when his eyes fell on Li Chuan, he was shocked.

“Big..”

Li Chuan interrupted her words before she could say anything. “She’s lying. If you don’t believe me, call up the surveillance camera and take a look.”

After all, Manager Zhao had gone through the wind and waves. When his eyes rolled, he suddenly seemed to be a different person. He nodded and smiled, “Yes, yes, I’ll adjust the monitoring.”

Regarding this strange change, Rong Shu told Li Chuan A little more curiosity.

Is he really just a poor student from a mountain village?

When Manager Zhao came back again, he had changed his position and was speechless to Wang Shuqin for a while, “I said Auntie, you should go back first, otherwise the police will arrive.”

Wang Shuqin was stunned for a moment, “What police?”

Manager Zhao accused her angrily. “It’s obvious that you were the one who made the first move in the surveillance camera. How do you say that someone beat you up? If you continue to make trouble like this, the police will definitely come. If you come and take a look at the surveillance camera, you can’t be named as someone who deliberately confuses right and wrong. “

Wang Shuqin was incredible, “Why!”

Seeing that she was still messing around, Lu Qi laughed angrily and satirized at Wang Shuqin, “Why are you so shameless at such an old age? My baby was caught by you in your house. Deliberately negotiating, now that you have divorced your scumbag son, are you still holding on to it? Don’t think that you are an old woman and I won’t beat you, make me anxious, and kill you, an old dog!”

Wang Shuqin was killed by Lu Qi Frightened for a moment, he gritted his teeth, and could only go first unwillingly.

Lu Qi snorted and sneered, “Old things that bully the soft and fear the hard, the wicked have their own grind.”

His cell phone suddenly rang. After answering the call, something was said over there, which made him look at Rong Shu subconsciously.

She raised her eyebrows, "You look at me like this, is it related to me?"

"A friend of mine said that he saw Assistant Zhang checking the roadside surveillance of Gu Manyin's car accident six years ago!"

After he finished speaking, Rong Shu's face was cold. down.

Seeing that her face was not right, Li Chuan turned to look at Lu Qi and asked, "What surveillance?"

With undisguised anger, Lu Qi snorted coldly, "It's not Gu Manyin's scorpion woman. When she woke up, she found out that Bao'er was married to Fu Jingting. She was jealous and revengeful. She deliberately distorted the facts. Xiao Qingqing bumped into her out of jealousy, how could a man as smart as Fu Jingting not see that this is a lie? It's speechless."

Li Chuan lowered his eyebrows and pondered, "Let's not talk about the video file for so long, even if Fu Jingting is still there. Lucky to get it, what's the use?"

"That's right." Lu Qi didn't know what to think, his face changed, "Gu Manyin, that black-hearted bastard can even tell such a ridiculous lie, then will she not? Fake video to deal with you?"

Rong Shu suddenly smiled, but the smile didn't reach the bottom of her eyes. "I originally planned that since I have divorced Fu Jingting, the well water will not make the river water in the future. It seems that I am too naive, but some people will not let me go. "

Gu Yaotian had something to do with his father's wrongful conviction, and when his daughter woke up, she charged her with murder.

Truly a father and daughter!

When she is soft persimmon.

Rong Shu hooked the corners of her mouth, smiling like a flower, "If Gu Manyin doesn't act like a demon, I'll be fine, but if she wants to hurt me, I'll let her understand that I'm not a vegetarian either."

Chapter 14 The Car Accident Six Years Ago

In the office, Fu Jingting tapped his index finger on the table rhythmically.

He seemed to be waiting for something.

After another five minutes or so, Assistant Zhang came back, "Sir, although there are some twists and turns, we still found it." The

man's eyelids slowly raised, "What twists and turns?"

"The surveillance on the street of Yingbin Road has already been covered. Now, the video footage from six years ago is not easy to find. Later, a computer repairer came and told me that he had it. He said that the car accident six years ago was a big incident. Find the video, come and give it to me." After Assistant Zhang finished speaking, he looked carefully at Mr. Xiang, "Miss Gu's car on the video was indeed hit by another blue car, do you want to watch it?"

It was a blue Audi.

"No." Fu Jingting's expression was light, and he continued to instruct, "Give me the things, and then arrange for that person, don't let him go out and talk nonsense."

"Understood."

Assistant Zhang has been with the husband for many years, and he naturally understands what he means, obviously, The husband does not intend to make the matter public, nor does he want his ex-wife to go to jail for it.

Fu Jingting stared at the pen in his hand and fell into contemplation.

After a while, he picked up his jacket and returned to Fu Mansion.

As soon as I arrived in the hall, I heard laughter and laughter coming from inside.

Wang Shuqin and Gu Manyin talked about something funny, and the atmosphere was very harmonious. Even Fu Jinglin, who was usually naughty and mischievous, sat quietly while playing with his mobile phone.

Wang Shuqin noticed the door and quickly got up, "Jing Ting is back."

Gu Manyin also stood up, gentle and dignified.

Fu Jingting nodded and handed the coat to the servant, "What are you talking about, so happy?"

Gu Manyin glanced at Wang Shuqin, pursed her lips and smiled, "Auntie is telling me about your childhood, it sounds interesting to me. ."

Wang Shuqin pretended to be angry, "Gu Manyin, what is your name, auntie? You are my future daughter-in-law, so you should call me mom."

Gu Manyin blushed and looked at the man shyly, "It's still early.

"It's all a family, don't be shy, Mom is right, A Ting?" Wang Shuqin deliberately made fun of the two of them, and even Gu Xiaolin, who was beside him, interjected at the same time, "I can't be called Sister Manyin anymore, I have to change my tune. Call me sister-in-law!"

Gu Manyin's face turned even redder.

Fu Jingting sighed, "Mom, don't tease Gu Manyin, she is thin-skinned." Wang Shuqin laughed,

"Look at you, your daughter-in-law is very protective of her before she enters the door, alright, alright, I won't disturb the two of you getting along. Now, Mom went outside to chat with some old sisters."

Fu Jinglin also had a winking smile and winked ambiguously, "Brother, I'm not a light bulb either."

After they left, there were only two people left.

Gu Manyin stepped forward, held the man's hand, and hesitated, "Jing Ting, my dad always asks me about the car accident recently, did you tell him something?"

Fu Jingting shook his head, "It's nothing."

"My father seems to know it has something to do with Rong Shu, but I didn't tell him? It's so strange." After a pause, she sighed, "I have forgiven Miss Rong, and I don't want to pursue it."

"You don't hate her . "

"I don't hate her anymore, she's also a poor person. She must love you so much that she would do such a crazy act." Gu Manyin was like an understanding Jie Yuhua, which was very comfortable.

Fu Jingting stroked her hair, his eyes were deep, "Manyin, you are always so kind, and you were the same in college. I still remember that in your letter, you mentioned that you rescued a little mouse when you were a child and raised it on the bed. Come on, your father almost turned his back because of this."

Speaking of this, the corners of his mouth also twitched, "Interesting."

Gu Manyin's smile froze for a moment, and she quickly cleared up her expression, "What are you talking about in the past, those are all black history, by the way, I heard Xiaolin say that the old lady is not feeling well recently, I want to go check it out. Her old man." Thinking of her

grandmother's indifference towards him, Fu Jingting pondered for a moment, "I'll take you there tomorrow."

"Okay."

It wasn't until the man went upstairs that Gu Manyin took out his mobile phone and dialed a certain number, "How is it? "

Miss, the matter has been done, what should I do next?"

"The day before the banquet, I want to see the hot search."

"Understood."
