Chapter 1331 – The Operation Was Successful

Rong Shu clasped her hands tightly together, fidgeting.

Assistant Zhang couldn't sit still for a long time, stood up and kept walking around, "Damn, how long has it been, why hasn't the operation ended yet?"

He stopped and glanced at the red light above the operating room, and he couldn't wait to directly extinguish the red light, maybe so that Mr. Fu's operation results could come out immediately.

Rong Shu pursed her red lips and did not speak, but her heart was similar to what he thought.

She would also love to see the red light go out.

Of course, the result after extinguishing is good is best.

If not

No, no if!

There are absolutely no ifs.

Whether the red light goes out or not, when it goes out, the result is already good.

Just thinking about it, the red light above the operating room, snapped, dimmed from red, and finally turned gray.

The red light is out!

Rong Shu's pupils shrank and quickly stood up from the chair.

Assistant Zhang stopped walking around and stopped completely.

The two walked together to the middle of the operating room door, clasped their hands, and waited eagerly for the door to open.

After waiting for about several minutes, the door of the operation finally opened, and Lin Tianchen came out of it with a slumped face, still holding an open bottle of glucose in his hand.

He had now removed his mask, revealing a pale and handsome face covered in sweat.

Na Jun's face was full of weakness and exhaustion, which showed how long the operation lasted and how tiring it was.

"Doctor Lin." Rong Shu and Assistant Zhang hurriedly came to him, "Doctor Lin, how is President Fu?" Was the surgery successful?

Assistant Zhang asked.

Although Rong Shu did not have time, her clasped hands and uneasy expression showed her eagerness and nervousness at the moment.

Lin Tianchen glanced at them, did not answer immediately, but raised his head and drank the glucose in his hand, and after recovering his physical strength, he said: "The scourge is left behind for a thousand years, how can it be so easy to die, okay, you guys get out of the way first, let me go back to sleep, what's the matter, wait until I wake up."

After

that, he pulled away from the two people in front of him and walked out.

After taking two steps, he suddenly stopped, turned his head to look at Rong Shu, and his voice was obviously much softer than just now, "You also hurry up to rest, you haven't rested all day and night, can your body hold it?" Don't be sick again when people don't take care of them.

After that, he really left.

Assistant Zhang looked in the direction he left, his mouth opened, "Miss Rong, do you understand what he means?" Is that what I thought?

"Yes, as we thought, Jing Ting's surgery was successful." Rong Shu cried with excitement, her body was trembling, happy, "Jing Ting's operation was successful, Assistant Zhang, the operation was successful, it was successful!"

Assistant

Zhang also had red eyes and tears, and nodded fiercely, "Yes, President Fu's operation was successful, and President Fu will no longer be in any danger."

When the words fell, he suddenly squatted down, squatted on the ground and cried.

Seriously, it's really funny that a big man of one meter and eight meters squats in a ball and cries like this.

In other words, Rong Shu really smiled.

But now, she wants to cry like this, otherwise she can't express the joy and excitement in her heart at the moment.

After crying for a while, Assistant Zhang's mood improved significantly, he got up from the ground, took off his glasses to wipe them, and said embarrassedly, "I'm sorry Miss Rong, let you see the joke."

"Nope." Rong Shu was also wiping her eyes, "The situation just now is a common human feeling, I understand, I am saying, I am not much better than you."

She wiped the corners of her eyes with the back of her hand.

Assistant Zhang smiled, put on his glasses and didn't speak.

The two continued to wait at the door, waiting for Fu Jingting to come out.

After waiting for almost half an hour, Fu Jingting was pushed out, dressed in a green surgical gown, lying on the push bed with a handsome face, and a ventilator on his face, looking particularly fragile.

Fu Jingting has just completed the operation, naturally can not be sent to the general ward, or to the intensive ward, 72 hours of uninterrupted observation, mainly to observe the adverse reactions after the operation, as well as rejection and so on.

Rong Shu and Assistant Zhang didn't say a word, silently followed behind, watching Fu Jingting being sent to the intensive ward.

"Nurse." Rong Shu pulled a nurse who came out of the intensive ward, "Excuse me, when will he wake up?" The

nurse thought for a moment and replied, "Based on Mr. Fu's current situation, he will wake up in about three days."

"Okay, I see." Rong Shu let go of the other party and nodded.

The nurse looked at Assistant Zhang behind her, "Mr. Zhang, our Director Lin asked me to ask you, what should I do with the heart that President Fu had before?" Do you handle it yourself, or is it arranged by our hospital?

"We'll handle it ourselves." Assistant Zhang thought for a moment and answered the other party.

The nurse answered, said she knew, and left.

After all the doctors and nurses in the intensive ward left, Rong Shu asked Assistant Zhang, "That heart, you should plan to return it to Shimo, right?" I heard that Shi Mo accepted Jing Ting's invitation, and during this time, he would come over.

“Yes, after all, it is Mr. Shi’s brother’s heart, we are not good to deal with it casually, Dr. Lin should also take this into account, so he will specially let the nurse ask, otherwise he will not do more at all, and deal with it directly.” Assistant Zhang said.

“In this way, you have also found out the truth of Shi Mo’s death, and you can give it to Shi Mo together.”

Assistant Zhang bowed his head, and then looked at Fu Jingting in the intensive ward, “Miss Rong, President Fu should not have any big problems now, and there is no need to keep guarding in the future, you go to rest first, there is no rest for a day and a night, don’t really get sick.”

“I will, you also go to rest, Jing Ting also needs you next, and the Fu Group, don’t break your body.” Rong Shu snorted.

Assistant Zhang was indeed very tired, and his brain was fainting, “I’ll go to rest in a while, before that, I will arrange bodyguards to guard this place, don’t let some inexplicable people come, even if I block the news of President Fu’s accident, but I am not fully prepared, I am not at ease.”

“It really should be so, then I won’t bother you, I’ll go back to the ward to sleep first.” After Rong Shu finished speaking, he took one last look at Fu Jingting, yawned and turned away.

Back in the ward, after Rong Shu said a few more words to the nurse, she collapsed on the hospital bed, her head next to the pillow, and immediately fell asleep.

Didn’t sleep all day and night, coupled with the fact that the mood has been tense during this period, the spirit is also, and there is never a moment of relaxation.

It was not until she learned that Fu Jingting’s surgery was successful and there would be no major problems for the time being, that her body and mind relaxed a little.

And after relaxing, all the tiredness immediately hit her, almost making her unable to walk back, and she fell down on the road.

So this time fell on the bed, the body has support, naturally do not have to care about anything else, just sleep.

Rong Shu slept directly for more than ten hours before waking up.

After waking up, he didn’t even care about eating, and he didn’t care about the grumbling of hunger, and immediately ran to Fu Jingting.

Fortunately, when I got there, I happened to see Lin Tianchen talking to Assistant Zhang.

As soon as Rong Shu passed, he attracted the attention of the two.

“Miss Rong, you’re awake.” Assistant Zhang nodded to her in greeting.

Rong Shu nodded in response to him, and then immediately set his gaze on Lin Tianchen, “Doctor Lin, how is he Jing Ting?” More

than ten hours have passed, and Fu Jingting has not had any adverse surgical reactions.

This is what she wants to know most at the moment.

Chapter 1332 – Rong Yuan is coming out

“He’s nothing.” Lin Tianchen closed the medical record clip in his hand, “The heart and his matching degree is very high, in the past ten hours, there has not been any adverse phenomena and rejection, this is a very phenomenon, as long as seventy-two hours have passed, there is still no adverse reaction, then it means that there will be no rejection, and then when he wakes up, he can almost be transferred to the general ward.”

Hearing this, Rong Shu breathed a sigh of relief in her heart, “That’s good, that’s good, I’ve always been worried about this, so I hurried over, and now I’m finally relieved.”

She patted her heart.

Lin Tianchen pushed his glasses, “Still that sentence, good people don’t live long, disasters leave behind for thousands of years, this guy can successfully survive after two heart-changing surgeries, that can only mean that God doesn’t want to accept him, since he doesn’t want to accept him, then naturally there is no need to get some other problems on him, so you can rest assured.”

Although the man does not speak in a good metaphor.

But the meaning expressed in the words is good, Fu Jingting is not a big deal, but he hasn’t woken up yet.

As long as you wake up, it means that there is no problem of life at all.

Therefore, neither Rong Shu nor Assistant Zhang was too lazy to care that he did not speak well.

Lin Tianchen didn't stay here long, and left after saying these words.

After all, he is not just a patient of Fu Jingting, he is very busy.

Rong Shu and Assistant Zhang did not keep him, anyway, Fu Jingting's situation was not a big problem, he wanted to leave.

"That's wonderful." Assistant Zhang looked at Fu Jingting in the intensive care ward and showed a smile.

Rong Shu also had a smile on her face, "Yes, it's really good." Isn't that great?

Fu Jingting survived, which was the best thing for them.

"Now, I can finally stop being so worried, can put most of my energy into work, these days because President Fu's surgery has not been carried out, a lot of work I have pressed down, no mood to deal with it, now President Fu is out of danger, I can finally go to work, so Miss Rong, in the next time, I may not come so often, Fu Group needs me to support, so President Fu here, I'm going to completely trouble you Miss Rong, I have to do all the work before President Fu can return to the group, can't I still let President Fu work with his body that is not yet good, right?"

Rong Shu nodded with a smile and agreed, "Don't worry, I don't need you to say that I will also take care of him, so you can work with peace of mind, don't worry too much."

"I believe you Miss Rong, then I will go first, there is a meeting in the afternoon that is quite important, it is the plan that President Fu has been eyeing before, and I will deal with it."

After that, Assistant Zhang bowed to Rong Shu and left.

After he left, Rong Shu was alone outside the ward.

Although she couldn't get in, she knew that she could accompany Fu Jingting like this.

Even if he didn't wake up, even if he didn't know she was outside, she was happy to be able to see him at any time.

Rong Shu sat outside the ward, silently accompanying Fu Jingting.

Sometimes, he would talk to Fu Jingting through the glass, and sometimes he would take out his mobile phone to look at the news on the Internet and communicate it to him.

Even if she couldn't hear through the glass, she didn't give up.

In the past few days, there is actually a lot that has happened.

The two biggest things are that the Liu family and the Wang family have declared bankruptcy one after another.

These two bankruptcy is something that everyone knows, after all, Fu Jingting gave up the Liu family, and the Liu family offended so many people in the past, after Fu Jingting gave up the Liu family, let's not say that these people will not let the Liu family go, just say that Liu Linlin's murder will also bring a devastating blow to the Liu family's business, so the bankruptcy of the Liu family is something that everyone can foresee.

As for the Wang family, the same is true of the Wang family, the Wang family dares to blatantly withhold employee compensation, and dares to force employees to go to sea in that kind of weather regardless of the law, obviously has done other illegal things, netizens have been calling for the above to test the Wang family, and the above will naturally do so in order to calm the anger of netizens.

No, as soon as I checked it, I found a lot of angry behavior, the above directly opened the mouth to seal the Wang family, confiscated all the property of the Wang family, and the Wang family owed a big ass debt, this is not bankruptcy.

Of course, the Wang family also made a joke, that is, Mrs. Wang was overwhelmed by debts and actually ran away, leaving only the vegetative chairman Wang and the disabled daughter Miss Wang, which is also embarrassing.

As for how the father and daughter will live in the future, it doesn't matter to them.

Rong Shu didn't bother to pay attention.

In addition to these two news, there were other big and small news, and Rong Shu basically told Fu Jingting something about them.

For example, Liu Linlin's two families who followed the class were also sealed up from above, and I heard that someone reported it.

Rong Shu knew that it was Fu Jingting who did it before.

These two companies have been seized so many industries, directly from the third-rate wealthy family to the standard of ordinary rich people.

It is estimated that he will not be able to get up again in the future, and he can be regarded as being removed from the circle of the wealthy in the sea market.

The two daughters who were driven out by the two of them heard that they ran to the police station to report Liu Linlin, as for what was reported, Rong Shu did not know, and

did not inquire, anyway, when Liu Linlin went to court, he would know it when he tried it together.

Liu Lao also woke up and knew that the Liu family had collapsed, and after Liu Linlin killed someone, he really had a stroke and fell.

However, because Assistant Zhang arranged for someone to watch in the dark, Liu Lao immediately received the best treatment after he fell, and then rescued him.

Except for speaking more clearly and moving more slowly, everything else is no different from ordinary people.

After all, Fu Jingting said that before Professor Wang's evidence was clearly investigated, Liu Lao must not be allowed to have trouble, let alone Liu Lao.

How else to go to jail?

Liu Lao's current age is not yet the old age of not having to go to prison.

Of course, Liu Lao, who was guarded, has not been very comfortable, and he kept cursing Fu Jingting, and the scolding was very ugly.

Although Rong Shu had not seen it, he had heard Assistant Zhang describe it, and he could probably imagine that situation.

All in all, the current Liu Lao, where is still like an old scholar, it is not an exaggeration to say that he is an old shrew.

Rong Shu talked a lot to Fu Jingting, and finally was reminded by the nurse that the visiting time was almost up, and then reluctantly left.

She didn't see that after she left, the man in the ward moved his fingers, but quickly regained his calm.

The next day, Rong Shu had breakfast and prepared to visit Fu Jingting again.

But before I went again, I suddenly received a phone call, from the police.

It turned out that Rong Yuan was going to be released from prison.

This is not yet the day Rong Yuan is released from prison!

Rong Shu was puzzled, asked the police what the reason was, and finally learned that Rong Yuan was actually still in prison, although it was not she who took the initiative to make a meritorious achievement, but indirectly made a meritorious achievement, but it was also a merit, so she came out in advance, and the time was three days later.

Rong Shu put down her mobile phone and sneered, she didn't expect Rong Yuan to have such luck.

But it's good that it came out, and the previous plan should also be implemented.

It just so happened that Assistant Zhang also came at this time.

Although they don't come as often as before, they come several times a day.

But every day, Assistant Zhang would also come to see Fu Jingting.

"Miss Rong, what happened?" Assistant Zhang looked at Rong Shu's face was not right, and opened his mouth to ask.

Rong Shu shook her head, "It's okay, it's just that Rong Yuan is coming out."

"Rong Yuan?" Assistant Zhang was stunned at first, then remembered this person, and was surprised: "Why did she come out so soon?" "

Rong Shu shrugged her shoulders, and did not mean to hide it, so she said the content of the call just now.

After Assistant Zhang listened, his head was full of black lines, "Is this considered luck?" This can make her indirectly contribute.

"There may be God forbid." A hint of mockery flashed in Rong Shu's eyes, fleeting, "Well, no matter what, it's also a good thing that she came out, just to let Lin Tianchen see how her current body is and whether she can get pregnant."

She also wants Rong Yuan to give the Rong family an heir.

"Miss Na Rong, do you need me to send someone to watch over there in the prison? Bring it here when she comes out, so that she doesn't run around. Assistant Zhang asked.

Rong Shu nodded, "Of course you need to, then trouble you Assistant Zhang."

"It's a trifle, I'll just make a phone call, and when I recognize it, I'll notify you immediately." Assistant Zhang pushed his glasses and said.

Rong Shu snorted and thanked again.

After that, Assistant Zhang left.

He came to the hospital very early and came to see her after visiting Fu Jingting.

Now that I have read it, I naturally don't stay longer, and I am in a hurry to return to the Fu Group for a meeting.

In the past, Fu was there, and he didn't have as much work to deal with as he does now.

Now Mr. Fu is unable to work, which means that in addition to handling his own work, he also has to deal with Mr. Fu's part, usually inspecting various departments, caring about all the subsidiaries below, it can be said that his busy feet are not stained, and he can come to the hospital, but also squeeze out some time.

After Assistant Zhang left, Rong Shu also went to Fu Jingting's side and talked with Fu Jingting as usual.

Even if he still couldn't hear, it didn't dampen any enthusiasm from her.

This time, Rong Shu spoke, spoke, looked up, and saw that in the ICU ward, the man's finger was raised.

She was stunned for a moment, thinking that she was wrong, and then quickly rubbed her eyes and looked again, the man's index finger still moved.

Rong Shu's mouth grew, the surprise on her face could not be controlled, the whole person trembled with excitement, and tears were left in large pieces, "People are awake, people are awake!"

She quickly ran to the nurse's desk, shouting that someone was awake as she ran.

Soon, the medical staff who heard the voice hurried to this side, led by Lin Tianchen.

When Rong Shu saw Lin Tianchen, she quickly grabbed his arm excitedly, "Doctor Lin, Fu Jingting's fingers moved, is he going to wake up?" Is he going to wake up?

Lin Tianchen patted her shoulder to comfort her, "If nothing else, it should be like this."

"Great, great!" Rong Shu clasped her hands together, happy.

"Okay, you wait here, I'll go in and take a look." Lin Tianchen withdrew his hand.

Rong Shu nodded repeatedly, "You go quickly, go quickly."

She hurriedly urged him.

Lin Tianchen led a group of people in.

Rong Shu was stuck outside the glass and looked inside expectantly.

After looking at it for a while, I saw the man on the hospital bed slowly open his eyes.

At that moment, Rong Shu burst into tears, and quickly covered her mouth to prevent herself from crying, for fear of disturbing inside.

He woke up, he finally woke up.

That's great!

In the ward, Lin Tianchen also found that Fu Jingting's eyes were open, but they were only opened, and after they opened, there was no movement, their eyes did not turn, and their pupils were also dilated, just looking at the ceiling, a little dumbfounded.

A nurse asked puzzled, "Mr. Fu, what is the situation?" How do you look like you've lost your soul?

Lin Tianchen sneered, "He didn't lose his soul, his brain is restarting, some people wake up from a long coma, there may be a concentrated situation, the first one, open it first, and then the brain will slowly regain consciousness, the second brain first regains consciousness, but the eyes can't open, and the third is together."

"So President Fu's situation is the first one." The nurse nodded abruptly.

Rong Shu couldn't hear what was said inside, and seeing that Fu Jingting didn't move after opening his eyes, the excitement on his face suddenly froze.

What's the situation?

Didn't you wake up?

Why did you just open your eyes, but why didn't you react at all?

What's going on?

She was anxious, but she didn't dare to go in and ask directly.

I could only stand outside alone, hesitating.

In the ward, Lin Tianchen glanced at Fu Jingting, "It's really like a fool, but it's a pity that I can't take it." How

good it would be if it could be photographed, it would be worth a lot of money to send it out, right?

Looking at Lin Tianchen's regretful look, the other doctors and nurses were full of black lines.

Director, you are not afraid of President Fu's retaliation, we are afraid.

Of course, they didn't dare to really say these words, and Director Lin was a well-known pervert.

If he knew what was going on in their minds, he would definitely have to.

So let's not hear what to do.

Everyone continued to examine Fu Jingting.

After a while, Fu Jingting's open eyes finally began to react, no longer just motionless.

His dilated and dull pupils gradually focused, and with the highlights, his eyes no longer froze there, but began to roll.

Lin Tianchen saw it and raised his eyebrows, "Yo, the restart is complete."

As soon as Fu Jingting woke up, he heard such a sentence.

He didn't know what the restart was over, he only knew that his body was so heavy and stiff that he couldn't move if he wanted to, and he felt that his brain was cut off from his body and couldn't control his body.

He rolled his eyes and looked at the white ceiling, his thin lips moved, and his voice was hoarse and small and almost inaudible, "Where is this?" "

Hospital." Lin Tianchen took the time to answer him.

As if he had just discovered that there were other people, Fu Jingting lowered his eyes and saw Lin Tianchen, and understood that he was really in the hospital at the moment.

As for why I am in the hospital?

Fu Jingting closed his eyes again, and soon a large number of memories flooded over like a tide.

He remembered that he and Xiaoyezi had an accident, were locked up in the factory, and set fire outside the factory, trying to burn him and Xiaoyezi alive.

During this period, he inhaled the amount of smoke, as well as the adverse chemical reactions in the smoke, causing the heart to be unable to load, and then directly vomited blood and fainted.

After that, he didn't know.

But now that he is lying in the hospital, he is not dead and alive, which means that he and Xiaoyezi are saved in the back.

Just small leaves?

Fu Jingting opened his eyes, a trace of anxiety appeared on his face, and he raised his neck to get up.

Seeing this, Lin Tianchen directly tapped his neck, and Fu Jingting fell directly back on the pillow, his eyes glaring at him angrily, "What are you doing?"

"I still want to ask what are you going to do?" Lin Tianchen glanced at him lightly.

"I'm going to find Xiaoye." Fu Jingting said in a deep voice.

He didn't see Rong Shu, and he couldn't rest assured.

He wanted to know how she was doing, if she was okay, if she was hurt.

Looking at the eagerness in Fu Jingting's eyes, Lin Tianchen sighed, "You are really affectionate, you don't even ask about your own situation, you care about her, and you are worthy of her."

After that, he pointed to the glass wall opposite.

Fu Jingting narrowed his eyes, "What do you mean?"

"You won't know if you see it yourself."

Fu Jingting turned his head suspiciously, his eyes immediately widened, it was a small leaf!

Rong Shu didn't expect Fu Jingting to suddenly look over, and when she was excited, she quickly waved at the man and told the man that he was here.

When the man saw Rong Shu jumping alive and wearing no hospital gown or other clothes, the man immediately understood that she was fine and not injured.

Fu Jingting breathed a sigh of relief, and then wanted to raise his hand to respond, but found that his body still couldn't move.

### Chapter 1334 – Everything Gets Better

His face changed slightly, and a bad premonition and a sense of panic suddenly surged in his heart.

Should he be half-paralyzed?

Just now the body could not move, he did not worry much, felt that he may have just woken up, the body is not adapting, so he can't control it.

But now, he has woken up for a while, but his body still can't move except his head, which makes him have to wonder if he is paralyzed from the neck down except for his head?

Fu Jingting quickly turned his head back and looked at Lin Tianchen with red eyes, "Tell me, what's wrong with me?" Why can't I move?

Lin Tianchen didn't seem to see the panic in Fu Jingting's eyes, pushed his glasses and replied faintly, "You just had a heart change operation, so I gave you a paralysis needle so that you can't move below your neck, in order to prevent you from moving randomly and causing problems, but you can rest assured that the paralysis needle is not an anesthetic, so you don't have to worry about side effects."

"So, I'm not paralyzed, am I?" Fu Jingting clenched his fists.

Lin Tianchen sneered, "You didn't have a car accident, and you didn't fall from the stairs, what paralysis are you paralyzed?" Hearing

this, Fu Jingting breathed a sigh of relief.

It's not paralyzed.

Just now, it really scared him to death.

He is a proud man who can never accept his paralyzed self.

What's more, after being paralyzed, how can he love his lover?

Fu Jingting turned his head and looked at Rong Shu outside the glass.

Rong Shu's face was full of doubts, and he didn't seem to understand what had happened to him just now.

Fu Jingting winked at her, told her with an expression and eyes that he was fine, so that she didn't have to worry, and then looked at Lin Tianchen and asked, "You just said that I had a heart change operation?"

"Yes." Lin Tianchen nodded noncommittally.

Fu Jingting pursed his lips, "My previous heart is no longer usable?"

"It's already riddled with holes, you tell me how to use it? Being able to hold you until you are rescued from the fire and then sent to me is already the last limit of that heart, so you can only do heart replacement surgery, otherwise you will not live a week to see God, so thank your assistant, it was he who chose to end the life of the carrier early in order to let you live, otherwise it is you who dies now. Lin Tianchen said.

Fu Jingting's pupils shrank, "The carrier is dead?"

"Otherwise, where did you get heart surgery?" Lin Tianchen opened the medical record folder, wrote and drew on it, and took the time to reply to him.

Fu Jingting's face was a little ugly.

Lin Tianchen snapped and closed the medical record folder, "Okay, the examination is over, and finally confirm that there are no adverse reactions and no rejection reactions, and after a few days of observation, you can be sent to the general ward."  
Several doctors and nurses behind him nodded again and again and wrote down his words.

"Let's go dispense." Lin Tianchen ordered again, "When people wake up, they will start taking medicine, and rejection medicine must be taken, even if there is no rejection phenomenon now, but it may also be a later symptom, so anti-rejection medicine must not be less."

"Don't worry, Director Lin." A doctor replied.

Lin Tianchen snorted, and then thought of something, and glanced at Rong Shu, who was staring at Fu Jingting outside, "In addition, open the visiting quota of the ICU ward, two per day, ten minutes for each person."

"Yes." A nurse nodded in response.

Lin Tianchen glanced at Fu Jingting, "Rong Shu can come in to see you in a while, if there is anything you can say quickly, only ten minutes, so it's good to say the point, in addition, you can't be too emotional when talking, unless you want to enter the operating room again, write down what I said, right?"

Fu Jingting looked at him like a fool.

Who can't remember such simple words?

Lin Tianchen didn't seem to see Fu Jingting's eyes, and went out after saying this.

Other doctors and nurses also finished their work and followed out.

Outside, Lin Tianchen and Rong Shu were talking, and when she learned that she could go in and accompany Fu Jingting for ten minutes every day, she jumped up with joy.

A nurse called by Lin Tianchen asked Rong Shu to follow her to change into sterile clothes, and only by wearing this clothes can she go to the ICU ward, otherwise she can't go in.

So Rong Shu hurriedly followed the nurse to change clothes.

After changing, she opened the ward door and walked in, and when she walked to the man's bedside, her eyes were red and she cried directly.

When Fu Jingting saw her crying, his heart was also uncomfortable, and he wanted to raise his hand to wipe her tears, but he couldn't do it for a while.

Because he couldn't move anywhere except his head.

"Stop crying." Fu Jingting spoke, softly calming her emotions, "When you cry, it makes me feel uncomfortable, I just had surgery, isn't it good for me?"

Hearing this, Rong Shu reacted to her emotions that were easy to affect men, and hurriedly took a deep breath and wiped her eyes indiscriminately to stop crying.

After a while, she finally stabilized her emotions, stopped crying, and squeezed a smile at the man, "I'm sorry, I forgot." "

Sit." The man gestured to the hospital bed.

Rong Shu hummed twice, nodded and sat down sideways, looking at the man so well.

"I've been in a coma for a few days?" Fu Jingting asked.

Rong Shu clenched her fingers and calculated, "It's been six days."

Fu Jingting was slightly surprised, "It's actually been so long."

"It's not long." Rong Shu shook her head, "Not long after you fell into a coma, Assistant Zhang felt outside the factory and rescued us, and then sent you directly to the hospital, Dr. Lin said that something happened to your heart, if you don't change your heart quickly, so we waited for nearly three days, the heart was finally shipped from abroad,

you operated for a day and a night, and then slept for two more days, until you just woke up.”

“So it is.” Fu Jingting bowed his head and said that he understood.

Rong Shu grabbed his hand, “Do you know, you are going to scare me to death these days, I am so afraid that you will suddenly disappear like this.”

Her voice choked up again.

Fu Jingting wanted to hug her, but couldn't, so he could only smile at her helplessly, “Sorry to worry you.”

“You should apologize, if it weren't for this accident, I wouldn't know your heart” Rong Shu bit her lip, “Fu Jingting, you have hidden from me so bitterly, you have hidden from me for so long!”

“I'm sorry, I just don't want you to feel guilty about this, what I think is that I can wait until I make an excuse to travel and quietly do the operation later, who knows that things will not go the way I thought at all.”

“You think you're a god, and you can develop whatever you want?” Rong Shu blanched himAt a glance.

Fu Jingting knew his own reason and did not speak.

Rong Shu saw him lying on the hospital bed, his heart suddenly softened, and sighed, “In the future, don't hide everything from me, and besides, we won't want this kind of thing to happen again in the future, it's too scary and too abrasive, I don't know if I can stick to it next time.” “Good

.” Fu Jingting opened his mouth and agreed to him.

This time, it was also his negligence.

He didn't let the bodyguards follow.

Otherwise, those behind the scenes simply won't succeed.

“By the way, did the arson find out?” The man asked.

Rong Shu nodded, “I found out, this time it was me who burdened you, and the person who set the fire was Duan Xingbang.”

“It's him!” Fu Jingting was slightly surprised.

Obviously, he didn't expect it to be this person either.

He had thought about many people, but he didn't think of Duan Xingbang.

Let Duan Xingbang exploit a loophole.

"It's him, he has now been arrested, and the evidence is conclusive, and the trial will be three months later, but I have been worried about you during this time, so I did not go to the detention center to see him, he wanted to see me, I didn't agree, and I didn't want to see him."

"If you don't see it, you won't see it, but what kind of end do you want him to get?" The man looked at her and asked.

With his character, it was absolutely impossible for him to let Duan Xingbang go.

If Duan Xingbang had no relationship with her, he would have directly ordered Duan Xingbang to dispose of it.

But Duan Xingbang has a relationship with her, Duan Xingbang is the elder of Tiansheng, and he is also a friend of her father's entrepreneurship, and then this friendship has disappeared with Duan Xingbang's mental imbalance, but the past love is still in the past.

Coupled with her soft heart, it is very likely that for these reasons, she will not be too much for Duan Xingbang.

Although he didn't want to see her really do this, he respected her meaning, so he wanted to ask her what she meant.

Rong Shu didn't know what the man was thinking in his heart, and when she heard him ask Duan Xingbang, a trace of hatred immediately appeared on her little face, "Of course, it is to make him pay a painful price, he almost killed the two of us, we must not take it lightly."

She clenched her fists, her little face was full of anger, "But I asked the police, the police said that Duan Xingbang's situation, at most, is indefinite, but it is not certain, it may also be more than ten years, so this makes me feel uncomfortable, indefinite is okay, if there is a period, it is disgusting enough."

“So, you want Duan Xingbang to accept indefinite?” The man looked at her.

Rong Shu nodded, “Yes, it’s just that the domestic indefinite is not literally the kind of indefinite detention until death, it will still be released after twenty or thirty years at most, and I really want him to be locked up until death, so as not to release it in twenty or thirty years to pollute the cityscape.” Domestic

indefinite, in fact, is a general term, twenty or thirty years is called indefinite, there is no so-called real indefinite.

There are some abroad.

Hearing Rong Shu’s words, Fu Jingting’s thin lips curled and he was relieved.

He was really afraid that she would be soft-hearted, but he didn’t expect that her hatred for Duan Xingbang had reached such a level.

Was it because he almost died?

Fu Jingting didn’t mention how happy and proud he was, if he had a tail, he would probably have shaken it at this time!

“If you want Duan Xingbang to get a real life sentence, I can do it, even if it is a death sentence.” Fu Jingting squinted and said.

Rong Shu never doubted the man’s words, first Yixi, and then shook his head, “Even if the death penalty is over, in the end it is a favor to Tiansheng, he can’t constitute the death penalty, locked up for a lifetime until death, can never get free, in fact, it is more painful than the death penalty, death is a relief, or indefinite, but what do you plan to do.”

“There is no real life in China, but there is abroad, I will change Duan Xingbang’s nationality and send him to an excessive prison with real life punishment, and he will spend the next few decades in a small cell in a foreign country.”

“That’s fine.” Rong Shu nodded.

Fu Jingting said again, “You call Zhang Cheng and tell him this, he knows what to do.”  
“Good

.” Rong Shu agreed, and then thought of something and smiled, “Speaking of which, Assistant Zhang still doesn’t know that you are awake, and it is indeed time to call him to make him happy and happy, these days, he runs around for you, a group for a while, a hospital for a while, and also go to the airport to pick up your heart, every day the dark circles are as heavy as the panda, I am worried that he will not be able to hold it and

fall, now that you are awake, he can finally breathe a sigh of relief, and when you are well, you can be discharged from the hospital, but you have to reward him well.”

“I will.” Fu Jingting bowed.

He knew very well that if he fell, all the pressure would be on Zhang Cheng alone.

And he has never been the kind of Zhou pickpocket boss who owes his subordinates.

Zhang Cheng’s efforts, he will naturally double the compensation.

“Then I went out to call, it’s exactly ten minutes or more, let’s talk through the glass.” Rong Shu pointed to the glass wall.

Fu Jingting also knew very well that he was not in an ordinary ward, and his thin lips suddenly pursed, “This wall is bulletproof and soundproof, and it is inaudible.”

“It’s okay, I’ll write it to you on a clipboard.” Rong Shu smiled disapprovingly.

The man frowned, “But I can’t write it.”

Rong Shu thought for a while, “It’s okay, I’ll write something easy to understand, you just need to nod and shake your head, so that I know.”

After that, she got up and went out.

Fu Jingting stopped her, “Wait.”

“What’s wrong?” Rong Shu stopped.

Fu Jingting’s gaze fell on her face, “I just forgot to ask, why did you suddenly bring up your glasses?”

Rong Shu knew that men would always ask about this, and did not think of hiding his meaning, after touching his glasses, he calmly replied: “That day, my eyes were a little badly smoked by smoke, so my ability to see was weakened, and I needed to wear glasses to see things clearly.” “What

?” Fu Jingting’s pupils shrank, “Is it because of me?”

He guessed at once, it must be because after he fainted, she didn’t worry about him and paid attention to his situation all the time, so she smoked her eyes like this.

Rong Shu lowered her head and gently dropped a kiss on the man’s forehead, “Okay, it’s just a small thing, don’t take it to heart, Lin Tianchen said, I can be cured in the later stage, so don’t worry, if you don’t believe it, you can ask Lin Tianchen and Assistant

Zhang, they also know, in short, don't think about it, what you have to do now is to rest well, receive treatment, and strive to be discharged early, okay, I'll go out first."

She waved her hand and left the ward.

After going out, she smiled through the glass at the handsome man with a black face inside, and then took out her mobile phone and dialed Assistant Zhang's number.

Assistant Zhang heard that Fu Jingting woke up, and the whole person was also very excited, and directly dropped the work at hand and rushed over.

Big deal, a few more hours of work in the evening.

When Assistant Zhang rushed to the hospital, Rong Shu had already gone back to his ward to rest.

In fact, although she is not serious, after she was rescued, her body still had some sequelae.

She stood for too long, and her breathing became short and rapid, as if she was out of breath.

Lin Tianchen said that her situation is inhaling a large amount of smoke, hurting the lungs, plus washing the lungs is also a kind of damage to the lungs, so it is inevitable that there will be some sequelae in breathing.

Of course, if you raise it well, it will be fine for a few years, but if you don't raise it well, you are likely to turn into asthma or lung cancer and the like.

This, she did not let Lin Tianchen tell Fu Jingting and Assistant Zhang.

After all, there are enough things now, and she doesn't want many people to worry about her, especially Fu Jingting.

Then, she was threatened by Lin Tianchen.

Lin Tianchen told her that he would urge her to cultivate, and also formulated a formula for her to work and eat and order her to strictly follow the form he had formulated.

If she didn't listen, he told Fu Jingting.

Therefore, when the time came, she obediently went back to her ward to rest.

Even when she left, Fu Jingting's eyes were so reluctant to look at her, and she didn't look back and stayed.

No way, she didn't dare to confront Lin Tianchen's devil.

Not long after Rong Shu's front foot left, Assistant Zhang arrived on the back foot, changed his clothes, and entered Fu Jingting's ward.

Seeing Fu Jingting, Assistant Zhang clenched his fists excitedly, "President Fu, you have finally woken up, you are worried about us these days."

Fu Jingting opened his eyes and looked at Assistant Zhang, whose eyes were red, and several black lines slipped down the corners of his forehead.

This guy made him look like he was dead.

However, Fu Jingting did not say Assistant Zhang, he knew that Assistant Zhang had paid a lot for him these days.

"These days, hard work on you." Fu Jingting spoke, and thanked Assistant Zhang in a hoarse voice.

Assistant Zhang waved his hand again and again, "It's not hard, this is what I should do, as long as President Fu is okay." "

Sit." Fu Jingting gestured with his chin to the sterile stool next to the hospital bed.

Assistant Zhang nodded, walked over and sat down, "President Fu, do you feel any discomfort?"

"Except that the body can't move, no." Fu Jingting shook his head slightly.

Assistant Zhang was relieved, "Well, Dr. Lin gave you a paralysis injection in order to prevent you from moving around after waking up and causing the wound to crack."

Fu Jingting heard the two words of the wound, and his eyes narrowed, "Lin Tianchen said, you took the initiative to end the life of the carrier?"

Assistant

Zhang lowered his head, "Yes, sorry Mr. Fu, this matter is my advocate, and I also have some disregard for human ethics, but I really can't help it, you were in danger at that time, if there is no heart replacement in a few days, maybe you can only do this, Mr. Fu, you don't want you to really die, leaving the old lady and Miss Rong sad, right?" The old lady is old, if you let her know that she is a white-haired person sending a black-haired

person, maybe you just left on the front foot, the old lady will leave with her hind foot, and Miss Rong, Miss Rong has always thought that you had an accident because of her, if you die, Miss Rong will feel that she killed you, self-blame and guilt will also crush her alive, maybe Miss Rong will not be able to hold on, choose to go down to find you, in either case, you don't want to see it, right? That's why I chose to go this way.

Fu Jingting looked at him and sighed for a long time, "Does Xiao Yezi know about this matter?"

Assistant

Zhang shook his head, "I didn't tell Miss Rong, if I let Miss Rong know, Miss Rong will have more guilt in her heart, feeling that she not only hurt you, but also the carrier, so I didn't tell her anything, of course, the old lady was also there, including you and Miss Rong, I also blocked the news as soon as possible, and now the outside world does not know what happened between you and Miss Rong."

Fu Jingting snorted, "That's good, so be it."

"President Fu, you don't blame me anymore?" Assistant Zhang looked at him carefully.

Fu Jingting closed his eyes a little tiredly, "You also said, if I die, grandmother and Xiaoyezi may do the behavior, how can I want to die, so how can I blame you."

He really didn't want to die.

The world is like this, the heart of the carrier is what he has long predetermined.

If he doesn't want to die, then he can only die as a carrier.

People are selfish, he thought, even if Assistant Zhang didn't do it, if he was still conscious at the time, he might have done it.

That's human nature.

"Have you compensated the carrier's family?" Fu Jingting opened his eyes and asked.

Assistant Zhang nodded, "Of course, the carrier's wish is to hope that his wife and children will no longer worry about money in the next half of their lives, and I agreed, and gave them an extra set of houses."

"Hmm." Fu Jingting replied, "Not bad, but not enough, give his children a good opportunity to choose education, and even in the future, as long as it is not too excessive, they will try to agree to whatever they want."

"Yes." Assistant Zhang bowed.

"Tell me about what happened these days." Fu Jingting asked in a deep voice.

Assistant Zhang began to talk about everything that happened these days.

However, because the time is here, Assistant Zhang did not say too carefully, and basically picked the key points.

As soon as he finished speaking, the time was about the same.

After that, Assistant Zhang took some orders from Fu Jingting and left the hospital.

And Fu Jingting couldn't hold back and fell into a deep sleep.

His current physical condition is not good, he does not wake up for a long time every day, and basically spends it in sleep.

However, this is also a good thing for Fu Jingting, sleep is easier to repair the body.

In the blink of an eye, three days passed.

The iron door of Haishichengbei Women's Prison opened, and Rong Yuan came out of it with short hair and wide clothes.

After coming out, seeing the vehicles parked outside specifically to pick up and drop off prisoners, she twisted her face and gritted her teeth: "Rong Shu, I can't think of it, I came out, you dare to send me to prison, make me live or die inside, I will definitely not let you go, absolutely not!" Wait, I will return to you ten times the pain you have poured into me!

After

saying the oath, I saw two people wearing bodyguard uniforms rushing out from both sides, covering her mouth, and taking her to a private car not far away.

Rong Yuan's eyes widened and she was terrified.

She didn't know where these two people came from, why they were arresting her, and she didn't know where they were going to take her.

Her whole body was very frightened, she kept struggling, and she kept sending a distress signal to the prison doorman, "Woohoo! Save

me, save me, I'm kidnapped.

The doorman doesn't care.

Obviously they all saw it, but it seemed that they didn't see it, and they didn't pay attention to it at all.

Rong Yuan was desperate, and the tears were left in large pieces, and finally two bodyguards forcibly stuffed into the car and taken away.

Two hours later, Rong Yuan lay unconscious on a white operating table, next to Lin Tianchen and Rong Shu standing there.

Lin Tianchen was dressed in a white coat, with his hands in his pockets, looking at Rong Yuan on the stage, just like looking at a sacrifice, without any temperature, "Just now the obstetrics and gynecology department did an examination, her body is now able to conceive, it seems that the prison side strictly implemented Fu Jingting's orders and regularly supervised her to take medicine."

"With the benefits of Jing Ting over there, how can it not be strictly enforced." Rong Shu pushed her glasses and smiled.

"So give her a test tube today?" Lin Tianchen raised his chin towards Rong Yuan.

Rong Shu nodded, "Of course, the sooner the better."

"Okay, I'll let the obstetrics and gynecology department come over and do it, let's go, let's go out first." Lin Tianchen took out his mobile phone and said while calling.

Soon, the obstetrics and gynecology department got Lin Tianchen's words and came over to test the tube for Rong Yuan.

Rong Shu waited outside for the results, and waited until the doctor in the obstetrics and gynecology department said that she had successfully implanted before leaving with confidence.

Then that night, Rong Yuan was sent away and sent to a hidden villa, and for the next ten months, Rong Yuan will be here to raise a baby, knowing that she can only leave after giving birth.

Not long after Rong Yuan was sent to the villa, she woke up and kept making a big fuss.

Rong Shu went to see her.

The moment Rong Yuan saw Rong Shu, hatred rushed to her face, "I see, it's you, the person who kidnapped me at the prison gate, you ordered it, right!"

She pointed to Rong Shu's nose.

Rong Shu was noncommittal, "It's me."

"What the hell are you trying to do!" Rong Yuan wanted to struggle to get up.

But her hands and feet were tied to the head and end of the bed, unable to move.

She was terrified now.

Rong Shu tied her up here, and still tied her like this, should she want to let people bully her, and then photograph it and use it to threaten her later?

That's how it's all done on TV.

Rong Yuan's body trembled terribly, and her eyes were full of horror.

Rong Shu stood by the bed, seeing such a Rong Yuan, red lips hooked, "You are like this now, but it makes me feel a lot more pleasant, in the past, you have always had eyes on the top of your head, and you look like you are not afraid of anything, so now I am quite happy to see that you are afraid of me, but don't worry, I won't do anything to you, I just let you stay here obediently for ten months." , and then give birth to a child.

Rong Yuan's mind was clouded, "Child? What child?"

Rong Shu didn't speak, just looked at her stomach with a smile.

Rong Yuan followed her gaze and tried to look down, and her gaze fell on her stomach.

At that moment, a huge panic hit her.

Her face was bloody, and she looked at Rong Shu in disbelief, "What do you want to do?" Are you going to do it to me?

Rong Shu rolled her eyes, "Why do you think so?"

"If it wasn't for you trying to do something to me, how could I possibly have any children!" Rong Yuan roared in horror, "Rong Shu, you are breaking the law, I tell you, you are breaking the law!"

She was afraid, she was really afraid.

This Rong Shu is a madman.

She shouldn't have come back.

Rong Yuan thought of the fate she might face next, and cried.

Seeing her crying snot and tears, Rong Shu looked away in disgust.

No way, it's too spicy eyes.

"I didn't want to do it, you thought too much yourself." Rong Shu brushed her red lips and said coldly.

Rong Yuan's crying paused for a moment, and she couldn't believe what she heard, "What did you say?" You're not going to make people go" "

I can't do something so vicious." Rong Shu rolled her eyes, "Although I really hate you, but the same woman, I will not do anything to deliberately bully women, after all, I am not like you, if we exchange it now, you can do it, right?"

She stared at Rong Yuan coldly.

Rong Yuan's eyes kept flickering, and finally turned her head to the side with a weak heart.

Rong Shu completely said the darkest side of her heart.

Indeed, she was not a good person in the first place, as long as someone provoked her, she did not care whether she was a woman or not, she only used the most painful way of revenge to retaliate against the other party.

Even if people are stronger, she will not feel that there is anything wrong.

As long as you take revenge yourself.

"Sure enough, people like you are pure garbage." Rong Shu snorted coldly, and then said, "Although I won't let you bow you, who told you that pregnancy can only be conceived with a man?" Don't you know about test tubes?

Rong Yuan's face changed drastically, "Test tube?"

Rong Shu was noncommittal.

Rong Yuan realized something, and her pupils contracted to the size of a needle tip, "You want to give me a test tube?"

Rong Shu smiled, "Yes, and the test tube has been combined, and the blank tire has been planted in your stomach." "What

?" Rong Yuan's mind was red and blank, obviously unable to believe what she heard.

It wasn't until after a while that she suddenly reacted, staring at Rong Shu emotionally, her body struggling violently, and her voice was full of bone-crushing hatred, "Rong Shu, Rong Shu!" How dare you do this to me, how dare you? I'm going to kill you, let me go, I'm going to kill you, you actually dare to leave a wild seed in my belly, I'm going to kill you.

Looking at Rong Yuan, who was in a state of madness, Rong Shu took a step back and opened the distance between him and her.

Even if Rong Yuan couldn't break free of the rope and get off the bed at all, she didn't want to get too close to Rong Yuan.

Lin Tianchen looked at Rong Yuan even more disgusted, "Do you need me to give her a tranquilizer all the time?"

"No need." Rong Shu shook her head, "She is pregnant now, using any drug, it is not good for the fetus, anyway, she is tied, and I am not afraid that her messing around will have any effect on the fetus."

"Aaaaaa Listening to the conversation between the two, Rong Yuan felt that she was really going crazy.

She never thought that Rong Shu was so despicable and shameless, so she became pregnant with a child.

"Why? Why are you doing this to me! Rong Yuan stared at Rong Shu deadly, "Is it that you can't conceive yourself, so let me give you a life?"

Speaking of this, she suddenly calmed down and thought of something.

Yes, Rong Shu can't get pregnant, let others give her a baby, but the child is definitely not her alone, there is also a man's.

It is already self-evident who this man is.

So the child in her belly is Rong Shu and Fu Jingting's?

Thinking of Fu Jingting's handsome face and the rich and rival family property, Rong Yuan's eyes lit up green, and the whole person became excited.

In his mouth, he even let out greedy laughter.

Lin Tianchen raised his eyebrows, "What's wrong with her?" Rong

Shu knew her very well, and according to what she just said, she knew what was going on with Rong Yuan.

With a sneer, Rong Shu opened her mouth to answer, "She, I guess I think the child in her belly is Jing Ting's."

The corner of Lin Tianchen's mouth twitched, "Why would she think so?"

Rong Shu shrugged her shoulders, "Doesn't she think that I can't give birth, and I just want her to give birth, so she subconsciously feels that what I let her give birth to is me and Jing Ting's child."

Lin Tianchen finally understood, snorted, and stopped talking.

"It's a pity, the child she is carrying is just an ordinary man's." Rong Shu looked at Rong Yuan with a smile.

She said this sentence much louder.

When Rong Yuan heard it, the whole person was stunned, and she couldn't laugh anymore, "What do you say?" The child is not yours and Fu Jingting's?

"How else?" Rong Shu spread her hands, "I never said that I can't have children, I'm saying, even if I can't give birth, I won't let other women help us give birth, so I can only say that you are whimsical, you just laughed so happily, do you think that if you give birth to a child in the future, you can also be regarded as a mother of half a child, I think you can take this as a requirement, let's raise you, maybe think deeper, you can also take the child as an excuse, drive me away and replace it?" Rong

Yuan's face was stiff, looking at Rong Shu's eyes was the same as looking at a monster, "You you"

Obviously, Rong Shu once again hit her mind.

Rong Shu laughed and mocked, "It's a pity, your ideas are destined to not achieve reality, the father of the child in your belly, is a man with a clean family and a pure personality that I am looking for, only the genes of such a man can make your children not become as poisonous as you, speaking of which, you should thank me, after all, I helped you improve your genes."

"Thank you mom." Rong Yuan couldn't control it anymore, and directly swore words, "Rong Shu, what do you want to do?" Why should I have a baby?

She didn't understand, didn't understand.

Rong Shu smiled, "Because who let me not be the Rong family's biological daughter, I want to leave a descendant to the Rong family and inherit Tiansheng in the future, so I can only let you give birth, after all, you are the only bloodline of the Rong family now." "

So it was, so it was.

“It turns out that you hit this attention, then I tell you Rong Shu, I can’t let your purpose be achieved, this child, I just get it alive, and I won’t be born, absolutely not!” Rong Yuan yelled at Rong Shu, and then twisted her hands and feet constantly, wanting to drain the child.

Rong Shu looked at her like a fool, “What is the use of you being so excited now, the blank tire has just been tested in the tube, it is equivalent to not beginning to develop in your body, and now you can’t say that you are pregnant, you will not cause any harm to the blank tire if you move, you will only make yourself tired like a dog.”

As soon as these words came out, Rong Yuan was instantly stupid.

Rong Shu said, “And don’t worry, even if the embryo begins to develop, I will let people watch you 24 hours a day, and will not give you the opportunity to attack the child, you will stay in this villa for a year until the child is born safely.”

With that, she turned and walked towards the door of the room.

Lin Tianchen naturally followed her.

Rong Yuan looked at the back of the two, her eyes were scarlet, and she kept shouting to let Rong Shu go back.

### Chapter 1338 – Desperate Mrs. Gu

This is the last time she comes to see Rong Yuan, and in the future, she will not come again.

After Rong Yuan gives birth to the child, someone will take the child directly from Rong Yuan.

As for Rong Yuan herself, she will send Rong Yuan to prison again after Rong Yuan is out of confinement.

After all, she hadn’t asked Rong Yuan to settle the account for poisoning her father.

Back at the hospital, it was already afternoon.

Today she hasn’t gone to see Fu Jingting, so when she went, Boss Fu Jingting was unhappy, and her handsome face stinked.

Rong Shu coaxed him for a long time before coaxing this sulking man.

It's funny to say, he found that since the man got sick, the whole person has become more naïve.

Just like a child, if you don't see him one day late, you will have a tantrum with you.

Rong Shu sat on the edge of Fu Jingting's hospital bed and told Fu Jingting about his journey to see Rong Yuan.

Fu Jingting heard her say that Rong Yuan thought she was pregnant with the two of them's child, and the whole person was disgusted and vomited.

Who can make up these things in the brain?

"By the way, Shi Mo will come to the sea market at night." Fu Jingting didn't want to mention that disgusting woman, so he directly changed the topic.

Rong Shu was stunned for a moment, "So fast?"

"Zhang Cheng told Shimo about the heart, so he came early." Fu Jingting replied.

Rong Shu nodded, "It's okay, let Elder Liu explain the matter earlier."

"Zhang Cheng has already gone to the airport to wait." Fu Jingting answered, "He will go to Liu Lao's side first to finish the things I explained to him before coming over."

Rong Shu's eyes lit up, "So, you can know Professor Liu Laowang's evidence tonight?"

Fu Jingting was noncommittal, "I have asked Zhang Cheng to send someone to Liu Lao's side to install surveillance, so we can watch it in real time here, as well as the police."

"That's wonderful." Rong Shu clapped her hands happily.

Then thought of something, she frowned, "In the past few days, Mr. Liu and his wife have always run to Tiansheng and Fu's downstairs to harass, shouting to see us, if not for the security guards to stop it, it is estimated that they will directly break in, I heard ah, they also want to go to the Fu family's old mansion to disturb the grandmother, fortunately, Assistant Zhang is shrewd, and arranged for someone to block the outside of the old mansion in advance, so as not to let these two disturb the grandmother."

"Zhang Cheng told me about this, don't worry, the two jumping beam clowns, don't bother, they also won't be outside for long, these two couples will definitely not be clean in their hands, but no evidence has been found, but Elder Liu must know that tonight

Elder Liu will explain everything, and at that time, their family of four will be able to go inside to reunite.” Fu Jingting squinted and said lightly.

Rong Shu smiled, then picked up the water cup and dipped some water with a cotton swab to moisturize his lips, “Okay, it’s almost time, you sleep for a while, don’t talk, your lips are dry.”

Fu Jingting pursed his lips, his tone was obviously a little unhappy, “How did you arrive so soon.”

Rong Shu was amused, “Of course, because it’s only ten minutes, okay, don’t tell you, I’ll go out first.”

After

that, she tugged the quilt for the man, and in the man’s discolored gaze, she turned and walked towards the door.

After going out, she looked back at the man, and sure enough, she met the man’s dark eyes.

It turned out that the man’s gaze had been chasing her all the time, and he never moved half a point.

Seeing the reluctance in the man’s eyes, Rong Shu also felt a little unpleasant in her heart.

Especially the grievances and longing written in the man’s eyes made her very distressed.

After the man was aggrieved and left, he had to lie alone in the cold ward, without even a single person to speak, and if he didn’t sleep, he could only stare at the ceiling in a daze, and he couldn’t do anything.

And longing, but longing is to be free, to leave that ward, that bed with himself.

He should not stay here all the time, lie there, he should come out, guide the mall, and shield her from the wind and rain by her side.

However, all this is useless, his current body is destined to only let him lie there, unable to move.

Hey sighed.

Rong Shu picked up the clipboard, wrote some words on it, and then held it up to the man.

It says don’t be sad, as long as I am free, I will come and accompany you.

Even if you can't go in, you can accompany you outside.

Sure enough, after seeing this line, Fu Jingting was obviously in a much better mood.

Rong Shu smiled, lowered his head and continued to write that Lin Tianchen asked me to check my eyes later, and I will come back to accompany you after the examination.

Fu Jingting nodded.

Rong Shu waved at him, put away the clipboard, and turned to leave.

I thought it would not take long to just check my eyes, but I didn't expect that when I came out, it would have been more than two hours.

At this time, the man is estimated to have a tantrum again.

Maybe you still wonder, did she give a promise and deliberately break her word?

Sighing, Rong Shu rubbed her temples and walked towards Fu Jingting.

Whether the dog man is asleep or not at this time, she should also do what she says and go over to accompany him for a while.

So that tomorrow the man asks, he also has a reason to explain.

"What to do, what to do" Just as Rong Shu walked out of the door of the ophthalmology department and walked towards the elevator, she suddenly heard a sad and desperate cry from the right side.

This is a hospital, in fact, such cries are not uncommon.

It stands to reason that it is none of her business, and she will sympathize at most and will not stop at all.

But this time the cry was very familiar to her.

Because this is Gu Yaotian's wife, Mrs. Gu's cry.

Mrs. Gu cried like this, obviously something happened.

And this is a hospital, she heard Jing Ting say some time ago that Gu Yaotian's body could not support the fact that he had been admitted to the hospital.

In other words, Mrs. Gu is crying Gu Yaotian?

Could it be that Gu Yaotian is already dead?

Rong Shu's eyes lit up, and she quickly turned around and walked in the direction of the cry.

Sure enough, on a chair outside the examination room, she saw Mrs. Gu, who was sitting there, covering her face and crying silently.

Rong Shu stopped opposite Mrs. Gu, leaned her arms around the cold wall, and said lightly, "How?" Mrs. Gu cried like this, is Chairman Gu dead? If that's the case, that's a great thing. Hearing

this, Mrs. Gu cried, and then quickly lowered her hand and raised her head, glaring angrily at Rong Shu, "Is that you?" You actually dare to curse my husband?

Rong Shu blinked her eyes and showed her innocence, "No, I didn't curse Chairman Gu, I still saw Mrs. Gu crying like this, bold guessing, after all, Mrs. Gu crying really makes people have to think more."

"You," Mrs. Gu trembled with anger, pointing at Rong Shu angrily unable to speak.

Rong Shu ruffled her long hair and smiled amorously, "How?" It seems that Chairman Gu is not dead, hey, it's a pity, how good it would be if he died, and save me revenge.

Mrs. Gu's eyes were scarlet, "You girl is really vicious."

"Am I vicious?" Rong Shu covered her lips and laughed, and the tears of laughter came out, "Mrs. Gu, the wheel is vicious, where can I compare to your husband and your adopted daughter, your husband was jealous of my father, and he stole Tiansheng's secrets twenty years ago, causing Tiansheng employees to commit suicide by jumping off the building, my father had to take the risk of taking your child to take revenge, but you still didn't stop, seven years ago you forced Tiansheng almost went bankrupt, forcing my father to jump off the building to commit suicide, isn't this vicious?" "

In the face of Rong Shu's questioning one after another, Mrs. Gu's mouth opened and she was speechless.

Rong Shu did not let her go, approaching step by step, "And your adopted daughter, deliberately impersonated me, let me suffer humiliation for six years, and then repeatedly killed me three times, it was my life, so I survived, otherwise I would have died a long time ago, Mrs. Gu, please tell me, isn't what your Gu family did to me and my Rong family vicious?"

"I, me," Mrs. Gu's face turned pale, and she couldn't say a complete sentence.

In fact, she is not a person who does not have the correct three views at all.

Instead, she has.

She also knows that the Rong Gu family, really speaking, is the Gu family's fault the most, it is the Gu family who is sorry for the Rong family, and she also knows how cruel her husband and adopted daughter do.

It's just that she is a Gu family, so even if she feels that her husband and adopted daughter are not doing right, she can only stand on their side.

But now in the face of Rong Shu's questioning, she not only couldn't say a word, but also felt inexplicably ashamed in her heart.

This shocked herself.

Shocked himself, he actually felt guilty about the little girl in front of him.

She was crazy.

At this moment, a sound of high heels came from next to the two.

"Mom!" Gu Manqing saw Mrs. Gu sitting there, and quickly shouted.

Then, she saw Rong Shu opposite Mrs. Gu, and her face immediately changed.

How did they get together?

What did they say?

Gu Manqing was worried that his secret would be exposed, so he quickly stepped up and trotted over, "Mom."

"Manqing, here you are." When Mrs. Gu saw her daughter coming over, she quickly wiped her tears and smiled reluctantly at her, "Why did you come so late?"

"There was a traffic jam on the road, and there was a delay for a while." Gu Manqing handed over the bag in her hand, "Mom, this is the food I brought you, you can eat some." "Good

."

." Mrs. Gu took the bag.

Then, Gu Manqing looked at Rong Shu.

She deliberately walked in front of Rong Shu, holding high heels higher than Rong Shu, completely blocking Rong Shu's line of sight, so that Rong Shu could not see Mrs. Gu, and she was slightly relieved in her heart.

"Hello Miss Rong." Gu Manqing looked at Rong Shu and squeezed out a particularly reluctant smile on Rong Shu.

Rong Shu glanced at her lightly, "If you don't want to laugh, you can not laugh, no one forced you." was

unceremoniously poked by Rong Shu, and Gu Manqing's face was embarrassed.

But in the end, after being in the Gu family for so long, many things have been practiced, such as expression management.

Soon, Gu Manqing's expression was sorted out, returned to its normal appearance, ruffled the hair next to her ear and said, "Sorry, the smile just now gave Miss Rong a bad look, it's my fault."

Rong Shu rolled her eyes, didn't want to pay too much attention, turned around and was about to leave.

Gu Manqing stopped her, "Miss Rong, why are you in the hospital?" I heard, didn't you go abroad with President Fu? Rong

Shu's eyes flashed darkly, stopped, turned around and replied faintly, "Won't you return to China if you go abroad?" There is something in the country, so I came back first, and in foreign countries I have some water and soil disobedience, and my body has been uncomfortable, so it should be very reasonable to come here to check it after I come back, right?

"That's what I said." Gu Manqing smiled, "But this is the nephrology department, even if Miss Rong wants to check, she should not come here."

Rong Shu narrowed her eyes, "What exactly are you trying to express?"

Gu Manqing smiled slightly, walked to her side, and lowered her voice, "Miss Rong, I don't care why you appear here, but I only have one request, that is, I hope Miss Rong you don't appear in front of my parents, and I hope Miss Rong can grant me this request."

"Oh?" Rong Shu raised her eyebrows, interested, "Why?" I suddenly found you, it seems that I am very afraid that I will appear in front of your parents, Miss Gu, may I ask you for any special reason?

Gu Manqing's eyes flickered, and she didn't dare to confront her.

“Miss Rong said and smiled, of course not, I’m not afraid of you appearing in front of my parents, I’m just afraid that when my parents see you, their emotions will be too extreme, and there is no other meaning.”

“Oh?” Rong Shu raised her eyebrows again, “Why don’t I believe it, Miss Gu, you don’t seem to dare to look at me, you’re lying.”

She squinted her eyes and stared at Gu Manqing suspiciously.

Gu Manqing was originally weak and inadequate, seeing that Rong Shu looked at her like this again, her heart became more and more flustered, and finally she simply turned around directly, “Miss Rong thinks too much, there is nothing, in short, I hope Miss Rong you promise me, Miss Rong you don’t want to be hurt here, after all, you and my parents have a hatred before, and I don’t guarantee that my parents will not directly hurt you when they see you, especially my father’s life is now coming to an end, If you are not afraid that my father will die with you, please Miss Rong never appear in front of my parents again.”

After

that, she ignored Rong Shu and helped Mrs. Gu on the chair up, “Mom, let’s go see Dad first.” “Good

.” Mrs. Gu didn’t hear what Gu Manqing said to Rong Shu just now, she only thought that Gu Manqing thought that Rong Shu had just bullied her, so she was confronting Rong Shu.

Mrs. Gu stood up and followed Gu Manqing to the front.

I don’t know why, after walking a few steps, Mrs. Gu suddenly turned her head and looked at Rong Shu.

Gu Manqing noticed Mrs. Gu’s movements, and also turned her head to take a look, and saw that Mrs. Gu was paying attention to Rong Shu, and her heart was jealous, angry and panicked.

“Mom, what are you looking at?” Gu Manqing stared at Mrs. Gu.

Mrs. Gu withdrew her gaze with some weakness and shook her head, “No, nothing”

Gu Manqing snorted and didn’t ask.

Mrs. Gu’s action just now, Rong Shu naturally saw it all in her eyes, and she had an indescribable feeling in her heart.

But she didn’t think much about it and walked towards an office.

The doctor in this office happened to be a chief doctor of the nephrology department, and also happened to be Gu Yaotian's attending doctor.

Rong Shu walked in and asked about Gu Yaotian's current condition.

Knowing that Gu Yaotian's physical function has completely come to an end, even if he finds a suitable kidney, his physical fitness does not support changing his kidney, and he can only accept the arrival of death with his fate, Rong Shu understood why Mrs. Gu cried like that before.

Rong Shu said goodbye to the doctor, left the office, and walked to Fu Jingting's ward.

Along the way, she was a little absent-minded, and her mind was full of the fact that Gu Yao was really going to die and would not live long.

It stands to reason that she should be happy to know that Gu Yaotian is really going to die, and she should even jump up and say that she deserves it, Gu Yaotian suffered retribution.

But I don't know why, she was in her heart. Not only was he not happy, but he was blocked and astringent, which was very uncomfortable.

It was uncomfortable, and her eyes couldn't help but surge with heat.

She raised her hand and touched it, and found that she was in tears, and the whole person was not good.

She actually shed tears for Gu Yaotian?

She's crazy!

Rong Shu quickly shook off the tears in her hand, and then quickly wiped the other tears in her eyes, never accepting that she cried for Gu Yaotian.

This is simply a shame for her.

Weeping for the imminent death of the enemy, it is estimated that she is the only one in this world.

If Dad knew, he would probably be angry with her.

Rong Shu took a deep breath, wiped her face, and only after a while calmed the complicated emotions in her heart, and came back to the outside of Fu Jingting's ward.

### Chapter 1340 – Wayward Man

After coming to the outside of the ward, Rong Shu saw that there were other people in the ward, it was Lin Tianchen in a white coat.

Seeing Lin Tianchen, she was first surprised for a moment, and then she became nervous.

Isn't he off work?

After her eye exam, he told her that he was leaving work.

At that time, he even dragged down the white coat on his body, and after he died out of office, he punched off his work card.

How come he came back?

And also appeared in Fu Jingting's ward!

Could it be that something suddenly happened to Fu Jingting's physical condition?

Thinking of this, Rong Shu's heart lifted, her hands were propped on the glass, frowning, and looking inside worriedly.

Fu Jingting was still lying on the hospital bed, his eyes closed.

Lin Tianchen stood by the hospital bed, spread out the medical record folder in his hand, and after taking a look at Fu Jingting, he wrote a few words on the medical record folder.

After repeating several times, he closed the medical record clip, put away the pen, and raised his eyes to look at her.

Rong Shu saw that he had found her, and quickly opened his mouth to ask about Fu Jingting's situation.

Lin Tianchen couldn't hear it, and simply walked out, "Why did you come over here?"

He asked.

Rong Shu didn't care to answer his question, grabbed his arm, and his face was full of anxious worry, "Doctor Lin, tell me, Fu Jingting, what's wrong with him?" Aren't you already off work? Is there something wrong with his body when he suddenly comes back, and you can only stabilize it? Lin

Tianchen saw that she was so emotional, pulled out his arm, and replied unhurriedly, "Don't worry, he's fine, he just wants to wait for you to come back, so he refuses to close his eyes and sleep, resulting in a heart rhythm that is a little too fast, I am his attending doctor, just at that time has not completely left the hospital, so I was called back again, just gave him a tranquilizer, this time I slept, and my heart rate returned to normal, So you don't have to worry. Hearing

that Fu Jingting was fine, Rong Shu breathed a sigh of relief, "It's okay, it's okay, it's scared me to death."

She patted her chest.

Then he couldn't help but feel a little angry in his heart, "What is he waiting for me to do?" Didn't I tell him, I went to check my eyes, and I would come to accompany him after the examination, why didn't he listen?

This man is really angry.

This kind of behavior makes people worry and is also irresponsible for his own life.

"He said that he didn't expect your examination to take so long, and he was afraid that when you came back, he would see him asleep and bored outside alone, so he forced his consciousness and did not sleep." Lin Tianchen told her what Fu Jingting said before.

Rong Shu squeezed his palm, "Who wants him to worry about me being bored?" I just need him to take good care of his body, and when he does this, it makes people more worried, really, me off.

She stomped her foot with an ugly face.

Lin Tianchen pushed his glasses, "I studied psychology, Fu Jingting's current situation is a typical insecure patient, not so much that he is worried that you are bored, but that he is afraid that you will forget him and will not come back."

"Huh?" Rong Shu was stunned, "How could he have such thoughts?"

"It's normal." Lin Tianchen shrugged, "People who have this kind of thinking generally appear in people who are about to die, or people who are in great difficulty and have just regained their lives, Fu Jingting is the latter, he has just returned from the death borderline nine dead life, so he will care more about the company and attention of the most important people, because he is afraid that he will suddenly lose, and when his body recovers, this situation will improve, so don't worry." After

Rong Shu listened to his explanation, the anger in her heart instantly dissipated.

She was originally still angry that men are like this now, and she doesn't care about her body, whether she wants everyone to be afraid of his behavior.

But now, she doesn't think so.

In the eyes of a person who is insecure but very dependent on him, his own body and life are indeed less important than her.

This man really

Rong Shu sighed, embarrassed to smile at Lin Tianchen, "I know, thank you for your enlightenment, and thank you for leaving work, you still have to worry about us, it's really embarrassing."

She bowed to Lin Tianchen in shame.

Seriously, she just pulled him out of the water as a child.

But he has repeatedly saved her and Fu Jingting's lives, he has already paid off the kindness he had when he was a child, and now she owes him.

"It's nothing, you don't have to." Lin Tianchen put his hands in the pockets of his white coat, "It's you, didn't we come out of my office together?" Why did it take so long to come over, I walked out of the hospital gate, turned back again, and gave Fu Jingting a tranquilizer before you came back, where did you go?

Rong Shu also did not lie, and bluntly said that after she came out, she met Mrs. Gu.

Lin Tianchen suddenly raised his chin, "Gu Yaotian has lived for a long time, it is estimated that it has been two months, his wife cries every day in the nephrology department, let people save Gu Yaotian, and came to me, but I didn't care, the doctor in the nephrology department was very patient and told her, Gu Yaotian's current body can no longer be treated, even if there is a kidney source, Gu Yaotian's physical fitness, there is no way to support until the end of the operation, and he will die on the operating table, There is no point in persuading her to take Gu Yaotian home, and staying in the hospital, but she refuses, crying over there every day, you come out of the ophthalmology department, and it's normal to meet her.

"I know, I asked the doctor over there." Rong Shu replied, "Mrs. Gu has always refused to go through the discharge procedures for Gu Yaotian, crying in the hospital every day, is she not giving up hope."

"Does she dare to give up? As soon as Gu Yaotian dies, the Gu family will collapse, Sansheng Group will be divided by shareholders, their orphans and widows, where are the opponents of those old foxes in the mall, there will be no dregs left, out of husband

and wife and future survival path, she has to find a way to save Gu Yaotian. Lin Tianchen disagreed, and said lightly.

He had studied psychology, and she knew exactly what Mrs. Gu had in mind.

“If you’re okay, don’t go over there, it’s not in a good mood.” Lin Tianchen’s glasses reflected the light and said to her.

He also remembered that Fu Jingting had said in the past that she was the real Gu Manyin, the daughter of Gu Yaotian and his wife.

Bloodline is a very magical thing, even if children and parents are separated, do not know each other, blood will also create opportunities for them to meet, as long as they meet, they will subconsciously be attracted to each other, and subconsciously have an idea in their hearts.

An idea that this person seems to have something to do with himself.

Therefore, he also saw that the Gu family had seen more, and he would also have some strange emotions, so as to discover his identity.

Fu Jingting is right in saying that in this life, she and the Gu family have no fate to become a family.

In that case, it is better not to know about their relationship from beginning to end.

Bury this secret in eternal time.

Rong Shu didn’t know what Lin Tianchen was thinking in his heart, and when he heard Lin Tianchen say that he was angry, he couldn’t help but be a little funny, “Okay, I just met by chance today, and I won’t go to engrave their opinions later, don’t worry.”

“That’s okay, then you accompany Fu Jingting here, with your nature, coupled with Fu Jingting’s previous willfulness, if you don’t accompany him, you will always be unable to let go in your heart, so I don’t advise you to go back to rest, I just hope that you remember to do it later when the nurse calls you back.”

After speaking, Lin Tianchen passed her and left.
