Chapter 1341: Assured Man

Rong Shu watched him go away and knew that he had entered the elevator, only then did he withdraw his gaze and sit down in the chair outside the ward.

In fact, there were no chairs here, after all, the hospital had a rule that you could not stay outside the intensive care ward or even watch onlookers.

But the situation of Rong Shu and Fu Jingting is different.

Coupled with the fact that this floor has been covered by Fu Jingting, and Fu Jingting can't do without Rong Shu, the hospital side will agree that they do not abide by that rule, and also put a chair for Rong Shu outside.

Rong Shu sat there quietly, hunched over her chin, and quietly looked at the man inside.

The man fell asleep and was so quiet that she couldn't see enough.

It wasn't until two hours had passed when the nurse came to her and reminded her that it was time to go back to rest that she withdrew her gaze and left for her room.

The next day, when Rong Shu appeared here again, Fu Jingting still had a tantrum with her.

The reason is because yesterday he waited for her for a long time and did not wait for her to come back, especially in the end, Lin Tianchen came back earlier than her, which made the grievances in his heart unbearable, so after she came in, he directly turned his head and ignored her.

Looking at the man's childish child-like behavior, Rong Shu was angry and funny, and sat down on the edge of the bed, "Fu Jingting, really ignore me?"

Fu Jingting was unmoved, did not turn his head to look at her meaning, Rong Shu shook his head helplessly, and then also made a face, pretending to be displeased: "Fu Jingting, you still have the face to be angry with me?" Didn't I just come back a little late? Didn't I tell you when I left, I don't know exactly when I'll be back? Let you sleep as soon as you should, even if you fall asleep, I will accompany you outside for a while, and as a result, you are good, you take my words as a fart, do not pay attention to a word, and wait for me there with two eyes open, and as a result, you have waited for something wrong with yourself.

Fu Jingting didn't expect Rong Shu to suddenly get angry, and it was an output to himself, and the whole person was stunned, and turned his head to look at him stunned.

Rong Shu has not let Fu Jingting go, she is ready to take the opportunity to talk to the dog man and let the dog man put his mentality in a good position.

“Fu Jingting, do you know what your situation is now? What you have to do now is to follow the doctor’s advice, rest well, take good care of your body, and strive to change from a disabled person back to a healthy person as soon as possible, but did you do it? You didn’t, you didn’t listen to the doctor, even I didn’t listen to my words, I said, during my eye examination, let you rest when you should, you have to listen, you have to wait, wait for the problem not only suffer yourself, but also let those of us who care about you worry one by one, Fu Jingting, don’t you think you are very selfish?”

Fu Jingting’s thin lips moved, and he was about to say something.

Rong Shu didn’t give him a chance at all, and said, “Do you know how worried I was when I saw Lin Tianchen in your ward after I came back yesterday?” My soul was almost scared, knowing that you are like this, do you think I am not angry? I haven’t asked you to settle the account, but you are capable, first come to be angry with me, yes, I came back late, Lin Tianchen came earlier than me, but why don’t you ask me why I came back late? And what happened? You only know that you are angry with me, I coax you, you are even harder, Fu Jingting, don’t think that you are a patient now, I will tolerate you in everything and be angry with me.

She crossed her hands at her waist, her little face was red, and she was obviously angry with the dog man.

The dog man’s hands can now move.

He specifically asked Lin Tianchen not to give him any more paralysis injections, and Lin Tianchen agreed.

So in addition to not being able to get out of bed now, it is still no problem to move his hands and feet properly.

Seeing Rong Shu’s breathy appearance, Fu Jingting was a little scared in addition to some rookies.

After all, since the reunion, he had never seen her so angry, especially this anger, or to him.

He can be said to be scolded a bloody dog now, and he can’t be angry, but he has to worry about her anger, and whether he will ignore him in the future.

Therefore, Fu Jingting had already put his unhappiness behind at this time, and he only wanted to hurry up to coax women and make women happy.

Lest the woman go away in a fit of anger, and then his pitiful ten minutes a day will be gone, and then he should really cry.

Fu Jingting pulled Rong Shu's sleeve and tugged gently.

Rong Shu looked down and deliberately shouted viciously, "What for?"

Fu Jingting blinked, pursed his thin lips, and his expression was obviously a little aggrieved, "It's me who is wrong just now, don't be angry"

Seeing his pitiful and cautious way of apologizing to himself, Rong Shu's red lips hooked slightly, and he wanted to laugh a little.

But in order to give the man a ruthless and teach him a lesson this time, she quickly suppressed her smile again, continued to cold her little face, and then pulled out her sleeves, "Don't touch me, who won't be angry with you."

Fu Jingting looked at his empty hand, stunned for two seconds, and then went to grab her sleeve.

Rong Shu knew that he must still be like this, so after pulling out the sleeve, he did not simply take it away, but continued to put it back in the position just now, so that the man could re-pull it, and also to avoid the man from moving a lot in order to make a big move.

"I know it's wrong, I really know, don't be angry, I won't be in the future." Fu Jingting pulled Rong Shu's sleeve, his fingers kept sliding down, and finally directly took her hand.

Rong Shu glanced at him and didn't shake him off, "Oh? Know what's wrong?"

"Hmm." tutor.

Chapter 1342 – The Man Who Got an Inch

Fu Jingting shook his head, of course he didn't want to.

Seeing this, Rong Shu bent down and kissed him on the forehead, "That's right, this is a reward for you."

Fu Jingting's thin lips curled, obviously satisfied with this reward.

However, when Rong Shu finished kissing and was about to get up, he suddenly hugged her back with his hands and prevented her from getting up.

Rong Shu was stunned for a moment, and then knew that the dog man was going to step in again, and the corners of his mouth twitched speechlessly, "Fu Jingting, what are you doing, let go."

She didn't dare to move, and she didn't dare to break his hand, and she was about to move a lot, causing the wound he operated on to crack, what to do?

A cracked wound is still a trifle, in case the heart inside is moved, it will be troublesome.

So she could only obediently lie in his arms and open her mouth to let the man go.

But the man just knew that she didn't dare to move, so he hugged her comfortably.

"Don't let go, I haven't hugged you for a long time, let me hold you for a while this time." He buried his head in Rong Shu's neck socket and took a deep breath.

The fragrance on the woman's body made him can't help but close his eyes and hug him tighter.

Rong Shu saw the man like this, funny and distressed in time, and gently patted his shoulder, "I can only hold it for a while, when the time is up, you quickly let go, don't pull and pull, the nurse came and saw it in a while, how embarrassing."

Fu Jingting snorted and agreed.

Rong Shu kept bending over, letting the man hold him.

To be honest, her posture is very uncomfortable.

Because she can't lie completely on top of a man, pressing her own weight will fracture his wound and put a load on his heart.

So her two hands, respectively, are supported on both sides of the man's body, in order to support her body, so that her body can slightly distance herself from the man's body.

It's just that in this way, she is very tired, not only do her arms have to use a lot of strength, but also her legs, even her back, it is also straight and tight, very uncomfortable, and even some pain in her waist.

But she didn't mean to tell the man.

Anyway, the man can't hold it for long, so there is no point in saying this, let him hold it to the fullest.

After all, he has been lying on the hospital bed these days, looking really pitiful enough, there is nothing to do, and he can only hug him to comfort him.

Fu Jingting really didn't play tricks, and when the time came, he let Rong Shu go.

Rong Shu felt Fu Jingting's hand around her disappear from behind her back, and finally straightened her back and stood up.

However, she had been in a leaning position for too long, and when she stood up, she obviously heard the clicking sound of her backbone, which caused her expression to change for a moment.

But in order not to let the man see it, she had to blame herself for a while, she quickly collected her expression and smiled at the man that nothing happened, "Not bad, I didn't play Laipi, give you a thumbs up."

She gave a thumbs up and complimented the man.

The man's thin lips hooked slightly, "I know, if I play Lai Pi, you won't give a hug next time."

"So you're so obedient that you want to hug me next time?" Rong Shu's forehead corner slipped down several black lines.

Fu Jingting nodded noncommittally.

That's what he meant.

Rong Shu snorted twice, "You really have a good calculation."

He wanted to hold her, but she didn't want to be held anymore.

If this continues, what should she do with her waist?

But looking at the man blinking, the look of expectation, Rong Shu couldn't say no.

Forget it, look at him for such a pitiful sake, just promise him.

Isn't it just that he has a low back pain every day, and it is not as uncomfortable as he lying in the hospital bed every day.

"Okay, as long as you obediently obey, obediently accept treatment, and don't do the same behavior that scared us yesterday, then I promise you to come and hug you every day." Rong Shu looked at the man and said.

When the man saw that she agreed, his eyes lit up obviously, and then he said, "How about another kiss?" Don't kiss my forehead and face, kiss me on the lips.

He pointed to his thin lips.

Rong Shu's head was full of black lines, "You still have to step in, it's not enough for me to promise to hug you every day, you still want me to kiss you, Fu Jingting, don't even think about it, if you say let me kiss your forehead or cheek, maybe I will agree, but you want me to kiss you there, do you think I don't know you yet?" What if you kiss and kiss and you forget that you are still a patient and riot? So don't even think about it, put away your unrealistic ideas.

Fu Jingting's thin lips pursed.

In fact, about this rejection, it was expected by him.

It's just that he didn't expect that she would promise to kiss him on the forehead or cheek.

He thought that this would also be rejected, so he directly said that she would kiss him on the lips, after all, it would be rejected, so why can't he come to the one he wants the most?

As a result, who knew that Fu Jingting was extremely angry in his heart.

Knowing that he would agree to kiss his forehead or cheek, he didn't say anything but let her kiss her forehead or cheek every day.

It's like now, there is a hug, nothing.

"Can't you change it?" Fu Jingting took Rong Shu's hand and looked at her with a hopeful expression, "I don't want to kiss my lips, can I kiss my forehead or cheek instead?"

He asked very carefully, and if he was a soft-hearted, he would definitely agree immediately.

But this time, Rong Shu said that he was not soft-hearted.

"Nope." She withdrew her hand and compared a fork movement in front of her, "You are like this, you like to inch in the most, once you agree to one request, you will take advantage of the pole to climb up, in the second request, so in order to change your bad problem, this time I said that I will not agree to anything, you don't use any pitiful grievance on me to attack, I don't eat your set."

Fu Jingting's eyelids drooped, and the whole person exuded an aura of disappointment and decadence.

Rong Shu stood by his hospital bed and looked at him coldly, "It's useless, I won't agree to it if you do this."

"Can't we discuss?" Fu Jingting is not dead yet.

Rong Shu smiled at him, "Of course not!

At this moment, he was really sad, not pretending.

Because he found that this time the woman really came to be hard, no matter what he did, he would not relent.

For a while, Fu Jingting fell into a sad and sad mood.

Seeing him like this, Rong Shu couldn't help but twitch the corner of his mouth.

Didn't he just not promise what he wanted, as for being so sad?

This is a disease, why is it still squeamish?

Rong Shu raised his forehead, and the whole person was a little crying and laughing.

No wonder everyone says that this patient is the most abrasive. Isn't that all this dog man is?

"Okay." Rong Shu sighed, took the initiative to stretch out his hand, took the man's hand and shook it, "You are obedient, maybe I will consider giving you another such reward one day."

Fu Jingting's dim eyes instantly flashed a bright light, "Really?"

"Hmm." Rong Shu nodded, "Really, the premise is that you are well-behaved and I am in a good mood."

"I'll be well-behaved." He nodded hurriedly.

Rong Shu smiled, "That's good, okay, it's almost time, I should go out."

After seeing the nurse who was already walking towards this side, she said to the man.

The light in the man's eyes instantly dissipated again.

Rong Shu said helplessly, "Don't be like this, I will find time to accompany you outside all day today, but I can't get close to you like now, okay, I'll go out first." "

Chapter 1343 – Liu Lao Moved

She tugged the quilt for him and walked away three times in one step.

After going out, I looked back at him and met the man's attached eyes without surprise.

It's funny to say.

The man's illness makes the whole person fragile, and he looks really like an inseparable child, but it is also very cute.

Rong Shu sat on the chair outside and waved and smiled at the man.

When the man saw her sit down and did not leave, the reluctance in his eyes faded a lot.

After that, Assistant Zhang also came and reported to Fu Jingting as usual.

In addition, he also had to report the hypnosis that Shi Mo gave Liu Lao yesterday.

Rong Shu couldn't hear what was being said inside, and waited quietly outside.

Anyway, when Assistant Zhang comes out in a while, he will tell her again.

Ten minutes was not long, Assistant Zhang came out quickly, almost without Rong Shu speaking, he himself stopped in front of her, "Miss Rong."

"Mr. Shi didn't come to the hospital?" Rong Shu asked.

Assistant Zhang pushed his glasses back, "Mr. Shi came, but he didn't come here, he went to pick up Mr. Shi Qing's heart, and after receiving it, he was ready to send it back to their homeland first."

"This way." Rong Shu nodded, indicating that he understood, "Will you come back in the future?"

"This is natural." Assistant Zhang replied, "After all, Gu Manyin has not been caught, and Mr. Shi already knows that Gu Manyin hurt Mr. Shi Qing, so he specially instructed us to notify him after catching Gu Manyin that he would come over again."

"It really should be." Rong Shu sighed, "Gu Manyin killed his brother, even if he may not feel what is called family affection, but the blood will make him subconsciously feel anger and hatred for the murderer who killed his brother."

“yes.” Assistant Zhang sighed, “When I first contacted Mr. Shi and told him about this, he was silent on the phone for a long time, and when Gu Manyin was mentioned later, his tone was obviously much colder, which shows that he is not a person without human feelings, he just reacts very lightly.” “It’s

like Lin Tianchen.” Rong Shu smiled, “Although he is the same as Shi Mo, he is a patient with lack of feelings, and he prides himself on not experiencing the feelings that human beings should have, but I know that they really don’t have it, but they don’t know it, Shi Mo will hate the murderer for the death of his brother, doesn’t this mean that he has feelings, or family affection, and Lin Tianchen can take such care of me because I saved her life when I was a child, which is also evidence that he has feelings, gratitude, and friendship.”

Assistant

Zhang nodded and felt that it made sense.

Around the corner not far away, Lin Tianchen, who originally wanted to come out, did not expect to suddenly hear Rong Shu mention himself, or said this, and took the steps back.

It turned out that she also felt that she was not some emotionless monster, but a human being with feelings.

Lin Tianchen looked down at his hand, hooked his lips and smiled, obviously he could feel that his heart was excited at this moment, rather than a pool of stagnant water.

This is probably what people often call the feeling of joy and excitement.

That joy and excitement of being recognized, accepted.

Lin Tianchen looked at Rong Shu and Assistant Zhang, turned around and left quietly.

He was going to go back and sort out the feeling and record all the fluctuations of the feeling.

In this way, his human emotional cognition may have one more.

Of course, Rong Shu didn’t know all this, after she said Lin Tianchen, she looked at Assistant Zhang and asked about the matter, “Did Elder Liu explain?”

Assistant

Zhang immediately nodded excitedly, “Of course, Mr. Shi’s hypnotism is unstoppable, after hypnotizing Liu Lao, the police asked anything, Liu Lao explained truthfully, Professor Wang was killed by him.”

Although this answer had long been able to be determined, but it was confirmed at this moment, Rong Shu couldn’t help but gasp in her heart.

“I remember that Liu Lao and Professor Wang are also senior brothers, the same teacher who worshiped, but I didn’t expect that he actually killed his senior brother.” Rong Shu sighed.

The human heart, the human nature.

“That’s right, the two are indeed junior brothers, and their talents in economics are similar, but Professor Wang is more liked by their teachers, because Professor Wang has good conduct, and Liu Lao is obviously more proficient in calculation, so Liu Lao has always been very jealous of Professor Wang in his heart, but he concealed it well, and he never showed it, and before President Fu chose Professor Wang, Liu Lao did not make a move on Professor Wang, After all, Professor Wang is just a light pole professor, but his family background is not as good as Liu Lao, so while Liu Lao is jealous of Professor Wang, he also has a sense of superiority that looks down on Professor Wang, until President Fu chooses Professor Wang as a teacher, Liu Lao’s mentality is completely unbalanced.

“Because if Jing Ting chooses Professor Wang, then Professor Wang will be supported by Jing Ting and the Fu family, and his status will rise even higher in the future, and after a long time, Liu Lao will be left behind by him.” Rong Shu said.

Assistant Zhang sighed, “That’s right, Liu Lao is precisely because he knows this, he is more and more jealous of Professor Wang, especially Liu Lao knows that none of the descendants of the Liu family can bring the Liu family up, and Liu Lao is even more uncomfortable, so he came up with the idea of overthrowing Professor Wang and treating President Fu as a student, so that with President Fu as a student, even if the descendants of the Liu family are not successful, they can rely on President Fu and the Fu family to prosper, and it turns out that Liu Lao’s idea is right.” , If it weren’t for the fact that the Liu family has become more and more arrogant over the years, and still meddling in Mr. Fu’s emotional problems, they would not have angered Mr. Fu, who would still help them, they could still enjoy a wanton life under Mr. Fu’s protection, and Mr. Fu would not have thought of investigating the truth of Professor Wang’s death.

“Therefore, this can only be said that a bad person is a bad person, and even if the evil deeds of the past are buried, sooner or later that evil deeds will be exposed, which is retribution.” Rong Shu said coldly.

Assistant Zhang answered, “According to Liu Lao himself, he actually didn’t want to harm Professor Wang’s life, he just wanted Professor Wang to be injured and unable to perform the worship ceremony, so that he would have the opportunity to snatch President Fu over, so he planned everything and put a banana peel outside the door of Professor Wang’s office, thinking that after Professor Wang stepped on the banana peel and fell, he would be in a coma at best, hospitalized at worst, and nothing else would happen. Unexpectedly, Professor Wang’s fall directly lost his life.

“All things in this world, there is no fixed number, never go in the direction anyone wants, even if it is roughly the same, the details will be biased, a small deviation, will lead to a complete change in the nature of the whole thing, Liu Lao said that he just wanted Professor Wang to be injured, did not want Professor Wang to die, but he really did not think that he did this, is it likely to let Professor Wang die?” After all, Professor Wang is not young, I think he thought about it, but he has more of a fluke mentality, so he dares to design Professor Wang more boldly and confidently.

“That’s right, it’s true.”

Assistant Zhang nodded, “After Professor Wang died, he immediately cleaned up the general traces he left behind, and then went to find the police captain who was in charge of this case at that time, that captain was a relative of the Liu family, and it was also because of this relative, so Professor Wang’s death would close the case so quickly, so quickly was defined as an accident, otherwise as other police captains, this matter would not have ended so quickly, Perhaps the truth of Professor Wang’s death has long been investigated, and Liu Lao has long been arrested. ”

Chapter 1344: Liu Linlin’s End

Rong Shu sighed, “Although it is so many years late, it is not too late, Liu Lao is still alive, and his age is not beyond the scope of no longer pursuing criminal responsibility, he can still pay the price for what he did.”

“yes.” Assistant Zhang agreed with her words very much, “I just finished talking to President Fu about this matter, and President Fu also said so.

“Has Liu Lao been taken to the police station now?” Rong Shu asked.

“Yes, after the end of the hypnosis yesterday, Liu Lao knew that he had explained everything, and he knew that he could not resist, so he did nothing, did not say anything, and was taken away by the police, but the police saw that he had helped the country’s economy to a certain extent in those years, and when he took him, he did not make a big fanfare, but chose to keep a low profile, which can be regarded as giving him the last face.”

“What about the relative who helped him back then?”

Assistant Zhang pushed his glasses, “That police captain retired three years ago, probably knowing that he bent the law for personal gain, and it was impossible to hide it for a lifetime, so he ran abroad three years ago and changed his nationality.”

“Changed nationality?” Rong Shu was slightly surprised.

Assistant Zhang’s face flashed with disdain, “Even if he changes his nationality and is not a national, but the law he violated in his home country, his country will still be investigated, and now the police have contacted the embassy, and the embassy will communicate with that country, and will send people back to China when the time comes, so Miss Rong does not have to worry.” “That’s

good.” Rong Shu bowed her head slightly, indicating that she understood, “But what sentence will Elder Liu be sentenced to later?”

“He is here, the death penalty must be excluded, not for life, ten years at most.” Assistant Zhang replied mockingly: “For an old man like Liu Lao who has a high self-esteem and a strong sense of self-esteem, not to mention ten years in prison, one year will cost him his life, plus his health is not particularly good, maybe in less than ten years, he will die inside.”

Therefore, there is not much difference between whether or not the death penalty is imposed and that it is not life.

Rong Shu ruffled her hair, “I know, in this way, the Liu family except for the distant relatives of the Liu family, let’s go in.”

“There is also Mrs. Liu outside, she really has not participated in anything, and she does not know much, so the police discussed it and did not mean to arrest her, but her husband did not mention tax evasion, and also committed the crime of commercial espionage, the amount involved is huge, and it is estimated that he will be sentenced to more than ten years.”

Rong Shu sneered, “This Liu family is really a nest of cancer, grandpa kills, son evades taxes or commercial espionage, granddaughter is also intentional homicide, really not a family, don’t enter a house.”

“Who says it isn’t?” Assistant Zhang shrugged, “Liu Lao can’t get out of prison, Mr. Liu should be able to hold out until he gets out of prison, but after coming out, he is also a seventy-year-old person, at that time, Mrs. Liu may wait for him, maybe he has already remarried, who knows, and Liu Linlin, she is a death sentence, this Liu family, can be regarded as really disappeared.”

“There is no need to sympathize, since they dare to do this, they must dare to accept such an end.”

“That’s right.” Assistant Zhang nodded, then raised his watch and looked at the time, “Okay, Miss Rong, it’s not early, I’m going to find Mr. Shimo and send him to the airport.”

“Okay, there you go.”

“Then I leave, President Fu will trouble Miss Rong to take care of you, if there is anything, you can call me at any time.”

After speaking, Assistant Zhang bowed to Rong Shu and turned to leave.

After his figure disappeared, Rong Shu withdrew his gaze and looked into the ward, just in time to meet the man’s eyes full of resentment.

He immediately understood that the dog man was jealous.

The face was clearly written that she was eating the vinegar that she had talked to Assistant Zhang for too long.

Rong Shu was a little crying and laughing, and then quickly wrote on the board to write a good thing that the dog man liked to hear to coax him.

The current Fu Jingting is a naïve ghost who needs to be coaxed anytime and anywhere, otherwise he can show you a wordless anger.

Sure enough, after Rong Shu wrote a lot of good words on the clipboard to coax Fu Jingting, the darkness on Fu Jingting’s face, as well as the resentment in his eyes, really disappeared, and the whole person’s mood recovered.

Rong Shu shook her head helplessly, amused.

Time flew by, and a week passed in the blink of an eye.

Fu Jingting finally came out of the intensive ward and was admitted to the general ward.

Rong Shu finally didn’t have to wait outside the ward every day, and only had ten minutes to go in to accompany him every day.

Now, if she wants, she can be by his side and talk to him twenty-four hours a day.

This is arguably the best news of the time.

For Fu Jingting, no, after coming out of the intensive ward, his whole person’s spirit was obviously much better.

And in the past few days, a lot has happened.

The first is the case of the Wang family, Liu Linlin went to the court of first instance.

It stands to reason that the matter of going to court was not so fast, there were many processes to go through in the middle, and it was calculated that it took as little as half a year, or as little as one or two years before the first trial of the big cases abounded.

I think Liu Linlin went directly to the court of first instance in less than a month, which obviously shows that there are many processes in the middle.

Of course, this is definitely not an oversight on the court's side, but a special order from above, specially skipping some processes, and directly letting Liu Linlin go to the court of first instance.

Just because the nature of Liu Linlin's matter is too bad, it has angered the people of the whole country and the national institute

Chapter 1345: Back to the Company

Anyway, when the time comes, they will have to go up, and they can't run.

And the time they go to court will not be very late.

It is probably that after Liu Linlin's second trial, she will begin to arrange for the father and son to go to court.

After all, the Liu family is all criminals, and the above is also very angry, and they also want to dispose of the Liu family earlier.

Liu Linlin was sentenced to death, but Fu Jingting arranged someone to tell Liu's father, but did not tell Liu Lao.

After all, Liu Laoji is there, what if he knows Liu Linlin's fate, he is stimulated for a while, and suddenly it is gone?

Liu Lao is gone now, which is not a good thing, on the contrary, it is Liu Lao's relief.

In this way, those of them who want to seek justice for Professor Wang have committed difficulties, Liu Lao died suddenly, and he did not suffer any punishment, even if it was not to avenge Professor Wang.

So Fu Jingting did not choose to tell Liu Lao.

However, Liu Lao probably guessed what his fate would be next, and he had been clamoring to see Fu Jingting for the past two days, saying something to say to Fu Jingting.

However, Fu Jingting did not agree to see him.

Even if he agreed, Rong Shu would not agree.

With his current body like this, he can't leave the hospital for half a step at all, how else can he go to see Liu Lao?

Moreover, Liu Lao is a criminal, what is the point of seeing or not seeing?

Even if you have something to say, what else can you say that makes people care?

At most, he just hoped that Fu Jingting would save him.

Fu Jingting also thought so, coupled with his complicated hatred for Liu Lao, so when Assistant Zhang told him that Liu Lao wanted to see him, he refused without any hesitation.

However, Liu Lao is also a persevering person, even if Fu Jingting refuses so, he insists on seeing him every day.

He insisted for three days, and only after making sure that Fu Jingting would not see him did he give up.

Time flew by, and another week passed in the blink of an eye.

Rong Shu decided to go back to Tiansheng to work, after all, she has been away from Tiansheng for too long, although every day there will be Lina to report the work, but remote control, how can not compare to direct management.

The reason why she made such a decision is mainly because Fu Jingting has recovered well, he can already sit up, and he usually handles the work brought by Assistant Zhang for an hour or two, and he doesn't have to lie in the hospital bed all day without people.

Fu Jingting also knows that Tiansheng is still in the development period and needs her to follow the management, especially the burning of the factory, which is still on hold and has not yet been dealt with.

She also needs to return to Tiansheng for a meeting to give all shareholders and executives an answer on how to arrange the factory.

After all, the factory building has been burned, even if the bricklayers, construction teams, and plumbers have been recast, but they must also renegotiate the time of the next opening.

So when he heard that Rong Shu proposed to go back to work, Fu Jingting agreed even if he was reluctant in his heart.

After all, Rong Shu also said that she would come over to accompany him every night after work, and then they could still be together every day, so naturally there was no need not to agree.

So on this day, Rong Shu said goodbye to Fu Jingting, walked out of the hospital, and returned to Tiansheng.

Lina learned that she was returning to work and asked the company to give her a small welcome ceremony.

Although it is indeed small and simple, Rong Shu is very happy in her heart, after all, the employees spontaneously held a welcome ceremony, which shows that they like her boss very much.

“Thank you.” Rong Shu happily thanked everyone, let everyone disperse, went back to work, and then walked to the office with the flowers in her arms.

There were already people in her office, sitting behind her desk, working on papers.

Hearing the door open, the man raised his head, revealing a handsome and sunny face, which turned out to be Lu Qi.

“It’s back.” Seeing Rong Shu coming in with a flower, Lu Qi put down his pen and got up and walked over with a smile to greet him.

Rong Shu nodded, “Come back, you have worked hard during this time.” If

she hadn’t handed over Tiansheng to Lu Qi for temporary management, then the work she would have to deal with after she came back would definitely be piled up, even in the hospital, she would not be able to take care of Fu Jingting with peace of mind, and she would definitely have to answer Dorina’s phone every day.

So during this time, she can be so relaxed, and she doesn’t have to face the pile up of work after coming back, it’s all because of him.

“That’s nothing, recently the Lu reform has been completed, so my whole person has been a lot idle, so to help you manage the company, it can be regarded as finding something for yourself to do.” Lu Qi poured her a glass of water, “It’s you, this trip has been long enough.”

Rong Shu took the water cup and sat down on the sofa, just a little thirsty, she drank saliva, and then replied, "Yes, just followed Fu Jingting out for a long time, I didn't expect it to take so long."

"It's good to come back now, how's that?" This trip. Lu Qi sat down across from her and asked.

Rong Shu put down the water cup, her eyes flashed, and she casually replied, "It's not bad, at least it's eye-opening."

"It's good to open your eyes, it's very good for you to manage Tiansheng in the future."

"yes." Rong Shu nodded.

Lu Qi looked at her, "By the way, this time back, why don't you say hello in advance, let me pick you up at the airport, suddenly come back, I still learned this morning that you have returned, I see that you are in good spirits, don't you need jet lag?" Rong

Shu lowered her eyelids weakly, "No need, I actually came back for two days, that is, I was pouring jet lag, now that the jet lag is over, my spirit has naturally recovered, as for why I didn't tell you that I was back, I just knew that you would definitely want to pick me up, and I also wanted to bother you too much, so I chose to keep it secret when I came back."

"This way." Lu nodded, not too doubtful, "What about Fu Jingting?" He's back too?

"He didn't." Rong Shu shook his head, "It will take a while for him to come back."

"Cut." Lu Qi pouted, "That dog thing is willing to let you come back alone?" I thought that when you came back, he would also come back with him, but I didn't expect him to be abroad, but that's it.

Rong Shu chuckled, "He is indeed a little reluctant, but he knows that I value Tiansheng, so he respects me, and even if he is reluctant, he will let me back." She

was a little funny when she remembered that when she left the hospital this morning, the man was reluctant, as if abandoned, but he still refused to open his mouth to keep her forbearance.

When Lu Qi saw her like this, he knew that she must have thought of Fu Jingting again, and couldn't help but roll his eyes, "Okay, look at you like that, I looked at the tooth acid, okay, since you are back now, then I will return the company to you, and I should also go back to my territory."

After that, he went to pack his things. <b1110</b1110>
> Rong Shu got up and followed behind him, remembering what the detective had told her before, her mouth opened, and she wanted to say something several times.

She really wanted to ask him bluntly if he had locked up Secretary Tong and what he wanted to do.

But when the words came to his lips, he couldn't ask anything.

She didn't know how to get out, and she was afraid that if she asked, she would be angry.

As if sensing that something was wrong with Rong Shu behind him, Lu Qi turned around, just in time to see her biting her lip and tangled look, and asked puzzled, "What's wrong?" Rong

Shu squeezed out a smile in front of him, "Ah Qi, you" "

Huh?" Lu Qi waited for her next words.

Rong Shu took a deep breath, "It's like this, Ah Qi, I have something I want to ask you, you"

However, before the words were finished, Lu Qi's mobile phone rang.

There was no way, Rong Shu could only temporarily suppress the words and wait for Lu Qi to answer the phone and speak.

Wait, wait, waited for two minutes, saw Lu Qi's face suddenly changed, a very anxious look, "I know, I'll go over immediately."

After

that, he didn't pack up his things, turned around and walked out.

Rong Shu stopped him, "Ah Qi, what's wrong?"

Lu Qi stopped, only then remembered that Rong Shu was there, and quickly said: "Shushu, I'm a little anxious, so I will leave first, you can help me clean up, and let people send them to my company when the time comes, okay, let's not talk about it, I'll go first."

After that, he immediately disappeared outside the door.

He walked in a hurry, and Rong Shu stretched out his hand and wanted to stop him, but it was too late, and finally he could only put his hand down helplessly.

Forget it, in the end, this still did not come out.

Rong Shu sighed, it seems that it will still have to be next time.

Rong Shu rubbed his temples and walked to the position where Lu Qi stood before, helping Lu Qi pack up his things.

He didn't have much stuff, and he packed it up in a small cardboard box.

Rong Shu called Lina in and asked her to arrange someone and send it to the Lu family in a while.

Lina agreed to come down and picked up the cardboard box, but did not rush out, but just looked at Rong Shu.

Rong Shu knew what she meant, and smiled at her helplessly, "Sorry, I didn't ask yet, I wanted to ask, but Ah Qi just answered a call and left, so I can only wait for the next time."

"This way." Lina sighed a little disappointed, "This can't be helped.

"Don't worry, I'll always ask clearly." Rong Shu comforted her.

Lina nodded and went out with the box.

Rong Shu looked at the quiet office, and inexplicably felt a little lonely.

Then, she pulled out a chair and sat down, took out her mobile phone and sent a message to Fu Jingting, telling her that she had started work.

This was specially ordered by Fu Jingting before she left this morning, saying that when she went to work, she would send him a message and report it to him.

Let him know that she has arrived at the company safely.

It can be seen that this time, he was scared not lightly, and he no longer let the bodyguards follow her in the dark, but directly drove behind her and protected her at any time.

No, those two bodyguards are now in the Tiansheng Hall, waiting for her to leave work and escort her all the way to the hospital.

Even so, Fu Jingting still did not worry about her safety, and she had to send him a message in person to tell him that she had arrived at the company, otherwise he would never be at ease, even if the bodyguard reported to him and successfully sent her to Tiansheng.

Sure enough, the man had been waiting for her news, and after seeing her news coming, he immediately called directly, "Why did it take so long to send it?" The bodyguards all messaged me half an hour ago. Hearing

the resentment in the man's tone, Rong Shu quickly smiled and coaxed, "Sorry, didn't I delay something."

"What's going on?" He asked.

Rong Shu did not hide from him, and told him about what she had been talking to Lu Qi for a while.

Fu Jingting snorted after listening to it, "What is there to say to him, and talk for so long, just say two words to dismiss him?"

Rong Shu rolled her eyes, "People have helped me manage the company for so long, I just said two words to send him, wouldn't it be good?" There is a feeling of throwing him when he runs out.

"So what." Fu Jingting disagreed.

Rong Shu was crying and laughing, too lazy to talk to him, drank saliva and asked with concern, "How do you feel today?"

"Not good." Fu Jingting replied in silence.

Rong Shu immediately put down the water cup and was anxious, "Why is it not good?" What happened? Is it that the heart is upset? Listening

to the woman's anxious tone, Fu Jingting coughed a little weakly, "No."

"What's that?" Rong Shuxiu's eyebrows tightened, "You have to tell me what is not good about you, don't let me worry."

She was ready to leave for the hospital.

Fu Jingting's thin lips moved, "There is nothing in my body that is not very good, I mean, without you around, I am not in a good mood."

Rong Shu was silent.

Fu Jingting saw that she suddenly stopped speaking, and his heart clicked, "Xiao Yezi, are you angry?"

He asked cautiously.

Rong Shu sneered, "You also know that I may be angry, so you also know that your big tongue is very annoying?"

Fu Jingting touched the tip of his nose, knowing that he was unreasonable.

Rong Shu sighed helplessly, "Fu Jingting, you should really be glad that you are a patient now, and I have a high tolerance for you, otherwise you see me taking care of you?" Really, a shock, scared me to death, I thought your heart was uncomfortable again, and this is it.

Really, it was so scared that she almost flew her soul just now.

It turned out that the dog man was playing with her.

It really her off.

"I know it's wrong, don't be angry." Fu Jingting apologized again.

Rong Shu snorted, "Okay, I won't tell you, I'm going to work, I'll come back in the evening to clean you up."

After

that, she didn't care what the man thought, and hung up the phone directly.

Fu Jingting looked at the mobile phone that had jumped back to the main menu, Jun's face was confused, obviously she didn't expect that she really said hang up.

On the side, Assistant Zhang, who was helping to sort out the information, saw him like this, and secretly said in his heart that he deserved it.

As far as Mr. Fu's behavior was concerned, don't say that Miss Rong was angry, he was also angry.

Originally, everyone was very concerned about Mr. Fu's body, but as a result, Mr. Fu was good, and from time to time he came to scare you and make you jump chickens and dogs, which was really annoying this behavior.

"President Fu, the information is sorted out, I will take it back to the group first."
Assistant Zhang stood up from the small table.

Chapter 1347: Gu Manqing's Decision

"I want you to persuade them to leave the hospital as soon as possible, it's best to finish it today, I don't want Xiaoyezi to see them again in the future." Fu Jingting squinted and said coldly.

Gu Yaotian and his wife have always been in the hospital, and they have always been a regular explosion and bomb.

Therefore, he must drive Gu Yaotian and his wife away.

Lin Tianchen pushed his glasses, "I know, I'll try my best, is there anything else?"

Fu Jingting shook his head slightly.

Lin Tianchen went out and went directly to Gu Yaotian's side.

At this time, Gu Yaotian was also lying on the hospital bed, the whole person was skinny, there was no human form, living like a skeleton with a batch of human skin, and it was scary to look at.

Mrs. Gu sat on the edge of the hospital bed, while crying, she wiped Gu Yaotian's body, and kept saying things like she would definitely let him live.

It sounds very moving, but the reality is very harsh.

They can't say that they can let Gu Yaotian survive, how can she be an ordinary person with this qualification?

"Mrs. Gu." Lin Tianze stood outside the door of the ward, looked up and knocked on the door.

Mrs. Gu heard his voice and quickly stood up, "Doctor Lin, you are here, is my family Yaotian saved?"

She clenched her hands and looked at Lin Tianchen hopefully.

Lin Tianchen leaned against the door frame, "Mrs. Gu, I don't know why you think I'm here, it means that Mr. Gu is saved, no matter which doctor, I have clearly told you that Mr. Gu's situation is already in the advanced stage, there is no point in treatment, even if he has a kidney source, his physical fitness is difficult to support him off the operating table, so Mrs. Gu, I hope you can accept the reality, the tone makes Mr. Gu continue to

suffer in the hospital, It's better to just take him back and let him have fun for the rest of the day.

"You talk nonsense." As soon as he finished speaking, Mrs. Gu suddenly roared with emotion, tears streaming down her face, "What is called no salvation, you are a doctor, how can you say such things, what you have to do, shouldn't you not give up any patient as long as you don't have the last lesson?" We as family members have not given up, how can you give up as a doctor!

"Mrs. Gu, you are a family member, of course you will not give up, you want to let your husband survive, but it is precisely because I am not, I am a doctor, so I can look at the problem more rationally, know when a patient should give up, when not to give up, Mr. Gu's current situation is very bad, he is tortured one more day in the hospital, I am also for his good, so I will persuade you to leave the hospital, at least in this way, He didn't have to stay in the hospital every day and couldn't do anything, and when he went back, he should eat and drink to let him spend the last days of his life.

"You" Mrs. Gu looked at Lin Tianchen with hatred, as if she couldn't believe how he could say such cruel things as a doctor.

At this time, a sound of high heels came from behind Lin Tianchen.

He turned his head and saw that it was Gu Manqing who walked over with red eyes.

"Doctor Lin." Gu Manqing stopped beside Lin Tianchen and looked at him with red eyes, "Doctor Lin, I heard the conversation between you and my mother just now, you said, my father's current physical fitness is likely to be unable to get off the operating table, but in the same way, there is still a small probability that it will come down, right?"

Lin Tianchen was noncommittal, "The probability is not thirty percent."

"Thirty percent," Gu Man bit her lip, "It's really small, but no matter what, we can still give it a try, right, in the end, my dad is this thirty percent, but if you don't do anything, then nothing will succeed."

"yes, yes." Gu Yaotian also nodded quickly.

Lin Tianchen narrowed his eyes, "That being said, do you have a kidney source?"

A word, instantly made the hope that had just risen in Mrs. Gu's heart was extinguished by a basin of ice water.

Mrs. Gu stood there with a pale face, her body shook, and she almost wanted to fall.

Yes, without a kidney source, everything is empty talk.

Without a kidney source, even if Yaotian is that thirty percent, what is the use?

For a while, Mrs. Gu sat back on the edge of the hospital bed, and the whole person was desperate.

Gu Manqing, on the other hand, clenched her palms and lowered her eyes, not knowing what she was thinking.

Lin Tianchen put his hands in the pockets of his white coat, "Okay, I said everything that should be said, the remaining two consider it themselves, I am also for the good of Mr. Gu, so I will advise you to leave the hospital, you don't want Mr. Gu to be strange, you will continue to suffer in the hospital but this life, okay, I will go first, I will come over later, and ask how you discussed."

After that, Lin Tianchen turned around and left.

Mrs. Gu covered her face, crying sadly and desperately.

Gu Manqing stood there, clenched his fists, first looked at Mrs. Gu, and finally at the thin and disoriented Gu Yaotian on the hospital bed, as if he had made some decision, turned around and ran out of the ward.

"Rambling?" Gu Manqing's sudden action made Mrs. Gu stunned at first, and then hurriedly chased out, "Where are you going?"

Gu Manqing stopped, did not look back, and answered her like that, "I'll go find someone who can save my father." "The

one who saved your dad? Who is it? Mrs. Gu asked busily.

Gu Manqing's mouth opened, "Mom, you will know later, I will go first."

With that, she regained her steps and left.

Mrs. Gu stood in place and looked in the direction she left, her eyes full of dazedness.

Here, Gu Manqing drove all the way to Tiansheng Group.

On the way, she pinched the steering wheel deadly, and her eyes were red.

If she could, she didn't want to go to Rong Shu.

Going to find Rong Shu means that her identity will not be hidden, and at that time, she will have nothing.

However, let her do nothing, just watch her father die, she can't do it.

She has never enjoyed what family affection is, and it was after she came to the Gu family that she felt that the original family affection was so beautiful and warm for the first time.

She covets this beauty, so warm, so she doesn't want her identity to be exposed and exposed one day, so that everything she has now will be useless.

Therefore, she did not want Rong Shu to meet her parents.

But now that her father is sick like this, she has to expose her identity even if she doesn't want to expose it anymore.

She couldn't let her dad die.

Even if everyone says that Dad is a bad person, Dad is indeed the best father in the world to her.

She can't watch the best father in the world disappear like this, even if she can't be the daughter of the Gu family in the future.

Chapter 1348 – Incompetent Fury

Rong Shu had just come out of the conference room after the meeting, heard the landline on the desk ringing, and after talking to Lina, she walked over and picked up the microphone, "Hello?"

"Chairman." The front desk called out to her, "Well, I have a young lady here who said she wants to see you."

"A young lady wants to see me?" Rong Shu frowned, "Which young lady?" The front desk had forgotten Gu Manqing's name at this time, and raised his eyes to look at Gu Manqing.

Gu Man repeated his name impatiently.

The front desk conveyed to Rong Shu.

Rong Shu raised her eyebrows, "Is she?" Did she say what I was doing?

"Not really." The front desk shook his head, "Chairman, do you want to see her?"

"Nope." Rong Shu refused without hesitation, "You tell her directly, I don't need to meet her anywhere, you let her go."

"Okay Chairman." The front desk nods.

After the call, she looked at Gu Manqing on the other side, "Hello Miss Gu, the chairman said that she doesn't need to meet with you, so I don't see you, please go back?"

"What? She doesn't see me? Gu Manqing obviously couldn't accept this fact.

The front desk still kept smiling, "Yes, Miss Gu, the chairman said so."

"How could she not see me?" Gu Manqing's voice rose, "Did you not convey my words well at all?"

"Miss Gu, you said and laughed, you have always been here, what I said to the chairman, you also heard it, so there is nothing I did not convey, it is really the chairman who does not want to see you, so Miss Gu please come back."

The front desk made a gesture of invitation.

Gu Manqing gritted her teeth, "If I say I'm not leaving, I have to see your chairman?"
The

smile on the front desk's face couldn't be maintained, "If Miss Gu has to break in, our Tiansheng Group's security group is not easy to mess with."

"You" Gu Manqing didn't expect that the front desk would actually move out of the security guard.

For a while, Gu Manqing was in a dilemma.

A smile rose again on the front desk's face, "Miss Gu, please leave."

Gu Man glared at the front desk fiercely, turned and walked towards the door.

The front desk rolled his eyes directly at her back, then lowered his head and continued working.

Gu Manqing returned to the car after walking out of the gate of Tiansheng, and did not drive away, but sat in the car and kept looking at the building of Tiansheng Group.

She was ready to wait here, waiting for Rong Shu to come out from work, no matter what, she must see Rong Shu today.

However, what Gu Manqing didn't know was that from the moment she appeared here, Fu Jingting already knew.

He didn't know why Gu Manqing came to Tiansheng to find Rong Shu, but no matter what it was, it was not a good thing.

Especially now that Gu Yaotian's condition, Gu Manqing went to find Xiao Yezi, most likely for Gu Yaotian.

If this is really the case, then Gu Manqing is likely to expose Xiao Yezi's true identity.

Fu Jingting pursed his thin lips and coldly ordered on the phone, "Get her away, don't let her have a chance to get close to Rong Shu again."

"Yes." The bodyguard answered.

Then, the bodyguard put away his mobile phone, walked towards Gu Manqing's car, raised his hand and knocked on the window.

Gu Manqing put down the car window, thinking that it was some sticker, looked over with irritation on his face, wanted to let people roll directly, but saw not the sticker, but the familiar bodyguard uniform, his face immediately turned white, "You"

are actually Fu Jingting's bodyguard group.

Why is his bodyguard group here?

"Miss Gu, what do you want to do here to find Miss Rong?" The bodyguard stood outside, looking at her without human emotion.

Gu Manqing gripped the steering wheel, her mouth opened, and she couldn't speak.

How could she say?

Saying that he came to find Rong Shu to save his life?

She was sure that if she said it, she would never see the sun tomorrow.

Not to mention that she didn't want her identity to be exposed, Fu Jingting's crazy man didn't want to either.

"Miss Gu, please answer." Seeing that Gu Manqing had no voice, the bodyguard urged again.

Gu Manqing lowered her eyes, "I didn't want to do anything." The

bodyguard sneered, "You didn't want to do anything to come here?" Miss Gu, I advise you, or honestly explain, this is good for you and me, isn't it?

Gu Manqing bit her lip, "I said, I didn't want to do something, I didn't want to do it, you don't understand, get out of the way, I'm leaving."

After

that, he was ready to close the window.

The bodyguard pressed her hand against the glass, so that her car window could not be closed.

At the same time, another bodyguard went directly around the front of the car, came to the driver's seat, and opened the door of the cab.

Gu Manqing panicked, "What do you want to do?"

"We don't want to do anything, we just want to ask Gu Manqing to leave, far away."

Saying that, the bodyguard who opened the car door directly grabbed Gu Manqing out of the car, then threw it into the back seat, sat in the driver's seat himself, and drove her away.

Even though Gu Manqing kept calling in the back seat to let him stop and let her go down, the bodyguard still turned a deaf ear and sent her directly back to the Gu family villa.

"Okay, Miss Gu, you're home."

The bodyguard got out of the car, his eyes were red, he looked at his Gu Manqing angrily, and said with a faint smile.

Gu Manqing was about to die of anger.

Didn't she know she was home?

The problem is, she doesn't want to go home now.

However, she did not dare to say these words, and could only hold her hatred in her heart.

"Okay, Miss Gu, you go in, after that, you don't go out, as for your parents, they will also be sent back today, so that your family of three can be reunited." The bodyguard said.

Gu Manqing's face changed, "What did you say?" My parents are going to be sent back by Jing Ting?

“Of course.” Hudart nodded.

“It’s you Fu, right?” Gu Man clenched his fists and looked at the bodyguard with a blank look, “It’s your President Fu’s decision, right?” He knew that my dad’s current situation could not leave the hospital at all, and maybe he would die soon after he was discharged, but he was so anxious to send my dad away, what kind of heart was he comfortable with? He did not even think that my father is Rong Shu’s biological father and his future father-in-law! The

bodyguard’s face immediately became gloomy, “Miss Gu, please be cautious, no matter what the relationship between Mr. Gu and President Fu and Miss Rong in your mouth is, since they have no relationship in the past, then they will not have it in the future, so Miss Gu, no matter how much you say, there is no point, next, you can honestly stay here, we will also send someone to stare here at any time, and we will definitely not let you have the opportunity to run out to find Miss Rong.”

As soon as the words fell, the bodyguard did not stay any longer, turned around and left. Gu Manqing stood in place, roaring and shouting like crazy.

The bodyguard turned a deaf ear, but the pace under his feet quickened.

This person is like a madman, and this cry is really sharp and piercing.

The bodyguard snorted, and finally ran directly, and soon ran away.

In the hospital, the bodyguard came to the hospital and reported Gu Manqing’s return to the family to Fu Jingting.

After Fu Jingting listened, his expression was faint, “Have you found out, why did she suddenly run to find Rong Shu?”

“Not really, I forgot to ask.” The bodyguard lowered his head knowingly.

Fu Jingting didn’t blame him, and waved his hand, “You go down first, go back and continue to protect Xiaoyezi.”

“Yes, Mr. Fu.” The bodyguard quickly nodded in response and turned to go out.

Chapter 1349 – Li Chuan Calls

Fu Jingting rubbed his eyebrows, then took out his mobile phone and made a call to go out.

The call ended quickly, but it ended in just two minutes.

After Fu Jingting put down his mobile phone, he looked at the interface that jumped back to the main menu, and his thin lips pursed slightly.

In the afternoon, the hospital united and persuaded Mrs. Gu and Gu Yaotian to leave.

Even if Mrs. Gu was unwilling, she couldn't fight so many people alone, so in the end, she could only tearfully handle the discharge procedures for Gu Yaotian and take Gu Yaotian back to the Gu family.

Gu Manqing saw that Gu Yaotian and his wife were really sent back, and his mind was blank, and he felt that Fu Jingting was really so ruthless.

Even if Dad has a feud with the Rong family, Dad has always been Rong Shu's biological father and his future father-in-law, even if he doesn't save Dad, he shouldn't drive Dad out of the hospital, isn't this forcing Dad to die?

It's so cold-blooded and ruthless.

Gu Manqing listened to Mrs. Gu's desperate cry coming from the room, her palms clenched, and she decided in her heart that she must escape from here and see Rong Shu.

Even if you end up paying for this life.

They are really good people, really a pair of good parents, even if their fatherly love and maternal love for her are given to her based on her identity as Gu Manqing.

But in these months, she really felt the love they gave her.

So, she also wanted to do something for them.

Only, how should she get out of here?

Gu Manqing looked at the empty villa, her eyes full of dazedness.

On the other side, Rong Shu also left Tiansheng from work and drove to the hospital alone.

Of course, not far behind her car, there was a big black g, and sitting inside were the bodyguards arranged by Fu Jingting to protect her.

"How did you feel today?" Rong Shu came to Fu Jingting's ward and asked when she entered.

"It's fine." Fu Jingting saw her coming, his thin lips obviously curled, and then he was about to sit up from the bed.

Seeing this, Rong Shu hurried over to stop him, "Don't move, I'll come." The man saw her nervous look, and he didn't want her to worry too much, so he stopped moving.

Then Rong Shu shook the rocker of the hospital bed and raised the upper half of the hospital bed, so that the man sat up.

"Okay." Rong Shu clapped her hands, and then brought the insulation bucket she brought, "I heard today that heart patients have to eat rock sugar to steam pig hearts, which is good for the heart, so I specially asked people to buy a pig heart to steam for you in the office, and when I came, I happened to meet Lin Tianchen, and also asked him, he said that it can indeed be eaten, so how about you taste it quickly?"

She served him a bowl.

Fu Jingting looked at the purple-brown pig heart that night, and the corners of his eyes jumped.

This bowl, looking at the taste will not be particularly good, it is estimated that the sweet toothless kind.

But looking at Rong Shu's expectant eyes, Fu Jingting couldn't say these words, took the bowl and scooped a spoonful into his mouth, and suddenly a sweet taste filled the top of his head, making him can't help but close his eyes.

"How?" Rong Shu looked at him and asked.

Fu Jingting opened his eyes and squeezed a reluctant smile at her, "It's not bad."

If he could, he also wanted to tell her directly, the taste was not unpleasant, but the sweetness was too much.

He didn't like sweetness in the first place, and it's okay to be slightly sweet.

But Tian Cheng was completely beyond his acceptance.

But this is what she made for him with her own hands, and it is a piece of her heart, so even if he can't eat the sweet, he won't say anything bad.

Otherwise, it's called ignorance.

Hearing Fu Jingting say that it was not bad, Rong Shu smiled reassuringly, "That's great, then you eat more, there is still here."

She pointed to the insulation bucket.

Fu Jingting covered his face with one hand, covering the pain on his face and snorted.

Rong Shu didn't see it, stood up, "By the way, I'll go to the ophthalmology department and get some eye drops, the glasses have been worn for a long time, and the eyes are astringent, I'll be back soon."

"Go ahead." Fu Jingting waved his hand.

If it were ordinary, he would definitely say such a trifle and let people send it.

But now, he just wanted her to go quickly.

"Then I'll go." Rong Shu still did not notice the man's abnormality, waved at the man, and left the ward.

As soon as she left, Fu Jingting immediately put the bowl down, picked up the water at the end of the bed and drank it up.

After drinking, the sweet feeling in the mouth was finally diluted, and the whole person was much more comfortable.

After that, he put down the water cup and looked at the bowl of half-left pig hearts, and shook his head with some laughter.

I don't know who she listened to and made this dish.

Fu Jingting rubbed his temples, then took the bowl of pig hearts, ate it slowly, took a bite, and drank some water.

In any case, it is her intention, and it cannot be wasted.

It's a big deal, just drink more water.

So when Rong Shu came back after taking the medicine, Fu Jingting just finished eating this bowl.

Rong Shu picked up the empty bowl and asked with a smile, "Do you still want it?"

A trace of panic suddenly flashed in Fu Jingting's eyes, and he quickly shook his head, "Don't want it." This

bowl was painful enough for him, and if he ate it again, he should really vomit.

“Okay then, then the rest, I’ll heat it up for you later.” After Rong Shu finished speaking, he picked up the bowl and washed it.

Fu Jingting supported his forehead, and the whole person was both painful and happy.

It is a blessing that there is a beloved who is always by his side to care for him and take care of him.

And the painful thing is that the concern of the lover is sometimes too overwhelming.

Just bear with it, wait until the rest of the food is finished, he is tactfully mentioning, let her not do this in the future.

This time, just endure it, close your eyes and eat it.

Just thinking about it, the phone rings suddenly

“Something to say, I’m not familiar with you.” Fu Jingting frowned impatiently.

However, he did not deny Li Chuan’s title of brother-in-law, obviously, he was still satisfied with this title.

On the other end of the phone, Li Chuan was lazily reclining on the sofa, dressed in a metal punk style, making him look obedient and wolf-like, which was completely two extremes from the gentle and elegant shown by the first personality.

If the protagonist is good at acting, under his gentle face, is a dark nature.

Then this second personality is a little more direct, he directly shows the dark nature on the face, and does not disdain to hide it.

He held the mobile phone in one hand, played with the small chain in his hand with the other, licked the corner of his mouth and asked, “What about my sister?”

Fu Jingting’s temples suddenly jumped, “What do you ask this for?” “

Sister?

It's really kind!

That guy in Lichuan called Sister Rong Shu in his mouth, but he kept peeping at Rong Shu in his heart.

And what about this guy?

Is this second personality the same?

If yes, he wants this guy to look good!

"Of course, it's something to do with my sister, otherwise what else can I do?" Talk about love? Li Chuan laughed evilly.

Fu Jingtingjun's face suddenly darkened to the bottom, and he directly hung up the phone.

Sure enough, he knew that this second personality was influenced by the master's personality and was also peeping at Xiao Yezi.

It really him off.

"What's wrong?" Rong Shu came out of the kitchen after washing the dishes, and saw the man sitting on the hospital bed, holding her mobile phone tightly in his hand, looking angry.

Fu Jingting raised his eyes to look at her, his eyes full of resentment.

A few question marks appeared above Rong Shu's head, wiped her hands and walked over, "What's the matter, talk, whose phone makes you angry like this, look at your face is black, don't be angry, I'll help you teach him a lesson, angry This body is you, others can't help you."

She poked the man's face, completely coaxing the man like a child.

No way, a sick man is a child in her eyes, sulking when she is unhappy, and if she is angry, she has to worry about his heart.

Therefore, she can only patiently stroke his hair and coax him, lest he make himself angry, and in the end, the person who is worried about it is her.

"Li Chuan." Fu Jingting handed the phone to Rong Shu and gritted his teeth to aggravate these two words.

When Rong Shu heard the name Li Chuan, her face was delighted, "It's Xiao Chuan's call."

She quickly took her mobile phone, "What is Xiao Chuan doing when he calls?"

"I don't know, he said to find you something, but he didn't say anything, I hung up the phone." Fu Jingting did not hide it, and told the truth.

Rong Shu snorted, a little puzzled, "Why are you hanging, call me."

"He is not Li Chuan before, or the second personality, this personality is not a good thing, there is no need to tell him." Fu Jingting looked at her and replied.

At the same time, he silently added in his heart that the master's personality is not a good thing.

Hearing that it was the second personality, the surprise on Rong Shu's face instantly faded a lot, and the joy in her heart for Li Chuan's call gradually dissipated, and there was no idea of preparing to call Li Chuan.

After all, in her heart, she always believed that the second personality was another person, not Ogawa himself.

Even if the second personality is split from the master personality of Ogawa, the second personality has its own mind and its own consciousness, that is a completely new person.

So the second personality is the second personality, a stranger she is not familiar with, not her godbrother Ogawa.

"Aren't you ready to fight?" Watching Rong Shu put down the mobile phone, Fu Jingting's thin lips slightly hooked, obviously very happy.

But in order to fear that she would find herself stealing pleasure, she quickly pulled down the curve of the corners of her mouth.

Although the man's series of actions was completed quickly, he still did not hide Rong Shu's eyes, and Rong Shu gave him a blank look, "If you want to laugh, laugh, why hide."

It turned out that she found out.

Fu Jingting coughed lightly, and a smile rose again on his face.

Rong Shu was amused, "Well, don't fight, he is not my younger brother Xiaochuan, so you are right, there is no need to talk to him more, no matter what he is looking for me, so be it."

After

speaking, he put the phone in his bag and put it away, "It's not early, I'll push you to wash." "Good

." Fu Jingting nodded.

Rong Shu walked over, lifted the quilt on him, then pulled over the wheelchair and carefully helped him off the hospital bed.

When he managed to sit down in a wheelchair, he pushed him to the bathroom.

Even if a man looks like this, his self-care ability is very strong, and he doesn't need Rong Shu's help to clean up himself.

The most she could do was push him to the bathroom, and he could do the rest himself.

Now men can't take a bath, at most, wipe their bodies, and wash their faces, brush their teeth and wipe their bodies, for men whose hands are completely mobile, there is no problem at all.

Rong Shu was not at ease at first, and thought of helping him clean up.

After all, the two of them have long been honest with each other, and they are very familiar with each other's bodies, and even know where there is a mole on each other's bodies.

So Rong Shu offered to clean him up, and he didn't feel any psychological burden.

But the man refused, first of all, he could still move, and he was not really crippled, so no one was needed to help him.

Secondly, he is in a wheelchair and does not move much, and if she is asked to help him clean up, he will definitely see some of his embarrassed side.

He didn't want to show his embarrassed side in front of her.

Rong Shu didn't know that the man rejected her and thought so, only thought that he was unwilling to tire her, so he insisted with him for a while, but he couldn't resist the man, so he could only do it.

Although she allowed the man to wash alone in the bathroom, she was outside and did not dare to leave for half a minute.

She is afraid that she will not hear the man falling inside, causing the man to miss the call for help and be in trouble.

Rong Shu stood outside the bathroom, listening to the sound of water in the bathroom, and took out his mobile phone and sent a message to Lu Qi, when do you have time, let's talk? I want to talk to you about Secretary Tong, can I?

After sending it, she kept staring at her mobile phone, refusing to look away for half a minute, for fear of missing Lu Qi's reply.

However, after staring for a while, the sound of water in the washing room stopped, and Rong Shu did not receive a reply from Lu Qi.

Maybe Lu Qi is busy at this time, and it may not be necessary not to see her news.

Rong Shu thought so uncertainly in her heart, and then she heard the sound of the door handle turning in the bathroom behind her.

Rong Shu quickly put away her mobile phone and went to pay attention to the man.

"Washed?" Watching the man come out of the bathroom with a wet hair, Rong Shu frowned, a little unhappy, "Didn't I tell you, the next time you wash your hair, you have to dry your hair, come out so wet, I'm not afraid to wet my clothes, and I have to change them when the time comes."

Fu Jingting chuckled, "Sorry, I forgot.

"You don't have a long memory, how many times has this been?" Rong Shu gave the man a blank look, and finally went to get a towel and wipe his hair.

After wiping it almost done, he took a hair dryer to dry his hair.

"Okay, I'll help you to bed, it's time to sleep." Rong Shu lowered the hospital bed, helped the man to the bed, and then rolled the hospital bed to a suitable height and covered the man with a quilt.

Who ever thought that the man just covered the quilt and lifted it.
