Chapter 1351 – It's the New Year

Rong Shu was stunned, glanced at the man, thought that the man did not mean it, so he was not angry, and moved to cover the man again.

Who knew that as soon as it was covered, the man lifted it again.

This time, Rong Shu could not know that this dog man did it on purpose.

She crossed her waist angrily and looked at Fu Jingting angrily, "Fu Jingting, what are you doing?" You cover you with a quilt and you lift it, and you deliberately fix me?

"Nope." Fu Jingting shook his head.

Rong Shu sneered, "No? Why didn't you lift the quilt three times and twice?"

"I wanted you to come up and sleep." He patted his side and looked at her.

Rong Shu choked, "Is that so?"

Fu Jingting nodded, "Of course."

"I thought you were suddenly crazy again and wanted to deliberately tease me." Rong Shu said funny and angry.

After all, during this time, the dog man has not done that kind of thing.

Fu Jingting touched the tip of his nose, "No, come up quickly."

He patted the position beside him again and said with an expectant invitation.

Rong Shu shook her head and refused, "No, I'll go back to the lounge inside to sleep, I won't sleep with you, in case I accidentally touch your wound during sleep, it's not good."

So for the good of everyone, let's sleep separately.

However, this time the man was determined to sleep with her and did not want to be separated from her.

He hadn't slept with her in a long, long, long time, hadn't held her in his arms.

He missed her very much, wanted to kiss her, hug her, and wanted to go further with her.

Although there is no way to do the final act, it is still okay to kiss her and hug her.

At the very least, let him solve his hunger.

Seeing that the longing in the man's eyes was about to overflow, Rong Shu's heart suddenly softened, and she couldn't bear to refuse.

She was afraid that if she refused, the men would cry.

"Are you really afraid that I will accidentally touch your wound at night?" Rong Shu asked him.

The man's eyes lit up, knowing that there was a play, and quickly shook his head, "Don't be afraid, and you sleep very honestly, generally don't move." Seeing

that he had said this, Rong Shu could only nod and agree to him, "Okay, I'll sleep with you tonight, but in case I really accidentally bump into you at night, you must wake me up, you can't bear to know?" Otherwise, I will never sleep with you again.

She pointed at him, her expression not to mention how serious it was.

The man knew that she was really coming, and quickly agreed, "Well, I definitely can't bear it, don't worry."

"Well then, sleep, I'll go wash up and come in a minute." Rong Shu covered him with the quilt again.

This time, Fu Jingting was obedient and no longer lifted the quilt.

Rong Shu walked to the bathroom with confidence, washed her face, washed her hair, brushed her teeth and took a bath, and then took the dirty clothes that she and Fu Jingting changed to wash off.

After doing this, it was already two hours later.

During this period, Fu Jingting had already waited anxiously, stretching his neck from time to time to look at the side of the bathroom, just waiting for her to quickly come back to accompany him after washing.

But after waiting for half a day without seeing anyone, I finally saw people come out, but after a while, I went back to the bathroom, and came out and back.

After repeating it several times, he changed from anticipation at the beginning to disappointment at the end, and this mood was like riding a roller coaster, up and down.

Until this time, he finally saw her coming towards him, he knew that this time he would not be disappointed again, and his face showed a happy look again, "Back, why is it so long?"

Rong Shu sat down on the edge of the hospital bed, then took out her nursing bag and began to wipe her face to do bedtime care, "Women have been washing for a long time, but you, why haven't you slept yet?" Did I make you noisy?

"No, it's that I don't want to sleep." Fu Jingting kept looking at her, his eyes refusing to look away for half a minute, "I wanted to wait for you to come back and sleep again, but I didn't expect to wait so long."

Rong Shu was amused when she heard this, "Are you a fool, you can't wait to sleep by yourself, why do you have to wait."

"I want to wait, I want to hold you in my arms myself, otherwise I can't sleep." Fu Jingting said.

Rong Shu was funny and sweet in her heart, and then her skin care was not serious about skin care, so she wiped it twice and put things away, and then went to bed and lay down next to the man.

That's it, seeing that the dog man has waited so long and refuses to sleep, he won't take care of skin care tonight, so accompany him early.

Fu Jingting saw Rong Shu coming up, his eyes lit up, and then he quickly stretched out his arm and took her into his arms.

Rong Shu also cooperated with him, and he moved her to his side, not letting him work hard, so as not to pull the wound.

Soon, Fu Jingting hugged her tightly in his arms, hugged her tightly, and even buried his head in her neck socket, smelling the aroma of her body, and shouting a small leaf in his mouth.

Rong Shu knew what the dog man wanted to do, and gently patted him on the shoulder, "Don't think about it, you can hug like this at most, you can't do anything, so sleep obediently, when you fall asleep, you won't think about anything, sleep."

She couldn't laugh.

No way, it's really funny to look at the pitiful man who can't do anything.

She didn't want to laugh either, but she really couldn't help it.

Fu Jingting heard Rong Shu's laughter and raised his head to look at her, his face was expressionless, but there was grievance written in his eyes.

Rong Shu touched his head, "Okay, don't think about it, go to sleep quickly, wait for it, how about I compensate you well?"

Fu Jingting's face was first pleased, and then darkened, "But that will be a long time later."

"No matter how long it is, you also have to wait, rest assured, time flies quickly, this is about to celebrate the New Year in a blink of an eye, there are still two days to Chinese New Year's Eve, have you figured out how this year's New Year will pass?" She asked.

Fu Jingting shook his head, and then buried his head in her neck socket, biting and kissing her neck.

If you can't eat meat, it's good to eat some minced meat.

"Nope." He muffled back.

Rong Shu looked at the ceiling, letting the man make fun of her neck, "If not, I guess my grandmother will ask us to go back to the old house to accompany her old man to eat, and this is the New Year, we can't refuse, you think about how to tell your grandmother about your current situation."

"Let's be honest." Fu Jingting pondered for a few seconds and replied.

Rong Shu was slightly surprised, "Tell grandmother directly?"

"Hmm."

"But"

"Don't worry, grandmother is not that fragile." Fu Jingting chuckled, "If I told my grandmother at that time, my grandmother might not be able to accept it, but now that I'm fine, my grandmother's acceptance level is naturally much higher, there will be no trouble, and it's good to tell my grandmother, at least let my grandmother know that I will never have worries about this aspect of my heart in the future."

Rong Shu felt that it made sense, and nodded slightly, "What I said, then tell my grandmother."

It just so happens that she can also apologize to her grandmother and tell her that she almost killed her grandson.

“After three days, we will ask the hospital for leave and leave the hospital for a day, and the hospital should agree, right?” Rong Shu said with some uncertainty.

Fu Jingting bowed, “Yes, my situation is actually no big deal, but the surgical wound has not healed, and the heart has not been completely fixed, so I can’t be discharged, but it’s no problem to go out for a few hours in a short time.” “That’s

good.” Rong Shu was relieved.

Then, she suddenly felt her stomach churning, a little uncomfortable, and then quickly turned around and got up, lying on the edge of the hospital bed and vomiting.

Fu Jingting was in a hurry, and he wanted to get up to check.

Rong Shu knew that he would definitely be like this, and after vomiting, he quickly turned around and stopped him, “Don’t move, I’m fine.” ”

Chapter 1352 – There’s a good chance you’re pregnant

There was a tear in the corner of her eye, and her eyes were red, which showed that the things just now really made her uncomfortable.

Fu Jingting looked distressed, “What’s wrong?” Why did you suddenly gag up?

Rong Shu lay back on the bed and shook her head, “I don’t know, it’s just that I suddenly feel uncomfortable in my stomach, and I want to vomit uncomfortably, but I can’t vomit it, I vomited for so much, and I’ll be fine again at this time, could it be that I ate something and ate my stomach?”

“Since you don’t know, then call the doctor to come and take a look.” Saying that, Fu Jingting reached out and pressed the call bell at the end of the bed.

Rong Shu couldn’t stop him too late, so she could only watch him press.

Just take a look.

If you don’t look at it, it is estimated that the dog man will always be worried and uneasy.

Not only can she make him feel at ease, but she herself can also feel a little more at ease.

In case she has any infectious disease, she can also treat it earlier, so as not to infect him.

“Drink some water.” Fu Jingting took the water cup by the bed and handed it to her.

Rong Shu sat up, “Thank you.” It’s

funny to say, obviously she came to take care of him, but now it’s the other way around.

Rong Shu gulped a few sips of water and let out a long sigh of relief.

“How do you feel now?” The man took the water cup and put it back, but still asked again with some unease.

Rong Shu smiled at him, “It’s okay, my stomach is not uncomfortable, and I don’t want to vomit.” Hearing

this, Fu Jingting let go of his heart a little, but he still didn’t let go completely.

As long as the doctor does not come and does not give specific results, it is impossible for him to completely let go.

“I’ll come down first, in case the doctor comes over in a while and sees that I’m still crammed into the same bed as a patient of yours, it’s somewhat not good.” After Rong Shu finished speaking, she lifted the quilt and got out of bed.

Fu Jingting wanted to say that it was nothing, but he knew that she had always paid attention to other people’s eyes and opinions, so she could only give up.

After Rong Shu went down, she put on her coat and sat on a chair and waited for the doctor to come over.

After waiting for about a few minutes, the doctor came in a frenzy, and it was still an old acquaintance Lin Tianchen.

Seeing her, Rong Shu was also a little surprised, “You didn’t go back from work?”

“I’m on the night shift today and off tomorrow.” Lin Tianchen pushed his glasses back, and then turned his gaze to Fu Jingting, with a hint of disgust in his eyes, “What’s wrong with you again?”

This was said as if Fu Jingting had a lot of things a day.

Fu Jingtingjun’s face suddenly darkened, if he hadn’t thought of letting this guy see Rong Shu for a while, he would definitely not let this guy go.

Dare to put a face on him.

“It’s not me, it’s Xiaoyezi.” Fu Jingting raised his chin towards Rong Shu and said in a deep voice.

As soon as he heard that it was Rong Shu again, Lin Tianchen’s attitude immediately changed again, and he turned around and walked towards Rong Shu without hesitation, and his tone was obviously much softer and asked, “What’s wrong?”

This scene, Fu Jingting gritted his teeth when he saw it.

If he didn’t know that Lin Tianchen couldn’t fall in love with Xiao Yezi, he would tolerate the existence of this guy so much?

Rong Shu shook her head, “I’m not a big deal, don’t be too nervous by his attitude.”

She looked at the man funny, and then said, “I just suddenly had some discomfort in my stomach and vomited, and then he called the doctor, and nothing happened again.”

“Uncomfortable vomiting?” Lin Tianchen raised his eyebrows, “What did you eat in the afternoon?”

Rong Shu thought about it and reported the meal she ate in the afternoon.

“The meal is fine, it should be the stomach, go for a check-up.” Lin Tianchen looked at her.

Rong Shu blinked, “There’s no need to go so far, right? “There’s

no problem with the diet, I can’t deduce what caused you this, so I can only do a detailed stomach examination to see the specifics.” Lin Tianchen said with his hands in his pockets.

“Do it, I’m relieved to do it.” Fu Jingting also advised.

The men said this, what else could Rong Shu do, she could only nod and agree, “Okay then.”

“Let’s go.” Lin Tianchen walked outside the ward.

As for Fu Jingting, he didn’t even look at it.

Fu Jingting didn’t want to deal with him either, so he didn’t look at Lin Tianchen and looked directly at Rong Shu who was walking towards him.

“Then I’ll go over first, you sleep by yourself first, don’t wait for me, I’ll be back soon.” Rong Shu stood by the hospital bed and said to the man.

The man bowed his head slightly, “Go.”

“Okay, I’ll go.” Rong Shu waved at him and followed Lin Tianchen away.

Lin Tianchen took her to the gastroscopy room, intending to give her a gastroscopy to see if there was anything in the stomach.

To be honest, Rong Shu still didn’t want to do a gastroscopy, after all, this examination was very uncomfortable.

However, in order to reassure the man, he can only bite the bullet.

But before the doctor who did the gastroscopy could arrange for her, the nurse who measured her blood pressure over there came over and whispered to the doctor a few times.

A hint of surprise flashed in the doctor’s eyes, and he quickly put down the equipment in his hand and followed the nurse to leave.

Rong Shu lay on the equipment, looking at the doctors and nurses who were far away, and her heart was very uneasy.

What’s the situation?

Wouldn’t she have a terminal illness?

But no, she hasn’t started to do the test yet, she just measured her blood pressure first.

Could it be that this year, terminal illness can still be measured by blood pressure?

Rong Shu refused to believe it, but in her heart, she was very worried and nervous.

But soon, the doctors and nurses returned, followed by Lin Tianchen.

Lin Tianchen looked at Rong Shu’s blood pressure sheet, looked at her again, and finally asked the nurse to help her off the device.

“What the hell is wrong with me?” After coming, Rong Shu hurriedly asked.

Lin Tianchen sighed, “Let’s go, this is not the place you came from, I will take you to the place where you should go for an inspection.”

“Huh?”

Rong Shu was still a little stunned.

Lin Tianchen had already walked out.

Helplessly, Rong Shu could only quickly follow.

Soon, Lin Tianchen took Rong Shu to the so-called place where she should come, the obstetrics and gynecology department.

Rong Shu's eyes widened, "What do you mean?" Why did you bring me here?

"There's a good chance you're pregnant, so of course come here for a check-up to make sure." Lin Tianchen looked back at her and looked back.

Rong Shu's mouth also grew instantly, and her mind went blank for a moment.

But soon, she reacted, swallowed her saliva, and said in disbelief, "You said I was pregnant?" "It's

just quite possible." Lin Tianchen did not give a specific answer, "But the possibility is very high, let's go, go in and do a check to know if it is specific."

Lin Tianchen entered first.

Rong Shu stood in place, touching his stomach blankly, and his heart was beating abnormally fast.

She may be pregnant?

Rong Shu's mouth moved, wanting to say something, but she couldn't say anything, nor could she say what mood she was in at this time, she couldn't describe it.

However, she does not resist pregnancy, because she accepts the child's father from her heart, and naturally accepts her pregnancy more calmly.

So, she should be happy about being pregnant, right?

It's just that now, she can't be happy, after all, she is not sure, in case she is not pregnant, wouldn't she be happy in vain?

Rong Shu looked up at the signboard of the obstetrics and gynecology department, and finally took a deep breath, squeezed her palm and walked in.

No matter, whether it's pregnant or not, let's go for a test first, you have to figure it out.

This examination is more than an hour.

Rong Shu had been sitting on the soft chair in the lounge waiting anxiously, her hands and legs tense.

No way, she wanted to know the result too much, so she couldn't calm down at all.

Suddenly, the door to the lounge opened.

Chapter 1353 – Pregnant Indeed

Rong Shu subconsciously stood up, looking at Lin Tianchen who came in with a brown paper file bag, she didn't dare to breathe on her own, and her hands were nervously clasped together.

"The results are out?" Her mouth opened for a while before she asked in a somewhat floating voice, showing that she was not calm in her heart at the moment.

Lin Tianchen looked at her and nodded, "Come out, take a look."

He handed the file bag over.

Rong Shu trembled and stretched out her hand to take it, but she didn't dare to open it.

She was a little scared, both afraid of seeing the results of the pregnancy and afraid of not seeing it.

This kind of contradiction tore at her and made her feel very uncomfortable.

Lin Tianchen saw that she was holding the file bag and did not move, and raised his eyebrows, "Why don't you open it?"

"I wouldn't dare."

She looked up, her eyes red, and her voice choked back.

Lin Tianchen was a little amused when he saw this, and then took the file bag back from her hand, "Since you don't dare, then I'll help you see it."

"Aren't you a doctor, then you must have seen the results a long time ago, just tell me directly, is it necessary to see it again?" Rong Shu rubbed her cheeks.

Lin Tianchen was noncommittal, "That's right, but it's not that you didn't see it, I'll help you see it, go through the process, okay, you sit down first."

Rong Shu nodded and sat down stiffly.

Lin Tianchen did not sit, standing opposite her, slowly opened the file bag and pulled out the inspection results inside.

Rong Shu had been observing the expression on his face, but the expression on his face was too calm, and she couldn't see anything through the expression on his face for a while.

This made her feel a little disappointed.

Lin Tianchen took out the test results, directly brushed and turned to the last page, glanced at it, but did not immediately tell Rong Shu the meaning of the results, but suddenly looked at her and asked, "Before telling you the specific results, I want to know your opinion on pregnancy." "Opinion

?" Rong Shu was stunned.

Lin Tianchen snorted, "That's right, opinion, pregnancy is not a trivial matter, I have to know first, whether you are ready to get pregnant yourself, and even decide to prepare for Fu Jingting to give birth."

"I haven't actually thought about this, didn't you also say, it's best for me not to get pregnant in the past two years, and I may not even be pregnant, so I didn't think at all that I would get pregnant within these two years." Rong Shu rubbed her temples and returned truthfully.

Lin Tianchen nodded, "Okay, from another angle, are you willing to give birth to Fu Jingting?"

Rong Shu smiled, "What do you say? Since I accepted him, the child's affairs, naturally also willing, after all, now is different from before, the child I was pregnant before, that's because I don't know that the father of the child is Fu Jingting, even if I know, I can't choose to stay, because at that time, I divorced him, my heart also deeply resisted him, I didn't want to give birth to a child for him, so at that time, I decided to give up that child, or that sentence, even if Xiaochuan didn't poison at the beginning, I wouldn't keep that child, because at that time, I didn't know I would get back together with Fu Jingting.

So she never regretted giving up her first child, but she did owe her first child deeply.

To this end, she hid from everyone, bought a tablet for her first child at the temple, and donated incense money every month to pray for that child.

Although she doesn't believe it now, she is willing to do it.

It was something she owed to that child.

“So, if you’re pregnant this time, you won’t choose to fight it, but choose to give birth, right?” Lin Tianchen pushed his glasses.

Rong Shu looked at him, “Of course, I have already killed one child, and I will not beat the second one, that is too cruel, and it also makes me feel cold-blooded and terrible, the most important thing is that my own body I know, the first child is gone, all make me physically damaged, if this child is not wanted, then in my life, maybe there will be no children, so in any case, if I get pregnant this time, I will definitely give birth.”

“Then why did you have that expression just now, as if you were looking forward to pregnancy, and you didn’t seem to be expecting it.” Lin Tianchen was a little puzzled.

Rong Shu took the water cup and sipped her saliva, “Because I’m worried, didn’t you say that I won’t be pregnant in two years, so if I conceive a child at this time, will there be a problem with the child?” The most important thing is that I have been in the hospital almost all the time during this time, and I took various medicines in the two days after I was rescued from the fire, if I am really pregnant, can this child still have it? It was because I thought of this that I was looking forward to being pregnant with a child and not wanting to conceive myself, which was too contradictory.

She was upset.

Lin Tianchen let out a low laugh, “Then don’t worry so much, rest assured, the child in your belly is very good and not affected by the drug.”

“Really?” Rong Shu was first pleased, and then said something, her eyes widened in shock, “What did you say?” The child in my belly? Am I really pregnant?

Lin Tianchen snorted again, “That’s right, you are indeed pregnant.” Rong

Shu’s mind is really blank at this time, only you are pregnant with four big words, constantly running around inside, reminding her that she has a child and is going to be a mother.

Seeing Rong Shu’s whole person stunned there, no reaction for a long time, Lin Tianchen stretched out his hand and waved in front of her eyes, “Okay, wake up, isn’t it pregnant, why is the whole soul gone?”

“I was so surprised.” Rong Shu’s eyes shook, came back to his senses, and then touched his stomach, his face couldn’t say what expression, the smile was there, and there was also complexity, “I’m actually, really pregnant?”

She couldn’t believe it.

“Doctor Lin.” At this time, Rong Shu suddenly thought of something, and grabbed Lin Tianchen’s arm, “Didn’t you say that it is best for me not to get pregnant in two years, or even maybe not to get pregnant, so what is the matter now?”

Lin Tianchen saw that she was so excited, patted her arm, signaled her to calm down first, and then replied: “I did say this, because the last time your son and uterus were damaged, it took almost two years to recover, so I suggest that you better not get pregnant within two years, and within these two years, you may not be pregnant, that is also because of the child and uterus damage, the embryo is not easy to implant, So it’s very likely that I won’t get pregnant, but I’ve always said two words, probably, that is, everything has exceptions, and there is a miracle, and you are now that exception, that miracle.

Understood, so she this is a probabilistic question.

Of the 1 percent possibility, and the 99 percent possibility, she happened to be lucky to run into the small probability of almost one percent.

All in all, she is also out of luck, and she already knows why not buy a lottery ticket and maybe win the jackpot.

“Then my child,” Rong Shu pointed to her stomach, “Can my body get pregnant now?” Will it be” Knowing what she was going to say, Lin Tianchen pressed his hand weakly, “

No, although your son and palace have not fully recovered, they have been.”Most of the recovery, and the recovery effect is good, can barely support you to keep the child, but to successfully give birth to this child, you will pay a lot next. ”

“What am I going to give?” Rong Shu hurriedly stood up, “You said, as long as I can do it, I can do anything.”

“Don’t be so serious.” Lin Tianchen raised his arms and smiled: “What I call pay, refers to your next days, will have to pay a lot of time and freedom to raise the fetus at ease, you can’t work for a long time, especially in the first three months, you’d better stay in bed, and then according to the doctor’s recommended diet and rest, as long as the first three months have passed, the rest of the don’t have to be like this, when a woman is pregnant, the first three months are the most dangerous, the probability of miscarriage is the highest, and you have to be higher than them.”

“You just need more bed rest and eat more on the doctor’s advice, right?” Rong Shu clenched her palm, “If that’s the case, I can do it.”

“Just do it, rest assured, since you want to give birth to this child, I will naturally help you keep it, and then I will discuss your next fetal plan with the obstetrics and gynecology department, and you will definitely be able to give birth to him successfully.” Lin Tianchen made a promise.

Rong Shu’s heart warmed, “Thank you.”

“Nothing.”

“However, I wonder, is my child really okay? Didn’t I take so much medicine before, did it really not affect the child? Rong Shu grabbed the corner of her clothes and asked uneasily.

Lin Tianchen raised his chin, “Do you know why you didn’t find out that you were pregnant when you were sent over, but only now that you were pregnant?”

Rong Shu shook her head.

She really doesn’t know this.

“It’s simple.” Lin Tianchen shrugged, “Because at that time, you were not pregnant.”

“Not pregnant?” Rong Shu was surprised, “That is to say, the child in my belly now is only half a month at most?”

“Yes.” Lin Tianchen was noncommittal, “When you were sent over, the child in your belly may have just become a recipient, fertilization, egg, and has not yet implanted, so you were naturally not pregnant at that time, you should have implanted the embryo after stopping the medication, if that, then the child will naturally not have any problems, so you can rest assured, of course, if you are not at ease, wait for the next every once in a while for the prenatal examination, you will also know whether the child is healthy or healthy.”

He said this, Rong Shu naturally didn’t have anything to disbelieve, the hanging heart, can be regarded as completely let go, “Great, I’m really the luckiest person in this world, when I encounter that kind of thing to conceive a child, the child is fine.”

“You are indeed very lucky, well, the time is not early, you go back to rest first, I will go to Director Zhang to discuss your next fetal plan, tomorrow to find you, I think you should also want to tell Fu Jingting quickly, you are pregnant, right?” Lin Tianchen looked at her with a smile.

Rong Shu was poked by his thoughts, and smiled a little embarrassed, "Yes, after all, such a big thing, I can't hide it from him, not to mention, it also makes him happy and happy, maybe it will help his recovery." Let

Fu Jingting be happy?

Lin Tianchen raised his eyebrows.

He thought that this was not a happy thing for Fu Jingting, but a shock.

What was going on in that guy's heart, his part-time psychiatrist knew it all right.

That guy, the sex life is going to be postponed again.

Lin Tianchen pressed his lips and blocked the smile on his lips.

In other words, has he been smiling a little too much lately?

Rong Shu said goodbye to Lin Tianchen and left the obstetrics and gynecology department, and walked to Fu Jingting's ward.

Along the way, she was in a good mood, and all the worries about pregnancy that she was worried about before were gone, so now all that remains is to be happy, and she hummed songs when she was happy.

If it weren't for the fact that reason was still there, she would even want to jump twice to express her mood at the moment.

At this time, in the ward, Fu Jingting heard the singing from outside, opened his closed eyes, and turned his head to look at the door.

In the next second, the door opened, Rong Shu walked in, just closed the door and turned around, and met the man's big, bright black eyes.

She was startled, and then patted her chest, "Fu Jingting, why are you scared me to death."

Fu Jingting pursed his lips, "I didn't do anything, I just looked at you, but you, I didn't find out, but blamed me."

He was a little aggrieved.

Rong Shu's mouth opened, and there was nothing to say.

After all, this matter is indeed her loss.

“Forget it.” Rong Shu waved her hand and walked towards the hospital bed, “Why haven’t you slept yet?” Didn’t I say, let you sleep without waiting for me, you are disobedient again.

“I’m not disobedient, I just can’t sleep and worry about you.” Fu Jingting picked up the remote control, directly raised the hospital bed, sat up and replied.

Rong Shu sighed, “Well, it’s my fault that worries you.”

She walked over and grabbed the man’s opponent, “But don’t worry now, I’m fine.”

“How?” Fu Jingting lifted her face with his other hand, his eyes full of concern, “What did Lin Tianchen say?”

Rong Shu laughed.

Fu Jingting saw that she only smiled and did not speak, and for a while he couldn’t understand what she meant, so he became anxious, “Say, what’s wrong?”

Rong Shu patted the back of his hand, “Don’t get excited, it’s a good thing.”

“What a good thing.”

Rong Shu put his hand on his stomach, “I’m pregnant.” The

air suddenly became quiet, and only the shallow breathing of each other could be heard.

Rong Shu saw Fu Jingtingmu there, and the whole person seemed to have lost his soul, and his face was full of dazedness.

What’s the situation?

How did he react like this?

In her expectation, she told him that she was pregnant, and that he should be happy, excited, and then took her in his arms, not the current one, unspeakably happy or unhappy, anyway, like a wooden man.

What the hell is wrong?

Rong Shu blinked her eyes, indicating that she didn’t understand, and gently pushed the man, “Fu Jingting? Fu Jingting?”

Fu Jingting reacted, “I’m in, I’m sorry, my mind is distracted, what did you just say?”

His Adam's apple moved, and his voice was a little hoarse.

Rong Shu repeated what she had just said, "I said, I'm pregnant. That's it!

She is expecting!

Fu Jingting's pupils shrank, and he stiffened his neck to look at her stomach, "Really pregnant?"

"How else?" Rong Shu gave him a blank look, "Can I lie to you about this kind of thing? But you, when you heard that I was pregnant, this reaction was very strange, not excited at all, why, you don't want me to get pregnant.

She narrowed her eyes and looked at him suspiciously.

The man quickly shook his head, "No.

"Then why are you not happy at all?" Rong Shu said she did not understand.

The man gently hugged her into his arms, "I'm not unhappy, I just suddenly heard it too shocked, some can't react, don't think about it."

However, in his heart, men do not think this way.

Glad?

How happy he was.

Said that when he was discharged from the hospital and his body recovered somewhat, she would accompany him well.

As a result, she is pregnant, so is he without benefits?

The more Fu Jingting thought about it, the more uncomfortable and aggrieved he felt, but he didn't dare to show it on his face at all, and he could only show that he was happy.

But seriously, he was really shocked that she was pregnant.

How did this suddenly become pregnant?

"Did Lin Tianchen say that your current body is not suitable for pregnancy?" Fu Jingting suddenly pushed Rong Shu away, grabbed her shoulders, looked at her for a while, and hurriedly asked, "For example, this child, will it bring any burden to your body?" "

He also did not forget that she was not suitable for pregnancy in two years.

So when he heard that she was pregnant, he was more worried about her physical condition in addition to being unhappy that his future benefits were gone.

That's why he didn't show how happy she was pregnant.

Was she pregnant, was he really unhappy?

No, of course not.

On the contrary, he was happy, after all, it was their child, the crystallization of their love.

But if the crystal comes when it shouldn't come, and it will also hurt its mother, then he will not be happy.

"Don't worry, I've asked Lin Tianchen about all these things you're worried about." Rong Shu looked at the nervousness in the man's eyes, his heart was slightly warm, and then he smiled and said Lin Tianchen's words at that time.

When he heard that the child was officially conceived on the third day after they were rescued from the fire, it would not be unhealthy, and Lin Tianchen would also help her recuperate her body and let her give birth to this child safely, Fu Jingting was finally relieved in his heart.

"That's good."

He was relieved.

"Unexpectedly, it turned out to be only half a month." Fu Jingting touched Rong Shu's stomach, and it was difficult to hide the surprise on her handsome face.

Obviously, he did not expect the child to be so young.

Rong Shu also looked down at her belly, "Yes, I didn't expect that I was pregnant, and I found out in half a month, but the current technology can indeed be found out in ten days to half a month."

“It knows how to choose the time, knowing that it is after those two days, and if it chooses those two days to come to your belly, maybe”

This child should not be able to save it again.

In those two days, she washed her lungs and took various medicines, and if she had a child in her belly, then the child must not be left behind.

That’s why Fu Jingting said that this kid would choose the time and come after those two days.

Rong Shu also smiled, “Yes, he probably knew that his mother was not suitable for letting it come those two days, so he was very well-behaved and waited for two days before coming.”

“Worthy of being my child, very smart.” Fu Jingting raised his chin slightly, and his face showed pride.

Rong Shu looked at him with a smile, “It’s not yours alone, it’s also my child, why don’t you say that the child inherits my IQ?”

“Yes, yes, yes, it is to inherit you, no matter who inherits it, it is our children.” Fu Jingting took her hand, put it to her lips and kissed it.

Rong Shu leaned into his arms, “When the New Year is over, let’s tell our grandmother about this, how about making my grandmother happy too?” “Good

.” Fu Jingting nodded and agreed, “But before that, we still have a very important thing to do.”

“What’s going on?”

“Get married.” Fu Jingting looked at her, “I know that you have not agreed to marry me before, because you have not yet taken revenge, I also respect your meaning, thinking that when you finish revenge, we are getting married, but now it is different, we have a child, we should get married first, how about giving the child a name?”

His eyes were full of expectation.

Rong Shu’s red lips moved, and her heart was a little moved.

Indeed, if she had not conceived a child, she might still insist on getting married until after revenge.

But now the plan can’t catch up with the change, and she is pregnant with a child at this time.

So even if not for herself, for the sake of the child, she should change her mind, at least, she can't let the child be born in the name of illegitimate children.

Even if you want to get married later, but in the eyes of the world, it is just an illegitimate child, after all, how poisonous the world's mouth is, this is something that does not need to be thought about at all.

"We can get the certificate first, the wedding will be held later, after all, the wedding is prepared, it will take a long time, you can wait until you finish taking revenge, we are holding it, then it is not too late, you say?" Fu Jingting squeezed Rong Shu's hand.

Rong Shu looked at him for a while, and finally slowly nodded and agreed, "Good."

"You agreed!"

"Hmm." Rong Shu nodded again.

Fu Jingting was excited, "Great, you agreed, you agreed." Looking

at the man's excited look, Rong Shu was also worried that his heart couldn't stand it for a while, and quickly called a stop, "Okay, okay, don't get excited first, didn't you just agree to marry you, do you need to be so happy?" I just learned that I am pregnant, and I don't see you like this.

"You promised to remarry me, such a big happy event, of course I am happy, moreover, this is a double happiness, isn't it?" Fu Jingting held both of her hands tightly in his hands, refusing to let go with affection.

Rong Shu shook her head funny.

"We'll get the license tomorrow, okay?" Fu Jingting asked expectantly.

Rong Shu was slightly surprised, "Tomorrow? Wouldn't it be a little too fast? Besides, you can't be discharged from the hospital, so you can't take a leave of absence tomorrow, right? You must know that if you invite tomorrow, you can't take leave for the New Year.

"No leave, I'll ask Zhang Cheng to call someone over to get us a certificate." Fu Jingting shook his head and said very generously.

The corner of Rong Shu's mouth twitched, "Well, it's worthy of you."

Sure enough, her thoughts were too limited, and she didn't expect to invite people here to apply for marriage certificates for them.

This time, it's a long insight.

“So, you’re okay with that, are you?” Fu Jingting finally confirmed to Rong Shu.

Rong Shu smiled, “Do you have any opinions?”

“As long as it makes sense, why not?”

“Okay, tomorrow is too fast to get the certificate, I want to slow down, in two days?”

“That won’t work!” Fu Jingting suddenly lowered his face and vetoed.

The reason why he set the time for tomorrow was because he was afraid that she would regret it, so he thought of finding something to finish the certificate so that he could feel at ease as soon as possible.

Chapter 1356 – Beautiful Cheongsam

Assistant Zhang thought for a long time, but did not come up with a reason, simply did not think much, quickly replied to Fu Jingting’s message, saying that he knew, tomorrow will order people to arrange as soon as possible.

After doing this, he found that he couldn’t sleep.

How else can this fall asleep?

After all, President Fu is getting married!

President Fu finally moved Miss Rong and wanted to remarry Miss Rong, such a great good thing, where can people sleep!

So in the following time, Assistant Zhang lay on the bed alone and kept brewing sleep, wanting to sleep again.

However, the news brought by Fu Jingting was too shocking, no matter how he brewed it was in vain, his eyes were open until dawn.

He simply didn’t sleep, so he went to do what Fu Jingting asked him to do with two black eyes.

He first drove to the Civil Affairs Bureau.

There is no work over there, but it does not delay him to find the people inside.

Fu Jingting's identity was placed there, and after Assistant Zhang explained his intentions, he was not rejected, on the contrary, he readily promised to go to the hospital to apply for a marriage certificate for Fu Jingting and Rong Shu in a while.

After obtaining consent, Assistant Zhang continued to set off for the next destination, the jewelry store, to buy wedding rings for Fu Jingting and Rong Shu.

Originally, President Fu had long concealed that Miss Rong had secretly prepared the wedding dress and wedding ring.

However, the wedding dress is still being made, and the wedding ring is also the same, so it is not useful now.

The wedding ring bought now is only for temporary use, and when the wedding ring specially designed by President Fu is ready, the wedding ring purchased now will not be useful.

After all, the wedding ring that Mr. Fu specially designed for people can be described as very precious.

The center diamond is a large pigeon egg pink diamond, unique to the world, and the designer is also the world's premier jewelry designer.

When the work comes out, it will definitely shock the world.

But that's all for later.

The most important thing now is to hurry up and buy the ring for President Fu and Miss Rong, and wait for it.

Assistant Zhang is not a person who chooses a ring, after all, he doesn't even have a girlfriend.

Therefore, his selection method is very simple and rude, and he directly asks the store to bring the treasure of the town store.

Although the treasure of the town store is not as valuable as the wedding ring designed by Mr. Fu, it is also a rare jewelry in the world, and it is also worth tens of millions.

Assistant Zhang paid directly, put the ring away, and went to another clothing store to buy clothes for the two.

After this series was completed, he finally drove to the hospital.

When he arrived, the Civil Affairs Bureau also happened to arrive, and several people happened to walk to Fu Jingting's ward together.

When they arrived, Rong Shu and Fu Jingting had not woken up yet, and they were still hugging each other and sleeping soundly.

As for the reason, Fu Jingting is to blame.

Last night, I thought a lot about marriage, and finally it went straight to the birth of the child and the name of the child.

Rong Shu listened several times and wanted to interrupt him and tell him not to say anything, after all, these things are still early, and there is no need to say these things now.

But looking at the man's excited appearance, she really couldn't bear to interrupt him, so she asked him to say that she listened patiently.

Then I accidentally forgot the time, and only in the second half of the night did the two fall asleep, and I slept until now

Therefore, when Rong Shu was woken up by Assistant Zhang and others, her whole face was red, and she was very embarrassed.

As for Fu Jingting, this guy has always been quite thick-skinned, and he didn't feel embarrassed, but he was looking forward to it.

Because he is finally going to enter the palace of marriage with his lover.

"Since you're here, let's start." Fu Jingting leaned on the head of the bed, although his face was very calmly ordered, but in fact, the expectation and impatience in his eyes were about to overflow.

Rong Shu rolled her eyes, "Wait a while, what's the hurry, wash up and eat breakfast first." This

guy, in order to get the certificate, is not even going to wash his face?

When Fu Jingting heard Rong Shu's words, he reacted, oh, he hasn't washed yet.

Over there, several people from the Civil Affairs Bureau were a little funny.

In fact, like Fu Jingting, they have seen a lot.

Some of them are nervous, some out of expectation, and some out of impatience, so they will make more or less jokes.

But this is not a bad thing, marriage is a good thing, make a joke on the day, in fact, it is also to add a little excitement to the license.

“Miss Fu Zongrong, you don’t need to worry, you can finish first, we can always wait for you.” The staff at the head said.

Although Fu Jingting really wanted to finish it now, he still cared more about Rong Shu’s stomach than about getting the certificate.

She’s hungry, so let’s finish breakfast first.

“Zhang Cheng, take them to the lounge, prepare tea and snacks, we will go over in a while.” Fu Jingting looked at Assistant Zhang and ordered.

Assistant Zhang answered, left two bags, and left with a group of people.

After that, Rong Shu helped Fu Jingting off the hospital bed and went to wash with him.

She washed as usual, and she came as she pleased.

And men are different, the action of washing is not fast, it is the same as fighting.

Obviously, he has always been a very delicate man, but this time, in order to get the certificate quickly, he didn’t even want to be delicate, and after washing, water splashed everywhere.

Rong Shu was amused when she saw it.

After eating breakfast, I usually drink porridge slowly, and my movements are elegant.

But this time, three times two divided by two solved the breakfast.

She was not satisfied after eating, and kept urging her to eat quickly, making Rong Shu laugh and a little angry at the same time.

This guy, in order to get the certificate, is almost stunned.

Shaking his head helplessly, Rong Shu accelerated the speed of eating.

After breakfast, Fu Jingting handed her the clothes bought by Assistant Zhang.

“See if you like it or not, if you don’t like it, let Zhang Cheng buy it again now.” Fu Jingting said.

Rong Shu opened the bag and took out the clothes to see that it was a crescent-colored sleeveless cheongsam.

Rong Shu’s eyes lit up instantly, “It’s so beautiful.” ”

There is no woman who does not like a cheongsam, especially such a beautiful cheongsam.

However, because the cheongsam has high requirements for the figure, there are many women who like the cheongsam, but there are very few who can really wear the cheongsam.

She is quite confident in her figure, but she has never bought a cheongsam to wear before.

It's just that she didn't have that opportunity, because before in the Fu family, she was wearing an apron every day, where did she have the opportunity to wear it.

Now I am busy with work every day, and I don't have the opportunity to wear the cheongsam.

"Like it?" Looking at Rong Shu's shining eyes, Fu Jingting already knew the answer, but still opened his mouth to ask.

Rong Shu nodded repeatedly, "I like it, it's so beautiful, I really didn't expect that Assistant Zhang would buy a cheongsam."

At this time, Assistant Zhang came over, he came to help Fu Jingting change clothes, just heard this, smiled and pushed his glasses, "I didn't know what was suitable to buy at first, I asked the clerk, the clerk recommended it, and I was worried that Miss Rong would you not like it."

"Like." Rong Shu quickly nodded, "Such a beautiful cheongsam, how can you not like it."

"Miss Rong likes it, then Miss Rong go to change clothes first, just now the stylist has arrived, they made up and made hair for Miss Rong, I will take President Fu to change clothes and do hair first." Assistant Zhang walked behind Fu Jingting, grabbed the wheelchair armrest and said.

Rong Shu snorted, "Okay, you guys go, I'll go too, I'll see you later."

She smiled at the man and walked to the room where she usually rested.

The stylist arranged by Assistant Zhang was already waiting in her room, placing makeup and makeup tools.

Hearing the sound of the door opening behind him, the stylist quickly turned around and bowed, "Miss Rong." "Hello

." Rong Shu smiled at her slightly, which was regarded as a greeting.

The stylist pulled away the chair in front of the dressing table, "Miss Rong, please sit, I will make up and do your hair first, and when the makeup and hair are ready, we will change our clothes." "Okay

." Rong Shu also knew the steps before and after, so she put down the cheongsam in her hand very happily, walked over and sat down.

The stylist looked at her face and praised, "Miss Rong's skin is so good, she doesn't even have pores, it seems that she can only put on a shallow layer of foundation for a while."

Who doesn't like to be praised, of course Rong Shu also likes it, and she smiled a little embarrassed, "I'm twenty-eight, and my skin is fine."

"Of course it's good, twenty-eight is not old, Miss Rong is still young." The stylist patted the horse and said, while saying that he was going to start giving her a pre-makeup skincare.

Rong Shu suddenly thought of something, and grabbed her hand, "Wait a minute."

"What's wrong, Miss Rong?" The stylist looked at Rong Shu with some bewilderment.

Rong Shu did not hesitate, and immediately asked, "It's like this, I'm pregnant, so can your skin care products and cosmetics be used by pregnant women?" Hearing

this, the stylist smiled, "Don't worry, Miss Rong, in fact, like us, we often encounter some pregnant female customers, so the skin care products and cosmetics we chose from the beginning are common to pregnant women and ordinary people, so that there is no trouble, so Miss Rong does not have to worry." Hearing

this, Rong Shu finally breathed a sigh of relief and let go of her hand, "This way, that's good, I'm sorry, I was too nervous just now."

"It's nothing, as an expectant mother, in order to protect the child in the belly, this is all very normal, and I haven't thanked Miss Rong and President Fu for being happy." The stylist said very well.

Rong Shu smiled, "Thank you, you go ahead." "Okay

."

Rong Shu closed her eyes and completely handed everything over to the stylist.

The stylist was highly skilled and quickly painted her makeup and finished her hair.

The hair is a classic coiled hair style, and it looks very delicate and beautiful to match the cheongsam.

Rong Shu liked it at a glance, looked left and right, and there was no dissatisfaction.

The stylist was also relieved to see that she liked her so much.

Apparently, she didn't have to change it.

"Miss Rong, it's time to change clothes." At this time, the stylist gave her the cheongsam.

Rong Shu was also embarrassed, they were all women, so she took off her clothes directly in front of the stylist and changed into a cheongsam.

The stylist was also there to assist, helping her pull zippers, buckle buckles and so on.

"Wow, Miss Rong is so beautiful." The stylist stood opposite Rong Shu and was surprised.

Rong Shu changed into high heels and smiled embarrassedly, "How can it be so exaggerated?"

"This is not an exaggeration, this is a fact, Miss Rong, you are really the most beautiful bride I have ever seen, you now wear a cheongsam so good-looking, when the time comes, wouldn't it be more beautiful to wear a wedding dress at the wedding?" The stylist envisioned.

Rong Shu touched her somewhat hot face, "The wedding is still early, I will talk about it later, but thank you for the compliment."

"Miss Rong doesn't need to be so polite, I'm just telling the truth." The stylist waved his hand.

Suddenly, there was a knock on the door of the room, and Fu Jingting's inquiry came from outside, "Xiaoyezi, okay mom?"

"Okay." Rong Shu replied and walked over to see the door open.

At that moment, both were amazed by each other.

Fu Jingting looked at Rong Shu, who was as beautiful as a snow lotus in the sky in a cheongsam, and his eyes did not look away for a long time, and they all looked straight.

And Rong Shu looked at the man wearing a retro suit, less cold and domineering than usual, and a little more bookish, and his eyes were also bright.

“So handsome.”

“It’s beautiful!”

The two spoke in unison.

Then the two explained stunned.

Finally, the two reacted and looked at each other and smiled again.

Do they count this as the most tacit understanding?

“Let’s go, Mrs. Fu.” Fu Jingting sat in a wheelchair and stretched out his hand towards Rong Shu.

Rong Shu snorted with a smile, handed his hand over, and put it on his palm.

Fu Jingting was afraid that she would take her hand back, and the moment her hand came up, he immediately tightened her hand.

Rong Shu couldn’t laugh or cry.

Really, she had promised him, and since she had agreed, she would naturally not regret it.

He poured well, and she seemed to regret it in the next second.

“Let’s go, Mr. Fu.”

A sentence of Mr. Fu immediately made Fu Jingting’s heart burst into flames.

The two held hands and walked to the lounge to get their marriage licenses.

On the way, Fu Jingting was still a little guilty, “I’m sorry, on a day like today, I’m still in a wheelchair, and I can’t walk with you in person.”

Rong Shu patted him on the shoulder, “What is this?” You are also forced to do it, when you are well, we will hold a wedding in the future, can you take me with you personally?

“Well, I’ll do it.” Fu Jingting squeezed her hand and promised her.

When the lounge arrived, Rong Shu and Fu Jingting appeared in the eyes of everyone together, and everyone did not hesitate to give their praise.

After all, the two of them are really too stunning and compatible from the appearance alone.

The praise of everyone for him and Rong Shu made Fu Jingting feel happy, and the curve of his thin lips did not disappear for a long time.

It can be seen that he is very satisfied that everyone praises them so well.

After some courtesy, the certificate collection session finally began.

Submit the ID card and household registration booklet, then fill in various information, and finally take a photo, get the certificate, take the oath, and complete it in one go.

After getting the red marriage certificate that he had in mind, Fu Jingting showed a bright smile on his face for the first time.

Then, he took Rong Shu in his arms and said very emotionally, "It's so good, you married me again."

Rong Shu also gently hugged the man back, "That time, will you be good to me?"

"Yes, I will." Men don't hesitate Yu nodded, "If I can't do it, let me go"

Before he finished speaking, his lips were covered by Rong Shu, "Don't say that, today is a good day, what are you saying these words for."

Fu Jingting looked at her, "Although I also know that these vows are false, they should not be true, and they will not be fulfilled, but this is my sincere words, if I treat you badly, I don't need to be good anymore."

"I believe in you." Rong Shu closed her eyes.

The two hugged quietly.

The surrounding staff and Assistant Zhang all looked at them quietly, without meaning to disturb this pair of newcomers.

It wasn't until the two hugged almost and separated that everyone began to applaud.

"Congratulations, Mr. Fu, Miss Rong, congratulations on becoming husband and wife."

"Thank you." Rong Shu thanked the two.

Fu Jingting was more direct, asking Assistant Zhang to send red envelopes to everyone.

The red envelopes are all prepared by Assistant Zhang early in the morning, and each red envelope is very rich.

The staff did not expect to encounter this good thing, and they were both surprised and happy.

But they are official people, and such red envelopes do not dare to be received at all.

In the end, it was Fu Jingting who told them that he had greeted their leader, and they dared to accept it with confidence.

After accepting it, I was very happy, after all, a red envelope has a small 10,000, and their two-month salary.

Sure enough, it is worthy of President Fu, and the rich are generous.

And in addition to red envelopes, there are also candy and some small gifts.

This trip is really worth it.

A group of staff members walked away happily with red envelopes and candies.

Only Fu Jingting and Rong Shu and Assistant Zhang were left in the lounge.

Fu Jingting also handed a red envelope to Assistant Zhang, "This is for you."

Assistant

Zhang's eyes lit up, "President Fu, I have it too?"

Rong Shu replied with a smile, "They all have it, you are your boss's special assistant, how can there be none, and you are much bigger than theirs."

Although looking at the red envelopes, there were no drums in the hands of those staff.

But actually, it was a check.

Assistant Zhang happily accepted the red envelope, "Thank you Mr. Fu, thank you Miss Rong."

“You don’t need to thank me, there are still things that need you to do next, Fu Shi and Tiansheng, you also prepare some more benefits and candy to send them over.” Fu Jingting ordered with thin lips.

After all, he and Rong Shu are married, and as the boss, he naturally has to give the employees a happy candy and benefits, which is the rule.

Not only to let everyone bless them, but also to make their marriage smoother.

“Okay, Mr. Fu, I’ll arrange it.” Assistant Zhang nodded in agreement, and finally thought of something, and asked, “Then about the remarriage between you and Miss Rong, do you need to post it online for disclosure?”

Fu Jingting looked at Rong Shu, and the expectation in his eyes was self-evident.

He wanted it public, and he wanted everyone to know that they were married.

Rong Shu couldn’t bear to disappoint him, plus this kind of thing should have been generous, and there was no need to hide it, so why didn’t he agree.

“Come as you want.” Rong Shu said to the man with a smile.

The man immediately became happy and looked at Assistant Zhang, “Make it public, and make a lottery to make netizens happy.”

“Yes.” Assistant Zhang nodded again, but did not immediately do so, but looked at the two and stopped talking.

Fu Jingting frowned in displeasure, “What else are you up to?”

Assistant

Zhang smiled, “Mr. Fu, it’s like this, last night I knew that you and Miss Rong were going to remarry, and I was surprised that I didn’t fall asleep one night, so I’m curious why you suddenly decided to remarry at this time?”

It turned out to want to know the reason.

Rong Shu smiled and touched her stomach.

Fu Jingting held her in his arms, raised his chin slightly, and looked very proud, “Because we have children.”

“Have children?” Assistant Zhang was stunned at first, then understood something, and looked at Rong Shu in disbelief.

Rong Shu snorted at him with a smile, proving the truth that Fu Jingting said.

Assistant Zhang's mouth grew big, and it took a while to react, and he suddenly laughed excitedly, "So that's the case, this is really a great thing, Mr. Fu, Miss Rong, congratulations."

"Thank you." Rong Shu happily accepted his congratulations.

Fu Jingting waved his hand in disgust, "Okay, hurry up and get busy with yours, and still want this matter, don't announce it for the time being."

Not to mention that there is still Su Cheng unresolved, let's say that he has other commercial enemies.

In case these people know that she is pregnant, it is not good to start from her to achieve the purpose of hitting her.

Assistant Zhang also knew the priority of the matter, and nodded with a serious expression, "Don't worry, President Fu, I know, then I will go first."

"Hmm." Fu Jingting replied noncommittally.

Assistant Zhang nodded to Rong Shu again and turned to leave.

Just after taking two steps, Fu Jingting thought of something and said, "Don't call Miss Rong in the future, call it Madame." The

title of Madame still made Rong Shu a little embarrassed and feel a little ashamed.

But she didn't say anything to stop it, she knew that sooner or later she would have to go through this step, and now she was embarrassed, and she had to overcome it.

Assistant Zhang turned around and patted his forehead, "Yes, yes, President Fu reminded that it was time to change his words."

Saying that, he looked at Rong Shu ashamedly, "I'm sorry, Madame, I didn't react in time just now, please don't be weird."

Rong Shu's cheeks blushed slightly and she shook her head, "No."

"Okay, now that you know, just pay attention to it in the future, let's go." Fu Jingting waved his hand.

Assistant Zhang withdrew his gaze and finally left.

After he left, Fu Jingting suddenly withdrew the marriage certificate from Rong Shu's hand.

Rong Shu looked at him puzzled, "What are you doing?"

"I'll keep this." Fu Jingting carefully overlapped the two marriage certificates, and then put them in the inner pocket of his suit, looking afraid that others would rob them, and Rong Shu was amused when he saw it.

"Is it necessary?" She shook her head helplessly.

Fu Jingting told her with a serious face, "Of course there is, but the certificate of our marriage must be put away well."

"Then I can put it away myself, why do you want to take it?" Rong Shu looked at him with a smile.

Fu Jingting pressed the pocket where the marriage certificate was placed, "This is different, only I can rest assured if I keep it myself, but you are also right, it is not safe to put on my body, I asked Zhang Cheng to buy a safe."

He looked seriously considered, obviously considering whether to do this or not.

Rong Shu hurriedly stopped him, "Okay, it's just a marriage certificate, and I specially bought a safe to put it away, but you can think of it, but since you want to keep it yourself, then leave it to you, housekeeper."

She smiled and picked up the man's face and rubbed it.

The man nodded very seriously, "I'll put it away." Seeing

that he valued himself and his marriage certificate so much, she was actually very touched in her heart.

"Next" Before Rong Shu finished speaking, there was a sound of footsteps outside the lounge, as well as Lin Tianchen's voice full of doubts, "

What are you doing?" As soon as I came to the hospital, I heard the nurse say that you called a large group of people in the ward, what's wrong? What about banquets?

Rong Shu was amused by his opening banquet.

Fu Jingting didn't bother to calculate with Lin Tianchen, after all, today was the day of his and Xiao Yezi's great joy.

He showed mercy and did not see these little people in general.

At this time, Lin Tianchen walked in, and was about to ask what they were doing when they were not lying in the hospital bed this morning, and ran to the lounge, when they

saw them dressed up.

<B1121> “What’s the situation?” Lin Tianchen looked at the two suspiciously.

“You two dress like this, and you really plan to hold a banquet in the ward?”

Rong Shu shook her head, “No, we just” “

It’s just a marriage.” Fu Jingting cut off her words, then took out the marriage certificate and shook it twice in front of Lin Tianchen.

The red marriage certificate is so obvious that it is difficult to ignore.

Lin Tianchen was stunned, “You guys” “

Yes, we are married.” Fu Jingting said, took out the marriage certificate and shook it, the pride on Jun’s face was so pure and undisguised.

Rong Shu shook her head with tears and laughter.

Is this guy planning to come to someone and take out the marriage certificate and shake it around?

It doesn’t seem impossible.

Lin Tianchen raised his eyebrows, “So you two dressed like this, and called so many people, came to apply for a marriage certificate for you?”

Fu Jingting was noncommittal, “That’s right.

“Oh, you two really know how to play, get married and come to the hospital.” Lin Tianchen rolled his eyes.

Fu Jingting put down the marriage certificate, then took out his mobile phone and took two photos.

Rong Shu asked, “What for?”

“His arrival reminds me of one thing.” Fu Jingting pointed to Lin Tianchen, “That’s such a big thing as our marriage, of course, we must personally send it to relatives and friends, we can’t tell everyone without telling it, lest they be upset?” The first one will be sent to Lu Qi, and Cheng Huai can also do it.

Saying that, Fu Jingting turned over Lu Qi’s contact information.

Rong Shu secretly rolled her eyes.

She doesn't know the behavior of the dog man yet?

The beautiful name is to tell relatives and friends the good news that they are married, but in fact, it is deliberately showing off to them.

This guy is really a naïve batch.

Rong Shu shook her head helplessly and went with him.

That's it, for the sake of a good day, let him play if he wants.

Anyway, Ah Qi will not be angry, after all, the person Ah Qi loves now is not her.

I just don't know what happened between A Qi and Secretary Tong.

"You're going to let him do it?" Lin Tianchen glanced at Fu Jingting, who was enthusiastic about the news, and asked Rong Shu.

Rong Shu smiled, "It's okay, it won't cause anything, so let him go."

Lin Tianchen shrugged his shoulders and didn't say anything more, just congratulated, "Congratulations."

"Thank you." Rong Shu smiled back, and then took out a red envelope from his bag and handed it to him, "Oh, this is for you."

"What is it?"

Lin Tianchen took it suspiciously, and looked back and forth, "Red envelope?"

"Yes." Rong Shu snorted, "When I get married to Jing Ting, how can I send red envelopes or candy to my relatives and friends, so that everyone can be happy, this is yours."

Lin Tianchen raised his eyebrows, looked at the red envelope in his hand, and only felt very strange, "This is the first time I have received a red envelope."

From childhood to adulthood, everyone treated him as a monster and disdained to be close to him.

He knows that on traditional holidays in China, he likes to send red envelopes.

But he never received red envelopes, nor did he send him red envelopes, and he himself never cared about these.

Now Rong Shu sent him red envelopes, it was really the first time he experienced such a thing, it felt not only strange, but also an indescribable mood, not annoying, but a little hot.

Heat in the heart.

Lin Tianchen subconsciously clenched the red envelope in his hand, as if what he was holding was not a small red envelope, but a diluted treasure.

When Rong Shu saw Lin Tianchen like this, she felt a little sorry for him in her heart.

“If you like it.”

Lin Tianchen put the red envelope away, “I like it very much, thank you.”

“It’s nothing, when the time comes, Jing Ting’s wedding, you just remember to attend.” Rong Shu said with a smile, deliberately enlivening the atmosphere.

Lin Tianchen bowed his head, “You invite me, I will definitely go, well, today is your big day, then I won’t bother, you have lived the world of two by yourself, of course, his current body is not good, just hug twice, nothing else.”

He didn’t forget to mention it.

Rong Shu’s face was red, obviously embarrassed, and replied with a sneering smile, “Don’t worry, of course we will pay attention.”

“That’s fine, let’s go.” Lin Tianchen waved his hand and turned to go out.

Here, Fu Jingting was still sending news to Lu Qi and Cheng Huai, and suddenly laughed proudly, “Lu Qi, that guy is crazy and is scolding me.”

He handed the phone to Rong Shu to show her, and the screen said Fu Jingting, you are a bastard, tell me, how did you cheat Shushu?

The corner of Rong Shu’s mouth twitched, “What did you say to Ah Qi, Ah Qi reacted so much?”

Fu Jingting’s eyes flashed a trace of unnaturalness, and soon disappeared, and replied indifferently: “I didn’t say anything, it’s normal to say, it’s that guy himself can’t accept it, hey, Cheng Huai also replied to the news.”

Saying that, he clicked on Cheng Huai's reply.

Rong Shu lay on the man's shoulder and also probed over to check.

Cheng Huai's reply was similar to Lu Qi, the first thing was Fu Jingting's name, and there were several exclamation marks after the name, showing Cheng Huai's shock, anger, and disbelief at the moment.

And behind the exclamation mark, there are several bloody kitchen knife expressions, and beyond that, there is nothing.

But this can also show that Cheng Huai is in a very bad mood.

They were in a bad mood, and Fu Jingting said that they were in a good mood.

He is very happy to make his rival deflated.

Then Fu Jingting, who has never liked to chat with people, kept replying to Lu Qi and Cheng Huai's messages.

Even if they scold him and say that he is not human, he is happy.

Because in Fu Jingting's view, they scolded him, which was a manifestation of their incompetent rage, and it was true.

Lu Qi and Cheng Huai have no news, and just today, they can see the news that Fu Jingting and Rong Shu are married.

At that moment, they only felt that their minds were booming, blank, and it took a while to slow down.

He said to Lu Qi that seeing Rong Shu marry Fu Jingting for the second time, his heart could not be described as uncomfortable.

Rong Shu is a girl he has loved since he was a child, loved for more than ten years, and guarded for more than ten years.

However, he could never get close to her heart and be a true lover with her.

Even now he knew in his heart that they were impossible, he was determined to bless them and chose to let go.

But when he really saw them married again, his heart was still like a knife.

After all, it was the girl he had loved since he was a child, and there was no way to completely let her go so calmly and so quickly.

Otherwise, then he wouldn't really love her.

Lu Qi held the mobile phone, squatted in the place, and cried.

A big man, crying a handful of snot and tears, makes people look sad.

Secretary Tong didn't know what happened, but he saw that he suddenly looked at his mobile phone, looked at it like this, and guessed in his heart that it must be related to the chairman.

Only the chairman can touch his heart like this.

Secretary Tong suppressed the sourness and sadness in his heart, covered his stomach and walked over, softly soothing,"

Chapter 1360 – Fu Jinglin Returns to China

The butler looked at Doudou with a shocked expression, "Little young master, who taught you these?"

A child who is only a few years old actually talks about the feelings of adults, and his head is the same.

This really has to be shocking.

Doudou blinked, "Who else teaches this?" Isn't it true to watch TV?

The butler was speechless.

Doudou said again: "Okay, grandpa housekeeper, let's go, don't pay attention to the little uncle, he just deserves it, if he is bold and goes directly to pursue his aunt, maybe he still has a chance, but if he doesn't do anything, he is doomed to fail, and now being sad here will only make people laugh."

"What the little young master said." The housekeeper hugged Doudou, "The young master is indeed too timid, if he were bold, he wouldn't be sitting here sad now, let him be calm and calm alone."

After

that, the old man and the young man ignored Cheng Huai and quietly left.

Of course, Rong Shu and Fu Jingting did not know all this.

Fu Jingting saw that Lu Qi and Cheng Huai ignored him, so he put the phone away with satisfaction.

At this time, the news of their marriage had quickly spread on the Internet, and the Internet was shocked and in an uproar.

After all, the two of them did not leak any wind at all, and suddenly announced their marriage, which really had to be shocking.

Netizens speculated whether something happened to them and how they suddenly got married.

But no matter how to guess, as soon as the forwarding lottery released by the Fu Group came out, all netizens went to the lottery.

Just because the benefits given to netizens by the Fu Group are too rich.

There are houses and cars, as well as mobile phones, computers, bags, cash, and so on.

According to the statistics of netizens, the Fu Group took out at least 100 million yuan as a marriage benefit for their boss and the boss's wife and distributed it to netizens.

So how can netizens not be excited to quickly forward it, in case they are drawn?

In particular, the first place is a high-end apartment, in case of a lottery, then there is no need to worry about the house.

Even if you can't draw a Mercedes Benz that won the second place in the house.

All in all, netizens have forwarded this content, and they have also spread blessings under the official website of Fu Group, or under the social platforms of Fu Jingting and Rong Shu themselves.

Maybe they said it nicely and were chosen, so wouldn't it be sent?

The Internet was bustling, and the employees of Fushi Group and Tiansheng Group were equally happy.

Because they also received red envelopes and candy.

A red envelope is almost five hundred yuan, which means that Fu always has such a large amount of money, which can give so many red envelopes to thousands of employees.

For other bosses, a few candies have already reached the sky.

In the old mansion of the Fu family, the old lady also learned the good news from Mother Feng that Rong Shu and Fu Jingting had re-obtained their marriage license, and they didn't sleep for a happy nap, and quickly called the two to ask what was going on, why did they suddenly get married?

After all, she had heard Jing Ting say that Rong Shu did not plan to get married now, at least she had to take revenge.

But now before revenge, the two got married, which made the old lady have to think more about whether Fu Jingting did something to coerce and seduce Rong Shu.

Hearing that Fu Jingting was called by the old lady, Rong Shu was funny and distressed, and then took the mobile phone and briefly explained to the old lady, saying that it was a sudden change of mind, and was not coerced and lured by Fu Jingting, and the old lady believed that she let Fu Jingting go.

After that, the old lady proposed to let the two go back to the old house to eat tonight, although they don't plan to hold a wedding now, but how to say that they are also married, and it is good for the family to have a meal together to celebrate.

However, Rong Shu refused, and Rong Shu lied that he and Fu Jingting were preparing to live a two-person world tonight.

Although the two of them were indeed in the hospital room, they did live in a two-person world, but the old lady did not know that they lived in this two-person world, and thought that the two lived a two-person world with another candlelight dinner, and immediately agreed with a smile.

However, Rong Shu may promise that when the New Year is celebrated the day after tomorrow, he and Fu Jingting will definitely go back to the old house to eat with her, and by the way, tell her good news.

This made the old lady very happy.

Although she didn't know any good news, hearing that her grandson and granddaughter-in-law would come back to accompany her for the New Year and have Chinese New Year's Eve meals was enough to make her happy.

After that, Rong Shu talked to the old lady for a while, and this time hung up the phone.

But after not hanging up for long, her own mobile phone rang, and when she took it out, it was Fu Jinglin who called.

This made Rong Shu a little surprised.

In other words, Fu Jinglin has been abroad to participate in the U17 Youth Basketball World Cup for almost half a year, and he has not returned to the United States, usually has a tight schedule, and rarely has the opportunity to contact the outside world.

Unexpectedly, this time, the guy actually called her.

“You take it.” Rong Shu handed the phone to Fu Jingting.

Fu Jingting shook his head, “That kid is calling you, you can pick it up yourself.”

He said so, what else could Rong Shu say, and answered the phone directly, “Hey?

“Sister-in-law.” Fu Jinglin’s rough duck voice came from the phone, which startled Rong Shu.

This guy, the voice changer hasn’t passed yet?

This sound is really hard enough.

Fu Jingting also heard it, and pinned his face to the side in disgust, indicating that he did not want to admit that the other party was his brother.

“Sister-in-law? Why are you ignoring me?” On the other end of the phone, the young and handsome big boy didn’t hear Rong Shu’s response for a long time, and he couldn’t help but feel a little aggrieved.

Rong Shu rubbed her temples, “Sorry, I was scared by your voice just now, I thought it was some duck calling, but now I reacted, it’s actually you.”

“Sister-in-law~” Fu Jinglin was even more aggrieved, and his mouth deflated, “I’m not a duck, I just haven’t finished my voice, so it’s a little not very good, but it doesn’t sound like a duck, right?”

Rong Shu smiled, “Sorry to tease you, do you have something?”

“I’m done with the game and I’m ready to go home in the evening.” Fu Jinglin replied with a grin, “I just got my mobile phone and saw the news that you and my eldest brother have remarried, so don’t you quickly call you to verify whether it is true.”

“It’s a statement from your eldest brother’s company, are you really fake?” Rong Shu gave him a blank look.

Fu Jinglin smiled again, “That’s really good, thank you for becoming my sister-in-law again, now the eldest brother should die happily, right?”

Rong Shu raised her eyebrows, "Your eldest brother is by my side now, you want to know if your eldest brother is happy to die, you ask him personally." Saying

that, he wanted to give the mobile phone to Fu Jingting.

Fu Jinglin was like a frightened cat, and quickly stopped, "Sister-in-law don't want it, I don't want to talk to my eldest brother, he will definitely ask me about my homework again, I don't want to listen to him."

"I'm sorry, I heard me." Fu Jingting's cool voice sounded.

Fu Jinglin"! Gan

, why did he still hear it?

Fu Jinglin suddenly made a bitter face, "Big brother, I'm wrong."

"What's wrong?" Fu Jingting squinted.

Fu Jinglin hurriedly laughed, "Hehe, I shouldn't hate homework, I shouldn't say you're verbose."

"Hmph." Fu Jingting snorted coldly with an expressionless face, "When you come back, I will definitely interrogate you well, I want to know, did you delay your homework during the game, if I know that your homework has regressed, you will not participate in the NBA league assessment next year."

"Don't, big brother." Fu Jinglin was suddenly anxious, his voice was raised, and it became a little more ugly, "Big brother, my homework is good, really, you believe me."

"In the end, it's good or not, now it's useless to say on the phone, you have to actually see it, okay, let's not talk about it, your sister-in-law still has to rest, how can there be so much time to talk to you on the phone, you hurry back to China, I'll let Zhang Cheng pick you up at the airport in the evening, that's it."

After speaking, Fu Jingting directly cut off the mobile phone.
