Chapter 1361 – Happy New Year

Rong Shu said with a smile: “He hasn’t come back yet, you just pay attention to his homework like this, don’t be scared that he doesn’t dare to come back at that time.”

“It won’t.” Fu Jingting returned the mobile phone to her, “That kid has a strong ability to bear, he will not dare to come back, and he himself is very clear, even if he competes, he can’t leave his homework, otherwise I will really let him give up the competition and come back to school, so he must have studied abroad, although the learning is not necessarily good, but to deal with me, he should still have this confidence.”

“My grandmother should be very happy this year, and I will be by her side for the New Year.” Rong Shu leaned into the man’s arms.

The man touched her stomach with his big hand, “Yes, there is one more.”

Rong Shu snorted, and then in the next second, the phone rang again.

She glanced at it, it was Mrs. Lu calling.

Also, she and Fu Jingting did not tell anyone about the certificate in advance, and then suddenly received the certificate, and also posted it on the Internet, which made people who knew them not be surprised and not call to ask what the situation was.

Therefore, Rong Shu has long been mentally prepared for the fact that he will receive a lot of calls today, and he is not surprised.

When the call comes, it is good to answer naturally.

Fu Jingting also knew this, so when he saw Rong Shu answering the phone, he didn’t bother.

After all, he himself is here, and not many people come to ask him and congratulate him.

For the marriage of Fu Jingting and Rong Shu, most of them are with a blessing mentality, but there are also a small number of people, who are completely unacceptable.

Among them are Liu Linlin and Su Man.

Liu Linlin is inside the detention center and can learn about the situation outside through public television.

It just so happened that when she was eating, she heard the media on public television reporting about the marriage of the two, and she was so angry that she lifted the table on the spot, shouting that this was not true, which made her unacceptable.

But what if you can't accept it?

She couldn't get out, couldn't do anything, and was even warned by the police and punished by the police for overturning the bracelet.

On the other side, Su Man also lifted all the cosmetics on his dressing table, and looked at the photo of the marriage certificate on his mobile phone with red eyes.

Although she had long known that she could not do it, she also deeply hated those two people in her heart.

But seeing that the two people really got married again, she couldn't contain the anger and despair and jealousy in her heart.

Because she really loved that man!

"How? Seeing them married, in an incompetent rage? Su Cheng walked into Su Man's room with a cane, saw the messy ground, and sneered mockingly.

Su Man stood up and clenched his hands into fists, "Why did these two suddenly get married?" Before that, there was no news at all, why?

Su Cheng stopped in front of her, "You ask me, who do I ask?" When these two people got married, it should be temporary, so there was no rumor at all, but it was also a good thing, let me know that Fu Jingting really loved that woman. Not

only is he willing to accompany Rong Shu to the fire, but he is also willing to die with her.

Such a touching relationship really opened his eyes.

Yes, Su Cheng has found out the truth behind the fire in the factory of Tiansheng Group.

Although Fu Jingting's people concealed it well, as long as they checked carefully, they could still find out something.

But it's a pity that Duan Xingbang of the Tiansheng Group is a waste, and this didn't burn those two people, and actually let those two people pick up a life.

However, he was not completely gainless, at least he completely let him know Fu Jingting's feelings for Rong Shu.

Then next, he can strike from Rong Shu to achieve the purpose of dealing with Fu Jingting.

Su Man didn't know what Su Cheng was thinking, but when she heard that Fu Jingting really loved that woman, her heart was angry.

She never understood what was good about Rong Shu that made Fu Jingting love so deeply.

In terms of appearance, she prides herself on being no worse than Rong Shu, and in terms of family lineage, they are also half a pound and eight taels.

But on the other hand, Fu Jingting is the dead and alive of Ai Rong Shu'ai, even if she uses means, he is not really in love with her.

This made her feel angry and humiliated.

She definitely can't let them go, absolutely not!

She came to this end thanks to them, and she will return to them all the pain they have poured on her a thousand times.

Su Man looked at the mirror in front of her with scarlet eyes, even if the person in the mirror was ugly, she refused to put away her ugly side.

When Su Cheng saw Su Man like this, his old eyes narrowed, and a trace of poisonous dark light flashed.

Hate it, hate it.

Only the more she hated it, the more she could be used to him.

Su Cheng hooked the corner of his mouth and turned away.

The next day, the whole country began its annual leave.

Because tomorrow is Chinese New Year's Eve.

Fu Jingting took Fu Jingting's leave slip and went to Lin Tianchen to sign.

Lin Tianchen had long known that they would be discharged from the hospital tomorrow and go back for the New Year, so he happily signed his name on the leave slip.

After getting the leave slip, Rong Shu returned to Fu Jingting's ward and began to work on other things.

After all, tomorrow I have to go to the old mansion to accompany the old lady for the New Year, gifts or something, the general preparation, right?

And the Lu family, they must also prepare gifts for the New Year.

So on this day, Rong Shu was almost too busy to stop, and Fu Jingting said that it would be good to let the people below prepare, but Rong Shu refused.

After all, New Year's gifts, especially for close relatives and friends, must of course be prepared in person.

Fu Jingting couldn't resist her, so he could only go with her.

However, he did not idle and let her toss alone, and there were some that did not require physical effort, so he was responsible for preparation.

For example, stuffing red envelopes or something.

Rong Shu specially went to a large amount of cash and prepared to wrap red envelopes for the children.

Tutor.

Chapter 1362: Rong Shu's Worries

Assistant Zhang was unloading the contents of the trunk one by one, all of them were New Year's gifts prepared by Rong Shu and Fu Jingting for everyone, there were a little too many things, and there was a small place piled on the ground.

When Fu Jinglin passed, Assistant Zhang saw him and was also startled by his skin color.

What's going on with this little young master?

Before going abroad, he was still a young man in white, how did he come back from the game and be as black as an African?

Although he thought so, Assistant Zhang did not say it directly, for fear of hurting the child's self-esteem.

"Brother Zhang, are these things to be taken in?" Fu Jinglin didn't know that he was silently complained about in his heart again, and he was still giggling there.

Assistant Zhang couldn't bear to look away and nodded, "Yes, these are all gifts that Madame is preparing to give to everyone, and they are all to be sent into the old mansion."

Fu Jinglin snorted and lifted up the big bags and small bags on the ground.

Others are tall and powerful, so when it comes to these things, it is very easy and effortless.

Assistant Zhang saw that someone was helping, and he was also relieved, and then took the last thing out of the trunk.

It is Fu Jingting's wheelchair.

When Fu Jinglin saw this wheelchair, he thought that this was what Rong Shu was going to give to the old lady.

But in the end, Assistant Zhang explained that it was not given to the old lady, but to Fu Jingting.

Fu Jinglin's whole person was shocked, and he quickly looked towards Fu Jingting, "Big brother, why are you in a wheelchair?"

Fu Jingting was talking to Rong Shu at this time, heard his loud voice, and glanced at him impatiently, "How big is it to sit in a wheelchair if you are not in good health?"

"It's not." Fu Jinglin was anxious, "Although I'm not very smart, I'm not stupid, I know that the wheelchair is not something that ordinary people can sit on, even if the eldest brother is not in good health, you will not be reduced to the point of walking in a wheelchair, right?" And big brother, aren't you always in good health? Why is it suddenly bad?

His face was full of concern.

Rong Shu helped Fu Jingting to sit in a wheelchair, only then explained, "Your eldest brother recently had an operation and has not fully recovered, so he wants to do wheelchair travel."

"Surgery?" Fu Jinglin was stunned, and then quickly asked, "Sister-in-law, what surgery did the eldest brother have?" Is it dangerous or not?

Rong Shu looked at Fu Jingting and didn't know how to answer.

Fu Jingting pursed his lips impatiently, "Okay, ask so much for what, let's go first."

Fu Jinglin snorted unhappily, "Big brother, I'm concerned about you, but you are still impatient." It's

really a dog biting Lu Dongbin, and he doesn't know the good hearts of people.

He was muttering secretly.

Fu Jingting heard this, and his good-looking eyes narrowed, "What did you say?"

"Nothing." Fu Jinglin shook his head repeatedly, cleanly denying that he didn't say anything.

Otherwise, it's time to be disciplined.

Fu Jingting also didn't want to teach his younger brother a lesson all day long, so seeing his brother shaking his head to deny it, he didn't bother to see him in general, gently patted the back of Rong Shu's hand, and said softly, "Wife, let's go first." "Good

." Rong Shu nodded and pushed Fu Jingting towards the gate of the old mansion.

Since receiving the certificate the day before yesterday, Fu Jingting's title for her has changed, from Xiaoyezi directly to his wife.

At first, she was not used to it and felt quite embarrassed.

However, this guy has always been quite thick-skinned, and after changing his name, he often called her that.

Not to mention, shouting and shouting, after two days, she was completely used to this title.

Sure enough, many things need to be forced, or someone to help you get used to it.

Otherwise, if you are alone, when will you adapt?

Rong Shu pushed Fu Jingting into the old mansion, while Assistant Zhang and Fu Jinglin followed behind with things far behind.

Along the way, Fu Jinglin chattered, constantly asking Assistant Zhang what happened between Rong Shu and Fu Jingting in the past six months, and the gossip was terrible.

Assistant Zhang didn't want to deal with him, but the other party was his boss's younger brother, and it was difficult not to answer.

So along the way, pick and choose, casually say something to send him.

However, Fu Jinglin's child is simple, and he is very easy to send, even if Assistant Zhang said some important things, he listened to it with relish, and was shocked.

Assistant Zhang was very speechless when he saw such Fu Jinglin, and said something innocuous in his heart, you have heard it so thrillingly, if you say everything that President Fu and Miss Rong have experienced, do you have to call out your voice?

Soon, the hall of the old house arrived.

The old lady was already sitting in the hall and waiting.

She originally wanted to meet at the gate with Fu Jinglin, but was stopped by Mother Feng.

The old lady was not in good health, and it was so cold this day, what if she froze at the door?

Therefore, the old lady could only endure the idea of seeing Fu Jingting and Rong Shu earlier, and patiently sat in the hall and waited.

Wang Shuqin is also there, waiting here with the old lady.

In fact, Wang Shuqin didn't want to wait, if she was asked to wait for Fu Jingting, she was willing, and there was nothing to say.

But if she had to wait for Rong Shu, she would be reluctant.

But she also knows that her son is not a business material, and she will really look up to Rong Shu's snort to survive in the future.

Therefore, even if she is reluctant, she can only endure.

"It's coming." Mama Feng heard the footsteps coming from outside, and her eyes suddenly lit up, "Old lady, it should be the eldest young master and the eldest young lady have arrived."

Now, Mama Feng's title for Rong Shu has finally changed back to before.

In fact, Mother Feng had long wanted to call Rong Shu like before.

However, in the end, the two people are still divorced, and it is really not appropriate to call them like before, so they have to be called Miss Rong.

Well, now that Miss Rong and the eldest young master have remarried, she can call Miss Rong as the eldest young lady in a bright way.

“yes, that’s great.” When the old lady heard Mama Feng’s words, she was overjoyed, and quickly asked Mama Feng to help herself up and go to the door of the hall to wait.

Mother Feng thought that the door of the hall should be fine, so she agreed, and helped the old lady to walk towards the door.

When Wang Shuqin saw this scene, her eyes almost rolled to the sky.

She didn’t understand where this Rong Shu was so good, worthy of the old lady’s liking, just knowing that she was coming, she hurriedly went to greet her.

It’s really annoying.

Although she thought so, Wang Shuqin did not continue to sit, but got up and followed the old lady to the door.

After all, the old lady has gone, she is still sitting, like what?

“It’s really coming.” The old lady saw a group of four people walking not far away, and a smile suddenly blossomed on the old man’s face.

But soon, when the old lady saw Fu Jingting’s appearance, her face suddenly couldn’t smile, “Xiao Feng, do you see if Jingting is in a wheelchair?”

Mother Feng nodded, “It’s true, the eldest young master is really in a wheelchair, what the hell is going on?”

Mama Feng and the old lady couldn’t believe it.

Rong Shu also saw the old lady and Mother Feng at this time, but she was very apprehensive in her heart.

After all, Fu Jingting came in a wheelchair, and it was impossible for the old lady and Mother Feng not to see.

She didn’t know how to explain to Mother Feng and the old lady why Fu Jingting was in a wheelchair for a while.

I don’t know if the old lady and Mother Feng will be angry with her.

It should be, after all, she hurt their valued grandchildren like this.

As if sensing the anxiety of the woman behind him, Fu Jingting touched the back of her hand with his backhand, “Don’t worry, everything has me.” ”

Rong Shu barely squeezed the corner of her mouth and snorted.

Soon, the two came to the old lady and Mother Feng.

Before the two of them could say hello to the old lady and Mother Feng, Wang Shuqin suddenly shouted, "Oh Jing Ting, what's wrong with you?" How do I use a wheelchair? Where did it hurt? Rong

Shu's hand holding the wheelchair pusher couldn't help but tighten.

The old lady and Mother Feng also quickly looked at Fu Jingting, wanting to know the answer.

Fu Jingting's eyes darkened, "About me, let's talk about it later, the most important thing now is to go first, it's cold outside."

"Yes, yes, go first." The old lady nodded in agreement, "Shushu, quickly push Jing Ting in, don't stand outside." "Good

." Rong Shu nodded and pushed Fu Jingting into the hall.

Mama Feng helped the old lady to follow.

Wang Shuqin stood in place and waited for a while, waiting for Fu Jinglin to come over.

Seeing the big bag and small bag in Fu Jinglin's hand, Wang Shuqin suddenly felt distressed, "Ouch, why do you kid mention so many things?" This just came back from the game, you should have a good rest, just you stupid, stupid to run out to carry so many things, tired or not?

While saying, he quickly helped Fu Jinglin share.

Fu Jinglin finally had time to wipe the sweat on his head, and smiled stupidly, "Mom, I'm not tired, what is this thing, it's not enough for me to mention."

"Hmph, it's not enough for you to mention that you still sweat so much?" Wang Shuqin gave him a blank look, "It's true, you are also an egg, I don't know to ask a maid to go out with you, I have to mention it personally."

"There's something, and there's not much." Fu Jinglin disagreed.

Seeing that the stupid son couldn't understand his kindness at all, Wang Shuqin rolled her eyes, "Forget it, lazy to tell you, let me ask you, what's going on with your eldest brother?" How did you get into a wheelchair?

She asked in a low voice.

Assistant Zhang was afraid that he would be arrested and questioned in a while, so he quickly walked past the mother and son.

Wang Shuqin glanced at him, and quickly turned her attention to Fu Jinglin, "Stinky boy, don't say it quickly."

"Oh, what's there to say, the eldest brother just had an operation recently, don't you know?" This time it was Fu Jinglin's turn to be surprised.

Wang Shuqin shook her head, "How do we know?" We haven't heard of your eldest brother's recent surgery.

"What? Didn't the eldest brother tell you?"

Wang Shuqin pouted. Since your eldest brother was with that Rong Shu, there is only that Rong Shu in his eyes, where are our families?

"I can't say that, big brother probably doesn't want you to worry." Fu Jinglin shrugged.

Wang Shuqin knocked his head angrily, "I don't think I want us to worry, but I don't want to tell us at all, and I don't treat us as relatives."

"Mom, what are you talking nonsense." Fu Jinglin was a little impatient, "I know you still don't like your sister-in-law, but you can't think of everything, it's the reason for your sister-in-law, you are so careful and discord with your sister-in-law in the future, and I can tell you, the current sister-in-law is different from the previous sister-in-law, you and your sister-in-law are against each other, the one who suffers is definitely you."

After

that, he ignored Wang Shuqin and quickly chased after Assistant Zhang.

Wang Shuqin fell alone at the end, looking at no one caring about herself, and stomped her foot angrily, "Hmph, another white-eyed wolf towards Rong Shu."

In the

hall, Rong Shu saw Assistant Zhang and Fu Jinglin bringing things in, and quickly stepped forward to distribute the gifts to everyone one by one.

Old lady and Feng Ma's clothes and health care products, Fu Jinglin's basketball and sportswear and sneakers.

Especially that pair of sneakers, very much to Fu Jinglin's heart, because that pair of sneakers are his idol's autographed sneakers.

He has always wanted a pair, but he has never seen the idol to get an autograph, and the signed sneakers on the market have long been robbed, even if he is the second young master of the Fu family, he does not have the ability to snatch a pair from others.

Unexpectedly, Rong Shu actually gave him a pair now.

As for how Rong Shu got it, it is also a coincidence, she brushed the circle of friends that day, and just saw a college classmate selling this pair of shoes in the circle of friends, because of lack of money, so she endured the pain of selling.

Rong Shu saw it and thought that Fu Jinglin should like it, so he bought it from that college classmate.

Now seeing Fu Jinglin's rare look, she knew that she had bought the right one.

In addition to Fu Jinglin, Wang Shuqin also has a gift, that is, a set of moderately priced jewelry, after all, she does not like Wang Shuqin, so the gift to Wang Shuqin is naturally ordinary, casually bought in a jewelry store, although it is not expensive, the price is not cheap, even if Wang Shuqin does not like it, it is impossible to pick a mistake.

In fact, Wang Shuqin really didn't like it, first of all, the price of the jewelry, which made her dissatisfied, feeling that Rong Shu looked down on her,

and actually gave her such a cheap set.

The second is the style, and Rong Shu does not pay attention when he sees it.

This style is too young to be suitable for people her age at all, and she wears nondescript ones, what does it look like?

Obviously, Rong Shu is just dissatisfied with herself, which is why she gives gifts so carelessly.

However, Wang Shuqin thought so in her heart, but she did not dare to show the slightest dissatisfaction on her face.

She knew that once she showed it, no one would turn towards her, only that she was unkind.

The current Fu family has been controlled by Rong Shu, and it has long been not the previous Fu family.

Therefore, Wang Shuqin did not dare to say anything, but had to show a flattered and surprised look, and kept thanking Rong Shu.

Rong Shu also knew how unintentional her thanks were, and she didn't bother to debunk her.

Anyway, she has already decided that with Wang Shuqin, she will be an ordinary relative, and every New Year's holiday, she should give it, in addition, she doesn't care what Wang Shuqin is in her mood.

After sending a gift to Wang Shuqin, Rong Shu gave another gift to Assistant Zhang.

Assistant Zhang pointed to himself in surprise, "I also have it?"

"Of course, you are also considered the Fu family, everyone has gifts, of course you also have them." Rong Shu handed over the gift.

Assistant Zhang looked at Fu Jingting.

Fu Jingting was noncommittal.

He was delighted with the result, "Thank you, ma'am."

"You're welcome." Rong Shu smiled, and then handed the last gift to Fu Jingting.

Fu Jingting raised his eyebrows, "And mine?"

"Of course, even if I forget to prepare a gift for Mrs. Fu, I won't forget to prepare it for you." Rong Shu raised her eyes and glanced at Wang Shuqin.

A title of Mrs. Fu shows her attitude that she will never get along with Wang Shuqin.

But everyone understood her.

After all, in those six years, Wang Shuqin was indeed too much.

So for her not to change her mouth to call Wang Shuqin's mother, no one said that she was wrong.

However, Wang Shuqin's expression was a little bad at the moment.

What does she mean by this?

What is it that even if you forget to prepare for her, you will not fail to prepare for Fu Jingting?

This clearly means that she doesn't want to give her a gift at all?

For a time, Wang Shuqin was angry enough, everyone could see that she was angry again, but no one opened her mouth to comfort her, they were happily receiving gifts, who cares about her?

"Why didn't you tell me that you also prepared a gift for me?" Fu Jingting held the delicately wrapped gift, and the curvature of the corners of his lips could not be suppressed.

Rong Shu smiled, "Of course, the gift must be kept secret, so that people can feel surprised."

"So what did you send me?" Fu Jingting looked at her and asked.

Rong Shu waved her index finger, "Secret, you have to see this for yourself, but let's go back to the room and look at it later." "Good

." Fu Jingting nodded in agreement.

Chapter 1364 – Confess Everything

This was a New Year's gift from his own wife, and of course he preferred to go back to his room to see it for himself so as not to show it to others.

Seeing Fu Jingting's stinky look of being afraid that others would see it, Fu Jinglin couldn't help but roll his eyes.

The old lady and Mother Feng shook their heads funny.

They were all very satisfied and happy about the good relationship between Fu Jingting and Rong Shu.

Only Wang Shuqin pouted on the side, very unwilling to see the good relationship between the two.

But Wang Shuqin also knows that she has no status here, so even if she is not welcome, she does not dare to say anything.

Rong Shu finished delivering the gift, and Assistant Zhang didn't want to disturb their family reunion, so he took his leave.

However, in the end, Assistant Zhang still did not succeed, and was left by the old lady.

Assistant Zhang was originally an orphan who was sponsored by the Fu family to grow up, and there were no other relatives in the family except himself.

So this New Year, Assistant Zhang went back and only he lived alone, what's the point?

Therefore, the old lady asked him to stay and live with them, and there were many people and lively.

This is the meaning of the old lady, and others naturally will not have an opinion, so in the end, Assistant Zhang stayed and was pulled by Fu Jinglin to set off firecrackers.

Assistant Zhang didn't want to go, but he couldn't get Fu Jinglin, so he was eventually pulled away by Fu Jinglin.

Wang Shuqin also did not want to stay under the same roof with Rong Shu, so she also found an excuse to leave and went back to her room in the old mansion.

The old lady also wanted her to leave quickly, not wanting to see her stinky face that didn't look good to anyone, so when Wang Shuqin proposed to leave, the old lady quickly waved her hand and asked her to leave quickly.

Soon, there were only the old lady Feng Ma in the hall, as well as Fu Jingting and Rong Shu husband and wife.

The heating in the hall was full and very warm.

But Rong Shu felt cold all over her body at this time, because she knew what she was about to face next.

"Don't say what the hell is wrong with you now?" The old lady's gaze fell on Fu Jingting and spoke in a deep voice.

Fu Jingting also knew that he couldn't run, plus they originally had the intention of telling the old lady everything, but now when they heard the old lady's question, they didn't hesitate and told their situation, "Grandmother, I had another heart-changing operation."

As soon as these words came out, the old lady was stunned, and her face changed instantly.

The same is true of Mama Feng.

Only Rong Shu's heart beat faster, and her lowered eyes were full of guilt and self-blame.

“How can this change the heart again?” The old lady stood up trembling and came to Fu Jingting, stretched out her hand to hold Fu Jingting’s hand, and held it tightly, “Wasn’t your operation a few years ago very successful?” The doctor said that you can live safely until old age, how can this be a change of heart?

“Yes, Young Master, what the hell is going on here?” Mother Feng also asked eagerly.

Rong Shu stood up, and was about to say that all this was her fault, when Fu Jingting suddenly pushed her back, did not let her speak, but opened her own mouth and replied, “Grandmother, I just didn’t tell you that the previous car accident caused my heart to have problems again.” “What

?” The old lady was shocked, “Is it a car accident a few months ago?”

Fu Jingting bowed, “That’s right.

Rong Shu looked at the man in the wheelchair in disbelief.

What does he mean?

Why attribute all this to a car accident?

His heart had an accident again, obviously because he saved her, and it had nothing to do with the last car accident, why did he say that it was caused by a car accident?

Just because, don’t want her to be blamed by her grandmother?

Rong Shu bit her lower lip, her heart was sour and astringent.

She was tempted to stand up and tell her grandmother that it wasn’t like that and that it was all her fault.

But the man desperately held her leg and did not let her come forward at all.

And the man did it very hidden, and neither the old lady nor Mother Feng found out.

“It’s impossible.” The old lady looked suspicious, “In the last car accident, I paid attention to your situation the whole time, and I didn’t hear that there was a problem with your heart at all.”

“Yes, young master, I haven’t heard of it either.”

Fu Jingting lowered his eyes, lowered his eyes, and explained with a light smile, “That’s because Zhang Cheng was afraid that your old two couldn’t stand this stimulation, so he hid it without authorization, and also let the doctor hide that he didn’t tell you, in the past

few months, I have been looking for a suitable heart, and finally found it a few days ago, and successfully underwent a second heart exchange operation.”

“Is that so?” The old lady looked at Fu Jingting, as if she wanted to see Fu Jingting through.

Fu Jingting looked at her without flashing, and told her with a calm look that this was what he said.

The old lady finally believed it, and patted Fu Jingting’s shoulder angrily and urgently, “You child, such a big thing has to be hidden from my old woman.”

“I don’t want to irritate you grandmother either.” Fu Jingting took the old lady’s hand and gently replied.

The old lady snorted coldly, “I was afraid that I would be stimulated, but now I am not afraid?”

Fu Jingting shook his head, “I’m really not afraid now, because now that I’m all right, there will be nothing else, so I dare to tell you boldly, and don’t worry that you won’t be able to stand it.”

“You really think of your grandmother too fragile.” The old lady clenched her crutches, “Even if you tell my old woman at that time, my old woman will not necessarily be stimulated to fall, don’t forget, my old woman survived the war years.”

“I know.” Fu Jingting nodded, “I know that grandmother has always been very strong, but I don’t dare to bet, so a few more times, I will choose to hide from you, and when it is ready, I will tell you everything.”

“How many more times?” The old lady slapped him angrily, “This kind of thing, once is enough, you are a robot, the parts are not just changed casually?”

This amused Fu Jingting and Feng Mama.

Mother Feng also helped the old lady to teach a lesson, “It’s the eldest young master, don’t say these words nonsense in the future.”

“Well, it won’t.” Fu Jingting nodded his head reassuringly, “In short, my heart is a young and healthy heart now, as long as I don’t experience other dangerous things, I can still be healthy to old age, so grandmother don’t worry.”

“You told me this after the operation was done, I think it’s too late to worry.” The old lady glared at him angrily, “Grandmother knows, you don’t tell your grandmother, you secretly did these things, because you are afraid that your grandmother can’t stand the blow and go like this, but grandmother still hopes that you will have other things in the

future, so don't hide from your grandmother anymore, sometimes keep hiding, not necessarily good for grandmother, grandmother also wants to know your situation for the first time, do you understand?"

"Understood, rest assured grandmother, not again. There are these things. Fu Jingting bowed.

The old lady sighed, "It's good if you don't have it, grandmother is this age, and she doesn't expect anything, I just hope that you will be safe."

"Yes, we will always be safe." Fu Jingting squeezed her hand, "I still want my grandmother to attend my wedding with Xiaoyezi."

He turned his head to look at Rong Shu behind him.

Rong Shu barely squeezed a smile, "Yes, grandmother." The

old lady nodded with a smile, "Yes, don't look at the old woman, I'm not in good health now, but the old lady knows, I can live for a while, I will definitely live until you hold the wedding, but when do you plan to hold the wedding?" You've all got your licenses, and the wedding should be on the agenda, right?

Fu Jingting snorted, "Of course, the schedule will be raised, and when Xiao Yezi takes revenge, the wedding will be held immediately, Gu Yaotian is almost dead now, it is estimated that it will not be long before you can see our wedding." "

Chapter 1365 – The Greatest Good News

"That's wonderful." The old lady was delighted.

Mama Feng also smiled happily.

For old people of their age, there are not many things that deserve to make them happy.

Because they have lived their whole lives, they have enjoyed what they should have enjoyed, and they have experienced what they should have experienced, so few things can arouse their emotions more.

Now what can arouse more emotions for them is only the affairs of future generations.

Start a family, get married and have children.

Only in this way can they be happy.

“By the way, Jing Ting, didn’t you say the day before yesterday that you have good news to tell us about the two old women? I’ve been looking forward to it for two days, what good news. The old lady suddenly thought of this matter and quickly asked.

Mother Feng also looked at the two expectantly.

Rong Shu and Fu Jingting looked at each other.

Finally, under Fu Jingting’s encouragement, Rong Shu took a deep breath and took out a piece of information from the baby and handed it over.

The old lady took the information with a puzzled look and looked at it, and when she saw the back, she first looked up at Rong Shu and Fu Jingting in disbelief, and then hurriedly lowered her head and stared at the information in her hand tightly, “This Xiao Feng, come and see what this is?” My old woman didn’t read it wrong, right?

She quickly handed the information in her hand to Mother Feng.

Mother Feng quickly checked, and when she saw the end, the whole person was excited, “Old lady, you read it right, you read it right, this is a pregnancy checklist, and the young lady is pregnant.”

Saying that, Mother Feng looked at Rong Shu excitedly, “Young lady, you are pregnant, right?”

Rong Shu smiled and nodded, “Yes, it’s been more than half a month.

The old lady finally reacted at this time, and happily slapped her thigh, “Ouch, this is really great news.”

Mother Feng nodded repeatedly, “No wonder the eldest young master and the eldest young lady want to save this matter for today and say, today is the New Year, it was originally a good thing, and now the news of pregnancy is exposed, isn’t this better?” The eldest young master and the eldest young lady want to make you more happy old lady.

“I know, I know.” The old lady excitedly took Rong Shu’s hand, “Shushu, you are really a hero of our Fu family.”

Fu Jingting raised his eyebrows.

What does it mean?

Only Xiaoyezi is a hero, he is not?

Besides, without him, Xiaoyezi wouldn't have gotten pregnant.

Although he thought so, Fu Jingting did not say that seeing the old lady so happy, he went with them.

"Grandmother, you are serious, what kind of meritorious is not meritorious hero, I just" "

No." The old lady interrupted Rong Shu's words and insisted on her own statement, "You are the hero of our Fu family, Shushu, do you know?" This is the best news grandmother has heard this year, happier than the two of you getting married again.

Speaking of this, the old lady's eyes suddenly turned red, "Grandmother still thought that grandmother would never be able to see your child born in her life, but I didn't expect that God was still very kind to my old woman, let my old woman see the arrival of my great-grandson in the last days, my old woman is really happy."

"Grandmother" Rong Shu also choked up a little, took the old lady's hand and put it on her stomach, "The baby must be very happy to know that his grandmother is so happy about his arrival."

The old lady touched her belly and smiled kindly, "Shushu, what discomfort is there?" If there is anything uncomfortable, be sure to tell us, don't let us worry, know?

"Don't worry, grandmother." Rong Shu nodded, "It's about the baby, I won't hide it, but I really don't have anything uncomfortable, it's only half a month, and if there is a reaction, it will take until two months, so don't worry."

"That's good, that's good." The old lady was relieved, "But it's only half a month, how do you know that you may be pregnant?" Generally

speaking, ordinary people know that they are pregnant, and the pregnancy period has reached about two months.

Very few people find out they are pregnant when they are half a month pregnant.

Rong Shu smiled and explained, "In fact, at the beginning, we didn't know that we were pregnant, but when I took care of Jing Ting that day, I suddenly felt a little uncomfortable, Jing Ting was worried about me, so I called a doctor and asked me to do an examination, and then I checked it out."

"That's right." The old lady nodded abruptly, "It's good to check it out early, otherwise it will be troublesome if you eat something you shouldn't."

"yes." Rong Shu agreed with this, "Maybe the baby also hopes that we will find her earlier, so it will suddenly let me have some reaction."

“This kid is a smart one.” The old lady looked at her belly and said with a smile.

Fu Jingting snorted unhappily.

Smart is smart, even his old son’s sexual life is lost.

The old lady heard Fu Jingting’s cold snort, and immediately sank her face unhappily, “Fu Jingting, what do you mean by this?” I don’t want Shushu to conceive a child, do I?

Mother Feng also looked at Fu Jingting with a condemning expression.

Fu Jingting was stunned.

What’s the situation?

Grandmother is also too fickle!

One second he was still caring about his body, and the next second he knew that he was going to have a great-grandson or great-granddaughter, and his grandson would immediately be worthless!

This is really

Fu Jingting was angry and funny, and quickly shook his head and replied, “No, how dare I.”

“If you don’t dare, if you dare, see if I don’t peel a layer of your skin.”

Rong Shu snorted, “He is indeed a good person.

Although

Fu Jingting was not happy, she shouted that other men were good.

However, Lin Tianchen was an exception, and he didn’t feel that there was anything to think about.

After that, the old lady asked Rong Shu some other questions, and after learning that Rong Shu really would not bring any problems to herself because she was pregnant with this child, she completely let go of her heart.

After that, Rong Shu knew what a national treasure-level life is.

The old lady and Mother Feng completely regarded her as a porcelain doll, for fear that she would be cold and hungry, and take care of her without leakage.

It made her feel very funny.

She's just pregnant, and she's not really that fragile.

But the old lady and Mother Feng just took care of her like a fragile doll, which made her feel funny and very touched in her heart.

In the evening, when eating Chinese New Year's Eve, the old lady did not hide from everyone and told everyone about Rong Shu's pregnancy.

Wang Shuqin and Fu Jinglin reacted the most.

After Wang Shuqin was surprised, she pouted, feeling that God really did not have long eyes, and actually let Rong Shu get pregnant at this time, no wonder the two suddenly remarried.

Of course, Wang Shuqin is not an absolute bad person, although she does not like Rong Shu and does not wait to see Rong Shu pregnant, but she does not plan to do anything to Rong Shu.

She knew very well that she couldn't stop two people from being together, so what happened between them, why did she care so much?

At most, he muttered a few times in his mouth, not planning to really do anything.

And Fu Jinglin was simply happy, constantly nagging that he was going to be an uncle, and said that when the child was born, he would ask his little nephew or little niece to play basketball.

In short, except for Wang Shuqin, everyone else was happy about Rong Shu's pregnancy.

Rong Shu naturally also discovered Wang Shuqin's reaction, but she didn't care and didn't bother to pay attention to it.

However, in her heart, she still secretly left a heart and decided that if Wang Shuqin dared to do something to her, she would definitely not let Wang Shuqin go.

After eating Chinese New Year's Eve, everyone sat around the hall to watch the New Year.

Fu Jinglin is an idle teenager, and after guarding for a while, he ran out to set off firecrackers and fireworks to play.

The old house is located in the suburbs, and there are not many buildings around, so you can set off fireworks and firecrackers.

Fu Jinglin pulled Assistant Zhang and went out.

Assistant Zhang didn't want to play with him, but the essence of human beings is really fragrant, and after a while, he really became addicted to playing.

Two men with a fairly large age difference finished fireworks in the yard and had a lot of fun.

Wang Shuqin knew that they didn't like her and that she wasn't welcomed, so she didn't stay here for long, went back to her room to sleep and left.

Fu Jingting could not be out for a long time, and he had to stay in bed frequently, so that his recovery would be more helpful.

So Rong Shu didn't stay long, and not long after Wang Shuqin left, he also pushed Fu Jingting back to his room to rest.

The old lady also agreed with them to go back to rest quickly, not only because of Fu Jingting's body, but also for Rong Shu's body.

Rong Shu's body also needs to stay in bed frequently, so you don't have to take this kind of thing too seriously, it means to keep it for a while.

What's more, at the age of the old lady, her mental state is not very good, and she is also sleepy for a while.

After Rong Shu and them left, the old lady could also go back to rest, without having to support the two young people.

In this way, except for Fu Jinglin and Assistant Zhang, who were still playing tonight, everyone else went back to each house.

Rong Shu pushed Fu Jingting back to the room of the two of them.

Well, before the day before yesterday, this was Fu Jingting's room alone, but now that they have remarried, it is indeed a room for the two of them.

Rong Shu took Fu Jingting's coat and hung it up, while Fu Jingting sat on the edge of the bed, holding the gift she gave during the day, and was opening it with interest.

He had long wanted to see what was inside, but he couldn't bear to open it during the day.

Now that there are only two of them, he can open it generously without hiding it.

Rong Shu saw that he was opening gifts, smiled, did not disturb her, and went to the bathroom to wash.

Here, Fu Jingting finally opened the box, and inside it was not a precious gift, but a yellowed and old letter.

Fu Jingting recognized at a glance that those letters were all written by him, and they were the replies he gave her when he used to be penpals with her.

Fu Jingting put the box on his leg, and then took out all the letters inside, a thick pile, he almost didn't hold it.

These letters were categorized and organized by date.

Fu Jingting saw the top, the first reply letter he gave her, his thin lips hooked a nostalgic arc, and his big hand couldn't help but touch this letter.

They met through the Internet drifting bottle, when he salvaged at random, and he salvaged her drifting bottle, which wrote her mood.

After reading it, he felt that she was quite pitiful, and then replied to her and comforted her.

Since then, they have added friends, exchanged each other's real-world contact addresses, and started penpal trips.

He still remembers vividly what the first letter he wrote to her was.

Fu Jingting opened the first letter and couldn't help but laugh when he saw that his handwriting was still slightly immature and not sharp enough.

Then, he opened one letter after another and read them one by one.

Some of the letters, he had long forgotten the content, and some of them he was impressed by and remembered very well.

But whether it has long been forgotten or has not been forgotten, now look at it again, there is a different feeling, there is a kind of reliving the process of falling in love with her, it is good.

"It seems that you like this gift from me." Rong Shu had finished washing, came behind him, bent over and lay on the man's back, and said in a soft and delicate voice.

Fu Jingting carefully put the letter back into the box, and his voice was low and hoarse, "Of course, this is the best gift I have received, I didn't expect that you would give me this."

Rong Shu hugged the man's neck, "In fact, at the beginning, I didn't know what was appropriate to send you, I thought about it for a long time, and finally thought of something, so I decided to give them to you, these were originally written by you, and now they are also considered to be returned to the original owner, how about it?" After so many years, will you feel differently when you see the letters you wrote in the past again? "

"Of course there is." Fu Jingting nodded, and then looked at her guiltily, "I'm sorry, what you wrote to me, I didn't keep it well, it was burned by Gu Manyin."

At that time, he was still in hypnosis, and he always thought that Gu Manyin was Maple Leaf.

So when Gu Manyin proposed that she was already by his side and there was no need to keep those letters, he agreed.

In this way, those letters were all burned by Gu Manyin.

"It's okay." Rong Shu shook her head, knowing that she couldn't blame the man, and replied with a smile: "At least everything you wrote to me is still kept, these are enough to prove that our past is over."

"I will take good care of these and will not give anyone a chance to destroy them again." Fu Jingting hugged the box and squinted and said firmly.

Rong Shu snorted.

Then Fu Jingting took out a delicate small gift box from his pocket and gave it to her.

Rong Shu was slightly stunned, "This is?"

"A New Year's gift for you." Fu Jingting looked at her and smiled, "As my wife, how can I not prepare a gift for you." "

Chapter 1367 – New Year's Gift

Rong Shu took the box in the man's hand with a surprised face, "I saw that you didn't prepare a gift for everyone, I thought" "

Who said I didn't prepare it for everyone?" The man looked at her and smiled, "I just plan to give it to everyone tomorrow, tomorrow is the first day of the new year, and it is most appropriate to give gifts, but your gift, I thought about it, or decided to give it to you now, after all, you have prepared it for me, but I didn't give you anything today, which is somewhat bad."

"So it will." Rong Shu shook her head, "Even if you don't prepare a gift for me, I won't feel anything, after all, you usually give me a lot of gifts."

"That's different." Fu Jingting kissed her hand, "The gift that is usually given to you is usual, and now it is the New Year, and it is a New Year's gift for you."

"In that case, then I'm not welcome." Rong Shu straightened up and began to unpack the gift, asking as she opened it, "What is this?"

"You'll know it when you see it." Fu Jingting didn't answer, just let her see.

She didn't say anything more, and happily opened the gift box.

Inside was an extremely luxurious women's watch, and Rong Shu exclaimed, "This is Belle Feida's latest model this year, right?"

Fu Jingting was noncommittal, "That's right, I think it's very suitable for you, so I let people buy it."

Saying that, he took the watch in his hand, then grabbed her left wrist and personally put the watch on her, "The gift I gave me does not have special significance as what you gave me, but it is rare, and it can be regarded as a unique gift, don't dislike it."

Rong Shu looked at the famous watch on her wrist that cost tens of millions, and said with a smile: "Such a valuable watch, if I dislike it, then don't I know how to be evil?"

"Like it?" Fu Jingting lowered her sleeves.

Rong Shu nodded, "I like it." Such

an expensive watch, I am afraid that no one will not like it.

"Just like it, when I first saw the magazine, I thought it was very suitable for you, and now you wear it." Fu Jingting touched her slender wrist and praised.

Rong Shu smiled, "I don't know when you bought it."

"I ordered it a month ago, and it arrived the day before yesterday." The man replied.

Rong Shu nodded and asked no more.

After that, she pushed the man to the bathroom to wash.

While the man was washing inside, she waited outside as usual.

At this time, many people are sending red envelopes to each other for the New Year.

Rong Shu was no exception to receiving many New Year's greetings and red envelopes, such as Lu Qichenghuai and Mrs. Lu and others.

Of course, she did not accept it politely.

At the same time as accepting it, he also returned the red envelope, and the other party also accepted it very calmly.

After all, everyone gives to each other, if they don't accept it, it's not good, it will make others unhappy.

In saying that they sent red envelopes to each other, they originally meant to be happy.

If one of them does not accept it, the other party will not be able to continue to talk to him, feeling that it is not good to accept other people's things in vain.

That's why everyone will accept the red envelope unannounced.

Don't say, everyone sends red envelopes to each other in this way, which is really fun and happy.

When Fu Jingting came out after washing, he still saw Rong Shu smiling.

He raised his eyebrows and asked, "What are you laughing at?" So happy?

Rong Shu did not hide from him, and explained with a smile, "It's fun to send each other New Year's red envelopes with Ah Qi, and grab red envelopes."

"What's so fun about red envelopes." Fu Jingting pursed his thin lips and said in a somewhat sour tone.

Rong Shu smiled, and then clicked her finger a few times on the screen.

Fu Jingting immediately heard his mobile phone ringing, took it out and saw that it was Rong Shu who sent him a red envelope.

He looked up at the woman puzzled.

The woman replied, "I have sent red envelopes to others, as my husband, how can you not have it, rest assured, the red envelopes given to you are the most special and the largest."

"Really?" Fu Jingting's eyes lit up.

Rong Shu was noncommittal.

Fu Jingting hurriedly opened the red envelope, one three one four five two zero numbers, and was immediately happy.

Even if he doesn't have much internet, he knows what these numbers mean, and I love you one by one.

"Are you happy now?" Rong Shu looked at Fu Jingting.

Fu Jingting coughed lightly, "It's okay, I'll send you one too."

His fingers flicked quickly across the screen.

Rong Shu soon received a man's red envelope, I love you for the rest of my life.

More than her confession.

Rong Shu shook her head funny, "Thank you husband."

"You call again." When Fu Jingting heard her husband's voice, his expression became obviously excited.

Apparently, he liked the title.

After all, calling him husband means that she truly accepts him as her husband.

Rong Shu looked at the man's impatient look, smiled helplessly, and then satisfied him and called her husband again.

Fu Jingting's breathing became heavier, and his voice became hoarse, "Call again."

"Husband."

"One more call."

Rong Shu rolled her eyes angrily, "You use me as a repeater?" Don't call anymore.

With that, she turned around and left.

But Fu Jingting saw very clearly that she was shy, and the red ear tips were so obvious.

Fu Jingting controlled the wheelchair and followed him, "Wife."

He kept calling his wife behind her.

In his opinion, since she doesn't want to call him husband, then let him call her wife.

So in the following time, Fu Jingting was like a fart, where Rong Shu went, he followed, his wife and wife kept screaming, and Rong Shu's face was red, embarrassed.

However, Rong Shu did not mean to let the man shut up quickly.

He likes to bark, let him call.

as long as he's happy.

With this thought, Rong Shu let Fu Jingting go, and in the end, she didn't feel embarrassed anymore, she was used to it.

"Wife." After cleaning up everything and lying on the bed, Fu Jingting suddenly came over and buried his head in her neck socket, his voice was as hoarse and low as it was, and the charm and seduction mixed in his tone were not concealed at all.

Rong Shu knew that the dog man was in heat.

Rong Shu rolled her eyes and gently pushed the man, "No, don't even think about it, you're not well, it's best to dispel those messy thoughts, even if you're well, I'm pregnant, you can't touch it."

Fu Jingting listened to her words, and did not mean to retreat, and hugged her tighter, "I know, but I really want to, you help me."

"Nope." She blushed and loudly refused.

Rong Shu was overwhelmed by his heart, and he had to agree.

After all, dog men rarely use this kind of look to beg her, so she can't help but be soft-hearted.

If it were anything else, she might agree, but she really can't do this kind of thing.

"Wife." Seeing that Rong Shu still did not agree, Fu Jingting buried his head directly in her arms and was coquettish.

A big man coquettish to himself, the power naturally needless to say, Rong Shu's head was dizzy, suddenly did not know anything, subconsciously nodded his head, agreed.

By the time she reacted, it was too late, and the man had already grabbed her hand and told her to retreat.

She wanted to cry without tears and hated the dog man.

Really, she was confused by the beauty of the dog man, otherwise she would have agreed without being dizzy.

This night, Fu Jingting was comfortable, but Rong Shu's hand was not.

Especially after seeing the dog man satisfied, sleeping sweetly, she couldn't wait to kick him out of bed directly.

Although, think about it, she won't really do it.

After all, the dog man is a patient, she really did this, and in the end she regretted that the person who felt sorry was her.

Why bother?

Rong Shu pouted, also lay down, and directly turned his back to the dog man, not bothering to look at him.

However, Fu Jingting seemed to feel something, and at the moment she lay down, he stuck it up again and hugged her into his arms from behind.

Rong Shu was also really tired, and not long after curling up in Fu Jingting's arms, she fell into a deep sleep.

After she fell asleep, the man who had already fallen asleep suddenly opened his eyes and woke up, his eyes were clear, and there was a slight sense of sleep.

Obviously, he hadn't slept all this time just now, and the so-called sleep was just what he pretended.

In fact, it was, he was indeed pretending.

He knew that she had always been quite thin-skinned, so after release, he immediately pretended to sleep and gave her a buffer process, otherwise she would definitely not dare to look at him.

No, he kept pretending to sleep, knowing that he was asleep before he dared to wake up with confidence.

“Wife, hard work.” Fu Jingting hugged the woman in his arms, probed and kissed the woman’s face, and then put his arm around her and closed his eyes satisfiedly.

The next day, New Year’s Day.

Rong Shu changed her clothes and packed up, pushed Fu Jingting to the restaurant for breakfast, and after going, she also received red envelopes from the elders.

The old lady and Feng Mama gave her and Fu Jingting a red envelope, bulging, and when they saw it, it contained a lot of it.

Not only the old lady and Mother Feng, but even Wang Shuqin gave her red envelopes.

However, Rong Shu knew that Wang Shuqin must be reluctant to give it, but she had to give it to her.

After all, everyone gave it, but she, as an elder, did not express anything, which was obviously not good, so Wang Shuqin was unwilling to do so, and still sealed a red envelope for her.

Rong Shu accepted it, and it should be a gift for the jewelry given yesterday.

In saying that, seeing Wang Shuqin’s reluctant look, she was more willing to accept it.

After all, when he accepted it, Wang Shuqin’s expression, don’t mention how funny it was.

After breakfast, Rong Shu and Fu Jingting took their leave, after all, Fu Jingting couldn’t stay outside for too long in this situation, and he should have returned to the hospital after Chinese New Year’s Eve dinner yesterday.

But Rong Shu and he thought that it was rare to accompany the elders during the New Year, so he specially greeted Lin Tianchen, and he didn’t go back to the hospital last night, choosing to go back early this morning.

Because it took a lot of time to go back to the hospital, after going back today, Fu Jingting also had to do a detailed physical examination to see if there was any physical impact on the body after not returning to the hospital for such a long time.

Although the old lady was reluctant, she also knew that it was related to her grandson's physical condition, so she was reluctant and agreed to the two to go back to the hospital.

However, the old lady also said that in the evening, they went to the hospital to accompany them, so that it was a reunion and not a separation.

Back at the hospital, Fu Jingting was directly picked up by the medical staff to do a detailed physical examination.

Rong Shu and Assistant Zhang were waiting outside.

After waiting for more than an hour, Fu Jingting was pushed out in a wheelchair by the nurse, Rong Shu quickly stepped forward, took over the nurse's work, and asked the nurse, "Is my husband okay?" The

nurse smiled and replied, "Mrs. Fu rest assured, Mr. Fu is in good condition, there is nothing wrong." Hearing

this, Rong Shu's hanging heart finally fell back to its original place, "That's good."

"The main thing is that during the period when the two left the hospital, they still listened to the will, did not eat anything they shouldn't eat, and did not have anything emotionally excessive, so Mr. Fu's situation was fine."

"For the sake of his body, of course we have to pay attention." Rong Shu looked down at the man in the wheelchair and said with a smile.

The man patted the back of her hand, signaling her to be completely relieved.

At this time, Lin Tianchen also came out of the examination room, saw that everyone was here, and raised his eyebrows, "What's wrong?" What are you all doing here, not going back to the ward?

"I'll be back in a minute." Rong Shu replied, and then thought of something and took out a few large red envelopes from her bag.

She gave one of the biggest and thickest to Lin Tianchen.

Lin Tianchen took it puzzled, "What do you mean?"

Rong Shu smiled, "Grandmother gave you a New Year's red envelope."

"For me?" Lin Tianchen pointed to himself in slight surprise.

Rong Shu snorted, "Yes, grandmother already knows the physical condition of me and Jing Ting, so I am very grateful for your care of me and Jing Ting, so I specially prepared a New Year's red envelope for you, let us bring it to you, don't misunderstand, this is really just a simple New Year's red envelope, the elders give the younger generation money, not the so-called thank you fee or something, so you must accept it."
After

that, no matter what Lin Tianchen reacted, Rong Shu handed out a few slightly smaller, but also very thick red envelopes in her hand to several other doctors and nurses, "These are also New Year's red envelopes, the same as Dr. Lin's, so please accept them."

"Director Lin." Several doctors and nurses did not take it, but looked at Lin Tianchen.

Although they also know that Rong Shu gave New Year's red envelopes, but mainly red envelopes, as medical staff, they cannot accept them casually, in case they are used by people with intentions, it will also become a reason for them to accept bribes.

Of course, Lin Tianchen knew why they looked at themselves, and they were all waiting for his consent.

To be honest, this is the second time Lin Tianchen has received a red envelope.

The first time was the red envelope given by Rong Shu for her and Fu Jingting's wedding, and this time it was the New Year's red envelope given by the grandmother of the two.

The mood of receiving the red envelope was different both times, but it also made him feel fresh and had an indescribable sense of joy.

In the end, Lin Tianchen nodded and agreed, "Just accept it for you, but it's not allowed to be passed on, just know it yourself." The

eyes of several doctors and nurses lit up, and they quickly agreed happily, took the red envelope in Rong Shu's hand, and thanked Rong Shu and Fu Jingting one after another.

After all, such a big and thick red envelope, they also saw it for the first time, the first time they received it.

Sure enough, the rich man is different.

"Okay, let's go back first." Lin Tianchen saw that everyone also received the red envelopes, so he said "Open your mouth to drive away the crowd, and stop gathering here."

Rong Shu also wanted Fu Jingting to rest early, so she immediately agreed to come down and pushed Fu Jingting to the ward.

Assistant Zhang also followed, and there was still something to report to Fu Jingting.

A new day, a new year, and then they have a lot of work to do.

Fortunately, Assistant Zhang also knows that the most important thing for Fu Jingting is to rest, so there is not much work to report to Fu Jingting, all of which need Fu Jingting to sign and deal with it personally, and the rest he can handle by himself, he did not tell Fu Jingting, just hope that Fu Jingting can have more time to recuperate.

Assistant Zhang didn't stay in the hospital for long, and left after reporting his work.

Rong Shu asked Fu Jingting to sleep for a while, but Fu Jingting couldn't sleep, and finally simply took out a textbook and taught Rong Shu management.

After all, five months later, she still has to take the exam to study abroad, so she must hurry up and study more.

Otherwise, it will be troublesome if you fail the exam.

Chapter 1369 – Lu Qi's Worries

So on the first day of the new year, the two did not go out, there was no entertainment, they studied management in the hospital and studied for a whole day.

This is the first time Rong Shu has celebrated the New Year like this, but he is not bored.

After all, the person you love is around, as long as you are with the person you love, how can you be bored?

But the next day, Rong Shu left Fu Jingting alone in the hospital, carried her gifts, and went to Lu's house to pay New Year's greetings.

When he left, Fu Jingting's resentful eyes, Rong Shu still felt funny when he saw it.

"Shushu, why are you here alone? Jing Ting didn't come with you? Rong Shu parked the car, Mrs. Lu heard the movement, quickly came out of the villa to greet, saw that only Rong Shu got down from the car alone, Fu Jingting was not there, and couldn't help but ask more.

Rong Shu took out the gift from the trunk and explained to Fu Jingting with a smile, "He had an operation some time ago, and he is still in the hospital and has not been discharged, so I can only come by myself."

"Surgery?" Mrs. Lu was shocked, "What operation?" Is it serious?

"It's a major operation, but the operation went smoothly, and now as long as you stay in the hospital for two or three months, you should be fine." Rong Shu simply replied, and did not intend to tell Mrs. Lu what surgery Fu Jingting had undertaken.

After all, this was Fu Jingting's own secret.

Mrs. Lu also knew that Rong Shu deliberately didn't want to say it, so she didn't ask much, and she was relieved to hear that Fu Jingting was okay.

"Hey, it's a pity that he didn't come, I also let the kitchen make him his favorite dishes, the last time he came here, I saw that he liked it, so I specially let the kitchen prepare, but the person actually didn't come." Mrs. Lu helped Rong Shu mention the things in her hand, and said with some regret.

Rong Shu smiled, "There is no way around it, but I'll pack him a copy to the hospital in a while, so that your aunt will not be wasted."

"Okay, I'll get the kitchen packed later." Mrs. Lu said with a smile.

The two entered the villa, and Rong Shu saw that there was no one else in the villa except them, and she couldn't help but feel a little strange, "What about aunt, uncle and Ah Qi?"

"Your uncle went out to play chess." Mrs. Lu put the things away and replied, "You know, he is also a little hobby, and he is a smelly chess basket, and he loves it, just for the New Year, everyone is idle at home, so he went out with the chess board to find someone to play chess with him, as for Ah Qi, he still slept upstairs."

Rong Shu covered her lips and smiled, "It's my uncle's style."

"Yes, so if he wants to play chess, let him go, and I won't stop him." Mrs. Lu poured a glass of juice for Rong Shu, and then said, "Shushu, you sit first, I'll go upstairs to wake up the lazy thing, it's almost noon."

"Okay, aunt, go ahead, leave me alone." Rong Shu picked up the juice and took a sip.

Mrs. Lu went upstairs.

Rong Shu sat on the sofa for about ten minutes when she heard movement upstairs.

She looked up and saw that Lu Qi was grabbed by Mrs. Lu's ears and came downstairs.

Along the way, Mrs. Lu was still counting the falls, saying that Lu Qi was lazy, and he was still in bed for the New Year.

And Lu Qi, with a look of lovelessness, let the old man fall, this scene, Rong Shu was funny to watch.

"Shushu, you're here." Rong Shu's laughter was heard by Lu Qi, and Lu Qi's whole person suddenly became energetic, waving his hand to greet her.

Mrs. Lu was also not good to grab her son's ears anymore, quickly let go, and smiled at Rong Shu, "Shushu, Ah is up, then you can chat, aunt go to the kitchen to take a look."

"Okay aunt." Rong Shu nodded.

Mrs. Lu glared at Lu Qi again before walking towards the kitchen.

Lu Qi rubbed his ears and came to the opposite of Rong Shu, "It's true, I still dreamed, but I was picked up by my mother, Shushu, you said that my mother is also true, I am thirty years old, and she still treats me like when I was a child."

Rong Shu propped her chin and looked at him enviously, "How good is this, there is still my mother in pain at the age of thirty."

And what about her, her biological parents did not want her.

She finally had her parents, but her mother left with things she couldn't remember.

She really has never felt what maternal love is, so many times, she is really envious when she sees that others have parental love.

Now that she is pregnant and is going to be a mother, she has already vowed that after the baby is born, she will love her well.

She has not enjoyed what is called motherly love, but she will definitely let her children enjoy it.

Lu Qi didn't know what she was thinking, but hearing her envious words, his heart suddenly became unpleasant.

"What is there to envy, my mother is also your mother, so Shushu, we all love you." Lu Qi looked at Rong Shu and told her seriously, let her not think too much.

Rong Shu snorted, "I know, so I have never felt unhappy, even if I have never really felt my mother's love, but I know that my mother must love me very much, as well as my

father, grandfather, and uncles and aunts and you, so I don't feel that I am much less than others, on the contrary, my heart has always been sufficient."

"You're right to think that." Lu Qi was relieved to see that she was emotionally stable, and then asked, "How?" Just you, didn't Fu Jingting come?

"He's sick and he's in the hospital." Rong Shu sighed.

Lu Qi could see that what she said was true, and couldn't help but be surprised, "Sick? What's wrong with him?"

"Had an operation." Rong Shu replied.

"What surgery?"

Rong Shu lowered her eyes, and her mood was a little wrong.

Seeing this, Lu Qi couldn't help but feel distressed, "Then will he affect your husband and wife life in the future?"

Rong Shu's face turned red, and she said angrily, "What are you talking about?"

"What's wrong with me saying that?" Lu Qi blinked his eyes, and did not feel that what he said was wrong, "Shushu, you know, if a man is wasted, then even if you love each other in the future, it won't be long, and I also care about you."

"I know, but," Rong Shu stomped her foot, "Oh, I don't tell you, he's fine, he's fine, it's because of the operation for other reasons, and this operation has nothing to do with that, don't talk nonsense."

"Okay, good, I won't say it, as long as you don't affect it in the future." Lu Qi shrugged his shoulders and suddenly stopped talking.

Rong Shu breathed a sigh of relief.

After that, the two chatted for a while, and it was soon time for lunch.

Chairman Lu also came back holding his chessboard, when he came back, his whole face was black, obviously this trip out to play chess, did not win others, otherwise when he came back, it would not be like this, but smiled red and shining.

"Shushu is here." However, after Chairman Lu saw Rong Shu, his dark face immediately changed again, and he suddenly became pleasant.

The speed of this face change was so fast that Rong Shu was stunned when she saw it.

Only Lu Qi and Mrs. Lu rolled their eyes in unison, obviously they had long been accustomed to Chairman Lu's unique face.

"Yes, uncle, come to greet the New Year." Rong Shu stood up and replied with a smile.

"Good, good, you came well, your family will be more lively when you come, by the way, just yourself?" President Fu didn't come? Chairman Lu looked left and right, did not see Fu Jingting, and also asked.

Rong Shu knew that he couldn't escape the situation that the three of them had to ask again, so he patiently told Fu Jingting's situation again.

Chapter 1370: Ah Qi, let's talk

After Chairman Lu listened, he couldn't help but feel some regret in his heart.

The last time Fu Jingting came here, he had a very pleasant chat with Fu Jingting.

Although he is a businessman, he is very interested in playing chess and other knowledge, and he likes to learn other knowledge in his spare time.

It can be said that although he is not proficient in all aspects, he knows a little, and usually talks with other bosses, and it is inevitable that he will write off-topic while talking.

But those bosses are okay to talk about business, but not when it comes to other things, often he speaks alone, and they still don't understand, which makes the atmosphere embarrassing.

But Fu Jingting is different, although young, but erudite, like him, all walks of life understand, and unlike him who only understands some, Fu Jingting knows a lot, some are even proficient.

Therefore, chatting with Fu Jingting can be described as very pleasant, after all, someone has picked up his topic, instead of singing a solo show like before, and no one picks up his own words.

Last night, he learned that Rong Shu was coming over today, and he thought that Fu Jingting would also come with him, so he planned to talk to Fu Jingting about something after Fu Jingting came over.

Unexpectedly, Fu Jingting did not come at all.

Looking at Chairman Lu's regretful expression, Rong Shu knew what he was thinking, smiled and assured, "Uncle, don't be sad, when Fu Jingting is ready, how about I bring him over to chat with you?"

Chairman

Lu's eyes lit up, and he quickly nodded, "That's good."

"Then it's settled." Rong Shu said with a smile.

Lu Qi rolled his eyes on the side, scolding Fu Jingting to death in his heart.

This guy not only snatched away the little green plum that he had guarded since he was a child, but also snatched away his parents' favor.

Did he have a feud with Fu Jingting in his previous life, so he came against him in this life?

No one cared about Lu Qi's thoughts, after all, Rong Shu was chatting happily with Mrs. Lu and Chairman Lu at this time.

Of course, it was basically Mrs. Lu who asked Rong Shu how she was doing recently, and Chairman Lu listened with a smile on the side, occasionally saying a word.

But the atmosphere is exceptionally warm and harmonious.

At this time, the maid came over and reminded everyone that it was time to open the meal.

Mrs. Lu ended the conversation and took Rong Shu's hand and walked to the restaurant kindly.

The lunch was particularly hearty, and there were several dishes that Fu Jingting loved to eat, and Mrs. Lu specially prepared them for Fu Jingting, but it was a pity that Fu Jingting did not come.

Then Rong Shu took a photo and sent it to Fu Jingting, telling Fu Jingting Mrs. Lu's intentions.

Fu Jingting did not rest at this time, so not long after Rong Shu's news was sent, a video came over to personally thank Mrs. Lu for her intentions.

After all, people think of themselves and specially prepare so many meals for themselves, and they have to express themselves.

But in the end, Rong Shu's mobile phone was transferred from Mrs. Lu's hands to Chairman Lu's hands.

For Fu Jingting's video, the happiest is Chairman Lu, because he can talk to Fu Jingting about the topic between them.

So on the next dinner table, there was a picture of Chairman Lu chatting with Fu Jingting while eating.

When he said happy, Chairman Lu would laugh heartily.

Mrs. Lu and Chairman Lu have a very good relationship, and seeing Chairman Lu happy like this, she can't help but show a happy smile on her face.

Only Lu Qi on the side was eating his meal alone, and his eyes were almost rolling to the sky.

Sure enough, this Fu Jingting has come to block him in this life, and this big New Year, all come to his house to spoil the atmosphere, it is really enough.

Also, looking at their parents' rare appearance towards Fu Jingting, who is their own son?

I don't know, I really thought that Fu Jingting was.

In short, this meal, except for Lu Qi to the field, everyone ate happily.

Especially Chairman Lu, if it weren't for a nurse appearing in the last video to remind Fu Jingting that it was time to rest, Chairman Lu would definitely pull Fu Jingting to chat about the north and south.

Because at the dinner table, Chairman Lu and Fu Jingting were too happy, so Chairman Lu drank a lot of wine, and after the video was hung, Chairman Lu began to feel a little dizzy.

Finally, he was helped upstairs by Mrs. Lu to rest.

In the living room of the villa, there were only two people, Rong Shu and Lu Qi.

Rong Shu hesitated and tangled for a while, but finally decided to talk to Lu Qi, got up and walked in front of Lu Qi, "A Qi, can we go to the garden?"

Lu Qi was looking at his phone at this time, heard her words, put the phone down and looked at her, "What's wrong?" Why did you suddenly think about going to the garden? Do you want to enjoy the flowers? It's a pity, now in winter, the flowers in the garden have not yet bloomed, those are tropical flowers and plants, and there is nothing that can bloom in winter.

"It's not." Rong Shu shook her head, "I'm not trying to enjoy the flowers, I have something I want to talk to you about."

Lu Qi blinked, "Something to talk to me about?"

"Hmm." Rong Shu answered.

Lu Qi was even more puzzled, "What can you say now, why do you have to go to the garden, how cold the garden is."

"It's inconvenient to say here." Rong Shu glanced upstairs.

She was worried that after a while talking, Mrs. Lu would come down, and it would be bad to hear anything at that time.

Lu Qi also understood what she meant by looking upstairs, put away her mobile phone and stood up, "This way, that's okay, let's go, I'll let people open the garden greenhouse." "Good

." Rong Shu snorted.

The two came to the garden one after the other.

In the garden there is a glass conservatory, which is heated for some fragile flowers and plants that can no longer survive in winter.

Now that the two are talking inside, they can also be afraid of the cold.

And there is a small table in the conservatory
