Chapter 1371: You Are Cowardly

Rong Shu took a deep breath, "It's about the matter between you and Secretary Tong. As soon as these words came out, Lu Qi's pupils contracted significantly.

About the matter between him and Tong Xi?

What do you mean?

Could it be, what did she know?

Lu Qi's hand holding the milk tea cup couldn't help but slowly tighten.

Rong Shu saw it and sighed lightly, "Ah Qi, you are nervous."

Lu Qi pursed his lips and said nothing.

Rong Shu said again: "You're nervous, do I know something, right?"

Lu Qi looked up at her sharply, the shock in his eyes unconcealed.

"Looks like I guessed right." Rong Shu smiled lightly, "We grew up together, you know me, I naturally know you, so I can easily guess what you are thinking through your eyes, an expression, or even a movement, and you agree to do the same, you can easily know what I am thinking, we know each other best."

Lu Qi was silent for a moment, and finally spoke, "So? What do you want to tell me about me and Secretary Tong?"

Rong Shu took another sip of milk tea, "Until now, I don't hide from you, in fact, I know everything that happened between you and Secretary Tong." "What

?" Lu Qi's face changed drastically, "You know everything?"

"That's right." Rong Shu nodded.

"Tong Xi told you?" Lu Qi's face was ugly, and there was obviously a bit of anger in his voice.

Rong Shu shook her head, "Of course not, why do you think so?" Ah Qi, everything that happened between you and Secretary Tong, I will know, not necessarily what Secretary Tong told me, so under the premise that you have no evidence, you can't blame all the

mistakes on Secretary Tong at once, which is not fair to her, I will know, it's completely because the two of you are not right.

Lu Qi didn't speak, just looked at her, the meaning in his eyes was obvious, and he hoped that she would continue to speak.

Rong Shu rubbed her temples, and indeed continued, "Secretary Tong is your college classmate, and after graduation, he has also been the chief secretary by your side for many years, the relationship between you has always been very good, it is a superior and subordinate, but also a friend, after so many years of getting along, even if there is no love, there is a deep friendship, with your personality, I think that I will not suddenly have a bad feeling and dislike for Secretary Tong, Unless something has happened between you that you can't accept.

"And then?"

"The relationship between you and Secretary Tong deteriorated too quickly, the day before it was normal, and the relationship dropped sharply the next day, especially your dislike of Secretary Tong, not to mention Secretary Tong himself, even I felt frightened when I saw it, and Secretary Tong himself was in a trance during that time, often not in state, both of you are too obvious to each other's performance, without the slightest concealment, so I am very curious about what happened between you, I asked you, I also asked Secretary Tong, but..."

She paused, "But neither of you told me what happened between you, you are all my friends, you are suddenly like this, how can I not worry, so I have been paying attention to you, but two months have passed, and I still don't know what happened between you." Speaking

of this, Rong Shu smiled bitterly, "No matter how I ask you, you all keep your mouths shut, you will even directly show your disgust for Secretary Tong, and Secretary Tong will also show a sad look, which makes me more worried, so I am ready to secretly investigate what happened between you, but before I can find someone to investigate, Secretary Tong's pregnancy is exposed here, and women will have gagging reactions when they are two to three months pregnant, It was because of this that I guessed that Secretary Tong was pregnant, so I asked her directly, and she also knew that she could no longer hide it, so she explained everything.

Lu Qi's handsome face was full of mocking sneers, "So in the end, she told you everything, how?" She wants to get care and sympathy from you, and then ask you to come to me and let me forgive her?

Rong Shu frowned, "Ah Qi, how can you think so? How could he speculate on Secretary Tong so maliciously? Secretary Tong has never let me do this, she will tell me, because she guessed that she was pregnant, so she couldn't hide what she told me, not what

she felt told me in the first place, and she didn't let me help her intercede with you, if she let me do this, how could I wait until now to come to you to talk about this?

Lu Qi also knew that what he just said was too vexatious, so he was taught a lesson by Rong Shu at this time, and did not refute it.

Rong Shu took another sip of milk tea and calmed down a little before continuing.

“Secretary Tong told me about the matter between you, so I knew that it would suddenly become like this between you, speaking of which, that thing happened between you, there was also my fault, that day you confessed to me, I rejected you, you were sad to leave, but we grew up together, I treat you as an older brother, seeing you leave like that, I am also worried that you will do something stupid, but it's not good to chase you yourself, This will only show that I don't love you but don't want to let you go, so I asked Secretary Tong to find you, let her look at you, don't let you do stupid things, after all, Secretary Tong is your friend, and has worked with you for so many years, I am also relieved to have her looking at you.

“But the woman went against you, and looked at me and saw me come to bed.” Lu Qi clenched his fists and said coldly.

Rong Shu shook her head helplessly, “Ah Qi, it is true that Secretary Tong is at fault in this matter, it is wrong for her not to drink and go to your bed, but you dare to tell me clearly, are you not wrong?”

Lu Qi was stunned, wanting to say that he was right, but he didn't know why, but he kept saying it

He was not cowardly, he was just However, what was it, Lu Qi himself did not know, and his face was full of dazedness.

Seeing this, Rong Shu also stood up, “A Qi, you calm down first, I know that what I just said is a little excessive, but I have to say this, otherwise you will never know where you are wrong, you will always blame the fault on Secretary Tong, Secretary Tong is wrong, you are also at fault, so you blame everything on Secretary Tong, this is not fair to Secretary Tong, you should even blame me, I asked Secretary Tong to find you that day, seriously, I've always regretted it.

She closed her eyes, feeling a little depressed, "If I didn't let Secretary Tong go to you that day, wouldn't Secretary Tong and you have such a thing, wouldn't Secretary Tong be blamed by you all the time, wouldn't Secretary Tong be pregnant with a child, wouldn't it be so painful?" I think it must be, so I have always regretted it, I am blaming myself, even if Secretary Tong does not blame me, but I have always been overwhelmed in my heart, I also thought about asking you to explain this clearly, but Secretary Tong stopped me, I didn't want to make her more sad, so I put up with it.

"Then why are you telling me this now?" Lu Qi's eyes were red and his voice was hoarse.

Rong Shu bit her lower lip, "I really don't plan to tell you this, but I can't help it, I feel sorry for Secretary Tong, I'm worried about her, Secretary Tong has always been afraid after she got pregnant, I don't know what to do, and then I still talked a lot before deciding to take the child, Secretary Tong never thought of giving birth to that child, and used that child to threaten you to take the position, all she thought about was to take the child, completely break with the past, as long as there is no child, Maybe there will never be an entanglement between you again, so her thoughts have always been firm, but" She stared at him, "

Destroyed by you, to be honest, I can't figure it out, since you hate Secretary Tong so much and blame all the mistakes on Secretary Tong, Secretary Tong also admitted that all this was her fault, she was willing to take the child away and no longer involve you, and was willing to let go of her feelings for you and start again, so she resolutely walked into the hospital, But why are you going to stop it? Isn't it a good thing for you that she took away the child?

Lu Qi,  
who asked this question, had nothing to say.

In fact, he himself is very clear that Tong Xi should take the child.

But I don't know why, when he heard that Tong Xi was pregnant that day and was still ready to take away the child, his first reaction was not to be happy, not that Tong Xi did something right.

It's anger.

He was angry that Tong Xi was pregnant and didn't tell him, and even more angry that she actually advocated choosing to kill the child.

She didn't put him in her eyes at all.

Even in anger, he couldn't accept it at all, so he ran to the hospital to stop her, and finally arranged her in an unknown villa under his name, ordering her to give birth to the child.

To be honest, he still doesn't understand why he did it.

Seeing that Lu Qi didn't speak, Rong Shu slowly spoke, "At first, I really couldn't figure this out, until Fu Jingting enlightened me later, I understood why you obviously didn't get drunk very much, but you didn't push Secretary Tong away, why you obviously dislike Secretary Tong, knowing that Secretary Tong took the child and had to stop it, that's because, you actually have Secretary Tong in your heart for a long time, you have long been in love with her, just because of my existence, That's why you can't see your heart clearly, you feel that you still love me, so you can't accept that you were with Secretary Tong during the period of loving me, but you are indeed in love with her, so you can't accept that she took away your child, so you have to stop it.

"It's not." Lu Qi shook his head unacceptably, "It's not like this, I can't fall in love with Tong Xi, I don't love her!"

"If you don't love, then how do you explain these behaviors of yours?" Rong Shu walked up to him, stared up at him and questioned him.

Lu Qi's mouth opened, completely speechless.

yes, why did he have these behaviors?

For a while, Lu Qi faintly believed in his heart that what Rong Shu said was true.

But precisely because it was possible to be true, he was even more unacceptable and collapsed and squatted.

Rong Shu saw him like this, how could he not be distressed, walked over and put his hand on his shoulder, life was gentle, "A Qi, I tell you this, it's not to make you emotionally collapse, I hope you can calmly accept your heart, of course, I also know that as any person, you may not be able to accept that you have loved a person for more than ten years, so you will suddenly fall in love with another person, and you haven't noticed it yet, but A Qi, No matter who you love, following your heart is the most important thing, in the past you loved me, now you love Secretary Tong, you can accept it calmly, go and treat Secretary Tong well.

Lu Qi's eyes were still blank.

Rong Shu sighed again, "I know, it will take some time for you to accept, and I didn't want to expose your true heart, but you locked up Secretary Tong, and let Secretary Tong declare that she went abroad for study, even her mother hid it, I am afraid that you will eventually do something wrong and completely hurt Secretary Tong, and it will be too late to regret it then, so I decided to tell you this and let you understand your heart, I don't want you to regret it in the future.

“How can I regret it?” Lu Qi raised his head, and a cold and evil smile appeared on his face.

Seeing this, Rong Shu furrowed her good-looking eyebrows, “Why not?” You love Secretary Tong, but you can’t accept it yet, so you will do something to hurt Secretary Tong, but you will realize one day that you are really in love with her, and when the time comes, you will regret what you do to her now, I am telling you this now, just to stop you and let you not make mistakes again, otherwise it will completely break Secretary Tong’s heart, and you can’t help it even if you regret it. No

, he definitely won’t!

Lu Qi gritted his teeth, his eyes were firm, and he firmly believed that he would definitely not regret it.

Rong Shu saw that he was stubborn, and couldn’t help shaking his head, “Sometimes, accept it calmly, you can also make your life easier and happier, but I know that you must still be stubborn, firmly believe that you are not in love with Secretary Tong, and will not regret Secretary Tong’s behavior, I can’t stop you, after all, you are a separate individual, but I want to say that since you chose to let Secretary Tong give birth to a child, then during this period, You’d better not treat Secretary Tong and the child, so that in the future, even if Secretary Tong hurts you, you still have a chance, otherwise you won’t have a chance, Ah Qi, you think about it.

With that, she got up and walked out of the conservatory.

She had already told him everything she should have said, but he was always unwilling to accept that he loved Secretary Tong, and he was unwilling to believe that he would regret what Secretary Tong did now in the future, so it was useless to say more.

Since that’s the case, then she might as well not say it, let her be calm and calm by herself, maybe he will figure it out?

And she knows him, she has told him so much, in the future, he will definitely have some changes in his attitude towards Secretary Tong, and he will no longer treat Secretary Tong like before, but will consider it.

This is also why, she did not open her mouth to let Lu Qi release Secretary Tong’s meaning, because she knew that with her words, Secretary Tong’s safety or something, there was absolutely no need to worry.

For the rest, let Ah Qi figure it out by himself.

If Ah Qi could figure it out, he would naturally release Secretary Tong.

If Ah Qi can't figure it out, even if she opens her mouth to let him release Secretary Tong, he won't let it go, and it is even possible to intensify Secretary Tong.

## Chapter 1373 – Getting Fat

Therefore, many times, it is enough to talk to the point, do not keep talking, keep persuading, that may not only fail to achieve the goal, but may also be self-defeating.

After all, it is annoying to talk about people, in case the mind is hot, it will be troublesome to make more irrational actions.

Instead of that, it is better to stop quickly, leave the rest of the time to him, let him calm and calm himself, think slowly, and maybe figure it out soon.

Rong Shu, who walked out of the greenhouse, thought of this, stopped, looked back at Lu Qi, who was still squatting and couldn't see his expression clearly, sighed slightly, and continued to lift his feet and walk.

Back at the villa, Mrs. Lu happened to come down from upstairs and saw Rong Shu alone in the living room, and couldn't help but ask, "Shushu, why are you alone, Ah Qi?"

"Ah Qi was in the garden conservatory, I just talked to him about something, and he couldn't get out, so he stayed there and thought alone." Rong Shu replied with a smile.

Mrs. Lu nodded abruptly, "So, what did you talk about?"

"Aunt, I'm sorry, I can't tell you for the time being, it depends on whether Ah Qi can figure it out, if he can figure it out, maybe I don't need to tell you, he will tell you himself, if he can't figure it out, I will tell you all before Ah Qi does something wrong, so Aunt, please forgive me." Rong Shu bowed in shame.

Mrs. Lu waved her hand, "In that case, then Aunt won't ask, and you don't have to do this, but what you said that Ah Qi may do something wrong, is it a violation of the law?"

She was a little nervous.

Rong Shu shook her head, "Probably not, I think Ah Qi should not be such an irrational person." Ah

Qi's behavior towards Secretary Tong is not completely illegal, after all, Secretary Tong can come out, which means that Secretary Tong can call the police.

But Secretary Tong did not do it, that is, she herself was voluntarily locked up in the villa by Lu Qi.

Therefore, a wish to fight and a wish to be beaten can no longer be called a crime.

Her so-called Ah Qi is likely to do something wrong, which is to hurt Secretary Tong's heart even more, rather than the legal behavior.

Hearing Rong Shu say this, Mrs. Lu was relieved and patted her chest, "It's good if you don't break the law, as long as that smelly boy doesn't break the law, let him go with the rest."

She waved her hand, not impressed.

Rong Shu was relieved to see that Mrs. Lu did not ask, and then picked up the bag, "Aunt, the time is not early, I should also leave and leave."

"This is leaving?" The old lady was obviously a little reluctant, "It's still early, stay a little longer, and leave after dinner."

"No aunt." Rong Shu shook her head and insisted on leaving, "Fu Jingting is still waiting for me to go back to take care of him in the hospital, you also know that he is a person, he has never liked others to be close, so we didn't even look for a nurse, I have been taking care of him, I have been out for a long time, and I am worried about him in my heart, so I should also go back and see."

"This way." Hearing that she put Fu Jingting out, what else could Mrs. Lu do? Of course it's with her.

"Okay then, then the aunt won't keep you, when Fu Jingting is ready, you can bring him over again, your uncle likes to chat with him the most." Mrs. Lu said with a smile.

Rong Shu snorted, "I will."

"Okay, then you wait a little longer, I'll let the kitchen pack up the dishes left for Jing Ting, so you can bring them back." After Mrs. Lu finished speaking, she walked to the kitchen.

Rong Shu was not bad for a while, so she also sat back on the sofa and waited.

After waiting for about ten minutes, the old lady came over with the packed dishes, handed her the bag in her hand, and told her to carry it well and not to scatter it.

Rong Shu took the trouble to say that she would mention it well, and then was sent out of the villa by Mrs. Lu and drove away.

Back at the hospital, it was already past one o'clock in the afternoon.

Fu Jingting had been awake for a while, leaning on the head of the hospital bed, holding a book in his hand and reading it again.

Rong Shu opened the door and went in, Fu Jingting heard the voice and looked up, and saw that it was her who came back, and a light joy rose on her handsome face, "Back?"

"I'm back." Rong Shu smiled back, then put down her bag and walked over, "When did you wake up?"

"Half an hour ago." Fu Jingting closed the book and replied.

Rong Shu was slightly surprised, "So early, then you didn't sleep long."

"You're not there, so you can't sleep much." Fu Jingting shook his head slightly.

Rong Shu smiled helplessly, "Then you really can't do without me, if I go to work again after that, will you not sleep all day?"

"It won't." Fu Jingting looked at her and replied clearly, "I know that if I don't sleep, you will worry, so even if I can't sleep, I will force myself to rest."

"That's pretty much it." Rong Shu listened to the man's answer, with a satisfied look on her face, then walked over and put the bag at the end of the bed, "Have you eaten?"

"Didn't eat." Fu Jingting pointed to the food on the small table not far away, "Zhang Cheng asked the hotel to send it, but I didn't have much appetite, so I just put it there without eating."

"I know." Rong Shu sighed.

This guy can't accept others taking care of him to eat, so he would rather not eat than be taken care of by others.

It was precisely because she knew this that she planned to come back at this time, in order to serve this uncle who did not let others get close to eat.

Otherwise, she also wants to accompany Mrs. Lu more in the Lu family and say intimate words to Mrs. Lu, where would she be so anxious to rush back, it is not for him.

"The meal that my aunt asked me to bring you back, say that you like it, and when you went to the Lu family last time, you ate a lot." Rong Shu said while opening the bag and packing several lunch boxes inside

“Not ugly.” Rong Shu shook her head, “If I hadn’t just looked at you carefully, I wouldn’t have noticed that you had become fat at all, so you hadn’t become ugly at all.”

Fu Jingting had a smile in his eyes, “Then I’m ugly, shouldn’t you dislike me?”

“How so?” Rong Shu denied, “I’m not that kind of person, besides, you haven’t become ugly, but I heard that men are easy to get lucky when they reach middle age, bald and obese beer belly or something, you” “

No!” As if knowing what Rong Shu was going to say, Fu Jingting quickly shook his head, indicating that he absolutely could not become like that.

Moreover, he couldn’t tolerate himself becoming like that, and just thinking about it made him feel cold.

Looking at the man’s avoidance of the image in his mouth, he laughed, “In that case, then you can take good care of it in the future, don’t let yourself become like that.”

“Of course.” Fu Jingting raised his chin with a look of assurance.

He would never allow himself to become like that.

“Okay, let’s not talk about this, you can eat quickly.” Rong Shu stood up and walked to the bathroom.

By the time she came out of the bathroom, Fu Jingting had almost eaten.

She walked over, put away the dishes and chopsticks, and went to the kitchen to wash.

Lin Tianchen came to check the ward at this time, and once a day he did a simple check for Fu Jingting.

After doing it, he suddenly thought of something, looked at Rong Shu who came out of the kitchen and said, “Gu Yaotian’s wife came to the hospital again in the morning.

“She came to you again to save Gu Yaotian?” Fu Jingting squinted.

Lin Tianchen was noncommittal, “She is the last person who does not want Gu Yaotian to die, so it is impossible to give up any opportunity to save Gu Yaotian, I estimate, in the next time, she will come to the hospital, even if she does not come to my hospital, other hospitals will definitely go.”

“Wherever she goes, as long as Gu Yaotian really can’t be saved.” Rong Shu came over and said with a faint expression.

Fu Jingting’s eyes flickered, “Gu Yaotian’s situation, there really is nothing to do, right?”

Lin Tianchen pushed the eyes on the bridge of his nose, “That’s right, that old guy’s body, can’t support it for long at all, not to mention that there is no suitable kidney source, even if there is, it is impossible to walk off the operating table, unless there is a little miracle, but miracles this kind of thing, if it can happen so easily, then it is not called a miracle.”

Therefore, Gu Yaotian will definitely die.

“I know, after that, the Gu family doesn’t have to care.” Fu Jingting looked at Lin Tianchen and said.

Lin Tianchen shrugged his shoulders and stopped talking.

After that, he stayed for a while longer, and then he was called away by the nurse, saying that there was a patient hanging up his number and that he had to go.

After he left, Rong Shu fell back to the side of Fu Jingting’s bed and sat down, “How is Sansheng Group now?”

“Many industries of Sansheng Group have been suspended, and some evidence of mine collapse has been found above, so it was ordered to suspend most of the industries of Sansheng Group, and only a small part is still operating normally, but the benefits generated by this small part of the industry can not maintain this Sansheng Group, and many shareholders of Sansheng Group have realized the danger and began to sell their shares, ready to cash out and withdraw their shares.” And Gu Yaotian has been lying on the hospital bed and can’t do anything. “

Selling stocks?” Rong Shu mocked, “But I guess no one should buy their shares, right?”

Fu Jingting nodded, “That’s right, Sansheng Group was thoroughly investigated by the above, it has long been in the business world, everyone knows that Sansheng Group is in trouble this time, and they will not buy the shares of Sansheng Group at all, in case Sansheng goes bankrupt, then the shares will be useless, so they will not take this risk, now the shareholders of Sansheng Group sell the shares in their hands at a very low price, and no one dares to buy them.”

“What is the price of the sell-off?” Rong Shu suddenly asked.

Fu Jingting narrowed his eyes, “You want to buy?”

Without waiting for Rong Shu to answer, he added, "If you want to buy it, you can do it, Sansheng Group should also be yours, if you want to buy, I will let the above net open up, leave Sansheng, not let Sansheng completely bankrupt, at least leave some clean industries, integrate into Tiansheng."

Rong Shu did not pay attention to the man's next sentence, only curious about the man's previous sentence.

She looked at the man, "Why do you want to say that Sansheng Group should have been mine?"

The dark light in Fu Jingting's eyes flashed, and soon disappeared again, and explained quietly, "Gu Yaotian harmed the Rong family, then naturally he should use Sansheng to compensate, so I said it was you."

Rong Shu nodded, "In this way, let me consider taking a look, speaking of which, I am indeed interested in some industries of Sansheng Group."

"What industry, let's listen, I'll help you analyze whether Tiansheng is suitable or not." The man asked.

Rong Shu readily agreed.

After that, the two talked about dividing up Sansheng.

Now Sansheng is still under investigation and has not really been liquidated.

And the two are already dividing up the three Sheng, if Gu Yaotian is here at this time, it is estimated that he will be angry with them on the spot.

"These industries you fancy are not bad, since you want, I asked Zhang Cheng to sort out a share data in the hands of all shareholders of Sansheng Group, you look at the data and then contact these shareholders, in this way, you are not afraid of them raising prices, you also have a way to press their prices, and buy shares at a price lower than the lowest price now." Fu Jingting said with a slight bow.

Rong Shu smiled, "Then it will be hard to work Assistant Zhang again."

"He just takes money for things."

"Even so, it was he who ran the errands, and it was indeed hard." Rong Shu said while seeing that the time was almost up, and handed him the man's medicine, "Okay, it's time to take today's anti-rejection medicine." "

Fu Jingting was also not pretentious, took the medicine and threw it directly into his mouth, drank water and swallowed.

The next morning, Assistant Zhang sorted out the share data that Rong Shu wanted, not only the data, but also the information of the shareholders, especially the personality and some of their unknown handles.

With these things, Rong Shu can more easily control the shareholders of Sansheng Group and buy the shares at the lowest price.

Although the means of using other people's handles to achieve ends are so disgraceful, don't forget, this is a shopping mall.

Shopping malls are used on the battlefield, and it is reasonable for unconventional means to achieve some goals.

So in the afternoon, Rong Shu went to meet with several of the best shareholders she had chosen and bought their shares.

All this, Rong Shu's progress was very hidden, and Gu Yaotian's gang did not notice it at all.

So soon, she became the second largest shareholder of Sansheng Group after Gu Yaotian.

Just waiting for Gu Yaotian to step down, she can rely on Fu Jingting to greet the above, and completely disintegrate the Sansheng Group, leaving only the few industries she fancy.

Thinking of this, Rong Shu's whole mood almost flew.

Time passed, seven days passed the New Year, and employees returned to their respective jobs one after another.

Rong Shu also returned to Tiansheng and began to work.

Not long after she arrived at the office, she received a call from the front desk, "Hello Chairman, I have a gentleman here to see you."

"Sir?" Rong Shu frowned suspiciously, "Which gentleman?" What is your name? Is it Cheng Huai?

But it's not right, the front desk knows Cheng Huai.

If Cheng Huai wanted to come, the front desk would definitely directly say that Cheng Huai wanted to see her, not a gentleman.

So this gentleman must not know the front desk.

### Chapter 1375 – Li Chuan Arrives

“This gentleman didn’t say.” The front desk looked at the man wearing sunglasses and a dark rock style on the opposite side and replied, “But Chairman, please a little, let me ask this gentleman first.”

“Well, you ask.” Rong Shu responded patiently.

The front desk put down the phone and smiled slightly at the man opposite, “Sir, the chairman may I ask your name.”

“Tell her that my name is Li Chuan.” The man took off his sunglasses and revealed a delicate and handsome face.

The front desk’s eyes widened, and he covered his mouth in disbelief, “Li Lichuan? Are you Li Chuan?”

Her face turned red with excitement.

Li Chuan can be described as a famous name.

He does not mix in the entertainment industry, but in the mixed fashion circle, he used to be an international male model, and his appearance and figure were the top.

It’s just a pity that half a year ago he announced his retirement.

As for the reason for his retirement, no one knows, but fans are very regretful, inquiring about him from all sides and wanting to know his life after retirement.

However, no matter how the fans inquired, they could not inquire, and gradually, the fans gave up.

After half a year, fans have never heard of Li Chuan’s whereabouts again, but they did not expect that they actually appeared in front of her now, and they came to find the chairman.

I had heard that Li Chuan knew the chairman before, but I didn’t expect it to be true.

“That’s right, I’m Li Chuan.” Li Chuan winked at the front desk and made a flying kiss motion, which looked extremely frivolous.

But the front desk did not feel greasy at all, after all, his face is placed here, it will not make people think he is greasy, it will only make people think that he is so attractive and handsome.

“Please tell your chairman.” Li Chuan put the sunglasses back on his face.

The front desk nodded excitedly, “Okay, okay, I’ll just say, Mr. Li wait.” Then the front desk picked up the microphone that had just been put down, and said to Rong Shu with a faint excitement: “Chairman, it is Mr. Li Chuan who wants to see you.”

“What? Li Chuan? Rong Shu was startled and stood up abruptly, her face full of disbelief.

Obviously, Li Chuan’s arrival made her whole person unable to calm down, and it took a while to speak again, “Are you sure it’s Li Chuan?”

“Yes, Chairman, it’s Mr. Li.” The front desk nodded and replied affirmatively.

Rong Shu did not doubt it, but frowned and pondered deeply.

Some time ago, Li Chuan suddenly called her, but she didn’t receive it, it was Fu Jingting who received it.

After that, Fu Jingting hung up Li Chuan’s phone, and after that, Li Chuan did not call again.

Unexpectedly, there was no call again, but the person came in person.

What is he here for?

“Chairman, would you like to see Mr. Li?” The front desk asked.

Rong Shu sat back down again and rubbed her temples, “You let him come up.”

Since everyone was here, she would meet her, and she also wanted to know why he was here.

And for Li Chuan, her emotions are complicated.

If it was Li Chuan of the master, she would definitely not be so hesitant, but would meet him directly.

But the problem is that the current Lichuan is not the former Lichuan.

Therefore, her emotions for this Li Chuan are very complicated, and she doesn't know what kind of mentality to use to face him.

"Okay Chairman, I'll convey this to Mr. Li."

Rong Shu snorted.

The phone hung up, and Rong Shu sat on the chair, lowering her eyes and not knowing what she was thinking.

Soon, Li Chuan appeared outside her office door.

Rong Shu heard the knock on the door and looked up, and saw Li Chuan dressed in a trendy dress, she took a deep breath, and her mood instantly fell to the bottom.

Originally, she still had a glimmer of hope, thinking that this time Li Chuan came over, she changed back to the master, so she came to her.

But now seeing this Li Chuan, who was dressed differently from the outside of the master's personality, she knew that her brother had not changed back, and this Li Chuan in front of her was still a second personality.

"Sister." Li Chuan saw Rong Shu see him, took off his sunglasses and smiled brightly at her.

Seeing his smile, Rong Shu's red lips pursed.

Xiao Chuan can laugh, but the smile is very convergent, so that he will not be like this guy, smiling so big, but it will not make people feel harmless, but can clearly feel bad intentions from this Li Chuan's bright smile.

Sure enough, it is worthy of being a dark second personality, and just a smile makes people feel uncomfortable.

"Sorry, I'm not your sister, please don't see me." Rong Shu pursed her lips and said coldly.

Li Chuan didn't mind her attitude, his fingers flicked his sunglasses and walked over, "Sister, you are too ruthless to me like this, although I am indeed not the idiot before, but I am also Li Chuan, you call him brother, you should also call me brother, you treat him differently, it will make me sad, in saying that, compared with the fool before, that fool poisoned your sister, and I didn't do anything to your sister, Sister, your attitude towards me is far less than Li Chuan, who hurt you, isn't it too unfair?"

Rong Shu suddenly had nothing to say when she said this.

Indeed, she also knew that her attitude towards this Li Chuan was indeed the most obvious difference between Xiao Chuan before.

She also knows that this Li Chuan has indeed not done anything to her, but she just doesn't like this Li Chuan.

"You came here to find me, what the hell is going on?" Rong Shu didn't want to talk to him about anything else, and asked the topic directly.

Li Chuan pulled away the chair opposite her and sat down, "I came to find you, of course, there is something serious, the last time I called you was to say this."

Chapter 1376 – Xiao Chuan is gone

"So?" Rong Shu looked at him, "Do you mean anything when you tell me this?"

"Of course there is." Li Chuan picked up her pen and kept spinning it in her fingertips, "I just want to tell my sister that Li Chuan is not as weak as your sister thinks, he can suppress me for ten years, it means that his master personality is obviously much stronger than me, as long as he is willing, he can actually grab back the initiative of the body at any time, but he didn't grab it, it's because he doesn't want to snatch it back, he's a coward, just unwilling to face you, unwilling to face all the things he has done to you."

Is  
this really the case?

Rong Shu lowered her eyes.

Intellectually, she didn't want to believe the words of this second personality, but she knew in her heart that he didn't lie to her.

Xiao Chuan, really don't want to come back.

"So, Ogawa doesn't have it now, right?" Rong Shu's eyes turned red, and her voice choked.

Li Chuan was noncommittal, "Because he doesn't know how to face you, and I'm afraid that you won't forgive him, so two months ago, he had a note conversation with me, voluntarily fused with me, and dominated by my consciousness, so he really does not exist, and now this body, only I am alone, and I will be Li Chuan in the future."

Rong Shu's eyes darkened, and she almost fainted because of this blow, "Fool! How could he think that?"

She shed tears.

She has always regarded Ogawa as her favorite brother, and although she was angry when she learned that he poisoned her, she never thought of blaming him all the time.

How could he have no confidence at all and let the second personality devour him.

"Sister, don't do this." The second personality supported his head, and looked at her comfortingly, "I have all his memories, and I am also him, so you can completely treat me as the former Li Chuan, I don't mind."

"I mind." Rong Shu's eyes were red, "Even if you were born in Xiaochuan's body, even if you have all the memories of Xiaochuan, but you are never my Xiaochuan, I can't treat you as Xiaochuan in the past."

"If you think so, then I can't help it." Li Chuan shrugged, "But before that fool let me devour him again, he once asked me to help him complete a thing, and I thought that guy would not exist in the future, so I agreed, and the thing he asked me to complete for him was still about your sister." "What

?" Rong Shu raised her head sharply.

Li Chuan put the pen down, "That guy has always known that you are looking for that woman named Gu Manyin, so before being devoured by me, he asked me to help you find her, and I agreed, so in the past two months, I gathered hackers from all over the world in the dark web and launched an online search bounty, so I quickly found her, and collected all her whereabouts and deeds in the past six months, right here."

After

that, he took out a USB flash drive from his clothes pocket and handed it over.

Rong Shu took it with trembling hands, "In this, is Gu Manyin's whereabouts?"

"That's right." Li Chuan nodded, "Since I promised that guy, naturally I won't break my word, and from now on, this body will completely belong to me." Hearing

this, Rong Shu's back in her heart could no longer be tightened, and she clenched the USB flash drive in her hand and cried directly.

The current Li Chuan is not the former Li Chuan, it is very important to regard her, although she calls her sister in her mouth, but after all, she will not be like Li Chuan in the past, really treat her as a sister, as the woman she loves the most.

He is a mind completely independent of the master's personality, and what the master's personality likes, he does not necessarily like.

Just like Rong Shu, he doesn't love her.

He was only willing to learn the master's attitude towards Rong Shu to call Rong Shu a sister for the sake of the master's willingness to give up this body, but when he saw that Rong Shu was really sad, he did not have the slightest wave in his heart, nor did he mean to persuade her, and sat there very calmly and saw her crying.

It wasn't until she was tired of crying and her crying became smaller that she spoke again, "Okay, my purpose of coming here has been completed, and it's time to go, I know that my sister doesn't like me, and I won't be contacting my sister in the future, you and Li Chuan have passed, and now I'm not the same Li Chuan before, I don't think we need to contact anymore."

He got up and walked towards the office door.

Rong Shu thought of something and stopped him, "Wait."

"Is there anything else going on with my sister?" Li Chuan stopped and turned around.

Rong Shu clenched her hands and asked hopefully, "Xiaochuan, is it true that you can't come back when you disappear?"

Li Chuan raised his eyebrows and smiled, "Of course, this body has no other personality, only me."

Rong Shu closed her eyes in despair, and after a few seconds, she opened them again, "What about Chen Xingnuo?" How is she? I contacted her before and said you transferred her away.

"That's right." Li Chuan shrugged, "That woman is the idiot before obeying, so of course I have to transfer her, do you think I will leave someone who is not loyal to me around?" I think anyone else would do this with me.

Rong Shu's mouth opened, and there was nothing to say.

Indeed, for an unfaithful person, there is really no need to stay around.

"But don't worry, sister, I just transferred her away, and didn't want to do anything to her, this is also for my sake, and I did this for her good, she and her father have been walking on the edge of the most danger, I transferred them, but also to get them out of danger, and they can enjoy happiness in the future." Li Chuan said.

Rong Shu could see that he was not lying, and his heart was a little relieved.

It's good that Xingnuo is okay.

She was worried that he would not be able to tolerate Xingnuo and do something to Xingnuo because Xingnuo was a person from Xiaochuan before.

Fortunately, things were not as bad as she thought.

"Is there anything else my sister would like to ask?" Li Chuan asked again.

Rong Shu shook her head slowly.

Without.

He was not Ogawa, and she and he had nothing more to say.

Seeing that she had nothing to say, Li Chuan turned his head back, "Since my sister has nothing else to ask, then I will leave first, and I will never see you again."

He walked towards the door with his back to Rong Shu, waved his hand, and the figure quickly disappeared outside the door.

Rong Shu sat back in the chair weakly, his eyes looked dull in the direction he left, and the tears that were hard to stop, at this moment, broke down again.

Li Chuan's words really made her realize that she would never see Xiao Chuan again.

The younger brother she used to care for and protect has really disappeared.

Rong Shu covered her face, crying sadly and desperately.

When Lina came in holding the document, she saw her crying like this, and quickly put down the document to care, "Chairman, what's wrong with you?"

Rong Shu raised her head, revealing a pair of somewhat crying and swollen eyes, and her voice was desolate, "I'm fine, it's just that one of my best brothers is gone, and my heart is sad."

Lina thought that what she said in her mouth was dead, and couldn't help sighing, "Chairman Jiewei, since he is your best brother, then I think, he doesn't want to see the chairman cry like this, so he is not at ease, so Chairman, you must take care of yourself, crying like this is not good for your body."

"I know." Rong Shu wiped her tears, "I just suddenly knew that he was gone, so my emotions collapsed all of a sudden, thank you for your concern."

“It’s nothing.” Lina waved her hand, and then pointed to the documents she had just put down, “Chairman, these are all documents piled up during the annual vacation, and you need to sign them in person.

“Okay, I see.” Rong Shu’s mood stabilized a little at this time, and she could barely squeeze out a smile to respond.

## Chapter 1377 – Fu Jingting’s Surprise

“Wait.” Rong Shu stopped her.

Lina retracted her foot.

Rong Shu said: “Didn’t I say before, do you want to talk to A Qi about Secretary Tong, during the New Year, I have already talked with A Qi, although A Qi does not plan to let Secretary Tong leave, but Secretary Tong’s safety does not have to worry, A Qi will not do anything to her.”

Hearing this, Lina was ecstatic, “That’s great, I’m worried that President Lu will hurt Secretary Tong, after all, President Lu’s attitude towards Secretary Tong before is really some”

She didn’t say the following words, the meaning is understood by everyone.

Rong Shu rubbed her temples, “I told A Qi a lot, I think later A Qi will figure out that his attitude towards Secretary Tong is wrong, by that time, Secretary Tong will be free, so I didn’t ask A Qi to release Secretary Tong now, because I know that even if A Qi releases Secretary Tong now, he will not agree, and maybe do some irrational things too radically, so I plan to give A Qi some time to let him calm down and calm himself, In this way, he should be able to figure it out quickly, and during this period, he will not do anything to Secretary Tong.

“Anyway, as long as Secretary Tong is okay, President Lu will not hurt Secretary Tong, I won’t worry, as for the rest, it is a private matter between Secretary Tong and President Lu, we outsiders are really not good to intervene too much, in case of too much intervention, let President Lu feel that everyone is refuting him, all saying that he is not right, he is likely to really become extreme, so as long as it is ensured that Secretary Tong is safe, let the two of them toss by themselves.” Lina said with a smile.

Rong Shu snorted, “I think so too.”

“Then chairman, I’ll go and work on something else first.”

“Go ahead.” Rong Shu waved her hand.

After Lina left, only Rong Shu was left in the office.

She spread out her palms and looked at the hot USB flash drive that she had already held, and her heart became sour again.

It was Ogawa’s last gift to her, and a reparation for what she had done.

She knew, that’s what Ogawa meant.

But that’s what made her even more uncomfortable.

She didn’t need any gifts from him, let alone his reparations.

She just wanted him back.

However, he could never come  
back

Rong Shu clenched the things in his hand again, without meaning to look at it.

She was still immersed in the sadness of Li Chuan’s disappearance, and she was not in the mood to look at anything else.

In her heart, what is Gu Manyin? Where is more important than Ogawa.

On this day, Rong Shu was not in the mood to work at all, and after processing the stack of documents, she was alone in the office in a daze, and it was not until after work that she picked up a little spirit and drove back to the hospital.

Originally, she didn’t want to tell the man that Li Chuan had come to her today, but when the man saw her for the first time, he asked directly, “What is Li Chuan looking for you for?”

She reacted to this, this matter could not be hidden from the man.

After all, the bodyguards arranged by the man for her are not far away twenty-four hours a day.

Therefore, it is impossible for Li Chuan to appear in Tiansheng without being discovered by the bodyguards, and after the bodyguards find out, they will definitely tell Fu Jingting.

“He came to me and told me something important.” Rong Shu put down her bag and walked over, “It’s you, so calm, didn’t call me?”

Li Chuan came to her in the morning, and the dog man obviously knew about this in the morning, but he didn't move at all.

It's not like he's jealous.

Fu Jingting put the book in his hand aside, pulled her wrist, and pulled her into his arms, "Li Chuan went to find you, I am really unhappy, but I know that Li Chuan who went is not the Li Chuan who has feelings for you men and women, so I can endure it even if I am unhappy, and I don't want to put pressure on you to make you think that I am a man who is always checking the post."

"But didn't you ask when I came back?" Rong Shu raised her head and glanced at the man with disgust.

The man chuckled, "I didn't plan to ask, but I see that your eyes are a little swollen, you have cried, right?"

Rong Shu pursed her red lips and did not speak, which was regarded as acquiescence.

"Because you are crying, I have to ask, tell me, did Li Chuan bully you?" Fu Jingting looked down at the woman in his arms.

The woman shook her head, "No, he didn't bully me, he just told me a fact that I couldn't accept."

"What is it?" The man frowned.

Rong Shu got up from his arms, and her eyes turned red again, "Jing Ting, Xiaochuan has disappeared!" "What

?" Fu Jingting was stunned at first, and then understood the meaning of her words, and looked surprised, "Are you saying that Li Chuan, the master, has disappeared?"

Only the master personality will be called Ogawa by her.

Rong Shu snorted, "Li Chuan said that Xiao Chuan is because he can't face me, can't face what he has done to me, afraid of seeing my eyes that resent him, afraid that I won't forgive him, so he will release Li Chuan's deputy personality, in order to escape all this and let Li Chuan's deputy personality face it instead of him."

Fu Jingting bowed, "It's not impossible, Li Chuan's heart has always been very inferior, he is indeed a little cowardly, and it is not unusual for him to choose to escape."

Rong Shu's throat was dry, "Li Chuan also said that even if Xiao Chuan escaped, he never let go of my guilt, and finally two months ago Xiao Chuan could no longer tolerate

this guilt, and chose to take the initiative to have an exchange with Li Chuan's deputy personality, saying that it was an exchange, rather than a transaction."

Fu Jingting quickly guessed what the so-called deal was, "Li Chuan let the deputy personality take the initiative to devour himself?"

"Yes." Rong Shu smiled bitterly, "Xiaochuan can't face me, nor can he face himself, so he chose to completely escape and let Lichuan devour him, so in this world, there is no longer my Xiaochuan, only Lichuan now."

Fu Jingting gently hugged her back, seeing her so sad, his heart was also a little unpleasant.

To be honest, he was happy to see the disappearance of Li Chuan, his love rival.

After all, who is not happy if there is one less love rival who robbed his wife with him?

But he also knew that Li Chuan's disappearance would make her miserable and sad, so that he couldn't be happy to see her in pain and sadness.

"Li Chuan has always been an extremely inferior and extreme person, I am afraid that he has long wanted to disappear from this world, otherwise he would not have split into a subpersonality, I think the reason why he split out of the subpersonality, and did not immediately let the subpersonality replace him, is because at that time, he met you, so he has been suppressing the subpersonality to death, in front of you, He also behaved like a well-behaved younger brother all the time, until he did something to hurt you later, he was afraid that you would hate him, and he couldn't accept you who hurt himself, so he chose to disappear, in fact, his end, from oneThe beginning is doomed.

Fu Jingting brushed her hair, and Yun said lightly.

People like Li Chuan are like this, sooner or later, they will go to self-destruction.

So Li Chuan will choose to disappear, which really won't make people feel too surprised.

"But why didn't that silly boy come and ask me? Don't ask me if I will forgive him, or ask me if I will hate him, if he comes to ask me, I will definitely tell him that I will forgive him, and I will not blame him, perhaps, he will not choose to make himself disappear in this way. Rong Shu said with a crying voice.

Chapter 1378: Su Man is Gu Manyin

“But now Li Chuan also said that Li Chuan is a cowardly person, he doesn’t know how to face you, so how to ask you?” Fu Jingting looked at the woman.

Rong Shu was speechless, and her heart was even sadder.

Fu Jingting stroked her soft hair, “Don’t be sad, maybe this kind of ending is also a good thing for Li Chuan, he had a bad life in the past, he has long wanted to understand himself, it was your appearance that made him live, he loves you, but you only treat him as a younger brother, so he can’t accept it and will poison you, but you will never be with him, with his extreme personality, he will always be so depressed, and even may do more irrational behavior, So it’s good that he disappears, at least he won’t be bound by all kinds of feelings anymore.

Rong Shu closed her eyes, “Xiaochuan” “

This Li Chuan, did he come to you to tell you this?” Fu Jingting asked again.

Rong Shu opened his eyes and shook his head, “Not only, he said that before Xiaochuan disappeared, let him promise one thing, as long as he promised, he willingly handed over his body to him, he agreed, he came this time, just for this matter.”

“Something to do with you?” Fu Jingting guessed it at once.

Rong Shu snorted, “That’s right, Xiao Chuan has always known that I am looking for Gu Manyin, so I asked this Li Chuan to help find it, this Li Chuan inherited Xiao Chuan’s hacking skills, so he contacted some former world-famous hackers to jointly find Gu Manyin, and now he has found it.”

After

that, she opened her bag and took out the USB flash drive from it, “Is it right here.”

“Did you see that?” Fu Jingting glanced at U and questioned.

Rong Shu shook her head, “No, I haven’t seen it yet, because I know that Xiaochuan has disappeared, so I am very sad, and I can’t care about watching these at all, otherwise what will I become?” Didn’t he become a person who didn’t care about Ogawa at all?

“It’s okay, we’ll watch together.” Fu Jingting squeezed her hand.

“I’ll go get the computer.” After Rong Shu finished speaking, he pulled out his hand and went to the study to take out a laptop.

Fu Jingting patted the position beside him and motioned for her to come up, so that it was convenient to see.

Rong Shu did not refuse, took off her shoes and climbed onto the hospital bed, leaned next to him, and put the laptop between the two.

Fu Jingting connected the USB drive, clicked his fingers on the keyboard a few times, and then a document jumped out.

Fu Jingting clicked into the document, and many photos and materials appeared in front of the two people.

Fu Jingting took a closer look, and these photos and materials were all sorted out according to the date, just check them one by one.

So, he clicked on the first information.

Inside turned out to be a flight ticket, which was directly flown to Kimchi Country by the sea market, and the ticket holder was Gu Manyin, and the date on the ticket was the third day of Gu Manyin's death.

"So, Gu Manyin really went to the Kimchi Country, and Gao Meiling and Meng Ke didn't lie to us." Rong Shu pursed her lips when she saw this and said.

Fu Jingting did not answer, but clicked on the second information, which was a plastic surgery hospital.

Rong Shu was surprised when she saw this, "What do you mean?" Cosmetic Surgery Hospital? Could it be that Gu Manqing went for plastic surgery?

Fu Jingting narrowed his eyes, "She knows that it is not difficult to find her with my power, so in order to make me not so fast to find her, the best way is to change her appearance, so plastic surgery is not impossible, and we have always entered a thinking misunderstanding, generally not easy to think about people in terms of plastic surgery, so it is even more difficult to find Gu Manyin."

"So it is." Rong Shu pursed her lips, "Then she is really smart."

Fu Jingting slid the disk and continued to look down, sure enough, below is a plastic surgery consent form, the signatory is Gu Manyin, and the consent form carefully indicates Gu Manyin's plastic surgery project.

Rong Shu looked down and gasped, "God, so many items, she is completely replaced with her whole face, right?"

"It is the most reliable if it does not have the slightest resemblance to the original face." Fu Jingting was not surprised, and continued to click on the third information.

This is a plastic surgery medical payment slip, the name of the plastic surgery person is Gu Manyin, but the payer is not her, but Su Cheng.

Seeing this, whether it was Fu Jingting or Rong Shu, there was a momentary blank in their minds.

Su Cheng paid Gu Manyin for plastic surgery, that is, Su Man who appeared next to Su Cheng was Gu Manyin?

The two looked at each other and saw the same guess in each other's eyes.

However, neither of them spoke, and they continued to look down with tacit understanding.

The fourth information has changed, not the document of the plastic surgery hospital, but also the document of a hospital, but a well-known orthopedic hospital in Kimchi Country, the content of this document is very direct, that is, a consent form for bone enhancement surgery.

Lin Tianchen said at the beginning that Su Man not only had a full face plastic surgery, but also underwent height enhancement surgery.

Therefore, it is now very certain that Su Man is Gu Manyin.

Sure enough, the information after that is not in these hospitals, but Gu Manyin's plastic surgery process photos, from being pushed into the operating room, to the whole body being wrapped in bandages, and then removing the bandages, the whole process is there.

Rong Shu and Fu Jingting were able to see Gu Manyin turning into Su Man little by little through these photos.

After reading it, Rong Shu and Fu Jingting did not speak for a long time.

It wasn't until after a while that Rong Shu clenched her palm and spoke, "I really didn't expect that the Gu Manyin we had been looking for was actually around, but none of us doubted it." Also

, no one will think about Gu Manyin going for plastic surgery, so how can Su Man and Gu Manyin be associated together?

In particular, Su Man's words and deeds are completely different from Gu Manyin, looking like two completely unrelated people.

Since it is not related, it is natural not to think that two people are one person.

“It’s not too late now, knowing that Su Man is Gu Manyin, just over there in Su City, you can solve it together, saving some effort.” Fu Jingting said with gloomy eyes.

Rong Shu felt the same and nodded, “Then when will we make a move?”

“No hurry, it’s still the last step, I still have some things that haven’t been collected completely, and it will take a little time, but these two people are under my surveillance, so I don’t have to worry about extraneous branches.” Fu Jingting squinted and said.

Rong Shu saw that he was sure, so he didn’t say anything more, put the computer away, and then thought of a very important point, and asked, “Husband, how did you say Gu Manyin and Su Cheng met?”

This question was also what Fu Jingting was most puzzled by, pursing his lips and replying, “I don’t know, the identity gap between these two people is too big, it is impossible to know each other, and there is no intersection, but after Gu Manyin’s death, he immediately had a connection with Su Cheng, and there must be something in this that I don’t know.”

“It’s okay, no matter how these two people meet, they are our enemies, just dispose of them together.” Rong Shu thought very openly.

Indeed, they are all enemies, and they are solved together, and there is no need to worry about innocents.

So naturally there is no need to think about how they know each other.

None of this matters.

The important thing is to solve these two people and don’t care about the rest.

“You’re right.” Fu Jingting grabbed her shoulders and laughed softly.

After that, Assistant Zhang came and reported to Fu Jingting.

And Assistant Zhang came just in time, and Fu Jingting handed him the USB drive.

Assistant Zhang took it with a puzzled look, “President Fu, this is?” ”

“Su Man is Gu Manyin.” Fu Jingting said coldly: “This is the detailed information and process of Gu Manyin becoming Su Man, you take it and see.”

“What? Su Man is Gu Manyin? Assistant Zhang was shocked, and his voice was much higher.

Fu Jingting was noncommittal, “That’s right, they are alone.

After

a while, Assistant Zhang finally calmed down and said with a gloomy face: “I know President Fu, I will read the information, and then I will arrange more people to stare at them.”

Fu Jingting gave him the USB flash drive that meant this, “You can withdraw the people sent to Kimchi Country and the capital to find Gu Manyin.”

After all, Gu Manyin has already found it, so naturally there is no need to look for it.

Assistant Zhang nodded, “Yes, I’ll arrange it later.”

“In addition, tell Gao Meiling and Meng Ke that Gu Manyin is Su Man, I think they must also be very interested.” Fu Jingting’s thin lips hooked a cool arc and said.

Especially Gao Meiling, the crazy woman, knowing Gu Manyin’s whereabouts, there will definitely be a good show to watch.

“Of course, after telling them, by the way, I will tell them that if you want to make a trip for the Su family and Gu Manyin, it is best to come secretly, it is not good to be upright, otherwise it will fall into the hands of Su Cheng, then don’t talk about revenge, even your life must be paid attention to.” Fu Jingting ordered.

He just wanted Gao Meiling and Meng Ke to deal with Su Cheng and Gu Manyin and reduce Su Cheng’s power.

Most importantly, he wanted to see if these two women could let Sucheng reveal some clues he wanted in the process of dealing with Su City.

In this way, his side can save a little time.

“Okay, Mr. Fu.” Assistant Zhang also understood Fu Jingting’s thoughts and immediately responded.

Not long after, he left the hospital and did so.

Rong Shu came back from the obstetrics and gynecology department after taking the medicine, saw the man sitting in a wheelchair, looked down and pondered, and asked, “Assistant Zhang is gone?”

Fu Jingting raised his head, his eyes softened, "Let's go."

"What are you thinking?" Rong Shu put the medicine down and asked.

The man did not hide from him and said what he had just thought.

Rong Shu nodded his eyebrows, "Don't frown, no matter what, as long as you know that Su Cheng and Su Man are together, under our surveillance range, it will be much easier to deal with them."

"Said yes." Fu Jingting laughed.

Rong Shu looked outside, "Although it is already dark outside, but the lighting is good, do you want to go down and relax?"

Now Fu Jingting can already go out of the ward to relax for a while.

Fu Jingting also didn't want to stay in the ward all the time, so he agreed to the woman's proposal.

Rong Shu pushed him to walk in the garden.

At this time, there are still many people in the garden, plus it is the New Year period, so it is quite lively.

Rong Shu knew that the man actually did not like this kind of liveliness, so she pushed him to a quiet chair and sat down.

After sitting down, Rong Shu wrapped the scarf around him again, and took care of him like a porcelain doll, and Fu Jingting was amused when he saw him.

"Am I that vulnerable?"

Rong Shu nodded, "Yes, now in my heart, you are very fragile, and the reason why I am like this is also to hope that you will get better soon, after all, you are like this, I feel distressed."

Fu Jingting took her hand and asked her to sit down beside her, "Thank you wife, I will get better soon." "That's

good." Rong Shu rested her head on his shoulder.

Afterwards, Fu Jingting told her about what he had ordered Assistant Zhang.

Rong Shu smiled, "It is indeed necessary to tell Gao Meiling and Meng Ke that Gu Manyin has done so many wrong things, of course, we must let those victims get justice together."

She said as she handed the man a hot milk for him to drink.

The man didn't like to drink these at all, but during this time, he didn't drink less, and she prepared it for him.

Say that drinking these is good for his health.

So, she forced him to drink, and if he didn't drink her, she wanted him to look good.

Therefore, if he doesn't drink it, he can only drink it hard.

Suddenly, Rong Shu's mobile phone rang.

Instead of staring at the man and supervising him drinking milk, she took out her phone and glanced at it.

"Whose phone?" The man asked as he bit the straw and swept the pain from his eyes.

This milk is really stuffy and uncomfortable to drink.

"It's from the police station." Rong Shu glanced at his mobile phone, "It should be Duan Xingbang's business, I'll answer the phone first, you quickly drink the milk, it's cold for a while."

Fu Jingting replied, how much pain and pain there was in his heart.

Rong Shu did not notice the man's abnormality, and took the mobile phone to her ear to answer it.

Two minutes later, she put down her phone and hung up.

The man finally finished drinking the milk and breathed a sigh of relief.

Rong Shu took the milk carton and threw it into the trash can next to it, and then said: "The police station said that Duan Xingbang should be tried in a few days, so I don't forget to attend."

"I'll go with you." Fu Jingting said.

Rong Shu shook her head, "No, you better stay in the hospital, you don't need to accompany me, I am saying, there are more places where you can accompany me in the future, and I am not in a hurry at this time."

Although  
Fu Jingting was a little reluctant, he didn't say anything

in the end He knew that even if he was saying it, she would not agree.

"Okay, don't be upset." Looking at the man's sullen appearance, Rong Shu held his face and coaxed.

The man looked at her, "I'm not upset, I just hate my current body, I can't accompany you anywhere."

Rong Shu smiled, "Who hasn't had an inconvenient time?" I'm saying that you just can't accompany me now, so don't be sad."

Fu Jingting took her hand off her face, "Don't treat me like a child."

"So I'm treating you like a big kid?" Rong Shu blinked and looked at him.

The man was amused.

Rong Shu saw him laughing, and also laughed, "That's right, happiness is the most important, okay, the time is almost up, let's go to the front again, we should go back in a while."

Fu Jingting snorted and agreed.

After that, Rong Shu pushed him around again and returned to the ward.

In the evening, while Fu Jingting went to wash, Rong Shu called Lu Qi again.

Anyway, Lu Qi and Xiaochuan are also good friends, and now that Xiaochuan has disappeared, how can I talk to Ah Qi about this matter.

Unexpectedly, Ah Qi was not too surprised when he heard that Xiaochuan disappeared.

He told her that he had known such a day for a long time.

He and Fu Jingting thought the same, probably because they were both men, so they knew better than her what kind of person Xiaochuan was and what he would do.

Therefore, for Xiao Chuan's willingness to disappear, Lu Qi has long expected it.

Now hearing Rong Shu say this, he just replied that he should have come and always came.

And Lu Qi and Fu Jingting's reaction made Rong Shu quite disappointed.

Not for them to lose, but for themselves.

She claims to be Ogawa's older sister, but she never seems to know Ogawa too well.

Otherwise, how could he not even know that Ogawa would go to the road of self-destruction?

In the end, Xiao Chuan will be like this, it is also her negligence, she ignores Xiao Chuan too much.

But if she knew him a little more, knew his heart a little more, accompanied him more, enlightened him more, maybe he would not have embarked on such a path.

Ogawa's fate also has part of her responsibility.

After that, Rong Shu didn't talk to Lu Qi, nor did he ask Lu Qi if he had figured it out after so many days.

She knew Lu Qi, and if Lu Qi figured it out, he would definitely take the initiative to contact her.

But Lu Qi didn't, so he hadn't figured it out at all.

Give him some more time.

Rong Shu thought.

Then the door of the bathroom was opened from the inside, Fu Jingting controlled the wheelchair to come out, just saw Rong Shu holding the mobile phone in a daze, and asked, "Who were you talking to just now?"

While he was inside, he heard her talking to someone.

At this time, there were no other outsiders in the ward except the two of them, so she could only call others.

Rong Shu did not hide from him, pushing him to the hospital bed, "It's Aqila, Xiaochuan disappeared, how can I tell him, he and Xiaochuan are also friends, so I don't think this matter should be hidden from him."

“And then, how did he react?” Fu Jingting sat on the edge of the bed and asked.

Rong Shu lifted the quilt for him, “Ah Qi’s reaction is the same as yours, and he also said that he already knew that there would be such a day.”

“Not strange.” The man half leaned on the head of the bed, “Li Chuan’s performance is too obvious, anyone can know his final ending.”

“But I don’t know.” Rong Shu’s eyes drooped darkly.

Fu Jingting rubbed her hair, “It’s not to blame you, Tiansheng’s affairs have kept you busy, how can you have so much energy to think about something else, well, don’t blame yourself, sleep.”

Rong Shu looked at the man, squeezed the corners of his mouth, snorted, and then went to bed and lay beside him.

This night, she did not sleep well and dreamed of Xiao Chuan.

In the dream, Ogawa is standing in a dark place, smiling at her.

She happily ran over, but Ogawa stopped her, wouldn’t let her pass, and then said her a final goodbye.

After speaking, Xiao Chuan turned around and walked towards the deeper darkness, and after taking a few steps, Xiao Chuan’s figure turned into a star and disappeared into the air.

She was very anxious and hurriedly ran over to stop Ogawa’s disappearance, but it was too late, and in the end she only caught some of Ogawa’s starlight.

However, that bit of starlight, she couldn’t stay, and finally disappeared in the palm of her hand.

She was very devastated, squatted directly in the darkness and cried, crying sadly and sadly.

After crying for a while, she heard someone in the void calling her wife.

She slowly raised her head and saw a white light suddenly above her head, and then her big hand, which had always been slender and good-looking, stretched out from the white light.

She subconsciously stretched out her hand to shake the big hand, and after holding it, the darkness around her began to disintegrate, and finally completely dissipated, replaced by a piece of light.

Rong Shu's body shook, and she opened her eyes, only to find that she was still lying next to Fu Jingting, and the surroundings were already bright, it was daytime.

Fu Jingting saw Rong Shu open his eyes, and also breathed a sigh of relief, "Finally woke up."

Rong Shu turned her head to look at the man.

The man was looking down at her with a worried expression.

She blinked her eyes and asked a little dazedly, "What's wrong with me?"

"You're having nightmares." Fu Jingting took a tissue and gently wiped the corners of her eyes, "I heard you talking in your dreams when it was almost dawn, and when I woke up, I found that you called Li Chuan's name again, shouting and crying, I knew that you must have dreamed of him, I didn't plan to wake you up, but I saw that you were crying more hard later, so I decided to wake you up, but I didn't expect that you didn't wake up for a long time, which made me worry."

Looking at the faint blue and black under the man's eyelids, Rong Shu knew that he must have not slept well because of his own reasons, and he couldn't help but feel a little guilty in his heart.

She turned sideways, hugged the man's waist, and buried her head in the man's chest, "I'm sorry to worry you."

"I'm your husband, and worrying about you is what I should do." Fu Jingting patted her back gently, "So, what did you dream about Li Chuan?"

Rong Shu bit her lower lip, "I dreamed that Xiaochuan said goodbye to me.

After that, she told him everything in the dream.

After the man listened, he soothed her and said, "Although the dream is fake, but this is good, at least you still see him, so take this dream as the last parting message."

Rong Shu snorted.

Xiao Chuan has disappeared, what else can she do except take this as her last parting message?

She can't recall Ogawa to this world anymore.

She really should accept this reality.

Rong Shu looked at the ring on the middle finger of her right hand.

This was given to her by Xiaochuan after she had just divorced Fu Jingting, and she has always worn it.

After getting back together with Fu Jingting, she was displeased by Fu Jingting several times and wanted to take off the ring for her, but she stopped her.

Just because this ring was given to her by Xiaochuan, she cherished it very much, so she was reluctant to take it off.

But now, she had to take it off.

She would take off the ring and keep it as a final keepsake, never to wear it on her hand again.

She was worried that if she kept wearing it, the ring would be damaged sooner or later, and by then, she would not even have a souvenir of Ogawa's nostalgia.

Rong Shu sat up from Fu Jingting's arms and slowly took off the ring in front of Fu Jingting.

On her two hands, she wore a total of three rings, one was given by Li Chuan, that is, the one she took off now, she has always worn on the finger of her right hand.

There are also two wedding rings between her and Fu Jingting, one is the one she bought in the mall when she married Fu Jingting six years ago, and then she took it out for auction, and was bought back by Fu Jingting for millions of dollars, and after compounding, he gave her the ring again, and she kept wearing it on the finger of her left hand.

There was also a new wedding ring that he asked Assistant Zhang to help buy when she and Fu Jingting remarried a few years ago, and she wore it on her left ring finger.

Now after taking off the ring that Ogawa gave her, she only has the two wedding rings on her left hand.

Speaking of which, the same two wedding rings, as well as Fu Jingting, were also worn on the left ring finger and middle finger.

Fu Jingting's eyes lit up obviously when he watched Rong Shu take off the ring that Li Chuan had given, and then he endured the corners of his mouth that wanted to hook up, and asked, "Why take it off?"

Rong Shu took a tissue and wrapped the ring, "Put it away, don't wear it in the future, keep it as a souvenir, take it out when you want to Xiaochuan, it's not good if it's damaged all the time."

Fu Jingting nodded, indicating that he understood, and the joy in his eyes was not concealed in the slightest.

He had long seen this ring unpleasantly.

For a long time, rings have such things as special meanings and cannot be given indiscriminately.

Li Chuan's gift of Rong Shu's ring obviously shows Li Chuan's Sima Zhao's heart, and only she really thinks that Li Chuan's gift of the ring represents her brother's admiration for his sister, not the love between men and women.

Therefore, he had always wanted to take this ring from her hand and throw it away.

But she never agreed, and he didn't want to forcibly take off the ring to make her angry, so he could only persuade himself that out of sight was clean, and he didn't know.

Despite this, every time he saw her suffer this ring, he really couldn't think he didn't know, but he couldn't do anything, he could only endure.

So I endured it until now.

He originally thought that this ring, she would never take it off in her life, but he didn't expect that she would take it off now.

Although she just wanted to put it away instead of throwing it away, he was still very happy to see that she no longer had a ring from another man on her hand.

The joy that the man emanated from his heart, how could Rong Shu not feel it.

No, as soon as she looked up, she saw the obvious joy in the man's eyes.

She couldn't help but be a little amused, "I took off the ring, you are so happy?" "
