Chapter 1391 – Finally See Rong Shu

Her acting skills have always been very good, and when she was in the elevator, she also did a lot of psychological construction for herself, plus she still held a medical tray in her hand, so although she was still nervous in her heart, she was also full of confidence.

Therefore, the moment the elevator door opened, she walked towards Rong Shu's ward very calmly and calmly.

The bodyguard came to stop her.

She now drew a new makeup, which was completely different from the way she had just looked, even from her original appearance.

So the bodyguard didn't recognize her as Gu Manqing for a while, let alone recognized her, she was the shrew just now.

"What for?" After the bodyguard stopped Gu Manqing, he asked directly.

Although nurses came up every day, for safety, they would ask questions and let them into Madame's room.

Otherwise, they won't put it either.

Gu Manqing had long expected that she would be stopped and asked again.

So she still looked very calm and replied, "Dr. Lin asked me to come up." Dr

. Lin has a good relationship with Rong Shu, and using Dr. Lin as a raft should not be exposed.

Sure enough, hearing that it was Lin Tianchen who asked her to come up, the bodyguard put down her unfolded hands.

Seeing this, a trace of excitement flashed in Gu Manqing's eyes.

It worked.

Sure enough, she made the right move.

"Go in." The bodyguard ignored her and turned to patrol elsewhere.

Seeing him go, Gu Manqing breathed a sigh of relief, then closed his eyes, made up his mind, and continued to walk towards Rong Shu's ward.

She had already decided that whether Fu Jingting was there or not, she would tell Rong Shu's background.

She had to save her father.

Coming to the door of Rong Shu's ward, Gu Manqing took a deep breath, and then knocked on the door.

There were footsteps inside the door, and in the next second, the door opened, and what appeared in front of Gu Manqing was not Fu Jingting's handsome and cold face, but a strange face that looked gentle and kind.

"Huh? Haven't nurses been here before? Mother Feng looked at Gu Manqing in front of her curiously.

Gu Manqing's heart tensed all of a sudden, but she forcibly maintained a smile on her face, "Yes, I have been here before, but this time I came at the words of Dr. Lin to register something." Hearing

Dr. Lin's three words, Mother Feng didn't ask more, opened the door completely, and turned sideways to make way for a road, "Then you come in."

"Thank you." Gu Manqing nodded towards Mother Feng, and then walked into the ward with her feet up.

The ward is very luxurious, it is better to say that it is a ward, it is better to say that this is a luxurious large flat floor.

Such a ward is probably only able to be settled in by rich people like Fu Jingting and Rong Shu.

And her father can only live in a slightly more luxurious ward.

That ward is not worth mentioning compared to this.

Gu Manqing looked at the ward while secretly looking for Fu Jingting's figure.

Although she said so, even if Fu Jingting was here, she had to say everything.

But ah, for Fu Jingting, she was still afraid from her heart.

If Fu Jingting was here, even if she could say all this, she would not be able to please later.

Perhaps, she will never be able to leave this hospital today.

But if Fu Jingting wasn't there, she might still have a glimmer of hope to leave?

At this moment, Gu Manqing completely forgot that there were bodyguards outside.

I didn't see Fu Jingting's figure, only Rong Shu, who seemed to be asleep on the bed, and the old lady not far away, and besides that, there was no one else, which made Gu Man couldn't help but breathe a sigh of relief.

Mother Feng did not suspect Gu Manqing's identity, and after taking a look at Gu Manqing, she went to the kitchen to make porridge.

Mama Feng's departure also made Gu Manqing happy.

This means that she can tell Rong Shu all this more smoothly.

Gu Manqing came to Rong Shu's bed, put the tray down, and then gently pushed Rong Shu on the bed.

Rong Shu was awakened and subconsciously opened her eyes, "Mother Feng? What's wrong?"

She asked in a soft voice, full of sleepiness.

Gu Manqing knew that the Feng mother in her mouth was probably the old woman just now.

Gu Manqing did not answer.

Rong Shu didn't hear the sound either, and after blinking his eyes twice, the whole person was a little more sober, and then he saw an unfamiliar face.

"Who are you?" She subconsciously became vigilant.

After all, there are many people who want to harm her and Fu Jingting, and she must maintain a high degree of vigilance against any stranger and cannot relax her vigilance.

"Shh." Seeing that Rong Shu became emotional, Gu Manqing quickly stretched out a finger and pressed it to her lips, "Miss Rong, don't get excited, I'm not a bad person."

Rong Shu was just excited, just because she saw an unfamiliar face.

But now when I saw the nurse's uniform on Gu Manqing's body, I really calmed down.

“Sorry, I just woke up, so I’m a little excited, help me up.” Rong Shu stretched out a hand.

Gu Manqing was not surprised to see that she did not recognize herself, after all, her makeup skills were very good.

She seems to have a talent for this, and she can basically learn makeup as soon as she learns it.

“Yes, Miss Rong.” Gu Manqing stretched out her hand, helped Rong Shu up, and let her sit on the head of the bed.

After Rong Shu sat up, she rubbed her temples, “Do you want to check anything again?”

Gu Manqing didn’t speak, but clenched her palm and looked at her like that.

Rong Shu couldn’t hear the reply, and put his hand down from his temple in confusion and looked up at her.

Seeing her complicated expression, Rong Shu was curious, “What’s wrong?” Miss nurse, why do you think of me like that?

Gu Manqing bit her lower lip, suddenly banged, knelt down, and knelt on the edge of the hospital bed.

Her action scared Rong Shu to the point of trembling.

What is the situation?

Why did she kneel to herself.

“Miss Nurse, what are you doing?” Rong Shu hurriedly asked, “You hurry up, so decent, why did you kneel?” I didn’t do anything to be sorry for you, did I? ”

She was puzzled.

Gu Manqing shook her head, “No, Miss Rong, you are not sorry for me, sorry person, it is me.”

“What do you mean?” Rong Shu frowned.

Gu Manqing’s eyes turned red, “Miss Rong, please save my father?”

“Huh?” Rong Shu was confused, “Save your father?”

“Yes.”

Rong Shu smiled, crying and laughing, “Miss nurse, your father is sick, what are you looking for me for?” I’m not a doctor, so how can I save her? In saying, you are a nurse, you know more about medicine than me, even if you want to save, it is you who save ah, so it is useless for you to find me, of course, if it is because your father needs to do surgery, there is no money, you can click into the official website of the charitable foundation under the Fu Group, write the situation truthfully and then look at the operation fee, as long as it is verified there, it will generally be rescued. The

charitable foundation under the Fu Group was established after Fu Jingting inherited the Fu family.

To date, thousands of people have been rescued.

It is not to blindly rescue everyone, but only to rescue those who really can’t pay for medical treatment, and the family members are kind and have no criminal record.

As long as these two conditions are met, the foundation will not hesitate to lend money.

This is also why, the vast majority of netizens, so support the Fu Group, because the Fu Group saves people, is really saving people, rescue should be saved, not like some sheep’s head selling dog meat charitable foundations, in the name of rescue, high-level people make their own money.

Therefore, the reason why she was framed twice before and involved the Fu Group, and the reputation of the Fu Group was only affected a little, is because of the reputation of the Fu Group outside and has done a lot of good deeds.

“No, I’m not asking for surgery.” Gu Manqing shook his head repeatedly.

Rong Shu frowned, “It’s not for the operation fee, so what do you want?” ”

Chapter 1392 – I’m Fake

Gu Manqing squeezed the palm of his hand, and finally as if he had made up his mind, he took out the makeup remover wipes from his bag and began to remove his makeup.

Rong Shu was puzzled by her actions, but he didn’t stop her, just looked at her curiously.

After watching it for a while, as the makeup on Gu Manqing's face became lighter and less, Rong Shu's eyes widened, "You" "

Miss Rong." Gu Manqing had completely removed her makeup, she knelt two steps forward and grabbed Rong Shu's hand.

Rong Shu couldn't pull her hand out, she held it too tightly.

She never thought that the person who came was not a nurse at all, but Gu Manqing!

Gu Manqing also opened her mouth to let her about her father, who is her father, is it not Gu Yaotian?

And this is not the first time this has happened.

A few months ago, Gu Manqing also grabbed her and begged her to save her father.

As for how to save?

That's kidney donation, of course.

After all, Gu Yaotian is kidney failure, and if he wants to survive, he can only change his kidney.

That time, after Gu Manqing was scolded by her, she never came to her again, she thought that Gu Manqing was dead.

Unexpectedly, after a few months, Gu Manqing actually came again.

Even heard that she was here now, directly changed into a nurse's outfit, and knelt here to beg her, how ridiculous.

Rong Shu's face was cold and difficult to see, "Gu Manqing, do you want me to donate a kidney to save your father again?"

Gu Manqing bit her lip and nodded, "Yes, Miss Rong, now only you can save my father, so please, save my father, please."

Saying that, she actually began to kowtow.

Rong Shu was still expressionless, and did not relent because she kowtowed and begged.

She is kind, but her kindness is only for those who should be given, like the Gu family, she will not be soft hearted no matter how kind she is.

“You’re asking the wrong person.” Rong Shu didn’t start, didn’t want to see Gu Manqing at all, and said coldly, “If you want to save Gu Yaotian, you should go to the doctor, what do you want me to do?” Don’t you know what hatred I have with Gu Yaotian? Will I save my enemies? You think too noble, I tell you, I won’t save my enemy, I wish he died early, besides, even if I have no feud with Gu Yaotian, I won’t save her, why should I donate my kidney to save someone who has nothing to do with me? Change to you, will you?

Gu Manqing lowered her eyes.

Of course she won’t.

No one would be so generous, for the sake of a stranger, give up their kidney?

Seeing that Gu Manqing didn’t speak, Rong Shu’s face was full of ridicule, “Look, you don’t know it yourself, why are you begging me to save people?” Why do you think I will say yes? Do you know what kidney donation means? It means that you are going to lose your health, it means that you may also suffer from kidney failure in the future, it means that I have to give up the child in my belly, I tell you, this is absolutely impossible, but speaking of it, I am curious, why do you always think that my kidney can save Gu Yaotian?

“Because because” Gu Manqing’s eyes kept flickering, he couldn’t speak.

Rong Shu also had no patience, and waved her hand directly, “Okay, since you can’t say it, then there is no need to say it, I don’t want to hear it, please leave now, otherwise I will call someone directly.” Saying

that, she put her hand on the emergency call bell on the bedside, and once Gu Manqing did something unfavorable to her, she could immediately press this button.

At that time, Gu Manqing couldn’t run out at all.

Gu Manqing also knew this, and her face was distorted, “Miss Rong, are you really so desperate?”

Rong Shu rolled her eyes, “Please, I just don’t save my enemies, I don’t want to donate a kidney, I don’t want to give up the child in my belly, why am I desperate?” Isn’t it you who is really desperate? I’m an outsider, the probability of matching with Gu Yaotian is not high at all, you are Gu Yaotian’s daughter, your matching probability should be higher, you love your father so much, you should donate your kidney to save him, why don’t you donate, come and let me donate a kidney by an enemy and an outsider, what are you not desperate and selfish? However, you don’t feel that you are desperate and selfish, and you have morally kidnapped me, which is really ridiculous enough.

"If I could donate, I would have donated long ago." Gu Manqing was greatly stimulated by Rong Shu's words, and stood up all of a sudden, and her voice was raised, "I have never felt what is called family affection, it was after I arrived at the Gu family, I knew that the original family affection was so warm and beautiful, so I hope that my father survives more than anyone, only if my father survives, I can always enjoy my father's love and enjoy a rich life, so of course I am willing to donate a kidney for my father, but my match is not matched, do you know why?"

Looking at Gu Manqing's blood-red eyes and excited expression, Rong Shu inexplicably had a bad premonition in her heart.

She opened her mouth, her voice slightly hoarse, "Why?"

A vicious smile appeared on Gu Manqing's face, "Because ah, I'm not their biological daughter.

"What did you say?" Rong Shu's face changed.

Gu Manqing clenched her fists, "Because I am not their biological daughter, I am not Gu Manqing."

"This can't be!" Rong Shu's pupils contracted, "When you and Gu Yaotian and his wife did a paternity test, all of us were present, and more than a dozen appraisal institutions could not have all made mistakes, let alone been bought.

"Of course, there will be no mistakes, and of course those identification agencies will not be bought, because there will be no one to buy them, because their identification results are correct, and in the paternity test, it is indeed the relationship between the biological parents and the children, but the person is not."

"What do you mean?" Rong Shuxiu's brows furrowed very tightly,"

Chapter 1393: You Are Gu Manqing

Gu Manqing took a deep breath and calmed down temporarily, "If before today, of course I am afraid, I will not tell you this, I will bring these secrets into the grave and never let you know, but I want to save my father, so I can only say all this, didn't you just ask me, why are you so sure that your kidney can save my father?" The answer is already obvious, isn't it? Rong Shu, you are Gu Manqing, you are my parents' biological daughter! Boom

Rong Shu sneered and froze on his face, the whole person was like being struck by lightning, sitting motionless on the hospital bed, his brain was buzzing, and he was blank.

Gu Manqing didn't let her go, and repeated, "Rong Shu, I'm a fake, you are the real thing, you are the biological daughter of Gu Yaotian and his wife, the real Gu Manqing!"

"Impossible!" Rong Shu finally regained a little consciousness, clasped her hands together, and shook her head with a pale face, "This is absolutely impossible, this is not true, you are lying to me, this is not true!" Is

she Gu Manqing?

Are you kidding!

How could she be Gu Manqing!

It must have been this woman who deliberately said that to lie to her.

She didn't believe it, she absolutely didn't believe it.

Seeing that Rong Shu's emotions obviously began to get excited, Gu Manqing smiled wickedly, "Miss Rong, I know you don't believe it, but this is the truth, I have evidence, do you know why I dug up the red mole on your wrist?"

As soon as these words came out, Rong Shu's face changed greatly.

She remembered that she knew that Gu Manqing had a red mole on her wrist.

Looking at Rong Shu's body trembling, Gu Manqing said again: "It seems that Miss Rong you have guessed, yes, there is a red mole on Gu Manqing's right wrist, and I accidentally found a red mole on your wrist, so at that time, I guessed whether you were Gu Manqing, so when I met you that day, the design got your hair, and then went to the appraisal, and found that you are really the Gu Manqing that Gu Yaotian and his wife have been looking for."

"How could it be"

Rong Shu held her head tightly with both hands, and the whole person fell into a state of self-doubt.

Obviously, what Gu Manqing told her made her unbearable, and she was a little collapsed.

How could she be Gu Manqing?

How could Gu Manqing be her?

This fact made her unacceptable.

But Gu Manqing obviously had to accept this fact, and continued to say, "After knowing that you are Gu Manqing, I am afraid that one day my parents will recognize you through this red mole, after all, you live so close, you are in the sea market, so I can't help, I have to destroy your red mole, I thought that as long as I destroyed your red mole, I would be fine, but I didn't expect that President Fu found me so quickly and arrested me in the police station." , In the police station, President Fu questioned me why I did this, he was terrible, I didn't dare to hide it from him at all, so I could only explain everything.

"What did you say?" Rong Shu raised her head abruptly and stared at Gu Manqing deadly, "You said, Fu Jingting has long known me from you" "

That's right, President Fu knew that you were Gu Manqing at that time." Gu Manqing's smile was even worse.

Rong Shu's mind was even more chaotic.

Fu Jingting actually knew at that time.

But why didn't he tell himself?

Gu Manqing pretended not to notice her collapse, and then said: "President Fu told me that if I got rid of your red mole, it is impossible to hide it from everyone, but it is the stupidest move, the police will register the specific harm I committed to you, Gu Yaotian and his wife will also see the police record, so as to know that you have a red mole, and then know that I am a fake, but guess why Gu Yaotian and his wife did not see the record made by the police, and have never known my harm to you." Did you gouge out the red mole on your wrist? Why

?

Rong Shu's mind immediately appeared Fu Jingting's figure.

Could it be him?

Rong Shu shook her head violently, and her emotions broke down even more.

But Gu Manqing's next words completely knocked her to the bottom.

"That's right, it's what Miss Rong thinks, it was President Fu who did it, and President Fu hid all this, so Gu Yaotian and his wife don't know that I dug up your red mole, only know that I knocked you out, otherwise, my identity has long been exposed, and you

have long known that you are Gu Manqing, not until now I tell you, in addition, President Fu has done something else, Miss Rong, do you want to know?" Gu Manqing leaned over.

Rong Shu covered her ears, "Don't say it, I don't want to hear it, I don't want to hear it."

"If I don't want to hear it, I'll tell you!" Gu Manqing grabbed her hands off, "I knew that after you and Mr. Cheng planned to expose my identity, I was scared, so I took the initiative to contact Mr. Fu and wanted to ask him if there was any way, Mr. Fu asked me to wait, but I couldn't get a specific answer, I couldn't wait, so that day, I deliberately clashed with you in the hospital and grabbed a large handful of your hair."

As soon as these words came out, Rong Shu instantly remembered.

Yes, she came out of the elevator that day and met her.

Then Gu Manqing lost a strand of her hair, she didn't know that Gu Manqing's purpose was her hair, just because it was really a contradiction.

Now I know that everything was premeditated.

"So, you sorted out that hair, got it on the hairpin, and then pretended to be your own hair, right?"

"That's right." Gu Manqing directly admitted, "Because of the different hair colors, I also specially dyed my hair the color of your hair Miss Rong, and not long after dyeing, you and Mr. Cheng directly disclosed to Gu Yaotian and his wife that I was not them."

Chapter 1394 – Moral Kidnapping

"Heard Rong Shu, you must save them!" Gu Manqing stared at Rong Shu closely, "Don't forget, you were stolen by Rong Hao from the Gu family, if Rong Hao was not stolen, you would be called Gu Manqing now, you will be spoiled by your parents and grow up, not in hatred of the family, and you were also brainwashed by Rong Hao, making you hate your biological parents, Rong Shu, you really shouldn't be, they are your biological parents, how can you hate them?" On the contrary, you were stolen by Rong Hao and did not fulfill your filial piety by your parents' side, you should feel ashamed and feel indebted!

"Ashamed? Owe? Rong Shu smiled, laughing sarcastically.

But Gu Manqing didn't think so, but nodded repeatedly, "That's right, you were taken away by the enemy family, let your parents find you for more than twenty years, and missed you for more than twenty years, shouldn't you feel ashamed?" Shouldn't you save Daddy? Saving your parents is your obligation as a daughter, and you must have the fertility grace of your parents, so you must save your father.

"What you said is funny." Rong Shu directly pushed her away vigorously, "Let's not say that I have never admitted that I am Gu Manqing, even if I am Gu Manqing?" Who caused me to be stolen? Didn't the Gu family go to calculate the Rong family first, and the Rong family took revenge before stealing me? The Rong family clearly knew that I was the daughter of the enemy, but they did not think of killing me or losing me, but raised me well, gave me father's love and mother's love, never owed me, and taught me so sensibly, so not only did I not hate the Rong family for stealing me, on the contrary, I was very grateful to the Rong family for stealing me, otherwise if I stayed in the Gu family, I would only be raised by the Gu family as a person like Gu Manyin.

Gu Man looked at Rong Shu in disbelief and took two steps back, "How can you think so?" The Rong family stole you, not only do you not hate the Rong family, but you also have to thank them, and in turn blame your biological parents for having problems with education, you are simply a big disobedience.

"I thank you for the compliment, I just don't go against it." Rong Shu raised her chin slightly and looked at her coldly, "Anyway, I still say that, I won't save Gu Yaotian, no matter who he is and what relationship he has with me, I won't save him."

"You're so selfish and desperate." Gu Manqing pointed at Rong Shu angrily, "He is your biological father, how can you, as a daughter, be so unsaved."

"So what? Are you going to let me knock out the child in my belly and donate a kidney?"

"What is a child?" Gu Manqing disagreed, "Still an unformed child, where is it important to have a father, of course you should beat him to save your father, don't forget, your life is given by your parents, you should repay them, and Miss Rong, you are still young, you can still regenerate in the future, so you should save your father first, Miss Rong, don't forget, it's your biological parents, if you don't save them, you are not filial."

She loudly accused.

At this time, Mama Feng had just come out of the kitchen and just heard this.

Seeing Gu Manqing pointing at Rong Shu, he looked indignant, and when he was enraged, "What are you?" Dare to point at my young lady like this? Mother

Feng walked over quickly and pulled Gu Manqing's hand pointing at Rong Shu over.

At the same time, he was dragged over, and Gu Manqing's front.

Seeing a completely unfamiliar face, Mother Feng was first stunned, and then her eyebrows questioned sternly, "Who are you?" You're not the nurse you were before, what about the nurse before?

Gu Manqing didn't expect that someone would come over at this time, and his attitude was suddenly not as natural as when he faced Rong Shu just now, so arrogant, and his face turned white for a moment.

This old lady just now had a kind face, and now she has actually become so serious and terrifying.

"I" Gu Manqing just made a voice.

Mother Feng interrupted her directly, "No matter who you are, you suddenly appear here, and you shout at my young lady, I can't let you go, come on!"

Mother

Feng drank fiercely, and the bodyguards outside heard the movement and immediately walked in, "Mother Feng?

"What's going on with you guys? How can you casually let so many nurses in a short period of time? Mother Feng pushed Gu Manqing towards the bodyguard.

The bodyguard subconsciously clamped on her and said puzzled: "We didn't let the nurse in casually, we just released one."

"Then tell me, how did this one come about?" Mother Feng pointed at Gu Manqing.

The bodyguard looked down and was taken aback when he saw Gu Manqing, "Who are you?"

He hadn't seen this woman, how did this woman get in?

And he was out all the time, he didn't

wait at all.

The nurse he put in before had never come out of Madame's ward, and now he came in and saw this nurse who looked completely different from just now.

In other words, this nurse, the nurse just now, just wore makeup, so her appearance is different.

"Mother Feng, this is the nurse." After the bodyguard realized that the two were the same person, he was relieved and immediately reported to Mother Feng.

Hearing this, Mother Feng quickly looked towards Gu Manqing's face, looked carefully, and found that Meiyu was indeed the same as the nurse just now, and suddenly the old face became even more ugly, "Say, who are you and what are you doing here?" Why did you turn yourself into two and yell at Madame?

"What? Reprimanding Madame? The bodyguard hurriedly looked towards Rong Shu.

Rong Shu on the hospital bed lowered her head and couldn't see the expression on her face, but the dead silence that radiated around her made the bodyguard desperate.

Finished.

He got into trouble.

This time, President Fu will not let him go.

The moment Gu Manqing saw the bodyguard come in, she was already very afraid, knowing that she was finished this time, she couldn't go out, her whole head was blank, and she couldn't say anything in the face of Mother Feng's interrogation.

Mother Feng didn't bother to wait for her to say something, anyway, there was monitoring in the ward, what kind of grudge this woman had with Mrs. Da Shao before, she would soon know.

"Take this woman down to watch over first, wait for the eldest young master to come back and make a decision, remember, don't let people run, otherwise you know." Mother Feng looked at the bodyguard with a warning look.

When Mama Feng was young, she also went to the battlefield with the old lady, although she was usually gentle and gentle, but when she was serious, she was really murderous.

And although the bodyguards are also discharged from the army, they also have blood in their hands.

But even if there is a war in peacetime, how much blood can be stained? It is far from what Mama Feng carries.

So the bodyguard hurriedly nodded and answered, indicating that he knew, "Don't worry, Mama Feng, I will take people seriously."

"Go ahead." Mother Feng waved her hand and drove the people away.

The bodyguard went out with Gu Manqing.

Mama Feng closed the door of the ward, and quickly walked over to inquire about Rong Shu's situation, "Young lady, how are you?"

Rong Shu slowly raised her head, revealing a confused face, and a pair of godless eyes that had lost their highlights.

She looked at the relationship on Mama Feng's face, her mouth opened, she wanted to say something, but she couldn't say a single syllable.

In this way, she made Mother Feng even more worried, "Mrs. Da Shao, what's wrong with you, talk, tell Mother Feng, don't let Mother Feng worry."

"Mama Feng." Rong Shu finally made a sound, but her voice was full of self-deprecation and despair, "Why am I the daughter of the Gu family, why?"

Although she said to Gu Manqing that she did not admit that she was the real Gu Manqing, she knew in her heart that what Gu Manqing said might be true.

She is the real Gu Manqing.

Everything is too coincidental.

Coincidentally, even if she didn't want to, she had to believe this cruel truth.

Chapter 1395 – Stomachache

The first is that twenty-seven years ago, Gu Manqing was stolen.

Gu Manqing was stolen by her father in the Gu family, and then three days later, her father adopted her, which was indeed too coincidental.

Secondly, the red mole on Gu Manqing's wrist closed with her again.

Then there was her hair
and

every time she saw Gu Yaotian and his wife's love for Li Zhaodi, her heart was inexplicably uncomfortable, and even seeing the miserable situation of Gu Yaotian and his wife now, she was not only not the slightest bit happy, but also very heavy.

What does this mean, it shows that there is a blood relationship that affects her.

It shows that she is really what Li Zhaodi said, the real Gu Manqing!

But because of this, she couldn't accept it.

Why would she be Gu Manqing?

If she is Gu Manqing, then what is her so-called avenge for the Rong family?

Isn't it a joke again?

To take revenge on her biological parents for the sake of her adoptive parents, pass it out, what will the outside world think of her?

Will it say that she is wolf-hearted? Even the biological parents did not let go, after all, they gave birth to her, even if she did not grow up with them since she was a child, they did not raise her, but they gave her life, and she wanted to take revenge on them, this is not a wolf heart dog lung what is it?

But if she doesn't take revenge on Gu Yaotian and his wife, then does the outside world have to say that she is sorry for the Rong family's nurturing grace, is it a white-eyed wolf?

So, no matter what she did, she was wrong.

When Mother Feng heard Rong Shu's words, the whole person was taken aback, "Young lady, what do you say again, what daughter of the Gu family?"

Why didn't she understand something?

Rong Shu did not explain, closed her eyes, and then there was a sharp pain in her lower abdomen, and her small face suddenly lost its blood.

She took Mama Feng's hand in horror and fear, and her voice trembled urgently, "Mama Feng, my stomach hurts so much, Mama Feng"

Hearing Rong Shu's stomachache, Mama Feng could no longer care about the daughter of the Gu family, and hurriedly pressed the emergency call bell at the end of the bed.

Then, Mother Feng hurriedly checked Rong Shu's situation, "Don't be afraid, Mrs. Young, the doctor will come immediately, don't be afraid, let Mother Feng see, it's okay, it will be fine." Rong

Shu was so painful that tears came out, tightly grasping Mama Feng's hand, her breathing became rapid, "Mama Feng, is my child going to be gone?" It

hurts so much that I cut off the inside of my stomach.

She was really worried, really afraid that the child would just be gone.

Mother Feng quickly covered her mouth, "Don't talk nonsense, Mrs. Da Shao, how can there be no children?" No, absolutely not, don't talk nonsense, don't think blindly, Mother Feng is here, Mother Feng will accompany Mrs. Da Shao, and will not let Mrs. Da Shao have trouble, so Mrs. Da Shao, you give yourself a little confidence, believe in yourself. Rong

Shu leaned into Mother Feng's arms, the whole person was weak, and the pain was so cold that a cold sweat came out.

Seeing this, Mother Feng was also anxious, anxious to cry, coaxing Rong Shu while constantly hoping that the doctor would come over quickly.

Perhaps God heard Mama Feng's expectation, and soon, the ward door was pushed open, and several obstetrics and gynecology doctors quickly walked in.

Mama Feng didn't wait for them to say hello, and pulled the doctor led by her to the bedside, "Hurry, hurry up and show our lady, her stomach hurts." I was about to faint. Seeing

this, several doctors did not dare to delay, and hurriedly stepped forward to check Rong Shu's condition.

Rong Shu is the wife of the head of the Fu family, if she has something, President Fu will definitely be furious, and then none of them who are doctors will be able to eat and go.

So after several doctors briefly examined Rong Shu, his expression was solemn.

"Quick, send to the emergency room."

Then Rong Shu was directly pushed into the emergency room.

Outside the emergency room, Mother Feng was about to cry.

How did this end up in the emergency room?

She knew that the sudden severe pain in the lower abdomen of the young lady was abnormal, and it must be very serious, but she never expected that it was so serious that she actually went into the emergency room.

In that case, can the child still be saved?

Mother Feng hurriedly walked around, and then took out her mobile phone to hurry to call Fu Jingting.

No matter what, Fu Jingting must know about this matter.

Fu Jingting is in the Fu Group at this time.

Originally, I had to accompany Rong Shu all day today, but later Assistant Zhang called over, saying that the group had a very important document that he needed to personally deal with, because Assistant Zhang went to inspect the subsidiary below, so he could not personally send it, and he was not worried about letting other secretarial assistants send it.

Because this document is so important that it concerns group secrets.

Therefore, under the persuasion of Rong Shu, Fu Jingting had to leave the hospital first and go to the Fu Group, intending to deal with it and come back.

Now Fu Jingting had just finished processing the documents when he heard his mobile phone ringing.

He put on his coat and picked up the phone, and when he looked at it, his eyes suddenly froze.

Mother Feng called?

Why did Mother Feng call at this time?

Did something happen?

Before he left, he said that if something happened, call him.

And he knew that he would go back after a few hours of leaving at most, and if there was nothing wrong, neither Feng Ma nor Rong Shu would contact him.

But now Mother Feng called at this time, so it is very likely, something happened.

“Hello?” Fu Jingting did not hesitate and immediately answered the phone.

Mama Feng’s anxious voice with a crying voice came, “The eldest young master is not good, the eldest young lady has entered the emergency room.” “What

?” Fu Jingting abruptly stood up from his chair, and his mind boomed.

Did Xiaoyezi go into the emergency room?

“How so?” Fu Jingting grabbed the mobile phone with a big hand.

Mama Feng's voice was anxious, "Young Master, I can't tell for a while on the phone, you should come to the hospital first."

"Okay, I'll come right over." He hung up the phone, put it away, and immediately rushed out of the office.

On the way, some employees greeted him, but he ignored them all, his face was extremely gloomy and solemn.

Member.

Chapter 1396 – The Child Saved

No matter what Rong Shu will do this time, whether the child will be okay or not, he will not let this woman go!

Fu Jingting took out his mobile phone and dialed a number to go out.

It was quickly connected over there, "President Fu."

"Why didn't you look favorably on Gu Manqing and let her run out?" Fu Jingting asked expressionlessly, and his voice was cold without a trace of emotion.

The bodyguards on the other end of the phone were stunned, "What? Gu Manqing ran out? How is this possible!

He had been guarding here all the time, and he didn't see Gu Manqing leave.

"It seems that you don't know ah, you are derelict in your duty." Fu Jingting squinted, his eyes full of cold and dangerous light.

The bodyguard heard it, and subconsciously snorted, "President Fu, I'll take a look."

"No need, Gu Manqing is here with me now, you go back to the company, your boss knows how to arrange you." Fu Jingting said coldly.

The bodyguard smiled bitterly.

When he returned to the company, he faced the most severe punishment, and after the punishment, he could no longer work in the bodyguard line.

But this time, it was indeed his failure.

"Yes, Mr. Fu." The bodyguard lowered his head and answered with a low voice.

As a bodyguard, it is his fault and his responsibility to lose people.

He was willing to accept punishment.

Fu Jingting didn't say anything more and hung up the phone.

After that, he kept standing outside the door of the emergency room and waited, without asking Mother Feng about Gu Manqing.

These things are not important first, the important thing is Rong Shu's safety.

As long as she was okay, he could deal with these people with peace of mind.

So what he has to do now is wait for her to come out and hear the news that she is safe.

Fu Jingting waited for three hours.

He has been standing, not sitting, even if his legs are stiff and paralyzed, he did not move for half a minute, and he did not care.

Mother Feng was distressed when she saw it, but she also knew that the relationship between Fu Jingting and Rong Shu, if the eldest young master did not wait for the news that the eldest young lady was safe, he would definitely not care about himself.

Speaking of which, this matter also has her responsibility.

If she had been watching at that time and hadn't gone to the kitchen, maybe that Gu Manqing would have been unable to hurt Mrs. Da Shao.

Mother Feng lowered her head and felt full of self-blame in her heart.

She came to take care of Mrs. Da Shao, but on the first day, something went wrong, and she really got old.

At this time, the red light above the emergency room went out.

The next second, the door to the emergency room opened, and an obstetrician and gynecologist came out of it.

Fu Jingting grabbed his arm, "How is my wife?" The

doctor knew his identity, did not dare to delay, and quickly replied, "President Fu rest assured, Madame is already fine." Hearing

this, Fu Jingting's hanging heart could be regarded as letting go, and the whole person was relieved.

Great, she's okay.

Mama Feng's tense face also relaxed slightly, "What about the child?"

Then, she quickly asked.

Fu Jingting also looked at the doctor.

The doctor replied again: "The child is also fine, the child is saved, but this time the lady was greatly stimulated, resulting in fetal gas, if not rescued in time, the child will definitely not be saved, although this time the child is saved, but the lady's body is weaker, the child is more dangerous, I recommend that during the third trimester of pregnancy, it is best not to leave the hospital."

Although Rong Shu is also hospitalized to raise a fetus now, as long as there is something, she can leave the hospital to deal with her own affairs, and after processing, she can come back.

In other words, as long as she is okay, she can not go back to the hospital for several days.

But now, apparently, not anymore.

"Good, good, just keep the child, we will take better care of her in the future, and don't let her leave the hospital, thank you doctor." Mother Feng nodded repeatedly.

The doctor looked at Fu Jingting, "President Fu, Madame will be sent back to the ward soon, if you want to be together, you will have to wait a while."

"I know." Fu Jingting bowed his head and answered in a hoarse voice, "You go and get busy." "Okay

." The doctor nodded and left.

Fu Jingting stood in place and waited, waiting for a few more minutes, Rong Shu was pushed out, and the person was not awake.

He walked over quickly, and the medical staff also walked aside with interest, leaving time for the two of them for the time being.

Fu Jingting bent down and looked at the pale and bloodless woman on the hospital bed, his heart seemed to be pinched, and his heart was distressed.

He was gone for a few hours, and she was hurt again, and it was he, the husband, who did not protect her.

Fu Jingting stretched out his hand and touched Rong Shu's cheek distressedly.

Mother Feng looked sad on the side.

The eldest young master and the eldest young lady have really experienced too much.

God when will I let this pair of lovers go.

Fu Jingting looked at Rong Shu silently for about ten minutes.

The last nurse plucked up the courage to stand up and remind, "Mr. Fu, the time is almost up, let's send my wife back to the ward first, so that she can also rest better, you see"

The implication is that you quickly get out of the way.

Fu Jingting also understood, but he was not angry, he also knew that returning to the ward early was the best for Rong Shu, so he didn't say anything and directly let go.

The medical staff hurried up and pushed Rong Shu back to the ward.

After settling in, the nurse told when Rong Shu would wake up after that, what might happen after waking up, and saw that Fu Jingting and Feng Mama had written it down, and then left.

After the people left, except for Rong Shu, who had not yet woken up, there were only Fu Jingting and Feng Ma in the ward.

Mother Feng stood behind Fu Jingting guiltily, "Young Master, I'm sorry, I didn't protect the young lady, when Gu Manqing came, he dressed up as a nurse, and used Dr. Lin to make a raft, saying that he wanted to come to register for the young lady, we didn't suspect it, so we let her in, after she came in, I went to the kitchen to make porridge for the young lady, thinking that the young lady was delicious at night, but I didn't expect to just put the porridge out of the pot, just."

Chapter 1397 – Never Forgive

It seems that the next step is to explain to her well.

Otherwise, he would not even be qualified to go back to the room in the future.

Fu Jingting rubbed his temples.

At this time, Mother Feng asked, “Young Master, are you going to see that woman named Gu Manqing?”

Fu Jingting shook his head, his face was cold and terrifying, “No need, talk to Xiao Yezi after waking up.” Rong

Shu never woke up, and he couldn't rest assured.

Gu Manqing is not in a hurry, and people will not die.

When Mother Feng heard him say this, she still didn't say anything, but asked in puzzlement, “Young Master, as just said in the monitoring, Mrs. Da Young is Gu Yaotian's daughter, and you also know about this matter, and you also helped her hide her side, is this true?”

Fu Jingting's thin lips tightened, and it took a long time before he replied, “It's true.”

Mother Feng gasped, “No wonder, no wonder Mrs. Da Young is so emotional, she originally thought that she was only abandoned by her biological parents and adopted by the Rong family, so she wanted to avenge the Rong family, but now she has become the daughter of the enemy, let alone revenge, she herself has to collapse.” In

other words, I can't accept it.

After all, on the one hand, it is their own adoptive parents, who are like treasures to themselves.

On the other side, it was her own biological parents, who did not abandon her as they thought, but were stolen by her adoptive parents.

If Gu Yaotian and his wife really abandoned the eldest young lady, or even if they were stolen, Gu Yaotian and his wife and the young lady were separated for more than twenty years and had no feelings for each other, Gu Yaotian and his wife would have long disliked the eldest young lady, the eldest daughter, and it is estimated that the young lady would not collapse so much.

Because the young lady can take revenge on Gu Yaotian without any psychological burden, a biological parent who does not love him, why should he be merciful for the sake of his biological parents?

However, this is not the case.

Although Gu Yaotian and his wife have been separated from their eldest daughter for more than twenty years, Gu Yaotian and his wife have always loved this eldest daughter.

I didn't see this fake Gu Manqing arrived at the Gu family, how did Gu Yaotian and his wife spoil her and compensate her?

Therefore, Gu Yaotian and his wife love this daughter very much.

Now that Mrs. Da Young has become this daughter, seeing that Gu Yaotian and his wife are so fond of her daughter, it is strange that Mrs. Da Shao can be ruthless.

Hey, what a joke.

"If only that woman didn't come here and tell Madame Da Shao her true identity." Mother Feng was angry, "Since she wants to be Gu Manqing, then she should be a life, why should she tell the young lady that the young lady hurt the young lady is almost there"

Mother Feng was afraid in her heart, and she couldn't say the following words, and she hated Gu Manqing in her heart.

Fu Jingting's face was also extremely ugly.

Yes, since he wanted to replace Xiao Yezi's identity from the beginning, he also gave her this opportunity and conditions, then it should be a lifetime.

But this woman wants to jump out and be a demon looking for death.

Fu Jingting's eyes narrowed, and his eyes were full of frost and killing intent.

"Young Master, does anyone else know about this matter besides you and that woman?" Mother Feng asked.

Fu Jingting pinched the bridge of his nose, "And the Lu family knows."

"There is nothing else but the Lu family?"

Fu Jingting snorted.

Mother Feng breathed a sigh of relief, "That's good, the Lu family has a good relationship with Mrs. Da Shao, they know, they can also help comfort and comfort Mrs. Da Shao, Young Master, I think you should tell the Lu family about this matter, after Mrs. Da Shao wakes up, she will definitely not be able to come out temporarily, and if you help that woman, this matter will definitely leave a bad impression in Mrs. Da Shao's heart, so that she will not treat you for a short time, so you quickly tell the Lu

family and let the Lu family come over, Advise Mrs. Da and young lady, by the way, help you intercede, otherwise you will be kicked out of the room later. Mother

Feng knew Fu Jingting, after all, she grew up watching.

Knowing that Fu Jingting helped that woman hide her identity, he did not have anything to that woman, nor did he want to betray Mrs. Da Shao.

It was for the good of the eldest young lady, and the eldest young master did this.

She as an outsider knows that once the eldest young lady becomes the daughter of the Gu family, what will the eldest young lady face, and how can the husband of the eldest young master not know?

The eldest young master is afraid that as early as the moment he knew the true identity of the young lady, he guessed that the young lady may face collapse, unacceptable facts, and may even make irrational moves, so the young master will find a way to hide the young lady and not let the young lady know that she is the daughter of the Gu family, so he will choose to help the fake Gu Manqing hide his identity.

There was absolutely nothing wrong with the eldest young master doing this, the only mistake was that he really lied to the eldest young lady.

And the young lady who is in extreme shock and collapse will only think that the young master deceived her and helped other women, and will not suddenly consider that the young master is doing this for her good, so at this time, the young master will face the blame of the young lady, and the lighter one will ignore the young master at most.

If it is heavier, it is very likely to drive the eldest young master out of the room, or even divorce.

For the good of the eldest young master, and in order to quickly reconcile the eldest young master and the eldest young lady, at this time, it is necessary to find someone close to the eldest young lady to persuade the eldest young lady.

Otherwise, the young lady will definitely not be able to let go in a short time.

These words reminded Fu Jingting

Indeed, after Rong Shu woke up, she would definitely not treat him, maybe she would not want to see him, so he would not have a chance to explain to her.

It is indeed necessary to find foreign aid, not only to comfort Rong Shu and let her come out early, but also for their own sex and happiness in the future.

"I know, I'll contact them later." Fu Jingting bowed his head.

Mother Feng thought of something, and asked, "The old lady doesn't know about this matter, right?"

"Grandmother knows." Fu Jingting replied.

Mother Feng nodded, "Since the old lady knows, then there is no need to tell the old lady about this matter."

"Grandmother's side, when the matter is settled, just let her know." Fu Jingting's voice echoed hoarsely.

As soon as the words fell, there was a knock on the door.

Mother Feng walked over and opened the door, and Lin Tianchen hurriedly came in, still wearing a bloody surgical gown.

In other words, he just came out of the operating room to perform the operation on the patient, but when he heard that Rong Shu had an accident here, he didn't even have time to change his clothes, so he came directly.

"What's going on? How could Rong Shu be abrupt? But something happened and almost miscarried? Lin Tianchen walked in, first looked at the woman on the hospital bed with a drip and an extremely pale and transparent face, and finally cast his reproachful eyes on the man sitting next to the hospital bed holding Rong Shu's hand.

The man gently put Rong Shu's hand back into the quilt, then stood up and looked at Lin Tianchen with a calm face, "Li Zhaodi broke into here in your name and told Xiao Yezi her true identity." "What

?" Lin Tianchen's eyebrows suddenly furrowed.

Rong Shu was Gu Yaotian's daughter, he also knew it, and Fu Jingting told him.

"You said the woman used my name?" Lin Tianchen's face was extremely ugly.

Fu Jingting raised his chin, "She didn't know where she got a nurse's uniform, pretending to be a nurse to go here, and then under the pretext that you asked her to register Xiao Yezi, so the bodyguard and Mother Feng didn't suspect and let her in, and you should have guessed what happened after that."

"Good." Lin Tianchen smiled angrily, "Dare to use my name to make a raft, where is that woman now?" Caught it?

Dare to use his name, if he doesn't cut that woman alive, he is not Lin Tianchen.

Chapter 1398 – Need Help

Caught it.” Fu Jingting knew what she was thinking as soon as he saw Lin Tianchen’s expression, and did not feel that Lin Tianchen’s thoughts were excessive.

In fact, even if Lin Tianchen didn’t do this, he wouldn’t spare this woman.

“After I dispose of her, I will throw people to you and play as you like.” Fu Jingting said in a light voice, but the cruelty and coldness in his words made Mother Feng couldn’t help but snort.

But Mama Feng did not feel unbearable.

That woman snatched the identity of the young lady, after all, the young lady does not necessarily want to press the identity.

But the woman was disgusted and disgusted in robbing her identity, and she also wanted to stimulate Mrs. Da Shao, who almost lost a child again.

If this child is lost, then the eldest young master and the eldest young lady will have no more children in the future.

At this moment, Mother Feng was extremely happy, and Mrs. Da Young was fortunately hospitalized.

Otherwise, the woman found the home, the home is so far from the hospital, the young lady will definitely not be able to seek medical treatment in time, and the child will definitely not be saved.

In short, a murderer who almost killed the young lady, what qualifications to make her soft-hearted, should have this end.

Lin Tianchen had no objection to Fu Jingting’s proposal, and agreed with a sigh, “Don’t worry, I won’t let that woman have a good time.”

A cruel smile appeared on his handsome face.

“I’ll ask the nurse to come over later, and I’ll contact you in advance.” At this time, Lin Tianchen said again.

Fu Jingting and Mother Feng were satisfied with his words.

It's better to contact in advance, so that there will be no such thing as not knowing whether it is the nurse he arranged.

"The reason why that Li Zhaodi came to Rong Shu and told her all this is because it is for Gu Yaotian, right?" Lin Tianchen suddenly guessed and said, "The day I persuaded Gu Yaotian to leave the hospital, I met her, she asked me if there was still a glimmer of hope if Gu Yaotian changed his kidney now, I told her that hope is better than nothing, but in her opinion, as long as it is not nothing, it is still possible, but I didn't think much about it at the time, otherwise all this would not happen today."

After all, no matter whether it happened that time or this time, he also had some responsibility.

Fu Jingting clenched his fists, "It's for him, she asked Xiaoyezi to donate a kidney to save Gu Yaotian, so she will tell Xiaoyezi's identity, in fact, Li Zhaodi wanted to do this before, Li Zhaodi went to Tiansheng before, in order to find Xiaoyezi and let Xiaoyezi donate a kidney, but in the end it was taken away by the bodyguard I arranged, and guarded in the Gu family."

"Then how did she run out this time?" Lin Tianchen squinted at Fu Jingting.

Fu Jingting pursed his lips and said, "It's the same as the way to enter the ward, dressed up as another person and secretly left."

"This woman is really a little clever." Lin Tianchen sneered.

Fu Jingting squinted, "No matter whether a woman is smart or not, after today, there will be none."

Then, Lin Tianchen stayed for a while, asked about Rong Shu's situation, confirmed that it was not a big deal, and then left.

He also had to find out the nurse who gave Gu Manqing nurse's uniform and ask if the nurse had accepted Gu Manqing's benefits.

If it's not, then that's it, if it is, then don't blame him.

Lin Tianchen walked away with a gloomy aura.

There were only three Fu Jingting left in the ward.

Mama Feng looked at the exhaustion on Fu Jingting's face and wanted to persuade him to rest for a while, but her mouth opened and she didn't say anything.

The young lady looks like this, how can the eldest young master rest at ease.

Even if she opened her mouth to persuade him to rest, he would not agree.

Just let him go.

Mama Feng sighed and quietly retreated, leaving this place to the two.

Not long after Mother Feng retreated, Fu Jingting took out her mobile phone and dialed the Lu family's number.

However, at this time, the Lu family and his wife were not in the Lu family, and it was Lu Qi who received the call.

"Which one?"

Fu Jingting listened to Lu Qi's voice on the phone, silent for a few seconds, and some didn't want to continue, but he didn't forget what the purpose of his call was, so he could only endure impatience and asked, "Is Aunt Lu there?"

"Now it's Riku's turn to be silent.

The landline couldn't see the caller ID, so he didn't know who was calling and answered.

But I didn't expect that it was Fu Jingting's dog thing.

Immediately, Lu Qi's attitude suddenly became bad, "My mother is not there, I went out to play cards, why are you looking for my mother?"

"Something happened here Xiaoyezi, I need my aunt's help." Fu Jingting said.

When Lu Qi heard this, he was immediately anxious, "What did you say?" Something happened to Shushu? What happened to Shushu?

Fu Jingting didn't mean to tell Lu Qi, just twisted his eyebrows and replied, "Since my aunt is not there, then I won't bother, trouble you to tell my aunt, if my aunt comes back, let her contact me immediately, it's about Xiaoyezi, I don't think you won't agree."

With that, he hung up the phone.

If he didn't have Mrs. Lu's contact information, Rong Shu's mobile phone was out of power and turned off, so he would have contacted Mrs. Lu directly instead of calling the Lu family's landline.

After hanging up the phone, Lu Qi looked at the landline microphone in his hand, and his handsome face was full of solemnity.

Fu Jingting said that something happened to Xiaoyezi, what happened to Xiaoyezi?

This damn Fu Jingting didn't say anything.

Lu Qi couldn't get angry, and finally put down his mobile phone and strode out of the Lu family villa, driving towards Tiansheng, wanting to ask Xiao Yezi what was wrong.

Of course, if Xiao Yezi is not in Tiansheng, he will go to Repulse Bay to find it, if Repulse Bay is not there, he will go to the Fu Group, in short, he must find Xiao Yezi today to ask what happened to her, otherwise he will not be at ease.

Lu Qi's run is several hours.

Just as he thought at first.

He first went to the Tiansheng Group, and the group Lina told him that Rong Shu was not in Tiansheng, but in the hospital to recuperate.

And in the next seven or eight months, unless necessary, Rong Shu's will not appear in Tiansheng.

So Lu Qi hurried to the hospital again.

But when I arrived at the hospital, I couldn't find out which ward Rong Shu was staying in.

Because of Gu Manqing's matter, Fu Jingting and Lin Tianchen ordered at the same time that no one was allowed to leak Rong Shu's ward, even the systemAll the information on the surface has been deleted.

So Lu Qi couldn't hear anything, so he could only call Fu Jingting.

But Fu Jingting's phone kept calling and no one answered, making him angry and anxious, so he could only sit in the hospital lobby and wait, while waiting, he called Fu Jingting again after about ten minutes.

Fortunately, the kung fu paid off, and when Lu Qi made the twentieth call, Fu Jingting's phone was finally answered.

"What's going on?" Fu Jingting's voice was undisguised exhaustion.

But Lu Qi didn't care at all, and asked directly, "Which ward are you in?"

He asked.

Fu Jingting raised his eyebrows, "You came to the hospital?"

“You said in the afternoon, Shushu had an accident, and of course it is impossible for me as a friend not to be in a hurry, so I came directly over.” Lu Qi returned.

Then he asked, “Fu Jingting, tell me honestly, did something happen to the child in Shushu’s belly?” Otherwise, how could she be in the hospital at this time?

Lu Qi did not know the real reason for Rong Shu’s hospitalization. After all, Rong Shu did not tell him about this matter.

He only thought that Rong Shu had moved the fetal gas, so he was suddenly hospitalized.

“Yes.” Fu Jingting saw that Lu got up to the hospital, and he was not deliberately hiding it, and directly answered that he guessed so.

Lu Qi was furious, “What? Is it really something wrong with the child? ”

“It’s no big deal anymore.” Fu Jingting replied.

But Lu Qi didn’t accept it at all, a handsome face was red with anger, and his eyes were red, “Fu Jingting, what the hell are you doing?” When I let go, I told you, since Shushu chose you, then you must protect her well and don’t let her be hurt again, what are you doing now? She couldn’t even protect the child in her belly, so that she almost had an accident, Fu Jingting, are you seriously protecting her? Listening

to his questioning, Fu Jingting’s face was also extremely embarrassed, “What do you know? Questioning me here without knowing anything will not appear how noble you are, only that you are stupid and ignorant.

“You” Lu Qi gritted his teeth angrily, and after a while, he took a deep breath and barely calmed down, “Okay, I don’t know, I only know that Shushu has indeed been hurt under your protection, Fu Jingting, tell me, which ward are you in, I’m going to see Shushu, don’t tell me anything not to let me go, I’m the brother who grew up with Shushu, I have the qualifications to see her.” Fu

Jingting really had no way to refute this.

Indeed, Lu Qi and Rong Shu grew up together as childhood sweethearts, and although Rong Shu did not love Lu Qi, she really regarded Lu Qi as an older brother and truly trusted Lu Qi.

Based on this, it was really difficult for him to prevent the two from meeting.

Another most important reason is that if Rong Shu wakes up in a while, it is good to have Lu Qi to help calm her emotions.

So Fu Jingting didn't say anything more, and told Lu Qi the ward number.

Lu Qi wrote it down after listening to it, immediately hung up the phone, and hurried over.

There was a reason why Fu Jingting had said hello, and Lu Qi came to Rong Shu's ward smoothly.

Seeing Rong Shu lying on the hospital bed, pale, and still discounted, Lu Qi immediately felt distressed, and then angrily twisted Fu Jingting's collar and pulled Fu Jingting up from the chair, "Fu Jingting!"

Fu Jingting looked at him coldly, without resisting, nor did he have the slightest panic and fear, as if the person who was caught by the collar was not himself.

However, Mother Feng next to her was very anxious, "Mr. Lu, please don't do this, please let go of our eldest young master, our eldest young master has only undergone surgery and has not fully recovered, in case something happens, can you afford it?" The most important thing is that when the young lady wakes up, how do you explain it to her?

These words made Lu Qi, who was in anger, recover some senses a little, and then directly throw Fu Jingting away.

Fu Jingting took a step back before standing firmly, indifferently tidying up the neckline that was caught up, "For Xiao Yezi's sake, I don't care about your rudeness, if not, just because you treat me like this, I won't let you walk out of this door intact."

"Then I have to thank you?" Lu Qi sneered.

Fu Jingting didn't look at him, and walked outside the ward, "That's not necessary, the ward is a place for people to rest, not a place where you make a loud noise, if you want to know what happened to Xiaoyezi, come with me, Mother Feng, you put the ward away, Xiaoyezi woke up and immediately notify me."

"Okay, young master." Mother Feng nodded repeatedly.

Lu Qi looked at her, then at Rong Shu, who was unconscious on the hospital bed, and finally chased towards Fu Jingting.

Since Fu Jingting said that Rong Shu was already fine, then he didn't have to wait here all the time, and it was most important to figure out the situation first.

Lu Qi chased Fu Jingting to the end of the corridor, and saw Fu Jingting standing there waiting for him, he quickly walked over and stopped behind Fu Jingting, "Now I can say, what's wrong?"

"Do you know who Xiao Yezi's biological parents are?" Fu Jingting did not answer the rhetorical question.

Lu Qi frowned, "How do I know about this matter?"

"Aunt Lu knows." Fu Jingting told him.

Lu Qi was stunned, "My mother knows?"

Fu Jingting was noncommittal.

Soon, Lu Qi regained his calm and pouted, "If you know, you know, a biological parent who abandoned her, what is there to care about, I just want to know what happened to Shushu, what are you doing with me?"

"If Rong Shu's biological parents really abandoned her, it would be a good thing, she knew her true identity, and she would not collapse and faint, but she was not abandoned by her biological parents, but Rong Hao stole it from her biological parents." Fu Jingting looked at him.

Lu Qi's expression changed drastically, "What did you say?" Shushu was stolen by Uncle Rong, and there is only one child stolen by Uncle Rong, that is, the daughter of Gu Yaotian and his wife, should you say, Shushu her"

Speaking of this, he broke his voice.

Fu Jingting nodded, "That's right, that's what you guessed, Rong Shu is the daughter of Gu Yaotian and his wife, and she is the real Gu Manqing."

"How is this possible!" Lu Qi raised his voice in disbelief, "How did Shushu become Gu Manqing, then what is that Gu Manqing now?" Shushu said, she saw with her own eyes that this Gu Manqing did a paternity test with Gu Yaotian and his wife, how can there be a fake, Fu Jingting, you don't use this kind of lie to deceive me.

"Did I lie to you, you go and ask your mother if you know, she also knew for a long time that Rong Shu was one of the daughters of Gu Yaotian and his wife, as for the current Gu Manqing, she is Li Zhaodi, the biological daughter of the couple of the Li family, the reason why the result of the paternity test will be like this, it is because she used not her own hair at the beginning, but Rong Shu's hair."

“How so!” Lu Qi’s expression calmed down for a long time.

He grabbed his hair hard, a handsome hairstyle, and it became a chicken nest like this, “Why did Shushu suddenly become Gu Manqing?” ”

No wonder something happened to Shushu, this kind of thing can’t be accepted by anyone, right?

If a person grew up in a happy family, although his mother died early, his father has always pampered him, raised himself well, made himself a kind and honest person, and did not know that he was not actually the biological daughter of this family, and always thought that they were his biological parents.

Then one day, a bad guy destroyed his family and killed his father, and he was full of hatred for the bad guy and vowed to take revenge, and he has been working hard for revenge.

And at this time, someone told himself, in fact, you are not your parents’ biological daughter, the enemy you want to avenge is, who will not collapse?

How ironic is it that she once changed from a good daughter to the daughter of an enemy?

So should he take revenge or not?

If you take revenge, it means that you have to send your biological parents to death, and if you don’t take revenge, how can you be worthy of the parents who raised you?

It’s a nearly unsolvable puzzle that, whoever is in this position, is on the verge of collapse.

And now, Rong Shu encountered such a thing and was in this position.

“Damn it!” Lu Qi smashed his fist on the cold wall, and his angry eyes were red, “How did things become like this, how could Shushu be the daughter of Gu Yaotian and his wife!”

“When Rong Hao stole Xiaoyezi from the Gu family, he has been raising it by his side, because at that time, Mrs. Rong was facing the pain of losing her daughter, and her spirit was somewhat abnormal, so Rong Hao gave Xiaoyezi to Mrs. Rong, and with Xiaoyezi’s company, Mrs. Rong lived happily in the last two years of her life, and those two years also allowed Rong Hao to really raise Xiaoyezi as a daughter.” Fu Jingting said lightly.

So since then, Rong Shu has completely become the daughter of the Rong family.

Chapter 1400: All Parties Are Worried

Lu Qi still couldn't calm down, this news was too big a shock for him.

At least for a short time, he couldn't accept it.

Fu Jingting saw that he covered his head and did not speak, and he no longer spoke, so he stood like that.

After standing for about ten minutes, Lu Qi suddenly roared angrily and squatted on the ground, "Fu Jingting, tell me honestly, when did you know about this matter?" When did my mom find out?

"I found out a few months ago, and as for how Aunt Lu knew, it was very simple, I told her." Fu Jingting glanced at him lightly and looked back.

Lu Qi raised his head, "You guys actually knew so early, you haven't told Shushu all along?"

Fu Jingting pursed his lips, "How do you let me tell her about this kind of thing?" You're not an idiot, I don't believe you can't guess why I didn't tell her!

Lu Qi opened his mouth, and suddenly he was speechless.

Yes, this kind of thing, how to tell her.

"Aunt Lu didn't tell Xiao Yezi, she also had the same idea as me, those of us who know her true identity are trying our best to hide this secret, so when Li Zhaodi wants to become Gu Manqing, I will help Li Zhaodi sit on Gu Manqing's identity, only if Gu Manqing's identity is solid, then the lower the possibility of her true identity being known." Fu Jingting rubbed his temples, "But what I didn't expect was that it was only a few months, and she finally knew."

"Who told her?" Lu Qi raised a pair of scarlet eyes.

Since Fu Jingting did not intend to tell Shu Shu what he meant, then Shu Shu could not have known it through Fu Jingting.

Someone else must have specifically told Shu Shu.

"It's Li Zhaodi." Fu Jingting mentioned this name, and the killing intent on his face appeared again, "That woman wanted to save Gu Yaotian, so she wanted to persuade

Xiao Yezi to donate a kidney for Gu Yaotian, so she managed to impersonate a nurse to create a ward and tell Xiao Yezi the whole thing, and Xiao Yezi was emotional and fainted.”

“It turned out to be that woman!” Lu Qi’s fists clenched tightly, and then his eyes were red and he looked at Fu Jingting, “Shouldn’t you have caught that woman and let her run?”

Fu Jingting looked at him like a fool, “Do you think I will let go of someone who harmed my wife like this?”

Even if Gu Manqing ran away at that time, he would be able to make it easy for people to capture her back.

Li Zhaodi is not Gu Manyin, someone to help.

Hearing that Li Zhaodi was caught, Lu Qi breathed a sigh of relief, but his eyes were full of gloom, “Where is that woman now?” I’ll beat her up. Without

a beating, he couldn’t vent this breath.

“No rush.” Fu Jingting pursed his lips, “The priority now is that Xiao Yezi is the most important, after she knows that she is Gu Yaotian’s daughter, her mood and psychology will definitely be seriously affected, and even, I am worried that she will take her own life, after all, her body, carrying the hatred of the Rong family, as well as the lives of her biological parents, she is likely to escape and take her life, so I called Aunt Lu, just to let Aunt Lu come and persuade her, comfort and comfort her, and let her come out early.”

“This matter really needs my mother to come forward, she trusts my mother very much, and also regards my mother as a second mother, my mother came forward to persuade, it does have a good effect, you can rest assured, I will make it clear to my mother, let her come over early, I myself will persuade and persuade Shushu.” At this moment, Lu Qi finally stopped singing against Fu Jingting.

Think about it, it is related to Rong Shu’s life, where can he care about going against Fu Jingting.

Rong Shu is the most important.

Fu Jingting snorted, “Thank you.”

Lu Qi raised his hand, “You don’t need to thank me, I’m also for Shushu, can you tell me where that woman is now?” While Shushu hasn’t woken up yet, I’m going over to clean up.

“I’ll have someone take you over, but remember, don’t get it dead, it’s useful for me to keep her.” Fu Jingting squinted in warning.

Lu Qi snorted coldly, “I don’t need you to remind me.” Seeing

this, Fu Jingting stopped saying anything, took out his mobile phone and made a call to go out.

At the door, the bodyguard came over and took Lu Qi away.

Fu Jingting stood in place for another two minutes before returning to the ward.

Rong Shu hadn’t woken up yet, Mother Feng was wiping her face, and when she saw him return, she said hello.

Fu Jingting walked over and took the towel in Mother Feng’s hand, “I’ll come.” “Okay .” Mama Feng gave him the towel cheerfully.

She knew that the eldest young master felt uncomfortable and guilty at this time.

I feel guilty that I really didn’t protect myself properly, so I wanted to do something to make up for my guilt.

Mama Feng sighed, pushed it aside, and then asked curiously, “Young Master, where is Mr. Lu?”

“Go to Li Zhaodi to settle the account.” Fu Jingting gently wiped Rong Shu’s face and hand back.

Mama Feng nodded and replied indignantly, “That woman is too hateful, and he should really settle the account.”

Fu Jingting didn’t reply, and focused on wiping Rong Shu’s face and hands, only her in his eyes.

After doing this, Fu Jingting handed the towel and basin to Mama Feng, and asked Mama Feng to pour water.

Mother Feng took the basin and looked at the tiredness on his face, “Young Master, the young lady still doesn’t know when she will wake up, do you want to go to sleep first, you can’t wait for her to wake up like this, in case she doesn’t wake up until tomorrow, you wait like this, your health is not good, don’t forget, your body has not recovered yet, if the young lady wakes up, seeing you like this, you will also blame yourself in your heart.”

Fu Jingting didn't know this truth, but he didn't dare to sleep, and he wouldn't be at ease if he didn't see her wake up with his own eyes.

Mother Feng also saw what was the reason for Fu Jingting's insistence on not resting, and persuaded, "In this way, Young Master, next Mother Feng, I will guard, my body is better than you, and you really can't keep it like this, but I can, so I will guard next, Young Master, you will sleep next to the young lady for a while, so that as soon as the young lady wakes up, I will call you, and you will feel it all at once."

Fu Jingting hesitated for a moment, but finally agreed.

Indeed, what can he do with such a body now?

Now it's only been a few hours now, and my heart is starting to feel faintly uncomfortable, and if I wait any longer, something will definitely go wrong.

Still, did she feel sorry for her, or did she feel sorry for herself?

"I know Mother Feng, then I will trouble Mother Feng next, Lu Qi may come over in a while, you first arrange a room for him, if he is willing to wait here for Xiaoyezi to wake up, then let him go, if he is not willing, you can let him leave first, and then call him over." Fu Jingting ordered.

Mother Feng nodded, "Okay young master, I have written it all down, you sleep."

Fu Jingting snorted, just lay on the edge of Rong Shu's hospital bed, held her hand, and slept.

This sleep, it was dark.

Rong Shu felt that she had a long, long dream, in which she was very sad and sad, but now that the dream was dispersed, she couldn't remember what she had dreamed of.

She opened her eyes and felt cold on them, and she knew that she was crying in her dreams and crying in reality.

"Hmm" Rong Shu snorted a little uncomfortably, and her body moved.

Mother Feng was writing something next to her, heard the voice, immediately turned her head to look, saw Rong Shu's open eyes, overjoyed, "Young lady, you are awake."

After

speaking, without waiting for Rong Shu to respond, he hurriedly pushed Fu Jingting and woke Fu Jingting up, "The eldest young master wakes up, and the eldest young lady wakes up." "
