Chapter 1401 – Husband and Wife Conflict

Fu Jingting woke up when he was called by Mother Feng, and when he heard that Rong Shu was awake, he immediately raised his head from the side of the bed and looked towards the hospital bed.

The woman on the bed opened her eyes wide at this time, but she was probably not fully awake, her pupils were slightly dilated, and she had not yet focused.

Fu Jingting reached out and gently touched her face, and said softly, "Wife."

His wife's voice finally made Rong Shu react, and his pupils were completely focused and brightened.

Then she turned her head slightly to look at the man, her eyes blinked, and her voice was a little weak, "What's wrong with me?"

Fu Jingting helped her up, took a soft pillow and put it behind her, so that she could lean on it with peace of mind, and then replied, "Li Zhaodi has come, and you were stimulated because of Li Zhaodi's words, which caused you to move the fetal gas." Rong

Shu's pupils shrank suddenly, and pictures suddenly appeared in her mind.

She remembered, she remembered it all.

Indeed, as the man said, Li Zhaodi came, and said that she was the biological daughter of Gu Yaotian and his wife, and was the real Gu Manqing.

She couldn't accept this fact, so she forcibly endured her excitement and anger.

But she forgot that her current body was no better than before, and she couldn't stand such a stimulus at all.

Therefore, under patience, he held himself out of the problem and moved the fetal gas.

She can still remember what it was like to have a severe stomach pain at that time.

"What about the children?" Rong Shu became emotional again, grabbed Fu Jingting's arm, his eyes were red, and his expression was extremely anxious, "Fu Jingting, where is our child?" Are our children gone?

At that time, her stomach hurt like that, and if the child was okay, she would not believe a word.

So it is very likely that the child will not be able to save it at all.

If it was really like that

, Rong Shu's mind was buzzing, and she didn't dare to think about it anymore, and her body trembled terribly.

Seeing her fear and guessing what she was thinking, Fu Jingting quickly held her in his arms to calm her emotions, "Don't worry, the child is fine, the child is fine."

Mother Feng also nodded on the side and said, "Yes, Mrs. Young, the child is really fine, because the treatment was timely and the child was saved." Hearing

this, Rong Shu had some collapsed and fierce emotions, only to get a little better, and the person gradually calmed down, let go of Fu Jingting's arm and touched his stomach, "Really?

"Of course it's true." Fu Jingting touched her head and pitied, "If the child is really gone, you should be able to feel the changes in your body now, but there is nothing abnormal in your body, so of course the child is still there."

These words completely reassured Rong Shu.

Indeed, if the child really flowed out, the hospital side would definitely clear her the palace, then her stomach would definitely hurt.

But now she doesn't feel anything in her stomach, so it's still there.

"Great." Rong Shu broke into a smile.

Seeing this, Fu Jingting was relieved like Mother Feng.

Just breathed a sigh of relief, Rong Shu suddenly thought of something, and soon his face changed, and he directly pushed the man away.

Fu Jingting was pushed by her to stagger before he stood firm, looking at her resentful look, his heart sank, guessing something, but his mouth deliberately pretended to be puzzled and asked, "What's wrong?"

Mother Feng also saw that Rong Shu was dissatisfied with Fu Jingting, and also knew what Fu Jingting was about to face next, and quietly left.

Next, it was not appropriate for her to be present with this old woman.

Let the little two solve it by themselves.

After all, many times, many contradictions, if the small two are alone together, they can be solved quickly, but if one more person is present, it may not be solved quickly.

People want face, and with outsiders, it is difficult not to guarantee that they will not complicate the contradictions that can be easily solved in order to save a whole face from outsiders, and make the contradictions even greater when they can.

So it's better for her to leave, and let them deal with the rest themselves.

Mama Feng walked out of the ward and gently closed the door.

Lu Qi heard the movement next door and immediately walked out.

When Mother Feng saw him, she greeted him with a smile, "Mr. Lu."

"Mama Feng." Lu Tou responded as a response, and then asked, "Mother Feng, did Shushu wake up?" I just heard her voice.

"Yes, the young lady just woke up." Mother Feng did not hide from him and generously admitted it.

Lu Qi's face was delighted, "Great, I'll go in and see her." With

that, he opened the door and entered.

"Mr. Lu." Mother Feng grabbed him and didn't let him in, and shook her head at him, "Mr. Lu, don't go in first, now the eldest young lady is having a conflict with the eldest young master, because the eldest young master helped Li Zhaodi that woman, so you wait for a while, and after the eldest young master and the eldest young lady have solved the conflict, you will enter again." Hearing

her say this, Lu Qi put his hand down from the doorknob and agreed.

"Okay, let them solve it first."

He said.

Neither of them is wrong in this matter.

Fu Jingting is Shushu's husband, even if he was not back together at that time, the Fu family was already pursuing her again, but during the pursuit of her, he helped another woman hide her identity and not tell herself, which woman is not angry?

So Rong Shu's anger with Fu Jingting is actually very normal.

But Fu Jingting was not wrong.

Fu Jingting knew how Shu Shu would react after knowing her true identity, so of course he didn't want her to know, so he naturally had to help Li Zhaodi.

In the end, it is also for Shu Shu's good, even he can't say that Fu Jingting is wrong.

So it's really hard for him to go in at this time to increase the contradiction between the two of them, as Mother Feng said, let the two of them solve it first, after all, there is nothing wrong.

Seeing that Lu Qi agreed so cheerfully, Mother Feng laughed happily, "Then thank you Mr. Lu."

"It's nothing, I just hope Shushu is well." Lu Qi leaned against the wall and whispered back.

Shu Shu loves Fu Jingting and will not be separated from Fu Jingting because of this matter.

Because he knew that Shu Shu just couldn't accept it for a while, didn't figure it out for a while, and when she calmed down, she would find that Fu Jingting did all this for her.

So the two of them will reconcile quickly, that's for sure, so why should he do anything evil? People, let them separate?

In the ward, Fu Jingting once again held Rong Shu tightly in his arms, saying that he would not let go of anything, and also made Rong Shu unable to push himself away, "Wife, you calm down, don't be impulsive, what if you move the fetal gas again?" Think about the day!

Rong Shu was not really completely irrational because of anger, she could still hear the voices of the outside world.

Therefore, as soon as Fu Jingting's words came out, she immediately stopped struggling, stopped moving, and obediently leaned into the man's arms.

Yes, the child was finally saved, did she still have to completely lose this child because of a Li Zhaodi?

Absolutely not, Li Zhaodi is not as important as her child.

Seeing that Rong Shu didn't move, Fu Jingting was also slightly relieved, let go of her a little, looked down at her, her handsome face was full of guilt, "I'm sorry Xiaoyezi, I lied to you and hid from you, you can blame me, even if you want to hit me, I only have one request, that is, don't hurt yourself, okay?"

He looked at her affectionately, his eyes full of pleading.

Rong Shu's pupils trembled, and then he didn't look at him, and only asked in a hoarse voice, "Why?" Why didn't you tell me? Why help Li Zhaodi? You know that Li Zhaodi is also my enemy!"

It's ironic.

Li Zhaodi was found by her and Cheng Huai together and sent to the Gu family to respond.

As a result, in the end, Neiyang did not take it seriously, but directly became an enemy.

She is the enemy she has found for herself!

This person Li Zhaodi had already made her respond, because as soon as she saw this person, she would remember that she was blind and had found an enemy for herself.

Therefore, she can not think about this person.

However, her lover, her husband, has contact with Li Zhaodi without her knowing, and is still helping Li Zhaodi in the dark.

That's her enemy!

Looking at Rong Shu's crimson eyes, Fu Jingting pulled out a tissue and wanted to wipe her tears, but Rong Shu once again refused without overdoing it.

Fu Jingting had no choice but to put the tissue in the palm of her hand and let her wipe it herself, and then said, "Wife, I know that you have a heart in mind, but I do this for your own good."

"For me?" Rong Shuqi smiled, "You help my enemy, you tell me, you are for me!"

"Yes, I am indeed for you!" Fu Jingting pursed his thin lips slightly, and told her very seriously, "If you don't say Gu Yaotian and his wife's biological daughter, I won't participate in this matter at all, and I won't help Li Zhaodi, but because you are, that's why I will do this, and I won't hesitate to help Li Zhaodi, because I don't want you to know your true identity, so I need Li Zhaodi to sit on Gu Manqing's identity, only in this way, your identity may not be revealed, originally everything went smoothly, It's just that I didn't expect that Gu Yaotian would suddenly have advanced kidney failure, and Li Zhaodi would find a way to come to you in order to save her and tell your identity."

It was his mistake.

Rong Shu clenched her palm, "So, you knew about this a long time ago, right?"

Fu Jingting pursed his thin lips and snorted, "I also learned that you are the real Gu Manqing after Li Zhaodi cut off the red mole on your wrist, so I decided to help Li Zhaodi, she wants to become Gu Manqing, then I will let her become, even if it is not her, if it is someone else, I will help, whoever wants to become Gu Manqing can be, as long as you are not Gu Manqing."

"So, you can hide everything from me regardless of my wishes, give my identity to someone else, and let someone else replace me?" Rong Shu looked at the man mockingly.

Fu Jingting wrinkled his eyebrows, "I didn't let anyone replace you, in my place, you are just Rong Shu, not Gu Manqing, even if you are really Gu Yaotian's daughter, I don't think you will become Gu Manqing, that's why I will do this, if I tell you this at the beginning, you can't take revenge at all, Xiaoyezi, you believe me, I'm really doing this for you."

"I don't want to hear it." Rong Shu closed her eyes, "I only know that you helped my enemy and concealed it from me, so please go out now, I want to calm down and calm myself."

"Little Leaf"

"Get out!" Rong Shu pointed to the door of the ward.

Fu Jingting was also afraid of stimulating her too much, sighed helplessly, and didn't say anything, after looking at her, he turned around and walked to the door, without instructing as he walked, "Okay, I'll go out first, you calm down, I'm sure you'll figure out why I did this, at that time, you will know that I'm for your good."

Originally, he wanted to tell her directly, but he didn't tell her because he was afraid that she would not be able to accept it, and he was afraid that she would do something stupid.

But he knew that she had not yet come out of the day's shock, and if he continued to tell her so, it would only be a bigger shock for her.

Bear with it a little longer.

Fu Jingting rubbed his eyebrows, opened the door and went out.

Outside, Lu Qi and Feng Mama heard the door opening, and immediately looked towards the door in unison.

Seeing Fu Jingting come out, Mother Feng hurriedly asked, "How about the eldest young master, has the eldest young lady forgiven you?"

Fu Jingting shook his head slightly, "No, her brain is very messy now, she can't listen to any of my explanations at all, and she kicked me out, I want her to calm down alone for a while, maybe she can figure it out."

Mother Feng nodded, thinking that this was fine.

However, Lu Qi did not agree and said, "Although Shushu will still be able to figure it out in the end, who knows how long it will take?" Being so depressed all the time is not good for her and the child in her belly, so I think it's better to make it clear with her, lest she keep digging into the horns, thinking only that you helped her enemy, and I can't let go of this in my heart, and I can't figure out that you are really good for her.

"This, it seems to be true." Mother Feng listened to Lu Qi's words and felt that it made sense.

Fu Jingting's eyes narrowed.

"So you mean, let me go in now and directly show her the real reason why I am hiding my identity?"

Lu Qi gave him a blank look, "Shushu has driven you out, obviously, she doesn't want to see you in a short time, so what's the use of you going in again, won't you be kicked out before you speak?" Gotta change someone.

"You mean you?" Fu Jingting frowned.

Lu Qi straightened his chest, "Otherwise, who else do you think there can be here?" Mother Feng can also do it, but she doesn't know much, and there will definitely be missing places when comforting, and the effect is not great.

Mother Feng nodded cooperatively.

Lu Qi said again: "My mother can do it, but I contacted her, I fell in the company in the afternoon, twisted to the waist, my mother can't leave for the time being, and will not come until tomorrow, so here can comfort Shushu, isn't it only me?"

Fu Jingting had nothing to say about this.

In the end, Fu Jingting agreed to let him in to comfort Rong Shu.

After all, Lu Qi's words really attracted his attention.

He just thought about letting Rong Shu calm and calm, he knew that she was smart, but he was just angry for a moment so he didn't figure out what the reason for him was, so he would blame him.

Therefore, he thought of giving her a little time and space, so that she could figure it out on her own.

But he didn't think about when she would figure it out, and it would be fine to figure it out in a short time, but if she kept drilling the bull's horn and remembering that he helped Li Zhaodi, it would be impossible to figure it out for a long time.

At that time, under depression, the child in her body and belly will not be able to hold it.

"Then I'll go in." Lu Qi sorted out the clothes on his body and said to Fu Jingting.

Fu Jingting looked at him, "If you can help me persuade her well, I owe you a favor."

Lu Qi snorted disdainfully, "You snatched Shushu away from me, you already owe the greatest favor, you can't pay it back at all, what's the use of saying this now, take care of Shushu, protect it, love and protect it well, even if you return my favor again."

"I don't have to say I will too." Fu Jingting pursed his lips and said softly.

Lu Qi snorted, opened the door and walked in.

Mama Feng looked at the re-closed ward door and smiled, "This Mr. Lu's heart is quite good."

Fu Jingting did not refute this.

Although Lu Qi people hate it a little, they have always been reliable in their treatment of Rong Shu.

"Next, let's wait for the result with peace of mind." Fu Jingting rubbed his temples and sat down on the chair next to him.

I hope Lu Qi can persuade Xiaoyezi.

Mother Feng nodded, "Also, it's useless for us to be in a hurry, we can only trust Mr. Lu."

In the ward, Rong Shu heard footsteps, thought that Fu Jingting came in, closed her eyes and roared, "Didn't I let you out?" Why did you come in again? "

Chapter 1403: Do You Hate Them

“Yo, so fierce?” When Lu Qi’s teasing voice sounded.

Rong Shu was stunned, then opened her eyes and looked up, saw him, and blinked, “A Qi?”

“It’s me.” Lu Qi walked over and pulled over a chair and sat down.

Rong Shu tilted her head slightly, her expression puzzled, “Why are you here?”

“You have such a big thing, how could I not come to see you.” Lu Qi looked her up and down, looked at her thin and pale face, and frowned, “How did you become so thin?”

“If I can’t eat, I naturally lose weight.” Rong Shu touched her face and barely squeezed out a smile back and forth.

“If you can’t eat anymore, you have to force yourself to eat some, otherwise how can your body stand it?” Besides, you’re not alone now, you still have one in your belly. Lu Qi lifted his chin towards her stomach.

Rong Shu touched her stomach, “Don’t worry, I know what you said, Mother Feng specially changed her tricks to make me food for me, you don’t have to worry.”

“How can you not worry, your body is so bad now, after listening to a few words from others, you will faint from the stimulation.” Lu Qi rubbed his temples, “Is it better now?” Does your stomach still hurt? You don’t know that after I learned about your situation from Fu Jingting at that time, my soul was going to be scared.

“Sorry to worry you.” Rong Shu smiled at him embarrassedly, “I’m much better now, and my body is not uncomfortable there.”

Lu Qi waved his hand, “You don’t need to apologize, I’m your godbrother, I should worry about you, but if you’re okay now, then I’ll talk to you later, and I’ll be much more relieved.”

“What do you want to tell me?” Rong Shu pursed her pale bloodless lips slightly.

Lu Qi looked at her, “Actually, you already have the answer in your heart, don’t you?” That’s right, I’m here to ask you what you think after you know your identity, don’t get excited, you already know this matter, you must face it bravely, bravely think about what to do? After all, it always has to be solved, doesn’t it? You can’t just leave it there cold, as if you don’t know, and in the end it will only be more troublesome.

Rong Shu's mouth opened and she didn't speak.

Lu Qi asked, "Shushu, what do you think?" Do you want to recognize Gu Yaotian and his wife?

"No, I don't recognize them!" When Rong Shu heard his words, she seemed to be stimulated, and shook her head violently, "I don't want to recognize them, absolutely not."

"Good, good, if you don't admit it, don't admit it, you calm down first." Lu Qi was afraid that she would be the same as during the day, and quickly opened his mouth to calm her emotions.

Rong Shu also gradually calmed down, her eyes were red, and tears fell on the white quilt, "Ah Qi, you say, why me?"

She looked at him with red eyes, as if asking him, and as if asking herself, "Why am I not a real orphan abandoned by my parents?" Why am I just Gu Manqing?

She couldn't figure it out and couldn't accept it.

She felt that this was the biggest joke God had played on her.

No one knew that when Li Zhaodi told her all this, she really felt that the sky was about to fall, and it was pitch black in front of her, so that she could not see a little light.

Lu Qi looked at Rong Shu, who reacted like this, his mouth moved, he wanted to say something, but he couldn't open his mouth.

Yes, he also wondered, why was it him?

Why didn't Uncle Rong really leave the stolen baby in the river?

No, no, no, no, you can't really throw it in the river, really throw it in the river, then there will be no Shushu now.

It can only be said that everything is a creation and a trick.

"Shushu, don't ask first, let's talk slowly, okay?" After a while, Lu Qi finally found his voice, put his hand on Rong Shu's shoulder, and comforted him softly.

Rong Shu closed her eyes and adjusted her emotions a little.

Because she felt that her stomach hurt a little again.

“Shushu, I want to ask you, do you hate your father?” At this time, Lu Qi suddenly asked.

Rong Shu looked at him and shook his head, “Of course I don’t hate it.”

“But he stole you from the Gu family.” Lu Qi said again, “Because he stole you from the Gu family, you can’t live with your real parents, so you will be caught in such an embarrassing situation now, do you really not hate him?” After all, he is the culprit behind all this for you.

“I never hated him.” Rong Shu bit her lower lip and told him very seriously, “Dad, he stole me from the Gu family, he made a mistake and also broke the law, maybe others think that he is also a bad person, and he is also the culprit who caused me to do all this today, but in my opinion, he is not, he stole me, did not really take my life, but raised me as my own daughter, gave me fatherly love, and also taught me what is called kindness and good character, and all this is not Gu Yaotian, if I grow up in the Gu family, I won’t be what you see today, it’s likely to be like Gu Manyin.

After all, the Gu family is famous for spoiling children.

Immediately afterwards, Rong Shu said, “Also, in my eyes, I don’t think that Dad is the culprit who created all this I face today, the real culprit, isn’t it Gu Yaotian?” If it weren’t for his jealousy of his father, jealous of Tiansheng, looking for someone to steal Tiansheng’s secrets, and harming Tiansheng’s employees jumping off the building to commit suicide, Tiansheng would not have had an accident, and his father would not have been scolded because of the death of the employee, let alone go to the Gu family to steal any children, so wasn’t Dad forced out by Gu Yaotian?

She looked at him, “Even if Dad stole me, he didn’t kill me, but anyone who hates Gu Yaotian very much will probably not let me go easily, and will definitely directly ask for my life to achieve the purpose of retaliating against Gu Yaotian, but Dad doesn’t, he is kind, kind enough to raise the daughter of the enemy, and gave himself all his father’s love, so I don’t hate him, and I don’t have the right to hate him.”

What’s more, if she could be allowed to choose, she would rather be her father’s biological daughter than be the biological daughter of Gu Yaotian and his wife.

Because she couldn’t accept that she became a vicious and vicious person like Gu Manyin under the education of Gu Yaotian and his wife.

Lu nodded, indicating that he understood what Rong Shu meant, and then asked another question, “What about Gu Yaotian, do you hate them husband and wife?” They lost you and left you in this situation?

Rong Shu clenched her palms, her eyes scarlet, “Hate!” But,”

the irrationality in her eyes dissipated, and her hands collapsed to hold her head, “but it seems that she doesn’t hate so much!”

This is the most unacceptable thing for her.

How could she have diminished her hatred for them because they had become her real parents?

She felt that she was very sorry for her father and the nurturing grace of the Rong family.

“It’s normal.” Lu Qi patted her shoulder in understanding, “Blood is originally a very strange thing, it seems that it is innately able to connect people with blood relations, even if they never know each other, they will still feel that the other party is kind, and children have a natural dependence and attachment to their parents, after you learn that Gu Yaotian and his wife are your biological parents, it is normal to reduce your hatred for them.” ”

Rong Shu raised her head, “Don’t you think I’m hypocritical like this? Don’t you think I’m so sorry for the Rong family and dad?”

Lu Qi shook his head, “Of course not, I said, this kind of innate feeling, don’t blame you, besides, you just lessened your hatred for them, and you don’t hate them at all, so there is nothing worthy of it, don’t think about it, not to mention, although Gu Yaotian and his wife are bad, they do have a little bit worth alleviating your hatred for them.” ”

Chapter 1404 – Reconcile Early

Rong Shu’s eyes flashed, “You mean, love for me, right?”

Lu nodded, “That’s right, what I want to say is this, although some of these two couples are not people, but their love for their children is indeed amazing, the Gu family couple is a well-known love for children in the circle, saying that Gu Manyin will be cultivated into that kind of nature, and their love is inseparable, even if their love raises Gu Manyin crookedly, but their love is right, not to mention, compared to Gu Manyin, they love you the most.”

Rong Shu lowered her eyes.

Lu Qi continued to say, “Because only you, is their biological daughter, Li Zhaodi impersonated you and returned to the Lu family, Gu Yaotian and his wife did not suspect her identity, and spoiled her to the sky, even more favored than Gu Manyin

back then, which is enough to show that they really love you as the only daughter, but they don't know that you are the real Gu Manqing, so they transferred all their fatherly love and mother's love for you to Li Zhaodi, It is precisely because you know in your heart that their love is never Li Zhaodi, but Li Zhaodi who wears your identity, and you even know that once you stand in front of them and tell them that you are Gu Manqing, all the love they give to Li Zhaodi will return to you, and because of this parental love for their children, your hatred for them will be reduced.

"You're right." Rong Shu smiled bitterly, "But if they have no feelings for Gu Manqing and are not so good to Li Zhaodi, I will not break my emotions like this because I know my true identity, let alone alleviate the slightest hatred for them, I can even tell myself clearly that I am not their daughter, they just gave me a shell, but they don't love me, then I take revenge, so I don't have to be merciful, but they have such heavy feelings for Gu Manqing's daughter, I'm even sure, Even if they now know that I am their daughter, they will love me with all their hearts.

That's her biggest pressure.

If Gu Yaotian and his wife really have no feelings for Gu Manqing's daughter, even if she knows that she is their biological daughter, she will not let go of the idea of revenge at all, and she will still do whatever she wants, and she will treat herself as if she is not their biological daughter.

Even if after taking revenge, others will say that her six relatives do not recognize and are too ruthless, she doesn't care.

Because in her heart, it is always the Rong family and father who are the most important, the Gu family couple has not given her anything except this life, and even the adopted daughter they raised, robbed her man, and almost asked for her life several times, then the life they gave her, she can also be regarded as returning it to them.

So even if she is pointed at, she will not have the slightest hesitation to take revenge, and she can still be a blood enemy.

But the fact is that Gu Yaotian and his wife love Gu Manqing very much, even if they know that their daughter was raised by the enemy family, they will also love.

Because she was their only child.

It was precisely because of their love for Gu Manqing that she panicked, scared, and didn't know what to do.

I don't know who I really am taking revenge or if I shouldn't be taking revenge.

If he doesn't take revenge, then he is sorry for the Rong family's more than twenty years of upbringing, and he is sorry for his father's love for him.

But if he takes revenge, it means that he will personally send his beloved biological father to the execution ground, unless he is hard-hearted, I am afraid that no one can do it.

So what should she do now?

“Shushu, don’t be sad.” Lu Qi poured her a glass of water, “Drink some water first.”

Rong Shu reached out and took the water cup.

Lu Qi sat down again, “I came in, in addition to wanting to see you, I just want to help Fu Jingting talk, as for how you and Gu Yaotian dealt with it before, I am not comfortable asking about this matter, because I am afraid that even you do not know the answer, so I will not mention it for the time being, are you very opinionated about Fu Jingting now?”

Rong Shu pursed her lips, “He knew my identity a long time ago, but he always chose to hide it and not tell me, and even helped Li Zhaodi, I think”

“Think he helped other women betray you?”

Rong Shu shook her head, “That’s not it, I know he won’t betray me, I’m just not happy that he helped other women, and that woman is still my enemy, I can’t live in my heart.”

“Actually, you’re just a pure bull.” Lu Qi shrugged, “Seriously, Fu Jingting is not the only one who knows your true identity. “What

?” Rong Shu was stunned, “I don’t know about him?”

“Yes.” Lu Qi snorted, “In addition to Fu Jingting, there is also my mother, and Fu Jingting’s grandmother all know.”

“My aunt even knew.”

“Yes, but my mother is hiding from you, do you have to be angry with my mother too?”

Rong Shu, who asked this, suddenly didn’t know how to say it.

Lu Qi silently raised her head, “Actually, Shushu, I know that you mind Fu Jingting hiding such a big thing from you, but why don’t you think about it, why should he hide it from you?”

“He said he did it for my own good.”

“That’s right, he did this for your own good, not only him, my mother and Fu Jingting’s grandmother don’t tell you, it’s also for your good, if I knew before, I would also do it, because we know your nature, because we know the feelings of Gu Yaotian and his

wife for their biological daughter, knowing that after you know your identity, I'm afraid you can't bear to take revenge, but for the sake of the Rong family for your father, you can't help but take revenge, If you are caught in the middle and don't know what to do, you will only become more and more depressed, and in the end you may even commit suicide in order to escape it all.

Rong Shu's pupils shrank, "How could I do this?"

She expressed disbelief.

However, Lu Qi looked at her like that, "Are you really sure you won't?"

Rong Shu was speechless, because there was a voice in her heart saying that it was true.

If she did get to that point, she might indeed do so.

Rong Shu covered her face, "I never thought about such a thing, me"

"Okay, okay." Lu Qi patted her back, "You now know that you are likely to take that step, then I hope you can restrain yourself and never take this step in the future, there are so many people in this world who care about you, if you do this, are you worthy of those of us who care about you?" The most important thing is that there is nothing in this world that cannot be solved, even if you are in this position now, I believe that there is still a way to completely deal with the relationship between you and the Gu family, as well as the hatred between the Rong family and the Gu family, but it has not been found yet, but it does not mean that there is none, so you must be rational, only in this way can it be possible. Rong

Shu's throat hair was blocked, "I know."

He clearly said that he may commit suicide with depression, so how can he not learn to regulate his mentality?

"Shushu, since you know now, do you still blame Fu Jingting?" Lu Qi looked at her and asked, "You also know that I hate Fu Jingting's person so much, but now I am here to help Fu Jingting speak, the most important reason is not anything else, that is, because I know that Fu Jingting is not wrong to do this, so you really shouldn't blame him."

"You let me think about it." Rong Shu closed her eyes, "I'm still a little uncomfortable, even if I know that he is because of me, but I can't be relieved immediately, you have to give me a little time, but don't worry, it won't be long." "

Lu Qi felt the same, so he nodded and agreed, "Okay, then you think about it, reconcile with him early, I'll go out first."

“Hmm.” Rong Shu nodded.

Chapter 1405: Why Me

Lu got up and headed for the door.

Soon, he opened the door of the ward and went out.

Fu Jingting and Feng Mama heard the movement and looked towards him in unison.

“How is Mr. Lu?” Mama Feng clasped her hands together and asked very anxiously, “Mrs. Young, has she been moved by what you said?”

Although

Fu Jingting did not speak, he stared at Lu Qi in his eyes, which also meant this.

Lu Qi shook his head, “I don’t know, what I should persuade has been persuaded, what should be said has also been said, she has not been relieved for the time being, after all, the impact of these things on her is too great, or give her a little time, let her think about it herself, but I think I said so much, she still listened, at least she won’t be doing anything stupid, so the rest, just leave it to time, leave it to herself, I believe she will figure it out soon.” When

Mama Feng heard his words, she sighed with some disappointment.

Instead, Fu Jingting felt normal.

If it was really so easy to let Rong Shu come out and forgive him with relief, then she would not have this attitude when he was just in the ward.

“It’s okay, you’ve tried your best, as long as she doesn’t do stupid things, the rest, you can take your time.” Fu Jingting raised his chin slightly and said.

Lu Qi thought for a while, “Well, wait until tomorrow to see, if she is still like this tomorrow, I will let my mother come over, and one more person to comfort her should come out early.”

“Thank you.” Fu Jingting nodded towards him.

Lu Qi pouted, “Don’t look like I’m doing this for you, I’m not doing it for you, it’s just for Shushu.”

Fu Jingting smiled, “I know, but if you do this, it will still promote me and her to reconcile as soon as possible, so I still have to say thank you.”

“As you wish.” Lu Qi waved his hand, “It’s not early, I should also go back, my mobile phone doesn’t turn off at night, if Shushu has a time, you must call me, you don’t think about my feelings for Shushu in the past, just tell me nothing.”

“It won’t.” Fu Jingting shook his head.

Although his heart is indeed about Lu Qi, a former love rival.

But he is not the kind of person who is jealous part of the time, regardless of the occasion.

He knew that Lu Qi was not only a former suitor for Rong Shu, but also a childhood sweetheart and an older brother.

Sometimes, what Lu Qi can do, his husband may not be able to do.

Especially at a time like this, now Rong Shu needs many people to accompany, many people to comfort and advise, and he also needs the help of these people.

Therefore, he would not have any opinion about Lu Qi at this time.

“Okay, then I’ll go first.” Lu Qi looked at the door of the ward again, and finally turned and walked towards the elevator.

“Young Master, I’ll send Mr. Lu.” Mother Feng said suddenly.

Fu Jingting snorted, “Go.”

Mother Feng answered and chased after the landing side.

Fu Jingting stood at the door of the ward and looked through the glass on the ward door.

But the hospital bed was still very inside, and even if he looked at it this way, he couldn’t see anything.

But she still looked at it like this, without meaning to look away.

Until Mother Feng returned from sending Lu Qi, he still stood like this, like a stone for his wife.

Mother Feng sighed, “Young Master, sit down for a while.”

Fu Jingting shook his head, “No need, I’ll just stand like this.” Seeing

that he was stubborn, Mother Feng did not persuade, so she stood with him.

After standing for a while, the two heard cries coming from the ward.

Mother Feng was anxious, "Young Master, the Great Young Lady seems to be crying."

Fu Jingting clenched his fists, "I know. Such

a loud voice, how could he not hear it.

"Then why don't we hurry inside and take a look?" Mother Feng said, about to open the door, "The young lady is in such poor health now, she can't be too sad, it's too painful."

However, Fu Jingting grabbed her hand and shook his head at her in her doubtful gaze, "Mother Feng, don't go in."

"Why?"

"Let her cry for a while." Fu Jingting let go of Mother Feng's hand, her voice was a little hoarse, "She is the saddest time now, crying is the best way to vent her emotions, if you don't let her cry, she will only keep holding it in her heart, but it's not good, so let her cry."

"But what if you cry out something?" She's so bad now. Mama Feng frowned.

Fu Jingting bowed his head slightly, "I know, but I believe her, she is an adult, she also knows that she is pregnant with a child, she values this child very much, then she will definitely pay attention not to let herself have another accident, so Mother Feng, you also believe her."

Mama Feng looked at him, then at the wards, and finally sighed and nodded, "That's it, just listen to the eldest young master, but we still have to pay attention to the situation of the eldest young lady at any time, and if there is any problem, we must enter immediately."

"Of course." Fu Jingting bowed.

The person inside is his wife, the person he loves the most.

Of course, he couldn't not care about her, he couldn't really just let her cry all the time.

His plan was to make her cry for a while, and if she kept crying, he would still go in and stop it.

Suo Rong Shu was just like Fu Jingting thought, always remembering that she still had a child in her belly, so even if she cried, she was very restrained, and once she felt a little uncomfortable, she immediately stopped crying.

Although she didn't cry happily, after crying for a while, Rong Shu did feel that the whole person was much more relaxed, especially the pain and discomfort in her heart, which also eased a lot.

She leaned against the soft head of the bed, looked up slightly, and looked at the lamp on the ceiling.

The light was a little dazzling, so that she couldn't help but close her eyes slightly.

But after quickly adapting, she opened her eyes completely again, and tears flowed silently.

In fact, she should have thought of it a long time ago, and she should have thought that she was the daughter of Gu Yaotian and his wife.

For the first time, when she found the same mother-daughter necklace as Mrs. Gu at home, she should have been suspicious.

The second time, after she discovered that she was not her parents' biological daughter, she should think about her identity.

After that, the third machine, the fourth time.

Many times, When she saw Gu Yaotian and his wife, she had a strange feeling in her heart.

For example, seeing that Mrs. Gu's condition was wrong several times, she would actually have feelings of concern for Mrs. Gu in her heart.

At that time, she didn't think much about it, she thought she was crazy, thought that her compassion flooded, and now she knows where compassion is flooding, but because of blood.

Also, she should also be happy to know that Gu Yaotian is dying, but on the other hand, she has never felt any happiness in her heart, and now that she thinks about it, isn't it also because of family affection and blood?

Several times, she saw Gu Yaotian and his wife's full love for Li Zhaodi, she was still very uncomfortable in her heart, she thought that she didn't like to see other people's families happy, she was jealous, and blamed herself for how she became such a person.

But now she knows that it was the jealousy that she developed when she saw her biological parents love others so much.

The most important thing is that she learned from the investigation that Gu Manqing had a red mole on her wrist, and she just happened to have a red mole on her wrist, and she still didn't doubt her identity, how ridiculous.

Rong Shu closed her eyes, tears fell down her pale cheeks, flowed into her neck, and disappeared.

"Why?" Rong Shu's lips moved slightly, and her voice was hoarse, "Why me?" Why, if she was Gu Yaotian's daughter?

Why didn't Dad really throw her into the river after stealing her?

If that were the case, she wouldn't be caught in the middle now, so desperate and miserable.

Chapter 1406 – Finally Figured It Out

Although she thought so, Rong Shu did not mean to blame her father.

Although Dad stole herself, he did not abuse her for the sake of being the daughter of the enemy, but gave her everything he could.

That's all, she can't blame her father.

She just sighed to God, why is it so dramatic.

Sighing Gu Yaotian, why is it so bad, if he is a little kinder, none of this will happen.

Rong Shu closed her eyes in despair, and her mood could not be calmed for a long time.

Outside the ward, hearing that Rong Shu had stopped moving, Mother Feng not only did not breathe a sigh of relief in her heart, but was even more worried, "Young Master, Young Lady is not crying."

"I know." Fu Jingting pursed his lips.

Mama Feng looked at him, "So what do we do now?" Want to go in and see her? She suddenly fell silent, I was very worried, what if I fainted crying?

If she really fainted crying, and they thought she was just crying tired and didn't cry, and didn't go in to check, then it would be troublesome.

Fu Jingting also knew this truth, so without the slightest hesitation, he looked at Mother Feng and ordered, "Mother Feng, go in and take a look."

"What about you, Young Master?" Mother Feng asked.

Fu Jingting rubbed his temples, "I'll just wait here, she may not be angry with me anymore, so I won't go in to hinder her eyes for the time being."

Mother Feng thought about it, so she opened the door and went in.

After entering, I saw Rong Shu leaning against the head of the bed with her eyes closed, her already pale face, which became even whiter under the light, and her heart tightened, "Young lady!"

She quickly shouted.

Rong Shu opened her eyes and answered in a weak voice, "Mother Feng, it's you."
Seeing

that Rong Shu woke up, Mother Feng breathed a sigh of relief.

Great, the young lady did not faint.

Looking at the appearance of the young lady when she came in, it really shocked her.

"Young lady, are you feeling uncomfortable in any way?" Mother Feng walked over, sorted out the quilt on her body, and looked at her crying red and swollen eyes, feeling distressed.

Rong Shu saw it, her heart was slightly warm, and she shook her head slightly, "No, don't worry Mother Feng, don't worry, I'm fine."

"Are you really all right?" However, how could Mother Feng rest assured, while looking her up and down, she asked over and over again, "Young lady, this is not a trivial matter, you can't hide your physical condition because you don't want us to worry, that is what will worry us more."

"I know, so I didn't lie to you, I'm really okay." Rong Shu nodded affirmatively and replied.

Seeing this, Mother Feng was completely relieved, "It's okay, it's okay, I heard you crying so much just outside, but it really scared me and the eldest young master."
Hearing

the three words of the eldest young master, Rong Shu's pupils flashed slightly, "Fu Jingting, are you still outside?"

"Of course." Mother Feng nodded, "You have such a big incident, how can the eldest young master rest assured, of course, he must always stay by your side."

Rong Shu didn't speak.

Mother Feng sat down on the edge of the hospital bed, "Young Lady, are you still angry with Young Master?"

Rong Shu was still silent.

Mother Feng sighed, "Although the eldest young master conceals your identity and helps other women, there is something wrong, but can we really say that he is wrong?" Can't be, after all, the eldest young master knows you very well, he understands that you may do the behavior after you know all this, he doesn't want to see you come to that step, so he chooses to hide it, in fact, the eldest young master told me, and the old lady also knows about this matter, but the old lady did not refute the eldest young master's decision, but supported him, which shows what, it shows that the old lady knows that you may do something stupid.

"I know." Rong Shu took a breath, "Mother Feng, you said that Gu Yaotian and his wife are such bad two people, why can't they be more thorough?" Why can't we be more indifferent and cruel to our daughter, who has lost more than twenty years? Only in this way will I not be so painful, and I can better abandon them and avenge my father, but they value Gu Manqing's daughter so much, so that I really don't know what to do.

She closed her eyes in despair, her voice choked up again.

Mother Feng hugged her and gently patted her back, "Mrs. Da Shao, I know, I know your concerns are here, but loving your children is the nature of parents, although Gu Yaotian and his wife are bad, but their heart to love their children is right, in fact, Mrs. Da Shao you are lucky, but also unfortunate, fortunately, your biological parents, your adoptive parents love you very much, unfortunately, your biological parents and adoptive parents are enemies of life and death, Let you be caught in the middle, don't know which side to stand on, that's why it looks so painful, in fact, you are right, if Gu Yaotian and his wife do not love you, then you can take revenge without scruples, but it is biased" Mother Feng also sighed

"Isn't there a best of both worlds in this world?" Rong Shu looked at Mama Feng with cracked eyes.

Mother Feng touched her short hair, "There must be, but we haven't found it yet, so Mrs. Da Shao, don't worry first, don't think too much, don't put pressure on yourself, your priority now is to take good care of your body, and then reconcile with the eldest young master, think together with the eldest young master, the strength of two people is better than one person, isn't it?"

Rong Shu's mouth opened, unable to speak.

Because she also knew that what Mother Feng said was right.

"In fact, Young Lady, you should also gradually understand in your heart that everything that the Great Young Master has done is for you, right?" Mother Feng asked again.

Rong Shu snorted, "Ah Qi told me a lot, he lifted the fog in front of me, and I naturally saw a lot of things that I didn't see clearly before."

"Then you don't forgive the eldest young master, huh?"

Rong Shu smiled bitterly, "Mother Feng, you know the question, why do you still ask me?" A person who is good for me, if I don't forgive him, then what have I become? I just have some other opinions, but say it's angry, in fact, I also know that I don't have anything angry with him, what really wants to be angry is only myself, why I am angry with why I am Gu Yaotian's daughter.

"The eldest young lady can't think like that, if you weren't Gu Yaotian's daughter, if you hadn't been stolen by your father, then you would be the same as Gu Manyin now, and you wouldn't have met the eldest young master." Feng Mama said.

Rong Shu was amused, "That's what you said too."

The young lady smiled. Seeing Rong Shu smile, Mother Feng was pleasantly surprised, "The young lady smiled, then it means that you have seen a lot and come out a little, right?"

"You and Ah Qi have advised me so, if I still can't look away and walk out, won't it live up to your expectations of me?" Don't worry, Mama Feng, I'm not pretending, I'm really better now. "That's

good." Mother Feng nodded, "It's just that the eldest young master's side is not good yet, he knows that you blame him, so he has always been in a bad mood, standing outside alone, my wife is also distressed when she sees it, and the eldest young master's heart has not fully recovered."

Speaking of this, Mama Feng sighed.

Rong Shu couldn't laugh or cry, "Okay Mother Feng, I know, you said this to make me soft-hearted, forgive Fu Jingting now, and make peace with him, okay?" "

When her mind was spoken, Mother Feng was not embarrassed at all, but instead laughed hehe, "The eldest young lady is really smart, I, ah, is that what it means, then is the young lady willing to forgive the eldest young master?" If you don't forgive him, he is estimated to stand at your door for the night tonight, and then there will be trouble if there is a physical error.

"You've said that, what else can I do?" Rong Shu glanced at her helplessly, "But I'm a little hungry, let him stand for a while before I finish eating." "

Chapter 1407: A Bowl of Seafood Noodles

"Okay." Mother Feng readily agreed with Rong Shu's words, "Although the eldest young master did not do anything wrong, but in the end he still concealed the eldest young lady from you, and also helped other women, he should indeed teach him a lesson, let him sit outside on a cold bench now."

Rong Shu snorted.

Mother Feng got up, "Young lady, what do you want to eat?" Mama Feng will go and do it for you now.

"I want to," Rong Shu's eyes darkened, "Mama Feng, I want to eat a bowl of seafood noodles."

She remembers that the last meal she had with her father was seafood noodles.

At that time, her father asked her, asking her if she was sure she wanted to marry Fu Jingting?

She nodded happily at that time, indicating that she was sure that Fu Jingting had to be in this life.

After that, Dad didn't say anything, cooked her a bowl of seafood noodles, and then told her that she must be happy after marriage, must be strong, must protect herself well, and take good care of herself.

At that time, Dad said a lot, all of which were telling her this, and even the common sense of drinking more water when it was hot and dressing more when it was cold, he patiently told him.

At that time, she thought that her father was really too cute, and treated her as a child, saying this as if she could only live in her in-laws' house as soon as she got married, and would not return to her mother's house.

That's why she told her this so carefully, she also felt funny, and felt that her father was marrying his daughter for the first time, so it was like this.

But now that she thinks about it, she knows that her father told her this, not because he was worried that she would marry off and did not know how to take care of herself, but because her father told her another farewell word.

Because not long after that, Dad committed suicide by jumping off the building.

At that time, she was still at her in-laws' house, suffering from Wang Shuqin's struggle, and she was busy all day without even looking at her mobile phone and looking at her computer, and when she learned that her father committed suicide by jumping off the building, she was still mopping the floor, and Wang Shuqin was watching TV, which she occasionally heard from TV.

At that moment, she only felt that the sky was about to fall, and the mop in her hand fell directly to the ground, and she didn't even have the apron on her body, so she rushed directly out of the Fu Mansion.

And what is Wang Shuqin doing?

Behind her, he told her to go back and continue mopping the floor, not allowed to go to her father, and even asked other servants to stop her.

Because of this, by the time she broke free of those servants and rushed to Tiansheng, her father had already jumped, but she didn't even see her father for the last time.

So she hated Wang Shuqin, even if Wang Shuqin was severely punished by her grandmother in the end, she couldn't let go.

She didn't count Wang Shuqin in the list to retaliate now, and she was already extraordinarily gracious.

Now, she really wants to think about her father, and she wants to eat the seafood noodles with her father for the last time.

Mother Feng didn't know that there were so many stories behind this small bowl of seafood noodles, she only knew that Rong Shu wanted to eat, which was happy enough.

After all, Rong Shu is like the current situation, she can't eat anything, eat anything, and don't want to eat anything.

Now I want to take the initiative to eat something, which is a good thing.

No, Mother Feng happily agreed and went to the kitchen to do it.

Rong Shu leaned on the hospital bed, looking out the window, not knowing what she was thinking.

What about Fu Jingting?

He was still standing outside the ward.

Mother Feng went in for a while, there was no movement inside, and Mother Feng did not come out, which shows that what they were worried about before did not exist at all.

This reassured him.

Fu Jingting stood a little tired, turned around and walked to the side of the chair and sat down.

Fortunately, the whole floor is heated, and she is alone outside, so she will not feel cold.

At this time, a sound of footsteps sounded.

Fu Jingting looked up to the left, and the bodyguard came over, "President Fu, that woman said she wanted to see you."

"Nope." Fu Jingting pursed his lips and refused directly.

Li Zhaodi caused him and Xiao Yezi to become like this, and she would not go to see Li Zhaodi until he and Xiao Yezi were reconciled.

So Li Zhaodi should cherish this last peaceful time now, or it won't be long before she can only live in hell and never have a peaceful day.

And she, but she couldn't even see such a simple reason, actually clamoring to see him, didn't she think that now he was really angry?

If I saw her in the past now, I might want to kill her directly.

"Look after her, don't let her run, if you can't look at people now, then I will destroy you." Fu Jingting stared at the bodyguard coldly.

The bodyguard shivered and nodded repeatedly, "Don't worry, Mr. Fu, the mistakes made by Ah Si and Ah Wu, we will definitely not make them again." Ah Si and Ah

Wu are the guards of the Gu family villa and the bodyguards on this floor.

Now, these two bodyguards have returned to the security company to be punished.

He had only recently been transferred.

“Okay then, you go back first.” Fu Jingting waved his hand.

The bodyguard answered and turned to leave.

Fu Jingting leaned back, leaned on the back of the chair, and closed his eyes slightly.

But after a while, there were people again.

This time it was Lin Tianchen.

Lin Tianchen sat down across from him and folded Erlang’s legs, “Yo, it’s still the first time to see you look so decadent.”

Fu Jingting opened his eyes, glanced at him faintly, and closed his eyes again, not paying attention to his meaning.

Lin Tianchen didn’t mind, let alone angry, from the pocket of the white coat, he felt out a sharp scalpel and played with it at his fingertips, “Just now the third hospital called the hospital, guess what?”

Fu Jingting wrinkled his eyebrows, still did not speak.

Lin Tianchen laughed and continued: “Gu Yaotian entered the hospital again, probably knowing that our first hospital does not accept it, so his wife sent him to the third hospital, and contacted us there to get Gu Yaotian’s medical record information, and the nephrology department told me, I refused, I said why Li Zhaodi that woman would come to Rong Shu today to say this, it turned out to be so.”

“Even if Gu Yaotian doesn’t have an accident today, Li Zhaodi will get it back sooner or later.” Fu Jingting said lightly with thin lips.

Lin Tianchen nodded, “That’s right.

Saying that, he glanced at the closed ward door, “You are here now, it seems that she has not forgiven you yet, otherwise why would you even enter the door now.”

These words finally made Fu Jingting turn his gaze to him, “So what, this one.” It is temporary, not for a lifetime, and sooner or later we will reconcile.

“How early is that?” Lin Tianchen seemed to be smiling.

Fu Jingting was immediately unable to say this, pursing his thin lips and exuding cold air around him.

This guy just deliberately came over to anger him and watch his jokes, right?

“Okay, it’s not early, I won’t tell you first, I’m going to go in and see how she is.”

Lin Tianchen got up, knocked on Rong Shu’s ward door, and then said his name.

The door was quickly opened, it was Mother Feng, who enthusiastically invited Lin Tianchen in, and then closed the door again.

Fu Jingting once again became the one who was turned away, his thin lips pursed in a straight line, and his eyes were even a little aggrieved.

Really, everyone can go in, but he can’t.

Fu Jingting rubbed his temples and sighed deeply.

In the ward, as soon as Lin Tianchen entered, he saw Rong Shu carrying a large bowl and eating fragrant seafood noodles.

Seeing this, he also raised his eyebrows in surprise, “Now I have a good appetite, I thought you couldn’t eat anything.”

After all, the body was not good in the first place, and he couldn’t eat anything, plus so many things happened.

So he always thought that she couldn’t eat, and even brought nutritional injections, but now it seems that she doesn’t need it.

“Here you are.” Rong Shu looked at Lin Tianchen, squeezed a faint smile on her face, and then put the bowl down, “Now my appetite is okay, and I suddenly want to eat seafood noodles, so I asked Mother Feng to help me cook a portion, I should be able to eat seafood now, right?” “

Seafood is rich in protein, of course.” Lin Tianchen raised his chin, and then said, “You don’t have to put the bowl down, you continue to eat, I just came to see if you can eat, if you can’t eat, I will give you a nutritional injection, but now that you see that you can eat, this nutritional injection is not necessary.”

“In this way, trouble you are worried about me so late.” Rong Shu felt a little embarrassed.

Lin Tianchen waved his hand, “I’m on duty tonight, it’s just okay, just come by the way, just see that you’re okay.”

Rong Shu knew what he meant by nothing, and smiled warmly on his face, “There are so many people who care about me, they have been comforting me and persuading me, if I can’t get out yet, isn’t it too pretentious?”

“What about Fu Jingting?” Lin Tianchen asked, “That guy is still sitting on a cold bench outside.”

“I did it on purpose, let him sit for a while, it can be regarded as a punishment for him to hide me, and when I finish eating, I will call him again.” Rong Shu said, taking a sip of soup with a spoon.

Lin Tianchen nodded, “What kind of punishment is this, for that guy, it doesn’t hurt.”

“I know, but he’s also for me, so there’s no need to punish too hard, so be it.” Rong Shu smiled.

After that, Lin Tianchen didn’t ask anything else, told her to take care of her body, and went out.

After going out, Fu Jingting was still sitting there.

Lin Tianchen also ignored Fu Jingting and left directly.

Fu Jingting did not stop Lin Tianchen and asked Rong Shu what the situation meant, just look at Lin Tianchen’s expression.

Lin Tianchen’s expression was calm when he came out, and nothing happened, it can be seen that Rong Shu’s situation is very good, so he is relieved.

I don’t know how long it took, until Fu Jingting felt tired and slightly sleepy, the ward door finally opened, and Rong Shu walked out with the help of Mother Feng.

She walked very slowly, her steps were small, and she almost always moved out.

No way, her child is saved, there is no way to walk around, and it is already remarkable to be able to get out of bed and come out by herself.

“Big” Mother Feng looked at the man sitting there, his eyes squinting slightly, as if he had fallen asleep, and he was about to wake him up when he spoke.

However, it was eventually stopped by Rong Shu.

Rong Shu shook her head, then walked over and sat down next to Fu Jingting.

Fu Jingting smelled a faint fragrance, as well as a faint smell of disinfectant water into his nose, instantly realized something, suddenly opened his eyes and turned to look, and sure enough saw Rong Shu.

Because he always knew that the scent on her body was like this.

“Wife.” Seeing Rong Shu, Fu Jingting immediately opened his mouth and shouted, and then stretched out his hand to touch Rong Shu’s face.

But in the end, he thought of something and took his hand back.

Rong Shu looked at the man’s appearance of wanting to touch but did not dare to touch, a little funny, and then grabbed his hand and took the initiative to put his hand on his face, “Don’t worry, I am my real existence, you are not mistaken.” The

soft touch of the woman’s cheeks under the palm of his hand was so clear, Fu Jingting nodded repeatedly, indicating that he was sure that he was not dreaming, she was real, she really came out.

“Wife, have you forgiven me?” Fu Jingting stared at her tightly and asked with a hopeful look in his eyes.

She came out, does it mean that she is not very angry with him anymore?

Rong Shu snorted, “I forgive you.” Hearing

the dream answer, Fu Jingting excitedly hugged her in his arms, “Great, great.” When

Mama Feng saw the two hugging each other on the side, her eyes were also red, and she raised the apron around her waist and wiped her tears with satisfaction.

Fu Jingting gently patted the man’s back, “Well, why are you so excited, I’m almost strangled by your tiredness.”

Hearing this, Fu Jingting immediately released his hand, “What about this? Is it better?”

Rong Shu nodded, “It’s better.”

Fu Jingting was relieved and buried his head in her neck socket, “Wife, I’m sorry, I know that I am hiding from you and should not help that woman, but I have never regretted it, because I am really for your good.”

"I know." Rong Shu also put her chin on his shoulder, "Ah Qi and Mother Feng have advised me a lot, I have figured it out myself, and I know what you are doing this for, so it is me, not you, who should say sorry, I misunderstood you, I'm sorry."

"No, you didn't feel sorry for me."

"No, I have."

"Nope."

"Yes!"

The

two sides were deadlocked, and Fu Jingting thought that Rong Shu was right, but Rong Shu insisted that he was also wrong.

Rong Shu also knew that he was indeed wrong, and he also knew that Fu Jingting thought that he was right, and he was reluctant to let her be wrong, and in his eyes, she was probably never wrong.

Mother Feng watched the little two arguing and shook her head funny.

"In this way, the eldest young master and the eldest young lady, the two of you will take part of the mistake alone, so it is fair, husband and wife, it should have been shared like this."

Mama Feng's words made Rong Shu and Fu Jingting look at each other, and finally felt that it made sense, so they stopped arguing that it was all their own fault, and laughed at each other.

Fu Jingting gently stroked her soft short hair.

Rong Shu leaned into his arms and closed her eyes slightly, "After waiting outside for so long, is it cold?"

Fu Jingting shook his head, "It's not cold, there is heating, and as long as you haven't forgiven me, I can always wait here."

"Then aren't you a moral kidnapper?" Rong Shu said funny.

Fu Jingting shook his head, "It's not a moral kidnapping, I just want you to see it for the first time, I apologize to you and admit my mistake to you."

Rong Shu snorted, “Okay, don’t mention the past things, let’s go first, although there is heating outside, but in the end it is still not warmer than inside, your body has not recovered, what if you get sick?”

“Okay, let’s go in.” Fu Jingting held her and stood up.

Mama Feng opened the ward door for the two.

After entering, Rong Shu pulled Fu Jingting to the dining table and pushed a bowl of noodles in front of him, “It’s so late, listen to Mother Feng, you have been guarding since daylight.” I, so far I haven’t even eaten, this let me let Mother Feng prepare it for you, eat it quickly.”

Fu Jingting untied the lid covering the noodle bowl, only to find that it was a hearty bowl of seafood noodles.

He was indeed hungry at this time, but instead of taking the chopsticks, he looked at her and asked, “What about you?” Have you eaten?

The implication was that only if she had eaten, he could eat with peace of mind.

Rong Shu was amused and moved in her heart, and replied with a sigh: “Don’t worry, I’ve eaten, if you don’t believe it, you can ask Mother Feng.”

Fu Jingting really turned his head to look at Mother Feng, afraid that Rong Shu said this in order not to worry him.

Mother Feng understood what Fu Jingting meant, and nodded with a smile, “Young Master, what Mrs. Da Young Master said is true, she really ate it, and she ate a large half of the bowl, and she hasn’t vomited.” Hearing

this, Fu Jingting’s eyebrows instantly relaxed, “That’s good.”

“Can you eat with confidence now?” Rong Shu handed him the chopsticks.

Chapter 1409: The Best Way

Fu Jingting snorted, took the chopsticks, and began to eat.

Rong Shu sat across from him, holding her chin and looking at him like this.

The ward was very quiet, there was Fu Jingting's small face, but it was like this, it still made people feel warm.

Because the person who loves is right in front of you, right around.

Fu Jingting quickly finished the noodles.

Rong Shu sat up straight, "Do you still want it?"

"No, it's full." Fu Jingting shook his head.

Rong Shu did not persuade him.

Eating this kind of thing, everyone has their own standards, after the other party is full, don't persuade, otherwise forcing the other party to eat more, will only eat the stomach.

Mama Feng came over, took away the dishes and chopsticks, and took them to the kitchen to wash.

Rong Shu poured a cup of warm water and handed it to the man, "Drink some."

"Thank you wife." Fu Jingting took the water cup and drank a few sips.

Rong Shu then asked again, "Ah Qi went back?"

"Hmm." Fu Jingting nodded, "It's been a while since I went back, and I said that I would come back tomorrow and bring my aunt with me."

"I made them worry." Rong Shu sighed.

Fu Jingting got up, took her hand, also pulled her up from the chair, and walked towards the hospital bed, "It's not your fault, it's Li Zhaodi who is wrong, Li Zhaodi shouldn't come and tell you the truth at this time."

"What do you mean?" Rong Shu turned to look at him, "Actually, you don't plan to hide it from me for the rest of your life?"

"I'd rather hide it from you for the rest of my life." Fu Jingting lifted the quilt of the hospital bed and let her lie down, only then said again: "But I know in my heart, this kind of thing can't actually be hidden for a lifetime, you will still know sooner or later, I just hope to hide it for a while longer, at least after Gu Yaotian died, the Gu family and the Sansheng Group collapsed. You learned that at that time, Gu Yaotian was gone, and your hatred for the Gu family also dissipated, even if you know your true identity, the reaction will not be so big, at most it will be sad for a while, And not to be caught in the middle, so collapsed as it is now."

Rong Shu couldn't refute this.

Yes, if she only knew her identity after Gu Yaotian died, she might be shocked and probably sad, after all, it was her biological father.

But her reaction will definitely not be as big as it is now, just because the hatred of the Rong Gu family that pressed on her is gone, and it all dissipates with Gu Yaotian's death.

In addition, she has no feelings for Gu Yaotian in her heart, Gu Yaotian is dead, and she did not face him, so she naturally has a greater ability to accept it.

And not like it is now!

Now that Gu Yaotian is not dead, she is still alive, then knowing her identity means that she will personally take revenge on her biological father, which is too cruel for her.

Fu Jingting covered Rong Shu with a quilt and kissed her on the forehead, "Actually, I wanted to make a move for a long time and deal directly with Gu Yaotian, you know that with my ability, it is easy to deal with Gu Yaotian, after all, Gu Yaotian also helped Gu Manyin hypnotize me, it is impossible for me not to repay this hatred, but why have I never made a move against him?"

"Because of me." Rong Shu's voice was abrupt, "Is it?" Because of me, that's why you didn't do anything?

Fu Jingting was noncommittal, "Yes, because of you, I didn't do anything at the beginning, because you wanted to take revenge with your own hands, so I gave up the idea of dealing with Gu Yaotian, otherwise you have no way to take revenge, Gu Yaotian has already been cleaned up by me, so I am willing to endure the hatred of Gu Yaotian, so I let Gu Yaotian go on and go, but later I didn't make a move against Gu Yaotian, that's because Gu Yaotian is your biological father, even if you hate him, But if you know that I dealt with him, I still have some feelings in my heart.

Rong Shu had nothing to say when he said "I".

Indeed, she is very Gu Yaotian, but Gu Yaotian is her father in the end, and she still can't allow others to do something to Gu Yaotian.

"There is another reason, that is, I am entangled, whether I want to tell you about this matter, if you tell it, you may not be able to accept it, but if you don't tell, you will personally send your biological father to death, and when you know the truth later, you may have to collapse, but fortunately, things finally took a turn, Gu Yaotian suddenly suffered from kidney failure and did not live long."

Rong Shu looked at him and waited for him to continue.

Fu Jingting lay down with her, "I know, with your ability, it will take at least a year or two to take revenge, and it is impossible to take revenge in a short period of time, because you have to collect all kinds of evidence, and Gu Yaotian's body, as long as you can't find a suitable kidney source, you will definitely not live for more than half a year, I hope Gu Yaotian can die in this half a year, so that you don't have to face the risk of sending your father to death with your own hands, After all, the biggest hatred point of the Rong Gu family is Gu Yaotian, as long as he dies, no matter how he dies, but the hatred of the Rong Gu family will end with Gu Yaotian's death, so I firmly decided not to tell you, because I think it is impossible for you to succeed in revenge before Gu Yaotian dies.

The reason is that she is too weak.

Rong Shu snorted, but also recognized the man's words in her heart.

Indeed, no matter how down Sansheng Group is, it is much better than Tiansheng.

Therefore, Gu Yaotian is tantamount to a mountain that is difficult to break down for her, she wants to take revenge, she wants to collect evidence to send Gu Yaotian to the execution ground, how difficult it is to rely on herself.

And she just wants to rely on herself, and doesn't want people to interfere to help, because she feels that she is the daughter of the Rong family, and the enemies of the Rong family should be repaid by herself.

But now that so much time has passed, the evidence she has collected is still rare, and at most she can only arrest Gu Yaotian in the police station for a year or two, but not completely Gu Yaotian.

So such evidence is not what she wants, what she wants to collect is the decisive evidence that Gu Yaotian murdered Sansheng and murdered her father, but Gu Yaotian is an old fox, how can he easily send the evidence to the enemy, of course, the evidence must be erased.

It was also because it was even more difficult for her to collect these, otherwise she would have sent Gu Yaotian in a long time ago, and she would not have let Gu Yaotian live outside for so long.

"So you're actually glad that Gu Yaotian has kidney failure at this time, right?" Rong Shu watched the man speak.

Fu Jingting bowed, "Yes, because of this, you don't have to deal with your biological father, you don't have to bear the infamy of the outside world, and your hatred can disappear, why not be happy?"

Rong Shu pursed her lips, "But this is not my personal revenge."

“I know, but is it good that you take revenge personally?” Fu Jingting looked into her eyes, “I think you should be very clear about this answer in your heart, and I also said that even if your identity has Li Zhaodi’s top bag, but she is not you after all, sooner or later her identity will be exposed, at that time, if you know that you sent your biological father to the execution ground, you will definitely feel uncomfortable for a long time, I don’t want you to be like that, so it’s better to let Gu Yaotian die of illness, at least in this way, your hatred disappears, you will not be sad to know your identity in the future, after all, your hands, Not stained with the blood of your biological father.

Rong Shu closed her eyes, “So from now on, I don’t need to continue to investigate, just wait for the news of Gu Yaotian’s death, right?” ”

“This is the most appropriate method at present, because Gu Yaotian may not live for more than a month, and it makes no sense for you to continue to check.” Fu Jingting said.

Rong Shu bit her lower lip, “Then Dad will blame me for not personally avenging the Rong family?”

Fu Jingting gently hugged her in his arms, “I don’t think he will, since he chose to keep you and raise you like his own daughter, you should know that he loves you very much, a father who loves his daughter, I think he should not watch his daughter fall into such pain.”

“Maybe.” Rong Shu closed her eyes slightly and leaned into his arms.

“Let’s go see Dad tomorrow.” Fu Jingting said again.

The father in his mouth is naturally not Gu Yaotian, but Rong Hao.

Rong Shu also knew, and snorted gently, “I also think so, I have a lot of things I want to talk to him about.”

“Then say it, tell everything out, I’m sure Dad really won’t blame you after he finds out.”

Rong Shu didn’t speak, and seemed to be asleep.

Fu Jingting touched her hair, and did not speak, the room was quiet all of a sudden, and the needles could be heard, and only the sound of each other’s breathing could be heard shallowly.

One night, quickly passed.

But this night, neither Rong Shu nor Fu Jingting actually had a good rest.

Rong Shu has too many things on her mind and dreams when she sleeps.

Fu Jingting was worried about her, so he didn't sleep well.

So much so that when I woke up the next day, both of them had faint dark circles under their eyes and looked at each other and smiled.

But this smile also dispelled the sadness of the night, and made each other's mood relax a little.

"It's time for breakfast." Mama Feng came out of the kitchen at this time and came to call the two.

Fu Jingting answered, got out of bed first, and personally helped Rong Shu get dressed.

Rong Shu looked amused, "I'm not a porcelain doll, where do I need you to dress me, I'll come by myself."

"No need." Fu Jingting said that he would not give her the clothes in his hand, and insisted on wearing them.

Rong Shu had no choice but to rely on him.

After getting dressed, the two went to the bathroom again, and then sat down at the dining table and began to eat breakfast.

During the meal, Fu Jingting asked people to arrange a car and leave for the cemetery in a while.

Rong Shu listened quietly, did not speak, and let the man arrange it himself.

The man arranged very thoughtfully, not only arranged the car, but also prepared the flowers, which was the white lily that Rong Hao liked before his death, which also saved Rong Shu a little effort to buy flowers by himself.

After breakfast, the two left the hospital and got in the car to go to the cemetery.

On the way, Rong Shu received a call from the nanny who was watching over Rong Yuan.

"Miss Rong, good news." The babysitter's excited and joyful voice came.

Rong Shu narrowed her good-looking eyes, "Is Rong Yuan pregnant and diagnosed?"

Although Rong Yuan's pregnancy is a hard-clad fact, there is no news of the real pregnancy in the end, and everything can happen.

After all, Rong Yuan does not want to get pregnant at all, and will only find ways to get rid of the child in her belly.

Moreover, the child in Rong Yuan's stomach is still a small embryo that has just been implanted in a test tube, which is itself very fragile and will flow away if you are not careful, and the possibility of shedding will only decrease after the embryo is completely rooted in Rong Yuan's body.

And completely rooted in Rong Shu's body means that the pregnancy period is more than two months, only in this way can Rong Yuan's fetus be completely stable.

Now calculate the time, it is almost two months now, and there should indeed be good news from Rong Yuan's side, so she will suddenly guess what the nanny is going to say.

Sure enough, when the nanny heard Rong Shu's words, she nodded repeatedly, "Yes, Miss Rong, the child in Rong Yuan's stomach is stable, and the doctor said that the next step is to take care of her like an ordinary pregnant woman, she has good physical fitness."

"Okay, I know, then I'll trouble you to bother more, and when the child is born, I will give you a raise." Rong Shu said with a smile into the phone.

The nanny responded happily, "Don't worry, Miss Rong, I will definitely take good care of Rong Yuan and let her give birth to the child well."

"Hmm." Rong Shu nodded.

The phone hung up, and Fu Jingting asked, "Rong Yuan's child?"

"Yes, the child has already kissed, and in eight months, the Rong family will have a bloodline born." Rong Shu put down her phone and said with a smile.

Apparently really happy.

Fu Jingting saw that she was happy, and his eyes also showed tenderness.

But at this time, Rong Shu suddenly thought of something, and turned to look at him, "By the way, husband, when that child is born, I will take him with me to take care of him, teach him well, and not let him be contaminated with his mother's malignancy, do you mind?"

This means that she will take her nephew to live in the Fu family.

And this nephew has nothing to do with him, and he, as a man, may not necessarily accept it.

Fu Jingting knew what Rong Shu was worried about, and rubbed her head with a chuckle, "Of course I don't mind, although this child was born to Rong Yuan, but it is what you look forward to, he is also your hope for the future of the Rong family, as your husband, I respect and support all your decisions, and I love you, naturally I will love what you love, so you can rest assured to take care of the child with you, I will also treat him as my own, but the Fu family's family property, It can only be our children.

He can give the child in Rong Yuan's belly a good life, a high-class education, and will do his best to cultivate that child into a talent.

However, he would not divide the Fu family's property to that child, in the end, there was no blood relation, this was one of them.

The second is that Rong Yuan was born in the end, Rong Yuan has hurt his wife, he can accept Rong Yuan's children like this, it is already very magnanimous, but if Rong Yuan's children also inherit some of the Fu family's family property, wouldn't it be cheap Rong Yuan?

Rong Shu also knew what Fu Jingting meant, and smiled, "Don't worry, I don't plan to let this child have ambitions for the Fu family's family property, I will educate him from a young age, and tell him his identity after he remembers, let him know that he is only the heir of the Rong family, but I think he will definitely be a talented person in the future, able to bring the Rong family to a very high height, and will not worry about things that do not belong to him."

"That's it." Fu Jingting bowed his head slightly, but in the depths of his eyes, there was a trace of coldness.

If the child is a grateful one, then of course he is also willing to give the child something, although the Fu family's family property will not be given, but cash and other valuable things, he will not lack that child, after all, raised since childhood, raising a cat and dog has feelings, not to mention individuals.

And when that child inherits the Rong family in the future, he is also willing to help that child stand firm and help that child in everything.

But if that kid inherits Rong Yuan's dirty side, then don't blame him for being unkind.

After all, such a person is only a scourge to keep.

Of course these thoughts, He wanted to hide it for the time being, and did not intend to let Rong Shu know, after all, she had been looking forward to cultivating a qualified heir for the Rong family.

So secretly keep an eye on whether this child is qualified or not, it's up to him.

Soon, the cemetery arrived.

Fu Jingting draped Rong Shu with a thick down coat and put on a thick cashmere scarf for her, and then let her get off the car with confidence.

Her whole person was quite crying and laughing, and she felt that he was treating her as a confinement mother who had just given birth and could not stand the wind.

However, she also knew that the man was kind, plus the weather outside was really cold, and she didn't refuse, obediently put on and followed the man to get off the car.

"Hold it." Fu Jingting gave her a bouquet of white lilies.

Rong Shu stretched out her hand to take it and gently hugged it in her arms, "Dad liked this flower very much when he was alive, because Mom liked it, so he liked it."

Fu Jingting knew that she was going to talk about some past events, and did not interrupt, standing there quietly listening to her.
