Chapter 1411 – Father-in-law agreed

“Mom died when I can’t remember, so I have almost no impression of my mother, some understanding of my mother, but also my father dictated to tell me, my mother liked to draw when she was alive, especially good at drawing flowers, lilies are the best, because my mother likes lilies the most, Dad loves my mother very much, so everything my mother likes, he likes, my mother’s favorite flowers, naturally become my father’s favorite, even if my mother died for more than twenty years, Dad would still come back every day with a bouquet of fresh lilies.

“Li Xiuzhi has no opinion?” Fu Jingting asked.

A hint of mockery flashed in Rong Shu’s eyes, “Of course there is, but so what, she doesn’t dare to tell her father, because she depends on her father to survive, so she can only endure any opinions, but I think it’s because of this that she hates my father, and hates to poison my father in the end.”

“Li Xiuzhi’s sentence abroad is still many years away, and I have already contacted the foreign embassy, and when Li Xiuzhi is finished serving his sentence, he will be sent back to continue his trial in China.” Fu Jingting looked at her and said.

Rong Shu snorted, indicating that he understood.

Obviously, she didn’t really want to mention this person.

Fu Jingting saw it, so he didn’t say anything, took her hand, “Let’s go, go see my father-in-law first.” “Good

.” Rong Shu squeezed the corner of his mouth, showed a smile, and was led into the mausoleum by him.

Rong Hao’s tombstone, Rong Shu, was only renovated a few months ago, and it looks like new, even the photo has been replaced with a new one.

Rong Shu squatted down, put the flower down gently, and was helped by Fu Jingting to stand up.

If she hadn’t been pregnant, he wouldn’t have been like this, and if she wanted to squat down to talk to Rong Hao, he wouldn’t stop it.

But she is pregnant, and her pregnancy is not very good, it is better to stand.

Rong Shu also knew her situation, so when the man helped her, she also stood up.

“Jing Ting, can you leave for a while first?” Rong Shu looked up at the man, “I want to be alone for a while and talk to my father.”

Fu Jingting nodded and agreed, “Yes, but not for too long, I will worry.”

“Hmm.” Rong Shu replied with a smile.

Fu Jingting took out a pair of gloves from his coat pocket and put them on her, “This way I am more at ease, okay, I’ll go over there first, give you half an hour, and I’ll pick you up in half an hour.” “Good

.” Rong Shu waved at him.

Fu Jingting dropped a kiss on her forehead and turned away.

He didn’t know what Rong Shu said to Rong Hao, stood in the distance and waited quietly, then looked at his watch for a few minutes and calculated the time.

After all, she is not in good health, especially yesterday she also moved the fetal gas.

The hospital side actually does not recommend them to come out today, it is better to stay in the hospital.

But he knew that after yesterday’s events, she must have very much wanted to see Rong Hao in her heart.

So he took her out anyway at great risk.

Of course, when it came out, he also calculated the time, it was best to go back to the hospital within three hours, only in this way can it be sure that she will be fine in the end.

Fortunately, Rong Shu also knew his current situation in his heart, and when he arrived in half an hour, he took the initiative to find Fu Jingting.

Fu Jingting saw her coming and let out a soft breath, “Finished?”

He quickly took her hand.

Rong Shu nodded, “After speaking, I told my father a lot, I said everything that should be said, but I don’t know what my father thinks, do you say that he will really agree to us doing that?” Rong Shu looked at the man and asked.

The man was just about to answer, when suddenly a gust of wind rose.

But the wind was surprisingly not cold, but very gentle, and directly brushed the cheeks of the two.

Fu Jingting smiled, "Father-in-law seems to agree.

Rong Shu also felt very incredible, "The wind just now" "

Maybe it's really my father-in-law." Fu Jingting said, "Otherwise, how could it be such a coincidence? Is there a wind blowing at this time?"

This made Rong Shu feel quite reasonable.

However, she also knows that there are no ghosts in this world, and the so-called wind is really just a coincidence, but this coincidence does make her feel a lot relieved.

Perhaps, as Fu Jingting said, Dad agreed?

"Go back?" Fu Jingting lifted her hand, put it to her lips, and gently blew hot air to help her warm her hand.

Her hands were cold and not warm even with gloves.

Lin Tianchen said that she belongs to a cold physique, and her hands and feet are cold in winter, and she needs to be slowly conditioned for a long time in the later stage.

However, she is pregnant now, and she is not very suitable for making up too much, so he can only use these methods to help her warm her hands.

"Okay, let's go back." Rong Shu agreed with a smile.

The two returned to the car.

Fu Jingting asked the driver to turn the temperature up a bit.

Rong Shu rested her head on his shoulder, "What's wrong?" Sleepy?

He turned to look at her.

Rong Shu's head moved, and her voice answered softly, "A little."

"Then sleep." Fu Jingting took her into his arms and let her lie directly on his lap.

In this way, she needs to sleep more comfortably.

Rong Shu was indeed sleepy, she didn't sleep well last night, and she came out for so long today, and her body has long been a little unable to hold on, so after lying on Fu Jingting's lap, she quickly fell asleep.

Looking at the woman's quiet sleeping face, Fu Jingting smiled softly and helped her sort out the clothes on her body, so that she could sleep more comfortably.

An hour later, the hospital arrived.

Fu Jingting didn't mean to wake up Rong Shu, and directly carried her back to the ward.

It happened that Lin Tianchen came at this time.

He wasn't on duty in the morning, so he didn't know about the two of them going out, and when he saw Fu Jingting holding Rong Shu in, he immediately frowned, "Where have you been?"

"Go out and do something." Fu Jingting did not mean to elaborate, put Rong Shu on the hospital bed, covered the quilt, and returned faintly.

Lin Tianchen immediately reprimanded him dissatisfied, "Can she run outside with such a body now?"

"Just go for a while, nothing will happen, not to mention that some things must go, otherwise it will not be good for her." Fu Jingting looked at Lin Tianchen with cold eyes.

Lin Tianchen suddenly understood something and stopped speaking.

But after two minutes, he reprimanded Fu Jingting, "What about you? Your heart has not completely grown with the tissue, and if you hold her like this and walk bumpy, you are not afraid that something will happen to your heart?"

Fu Jingting touched his heart, "I didn't feel anything abnormal, and I just carried her all the way from the door of the hospital, I didn't hold her for a long time, even if I am not a doctor, I know that my current recovery is very good, and I am not vulnerable to that point."

Lin Tianchen raised his eyebrows, "Then you can see clearly, it's just that, your own body, pay attention to yourself, I won't say much else."

Fu Jingting snorted, "What are you doing here?"

"Refill your medicine." Lin Tian pushed his glasses, "The last time you gave you a course of medicine, you should have taken almost the same, this time to re-dispense you, the medicine you want to take at each recovery stage is different, now untie your clothes, I listen to the degree of heart."

Lin Tianchen took out the stethoscope from the pocket of his white coat.

Fu Jingting didn't say much and did as he cooperated.

After some examination, Lin Tianchen probably counted Fu Jingting's current heart recovery, and then picked up the medical record clip and pen on the side, brushed and wrote on it, while writing, while telling him what he needed to pay attention to next.

Fu Jingting listened lightly.

Chapter 1412 – No Conscience

After that, Lin Tianchen didn't stay much and left.

Fu Jingting sorted out his clothes, looked at Rong Shu, who slept deeply, turned to Mother Feng and said, "Mother Feng, Xiaoyezi troubles you to take a good look."

"The eldest young master is going to the company?" Mother Feng asked.

Fu Jingting shook his head, "I don't go to the company these days, Zhang Cheng is in charge over there, and I'll go to that woman."

That woman was referring to Li Zhaodi.

A trace of disgust instantly surged on Mama Feng's face, and she nodded, "Okay, then Young Master, you go, I look at the Young Lady, if there is any news, I will contact you immediately."

Fu Jingting snorted, got up and walked out of the ward.

Li Zhaodi was also locked up on this floor, but in a ward at the end of the corridor.

When Fu Jingting passed, the bodyguard immediately saluted him, "President Fu."

"How are people now?" Fu Jingting was expressionless and asked coldly.

The bodyguard replied, "I went in to see her an hour ago, and she fell asleep.

"Asleep?" Fu Jingting narrowed his eyes, and then sneered, "She has a big heart, and she can fall asleep in this situation." The

bodyguard explained, "That woman made a big fuss when you and your wife left the hospital, and then we subdued her, maybe she made too much trouble, she was too tired at the time, so she fell asleep."

"What is she messing with?" Fu Jingting squinted.

The bodyguard shrugged, "I wanted to leave, I wanted to go to the Third Hospital, and I wanted to see my wife, saying that it was too late or something, but we ignored her, and we were afraid that she would do self-harm in order to threaten us, so we tied her up with a rope and threw her on the bed, and not long after that, she fell asleep."

"It's all this time, and she hasn't even given up." Fu Jingting's face was gloomy, "Open the door."

"Yes." The bodyguard answered, used fingerprint sensing, and opened the door.

Fu Jingting walked in.

This ward is not as big as Rong Shu's, it is much smaller.

As soon as he entered, he saw Li Zhaodi, who was tied up and thrown on the hospital bed.

Li Zhaodi's eyes were closed at the moment, and she had not woken up yet.

Fu Jingting raised his chin towards Li Zhaodi.

The bodyguard immediately stepped forward and directly and rudely pushed Li Zhaodi, waking Li Zhaodi up.

When Li Zhaodi was just woken up, she was still a little dazed and didn't know what happened, until she heard the bodyguard say that Fu always wanted to see you, the whole person was in good spirits, and quickly turned her head to follow the bodyguard's line of sight.

Seeing Fu Jingting, Li Zhaodi's whole person instantly became excited, and her body quickly struggled to do it.

But the tie is too strong, no matter how she twists, she can't successfully sit herself up, but like a maggot writhing writhing on the bed, ridiculous.

Li Zhaodi finally gave up, lying there tired and breathing heavily, but her eyes always fell on Fu Jingting, her eyes wide, as if she was about to open her eyes in the next second.

"President Fu, please save my father, please." Li Zhaodi begged Fu Jingting with red eyes.

Fu Jingting stood at the end of the bed, expressionless, and looked at her so coldly, "You let me save Gu Yaotian?"

Li Zhaodi nodded repeatedly.

Fu Jingting snorted, "What kind of hatred is there between Gu Yaotian and my wife, aren't you unclear, you actually let me save him?" How to save? Let me also persuade my wife to do matching and donate a kidney to Gu Yaotian?

"Mr. Fu, I know that you don't want Miss Rong to do this, but you know, Miss Rong is Daddy's biological daughter, even if there is hatred between them, but now Dad is in danger, she, as a daughter, has the responsibility to save Dad, that is her biological father, do you also want to watch Miss Rong's biological father die like this?" Don't you also think about whether Miss Rong will feel guilty in the future? Li Zhaodi questioned.

Fu Jingting's expression remained unchanged, "I really won't, my wife is indeed Gu Yaotian's daughter, but so what?" Does his biological daughter have to donate a kidney to him? Don't forget, he didn't raise my wife, and even almost took my wife's life several times, what do you think such a person has the right to let my wife donate a kidney for him? Just by virtue of his biological father's identity?

"Isn't that enough? He is Miss Rong's father and gave Miss Rong his life, it was he who let Miss Rong come to this world, Miss Rong has that obligation, not to mention, Dad did not deliberately not raise Miss Rong, it was Miss Rong's adoptive father who stole Miss Rong, not Dad abandoned Miss Rong, and Mr. Fu, you know that my parents love me very much, then you should also know that my parents love not me as a person, but I am Gu Manqing, so what my parents really love is Miss Rong, if Miss Rong was not stolen back then, she would also grow up under the care of her parents, I think today, she will definitely be willing to save her father.

"You also said yes if, but the fact is that she was stolen, she did not grow up under the knees of Gu Yaotian and his wife, Gu Yaotian and his wife still hurt her repeatedly because of Rong Hao, and the adopted adopted daughter even asked for her life several times, this adds up, it is not something that you can offset with a sentence that Gu Yaotian and his wife love her in their hearts, so even if Gu Yaotian and his wife love her?" She still doesn't have to donate her kidney for Gu Yaotian. Fu Jingting said coldly.

Li Zhaodi shook her head violently, "No, it's not like this, even if Miss Rong is stolen, even if her parents have really hurt her, but her parents don't know that she is their daughter, if her parents know, they will definitely not do that, you can't firmly think that Miss Rong does not need to fulfill the responsibilities of her children because of this, in the words, even if her parents hurt Miss Rong, what if her parents gave her this life, she will save her parents."

In her heart, Gu Yaotian and his wife were great and noble.

They hurt Miss Rong, they just didn't know that Miss Rong was their daughter.

But if you know, it won't hurt.

Based on this, Miss Rong should recognize them and promise to save her father.

“That may disappoint you, no matter what feelings Gu Yaotian and his wife have for my wife, as long as they have not raised her, she does not have to fulfill her obligation to honor and treat them, even if she is willing, I will not be willing, I will not let my wife save them, you better die this heart.” Fu Jingting’s cold and ruthless words completely shattered the hope in Li Zhaodi’s heart.

She knew how terrifying and powerful this man was.

As long as he is unwilling, even if Miss Rong is really willing, then in the end, Miss Rong really can’t do anything.

How about that!

In that case, what does Dad do?

Li Zhaodi couldn’t accept this, and looked at Fu Jingting with a split eye, extremely emotional, “No, you can’t do this, President Fu, you can’t do this, that’s Miss Rong’s father, your wife’s father, and your father-in-law, how can you do this to him, do you still have a conscience.”

“It is himself who has no conscience.” Fu Jingting wrinkled his eyebrows and interrupted her, “You don’t know yet, Gu Yaotian and Rong Hao were once best friends and best brothers.”

Li Zhaodi’s expression was stunned, “What did you say?” These two used to be best friends, best brothers?

How is this possible!

She said she couldn’t believe it.

If these two are best friends, how did they get to this point?

Li Zhaodi said that it was too complicated, and her whole mind was chaotic.

What’s going on with all this?

Chapter 1413 – Tempting Gu Yaotian and His Wife

“Gu Yaotian and Rong Hao, two people, grew up in a yard, naturally became best friends, until high school, the friendship of the two has not changed, but as they get

older, the family's expectations of them are getting bigger and bigger, Rong Hao has always been a person with excellent character and learning, and is also the most recognized heir in the eyes of the older generation, and Gu Yaotian is the opposite, Hang Er Lang should have nothing to do, and then the two have become two diametrically opposed examples in the mouths of the older generation, Gu Yaotian's parents even compare Rong Hao with him the most, Over time, Gu Yaotian became jealous of Rong Hao.

Listening to Fu Jingting's words, Li Zhaodi gradually understood something, and her lips trembled, "So Dad and Miss Rong's adoptive father broke up here?"

"That's right, the two broke up, but not long after, the Rong family had an accident, completely bankrupt, and withdrew from the ranks of the wealthy in the sea market, and the Gu family was no better, although it was not bankrupt, but its assets were extremely shrunk, and it only became an ordinary rich family."

Three words immediately appeared in Li Zhaodi's mind, that decade.

If it was that decade, it would not be surprising that the two had an accident at the same time.

"After the accident between the two families, the Rong family and the Gu family never intersected again, knowing that Rong Hao used his talent to start a new business later, founded the Tiansheng Group, and brought the Rong family back to the ranks of the wealthy families in the sea market, at that time, Rong Hao's scenery was infinite, compared to Gu Yaotian, who could only rely on his parents to redevelop Sansheng, and then inherit Sansheng, it was a heavy blow, making Gu Yaotian feel that he was even less comparable to Rong Hao, so Gu Yaotian was jealous, Stealing Tiansheng's secrets, and forcing an employee to commit suicide by jumping off the building, Tiansheng almost went bankrupt, and Rong Hao stole Xiaoyezi in order to fight back.

Speaking of this, Fu Jingting stared at her coldly, "So it's already obvious who is at fault in all this, isn't it?" If it weren't for Gu Yaotian's own inability to tolerate people, Xiao Yezi would not have been stolen, it was the little leaf he harmed was stolen, and the harmed little leaf is now sandwiched between the two families and can't break free from the pain, such a father who did not raise her, but caused her to be stolen, and now harmed her pain, what qualifications does Xiaoyezi have to let Xiaoyezi save him, he should die, he died, for Xiaoyezi, it was a relief.

"No, it's not like that." Li Zhaodi shook her head violently, "President Fu, it's not like this, even if Dad is wrong, but he really loves Miss Rong, based on this, Dad is not an absolute bad person, you can't do this."

"Really." Fu Jingting dropped this sentence, turned around and walked towards the door of the ward.

For him, Li Zhaodi is a person with brain problems, no matter what Gu Yaotian did to Rong Shu and what damage he caused, she thought that Rong Shu should save Gu Yaotian.

The reason is that Gu Yaotian is Rong Shu's biological father, which is enough.

How ridiculous.

In this world, there are more parents who do not love their children, and more parents who abandon their children.

Could it be that one day the abandoned child met the biological parents who came to the door, and the biological parents told the child that if they needed that child to donate a kidney, should that child also donate?

All in all, he would never let Rong Shu save Gu Yaotian.

For Rong Shu's future, Gu Yaotian must die.

He did not support Rong Shu to personally send Gu Yaotian to prison, it was already him and Rong Shu who were daughters and sons-in-law, and they had the last kindness and filial piety to Gu Yaotian.

But if Gu Yaotian still has a little conscience, for Rong Shu's sake, he should refuse to let Rong Shu save him.

However, speaking of which, Gu Yaotian should not know that Rong Shu is his daughter.

Do you want to tell Gu Yaotian and see Gu Yaotian's reaction?

If Gu Yao naively sees that Rong Shu is his daughter, and he also has feelings for Rong Shu, he chooses not to donate a kidney to Rong Shu, dies by himself, and completes Rong Shu's daughter, then he will still look up to Gu Yaotian for a day.

But if Gu Yaotian is afraid of death, and because Rong Shu was raised by Rong Hao, he is a little reluctant to accept Rong Shu's daughter, and he wants Rong Shu's daughter to donate a kidney, then don't blame him for being unpolite and personally let Gu Yaotian ascend to heaven,

"President Fu." Fu Jingting walked out of the ward.

The bodyguard immediately saluted him.

Fu Jingting snorted, "Continue to look at people, and when Madame is better, then decide how to deal with her."

“Yes.” The bodyguard answered.

Fu Jingting did not stop and went straight away.

Rong Shu had not woken up yet, and after Fu Jingting returned to the ward, he also lay on the bed and hugged her to sleep.

None of them slept much last night, but now they relaxed, and their bodies naturally felt extremely tired.

This sleep, it was dark.

Assistant Zhang brought over some of the documents that Fu Jingting personally signed and signed them for Fu Jingting.

After Fu Jingting finished signing, Assistant Zhang put away the documents and said to Fu Jingting: “By the way, Mr. Fu, Mrs. Gu found that Li Zhaodi was missing and had already called the police, but I said hello to the police in advance, and although they promised on the surface to help Mrs. Gu find Li Zhaodi, there was no action in private.”

After all, people are not really missing, why should the police look for them.

Fu Jingting raised his chin slightly, indicating that he understood, “How is Gu Yaotian’s situation?”

He asked.

Assistant Zhang thought for a while, “The person I sent to inquire said that he was admitted to the ICU, had put on a ventilator, and the situation was not very good, and Mrs. Gu washed her face with tears all day.”

“Got it, you let people talk to Mrs. Gu, saying that I have something to see her tomorrow.” Fu Jingting squinted and ordered.

Assistant Zhang immediately guessed something, and was surprised: “President Fu, shouldn’t you want to”

Fu Jingting was noncommittal

Chapter 1414 – Meet Gu Yaotian

Just kidding, what his mother told Shushu was some embarrassment when he was a child.

A few of them just listened, why should Fu Jingting listen to it?

Originally, he lowered Fu Jingting's head, if he let Fu Jingting know his past embarrassment again, wouldn't it be even more faceless in front of Fu Jingting in the future?

Fu Jingting pretended not to see Lu Qi's anger, but just smiled and said to Mrs. Lu: "Aunt, seeing what you just said is so happy, I also want to know what you said after Xiao Yezi is unhappy, I can also talk about it again to make her happy."

"Okay." Mrs. Lu readily agreed.

"Mom?" Lu Qi looked at her incredulously, and his voice was raised.

Mrs. Lu glanced at him, "What's it called, if you don't like to hear it, just go out, don't delay me to speak."

"Auntie is right, you go out first." Fu Jingting also said to Lu Qi, the smile was obviously with a hint of provocation.

Lu Qi was angry to death, and stomped his foot, "You guys"

Forget it, he will leave, can't he walk?

Lu Qi rushed out of the ward.

Fu Jingting smiled politely at Mrs. Lu, "Aunt, go ahead."

"Okay, then we'll just go on." Mrs. Lu nodded and continued what she had just said.

Rong Shu gently bumped the man's abdomen with her elbow, crying and laughing, "You are really bad, you obviously guessed what your aunt might say, and you have to be deliberately angry."

"Who called that guy too arrogant in front of me sometimes." Fu Jingting replied.

Rong Shu shook her head helplessly, "Even so, you can't be so angry with him, don't do this in the future."

"Let's see if he will be very excessive in the future, if he is restless in the future, I will use these to deal with him, if he is safe, then I will not mention anything." Fu Jingting shrugged.

Rong Shu glanced at him funny and stopped talking.

Mrs. Lu knew what happened to Rong Shu from Lu Qi, so she came to see Rong Shu today.

However, when she came to see Rong Shu, she did not mention Rong Shu's opinion of Gu Yaotian and his wife at all, and she did not even ask Rong Shu what she thought about this matter.

Mrs. Lu's approach was to say nothing or ask anything, just say something interesting to Rong Shu, and coax Rong Shu to be very happy.

It is also because Mrs. Lu knows that Rong Shu was originally depressed because of her identity, and the most important thing now is to make Rong Shu happy, instead of continuing to mention those, which makes her feel even more sad.

Mrs. Lu herself is very humorous, even if she doesn't say anything about Lu Qi's embarrassment in the end, she can say something else to make Rong Shu happy.

Therefore, in the following time, Fu Jingting basically did not see Rong Shu hear laughter, which made Fu Jingting very grateful to Mrs. Lu in his heart.

Mrs. Lu stayed here for more than two hours, and before leaving, she finally talked to Rong Shu about Gu Yaotian and his wife.

However, he apologized by the way, after all, Mrs. Lu has also known about this matter for a long time, but she also concealed it from Rong Shu and did not tell Rong Shu, so I hope Rong Shu will forgive.

In fact, it is impossible for Rong Shu to say that she is not sad in her heart, she has always regarded Mrs. Lu and Fu Jingting as her last relatives.

However, no matter who they were, they knew it, but they didn't tell her, and it was impossible for her not to be sad.

But later it was also relieved, just imagine, if she is Fu Jingting, or if she is an aunt, and her aunt and Fu Jingting are her, will she tell them directly, or slow down too?

The answer is already clear, and she will choose to hide it.

Therefore, she really did not have the qualifications to complain about Fu Jingting and Mrs. Lu.

Seeing that Rong Shu said that she didn't care, Mrs. Lu was also relieved in her heart, and then comforted her a lot and persuaded her a lot, and then she left with confidence.

Mrs. Lu's persuasion to her is actually no different from Fu Jingting and Lu Qi's persuasion to her, but there are also some things that Fu Jingting and Lu Qi have not said, that is, let her follow her inner thoughts and do it.

Whether she chooses to recognize Gu Yaotian and his wife, chooses to continue to take revenge and send people to prison, or chooses not to take revenge, Mrs. Lu expressed her support.

Because she is her, no matter what she thinks and does, she is still the lovely and beautiful goddaughter in Mrs. Lu's heart, and she will never change.

What Mrs. Lu means by saying this is to hope that she will not fall into confusion and lose herself because of the change of her identity.

"Wife," Fu Jingting returned to the ward after seeing off Mrs. Lu and Lu Qi, sat down on the edge of the hospital bed again, and gently put his arm around Rong Shu's shoulders, "Have you ever thought about recognizing Gu Yaotian and his wife?" Hearing

the man's question, Rong Shu's face changed slightly, but soon calmed down and shook her head, "I didn't think about it, no matter what feelings they have for Gu Manqing's daughter, I don't plan to recognize them, they don't know if it's true that I am their daughter, but the harm they caused to the Rong family and me is also true, I don't know how to face them, and I can't recognize them."

If she chooses to recognize each other, isn't it a betrayal of the Rong family?

What's more, she still resented them in her heart after all.

Hate why they don't look up to her well, hate why they are so bad, hate why they adopt Gu Manyin

There are too many things between them, and these things can't be so easily relieved.

Therefore, she could not recognize them.

"Then have you ever thought about meeting them?" Fu Jingting asked again.

For Rong Shu's choice, he was not surprised at all, and he had long known that she would choose this way.

"See you" Rong Shu hesitated at this moment.

It's one thing not to recognize Gu Yaotian and his wife, but it's another thing not to see it.

After all, Gu Yaotian didn't have many days left.

If you don't see it, then you really won't see it again.

But to see, she didn't want to go, didn't know how to face

Looking at Rong Shu's tangled look, Fu Jingting rubbed her hair, "Since you don't know, then don't worry, you think slowly, there is still time, and when you think clearly, then decide to see or not."

Rong Shu snorted and agreed with the man's words.

At this time, Mother Feng brought dinner, and Fu Jingting and Rong Shu each had one each, which was not the same.

Fu Jingting was an ordinary dinner, while Rong Shu's was a sour dinner specially made for her by Mother Feng.

"Young lady, this is what I specifically asked me to do in Yunnan for the old sister over there in the south hometown made it, saying that it is the most suitable taste for pregnant women like you, how do you taste it! Mama Feng said.

Rong Shu picked up the spoon and scooped a spoonful of steamed eggs into her mouth.

The taste is different from the normal taste of steamed eggs, but sweet and sour.

If it were usual, Rong Shu would definitely not be used to eating, but at this moment, she felt that the taste was very good.

She smiled and nodded, "Not bad, the taste is quite good, thank you Mama Feng."
Seeing

that she liked to eat, Mother Feng was happy in her heart, and replied with a smile: "Thank what, Mrs. Da Shao, you like it, okay, you guys eat quickly, after eating Mrs. Da Shao, you will sleep for a while."

Saying that, Mother Feng looked at Fu Jingting again, "By the way, young master, in the afternoon, the old lady called over, saying that she was looking for you, and let you call her back when you woke up."

Fu Jingting's hand holding the chopsticks paused, "What did grandmother say?" Could it be that the little leaf thing, grandmother knew?

Rong Shu also looked at Mother Feng a little nervously, not wanting to let her things be worried by her grandmother.

When she was old, she still let her grandmother worry about herself, and she really felt sorry for her grandmother.

He also seems to be very selfish.

Chapter 1415 – Father's Death Day

As soon as Mama Feng saw the nervous expression of the little two, she knew what the little couple was worried about, and smiled, "Don't worry, the eldest young master, the eldest young lady, the old lady does not know about you for the time being, call the eldest young master, it should be that the death day of the young master is coming, so it is just to discuss how it is planned to be held this year." Can

be called a young master, without big or small, only Fu Jingting's father, Fu Huai.

Fu Jingting immediately breathed a sigh of relief when he heard this, "Calculate the time, my father's death day is indeed these days, I know, I will call my grandmother back in a while, hard work Feng's mother."

"What does the eldest young master say, okay, then I won't bother you, I'll go and prepare tomorrow's ingredients first." After that, Mama Feng turned around and went back to the kitchen.

Rong Shu looked at the man, "Dad's death day, we will all go to worship then, right?"

Fu Jingting bowed, "Of course, but you don't have to go, you are physically inconvenient, I can go by myself."

"How about that." Rong Shu shook her head, "How can I be absent from this kind of sacrifice to the elders, and I'm not really unable to move, it's still no problem to go for a few hours." Hearing

her say this, and seeing that she insisted on going, Fu Jingting thought about it and finally agreed.

After all, he had never let her see his parents before, and now it was time for her to meet them too.

"Okay, then, I'll take you there." Fu Jingting touched her hair and agreed.

Rong Shu snorted, "Then you call your grandmother back, otherwise the old man should fall asleep in a while."

“Okay, I’ll call my grandmother.” Fu Jingting said, took out his mobile phone, and returned to the old lady.

At this time, there is not much left before the old lady’s bedtime, so if you don’t call the old lady at this time, you have to wait until tomorrow.

Soon, the old lady’s call was connected, and Fu Jingting turned on the hands-free so that Rong Shu could also hear it.

The kind and happy voice of the old lady came, “Shushu, I still call my grandmother so late.” The

corner of Fu Jingting’s mouth twitched.

Did the grandmother do it on purpose, this is obviously his call, his mobile phone number, he doesn’t believe that the grandmother didn’t see it, but the grandmother skipped him, saying that Xiaoyezi called, is there still him this grandson in her eyes?

Rong Shu looked at the man’s somewhat blackened handsome face, covered her lips and smiled, and responded to the other end of the phone, “Grandmother, didn’t bother you to rest so late, right?”

“Nope.” The old lady replied with a smile: “Grandmother I, the older I get, the more I can’t sleep, this time I am very energetic, did not disturb me, on the contrary, you called over, accompany my old woman to talk, my old woman is still very happy.”

“Well, we’re worried that we’ll disturb your grandmother’s rest.” Rong Shu smiled and said, “Grandmother, it’s like this, just now Mother Feng told us that you called Jing Ting in the afternoon, let Jing Ting wake up and come back to you, and now this call is from Jing Ting.”

In any case, what men do, of course, has to be attributed to men, and they can’t grab the credit themselves.

At this time, Fu Jingting finally spoke, “Grandmother, you are for your father’s death day, right?” When

the old lady heard the two words of death, sadness and loneliness suddenly appeared on her originally smiling face.

After all, it was her son.

The white-haired person sending the black-haired person is enough to make her an old woman miserable, and the annual black-haired person’s death day is even more ripping her heart.

But even if she has a heart, she must face it, and she cannot forget her son.

“Yes, your father’s death day is coming, that is, three days later.” The old lady sighed, “I want to ask you how you plan to do this year.”

“Grandmother, I already know who killed my father.” Fu Jingting did not immediately answer the old lady’s words, but first talked about this matter.

After the old lady listened, except for the hand holding the mobile phone tightened, there was not much emotional change on her face.

Obviously, she has long been clear about this matter.

Also, how did his son die, as a mother, will he really not investigate?

Perhaps a long time ago, she already knew who the murderer was, but she never said it or made a move.

After not hearing the old lady’s reply, Fu Jingting also guessed what the old lady was thinking, and his thin lips moved, and asked, “Grandmother, do you already know?”

As soon as these words came out, Rong Shu also looked at the phone in surprise.

You know, Fu Jingting said that he hadn’t told his grandmother about this.

The air suddenly became quiet, and Rong Shu and Fu Jingting could only hear the old lady’s breathing, which came over the phone.

Otherwise, they thought that the old lady had fallen asleep and hung up the phone.

After a long time, just as Fu Jingting was about to ask again, the old lady finally spoke, “That’s right, I knew about this matter five years ago.

Fu Jingting’s pupils shrank, “Five years ago!” His

father died twelve years ago, and it took him twelve years to find the murderer behind it.

Unexpectedly, my grandmother actually knew about it five years ago.

“But why, you didn’t tell me?” Fu Jingting’s throat moved, and he asked with some incomprehension.

Since the old lady had known so long ago, she should have told him earlier, maybe now Su Cheng has long paid the price for his actions, and his father’s hatred has long been repaid.

How the old lady didn't understand what Fu Jingting was thinking in her heart, she sighed

“Shushu is right, it is precisely because of this, I dare not tell you even more.” The old lady sighed.

Fu Jingting pursed his thin lips and let go of the puzzlement in his heart, “I know, I understand your painstaking grandmother.” The

old lady smiled, “You understand, after all, it was my son who died, and I want revenge more than anyone, but I can't take my grandson in it because I want to take revenge in a hurry, so I'd rather hide it for the time being and see if you can return to normal, but in the end you return to normal.”

“Then grandmother, why did I return to normal for so long, and you still didn't tell me? I still found out myself. Fu Jingting questioned.

The old lady smiled helplessly, “That's because grandmother knows that you can find the murderer by your own strength, then naturally the grandmother is even more unnecessary to tell you, no, not long after you returned to normal, you found the murderer, which is very remarkable, so grandmother I, just watch silently in secret, grandmother believes you, you will avenge your father.”

“So it is.” Fu Jingting rubbed his temples, “That grandmother, how did you know that your father was killed by Su Cheng?”

Rong Shu also listened quietly, wanting to know the answer.

The old lady's old face became gloomy, “There is one thing, I have not told you, in fact, when your parents got married, Su Cheng came to attend your parents' wedding, at that time at the wedding, I saw clearly, Su Cheng looked at your father's eyes, is the kind that wants to kill your father, at that time I was very vigilant, secretly wary of this insidious poisonous snake, but also explained to your father, let your father pay more attention to himself, your father agreed, After that, I did always carry bodyguards with me, but in the next ten years, your father has been safe and sound, and Su Cheng has always stayed in the capital in peace, never left, I was thinking, maybe at the wedding that year, Su Cheng just looked at your father with that look, and did not really want to attack your father, and then we relaxed our vigilance. Speaking

of this, the old lady beat her chest and didn't want to get up, "I didn't expect ah, I underestimated the tolerance of that poisonous snake, that is, as soon as we relaxed, the poisonous snake attacked your father, that is really a ruthless person, in order to kill your father, you can endure for more than ten years without making a move, in order to completely dispel our vigilance, and then find the opportunity to kill with one blow, when the news of your father's death abroad spreads back to China, I immediately suspected that it was Su Cheng, but his tail was swept too clean, and for several years, I didn't find any evidence that he did it, but."

The old lady snorted coldly, "He can endure more than ten years in order to kill your father without making a move, of course my old woman can also, my old woman has lived for such a long time, patience has long been cultivated, I can also spend a lot of time and patience to slowly consume with him, slowly find, I believe that one day, I can find evidence that he did it, sure enough, my investigation, that is, seven years, the people I arranged infiltrated the Su family, and at a certain time, I heard Su Cheng holding your mother's photo and talking to himself, I told me about killing your father, but unfortunately my people overheard it, and they were not wearing any recording equipment at the time, otherwise there would be conclusive evidence. This

is indeed a very big regret.

Rong Shu sighed.

Fu Jingting's eyebrows tightened, "Grandmother, is the person you arranged to enter the Su family still in the Su family?"

"Of course, he has been looking for evidence in the Su family." The old lady's old face was cold, "Although Su Cheng swept the tail well, but what he did, is there really no trace at all?" This is impossible, there is always something to prove that he killed your father, so over the years, he has been lurking in the Su family, but there has never been good news, but during this time I know that Su City is not in the capital, and has come to our sea market, but it has given him more time to find evidence.

"Grandmother, can you hand someone over to me?" Fu Jingting squinted.

The old lady raised her eyebrows, "You mean, give you that dark thread?"

"That's right." Fu Jingting bowed, "The matter of avenging my father will definitely be done perfectly, so hand over the person to me, and I will give your grandmother a perfect answer."

The old lady smiled, "Okay, I'll tell you the method of contacting him in a moment, in fact, I was going to give it to you."

"Then thank you grandmother." Fu Jingting nodded.

“What is there to thank for this, it’s all to avenge your father, and I believe that my eldest grandson will be able to do it, but grandmother still has to tell a few words, that person in Sucheng is not simple, you have to be careful, and protect Shushu and your children, she can’t be hurt anymore, understand?” The old lady instructed seriously.

Rong Shu’s heart was warm and quite moved.

Fu Jingting squeezed her hand, “I understand, I will.”

“If you deal with Su Cheng later, if you can’t get away, send Shushu to the old mansion, the old mansion is the safest, and with my old woman here, you can better protect Shushu.” The old lady thought about it and said.

Fu Jingting did not refuse, “If there really is such a moment, I will send Xiaoyezi over.”

Speaking of this, he looked at Rong Shu.

Rong Shu smiled at him, “Don’t worry, I won’t refuse, I’m not stupid, I have to be stubborn, if my existence becomes a delay, of course I will stay away, so as not to delay your business, and then go to my grandmother to wait for you, so that you can also solve things with peace of mind, so don’t worry I will disagree.”

Fu Jingting kissed her forehead with gentle eyes, “You have never been a burden to me, so you don’t have to say that about yourself.”

Rong Shu smiled, “I’m just an adjective to let you know that I will listen to your arrangements at that time, and will not let you have worries.”

“That’s right, when the time comes, let Shushu come directly, my old woman will help you take care of her, and you will be at ease to deal with Su Cheng.” The old lady echoed.

Fu Jingting snorted, “Then I’ll thank my grandmother first.”

“Family, thank what.” The old lady waved her hand, “In a few days, your father’s death day, you come back, take Shushu to show your father.”

“I will.” Fu Jingting bowed, “This year’s father’s death day, for the time being, is still the same as last year, wait until Su City is resolved, hold it again, tell your father the good news, and grandmother, mom, you tell her, don’t let her misunderstand and not pay attention to her father’s death day.”

“I will.” The old lady bowed, “Although Wang Shuqin’s woman is a little brainless, but during the critical period, she is not dragging her feet, she will understand, she is just like us, she is looking forward to avenging your father earlier.”

“She has a good relationship with her dad, that’s for sure.” Fu Jingting chuckled.

Rong Shu listened quietly and did not interject.

Although she still doesn’t understand why Fu Jingting’s father fell in love with Wang Shuqin.

But for the relationship between Fu Jingting’s father and Wang Shuqin, she still recognizes it very much.

“Okay grandmother, it’s not early, we won’t disturb you to rest, I’ll come back with Xiaoyezi to see you in two days.” Fu Jingting raised his wrist and looked at his watch, and when the old lady’s rest time came, she was ready to hang up the phone.

The old lady answered with a smile.

After the call, Fu Jingting put the mobile phone down, “Let’s go, let’s go wash up, the nurse should come to check the ward in a while.” ”

When a nurse comes to round the ward, it means that you have to sleep.

Rong Shu didn’t want to be urged by the nurse to rest quickly, and immediately nodded and agreed.

After that, she was picked up from the bed by the man and walked to the bathroom.

Rong Shu cried and laughed, “Why are you, let me go quickly, it’s not that I can’t go by myself.”

She was just in poor health, and she wasn’t really crippled and couldn’t walk.

Where he needed to carry her.

However, the man just refused to let go of her, but said with a serious face: “But I want to carry you.”

“You haven’t recovered yet, where do you need to hold me?” Rong Shu gave him a blank look.

The man laughed lowly, "It's okay, it's just a few steps, it won't affect me, okay, wash up quickly."

He put Rong Shu on the ground in front of the dressing table and handed her the toothbrush.

Rong Shu gave him a blank look, took the toothbrush and began to brush his teeth.

And Fu Jingting also stood beside her, brushing her teeth and washing with her.

This is already their daily routine, they usually brush their teeth and wash together, from not getting used to it at the beginning, to now they have accepted it calmly.

Of course, this process of change was only experienced by Rong Shu alone, and Fu Jingting's cheekiness has never been unaccustomed.

After washing, Fu Jingting carried Rong Shu out of the bathroom and returned to the hospital bed.

This time Rong Shu did not let him put her down, after all, she knew very well, and it was useless to say it.

And seeing that he hugged this way, his body was not affected, and she went with him.

Rong Shu lay on the bed, Fu Jingting took her into his arms, and then took a book and opened it.

Rong Shu raised her eyebrows, "What book are you reading?"

"Fairy tales." Fu Jingting generously showed her the cover.

She was stunned at first, and then burst out laughing, "Jing Ting, why don't I know, when do you like to watch fairy tales?" Sorry

, seeing him a big man, holding a fairy tale that five or six-year-old children don't like to read now, how can this picture be so funny?

Forgive her for laughing out loud.

"It's not that I like to watch." Fu Jingting withdrew his hand, "I told our children."

"Huh?" Rong Shu blinked, "Tell the baby?"

She touched her stomach, a little confused.

Fu Jingting raised his chin noncommittally, "That's right, the book says, children should be taught from a young prenatum, prenatal education is very important, usually you can listen to more music for children, tell more stories, music is okay, but what kind of stories children like, I don't know, I asked my subordinates, said that fairy tales are very suitable for children, so let normal buy a few books ready to try." The

corner of Rong Shu's mouth twitched, "Please, even if you want prenatal education, then you have to wait until the baby can move, how early it is now."

She was a little crying and laughing, "Besides, you can't understand these babies after telling them, and fairy tales are generally loved by children aged four or five, how do you know that babies love to listen?"

"I didn't know, that's why I gave it a try." Fu Jingting's big hand also touched her belly, "And our baby must be a genius, even if he is still young, he will definitely be able to understand."

Looking at the man's determined expression, Rong Shu raised his forehead with a smile, "That's okay, then you talk, by the way, the child listened." "Good

." Fu Jingting nodded in agreement, then turned the first page and began to speak, "Snow White"

The rhythm of his storytelling is very good, just right, and the words are round, which sounds particularly comfortable.

Rong Shu couldn't help but close her eyes.

However, the next second, the man suddenly stopped reading.

She opened her eyes suspiciously, and the man between them frowned tightly, staring at the book in his hand, not knowing what he was thinking.

"What's wrong?" Rong Shu asked puzzled.

The man turned the book in his hand back a few pages, and his handsome face was dark, "This book can't work."

"Why not?" She asked puzzled.

Fu Jingting said with a calm and handsome face full of disgust: "This is obviously a fairy tale, but the queen is jealous of her stepdaughter, and she wants to kill her stepdaughter and dig out her stepdaughter's heart and liver, is this still a fairy tale?" Isn't it a dark killing?

“Ah this” The corner of Rong Shu’s mouth twitched, how could she not expect that the man’s mouth was not good, it was actually such a reason.

But listening to him say this, it seems that this fairy tale is a little dark.

Fu Jingting flipped through the content behind and said, “And it is written in the back that the queen can’t kill her stepdaughter, so she uses a poisonous apple to poison her stepdaughter, how can such a femme fatale act appear in fairy tales and show it to children?” Don’t they think that when children learn things, they are not afraid that children will learn the above behavior? Even if the behavior is not learned, but are you not afraid to learn the queen’s vicious and jealous appearance?

“This” Rong Shu was speechless by what the man said.

It’s really a little too inappropriate.

“There are other stories later, after the mother dies, the father marries the stepmother, and he puts his own daughter aside, so that his biological daughter is reduced to a servant to serve their family, is this also suitable for a child? Aren’t you afraid of those little children who also have stepmothers? Or in other words, the stepmother was originally good to the child, but after the child saw this, he suddenly hated the stepmother, so can the stepmother continue to be good to that child in the future?

Looking at the man who kept picking on the fairy tale faults, Rong Shu shook her head funny, “Husband, will you think too much?”

“It won’t.” Fu Jingting replied seriously: “This story is not good, in addition to promoting these bad things, the rest are all promoting erotic love, can children watch this?” What if they look at a young age and fall in love?

Thinking that it was possible that Rong Shu was a daughter in her belly, Fu Jingting couldn’t accept that his daughter was abducted by other smelly boys at a young age.

That way, he’ll go crazy.

Syllable!

Fu Jingting closed the fairy tale in his hand expressionlessly and threw it aside, “This story can no longer be told, so as not to bring our children badly, and buy some other storybooks tomorrow, it is best not to have these inexplicable evil deeds and love, these are not suitable for children.”

Rong Shu smiled again, “That’s okay, since it’s not suitable, then don’t look at it, so as not to be angry with yourself.”

“Well, don’t look at it, sleep.” Fu Jingting lay down and put his arm around her waist.

Rong Shu leaned against him. Leaned, closed his eyes, and soon fell asleep.

Pregnant women are already sleepy, and Feng Mama also said that after a while, she will sleep more.

Listening to the shallow sleeping breathing of the woman in his arms, Fu Jingting's eyebrows were gentle as if he was about to drown.

He looked down and kissed her on the red lips, then turned off the lights and whispered, "Good night."

He took her in his arms and slept himself.

The next day, when Fu Jingting woke up, Rong Shu was still sleeping.

He didn't wake her up, got out of bed gently, ate the breakfast prepared by Mama Feng, and said hello to Mama Feng, and left the hospital.

In the parking lot, Assistant Zhang saw him coming, and quickly plucked out the cigarette in his hand, "President Fu."

Fu Jingting smelled the smoke and frowned, "Don't smoke in front of me in the future, make the smell of smoke stain me, do I have to bring it back to my wife to smell three hands?"

Assistant Zhang touched his nose knowingly, "I'm sorry Mr. Fu, I didn't think about this for a while."

"What the hell is going on?" Fu Jingting looked at him and asked, "You never smoked in front of me before, and you were in a bad mood?" "

Hearing his question, Assistant Zhang suddenly lowered his head in a depressed mood, "President Fu, I'm out of love."

Fu Jingting was suddenly shocked, "When did you fall in love?" How could he, as the boss, never heard of it.

Assistant Zhang, a big man, suddenly sobbed sadly, "It's this time, it's just an online relationship, and it hasn't appeared yet."

Fu Jingting raised his eyebrows, "Online dating? Can it be reliable?"

These words were suddenly like a sharp sword, stabbing fiercely into Assistant Zhang's heart.

Assistant Zhang grabbed his heart and became even sadder, "It's not reliable, I haven't seen Mr. Fu that you have such a good relationship with your wife, plus I am also thirty-one, and I also want to find a girlfriend to end my singleness, but I'm too busy to have time to meet a real girlfriend, so a friend said let me go to the Internet to make friends, I think it's quite interesting, so I went to find it, and found a girl who sounded good and spoke humorously, I talked to her a few times and then we started a relationship with her.

"And then?" Fu Jingting looked at it and asked.

I always feel that the development behind should not be so simple.

"Then," Assistant Zhang covered his face with a painful face, "and then I talked to her about this period, and I transferred money to her, and sent her red envelopes, all spent millions, but yesterday I asked her to appear, she refused, and then I looked at her details and found that she was actually a man's woo-woo"

Speaking of this, he suddenly cried, it was really crying.

Anyone who falls in love for the first time and encounters this kind of thing collapses.

After all, he really gave his feelings.

Looking at Assistant Zhang's sad and desperate look of crying, Fu Jingting looked disgusted, "I'm stupid, before falling in love, I don't know to figure out his identity first, I have to wait until I have paid time, money and feelings to remember this, who will you not lose?"

Assistant Zhang was speechless.

Yes, it is he who wants to fall in love so much that he even looks it up and falls in love, and it is strange not to be deceived.

"Millions is not a small number, it already constitutes a fraud, call the police." Fu Jingting opened the door of the back seat and got into the car.

Assistant Zhang also hurriedly got into the driver's seat, "I have already called the police, the police have also opened a case, said that they will give me the result in two days, it really me off, and when I saw the man, I had to clean him up well, and actually lied to me."

"It's you who is too impulsive, he is at fault, aren't you?" Fu Jingting glanced at him.

Assistant Zhang shrunk his neck, "That's not it, I have it too."

"Okay." Fu Jingting rubbed his temples, "After a while, after solving Su City, I will give you a month off, you go out to rest and rest, find a real girlfriend, and then you will go to the following subsidiary to become the president, so that you will have time to solve your lifelong affairs."

Fu Jingting also knew that he didn't have much time to fall in love with him, which was owed to him as a boss.

Therefore, he did put down Assistant Zhang and let Assistant Zhang solve his lifelong affairs.

Otherwise, if you delay any longer, it will be almost forty.

Hearing Fu Jingting say this, Assistant Zhang immediately stopped being sad, and his eyes lit up, "Okay, thank you President Fu."

"Well, let's drive." Fu Jingting raised his chin.

Assistant Zhang took a deep breath, sorted out his emotions, and drove the car seriously.

An hour later, the third hospital arrived.

Fu Jingting walked straight to Gu Yaotian's ward, and when he arrived at the door of the ward, he heard Mrs. Gu's anxious voice inside, "Yaotian, what should I do, there is no news from the police there, and I don't know where Fanqing ran, why did it suddenly disappear." The

ward door was concealed, and Fu Jingting could directly push the door open.

Mrs. Gu stood in front of the hospital bed with her back to him, and the skinny Gu Yaotian lying on the hospital bed was also awake at this time, but the whole person was weak, "Don't worry, think about where Manqing might go."

"I thought about it, but I couldn't think of it no matter how I thought about it." Mrs. Gu was so anxious that she almost cried.

Although she has never been close to this daughter in her heart, she has been looking forward to it for a long time to be born, and she has missed it for more than twenty years before returning to her side.

How could she not love?

The reason why I can't get close is probably because I have been with each other for a short time and I am not completely familiar with it.

"Don't look for it, people are with me." Fu Jingting spoke directly, interrupting the voice in the ward.

Mrs. Gu and Gu Yaotian looked at him at the same time.

Seeing Fu Jingting, Gu Yaotian's face changed greatly, his face that was originally like a skeleton, because of surprise, it was even more terrifying, "It's you?" What are you doing here?

Mrs.

Gu was also a little surprised, but quickly calmed down.

Because someone came to her yesterday and said that Fu Jingting came back today.

At that time, she clearly told that Fu Jingting was not welcome here, and she did not want Fu Jingting to come.

But the man said that it didn't matter if she was welcome or not, Fu would still come, and she couldn't stop it.

Sure enough, today he came.

"What are you doing here?" Mrs. Gu vigilantly blocked Gu Yaotian, for fear that Fu Jingting would hurt Gu Yaotian.

After all, Fu Jingting is now Rong Shu's husband, and Rong Shu has a feud with them.

Who knows if Fu Jingting came over today, if he wanted to take advantage of Gu Yaotian's inability to move, directly kill Gu Yaotian and avenge Rong Shu.

Therefore, how could Mrs. Gu not be nervous.

However, after Fu Jingting came in, he stopped standing at the end of the bed, and had no intention of moving forward at all.

This made Mrs. Gu a little unable to understand what he was thinking.

"Ayun, you get out of the way." At this time, Gu Yaotian's weak and hoarse voice sounded from behind Mrs. Gu.

Ayun is Mrs. Gu's nickname.

Mrs. Gu glanced back at him, "But Yaotian" "

It's okay." Gu Yaotian gave her a very ugly smile, "I still don't believe that Fu Jingting really dares to do something to me today."

Fu Jingting's thin lips curled into a sneer, "You're right, I'm not here today to do anything to you, I just want to tell you a secret."

"Secret?" Gu Yaotian stared at Fu Jingting with a pair of cloudy yellow eyes, "What do you want to say?" I don't think what you're trying to tell is a secret, but to see if I'm dead, right? "

Fu Jingting's face was expressionless, "Do you know that it is not simple for you to die?" Some people told me that I didn't need to come in person.

"You," Gu Yaotian breathed rapidly at his words.

Mrs. Gu was worried, "Yaotian, don't get excited, you forgot your current body?"

Gu Yaotian also wanted to continue to live in the end, knowing that his body could not continue to be emotional, he quickly calmed down after hearing Mrs. Gu's words, "President Fu is right, so what secrets are you going to tell?" But before telling the secret, please explain why my daughter is in your hands, what do you want to do to my daughter? Even if you want to avenge Rong Shu, you can just come at the two of us, why do you want to attack my daughter? My daughter has nothing to do with the grudge of the past.

"It seems that you really love your daughter." Fu Jingting looked at him, his eyes complicated.

Gu Yaotian replied coldly, "My own child, why don't I love, not to mention, she is still my only child, the only child I have been separated for more than twenty years before returning to me!" I can do anything for her! "

Mrs. Gu was the same, looking at Fu Jingting unswervingly, "So you quickly released our daughter, she has nothing to do with our hatred with the Rong family, even if she attacked Rong Shu before, but she has been detained for half a month and has already returned it, so you are not qualified to arrest her."

"You guys are right, I am not qualified to arrest her, and what I caught is not Gu Manqing, I just arrested Li Zhaodi." Fu Jingting said, stretching out his hand towards Assistant Zhang.

Assistant Zhang willingly handed him the file bag in his hand.

After he took it, he threw it directly towards Gu Yaotian.

The file bag fell in front of Gu Yaotian, "What is this?"

Mrs.

Gu also looked at the file bag.

Fu Jingting sat down in front of the chair pulled by Assistant Zhang, "What is this, don't you know by yourself?"

Gu Yaotian was silent for a moment, and finally picked up the file bag and decided to open it and take a look.

It's just that his hand has no strength, and it keeps shaking, and finally the file bag slips directly from his hand and falls on the quilt.

Gu Yaotian looked at himself who couldn't even pick up the documents, and his eyes were full of despair.

I thought that he Gu Yaotian was strong in his life, how did he end up in the end, but he ended up in such a situation.

Is this retribution?

"Yaotian" Looking at Gu Yaotian like this, Mrs. Gu was also very uncomfortable in her heart, very uncomfortable, and finally picked up the file bag by herself, "I'll come."

"Hmm." Gu Yaotian nodded in agreement.

Mrs. Gu picked up the file bag, slowly opened it, and took out the information inside.

Seeing the words paternity test above, she frowned in puzzlement, "President Fu, what does this mean?" What did you do with the paternity test of our husband and wife and mandarin? Hearing

that it was a paternity test, Gu Yaotian suddenly chuckled in his heart, and had a sense of foreboding.

Fu Jingting folded his legs lazily, and his thin lips outlined a cold arc, "This is not an identification between you and Li Zhaodi, but a paternity test between you and Rong Shu." Hearing

this, Mrs. Gu's face changed drastically.

Gu Yaotian also boomed in his mind, "What do you say?" Our paternity test with Rong Shu? Fu Jingting, what are you kidding!

He trembled and pointed at Fu Jingting's nose.

Mrs. Gu was also very emotional, and kept turning it back, turning it to the end, and seeing that there was no Rong Shu's name on it, she was relieved, "President Fu, is it fun to deceive people?" This is obviously the identification of us and Manqing, the date of the appraisal above, or the time when all of us witnessed the identification results together.

"That's right, this appraisal result was indeed issued that day, but it was not you and Li Zhaodi, but you and Rong Shu, in fact, what you saw at that time was also the appraisal with Rong Shu." Fu Jingting said lightly, "That is to say, from beginning to end, it is Rong Shu who does the appraisal with you, not Li Zhaodi."

"This can't be!" Mrs. Gu's hands trembled, indicating that she could not accept it.

Gu Yaotian is the same, "Fu Jingting, you mean to say that Rong Shu is Manqing, is our daughter, right?"

"Yes." Fu Jingting nodded, "Rong Shu is indeed the real Gu Manqing, is your daughter, and Li Zhaodi is fake, she was specially found by Rong Shu and Cheng Huai to impersonate Gu Manqing, in order to hope that Li Zhaodi entered the Gu family, broke into the Gu family, and found evidence that you murdered the Rong family, but what Rong Shu and Cheng Huai did not expect was that Li Zhaodi was blinded by the prosperity of the Gu family and the favor of your husband and wife, she didn't want to be just an internal response who was about to be expelled after completing the task, she wanted to become your daughter completely, So she betrayed Rong Shu and Cheng Huai, and then one day, she saw the red mole on Rong Shu's wrist and determined Rong Shu's identity, only then did she attack Rong Shu and cut off the red mole on Rong Shu's wrist, in order to be afraid that you would find the red mole and know Rong Shu's identity.

"Red mole" Mrs. Gu murmured, and Rong Shu's scarred wrist suddenly appeared in her mind.

And the location of that scar happens to be the place where the red mole is.

Gu Yaotian clenched his fists, still a little disbelieving, "It's ridiculous, if as you said, how can you hide all this from us?"

"Of course I can, because I'm helping her." Fu Jingting narrowed his eyes, "After Li Zhaodi was caught in, Li Zhaodi confessed everything to me, and I also knew from that time that Rong Shu was the real Gu Manqing and your daughter's, and I didn't want this to be exposed, let alone let Rong Shu know her identity, so I chose to help Li Zhaodi

and help her hide the fact that she removed the red mole on Rong Shu's wrist, so you don't know that Li Zhaodi attacked Rong Shu, in addition to knocking Rong Shu unconscious, he also peeled off the red mole."

"No, it's not true, it's not true!" Mrs. Gu said that she was a little unacceptable and threw away the file bag in her hand, covered her mouth tightly, and tears kept flowing.

Gu Yaotian's mood was no better at the moment, "What qualifications do you have to prove that all you said is true?" "Proof

?" Fu Jingting snorted, "Zhang Cheng."

"Yes." Assistant Zhang answered, then clicked the tablet a few times, walked over and enlarged the husband and wife, "This is when the incident happened, Li Zhaodi was arrested by the police station, and all the process of confessing to President Fu was filmed by the monitoring of the police station, you can take a look and know whether President Fu lied to you."

After Assistant

Zhang finished speaking, the husband and wife stared at the tablet in front of them tightly.

The video starts playing.

And the video is not very long, about ten minutes, and it will be broadcast quickly.

Looking at the whole process of Li Zhaodi's confession to Fu Jingting, and the whole process of Fu Jingting promising to help Li Zhaodi, Gu Yaotian and Mrs. Gu's husband and wife were blank in their minds

Chapter 1420 – Finally Accepted

This time, Gu Yaotian and Mrs. Gu had nothing to say at all.

Because as Fu Jingting said, Rong Shu does have many characteristics that compound their daughter.

The first was the birth of the Rong Shu orphan.

It is clear that Rong Hao and his wife gave birth to a daughter in about the same time period as their husband and wife, but why did that daughter have no news in the end?

It is clear that Rong Hao stole their daughter, why more than twenty years later, it was revealed that Rong Shu adopted a daughter on the third day after stealing their daughter?

You know, the adoption procedures are not so easy at all, the time is not so fast, and most importantly, they have never heard that Rong Hao picked up a child, how could they seamlessly connect a daughter on the third day of stealing their daughter?

Obviously, that daughter is their love.

Also, didn't their husband and wife feel that Rong Shu's side face was very similar to their mother several times before?

Why the enemy's daughter is so similar to her own mother can only show that there is obviously something wrong with the identity of the enemy's daughter.

It was they themselves who did not want to think about it, feeling that since Rong Hao hated them so much and stole their daughter, how could they raise their daughter.

But the fact is that Rong Shu did not throw the child into the river to kill, Rong Hao really raised their daughter, and raised it well.

"Yaotian" Mrs. Gu looked at Gu Yaotian with red eyes, "Rong Shu is our daughter" "

Yes." Gu Yaotian closed his eyes in pain, "This is retribution, it's retribution!"

He beat his chest.

Things are so dramatic, isn't it retribution?

Fu Jingting stood up, "The purpose of my coming here today is to tell you the truth of this matter, Li Zhaodi specially ran to find Rong Shu in order to save you, kneeling and begging Rong Shu to donate a kidney to you, Rong Shu is pregnant now, her health is not good, yesterday she was stimulated by Li Zhaodi, and almost miscarried one corpse and two lives." "What

?"

Hearing that Rong Shu almost killed two corpses, Mrs. Gu was anxious and hurriedly asked, "Then is she okay?"

Fu Jingting looked at the nervous Mrs. Gu, her eyes flashed, "Rong Shu is fine, she was in the hospital at that time to recuperate, so the rescue was timely, otherwise she would go down before your husband."

“Great, great.” Hearing that Rong Shu was okay, Mrs. Gu’s hands clasped together happily.

Although Gu Yaotian did not speak, his eyes were obviously relieved.

“It seems that you care about Rong Shu very much.” Fu Jingting looked at the reaction of the two and suddenly asked.

Gu Yaotian and Mrs. Gu’s expressions froze at the same time.

Especially Mrs. Gu, people were also a little stunned.

Yes, she actually cares so much about Rong Shu.

Is it because he now knows that Rong Shu is his daughter?

Indeed, after Fu Jingting told her that Rong Shu was her daughter, at that moment, she was actually happy, and then when she heard Fu Jingting say that Rong Shu almost killed two corpses, her whole soul was almost scared away.

And such a feeling, she has never had in Li Zhaodi.

Even if Li Zhaodi was injured a few times, she was very calm in her heart, just thinking that the other party was her daughter, so she stepped forward to care.

At that time, she still felt very ashamed, obviously her daughter was injured, but she couldn’t have a trace of nervous care, and she felt that she was not a good mother.

Now she knows that it’s not that she is not a good mother, nor that she can’t be nervous and concerned, she just can’t have these emotions for people who are not her daughter.

Because her heart is rejecting people who are not her daughter, how can she care?

Until now knowing that Rong Shu is her daughter, hearing that Rong Shu almost lost her life, she finally had a normal mother and daughter who cared about her daughter’s emotions.

It can be seen that Rong Shu is really her daughter.

Thinking of this, Mrs. Gu held her palm tightly, took a deep breath and said, “She is my daughter, the daughter who I have sought medical treatment and medicine everywhere, and has been recuperating her body for several years, she is my hope, my life, how can I not care about her.”

Gu Yaotian also said, "Our husband and wife have a hard time having children, and finally have her, of course, we can't wait to hold her in our hands and still in our mouths." That's

their only child.

To be honest, seeing the couple's reaction like this, Fu Jingting was satisfied, but not the most satisfied.

"Oh? So now that you know that Rong Shu is your daughter, do you still love her? Fu Jingting squinted, "Don't forget, she was raised by Rong Hao, and she only has hatred for you husband and wife, and no feelings for you husband and wife, so you still love her?" Hearing

this, the husband and wife were stunned at the same time.

Yes, their daughter was raised by Rong Hao.

And there is also a deep hatred for them.

And their husband and wife, in the past, have also done a lot of bad things to her, especially the adopted daughter they raised, not only robbed her man, but also almost killed her

several times

Thinking of this, Gu Yaotian and Mrs. Gu's faces turned white at the same time.

Especially Mrs. Gu, she squatted on the ground in a collapse, covered her face and cried, "How can this be, woo woo how can this be, Yaotian, we have done so many things to hurt our daughter, we" Gu Yaotian's eyes were also extremely red, and his whole body was trembling terribly, "

Yes, we actually did so many sorry things, We,"

he hammered hard against his chest.

Fu Jingting looked at the couple's reaction of self-blame and regret, pursed his thin lips, and already knew the answer in his heart.

They are a good pair of parents, and as he initially guessed, even if they know that Rong Shu is their daughter, they will not change their feelings for their only daughter.

No, after hearing that Rong Shu was their daughter, knowing that Rong Shu had a grudge against them, the first thing they thought about was not to be afraid of escaping, not to simply not recognize this daughter who hated them anyway.

It's self-blame, it's guilt, it's regret.

With that alone, he knew he had come to the right place.

So after that, Fu Jingting's tone of voice was no longer so cold and hard, but slightly calmer.

No matter what, they were always his father-in-law and mother-in-law.

Without them, there would be none There is Rong Shu.

"Twenty-seven years ago, when Rong Hao stole Rong Shu, he really thought of throwing Rong Shu into the river and drowning to achieve the purpose of taking revenge on you." Fu Jingting looked at the emotional Gu Yaotian and slowly spoke.

Gu Yaotian's eyes were red and he also looked over.

Fu Jingting said again: "But at that time, Rong Hao's biological daughter had died of illness, and his wife was a little mentally a little old because she couldn't stand the blow of her daughter's death, so he saw the Rong Shu he stole and had a plan, and handed Rong Shu over to his wife to appease his wife's emotions, but he still wants to continue to take revenge on you, So he replaced Rong Shu with a toy, and threw the toy into the river in front of your husband and wife, which is why, obviously under the gaze of such a police officer, Rong Hao killed a child on the spot, and finally did not go to jail.

Gu Yaotian gritted his teeth, "Yes, so I hate it even more, because the police officer in charge of this case at that time was Rong Hao's best friend." "
